FINANCIAL AND OPERATING HIGHLIGHTS

We Improved our 2015 Financial and Operational Performance. We continued to execute against our strategic growth initiatives as demonstrated by the following:

we **INCREASED** revenues to a new high of \$1.78 billion for the year ended December 31, 2015 from \$1.76 billion for the year ended December 31, 2014;

our **FOCUS** on organic growth resulted in 4.1% organic revenue growth for the year ended December 31, 2015 (excluding the estimated negative effects of foreign currency translation);

we **INCREASED** Adjusted Earnings per Diluted Share⁽¹⁾ (Adjusted EPS) to \$1.84 for the year ended December 31, 2015 from \$1.64 for the year ended December 31, 2014, an increase of 12.2%;

we **IMPROVED** Net Cash Provided by Operating Activities to \$139.9 million for the year ended December 31, 2015 from \$135.4 million for the year ended December 31, 2014, an increase of 3.3%; and

- (1) Adjusted EPS, Leverage Ratio and Adjusted EBITDA are financial or operating measures not prepared in accordance with Accounting Principles Generally Accepted in the United States (GAAP). For a discussion of these non-GAAP measures refer to Executive Officers and Compensation Executive Summary We Improved our 2015 Financial and Operational Performance on page 35 of this Proxy Statement and for reconciliations of Adjusted EPS and Adjusted EBITDA to their most directly comparable GAAP measures refer to [Appendix B](#) to this Proxy Statement. Leverage Ratio does not have a most directly comparable GAAP measure to which it can be reconciled.

Table of Contents

we **INCREASED** our revolving line of credit to \$550.0 million in June 2015 from \$350.0 million and **EXTENDED** the maturity date to June 26, 2020.

We Deployed our Capital Wisely. During 2015, we used our cash to increase stockholder value as demonstrated by the following:

we **DECREASED** our total debt by \$211.0 million to \$500.0 million at December 31, 2015 from \$711.0 million at December 31, 2014, primarily through the tender and repurchase of our \$400.0 million 6 ³/₄% senior notes due 2020;

we **REDUCED** our Leverage Ratio⁽¹⁾ (total debt divided by Adjusted EBITDA) to 2.43 at December 31, 2015 from 3.38 at December 31, 2014;

we **REPURCHASED** 735,845 shares of common stock during December 2015, at an average per share price of \$34.84, for an aggregate cost of \$25.5 million under the \$50.0 million stock repurchase program authorized by the Board of Directors (our Board) on November 5, 2015; and

we **GREW** our headcount year-over-year with a net increase of 172 client-facing professionals.

2015 STOCKHOLDER ENGAGEMENT

We Listened. After considering feedback received from our stockholders, the Compensation Committee:

ADDED total shareholder return (TSR) cap for negative performance relative to the S&P 500 at 100% of target beginning with the executive long-term incentive pay (LTIP) opportunity in the form of performance-based restricted stock units awarded in 2016 for the three-year measurement period ending December 31, 2018;

REDUCED our Burn Rate (our annual usage of shares authorized under our stockholder-approved equity compensation plans as incentive compensation) to 3.51% for the year ended December 31, 2015 from 4.73% and 5.80% for the years ended December 31, 2014 and December 31, 2013, respectively;

DIVERSIFIED the financial performance criteria used to measure annual incentive pay (AIP), making one-third of 2015 AIP contingent upon Adjusted Net Cash Provided by Operating Activities per Share (Adjusted Cash Flow per Share); and

SUPPORTED our robust program of stockholder engagement.

CHIEF EXECUTIVE OFFICER COMPENSATION HIGHLIGHTS (PAGES 34 TO 48)

Our 2015 CEO Compensation Programs Reward Performance. We believe that our 2015 compensation programs reward our President and Chief Executive Officer (our CEO) for generating value for our stockholders as demonstrated by the following:

70.5% of total compensation delivered to our CEO was variable and tied to performance;

66.0% of variable AIP opportunity delivered to our CEO was tied to annual financial performance measures based on Adjusted EPS and Adjusted Cash Flow per Share, and the balance of AIP was based on the Compensation Committee's subjective evaluation of his performance;

50.0% of variable LTIP opportunity was delivered to our CEO in the form of performance-based restricted stock units, subject to an objective financial performance measure based on the Company's achievement of TSR levels relative to the S&P 500, measured over the three-year period ending December 31, 2017;

25.0% of variable LTIP opportunity was delivered to our CEO in the form of stock options, subject to an exercise price equal to 100% of fair market value on the grant date and pro rata three-year vesting conditions; and

25.0% of variable LTIP opportunity was delivered to our CEO in the form of restricted stock units, subject to pro rata three-year vesting conditions.

Our CEO Compensation Programs Promote Pay-for- Performance. Since our CEO joined us in January 2014, we have:

Capped annual cash base salary of our CEO at \$1.0 million;

Increased our CEO stock ownership requirement to at least five times (5x) annual cash base salary;

Increased the percentage of AIP opportunity that is subject to financial performance to 66.66% of target AIP;

Increased the percentage of LTIP opportunity that is subject to financial performance to 50% of target LTIP;

Limited severance payable to our CEO upon termination by the Company without cause or by our CEO for good reason to an amount equal to one and one-half times (1.5x) the sum of annual cash base salary plus target AIP (increasing to two times (2x) the sum of annual cash base salary plus target AIP if such termination occurs during the 18-month period following a change in control);

Eliminated automatic single trigger acceleration of LTIP awards, general equity awards and severance benefits on a change in control; and

Added a relative TSR cap for negative performance at 100% of target beginning with the LTIP opportunity in the form of performance-based restricted stock units awarded in 2016 for the three-year measurement period ending December 31, 2018.

We Strengthened 2015 Financial Targets. The following table illustrates year-over-year changes to AIP and LTIP target financial performance measures:

PROXY STATEMENT FOR 2016 ANNUAL MEETING OF STOCKHOLDERS

The 2016 Annual Meeting of Stockholders (the **Annual Meeting**) of FTI Consulting, Inc., a Maryland corporation (the **Company**), will be held on June 1, 2016, at 9:30 a.m., Eastern Daylight Time, at FTI Consulting, Inc.'s executive office located at 1101 K Street NW, Washington, DC 20005.

Our Board of Directors (our **Board**) is soliciting proxies to be voted at our Annual Meeting because you were a stockholder at the close of business on March 23, 2016, the record date for the Annual Meeting (the **Record Date**), and are entitled to vote at the Annual Meeting or any adjournment or postponement of the Annual Meeting.

This proxy statement (**Proxy Statement**) provides information that you should read before you vote on the proposals that will be presented to you at the Annual Meeting and is intended to assist you in deciding how to vote your shares.

On or about April 20, 2016, we began mailing or emailing a Notice of Internet Availability of Proxy Materials (**Notice**) containing instructions on how to access this Proxy Statement and our Annual Report to Stockholders for the year ended December 31, 2015 (the **Annual Report**) online, and we began sending a full set of the proxy materials and Annual Report to stockholders who previously requested paper copies.

Table of Contents

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

WHY AM I RECEIVING THESE PROXY MATERIALS?

You are invited to attend the Annual Meeting and are entitled to vote on the items of business described in this Proxy Statement. The proxy materials include this Proxy Statement for the Annual Meeting and our Annual Report. If you received a paper copy of these materials by mail or email, the proxy materials also include a proxy card or voting instruction card for the Annual Meeting.

The information in this Proxy Statement describes (i) the proposals to be voted on at the Annual Meeting, (ii) the voting process, (iii) the eight nominees for director named in this Proxy Statement, (iv) information about our Board and committees of our Board (the Committees), (v) the compensation of our named executive officers and directors for the year ended December 31, 2015, and (vi) certain other information we are required to provide to you.

WHEN AND WHERE WILL THE COMPANY HOLD THE ANNUAL MEETING?

The Annual Meeting will be held on Wednesday, June 1, 2016, at 9:30 a.m., Eastern Daylight Time, at our executive office located at 1101 K Street NW, Washington, DC 20005, telephone no. +1.202.312.9100.

WHO MAY VOTE AT THE ANNUAL MEETING?

You may vote all of the shares of our common stock, par value \$0.01 per share (Common Stock), that you own at the close of business on the Record Date. You may cast one vote for each share that you own. As of the close of business on the Record Date, 41,341,256 shares of our Common Stock were issued and outstanding and entitled to vote at the Annual Meeting.

WHAT IS A QUORUM?

A quorum must be present at the Annual Meeting in order to transact business. A quorum will be present if a majority of our shares of Common Stock entitled to vote are represented at the Annual Meeting, either in person or by proxy. If a quorum is not present, no business may be conducted at the Annual Meeting, in which case the Annual Meeting may be adjourned until such time as a quorum is present.

Proxies received and marked as abstentions from voting on a proposal and broker non-votes are counted for determining whether a quorum is present. A broker non-vote results when a bank, trust, broker, or other nominee or fiduciary that holds shares for another person has not received voting instructions from the owner of the shares and, under the applicable rules, does not have discretionary authority to vote on a matter. If a broker does not return a properly executed proxy, then the holder is not present for quorum purposes.

Table of Contents

WHAT AM I VOTING ON, HOW MANY VOTES ARE REQUIRED TO ELECT DIRECTORS AND APPROVE THE OTHER PROPOSALS, AND HOW DOES THE BOARD RECOMMEND I VOTE?

Proposal No. 1: Elect as directors the eight nominees named in the Proxy Statement

As there are eight nominees for the eight seats up for election, each director will be elected if he or she receives a majority of the votes cast with respect to his or her election. This means that a nominee must receive more votes cast FOR than votes WITHHELD with respect to his or her election as a director at the Annual Meeting to be elected as a director. Any abstentions or broker non-votes are not counted as votes cast FOR or WITHHELD with respect to a director's election and will have no effect on the election of directors.

The Board recommends a vote FOR the election of each nominee as a director.

Proposal No. 2: Approve the performance measures and monetary limit under the FTI Consulting, Inc. Incentive Compensation Plan (the Incentive Compensation Plan) to preserve eligibility for the tax deductibility of awards thereunder for purposes of Section 162(m) of the U.S. Internal Revenue Code

Approval of the performance measures and monetary limit under the Incentive Compensation Plan requires a majority of the votes cast at the Annual Meeting to be voted FOR this proposal. Abstentions and broker non-votes will not be counted as votes cast either FOR or AGAINST Proposal No. 2 and will have no effect on the results of the vote on this proposal.

The Board recommends a vote FOR the approval of the performance measures and monetary limits under the Incentive Compensation Plan.

Proposal No. 3: Ratification of the appointment of KPMG LLP (KPMG) as FTI Consulting, Inc.'s independent registered public accounting firm for the year ending December 31, 2016

Ratification of the appointment of KPMG as the Company's independent registered public accounting firm for the year ending December 31, 2016 requires a majority of the votes cast at the Annual Meeting to be voted FOR this proposal. Abstentions will not count as votes cast either FOR or AGAINST Proposal No. 3 and will have no effect on the results of the vote on this proposal.

The Board recommends a vote FOR the ratification of the appointment of KPMG.

Proposal No. 4: Approve, in an advisory (non-binding) vote, the compensation of the named executive officers as described in the Proxy Statement for the 2016 Annual Meeting of Stockholders

The approval of a resolution approving the compensation of our named executive officers as described in this Proxy Statement is an advisory (non-binding) vote. However, the Board and the Compensation Committee will consider the affirmative vote of a majority of the votes cast FOR the proposal as approval of the compensation paid to the Company's named executive officers as described in this Proxy Statement. Abstentions and broker non-votes will not be counted as votes cast either FOR or AGAINST Proposal No. 4 and will have no effect on the results of the vote on this proposal.

The Board recommends a vote FOR the advisory vote to approve the compensation of our named executive officers as described in this Proxy Statement.

If you sign, date and return a proxy card, but do not complete voting instructions for a proposal, your shares will be voted with respect to such proposal by the named proxies in accordance with the Board's above recommendations.

HOW DO I VOTE MY SHARES?

You have one vote for each share of Common Stock that you owned of record at the close of business on the Record Date. Even if you plan to attend the Annual Meeting in person, please vote right away, using one of the following advance voting methods and following the instructions on the Notice, proxy card that you received from us or voting instruction card that you received from your broker, trust, bank, or other nominee or fiduciary. By voting by proxy, you will be directing the designated person or persons as your proxies to vote your shares of Common Stock at the Annual Meeting in accordance with your instructions. If you sign, date and return a proxy card, but do not complete voting instructions for a proposal, your shares will be voted with respect to such proposal by the named proxies in accordance with the Board's recommendations.

WHY DID I RECEIVE A NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS?

We are sending a Notice, by mail or email, to many stockholders instead of paper copies of the proxy materials. All stockholders receiving the Notice will find instructions on how to access this Proxy Statement and our Annual Report on the website referred to in the Notice or to request a printed set of these materials at no charge. Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents and will reduce the impact on the environment of holding annual meetings. Your election to receive proxy materials by email will remain in effect until it is terminated. Your Notice will contain instructions on how to:

view our proxy materials for the Annual Meeting on the Internet;

view our Annual Report on the Internet;

vote your shares; and

instruct us to send future proxy materials to you by mail or electronically by email.

CAN I VOTE MY SHARES BY FILLING OUT AND RETURNING THE NOTICE?

No. The Notice identifies the items to be voted on at the Annual Meeting, but you cannot vote by marking and returning the Notice. The Notice provides instructions on how to vote by Internet, by telephone, by requesting a paper proxy card or by attending the Annual Meeting and submitting a ballot in person.

WHY DID I RECEIVE PAPER COPIES OF THE PROXY MATERIALS AND ANNUAL REPORT?

We are providing some of our stockholders, including stockholders who have previously requested paper copies of the proxy materials and Annual Report, and some of our stockholders who live outside the United States (U.S.), with paper copies of this Proxy Statement and the Annual Report, instead of the Notice. In addition, any stockholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Table of Contents

HOW CAN I REQUEST PAPER COPIES OF THE PROXY MATERIALS AND ANNUAL REPORT?

Stockholders will find instructions about how to obtain paper copies of the proxy materials and Annual Report in the Notice or the email they receive.

WHO PAYS THE COSTS OF THE PROXY SOLICITATION?

The Company will pay the cost of soliciting proxies. In addition to the mailing and emailing of the Notice and these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our officers and employees, who will not receive any additional compensation for such solicitation activities.

WHAT DOES IT MEAN IF I RECEIVED MORE THAN ONE PROXY CARD OR VOTING INSTRUCTION CARD?

If you receive more than one proxy card or voting instruction card, it means that you have multiple accounts with our transfer agent and/or a broker, trust, bank, or other nominee or fiduciary or you may hold shares in different ways or in multiple names (such as through joint tenancy, trusts and custodial accounts). Please vote all of your shares.

WILL MY SHARES BE VOTED IF I DO NOT COMPLETE, SIGN, DATE AND RETURN MY PROXY CARD OR VOTING INSTRUCTION CARD, OR VOTE BY SOME OTHER METHOD?

If you are a registered record stockholder and you do not vote your shares by Internet, by telephone, or by completing, signing, dating and returning a paper proxy card or voting instruction card, your shares will not be voted unless you attend the Annual Meeting and vote in person.

If your shares are held in a brokerage account or by a trust, bank, or another nominee or fiduciary, you are considered the beneficial owner of shares held in street name, and the Notice or proxy materials were forwarded to you by that organization. In order to vote your shares, you must follow the voting instructions forwarded to you by or on behalf of that organization. Brokerage firms, trusts, banks, and other fiduciaries or nominees are required to request voting instructions for shares they hold on behalf of customers and others. As the beneficial owner, you have the right to direct the record holder how to vote, and you are also invited to attend the Annual Meeting. We encourage you to provide instructions to your broker, trust, bank, or other nominee or fiduciary on how to vote your shares. Since a beneficial owner is not the record stockholder, you may not vote the shares in person at the Annual Meeting unless you obtain a legal proxy from the record holder giving you the right to vote the shares at the meeting.

Even if you do not provide voting instructions on your voting instruction card, if you hold shares through an account with a broker, trust, bank, or other nominee or fiduciary your shares may be voted. Brokerage firms have the authority under New York Stock Exchange (the NYSE) rules to vote shares for which their customers do not provide voting instructions on certain routine matters. Proposal No. 3, the ratification of the appointment of KPMG as our independent registered public accounting firm for the year ending December 31, 2016, is considered a routine matter for which brokers, trusts, banks, or other nominees or fiduciaries may vote in the absence of specific instructions.

When a proposal is not considered routine and the broker, trust, bank, or other nominee or fiduciary has not received voting instructions from the beneficial owner of the shares with respect to such proposal, such firm cannot vote the shares on that proposal. All proposals, other than Proposal No. 3, are non-routine proposals. Votes that cannot be cast by a broker, trust, bank, or other nominee or fiduciary on non-routine matters are known as broker non-votes.

HOW CAN I REVOKE MY PROXY AND CHANGE MY VOTE PRIOR TO THE ANNUAL MEETING?

You may change your vote at any time prior to the vote taken at the Annual Meeting. You may revoke or change your vote in any one of four ways:

You may notify our Corporate Secretary, at our office at 2 Hamill Road, North Building, Baltimore, Maryland 21210, in writing that you wish to revoke your proxy.

You may submit a proxy dated later than your original proxy.

You may attend the Annual Meeting and vote by ballot if you are a stockholder of record. Merely attending the Annual Meeting will not by itself revoke a proxy. You must submit a ballot and vote your shares of Common Stock at the Annual Meeting.

For shares you hold beneficially or in street name, you may change your vote by following the specific voting instructions provided to you by the record holder to change or revoke any instructions you have already provided or if you obtained a legal proxy from your broker, trust, bank, or other nominee or fiduciary giving you the right to vote your shares by attending the Annual Meeting and voting in person.

INFORMATION ABOUT THE BOARD OF DIRECTORS AND COMMITTEES

THE DIRECTOR NOMINATION PROCESS

Identification of Candidates as Directors for Election at the Annual Meeting

The Board currently consists of nine directors, eight of whom are independent. Each year, the Nominating and Corporate Governance Committee works with the Board to develop the education, credentials and characteristics required of Board nominees in light of current Board composition, our business and operations, our long-term and short-term plans, applicable legal and listing requirements, and other factors they consider relevant.

The Nominating and Corporate Governance Committee evaluates existing directors for reelection each year as if they were new candidates. The Nominating and Corporate Governance Committee may identify other candidates for nomination as directors, if necessary, through recommendations from our directors, management, employees, stockholders or outside consultants, as well as through the formal stockholder nomination process described under Corporate Governance Stockholder Nominees for Director. The Nominating and Corporate Governance Committee will review candidates in the same manner regardless of the source of the recommendation. The Nominating and Corporate Governance Committee is authorized, in its sole discretion, to engage outside search firms and consultants to assist with the process of identifying and qualifying candidates and has the sole authority to negotiate the fees and terms of the retention of such advisors.

The Nominating and Corporate Governance Committee and the Board focus on identifying directors and candidates for director who have a diversity of ages, backgrounds, skills and experiences. The Board increased its gender diversity by adding Laureen Seeger as a director effective March 7, 2016.

Key director attributes that are considered by the Nominating and Corporate Governance Committee and the Board include:

Leadership Experience. Experience holding a significant leadership position in a complex organization or experience dealing with complex problems, including a practical understanding of strategy, processes, risk management and other factors that drive growth and change;

Finance or Accounting Experience. Experience with finance and/or financial reporting that demonstrates an understanding of finance and financial information and processes;

Services or Industry Experience. Experience with our key practice offerings or client industries, such as capital markets, mergers and acquisitions, consulting, energy, financial institutions, healthcare, and telecom, media and technology, to deepen the Board's understanding and knowledge of our business;

Government Experience. Experience working constructively and proactively with governments and agencies, both foreign and domestic;

Other Public Company Board Experience. Experience serving on the boards and board committees of other public companies provides an understanding of corporate governance practices and trends and insights into board management and the relationships among the board, the chief executive officer and other members of senior management; and

Global Experience. Experience managing or growing companies outside the U.S. or with global companies to broaden our knowledge, help direct our global expansion and help navigate the hurdles of doing business outside the U.S.

Table of Contents

In addition, the Nominating and Corporate Governance Committee considers other factors, as it determines to be appropriate, including:

Integrity and Credibility. High ethical standards and strength of character in the candidate’s personal and professional dealings and a willingness to be held accountable;

Business Judgment. Mature and practical judgment and a history of making good business decisions in good faith and in a manner in the best interests of the Company and its stakeholders;

Collaborative Work Ethic. Ability to work together with other directors and management to carry-out his or her duties in the best interests of the Company and its stakeholders;

Need for Expertise. The extent to which the candidate has some quality or experience that would fill a present need on the Board; and

Sufficient Time. Demonstrates that the candidate is willing to devote sufficient time and effort to the affairs of the Company, as well as other factors related to the ability and willingness of the candidate to serve on the Board.

Qualifications of Incumbent Directors

The Board believes that our incumbent directors as a whole have the necessary experience and expertise and each director possesses the particular attributes that qualify him or her to serve on our Board. The principal qualifications of our directors are:

Director	Leadership	Finance and Accounting	Services or Industry	Government	Other Public	
					Company Board	Global
Brenda J. Bacon

Claudio Costamagna

Table of Contents

During the first quarter of 2016, the Nominating and Corporate Governance Committee discussed with each incumbent director his or her ability to continue to serve as a director if he or she were to be nominated by the Board and reelected by stockholders at the Annual Meeting.

The Nominating and Corporate Governance Committee also considered the policies of the Company regarding director elections, including the FTI Consulting, Inc. Corporate Governance Guidelines, which provide that a director generally will not be nominated for reelection at any annual stockholder meeting to be held on or following his or her 72nd birthday. After agreeing to stand for reelection at our 2015 annual meeting of stockholders at the request of the Board, James Crownover, who has reached age 72, will not stand for reelection at this Annual Meeting in accordance with our director retirement policy. On March 29, 2016, the Board took action to decrease the size of the Board to eight directors immediately effective upon the election of directors at the Annual Meeting. The Board thanks Mr. Crownover for his valuable contributions to the Company during his many years of dedicated service.

2016 Nominations of Candidates as Directors for Election at the Annual Meeting

Following its consideration of the above factors, as well as the qualifications of the incumbent directors, other than Mr. Crownover, including their ability to continue to serve as directors of the Company following the Annual Meeting, the Nominating and Corporate Governance Committee recommended, and the Board nominated, the following incumbent directors to stand for reelection by stockholders at the Annual Meeting:

Brenda J. Bacon	Nicholas C. Fanandakis
Mark S. Bartlett	Steven H. Gunby
Claudio Costamagna	Gerard E. Holthaus
Vernon Ellis	Laureen E. Seeger

INDEPENDENCE OF DIRECTORS

The Board has established Categorical Standards of Director Independence, which are the same as the NYSE Section 303A standards governing director independence as currently in effect, and recognizes that a director is independent if he or she does not have a material relationship with the Company (directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), considering all facts and circumstances that

the Board determines are relevant. Based on those standards, the Board, upon the recommendation of the Nominating and Corporate Governance Committee, affirmatively determined that all eight current non-employee directors and seven non-employee directors standing for reelection at the Annual Meeting are independent.

In making its independence determinations, the Board considered that Nicholas C. Fanandakis is Executive Vice President and Chief Financial Officer of E.I. du Pont de Nemours and Company and Laureen E. Seeger is Executive Vice President and General Counsel of American Express Company. Each of those companies is a client of the Company. The Board found that Mr. Fanandakis and Ms. Seeger are independent, after concluding that the Company's engagements with each of their employers or its subsidiaries are in the ordinary course of business on substantially the same terms as transactions with other clients of the Company for similar services, and neither Mr. Fanandakis nor Ms. Seeger has received any direct or indirect personal and pecuniary benefits from any of these client engagements or transactions. The fees from such engagements amounted to less than the greater of \$1.0 million or 2% of each such client's consolidated gross revenues for each year ended December 31, 2013, December 31, 2014 and December 31, 2015. In addition, during each of the years ended December 31, 2013, December 31, 2014 and December 31, 2015, the Company has not made charitable contributions to any organization in which a director serves as an employee, officer, director or trustee, which in any single year exceeded the greater of \$1.0 million or 2% of such organization's gross revenues.

Table of Contents**PROPOSAL NO. 1 ELECT AS DIRECTORS THE EIGHT NOMINEES NAMED IN THE PROXY STATEMENT**

Each incumbent director, other than James Crownover, is standing for reelection at the Annual Meeting. Each nominee, if elected, will serve as a director for a one-year term expiring at the next annual meeting of stockholders and until his or her successor is duly elected and qualifies. The eight nominees for election as directors at the Annual Meeting are:

Brenda J. Bacon	Nicholas C. Fanandakis
Mark S. Bartlett	Steven H. Gunby
Claudio Costamagna	Gerard E. Holthaus
Vernon Ellis	Laureen E. Seeger

The Board, upon the recommendation of the Nominating and Corporate Governance Committee, has affirmatively determined that all of the nominees for director, other than Steven H. Gunby, qualify as independent directors. More detailed information about the Board's determination of director independence is provided in the section of this Proxy Statement titled "Information about the Board of Directors and Committees Independence of Directors."

We do not know any reason why any nominee would be unable to serve as a director. If any nominee cannot serve for any reason, which is not anticipated, the Nominating and Corporate Governance Committee may identify and recommend a candidate or candidates to the Board as a potential substitute nominee or nominees. If that happens, all valid proxies will be voted for the election of the substitute nominee or nominees designated by the Board. Alternatively, the Board may determine to keep a vacancy open or reduce the size of the Board. Proxies cannot be voted for a greater number of persons than the number of nominees named.

More detailed information about each of the eight nominees is provided in the section of this Proxy Statement titled "Information about the Board of Directors and Committees Information about the Nominees for Director."

Stockholder Approval Required. A nominee must receive more votes cast "FOR" than votes "WITHHELD" with respect to his or her election to be elected as a director of the Company at the Annual Meeting. Any abstentions or broker non-votes are not counted as votes cast "FOR" or "WITHHELD" with respect to a director's election and will have

no effect on the election of directors. Any incumbent director who does not receive the required vote will be subject to our mandatory resignation policy, which is described in the section of this Proxy Statement titled "Corporate Governance - Our Significant Corporate Governance Policies and Practices."

The Board of Directors Unanimously Recommends That You Vote FOR the Election of All Eight Nominees as Directors.

In making its determinations of the independence of the Compensation Committee members, the Board has considered all factors specifically relevant to determining whether a director has a relationship with the Company that would materially impair the director's ability to make independent judgments about executive officer compensation, including: (i) the source of such director's compensation; (ii) any consulting, advisory or other compensatory fees paid by the Company to the director; and (iii) any other affiliations the director has with the Company and its affiliates, including engagements by clients who are companies or affiliates of companies on which members of the Compensation Committee serve as officers or directors.

Table of Contents

All of the members of the Compensation Committee qualify as outside directors under Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (Code Section 162(m)) and as non-employee directors under ~~1613~~ of the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee and Board solicit recommendations from our CEO and other officers regarding compensation matters, including the compensation of executive officers and key employees other than our CEO. They assist the Compensation Committee by providing information such as financial results, short-term and long-term business and financial plans and strategic objectives and their views on compensation programs and levels. They also recommend individual incentive pay opportunities, including: (i) annual incentive pay (AIP) performance measures; (ii) subjective individual performance goals; (iii) AIP individual award levels; (iv) long-term incentive pay (LTIP) performance measure(s); and (v) individual LTIP award levels. Management also advises the Compensation Committee regarding the achievement of performance measures and goals and payments under our incentive compensation plans and programs. Our CEO attended all Compensation Committee meetings held during 2015, other than meetings and executive sessions to which he was not invited. Only members of the Compensation Committee vote on matters before that committee.

Role of the Compensation Advisors

Under its Charter, the Compensation Committee is authorized to select, retain, and direct the activities and terminate the services of compensation advisors, as well as approve fees and expenses of such advisors. During 2015, the Compensation Committee engaged Frederic W. Cook & Co., Inc. (FWC) to advise the Compensation Committee on certain executive officer compensation matters. In addition, during 2015, the Compensation Committee consulted Kirkland & Ellis LLP (K&E) and Freshfields Bruckhaus Deringer (Freshfields) on certain legal aspects of executive officer compensation. During 2015 and 2016, the Compensation Committee requested advice on a variety of issues, including our 2015 equity compensation plan proposal submitted to stockholders at our 2015 annual meeting, the design and performance goals of our 2015 and 2016 short- and long-term executive incentive compensation programs, and our say-on-pay proposals and other compensation disclosures included in our proxy statement for our 2015 annual meeting of stockholders and this Proxy Statement for the Annual Meeting. Neither FWC nor the Company provided any services to each other during 2015, apart from the advisory services provided by FWC to the Compensation Committee. K&E and Freshfields both provide services to the Company as outside corporate counsel and, in that capacity, advise the Company regarding executive officer and other compensation matters. The Company routinely is engaged by K&E and Freshfields to provide services to them or their clients in the ordinary course of our business. After consideration of the above factors, as well as information supplied by FWC, including its conflicts of interest policies and practices, the Compensation Committee concluded that FWC is independent and not subject to any conflicts of interest. After considering the Company s relationships with K&E and Freshfields and their conflicts of interests policies and practices, the Compensation Committee concluded that K&E and Freshfields are not independent, but determined that they both offer unique, well-rounded perspectives on our executive officer compensation, and the matters on which they each advise the Compensation Committee do not constitute a conflict of interest, but are aligned with the interests of the Company. The Compensation Committee currently intends to continue to consult with FWC, K&E and Freshfields on executive officer compensation and other matters.

A new non-employee director receives a prorated annual retainer and equity award upon first being appointed to the Board other than at an annual meeting. A non-employee director, who is appointed to a chairmanship other than following an annual meeting, receives a prorated non-executive Chairman of the Board or Committee Chair fee, as applicable.
- (2) U.S. non-employee directors are permitted to voluntarily defer annual retainer payments (including any annual fee to the Chairman of the Board or a Committee Chair) and/or annual equity compensation awards in the form of deferred stock units or deferred restricted stock units, respectively. Deferred stock units on account of deferred annual retainer and Chairman of the Board and/or Committee Chair fees are vested in full on the grant date. Deferred restricted stock units granted on account of deferred annual equity compensation awards vest in full on the first anniversary of the grant date unless vesting is accelerated as described in footnote (4) below. Each deferred stock unit and deferred restricted stock unit represents the right to receive one share of Common Stock upon the earlier of (i) a separation from service event and (ii) an elected payment date, in each case in accordance with Section 409A of the U.S. Internal Revenue Code of 1986, as amended (Code Section 409A).

Each restricted stock unit represents the right to receive one share of Common Stock upon vesting. Annual equity awards are nontransferable and vest in full on the first anniversary of the grant date.

- (4) The vesting of restricted stock or restricted stock units will accelerate upon the non-employee director's cessation of service (i) within one year following a change in control (other than for cause, as determined by the Board in its good-faith discretion) unless other accommodations are made with respect to such awards, (ii) at the expiration

of his or her current term as a director (other than for cause (as determined by the Board in its good-faith discretion), due to the request of such director or as a result of a voluntary resignation), or (iii) due to death or disability, Change in control, cause and disability are defined in the Director Plan.

- (5) The number of (i) deferred stock units awarded to a non-employee director as annual retainer compensation (including any annual fee to the Chairman of the Board or a Committee Chair) and (ii) shares of restricted stock, restricted stock units and deferred restricted stock units awarded to a non-employee director as annual equity compensation, will be determined by dividing (a) the U.S. dollar value of such award by (b) the closing price per share of Common Stock reported on the NYSE for the grant date. Fractional restricted shares, restricted stock units, deferred stock units and deferred restricted share units will be eliminated.
- (6) If we do not have sufficient shares of Common Stock authorized under our stockholder-approved equity compensation plans to fund annual retainer and equity awards in stock or stock-based equity awards, they will be funded in the cash. The payout of such cash amounts will be subject to applicable deferred compensation payment, vesting and accelerated vesting conditions, subject to Code Section 409A, and such cash amounts that are paid out other than as of the annual meeting date will accrue interest at the rate of 6% per annum.

Policy on Non-Employee Director Equity Ownership

We have a Policy on Non-Employee Director Equity Ownership demonstrating our Board's continuing commitment to stockholder interests. The policy sets each non-employee director's total investment level at five times (5x) the value of the annual retainer. A non-employee director will be required to meet the ownership level in effect when he or she first joins the Board within three years following receipt of his or her first director compensation payment. Non-employee directors have three years to meet any increased ownership level during their tenure. In addition, under the policy, a non-employee director may not sell, transfer or dispose of shares of Common Stock if he or she does not attain or maintain the applicable equity ownership investment level at the initial ownership measurement date, or at June 30 of each year thereafter, except as necessary to pay or repay the cost of exercising a stock option or any tax obligations associated with the exercise of a stock option or vesting of stock-based awards, or as otherwise approved by the Compensation Committee in its sole discretion.

Shares of Company Common Stock that are, directly or indirectly, (i) beneficially owned by such non-employee director or (ii) held in a trust over which such non-employee director has more than 50% of the beneficial interest and controls the management of the assets will count toward attaining and maintaining the applicable equity ownership level. Stock options, whether or not vested, will not count toward meeting the equity ownership requirement. However, restricted stock, restricted stock units, deferred stock units and deferred restricted stock units, whether or not vested, will count toward attaining and maintaining the non-employee director's applicable equity ownership level. The shares of Common Stock counted towards attaining and maintaining the non-employee director's applicable ownership level will be valued at the average of the closing prices per share of Common Stock reported on the NYSE for each trading day in the 90-calendar-day period immediately preceding the applicable measurement date.

CORPORATE GOVERNANCE

GOVERNANCE PRINCIPLES

Our governance policies, including Categorical Standards of Director Independence, Corporate Governance Guidelines, Code of Ethics and Business Conduct, Anti-Corruption Policy, Policy on Reporting Concerns and Non-Retaliation, Policy on Disclosure Controls and Policy on Inside Information and Insider Trading, as well as the Charters of the Committees, can be found on our website under "About Governance" at <http://www.fticonsulting.com/about/governance>. Those policies and other information on our website do not constitute a part of this Proxy Statement. Paper copies of those documents may be obtained without charge upon request by contacting the Corporate Secretary, FTI Consulting, Inc., 2 Hamill Road, North Building, Baltimore, Maryland 21210.

The Nominating and Corporate Governance Committee regularly reviews corporate governance developments and recommends modifications or new policies for adoption by the Board and the Committees, as appropriate, to enhance our corporate governance policies and practices and to comply with the laws and rules of the SEC, the NYSE and other applicable governmental and regulatory authorities.

OUR SIGNIFICANT CORPORATE GOVERNANCE POLICIES AND PRACTICES

Listed below are our significant corporate governance policies and practices:

Annual Director Elections. Stockholders elect our directors annually to a one-year term.

Non-Employee Independent Chairman of the Board. Gerard E. Holthaus is our non-executive independent, Chairman of the Board. More information about our Chairman of the Board may be found at Board Leadership Structure.

Table of Contents

Majority Voting in Uncontested Director Elections. Nominees in uncontested elections must receive more votes cast FOR than votes WITHHELD with respect to his or her election to be elected as a director of the Company. Any abstentions or broker non-votes are not counted as votes cast FOR or WITHHELD with respect to a director's election and will have no effect on the election of directors.

Director Resignation. Our Corporate Governance Guidelines provide that in an uncontested election, if an incumbent director fails to receive the required majority vote, he or she must offer to resign from the Board. The Nominating and Corporate Governance Committee will (a) consider such offer to resign, (b) determine whether to accept such director's resignation, and (c) submit such recommendation for consideration by the Board. The director whose offer to resign is under consideration may not participate in any deliberation or vote of the Nominating and Corporate Governance Committee or Board regarding his or her offer to resign. The Nominating and Corporate Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a director's offer to resign. Within 90 days after the date of certification of the election results, the Board will publicly disclose the Board's decision of whether or not to accept an offer of resignation. If such incumbent director's offer to resign is not accepted by the Board, such director will continue to serve until his or her successor is elected and qualifies or until his or her earlier death, resignation, retirement or removal (whichever occurs first). If a director's offer to resign is accepted by the Board, then the Board, in its sole discretion, may fill any resulting vacancy pursuant to the Company's Bylaws or reduce the size of the Board.

Executive Sessions. Our Board meets regularly in executive session without the presence of management, including our CEO.

Stockholder Rights Policy. We do not have a stockholder rights plan and are not currently considering adopting one.

BOARD LEADERSHIP STRUCTURE

Our Board is free to choose its Chairman of the Board in any way that it deems best for the Company at any time. In December 2013, when the Board decided to separate the roles of Chairman of the Board and Chief Executive Officer of the Company and appoint a non-executive Chairman, the directors discussed and considered each director's individual experience and his or her experience serving on the board of other companies, particularly, the experience of non-U.S. directors serving on the board of companies in locations where non-executive or independent chairmanships are common. The Board also reviewed the current needs of the Company and concluded that separating those roles and appointing a non-executive independent, Chairman of the Board would improve the Board's oversight of risk and communications with management. The Board believes that this governance structure better balances the role of the Board to oversee the Company's business, on the one hand, and management's responsibilities to manage the Company's operations on a day-to-day basis, on the other hand.

Gerard E. Holthaus has been our non-executive independent, Chairman of the Board since December 2013. From 2006 until his appointment as Chairman of the Board, Mr. Holthaus acted as the independent, Presiding Director of the Board. The Board continues to believe that having Mr. Holthaus serve as the Chairman of the Board provides continuity in leadership and governance. The Board periodically reviews its leadership structure and may make changes in the future.

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

Our CEO is responsible for setting the strategic vision of the Company, leading the Company's day-to-day business, managing the executive officers and other key employees directed with implementing plans and carrying out operations and reporting to the Board. The Chairman of the Board structures the agendas for the Board meetings to ensure that topics deemed important by the independent directors are addressed, as well as to allow the Board to express its views on the Company's management, operations, material transactions, strategy and execution. As Chairman, Mr. Holthaus (i) presides over meetings and executive sessions of the Board and executive sessions of the independent directors, (ii) acts as a liaison between management and the independent directors, (iii) consults with our CEO, (iv) ensures that the Board and our CEO understand each other's views on critical matters, (v) monitors significant issues occurring between Board meetings and assures Board involvement when appropriate, (vi) ensures the adequate and timely exchange of information and supporting data between the Company's management and the Board, and (vii) receives stockholder communications addressed to the independent directors.

OVERSIGHT OF RISK MANAGEMENT

The Board has delegated the critical responsibility for overall risk oversight to the Audit Committee, which reports to the Board. Management of the Company has primary responsibility for performing risk assessments, identifying, and monitoring risks, establishing policies and processes, implementing and carrying-out corporate responses, and reporting to the

Table of Contents

responsible Committee of the Board. The Audit Committee reviews and discusses the enterprise risk management profile that the Company prepares and the policies and guidelines that the Company uses to manage risks. In addition, the Audit Committee reviews and evaluates the performance and operations of our risk management function, which is managed by our Enterprise Risk Management Committee, consisting of members of management and employees with responsibilities for critical functions, such as accounting, information technology, internal audit, ethics, compliance and risk management.

We are exposed to a number of risks, including financial risks; operational risks; reputational risks; strategic risks; competitive risks; risks relating to operating in foreign countries; day-to-day management risks; information privacy and data and cyber security risks; general economic and business risks; and legal, regulatory and compliance risks, including risks associated with the Foreign Corrupt Practices Act (the FCPA) and foreign anti-bribery laws. Our risk and compliance officers manage our internal enterprise risk management function, working closely with members of our Enterprise Risk Management Committee and our executive management, business segments and corporate functions, to identify and assess risks and mitigate exposures. Our risk and compliance officers regularly report to and discuss with our executive management and Audit Committee our policies and procedures to identify and assess critical risk exposures and the plans and actions that have been identified or taken by our internal audit, finance and management functions to correct, rehabilitate or mitigate risks facing the Company. Directors who are not members of the Audit Committee attend these meetings as well. The Audit Committee periodically requests additional reports on critical risk areas identified by management, such as the FCPA, the UK Anti-Bribery Act and cyber security. The Audit Committee also reports to the Board on a regular basis to apprise them of the Company's risk profile and risk management, as well as discussions with our executive management, compliance officers and head of internal audit.

While the Audit Committee has primary responsibility for overseeing and monitoring enterprise risk management, each of the other two Committees also considers risks within its area of responsibility. For example, the Compensation Committee reviews and discusses risks relating to the compensation policies and practices of the Company. The Nominating and Corporate Governance Committee reviews legal and regulatory compliance risks as they relate to corporate governance, including the listing requirements of the NYSE. These Committees also keep the Board apprised as to compensation- and governance-related risks.

COMPENSATION-RELATED RISKS

At the request and direction of the Compensation Committee and the Audit Committee, management conducted an assessment of risks associated with the Company's compensation policies and practices for the year ended December 31, 2015. This assessment included the (i) review of programs, plans, policies and procedures relating to the components of executive officer and employee compensation, (ii) review of incentive-based equity and cash compensation features, (iii) identification of compensation design features that could potentially encourage excessive or imprudent risk taking, (iv) identification of business risks that these features could potentially encourage, (v) consideration of the presence or absence of controls, oversight or other factors that mitigate potential risks, (vi) assessment of potential risks, and (vii) consideration of the potential for such risks to result in a material adverse effect on the Company and its subsidiaries taken as a whole. Based on the assessment and factors described above, the Company determined that the risks associated with its compensation policies and practices are not reasonably likely to result in a material adverse effect on the Company and its subsidiaries taken as a whole.

BOARD AND COMMITTEE SELF-ASSESSMENTS

The Board and each Committee conducts an annual self-assessment to determine whether it is functioning effectively and to identify any areas for improvement. In January 2016, Korn/Ferry International (Korn/Ferry) was engaged on behalf of the Nominating and Corporate Governance Committee to facilitate the 2015 self-assessments. In February

2016, a representative of Korn/Ferry met in person with the Board and the Committees to discuss the results of the assessments.

CODE OF CONDUCT

Our written Code of Ethics and Business Conduct (Code of Ethics) and Anti-Corruption Policy (together with our Code of Ethics, our Code of Conduct) applies to financial professionals, including our Chief Financial Officer, corporate Controller and Chief Accounting Officer, and corporate Treasurer, as well as our Chief Executive Officer and all other officers, directors, employees and independent contractors of the Company and its affiliates. We require all individuals subject to our Code of Conduct to avoid conflicts of interest; comply with applicable laws, including the FCPA and the anti-bribery laws and other legal and regulatory requirements of the jurisdictions in which we have offices and conduct business; protect Company assets; conduct business in an honest and ethical manner; and otherwise act with integrity, in our best interests and in accordance with the Code of Conduct. The Code of Conduct prohibits insiders from knowingly taking advantage of corporate

If we make substantive amendments to the Code of Ethics or grant any waiver, including any implicit waiver, from a provision of such policy to any officer financial professional or person performing similar functions, we will disclose the nature of such amendment or waiver on our website or in a Current Report on Form 8-K filed with the SEC. Our Code of Ethics was last updated in any material respect in September 2014.

In the event that the number of directors to be elected to the Board is increased and there is no public announcement of such action at least 130 days prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting, a stockholder's notice will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the Corporate Secretary at our principal executive office of the Company, currently located at 1101 K Street NW, Washington, DC 20005, not later than 5:00 p.m., Eastern Time, on the tenth day following the day on which we first make such public announcement. We are asking for your approval of the performance measures and monetary limit under the amended and restated FTI Consulting, Inc. Incentive Compensation Plan. The Incentive Compensation Plan provides the framework for the Compensation Committee to make annual incentive awards to executive officers and other management employees designated by the Compensation Committee from time to time. The purpose of the Incentive Compensation Plan is to promote the interests of the Company and its stockholders by providing incentives for our executive officers and designated employees to meet specified performance goals. The Incentive Compensation Plan rewards performance by those officers and employees whose decisions and actions affect the sustainable growth and profitability of the Company. The performance measures set forth in the Incentive Compensation Plan are intended to align the interests of the designated participants with the interests of our stockholders.

The Compensation Committee approved and adopted the Incentive Compensation Plan on March 29, 2016 to (i) update the performance measures that may be used for future grants of performance-based awards and (ii) establish the monetary limit of future awards to each participant for any calendar year to up to \$15.0 million. This Incentive Compensation Plan replaces the prior plan in effect as of June 1, 2011 and will be utilized for annual incentives to all designated executive officers and other management employees and elected officers for 2016 and thereafter.

CODE SECTION 162(M)

Code Section 162(m) limits the deductibility of compensation of covered employees to \$1.0 million per year unless the compensation qualifies as performance-based. Cash incentive compensation can be deductible if the following four conditions have been met:

the compensation is payable on the attainment of one or more pre-established, objective performance criteria;

the performance criteria are established by a committee that is comprised solely of two or more outside directors;

the material terms of the compensation and performance criteria are disclosed to and approved by stockholders before payment; and

the committee that established the performance criteria certifies in writing that the performance criteria have been satisfied before payment.

We are requesting stockholder approval in order to meet the third requirement listed above.

Summary of the Incentive Compensation Plan

The following summary of the Incentive Compensation Plan is qualified in its entirety by reference to the specific provisions of the Incentive Compensation Plan, the full text of which is set forth in [Appendix A](#) to this Proxy Statement. The Compensation Committee selects participants, sets the performance criteria and targets, and makes all decisions with respect to the awards for each plan period.

Such performance goals also may be based by reference to the Company's performance as a whole or the performance of one or more subsidiaries, divisions, business segments, practice groups, business units or geographic regions of the Company and/or upon a comparison with performance of an industry, one or more peer groups or other groups of companies, prior performance periods, or other measures selected or defined by the Compensation Committee within the parameters of Code Section 162(m). At any time prior to the final determination of the performance awards, the Compensation Committee may adjust the performance goals and awards for participants to the extent that the Compensation Committee deems appropriate considering the requirements of Code Section 162(m), provided that if a performance award is intended to qualify for the performance-based compensation exemption under Code Section 162(m), the Compensation Committee shall be precluded from increasing the amount of compensation payable under the terms of such performance award (but may decrease the amount of compensation payable in its sole discretion).

To the extent permitted under Code Section 162(m), the Compensation Committee may, in its sole discretion, also exclude, or adjust to reflect, the impact of an event or occurrence that the Compensation Committee determines should be appropriately excluded or adjusted, including: (i) restructurings, discontinued operations, extraordinary items, or events and other unusual, infrequent or non-recurring charges; (ii) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management; (iii) goodwill impairment charges or fair value adjustments for contingent consideration; (iv) a change in tax law or accounting standards required by Accounting Principles Generally Accepted in the United States (GAAP); or (v) any other recurring or non-recurring items as the Compensation Committee, in its sole discretion, shall determine.

With respect to performance goals consisting of financial metrics, such goals may be (i) determined in accordance with GAAP, (ii) determined in accordance with accounting principles established by the International Accounting Standards Board (ASB Principles), or (iii) may be adjusted when established to exclude any items otherwise includable under GAAP or under ASB Principles, or to include any items otherwise excludable under GAAP or under ASB Principles. Upon completion of a performance period, the Compensation Committee will determine whether the performance goals have been met within the established performance period and certify in writing to the extent such goals have been satisfied. Cash, stock and any other property declared as a dividend with respect to any award that vests based on achievement of one or more performance goals shall either (i) not be distributed, paid or credited or (ii) be accumulated, subject to restrictions and risks of forfeiture to the same extent as the applicable award with respect to which such cash, stock or other property dividend has been declared, and such cash, stock or other property dividend shall be distributed or paid at the time that such applicable restrictions or risks of forfeiture lapse.

Table of Contents

Any of the performance criteria can be applied on an absolute basis or on a relative basis (such as relative to a peer group or industry index) and may be calculated for a single year or calculated on a compound basis over multiple years.

Upon completion of a performance period, the Compensation Committee shall determine whether the performance goals have been met and certify in writing to the extent that such goals have been satisfied.

Eligibility. The Compensation Committee decides which executive officers and other management employees or categories of management employees are eligible for participation in the Incentive Compensation Plan. With respect to awards that are intended to qualify for the performance-based compensation exception under Code Section 162(m), the Compensation Committee will select the participants and designate the applicable performance measure(s) and individual award level(s) for each plan period no later than 90 days after the beginning of the year. No amounts under the Incentive Compensation Plan will be payable to directors of the Company who are not also Company employees.

Target Awards. The Compensation Committee will establish a target or range of target incentive award levels for each designated participant for each plan period and performance measure, which may be expressed as a dollar amount, percentage of salary or through another reference. The Compensation Committee considers the following factors when designating a participant's individual award level(s): (i) the market competitiveness of the position; (ii) job level; (iii) base salary level; (iv) past individual performance; and (v) expected contribution to the Company's future performance and business impact. With respect to awards that are intended to qualify for the performance-based compensation exception under Code Section 162(m), the Compensation Committee will also establish a maximum award that may be paid for the calendar year, which will be fixed for the entire year.

Monetary Limit. No participant may receive an award greater than \$15.0 million for any calendar year.

Payment of Awards. Awards may be paid in cash, our Common Stock, stock options, or restricted stock, or any combination thereof, at the discretion of the Compensation Committee and, with respect to any such equity-based payments, to the extent that shares are then available for issuance under one of our stockholder-approved equity compensation plans. As required by Code Section 162(m), before we pay any award under the Incentive Compensation Plan for any year, the Compensation Committee will certify in writing (to the extent required by any regulation of the U.S. Internal Revenue Service) that the performance goals were satisfied. Approved minutes of the Compensation Committee will be treated as the required written certification. All amounts payable under the Incentive Compensation Plan generally will be paid as soon as practicable after certification by the Compensation Committee but generally not later than March 15th of the calendar year after the year for which the award is payable.

Amendment and Termination. The Incentive Compensation Plan shall remain in effect until it is terminated by the Compensation Committee or the Board. The Compensation Committee or the Board may, from time to time, amend the Incentive Compensation Plan, provided that no amendment that requires stockholder approval in order to comply with Code Section 162(m) will be effective unless the amendment has been approved by our stockholders.

Estimate of Benefits

In February 2016, the Compensation Committee granted, subject to stockholder approval of the Incentive Compensation Plan, contingent annual incentive awards to certain executive officers of the Company for the 2016 performance period. The actual amount of incentive compensation paid under the Incentive Compensation Plan for the applicable performance period will depend on Company financial performance, individual performance and the discretion of the Compensation Committee. The actual payment amounts of incentive compensation under the Incentive Compensation Plan for 2016 are not currently determinable. The following table describes the individual

target incentive award amounts granted under the Incentive Compensation Plan for 2016 to the participating executive officers:

Name	Target Incentive Percentage (%)	Target Incentive Amount (\$)
Steven H. Gunby	200	2,000,000
Curtis Lu	100	500,000
Paul Linton	100	500,000

Federal Income Tax Consequences

Under present U.S. income tax laws, participants generally will realize ordinary income in the year of receipt. The Company generally will receive a deduction for the amount constituting ordinary income to the participant, provided that the Incentive Compensation Plan and the award satisfy the requirements of Code Section 162(m). It is the Company's intention that the Incentive Compensation Plan be construed and administered in a manner that maximizes the deductibility of compensation for the Company under Code Section 162(m). From time to time, there may be uncertainty as to the application and interpretation of Code Section 162(m) and the regulations issued under the U.S. Internal Revenue Code. As a result, no assurance can be given, notwithstanding the Company's efforts, that incentive compensation intended by the Company to satisfy the requirements for deductibility under Code Section 162(m) will, in fact, be deductible.

For participants who reside outside the U.S., the tax consequences to the individual and to the Company are determined by the applicable tax laws of the foreign jurisdiction.

PROPOSAL NO. 3 RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS FTI CONSULTING, INC.'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2016

The firm of KPMG has served as the Company's independent registered public accounting firm since 2006. KPMG has confirmed to the Audit Committee and us that it complies with all rules, standards and policies of the Public Company Accounting Oversight Board and the SEC governing auditor independence.

The Audit Committee has retained KPMG as the independent registered public accounting firm to audit the Company's books and accounts for the year ending December 31, 2016. We are seeking stockholder ratification of that action. Although stockholder ratification of the appointment of our independent registered public accounting firm is not required, we are submitting the selection of KPMG for ratification as a matter of good corporate governance practice. Even if the appointment is ratified, the Audit Committee, in its discretion, may appoint an alternative independent registered public accounting firm if it deems such action appropriate. If the Audit Committee's selection is not ratified, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its appointment of an independent registered public accounting firm.

KPMG's representative will be present at the Annual Meeting and will have the opportunity to make a statement if he desires to do so and to respond to appropriate questions asked by stockholders. See "Principal Accountant Fees and Services" for a description of the fees paid to KPMG for the fiscal years ended December 31, 2014 and December 31, 2015 and other matters relating to the procurement of services.

PROPOSAL NO. 4 APPROVE, IN AN ADVISORY (NON-BINDING) VOTE, THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THE PROXY STATEMENT FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

Our stockholders have the opportunity to cast an advisory (non-binding) vote (Say-on-Pay) to approve the compensation of our named executive officers (our NEOs) identified on page 34 to this Proxy Statement. The Compensation Discussion and Analysis (CD&A), beginning on page 34 of this Proxy Statement, describes the material elements of our executive officer compensation policies and programs. The CD&A also describes the principles and objectives of our decisions with respect to 2015 compensation for our NEOs. Our NEOs compensation has been designed to:

provide our NEOs with competitive total pay opportunities to retain, motivate and attract talented executive officers;

place a significant portion of our NEOs compensation at risk;

drive long-term strategic behavior by measuring LTIP over a three-year performance period; and

align our NEOs compensation opportunities with our stockholders through meaningful financial performance conditions that support key business outcomes and the creation of stockholder value.

The Say-on-Pay vote is not intended to address any specific item of compensation but rather the overall compensation of our NEOs, as described in the Proxy Statement.

This Say-on-Pay vote is advisory and therefore not binding on the Company, the Compensation Committee or the Board. Although the vote is non-binding, the Compensation Committee will review the voting results in connection with its ongoing evaluation of the Company s executive officer compensation programs, principles and objectives. The Compensation Committee seeks the advisory vote of our stockholders on Say-on-Pay annually.

We believe that the information provided in this Proxy Statement demonstrates our commitment and the commitment of our Compensation Committee to our pay-for-performance philosophy. The Board recommends that you approve our executive officer compensation as described in the Proxy Statement by approving the following, non-binding, resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company s named executive officers as described pursuant to the rules of the SEC in the Proxy Statement.

Stockholder Approval Required. The Board and the Compensation Committee will consider the affirmative vote of a majority of the votes cast **FOR** the proposal at the Annual Meeting as advisory approval of the compensation paid to the Company s NEOs.

The Board of Directors Unanimously Recommends That You Vote FOR Proposal No. 4.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

There were 41,341,256 shares of our Common Stock issued and outstanding as of the close of business on the Record Date. The following table shows the beneficial ownership of our Common Stock as of the close of business on the Record Date by:

each of the NEOs named in this Proxy Statement;

each person known by us to own beneficially more than 5% of our outstanding Common Stock;

each of our directors and director nominees; and

all of our executive officers and directors as a group.

The amounts and percentages of shares of Common Stock beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities with respect to which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Except as otherwise indicated in the footnotes to this table, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of Common Stock.

we **GREW** our headcount year-over-year with a net increase of 172 client-facing professionals.

We Have a Pay-for-Performance Philosophy. We have a pay-for-performance philosophy that puts a substantial portion of NEOs' compensation at risk and focuses them on achieving key financial and strategic business objectives and rewards them when the applicable financial, operational and individual performance measures established by the Compensation Committee for the applicable period have been achieved.

- (1) Adjusted EPS, Leverage Ratio and Adjusted EBITDA, which are referenced in this CD&A, are financial or operating measures not prepared in accordance GAAP. Refer to [Appendix B](#) to this Proxy Statement for the definitions of Adjusted EPS and Adjusted EBITDA and the reconciliations of those non-GAAP measures to their most directly comparable GAAP measures. We have defined Leverage Ratio as (i) total debt, divided by (ii) Adjusted EBITDA. Leverage Ratio does not have a most directly comparable GAAP measure to which it can be reconciled.

We Reward our NEOs for Increasing Company Value. The following financial performance measures were used as a basis for determining 2015 AIP and LTIP:

2015 Financial Performance Measures	Rationale
<p>Adjusted Net Cash Provided by Operating Activities (Adjusted Net Cash Flow) (2015 AIP objective threshold performance measure to comply with Code Section 162(m))</p>	<p>The ability to translate earnings to cash indicates the health of our business and allows the Company to invest for the future, as well as return value to our stockholders.</p>
<p>Adjusted EPS (2015 AIP performance measure to determine up to one-third of total bonus opportunity)</p>	<p>A primary measure of the Company's ability to generate income per share, which is indicative of stockholder value.</p>
<p>Adjusted Cash Flow per Share (2015 AIP performance measure to determine up to one-third of total bonus opportunity)</p>	<p>A measure of the Company's ability to generate cash per share on an adjusted basis from core operations.</p>
<p>TSR relative to the S&P 500 (2015 LTIP performance measure)</p>	<p>TSR indicates how the Company's value compares with the S&P 500 over the relevant performance period. It indicates if the Company's stock price performance is aligned with the S&P 500 over a long time frame.</p>

We Strengthened 2015 AIP Financial Targets. The following table illustrates year-over-year changes to AIP and LTIP target financial performance measures:

We Compensated our NEOs for 2015 Performance. Our Compensation Committee took the following actions with respect to 2015 compensation:

established AIP objective performance measure based on Adjusted Net Cash Flow of \$72.0 million to qualify for NEO compensation deductions under Code Section 162(m);

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

established AIP operative performance measures based on Adjusted EPS, Adjusted Cash Flow per Share (new for 2015) and individual performance, each representing up to one-third of an NEO's total potential payout value;

awarded AIP to our CEO, CSTO and CHRO at 87.5%, 85.7% and 96.8% of target, respectively, based on achievement of Adjusted EPS at 69.4% of target, Adjusted Cash Flow per Share at 71.1% of target, and individual performance goals at 122.1%, 116.7% and 150.0% of target, respectively;

awarded 50% of LTIP opportunity in the forms of time-vested restricted stock units and stock options; and

awarded 50% of LTIP opportunity in the form of restricted stock units subject to performance conditions based on TSR relative to the S&P 500 measured over three years ending December 31, 2017.

Our CEO Realized 2015 Pay Less Than Reported 2015 Pay. The pay realized by our CEO for 2015 in the aggregate amount of \$3.8 million (which includes \$1.2 million from the vesting of equity-based awards granted in 2014) is significantly less than 2015 reported total compensation in the Summary Compensation Table on page 49 in the aggregate amount of \$6.6 million (which includes equity-based awards granted in 2015 with an aggregate grant date fair value of \$3.8 million at target, which are not vested on the grant date, but are subject to vesting or performance conditions measured over three-year periods).

We Strengthened our Compensation Programs for 2016. In 2016, our Compensation Committee continued our AIP and LTIP programs with the following changes:

increased the AIP objective performance measure based on Adjusted Net Cash Flow to \$75.0 million;

substituted Adjusted EBITDA in lieu of Adjusted Cash Flow per Share as a third operative performance measure for AIP; and

capped payout on negative TSR at 100% of target.

Our 2015 and 2016 NEO Compensation Programs Balance Fixed and Variable Pay. The below charts describe the mix of total direct compensation (which includes cash and non-performance-based restricted shares (RS) and restricted stock units (RSUs)) as compared with performance-based variable incentive compensation (which includes cash, RSUs and RS subject to performance conditions, and stock options) paid or payable to our CEO for 2015 and 2016 and paid to our CSTO, GC and CHRO as a group for 2015:

Our Compensation Philosophy and Compensation Governance

Our Compensation Committee strongly believes that NEO compensation both pay opportunities and pay realized should be linked with the Company's operational performance and the creation of stockholder wealth. Our Compensation Committee designs our executive officer compensation programs to accomplish these goals by:

ATTRACTING executive officer candidates through competitive compensation programs that are appropriate to our business, size and geographic diversity;

MAINTAINING continuity of executive management by delivering opportunities for our NEOs to earn competitive compensation;

structuring our executive officer compensation programs to **ALIGN THE INTERESTS** of our NEOs with those of our stockholders by encouraging solid corporate growth and the prudent management of risks and rewards;

BALANCING the emphasis on short-term and long-term compensation opportunities, focusing on the attainment of financial and strategic goals, which contribute to the creation of stockholder value;

placing a significant percentage of our NEO's total compensation opportunity **AT RISK** and subject to the attainment of financial goals that drive or measure the creation of Company value;

paying for **PERFORMANCE**;

managing our executive officer compensation programs **CONSISTENTLY** among participating NEOs; and

LIMITING perquisites and other non-performance-based entitlements.

The following features of our overall executive officer compensation practices strengthen the link between the interests of our NEOs and our stockholders:

We Do	We Do Not
pay-for-performance	make loans to executive officers
claw back policy with respect to performance pay that was based upon financial statements that were subsequently restated	have separate retirement plans
stock ownership policy for our CEO of five times (5x) annual cash base salary and our CSTO, GC, CHRO and other covered officers of one time (1x) annual cash base salary	grant stock-based or cash-based options and stock appreciation rights (SARs) below fair market value
independent compensation consultant who advises the Compensation Committee	reprice (or permit the cash buyout of underwater stock options or SARs), reload or exchange stock options or SARs without stockholder approval
performance-based AIP and LTIP awards intended to qualify for deduction under Code Section 162(m)	allow hedging and pledging of Company securities
assess and determine that the risks associated with our compensation policies and practices are not reasonably likely to result in a material adverse effect on the Company and our subsidiaries taken as a whole (see Corporate Governance Compensation-Related Risks)	gross up compensation for excise and income taxes
	automatically accelerate the vesting of equity awards on a change in control

pay cash dividends on unearned and unvested equity awards

Robust Stockholder Engagement Program and 2015 Say-on-Pay Vote

We conduct extensive stockholder outreach throughout the year. We regularly speak with a broad spectrum of our stockholders on a variety of topics. Such communications allow us to provide perspective on Company policies and practices, stay attuned to stockholder sentiment on a variety of issues, and address stockholder concerns with our policies and practices when appropriate. Generally, we communicate with our major stockholders through our executive management and investor relations professionals. Periodically, our Chairman of the Board and Chair of the Compensation Committee communicate with major stockholders as well, which allows our directors to directly solicit and receive our stockholders' views on our strategy, performance and executive compensation programs.

Table of Contents

Our stockholder engagement program is described below:

After considering feedback from our discussions with certain major stockholders, the Compensation Committee:

ADDED a relative TSR cap for negative performance at 100% of target beginning with the performance-based restricted stock units awarded as LTIP in 2016 for the three-year measurement period ending December 31, 2018;

REDUCED our Burn Rate (our annual usage of shares authorized under our stockholder-approved equity compensation plans as incentive compensation) to 3.51% for the year ended December 31, 2015 from 4.73% and 5.80% for the years ended December 31, 2014 and December 31, 2013, respectively;

DIVERSIFIED the financial performance criteria used to measure AIP, making one-third of AIP contingent upon Adjusted Cash Flow per Share, a non-GAAP measure indicative of the Company's ability to generate cash per share from core operations; and

SUPPORTED our robust program of stockholder engagement.

At our 2015 annual meeting of stockholders, our stockholders expressed support for our executive officer compensation practices with approximately 70.6% of the votes cast in favor of our 2015 Say-on-Pay proposal. During the second half of 2015, we continued to engage our stockholders to elicit information regarding their views of our executive officer compensation. These discussions focused on NEO compensation programs, our use of equity compensation and corporate governance best practices. The Compensation Committee took into account our 2015 Say-on-Pay results, as well as feedback received from stockholders, when making executive compensation decisions.

Information about Our 2015 Executive Officer Compensation Decisions

Annual Cash Base Salary

The Compensation Committee generally establishes annual cash base salary adjustments in February of each year. No NEO received a base salary increase for 2015.

Table of Contents**2015 Annual Incentive Pay Opportunity**

The Compensation Committees designs the AIP opportunity in the first quarter of each year through consultation with management and FWC, the committee's compensation advisor. The Compensation Committee first designates the participants for the performance year. To evaluate executive performance and determine AIP in a manner consistent with how management evaluates our business, the Compensation Committee applies one or more business financial and/or operating metrics that are measured on a non-GAAP basis. The Compensation Committee sets one or more objective financial performance thresholds below which zero AIP for the performance period will be paid. The Compensation Committee also designates the maximum bonus opportunity that may be awarded to each participant based on the actual achievement of such objective performance measure(s). The Compensation Committee next sets separate operative financial or operating performance conditions on a non-GAAP basis and subjective individual performance goals, which are used to determine each participant's AIP opportunity and the amount payable, if any, at the end of the performance period. Threshold, target and maximum individual payout amounts are set as a percentage of base salary. For 2015, target AIP was established for our CEO at 200% of annual cash base salary and for our CSTO and CHRO at 100% of annual cash base salary.

2015 Objective Performance Measure and Individual Maximums. In February 2015, the Compensation Committee designated the following (i) objective financial performance measure (as the initial hurdle to be met before any AIP will be earned), (ii) participants, and (iii) maximum payout per participant, for 2015 AIP:

- (1) For the purpose of establishing the initial hurdle to be met before any AIP will be earned, we define Adjusted Net Cash Provided by Operating Activities, or Adjusted Net Cash Flow, a non-GAAP measure, as Net Cash Provided by Operating Activities (a GAAP measure reported in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 (the 2015 Form 10-K)) (i) excluding cash expenditures in 2015 related to special charges announced in 2015 or related to accrued liabilities related to special charges announced in prior years and (ii) excluding cash expenditures for acquisition costs for successfully completed acquisitions, and (iii) including an amount equal to the budgeted Adjusted Net Cash Provided by Operating Activities for any business or business segment disposed of by the Company in 2015 for the portion of 2015 subsequent to such disposition.

Table of Contents

2015 Operative Performance Measures and Individual Targets. In February 2015, the Compensation Committee established the following operative performance measures used to determine the individual 2015 AIP payout amounts of each participant (after the objective performance measure described in the preceding chart has been achieved):

- (1) We define Adjusted Net Income and Adjusted EPS as Net Income and Earnings Per Diluted Share, respectively, excluding the impact of remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges and losses on early extinguishment of debt. For the purpose of determining 2015 AIP, Adjusted EPS reported in the 2015 Form 10-K is further adjusted, as applicable, to (a) include (i) goodwill impairment charges taken by the Company during 2015 and (ii), in the event of a sale or disposition of part of any business or business segment of the Company in its entirety completed in 2015, the minority interest of such business or business segment subsequent to the closing of the sale or disposition, and (b) exclude (i) any expensed acquisition costs for successfully completed acquisitions that were previously capitalized prior to the effective date of SFAS 141R and (ii) any gain or loss as a result of any sale or other disposition of any business or business segment in part or in its entirety completed in 2015 (collectively, the Further Adjusted EPS Adjustments). While permissible, no Further Adjusted EPS Adjustments were made to Adjusted EPS for purpose of determining 2015 AIP.

- (2) We define Adjusted Net Cash Provided by Operating Activities per Share, or Adjusted Cash Flow per Share, a non-GAAP measure, as (a) Net Income (as reported in the 2015 Form 10-K) adjusted to exclude, as applicable, (i) special charges (net of taxes), (ii) goodwill impairment charges, (iii) loss on early extinguishment of debt (net of taxes), (iv) remeasurement of acquisition-related contingent consideration, (v) depreciation and amortization, (vi) amortization of other intangible assets, (vii) acquisition-related contingent consideration accretion, (viii) non-cash share-based

compensation, (ix) non-cash interest expense, (x) other non-cash taxes (not included in any of the forgoing items), (xi) other items, including excess tax benefits from share-based compensation and other immaterial items normally included in the other line within Net Cash Provided by Operating Activities in the Company's Consolidated Statement of Cash Flows, and (xii) any Further Adjusted EPS Adjustments (as defined in footnote (1) above), divided by (b) weighted average shares outstanding diluted at December 31, 2015.

The below table describes the 2015 operative performance measures and corresponding individual payout levels authorized by the Compensation Committee, at threshold, target and maximum values, for our CEO, CSTO and CHRO (who were the only participants employed by the Company on the payment date):

2015 Long-Term Incentive Pay Opportunity

The Compensation Committee designs the LTIP opportunity in the first quarter of each year through consultation with management and FWC, the committee's compensation advisor. Since 2011, annual LTIP has been comprised of three separate awards: performance-based units, stock or cash units, and stock options or stock appreciation rights. The Compensation Committee designates the (i) recipients of LTIP awards for the performance year, (ii) monetary value of each type of award and the formula for determining the number of shares or units, (iii) performance measurement or vesting period, and (iv) form of payment, which can be shares and/or cash. In addition, the Compensation Committee establishes the financial criteria for performance-based awards, which for 2015 is based on Company TSR relative to the S&P 500.

Sign-on Bonus. During 2015, the Compensation Committee authorized a one-time aggregate sign-on payment of \$200,000 to our GC in connection with the commencement of his employment in June 2015, of which \$100,000 was in cash and \$100,000 was in the form of shares of restricted stock. The sign-on bonus was intended to compensate our GC for lost compensation opportunities with his former employer and was a material factor in his decision to accept employment with the Company. Payment through the grant of equity has the added benefit of immediately aligning his interests with those of our stockholders. See Executive Officers and Compensation Summary Compensation Table.

Fixed Bonus. For 2015, the Compensation Committee awarded a cash bonus to our GC in the amount of \$400,000 provided for in his employment letter with the Company. The fixed bonus compensates our GC for work performed at the Company during the period he did not participate in the Company's AIP program. The Compensation Committee awarded our Former CFO a \$250,000 cash bonus in recognition of his past contributions and his willingness to stay at the Company through March 1, 2016 to ensure an orderly transition.

Health and Welfare Benefits. We provide our NEOs with substantially the same benefits that we provide to employees generally to promote NEO health and welfare, to facilitate their job performance and to tie their interests with those of the Company's employees. These benefits include medical, dental, vision, prescription drug and mental health insurance or a health savings account, pre-tax health and dependent care flexible spending accounts, parking and transportation reimbursement accounts, group life insurance, supplemental life and accidental death and dismemberment insurance coverage for employees and their dependents, short-term and long-term disability insurance coverage, and parental, family and medical leave.

Retirement Benefits. We do not maintain defined benefit pension plans. Retirement benefits to U.S. employees are currently provided through our 401(k) Plan. To align the interests of our NEOs with those of our employees, NEOs are eligible to participate in our 401(k) Plan on the same basis as our general U.S. employee population and, like our employees, are eligible to receive matching benefits under our 401(k) Plan up to the maximum allowed under the U.S. Internal Revenue Code, which was \$7,950 for 2015.

Compensation of Our Former CFO and Former GC

See Employment Agreements and Termination and Change in Control Payments Termination and Change in Control Payment Amounts for a discussion of the amounts received by our Former CFO as a result of his voluntary resignation effective on March 1, 2016 and our Former GC as a result of his termination by the Company without cause effective on March 13, 2015.

Other Compensation Practices

Timing of Equity Grants

The Compensation Committee is the administrator of our equity compensation plans and programs. The Compensation Committee typically makes annual short-term and long-term incentive compensation decisions during the first quarter of the year to allow dissemination of our fourth quarter and year-end earnings announcements prior to the grant dates of such awards. In some cases, the Compensation Committee will grant awards that are contingent, which conditions precedent may include commencement of employment or the execution and delivery of employment or other documents, or may authorize awards as of future grant dates. All option awards are made at an exercise price equal to or exceeding the fair market value per share of our Common Stock on the grant date and have a ten-year term. The equity awards to the NEOs are also subject to contractual provisions governing the acceleration of vesting on specified events. The Compensation Committee has not delegated its authority to make awards or prescribe the terms (including vesting terms) to our management.

Restrictions on Entering into Derivative Transactions, Hedging and Pledging of Company Securities

The Company's Policy on Inside Information and Insider Trading prohibits our executive officers and non-employee directors from (i) purchasing, selling and trading in options (including publicly traded options), warrants, puts and calls or similar instruments relating to our securities, (ii) engaging in derivative securities transactions involving or relating to our securities, including hedging or monetization transactions, such as zero-cost collars and forward sale contracts that allow a person to lock in a portion of the value of his or her shares, often in exchange for all or part of the potential for upside appreciation in the shares, (iii) pledging and short selling our securities, and (iv) purchasing our securities on margin.

Claw Back Policy

The Company's Policy on Recovery of Incentive Compensation in the Event of Certain Financial Restatements (the Claw Back Policy) provides for the recovery of the portion of any cash bonus and other incentive-based compensation received or earned by any current or former executive officer of the Company on account of the achievement of performance goals that were based on financial results that become subject to a restatement of the Company's financial statements on or after January 1, 2013. Such executive officers would be subject to the Claw Back Policy if (i) the restatement was due to material noncompliance by the Company with any financial reporting requirement under applicable securities laws, other than as a result of any rule changes or interpretations of such rules, (ii) the Board determines that such executive officer was directly responsible for the non-compliance that resulted in the restatement, and (iii) the Board determines that it is in the best interests of the Company and the stockholders to seek repayment from such executive officer. In such event, if the amount received or earned by the executive officer exceeds the amount that would have been payable following the restatement of financial results, the executive officer will be required to repay such excess amount to the Company. The Board intends to revise the Claw Back Policy to be consistent with the final rules promulgated by the SEC under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Chief executive officers and chief financial officers of public companies are also subject to Section 304 of the Sarbanes-Oxley Act of 2002, which requires them to forfeit their stock sale profits and bonuses earned when there has been a financial restatement resulting from misconduct.

Executive Officer Equity Ownership

Our Policy on Executive Officer Equity Ownership demonstrates our continuing commitment to stockholder values and is an important method to immediately align our management's and stockholders' interests. Our CEO must attain an investment level in Company equity equal to at least five times (5x) his annual cash base salary. The Company's Chief Financial Officer and other covered officers, including our CSTO, GC and CHRO, must attain an investment level in Company equity equal to at least one times (1x) his or her annual cash base salary. The officers must attain that ownership level within three years from his or her hire date or the date he or she advances to a new required ownership level. Sales and transfers of Company shares held by a covered officer will be restricted if he or she does not attain or maintain the applicable equity ownership investment level at the applicable time, except (i) as necessary to exercise a stock option, (ii) as necessary to pay taxes associated with the sale or vesting of equity awards, or (iii) with the prior written approval of the Compensation Committee, in its sole discretion. Shares of Company Common Stock that are directly or indirectly owned by the officer or owned through a trust and unvested restricted shares will count toward attaining and maintaining the applicable equity ownership level, while unvested and unexercised stock options and SARs and unearned performance-based awards will not. The shares of Common Stock counted toward attaining and maintaining the applicable stock ownership level will be valued as the average of the closing prices per share of Common Stock reported on the NYSE for each trading day in the 90-calendar-day period immediately preceding the stock ownership determination date.

Our CEO, CSTO and CHRO joined the Company in 2014 and will be required to achieve his or her requisite equity ownership level by January 20, 2017, August 25, 2017 and August 25, 2017, respectively. Our GC joined the Company in 2015 and will be required to achieve his requisite equity ownership level by June 29, 2018. The following chart illustrates the stock ownership of our current NEOs as of March 23, 2016:

Deductibility of NEO Compensation

Code Section 162(m) limits the deductibility of compensation in excess of \$1.0 million paid to a company's chief executive officer and the three other most highly compensated executive officers serving on the last day of the fiscal year, excluding the chief financial officer. A company can deduct compensation (including the exercise of options) above that limit if it pays the compensation under a plan that its stockholders have approved and that is performance-related and non-discretionary. The Compensation Committee considers Code Section 162(m) when making compensation decisions, but other considerations, such as hiring qualified executive officers, providing our executive officers with competitive and adequate incentives to remain with and increase our business operations, Company financial performance and prospects, as well as rewarding extraordinary contributions, also significantly factor into the Compensation Committee's decisions, and the Company reserves the right to pay compensation that may not qualify for deductibility under Code Section 162(m) in appropriate circumstances. See Executive Officers and Compensation Summary Compensation Table for the annual cash base salaries and other compensation paid to the NEOs for 2015.

Table of Contents**SUMMARY COMPENSATION TABLE**

The following table summarizes the compensation of our NEOs for the years ended December 31, 2013, 2014 and 2015, using the SEC's required disclosure rules. Footnotes (2), (3) and (4) to the table describe the vesting and performance conditions associated with the stock-based and stock option awards granted in 2015 that are reported in this table, none of which are vested on grant. Performance-based restricted stock unit awards in this table are reported at target value. An NEO may not realize any value from an equity-based award, and any realized value upon the vesting, exercise or end of the applicable performance period may be higher or lower than reported in this table, depending upon the price per share of our Common Stock and Company performance on the vesting or measurement date, and such differences could be significant.

(1) All cash compensation is presented in Columns (b), (c), (f) and (h).

(2) The aggregate grant date fair market values of the restricted stock and restricted stock unit awards reported in Column (d) have been computed in accordance with FASB ASC Topic 718 based on a March 1, 2015 closing stock price of \$36.87 per share. For a discussion of the assumptions and methodologies used to value the non-performance stock-based awards, see Part II, Item 8, Financial Statements and Supplementary Data Notes to Consolidated Financial Statements Note 1 Description of Business and Summary of Significant Accounting Policies Share-Based Compensation and Note 6 Share-Based Compensation of the 2015 Form 10-K. The target fair values of TSR awards are measured on the grant date using a Monte Carlo simulation technique that assesses probabilities of various outcomes of the market conditions pursuant to FASB Topic ASC 718, based on a Monte Carlo simulation price of \$43.67 per share. For a discussion of the assumptions and methodologies used to value such awards, see Part II, Item 8, Financial Statements and Supplementary Data Notes to Consolidated Financial Statements Note 1 Description of Business and Summary of Significant Accounting Policies Share-Based Compensation and Note 6 Share-Based Compensation of the 2015 Form 10-K. Performance-based stock unit awards granted as LTIP in 2015 measure performance based on TSR relative to the S&P 500 over three years from January 1, 2015 through December 31, 2017. For additional information, see Executive Officers and Compensation Equity Compensation Plans Grants of Plan Based Awards for Fiscal Year Ended December 31, 2015.
