PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

Our financial statements included in this Form 10-Q are as follows:

F-1 Balance Sheets as of March 31, 2013 and December 31, 2012 (unaudited);

F-2 Statements of Operations for the three and nine months ended March 31, 2013 and 2012 and period from November 8, 2007 (Inception) to March 31, 2013 (unaudited);

F-3 Statements of Cash Flows for the three months ended March 31, 2013 and 2012 and period from November 8, 2007 (Inception) to March 31, 2013 (unaudited); and

F-4 Notes to Financial Statements

These financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the SEC instructions to Form 10-Q. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the interim period ended March 31, 2013 are not necessarily indicative of the results that can be expected for the full year.

4CABLE TV INTERNATIONAL, INC. (FORMERLY LIBERTO, INC.)

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2013

NOTE 1 – NATURE OF BUSINESS

Nature of Business

4CableTV International, Inc. formerly Liberto, Inc. (“Liberto”) is a development stage company and was incorporated in Nevada on November 8, 2007. The Company is engaged in the business of developing, manufacturing, and selling artificial lobster meat specifically for major food retailers in Southeast Asia.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

Accounting Basis

The Company uses the accrual basis of accounting and accounting principles generally accepted in the United States of America (“GAAP” accounting). The Company has adopted a December 31 fiscal year end.

Development Stage Company

The accompanying financial statements have been prepared under generally accepted accounting principles for development stage companies. A development-stage company is one in which planned principal operations have not commenced or if its operations have commenced, there has been no significant revenues there from.

Fair Value of Financial Instruments

Liberto's financial instruments consist of prepaid expenses, accrued expenses and an amount due to an officer. The carrying amount of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Liberto considers all highly liquid investments with maturities of three months or less to be cash equivalents. At March 31, 2013 and December 31, 2012, the Company had \$0 of cash.

Revenue Recognition

The Company will recognize revenue when products are fully delivered or services have been provided and collection is reasonably assured.

Table of Contents

4CABLE TV INTERNATIONAL, INC.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company utilizes the liability method of accounting for income taxes. Under the liability method deferred tax assets and liabilities are determined based on the differences between financial reporting basis and the tax basis of the assets and liabilities and are measured using enacted tax rates and laws that will be in effect, when the differences are expected to reverse. An allowance against deferred tax assets is recognized, when it is more likely than not, that such tax benefits will not be realized.

Any deferred tax asset is considered immaterial and has been fully offset by a valuation allowance because at this time the Company believes that it is more likely than not that the future tax benefit will not be realized as the Company has no current operations.

Loss Per Common Share

Basic loss per share is calculated using the weighted-average number of common shares outstanding during each reporting period. Diluted loss per share includes potentially dilutive securities such as outstanding options and warrants, using various methods such as the treasury stock or modified treasury stock method in the determination of dilutive shares outstanding during each reporting period. The Company does not have any potentially dilutive instruments.

Stock-Based Compensation

Stock-based compensation is accounted for at fair value in accordance with ASC 718. To date, the Company has not adopted a stock option plan and has not granted any stock options. As of March 31, 2013, the Company has not issued any stock-based payments to its employees.

Recent Accounting Pronouncements

Liberto does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flow.

NOTE 3 – PREPAID EXPENSES

Prepaid expenses of \$690 as of March 31, 2012 and December 31, 2012 consisted of an amount paid to the stock transfer agent to be used for future services.

NOTE 4 – ACCRUED EXPENSES

Accrued expenses of \$2,000 and \$10,513 at March 31, 2013 and December 31, 2012, respectively, consist of amounts owed to the Company's outside legal counsel for services rendered.

NOTE 5 – DUE TO OFFICER

The amount due to the officer of \$70,035 and \$57,522 at March 31, 2013 and December 31, 2012, respectively, consisted of amounts owed to an officer and shareholder of the Company for amounts advanced to pay for professional services provided by the Company's outside independent auditors, attorneys and stock transfer agent for services rendered. The amount is unsecured, due upon demand, and non-interest bearing.

F-5

Table of Contents

4CABLE TV INTERNATIONAL, INC.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2013

NOTE 6 – CAPITAL STOCK

The authorized capital of the Company is 90,000,000 common shares with a par value of \$ 0.001 per share and 10,000,000 preferred shares with a par value of \$0.001.

During the period ended December 31, 2007, the Company issued 2,150,000 shares of common stock for cash proceeds of \$43,000.

There were 2,150,000 shares of common stock issued and outstanding as of March 31, 2013.

There were 0 shares of preferred stock issued and outstanding as of March 31, 2013.

See Note 10.

NOTE 7 – GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As shown in the accompanying financial statements, the company has negative working capital, has incurred losses of \$114,345 since its inception and has not yet produced revenues from operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event that the Company cannot continue as a going concern. Management anticipates that it will be able to raise additional working capital through

the issuance of stock and through additional loans from investors.

The ability of the Company to continue as a going concern is dependent upon the Company's ability to attain a satisfactory level of profitability and obtain suitable and adequate financing. There can be no assurance that management's plan will be successful.

NOTE 8 – COMMITMENTS

The Company neither owns nor leases any real or personal property. An officer has provided office services without charge. There is no obligation for the officer to continue this arrangement. Such costs are immaterial to the financial statements and accordingly are not reflected herein. The officers and directors are involved in other business activities and most likely will become involved in other business activities in the future.

NOTE 9 – INCOME TAXES

For the period ended March 31, 2013, the Company has incurred net losses and, therefore, has no tax liability. The net deferred tax asset generated by the loss carry-forward has been fully reserved. The cumulative net operating loss carry-forward is approximately \$114,345 at March 31, 2013, and will expire beginning in the year 2031.

Table of Contents

4CABLE TV INTERNATIONAL, INC.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 2013

NOTE 9 – INCOME TAXES (continued)

The provision for Federal income tax consists of the following for the three months ended March 31, 2013 and 2012:

| | March 31, 2013 | March 31, 2012 |
|--|-------------------|----------------------|
| Federal income tax attributable to: | | |
| Current Operations | \$1,360 | \$680 |
| Less: valuation allowance | (1,360) | (680) |
| Net provision for Federal income taxes | \$0 | \$0 |

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows as of March 31, 2013 and December 31, 2012:

| | March 31, 2013 | December 31, 2012 |
|-------------------------------------|----------------|----------------------|
| Deferred tax asset attributable to: | | |
| Net operating loss carryover | \$38,877 | \$37,517 |
| Less: valuation allowance | (38,877) | (37,517) |
| Net deferred tax asset | \$0 | \$0 |

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards of approximately \$114,345 for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur net operating loss carry forwards may be limited as to use in future years.

NOTE 10 – SUBSEQUENT EVENTS

Effective April 25, 2013, the Company executed an 11:1 forward stock split. Existing shareholders received an additional 10 shares of the Company's common stock for every one share they owned. Weighted average shares outstanding have been adjusted to reflect this split.

In accordance with ASC Topic 855-10, the Company has analyzed its operations subsequent to March 31, 2013 to the date these financial statements were issued, and has determined that it does not have any additional material subsequent events to disclose in these financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements generally are identified by the words "believes," "project," "expects," "anticipates," "estimates," "intends," "strategy," "plan," "may," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Not all such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with those safe-harbor provisions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Further information concerning our business, including additional factors that could materially affect our financial results, is included herein and in our other filings with the SEC.

Overview

We were incorporated in the State of Nevada on November 8, 2007. Until recently, we were a development stage company engaged in the business of developing, manufacturing, and selling imitation lobster meat made from ground fish fillet, shrimp meat, crab meat, potato starch, sodium alginate, egg, lobster flavor, S.M.G., sugar, and salt, which we will produce specifically for major food retailers in Southeast Asia.

Since the initiation of this plan of operations, however, we have experienced losses and have been unable to obtain additional finances. In order to pursue our business plan, we would need to obtain additional funding in the form of equity financing from the sale of our common stock or loans. Unfortunately, we have not been able to identify sources of equity financing and do not have any arrangements in place for any future financing. The risky nature of this enterprise and lack of tangible assets places debt.

Because of the difficulties in raising additional funding, we have been presented with the difficult task of re-evaluating our business plan and plan of operations to determine whether it continues to be commercially viable.

As a result of our lack of progress so far, the uncertainty regarding the source of our required additional funding and the relatively risky overall nature of our enterprise, management has been evaluating alternative business opportunities.

We recently entered into a share exchange agreement with 4Cable TV, a South Carolina corporation, and the shareholders of 4Cable TV. At the closing of the voluntary share exchange transaction contemplated by the share exchange agreement, we plan to issue 20,900,000 shares of our common stock to the shareholders of 4CableTV in exchange for 100% of the issued and outstanding capital stock of 4Cable TV.

On April 11, 2013, we completed a short form merger with our wholly owned subsidiary, 4Cable TV International, Inc., and in the process of the merger changed our name to 4Cable TV International, Inc. by an amendment to our Articles of Incorporation.

If we are successful in this acquisition we will engage in the business of 4CableTV and most likely retire our prior business plan.

Table of Contents

Results of Operations for the Three and Nine Months Ended March 31, 2013 and 2012, and Period from November 8, 2007 (Date of Inception) until March 31, 2013

We generated no revenue for the period from November 8, 2007 (Date of Inception) until March 31, 2013. We do not anticipate revenues until we have succeeded in developing a marketable product and conducting sales.

Our Operating Expenses for the three months ended March 31, 2013 were \$4,000, as compared with \$2,000 for the three months ended March 31, 2012. Our Operating Expenses from November 8, 2007 (Date of Inception) to March 31, 2013 were \$114,345. For each period our Operating Expenses consisting entirely of Professional Fees.

We, therefore, recorded a net loss of \$4,000 for the three months ended March 31, 2013, as compared with \$2,000 for the same period ended March 31, 2012. We recorded a net loss of \$114,345 for the period from November 8, 2007 (Date of Inception) until March 31, 2013.

We anticipate our operating expenses will increase as we undertake our plan of operations.

Liquidity and Capital Resources

As of March 31, 2013, we had \$690 in current assets and \$72,035 in current liabilities. Thus, we had a working capital deficit of \$71,345 as of March 31, 2013. We owe \$70,035 to our officer and director for amounts advanced for our working capital needs. The amount is unsecured, due upon demand, and non-interest bearing.

Operating activities used \$113,035 in cash for the period from November 8, 2007 (Date of Inception) until March 31, 2013. Our net loss of \$114,345 was the primary factor of our negative operating cash flow, offset mainly by accrued expenses of \$2,000. Financing Activities during the period from November 8, 2007 (Date of Inception) until March 31, 2013 generated \$113,035 in cash during the period, which included \$43,000 from the sale of stock and \$70,035 as proceeds of a loan from our officer and director.

As of March 31, 2013, we have insufficient cash to operate our business at the current level for the next twelve months and insufficient cash to achieve our business goals. The success of our business plan beyond the next 12 months is contingent upon us obtaining additional financing. We intend to fund operations through debt and/or equity financing arrangements, which may be insufficient to fund our capital expenditures, working capital, or other cash requirements. We do not have any formal commitments or arrangements for the sales of stock or the advancement or loan of funds at this time. There can be no assurance that such additional financing will be available to us on

acceptable terms, or at all.

5

Table of Contents

Going Concern

The accompanying financial statements have been prepared assuming that we will continue as a going concern. As shown in the accompanying financial statements, we incurred losses of \$114,345 since our inception and have not yet produced revenues from operations. These factors raise substantial doubt about our ability to continue as a going concern.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event that we cannot continue as a going concern. Management anticipates that it will be able to raise additional working capital through the issuance of stock and through additional loans from investors.

Our ability to continue as a going concern is dependent upon our ability to attain a satisfactory level of profitability and obtain suitable and adequate financing. There can be no assurance that management's plan will be successful.

Off Balance Sheet Arrangements

As of March 31, 2013, there were no off balance sheet arrangements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4T. Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of March 31, 2013. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer, Rosielyn S. Baclig. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of March 31, 2013, our disclosure controls and procedures are effective. There have been no changes in our internal controls over financial reporting during the quarter ended March 31, 2013.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act are recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Limitations on the Effectiveness of Internal Controls

Our management does not expect that our disclosure controls and procedures or our internal control over financial reporting will necessarily prevent all fraud and material error. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving our objectives and our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at that reasonable assurance level. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the internal control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.
