State below in reasonable detail the reasons why Form 10-K, 11-K, 20-F, 10-Q, N-SAR or the transition report portion thereof could not be filed within the prescribed time period. (Attach extra sheets if needed.)

The first fiscal quarter of Environmental Tectonics Corporation (the Company) ended on May 25, 2007. Accordingly, the Company's Quarterly Report on Form 10-Q is required to be filed by July 9, 2007.

The Company has previously disclosed, in a Current Report on Form 8-K dated June 28, 2007, that it had reached a tentative settlement in its litigation matter with the United States Navy (the Government), captioned Environmental Tectonics Corporation v. United States. The Company is continuing to analyze the impact of the tentative settlement with the Government on its financial statements and is unable to complete this analysis in time for filing the Company's Quarterly Report on Form 10-Q by July 9, 2007.

As a result of the foregoing, the Company was unable to complete and file its Quarterly Report on Form 10-Q on a timely basis and to do so would have required it to use unreasonable effort and to incur unreasonable expense.

Persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB control number.

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Subsequent to the end of the Company's first fiscal quarter ended May 25, 2007, the company reached a tentative settlement in its litigation matter with the Government, captioned Environmental Tectonics Corporation v. United States. The tentative settlement was disclosed by the Company on a Current Report on Form 8-K dated June 28, 2007.

The matter with the Government related to a contract for submarine rescue decompression chambers. The Company's tentative settlement regarding the Government's counterclaims in the matter, which is subject to necessary government approvals, will require the Company to pay to the Government \$3.3 million and to transfer the submarine rescue decompression chambers to the Government, at which time the Company will have no further obligations or claims under the contract. The approval process may take up to 90 days. There can be no assurance that the settlement will be finalized or approved. In the event that the settlement is not approved, the litigation regarding the Government's counterclaims will continue.

In connection with the settlement agreement, the Company expects to record a net pre-tax charge of \$5.9 million for the first quarter of fiscal 2008, which ended May 25, 2007.
