SIGNET JEWELERS LIMITED

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Organization and principal accounting policies

Signet Jewelers Limited (“Signet” or the “Company”), a holding company incorporated in Bermuda, is the world’s largest retailer of diamond jewelry. The Company operates through its 100% owned subsidiaries with sales primarily in the United States (“US”), United Kingdom (“UK”) and Canada. Signet manages its business as five reportable segments: the Sterling Jewelers division, the Zale division, which consists of the Zale Jewelry and Piercing Pagoda segments, the UK Jewelry division and Other. The “Other” reportable segment consists of all non-reportable segments, including subsidiaries involved in the purchasing and conversion of rough diamonds to polished stones and unallocated corporate administrative functions. See Note 4 for additional discussion of the Company’s segments.

Signet’s sales are seasonal, with the first quarter slightly exceeding 20% of annual sales, the second and third quarters each approximating 20% and the fourth quarter accounting for almost 40% of annual sales, with December being by far the most important month of the year. The “Holiday Season” consists of results for the months of November and December. As a result, approximately 45% to 55% of Signet’s annual operating income normally occurs in the fourth quarter, comprised of nearly all of the UK Jewelry and Zale divisions’ annual operating income and approximately 40% to 45% of the Sterling Jewelers division’s annual operating income.

Basis of preparation

The condensed consolidated financial statements of Signet are prepared, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with US generally accepted accounting principles (“US GAAP”) have been condensed or omitted from this report, as is permitted by such rules and regulations. In the opinion of management, the accompanying condensed consolidated financial statements reflect all adjustments, which are of a normal recurring nature, necessary for a fair presentation of the results for the interim periods. It is suggested that these condensed consolidated financial statements be read in conjunction with the consolidated financial statements and notes included in Signet’s Annual Report on Form 10-K for the fiscal year ended January 28, 2017 filed with the SEC on March 16, 2017.

Use of estimates

The preparation of these condensed consolidated financial statements, in conformity with US GAAP and SEC regulations for interim reporting, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are primarily made in relation to the valuation of accounts receivable, inventories, deferred revenue, derivatives, employee benefits, income taxes, contingencies, asset impairments, indefinite-lived intangible assets, as well as depreciation and amortization of long-lived assets.

Fiscal year

The Company’s fiscal year ends on the Saturday nearest to January 3rd. Fiscal 2018 and Fiscal 2017 refer to the 53 week period ending February 3, 2018 and the 52 week period ending January 28, 2017, respectively. Within these condensed consolidated financial statements, the second quarter of the relevant fiscal years 2018 and 2017 refer to the 13 and 26 weeks ended July 29, 2017 and July 30, 2016, respectively.

Foreign currency translation

The financial position and operating results of certain foreign operations, including the UK Jewelry division and the Canadian operations of the Zale Jewelry segment, are consolidated using the local currency as the functional currency. Assets and liabilities are translated at the rates of exchange on the balance sheet date, and revenues and expenses are translated at the monthly average rates of exchange during the period. Resulting translation gains or losses are included in the accompanying condensed consolidated statements of equity as a component of accumulated other comprehensive income (loss) (“AOCI”). Gains or losses resulting from foreign currency transactions are included within the condensed consolidated income statements.

See Note 8 for additional information regarding the Company’s foreign currency translation.

Table of Contents

2. New accounting pronouncements

New accounting pronouncements adopted during the period

Inventory

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-11, “Inventory (Topic 330): Simplifying the Measurement of Inventory.” The new guidance states that inventory will be measured at the lower of cost and net realizable value. The ASU defines net realizable value as the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The adoption of this guidance in the first quarter of Fiscal 2018 did not have a material impact on the Company’s financial position or results of operations.

Share-based compensation

In March 2016, the FASB issued ASU No. 2016-09, “Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting.” The new guidance simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. The Company adopted all aspects of this guidance prospectively in the first quarter of Fiscal 2018 with a policy election to continue to estimate expected forfeitures in determining the amount of share-based compensation expense to be recognized. The adoption of this guidance did not have a material impact on the Company’s financial position or results of operations. See Note 9 for additional information regarding the impact on the Company’s results of operations in the first quarter of Fiscal 2018.

New accounting pronouncements to be adopted in future periods

Credit Losses

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments.” The new guidance requires entities to measure and recognize expected credit losses for financial assets measured at amortized cost basis. The estimate of expected credit losses should consider historical information, current information, and reasonable and supportable forecasts of expected losses over the remaining contractual life that affect collectibility. ASU No. 2016-13 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2019, with early adoption permitted. Signet currently expects to adopt this guidance when effective, and continues to assess the impact the adoption of this guidance will have on the Company’s financial position or results of operations.

Revenue recognition

In May 2014, the FASB issued ASU No. 2014-09, “Revenue from Contracts with Customers (Topic 606).” The new guidance affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets, unless those contracts are within the scope of other standards (for example, insurance contracts or lease contracts). The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU No. 2014-09 provides alternative methods of retrospective adoption. In August 2015, the FASB issued an update (ASU No. 2015-14) that defers the effective date by one year. As a result, ASU No. 2014-09 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted for annual periods beginning after December 15, 2016, including interim periods within that annual period.

The FASB has recently issued updates to certain aspects of the guidance to address implementation issues. In March 2016, the FASB issued additional guidance concerning “Principal versus Agent” considerations (reporting revenue gross versus net); in April 2016, the FASB issued additional guidance on identifying performance obligations and licensing; and in May 2016, the FASB issued additional guidance on collectibility, noncash consideration, presentation of sales tax, and transition. These updates are intended to improve the operability and understandability of the implementation guidance and have the same effective date and transition requirements as ASU No. 2014-09 guidance discussed above. Management continues to evaluate the impact this ASU, the related amendments and the interpretive guidance will have on the Company's consolidated financial statements

Signet is in the process of evaluating contracts with customers under the new guidance and cannot currently estimate the financial statement impact of adoption. The Company expects to progress through its assessment during Fiscal

2018 and will adopt this guidance in the first quarter of our fiscal year ending February 2, 2019. The Company is evaluating the impact of the standard through a cross-functional approach to analyze the impacts of the guidance across all of its revenue streams. This includes the review of current accounting policies and practices to identify potential differences that would result from applying the guidance. The majority of the Company's revenue is generated from sales of finished products, which will continue to be recognized when control is transferred to the customer. The Company intends to adopt the standard using the modified retrospective method.

Table of Contents

Financial instruments

In January 2016, the FASB issued ASU No. 2016-01, “Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities.” The new guidance primarily impacts accounting for equity investments and financial liabilities under the fair value option, as well as, the presentation and disclosure requirements for financial instruments. Under the new guidance, equity investments will generally be measured at fair value, with subsequent changes in fair value recognized in net income. ASU No. 2016-01 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017. Signet plans to adopt this guidance in the first quarter of our fiscal year ending February 2, 2019. Signet does not expect the adoption of this guidance to have a material impact on the Company’s financial position or results of operations.

Leases

In February 2016, the FASB issued ASU No. 2016-02, “Leases (Topic 842).” The new guidance primarily impacts lessee accounting by requiring the recognition of a right-of-use asset and a corresponding lease liability on the balance sheet for long-term lease agreements. The lease liability will be equal to the present value of all reasonably certain lease payments. The right-of-use asset will be based on the liability, subject to adjustment for initial direct costs. Lease agreements that are 12 months or less are permitted to be excluded from the balance sheet. In general, leases will be amortized on a straight-line basis with the exception of finance lease agreements. ASU No. 2016-02 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018, with early adoption permitted. Signet is currently assessing the timing of adoption which is effective for the first quarter of our fiscal year ending February 1, 2020 and the impact that adopting this guidance will have on the Company’s financial position or results of operations.

Liabilities

In March 2016, the FASB issued ASU No. 2016-04, “Liabilities - Extinguishments of Liabilities (Subtopic 405-20).” The new guidance addresses diversity in practice related to the derecognition of a prepaid stored-value product liability. Liabilities related to the sale of prepaid stored-value products within the scope of this update are financial liabilities. ASU No. 2016-04 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted. Signet plans to adopt this guidance in the first quarter of our fiscal year ending February 2, 2019. Signet does not expect the adoption of this guidance to have a material impact on the Company’s financial position or results of operations.

Intangibles

In January 2017, the FASB issued ASU No. 2017-04, “Intangibles - Goodwill and Other: Simplifying the Test for Goodwill Impairment.” The new guidance requires a single-step quantitative test to identify and measure goodwill impairment based on the excess of a reporting unit's carrying amount over its fair value. A qualitative assessment may still be completed first for an entity to determine if a quantitative impairment test is necessary. ASU No. 2017-04 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2019, with early adoption permitted. Signet is currently assessing the timing of adoption and the impact this guidance will have on the Company’s financial position or results of operations.

Retirement Benefits

In March 2017, the FASB issued ASU No. 2017-07, “Compensation - Retirement Benefits: Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost.” The new guidance requires entities to present the service cost component of the net periodic pension cost in the same income statement line item as other employee compensation costs arising from services rendered during the period. Entities will present the other components of net benefit cost separately from the service cost component and outside of operating profit within the income statement. In addition, only the service cost component will be eligible for capitalization in assets. ASU No. 2017-07 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted. Signet is currently assessing the timing of adoption and the impact this guidance will have on the Company’s financial position or results of operations.

Table of Contents

3. Credit transaction, net

On May 25, 2017, the Company, through its subsidiary Sterling Jewelers Inc. (“Sterling”), entered into a Sale and Purchase Agreement with Comenity Bank (“Comenity”) to sell the prime-only credit quality portion of Sterling’s existing in-house finance receivable portfolio and the assumption from Sterling of certain liabilities related to Sterling’s in-house finance receivable portfolio. The purchase price will be settled in cash for an amount equal to the gross value of the outstanding receivables (“par”) at the time of closing, which is currently estimated to be \$1 billion. The transaction is subject to the defeasance of the balance outstanding under the asset-backed securitization facility as disclosed in Note 16. The Sale and Purchase Agreement contains customary representations, warranties and covenants.

In addition, the Company and Comenity entered into a Credit Card Program Agreement (“Program Agreement”) to provide credit to prime-only credit quality customers with an initial term of seven years and, unless terminated by either party, additional renewal terms of two years. Under the Program Agreement, Comenity will establish a program to issue Sterling credit cards to be serviced, marketed and promoted in accordance with the terms of the agreement. Subject to limited exceptions, Comenity will be the exclusive issuer of private label credit cards or an installment or other closed end loan product in the United States bearing specified Company trademarks, including “Kay”, “Jared” and specified regional brands, but excluding “Zale”, during the term of the agreement. The pre-existing arrangement with Comenity for the issuing of Zale credit cards will be unaffected by the execution of the Program Agreement. Upon expiration or termination by either party of the Program Agreement, Sterling retains the option to purchase, or arrange the purchase by a third party of, the program assets from Comenity on terms that are no more onerous to Sterling than those applicable to Comenity under the Purchase Agreement, or in the case of a purchase by a third party, on customary terms. Additionally, the Company received a signing bonus, which may be repayable under certain conditions if the Program Agreement is terminated, and a right to receive future payments related to the performance of the credit program after the sale is completed under an economic profit sharing agreement. The Program Agreement contains customary representations, warranties and covenants.

The Company’s in-house finance receivables have historically been “held for investment” and recorded at par value less an allowance for credit losses. During the second quarter of Fiscal 2018, the portion of the in-house finance receivables meeting the criteria for sale to Comenity were reclassified to “held for sale” in accordance with US GAAP. As a result, these receivables are recorded at the lower of cost (par) or fair value. See Note 15 for the fair value measurement of these held for sale receivables. Additionally, the reclassification of these receivables resulted in the reversal of the related allowance for credit losses of \$20.7 million. This reversal was recorded in credit transaction, net in the condensed consolidated income statement for the 13 weeks ended July 29, 2017.

Upon closing, the Company expects to receive gross proceeds of approximately \$1.0 billion which will be utilized to repay the \$600 million balance outstanding on the asset backed securitization facility and to repay the short-term loan associated with the acquisition of R2Net, Inc. as disclosed in Note 21 and other borrowings under the revolving credit facility. The credit transaction is subject to regulatory approvals and other customary conditions, and is expected to close in October 2017.

4. Segment information

Financial information for each of Signet’s reportable segments is presented in the tables below. Signet’s chief operating decision maker utilizes sales and operating income, after the elimination of any inter-segment transactions, to determine resource allocations and performance assessment measures. Signet’s sales are derived from the retailing of jewelry, watches, other products and services as generated through the management of its five reportable segments: the Sterling Jewelers division, the Zale division, which consists of the Zale Jewelry and Piercing Pagoda segments, the UK Jewelry division and Other.

The Sterling Jewelers division operates in all 50 US states. Its stores operate nationally in malls and off-mall locations principally as Kay (Kay Jewelers and Kay Jewelers Outlet) and Jared (Jared The Galleria Of Jewelry and Jared Vault). The division also operates a variety of mall-based regional brands.

The Zale division operates jewelry stores (Zale Jewelry) and kiosks (Piercing Pagoda), located primarily in shopping malls throughout the US, Canada and Puerto Rico. Zale Jewelry includes the US store brand Zales (Zales Jewelers and Zales Outlet), which operates in all 50 US states, and the Canadian store brand Peoples Jewellers, which operates in

nine provinces. The division also operates the Gordon's Jewelers and Mappins regional brands. Piercing Pagoda operates through mall-based kiosks.

The UK Jewelry division operates stores in the UK, Republic of Ireland and Channel Islands. Its stores operate in shopping malls and off-mall locations (i.e. high street) principally as H.Samuel and Ernest Jones.

The Other reportable segment consists of all non-reportable segments, including subsidiaries involved in the purchasing and conversion of rough diamonds to polished stones, that are below the quantifiable threshold for separate disclosure as a reportable segment and unallocated corporate administrative functions.

5. Redeemable preferred shares

On October 5, 2016, the Company issued 625,000 shares of Series A Convertible Preference Shares (“preferred shares”) to Green Equity Investors VI, L.P., Green Equity Investors Side VI, L.P., LGP Associates VI-A LLC and LGP Associates VI-B LLC, all affiliates of Leonard Green & Partners, L.P., (together, the “Investors”) for an aggregate purchase price of \$625.0 million, or \$1,000 per share (the “Stated Value”) pursuant to the investment agreement dated August 24, 2016. In connection with the issuance of the preferred shares, the Company incurred direct and incremental expenses of \$13.7 million. These direct and incremental expenses originally reduced the preferred shares carrying value, and will be accreted through retained earnings as a deemed dividend from the date of issuance through the first possible known redemption date, November 2024. Accumulated accretion recorded in the condensed consolidated balance sheets was \$1.4 million as of July 29, 2017 (January 28, 2017: \$0.6 million). Accretion of \$0.4 million and \$0.8 million was recorded to preferred shares in the condensed consolidated balance sheets during the 13 and 26 weeks ended July 29, 2017, respectively.

Pursuant to the preferred shares conversion features, the conversion rate as of July 29, 2017 is 10.7707 (January 28, 2017: 10.6529) common shares per preferred share or a conversion price of \$92.8445 (January 28, 2017: \$93.8712). As of July 29, 2017 and January 28, 2017, the maximum number of common shares that could be required to be issued if converted was 6.7 million shares. Preferred shareholders are entitled to a cumulative dividend at the rate of 5% per annum, payable quarterly in arrears. Refer to Note 6 for additional discussion of the Company’s dividends on preferred shares. The liquidation preference was \$632.8 million as of July 29, 2017.

Table of Contents

6. Shareholders' equity

Share repurchases

In February 2016, the Board of Directors authorized the repurchase of Signet's common shares up to \$750.0 million (the "2016 Program"). In August 2016, the Board of Directors increased its authorized share repurchase program by \$625.0 million, bringing the total authorization for the 2016 Program to \$1,375.0 million. The 2016 Program may be suspended or discontinued at any time without notice.

Common shares repurchased during the 26 weeks ended July 29, 2017 and July 30, 2016 were as follows:

(in millions, except per share amounts)	26 weeks ended July 29, 2017		26 weeks ended July 30, 2016	
	Amount authorized	Shares repurchased Average repurchase price per share	Amount repurchased	Average repurchase price per share
2016 Program ⁽¹⁾	\$ 1,375.0	8.1 \$ 460.0	\$ 56.91	2.7 \$ 239.4
2013 Program ⁽²⁾	\$ 350.0	n/a n/a	n/a	1.2 135.6
Total		8.1 \$ 460.0	\$ 56.91	3.9 \$ 375.0

⁽¹⁾ The 2016 Program had \$50.6 million remaining as of July 29, 2017.

⁽²⁾ The 2013 Program was completed in May 2016.

n/a Not applicable.

In June 2017, the Board of Directors authorized a new program to repurchase \$600.0 million of Signet's common shares (the "2017 Program"). The 2017 Program may be suspended or discontinued at any time without notice.

Dividends on common shares

(in millions, except per share amounts)	Fiscal 2018		Fiscal 2017	
	Cash dividend per share	Total dividends	Cash dividend per share	Total dividends
First quarter	\$0.31	\$ 21.3	\$0.26	\$ 20.4
Second quarter ⁽¹⁾	0.31	18.7	0.26	19.7
Total	\$0.62	\$ 40.0	\$0.52	\$ 40.1

Signet's dividend policy for common shares results in the dividend payment date being a quarter in arrears from the declaration date. As a result, as of July 29, 2017 and July 30, 2016, \$18.7 million and \$19.7 million, respectively,

⁽¹⁾ has been recorded in accrued expenses and other current liabilities in the condensed consolidated balance sheets reflecting the cash dividends on common shares declared for the second quarter of Fiscal 2018 and Fiscal 2017, respectively.

In addition, in August 2017, Signet's Board declared a quarterly dividend of \$0.31 per share on its common shares. This dividend will be payable on November 30, 2017 to shareholders of record on October 27, 2017, with an ex-dividend date of October 26, 2017.

Dividends on preferred shares

During the 13 and 26 weeks ended July 29, 2017, cash dividends totaling \$7.8 million and \$15.6 million were declared by the Company. As of July 29, 2017, dividends on preferred shares totaling \$7.8 million have been recorded in accrued expenses and other current liabilities in the condensed consolidated balance sheet reflecting the dividend declared for the second quarter of Fiscal 2018. As disclosed in the condensed consolidated income statements, there were no cumulative undeclared dividends on the preferred shares that reduced net income attributable to common shareholders. In addition, deemed dividends of \$0.4 million and \$0.8 million related to accretion of issuance costs associated with the preferred shares was recognized during the 13 and 26 weeks ended July 29, 2017. See Note 5 for additional information.

Table of Contents

7. Earnings per common share ("EPS")

Basic EPS is computed by dividing net income attributable to common shareholders by the weighted average number of common shares outstanding for the period. The computation of basic EPS is outlined in the table below:

	13 weeks ended		26 weeks ended	
	July 29, 2017		July 30, 2016	
(in millions, except per share amounts)	2017	2016	2017	2016

Numerator:

Net income attributable to common shareholders	\$85.2	\$ 81.9	\$155.5	\$228.7
--	--------	---------	---------	---------

Denominator:

Weighted average common shares outstanding	63.8	77.1	65.9	77.8
--	------	------	------	------

EPS – basic	\$1.34	\$ 1.06	\$2.36	\$ 2.94
-------------	--------	---------	--------	---------

The dilutive effect of share awards represents the potential impact of outstanding awards issued under the Company's share-based compensation plans, including restricted shares and restricted stock units issued under the Omnibus Plan and stock options issued under the Share Saving Plans and Executive Plans. The dilutive effect of preferred shares represents the potential impact for common shares that would be issued upon conversion. Potential common share dilution related to share awards and preferred shares is determined using the treasury stock and if-converted methods, respectively. Under the if-converted method, the preferred shares are assumed to be converted at the beginning of the period, and the resulting common shares are included in the denominator of the diluted EPS calculation for the entire period being presented, only in the periods in which such effect is dilutive. Additionally, in periods in which preferred shares are dilutive, cumulative dividends and accretion for issuance costs associated with the preferred shares are added back to net income attributable to common shareholders. See Note 5 for additional discussion of the Company's preferred shares. The computation of diluted EPS is outlined in the table below:

	13 weeks ended		26 weeks ended	
	July 29, 2017		July 30, 2016	
(in millions, except per share amounts)	2017	2016	2017	2016

Numerator:

Net income attributable to common shareholders	\$85.2	\$ 81.9	\$155.5	\$228.7
--	--------	---------	---------	---------

Add: Dividends on preferred shares	8.2	n/a	—	n/a
------------------------------------	-----	-----	---	-----

Numerator for diluted EPS	\$93.4	\$ 81.9	\$155.5	\$228.7
---------------------------	--------	---------	---------	---------

Denominator:

Weighted average common shares outstanding	63.8	77.1	65.9	77.8
--	------	------	------	------

Plus: Dilutive effect of share awards	—	0.1	0.1	0.1
---------------------------------------	---	-----	-----	-----

Plus: Dilutive effect of preferred shares	6.7	n/a	—	n/a
---	-----	-----	---	-----

Diluted weighted average common shares outstanding	70.5	77.2	66.0	77.9
--	------	------	------	------

EPS – diluted	\$1.33	\$ 1.06	\$2.36	\$ 2.94
---------------	--------	---------	--------	---------

n/a Not applicable as preferred shares were issued in October 2016. See Note 5 for additional information.

The calculation of diluted EPS excludes the following items for each respective period on the basis that their effect would be anti-dilutive.

	July 29, 2017		July 30, 2016	
(in millions)	2017	2016	2017	2016
Share awards	0.3	0.2		
Potential impact of preferred shares	6.7	n/a		
Total anti-dilutive shares	7.0	0.2		

n/a Not applicable as preferred shares were issued in October 2016. See Note 5 for additional information.

Total reclassifications, net of tax \$(0.9) \$ 0.5 \$(2.0) \$ 1.5

⁽¹⁾ These items are included in the computation of net periodic pension benefit.

Table of Contents

9. Income taxes

	26 weeks ended July 29, July 30, 2017 2016
Forecasted annual effective tax rate	23.0% 25.8 %
Discrete items recognized	0.5 % — %
Effective tax rate recognized in income statement	23.5% 25.8 %

As disclosed in Note 2, the Company adopted ASU 2016-09 during the first quarter of Fiscal 2018. The Company anticipates the adoption of this accounting guidance related to share-based compensation to increase the periodic volatility in future effective tax rates as it will result in additional discrete items being recognized in future periods when the deduction for tax purposes for share awards does not equal the cumulative compensation costs of the share awards for financial reporting purposes. To the extent there are discrete items that are not included in the forecasted annual effective tax rate, the actual effective tax rate will differ from the forecasted annual effective tax rate. During Fiscal 2018, the Company recognized incremental tax expense for a discrete item related to the tax shortfall associated with share awards vesting subsequent to the adoption of the new share-based compensation accounting guidance in ASC No. 2016-09.

During the 26 weeks ended July 29, 2017, the Company's forecasted annual effective tax rate was lower than the US federal income tax rate primarily due to the favorable impact of foreign tax rate differences and benefits from global reinsurance and financing arrangements. The forecasted annual effective tax rate excludes the effects of any discrete items that may be recognized in future periods.

There has been no material change in the amounts of unrecognized tax benefits, or the related accrued interest and penalties (where appropriate), in respect of uncertain tax positions identified as of January 28, 2017.

10. Accounts receivable, net

Signet's accounts receivable primarily consist of US customer in-house financing receivables. The accounts receivable portfolio consists of a population that is of similar characteristics and is evaluated collectively for impairment.

On May 25, 2017, the Company entered into an agreement to sell a portion of the Sterling Jewelers customer in-house finance receivables. As a result, these receivables have been classified as "held for sale" in the condensed consolidated balance sheet and recorded at the lower of cost (par) or fair value. As of July 29, 2017, the accounts receivable held for sale were recorded at cost (par) as the fair value approximated cost as disclosed in Note 15.

(in millions)	July 29, 2017	January 28, 2017	July 30, 2016
Accounts receivable held for investment by portfolio segment, net:			
Sterling Jewelers customer in-house finance receivables	\$622.6	\$ 1,813.3	\$ 1,615.6
Zale customer in-house finance receivables	34.0	33.4	25.0
Other accounts receivable	7.9	11.3	10.0
Total accounts receivable, net	\$664.5	\$ 1,858.0	\$ 1,650.6

Accounts receivable, held for sale	\$1,055.6	\$ —	\$ —
------------------------------------	-----------	------	------

Signet grants credit to customers based on a variety of credit quality indicators, including consumer financial information and prior payment experience. On an ongoing basis, management monitors the credit exposure based on past due status and collection experience, as it has found a meaningful correlation between the past due status of customers and the risk of loss.

During the third quarter of Fiscal 2016, Signet implemented a program to provide in-house credit to customers in the Zale division's US locations. The allowance for credit losses associated with Zale customer in-house finance receivables was immaterial as of July 29, 2017, January 28, 2017 and July 30, 2016.

Other accounts receivable is comprised primarily of accounts receivable relating to the insurance loss replacement business in the UK Jewelry division of \$6.9 million (January 28, 2017 and July 30, 2016: \$11.0 million and \$7.6 million, respectively).

Table of Contents

As a portion of the Sterling Jewelers customer in-house finance receivables have been reclassified as “held for sale” during the second quarter of Fiscal 2018, the allowance for credit losses associated with these receivables has been reversed as of July 29, 2017. The allowance for credit losses on Sterling Jewelers customer in-house finance receivables “held for investment” is shown below:

(in millions)	26 weeks ended	
	July 29, 2017	July 30, 2016
Beginning balance	\$(138.7)	\$(130.0)
Charge-offs, net	103.9	89.5
Recoveries	17.8	18.3
Provision	(118.0)	(107.2)
	\$(135.0)	\$(129.4)
Reversal of allowance on receivables held for sale	20.7	—
Ending balance	\$(114.3)	\$(129.4)
Ending receivable balance evaluated for impairment	736.9	1,745.0
Sterling Jewelers customer in-house finance receivables, net	\$622.6	\$1,615.6

Net bad debt expense is defined as the provision expense less recoveries.

The credit quality indicator and age analysis of Sterling Jewelers customer in-house finance receivables “held for investment” and “held for sale” are shown below:

(in millions)	July 29, 2017		January 28, 2017		July 30, 2016	
	Gross	Valuation allowance	Gross	Valuation allowance	Gross	Valuation allowance
Performing:						
Current, aged 0 – 30 days	\$1,394.2	\$(42.8)	\$1,538.2	\$(47.2)	\$1,350.7	\$(41.3)

	100.0 %	7.5 %	100.0 %	7.1 %	100.0 %	7.4 %

See Note 3 for additional information regarding the anticipated sale of a portion of the US customer in-house finance receivable portfolio, as well as the agreement to outsource the servicing function for the Company’s remaining in-house finance receivables.

Securitized credit card receivables

The Sterling Jewelers division securitizes its credit card receivables through its Sterling Jewelers Receivables Master Note Trust. See Note 16 for additional information regarding this asset-backed securitization facility.

Table of Contents

11. Inventories

The following table summarizes the Company's inventory by classification:

(in millions)	July 29, 2017	January 28, 2017	July 30, 2016

12. Goodwill and intangibles

Goodwill

The following table summarizes the Company's goodwill by reportable segment:

(in millions)	Sterling Jewelers	Zale Jewelry	Piercing Pagoda	UK Jewelry	Other	Total
Balance at January 30, 2016	\$ 23.2	\$ 488.7	\$ —	\$ —	\$ 3.6	\$515.5
Impact of foreign exchange	—	2.1	—	—	—	2.1
Balance at January 28, 2017	23.2	490.8	—	—	3.6	517.6
Impact of foreign exchange	—	2.3	—	—	—	2.3
Balance at July 29, 2017	\$ 23.2	\$ 493.1	\$ —	\$ —	\$ 3.6	\$519.9

There have been no goodwill impairment losses recognized during the fiscal periods presented in the condensed consolidated income statements.

Intangibles

The following table provides detail regarding the composition of intangible assets and liabilities:

(in millions)	Balance sheet location	July 29, 2017 Gross carrying amount	Net accumulated amortization	Net carrying amount	January 28, 2017 Gross carrying amount	Net accumulated amortization	Net carrying amount	July 30, 2016 Gross carrying amount	Net accumulated amortization	Net carrying amount
Definite-lived intangible assets:										
Trade names	Intangible assets, net	\$1.5	\$ (0.9)	\$0.6	\$1.4	\$ (0.8)	\$0.6	\$1.4	\$ (0.6)	\$0.8
Favorable leases	Intangible assets, net	48.3	(42.7)	5.6	47.6	(36.0)	11.6	47.8	(29.4)	18.4
Total definite-lived intangible assets		49.8	(43.6)	6.2	49.0	(36.8)	12.2	49.2	(30.0)	19.2
Indefinite-lived trade names	Intangible assets, net	407.7	—	407.7	404.8	—	404.8	405.5	—	405.5
Total intangible assets, net		\$457.5	\$ (43.6)	\$413.9	\$453.8	\$ (36.8)	\$417.0	\$454.7	\$ (30.0)	\$424.7
Definite-lived intangible liabilities:										
Unfavorable leases	Other liabilities	\$(48.9)	\$ 44.3	\$(4.6)	\$(48.3)	\$ 38.2	\$(10.1)	\$(48.4)	\$ 31.2	\$(17.2)
Unfavorable contracts	Other liabilities	(65.6)	36.2	(29.4)	(65.6)	33.5	(32.1)	(65.6)	30.8	(34.8)
Total intangible liabilities, net		\$(114.5)	\$ 80.5	\$(34.0)	\$(113.9)	\$ 71.7	\$(42.2)	\$(114.0)	\$ 62.0	\$(52.0)

During the second quarter of Fiscal 2018, the Company performed its annual evaluation of its indefinite-lived intangible assets, including goodwill and trade names identified in the Zale acquisition, for impairment indicators. Impairment indicators identified included weakness in the overall retail environment, declines in same store sales, as well as a general decline in the market valuation of the Company's common shares. At this time, the estimated fair value of the reporting units and indefinite-lived trade names continues to exceed the carrying values. However, the

Company will continue to monitor sales trends, interest rates, and other key inputs to the estimates of fair value. A further decline in the key inputs, especially sales trends used in the valuation of trade names, may result in an impairment charge.

Table of Contents

13. Other assets

(in millions)	July 29, January 28, July 30, 2017 2017 2016		
Deferred ESP selling costs	\$ 87.2	\$ 86.1	\$ 82.6
Investments (available-for-sale)	28.5	27.2	27.0
Other assets	49.4	51.8	48.4
Total other assets	\$ 165.1	\$ 165.1	\$ 158.0

In addition, other current assets include deferred direct selling costs in relation to the sale of extended service plans and lifetime warranty agreements (“ESP”) of \$29.7 million as of July 29, 2017 (January 28, 2017 and July 30, 2016: \$29.4 million and \$27.7 million, respectively).

14. Derivatives

Derivative transactions are used by Signet for risk management purposes to address risks inherent in Signet’s business operations and sources of financing. The main risks arising from Signet’s operations are market risk including foreign currency risk, commodity risk, liquidity risk and interest rate risk. Signet uses derivative financial instruments to manage and mitigate certain of these risks under policies reviewed and approved by the Board of Directors. Signet does not enter into derivative transactions for speculative purposes.

Market risk

Signet generates revenues and incurs expenses in US dollars, Canadian dollars and British pounds. As a portion of UK Jewelry purchases and purchases made by the Canadian operations of the Zale division are denominated in US dollars, Signet enters into forward foreign currency exchange contracts and foreign currency swaps to manage this exposure to the US dollar.

Signet holds a fluctuating amount of British pounds and Canadian dollars reflecting the cash generative characteristics of operations. Signet’s objective is to minimize net foreign exchange exposure to the income statement on non-US dollar denominated items through managing cash levels, non-US dollar denominated intra-entity balances and foreign currency swaps. In order to manage the foreign exchange exposure and minimize the level of funds denominated in British pounds and Canadian dollars, dividends are paid regularly by subsidiaries to their immediate holding companies and excess British pounds and Canadian dollars are sold in exchange for US dollars.

Signet’s policy is to minimize the impact of precious metal commodity price volatility on operating results through the use of outright forward purchases of, or by entering into options to purchase, precious metals within treasury guidelines approved by the Board of Directors. In particular, Signet undertakes some hedging of its requirements for gold through the use of options, net zero-cost collar arrangements (a combination of call and put option contracts), forward contracts and commodity purchasing, while fluctuations in the cost of diamonds are not hedged.

Liquidity risk

Signet’s objective is to ensure that it has access to, or the ability to generate, sufficient cash from either internal or external sources in a timely and cost-effective manner to meet its commitments as they become due and payable. Signet manages liquidity risks as part of its overall risk management policy. Management produces forecasting and budgeting information that is reviewed and monitored by the Board of Directors. Cash generated from operations and external financing are the main sources of funding, which supplement Signet’s resources in meeting liquidity requirements.

The main external sources of funding are a senior unsecured credit facility, senior unsecured notes and securitized credit card receivables, as described in Note 16.

Interest rate risk

Signet has exposure to movements in interest rates associated with cash and borrowings. Signet may enter into various interest rate protection agreements in order to limit the impact of movements in interest rates.

Interest rate swap (designated) — The Company entered into an interest rate swap in March 2015 with an aggregate notional amount of \$300.0 million that is scheduled to mature through April 2019. Under this contract, the Company agrees to exchange, at specified intervals, the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional amounts. This contract was entered into to reduce the consolidated interest rate risk associated with variable rate, long-term debt. The Company designated this derivative as a cash flow

hedge of the variability in expected cash outflows for interest payments. The Company has effectively converted a portion of its variable-rate senior unsecured term loan into fixed-rate debt.

Table of Contents

The fair value of the swap is presented within the condensed consolidated balance sheets, and the Company recognizes any changes in the fair value as an adjustment of AOCI within equity to the extent the swap is effective. The ineffective portion, if any, is recognized in current period earnings. As interest expense is accrued on the debt obligation, amounts in AOCI related to the interest rate swap are reclassified into income resulting in a net interest expense on the hedged amount of the underlying debt obligation equal to the effective yield of the fixed rate of the swap. In the event that the interest rate swap is dedesignated prior to maturity, gains or losses in AOCI remain deferred and are reclassified into earnings in the periods in which the hedged forecasted transaction affects earnings.

Credit risk and concentrations of credit risk

Credit risk represents the loss that would be recognized at the reporting date if counterparties failed to perform as contracted. Signet does not anticipate non-performance by counterparties of its financial instruments, except for customer in-house financing receivables as disclosed in Note 10 of which no single customer represents a significant portion of the Company's receivable balance. Signet does not require collateral or other security to support cash investments or financial instruments with credit risk; however, it is Signet's policy to only hold cash and cash equivalent investments and to transact financial instruments with financial institutions with a certain minimum credit rating. Management does not believe Signet is exposed to any significant concentrations of credit risk that arise from cash and cash equivalent investments, derivatives or accounts receivable.

Commodity and foreign currency risks

The following types of derivative financial instruments are utilized by Signet to mitigate certain risk exposures related to changes in commodity prices and foreign exchange rates:

Forward foreign currency exchange contracts (designated) — These contracts, which are principally in US dollars, are entered into to limit the impact of movements in foreign exchange rates on forecasted foreign currency purchases. The total notional amount of these foreign currency contracts outstanding as of July 29, 2017 was \$35.3 million (January 28, 2017 and July 30, 2016: \$37.8 million and \$39.2 million, respectively). These contracts have been designated as cash flow hedges and will be settled over the next 12 months (January 28, 2017 and July 30, 2016: 12 months and 12 months, respectively).

Forward foreign currency exchange contracts (undesignated) — Foreign currency contracts not designated as cash flow hedges are used to limit the impact of movements in foreign exchange rates on recognized foreign currency payables and to hedge currency flows through Signet's bank accounts to mitigate Signet's exposure to foreign currency exchange risk in its cash and borrowings. The total notional amount of these foreign currency contracts outstanding as of July 29, 2017 was \$40.7 million (January 28, 2017 and July 30, 2016: \$117.8 million and \$19.5 million, respectively).

Commodity forward purchase contracts and net zero-cost collar arrangements (designated) — These contracts are entered into to reduce Signet's exposure to significant movements in the price of the underlying precious metal raw material. The total notional amount of these commodity derivative contracts outstanding as of July 29, 2017 was 47,000 ounces of gold (January 28, 2017 and July 30, 2016: 94,000 ounces and 27,000 ounces, respectively). These contracts have been designated as cash flow hedges and will be settled over the next 12 months (January 28, 2017 and July 30, 2016: 12 months and 6 months, respectively).

The bank counterparties to the derivative instruments expose Signet to credit-related losses in the event of their non-performance. However, to mitigate that risk, Signet only contracts with counterparties that meet certain minimum requirements under its counterparty risk assessment process. As of July 29, 2017, Signet believes that this credit risk did not materially change the fair value of the foreign currency or commodity contracts.

The following table summarizes the fair value and presentation of derivative instruments in the condensed consolidated balance sheets:

Table of Contents

(in millions)	Fair value of derivative assets			
	Balance sheet location	July 29, 2017	January 28, 2017	July 30, 2016
Derivatives designated as hedging instruments:

Gains (losses) recorded in AOCI, end of period		\$0.7	\$(3.8)	\$0.7	\$(3.8)

There was no material ineffectiveness related to the Company's derivative instruments designated in cash flow hedging relationships for the 13 and 26 weeks ended July 29, 2017 and July 30, 2016. Based on current valuations, the Company expects approximately \$1.7 million of net pre-tax derivative gains to be reclassified out of AOCI into earnings within the next 12 months.

Derivatives not designated as hedging instruments

The following table presents the effects of the Company's derivatives instruments not designated as cash flow hedges in the condensed consolidated income statements:

(in millions)	Income statement caption	13 weeks ended		26 weeks ended	
		July 29, 2017	July 30, 2016	July 29, 2017	July 30, 2016
Derivatives not designated as hedging instruments:					
Foreign currency contracts	Other operating income, net	\$4.9	\$ 1.9	\$3.2	\$ 1.6

15. Fair value measurement

The estimated fair value of Signet's financial instruments held or issued to finance Signet's operations is summarized below. Certain estimates and judgments were required to develop the fair value amounts. The fair value amounts shown below are not necessarily indicative of the amounts that Signet would realize upon disposition nor do they indicate Signet's intent or ability to dispose of the financial instrument. Assets and liabilities that are carried at fair value are required to be classified and disclosed in one of the following three categories:

Level 1—quoted market prices in active markets for identical assets and liabilities

Level 2—observable market based inputs or unobservable inputs that are corroborated by market data

Level 3—unobservable inputs that are not corroborated by market data

Signet determines fair value based upon quoted prices when available or through the use of alternative approaches, such as discounting the expected cash flows using market interest rates commensurate with the credit quality and duration of the investment. The methods Signet uses to determine fair value on an instrument-specific basis are detailed below:

Table of Contents

(in millions)	July 29, 2017			January 28, 2017			July 30, 2016		
	Carrying Value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Carrying Value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Carrying Value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)
Assets:									
US Treasury securities	\$7.9	\$ 7.9	\$ —	\$8.1	\$ 8.1	\$ —	\$8.3	\$ 8.3	\$ —
Corporate equity securities	4.1	4.1	—	3.8	3.8	—	3.6	3.6	—
Foreign currency contracts	0.5	—	0.5	3.2	—	3.2	2.8	—	2.8
Commodity contracts	1.4	—	1.4	—	—	—	4.0	—	4.0
Interest rate swaps	0.7	—	0.7	0.4	—	0.4	—	—	—
US government agency securities	5.3	—	5.3	4.4	—	4.4	4.3	—	4.3
Corporate bonds and notes	11.2	—	11.2	10.9	—	10.9	10.8	—	10.8
Total assets	\$31.1	\$ 12.0	\$ 19.1	\$30.8	\$ 11.9	\$ 18.9	\$33.8	\$ 11.9	\$ 21.9

Liabilities:

Foreign currency contracts	\$(1.1)	\$ —	\$(1.1)	\$(0.2)	\$ —	\$(0.2)	\$(0.1)	\$ —	\$(0.1)
Commodity contracts	—	—	—	(3.4)	—	(3.4)	—	—	—
Interest rate swaps	—	—	—	—	—	—	(3.8)	—	(3.8)
Total liabilities	\$(1.1)	\$ —	\$(1.1)	\$(3.6)	\$ —	\$(3.6)	\$(3.9)	\$ —	\$(3.9)

Investments in US Treasury securities and corporate equity securities are based on quoted market prices for identical instruments in active markets, and therefore were classified as Level 1 measurements in the fair value hierarchy.

Investments in US government agency securities and corporate bonds and notes are based on quoted prices for similar instruments in active markets, and therefore were classified as Level 2 measurements in the fair value hierarchy. The fair value of derivative financial instruments has been determined based on market value equivalents at the balance sheet date, taking into account the current interest rate environment, foreign currency forward rates or commodity forward rates, and therefore were classified as Level 2 measurements in the fair value hierarchy. See Note 14 for additional information related to the Company's derivatives.

The carrying amounts of cash and cash equivalents, accounts receivable, other receivables, accounts payable, accrued expenses, other liabilities, income taxes and the revolving credit facility approximate fair value because of the short-term maturity of these amounts.

The fair values of long-term debt instruments were determined using quoted market prices in inactive markets or discounted cash flows based upon current observable market interest rates and therefore were classified as Level 2 measurements in the fair value hierarchy. See Note 16 for classification between current and long-term debt. The carrying amount and fair value of outstanding debt at July 29, 2017, January 28, 2017 and July 30, 2016 were as follows:

(in millions)	July 29, 2017		January 28, 2017		July 30, 2016	
	Carrying Value	Fair Value	Carrying Value	Fair Value	Carrying Value	Fair Value
Long-term debt:						
Senior notes (Level 2)	\$394.1	\$ 394.7	\$393.7	\$ 391.2	\$393.3	\$ 403.3
Securitization facility (Level 2)	599.8	600.0	599.7	600.0	599.5	600.0

Edgar Filing: SIGNET JEWELERS LTD - Form 10-Q

Term loan (Level 2)	336.5	339.6	345.1	348.6	353.6	357.5
Capital lease obligations (Level 2)	—	—	—	—	0.1	0.1
Total	\$1,330.4	\$1,334.3	\$1,338.5	\$1,339.8	\$1,346.5	\$1,360.9

23

Table of Contents

Financial instruments measured at fair value on a non-recurring basis

The portion of the Sterling Jewelers customer in-house finance receivables “held for sale” are recorded at the lower of cost (par) or fair value as disclosed in Note 3. The fair value of the accounts receivable held for sale has been determined based on a discounted cash flow model using estimates and assumptions regarding future in-house finance portfolio performance. This fair value estimate is primarily based on Level 3 inputs in the fair value hierarchy, including the discount rate, payment rate, credit losses, and finance charge income. Based on comparable market participant data, a discount rate of 13% has been utilized. Based on historical and expected portfolio performance, the following assumptions were utilized within the model:

Monthly payment rate approximating 12%.

Annual credit loss rate approximating 2%.

Annual finance charge income approximating 15% of the underlying receivables.

The estimated fair value of accounts receivable held for sale approximated par. This value is solely derived from the contractual cash flows associated with our accounts receivable held for sale, does not encompass other terms or elements within our contract with Comenity and may not be representative of a gain or loss upon the consummation of the transaction. See Note 3 for additional information regarding the credit transaction entered into with Comenity on May 25, 2017.

16. Loans, overdrafts and long-term debt

(in millions)	July 29, 2017	January 28, 2017	July 30, 2016
Debt:			
Senior unsecured notes due 2024, net of unamortized discount	\$398.9	\$398.8	\$398.7
Securitization facility	600.0	600.0	600.0
Senior unsecured term loan	339.6	348.6	357.5
Revolving credit facility	303.0	56.0	200.0
Bank overdrafts	11.1	14.2	22.1
Capital lease obligations	—	—	0.1
Total debt	\$1,652.6	\$1,417.6	\$1,578.4
Less: Current portion of loans and overdrafts	(939.4)	(91.1)	(238.6)
Less: Unamortized capitalized debt issuance fees	(7.9)	(8.6)	(9.3)
Total long-term debt	\$705.3	\$1,317.9	\$1,330.5
Revolving credit facility and term loan (the “Credit Facility”)			

The Company’s Credit Facility contains a \$700 million senior unsecured multi-currency multi-year revolving credit facility and a \$357.5 million senior unsecured term loan facility. The maturity date for the Credit Facility, including both individual facilities disclosed above, is July 2021.

Capitalized fees associated with the revolving credit facility as of July 29, 2017 total \$2.6 million with the unamortized balance recorded as an asset within the condensed consolidated balance sheets. Accumulated amortization related to these capitalized fees as of July 29, 2017 was \$1.0 million (January 28, 2017 and July 30, 2016: \$0.8 million and \$0.6 million, respectively). Amortization relating to these fees of \$0.1 million and \$0.2 million was recorded as interest expense in the condensed consolidated income statements for the 13 and 26 weeks ended July 29, 2017, respectively (\$0.1 million and \$0.2 million for the 13 and 26 weeks ended July 30, 2016, respectively). As of July 29, 2017, January 28, 2017 and July 30, 2016, the Company had stand-by letters of credit outstanding of \$15.3 million, \$15.3 million and \$14.8 million, respectively, that reduce remaining borrowing availability. The revolving credit facility had a weighted average interest rate of 2.40% and 1.54% during the 26 weeks ended July 29, 2017 and July 30, 2016, respectively.

Capitalized fees associated with the term loan facility as of July 29, 2017 total \$6.2 million with the unamortized balance recorded as a direct deduction from the outstanding liability within the condensed consolidated balance sheets. Accumulated amortization related to these capitalized fees as of July 29, 2017 was \$3.1 million (January 28, 2017 and July 30, 2016: \$2.7 million and \$2.3 million, respectively). Amortization relating to these fees of \$0.2 million and \$0.4 million was recorded as interest expense in the condensed consolidated income statements for the 13

and 26 weeks ended July 29, 2017, respectively (\$0.2 million and \$0.5 million for the 13 and 26 weeks ended July 30, 2016, respectively). Excluding the impact of the interest rate swap designated as a cash flow hedge discussed in Note 14, the term loan had a weighted average interest rate of 2.25% and 1.71% during the 26 weeks ended July 29, 2017 and July 30, 2016, respectively.

Table of Contents

Senior unsecured notes due 2024

Signet UK Finance plc (“Signet UK Finance”), a wholly owned subsidiary of the Company, issued \$400 million aggregate principal amount of its 4.700% senior unsecured notes due in 2024 (the “Notes”). The Notes were issued under an effective registration statement previously filed with the SEC. The Notes are jointly and severally guaranteed, on a full and unconditional basis, by the Company and by certain of the Company’s wholly owned subsidiaries (such subsidiaries, the “Guarantors”). See Note 22 for additional information.

Capitalized fees relating to the senior unsecured notes total \$7.0 million. Accumulated amortization related to these capitalized fees as of July 29, 2017 was \$2.2 million (January 28, 2017 and July 30, 2016: \$1.9 million and \$1.5 million, respectively). The remaining unamortized capitalized fees are recorded as a direct deduction from the outstanding liability within the condensed consolidated balance sheets. Amortization relating to these fees of \$0.1 million and \$0.3 million was recorded as interest expense in the condensed consolidated income statements for the 13 and 26 weeks ended July 29, 2017, respectively (\$0.1 million and \$0.3 million for the 13 and 26 weeks ended July 30, 2016, respectively).

Asset-backed securitization facility

The Company sold an undivided interest in certain credit card receivables to Sterling Jewelers Receivables Master Note Trust (the “Issuer”) and issued two-year revolving asset-backed variable funding notes. Capitalized fees associated with the asset-backed securitization facility as of July 29, 2017 total \$3.4 million, offset by accumulated amortization of \$3.2 million (January 28, 2017 and July 30, 2016: \$3.1 million and \$2.9 million, respectively), with the unamortized balance recorded as an asset within the condensed consolidated balance sheets. Amortization relating to these fees of \$0.1 million was recorded as interest expense in the condensed consolidated income statements for the 13 and 26 weeks ended July 29, 2017 (\$0.2 million and \$0.5 million for the 13 and 26 weeks ended July 30, 2016, respectively). The asset-backed securitization facility had a weighted average interest rate of 2.46% and 1.92% during the 26 weeks ended July 29, 2017 and July 30, 2016, respectively.

As a condition of the pending credit transaction disclosed in Note 3, the Company is required to defease the asset-backed securitization facility to transfer the receivables free and clear. The \$600.0 million balance outstanding on the asset-backed securitization facility was reclassified from long-term debt to current portion of loans and overdrafts in the condensed consolidated balance sheet as of July 29, 2017 due to the expected repayment within the next 12 months.

Other

As of July 29, 2017, January 28, 2017 and July 30, 2016, the Company was in compliance with all debt covenants.

17. Deferred revenue

Deferred revenue is comprised primarily of ESP and voucher promotions and other as follows:

(in millions)	July 29, January 28, July 30,

18. Warranty reserve

Sterling Jewelers and Zale Jewelry segments provide a product lifetime diamond guarantee as long as six-month inspections are performed and certified by an authorized store representative. Provided the customer has complied with the six-month inspection policy, the Company will replace, at no cost to the customer, any stone that chips, breaks or is lost from its original setting during normal wear. Management estimates the warranty accrual based on the lag of actual claims experience and the costs of such claims, inclusive of labor and material. Sterling Jewelers also provides a similar product lifetime guarantee on color gemstones. The warranty reserve for diamond and gemstone guarantee, included in accrued expenses and other current liabilities and other non-current liabilities, is as follows:

	13 weeks ended		26 weeks ended	
(in millions)	July 29, 2017	July 30, 2016	July 29, 2017	July 30, 2016

20. Commitments and contingencies

Legal proceedings

Employment practices

As previously reported, in March 2008, a group of private plaintiffs (the “Claimants”) filed a class action lawsuit for an unspecified amount against SJI, a subsidiary of Signet, in the US District Court for the Southern District of New York alleging that US store-level employment practices are discriminatory as to compensation and promotional activities with respect to gender. In June 2008, the District Court referred the matter to private arbitration where the Claimants sought to proceed on a class-wide basis. The Claimants filed a motion for class certification and SJI opposed the motion. A hearing on the class certification motion was held in late February 2014. On February 2, 2015, the arbitrator issued a Class Determination Award in which she certified for a class-wide hearing Claimants’ disparate impact declaratory and injunctive relief class claim under Title VII, with a class period of July 22, 2004 through date of trial for the Claimants’ compensation claims and December 7, 2004 through date of trial for Claimants’ promotion claims. The arbitrator otherwise denied Claimants’ motion to certify a disparate treatment class alleged under Title VII, denied a disparate impact monetary damages class alleged under Title VII, and denied an opt-out monetary damages class under the Equal Pay Act. On February 9, 2015, Claimants filed an Emergency Motion To Restrict Communications With The Certified Class And For Corrective Notice. SJI filed its opposition to Claimants’ emergency motion on February 17, 2015, and a hearing was held on February 18, 2015. Claimants’ motion was granted in part and denied in part in an order issued on March 16, 2015. Claimants filed a Motion for Reconsideration Regarding Title VII Claims for Disparate Treatment in Compensation on February 11, 2015. SJI filed its opposition to Claimants’ Motion for Reconsideration on March 4, 2015. Claimants’ reply was filed on March 16, 2015. Claimants’ Motion was denied in an order issued April 27, 2015. SJI filed with the US District Court for the Southern District of New York a Motion to Vacate the Arbitrator’s Class Certification Award on March 3, 2015. Claimants’ opposition was filed on March 23, 2015 and SJI’s reply was filed on April 3, 2015. SJI’s motion was heard on May 4, 2015. On November 16, 2015, the US District Court for the Southern District of New York granted SJI’s Motion to Vacate the Arbitrator’s Class Certification Award in part and denied it in part. On November 25, 2015, SJI filed a Motion to Stay the AAA Proceedings while SJI appeals the decision of the US District Court for the Southern District of New York to the United States Court of Appeals for the Second Circuit. Claimants filed their opposition on December 2, 2015. On December 3, 2015, SJI filed with the United States Court of Appeals for the Second Circuit SJI’s Notice of Appeal of the Southern District’s November 16, 2015 Opinion and Order. The arbitrator issued an order denying SJI’s Motion to Stay on February 22, 2016. SJI filed its Brief and Special Appendix with the Second Circuit on March 16, 2016. The matter was fully briefed and oral argument was heard by the U.S. Court of Appeals for the Second Circuit on November 2, 2016. On April 6, 2015, Claimants filed in the AAA Claimants’ Motion for Clarification or in the Alternative Motion for Stay of the Effect of the Class Certification Award as to the Individual Intentional Discrimination Claims. SJI filed its opposition on May 12, 2015. Claimants’ reply was filed on May 22, 2015. Claimants’ motion was granted on June 15, 2015. Claimants filed Claimants’ Motion for Conditional Certification of Claimants’ Equal Pay Act Claims and Authorization of Notice on March 6, 2015. SJI’s opposition was filed on May 1, 2015. Claimants filed their reply on June 5, 2015. The arbitrator heard oral argument on Claimants’ Motion on December 18, 2015 and, on February 29, 2016, issued an Equal Pay Act Collective Action Conditional Certification Award and Order Re Claimants’ Motion For Tolling Of EPA Limitations Period, conditionally certifying Claimants’ Equal Pay Act claims as a collective action, and tolling the statute of limitations on EPA claims to October 16, 2003 to ninety days after notice issues to the putative members of the collective action. SJI filed in the AAA a Motion To Stay Arbitration Pending The District Court’s Consideration Of Respondent’s Motion To Vacate Arbitrator’s Equal Pay Act Collective Action Conditional Certification Award And Order Re Claimants’ Motion For Tolling Of EPA Limitations Period on March 10, 2016. SJI filed in the AAA a Renewed Motion To Stay Arbitration Pending The District Court’s Resolution Of Sterling’s Motion To Vacate Arbitrator’s Equal Pay Act Collective Action Conditional Certification Award And Order Re Claimants’ Motion For Tolling Of EPA Limitations Period on March 31, 2016. Claimants filed their opposition on April 4, 2016. The arbitrator denied SJI’s Motion on April 5, 2016. On March 23, 2016 SJI filed with the US District Court for the Southern District of New York a Motion To Vacate The Arbitrator’s Equal Pay Act Collective Action Conditional Certification Award And Order Re Claimants’ Motion For Tolling Of EPA Limitations

Period. Claimants filed their opposition brief on April 11, 2016, SJI filed its reply on April 20, 2016, and oral argument was heard on SJI's Motion on May 11, 2016. SJI's Motion was denied on May 22, 2016. On May 31, 2016, SJI filed a Notice Of Appeal of Judge Rakoff's opinion and order to the Second Circuit Court of Appeals. SJI's brief was filed September 13, 2016, and Claimants' brief was filed on December 13, 2016, SJI filed its reply brief on January 10, 2017, and oral argument was heard on May 9, 2017. On June 1, 2017 the Second Circuit Court of Appeals dismissed SJI's appeal for lack of appellate jurisdiction. Claimants filed a Motion For Amended Class Determination Award on November 18, 2015, and on March 31, 2016 the arbitrator entered an order amending the Title VII class certification award to preclude class members from requesting exclusion from the injunctive and declaratory relief class certified in the arbitration. The arbitrator issued a Bifurcated Case Management Plan on April 5, 2016, and ordered into effect the parties' Stipulation Regarding Notice Of Equal Pay Act Collective Action And Related Notice Administrative Procedures on April 7, 2016. SJI filed in the AAA a Motion For Protective Order on May 2, 2016. Claimants' opposition was filed on June 3, 2016. The matter was fully briefed and oral argument was heard on July 22, 2016. The motion was granted in part on January 27, 2017. Notice to EPA collective action members was issued on May 3, 2016, and the opt-in period for these notice recipients closed on August 1, 2016. At this time, 10,314 current and former employees have submitted consent forms to opt in to the collective action. On July 24, 2017, the United States Court of Appeals for the Second Circuit issued its unanimous Summary Order that held that the absent class members "never consented" to the Arbitrator determining the permissibility of class arbitration under the agreements, and remanded the matter to the District Court to determine whether the Arbitrator exceeded her authority by certifying the Title VII class that contained absent class members who had not opted in the litigation. On August 7, 2017, SJI filed its Renewed Motion to Vacate the Class Determination Award relative to absent class members with the District Court. The Claimants' opposition

Table of Contents

is due on August 28, 2017, with SJI's reply being due on September 11, 2017. The District Court will hold oral argument for the motion on September 25, 2017. We anticipate trial to begin the week of April 2, 2018, or as soon thereafter as the Arbitrator's schedule permits.

SJI denies the allegations of the Claimants and has been defending the case vigorously. At this point, no outcome or possible loss or range of losses, if any, arising from the litigation is able to be estimated.

Also, as previously reported, on September 23, 2008, the US Equal Employment Opportunity Commission ("EEOC") filed a lawsuit against SJI in the US District Court for the Western District of New York. The EEOC's lawsuit alleges that SJI engaged in intentional and disparate impact gender discrimination with respect to pay and promotions of female retail store employees from January 1, 2003 to the present. The EEOC asserts claims for unspecified monetary relief and non-monetary relief against the Company on behalf of a class of female employees subjected to these alleged practices. Non-expert fact discovery closed in mid-May 2013. In September 2013, SJI made a motion for partial summary judgment on procedural grounds, which was referred to a Magistrate Judge. The Magistrate Judge heard oral arguments on the summary judgment motion in December 2013. On January 2, 2014, the Magistrate Judge issued his Report, Recommendation and Order, recommending that the Court grant SJI's motion for partial summary judgment and dismiss the EEOC's claims in their entirety. The EEOC filed its objections to the Magistrate Judge's ruling and SJI filed its response thereto. The District Court Judge heard oral arguments on the EEOC's objections to the Magistrate Judge's ruling on March 7, 2014 and on March 11, 2014 entered an order dismissing the action with prejudice. On May 12, 2014, the EEOC filed its Notice of Appeal of the District Court Judge's dismissal of the action to United States Court of Appeals for the Second Circuit. The parties fully briefed the appeal and oral argument occurred on May 5, 2015. On September 9, 2015, the United States Court of Appeals for the Second Circuit issued a decision vacating the District Court's order and remanding the case back to the District Court for further proceedings. SJI filed a Petition for Panel Rehearing and En Banc Review with the United States Court of Appeals for the Second Circuit, which was denied on December 1, 2015. On December 4, 2015, SJI filed in the United States Court of Appeals for the Second Circuit a Motion Of Appellee Sterling Jewelers Inc. For Stay Of Mandate Pending Petition For Writ Of Certiorari. The Motion was granted by the Second Circuit on December 10, 2015. SJI filed a Petition For Writ Of Certiorari in the Supreme Court of the United States on April 29, 2016, which was denied. The case was remanded to the Western District of New York and on November 2, 2016, the Court issued a case scheduling order. On January 25, 2017, the parties filed a joint motion to extend case scheduling order deadlines. The motion was granted on January 27, 2017. On May 5, 2017 the U.S. District Court for the Western District of New York approved and entered the Consent Decree jointly proposed by the EEOC and SJI, resolving all of the EEOC's claims against SJI in this litigation for various injunctive relief including but not limited to the appointment of an employment practices expert to review specific policies and practices, a compliance officer to be employed by SJI, as well as obligations relative to training, notices, reporting and record-keeping. The Consent Decree does not require an outside third party monitor or require any monetary payment. The duration of the Consent Decree is three years and three months, expiring on August 4, 2020.

Prior to the Acquisition, Zale Corporation was a defendant in three class action lawsuits: Tessa Hodge v. Zale Delaware, Inc., d/b/a Piercing Pagoda which was filed on April 23, 2013 in the Superior Court of the State of California, County of San Bernardino; Naomi Tapia v. Zale Corporation which was filed on July 3, 2013 in the US District Court, Southern District of California; and Melissa Roberts v. Zale Delaware, Inc. which was filed on October 7, 2013 in the Superior Court of the State of California, County of Los Angeles. All three cases include allegations that Zale Corporation violated various wage and hour labor laws. Relief is sought on behalf of current and former Piercing Pagoda and Zale Corporation's employees. The lawsuits sought to recover damages, penalties and attorneys' fees as a result of the alleged violations. Without admitting or conceding any liability, the Company reached an agreement to settle the Hodge and Roberts matters for an immaterial amount. Final approval of the settlement was granted on March 9, 2015 and the settlement was implemented.

On December 28, 2016, the Company participated in a mediation of an employment class action brought against Zale Delaware Inc. d/b/a Zale Corporation. The mediation resulted in a settlement agreement signed by both parties. The settlement resolved various California wage and hour claims involving all current and former employees of Zale Delaware Inc. d/b/a Zale Corporation who were designated as nonexempt and worked in California at any time from

July 3, 2010 to present. The Court granted final approval of the settlement on July 14, 2017.

Shareholder Action

In August 2016, two alleged Company shareholders each filed a putative class action complaint in the United States District Court for the Southern District of New York against the Company and its then-current Chief Executive Officer and current Chief Financial Officer (Nos. 16-cv-6728 and 16-cv-6861, the “S.D.N.Y. cases”). On September 16, 2016, the Court consolidated the S.D.N.Y. cases under case number 16-cv-6728. On April 3, 2017, the plaintiffs filed a second amended complaint, purportedly on behalf of persons that acquired the Company’s securities on or between August 29, 2013, and February 27, 2017, naming as defendants the Company, its then-current and former Chief Executive Officers, and its current and former Chief Financial Officers. The second amended complaint alleges that the defendants violated Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 by, among other things, misrepresenting the Company’s business and earnings by (i) failing to disclose that the Company was allegedly having issues ensuring the safety of customers’ jewelry while in the Company’s custody for repairs, which allegedly damaged customer confidence; (ii) making misleading statements about the Company’s credit portfolio; and (iii) failing to disclose reports of sexual harassment allegations that were raised by claimants in an ongoing pay and promotion gender discrimination class arbitration (the “Arbitration”). The second amended complaint alleged that the Company’s share price was artificially inflated as a result of the alleged misrepresentations and sought unspecified compensatory damages and costs and expenses, including attorneys’ and experts’ fees.

Table of Contents

In March 2017, two other alleged Company shareholders each filed a putative class action complaint in the United States District Court for the Northern District of Texas against the Company and its then-current and former Chief Executive Officers (Nos. 17-cv-875 and 17-cv-923, the “N.D. Tex. cases”). Those complaints were nearly identical to each other and alleged that the defendants’ statements concerning the Arbitration violated Sections 10(b) and 20(a) of the Securities Exchange Act of 1934. The N.D. Tex. cases were subsequently transferred to the Southern District of New York and consolidated with the S.D.N.Y. cases. On July 27, 2017, the Court appointed a lead plaintiff and lead plaintiff’s counsel in the consolidated action. On August 3, 2017, the Court ordered the lead plaintiff to file a third amended complaint by September 29, 2017. The defendants must answer or otherwise respond to the third amended complaint by December 1, 2017.

The Company believes that the claims brought in these shareholder actions are without merit and cannot estimate a range of potential liability, if any, at this time.

In the ordinary course of business, Signet may be subject, from time to time, to various other proceedings, lawsuits, disputes or claims incidental to its business, which the Company believes are not significant to Signet’s consolidated financial position, results of operations or cash flows.

21. Subsequent events

On August 23, 2017, Sterling Jewelers Inc. (“Sterling”), a Delaware corporation and a wholly-owned subsidiary of Signet, entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Signet (solely for purposes of Section 8.12 of the Merger Agreement), Aquarius Sub Inc., a Delaware corporation and a wholly-owned subsidiary of Sterling (“Merger Sub”), R2Net Inc., a Delaware corporation (“R2Net”), and Shareholder Representative Services LLC, a Colorado limited liability company, in its capacity as Seller’s Representative (as defined in the Merger Agreement). Pursuant to the Merger Agreement, among other things, Merger Sub will merge with and into R2Net (the “Merger”), with R2Net being the surviving corporation of the Merger and a wholly-owned subsidiary of Sterling. The purchase price of the transaction is \$328 million in cash, subject to customary post-closing adjustments provided in the Merger Agreement. The transaction is currently expected to close in the third quarter of Fiscal 2018 subject to customary closing conditions and regulatory approval and will be financed with a short-term loan.

22. Condensed consolidating financial information

The accompanying condensed consolidating financial information has been prepared and presented pursuant to SEC Regulation S-X, Rule 3-10, “Financial Statements of Guarantors and Issuers of Guaranteed Securities Registered or Being Registered.” We and certain of our subsidiaries have guaranteed the obligations under certain debt securities that have been issued by Signet UK Finance plc. The following presents the condensed consolidating financial information for: (i) the indirect Parent Company (Signet Jewelers Limited); (ii) the Issuer of the guaranteed obligations (Signet UK Finance plc); (iii) the Guarantor subsidiaries, on a combined basis; (iv) the non-guarantor subsidiaries, on a combined basis; (v) consolidating eliminations and (vi) Signet Jewelers Limited and Subsidiaries on a consolidated basis. Each Guarantor subsidiary is 100% owned by the Parent Company at the date of each balance sheet presented. The Guarantor subsidiaries, along with Signet Jewelers Limited, will fully and unconditionally guarantee the obligations of Signet UK Finance plc under any such debt securities. Each entity in the consolidating financial information follows the same accounting policies as described in the condensed consolidated financial statements.

The accompanying condensed consolidating financial information has been presented on the equity method of accounting for all periods presented. Under this method, investments in subsidiaries are recorded at cost and adjusted for the subsidiaries’ cumulative results of operations, capital contributions and distributions and other changes in equity. Elimination entries include consolidating and eliminating entries for investments in subsidiaries, and intra-entity activity and balances.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains statements which are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements, based upon management’s beliefs and expectations as well as on assumptions made by and data currently available to management, appear in a number of places throughout this document and include statements regarding, among other things, Signet’s results of operation, financial condition, liquidity, prospects, growth, strategies and the industry in which Signet operates. The use of the words “expects,” “intends,” “anticipates,” “estimates,” “predicts,” “believes,” “should,” “potential,” “may,” “forecast,” “object,” “target,” and other similar expressions are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to a number of risks and uncertainties, including but not limited to Signet’s expectations, including timing of the anticipated closings of the various credit portfolio transactions, statements about the benefits of the credit portfolio sales including future financial and operating results, Signet’s or the other parties’ ability to satisfy the requirements for consummation of the agreements relating to the credit portfolio transactions, including due to regulatory or legal impediments, the effect of regulatory conditions on the credit purchase agreements and credit program agreements, general economic conditions, regulatory changes following the United Kingdom’s announcement to exit from the European Union, a decline in consumer spending, the merchandising, pricing and inventory policies followed by Signet, the reputation of Signet and its brands, the level of competition in the jewelry sector, the cost and availability of diamonds, gold and other precious metals, regulations relating to customer credit, seasonality of Signet’s business, financial market risks, deterioration in customers’ financial condition, exchange rate fluctuations, changes in Signet’s credit rating, changes in consumer attitudes regarding jewelry, management of social, ethical and environmental risks, the development and maintenance of Signet’s omni-channel retailing, security breaches and other disruptions to Signet’s information technology infrastructure and databases, inadequacy in and disruptions to internal controls and systems, changes in assumptions used in making accounting estimates relating to items such as extended service plans and pensions, risks related to Signet being a Bermuda corporation, the impact of the acquisition of Zale Corporation on relationships, including with employees, suppliers, customers and competitors, and our ability to successfully integrate Zale Corporation’s operations and to realize synergies from the transaction.

For a discussion of these risks and other risks and uncertainties which could cause actual results to differ materially from those expressed in any forward looking statement, see the “Risk Factors” section of Signet’s Fiscal 2017 Annual Report on Form 10-K filed with the SEC on March 16, 2017 and Part II, Item 1A of this Form 10-Q. Signet undertakes no obligation to update or revise any forward-looking statements to reflect subsequent events or circumstances, except as required by law.

OVERVIEW

Signet Jewelers Limited (“Signet” or the “Company”) is the world’s largest retailer of diamond jewelry. Signet is incorporated in Bermuda and its address and telephone number are shown on the cover of this document. Its corporate website is www.signetjewelers.com, from where documents that the Company is required to file or furnish with the US Securities and Exchange Commission (“SEC”) may be viewed or downloaded free of charge.

The Company, with 3,637 stores and kiosks at July 29, 2017, manages its business by store brand grouping, a description of which follows:

The Sterling Jewelers division is one reportable segment. It operated 1,594 stores in all 50 states at July 29, 2017. Its stores operate nationally in malls and off-mall locations principally as Kay Jewelers (“Kay”), including Kay Jewelers Outlet and Jared The Galleria Of Jewelry (“Jared”), including Jared Vault. The division also operates a variety of mall-based regional brands.

The Zale division consists of two reportable segments:

Zale Jewelry, which operated 919 jewelry stores at July 29, 2017, is located primarily in shopping malls in North America. Zale Jewelry includes the US store brand Zales (Zales Jewelers and Zales Outlet), which operates in all 50 states, and the Canada store brand Peoples Jewellers, which operates in nine provinces. The division also operates the Gordon’s Jewelers and Mappins Jewellers regional brands.

Piercing Pagoda, which operated 615 mall-based kiosks at July 29, 2017, is located in shopping malls in the US and Puerto Rico.

The UK Jewelry division is one reportable segment. It operated 509 stores at July 29, 2017. Its stores operate in shopping malls and off-mall locations (i.e. high street) principally as H.Samuel and Ernest Jones.

Certain company activities (e.g. diamond sourcing) are managed as a separate operating segment and are aggregated with unallocated corporate administrative functions in the segment "Other" for financial reporting purposes. The Company's diamond sourcing function includes its diamond polishing factory in Botswana. See Note 4 of Item 1 for additional information regarding the Company's reportable segments.

Table of Contents

Non-GAAP measures

Signet provides certain non-GAAP information in reporting its financial results to give investors additional data to evaluate its operations. Management does not, nor does it suggest investors should, consider such non-GAAP measures in isolation from, or in substitute for, financial information prepared in accordance with US GAAP. Such measures are described and reconciled to the most comparable US GAAP measure below.

The following discussion of results of operations highlights, as necessary, the significant changes in operating results arising from these items and transactions. However, unusual items or transactions may occur in any period.

Accordingly, investors and other financial statement users individually should consider the types of events and transactions that have affected operating trends.

1. Income Statement at Constant Exchange Rates

Movements in the British pound and Canadian dollar to US dollar exchange rates have an impact on Signet's results.

The UK Jewelry division is managed in British pounds and the Canadian reporting unit of the Zale Jewelry segment in Canadian dollars as sales and a majority of operating expenses are incurred in those foreign currencies. The results for each are then translated into US dollars for external reporting purposes. Management believes it assists in understanding the performance of Signet and its segments if constant currency figures are given. This is particularly so in periods when exchange rates are volatile. The constant currency amounts are calculated by retranslating the prior year figures using the current year's exchange rate. Management considers it useful to exclude the impact of movements in the British pound and Canadian dollar to US dollar exchange rates to analyze and explain changes and trends in Signet's underlying business, which is consistent with the manner in which management evaluates performance of its businesses which do not operate using the US dollar as their functional currency. Additionally, in connection with management's evaluation of its attainment of performance goals, currency effects are excluded.

Table of Contents

2. Net cash (debt)

Net cash (debt) is the total of cash and cash equivalents less loans, overdrafts and long-term debt. Management considers this metric to be helpful in understanding the total indebtedness of the Company after consideration of liquidity available from cash balances on-hand.

(in millions)	July 29, 2017	January 28, 2017	July 30, 2016
Cash and cash equivalents	\$119.1	\$98.7	\$118.7
Loans and overdrafts	(939.4)	(91.1)	(238.6)
Long-term debt	(705.3)	(1,317.9)	(1,330.5)
Net debt	\$(1,525.6)	\$(1,310.3)	\$(1,450.4)

During the second quarter of Fiscal 2018, loans and overdrafts increased as the Company reclassified the \$600 million balance outstanding under the asset-backed securitization facility from non-current to current due to the expected repayment within the next 12 months.

3. Free cash flow

Free cash flow is a non-GAAP measure defined as the net cash provided by operating activities less purchases of property, plant and equipment. Management considers this helpful in understanding how the business is generating cash from its operating and investing activities that can be used to meet the financing needs of the business. Free cash flow is an indicator used by management frequently in evaluating its overall liquidity and determining appropriate capital allocation strategies. Free cash flow does not represent the residual cash flow available for discretionary expenditure.

(in millions)	13 weeks ended		26 weeks ended	
	July 29, 2017	July 30, 2016	July 29, 2017	July 30, 2016
Net cash provided by operating activities	\$353.0	\$194.8	\$409.8	\$309.2
Purchase of property, plant and equipment	(49.5)	(61.7)	(105.7)	(101.0)
Free cash flow	\$303.5	\$133.1	\$304.1	\$208.2

4. Earnings before interest, income taxes, depreciation and amortization ("EBITDA")

EBITDA is a non-GAAP measure defined as earnings before interest and income taxes (operating income), depreciation and amortization. EBITDA is an important indicator of operating performance as it excludes the effects of financing and investing activities by eliminating the effects of interest, depreciation and amortization costs. Management believes this financial measure is helpful to enhance investors' ability to analyze trends in the business and evaluate performance relative to other companies. Management also utilizes these metrics to evaluate its current credit profile, which is a view consistent with rating agency methodologies.

(in millions)	13 weeks ended		26 weeks ended	
	July 29, 2017	July 30, 2016	July 29, 2017	July 30, 2016

EBITDA	\$180.0	\$161.1	\$340.7	\$413.8

Table of Contents**RESULTS OF OPERATIONS SUMMARY**

The following should be read in conjunction with the financial statements and related notes in Item 1 of this Quarterly Report on Form 10-Q, as well as the financial and other information included in Signet's Fiscal 2017 Annual Report on Form 10-K.

Second Quarter Summary

Same store sales: Increased 1.4%, including 380 basis points favorable impact attributable to the later timing of Mother's Day holiday.

Total sales: \$1,399.6 million, increased 1.9%. Total sales at constant exchange rates⁽¹⁾ increased 2.8%.

Operating income: \$135.6 million, up \$15.7 million or 13.1%.

Operating margin: up 100 basis points to 9.7%, including 70 basis points attributable to the net gain related to the expected credit transaction, CEO separation and R2Net acquisition costs.

Diluted earnings per share: \$1.33, including \$0.15 attributable to later timing of Mother's Day holiday. In addition, earnings per share benefited from the favorable net impact related to the credit transaction offset in part by CEO separation and R2Net acquisition costs.

Year to Date Summary

Same store sales: Declined 5.5%.

Total sales: \$2,803 million, declined 5.1%. Total sales at constant exchange rates⁽¹⁾ declined 4.1%.

Operating income: \$250.9 million, down \$81.0 million or 24.4%.

Operating margin: down 220 basis points to 9.0%.

Diluted earnings per share: \$2.36, decreased \$0.58 or 19.7%.

⁽¹⁾ Non-GAAP measure.

Table of Contents

Second quarter sales

In the second quarter, Signet's same store sales increased 1.4%, compared to a decrease of 2.3% in the prior year, and total sales increased 1.9% to \$1,399.6 million compared to \$1,373.4 million in the prior year. Total sales at constant exchange rates increased 2.8%. The financial impact of Mother's Day is typically split between first quarter and second quarter. However, in Fiscal 2018, the financial impact was primarily in the second quarter. This timing was unfavorable to sales in the first quarter and favorable to sales in the second quarter. In the second quarter, the amount of the shift was favorable to same store sales by 380 basis points.

Sales increases were driven predominantly by fashion jewelry including bracelets, rings, and necklaces. In addition, branded bridal also contributed to the sales increases. eCommerce sales in the second quarter were \$82.2 million, up \$12.6 million or 18.1%, compared to \$69.6 million in the prior year second quarter. Both mall and off-mall stores delivered sales growth. The breakdown of the sales performance is set out in the table below.

Second quarter of Fiscal 2018	Change from previous year				Total sales at constant exchange rate ⁽³⁾		Exchange translation impact ⁽³⁾		Total sales as reported		Total sales (in millions)
	Same store sales ⁽¹⁾	Non-same store sales, net ⁽²⁾

UK Jewelry division	(3.4) %	1.5 %			(1.9) %		(7.3) %		(9.2) %		\$ 131.9
Other ⁽⁴⁾											\$ 5.5
Signet	1.4 %	1.4 %			2.8 %		(0.9) %		1.9 %		\$ 1,399.6

(1) Based on stores open for at least 12 months. eCommerce sales are included in the calculation of same store sales for the period and comparative figures from the anniversary of the launch of the relevant website.

(2) Includes all sales from stores not open for 12 months.

(3) Non-GAAP measure. See "Income Statement at Constant Exchange Rates" above.

(4) Includes sales from Signet's diamond sourcing initiative.

Sterling Jewelers sales

In the second quarter, the Sterling Jewelers division's total sales were \$868.1 million compared to \$839.4 million in the prior year, up 3.4%. Same store sales increased 1.8% compared to a decrease of 3.1% in the prior year. Second quarter sales increases were driven by fashion jewelry as well as branded bridal. Average transaction value ("ATV") increased 5.2%, and the number of transactions declined 2.9%. Higher-priced branded jewelry outperformed lower-priced merchandise, which resulted in an increase in ATV within the Kay and Jared stores. Our Kay stores experienced slight growth in transactions, while the number of transactions in Jared declined.

Second quarter of Fiscal 2018	Change from previous year				Total sales as reported		Total sales (in millions)
	Same store sales ⁽¹⁾	Non-same store sales, net ⁽²⁾					
Kay	2.9 %	2.8 %			5.7 %		\$ 564.0
Jared ⁽³⁾	0.8 %	1.5 %			2.3 %		\$ 276.2
Regional brands	(9.5) %	(12.6) %			(22.1) %		\$ 27.9
Sterling Jewelers division	1.8 %	1.6 %			3.4 %		\$ 868.1

(1) Based on stores open for at least 12 months. eCommerce sales are included in the calculation of same store sales for the period and comparative figures from the anniversary of the launch of the relevant website.

(2) Includes all sales from stores not open or owned for 12 months.

(3) Includes smaller concept Jared stores such as Jared Vault and Jared Jewelry Boutique.

Table of Contents

	Average Merchandise Transaction Value ⁽¹⁾⁽²⁾				Merchandise Transactions			
	Average Value		Change from previous year		Change from previous year			
	Fiscal 2018	Fiscal 2017	Fiscal 2018	Fiscal 2017	Fiscal 2018	Fiscal 2017		
Second Quarter								
Kay	\$472	\$462	2.2 %	3.6 %	0.9 %	(4.9)%		
Jared	\$594	\$528	12.5 %	(10.2)%	(9.7)%	2.3 %		
Regional brands	\$492	\$461	6.7 %	1.8 %	(14.9)%	(7.5)%		
Sterling Jewelers division	\$507	\$482	5.2 %	(0.8)%	(2.9)%	(3.0)%		

⁽¹⁾ Average merchandise transaction value is defined as net merchandise sales on a same store basis divided by the total number of customer transactions.

⁽²⁾ Net merchandise sales include all merchandise product sales, net of discounts and returns. In addition, excluded from net merchandise sales are sales tax in the US, repair, extended service plan, insurance, employee and other miscellaneous sales.

Zale sales

In the second quarter, the Zale division's total sales increased 1.6% to \$394.1 million compared to \$388.0 million in the prior year and increased 1.9% at constant exchange rates. Same store sales increased 2.4% in the current year compared to a decrease of 1.7% in the prior year.

Zale Jewelry's same store sales increased 1.6% compared to a decrease of 3.0% in the prior year. ATV increased 0.2%, and the number of transactions increased 0.4%. Both of Zale Jewelry's national brands -- Zales in the U.S. and Peoples in Canada -- delivered increases in ATV and number of transactions. Sales and transaction increases were driven principally by strong performance in Canada broadly across its bridal and fashion portfolios. ATV increased slightly due principally to bridal mix shift toward higher price points within the bridal category.

Piercing Pagoda's same store sales increased 7.0%. ATV increased 9.1%, while the number of transactions decreased 3.1%. Higher sales of 14 kt. gold chains, children's and religious jewelry, as well as piercings, drove the higher sales.

(1) Average merchandise transaction value is defined as net merchandise sales on a same store basis divided by the total number of customer transactions.

Net merchandise sales include all merchandise product sales, net of discounts and returns. In addition, excluded from net merchandise sales are sales tax in the US, repair, extended service plan, insurance, employee and other miscellaneous sales.

(3) Amounts for Zale Canada Jewelry stores are denominated in Canadian dollars.

Table of Contents

UK Jewelry sales

In the second quarter, the UK Jewelry division's total sales decreased 9.2% to \$131.9 million compared to \$145.2 million in the prior year and decreased 1.9% at constant exchange rates. Same store sales decreased 3.4% compared to an increase of 0.8% in the prior year. ATV increased 14.4%, while the number of transactions decreased 15.5%. The same store sales decline was driven principally by fewer transactions in relatively lower-priced fashion jewelry. Strong sales of prestige watches drove the higher ATV.

(1) Average merchandise transaction value is defined as net merchandise sales on a same store basis divided by the total number of customer transactions.

Net merchandise sales include all merchandise product sales, including value added tax ("VAT"), net of discounts

(2) and returns. In addition, excluded from net merchandise sales are repairs, warranty, insurance, employee and other miscellaneous sales. As a result, the sum of the changes will not agree to change in same store sales.

Year to date sales

In the year to date period, Signet's same store sales decreased 5.5%, compared to an increase of 0.2% in the prior year, and total sales decreased 5.1% to \$2,803.0 million compared to \$2,952.3 million in the prior year. Total sales at constant exchange rates decreased 4.1%. Merchandise categories and collections were broadly lower, with diamond fashion jewelry such as bracelets, earrings and necklaces performing well relative to the overall merchandise portfolio. eCommerce, off-mall formats and Piercing Pagoda total sales increased year-over-year. The number of transactions decreased across all divisions due to declining mall traffic and the consumer discretionary income constraints experienced in February which resulted in lost demand during a key gift-giving holiday.

eCommerce sales year to date were \$163.2 million, up \$13.5 million or 9.0%, compared to \$149.7 million in the prior year to date. The breakdown of the sales performance is set out in the table below.

Year to date Fiscal 2018	Change from previous year			Total sales at constant exchange rate ⁽³⁾	Exchange translation impact ⁽³⁾	Total sales as reported	Total sales (in millions)

(4) Includes sales from Signet’s diamond sourcing initiative.

Table of Contents

Sterling Jewelers sales

In the year to date period, the Sterling Jewelers division's total sales were \$1,739.1 million compared to \$1,819.8 million in the prior year, down 4.4%. Same store sales decreased 6.1% compared to a decrease of 0.3% in the prior year. Year to date sales were driven by broad-based declines across categories. Select collections performed relatively well including Neil Lane, Vera Wang Love, and Ever Us; as well as non-branded bracelets, rings, necklaces, and earrings. eCommerce sales increased, and off-mall sales performed better than the division as a whole. Sterling Jewelers' ATV increased 4.6%, while the number of transactions decreased 10.3%. These results were driven by increased sales of higher-priced bridal and diamond fashion collections as well as sales declines in relatively lower-priced, higher transaction collections including Charmed Memories.

Year to date Fiscal 2018	Change from previous year				Total sales (in millions)
	Same store sales ⁽¹⁾	Non-same store sales, net ⁽²⁾	Total sales as reported	Total sales

(1) Average merchandise transaction value is defined as net merchandise sales on a same store basis divided by the total number of customer transactions.

(2) Net merchandise sales include all merchandise product sales, net of discounts and returns. In addition, excluded from net merchandise sales are sales tax in the US, repair, extended service plan, insurance, employee and other miscellaneous sales.

Zale sales

In the year to date period, the Zale division's total sales decreased 4.9% to \$797.5 million compared to \$838.4 million in the prior year and decreased 4.8% at constant exchange rates. Same store sales decreased 4.8% in the current year compared to an increase of 0.6% in the prior year.

Zale Jewelry's same store sales decreased 6.1% compared to a decrease of 0.4% in the prior year primarily driven by a broad-based decline across categories. Select higher-priced bridal and diamond jewelry collections performed relatively better such as Arctic Brilliance, Ever Us, and Vera Wang Love fashion jewelry. Zale Jewelry ATV increased 1.6% principally due to the performance of bridal and diamond jewelry collections. Sales declines in relatively lower-priced, higher transaction merchandise including beads contributed to the ATV increase, while also driving the 8.9% decrease in transactions. Piercing Pagoda's same store sales increased 2.4% compared to an increase of 6.0% in the prior year. Piercing Pagoda ATV increased 8.9% and the number of transactions decreased 5.8%. The ATV increase was due principally to higher sales of gold chains, children's and religious jewelry, offset by a decrease in sales of lower price point white metals.

(1) Average merchandise transaction value is defined as net merchandise sales on a same store basis divided by the total number of customer transactions.

Net merchandise sales include all merchandise product sales, net of discounts and returns. In addition, excluded

(2) from net merchandise sales are sales tax in the US, repair, extended service plan, insurance, employee and other miscellaneous sales.

(3) Amounts for Zale Canada Jewelry stores are denominated in Canadian dollars.

UK Jewelry sales

In the year to date period, the UK Jewelry division's total sales decreased 12.0% to \$254.4 million compared to \$289.2 million in the prior year and decreased 2.3% at constant exchange rates. Same store sales decreased 3.4% compared to an increase of 2.1% in the prior year. The decreases in same store sales and total sales at constant exchange rates were due primarily to lower sales of jewelry offset by higher sales of watches. In the UK Jewelry division, the ATV increased 13.0% due to strong sales of prestige watches in Ernest Jones and higher-priced diamond jewelry collections performing better than lower-priced collections, while the number of transactions decreased 14.9% primarily due to overall lower sales across all jewelry categories.

(1) Average merchandise transaction value is defined as net merchandise sales on a same store basis divided by the total number of customer transactions.

Net merchandise sales include all merchandise product sales, including value added tax (“VAT”), net of discounts and returns. In addition, excluded from net merchandise sales are repairs, warranty, insurance, employee and other miscellaneous sales. As a result, the sum of the changes will not agree to change in same store sales.

Cost of sales and gross margin

In the second quarter, gross margin was \$457.9 million or 32.7% of sales compared to \$464.9 million or 33.9% of sales in the prior year comparable period. The declines in gross margin dollars and rate in all divisions were driven principally by a strategic shift in promotional activity which led to lower gross merchandise margins, offset in part by leverage on store occupancy costs.

The Sterling Jewelers division gross margin dollars decreased \$2.4 million. The gross margin rate decreased 150 basis points due primarily to a lower gross merchandise margin rate related to greater promotional activity, partially offset by store occupancy cost leverage.

The Zale division gross margin dollars decreased \$1.0 million. The gross margin rate decreased 70 basis points due primarily to greater promotional activity and de-leverage on store operating and occupancy costs, partially offset by a slightly more favorable merchandise mix.

Gross margin dollars in the UK Jewelry division decreased \$3.7 million. The gross margin rate decreased 30 basis points driven principally by greater promotional activity and de-leverage on store occupancy.

In the year to date period, gross margin was \$949.1 million or 33.9% of sales compared to \$1,065.3 million or 36.1% of sales in the prior year comparable period. The declines in gross margin dollars and rate were driven principally by lower sales leading to de-leverage on fixed costs, including store occupancy.

The Sterling Jewelers division gross margin dollars decreased \$81.3 million. The gross margin rate declined 290 basis points due primarily to lower sales, which deleveraged fixed costs such as store occupancy, as well as higher bad debt expense and lower gross merchandise margins related to greater promotional activity.

The Zale division gross margin dollars decreased \$21.1 million. The gross margin rate declined 90 basis points due primarily to lower sales, which deleveraged fixed costs such as store occupancy, offset in part by a higher gross merchandise margin rate.

Gross margin dollars in the UK Jewelry division decreased \$13.2 million. The gross margin rate declined 160 basis points driven principally by lower sales, which deleveraged fixed costs such as store occupancy, and a lower gross merchandise margin rate.

Selling, general and administrative expenses (“SGA”)

In the second quarter, SGA was \$409.0 million or 29.2% of sales compared to \$415.7 million or 30.3% of sales in prior year comparable period. The decrease in SGA dollars was attributable to disciplined cost reductions in store and corporate payroll and other payroll related benefits. Included in SGA was approximately \$3.4 million of costs related to CEO separation and \$1.3 million related to the R2Net transaction, which unfavorably impacted the SGA rate by 30 basis points. The decrease in the SGA rate of 110 basis points was primarily driven by leverage on fixed costs such as store and support center expenses.

In the year to date period, SGA was \$861.8 million or 30.7% of sales compared to \$878.4 million or 29.8% of sales in prior year comparable period. The decrease in dollars was primarily attributable to lower variable compensation due to

lower sales, cost reductions in store and corporate payroll, and lower advertising expense offset in part by higher I/T expense associated with Signet's I/T modernization roadmap. The SGA rate increased 90 basis points primarily due to de-leverage on fixed costs such as as store and support center expenses and higher I/T expense. Additionally, the year to date period of Fiscal 2018 was unfavorably impacted by approximately \$4.7 million of cost related to CEO separation and the R2Net acquisition, as well as general corporate consulting costs.

Credit transaction, net

In the second quarter, the Company recognized a net gain of \$14.8 million related to the pending sale of the prime portion of the in-house finance receivables portfolio. As a result of entering into the agreement, the allowance for credit losses associated with the receivables being sold was required to be reversed under US GAAP, which resulted in the recognition of a \$20.7 million gain. Partially offsetting this gain was \$5.9 million of credit transaction cost related to legal, advisors, implementation and retention expenses. The closing of the credit transaction is expected to occur in October 2017.

Table of Contents

Other operating income, net

Other operating income, net in the second quarter was \$71.9 million or 5.1% of sales compared to \$70.7 million or 5.1% of sales in the prior year second quarter. In the year to date period, other operating income, net was \$148.8 million or 5.3% of sales compared to \$145.0 million or 4.9% of sales in the prior year period. The year-over-year increase in both the quarter to date and year to date periods was primarily due to higher interest income earned from higher outstanding receivable balances. However, the rate of increase was tempered by a higher mix of reduced rate plans.

Operating income

In the second quarter, operating income was \$135.6 million or 9.7% of sales compared to \$119.9 million or 8.7% of sales in the prior year. Signet's operating income consisted of the following components:

	Second Quarter					
	Fiscal 2018			Fiscal 2017		
(in millions)	\$	% of		\$	% of	
		divisional			divisional	
		sales			sales	
Sterling Jewelers division	\$ 159.4 ⁽¹⁾	18.4 %		\$ 140.9	16.8 %

Other	(28.3) ⁽³⁾	nm		(23.0)	nm	
Operating income	\$ 135.6	9.7 %		\$ 119.9	8.7 %	

(1) Includes \$20.7 million gain on assets held for sale related to the reversal of the allowance for credit losses. See Note 3 of Item 1 for additional information.

In the second quarter of Fiscal 2018, the Zale division operating income of \$2.2 million included operating income of \$1.2 million from Zale Jewelry and \$1.0 million from Piercing Pagoda. In the second quarter of Fiscal 2017, the Zale division operating income of \$0.3 million included operating income of \$0.5 million from Zale Jewelry and an operating loss of \$0.2 million from Piercing Pagoda.

(2) Includes \$5.9 million of transaction costs related to the credit transaction and \$4.7 million of CEO separation and R2Net acquisition costs. See Note 3 of Item 1 for additional information regarding the credit transaction.

nm Not meaningful.

In the year to date period, operating income was \$250.9 million or 9.0% of sales compared to \$331.9 million or 11.2% of sales in the prior year. Signet's operating income consisted of the following components:

	Year to date					
	Fiscal 2018			Fiscal 2017		
(in millions)	\$	% of		\$	% of	
		divisional			divisional	
		sales			sales	
Sterling Jewelers division	\$ 288.9 ⁽¹⁾	16.6 %		\$ 339.2	18.6 %	
Zale division ⁽²⁾	7.5	0.9 %		26.4	3.1 %	
UK Jewelry division	(0.2)	nm		3.0	1.0 %	
Other	(45.3) ⁽³⁾	nm		(36.7)	nm	
Operating income	\$ 250.9	9.0 %		\$ 331.9	11.2 %	

(1) Includes \$20.7 million gain on assets held for sale related to the reversal of the allowance for credit losses. See Note 3 of Item 1 for additional information.

In the year to date period of Fiscal 2018, the Zale division operating income of \$7.5 million included operating income of \$3.3 million from Zale Jewelry and \$4.2 million from Piercing Pagoda. In the year to date period of Fiscal 2017, the Zale division operating income of \$26.4 million included operating income of \$18.8 million from Zale Jewelry and \$7.6 million from Piercing Pagoda.

(2) Includes \$5.9 million of transaction costs related to the credit transaction and \$4.7 million of CEO separation and R2Net acquisition costs. See Note 3 of Item 1 for additional information regarding the credit transaction.

nmNot meaningful.

Interest expense, net

In the second quarter, net interest expense was \$13.5 million compared to \$11.9 million in the prior year second quarter. The weighted average interest rate for the Company's debt outstanding in the current year was 3.1% compared to 2.8% in the prior year second quarter.

In the year to date period, net interest expense was \$26.1 million compared to \$23.7 million in the prior year. The weighted average interest rate for the Company's debt outstanding in the current year was 3.1% compared to 2.8% in the prior year comparable period.

Table of Contents

Income before income taxes

For the second quarter, income before income taxes increased \$14.1 million to \$122.1 million or 8.7% of sales compared to income of \$108.0 million or 7.9% of sales in the prior year.

For the year to date period, income before income taxes decreased \$83.4 million to \$224.8 million or 8.0% of sales compared to income of \$308.2 million or 10.4% of sales in the prior year.

Income taxes

In the second quarter, income tax expense was \$28.7 million, an effective tax rate ("ETR") of 23.5%, compared to income tax expense of \$26.1 million, an ETR of 24.2% in the prior year second quarter.

In the year to date period, income tax expense was \$52.9 million, an ETR of 23.5%, compared to income tax expense of \$79.5 million, an ETR of 25.8% in the prior year comparable period.

The ETR is driven by the anticipated annual mix of pre-tax income by jurisdiction. During Fiscal 2018, the Company recognized incremental tax expense for discrete items related to the tax shortfall associated with share awards vesting subsequent to the adoption of the new share-based compensation accounting guidance in ASC 2016-09. The Company expects the full year ETR for Fiscal 2018 to be approximately 24% compared to 23.9% for Fiscal 2017. The estimated effective tax rate continues to benefit from global reinsurance and financing arrangements, including certain intra-entity debt agreements which mature on various dates between fiscal year 2022 and 2027.

Net income

For the second quarter, net income was \$93.4 million or 6.7% of sales compared to \$81.9 million or 6.0% of sales in the prior year second quarter.

For the year to date period, net income was \$171.9 million or 6.1% of sales compared to \$228.7 million or 7.7% of sales in the prior year.

Earnings per share ("EPS")

As discussed in Notes 5 and 7 of Item 1, the Company issued preferred shares on October 5, 2016 which include a cumulative dividend right and may be converted into common shares. The Company's computation of diluted EPS includes the effect of potential common shares for outstanding awards issued under the Company's share-based compensation plans and preferred shares upon conversion, if dilutive. In computing diluted EPS, the Company also adjusts the numerator used in the basic EPS computation, subject to anti-dilution requirements, to add back the dividends (declared or cumulative undeclared) applicable to the preferred shares.

For the second quarter, diluted EPS were \$1.33 compared to \$1.06 in the prior year second quarter. Earnings per share was impacted by approximately \$0.15 per share due to the gain on reclassification of a portion of our receivable portfolio and share repurchases, offset by CEO separation and R2Net acquisition costs recorded in the second quarter.

The weighted average diluted number of common shares outstanding was 70.5 million compared to 77.2 million in the prior year second quarter. During the second quarter, the Company repurchased approximately 8.1 million common shares. For the second quarter of Fiscal 2018, the dilutive effect related to preferred shares was included from the earnings per share computation as the preferred shares were dilutive. The reduction in weighted average diluted number of common shares outstanding was driven by the Company's share repurchases since July 30, 2016.

For the year to date period, diluted EPS were \$2.36 compared to \$2.94 in the prior year. The weighted average diluted number of common shares outstanding was 66.0 million compared to 77.9 million in the prior year. For the year to date period of Fiscal 2018, the dilutive effect related to preferred shares was excluded from the earnings per share computation as the preferred shares were anti-dilutive.

Dividends per share

In the second quarter, dividends of \$0.31 per common share were declared by the Board of Directors compared to \$0.26 in the prior year second quarter.

In the year to date period, dividends of \$0.62 per common share were declared by the Board of Directors compared to \$0.52 in the prior year comparable period.

In the Fiscal 2018 second quarter and year to date periods, dividends of \$12.50 and \$25.00 per preferred share, respectively, were declared by the Board of Directors. No dividends on preferred shares were declared in the prior year comparable periods as the preferred shares were issued in October 2016.

Table of Contents

LIQUIDITY AND CAPITAL RESOURCES

Summary cash flow

The following table provides a summary of Signet's cash flow activity for the year to date periods of Fiscal 2018 and Fiscal 2017:

(in millions)	26 weeks ended	
	July 29, 2017	July 30, 2016
Net cash provided by operating activities	\$409.8	\$309.2
Net cash used in investing activities	(106.4)	(100.5)
Net cash used in financing activities	(286.2)	(228.6)
Increase (decrease) in cash and cash equivalents	\$17.2	\$(19.9)
Cash and cash equivalents at beginning of period	\$98.7	\$137.7
Increase (decrease) in cash and cash equivalents	17.2	(19.9)
Effect of exchange rate changes on cash and cash equivalents	3.2	0.9
Cash and cash equivalents at end of period	\$119.1	\$118.7

Operating activities

Net cash provided by operating activities was \$409.8 million compared to \$309.2 million in the prior year comparable period.

Net income decreased by \$56.8 million to \$171.9 million from \$228.7 million.

Depreciation and amortization increased \$6.6 million to \$98.4 million from \$91.8 million in the prior year comparable period, principally due to investments in IT.

Cash provided by accounts receivable was \$159.1 million as compared to \$105.1 million in the prior year comparable period. In the Sterling Jewelers division, credit participation was 61.2% and the average monthly collection rate was 10.7% compared to 62.3% and 11.3%, respectively, in the prior year comparable period. The decline in the collection rate is due principally to credit plan mix, including recent programs with extended payment terms and reduced interest rates. Net charge-offs as a percentage of gross accounts receivable increased by approximately 50 basis points to 5.5% due to prior year cohort mix shift impacts reaching charge-off thresholds in the current period.

Below is a summary of key customer financing statistics related to the Sterling Jewelers customer in-house finance receivables. These metrics reflect the performance of the portfolio in total.

Table of Contents

	26 weeks ended			
	July 29,	July 30,		
	2017	2016		
Total sales (millions)	\$1,739.1	\$1,819.8		
Credit sales (millions)	\$1,064.9	\$1,134.4		
Credit sales as % of total Sterling Jewelers sales ⁽²⁾	61.2	% 62.3	%	
Net bad debt expense (millions) ⁽³⁾	\$100.2	\$88.9		
Opening receivables (millions)	\$1,952.0	\$1,855.9		
Closing receivables (millions) ⁽¹⁾	\$1,792.5	\$1,745.0		
Number of active credit accounts at period end ⁽⁴⁾	1,241,844	1,298,654		
Average outstanding account balance at period end	\$1,446	\$1,345		
Average monthly collection rate	10.7	% 11.3	%	
Ending bad debt allowance as a % of ending accounts receivable ⁽¹⁾	7.5	% 7.4	%	
Net charge-offs as a % of average gross accounts receivable ⁽¹⁾⁽⁵⁾	5.5	% 5.0	%	
Non performing receivables as a % of ending accounts receivable ⁽¹⁾	4.5	% 4.4	%	
Credit portfolio impact:				
Net bad debt expense (millions) ⁽³⁾	\$(100.2)	\$(88.9)		
Late charge income (millions)	\$16.4	\$17.6		
Interest income from in-house customer finance programs (millions) ⁽⁶⁾	\$143.8	\$142.9		
	\$60.0	\$71.6		

⁽¹⁾ See Note 10 of Item 1 for additional information.

⁽²⁾ Including any deposits taken at the time of sale.

⁽³⁾ Net bad expense is defined as the charge for the provision for bad debt less recoveries.

⁽⁴⁾ The number of active accounts is based on credit cycle end date closest to the fiscal period end date.

Calculation reflects charge-offs incurred during 26 week periods ended July 29, 2017 and July 30, 2016,

⁽⁵⁾ respectively. Net charge-offs calculated as gross charge-offs less recoveries. See Note 10 of Item 1 for additional information.

⁽⁶⁾ Primary component of other operating income, net, on the condensed consolidated income statements.

Cash provided by inventory and inventory-related items was \$180.0 million compared to cash used of \$33.8 million in the prior year comparable period. Total inventory as of July 29, 2017 was \$2,282.1 million compared to the prior year comparable quarter balance of \$2,418.3 million. The decrease in inventory balances from prior year is attributed to a continued focus on inventory management, offset in part by the effect of foreign exchange.

- Cash used for accounts payable was \$104.4 million compared to \$71.7 million in the prior year comparable period primarily driven by timing of payments made in connection with inventory purchases.

Cash used for accrued expenses and other liabilities was \$6.4 million compared to \$75.5 million in the prior year comparable period primarily driven by the timing of payments associated with payroll-related items including incentive compensation and other taxes, as well as the cash flows received in accordance with the Program Agreement entered into with Comenity Bank in May 2017 as discussed in Note 3 of Item 1.

Investing activities

Net cash used in investing activities in the 26 weeks ended July 29, 2017 was \$106.4 million compared to \$100.5 million in the prior year comparable period. Cash used in each period was primarily for capital additions associated with new store locations and remodels of existing stores, as well as capital investments in IT.

Table of Contents

Stores opened and closed in the 26 weeks ended July 29, 2017:

	January 28, 2017	Openings	Closures	July 29, 2017
Store count:				
Kay	1,192	31	(6)	1,217
Jared	275	1	(1)	275
Regional brands	121	—	(19)	102
Sterling Jewelers division	1,588	(1) 32	(26)	1,594
Zales	751	8	(33)	726
Peoples	143	2	(8)	137
Regional brands	76	—	(20)	56
Total Zale Jewelry	970	10	(61)	919
Piercing Pagoda	616	8	(9)	615
Zale division	1,586	(1) 18	(70)	1,534
H.Samuel	304	2	(1)	305
Ernest Jones	204	1	(1)	204
UK Jewelry division	508	(1) 3	(2)	509
Signet	3,682	53	(98)	3,637

(1) The annual net change in selling square footage for Fiscal 2017 for the Sterling Jewelers division, Zale division and UK Jewelry division was 4.3%, (0.2)%, and 1.0%, respectively.

Planned store count changes for the remainder of Fiscal 2018:

During Fiscal 2018, Signet plans to close approximately 165 to 170 stores in Fiscal 2018 and open approximately 90 to 115 stores for a net selling square footage change of flat to a decline of 1%. Store closures are primarily focused on mall-based regional brands not meeting Signet's financial return expectations. Store openings will be primarily Kay off-mall.

Financing activities

Net cash used in financing activities in the 26 weeks ended July 29, 2017 was \$286.2 million, comprised primarily of \$460.0 million for the repurchase of common shares and \$58.1 million for dividend payments on common and preferred shares. Offsetting the cash used for share repurchases and dividend payments was \$247.0 million of net proceeds drawn on the revolving credit facility primarily to fund share repurchases during the second quarter.

Net cash used in financing activities in the 26 weeks ended July 30, 2016 was \$228.6 million, comprised primarily of \$375.0 million for the repurchase of Signet's common shares and \$37.9 million for dividend payments on common shares. Offsetting the cash used for share repurchases and dividend payments was \$200.0 million of proceeds drawn on the revolving credit facility.

Details of the major items within financing activities are discussed below:

Share repurchases

The Company's share repurchase activity was as follows:

	26 weeks ended July 29, 2017			26 weeks ended July 30, 2016		
(in millions, except per share amounts)	Amount authorized	Shares repurchased	Amount repurchased	Average repurchase price per share	Shares repurchased	Amount repurchased
2016 Program ⁽¹⁾	\$ 1,375.0	8.1	\$ 460.0	\$ 56.91	2.7	\$ 239.4
2013 Program ⁽²⁾	\$ 350.0	n/a	n/a	n/a	1.2	\$ 135.6
Total		8.1	\$ 460.0	\$ 56.91	3.9	\$ 375.0
						Average repurchase price per share
						\$ 88.39
						\$ 111.26
						\$ 95.49

- (1) The 2016 Program had \$50.6 million remaining as of July 29, 2017.
 - (2) The 2013 Program was completed in May 2016.
- n/a Not applicable.

Table of Contents

In June 2017, the Board of Directors authorized a new program to repurchase \$600.0 million of Signet's common shares (the "2017 Program"). The 2017 Program may be suspended or discontinued at any time without notice. The total authorization remaining as of July 29, 2017 was \$650.6 million.

Dividends on common shares

(in millions, except per share amounts)	Fiscal 2018		Fiscal 2017	
	Cash dividend per share	Total dividends	Cash dividend per share	Total dividends
First quarter	\$0.31	\$ 21.3	\$0.26	\$ 20.4
Second quarter ⁽¹⁾	0.31	18.7	0.26	19.7
Total	\$0.62	\$ 40.0	\$0.52	\$ 40.1

Signet's dividend policy for common shares results in the dividend payment date being a quarter in arrears from the declaration date. As a result, as of July 29, 2017 and July 30, 2016, \$18.7 million and \$19.7 million, respectively, ⁽¹⁾ has been recorded in accrued expenses and other current liabilities in the condensed consolidated balance sheets reflecting the cash dividends declared on common shares for the second quarter of Fiscal 2018 and Fiscal 2017, respectively.

In addition, on August 2017, Signet's Board declared a quarterly dividend of \$0.31 per share on its common shares. This dividend will be payable on November 30, 2017 to shareholders of record on October 27, 2017, with an ex-dividend date of October 26, 2017.

Dividends on preferred shares

During the 26 weeks ended July 29, 2017, dividends on preferred shares totaling \$15.6 million were declared by the Company. This amount, along with the \$0.8 million deemed dividend for the accretion of issuance costs associated with the preferred shares, reduced net income attributable to common shareholders in the year to date period.

As of July 29, 2017, an accrual for \$7.8 million has been recorded in accrued expenses and other current liabilities in the condensed consolidated balance sheet as the dividend is payable to preferred shareholders on August 15, 2017.

There were no cumulative undeclared dividends on the preferred shares as of July 29, 2017.

Proceeds from issuance of Common Shares

During the 26 weeks ended July 29, 2017, \$0.2 million was received for the exercise of share options pursuant to Signet's equity compensation programs compared to \$0.4 million in the 26 weeks ended July 30, 2016.

Movement in cash and indebtedness

Cash and cash equivalents at July 29, 2017 were \$119.1 million compared to \$118.7 million as of July 30, 2016.

Signet has significant amounts of cash and cash equivalents invested in various 'AAA' rated liquidity funds and at a number of financial institutions. The amount invested in each liquidity fund or at each financial institution takes into account the credit rating and size of the liquidity fund or financial institution and is invested for short-term durations. At July 29, 2017, Signet had \$1,652.6 million of outstanding debt, comprised of \$398.9 million of senior unsecured notes, \$600.0 million on an asset-backed securitization facility, \$339.6 million on a term loan facility, \$303.0 million on a revolving credit facility and \$11.1 million of bank overdrafts. During the 26 weeks ended July 29, 2017, the Company made \$9.0 million in principal payments on the term loan. Upon closing the credit transaction, the Company expects to receive gross proceeds of approximately \$1.0 billion which will be utilized to repay the \$600.0 million balance outstanding on the asset backed securitization facility and to repay the short-term loan associated with the acquisition of R2Net, Inc. as disclosed in Note 21 and other borrowings under the revolving credit facility. The credit transaction is subject to regulatory approvals and other customary conditions, and is expected to close in October 2017.

At July 30, 2016, Signet had \$1,578.4 million of outstanding debt, comprised of \$398.7 million of senior unsecured notes, \$600.0 million of an asset-backed securitization facility, \$357.5 million on a term loan facility, \$200.0 million on the revolving credit facility and \$22.2 million of bank overdrafts and capital lease obligations. During the 26 weeks ended July 30, 2016, \$7.5 million in principal payments were made on the term loan.

The Company had stand-by letters of credit outstanding of \$15.3 million and \$14.8 million as of July 29, 2017 and July 30, 2016, respectively, that reduce remaining availability under the revolving credit facility.

Net debt was \$1,525.6 million as of July 29, 2017 compared to \$1,450.4 million as of July 30, 2016; see non-GAAP measures discussed above.

Table of Contents

CONTRACTUAL OBLIGATIONS

Signet's contractual obligations and commitments as of July 29, 2017 and the effects such obligations and commitments are expected to have on Signet's liquidity and cash flows in future periods have not changed materially outside the ordinary course from those disclosed in Signet's Annual Report on Form 10-K for the year ended January 28, 2017, filed with the SEC on March 16, 2017.

SEASONALITY

Signet's sales are seasonal, with the first quarter slightly exceeding 20% of annual sales, the second and third quarters each approximating 20% and the fourth quarter accounting for almost 40% of annual sales, with December being by far the most important month of the year. The "Holiday Season" consists of results for the months of November and December. As a result, approximately 45% to 55% of Signet's annual operating income normally occurs in the fourth quarter, comprised of nearly all of the UK Jewelry and Zale divisions' annual operating income and approximately 40% to 45% of the Sterling Jewelers division's annual operating income.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. On an ongoing basis, management evaluates its accounting policies, estimates and judgments, including those related to the valuation of accounts receivables, inventories, deferred revenue, derivatives, employee benefits, income taxes, contingencies, asset impairments, indefinite-lived intangible assets, as well as depreciation and amortization of long-lived assets. Management bases the estimates and judgments on historical experience and various other factors believed to be reasonable under the circumstances. Actual results may differ from these estimates. There have been no material changes to the critical accounting policies and estimates disclosed in Signet's Annual Report on Form 10-K for the fiscal year ended January 28, 2017 filed with the SEC on March 16, 2017.

During the second quarter of Fiscal 2018, the Company performed its annual evaluation of its indefinite-lived intangible assets, including goodwill and trade names identified in the Zale acquisition, for impairment indicators. Impairment indicators identified included weakness in the overall retail environment, declines in same store sales, as well as a general decline in the market valuation of the Company's common shares. At this time, the estimated fair value of the reporting units and indefinite-lived trade names continues to exceed the carrying values. However, the Company will continue to monitor sales trends, interest rates, and other key inputs to the estimates of fair value. A further decline in the key inputs, especially sales trends used in the valuation of trade names, may result in an impairment charge.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Signet is exposed to market risk from fluctuations in foreign currency exchange rates, interest rates and precious metal prices, which could affect its consolidated financial position, earnings and cash flows. Signet manages its exposure to market risk through its regular operating and financing activities and, when deemed appropriate, through the use of derivative financial instruments. Signet uses derivative financial instruments as risk management tools and not for trading purposes.

As certain of the UK Jewelry division's purchases are denominated in US dollars and its net cash flows are in British pounds, Signet's policy is to enter into forward foreign currency exchange contracts and foreign currency swaps to manage the exposure to the US dollar. Signet also hedges a significant portion of forecasted merchandise purchases using commodity forward contracts. Additionally, the Zale division occasionally enters into forward foreign currency exchange contracts to manage the currency fluctuations associated with purchases for our Canadian operations. These contracts are entered into with large, reputable financial institutions, thereby minimizing the credit exposure from our counterparties.

Signet has significant amounts of cash and cash equivalents invested at several financial institutions. The amount invested at each financial institution takes into account the long-term credit rating and size of the financial institution. The interest rates earned on cash and cash equivalents will fluctuate in line with short-term interest rates.

Signet's market risk profile as of July 29, 2017 has not materially changed since January 28, 2017. The market risk profile as of January 28, 2017 is disclosed in Signet's Annual Report on Form 10-K, filed with the SEC on March 16, 2017.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended. Based on this review, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of July 29, 2017.

Changes in internal control over financial reporting

During the second quarter of Fiscal 2018, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Table of Contents

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Information regarding legal proceedings is incorporated by reference from Note 20 of the Financial Statements set forth in Part I of this Quarterly Report on Form 10-Q.

ITEM 1A. RISK FACTORS

There have been no material changes in our risk factors from those disclosed in Part I, Item 1A, of Signet's Fiscal 2017 Annual Report on Form 10-K, filed with the SEC on March 16, 2017.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Repurchases of equity securities

The following table contains the Company's repurchases of equity securities in the second quarter of Fiscal 2018:

Period	Total number of shares purchased ⁽¹⁾	Average price paid per share	Total number of shares purchased as part of publicly announced plans or programs ⁽²⁾	Maximum number (or approximate dollar value) of shares that may yet be purchased under the plans or programs
April 30, 2017 to May 27, 2017	262,864	\$ 50.68	240,598	\$498,723,659
May 28, 2017 to June 24, 2017	7,842,032	\$ 57.15	7,842,032	\$50,586,636
June 25, 2017 to July 29, 2017	2,312	\$ 56.44	—	\$650,586,636
Total	8,107,208	\$ 56.94	8,082,630	\$650,586,636

Includes 24,578 shares delivered to Signet by employees to satisfy minimum tax withholding obligations due upon
⁽¹⁾ the vesting or payment of stock awards under share-based compensation programs. These are not repurchased in connection with any publicly announced share repurchase programs.

In February 2016 and August 2016, the Board of Directors authorized the repurchase of Signet's common shares up to \$750.0 million and \$625.0 million, respectively, for a combined total of \$1,375.0 million (the "2016 Program"). In
⁽²⁾ June 2017, the Board of Directors authorized a new program to repurchase \$600.0 million of Signet's common shares (the "2017 Program"). The 2016 Program and 2017 Program may be suspended or discontinued at any time without notice.
