Section 1—Registrant’s Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

On December 22, 2005, the Compensation Committee of the Board of Directors approved the acceleration of all unvested options outstanding as of December 31, 2005 granted under the Company’s 2002 Stock Option Plan, including options granted to directors and executive officers of the Company. The decision to accelerate the vesting of all unvested options, which the Company believes to be in the best interest of its shareholders, was made primarily to reduce compensation expense that would have been recognized in future periods once the Statement of Financial Accounting Standards No. 123 (revised 2004), “Share Based Payment,” issued by the Financial Accounting Standards Board, becomes effective for reporting periods beginning after January 1, 2006. The accelerated vesting of any “in the money” options will not have a material impact upon the Company’s results of operations or cash flows. Details regarding the number of options accelerated, the range of their exercise prices, and the financial effects of the acceleration will be reported in the Company’s Annual Report on Form 10-K for the year ended December 31, 2005.
