SERITAGE GROWTH PROPERTIES

(Exact name of registrant as specified in its charter)

Maryland	**38-3976287**
(State of Incorporation)	**(I.R.S. Employer Identification No.)**

489 Fifth Avenue, 18th Floor, New York, New York	**10017**
(Address of principal executive offices)	**(Zip Code)**

Registrant s telephone number, including area code: (212) 355-7800

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes x No ¨

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes x No ¨

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definitions of large accelerated filer , accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer ¨	Accelerated filer ¨
Non-accelerated filer x (Do not check if a smaller reporting company)	Smaller reporting company ¨

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ¨ No x

As of August 1, 2016, the registrant had the following common shares outstanding:

Class	**Shares Outstanding**
Class A common shares of beneficial interest, par value $0.01 per share	25,855,574
Class B common shares of beneficial interest, par value $0.01 per share	1,589,020
Class C common shares of beneficial interest, par value $0.01 per share	5,742,637

SERITAGE GROWTH PROPERTIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Note 1 Organization

Seritage Growth Properties (Seritage) was organized in Maryland on June 3, 2015 and was initially capitalized with 100 shares of Class A common shares. The Company conducts its operations through Seritage Growth Properties, L.P. (the Operating Partnership), a Delaware limited partnership that was formed on April 22, 2015. Unless the context otherwise requires, Seritage and the Company refer to Seritage, the Operating Partnership, and its subsidiaries.

On June 11, 2015, Sears Holdings Corporation (Sears Holdings) effected a rights offering (the Rights Offering) to Sears Holdings stockholders to purchase common shares of Seritage in order to fund, in part, the $2.7 billion acquisition of 234 of Sears Holdings owned properties and one of its ground leased properties (the Wholly Owned Properties), and its 50% interests in three joint ventures (such joint ventures, the JVs, and such 50% joint venture interests the JV Interests) that collectively own 28 properties, ground lease one property and lease two properties (collectively, the JV Properties) (collectively, the Transaction). The Rights Offering ended on July 2, 2015, and the Company s Class A common shares were listed on the New York Stock Exchange (NYSE) on July 6, 2015.

On July 7, 2015, the Company completed the Transaction with Sears Holdings and commenced operations. The Company did not have any operations prior to the completion of the Rights Offering and the Transaction.

Seritage is a fully-integrated, self-administered, self-managed real estate investment trust (REIT) primarily engaged in the real property business through the Company s investment in the Operating Partnership. As of June 30, 2016, subsidiaries of the Operating Partnership lease a substantial majority of the space at all but 14 of the Wholly Owned Properties back to Sears Holdings under a master lease agreement (the Master Lease), with the remainder of such space leased to third-party tenants. A substantial majority of the space at the JV Properties is also leased (or subleased) by the JVs to Sears Holdings under master lease agreements (collectively, the JV Master Leases). The Master Lease and the JV Master Leases provide the Company and the JVs with the right to recapture certain space from Sears Holdings at each property for retenanting or redevelopment purposes.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation and Principles of Consolidation

These condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q of the Securities and Exchange Commission (SEC) and should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K, as amended, (the Annual Report), for the period from July 7, 2015 (Date Operations Commenced) to December 31, 2015. Certain footnote disclosures which would substantially duplicate those contained in our Annual Report have been condensed or omitted from this quarterly report. In the opinion of management, all adjustments necessary for a fair presentation (which include only normal recurring adjustments) have been included in this quarterly report. Capitalized terms used, but not defined in this quarterly report, have the same meanings as set forth in our Annual Report.

The accompanying consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States (GAAP). The consolidated financial statements include the accounts of the Company,

the Operating Partnership, each of their wholly-owned subsidiaries, and all other entities in which they have a controlling financial interest or entities that meet the definition of a variable interest entity (VIE) in which the Company has, as a result of ownership, contractual interests or other financial interests, both the power to direct activities that most significantly impact the economic performance of the VIE and the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. All intercompany accounts and transactions have been eliminated.

If the Company has an interest in a VIE but it is not determined to be the primary beneficiary, the Company accounts for its interest under the equity method of accounting. Similarly, for those entities which are not VIEs and over which the Company has the ability to exercise significant influence, but does not have a controlling financial interest, the Company accounts for its interests under the equity method of accounting. The Company continually reconsiders its determination of whether an entity is a VIE and whether the Company qualifies as its primary beneficiary.

To the extent such variable interests are in entities that cannot be evaluated under the VIE model, the Company evaluates its interests using the voting interest entity model. Seritage holds a 56.6% interest in the Operating Partnership and is the sole general partner which gives Seritage exclusive and complete responsibility for the day-to-day management, authority to make decisions, and control of the Operating Partnership. Through consideration of new consolidation guidance effective for the Company as of January 1, 2016, it has been concluded that the Operating Partnership is a VIE as the limited partners in the Operating Partnership, although entitled to vote on certain matters, do not possess kick-out rights or substantive participating rights. Accordingly, the Company consolidates its interest in the Operating Partnership. However, as the Company holds what is deemed a majority voting interest in the Operating Partnership, it qualifies for the exemption from providing certain of the disclosure requirements associated with investments in VIEs.

The portions of consolidated entities not owned by the Company and the Operating Partnership are presented as non-controlling interests as of and during the periods presented.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The most significant assumptions and estimates relate to fair values of acquired assets and liabilities assumed for purposes of applying the acquisition method of accounting, the useful lives of tangible and intangible assets, real estate impairment assessments, and assessing the recoverability of accounts receivables. These estimates are based on historical experience and other assumptions which management believes are reasonable under the circumstances. Management evaluates its estimates on an ongoing basis and makes revisions to these estimates and related disclosures as experience develops or new information becomes known. Actual results could differ from these estimates.

Segment Reporting

The Company currently operates in a single reportable segment which includes the acquisition, ownership, development, redevelopment, management, and leasing of retail properties. The Company reviews operating and financial information for each property on an individual basis, and therefore, each property represents an individual operating segment. The Company does not distinguish or group consolidated operations based on geography, size, or type. The Company aggregates all properties into one reportable segment due to their similarities with regard to the nature and economics of the properties, tenants, and operations.

Accounting for Real Estate Acquisitions

Upon the acquisition of real estate, the Company assesses the fair value of acquired assets and liabilities assumed, including land, buildings, improvements and identified intangibles such as above-market and below-market leases, in-place leases and other items, as applicable, and allocates the purchase price based on these assessments. In making estimates of fair values, the Company may use a number of sources, including data provided by third parties, as well as information obtained by the Company as a result of its due diligence, including expected future cash flows of the property and various characteristics of the markets where the property is located.

The fair values of tangible assets are determined on an if vacant basis. The if vacant fair value allocated to land is generally estimated via a market or sales comparison approach with the subject site being compared to similar properties that have sold or are currently listed for sale. The comparable properties are adjusted for dissimilar

characteristics such as market conditions, location, access/frontage, size, shape/topography, or intended use, including the impact of any encumbrances on such use. The if vacant value allocated to buildings and site improvements is generally estimated using an income approach and a cost approach that utilizes published guidelines for current replacement cost or actual construction costs for similar, recently developed properties. Assumptions used in the income approach include capitalization and discount rates, lease-up time, market rents, make-ready costs, land value, and site improvement value.

The estimated fair value of in-place tenant leases includes lease origination costs (the costs the Company would have incurred to lease the property to the current occupancy level) and the lost revenues during the period necessary to lease-up from vacant to the current occupancy level. Such estimates include the fair value of leasing commissions, legal costs and tenant coordination costs that would be incurred to lease the property to this occupancy level. Additionally, the Company evaluates the time period over which such occupancy level would be achieved and includes an estimate of the net operating costs (primarily real estate taxes, insurance and utilities) incurred during the lease-up period, which generally ranges up to one year. The fair value of acquired in-place tenant leases is included in lease intangible assets on the condensed consolidated balance sheets and amortized over the remaining lease term for each tenant.

Table of Contents

Identifiable intangible assets and liabilities are calculated for above-market and below-market tenant and ground leases where the Company is either the lessor or the lessee. The difference between the contractual rental rates and the Company s estimate of market rental rates is measured over a period equal to the remaining non-cancelable term of the leases, including significantly below-market renewal options for which exercise of the renewal option appears to be reasonably assured. Above-market tenant leases and below-market ground leases are included in lease intangible assets on the condensed consolidated balance sheets; below-market tenant leases and above-market ground leases are included in accounts payable, accrued expenses and other liabilities on the condensed consolidated balance sheets. The values assigned to above-market and below-market tenant leases are amortized as reductions and increases, respectively, to base rental revenue over the remaining term of the respective leases. The values assigned to below-market and above-market ground leases are amortized as increases and reductions, respectively, to property operating expenses over the remaining term of the respective leases.

The Company expenses transaction costs associated with business combinations in the period incurred. These costs are included in acquisition-related expenses within the condensed consolidated statements of operations.

Real Estate Investments

Real estate assets are recorded at cost, less accumulated depreciation and amortization.

Expenditures for ordinary repairs and maintenance will be expensed as incurred. Significant renovations which improve the property or extend the useful life of the assets are capitalized. As real estate is undergoing redevelopment activities, all amounts directly associated with and attributable to the project, including planning, development and construction costs, interest costs, personnel costs of employees directly involved and other miscellaneous costs incurred during the period of redevelopment, are capitalized. The capitalization period begins when redevelopment activities are underway and ends when the project is substantially complete.

Depreciation of real estate assets, excluding land, is recognized on a straight-line basis over their estimated useful lives as follows:

Building:	25 40 years
Site improvements:	5 15 years
Tenant improvements:	shorter of the estimated useful life or non-cancelable term of lease

The Company amortizes identified intangibles that have finite lives over the period they are expected to contribute directly or indirectly to the future cash flows of the property or business acquired, generally the remaining non-cancelable term of a related lease.

On a periodic basis, management assesses whether there are indicators that the value of the Company s real estate assets (including any related intangible assets or liabilities) may be impaired. If an indicator is identified, a real estate asset is considered impaired only if management s estimate of current and projected operating cash flows (undiscounted and unleveraged), taking into account the anticipated and probability weighted holding period, are less than a real estate asset s carrying value. Various factors are considered in the estimation process, including expected future operating income, trends and prospects and the effects of demand, competition, and other economic factors. If management determines that the carrying value of a real estate asset is impaired, a loss will be recorded for the excess of its carrying amount over its estimated fair value. No such impairment losses were recognized for the three or six months ended June 30, 2016.

Investments in Unconsolidated Joint Ventures

The Company accounts for its investments in unconsolidated joint ventures using the equity method of accounting as the Company exercises significant influence, but does not control these entities. These investments are initially recorded at cost and are subsequently adjusted for cash contributions, cash distributions, and earnings which are recognized in accordance with the terms of the applicable agreement.

On a periodic basis, management assesses whether there are indicators, including the operating performance of the underlying real estate and general market conditions, that the value of the Company s investments in unconsolidated joint ventures may be impaired. An investment s value is impaired only if management s estimate of the fair value of the Company s investment is less than its carrying value and such difference is deemed to be other-than-temporary. To the extent impairment has occurred, the loss is measured as the excess of the carrying amount of the investment over its estimated fair value. No such impairment losses were recognized for the three or six months ended June 30, 2016.

Cash and Cash Equivalents

The Company considers instruments with an original maturity of three months or less to be cash and cash equivalents. Cash and cash equivalent balances may, at a limited number of banks and financial institutions, exceed insurable amounts. The Company believes it mitigates this risk by investing in or through major financial institutions and primarily in funds that are insured by the United States federal government.

Restricted Cash

Restricted cash represents cash deposited in escrow accounts, which generally can only be used for the payment of real estate taxes, debt service, insurance, and future capital expenditures as required by certain loan and lease agreements, as well as legally restricted tenant security deposits. As of June 30, 2016, the Company had approximately $87.0 million of restricted cash, including $39.3 million related to future capital investments such as unfunded construction commitments, deferred maintenance and environmental reserves, $33.4 million related to basic property carrying costs such as real estate taxes, insurance and ground rent, and $14.3 million of prepaid rent.

Tenant and Other Receivables

Accounts receivable includes unpaid amounts billed to tenants, accrued revenues for future billings to tenants for property expenses, and amounts arising from the straight-lining of rent. The Company periodically reviews its receivables for collectability, taking into consideration changes in factors such as the tenant s payment history, the financial condition of the tenant, business conditions in the industry in which the tenant operates, and economic conditions in the area where the property is located. In the event that the collectability of a receivable with respect to any tenant is in doubt, a provision for uncollectible amounts will be established or a direct write-off of the specific rent receivable will be made. For accrued rental revenues related to the straight-line method of reporting rental revenue, the Company performs a periodic review of receivable balances to assess the risk of uncollectible amounts and establish appropriate provisions.

Revenue Recognition

Rental income is recognized on a straight-line basis over the non-cancelable terms of the related leases. For leases that have fixed and measurable rent escalations, the difference between such rental income earned and the cash rent due under the provisions of the lease is recorded as deferred rent receivable and included as a component of tenant and other receivables on the condensed consolidated balance sheets.

In leasing tenant space, the Company may provide funding to the lessee through a tenant allowance. In accounting for a tenant allowance, the Company will determine whether the allowance represents funding for the construction of leasehold improvements and evaluate the ownership of such improvements. If the Company is considered the owner of the improvements for accounting purposes, the Company will capitalize the amount of the tenant allowance and depreciate it over the shorter of the useful life of the improvements or the related lease term. If the tenant allowance represents a payment for a purpose other than funding leasehold improvements, or in the event that the Company is not considered the owner of the improvements for accounting purposes, the allowance is considered to be a lease incentive and is recognized over the lease term as reduction of rental revenue on a straight-line basis.

The Company commences recognizing revenue based on an evaluation of a number of factors. In most cases, revenue recognition under a lease begins when the lessee takes possession of or controls the physical use of the leased asset. Generally, this occurs on the lease commencement date.

Tenant reimbursement income arises from tenant leases which provide for the recovery of all or a portion of the operating expenses and real estate taxes of the respective property. This revenue is accrued in the same periods as the expenses are incurred.

Accounting for Recapture and Termination Activity Pursuant to the Master Lease

Seritage 100% Recapture Rights. The Company generally treats the delivery of a 100% recapture notice as a modification of the Master Lease as of the date of notice. Such a notice and lease modification result in the following accounting adjustments for the recaptured property:

Accrued rental revenues related to the straight-line method of reporting rental revenue that is deemed uncollectable as result of the lease modification is amortized over the remaining shortened life of the lease from the date of notice to the date of termination.

Intangible lease assets and liabilities that are deemed to be impacted by the lease modification are amortized over the shorter of the shortened lease term or the remaining useful life of the asset or liability.

A 100% recapture will generally occur in conjunction with obtaining a new tenant or a real estate development project. As such, termination fees, if any, associated with the 100% recapture notice are generally capitalized as either an initial direct cost of obtaining a new lease or a necessary cost of the real estate project and depreciated over the life of the new lease obtained or the real estate asset being constructed or improved.

Seritage 50% Recapture Rights. The Company generally treats the delivery of a 50% recapture notice as a modification of the Master Lease as of the date of notice. Such a notice and lease modification result in the following accounting adjustments for the recaptured property:

- The portion of accrued rental revenues related to the straight-line method of reporting rental revenue that is subject to the lease modification is amortized over the remaining shortened life of the lease from the date of notice to the date of termination. The portion of accrued rental revenues related to the straight-line method of reporting rental revenue that is attributable to the retained space is amortized over the remaining life of the Master Lease.

- The portion of intangible lease assets and liabilities that are deemed to be impacted by the lease modification is amortized over the shorter of the shortened lease term or the remaining useful life of the asset or liability. The portion of intangible lease assets and liabilities that is attributable to the retained space is amortized over the remaining useful life of the asset or liability.

Sears Holdings Termination Rights. The Master Lease provides Sears Holdings with certain rights to terminate the Master Lease with respect to properties that cease to be profitable for operation by Sears Holdings. Such a termination would generally result in the following accounting adjustments for the terminated property:

- Accrued rental revenues related to the straight-line method of reporting rental revenue that is subject to the termination is amortized over the remaining shortened life of the lease from the date of notice to the date of termination.

- Intangible lease assets and liabilities that are deemed to be impacted by the termination are amortized over the shorter of the shortened lease term or the remaining useful life of the asset or liability.

Additionally, termination fees required to be paid by Sears Holdings to the Company are recognized as income over the remaining shortened life of the lease from the date of notice to the date of termination.

Derivatives

The Company s use of derivative instruments is limited to the management of interest rate exposure and not for speculative purposes. In connection with the issuance of the Company s mortgage loans, the Company purchased for $5.0 million an interest rate cap with a term of four years, a notional amount of $1.26 billion and a strike rate of 3.5%. The interest rate cap is measured at fair value and included as a component of prepaid expenses, deferred expenses and other assets on the condensed consolidated balance sheets. The Company has elected not to utilize hedge accounting, and therefore, the change in fair value is included within change in fair value of interest rate cap on the consolidated statement of operations. For the three and six months ended June 30, 2016, the Company recorded losses of $0.5 million and $1.9 million, respectively, related to the change in fair value of the interest rate cap.

Stock-Based Compensation

The Company generally recognizes equity awards to employees as compensation expense and includes such expense within general and administrative expenses on the condensed consolidated statement of operations. Compensation expense for equity awards is generally based on the fair value of the common shares at the date of the grant and is recognized (i) ratably over the vesting period for awards with time-based vesting and (ii) for awards with performance-based vesting, at the date the achievement of performance criteria is deemed probable, an amount equal to that which would have been recognized ratably from the date of the grant through the date the achievement of performance criteria is deemed probable, and then ratably from the date the achievement of performance criteria is deemed probable through the remainder of the vesting period.

Concentration of Credit Risk

Concentrations of credit risk arise when a number of operators, tenants, or obligors related to the Company s investments are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations, including those to the Company, to be similarly affected by changes in economic conditions. As of June 30, 2016, substantially all of the Company s real estate properties were leased to Sears Holdings, and the majority of Company s rental revenues were derived from the Master Lease (see Note 5). Sears Holdings is a publicly traded company that is subject to the informational filing requirements of the Securities Exchange Act of 1934, as amended, and is required to file periodic reports on Form 10-K and Form 10-Q with the SEC. Refer to www.sec.gov for Sears Holdings publicly-available financial information.

Other than the Company s tenant concentration, management believes the Company s portfolio was reasonably diversified by geographical location and did not contain any other significant concentrations of credit risk. As of June 30, 2016, the Company s portfolio of 235 Wholly Owned Properties was diversified by location across 49 states and Puerto Rico.

Earnings per Share

The Company has three classes of common stock. The rights, including the liquidation and dividend rights, of the holders of the Company s Class A common shares and Class C non-voting common shares are identical, except with respect to voting. As the liquidation and dividend rights are identical, the undistributed earnings are allocated on a proportionate basis. The net earnings per share amounts are the same for Class A and Class C common shares because the holders of each class are legally entitled to equal per share distributions whether through dividends or in liquidation. Class B non-economic common shares are excluded from earnings per share computations as they do not have economic rights.

All outstanding non-vested shares that contain non-forfeitable rights to dividends are considered participating securities and are included in computing earnings per share pursuant to the two-class method which specifies that all outstanding non-vested share-based payment awards that contain non-forfeitable rights to distributions are considered participating securities and should be included in the computation of earnings per share.

Recently Issued Accounting Pronouncements

In March 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-09, Compensation Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting, which amends accounting for income taxes related to share-based compensation, the related classification in the statement of cash flows, and share award forfeiture accounting. The new guidance is effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods. Early adoption is permitted. The Company is evaluating the impact of adopting this new accounting standard on its consolidated financial statements.

In March 2016, the FASB issued ASU 2016-07, Investments Equity Method and Joint Ventures (Topic 323): Simplifying the Transition to the Equity Method of Accounting, which eliminates the requirement to retroactively adjust an investment that subsequently qualifies for equity method accounting (as a result of an increase in level of ownership interest or degree of influence) as if the equity method of accounting had been applied during all prior periods that the investment was held. The new standard requires that the investor add the cost of acquiring additional ownership interest in the investee to its current basis and prospectively adopt the equity method of accounting. Any unrealized gains or losses in an available-for-sale investment that subsequently qualifies as an equity method investment should be recognized in earnings at the date the investment qualifies as an equity method investment. The new guidance is effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods and requires prospective adoption. Early adoption is permitted. The Company has evaluated the impact of this standard, and has concluded that it has no material impact on its consolidated financial statements.

In February 2016, the FASB issued Accounting Standards Codification (ASC) 842 (ASC 842), Leases which replaces the existing guidance in ASC 840, Leases. ASC 842 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018. ASC 842 requires a dual approach for lessee accounting under which a lessee would account for leases as finance leases or operating leases. Both finance leases and operating leases will result in the lessee recognizing a right-of-use (ROU) asset and a corresponding lease liability. For finance leases, the lessee would recognize interest expense and amortization of the ROU asset and for operating leases, the lessee would

recognize a straight-line total lease expense. The Company is currently assessing the impact that adoption of this guidance will have on its consolidated financial statements.

In February 2015, the FASB issued ASU 2015-02, Amendments to the Consolidation Analysis, which makes certain changes to both the variable interest model and the voting model, including changes to (1) the identification of variable interests (fees paid to a decision maker or service provider), (2) the variable interest entity characteristics for a limited partnership or similar entity and (3) the primary beneficiary determination. The Company adopted ASU 2015-02 on January 1, 2016. The adoption of this standard did not have a material impact on its consolidated financial statements.

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers, which outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. ASU 2014-09 states that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to

Table of Contents

which the entity expects to be entitled in exchange for those goods or services. While ASU 2014-09 specifically references contracts with customers, it may apply to certain other transactions such as the sale of real estate or equipment. In July 2015, the FASB voted to defer the effective date of ASU 2014-09 by one year. Accordingly, ASU 2014-09 is effective for annual periods beginning after December 15, 2017, with early adoption permitted for annual periods beginning after December 15, 2016. The standard can be applied either retrospectively to each prior reporting period presented or as a cumulative-effect adjustment recognized as of the date of initial application. The FASB has also issued the following standards which clarify ASU 2014-09 and have the same effective date as the original standard: ASU 2016-12, Revenue from Contracts with Customers: Narrow-Scope Improvements and Practical Expedients, and ASU 2016-10, Revenue from Contracts with Customers: Identifying Performance Obligations and Licensing, and ASU 2016-08, Revenue from Contracts with Customers: Principal versus Agent Considerations (Reporting Revenue Gross versus Net). The Company is evaluating the impact of adopting these new accounting standards on its consolidated financial statements.

Note 3 Lease Intangible Assets and Liabilities

As of June 30, 2016, lease intangible assets (acquired in-place leases, above-market leases, and below-market ground leases) and liabilities (acquired below-market leases), net of accumulated amortization, were $533.5 million and $17.9 million, respectively. The following table summarizes the Company s lease intangible assets and liabilities as of June 30, 2016 (in thousands):

Lease Intangible Assets	**Gross Assets**	**Accumulated Amortization**	**Balance**
In-place leases, net	$ 595,443	$ (81,290)	$ 514,153
Below-market ground leases, net	11,766	(203)	11,563
Above-market leases, net	9,058	(1,237)	7,821
Total	$ 616,267	$ (82,730)	$ 533,537

Lease Intangible Liabilities	**Gross Liabilities**	**Accumulated Amortization**	**Balance**
Below-market leases, net	$ 20,045	$ (2,156)	$ 17,889
Total	$ 20,045	$ (2,156)	$ 17,889

As of December 31, 2015, lease intangible assets (acquired in-place leases, above-market leases, and below-market ground leases) and liabilities (acquired below-market leases), net of accumulated amortization, were $578.8 million and $19.0 million, respectively. The following table summarizes the Company s lease intangible assets and liabilities as of December 31, 2015 (in thousands):

Lease Intangible Assets	**Gross Asset**	**Accumulated Amortization**	**Balance**
In-place leases, net	$ 595,443	$ (36,800)	$ 558,643
Below-market ground leases, net	11,766	(102)	11,664

Above-market leases, net	9,058	(570)	8,488
Total	$ 616,267	$ (37,472)	$ 578,795

Lease Intangible Liabilities	Gross Liability	Accumulated Amortization	Balance
Below-market leases, net	$ 20,045	$ (1,059)	$ 18,986
Total	$ 20,045	$ (1,059)	$ 18,986

Amortization of acquired below-market leases, net of acquired above-market leases, resulted in additional rental income of $0.2 million and $0.4 million for the three and six months ended June 30, 2016, respectively. Future amortization of these intangibles is estimated to increase rental income as set forth below (in thousands):

Remainder of 2016	$ (496)
2017	(991)
2018	(991)
2019	(964)
2020	(830)
2021	(817)

Table of Contents

Amortization of acquired below-market ground leases resulted in additional property expense of $50 thousand and $100 thousand for the three and six months ended June 30, 2016, respectively. Future amortization of below-market ground leases is estimated to increase property expenses as set forth below (in thousands):

Remainder of 2016	$ 101
2017	203
2018	203
2019	203
2020	203
2021	203

Amortization of acquired in-place leases resulted in additional depreciation and amortization expense of $21.4 million and $44.5 million for the three and six months ended June 30, 2016, respectively. Future estimated amortization of acquired in-place leases is set forth below (in thousands):

Remainder of 2016	$ 38,091
2017	72,072
2018	71,503
2019	68,672
2020	66,081
2021	58,451

Note 4 Investments in Unconsolidated Joint Ventures

The Company conducts a portion of its property rental activities through investments in unconsolidated joint ventures for which the Company holds less than a controlling interest. The Company s partners in these unconsolidated joint ventures are unrelated real estate entities or commercial enterprises. The Company and its unconsolidated joint venture partners make initial and/or ongoing capital contributions to these unconsolidated joint ventures. The obligations to make capital contributions are governed by each unconsolidated joint venture s respective operating agreement and related governing documents.

The Company currently has investments in three unconsolidated entities: GS Portfolio Holdings LLC (the GGP JV), a joint venture between Seritage and a subsidiary of General Growth Properties, Inc. (together with its subsidiaries, GGP), SPS Portfolio Holdings LLC (the Simon JV), a joint venture between Seritage and a subsidiary of Simon Property Group, Inc. (together with its subsidiaries, Simon), and MS Portfolio LLC (the Macerich JV), a joint venture between Seritage and a subsidiary of The Macerich Company (together with its subsidiaries, Macerich). A substantial majority of the space at the JV Properties is leased to Sears Holdings under the JV Master Leases which include recapture rights and termination rights with similar terms as those described under the Master Lease.

As of June 30, 2016, the GGP JV had submitted recapture notices related to Pembroke Lakes Mall in Pembroke Pines, FL, Valley Plaza Mall in Bakersfield, CA, Staten Island Mall in Staten Island, NY and Coronado Mall in Albuquerque, NM. No recaptures notices have been submitted related to properties in the Macerich JV or the Simon JV.

The Company s investments in unconsolidated joint ventures at June 30, 2016, consisted of (in thousands, except for number of properties):

Joint Venture	# of Properties	Total GLA	Initial Investment	Seritage % Ownership
GGP JV	12	2,162	$ 165,000	50%
Macerich JV	9	1,714	150,000	50%
Simon JV	10	1,574	114,012	50%
Total	31	5,450	$ 429,012	

Each unconsolidated joint venture is obligated to maintain financial statements in accordance with GAAP. The Company shares in the profits and losses of these unconsolidated joint ventures generally in accordance with the Company s respective equity interests. In some instances, the Company may recognize profits and losses related to investment in an unconsolidated joint venture that differ from the Company s equity interest in the unconsolidated joint venture. This may arise from impairments that the Company recognizes related to its investment that differ from the impairments the unconsolidated joint venture recognizes with respect to its assets; differences between the Company s basis in assets it has transferred to the unconsolidated joint venture and the unconsolidated joint venture s basis in those assets; the Company s deferral of the unconsolidated joint venture s profits from land sales to the Company; or other items. There were no joint venture impairment charges during the three or six months ended June 30, 2016.

The following table presents combined condensed financial data for all of the Company s unconsolidated joint ventures as of June 30, 2016 and December 31, 2015 (in thousands):

	June 30, 2016	December 31, 2015

Equity in income of unconsolidated joint ventures	$	912	$	2,998

Note 5 Leases

Master Lease

On July 7, 2015, subsidiaries of Seritage and subsidiaries of Sears Holdings entered into the Master Lease. The Master Lease generally is a triple net lease with respect to all space which is leased thereunder to Sears Holdings, subject to proportional sharing by Sears Holdings for repair and maintenance charges, real property taxes, insurance and other costs and expenses which are common to both the space leased by Sears Holdings and other space occupied by unrelated third-party tenants in the same or other buildings pursuant to third-party leases, space which is recaptured pursuant to the Company recapture rights described below and all other space which is constructed on the properties. Under the Master Lease, Sears Holdings and/or one or more of its subsidiaries will be required to make all expenditures reasonably necessary to maintain the premises in good appearance, repair and condition for as long as they are in occupancy.

The Master Lease has an initial term of 10 years and contains three options for five-year renewals of the term and a final option for a four-year renewal. As of June 30, 2016, the annual base rent paid directly by Sears Holdings and its subsidiaries under the Master Lease was approximately $132.0 million. In each of the initial and first two renewal terms, annual base rent will be increased by 2.0% per annum for each lease year over the rent for the immediately preceding lease year. For subsequent renewal terms, rent will be set at the commencement of the renewal term at a fair market rent based on a customary third-party appraisal process, taking into account all the terms of the Master Lease and other relevant factors, but in no event will the renewal rent be less than the rent payable in the immediately preceding lease year.

The Master Lease provides the Company with the right to recapture up to approximately 50% of the space occupied by Sears Holdings at the 224 Wholly Owned Properties initially included in the Master Lease (subject to certain exceptions). While the Company will be permitted to exercise its recapture rights all at once or in stages as to any particular property, it will not be permitted to recapture all or substantially all of the space subject to the recapture right at more than 50 Wholly Owned Properties during any lease year. In addition, Seritage has the right to recapture any automotive care centers which are free-standing or attached as appendages to the properties, all outparcels or outlots and certain portions of the parking areas and common areas. Upon exercise of these recapture rights, the Company will generally incur certain costs and expenses for the separation of the recaptured space from the remaining Sears Holdings space and can reconfigure and rent the recaptured space to third-party tenants.

The Company also has the right to recapture 100% of the space occupied by Sears Holdings at each of 21 identified Wholly Owned Properties by making a specified lease termination payment to Sears Holdings, after which the Company can reposition and re-lease those stores. The lease termination payment is calculated as the greater of an amount specified at the time the Company entered into the Master Lease with Sears Holdings and an amount equal to 10 times the adjusted EBITDA attributable to such space within the Sears Holdings main store which is not attributable to the space subject to the separate 50% recapture right discussed above for the 12-month period ending at the end of the fiscal quarter ending immediately prior to recapturing such space.

As of June 30, 2016, the Company had exercised its recapture rights with respect to nine properties, including (i) three 100% recaptures in Braintree, MA, Honolulu, HI and Memphis, TN; (ii) the partial recapture of a full-line store in Wayne, NJ; (iii) the partial recapture of a full-line store and auto center in Fairfax, VA; and (iv) four auto centers in Albany, NY, Bowie, MD, Hagerstown, MD and San Antonio, TX. Subsequent to June 30, 2016, the Company submitted six additional recapture notices for (i) 100% of a full-line store in Orlando, FL; (ii) portions of the space occupied by Sears Holdings at full-line stores in Anderson, SC, North Hollywood, CA and Madison, WI; (iii) a portion of the space occupied by Sears Holdings at a full-line store and auto center in West Jordan, UT; and (iv) an outparcel for retail development in Ft. Wayne, IN.

The Master Lease also provides for certain rights to Sears Holdings to terminate the Master Lease with respect to Wholly Owned Properties that cease to be profitable for operation by Sears Holdings. In order to terminate the Master Lease with respect to a certain property, Sears Holdings must make a payment to the Company of an amount equal to one year of rent (together with taxes and other expenses) with respect to such property. Such termination right, however, will be limited so that it will not have the effect of reducing the fixed rent under the Master Lease by more than 20% per annum. Further, Sears Holdings must provide notice of not less than 90 days of their intent to exercise such termination right and such notice cannot be given prior to August 1, 2016.

Revenues from the Master Lease for the three and six months ended June 30, 2016 are as follows (in thousands and excluding the effect of straight-line rent):

	Three Months Ended June 30, 2016	Six Months Ended June 30, 2016
Rental income	$ 33,082	$ 66,467
Tenant reimbursements	14,516	31,268
Total revenue	$ 47,598	$ 97,735

Note 6 Mortgage Loans Payable

On July 7, 2015, pursuant to the Transaction, the Company entered into a mortgage and mezzanine loan agreement (collectively, the Loan Agreements), providing for term loans in an initial principal amount of approximately $1.16 billion (collectively, the Mortgage Loans) and a $100 million future funding facility (the Future Funding Facility), which the Company expects to be available to finance the redevelopment of properties in its portfolio from time to time, subject to satisfaction of certain conditions. No amounts were drawn under the Future Funding Facility as of June 30, 2016.

All outstanding principal and interest under the Mortgage Loans is due and payable on the payment dates and will mature on the payment date in July 2019, pursuant to the Loan Agreements. The Company has two one-year extension options subject to the payment of an extension fee and satisfaction of certain other conditions. Borrowings under the Mortgage Loans bear interest at the London Interbank Offered Rates (LIBOR) plus, as of June 30, 2016, a weighted-average spread of 465 basis points; payments are made monthly on an interest-only basis. The weighted-average interest rates for the Mortgage Loans for the three and six months ended June 30, 2016 were 5.19% and 5.18%, respectively.

The Mortgage Loans are secured by all of the Company s Wholly Owned Properties and a pledge of its equity in the JVs. The Loan Agreements contain customary covenants for a real estate financing, including terms that limit the Company s ability to grant liens on its assets, incur additional indebtedness, or transfer or sell assets, as well as those that may require the Company to obtain lender approval for certain major tenant leases or significant redevelopment projects. Such restrictions also include cash flow sweep provisions based on certain measures of the Company s financial and operating performance, including in the case that Debt Yield (the ratio of net operating income for the borrowers to their debt) is less than 11.0% or if the Company fails to achieve certain thresholds for tenant diversification. If the performance of Sears Holdings at the stores subject to the Master Lease fails to meet specified thresholds and if the Company fails to satisfy additional tenant diversification tests and declines to provide a specified amount of cash collateral, then the cash flow sweep provisions of the Loan Agreements may also be triggered. The Loan Agreements prohibit repayment of any amounts outstanding for the first 12 months (other than repayments in connection with property releases and certain other exceptions) and contains a yield maintenance provision for the early extinguishment of the debt within the first 30 months. The Company believes it is currently in compliance with all material terms and conditions of the Loan Agreements.

All obligations under the Loan Agreements are non-recourse to the borrowers and the pledgors of the JV Interests and the guarantors thereunder, except that (i) the borrowers and the guarantors will be liable, on a joint and several basis, for losses incurred by the lenders in respect of certain matters customary for commercial real estate loans, including misappropriation of funds and certain environmental liabilities and (ii) the indebtedness under the Loan Agreements will be fully recourse to the borrowers and guarantors upon the occurrence of certain events customary for commercial real estate loans, including without limitation prohibited transfers, prohibited voluntary liens, and bankruptcy. Additionally the guarantors delivered a limited completion guaranty with respect to future redevelopments undertaken by the borrowers at the properties.

The Company incurred $21.4 million of debt issuance costs related to the Mortgage Loans which are recorded as a direct deduction from the carrying amount of the Mortgage Loans and amortized over the term of the Loan Agreements. As of June 30, 2016, the unamortized balance of the Company s debt issuance costs was $16.1 million.

Note 7 Income Taxes

The Company will elect to be taxed as a REIT as defined under Section 856(c) of the Internal Revenue Code (the Code) for federal income tax purposes, upon filing its initial tax return for the taxable year ended December 31, 2015 and expects to continue to qualify as a REIT. To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement to currently distribute at least 90% of its adjusted REIT taxable income to its shareholders.

As a REIT, the Company generally will not be subject to federal income tax on taxable income that is distributed to its shareholders. If the Company fails to qualify as a REIT or does not distribute 100% of its taxable income in any taxable year, it will be subject to federal taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for four subsequent taxable years.

Even if the Company qualifies for taxation as a REIT, the Company is subject to certain state, local and Puerto Rico taxes on its income and property, and to federal income and excise taxes on its undistributed taxable income.

Note 8 Fair Value Measurements

ASC 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. The objective of fair value is to determine the price that would be received upon the sale of an asset or paid to transfer a

liability in an orderly transaction between market participants at the measurement date (the exit price). ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels:

Level 1 quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities

Level 2 observable prices based on inputs not quoted in active markets, but corroborated by market data

Level 3 unobservable inputs used when little or no market data is available

Table of Contents

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible . The Company also considers counterparty credit risk in its assessment of fair value.

Financial Assets and Liabilities Measured at Fair Value on a Recurring or Non-Recurring Basis

All derivative instruments are carried at fair value and are valued using Level 2 input. The Company s derivative instruments as of June 30, 2016 consisted of an interest rate cap. The Company utilizes an independent third party and interest rate market pricing models to assist management in determining the fair value of this instrument.

The fair value of the Company s interest rate cap at June 30, 2016 was approximately $0.3 million and is included as a component of prepaid expenses, deferred expenses and other assets on the condensed consolidated balance sheets. The Company has elected not to utilize hedge accounting, and therefore, the change in fair value is included within change in fair value of interest rate cap on the condensed consolidated statements of operations. For the three and six months ended June 30, 2016, the Company recorded losses of $0.5 million and $1.9 million, respectively, related to the change in fair value of the interest rate cap.

Financial Assets and Liabilities not Measured at Fair Value

Financial assets and liabilities that are not measured at fair value on the condensed consolidated balance sheets include cash equivalents and mortgages payable. The fair value of cash equivalents is classified as Level 1 and the fair value of mortgages payable is classified as Level 2.

Cash equivalents are carried at cost, which approximates fair value. The fair value of mortgages payable is calculated by discounting the future contractual cash flows of these instruments using current risk-adjusted rates available to borrowers with similar credit ratings. As of June 30, 2016, the estimated fair value of the Company s debt was $1.2 billion, which approximated the carrying value at such date as the current risk-adjusted rate approximates the stated rates on the Company s mortgages.

Note 9 Commitments and Contingencies

Insurance

The Company maintains general liability insurance and all-risk property and rental value, with sub-limits for certain perils such as floods and earthquakes on each of the Company s properties. The Company also maintains coverage for terrorism acts as defined by Terrorism Risk Insurance Program Reauthorization Act, which expires in December 2020.

Insurance premiums are charged directly to each of the retail properties. The Company will be responsible for deductibles and losses in excess of insurance coverage, which could be material. The Company continues to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, the Company cannot anticipate what coverage will be available on commercially reasonable terms in the future.

Environmental Matters

Under various federal, state and local laws, ordinances and regulations, the Company may be considered an owner or operator of real property or may have arranged for the disposal or treatment of hazardous or toxic substances. As a result, the Company may be liable for certain costs, including removal, remediation, government fines, and injuries to

persons and property. The Company does not believe that any resulting liability from such matters will have a material effect on the consolidated financial position, results of operations, or liquidity of the Company. Under the Master Lease, Sears Holdings has indemnified the Company from certain environmental liabilities at the Wholly Owned Properties existing before, or caused by Sears Holdings during, the period in which each Wholly Owned Property is leased to Sears Holdings, including removal and remediation of all affected facilities and equipment constituting the automotive care center facilities (and each JV Master Lease includes a similar requirement of Sears Holdings). As of June 30, 2016, the Company had approximately $12.0 million of restricted cash in a lender reserve account to fund potential environmental costs that were identified during due diligence related to the Transaction.

Litigation and Other Matters

In accordance with accounting standards regarding loss contingencies, the Company accrues an undiscounted liability for those contingencies where the incurrence of a loss is probable and the amount can be reasonably estimated, and the Company discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued or disclose the fact that such a range of loss cannot be estimated. The Company does not record liabilities when the likelihood that the liability has been incurred is probable but the amount cannot be reasonably estimated, or when the liability is believed to be only reasonably possible or remote. In such cases, the Company discloses the nature of the contingency, and an estimate of the possible loss, range of loss, or disclose the fact that an estimate cannot be made.

The Company is subject, from time to time, to various legal proceedings and claims that arise in the ordinary course of business. While the resolution of such matters cannot be predicted with certainty, management believes, based on currently available information, that the final outcome of such matters will not have a material effect on the consolidated financial position, results of operations, cash flows or liquidity of the Company.

In May and June of 2015, four purported Sears Holdings shareholders filed lawsuits in the Delaware Court of Chancery challenging the Transaction, which lawsuits have since been consolidated into a single action captioned *In re Sears Holdings Corporation Stockholder and Derivative Litigation*, Consol. C.A. No. 11081-VCL (the Action). On October 15, 2015, plaintiffs filed a verified consolidated stockholder derivative complaint in the Action against the individual members of Sears Holdings Board of Directors, ESL Investments, Inc. (together with its affiliates, ESL), Sears Holdings CEO, Fairholme Capital Management L.L.C. (FCM), and Seritage. On July 12, 2016, the plaintiffs filed a verified consolidated amended stockholder derivative complaint (the Amended Complaint) against the same defendants and asserting substantially the same claims as set forth in the complaint filed in October 2015. The plaintiffs have brought the Action derivatively on behalf of Sears Holdings, which is named as a nominal defendant, and allege that the Sears Holdings directors, as well as ESL and Edwards S. Lampert (in their capacity as the alleged controlling stockholder of Sears Holdings), breached their fiduciary duties to Sears Holdings shareholders by selling the Wholly Owned Properties to Seritage at a price that was unfairly low and was the result of a process that allegedly was flawed. The Amended Complaint also alleges that Seritage and FCM aided and abetted these alleged fiduciary breaches. Among other forms of relief, the plaintiffs are currently seeking damages in unspecified amounts. The Company believes that the plaintiffs claims and allegations against the Company are legally without merit and intends to contest these lawsuits vigorously. Due to, among other things, the fact that the litigation is at a very early stage, management cannot reasonably estimate the possible loss or range of loss, if any, that may arise from this matter.

Note 10 Related Party Disclosure

Edward S. Lampert

Edward S. Lampert is Chairman and Chief Executive Officer of Sears Holdings and is the Chairman and Chief Executive Officer of ESL. As of March 21, 2016, the filing date of Sears Holdings most recent proxy statement, ESL beneficially owned approximately 54.6% of Sears Holdings outstanding common stock, including shares issuable upon the exercise of warrants held by ESL. Mr. Lampert is also the Chairman of Seritage.

For purposes of funding the purchase price for the acquisition of the Wholly Owned Properties and the JV Interests from Sears Holdings, the Company effected the Rights Offering to existing Sears Holdings shareholders, including ESL. As of June 30, 2016, ESL held an approximately 43.4% interest in Operating Partnership and approximately 3.8% and 100% of the outstanding Class A common shares and Class B non-economic common shares, respectively.

Transition Services Agreement

On July 7, 2015, the Operating Partnership and Sears Holdings Management Corporation (SHMC), a wholly owned subsidiary of Sears Holdings, entered into a transition services agreement (the Transition Services Agreement or TSA). Pursuant to the TSA, SHMC will provide certain limited services to the Operating Partnership during the period from the closing of the Transaction through the 18-month anniversary of the closing, unless the Operating Partnership terminates the agreement. During the six months ended June 30, 2016, the services provided by SHMC were limited to specific accounting and tax services, substantially all of which were in support of the Company s 2015 yearend activities. Fees incurred for these services were approximately $0.1 million and are included in general and administrative expenses on the condensed consolidated statements of operations. SHMC does not provide the Company with any business managerial, leasing, development or construction services or direct any of the Company s

business, financial, or strategic policies or decisions.

Note 11 Non-Controlling Interests

Partnership Agreement

On July 7, 2015, Seritage and ESL entered into the agreement of limited partnership of the Operating Partnership (the Partnership Agreement). Pursuant to the Partnership Agreement, as the sole general partner of the Operating Partnership, Seritage exercises exclusive and complete responsibility and discretion in its day-to-day management, authority to make decisions, and control of the Operating Partnership, and may not be removed as general partner by the limited partners. As of June 30, 2016, the Company held a 56.6% interest in the Operating Partnership and ESL held a 43.4% interest. The portions of consolidated entities not owned by the Company are presented as non-controlling interest as of and during the periods presented.

Table of Contents

Note 12 Shareholders Equity

Dividends and Distributions

On August 2, 2016, the Company declared a cash dividend of $0.25 per Class A and Class C common share for the three months ending September 30, 2016. The holders of Operating Partnership units are entitled to an equal distribution per Operating Partnership unit held on September 30, 2016. These amounts will be paid on October 13, 2016.

On May 3, 2016, the Company declared a cash dividend of $0.25 per Class A and Class C common share for the three months ended June 30, 2016. The holders of Operating Partnership units were entitled to an equal distribution per Operating Partnership unit held as of June 30, 2016. The dividends and distributions payable are recorded as liabilities in the Company s consolidated balance sheet at June 30, 2016. The dividend has been reflected as a reduction of shareholders equity, and the distribution has been reflected as a reduction of the limited partners non-controlling interest. These amounts were paid on July 14, 2016.

On March 8, 2016, the Company declared a cash dividend of $0.25 per Class A and Class C common share for the three months ended March 31, 2016. The holders of Operating Partnership units were entitled to an equal distribution per Operating Partnership unit held on March 31, 2016. These amounts were paid on April 14, 2016.

On December 17, 2015, the Company declared a cash dividend of $0.50 per Class A and Class C common share for the period from July 7, 2015 (Date Operations Commenced) through December 31, 2015. The holders of Operating Partnership units were entitled to an equal distribution per Operating Partnership unit held as of December 31, 2015. These amounts were paid on January 14, 2016.

Note 13 Earnings per Share

The table below provides a reconciliation of net loss and the number of common shares used in the computations of basic earnings per share (EPS), which utilizes the weighted-average number of common shares outstanding without regard to dilutive potential common shares, and diluted EPS, which includes all such shares. Potentially dilutive securities consist of shares of non-vested restricted stock and the redeemable non-controlling interests in the Operating Partnership.

All outstanding non-vested shares that contain non-forfeitable rights to dividends are considered participating securities and are included in computing EPS pursuant to the two-class method which specifies that all outstanding non-vested share-based payment awards that contain non-forfeitable rights to distributions are considered participating securities and should be included in the computation of EPS.

Earnings per share has not been presented for Class B shareholders, as they do not have economic rights.

(in thousands, except per share amounts)	Three Months Ended June 30, 2016	Six Months Ended June 30, 2016
Numerator Basic and Diluted		
Net loss	$ (12,565)	$ (27,279)
	5,448	11,827

Net loss attributable to non-controlling interests				
Net loss attributable to common shareholders	$	(7,117)	$	(15,452)
Denominator Basic and Diluted				
Weighted average Class A common shares outstanding		25,667		25,307
Weighted average Class C common shares outstanding		5,724		6,084
Weighted average Class A and Class C common shares outstanding		31,391		31,391
Net loss per share attributable to Class A and Class C common shareholders	$	(0.23)	$	(0.49)

No adjustments were made to the numerator for the three and six months ended June 30, 2016 because the Company generated a net loss. During periods of net loss, undistributed losses are not allocated to the participating securities as they are not required to absorb losses.

Table of Contents

No adjustments were made to the denominator for the three and six months ended June 30, 2016 because (i) the inclusion of outstanding non-vested restricted shares would have had an anti-dilutive effect and (ii) including the non-controlling interest in the Operating Partnership would also require that the share of the Operating Partnership loss attributable to such interests be added back to net loss, therefore, resulting in no effect on earnings per share.

As of June 30, 2016, there were 244,808 non-vested restricted shares and share units outstanding.

Note 14 Stock Based Compensation

On July 7, 2015, the Company adopted the Seritage Growth Properties 2015 Share Plan (the Plan). The number of shares of common stock reserved for issuance under the Plan is 3,250,000. The Plan provides for grants of restricted shares, share units, other share-based awards, options, and share appreciation rights, each as defined in the Plan (collectively, the Awards). Directors, officers, other employees, and consultants of the Company and its subsidiaries and affiliates are eligible for Awards.

Restricted Shares

The vesting terms of these grants are specific to the individual grant and vary in that a portion of the restricted share units vest in equal annual amounts over the next three years (time-based vesting) and a portion of the restricted share units vest on the third anniversary of the grants subject to the achievement of certain performance criteria (performance-based vesting).

In general, participating employees are required to remain employed for vesting to occur (subject to certain limited exceptions). Restricted shares and share units that do not vest are forfeited. Dividends on restricted shares and share units with time-based vesting are paid to holders of such shares and share units and are not returnable, even if the underlying shares or share units do not ultimately vest. Dividends on restricted shares and share units with performance-based vesting are accrued when declared and paid to holders of such shares on the third anniversary of the initial grant subject to the vesting of the underlying shares.

The following table summarizes restricted share activity for the six months ended June 30, 2016:

	Shares	Weighted-Average Grant Date Fair Value
Unvested restricted shares and share units at beginning of period	221,484	$ 37.18
Restricted shares and share units granted	23,324	46.48
Restricted shares and share units vested		
Restricted shares and share units forfeited		
Unvested restricted shares and share units at end of period	244,808	$ 38.07

The Company recognized $0.3 million and $0.5 million in compensation expense related to the restricted shares for the three and six months ended June 30, 2016, which is included in general and administrative expenses on the Company s condensed consolidated statements of operations. As of June 30, 2016, there were approximately $8.8

million of total unrecognized compensation costs related to the outstanding restricted shares which are expected to be recognized over a weighted-average period of approximately 2.8 years.

Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations

Certain statements contained herein constitute forward-looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of future performance. They represent our intentions, plans, expectations and beliefs and are subject to numerous assumptions, risks and uncertainties. Our future results, financial condition and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as approximates, believes, expects, anticipates, estimates, intends, plans, will, would, may or other similar expressions in this Quarterly Report on Form 10-Q. Many of the factors that will determine the outcome of these and our other forward-looking statements are beyond our ability to control or predict. For further discussion of factors that could materially affect the outcome of our forward-looking statements, see Risk Factors in our Annual Report on Form 10-K for the period from July 7, 2015 (Date Operations Commenced) to December 31, 2015. For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances occurring after the date of this Quarterly Report on Form 10-Q. The following discussion should be read in conjunction with the condensed consolidated financial statements and notes thereto included in Part 1 of this Quarterly Report.

Overview

Seritage Growth Properties (NYSE: SRG), a Maryland real estate investment trust formed on June 3, 2015, is a fully integrated, self-administered and self-managed real estate investment trust (REIT) as defined under Section 856(c) of the Internal Revenue Code (the Code). Seritage s assets are held by and its operations are primarily conducted through, directly or indirectly, the Operating Partnership. Under the partnership agreement of the Operating Partnership, Seritage, as the sole general partner, has exclusive responsibility and discretion in the management and control of the Operating Partnership. Unless otherwise expressly stated or the context otherwise requires, the Company , we, us, and our as used herein refer to Seritage, the Operating Partnership, and its owned and controlled subsidiaries.

We are principally engaged in the acquisition, ownership, development, redevelopment, management, and leasing of diversified retail real estate throughout the United States. As of June 30, 2016, our portfolio included 42.4 million square feet of gross leasable area (GLA), consisting of 235 Wholly Owned Properties totaling 37.0 million square feet of GLA across 49 states and Puerto Rico, and interests in 31 JV Properties totaling over 5.4 million square feet of GLA across 17 states.

As of June 30, 2016, we leased a substantial majority of the space in our portfolio at all but 14 of the Wholly Owned Properties (such 14 properties, the Third-Party Properties) to Sears Holdings under the Master Lease, with the remainder of such space leased to third-party tenants. The Third-Party Properties, which do not contain a Sears Holdings store or have any space leased to Sears Holdings, are leased solely to third-party tenants. A substantial majority of the space at the JV Properties is also leased to Sears Holdings under the JV Master Leases.

We generate revenues primarily by leasing our properties to tenants, including both Sears Holdings and third-party tenants, who operate retail stores (and potentially other uses) in the leased premises, a business model common to many publicly traded REITs. In addition to revenues generated under the Master Lease through rent payments from Sears Holdings, we generate revenue through leases to third-party tenants under existing and future leases for space at our properties.

The Master Lease provides us with the right to recapture up to approximately 50% of the space occupied by Sears Holdings at the 224 Wholly Owned Properties initially included in the Master Lease (subject to certain exceptions and limitations). In addition, Seritage has the right to recapture any automotive care centers which are free-standing or attached as appendages to the properties, and all outparcels or outlots and certain portions of parking areas and common areas. Upon exercise of this recapture right, we will generally incur certain costs and expenses for the separation of the recaptured space from the remaining Sears Holdings space and can reconfigure and rent the recaptured space to third-party tenants on potentially superior terms determined by us and for our own account. We also have the right to recapture 100% of the space occupied by Sears Holdings at each of 21 identified Wholly Owned Properties by making a specified lease termination payment to Sears Holdings, after which we expect to be able to reposition and re-lease those stores on potentially superior terms determined by us and for our own account. As of June 30, 2016, we had exercised recapture rights at nine properties, including three properties at which we held 100% recapture rights and four automotive care centers.

With respect to the JV Properties, each JV Master Lease provides for similar recapture rights as the Master Lease governing the Company s Wholly Owned Properties. As of June 30, 2016, the GGP JV had submitted recapture notices for four properties.

Results of Operations

We derive substantially all of our revenue from rents received from tenants under existing leases at each of our properties. This revenue generally includes fixed base rents and recoveries of expenses that we have incurred and that we pass through to the individual tenants, in each case as provided in the respective leases.

Our primary cash expenses consist of our property operating expenses, general and administrative expenses, interest expense, and construction and development related costs. Property operating expenses include: real estate taxes, repairs and maintenance, management expenses, insurance, ground lease costs and utilities; general and administrative expenses include payroll, office expenses, professional fees, and other administrative expenses; and interest expense is primarily on our mortgage loans payable. In addition, we incur substantial non-cash charges for depreciation and amortization on our properties and related intangible assets and liabilities resulting from the Transaction.

We did not have any revenues or expenses until we completed the Transaction on July 7, 2015.

Rental Income

For the three months ended June 30, 2016, the Company recognized total rental income of $45.9 million, including straight-line rent of $3.8 million and other adjustments of approximately $0.2 million. For the six months ended June 30, 2016, the Company recognized total rental income of $91.2 million, including straight-line rent of $8.2 million and other adjustments of approximately $0.4 million.

Our earnings are primarily the result of the rental revenue generated through rent payments from Sears Holdings under the Master Lease. During the three months ended June 30, 2016, and excluding the effect of straight-line rent, the rental income attributable directly to Sears Holdings was $33.1 million, or approximately 79.0% of total rental income earned in the period. During the six months ended June 30, 2016, and excluding the effect of straight-line rent, the rental income attributable directly to Sears Holdings was $66.5 million, or approximately 81.0% of total rental income earned in the period.

In addition to revenues generated under the Master Lease through rent payments from Sears Holdings, we generate revenue through direct leases to third-party tenants for space at our properties. During the three months ended June 30, 2016, and excluding the effect of straight-line rent, the rental income attributable to third-party tenants was $8.8 million, or approximately 21.0% of total rental income earned in the period. During the six months ended June 30, 2016, and excluding the effect of straight-line rent, the rental income attributable to third-party tenants was $16.0 million, or approximately 19.0% of total rental income earned in the period.

On an annual basis, and taking into account all signed leases, including those which have not yet commenced rental payments, rental income attributable to third-party tenants would have represented approximately 29.0% of total annual base rental income as of June 30, 2016.

Tenant Reimbursements and Property Operating Expenses

Pursuant to the provisions of the Master Lease and many third-party leases, the Company is entitled to be reimbursed for certain property related expenses. For the three months ended June 30, 2016, the Company recorded tenant

reimbursement income of $15.9 million, compared to property operating expenses and real estate tax expense aggregating $17.2 million. For the six months ended June 30, 2016, the Company recorded tenant reimbursement income of $33.7 million, compared to property operating expenses and real estate tax expense aggregating $35.8 million.

General and Administrative Expenses

General and administrative expenses consist of personnel costs, including stock-based compensation, professional fees, office expenses and overhead expenses. For the three months ended June 30, 2016, the Company incurred general and administrative expenses of $4.4 million, of which approximately $0.1 million consisted of up-front personnel costs related to the hiring of certain employees. For the six months ended June 30, 2016, the Company incurred general and administrative expenses of $8.9 million, of which approximately $0.3 million consisted of up-front personnel costs related to the hiring of certain employees.

Depreciation and Amortization Expenses

Depreciation and amortization expenses consist of depreciation of real property, depreciation of furniture, fixtures and equipment, and amortization of certain lease intangible assets. For the three months ended June 30, 2016, the Company incurred depreciation expense of $15.9 million and amortization expense of $21.4 million. For the six months ended June 30, 2016, the Company incurred depreciation expense of $32.3 million and amortization expense of $44.5 million. For the three and six months ended June 30, 2016, approximately $3.8 million and $8.7 million, respectively, of amortization expense was attributable to the recapture of space from Sears Holdings. Such recaptures are deemed lease modifications and require related lease intangibles to be amortized over the shorter of the shortened lease term or the remaining useful life of the asset.

Acquisition-Related Expenses

The Company did not incur any acquisition-related expenses during the three months ended June 30, 2016. For the six months ended June 30, 2016, the Company recorded less than $0.1 million of remaining legal costs related to the Transaction. These costs are included in acquisition-related expenses on the condensed consolidated statements of operations.

Interest Expense

For the three months ended June 30, 2016, the Company incurred $15.6 million of interest expense related to the Mortgage Loans, including amortization of debt issuance costs in the amount of $1.3 million. For the six months ended June 30, 2016, the Company incurred $31.4 million of interest expense related to the Mortgage Loans, including amortization of debt issuance costs in the amount of $2.7 million.

Unrealized Loss on Interest Rate Cap

For the three and six months ended June 30, 2016, the Company recorded unrealized losses of $0.5 million and $1.9 million, respectively, related to the change in fair value of the interest rate cap associated with its Mortgage Loans. As of June 30, 2016, the interest rate cap had a fair value of approximately $0.3 million.

Liquidity and Capital Resources

Property rental income is our primary source of cash and is dependent on a number of factors, including occupancy levels and rental rates, as well as our tenants ability to pay rent. Our primary uses of cash include payment of operating expenses, debt service, reinvestment in and redevelopment of properties, and distributions to shareholders and unitholders. We believe that we currently have sufficient liquidity to satisfy all of our commitments in the form of $63.7 million of unrestricted cash, $87.0 million of restricted cash, and $100.0 million of borrowing capacity under our Future Funding Facility as of June 30, 2016, as well as anticipated cash provided by operations.

We may raise capital through public or private issuances of debt securities, common or preferred equity or other instruments convertible into or exchangeable for common or preferred equity, as well as other capital raising activities such as asset sales or joint ventures.

Summary of Cash Flows

Net cash provided by operating activities for the six months ended June 30, 2016 was $65.0 million and included (i) $51.2 million of cash from operating income and (ii) a $13.8 million net increase in cash due to the timing of cash

receipts and payments related to changes in operating assets and liabilities.

Net cash used in investing activities for the six months ended June 30, 2016 was $22.5 million which reflected property redevelopment activity, including that which was funded with capital held in a reserve account for certain redevelopment projects. The reserve account is included in restricted cash on the Company s consolidated balance sheets.

Net cash used in financing activities for the six months ended June 30, 2016 was $41.7 million which was primarily due to dividends and distributions paid during this time period.

Dividends and Distributions

On August 2, 2016, the Company declared a cash dividend of $0.25 per Class A and Class C common share for the three months ending September 30, 2016. The holders of Operating Partnership units are entitled to an equal distribution per Operating Partnership unit held as of September 30, 2016. These amounts will be paid on October 13, 2016.

On May 3, 2016, the Company declared a cash dividend of $0.25 per Class A and Class C common share for the three months ended June 30, 2016. The holders of Operating Partnership units were entitled to an equal distribution per Operating Partnership unit held as of June 30, 2016. The dividends and distributions payable are recorded as liabilities in the Company s condensed consolidated balance sheet at June 30, 2016. The dividend has been reflected as a reduction of shareholders equity and the distribution has been reflected as a reduction of the limited partners non-controlling interest. These amounts were paid on July 14, 2016.

On March 8, 2016, the Company declared a cash dividend of $0.25 per Class A and Class C common share for the three months ended March 31, 2016. The holders of Operating Partnership units were entitled to an equal distribution per Operating Partnership unit held as of March 31, 2016. These amounts were paid on April 14, 2016.

On December 17, 2015, the Company declared a cash dividend of $0.50 per Class A and Class C common share for the period from July 7, 2015 (Date Operations Commenced) through December 31, 2015. The holders of Operating Partnership units were entitled to an equal distribution per Operating Partnership unit held as of December 31, 2015. These amounts were paid on January 14, 2016.

We currently intend to pay quarterly dividends and distributions in cash. However, the timing, amount, and composition of all dividends and distributions will be made by the Company at the discretion of its Board of Trustees. Such dividends and distributions will depend on the financial position, results of operations, cash flows, capital requirements, debt covenants, applicable law, and other factors as the Board of Trustees of Seritage deems relevant.

Litigation and Other Matters

In accordance with accounting standards regarding loss contingencies, the Company accrues an undiscounted liability for those contingencies where the incurrence of a loss is probable and the amount can be reasonably estimated, and we disclose the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued or disclose the fact that such a range of loss cannot be estimated. We do not record liabilities when the likelihood that the liability has been incurred is probable but the amount cannot be reasonably estimated, or when the liability is believed to be only reasonably possible or remote. In such cases, we disclose the nature of the contingency, and an estimate of the possible loss, range of loss, or disclose the fact that an estimate cannot be made.

The Company is subject, from time to time, to various legal proceedings and claims that arise in the ordinary course of business. While the resolution of such matters cannot be predicted with certainty, management believes, based on currently available information, that the final outcome of such matters will not have a material effect on the consolidated financial position, results of operations, or liquidity of the Company.

In May and June of 2015, four purported Sears Holdings shareholders filed lawsuits in the Delaware Court of Chancery challenging the Transaction, which lawsuits have since been consolidated into a single action captioned In re Sears Holdings Corporation Stockholder and Derivative Litigation, Consol. C.A. No. 11081-VCL (the Action). On October 15, 2015, plaintiffs filed a verified consolidated stockholder derivative complaint in the Action against the individual members of Sears Holdings Board of Directors, ESL Investments, Inc. (together with its affiliates, ESL), Sears Holdings CEO, Fairholme Capital Management L.L.C. (FCM), and Seritage. On July 12, 2016, the plaintiffs filed a verified consolidated amended stockholder derivative complaint (the Amended Complaint) against the same defendants and asserting substantially the same claims as set forth in the complaint filed in October 2015. The plaintiffs have brought the Action derivatively on behalf of Sears Holdings, which is named as a nominal defendant, and allege that the Sears Holdings directors, as well as ESL and Edward S. Lampert (in their capacity as the alleged controlling stockholder of Sears Holdings), breached their fiduciary duties to Sears Holdings shareholders by selling the Wholly Owned Properties to Seritage at a price that was unfairly low and was the result of a process that allegedly

was flawed. The Amended Complaint also alleges that Seritage and FCM aided and abetted these alleged fiduciary breaches. Among other forms of relief, the plaintiffs are currently seeking damages in unspecified amounts. The Company believes that the plaintiffs claims and allegations against the Company are legally without merit and intends to contest these lawsuits vigorously. Due to, among other things, the fact that the litigation is at a very early stage, management cannot reasonably estimate the possible loss or range of loss, if any, that may arise from this matter.

Off-Balance Sheet Arrangements

The Company accounts for its investments in joint ventures that it does not have a controlling interest or is not the primary beneficiary using the equity method of accounting and those investments are reflected on the condensed consolidated balance sheets of the Company as investments in unconsolidated joint ventures. As of June 30, 2016 and December 31, 2015, we did not have any off-balance sheet financing arrangements.

Table of Contents

Retenanting and Redevelopment Projects

We are currently retenanting or redeveloping several properties primarily to convert single-tenant buildings occupied by Sears Holdings into multi-tenant properties occupied by a diversity of retailers and related concepts. The table below summarizes the Company s current redevelopment pipeline:

(dollars in thousands)

Property	Description	Total Project Square Feet	Total Estimated Dvlpmnt. Cost (1)	Total Estimated Project Cost (1)	Estimated Construction Start	Estimated Substantial Completion
King of Prussia, PA	Repurpose of former auto center space for Outback Steakhouse, Yard House and small shop retail	29,100	$ 3,900	$ 3,900	Underway	Q4 2016

Fairfax, VA	Partial recapture; redevelopment of existing store and attached auto center for Dave & Busters, additional junior anchors and restaurants	110,300	18,600	18,600	Q1 2017	Q4 2017
Madison, WI	Partial recapture; redevelopment of existing store for Dave & Busters, additional junior anchors, small shop retail and restaurants	75,300	14,200	14,200	Q1 2017	Q4 2017
West Jordan, UT	Partial recapture; redevelopment of existing store and attached auto center for Burlington Stores and small shop retail	81,400	10,800	10,800	Q1 2017	Q4 2017
North Hollywood, CA	Partial recapture; redevelopment of existing store for Burlington Stores and additional retail	79,800	12,300	12,300	Q2 2017	Q1 2018
Orlando, FL	100% recapture; redevelopment of existing building to be anchored by Floor & Décor and Orchard	139,200	19,600	19,900	Q2 2017	Q2 2018

	Supply Hardware			
Total		**1,008,700**	**$ 159,500**	**$ 172,500**

(1) Total estimated development costs exclude, and total estimated project costs include, termination fees to recapture 100% of the property.

We plan to fund these projects with available cash balances, cash flow from operations, draws against the Future Funding Facility, and other potential capital raising activities.

Table of Contents

The Company also acquired 15 retenanting or redevelopment projects that were in various stages of development at the closing of the Transaction. Of the 15 projects acquired by the Company, nine have been completed and delivered to tenants as of June 30, 2016. The remaining six projects, representing a total Company investment of approximately $11.3 million, are in process and have approximately $9.6 million remaining to be deployed as of June 30, 2016. Capital for these projects is held in a reserve account put in place at the closing of the Company s formation transaction and is included in restricted cash on the Company s condensed consolidated balance sheets.

Non-GAAP Supplemental Financial Measures and Definitions

The Company makes reference to NOI, Total NOI, FFO, Company FFO, EBITDA and Adjusted EBITDA.

Net Operating Income (NOI) and Total NOI

We define NOI as income from property operations less property operating expenses. Other REITs may use different methodologies for calculating NOI, and accordingly, the Company s depiction of NOI may not be comparable to other REITs. We believe NOI provides useful information regarding the Company, its financial condition, and results of operations because it reflects only those income and expense items that are incurred at the property level.

The Company also uses Total NOI, which includes its proportional share of unconsolidated properties. We believe this form of presentation offers insights into the financial performance and condition of the Company as a whole given our ownership of unconsolidated properties that are accounted for under GAAP using the equity method. We also consider Total NOI to be a helpful supplemental measure of our operating performance because it excludes from NOI items such as straight-line rent, and amortization of intangibles resulting from acquisition accounting

Due to the adjustments noted, NOI and Total NOI should only be used as an alternative measure of the Company s financial performance.

Earnings Before Interest Expense, Income Tax, Depreciation, and Amortization (EBITDA) and Adjusted EBITDA

We define EBITDA as NOI (as defined above) less administrative expenses and other operational items. EBITDA is a commonly used measure of performance in many industries, but may not be comparable to measures calculated by other companies. We believe EBITDA provides useful information to investors regarding our results of operations because it removes the impact of our capital structure (primarily interest expense) and our asset base (primarily depreciation and amortization). Management also believes the use of EBITDA facilitates comparisons between us and other equity REITs, retail property owners who are not REITs, and other capital-intensive companies.

The Company also considers Adjusted EBITDA to be a helpful supplemental measure of its operating performance because it excludes from EBITDA certain other non-cash and non-comparable items that we do not believe are representative of ongoing operating results.

Due to the adjustments noted, EBITDA and Adjusted EBITDA should only be used as an alternative measure of the Company s financial performance

Funds From Operations (FFO) and Company FFO

We define FFO using the definition set forth by the National Association of Real Estate Investment Trusts (NAREIT), which may not be comparable to measures calculated by other companies who do not use the NAREIT definition of FFO. FFO is calculated as net income computed in accordance with GAAP, excluding gains (or losses) from property sales, real estate related depreciation and amortization, and impairment charges on depreciable real estate assets.

We consider FFO a helpful supplemental measure of the operating performance for equity REITs and a complement to GAAP measures because it is a recognized measure of performance by the real estate industry. FFO facilitates an understanding of the operating performance of our properties between periods because it does not give effect to real estate depreciation and amortization which are calculated to allocate the cost of a property over its useful life. Since values for well-maintained real estate assets have historically increased or decreased based upon prevailing market

conditions, the Company believes that FFO provides investors with a clearer view of the Company s operating performance.

The Company makes certain adjustments to FFO, which it refers to as Company FFO, to account for certain non-cash and non-comparable items, such as loss on interest rate cap, acquisition-related expenses, and up-front-hiring and personnel costs, that it does not believe are representative of ongoing operating results. The Company previously referred to this metric as Normalized FFO; the definition and calculation remain the same.

Due to the adjustments noted, FFO and Company FFO should only be used as an alternative measure of the Company s financial performance.

Table of Contents

Reconciliation of Non-GAAP Financial Measures to GAAP Financial Measures

None of NOI, Total NOI, EBITDA, Adjusted EBITDA, FFO and Company FFO are measures that (i) represent cash flow from operations as defined by GAAP; (ii) are indicative of cash available to fund all cash flow needs, including the ability to make distributions; (iii) are alternatives to cash flow as a measure of liquidity; or (iv) should be considered alternatives to net income (which is determined in accordance with GAAP) for purposes of evaluating the Company s operating performance. Reconciliations of these measures to the respective GAAP measures we deem most comparable are presented below.

The following table reconciles NOI and Total NOI to GAAP net loss for the three and six months ended June 30, 2016 (in thousands):

	Three Months Ended June 30, 2016	Six Months Ended June 30, 2016
NOI		
Net loss	$ (12,565)	$ (27,279)
Depreciation and amortization	37,324	76,833
General and administrative	4,413	8,852
Acquisition-related expenses		73
Equity in income of unconsolidated joint ventures	(912)	(2,998)
Interest and other income	(59)	(119)
Interest expense	15,636	31,366
Unrealized loss on interest rate cap	480	1,851
Provision for income taxes	185	340
NOI	$ 44,502	$ 88,919
TOTAL NOI		
NOI	$ 44,502	$ 88,919
NOI of unconsolidated joint ventures	6,559	13,626
Straight-line rent adjustment (1)	(3,755)	(8,426)
Above/below market rental income/expense (1)	(124)	(424)
Total NOI	$ 47,182	$ 93,695

(1) Includes adjustments for unconsolidated joint ventures.

The following table reconciles EBITDA and Adjusted EBITDA to GAAP net loss for the three and six months ended June 30, 2016 (in thousands):

	Three Months Ended June 30, 2016	Six Months Ended June 30, 2016
EBITDA		
Net loss	$ (12,565)	$ (27,279)
Depreciation and amortization	37,324	76,833
Depreciation and amortization (unconsolidated joint ventures)	5,592	10,462
Interest expense	15,636	31,366
Provision for income and other taxes	185	340
EBITDA	$ 46,172	$ 91,722
ADJUSTED EBITDA		
EBITDA	$ 46,172	$ 91,722
Unrealized loss on interest rate cap	480	1,851
Acquisition-related expenses		73
Up-front hiring and personnel costs	68	328
Adjusted EBITDA	$ 46,720	$ 93,974

Table of Contents

The following table reconciles FFO and Company FFO to GAAP net loss for the three and six months ended June 30, 2016 (in thousands):

	Three Months Ended June 30, 2016	Six Months Ended June 30, 2016
FUNDS FROM OPERATIONS		
Net loss	$ (12,565)	$ (27,279)
Real estate depreciation and amortization (consolidated properties)	37,153	76,538
Real estate depreciation and amortization (unconsolidated joint ventures)	5,592	10,462
FFO attributable to common shareholders and unitholders	$ 30,180	$ 59,721
FFO per diluted common share and unit	$ 0.54	$ 1.07
COMPANY FUNDS FROM OPERATIONS		
Funds from Operations	$ 30,180	$ 59,721
Unrealized loss on interest rate cap	480	1,851
Amortization of deferred financing costs	1,340	2,680
Acquisition-related expenses		73
Up-front hiring and personnel costs	68	328
Company FFO attributable to common shareholders and unitholders	$ 32,068	$ 64,653
Company FFO per diluted common share and unit	$ 0.58	$ 1.16
WEIGHTED AVERAGE COMMON SHARES AND UNITS		
Weighted average common shares outstanding	31,391	31,391
Weighted average OP units outstanding	24,176	24,176
Weighted average common shares and units outstanding	55,567	55,567

Item 3. Quantitative and Qualitative Disclosure about Market Risk

Except as discussed below, there were no material changes in the Quantitative and Qualitative Disclosures about Market Risk set forth in our 2015 Annual Report on Form 10-K.

Interest Rate Fluctuations

As of June 30, 2016, we had $1.2 billion of Mortgage Loans Payable. The interest rate on the loans is the 30-day LIBOR rate plus a weighted average spread of 465 basis points. We have purchased a LIBOR interest rate cap that has a LIBOR strike rate of 3.5% and a term of four years. We are subject to market risk with respect to changes in the LIBOR rate. An immediate 100 basis point change in interest rates would have affected annual pretax funding costs by approximately $11.6 million.

Fair Value of Debt

The estimated fair value of our consolidated debt is calculated based on current market prices and discounted cash flows at the current rate at which similar loans would be made to borrowers with similar credit ratings for the remaining term of such debt. As of June 30, 2016, the estimated fair value of our consolidated debt was $1.2 billion.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures.

Under the supervision and with the participation of our management, including the Chief Executive Officer and the Chief Financial Officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on this evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of such date.

Changes in Internal Controls.

There were no changes in our internal control over financial reporting that occurred during the period ended June 30, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The information required by this Item is incorporated by reference to Note 10 of the condensed consolidated financial statements included herein.

Item 1A. Risk Factors

Information regarding risk factors appears in our 2015 Annual Report on Form 10-K in Part I, Item 1A. Risk Factors. There have been no material changes from the risk factors previously disclosed in our 2015 Annual Report on Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.
