INTER PARFUMS, INC. REPORTS RECORD SALES AND EARNINGS

Third Quarter Net Sales Up 54%, Net Income Up 74%, and EPS Up 64%

New York, New York, November 5, 2003: Inter Parfums, Inc. (**NASDAQ National Market: IPAR**) today reported record sales, net income and earnings per share for the third quarter ended September 30, 2003.

Third Quarter 2003 Compared to Third Quarter 2002:

- Net sales rose 54% to \$57.4 million, from \$37.4 million; at comparable foreign currency exchange rates, net sales were up 44% for the period;
- Gross margin was 49% as compared to 44% for the same period last year;
- S,G&A as a percentage of sales was 35%, compared to 31% for the corresponding period of the prior year;
- Income from operations rose 68% to \$8.4 million from \$5.0 million;
- Net income increased 74% to \$4.7 million from \$2.7 million; and,
- Diluted EPS rose 64% to \$0.23 from \$0.14.

Net sales for the nine months ended September 30, 2003 increased 46% to \$136.4 million, from \$93.2 million for the same period of 2002. At comparable foreign currency exchange rates, net sales were up 34% for the period. Net income rose 53% to \$10.1 million, up from \$6.6 million, while diluted earnings per share of \$0.51 are 55% ahead of the \$0.33 per diluted share reported for the comparable period in 2002.

Jean Madar, Chairman of the Board and Chief Executive Officer, stated, "This was not only a record third quarter, it was the best quarter in the history of our Company. Moreover, sales and earnings for the first nine months of this year exceeded all of 2002. The steep gains in the third quarter are in great part due to the initial launches of the women's line *Burberry Brit* into a number of major markets including the United Kingdom, the United States, Spain, France

and Italy. Launches of *Burberry Brit* will continue in the coming months in the rest of Europe, Asia, South America and the Middle East."

Mr. Madar continued, "The top line gains in the third quarter are also attributable to Diane von Furstenberg Beauty, our first ever line of prestige cosmetics. U.S. distribution, which began in September at New York's Henri Bendel, now includes select Saks Fifth Avenue, Nordstrom and Fred Segal stores. U.S. distribution will be initially limited to 35 of the finest specialty stores in the country.

"Of note," Mr. Madar pointed out, "in the current third quarter, prestige product sales increased to 75% of net sales, which is the primary reason for the five percentage point gain in gross margin. Likewise, product mix was the principal reason for the increase in S,G&A as a percentage of net sales. Although mass-market sales were up for the first half of the year, they declined 5% in the third quarter. The first half gain was primarily due to the May 2002 acquisition of certain fragrance brands from Tristar Corporation. With the acquisition anniversary behind us, the decline in mass market fragrance sales stems from the consolidation in certain of our fragrance lines to eliminate duplication and improve overall efficiency."

Mr. Madar concluded, "As we announced in October, assuming the dollar remains at current levels, we expect 2003 full year sales of between \$177 million and \$179 million, or a 36% to 37% improvement over 2002. We are looking for 2003 net income to be between \$12.7 million and \$12.9 million, which is a 35% to 37% increase over 2002. Looking ahead to the new year, the continued geographic rollout of products launched in the second half of this year, as well as the new fragrance lines planned for our S.T. Dupont, Christian Lacroix, Paul Smith and Celine brands, point to 2004 as another very ambitious year for new product launches, which for Inter Parfums, is the primary stimulant for sales and earnings growth."

Russell Greenberg, Executive Vice President and CFO, noted, "Our commitment to maintaining a healthy balance sheet remains a competitive advantage and business strength. We entered the fourth quarter of 2003 with working capital of approximately \$103 million and a working capital ratio of almost 3 to 1. Cash and cash equivalents aggregated \$42 million and our net book value was \$5.03 per outstanding share at September 30, 2003. We do not have any long-term debt."

Quarterly Dividend

The Company's regular quarterly cash dividend of \$.02 per share will be payable on January 15, 2004 to shareholders of record on December 31, 2003.
