PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

August 2, 2005

Approximate date of mailing: June 27, 2005

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of CalAmp Corp. (the Company or CalAmp) of proxies for use at the Annual Meeting of Stockholders of CalAmp (the Annual Meeting) to be held on Tuesday, August 2, 2005 at 10:00 a.m. local time or at any adjournment or postponement thereof.

VOTING RIGHTS

Stockholders of record of CalAmp as of the close of business on the record date established for the Annual Meeting, June 17, 2005, have the right to receive notice of and to vote at the Annual Meeting. On June 17, 2005, CalAmp had issued and outstanding 22,720,493 shares of Common Stock, par value \$0.01 per share (Common Stock), the only class of voting securities outstanding.

Each stockholder of record as of the record date will be entitled to one vote for each share of Common Stock held as of the record date. The presence at the Annual Meeting in person or by proxy of a majority of the shares of Common Stock outstanding as of the record date will constitute a quorum for transacting business. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. With regard to election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect. Abstentions may be specified on proposals other than the election of directors, and will be counted as present for purposes of the item on which the abstention is noted, and therefore counted in the tabulation of the votes cast on a proposal with the effect of a negative vote. In tabulating the voting result for any particular proposal, shares which constitute broker non-votes are not counted for purposes of determining the votes cast on the proposal and therefore will have no effect on the outcome of such matters requiring the affirmative vote of a majority of the votes cast.

Persons Making the Solicitation

The Proxy is solicited on behalf of the Board of Directors of the Company. The only solicitation materials to be sent to stockholders will be this Proxy Statement and the accompanying Proxy. The Board of Directors does not intend to use specially engaged employees or paid solicitors. The Board of Directors also intends to solicit the Proxies held on behalf of stockholders by brokers, dealers, banks and voting trustees, or their nominees. The Company will pay all reasonable expenses by such holders for mailing the solicitation material to the stockholders for whom they hold shares. All solicitation expenses are being paid by the Company.

Terms of the Proxy

The enclosed Proxy indicates the matters to be acted upon at the Annual Meeting and provides a box to be marked to indicate the manner in which the stockholder's shares are to be voted with respect to such matters. By appropriately marking the boxes, a stockholder may specify, with respect to the election of directors, whether the Proxy holder shall vote for or be without authority to vote on any or all candidates. The Proxy also confers upon the holders thereof discretionary voting authority with respect to such other business as may properly come before the Annual Meeting.

Where a stockholder has appropriately directed how the Proxy is to be voted, the shares will be voted in accordance with the stockholder's direction. In the absence of instructions, shares represented by valid Proxies will be voted in favor of the nominees for director and in favor of all proposals set forth in the Notice of Meeting and this Proxy Statement. If any other matters are properly presented at the Annual Meeting, the persons named in the Proxy will vote or refrain from voting in accordance with their best judgment. A Proxy may be revoked at any time prior to its exercise by giving written notice of the revocation thereof to the Corporate Secretary of the Company or by filing a duly executed Proxy bearing a later date. Stockholders may also vote in person if they attend the Annual Meeting even though they have executed and returned a Proxy.

The Board of Directors and Corporate Governance

The Company has established corporate governance practices designed to serve the best interests of the Company and its stockholders. The Company is in compliance with the current corporate governance requirements imposed by the Sarbanes-Oxley Act of 2002 and the Nasdaq National Market, or NASDAQ. The Company may make additional changes to its policies and procedures in the future to ensure continued compliance with developing standards in the corporate governance area.

The Board of Directors presently consists of seven members, five of whom are independent. A director's independence is determined by the Board of Directors as defined by the rules of NASDAQ. The Board has determined that each director is independent, with the exception of Fred Sturm, the Company's President and Chief Executive Officer, and James Ousley who served as President and Chief Executive Officer of Vytek Corporation until it was acquired by the Company in April 2004.

Contacting the Board of Directors

Stockholders interested in communicating directly with the Board of Directors, any Committee of the Board, the Chairman, or the non-management directors as a group may do so by sending a letter to the CalAmp Board of Directors, c/o Corporate Secretary, CalAmp Corp., 1401 North Rice Avenue, Oxnard, California 93030. The Corporate Secretary will review the correspondence and forward it to the Chairman of the Board, Chairman of the Governance and Nominating Committee, Audit Committee or to any individual director, group of directors or Committee of the Board to whom the communication is directed, as applicable, if the communication is relevant to CalAmp's business and financial operations, policies and corporate philosophies.

Attendance of Directors at Annual Meetings

It is a policy of the Board of Directors that attendance of all directors at the annual meeting of stockholders is strongly encouraged but is not required. All directors attended last year's annual meeting.

Committees of the Board

The Board of Directors has delegated certain of its authority to three committees: the Compensation Committee, the Audit Committee and the Governance and Nominating Committee. The Compensation Committee is composed of Messrs. Hausman, Gold and Ringer, with Mr. Hausman serving as Chairman. The Audit Committee is composed of Messrs. Hausman, Moyer and Perna, with Mr. Moyer serving as Chairman. The Governance and Nominating Committee is composed of Messrs. Gold, Perna and Ringer, with Mr. Ringer serving as Chairman. All of the Committees operate under written charters defining their functions and responsibilities. The charters of these Committees are available on the Company's website at www.calamp.com.

Compensation Committee

The primary functions of the Compensation Committee are to review and make recommendations to the Board of Directors with respect to the compensation of the Company's executive officers and to administer the Company's stock option plans. The Board of Directors has determined that each member of the Compensation Committee is independent as defined in the rules of NASDAQ. See also the Compensation Committee Report on Executive Compensation included elsewhere herein.

Audit Committee

The primary functions of the Audit Committee are to review and approve the scope of audit procedures performed by the Company's independent auditors, to review the audit reports rendered by the Company's independent auditors, to monitor the internal control environment within the Company, and to pre-approve the fees for all audit and non-audit services charged by the independent auditors. The Audit

Committee reports to the Board of Directors with respect to such matters and makes recommendations with respect to its findings. The Board of Directors has determined that Mr. Moyer is an audit committee financial expert within the meaning of SEC regulations. The Board has also determined that each member of the Audit Committee is independent as defined in the rules of NASDAQ. See also the Report of the Audit Committee included elsewhere herein.

Governance and Nominating Committee

The primary functions of the Governance and Nominating Committee are to review and make recommendations on the composition of the Board and its committees, to evaluate and recommend candidates for election to the Board, and to review and make recommendations to the full Board on corporate governance matters. The Board of Directors has determined that each member of the Governance and Nominating Committee is independent as defined in the rules of NASDAQ. The Governance and Nominating Committee operates under a written charter, a copy of which is available on the Company's website at www.calamp.com. The Governance and Nominating Committee has the authority to obtain advice and assistance from, and receive appropriate funding from, CalAmp for outside legal, accounting or other advisors as the Governance and Nominating Committee deems necessary to assist it in the performance of its functions.

The bylaws of CalAmp permit stockholders to nominate director candidates to stand for election to the Board at an annual meeting of stockholders. Nominations may be made by the Board or by any stockholder. Under the Company's by-laws, a stockholder may nominate a person for election as a director at a particular stockholder meeting only if written notice has been given to the Company not later than 60 days in advance of the meeting or, if later, the seventh day following the first public announcement of the date of such meeting.

The policy of the Governance and Nominating Committee is to consider properly made stockholder nominations for directors as described below under Identifying and Evaluating Nominees for Directors. In evaluating such nominations, like all nominations, the Board's criteria will include business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with CalAmp's interests. The Governance and Nominating Committee has not established any specific minimum qualification standards for nominees to the Board, although from time to time the Governance and Nominating Committee may identify certain skills or attributes (e.g., financial experience or business experience) as being particularly desirable to help meet specific Board needs that have arisen. Any stockholder nominations proposed for consideration by the Governance and Nominating Committee should include the nominee's name and qualifications for Board membership and should be addressed to the Governance and Nominating Committee, c/o Corporate Secretary, CalAmp Corp., 1401 North Rice Avenue, Oxnard, California 93030.

Identifying and Evaluating Nominees for Directors

Pursuant to the policy set forth in the charter of the Governance and Nominating Committee, the Committee will utilize a variety of methods for identifying and evaluating nominees for director. The Governance and Nominating Committee's policy is to assess the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance and Nominating Committee may consider various potential candidates for director. Candidates may come to the attention of the Governance and Nominating Committee through current Board members, stockholders or other parties. These candidates will be evaluated at meetings of the Governance and Nominating Committee, and may be considered at any point during the year. As described above, the Governance and Nominating Committee will consider properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by the Governance and Nominating Committee at a regularly scheduled meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to the Governance and Nominating Committee.

Board of Director and Committee Meeting Attendance

In fiscal year 2005, the Board of Directors held 13 meetings, the Compensation Committee held 8 meetings, the Audit Committee held 8 meetings, and the Governance and Nominating Committee held 2 meetings. All directors attended more than 75% of the aggregate meetings of the Board and committees on which the directors serve that were held during fiscal year 2005 except for Mr. Ringer, who because of health related reasons was only able to attend 70% of the aggregate meetings of the Board and committee meetings on which he served. For Board and committee meetings held subsequent to the end of fiscal 2005, Mr. Ringer's meeting attendance rate has increased to approximately 90%.

A fee of \$500 for each committee meeting attended telephonically, or which is held on the same day as a Board meeting.

Directors are also reimbursed for out-of-pocket expenses incurred in connection with attending meetings. Directors who are also executive officers of the Company receive no additional compensation for their services on the Board.

Pursuant to the terms of the Company's 2004 Stock Incentive Plan, on the first business day following the date of the annual meeting of the stockholders of the Company at which directors of the Company are elected, each non-employee director shall receive that number of incentive stock awards (consisting of stock options, stock appreciation rights (SARs), restricted stock, phantom stock and stock bonuses) as determined by the Board of Directors from time to time in an amount not to exceed 10,000 stock options or SARs, or 8,333 shares of restricted stock, phantom stock, or bonus stock. Options granted to non-employee directors become exercisable one year from the date of grant or such longer period as the Board of Directors may establish.

Code of Ethics

The Company has a written Code of Business Conduct and Ethics (Code of Ethics) that applies to all of the Company's directors, officers and employees. Section 14 of this Code of Ethics contains a Financial Management Code of Ethics that applies specifically to the Company's Chief Executive Officer and all finance and accounting employees including the Company's senior financial officers, in accordance with Section 406 of the Sarbanes-Oxley Act of 2002 and the rules of the Securities and Exchange Commission promulgated thereunder. The Code of Ethics is available on the Company's corporate website at www.calamp.com. **COMPENSATION COMMITTEE REPORT ON
EXECUTIVE COMPENSATION**

The Compensation Committee of the Board has furnished the following report on executive compensation. This report will not be deemed to be incorporated by reference by any general statement incorporating this proxy statement into any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this information by reference and will not be deemed soliciting material or deemed filed under those Acts.

The Compensation Committee of the Board is composed entirely of independent outside directors. We are responsible for monitoring the performance and compensation of executive officers, reviewing the compensation plans, including bonuses, and administering the Company's stock option plans.

Each year, we comprehensively review the compensation of the Company's Chief Executive Officer, and the other executive officers to assure that compensation is appropriately tied to performance and that salary and potential bonus compensation levels are appropriate. To focus and facilitate such review, we developed the following executive compensation guidelines for the Company:

executive compensation should be at or about the 50th percentile of technology company market levels to allow the Company to attract and retain talented management;

annual variable compensation should reward the executives for achieving specific results which should lead to increased stockholder value; and

supplemental benefits and perquisites which reward executives without regard to performance should be minimal.

The compensation of the Chief Executive Officer and of the Company's other executive officers is comprised of three primary components:

Salary

Bonus

Equity-based incentive awards

Salary is set at a competitive level to attract and retain qualified candidates. *Bonuses* are tied specifically to performance of the Company or a specific business unit of the Company and/or individual contributions. *Equity-based incentive awards* are granted in amounts we believe necessary to provide incentives for future performance, taking into account individual performance and length of service with the Company. This mix of compensation elements places a significant portion of compensation at risk and emphasizes performance.

From time to time we utilize the services of independent compensation consultants to review and assess various aspects of the Company's compensation program for executive officers as a means of ensuring that the Company maintains compensation at appropriate levels relative to the peer companies and the overall industry in which the Company operates.

Salary. The Chief Executive Officer's salary is determined by us in accordance with the general principles described above. Fred Sturm's base salary for fiscal 2005 was set at \$380,000, effective March 1, 2004. The base salaries of the other executive officers were similarly reviewed and set, with consideration also given to the relationship of those salaries to the salary of Mr. Sturm.

Bonus. For fiscal 2005, we established an expected target bonus for Mr. Sturm of 80% of his base salary that was dependent upon Company performance in relation to the annual operating plan. Mr. Sturm's actual bonus for the year was \$183,600. Under the fiscal 2005 incentive compensation program, the target bonus of other senior executive officers was set at 60% of their annual base salary, depending upon the actual executive officer, and was also dependent on Company or business unit performance.

Equity-based incentive awards. We believe that the Company should provide equity incentives to the Chief Executive Officer and other executive officers to better align their interests with those of the Company's stockholders, and to enhance retention and continuity of management. Equity incentives for management at the Company have historically been below the median level at peer companies. We assigned option awards to Mr. Sturm and other executive officers in part based on our desire to increase equity incentives at the Company and on their respective compensation levels and individual performance.

	2003	175,000	70,800	40,000	5,800

(1) Amounts include Company matching of employee contributions pursuant to the Company's 401(k) plan, and term life insurance premiums paid by the Company for the benefit of the named officers.

(2) Includes \$47,000 for costs associated with Mr. Hutchins' relocation from the East Coast during fiscal 2002.

(3) Mr. L. Heureux joined the Company on December 13, 2004.

Employment Agreements and Executive Severance Arrangements

On May 31, 2002, the Company entered into employment agreements with Messrs. Sturm, Hutchins and Vitelle. The key terms of these employment agreements, which are the same except as noted below, are as follows:

The officer's base salary will be reviewed by and be subject to adjustment at the sole discretion of the Board of Directors each year during the agreement;

The officer will be eligible to participate in the Company's employee bonus program and equity-based incentive awards program;

The term of the agreements is one year, and the term is automatically renewed each year for an additional one year period unless either the Company or the officer provide notice of non-renewal at least 30 days before the end of the employment agreement term; and

Edgar Filing: CalAmp Corp. - Form DEF 14A

If the officer's employment is terminated by the Company for Cause (as defined), then he is not entitled to severance pay. If the officer's employment is terminated by the Company without Cause, if the Company elects to not renew the employment agreement, or if the officer resigns for good reason (as defined) within 12 months following a change in control of the Company, then the officer is entitled to severance in the form of continuation of payments of base salary and employee benefits coverage for 12 months (or 24 months in the case of the Chief Executive Officer).

Options Grants In Last Fiscal Year

The following table sets forth information on grants of stock options pursuant to the Company's 2004 Stock Incentive Plan during the fiscal year ended February 28, 2005 to the executive officers named in the Summary Compensation Table:

Name	Options Granted	% of Total Options Granted to Employees in Fiscal Year	Exercise or Base Price (\$/share)	Expiration Date (1)	Potential Realizable Value at Assumed Annual Rate of Stock Price Appreciation for Option Term (2)	
					5%	10%
Fred Sturm	60,000	7.9%	\$ 7.25	5/12/14	\$ 273,600	\$ 693,300
Patrick Hutchins	40,000	5.2%	\$ 7.25	5/12/14	\$ 182,400	\$ 462,200
Steven L. Heureux	100,000	13.1%	\$ 7.95	12/13/14	\$ 500,000	\$ 1,267,000
Richard Vitelle	30,000	3.9%	\$ 7.25	5/12/14	\$ 136,800	\$ 346,600

- Options become exercisable at the rate of 25% per year, and have an option term of 10 years.
- The potential realizable value is calculated assuming both a 5% and a 10% annual increase in the stock value from the date and price of the option grant, and also assumes that the option is exercised at the end of 10 years on the last day of the option period (expiration date). The calculated future stock price for options granted at \$7.25 assuming 5% annual appreciation is \$11.81, and \$18.80 assuming 10% annual appreciation. The calculated future stock price for options granted at \$7.95 assuming 5% annual appreciation is \$12.95, and \$20.62 assuming 10% annual appreciation. There can be no assurances, however, that such future stock prices or annual appreciation percentage amounts can be achieved.

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table sets forth information as to options exercised during fiscal year 2005, and options held at the end of fiscal year 2005, by executive officers named in the Summary Compensation Table:

Name	Number of Shares Acquired on Exercise	Value Realized	Number of Securities Underlying Unexercised Options Held		Value of Unexercised In-the-Money Options (1)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Fred Sturm	20,000	\$ 105,800	247,500	137,500	\$ 750,500	\$ 243,400
Patrick Hutchins	0	\$ 0	76,300	78,700	\$ 437,500	\$ 676,500
Steven L. Heureux	0	\$ 0	0	100,000	\$ 0	\$ 0
Richard Vitelle	5,000	\$ 24,400	56,000	69,000	\$ 123,600	\$ 121,700

- The value of in-the-money options is computed by multiplying the number of in-the-money options by the difference between the option exercise prices and closing stock price at February 28, 2005 of \$7.25. In-the-money options are options whose exercise price is less than \$7.25 per share.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, its executive officers, and any persons holding more than 10 percent of the Company's Common Stock are required to report their initial ownership of the Company's Common Stock and any subsequent changes in that ownership to the Securities and Exchange Commission, the National Association of Securities Dealers and the Company. Specific due dates for these reports have been established and the Company is required to disclose in this Proxy Statement any failure to file, or late filing, of such reports with respect to the fiscal year ended February 28, 2005. Based solely upon a review of reports delivered to the Company during this period, all of these filing requirements were satisfied on a timely basis.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has adopted a policy pursuant to which material transactions between the Company and its executive officers, directors, nominees for election as directors, and principal stockholders (i.e., stockholders owning beneficially five percent or more of the outstanding voting securities of the Company) and members of the immediate family of any of the foregoing persons, shall be submitted to the Board of Directors for approval by a disinterested majority of the directors voting with respect to the transaction. For this purpose, a transaction is deemed material if such transaction, alone or together with a series of similar transactions during the same fiscal year, involves an amount which exceeds \$60,000. No such transactions occurred during the fiscal year ended February 28, 2005.

REPORT OF THE AUDIT COMMITTEE

The following Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this Audit Committee Report by reference therein.

The members of the Audit Committee have been appointed by the Board of Directors. The Audit Committee operates under a written charter which was adopted by the Board in May 2001 and first amended in May 2003. On October 6, 2004, the Board of Directors adopted an amended and restated Audit Committee Charter, which is attached hereto as Exhibit A. The Audit Committee consists of three directors, none of whom were or are officers or employees of the Company. The current members of the Audit Committee are A.J. Bert Moyer, who serves as Chairman, Arthur Hausman and Frank Perna, Jr. Each is an independent director within Section 4200(a)(15) of the National Association of Securities Dealers Marketplace Rules.

Duties of the Audit Committee during the period covered by this Report were to:

- oversee the Company's internal accounting and operational controls as well as its financial and regulatory reporting,
- select the Company's independent auditors and assess their performance on an ongoing basis,
- review the Company's interim and year-end financial statements and audit findings with management and the Company's independent auditors, and take any action considered appropriate by the Audit Committee and the Board,
- review the Company's general policies and procedures regarding audits, accounting and financial controls, the scope and results of the auditing engagement, and the extent to which the Company has implemented changes suggested by the auditors,
- review the results of each audit by the Company's independent accountants and discuss with them any factors, including, without limitation, the provision of any non-audit services, that may affect their independence,
- perform other oversight functions as requested by the full Board, and
- report activities performed to the full Board.

Management is responsible for the Company's internal controls. The Company's independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

Edgar Filing: CalAmp Corp. - Form DEF 14A

In this context, the Audit Committee reviewed CalAmp's audited financial statements for the fiscal year ended February 28, 2005 and discussed with both the management of CalAmp and KPMG LLP ("KPMG"), CalAmp's independent public accountants, these financial statements. CalAmp's management, which has primary responsibility for the Company's financial statements, represented to the Audit Committee that its audited financial statements were prepared in accordance with accounting principles generally accepted in the United States.

The Audit Committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, "Communication with Audit Committees," and SAS No. 90, "Audit Committee Communications." The Audit Committee also received from KPMG the written disclosures and letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and discussed with KPMG the independence of that firm. For the fiscal year ended February 28, 2005, KPMG received fees for the audit of CalAmp's consolidated financial statements. The Audit Committee also considered whether the provision of these services is compatible with maintaining the independence of KPMG.

Based on the review and discussions as described above, and in reliance thereon, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended February 28, 2005.

During the course of fiscal 2005, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting as a result of the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates at its meetings. Once the documentation, testing and evaluation were completed, the Audit Committee reviewed and discussed with management its assessment and report on the effectiveness of the Company's internal control over financial reporting as of February 28, 2005. During fiscal 2005, the Audit Committee met with KPMG, with and without management present, to discuss the results of its examination and its observations and recommendations regarding the Company's internal control over financial reporting. The Audit Committee also reviewed and discussed with KPMG its attestation report on management's assessment of internal control over financial reporting and its review and report on the Company's internal control over financial reporting. CalAmp filed these reports with the SEC in its Annual Report on Form 10-K for the fiscal year ended February 28, 2005.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor.

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditor. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may delegate pre-approval authority to one or more of its members, and the member or members to whom such authority is delegated must report any pre-approval decision to the Audit Committee at its next scheduled meeting. The Audit Committee cannot delegate its responsibilities to pre-approve services performed by the independent auditor to management. The Audit Committee's pre-approval policy includes a list of prohibited non-audit services, such as financial information systems design and implementation, that the independent auditor cannot perform for the Company under any circumstances.
