Benefits Administration Committee

Equitable Resources, Inc. Employee Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Equitable Resources, Inc. Employee Savings Plan as of December 29, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 29, 2008 and 2007, and the changes in its net assets available for benefits for the years then ended, in conformity with US generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 29, 2008 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**EQUITABLE RESOURCES, INC**

**EMPLOYEE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED**

**DECEMBER 29, 2008**

1. Description of Plan

The following description of the Equitable Resources, Inc. Employee Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and savings plan, with a 401(k) salary reduction and an **employee stock ownership plan** feature, implemented on September 1, 1985, by EQT Corporation, formerly Equitable Resources, Inc. and certain subsidiaries (Company or Companies).

All regular, full-time and certain part-time, non-union employees of the Companies are eligible to participate in the Plan on their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

In 2008 and 2007, participants who were highly compensated employees could elect to contribute to the Plan on a pre-tax basis between 1% and 15% of eligible earnings, and other participants could elect to contribute to the Plan on a pre-tax basis between 1% and 50% of eligible earnings, subject in each case to Internal Revenue Code (IRC) limitations. These contributions are referred to as contract contributions.

In addition, in 2008 and 2007, participants could elect to make after-tax contributions between 1% and 20% of eligible earnings to the Plan, subject to IRC limitations. Participants may not contribute more than a combined pre-tax and after-tax amount of 50% of eligible earnings.

## Edgar Filing: EQT Corp - Form 11-K

All participants receive a match of 50% of the first 6% of their contract contributions. Since 2007, all participants also receive a match of 50% of the first 6% of any combination of their contract and after-tax contributions. These contributions are referred to as matching contributions.

Participants also may receive a performance contribution, which is determined on an annual basis at the discretion of the Company. During 2008 and 2007, the amount of the performance contribution was 6% of eligible earnings.

Each participant directs the investment of contract and after-tax contributions under Plan provisions intended to meet ERISA section 404(c). Matching and performance contributions made prior to May 15, 2007 were initially invested in the Employer Stock Fund, until they became fully vested and then could be invested in other available investment funds, if elected by the participant under Plan provisions intended to meet ERISA Section 404(c). Effective May 15, 2007, each participant who was not fully vested was allowed to make an investment election and change this investment from the Employer Stock Fund. Matching and performance contributions made on or after May 15, 2007 follow the participant's contract investment election(s) rather than being allocated automatically to the Employer Stock Fund.

If a participant refuses or fails to make an investment election on or after May 15, 2007, the contributions made on or after May 15, 2007 for a participant under the Plan are invested and held in a qualified default investment alternative, designated by the Benefits Investment Committee (BIC) until the participant makes a valid investment election. Presently, the BIC has designated the Plan's default investment as the targeted-retirement date investment fund applicable to the participant on an age-appropriate basis. If a participant has not made an investment election with respect to employer contributions in the Employer Stock Fund before May 15, 2007 and refuses or fails to make an investment election on or after May 15, 2007, the contributions made before May 15, 2007 for a participant under the Plan are invested and held in the Employer Stock Fund until the participant makes a valid investment election.

**EQUITABLE RESOURCES, INC**

**EMPLOYEE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED**

**DECEMBER 29, 2008**

1. Description of Plan (continued)

Contributions (continued)

The Employer Stock Fund consists of the EQT Corporation Stock Fund and, effective May 1, 2002, the EQT Corporation Stock Fund - ESOP account (ESOP). The ESOP feature operates as an account within the Plan that will hold shares invested in the EQT Corporation Stock Fund. All participant and Company contributions made before May 1, 2002 that were invested in the EQT Corporation Stock Fund were allocated to the ESOP portion of the Plan. After May 1, 2002, new contributions invested in the EQT Corporation Stock Fund will transfer to the ESOP on a quarterly basis. Participants can elect to receive dividends from the ESOP in cash or to be paid to their account and reinvested in the EQT Corporation Stock Fund.

Rollover Contributions

Participants are allowed to make rollover contributions (contributions transferred to the Plan from other qualified retirement plans), subject to certain requirements.

During 2008, in connection with an amendment to the Company's Equitable Resources, Inc. 2008 Spin-Off Plan, certain employees were able to make an election to transfer pension benefits into the Plan. Total transfers into the Plan relative to these transactions were \$4,919,257 for the year ended December 29, 2008 and are included in rollovers in the accompanying statements of changes in net assets available for benefits.

During 2007, in connection with an amendment to the Company's Retirement Plan for Employees, certain employees were able to make an election to transfer pension benefits into the Plan. Total transfers into the Plan relative to these transactions were \$442,353 for the year ended December 29, 2007 and are included in rollovers in the accompanying statements of changes in net assets available for benefits.

Transfers from Affiliated Plans

Transfers from affiliated plans represent transfers made between the Plan and the Equitable Resources, Inc. Savings and Protection Plan.

Vesting

Participants are 100% vested in the value of contract and after-tax contributions made, and any rollover contributions.

If employment is terminated by the Company for any reason other than involuntary termination without cause, retirement, death or total and permanent disability, a participant is entitled to receive the vested value of any employer contributions (matching and performance).

Matching and performance contributions vest in accordance with the following schedule:

<i><b>Years of Continuous Service Completed</b></i>	<i><b>Vested Interest</b></i>
One year	33%
Two years	67%
Three years	100%

**EQUITABLE RESOURCES, INC**

**EMPLOYEE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED**

**DECEMBER 29, 2008**

1. Description of Plan (continued)

Vesting (continued)

Amounts forfeited by participants upon termination are used to reduce the amount of the Company's future employer contributions to the Plan. In 2008 and 2007, forfeitures of \$116,329 and \$196,132, respectively, were used to offset employer contributions.

Upon involuntary termination without cause, retirement, death or total and permanent disability of the participant or termination of the Plan, a participant is entitled to receive the full value of any employer contributions, regardless of years of continuous service.

In the event of a change in control, as defined in the Plan, all employer contributions (matching and performance) become 100% vested immediately.

Payment of Benefits to Participants

Payments to participants can be made as follows: a lump-sum distribution, a direct rollover, if applicable, or, in the case of a distribution on account of retirement or total and permanent disability, equal periodic payments over the lesser of: the life expectancy of the participant and beneficiary or twenty (20) years. Benefits are recorded when paid.

Loans to Participants

A participant may borrow money from the Plan in amounts up to the lesser of \$50,000 or 50% of the vested eligible balance of a participant's account.

Administrative Expenses

The Plan pays administrative expenses associated with the Plan. The expenses are included in the Other line item in the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments

Short-term investments are valued at cost, which approximates market. The Employer Stock Fund, consisting of EQT Corporation common stock (Company common stock), is valued at market price as quoted on the New York Stock Exchange. There were 803,703 and 635,956 shares of Company common stock held by the Plan as of December 29, 2008 and 2007, respectively. Investments other than investments in common/collective trusts are valued at market.

**EQUITABLE RESOURCES, INC**

**EMPLOYEE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED**

**DECEMBER 29, 2008**

2. Summary of Significant Accounting Policies

Investments (continued)

As described in the Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust (Fidelity Managed Income Portfolio). As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment in the common/collective trust as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The fair value of the Plan's interest in the Fidelity Managed Income Portfolio is based on information reported by the issuer of the common/collective trust at year-end. The contract value of the Fidelity Managed Income Portfolio Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

In September 2006, the FASB issued Statement No. 157, Fair Value Measurements (FAS 157), which defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. FAS 157 applies under other accounting pronouncements that require or permit fair value measurements, and does not require any new fair value measurements. On January 1, 2008, the Plan adopted FAS 157. Adoption did not impact financial condition or operations, but resulted in additional disclosures. See further discussion in Note 8.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Reclassifications

Certain reclassifications have been made to the accompanying financial statements for the year ended December 29, 2007 to conform to the current year's presentation.

**EQUITABLE RESOURCES, INC**

**EMPLOYEE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED**

**DECEMBER 29, 2008**

3. Investments

Investments that represent 5% or more of fair value of the Plan's net assets are as follows:

	<b>December 29</b>	
	<b>2008</b>	<b>2007</b>
Employer Stock Fund*	\$ 25,851,176	\$ 34,167,103
Fidelity Managed Income Portfolio	20,691,303	17,152,412
AF Growth Fund of America	10,000,448	16,748,043
AF Washington Mutual Investors Fund	6,230,098	10,008,718
Fidelity Diversified International Fund	5,823,216	11,340,627
PIMCO Total Return Administrative Fund	5,643,312	- **
Oppenheimer Developing Markets Fund	-	** 9,089,754
Fidelity Balanced Fund	-	** 7,543,340

\* For some contributions made prior to May 15, 2007, partially nonparticipant-directed.

\*\* Investment does not represent 5% or more for the respective year.

The Plan's investments (including investments purchased, sold, as well as held during the year) (depreciated) appreciated in fair value as determined by quoted market prices as follows:

**Net Changes in Fair Value**

**For the Year Ended December 29**

Edgar Filing: EQT Corp - Form 11-K

	<b>2008</b>	<b>2007</b>
Investments at fair value as determined by quoted market prices:		
Mutual funds	\$(41,334,608)	\$ 2,500,035
Company stock	(14,683,170)	7,866,554
	\$(56,017,778)	\$10,366,589

**EQUITABLE RESOURCES, INC****EMPLOYEE SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED****DECEMBER 29, 2008**3. Investments (continued)

Information about the net assets and significant components of the changes in net assets related to the Employer Stock Fund (partially nonparticipant-directed) investments as of and for the years ended December 29, 2008 and 2007 is as follows:

	<b>Years Ended December 29</b>	
	<b>2008</b>	<b>2007</b>
Net asset:		
Employer Stock Fund	\$ 25,851,176	\$ 34,167,103
Changes in net assets:		
Interest and dividends	\$ 599,090	\$ 568,498
Interest on participant loans	17,085	11,071
Net (depreciation) appreciation in fair value of investments	(14,683,170)	7,866,554
Employer contributions	782,048	950,563
Participant contributions	1,973,548	778,841
Benefits paid to participants	(1,256,271)	(3,168,634)
Interfund transfers/transfers to affiliated plan	4,253,121	(194,002)
Other	(1,378)	(921)
Net (decrease) increase	\$ (8,315,927)	\$ 6,811,970

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the interests of all affected

participants will become fully vested.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party Transactions

Certain plan investments are shares of mutual funds and common/collective trusts managed by Fidelity or an affiliate. Fidelity is trustee of the Plan and, therefore, these transactions may qualify as party-in-interest transactions. Transactions with respect to participant loans and the Employer Stock Fund also qualify as party-in-interest transactions.

**EQUITABLE RESOURCES, INC**

**EMPLOYEE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED**

**DECEMBER 29, 2008**

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated November 26, 2002, stating that the Plan is qualified under Section 401(a) of the IRC; therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

8. Fair Value Measurements

Effective January 1, 2008, the Plan adopted the provisions of FAS 157 for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements. FAS 157 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. FAS 157 also establishes a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of three levels based on the inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels are defined as follows:

Level 1 - Observable inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Observable inputs, other than those included in Level 1, based on quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets and liabilities in inactive markets.

Level 3 - Unobservable inputs that reflect an entity's own assumptions about what inputs a market participant would use in pricing the asset or liability based on the best information available in the circumstances.

Investments included in the statements of net assets available for benefits in mutual funds totaling \$63,756,646 and investments in the Company's common stock (Employer Stock Fund) totaling \$25,851,176 are stated at fair value as of December 29, 2008. These investments are based upon daily unadjusted quoted prices and therefore are considered Level 1.

Edgar Filing: EQT Corp - Form 11-K

Investments included in the statements of net assets available for benefits in common/collective trusts totaling \$20,691,303 are stated at fair value as of December 29, 2008. These investments are based on good-faith estimates provided by the counterparty based on its valuation models and therefore are considered Level 2.

Participant loans are valued at amortized cost, which approximates fair value. Participant loans are considered Level 3, and a summary of changes in the fair value for the year ended December 29, 2008 is as follows:

Balance, beginning of year	\$1,067,198
Purchases, sales, issuances and settlement, net	(66,396)
Balance, end of year	\$1,000,802

**EQUITABLE RESOURCES, INC**
