DEREGISTRATION OF UNSOLD SECURITIES

On May 4, 2000, Incyte Genomics, Inc. (the Company) filed its Registration Statement on Form S-3 (File No. 333-36318) (the Registration Statement) covering \$200,000,000 principal amount of 5.5% Convertible Subordinated Notes due 2007 (the Notes) and the 1,483,250 shares of the Company's common stock, \$0.001 par value (Common Stock), issuable upon conversion of such Notes (as subsequently adjusted for the September 2000 two-for-one stock split) to be sold by certain selling securityholders of the Company. On August 2, 2000, the Securities and Exchange Commission (the Commission) declared the Registration Statement effective.

Pursuant to Rule 477 promulgated under the Securities Act of 1933 and the Company's undertaking in Item 17 of Part II of this Registration Statement, the Company respectfully requests that the Commission withdraw the Company's Registration Statement on Form S-3, including all amendments and exhibits thereto, with respect to the unsold portion of securities registered hereon. The Registration Statement was filed in order to register the Notes issued to purchasers in a private placement in February 2000 and the shares of Common Stock into which the Notes are convertible.

The Company is requesting the withdrawal of the Registration Statement because, pursuant to the terms of the Registration Rights Agreement between the Company and the initial purchasers of the Notes, the Company's obligations to maintain the effectiveness of the Registration Statement under the Registration Rights Agreement expired in February 2002.

Accordingly, the Company hereby de-registers the Notes, and shares of its Common Stock into which the Notes are convertible, registered pursuant to the Registration Statement that remain unsold thereunder.
