(C) the winding-up or liquidation of the affairs of KCS or a Guarantor;

and, in each case, such decree or order shall remain unstayed and in effect for a period of 30 consecutive days;

(5) KCS or a Guarantor:

(A) commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or

hereafter in effect, or consents to the entry of an order for relief in an involuntary case under any such law,

(B) consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official for KCS or a Guarantor or for all or substantially all of the property and assets of KCS or a Guarantor, or

(C) effects any general assignment for the benefit of creditors;

(6) any Note Guarantee ceases to be in full force and effect (except as contemplated by the terms of the Indenture) or any Guarantor or Person acting on behalf of such Guarantor denies or disaffirms such Guarantor's obligations under the Indenture or any Note Guarantee and such default continues for a period of 10 days after written notice by the trustee or the holders of 25% or more in aggregate principal amount of the Notes; and

(7) (A) the Concession Title shall cease to grant to KCSM the rights provided therein as of the Closing Date and such cessation has had a material adverse effect on KCS and its Subsidiaries taken as a whole,

(B)(x) the Concession Title shall for any reason be terminated and not reinstated within 30 days or (y) rights provided therein which were originally exclusive to KCSM shall become nonexclusive and the cessation of such exclusivity has had a material adverse effect on KCS and its Subsidiaries taken as a whole, or

(C) the operations of the Northeast Rail Lines shall be commandeered or repossessed (a *requisita*) for a period of 90 days or more.

If an Event of Default described above shall have occurred and is continuing, either the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding may declare all outstanding Notes to be due and payable immediately. The holders of a majority in aggregate principal amount of the Notes then outstanding may, by notice to the trustee, on behalf of the holders of all of Notes, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the Indenture, except a continuing Default or Event of Default in

the payment of interest or premium, if any, on, or the principal of, the Notes. For information as to the waiver of Defaults, see Amendment, Supplement and Waiver.

The holders of a majority in aggregate principal amount of the Notes then outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the Notes. However, the trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of the Notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from holders of Notes. A holder may not pursue any remedy with respect to the Indenture or the Notes unless:

the holder gives the trustee written notice of a continuing Event of Default;

the holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the trustee to pursue the remedy;

Table of Contents

such holder or holders offer the trustee indemnity satisfactory to the trustee against any costs, liability or expense;

the trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and

during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding Notes do not give the trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any holder of Notes to receive payment of the principal of, premium, if any, or interest on, the Notes or to bring suit for the enforcement of any such payment, on or after the due date expressed in the Notes, which right shall not be impaired or affected without the consent of the holder.

The Indenture will require certain of the KCS's officers to certify, on or before a date not more than 90 days after the end of each fiscal year, that a review has been conducted of KCS's activities and those of the Guarantors and of KCS's and the Guarantors performance under the Indenture and that, to the best of such person's knowledge, KCS and the Guarantors have fulfilled all obligations thereunder, or, if there has been a Default in the fulfillment of any such obligation, specifying each such Default and the nature and status thereof. KCS will also be obligated to notify the trustee of any Default or Defaults in the performance of any covenants or agreements under the Indenture.

Legal Defeasance and Covenant Defeasance

KCS may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officer's certificate, elect to have all of its obligations with respect to the outstanding Notes and all obligations of the Guarantors with respect to the Note Guarantees thereof discharged (Legal Defeasance) except for:

- (1) the rights of holders of outstanding Notes to receive payments in respect of the principal of, or interest, or premium, if any, on, such Notes when such payments are due from the trust referred to below;

(2) KCS's obligations with respect to such Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the trustee, and the obligations of KCS and the Guarantors in connection therewith; and

(4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

In addition, KCS may, at its option and at any time, elect to have the obligations of KCS and the Guarantors released with respect to certain covenants that are described in the Indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute an Event of Default.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) KCS must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, premium, if any, and interest on, the outstanding Notes on the Stated Maturity thereof or on the applicable redemption date, as the case may be, and KCS must specify whether the Notes are being defeased to such Stated Maturity or to a particular redemption date;

Table of Contents

- (2) in the case of Legal Defeasance, KCS must deliver to the trustee an opinion of counsel (or opinions of counsel) confirming that (x) KCS has received from, or there has been published by, the Internal Revenue Service a ruling or (y) since the date of the issuance of the Notes, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

- (3) in the case of Covenant Defeasance, KCS must deliver to the trustee an opinion of counsel (or opinions of counsel) confirming that the holders of the outstanding Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit or liens securing such borrowing) and the deposit will not result in a breach or violation of, or constitute a Default under, any other instrument to which KCS is a party or by which KCS is bound;

- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a Default under, any material agreement or instrument (other than the Indenture) to which KCS or any of its Subsidiaries is a party or by which KCS or any of its Subsidiaries is bound;

- (6) KCS must deliver to the trustee an officer's certificate stating that the deposit was not made by KCS with the intent of preferring the holders of Notes over the other creditors of KCS with the intent of defeating, hindering, delaying or defrauding any creditors of KCS or others; and

- (7) KCS must deliver to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder when:

- (1) either:

(A) all Notes that have been authenticated thereunder, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to KCS, have been delivered to the trustee for cancellation; or

(B) all Notes issued thereunder that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and KCS has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of such Notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on such Notes not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the Stated Maturity or redemption, as the case may be;

- (2) no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit or liens securing such borrowing) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which KCS is a party or by which KCS is bound;

Table of Contents

(3) KCS has paid or caused to be paid all sums payable by it under the Indenture; and

(4) KCS has delivered irrevocable instructions to the trustee under the Indenture to apply the deposited money toward the payment of the Notes issued thereunder at Stated Maturity or on the redemption date, as the case may be.

In addition, KCS must deliver an officer's certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture, the Notes and the Note Guarantees thereof may be amended or supplemented with the consent of the holders of a majority in aggregate principal amount of Notes then outstanding (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes), and any existing Default or Event of Default or compliance with any provision of the Indenture, the Notes or Note Guarantee thereof may be waived with the consent of the holders of a majority in aggregate principal amount of then outstanding Notes (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes).

Without the consent of each holder of Notes affected, an amendment, supplement or waiver may not:

change the Stated Maturity of the principal of, or any installment of interest on, any Note;

reduce the principal amount of, or premium, if any, or interest on, any Note;

change the place or currency of payment of principal of, or premium, if any, or interest on, any Note;

impair the right to institute suit for the enforcement of any payment on or with respect to any Note;

reduce the percentage or principal amount of outstanding Notes, the consent of whose holders is necessary to modify or amend the Indenture or waive compliance with certain provisions of the Indenture or waive certain Defaults;

waive a Default in the payment of principal of, premium, if any, or interest on, the Notes; or

release any Guarantor from any of its obligations under its Note Guarantee or the Indenture, except as set forth under the caption Note Guarantees.

Notwithstanding the preceding, without the consent of any holder of Notes, KCS, the Guarantors and the trustee may amend or supplement the Indenture, the Notes and the Note Guarantees:

to cure any ambiguity, omission, mistake, defect or inconsistency;

to provide for uncertificated Notes in addition to or in place of certificated Notes;

to provide for the assumption of the obligations of KCS or a Guarantor to holders of the Notes and the Note Guarantees in the case of a merger or consolidation or a sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of the assets of KCS or such Guarantor, as applicable, in accordance with the terms of the Indenture;

to make any change that would provide any additional rights or benefits to the holders of such Notes or that does not adversely affect the legal rights under the Indenture of any such holder;

to comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;

to conform the text of the Indenture, the Note Guarantees and the Notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a verbatim recitation of a provision of the

Table of Contents

to add a Guarantor or release any Guarantor from its Note Guarantee if such release is in accordance with the terms of the Indenture; or

to provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture.

No Personal Liability of Incorporators, Stockholders, Officers, Directors, or Employees

The Indenture provides that no recourse for the payment of the principal of, premium, if any, or interest on any of the Notes issued thereunder or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of KCS or any Guarantor in the Indenture, or in any of the Notes or the Note Guarantees or because of the creation of any indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of KCS, any Guarantor or of any successor Person thereof. Each holder, by accepting the Notes, waives and releases all such liability.

Notices

All notices shall be deemed to have been given upon the mailing by first class mail, postage prepaid, of such notices to holders at their registered addresses as recorded in the Notes register, not later than the latest date, and not earlier than the earliest date, prescribed in the Indenture for the giving of such notice (or, in the case of Global Securities, delivered in accordance with the applicable procedures of DTC).

Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive notices.

Governing Law

The Notes, the Note Guarantees and the Indenture will be governed by the laws of the State of New York.

Form and Denomination

Initially, the Notes will be represented by one or more registered notes in global form without interest (the Global Securities). The

Global Securities will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Global Securities will be deposited with the trustee as custodian for DTC and registered in the name of a nominee of DTC for credit to the respective accounts of the purchaser at DTC.

Owners of beneficial interests in the Global Securities will not be entitled to receive physical delivery of the Notes. The Notes are not issuable in bearer form. The Global Securities may be transferred, in whole or in part, only to another nominee of DTC.

The Global Securities

Ownership of beneficial interests in a Global Security will be limited to persons who have accounts with DTC (participants) or persons who hold interests through participants. Ownership of beneficial interests in a Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). Investors may hold their interests in the Global Securities directly through DTC if they are participants in such system, or indirectly through organizations that are participants in such system.

Table of Contents

So long as DTC, or its nominee, is the registered owner or holder of the Global Securities, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by the Global Securities for all purposes under the Indenture and the Notes. No beneficial owner of an interest in a Global Security will be able to transfer that interest except in accordance with the applicable procedures of DTC, in addition to those provided for under the Indenture and, if applicable, those of Euroclear and Clearstream Banking. Payments of the principal of, premium, if any, and interest on, the Global Securities will be made to DTC or its nominee, as the case may be, as the registered owner thereof. Neither KCS, the Guarantors, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

KCS expects that DTC or its nominee, upon receipt of any payment of principal, premium, if any, or interest in respect of a Global Security, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount at maturity of such Global Security as shown on the records of DTC or its nominee. KCS also expects that payments by participants to owners of beneficial interests in a Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream Banking will be effected in the ordinary way in accordance with their respective rules and operating procedures. KCS expects that DTC will take any action permitted to be taken by a holder of the Notes (including the presentation of Notes for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a Global Security is credited and only in respect of such portion of the aggregate principal amount at maturity of Notes as to which such participant or participants have given such direction. However, if there is an Event of Default, DTC will exchange the Notes in global form for certificated notes.

KCS understands that DTC is a limited purpose trust company organized under the laws of the State of New York, a banking

organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A under the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates and certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants).

Although DTC, Euroclear and Clearstream Banking are expected to follow the foregoing procedures in order to facilitate transfers of interests in the Global Securities among participants of DTC, Euroclear and Clearstream Banking, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither KCS or the Guarantors nor the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream Banking or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certain Definitions

Comparable Treasury Price means, with respect to any redemption date, the average of the Reference Treasury Dealer Quotations for such redemption date.

Concession Title means KCSM's right for a period of 30 years to be the exclusive provider (subject to certain trackage rights) of freight transportation services over the Northeast Rail Lines and for an additional 20 years to be a non-exclusive provider of such services granted by the Mexican government pursuant to the Concession Title, subject in all cases to the terms and conditions of the Concession Title, as in effect on June 23, 1997.

Consolidated Net Assets means total assets after deducting therefrom all current liabilities as set forth on the most recent publicly filed balance sheet of KCS and its consolidated subsidiaries and computed in accordance with generally accepted accounting principles.

**UNITED STATES FEDERAL INCOME TAX
CONSIDERATIONS**

The following discussion is a summary of the material U.S. federal income tax consequences relevant to the purchase, ownership and disposition of the Notes, but does not purport to be a complete analysis of all potential tax effects. The discussion is based upon the Internal Revenue Code of 1986, as amended (the Code), U.S. Treasury Regulations issued thereunder, Internal Revenue Service (IRS) rulings and pronouncements and judicial decisions now in effect, all of which are subject to change at any time. Any such change may be applied retroactively in a manner that could adversely affect a holder of the Notes. This discussion does not address alternative minimum tax consequences, U.S. federal estate or gift tax laws, or all of the U.S. federal income tax consequences that may be relevant to a holder in light of such holder's particular circumstances or to holders subject to special rules, such as banks, financial institutions, U.S. expatriates, insurance companies, real estate investment trusts, regulated investment companies, dealers in securities or currencies, traders in securities, partnerships or other pass-through entities, U.S. Holders (as defined below) whose functional currency is not the U.S. dollar, tax-exempt organizations, and persons holding the Notes as part of a straddle, hedge, conversion transaction or other integrated transaction. In addition, this discussion is limited to persons purchasing the Notes for cash at original issue and at their issue price within the meaning of Section 1273 of the Code (i.e., the first price at which a substantial amount of Notes are sold to the public for cash). Moreover, the effect of any applicable state, local or foreign tax laws is not discussed. The discussion deals only with Notes held as capital assets within the meaning of Section 1221 of the Code (generally, assets held for investment).

As used herein, U.S. Holder means, for U.S. federal income tax purposes, a beneficial owner of the Notes who or that is, or is treated as:

an individual that is a citizen or resident of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income tax regardless of its source; or

a trust, if a U.S. court can exercise primary supervision over the administration of the trust and one or more U.S. persons can control all substantial trust decisions, or, if the trust was in existence on August 20, 1996, and it has elected to continue to be treated as a U.S. person.

No rulings from the IRS have or will be sought with respect to the matters discussed below. There can be no assurance that the IRS will not take a different position concerning the tax consequences of the purchase, ownership or disposition of the Notes or that any such position would not be sustained. If a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes holds the Notes, the tax treatment of a partner in such partnership will generally depend on the status of the partner and the activities of the partnership. Such partners should consult their tax advisors as to the tax consequences of an investment in the Notes.

Prospective investors should consult their own tax advisors with regard to the application of the U.S. federal income tax consequences discussed below to their particular situations as well as the application of any state, local, foreign or other tax laws, including gift and estate tax laws, and any tax treaties.

U.S. Holders

Characterization of the Notes

In certain circumstances we may elect or be obligated to make payments on the Notes in excess of principal and stated interest (see Description of Notes Optional Redemption and Description of Notes Change of Control Repurchase Event). Based in part on assumptions regarding the likelihood that such additional amounts will be paid, we intend to take the position that there is no more than a remote chance that we will make such payments and the Notes should accordingly not be treated as contingent payment debt instruments (CPDIs) for

Table of Contents

U.S. federal income tax purposes because of the possibility of such additional payments. Assuming such position is respected, a U.S. Holder would be required to include in income the amount of any such additional payments at the time such payments are received or accrued in accordance with such U.S. Holder's regular method of accounting for U.S. federal income tax purposes. If the IRS successfully challenged this position, and the Notes were treated as CPDIs, U.S. Holders, including those that use the cash method of accounting for U.S. federal income tax purposes, could be required to accrue interest income at a rate higher than the stated interest rate on the Notes and to treat as ordinary income, rather than capital gain, any gain recognized on a sale, exchange or redemption of a Notes.

U.S. Holders are urged to consult their tax advisors regarding the potential application to the Notes of the CPDI rules and the consequences thereof.

Interest

Payments of stated interest on the Notes generally will be taxable to a U.S. Holder as ordinary income at the time that such payments are received or accrued, in accordance with such U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Sale or Other Taxable Disposition of the Notes

A U.S. Holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a note equal to the difference, if any, between the amount realized upon the disposition (less any portion allocable to accrued and unpaid interest, which will be taxable as interest as described above) and the U.S. Holder's adjusted tax basis in the note. A U.S. Holder's adjusted tax basis in a note generally will be the price such U.S. Holder paid for the note. This gain or loss generally will be a capital gain or loss, and will be a long-term capital gain or loss if the U.S. Holder has held the note for more than one year. Non-corporate U.S. Holders may be eligible for a reduced rate of tax on long-term capital gains. The deductibility of capital losses is subject to limitations under the Code.

Backup Withholding and Information Reporting

Information returns generally will be filed with the IRS in connection with payments on the Notes and the proceeds from a sale or disposition of the Notes. A U.S. Holder may be subject to backup withholding when such U.S. Holder receives interest and

principal payments on the Notes or upon the proceeds received upon the sale or other disposition of such Notes. Certain U.S. Holders (including, among others, corporations and certain tax-exempt organizations) are generally not subject to backup withholding. A U.S. Holder will be subject to backup withholding if such U.S. Holder is not otherwise exempt and such U.S. Holder:

fails to furnish its taxpayer identification number (TIN), which, for an individual, is ordinarily his or her social security number;

furnishes an incorrect TIN;

is notified by the IRS that it has failed to properly report payments of interest or dividends; or

fails to certify, under penalties of perjury, that it has furnished a correct TIN and that the IRS has not notified the U.S. Holder that it is subject to backup withholding.

U.S. Holders should consult their own tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable. Backup withholding is not an additional tax and taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund as long as they timely provide the required information to the IRS.

Table of Contents

Medicare Tax

A U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% tax on the lesser of (1) such U.S. Holder's net investment income (or undistributed net investment income in the case of estates and trusts) for the relevant taxable year and (2) the excess of such U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income will generally include its gross interest income and its net gains from the disposition of the Notes, unless such interest or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. Holder that is an individual, estate or trust, you are urged to consult your own tax advisor regarding the applicability of this tax to your income and gains in respect of the Notes.

Non-U.S. Holders

A non-U.S. Holder is a beneficial owner of the Notes who is neither a U.S. Holder nor a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes).

Interest

Subject to the discussions below of Backup Withholding and Information Reporting and FATCA Withholding, interest paid to a non-U.S. Holder will not be subject to U.S. federal withholding tax of 30% (or, if applicable, a lower treaty rate) provided that:

such non-U.S. Holder does not directly or indirectly, actually or constructively, own 10% or more of the total combined voting power of all of our classes of stock;

such non-U.S. Holder is not a controlled foreign corporation that is related to us through direct or indirect stock ownership and is not a bank that received such Notes on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; and

(1) the non-U.S. Holder certifies in a statement (generally, IRS Form W-8BEN or IRS Form W-8BEN-E) provided to us or our paying agent, under penalties of perjury, that it is not a United States person within the meaning of the Code and provides its name and address, (2) a securities clearing organization, bank or other financial institution that holds customers securities in the ordinary course of its trade or business and holds the Notes on behalf of the non-U.S. Holder certifies to us or our paying agent under penalties of perjury that it, or the financial institution between it and the non-U.S. Holder, has received from the non-U.S. Holder a statement, under penalties of perjury, that such non-U.S. Holder is not a United States person and provides us or our paying agent with a copy of such statement or (3) the non-U.S. Holder holds its Notes directly through a qualified intermediary and certain conditions are satisfied.

Even if the above conditions are not met, a non-U.S. Holder may be entitled to a reduction in or an exemption from the 30% withholding tax on interest under an income tax treaty between the United States and the non-U.S. Holder's country of residence. To claim such a reduction or exemption, a non-U.S. Holder must generally complete IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable, and claim this reduction or exemption on the form. In some cases, a non-U.S. Holder may instead be permitted to provide documentary evidence of its claim to an intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files. A non-U.S. Holder generally will also be exempt from withholding tax on interest if such interest is effectively connected with such non-U.S. Holder's conduct of a U.S. trade or business (as described below) and the non-U.S. Holder provides us with an IRS Form W-8ECI.

The certification requirements described above may require a non-U.S. Holder that claims the benefit of an income tax treaty to also provide its U.S. taxpayer identification number. Prospective investors should consult their own tax advisors regarding the certification requirements for non-U.S. persons.

Sale or Other Taxable Disposition of the Notes

Subject to the discussions below of Backup Withholding and Information Reporting and FATCA Withholding, a non-U.S. Holder will generally not be subject to U.S. federal income tax or withholding tax on gain recognized on the sale, exchange, redemption, retirement or other taxable disposition of a note that is not effectively connected with a U.S. trade or business of the non-U.S. Holder. However, a non-U.S. Holder may be subject to tax on such gain if such non-U.S. Holder is an individual who was present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met, in which case such non-U.S. Holder may have to pay a U.S. federal income tax of 30% (or, if applicable, a lower treaty rate) on such gain, which may be offset by certain U.S. source capital losses.

U.S. Trade or Business

If interest or gain from a disposition of the Notes is effectively connected with a non-U.S. Holder's conduct of a U.S. trade or business, and, if an income tax treaty applies, the non-U.S. Holder maintains a U.S. permanent establishment to which the interest or gain is attributable, the non-U.S. Holder generally will be subject to U.S. federal income tax on the interest or gain on a net basis in the same manner as if it were a U.S. Holder. If interest income received with respect to the Notes is taxable on a net basis, the 30% withholding tax described above will not apply (assuming an appropriate certification is provided by the non-U.S. Holder, which generally is IRS Form W-8ECI). A foreign corporation that is a non-U.S. Holder of a Note also may be subject to a branch profits tax equal to 30% of its effectively connected earnings and profits for the taxable year, subject to certain adjustments, unless it qualifies for a lower rate under an applicable income tax treaty. For this purpose, interest on a Note or gain recognized on the disposition of a Note will be included in earnings and profits if the interest or gain is effectively connected with the conduct by the foreign corporation of a trade or business in the United States.

Backup Withholding and Information Reporting

Backup withholding will not apply to payments of principal or interest made by us or our paying agent to a non-U.S. Holder of a Note if the non-U.S. Holder meets the identification and certification requirements discussed above under the subheading

Interest for exemption from U.S. federal withholding tax or otherwise establishes an exemption. However, information reporting on IRS Form 1042-S may still apply with respect to interest payments. Payments of the proceeds from a disposition by

a non-U.S. Holder of a Note made to or through a foreign office of a broker will not be subject to information reporting or backup withholding, except that information reporting (but generally not backup withholding) may apply to those payments if the broker is:

a U.S. person;

a controlled foreign corporation for U.S. federal income tax purposes;

a foreign person 50% or more of whose gross income is effectively connected with a U.S. trade or business for a specified three-year period; or

a foreign partnership, if at any time during its tax year, one or more of its partners are U.S. persons, as defined in U.S. Treasury Regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership or if, at any time during its tax year, the foreign partnership is engaged in a U.S. trade or business.

Payment of the proceeds from a disposition by a non-U.S. Holder of a Note made to or through the United States office of a broker is generally subject to information reporting and backup withholding unless the non-U.S. Holder or beneficial owner establishes an exemption from information reporting and backup withholding.

Non-U.S. Holders should consult their own tax advisors regarding application of withholding and backup withholding in their particular circumstance and the availability of any procedure for obtaining an exemption

Table of Contents

from withholding, information reporting and backup withholding under current U.S. Treasury Regulations. In this regard, the current Treasury Regulations provide that a certification may not be relied on if the payor knows or has reasons to know that the certification may be false. Backup withholding is not an additional tax and taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund as long as they timely provide the required information to the IRS.

FATCA Withholding

Pursuant to Sections 1471 to 1474 of the Code and the U.S. Treasury Regulations promulgated thereunder (the provisions commonly known as FATCA), interest on the Notes whenever paid and the gross proceeds of sale or other disposition of Notes after December 31, 2018, to a foreign financial institution may be subject to withholding at a rate of 30% unless (x)(1) such institution enters into an agreement with the U.S. government to withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) or (2) such institution resides in a jurisdiction with which the United States has entered into an intergovernmental agreement to implement FATCA and (y) such foreign financial institution provides the withholding agent with a certification that it is eligible to receive payment free of FATCA withholding. The legislation also imposes a U.S. federal withholding tax of 30% on interest on the Notes, whenever paid, and on the gross proceeds of a sale or other disposition of our Notes after December 31, 2018, to a non-financial foreign entity unless such entity provides the withholding agent with a certification (i) that such entity does not have any substantial United States owners or (ii) provides certain information regarding the entity's substantial United States owners, which will in turn be provided to the U.S. tax authorities. A foreign financial institution or non-financial foreign entity can meet the certification requirements by providing a properly executed IRS Form W-8BEN, IRS Form W-8BEN-E or IRS Form W-8ECI, as applicable. Under certain circumstances, a U.S. Holder or non-U.S. Holder might be eligible for refunds or credits of such taxes from the IRS. Prospective investors are encouraged to consult with their own tax advisors regarding the possible implications of FATCA on their investment in the Notes.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions set forth in the underwriting agreement among KCS, the Guarantors and J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. LLC, as representatives of the several underwriters, we have agreed to sell to the underwriters, and the underwriters have severally and not jointly agreed to purchase from us, the principal amount of the Notes listed opposite their respective names below. The underwriters have agreed to purchase all of the Notes sold pursuant to the underwriting agreement if any of these Notes are purchased.

Underwriters	Aggregate Principal Amount of Notes to be Purchased
J.P. Morgan Securities LLC	\$
Merrill Lynch, Pierce, Fenner & Smith	
Incorporated	
Morgan Stanley & Co. LLC	
Citigroup Global Markets Inc.	
Total	\$

The underwriters are offering the Notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the Notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The underwriters have advised us that they propose to initially offer the Notes at the public offering price set forth on the cover page of this prospectus supplement and to dealers at that price less a concession not in excess of % of the principal amount thereof. The underwriters may allow, and the dealers may reallow, a discount not in excess of % of the principal amount thereof. After the initial offering, the public offering price and other selling terms may be changed by the underwriters.

We have agreed in the underwriting agreement to pay our expenses related to the offering, which we estimate to be \$.

The Notes are a new issue of securities with no established trading market. The Notes will not be listed on any securities exchange or on any automated dealer quotation system. We have been advised by the underwriters that the underwriters presently intend to make a market in the Notes after completion of the offering. However, the underwriters are under no obligation to do so and may discontinue any market-making activities at any time without notice. We cannot assure the liquidity of the trading market for the Notes or that an active public market for the Notes will develop. If active public trading markets for the Notes do not develop, the market price and liquidity of the Notes may be adversely affected.

In connection with the offering, the underwriters are permitted to engage in transactions that stabilize the market price of the Notes. Such transactions consist of bids or repurchases to peg, fix or maintain the price of the Notes. If the underwriters create a short position in the Notes in connection with the offering, i.e., if they sell more Notes than are on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing Notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the prices of the Notes. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Table of Contents

We have agreed to indemnify, severally, the underwriters against certain liabilities, including liabilities under the Securities Act, as amended, or, if such indemnification is not available, to contribute to payments the underwriters may be required to make in respect of these liabilities.

The underwriters and their affiliates have provided, and expect to provide in the future, certain investment banking, commercial banking and other financial services to us and our affiliates, for which they have received, and may continue to receive, customary fees and commissions. Specifically, the underwriters are also lenders under the KCS Revolving Credit Facility. In addition, certain underwriters or their respective affiliates may hold KCS Floating Rate Senior Notes or KCSM Floating Rate Senior Notes or invest from time to time in our commercial paper and, therefore, may receive a portion of the proceeds from this offering.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

RATIO OF EARNINGS TO FIXED CHARGES**AND COMBINED FIXED CHARGES AND PREFERENCE DIVIDENDS**

The following table sets forth, for the periods indicated, our ratio of earnings to fixed charges and our ratio of combined fixed charges and preference dividends to earnings.

	Years Ended December 31,					Nine Months Ended September 30,	
	2013	2012	2011	2010	2009	2014	2013
Ratio of earnings to fixed charges(1)	5.6	5.5	3.7	2.4	1.4	8.3	5.1
Ratio of earnings to combined fixed charges and preference dividends(1)(2)	5.6	5.5	3.6	2.2	1.3	8.2	5.1

(1) For purposes of computing the ratio of earnings to fixed charges, earnings represent pretax income from continuing operations, excluding equity in earnings of unconsolidated affiliates, plus interest expense, portion of rents representative of an appropriate interest factor and distributed income of equity investments. Fixed charges consist of interest expense,

capitalized interest and the portion of rents representative of an appropriate interest factor.

- (2) For the purpose of computing the ratio of earnings to combined fixed charges and preferred stock dividends, earnings is divided by the sum of fixed charges and preferred stock dividends.

DESCRIPTION OF COMMON STOCK AND PREFERRED STOCK

Unless otherwise indicated in a prospectus supplement, this section describes the terms of KCS's common stock and preferred stock. The description of common stock and preferred stock set forth below is not complete and is qualified by reference to KCS's Amended and Restated Certificate of Incorporation and Bylaws. Copies of KCS's Amended and Restated Certificate of Incorporation and Bylaws are available from upon request and have also been filed with the SEC. See [Where You Can Find More Information](#).

Authorized Capital Stock

Under KCS's Amended and Restated Certificate of Incorporation, it is authorized to issue (i) 400,000,000 shares of common stock, par value \$0.01 per share, (ii) 840,000 shares of 4% Noncumulative, Preferred Stock, par value \$25.00 per share (4% Preferred Stock), and (iii) 2,000,000 shares of New Series Preferred Stock, par value \$1.00 per share (New Series Preferred Stock). As of September 30, 2014, 110,360,558 shares of common stock were issued and outstanding and 242,170 shares of 4% Preferred Stock were issued and outstanding. KCS's common stock and 4% Preferred Stock are listed on the New York Stock Exchange.

Table of Contents

Common Stock

Holder s of KCS s common stock are entitled to receive dividends when, as and if declared by its Board of Directors out of funds legally available for the payment of dividends, *provided* that, if any shares of 4% Preferred Stock or New Series Preferred Stock are outstanding, no dividends or other distributions may be made with respect to the common stock unless full required dividends on the shares of 4% Preferred Stock and New Series Preferred Stock have been paid, including accumulated dividends in the case of any series of New Series Preferred Stock designated to receive cumulative dividends. The agreements governing KCS s indebtedness may impose certain limitations on KCS s ability to pay cash dividends on its common stock.

Holder s of KCS s common stock are entitled to one vote per share multiplied by the number of directors to be elected in an election of directors, which may be cast cumulatively, and to one vote per share on any other matter, voting as a single class. In the event of the voluntary or involuntary dissolution, liquidation or winding up of KCS, holders of KCS s common stock are entitled to receive pro rata, after satisfaction in full of the prior rights of creditors (including holders of its indebtedness) and holders of any 4% Preferred Stock and New Series Preferred Stock, all of KCS s remaining assets available for distribution. The issuance of additional shares of 4% Preferred Stock or New Series Preferred Stock may result in a dilution in the voting power and relative equity interests of the holders of KCS s common stock and would subject the common stock to the prior dividend and liquidation rights of the additional 4% Preferred Stock and New Series Preferred Stock issued. KCS s common stock is not redeemable and has no preemptive rights.

Preferred Stock

4% Noncumulative, Preferred Stock. Holder s of KCS s 4% Noncumulative, Preferred Stock are entitled to receive dividends up to but not exceeding the rate of 4% per annum, before any dividends are declared or paid to common stock or New Series Preferred Stock for the same period. Such dividends are not cumulative, and the Holder s of the 4% Noncumulative, Preferred Stock are not entitled to receive any other earnings or profits. In case of liquidation or dissolution of KCS, the holder s of 4% Noncumulative, Preferred Stock are entitled to receive payment up to the amount of the par value before any payment or liquidation is made upon the common stock or New Series Preferred Stock.

New Series Preferred Stock. KCS's Board of Directors is authorized to issue up to 2,000,000 shares of New Series Preferred Stock in one or more series and to fix and determine the number of shares of preferred stock of any series, to determine the designation of any such series, to increase or decrease the number of shares of any such series subsequent to the issue of shares of that series, and to determine or alter the rights, preferences, privileges and restrictions granted to or imposed upon any such series. As described above, there are currently no shares of New Series Preferred Stock outstanding.

Prior to the issuance of shares of each series of New Series Preferred Stock, KCS's Board of Directors is required to adopt resolutions and file a certificate of determination with the Secretary of State of the State of Delaware. The certificate of determination will fix for each series the designation and number of shares and the rights, preferences, privileges and restrictions of the shares including, but not limited to, the following:

the title and stated value;

voting rights, if any;

any rights and terms of redemption (including sinking fund provisions);

the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation;

whether dividends are cumulative or non-cumulative and, if cumulative, the date from which dividends will accumulate;

the relative ranking and preferences of the preferred stock as to dividend rights and rights upon the liquidation, dissolution or winding up of KCS's affairs;

Table of Contents

the terms and conditions, if applicable, upon which the preferred stock will be convertible into KCS's common stock, including the conversion price (or manner of calculation) and conversion period;

the provision for redemption, if applicable;

the provisions for a sinking fund, if any;

liquidation preferences;

any limitations on issuance of any class or series of preferred stock ranking senior to or on a parity with the class or series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of KCS's affairs; and

any other specific terms, preferences, rights, limitations or restrictions of the preferred stock.

All shares of preferred stock will, when issued, be fully paid and nonassessable and will not have any preemptive or similar rights.

In addition to the terms listed above, KCS will set forth in a prospectus supplement the following terms relating to the class or series of preferred stock being offered:

the number of shares offered, the liquidation preference per share and the offering price;

the procedures for any auction and remarketing, if any;

any listing of the preferred stock on any securities exchange; and

a discussion of any material and/or special United States federal income tax considerations.

Until KCS's Board of Directors determines the rights of the holders of a series of preferred stock, KCS cannot predict the

effect of the issuance of any shares of preferred stock upon the rights of holders of its common stock. However, the effect could include one or more of the following:

restricting dividends on KCS's common stock;

diluting the voting power of KCS's common stock;

impairing the liquidation rights of KCS's common stock; or

delaying or preventing a change in control of KCS's without further action by its shareholders.

If issued, the preferred stock would rank, with respect to dividends and upon KCS's liquidation, dissolution or winding up:

senior to all classes or series of KCS's common stock and to all of its equity securities ranking junior to the preferred stock;

on a parity with all of KCS's equity securities the terms of which specifically provide that the equity securities rank on a parity with the preferred stock; and

junior to all of KCS's equity securities the terms of which specifically provide that the equity securities rank senior to the preferred stock.

Certain Anti-takeover Effects

General. Certain provisions of KCS's Amended and Restated Certificate of Incorporation and Bylaws and the Delaware General Corporation Law, or DGCL, could make it more difficult to consummate an acquisition of control of KCS by means of a tender offer, a proxy fight, open market purchases or otherwise in a transaction not approved by its Board of Directors. The provisions described below may reduce KCS's vulnerability to an unsolicited proposal for the restructuring or sale of all or substantially all of its assets or an unsolicited takeover

Table of Contents

attempt which is unfair to its stockholders. The summary of the provisions set forth below does not purport to be complete and is qualified in its entirety by reference to KCS's Amended and Restated Certificate of Incorporation and Bylaws and the DGCL.

Business Combinations. Section 203 of the DGCL restricts a wide range of transactions (business combinations) between a corporation and an interested stockholder. An interested stockholder is, generally, any person who beneficially owns, directly or indirectly, 15% or more of the corporation's outstanding voting stock. Business combinations are broadly defined to include (i) mergers or consolidations with, (ii) sales or other dispositions of more than 10% of the corporation's assets to, (iii) certain transactions resulting in the issuance or transfer of any stock of the corporation or any subsidiary to, (iv) certain transactions resulting in an increase in the proportionate share of stock of the corporation or any subsidiary owned by, or (v) receipt of the benefit (other than proportionately as a stockholder) of any loans, advances or other financial benefits by, an interested stockholder. Section 203 provides that an interested stockholder may not engage in a business combination with the corporation for a period of three years from the time of becoming an interested stockholder unless (a) the Board of Directors approved either the business combination or the transaction which resulted in the person becoming an interested stockholder prior to the time that person became an interested stockholder; (b) upon consummation of the transaction which resulted in the person becoming an interested stockholder, that person owned at least 85% of the corporation's voting stock (excluding, for purposes of determining the voting stock outstanding, but not the outstanding voting stock owned by the interested stockholder, shares owned by persons who are directors and also officers and shares owned by certain employee stock plans); or (c) the business combination is approved by the Board of Directors and authorized by the affirmative vote of at least 66 $\frac{2}{3}$ % of the outstanding voting stock not owned by the interested stockholder. The restrictions on business combinations with interested stockholders contained in Section 203 of the DGCL do not apply to a corporation whose certificate of incorporation or bylaws contains a provision expressly electing not to be governed by the statute; however, neither KCS's Amended and Restated Certificate of Incorporation nor its Bylaws contains a provision electing to opt-out of Section 203.

Special Meetings. Pursuant to the DGCL, a special meeting of stockholders may be called by the Board of Directors or by any other person authorized to do so in the charter or the bylaws. KCS's Amended and Restated Certificate of Incorporation and

Bylaws provides that special meetings of stockholders may only be called by its Board of Directors, the Chairman of its Board of Directors, its Chief Executive Officer, and, subject to compliance with applicable Bylaw provisions, holders of at least 25% of its outstanding common stock.

Additional Authorized Shares of Capital Stock. The additional shares of authorized common stock and preferred stock available for issuance under KCS's Amended and Restated Certificate of Incorporation could be issued at such times, under such circumstances and with such terms and conditions as to impede a change in control.

Advance Notice Requirements. KCS's Bylaws establish advance notice procedures with regard to stockholder proposals relating to the nomination of candidates for election as directors or other business to be brought before meetings of its stockholders. These procedures provide that notice of stockholder proposals of these kinds must be timely given in writing to KCS's Secretary before the meeting at which the action is to be taken. Generally, to be timely, notice of stockholder proposals must be received at KCS's principal executive offices not less than 60 nor more than 90 days before the one year anniversary of the previous annual meeting. The notice must contain certain information specified in the Bylaws.

No Written Consent of Stockholders. KCS's Amended and Restated Certificate of Incorporation requires all stockholder actions to be taken by a vote of the stockholders at an annual or special meeting, and does not permit its stockholders to act by written consent without a meeting.

**DESCRIPTION OF THE DEBT SECURITIES AND
GUARANTEES**

The following is a general description of the debt securities that may be issued from time to time under this prospectus and the related guarantees. The particular terms relating to each will be set forth in a prospectus supplement.

In this section, the term *issuer* means either KCS or KCSR, depending on which registrant is the issuer of the debt securities being offered, and the term *issuers* is a collective reference to KCS and KCSR. Debt securities of KCS may have the benefit of guarantees (each, a *Guarantee*) by one or more of its subsidiaries (each, a *Guarantor*). Debt securities of KCSR may be guaranteed by KCS and one or more of its subsidiaries.

The debt securities will be issued under one or more indentures and/or supplemental indentures entered into among the issuer, any Guarantors and a trustee. The following summary of selected provisions of the indenture, the terms of the debt securities, and the Guarantees is not complete. You should review the form of indenture, which is filed with the registration statement of which this prospectus is a part, any applicable supplemental indenture and any applicable prospectus supplement. The following summary is qualified in its entirety by reference to the form of indenture.

General

The indenture does not limit the aggregate principal amount of debt securities that may be issued and provides that debt securities may be issued from time to time in one or more series pursuant to a supplemental indenture.

Terms

The indenture provides for the issuance of debt securities in one or more series. The prospectus supplement applicable to each series of debt securities will specify, among other things, some or all of the following:

the title of such debt securities;

any limit on the aggregate principal amount;

the date or dates on which the principal of such debt securities is payable, including the maturity date, or the method or means by which those dates will be determined, and the issuer's right, if any, to extend those dates and the duration of any such extension;

the rate or rates at which such debt securities shall bear interest, if any, or any method by which such rate or rates will be determined, the date or dates from which such interest will accrue, the interest payment dates on which such interest shall be payable, the regular record date for the interest payable on any interest payment date, and the issuer's right, if any, to extend the interest payment periods and the duration of any such extension;

the place or places where the principal of (and premium, if any) and interest, if any, on such debt securities shall be payable, the methods by which registration of transfer of debt securities and exchanges of debt securities may be effected, and by which notices and demands to or upon the issuer in respect of such debt securities may be made, given, furnished, filed or served;

the period or periods within which, or date or dates on which, the price or prices at which and the terms and conditions on which the debt securities may be redeemed, in whole or in part, at the issuer's option;

the obligation, if any, to redeem, purchase or repay such debt securities pursuant to any sinking fund or analogous provisions or at the option of the holder and the terms and conditions upon which the debt securities will be so redeemed, purchased or repaid;

Table of Contents

the denominations in which such debt securities shall be issuable;

the currency or currencies in which the principal, premium, if any, and interest on the debt securities will be payable if other than U.S. dollars and the method for determining the equivalent amount in U.S. dollars;

any deletions from, modifications of or additions to the events of default or covenants of the issuer as provided in the indenture pertaining to the debt securities;

whether such debt securities shall be issued in whole or in part in the form of a global security and, if so, the name of the depositary for any global securities;

whether the debt securities will be guaranteed, by which Guarantors and a description of the Guarantees; and

any other terms of such debt securities.

The terms of the debt securities of any series may differ from the terms of the debt securities of any other series, and the terms of particular debt securities within any series may differ from each other. Unless otherwise expressly provided in the prospectus supplement relating to any series of debt securities, the applicable issuer may, without the consent of the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Paying Agent and Registrar

Unless otherwise indicated in the applicable prospectus supplement, the issuer will pay the principal of, premium, if any, and interest on the debt securities at any office of the issuer or any agency designated by the issuer. The issuer reserves the right to pay interest to holders by check mailed directly to holders at their registered addresses.

Holders may exchange or transfer their debt securities at the designated location. No service charge will be made for any registration of transfer or exchange of debt securities. The issuer, however, may require holders to pay any transfer tax or other similar governmental charge payable in connection with any such

transfer or exchange.

Ranking

The debt securities will be unsecured senior indebtedness of the issuer, will rank equally in right of payment with all existing and future senior indebtedness of the issuer and will be senior in right of payment to all subordinated obligations of the issuer. The debt securities also will be effectively subordinated to all secured indebtedness of the issuer to the extent of the value of the assets securing such secured indebtedness.

The Guarantees will be unsecured senior indebtedness of the applicable Guarantor, will rank equally in right of payment with all existing and future senior indebtedness of such Guarantor and will be senior in right of payment to all subordinated obligations of such Guarantor. The Guarantees also will be effectively subordinated to all secured indebtedness of the applicable Guarantor to the extent of the value of the assets securing such Guarantee.

Certain Covenants

Unless the applicable prospectus supplement specifies otherwise, the debt securities will be subject to the restrictive covenants described below. Any additional restrictive covenants applicable to a particular series of debt securities will be described in the applicable prospectus supplement. Under the indenture, the issuer will agree to:

pay the principal, interest, and any premium on the debt securities when due;

maintain a place of payment; and

Table of Contents

deliver a report to the trustee at the end of each fiscal year reviewing its obligations under the indenture.

Merger and Consolidation

Unless otherwise indicated in the applicable prospectus supplement, neither the issuer nor any Guarantor will consolidate with, merge with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all its property and assets (as an entirety or substantially as an entirety in one transaction or a series of related transactions) to, any person or permit any person to merge with or into the issuer or such Guarantor unless:

- (1) the issuer or such Guarantor shall be the continuing person, or the person (if other than the issuer or such Guarantor) formed by such consolidation or into which the issuer or such Guarantor is merged or that acquired or leased such property and its assets shall be a corporation organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia (or in the case of a Guarantor, a corporation, partnership, limited liability company or similar entity organized and validly existing under the laws of the jurisdiction under which such Guarantor was organized) and shall expressly assume, by a supplemental indenture, executed and delivered to the trustee, in form reasonably satisfactory to the trustee, all of the obligations of the issuer or such Guarantor under the debt securities, the Guarantee and the indenture, as applicable; *provided* that this clause (1) shall not apply with respect to a Guarantor whose Guarantee is released in accordance with the indenture;
- (2) immediately after giving effect to such transaction, no default or event of default shall have occurred and be continuing; and
- (3) the trustee shall have received an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, conveyance, transfer, lease or other disposition and such supplemental indenture comply with the indenture.

Upon any consolidation or merger, or any sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the property and assets of the issuer or any Guarantor in accordance with the indenture, the successor person

formed by such consolidation or into which the issuer or any Guarantor is merged or to which such sale, assignment, conveyance, transfer, lease or other disposition is made shall succeed to, and be substituted for, and may exercise every right and power of, the issuer or such Guarantor under the indenture with the same effect as if such successor person had been named as the issuer or such Guarantor herein; *provided, however*, that the predecessor shall not be relieved from the obligation to pay the principal, premium, if any, or interest on the debt securities except in the case of a sale of all of the predecessor's assets in a transaction that is subject to the prior paragraph.

Redemption and Repurchase

The debt securities of any series may be redeemable at the option of the issuer, as applicable, or may be subject to mandatory redemption by the issuer, as applicable. In addition, the debt securities of any series may be subject to repurchase or repayment by the issuer, as applicable, at the option of the holders. The applicable prospectus supplement will describe the terms, the time and the prices regarding any optional or mandatory redemption, or any repurchase or repayment at the option of the holders of any series of debt securities.

Defaults

Each of the following is an Event of Default with respect to debt securities of a series:

- (1) default in the payment of interest on any debt securities of such series when due and such default continues for a period of 30 days;

Table of Contents

- (2) default in the payment of principal of (or premium, if any, on) any debt securities of such series when due at maturity, upon acceleration, redemption or otherwise;

- (3) default in the performance of any covenant of the issuer or a Guarantor in the indenture (other than a default specified in clause (1) or (2) above), and such default continues for a period of 90 days after written notice by the trustee or the holders of 25% or more in aggregate principal amount of the debt securities of such series;

- (4) certain events of bankruptcy, insolvency or reorganization with respect to the issuer or a Guarantor;

- (5) any Guarantee ceases to be in full force and effect (except as contemplated by the terms of the indenture) or any Guarantor or person acting by or on behalf of such Guarantor denies or disaffirms such Guarantor's obligations under the indenture or any Guarantee and such default continues for 10 days after receipt of the notice specified in the indenture; or

- (6) any other Event of Default established for the debt securities of such series.

If an Event of Default occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the debt securities of such series then outstanding may declare the outstanding debt securities of such series to be due and payable immediately. Under certain circumstances, the holders of a majority in principal amount of the outstanding debt securities of such series may rescind any such acceleration with respect to such debt securities and its consequences.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding debt securities of a series will be given the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee will be entitled to indemnification

satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

Amendments, Supplements and Waivers

Subject to certain exceptions, the indenture or the debt securities of a series may be amended with the written consent of the holders of a majority in principal amount of the debt securities of such series then outstanding and any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the debt securities of such series then outstanding. However, without the consent of each holder of an outstanding debt securities affected, no amendment or supplement may, among other things:

- (1) change the stated maturity of the principal of, or any installment of interest on, any debt security;
- (2) reduce the principal amount of, or premium, if any, or interest on, any debt security;
- (3) change the place or currency of payment of principal of, or premium, if any, or interest on, any debt security;
- (4) impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;
- (5) reduce the percentage or principal amount of outstanding debt securities of any series the consent of whose holders is necessary to modify or amend the Indenture or waive compliance with certain provisions of the indenture or waive certain defaults;
- (6) waive a default in the payment of principal of, premium, if any, or interest on, the debt securities; or
- (7) release any Guarantor from any of its obligations under its Guarantee or the indenture, except as set forth in the indenture.

Table of Contents

Without the consent of any holder, the issuer, the Guarantors and the trustee may amend or supplement the indenture, any debt security and any Guarantee thereof to:

- (1) cure any ambiguity, omission, mistake, defect or inconsistency;
- (2) provide for uncertificated debt securities in addition to or in place of certificated debt securities;
- (3) provide for the assumption by a successor corporation of the obligations of the issuer or a Guarantor under the indenture;
- (4) make any change that would provide any additional rights or benefits to the holders of such debt securities or that does not adversely affect the legal rights under the indenture of any such holder;
- (5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the TIA;
- (6) conform the text of the indenture, the debt securities or the Guarantees to any provision of the description of such debt securities and Guarantees set forth in this prospectus or in any prospectus supplement to the extent that such provision herein or therein was intended to be a verbatim recitation of a provision thereof;
- (7) to add a Guarantor or release any Guarantor from its Guarantee if such release is in accordance with the terms of the indenture; and
- (8) provide for the issuance of additional debt securities in accordance with the limitations set forth in the indenture.

Transfer and Exchange

A holder will be able to transfer or exchange debt securities. Upon any transfer or exchange, the registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements

and transfer documents and the issuer may require a holder to pay any taxes required by law or permitted by the indenture. The issuer will not be required to transfer or exchange any debt security selected for redemption or to transfer or exchange any debt securities for a specified period prior to the mailing of a notice of redemption of debt securities. The debt security will be issued in registered form and the holder will be treated as the owner of such debt security for all purposes.

Guarantees

The debt securities of any series of an issuer may be guaranteed by one or more of its subsidiaries and, in the case of KCSR, the debt securities may also be guaranteed by KCS. The Guarantors of any series of guaranteed debt securities may differ from the Guarantors of any other series of guaranteed debt securities. In the event an issuer issues a series of guaranteed debt securities, the specific Guarantors of the debt securities of that series will be identified in the applicable prospectus supplement.

Terms of the guarantees of any debt securities will be set forth in the applicable prospectus supplement. Unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, each Guarantor of the debt securities of such series will unconditionally guarantee the due and punctual payment of the principal of, and premium, if any, and interest, if any, on and any other amounts payable with respect to, each debt security of such series and the due and punctual performance of all of the applicable issuer's other obligations under the applicable indenture with respect to the debt securities of such series, all in accordance with the terms of such debt securities and the applicable indenture.

The applicable prospectus supplement relating to any series of guaranteed debt securities will specify other terms of the applicable Guarantees, which may include provisions that allow a Guarantor to be released from its obligations under its Guarantee under specified circumstances or that provide for one or more Guarantees to be secured by specified collateral.

Defeasance

The issuer may at any time terminate all of its obligations under the debt securities and the indenture (legal defeasance), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the debt securities, to replace mutilated, destroyed, lost or stolen debt securities and to maintain a registrar and paying agent in respect of the debt securities. In addition, the issuer may at any time, subject to certain conditions, terminate its obligations under specified covenants.

The issuer may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the issuer exercises its legal defeasance option, payment of the debt securities may not be accelerated because of an Event of Default with respect thereto. If the issuer exercises its covenant defeasance option, payment may not be accelerated because of certain specified Events of Default.

In order to exercise either defeasance option, the issuer must irrevocably deposit in trust (the defeasance trust) with the trustee money in an amount sufficient or U.S. Government Obligations, the principal of and interest on which will be sufficient, or a combination thereof sufficient, to pay the principal of, premium (if any) and interest on, the debt securities to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the trustee of an opinion of counsel to the effect that holders thereof will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Book-Entry; Delivery and Form

The debt securities initially may be represented by one or more debt securities in registered, global form without interest coupons. So long as the Depository Trust Company (DTC) or its nominee is the registered owner of the certificates representing the debt securities, DTC or its nominee, as the case may be, will be the sole holder of the debt securities represented thereby for all

purposes under the indenture. Unless otherwise provided, the beneficial owners of the debt securities will not be entitled to receive physical delivery of certificated debt securities and will not be considered the holders thereof for any purpose under the indenture, and the certificates representing the debt securities shall not be exchangeable or transferable. Accordingly, each person owning a beneficial interest in the debt securities must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder under the indenture. The laws of some jurisdictions require that certain purchases of securities take physical delivery of such securities in certificated form. Such limits and such laws may impair the ability to transfer beneficial interest in the certificates representing the debt securities.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

This prospectus and any accompanying prospectus supplement will contain the material terms and conditions for each stock purchase contract and stock purchase unit. The accompanying prospectus supplement may add, update or change the terms and conditions of the stock purchase contracts and stock purchase units as described in this prospectus.

stock or preferred stock for a stated amount of consideration. The price per share and the number of shares of common stock or preferred stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. Any such formula may include antidilution provisions to adjust the number of shares of common stock or preferred stock issuable pursuant to the stock purchase contracts upon certain events.

The stock purchase contracts may be issued separately or as a part of stock purchase units consisting of a stock purchase contract and, as security for the holder's obligations to purchase or sell the shares under the stock purchase contracts, either debt securities or debt obligations of third parties, including U.S. Treasury securities.

The stock purchase contracts may require KCS to make periodic payments to the holders of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations in a specified manner and in certain circumstances KCS may deliver newly issued prepaid stock purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original stock purchase contract.

A prospectus supplement will describe the terms of any stock purchase contracts or stock purchase units being offered. Material U.S. federal income tax considerations applicable to the stock purchase contracts and stock purchase units will also be discussed in the applicable prospectus supplement. If KCS issues any stock purchase contracts or stock purchase units, it will file or incorporate the form of stock purchase contract or stock purchase unit as exhibits to the registration statement, and you should read these documents for provisions that may be important to you.
