This proxy statement and the enclosed form of proxy are furnished in connection with solicitation of proxies by our Board of Directors for use at the 2019 Annual Meeting of Stockholders (the "Annual Meeting") to be held virtually at 9:00 a.m. PDT on Tuesday, June 18, 2019, and any postponements or adjournments thereof. The Annual Meeting can be accessed via the internet at www.virtualshareholdermeeting.com/WDAY2019 where you will be able to listen to the meeting live, submit questions, and vote online. Beginning on or about April 26, 2019, a Notice of Internet Availability of Proxy Materials ("Notice") containing instructions on how to access our proxy statement for our 2019 Annual Meeting of Stockholders and our fiscal 2019 Annual Report to Stockholders on Form 10-K (together, the "proxy materials") is being mailed to our stockholders.

The information provided in the question and answer format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully.

What matters am I voting on?

You will be voting on:

the election of three Class I directors to serve until the 2022 Annual Meeting of Stockholders and until their respective successors are elected and qualified, subject to earlier resignation or removal;

a proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending January 31, 2020;

Edgar Filing: Workday, Inc. - Form DEF 14A

a proposal to approve, on an advisory basis, the compensation paid to Workday's named executive officers; and

any other business that may properly come before the meeting.

How does the Board of Directors recommend I vote on these proposals?

The Board of Directors recommends a vote:

FOR the election of Carl M. Eschenbach, Michael M. McNamara, and Jerry Yang as Class I directors to serve until the 2022 Annual Meeting of Stockholders and until their respective successors are elected and qualified, subject to earlier resignation or removal;

FOR the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2020; and

FOR the advisory vote to approve the compensation paid to Workday's named executive officers.

Why are you holding a virtual meeting and how can stockholders attend?

We believe hosting our Annual Meeting virtually helps to reduce costs, expand access, and enable improved communication. Stockholders are able to attend our Annual Meeting, vote, and ask questions online from virtually any location around the world. To participate in our virtual Annual Meeting, visit www.virtualshareholdermeeting.com/WDAY2019 with your 16-digit control number included in the Notice, on your proxy card, or in the instructions that accompanied your proxy materials.

Table of Contents

Who is entitled to vote?

Holders of our common stock as of the close of business on April 22, 2019, the record date, may vote at the Annual Meeting. As of the record date, we had 160,999,719 shares of Class A common stock outstanding and 64,392,241 shares of Class B common stock outstanding. In deciding all matters at the Annual Meeting, each holder of Class A common stock of Workday will be entitled to one vote for each share of Class A common stock held as of the close of business on the record date, and each holder of Class B common stock of Workday will be entitled to 10 votes for each share of Class B common stock held as of the close of business on the record date. We do not have cumulative voting rights for the election of directors.

Registered Stockholders. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares, and the Notice was provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote at the Annual Meeting.

Street Name Stockholders. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name and the Notice was forwarded to you by your broker or nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares. Beneficial owners are also invited to participate in the Annual Meeting via the internet. However, since beneficial owners are not stockholders of record, you may not vote your shares via the internet at the virtual Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use.

Who is Workday's transfer agent, and how may I contact them?

Workday's transfer agent is American Stock Transfer & Trust Company (AST). You may e-mail AST at help@astfinancial.com or you can call AST at 888-432-7410 or 718-921-8124 Monday-Friday between 5:00am-5:00pm PDT. Materials may be mailed to AST at:

How do I vote?

There are four ways for stockholders of record to vote:

Street name holders may submit their voting instructions by internet or telephone using the information provided by their respective brokers or nominees and may complete and mail voting instruction forms to their respective brokers or nominees. However, street name holders may not

Edgar Filing: Workday, Inc. - Form DEF 14A

vote via the internet at the Annual Meeting unless they obtain a legal proxy from their respective brokers or nominees.

Can I change my vote?

Yes. If you are a stockholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

entering a new vote by internet or by telephone;

voting via the internet at the virtual Annual Meeting.

Table of Contents

Street name holders may change their voting instructions by submitting new instructions by internet, by telephone, or returning a later-dated voting instruction form to their respective brokers or nominees. In addition, street name holders who obtain a legal proxy from their respective brokers or nominees may change their votes by voting via the internet at the virtual Annual Meeting.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our Board of Directors. The persons named in the proxy have been designated as proxies by our Board of Directors. When proxies are properly dated, executed, and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our Board of Directors as described above. If any matters not described in the proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned, the proxy holders can vote your shares at the adjourned meeting date as well, unless you have properly revoked your proxy instructions, as described above.

What is a quorum?

The presence of a majority of the aggregate voting power of the issued and outstanding shares of stock entitled to vote at the meeting will constitute a quorum at the meeting. Your shares will be counted as present at the meeting if you attend and vote online during the virtual Annual Meeting or if you have properly submitted a proxy. Except as otherwise expressly provided by the Certificate of Incorporation or by law, the holders of shares of Class A common stock and Class B common stock will vote together as a single class on all matters submitted to a vote. Each holder of Class A common stock will have the right to one vote per share of Class A common stock and each holder of Class B common stock will have the right to 10 votes per share of Class B common stock. A proxy submitted by a stockholder may indicate that the shares represented by the proxy are not being voted (stockholder withholding) with respect to a particular matter. In addition, a broker may not be permitted to vote stock (broker non-vote) held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. The shares subject to a proxy which are not being voted on a particular matter because of either stockholder withholding or broker non-votes will count for purposes of determining the presence of a quorum. Abstentions are voted neither for nor against a matter, but are also counted in the determination of a quorum.

How many votes are needed for approval of each matter?

Proposal No. 1: The election of directors requires a plurality of the votes cast by the holders of shares present or represented by proxy at the Annual Meeting and entitled to vote thereon. Plurality means that the individuals who receive the largest number of votes cast for are elected as directors. As a result, any shares not voted for a particular nominee (whether as a result of stockholder withholding or a broker non-vote) will not be counted in such nominee's favor.

Proposal No. 2: The ratification of the appointment of Ernst & Young LLP requires the approval of a majority of the votes cast by the holders of shares present or represented by proxy at the Annual Meeting and entitled to vote thereon. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Proposal No. 3: The advisory vote regarding named executive officer compensation requires the approval of a majority of the votes present or represented by proxy and entitled to vote thereon. For purposes of this proposal, abstentions are treated as shares present or represented by proxy and entitled to vote at the Annual Meeting and, therefore, will have the same effect as a vote against the proposal. Broker non-votes will have no effect on the outcome of the vote.

Because Proposal No. 3 is an advisory vote, the results will not be binding on Workday's Board of Directors or Workday. The Compensation Committee and the Board of Directors will consider the outcome of the vote when establishing or modifying the compensation of our named executive officers.

How are proxies solicited for the Annual Meeting?

The Board of Directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by Workday. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to you if a

Edgar Filing: Workday, Inc. - Form DEF 14A

broker or other nominee holds your shares.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have

Table of Contents

discretion to vote your shares on our sole routine matter the proposal to ratify the appointment of Ernst & Young LLP. Your broker will not have discretion to vote on Proposal No. 1 or Proposal No. 3 absent direction from you, as they are considered non-routine matters.

Why did I receive a notice regarding the availability of proxy materials on the internet instead of a full set of proxy materials?

In accordance with the rules of the Securities and Exchange Commission (SEC), we have elected to furnish our proxy materials, including this proxy statement and our fiscal 2019 Annual Report to Stockholders, primarily via the internet. Beginning on or about April 26, 2019, a Notice of Internet Availability of Proxy Materials is being mailed to our stockholders that contains notice of the Annual Meeting and instructions on how to access our proxy materials on the internet, how to vote online at the virtual meeting, and how to request printed copies of the proxy materials. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of the proxy materials on the internet to help reduce the environmental impact and cost of our annual meetings.

What does it mean if multiple members of my household are stockholders, but we only received one Notice or full set of proxy materials in the mail?

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for notices and proxy materials with respect to two or more stockholders sharing the same address by delivering a single notice or set of proxy materials addressed to those stockholders, unless an affected stockholder has provided contrary instructions. This practice, known as householding, helps to reduce our printing and postage costs, reduces the amount of mail you receive and helps to preserve the environment.

Once you have elected householding of your communications, householding will continue until you are notified otherwise or until you revoke your consent, which may be done at any time by contacting your bank or broker, or, if you are a registered holder, by contacting American Stock Transfer & Trust Company by calling 888-432-7410 or writing to Workday Shareholder Services, c/o American Stock Transfer, 6201 15th Avenue, Brooklyn, NY 11219. Additionally, upon request, we will promptly deliver a separate copy of the proxy materials to any stockholder at a shared address to which a single copy was delivered. To receive a separate copy of the proxy materials, you may reach our Investor Relations department by writing to Workday, Inc., 6110 Stoneridge Mall Road, Pleasanton, CA 94588, via email at IR@workday.com, or by calling 925-379-6000.

Any stockholders who share the same address and currently receive multiple copies of the Notice or proxy materials who wish to receive only one copy in the future can contact Workday's Investor Relations department, their bank, broker, or, if a registered holder, American Stock Transfer & Trust Company, to request information about householding.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Workday or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Table of Contents**PROPOSAL NO. 1:****ELECTION OF DIRECTORS**

Our Board of Directors may establish the authorized number of directors from time to time by resolution. Our Board of Directors currently consists of 11 members; however, one of our Class I directors, A. George (Skip) Battle, has informed the Board of Directors that he will not be standing for re-election when his term expires at the Annual Meeting.

Our Certificate of Incorporation and Bylaws provide for a classified Board of Directors consisting of three classes of directors, with directors serving staggered three-year terms. Directors in a particular class will be elected for three-year terms at the Annual Meeting of Stockholders in the year in which their terms expire. As a result, only one class of directors will be elected at each Annual Meeting of our Stockholders, with the other classes continuing for the remainder of their respective three-year terms. Each director's term continues until the election and qualification of his or her successor, or his or her earlier death, resignation, or removal. The class of each director is set forth in the table below.

Our Certificate of Incorporation and Bylaws provide that our Board of Directors or our stockholders may fill vacant directorships. In the event that the outstanding shares of our Class B common stock represent less than a majority of the combined voting power of common stock, our Certificate of Incorporation and Bylaws authorize only our Board of Directors to fill vacancies on our Board of Directors. Any additional directorships resulting from an increase in the authorized number of directors would be distributed among the three classes as the Board of Directors determines in its discretion.

The Audit Committee of the Board of Directors has appointed the firm of Ernst & Young LLP, an independent registered public accounting firm, to audit our consolidated financial statements for the year ending January 31, 2020. Notwithstanding its selection and even if our stockholders ratify the selection, our Audit Committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of Workday and its stockholders. At the Annual Meeting, the stockholders are being asked to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending January 31, 2020. Our Audit Committee is submitting the selection of Ernst & Young LLP to our stockholders because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate governance. Auditor Independence

Under its charter, the Audit Committee pre-approves audit and non-audit services rendered by our independent registered public accounting firm, Ernst & Young LLP. The Audit Committee has determined that the rendering of non-audit services for assurance and related services that are reasonably related to the performance of the audit services, audit-related services, tax services, and other services by Ernst & Young LLP is compatible with maintaining the principal accountants' independence.

Pre-Approval Policies and Procedures

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board (PCAOB) regarding auditor independence, our Audit Committee is responsible for the appointment, compensation, and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, our Audit Committee (or the Chairman if such approval is required prior to the next Audit Committee

PROPOSAL NO. 3:

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

We are seeking an advisory, non-binding stockholder vote with respect to compensation awarded to our Named Executive Officers (NEOs) for the fiscal year ended January 31, 2019.

Our executive compensation program and compensation paid to our NEOs are described on pages 25-34 of this proxy statement. Our compensation programs are overseen by the Compensation Committee and reflect our philosophy to pay all of our employees, including our NEOs, in ways that support the following principles that we believe reflect our core values:

support, attract, and retain the best talent;

support a high-performance culture by rewarding excellence and achievement;

recognize and retain top-performing talent via differentiated rewards and opportunities;

reinforce alignment with Workday's values (in particular, a focus on excellence and an attitude of ownership);

create alignment with Workday's strategy and long-term performance; and

provide an opportunity for each employee to share in the success we create together.

To help achieve these objectives, we structure our NEOs' compensation to reward the achievement of short-term and long-term strategic and operational goals.

Based on the above, we request that stockholders approve on a non-binding, advisory basis, the compensation of Workday's NEOs as described in this proxy statement pursuant to the following resolution:

RESOLVED, that the compensation paid to Workday's NEOs, as disclosed in this proxy statement, including the Compensation Discussion and Analysis section, compensation tables, and narrative discussion, is hereby APPROVED.

Vote Required

Approval of NEO compensation requires the approval of a majority of the votes present or represented by proxy and entitled to vote thereon.

As an advisory vote, this proposal is non-binding. Although the vote is non-binding, the Board of Directors and the Compensation Committee value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions for our NEOs.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR PROPOSAL NO. 3 TO APPROVE THE COMPENSATION PAID TO

WORKDAY'S NAMED EXECUTIVE OFFICERS.

DIRECTORS AND CORPORATE GOVERNANCE

Director Independence

Our Class A common stock is listed on the Nasdaq Global Select Market. The listing rules of this stock exchange generally require that a majority of the members of a listed company's board of directors be independent. Our Board of Directors, also referred to as the Board, has determined that none of our directors who are not current or former employees (Messrs. Battle, Eschenbach, McNamara, Still, Styslinger, and Yang and Meses. Campbell and Davies) has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined under the rules of the Nasdaq Global Select Market.

Risk Oversight

Our Board exercises its risk oversight function both directly and indirectly through its various committees and reviews strategic and operational risks in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions. Our Board assists in determining the appropriate level of risk for our company, assesses the specific risks that we face, and reviews management's strategies for adequately mitigating and managing identified risks.

Our Audit Committee, Nominating and Governance Committee, and Compensation Committee support our Board in discharging its risk oversight duties and address risks inherent in their respective areas. Our Audit Committee assists our Board in fulfilling its oversight responsibilities relating to the company's financial accounting, reporting and controls, and legal and regulatory compliance, and oversees the accounting and financial reporting processes of the company. Our Nominating and Governance Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure, and corporate governance. Our Compensation Committee assesses risks created by the incentives inherent in our compensation policies. See Compensation Policies and Practices as they relate to Risk Management under the Compensation Discussion and Analysis section elsewhere in this proxy statement for additional information. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our Board leadership structure supports this approach.

Leadership Structure

Mr. Bhusri serves as our Chief Executive Officer and also as a member of our Board. Mr. Duffield serves as our Chairman of the Board and Mr. Stankey serves as a Vice-Chairman of the Board. Because our Chairman is a former executive officer of Workday, Mr. Still serves as a Vice-Chairman and Lead Independent Director of the Board. Our Board of Directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the Board and management to benefit from Mr. Duffield's extensive executive leadership and operational experience. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight, and expertise from outside of our company, while Mr. Bhusri, Mr. Duffield, and Mr. Stankey bring company-specific experience and expertise.

Lead Independent Director

Mr. Still serves as one of our Vice-Chairmen and as our Lead Independent Director. As Lead Independent Director, among other responsibilities, Mr. Still presides over regularly scheduled meetings at which only our independent directors are present, serves as a liaison between the Chief Executive Officer, Chairman, and the independent directors, and performs such additional duties as our Board of Directors may otherwise determine and delegate.

Executive Sessions of Independent Directors

In order to promote open discussion among independent directors, our Board of Directors has a policy of conducting executive sessions of independent directors during each regularly scheduled Board meeting and at such other times if requested by an independent director. These executive sessions are chaired by our Lead Independent Director. The Lead Independent Director provides feedback to Workday's Chief Executive Officer, as needed, promptly after the executive session. Neither Mr. Bhusri, nor Mr. Duffield, nor Mr. Stankey participates in such sessions.

The Board met six times during fiscal 2019 and took action by unanimous consent five times. No director attended fewer than 75% of the total number of meetings of the Board and of any Board committees of which he or she was a member during fiscal 2019.

It is our policy that directors are invited and encouraged to attend our Annual Meetings of Stockholders. During fiscal 2019, all members of the Board other than Mr. Battle attended our Annual Meeting. We have scheduled our 2019 Annual Meeting on the same day as a regularly scheduled Board meeting in order to facilitate attendance by our Board members.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee, a Compensation Committee, a Nominating and Governance Committee, and an Investment Committee. The current composition and functions of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by our Board. Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is, or has at any time during the past year been, an officer or employee of ours. None of our executive officers currently serve, or in the past year has served, as a member of the board of directors or compensation committee of any other entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Considerations in Evaluating Director Nominees

The Nominating and Governance Committee is responsible for identifying, evaluating, and recommending candidates to the Board for Board membership, or the Board may conduct the process of identifying and evaluating Board candidates directly. A variety of methods are used to identify and evaluate director nominees, with the goal of maintaining and further developing an experienced and highly qualified Board. Candidates may come to our attention through current members of our Board, professional search firms, stockholders, or other persons.

The Nominating and Governance Committee will recommend to the Board for selection all nominees to be proposed by the Board for election by the stockholders, including approval or recommendation of a slate of director nominees to be proposed by the Board for election at each Annual Meeting of Stockholders, and, if requested by the Board, will recommend all director nominees to be appointed by the Board to fill interim director vacancies.

The Board will be responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of stockholders. The Board may, either directly or upon the recommendation of the Nominating and Governance Committee, consider the minimum qualifications set forth below, any specific qualities or skills that it believes are necessary for one or more of the Board members to possess, and the desired qualifications, expertise, and characteristics of Board members.

Director Qualifications

The Nominating and Governance Committee and the Board believe that candidates for director should have certain minimum qualifications, including, without limitation:

demonstrated business acumen and leadership, and high levels of accomplishment;

experience with high-growth companies;

ability to exercise sound business judgment and to provide insight and practical wisdom based on experience;

commitment to understand Workday and its business, industry, and strategic objectives;

Edgar Filing: Workday, Inc. - Form DEF 14A

integrity and adherence to high personal ethics and values, consistent with our Code of Conduct;

ability to read and understand financial statements and other financial information pertaining to Workday;

commitment to enhancing stockholder value;

willingness to act in the interest of all stockholders; and

for directors who are not current or former employees, independence under Nasdaq Global Select Market listing standards and other applicable rules and regulations.

Table of Contents

In the context of the Board's existing composition, other requirements that are expected to contribute to the Board's overall effectiveness and meet the needs of the Board and its committees may be considered.

In addition, under Workday's Corporate Governance Guidelines, a director is expected to spend the time and effort necessary to properly discharge such director's responsibilities. Accordingly, a director is expected to regularly attend meetings of the Board and committees on which such director sits, and to review prior to meetings material distributed in advance for such meetings. Thus, the number of other public company boards and other boards (or comparable governing bodies) on which a prospective nominee is a member, as well as his or her other professional responsibilities, will be considered. To help ensure that our directors devote sufficient time to carry out their duties and responsibilities effectively, our Corporate Governance Guidelines provide that each director may not serve on more than three other public company boards without prior approval of the Nominating and Governance Committee and that each director should engage in discussion with our Nominating and Governance Committee prior to accepting an invitation to serve on a public or for-profit private company board of directors. Also, under the Corporate Governance Guidelines, there are no limits on the number of three-year terms that may be served by a director. However, in connection with evaluating recommendations for nomination for re-election, director tenure is considered. When considering nominees, our Nominating and Governance Committee may take into consideration many factors including, among other things, a candidate's independence, integrity, financial and other business expertise, breadth of experience, relevant skills, diversity, and experience and knowledge about our business or industry. Workday values diversity on a company-wide basis but has not adopted a specific policy regarding Board diversity. Additionally, the Nominating and Governance Committee does not assign specific weights to any particular criteria and reviews the candidate's qualifications in light of the specific needs of the Board at that time.

Stockholder Recommendations for Nominations to the Board of Directors

The Nominating and Governance Committee will consider properly submitted stockholder recommendations for candidates for our Board who meet the minimum qualifications as described above. The Nominating and Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. A stockholder of record can nominate a candidate for election to the Board of Directors by complying with the procedures in Article I, Section 1.12 of our Bylaws. Any eligible stockholder who wishes to submit a nomination should review the requirements in the Bylaws on nominations by stockholders. Any nomination should be sent in writing to the Secretary, Workday, Inc., 6110 Stoneridge Mall Road, Pleasanton, California 94588. Submissions must include the full name of the proposed nominee, complete biographical information, a description of the proposed nominee's qualifications as a director, other information specified in our Bylaws, and a representation that the nominating stockholder is a beneficial or record holder of our stock and has been a holder for at least one year. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. These candidates are evaluated at meetings of the Nominating and Governance Committee and may be considered at any point during the year. If any materials are provided by a stockholder in connection with the recommendation of a director candidate, such materials are forwarded to the Nominating and Governance Committee.

All proposals of stockholders that are intended to be presented by such stockholder at an Annual Meeting of Stockholders must be in writing and notice must be delivered to the Secretary at the principal executive offices of Workday not later than the dates described below under [Additional Information](#) Stockholder Proposals for 2020 Annual Meeting.

Non-Employee Director Compensation

Our compensation practices for non-employee directors are reviewed annually by our Compensation Committee. In addition, at the Compensation Committee's direction, Semler Brossy analyzes the competitive position of our director compensation program against the peer groups used to review our executive compensation and examines how director compensation levels, practices, and design features compare to members of our compensation peer groups. We review director compensation against companies that have a similar size and growth trajectory as Workday and have similar business characteristics, such as companies focused on cloud applications or enterprise software. You can find additional information on these peer groups in the Compensation Discussion and Analysis section included elsewhere in this proxy statement.

Under our current compensation practices, our non-employee directors receive equity compensation for their service as directors, which we believe reinforces alignment with our stockholders and is consistent with our overall compensation philosophy. Our Board of Directors has historically approved annual refresh grants for our non-employee directors in respect of their board and committee service at levels recommended by our Compensation Committee. Upon joining our Board of Directors, a non-employee director will generally be granted an initial equity award in connection with his or her appointment to the Board. New directors joining our Board of Directors between annual meetings may also receive a pro-rated annual grant. At

Executive Compensation Philosophy, Objectives, and Design

Philosophy

We operate in a highly competitive and rapidly evolving market, and we expect competition among companies in our market to continue to increase. Our ability to compete and succeed in this environment is directly correlated to our ability to recruit, incentivize, and retain talented individuals in the areas of product development, sales, marketing, services, and general and administrative functions. The market for skilled personnel in the software industry is very competitive. Our compensation philosophy is designed to establish and maintain a compensation program that attracts and rewards talented individuals who possess the skills necessary to support our near-term objectives and create long-term value for our stockholders, expand our business, and assist in the achievement of our strategic goals.

In fiscal 2019, our Compensation Committee reviewed and assessed our compensation philosophy, which is intended to promote Workday's core values and align with our business strategy. The Compensation Committee believes that a great work environment, substantial employee ownership, and meaningful pay and benefits support a winning team, company, and

Table of Contents

workplace. We believe that the compensation of our executive officers and employees should reflect our performance as an organization, and their performance as individuals. Further, our compensation is designed to be focused on ownership, innovation, and results, and to be fair and flexible. Accordingly, key elements of our total rewards philosophy include the following:

Focus on ownership: We believe that all of our employees should share in the ownership of Workday. Therefore, equity compensation is a larger part of total rewards than the market norm, which we believe best aligns the interests of our employees with our stockholders. Likewise, we place less focus on cash compensation relative to our peer groups in favor of equity-based incentive compensation.

Focus on innovation and performance: We reward performance, while recognizing market-based differences between functions. The development of great products is the life-blood of the company, and the compensation structure for product developers is weighted toward long-term compensation in support of longer-term objectives. In contrast, sales compensation is weighted toward variable short-term compensation in accordance with market practices and to promote revenue growth.

Fair and flexible: The Compensation Committee recognizes the importance of providing fair rewards for employee contributions. We seek to provide target total direct compensation (base salary, bonus, and equity) that is at or above market norms, and to provide parity and consistency within functions. We also believe in adhering to budgets, ensuring transparency, and promoting understanding of our compensation philosophy and practices by employees, while at the same time retaining the flexibility needed to promote employee acquisition and retention.

WHAT WE DO

Pay for Performance: We link pay to performance by heavily weighting total compensation to long-term equity awards that align executive interests with the interests of our stockholders.

Independent Compensation Advisor: The Compensation Committee selects and engages its own independent advisors.

Thoughtful Peer Group Analysis: The Compensation Committee reviews external market data when making compensation decisions and annually reviews our peer groups with its independent compensation consultant.

Thorough Compensation Risk Assessment: The Compensation Committee conducts an annual assessment of our executive and broad-based compensation programs to promote prudent risk management.

Compensation Committee Independence and Experience: The Compensation Committee is comprised solely of independent directors who have extensive relevant experience.

Stock Ownership Guidelines: Executives and directors are subject to stock ownership guidelines equal to a multiple of their respective annual base salaries (5x for CEO and 3x for other executive officers) or a set dollar amount for members of our Board of Directors (\$600,000).

Clawback Policy: Our Officer Recoupment Policy provides that our Board may require the forfeiture, recovery, or reimbursement of incentive-based compensation from an executive officer in the event the officer's fraud results in a restatement of Workday's financial results.

WHAT WE DO NOT DO

No Single Trigger Acceleration: We do not provide for single trigger acceleration following a change in control.

No Special Perquisites: We do not provide special perquisites for executives.

No Hedging in Company Securities: Executives, directors, and all employees are prohibited from engaging in any hedging transaction with respect to company equity securities.

No Guaranteed Bonuses: We do not provide guaranteed minimum bonuses.

Objectives

Consistent with our compensation philosophy, the primary goals of our executive compensation programs are to:

provide competitive compensation to recruit, retain, and motivate top talent;

align the interests of our executive officers and stockholders through the use of equity awards; and

motivate and reward behavior consistent with our goals and performance objectives.

The Compensation Committee reviews our compensation structure at least annually and more frequently as needed to focus on different business objectives.

Design

Our executive compensation program has been weighted more heavily towards equity. The Compensation Committee believes that compensation in the form of equity helps to align the interests of our executive officers with the long-term interests of our stockholders by driving achievement of our strategic and financial goals. We use restricted stock units (RSUs) as our primary equity vehicle for our executive officers, including our NEOs. We believe that RSU awards both align the interests of employees with stockholders and provide a longer-term focus through a multi-year vesting schedule, while managing dilution to existing investors and providing greater predictability to our executive officers in the value of their compensation. To maintain a competitive compensation program, we also offer cash compensation in the form of base salaries and, other than for our Chief Executive Officer, semi-annual cash bonuses, resulting in total cash compensation for our executive officers that historically has been low relative to companies in our peer groups. We do not benchmark to specific percentiles for any element of our compensation program, but instead use the peer group information for general guidance.

During fiscal 2019, our Compensation Committee, with the assistance of its compensation consultant, Semler Brossy, reviewed our executive compensation, including base salaries, bonuses, equity awards, and benefit programs, to continue to align our compensation program with stockholder interests and provide appropriate rewards and incentives for our executive officers.

Our Compensation-Setting Process

Pursuant to its charter and in accordance with Nasdaq rules, the Compensation Committee is responsible for reviewing, evaluating, and approving the compensation arrangements of our executive officers and for establishing and maintaining our executive compensation policies and practices. Our Compensation Committee seeks input and receives recommendations from members of our executive management team when discussing the performance and compensation of other executive officers, and in determining the financial and accounting implications of our compensation programs and hiring decisions. The Compensation Committee is authorized to engage its own independent advisors to provide advice on matters related to executive compensation and general compensation programs. For additional information on the Compensation Committee, see Committees of the Board of Directors Compensation Committee elsewhere in this proxy statement.

The initial compensation arrangements with our executive officers other than our Chief Executive Officer were the result of arm's-length negotiations between us and each individual executive officer at the time of his or her hire or appointment. In fiscal 2019, the Compensation Committee and our Board of Directors considered numerous factors in determining whether to make adjustments to the cash and equity compensation of our executive officers, including our NEOs. The Compensation Committee and our Board of Directors reviewed the performance of our executive officers, taking into consideration financial, operational, customer, strategic, product, and competitive factors, as well as the succession planning objectives for our various executive officer positions. The Compensation Committee and our Board of Directors also reviewed a study by Semler Brossy regarding the compensation of executives at the companies in our compensation peer groups. As noted above, we do not benchmark the compensation levels of our executive officers to our peer companies, but we do review and consider the peer group information among various other factors in making compensation decisions. Except with respect to our Chief Executive Officer's compensation, our Chief Executive Officer made recommendations to the Compensation Committee regarding the compensation for our executive officers, which was also taken into account by the Compensation Committee in making its decisions regarding executive compensation. Our Chief Executive Officer was not present for the discussions of our Board of Directors regarding his performance and compensation. Following deliberation, the Compensation Committee approved the cash compensation to be paid to our NEOs and granted RSU

awards to our NEOs, each as described below and in the Summary Compensation Table.

2018 Stockholder Advisory Vote on Executive Compensation

At our Annual Meeting of Stockholders in June 2018, we conducted a stockholder advisory vote on the compensation of our NEOs (commonly known as a Say-on-Pay vote). Our stockholders approved the fiscal 2018 compensation of our NEOs, with approximately 99.1% of the votes cast in favor of our Say-on-Pay proposal.

The Compensation Committee considers the results of the Say-on-Pay vote on our executive compensation program as part of its annual executive compensation review, which generally takes place in the spring. Following our 2018 Annual Meeting of Stockholders, the Compensation Committee reviewed the results of the Say-on-Pay vote, and concluded based on the results of such vote and the stockholders endorsement of our compensation program that our executive compensation program was operating as anticipated. Consequently, the Compensation Committee did not make any significant changes to our executive compensation program based on its review of the voting results.

Following a stockholder vote in 2015, our Board of Directors adopted a policy providing for annual Say-on-Pay votes. Our Board of Directors values the opinions of our stockholders and the Compensation Committee will continue to consider the outcome of future Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our NEOs.

Role of Management

The role of management is to preliminarily design our executive compensation programs, policies, and governance and make recommendations to the Compensation Committee regarding these matters. In this respect, management reviews the effectiveness of our compensation programs, including competitiveness and alignment with Workday's objectives. Management also recommends changes to our compensation programs to best ensure achievement of program objectives and reviews and makes recommendations with respect to the adoption and approval of, or amendments to, company-wide incentive compensation plans. Our Chief Executive Officer makes compensation recommendations to the Compensation Committee with respect to base salaries, bonuses, and other awards for our executive officers, including our NEOs other than the Chief Executive Officer.

Role of the Compensation Consultant

The Compensation Committee retained Semler Brossy to advise on our fiscal 2019 executive compensation programs and practices and our executive compensation decisions given Semler Brossy's expertise in the technology industry, especially with other cloud and enterprise software companies. During fiscal 2019, Semler Brossy provided the following services as requested by the Compensation Committee:

assisted in the development of the compensation peer groups we used to understand market competitive compensation practices;

reviewed and assessed our compensation practices and the cash and equity compensation levels of our executive officers (including an equity retention analysis), including our NEOs, and also for members of our Board of Directors;

reviewed and assessed our current compensation programs to determine any changes that may need to be implemented in order to remain competitive with the market, as well as conducting an equity burn rate and overhang analysis;

reviewed and assessed our current severance and change in control benefits against peer practices; and

advised on regulatory developments relating to executive compensation and collaborated on the risk assessment relating to employee compensation.

All other analyses relating to executive compensation for fiscal 2019 were conducted internally. Internal analyses included gathering and analyzing data and reviewing and advising on principal aspects of executive compensation. Base salaries, equity awards, and bonuses for our executive officers were among the items reviewed internally based on market data provided by Semler Brossy.

Edgar Filing: Workday, Inc. - Form DEF 14A

During fiscal 2019, the Compensation Committee reviewed the fees provided to Semler Brossy relative to Semler Brossy's revenues, the services provided by Semler Brossy to the Compensation Committee, any relationships between Semler Brossy and its consultants and our executive officers, any stock ownership of Workday by Semler Brossy, and other factors relating to Semler Brossy's independence, and concluded that Semler Brossy is independent within the meaning of the listing standards of the Nasdaq Stock Market and that its engagement did not present any conflict of interest. The Compensation Committee has retained Semler Brossy to advise on our executive compensation programs and practices for the fiscal year ending January 31, 2020.

Compensation Peer Group

In December 2017, with the assistance of Semler Brossy, our Compensation Committee reviewed our primary compensation peer group. The compensation peer group was generally developed from companies with a focus on applications software, systems software, or internet software, with revenues of 0.4 to 2.5 times our annual revenues, and at least a 4.0 ratio of market capitalization to revenues, and then further refined by targeting companies with similar business characteristics, such as those focused on cloud applications or enterprise software or those with a focus on innovation and research and development. We also generally sought to include companies with revenue growth of greater than 10% where possible.

Our primary compensation peer group for fiscal 2019 consisted of the following companies:

Akamai Technologies, Inc.	ServiceNow, Inc.
Arista Networks, Inc.	Splunk, Inc.
athenahealth, Inc.	Square, Inc.*
Autodesk, Inc.	Synopsys, Inc.
Cadence Design Systems, Inc.	Symantec Corporation
Fortinet, Inc.	Tableau Software, Inc.
Palo Alto Networks, Inc.	The Ultimate Software Group, Inc.
Red Hat, Inc.	

* Added to the compensation peer group for fiscal 2019

The Compensation Committee eliminated LinkedIn Corporation (acquired by Microsoft Corporation), NetSuite Inc. (acquired by Oracle Corporation), and Citrix Systems, Inc. from the fiscal 2019 compensation peer group as they did not meet one or more of the criteria discussed above or were otherwise no longer considered to be meaningful comparison points based on geographic scope or business focus and strategy. However, we continued to include Citrix Systems, Inc. in the supplemental list of reference companies described below.

While the Compensation Committee and our Board of Directors consider the compensation levels of the executives at the companies in our primary compensation peer group to provide a general understanding of market practices among similar companies, we do not benchmark or specifically set compensation levels based on the percentile levels reflected by the compensation peer group.

In addition, with the assistance of Semler Brossy, our Compensation Committee developed a supplemental set of reference companies. The reference companies listed below were generally selected from companies that had a total market capitalization of between \$10 billion and \$80 billion and reflect companies that we may compete with for executive talent, as well as companies we consider to be market leaders in developing competitive compensation practices within the technology industry. We did not limit ourselves to a specific set of criteria for their selection and instead the group was determined based on input from management and the Compensation Committee from companies they considered important for understanding practices, trends, and overall executive compensation levels at technology companies. The Compensation Committee reviewed pay levels of this group as part of its competitive pay assessment. Some companies are in both the primary peer group and this reference group because they were determined to be appropriate for the objectives of each group.

The reference companies for fiscal 2019 consisted of the following companies:

Akamai Technologies, Inc.	Palo Alto Networks, Inc.
Activision Blizzard, Inc.	PayPal Holdings Inc.
Adobe Systems Incorporated	Red Hat, Inc.
Autodesk, Inc.	salesforce.com, inc.
Cerner Corporation	ServiceNow, Inc.
Citrix Systems, Inc.	Square, Inc.*
Electronic Arts Inc.	Symantec Corporation
Intuit, Inc.	Twitter, Inc.
Netflix, Inc.*	VMware, Inc.

* Added to the reference companies group for fiscal 2019. LinkedIn Corporation was eliminated from the reference compensation group for fiscal 2019.

Elements of Our Executive Compensation Program

The key elements of our executive compensation program include base salary, semi-annual cash bonuses, equity-based awards, and health and welfare programs. Except with respect to target semi-annual cash bonuses, which typically are expressed as a pre-determined percentage of each executive officer's base salary, we do not use specific formulas or weightings in determining the allocation of the various pay elements. Rather, each executive officer's compensation has been designed to provide a combination of pay elements that are tied to achievement of our short-term and long-term financial and operational objectives. In particular, we believe our use of RSU awards, which generally vest over four years, promotes a culture of long-term value creation, while cash bonuses payable based upon semi-annual performance drive toward achievement of near-term objectives.

In fiscal 2019, the Compensation Committee conducted its regular annual review of our executive compensation program, including an evaluation of competitive market practices; conducted annual performance reviews for our executive officers; made adjustments to our executive officers' base salaries and target annual bonus opportunities; and made annual equity awards. Following deliberation and consideration of the factors discussed below, our Board of Directors and Compensation Committee determined that equity awards should continue to be a significant portion of executive compensation, and that cash compensation (including base salary and bonuses) should remain lower relative to market norms.

Base Salary

We offer base salaries that are intended to provide a stable level of fixed compensation to our executive officers, including our NEOs, for performance of their day-to-day responsibilities. Our Chief Executive Officer received a base salary of \$33,280 per year upon the commencement of his employment, which was increased to \$65,000 effective January 8, 2017. The increase was a result of Mr. Bhusri's salary being tied to regulatory minimums which began increasing in calendar year 2017. The base salary of each of the NEOs other than our Chief Executive Officer was established as the result of arm's-length negotiation with the individual at the time of his or her initial hiring or appointment. Base salaries for our executive officers are reviewed annually to determine whether an adjustment is warranted or required. For fiscal 2019, the Compensation Committee reviewed the base salaries of our NEOs, after considering a compensation analysis performed by Semler Brossy, and increased Mr. Fernandez's base salary by £14,000, Ms. Sisco's base salary by \$50,000, and each of Mr. Bozzini's and Mr. Dermetzis' base salary by \$60,000, all of which were made in recognition of increased responsibilities in their respective roles.

The base salaries paid to our NEOs during fiscal 2019 are set forth in the Summary Compensation Table below.

Annual Cash Bonuses

Historically, our Chief Executive Officer has not participated in a cash bonus plan. Our executive officers other than the Chief Executive Officer are eligible to participate in a discretionary semi-annual cash bonus plan available to key employees. The target annual bonus opportunity of each of the NEOs other than the Chief Executive Officer is equal to 50% of his or her base salary, other than Mr. Fernandez, whose target bonus is 100% of his base salary. Because of our emphasis on equity-based compensation, annual bonuses are not intended to constitute a material amount of the total compensation for our NEOs. The performance objectives for our executive officers do not have specific targets associated with them, and our Compensation Committee has complete discretion to determine the amount of bonus for each performance period.

The NEOs' discretionary performance objectives for payment under the semi-annual cash bonus plan for fiscal 2019 generally included: 1) performance relative to their individual and organizational goals; 2) contributions to achievement of corporate goals; 3) contributions to achievement of financial goals; and 4) evaluation of their leadership. The Compensation Committee reviewed the performance of the company and the individual NEOs and determined that the performance objectives had been met or exceeded. Therefore, a total of \$383,930 in discretionary bonuses was paid to the NEOs (other than the Chief Executive Officer) for the first half of fiscal 2019, representing approximately 101% of their collective target bonus for the first half of fiscal 2019, and a total of \$543,530 in discretionary bonuses was paid to the NEOs (other than the Chief Executive Officer) for the second half of fiscal 2019, representing approximately 117% of their collective target bonus for the second half of fiscal 2019.

For Mr. Bozzini, factors considered by the Compensation Committee in determining his bonus amounts included his broad leadership as our Chief Operating Officer, as well as his role in our achievement of significant revenue growth and a 98% customer satisfaction rating. For Mr. Dermetzis, factors considered by the Compensation Committee in determining his bonus amounts included his achievement of key product development goals, as well as his leadership of our products and technology organization. For Mr. Fernandez, factors considered by the Compensation Committee in determining his bonus amounts included his leadership of our global sales organization, as well as his support of numerous successful large enterprise

Table of Contents

transactions and significant revenue growth. For Ms. Sisco, factors considered by the Compensation Committee in determining her bonus amounts included her leadership of our global finance organization, strong sales support of Workday financials customers and prospects, and the successful integration of Adaptive Insights systems and processes within Workday.

The discretionary bonuses paid to our NEOs for fiscal 2019 are set forth in the Summary Compensation Table below.

Equity-Based Awards

The majority of the target total direct compensation of our executive officers, including our NEOs, is provided through equity awards. By having a significant percentage of our executive officers' target total direct compensation payable in the form of equity that vests over a number of years and, thus, subject to higher risk and longer vesting than cash compensation, our executive officers are motivated to take actions that will benefit Workday and its stockholders over the long term.

We make annual equity grants to our executive officers in order to align their interests with those of our stockholders and ensure appropriate incentives are in place to promote a focus on our long-term strategic and financial objectives. The sizes of these awards are not determined based on a specific formula, but rather through the exercise of the Compensation Committee's judgment after considering the individual performance of each of the executive officers, including financial, operational, customer, strategic, product and competitive factors, the recommendations of our Chief Executive Officer (except with respect to his awards), the appropriate level of compensation for the position given the scope of responsibility, the need to hire or retain an individual in a particular position, the current unvested equity held by such individuals and related vesting schedules, the level of each executive officer's total target cash compensation (base salary plus target cash bonus opportunity), and the perceived retentive value of the proposed awards. For the Chief Executive Officer, executive leadership factors are also considered. In addition, the Compensation Committee reviews and considers the equity awards granted to the executives at the companies in the compensation peer groups, although it does not specifically benchmark to those companies.

As noted above, our equity awards generally take the form of time-based RSU awards with a four-year vesting schedule. The Compensation Committee believes that these RSU awards serve as an effective retention tool for our executive officers, because unvested awards are generally forfeited if an executive officer voluntarily leaves us before the awards have vested. Additionally, the Compensation Committee believes that time-based RSU awards encourage completion of our long-term objectives.

The RSU awards granted to our NEOs in fiscal 2019 were as follows:

Named Executive Officer	Number of Shares Subject to RSU Award⁽¹⁾	Grant Date Fair Value of RSU Award⁽²⁾
Aneel Bhusri	78,260	\$ 9,759,805
James J. Bozzini	50,869	6,343,873
Petros Dermetzis	66,521	8,295,834
Luciano G. Fernandez	74,347	9,271,814
Robynne D. Sisco	66,521	8,295,834

(1) The RSU awards are subject to vesting based on continued service over four years, with one-fourth of such awards vesting one year from April 15, 2018, after which the awards vest in equal installments over the next 12 quarters.

(2) The amounts reported are computed in accordance with ASC Topic 718 based on the closing price of our Class A common stock on the date of grant. These amounts do not reflect the actual economic value that may ultimately be realized by the NEOs.

In making these awards, the Compensation Committee reviewed the size and vesting schedule for the remaining unvested portion of all outstanding equity awards held by our executive officers, including our NEOs, and considered a proposed grant value for each executive with reference to the compensation practices of our compensation peer group and in light of our compensation philosophy. Based on this review, the Compensation Committee agreed that the fiscal 2019 equity grants, together with existing equity awards, appropriately incentivized our executives and satisfied our retention goals for the near-term future, as well as motivated our executives to take actions in support of longer-term stockholder interests.

Benefits Programs

Edgar Filing: Workday, Inc. - Form DEF 14A

Our employee benefit programs, which include our 401(k) plan, employee stock purchase plan, and health and welfare programs, such as health savings accounts and flexible spending arrangements, are designed to provide a competitive level of

benefits to our employees generally, including our executive officers and their families. We adjust our employee benefit programs as needed based upon regular monitoring of applicable laws and practices and the competitive market. Other than Mr. Fernandez, our executive officers are eligible to participate in the same employee benefit plans and programs, and on the same terms and conditions, as all other U.S. full-time employees. Mr. Fernandez is eligible to participate in the same employee benefit plans and programs, and on the same terms and conditions, as all other full-time employees based in the United Kingdom.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, with the exception of Mr. Fernandez, we do not generally provide perquisites to our executive team. For Mr. Fernandez, we provide certain perquisites and benefits in connection with his international assignment and certain payments in lieu of pension benefits. In the future, we may provide perquisites or other personal benefits to our NEOs in limited circumstances, such as when we believe it is appropriate to assist an individual executive in the performance of his or her duties, to make our executive team more efficient and effective and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits for executives will be subject to review and approval by the Compensation Committee.

Post-Employment Compensation

We have a change in control policy applicable to our executive officers and certain other employees which provides for severance payments and benefits in the event of a qualifying termination of employment following a change in control of Workday. In addition, certain of our executive officers have post-employment compensation arrangements. The Compensation Committee determined that these arrangements and policy were both competitively reasonable and necessary to recruit and retain key executives. The material terms of these post-employment payments to our NEOs are set forth in *Potential Payments upon Termination or Change in Control* below. We do not provide for single trigger acceleration following a change in control and do not provide tax gross-ups for excess parachute payments.

Other Compensation Policies

Executive Officer Recoupment Policy

The Compensation Committee has adopted a policy that provides for the recovery of all or any portion of an executive officer's incentive-based compensation in the event that we restate our financial results as a result of fraud by such executive officer, and the compensation earned by the executive officer was based on achieving financial results in excess of what could have been earned by the executive officer based on the restated financial results, in all cases as determined by the Board of Directors. The recovery period extends up to three years prior to the date of the restatement, for periods after the effective date of the policy.

Equity Awards Grant Policy

The Compensation Committee has adopted a policy governing equity awards that are granted to our executive officers and employees and members of our Board of Directors. This policy provides that equity awards will be granted either by our Board of Directors or the Compensation Committee at a meeting or by unanimous written consent, subject to equity award guidelines adopted by our Board of Directors, and provides that the Chief Executive Officer, Chairman of the Board, either Co-President or Chief Financial Officer may make awards to non-executive employees within prescribed limits. Generally, new hire awards will be effective on the 15th day of the month following commencement of employment, while promotion and discretionary awards for our executive officers will be effective on the 15th day of March, June, September, or December and on the 15th day of any month for non-executive employees. Refresh awards made in connection with Workday's annual review cycle will be effective on a date occurring in March, April, or May that is designated by the Board of Directors or the Compensation Committee prior to the end of the immediately preceding calendar year, in each case unless otherwise approved by our Board of Directors or the Compensation Committee. The exercise price of all stock options and SARs must be equal to or greater than the fair market value of our common stock, as defined in the 2012 Equity Incentive Plan, on the date of grant.

Derivatives Trading and Hedging Policy

Our Policy on Trading in Securities prohibits the trading of derivatives or the hedging of our equity securities by our employees, including our executive officers and members of our Board of Directors.

Table of Contents

Policy regarding 10b5-1 Plans for Directors and Executive Officers

Generally, our Policy on Trading in Securities requires our executive officers and members of our Board of Directors to adopt plans in accordance with Exchange Act Rule 10b5-1 for sales of securities which they beneficially own and provides that such individuals may not trade in our equity securities during blackout periods.

Stock Ownership Guidelines

We maintain Stock Ownership Guidelines that require our Chief Executive Officer to own and hold shares of our stock with a value that is at least equal to the greater of five times his annual base salary or \$600,000, our other executive officers to own and hold shares of our stock with a value equal to or greater than three times their annual base salaries, and members of our Board of Directors to own and hold shares of our stock with a value equal to or greater than \$600,000. This ownership requirement may be satisfied by ownership of shares of either our Class A or Class B common stock, vested RSUs, and any other shares of our equity securities held by affiliates or family members in which the individual holds a beneficial interest.

Compensation Policies and Practices as they Relate to Risk Management

The Compensation Committee has reviewed our executive and employee compensation programs and does not believe that our compensation policies and practices encourage undue or inappropriate risk taking or create risks that are reasonably likely to have a material adverse effect on us. The reasons for the Compensation Committee's determination include the following:

We structure our compensation program to consist of both fixed and variable components. The fixed (or base salary) component of our compensation programs is designed to provide income independent of our stock price performance so that employees will not focus exclusively on stock price performance to the detriment of other important business metrics. The variable (cash bonus and equity) components of our compensation programs are designed to reward both short-term and long-term company performance, which we believe discourages employees from taking actions that focus only on our short-term success and helps align our employees with our stockholders and on our longer-term success. Our RSUs have time-based vesting, generally over a period of four years.

We maintain internal controls over the measurement and calculation of financial information, which are designed to prevent this information from being manipulated by any employee, including our executive officers.

While we do not cap the cash incentive award for our sales incentive plan to provide maximum incentive for our sales force to meet and exceed their revenue objectives, we do maintain internal controls over the determination of sales incentive awards which we believe help prevent problematic behaviors.

Our employees of Workday are required to comply with our Code of Conduct, which covers, among other things, accuracy in keeping financial and business records.

The Compensation Committee approves the employee annual and new hire equity award guidelines as well as the overall annual equity pool. Any recommended equity awards outside these guidelines require approval by the Compensation Committee. We believe that this helps ensure we grant equity compensation appropriately and in a sustainable manner.

A significant portion of the compensation paid to our executive officers and the members of our Board of Directors is in the form of RSUs, to align their interests with the interests of stockholders.

Edgar Filing: Workday, Inc. - Form DEF 14A

We maintain Stock Ownership Guidelines for our executive officers and the members of the Board of Directors to ensure that they retain specified levels of equity in Workday.

As part of our Policy on Trading in Securities, we prohibit hedging transactions involving our securities so that our executive officers and other employees cannot insulate themselves from the effects of poor stock price performance.

Our Board of Directors has adopted an Executive Officer Recoupment Policy providing that it may require reimbursement or forfeiture of all or a portion of any cash compensation that was paid to an executive officer based on financial results if a restatement of those results is required and it determines that fraud on the part of the executive officer contributed to the need for the restatement.

Tax and Accounting Considerations

Limitation on Deductibility of Executive Compensation

We do not require executive compensation to be tax deductible to Workday, but instead balance the cost and benefits of tax deductibility to correspond with our executive compensation goals. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to a publicly held corporation for compensation in excess of \$1,000,000 paid in any taxable year to certain of its executive officers.

Table of Contents

Recent tax reform changes have limited or eliminated certain exemptions to the Section 162(m) deductibility limit which were previously available for qualified performance-based compensation, including stock option grants. As a result, any compensation paid to certain of our executive officers in excess of \$1,000,000 will be non-deductible unless such compensation was previously exempt and is payable pursuant to a binding arrangement in effect on November 2, 2017. We believe it is likely that compensation expense incurred from the majority of our cash compensation and upon the exercise of stock options granted prior to November 2, 2017, as well as time-based RSUs granted prior to April 1, 2015 pursuant to applicable transition rules, will continue to be deductible in future years. However, because the tax reform changes are complex and in part, unsettled, deductibility is not certain. All other compensation paid to such executive officers in excess of \$1,000,000, including cash compensation and future grants of equity awards will likely be non-deductible in future years.

We expect that the Compensation Committee will continue to seek to balance the cost and benefit of tax deductibility with our executive compensation goals designed to promote stockholder interests, retaining discretion to approve compensation that is non-deductible when it believes that such payments are appropriate to attract and retain executive talent. As a result, we expect that a significant portion of future cash and equity payments to our executive officers may not be tax deductible under Section 162(m).

No Tax Reimbursement of Parachute Payments and Deferred Compensation

We did not provide any executive officer, including any NEO, with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999, or 409A of the Code during fiscal 2019, and we have not agreed and are not otherwise obligated to provide any NEO with such a gross-up or other reimbursement.

Accounting Treatment

We account for share-based compensation in accordance with the authoritative guidance set forth in ASC Topic 718, which requires companies to measure and recognize the compensation expense for all share-based awards made to employees, non-employees, and directors, including stock options, RSU awards, and shares acquired through our Employee Stock Purchase Plan (ESPP), over the period during which the award recipient is required to perform services in exchange for the award. We estimate the fair value of stock options and shares acquired through our ESPP using the Black-Scholes option-pricing model. For RSU awards, the fair value is based on the closing price of our common stock on the grant date. This calculation is performed for accounting purposes and reported in the compensation tables below.

Compensation Committee Report

This report of the Compensation Committee is required by the SEC and, in accordance with the SEC's rules, will not be deemed to be part of or incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act, or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed soliciting material or filed under either the Securities Act or the Exchange Act.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this proxy statement with management and, based on such review and discussions, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be incorporated by reference in Workday's Annual Report on Form 10-K for fiscal 2019 and included in this proxy statement.

401(k) Plan

We maintain a tax-qualified 401(k) retirement plan for all employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. Under our 401(k) plan, employees may elect to defer up to 75% of their eligible compensation subject to applicable annual limits set pursuant to the Code. We intend for the 401(k) plan to qualify, depending on the employee's election, under Code Section 401 so that contributions by employees to the 401(k) plan, and income earned on those contributions, are not taxable to employees until withdrawn from the 401(k) plan, or under Code Section 402A so that contributions by employees to the 401(k) plan are taxable as income, but qualifying withdrawals and income earned on those contributions are not taxable to employees. Beginning in the third quarter of fiscal 2017, we initiated a company match for all eligible employees. We currently match 50% of the first 6% of eligible compensation contributed by the employee.

Pension Benefits

We do not offer any defined benefit pension plans.

Nonqualified Deferred Compensation

We do not offer any nonqualified deferred compensation plans.

CEO Pay Ratio Disclosure

The ratio of our Chief Executive Officer's total annual compensation to that of our median employee's total annual compensation is 52:1. As disclosed in the Summary Compensation Table above, the total annual compensation of our Chief Executive Officer for fiscal 2019 was \$9,827,005, and the total annual compensation of our median employee for fiscal 2019 was \$187,783. As permitted by SEC rules, we used the same median employee for fiscal 2019 that we identified for fiscal 2018 because there have been no significant changes to our workforce or pay design for fiscal 2019 that we believe would significantly change our CEO pay ratio results, excluding for this purpose the employees acquired as a result of the Adaptive Insights acquisition that closed on August 1, 2018 (approximately 550 employees).

As disclosed in our 2018 proxy statement, our determination of which employee was the median employee was based on compensation data for all employees other than the Chief Executive Officer as of November 1, 2017 (the determination date) that included the following elements for the 12-month period preceding the determination date:

base pay, which included all regular wages, overtime, paid time off, pay related to leaves of absences and leave payout, on call premiums, and allowances;

Table of Contents

actual cash bonus compensation paid;

actual commissions paid; and

the grant date fair value of equity awards granted.

We believe our methodology represents a consistently applied compensation measure because it strikes a balance in terms of administrative burden while consistently treating the primary compensation components for our global workforce and capturing a full year of each of such primary compensation components. In selecting the median employee, reporting companies are permitted to use reasonable estimates, assumptions, and methodologies based on their own facts and circumstances. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different estimates, assumptions, and methodologies in calculating their own pay ratios.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN****BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth, as of March 31, 2019 certain information regarding beneficial ownership of our common stock (a) by each person known by us to be the beneficial owner of more than five percent of the outstanding shares of Class A common stock or Class B common stock, (b) by each director and nominee for director, (c) by the NEOs (as defined in Executive Compensation above) and (d) by all of our current executive officers and directors as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of Class A common stock or Class B common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 158,874,239 shares of Class A common stock and 64,654,015 shares of Class B common stock outstanding at March 31, 2019. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed to be outstanding all shares of common stock subject to options held by that person or entity that are currently exercisable or that will become exercisable, and RSUs that will become vested and settleable, within 60 days of March 31, 2019. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o Workday, Inc., 6110 Stoneridge Mall Road, Pleasanton, California 94588.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires that our executive officers and directors, and persons who own more than 10% of our common stock, file reports of ownership and changes of ownership with the SEC. Such executive officers, directors, and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

SEC regulations require us to identify in this proxy statement anyone who filed a required report late during the most recent fiscal year. Based on our review of forms we received, or written representations from reporting persons stating that they were not required to file these forms, we believe that during fiscal 2019, all Section 16(a) filing requirements were satisfied on a timely basis.

Table of Contents**EMPLOYMENT ARRANGEMENTS AND INDEMNIFICATION AGREEMENTS*****James J. Bozzini***

We entered into an offer letter agreement with Mr. Bozzini, our Executive Vice President and Chief Operating Officer, on December 4, 2006. Pursuant to the offer letter, Mr. Bozzini's initial base salary was established at \$75,000 per year, with an increase to \$150,000 per year commencing February 1, 2007. In addition, on January 19, 2007, in accordance with the terms of his offer letter, Mr. Bozzini was granted a stock option to purchase 200,000 shares of our common stock at an exercise price of \$0.25 per share, which was equal to the fair market value of our common stock on the date the option was granted as determined by our Board of Directors. This option vested according to the 2005 Stock Plan and the related stock option agreement. On May 10, 2007, also in accordance with the terms of his offer letter and based on his performance, Mr. Bozzini was granted an additional stock option to purchase 200,000 shares of our common stock at an exercise price of \$0.25, which was equal to the fair market value of our common stock on the date the option was granted as determined by our Board of Directors. This option vested according to the 2005 Stock Plan and related stock option agreement. Mr. Bozzini's employment is at will and may be terminated at any time, with or without cause. However, Mr. Bozzini will be entitled to participate in our change in control policy that we have adopted. Under this policy, if Mr. Bozzini's employment is terminated without cause or he resigns for good reason, he will be entitled to receive a severance payment equal to his then current annual base salary and the vesting of 50% of his then unvested equity awards will be accelerated.

Luciano G. Fernandez

Mr. Fernandez, our Co-President, is party to an employment agreement with Workday España S.L. effective January 1, 2014. Pursuant to the employment agreement, Mr. Fernandez's initial base salary was established at \$285,000 per year. He also received a one-time hiring bonus of \$325,000. In addition, Mr. Fernandez became eligible to participate in a variable compensation plan, which was initially established at \$285,000 per year, based on the achievement of mutually agreed-upon objectives. Subsequent to his initial employment agreement, Mr. Fernandez entered in a UK Secondment Agreement with Workday UK Limited and Workday España S.L. in 2014 supplementing his benefits to include a housing and car allowance, education reimbursement, and other miscellaneous relocation expenses. Furthermore, Mr. Fernandez is entitled to a yearly pension contribution award in the gross amount of 12% of the sum of his base salary and annual bonus. If Mr. Fernandez's employment is terminated (other than for fair cause or due to his voluntary resignation), he will be entitled to receive the statutory severance amounts due under the statutory rights contained in the Spanish Workers' Act. However, if Mr. Fernandez's employment is terminated in connection with a change in control (other than for fair cause or due to his voluntary resignation), he will instead be entitled to participate in our change in control policy that we have adopted, provided that such policy provides him with no less than a severance payment equal to his then current annual base salary and the accelerated vesting of 50% of his then unvested equity awards.

Robynne D. Sisco

We entered into an offer letter agreement with Ms. Sisco, our Co-President and Chief Financial Officer, on August 23, 2012. Pursuant to the offer letter, Ms. Sisco's initial base salary was established at \$200,000 per year, and she also received a one-time hiring bonus of \$50,000. In addition, on August 28, 2012, in accordance with the terms of her offer letter, Ms. Sisco was granted a stock option to purchase 175,000 shares of our common stock at an exercise price of \$9.20 per share, which was equal to the fair market value of our common stock on the date the option was granted as determined by our Board of Directors. Also in accordance with the terms of her offer letter, on August 28, 2012, Ms. Sisco was granted 30,000 shares of RSUs. The options and RSUs vested according to the 2005 Stock Plan and the related stock option and RSU agreements. Ms. Sisco's employment is at will and may be terminated at any time, with or without cause. However, Ms. Sisco will be entitled to participate in our change in control policy that we have adopted. Under this policy, if Ms. Sisco's employment is terminated without cause or she resigns for good reason, she will be entitled to receive a severance payment equal to her then current annual base salary and the vesting of 50% of her then unvested equity awards will be accelerated.

Potential Payments upon Termination or Change in Control

In May 2012, we adopted a change in control policy applicable to our executive officers and certain other employees. Under the policy, if any executive officer is terminated for any reason other than cause, death or disability within 12 months after a change in control or the officer voluntarily resigns for good reason within 12 months following a change in control, such officer would be entitled to receive severance benefits subject to the execution of a binding separation and release agreement. Upon the occurrence of such an event, we have agreed to pay to such officer an amount equal to (i) his or her then-current annual base salary, and (ii) an estimate of the aggregate monthly benefits premium under COBRA for 12 months. In addition, 50% of the shares underlying all unvested equity awards held by such officer immediately prior to such termination will become vested and exercisable in full.

Table of Contents

The following table sets forth quantitative estimates of the benefits that would have accrued to our NEOs pursuant to our change in control policy if their employment had been terminated by us without cause or if they experienced a constructive termination, each within 12 months following a change in control as of January 31, 2019.

Name	Cash Severance	Benefit Continuation	Intrinsic Value of Accelerated Equity Awards		Total
			RSU Awards ⁽¹⁾	Option Awards	
Aneel Bhusri	\$ 65,000	\$	\$ 13,875,155	\$	\$ 13,940,155
James J. Bozzini	310,000	24,100	9,584,693		9,918,793
Petros Dermetzis	310,000	26,507	10,917,396		11,253,903
Luciano G. Fernandez	334,381 ⁽²⁾	30,111	14,425,191		14,789,683
Robynne D. Sisco	350,000	26,507	10,127,377		10,503,884

- (1) The estimated benefit amount of unvested RSUs were calculated by multiplying 50% of the number of unvested RSUs held by the applicable NEO by the closing price of our Class A common stock on January 31, 2019, the last trading day of our fiscal year, which was \$181.53.
- (2) Includes Mr. Fernandez's annual base salary and accrued vacation balance as of January 31, 2019, each of which was converted from British pounds into U.S. dollars based on the daily spot rate as of January 31, 2019, which was 1.31.

Indemnification Arrangements

Our Certificate of Incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by the Delaware General Corporation Law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our Certificate of Incorporation and our Bylaws require us to indemnify our directors and officers to the maximum extent not prohibited by the Delaware General Corporation Law and allow us to indemnify other employees and agents as set forth in the Delaware General Corporation Law. Subject to certain limitations, our Bylaws also require us to advance expenses incurred by our directors and officers for the defense of any action for which indemnification is required or permitted.

We have entered, and intend to continue to enter, into separate indemnification agreements with our directors, officers, and certain of our key employees, in addition to the indemnification provided for in our Bylaws. These agreements, among other things, require us to indemnify our directors, officers, and key employees for certain expenses, including attorneys' fees, judgments, penalties, fines and settlement amounts actually and reasonably incurred by such director, officer, or key employee in any action or proceeding arising out of their service to us or any of our subsidiaries or any other company or enterprise to which the person provides services at our request. Subject to certain limitations, our indemnification agreements also require us to advance expenses incurred by our directors, officers, and key employees for the defense of any action for which indemnification is required or permitted.

Edgar Filing: Workday, Inc. - Form DEF 14A

We believe that these charter provisions and indemnification agreements are necessary to attract and retain qualified persons such as directors, officers, and key employees. We also maintain directors and officers liability insurance.

The limitation of liability and indemnification provisions in our Certificate of Incorporation and Bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions.

At present, there is no pending litigation or proceeding involving any of our directors or executive officers as to which indemnification is required or permitted, and we are not aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, executive officers or persons controlling us, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
