PRELIMINARY
INFORMATION STATEMENT

INTRODUCTION

This Information Statement is furnished to the holders of common stock, par value \$0.0001 per share, of Finjan Holdings, Inc. (formerly Converted Organics, Inc.), a Delaware corporation (“we”, “us”, “our”, “Finjan” or the “Company” having an address at 261 Madison Avenue, New York, NY 10016, in connection with the following corporate actions unanimously approved by the board of directors of the Company, and the written consent in lieu of a meeting, delivered to the Company as of July 5, 2013, of the holders of a majority of the Company’s issued and outstanding shares of common stock:

- an amendment to the Company’s certificate of incorporation to effect a 1-for-12 reverse stock split of the Company’s common stock (the “Reverse Stock Split”); and
- the adoption of the Finjan Holdings, Inc. 2013 Global Share Option Plan, including the Israeli sub-plan appended thereto (the “Option Plan”).

The form of certificate of amendment for the Reverse Stock Split is attached as Appendix A to this Information Statement and the Option Plan is attached as Appendix B to this Information Statement. We will commence mailing this information statement on or about [____], 2013 to the holders of record on [____], 2013 (the “Record Date”) of the outstanding shares of our common stock.

WE ARE NOT ASKING YOU FOR A PROXY AND
YOU ARE REQUESTED NOT TO SEND US A PROXY.

GENERAL INFORMATION

The board of directors of the Company unanimously adopted resolutions approving the Reverse Stock Split and the Option Plan on July 5, 2013 and June 3, 2013, respectively, and as of July 5, 2013, the holders of a majority of the Company’s outstanding common stock approved the Reverse Stock Split and the Option Plan by written consent in lieu of a special meeting. It is recommended that you read the Information Statement in its entirety for a full description of the actions approved by the holders of a majority of the Company’s outstanding common stock.

Expenses in connection with the distribution of this Information Statement will be paid by the Company. The Company will request brokerage houses, nominees, custodian, fiduciaries and other similar persons or entities to forward this Information Statement to beneficial owners of its voting securities held of record by them, and the Company will reimburse those persons or entities for reasonable out-of-pocket expenses incurred in forwarding the Information Statement.

EFFECTIVE DATES OF THE ACTIONS

The Reverse Stock Split will be effective upon the filing of the Certificate of Amendment with the Delaware Secretary of State, which will occur no fewer than 20 calendar days after the initial mailing of this Information Statement, or on

or about [____], 2013. The Option Plan will be effective twenty calendar days after the initial mailing of this Information Statement, or on or about [____], 2013, prior to the effectiveness of the Reverse Stock Split.

OUTSTANDING SHARES AND VOTING RIGHTS

As of [____], 2013, the Record Date, the Company's had 268,420,426 shares of its common stock issued and outstanding and no shares of preferred stock outstanding. Each share of the Company's common stock entitles its holder to one vote on any matter submitted to the stockholders. However, because the stockholders holding at least a majority of the Company's outstanding common stock as of the Record Date have voted in favor of approval of the Reverse Stock Split and the Option Plan by written consent, no other consents are solicited in connection with this Information Statement.

Under Delaware law, unless otherwise provided in the certificate of incorporation, any action that can be taken at a meeting of stockholders can be taken without a meeting if written consent to the action is signed by the holders of outstanding stock having the minimum number of votes necessary to authorize or take such action at a meeting of the stockholders. The Company's bylaws require the affirmative vote of the majority of shares entitled to vote on the matter.

The following stockholders, holding approximately 65.4% of our common stock as of July 5, 2013, approved the Reverse Stock Split and the Option Plan by written consent in lieu of a special meeting:

ACTION 1: APPROVAL OF THE REVERSE STOCK SPLIT

Our authorized capital stock consists of 1,010,000,000 shares, of which 1,000,000,000 are common stock and 10,000,000 are preferred stock. On July 5, 2013, our board of directors approved an amendment to our certificate of incorporation to effect the Reverse Stock Split of our common stock (the "Certificate of Amendment"). We anticipate that the Reverse Stock Split will be effective upon the filing of the Certificate of Amendment with the Delaware Secretary of State, which will occur no fewer than 20 calendar days after the initial mailing of this Information Statement, or on or about [____], 2013. The text of the Certificate of Amendment is attached as Appendix A to this Information Statement. The Certificate of Amendment has been approved by written consent by the holders of a majority of our outstanding common stock delivered to the Company as of July 5, 2013. Our board of directors, in its discretion, may abandon the Reverse Stock Split at any time prior to the filing of the Certificate of Amendment.

Reasons for the Amendments

The Company believes that the Reverse Stock Split will make our common stock more attractive to a broader range of investors, as the current market price of our common stock may affect its acceptability to certain institutional investors, professional investors and other members of the investing public. Many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. In addition, some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Moreover, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of our common stock can result in individual shareholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher.

In addition, we believe that the Reverse Stock Split will enhance our ability to obtain a potential initial listing on a national securities exchange. The NASDAQ Capital Market requires, among other items, an initial bid price of least \$4.00 per share and following initial listing, maintenance of a continued minimum bid price of at least \$1.00 per share. The NYSE MKT requires an initial listing bid price of \$3.00 (or \$2.00 depending on the applicable listing

standard). We anticipate that reducing the number of outstanding shares of our common stock should, absent other factors, increase the per share market price of our common stock, although we cannot provide any assurance that the minimum bid price for our common stock following the Reverse Stock Split will be or remain above the minimum bid price required for initial or continued listing on any such stock exchange or that we will otherwise satisfy the eligibility requirements for listing on a national securities exchange.

For the reasons described above, the Company believes that the Reverse Stock Split will make our common stock a more attractive and cost effective investment for many investors, which the Company in turn believes may enhance the liquidity of our common stock.

It should be noted, however, that while reducing the number of outstanding shares of our common stock through the Reverse Stock Split is intended to increase the per share market price of our common stock, other factors, such as the Company's financial results, market conditions and the market perception of the Company's business, may adversely affect the market price of our common stock. As a result, there can be no assurance that the Reverse Stock Split will increase the per share market price of our common stock or that the per share market price of our common stock will not decrease in the future. Additionally, there can be no assurance that the market price per share of our common stock after the Reverse Stock Split will increase in proportion to the reduction in the number of shares of our common stock outstanding before the Reverse Stock Split. Accordingly, the total market capitalization of our common stock after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split.

Principal Effects on Outstanding Common Stock

As a result of the Reverse Stock Split of our common stock, each share of our common stock outstanding immediately prior the filing of the amendment to our certificate of incorporation effecting the Reverse Stock Split will represent one-twelfth (1/12) of one share of our common stock, or each twelve (12) shares held prior to the Reverse Stock Split will result in one post-split share. This will result in each holder of our common stock immediately prior to the Reverse Stock Split owning one-twelfth (1/12) of the number of shares of common stock owned by such holder prior to the Reverse Stock Split. No fractional shares or scrip of our common stock will be issued in connection with the Reverse Stock Split. Any fractional share will be rounded up to the nearest whole number post-split share.

After the Reverse Stock Split is effective, the Common Stock will have new Committee on Uniform Securities Identification Procedures ("CUSIP") numbers, which is a number used to identify the Company's equity securities, and stock certificates with the older CUSIP numbers will need to be exchanged for stock certificates with the new CUSIP numbers by following the procedures described below.

After the Reverse Stock Split is effective, the Company will continue to be subject to the periodic reporting and other requirements of the Exchange Act. The Common Stock will continue to be quoted on the OTCQB tier of the OTC Market and on the OTC Bulletin Board under the symbol "FNJN", although the letter "D" will be added to the end of the trading symbol for a period of 20 trading days after the effective time of the Reverse Stock Split to indicate that a reverse stock split has occurred.

Beneficial Holders of Common Stock (i.e. shareholders who hold in street name)

Upon the effectiveness of the Reverse Stock Split, the Company intends to treat shares held by shareholders through a bank, broker, custodian or other nominee in the same manner as registered shareholders whose shares are registered in their names. Banks, brokers, custodians or other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding our common stock in street name. However, these banks, brokers, custodians or other nominees may have different procedures than registered shareholders for processing the Reverse Stock Split. Shareholders who hold shares of our common stock with a bank, broker, custodian or other nominee and who have any questions in this regard are encouraged to contact their banks, brokers, custodians or other nominees.

Registered "Book-Entry" Holders of Common Stock (i.e. shareholders that are registered on the exchange agent's books and records but do not hold stock certificates)

Certain of the registered holders of our common stock may hold some or all of their shares electronically in book-entry form with the Company's exchange agent. These shareholders do not have stock certificates evidencing their ownership of our common stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

Shareholders who hold shares electronically in book-entry form with the Company's exchange agent will not need to take action (the exchange will be automatic) to receive whole shares of our post-Reverse Stock Split common stock.

Holders of Certificated Shares of Common Stock

Shareholders holding shares of our common stock in certificated form will be sent a transmittal letter by the Company's transfer agent after the effective date of the Reverse Stock Split . The letter of transmittal will contain instructions on how a shareholder should surrender his, her or its certificate(s) representing shares of our common stock (the "Old Certificates") to the Company's exchange agent in exchange for certificates representing the appropriate number of whole shares of our post-Reverse Stock Split common stock (the "New Certificates"). No New Certificates will be issued to a shareholder until such shareholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the Company's exchange agent. No shareholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates. Shareholders will then receive a New Certificate(s) representing the number of whole shares of our common stock to which they are entitled as a result of the Reverse Stock Split. Until surrendered, we will deem outstanding Old Certificates held by shareholders to be cancelled and only to represent the number of whole shares of our post-Reverse Stock Split common stock to which these shareholders are entitled. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates. If an Old Certificate has a restrictive legend on the back of the Old Certificate(s), the New Certificate will be issued with similar restrictive legends that are on the back of the Old Certificate(s).

SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Effect on Authorized but Unissued Shares of Common Stock

The number of shares of common stock that we are authorized to issue will not change as a result of the Reverse Stock Split. Therefore, because the number of authorized shares will not be reduced by the same equivalent proportion as the number of outstanding shares of our common stock, the Reverse Stock Split will have the effect of an increase in the number of authorized but unissued shares of our common stock. Authorized but unissued shares of our common stock and preferred stock are available for future issuance as may be determined by our board of directors without further action by our stockholders, unless stockholder approval is required by applicable law or the rules of any securities exchange on which our securities may be listed in the future. These additional shares may be issued in the future for a variety of corporate purposes including, but not limited to, raising additional capital, corporate acquisitions and equity incentive plans. Except for a stock split or stock dividend, future issuances of common shares will dilute the voting power and ownership of our existing stockholders and, depending on the amount of consideration received in connection with the issuance, could also reduce stockholders' equity on a per share basis.

The availability of a substantial number of authorized but unissued shares may also be used by our board of directors, consistent with and subject to its fiduciary duties, to deter future attempts to gain control of the Company or make such actions more expensive and less desirable. The Company did not, however, propose the Reverse Stock Split in response to any effort known to us to accumulate our common stock or to obtain control of the Company by means of a merger, tender offer or solicitation in opposition to management.

Effect of the Reverse Stock Split on Employee Plans, Options, Restricted Stock Awards and Units, Warrants, and Convertible or Exchangeable Securities

Upon the effectiveness of the Reverse Stock Split, proportionate adjustments are generally required to be made to the per share exercise price and the number of shares issuable upon the exercise or conversion of all outstanding options, warrants, convertible or exchangeable securities. This would result in approximately the same aggregate price being required to be paid under such options, warrants, convertible or exchangeable securities upon exercise, and approximately the same value of shares of our common stock being delivered upon such exercise, exchange or conversion, immediately following the Reverse Stock Split as was the case immediately preceding the Reverse Stock Split. The number of shares reserved for issuance pursuant to these securities will also be reduced proportionately based upon the reverse stock split ratio of 1-for-12.

Accounting Matters

The Reverse Stock Split will not affect the par value of our common stock, which will remain \$0.0001 per share upon the effectiveness of the Reverse Stock Split. As a result, as of the Reverse Stock Split Effective Time, the stated capital attributable to common stock on the Company's balance sheet will not change due to the Reverse Stock Split. Reported per share net income or loss will probably be higher because there will be fewer shares of our common stock outstanding.

No Dissenter's Rights or Appraisal Rights

Under Delaware law and our certificate of incorporation, holders of our common stock will not be entitled to dissenter's rights or appraisal rights with respect to the Reverse Stock Split.

Certain Federal Income Tax Consequences of the Reverse Stock Split

The following summary describes certain material U.S. federal income tax consequences of the Reverse Stock Split to “U.S. holders” (as defined below) of our common stock.

Unless otherwise specifically indicated herein, this summary addresses the tax consequences only to a beneficial owner of our common stock that is a citizen or individual resident of the United States, or a corporation organized in or under the laws of the United States or any state thereof or the District of Columbia or otherwise subject to U.S. federal income taxation on a net income basis in respect of our common stock (a “U.S. holder”). This summary does not address all of the tax consequences that may be relevant to any particular investor, including tax considerations that arise from rules of general application to all taxpayers or to certain classes of taxpayers or that are generally assumed to be known by investors. This summary also does not address the tax consequences to (i) persons that may be subject to special treatment under U.S. federal income tax law, such as banks, insurance companies, thrift institutions, regulated investment companies, real estate investment trusts, tax-exempt organizations, U.S. expatriates, persons subject to the alternative minimum tax, traders in securities that elect to mark to market and dealers in securities or currencies, (ii) persons that hold our common stock as part of a position in a “straddle” or as part of a “hedging,” “conversion” or other integrated investment transaction for federal income tax purposes, or (iii) persons that do not hold our common stock as “capital assets” (generally, property held for investment).

This summary is based on the provisions of the Internal Revenue Code (“IRC”), U.S. Treasury regulations, administrative rulings and judicial authority, all as in effect as of the date of this Information Statement. Subsequent developments in U.S. federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the U.S. federal income tax consequences of the Reverse Stock Split.

If a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of our common stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Partnerships that hold our common stock, and partners in such partnerships, should consult their own tax advisors regarding the U.S. federal income tax consequences of the Reverse Stock Split.

EACH STOCKHOLDER SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL, AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT.

The Reverse Stock Split should be treated as a recapitalization for U.S. federal income tax purposes. Therefore, U.S. Holders will not recognize gain or loss upon the Reverse Stock Split. The aggregate tax basis of our common stock received by a U.S. Holder pursuant to the Reverse Stock Split should equal the aggregate tax basis of our common stock surrendered (excluding the portion of the tax basis that is allocable to any fractional share), and the holding period of our common stock received should include the holding period of our common stock surrendered.

ACTION 2: APPROVAL OF THE OPTION PLAN

Our board of directors adopted the Option Plan on June 3, 2013, subject to stockholder approval, and a majority of our stockholders approved the Option Plan by written consent delivered to the Company as of July 5, 2013.

General Description of the 2013 Global Share Option Plan

A general description of the basic features of the Option Plan is set forth below. Such description is qualified in its entirety by reference to the full text of the Option Plan, which is attached hereto as Appendix B.

Purpose

The Option Plan is intended to provide an incentive to retain, in the employ of the company and its affiliates, persons of training, experience, and ability, to attract new employees, directors, consultants and service providers, to encourage the sense of proprietorship of such persons, and to stimulate the active interest of such persons in the development and financial success of the company by providing them with opportunities to purchase our common stock in accordance with the plan. The Option Plan is intended to meet the performance-based compensation exemption under Section 162(m) of the Internal Revenue Code of 1986 and was contingent on stockholder approval. In addition, the Option Plan is intended to enable the company to grant options and issue shares under various tax regimes, including, the United States, Israel and other jurisdictions.

Administration

The administration, interpretation and operation of the Option Plan will be vested in our board of directors, or a compensation or other committee thereof as determined by the board of directors. The board of directors, or committee thereof tasked with administering the Option Plan is sometimes referred to as the “Administrator.”

The Administrator will have the full power and discretionary authority, subject to applicable law and subject to our certificate of incorporation, to: (i) designate optionees; (ii) determine the terms and provisions of the respective option agreements awarded under the Option Plan (which may, but need not, be identical), including, but not limited to, the number of options to be granted to each optionee, the number of shares to be covered by each option, provisions concerning the time or times when and the extent to which the options may be exercised and the nature and duration of restrictions as to the transferability or restrictions constituting substantial risk of forfeiture; (iii) accelerate the right of an optionee to exercise, in whole or in part, any previously granted option; (iv) interpret the provisions and supervise the administration of the Option Plan; (v) replace, cancel or suspend awards, as necessary; (vi) determine the fair market value of the shares covered by each option in accordance with the Option Plan; (v) designate the type of options to be granted to an optionee; (vi) alter any restrictions and conditions of any options or shares subject to any options; (ix) determine the purchase price of the option; (x) prescribe, amend and rescind rules and regulations relating to the Option Plan (vii) determine any other matter which is necessary or desirable for, or incidental to the administration of the Option Plan. The Option Plan also authorizes the Administrator to grant replacement options in exchange for outstanding options, subject to limitations specified in the Option Plan.

Eligible Participants

Any person who is employed by us or any of our affiliates, as well as any director, consultant, adviser, service provider or controlling stockholder (within the meaning of Israeli Income Tax Ordinance [New Version] 1961, as amended, or the “Ordinance”) of the company or its affiliates is eligible to participate in the Option Plan. Options granted pursuant to Section 102 of the Ordinance may only be granted to persons otherwise eligible under the Option Plan who are considered Israeli residents for Israeli income tax purposes, except “controlling stockholders” within the

meaning of the Ordinance.

Except as described below, no determination has been made as to future awards which may be granted under the Option Plan, although it is anticipated that recipients of awards will include the current executive officers of the Company. However, in connection with the consummation of a reverse merger pursuant to the Agreement and Plan of Merger, dated June 3, 2013, among the Company, Finjan, Inc. and COIN Merger Sub, Inc., options to purchase up to an aggregate of 77 shares of Finjan common stock at an exercise price of \$34,096.87 per share, including options held by Finjan's chief executive officer (Daniel Chinn, a member of our board of directors since June 3, 2013), its president (Philip Hartstein, our president since June 3, 2013) and its chief financial officer (Shimon Steinmetz, our chief financial officer since June 3, 2013), were converted into options to purchase an aggregate of 19,025,710 shares of our common stock, in each case at an adjusted converted exercise price of \$0.137995, subject to further adjustment in accordance with the terms of each option award and the Option Plan. The exercise of such options was subject to stockholder approval of the Option Plan and are subject to applicable vesting provisions.

Trustee

Our board of directors may appoint (and may, from time to time, replace) a trustee for the purposes of the Option Plan, in accordance with the requirements of applicable law. The Israeli sub-plan contains provisions relating to the appointment of such trustee in connection with options granted pursuant to Section 102 or Section 3(i) of the Ordinance.

Number of Shares Subject to the Option Plan

The maximum number of shares with respect to which awards may be granted under the Option Plan is 26,842,036 (on a pre-Reverse Stock Split basis), subject to adjustment in the event of certain transactions, including certain mergers, sales of substantially all of the company's assets, reverse mergers, and certain changes in control of the company, as well as to reflect stock splits, recapitalizations, share exchanges and similar transactions. Shares subject to awards that are forfeited, canceled or expire will again be available for issuance under the Option Plan. The Option Plan provides that in no event may the Company grant a number of options representing shares that have a fair market value (as defined in the Option Plan), as of the date of grant, in excess of ten percent (10%) of the Company's market capitalization, as of the date of grant, to any single optionee in a calendar year.

Exercise Prices

The purchase price of each share subject to an option awarded under the Option Plan shall be determined by the Administrator in its sole and absolute discretion in accordance with applicable law, subject to any guidelines as may be determined by the board of directors (in the event the board of directors is not then the Administrator) from time to time. However, in the case of a grant to any eligible person subject to U.S. taxation, the Option Plan provides that the purchase price shall not be less than 100% of the fair market value (as determined in accordance with the Option Plan) of the underlying shares as determined on the date of grant. The options granted pursuant to the Option Plan are not intended to be in incentive stock options (as described in Section 422 of the Internal Revenue Code of 1986).

Stock Option Exercise; Payment of Exercise Prices

Options granted under the Option Plan may be exercised by the optionee in whole or in part from time to time, to the extent that the options become vested and exercisable, prior to the applicable expiration date, and provided that, subject to certain exceptions, the optionee is employed by, serves as a director, or provides services to us or any of our affiliates, at all times during the period beginning with the date of grant and ending upon the date of exercise.

The Option Plan provides that the purchase price for shares underlying options may be paid (i) in cash, (ii) at the discretion of the board of directors, in shares of our common stock (including other shares subject to the option being exercised) having a fair market value equal as of the date of exercise to the purchase price of the shares purchased and acquired upon exercise of the option, or through a different form of cashless exercise through a third party broker as approved by the board of directors or (iii) by a combination of the methods described above. Our board of directors has the authority, under the Option Plan, to approve other means of payment.

Adjustments

The Option Plan provides that, in the event of certain transactions, including certain mergers, sales of substantially all of the company's assets, reverse mergers, and certain changes in control of the company, the unexercised options then outstanding under the plan will be assumed or substituted for an appropriate number of shares of the securities distributed to the shareholders of the Company, including securities of the successor company, unless the successor company does not agree to do so. If unexercised options are assumed or substituted in connection with such

transactions, appropriate adjustments may be made to the exercise price so as to reflect such action and all other terms and conditions of the applicable option agreements will remain unchanged, including but not limited to the vesting schedule, all subject to the determination of the board of directors. However, any options that are exercisable into shares that have a fair market value that is equal to or less than such option's purchase price may be cancelled by the Administrator rather than assumed or substituted by the successor company. The number of shares issuable upon exercise of options may also be adjusted to reflect stock splits, recapitalizations, stock dividends, share exchanges and similar transactions.

Term of Options

Options granted under the Option Plan, to the extent not previously exercised, will terminate upon the earlier of: (i) the date set forth in the option agreement; (ii) the lapse of ten years from the date of grant; (ii) in the event of certain transaction and other events specified in the plan, and (iii) the expiration of any extended period applicable under the Option Plan following the termination of the optionee's service to the company or its affiliates.

In the event of termination of optionee's employment, directorship or service-provider relationship, with us and all of our affiliates, all options granted to such optionee under the Option Plan will immediately expire, subject to limited exceptions. However, the Option Plan provides that an option may be exercised after the date of termination of an optionee's employment or service with us or any of our affiliates during an additional period of time beyond the date of such termination, but only with respect to the number of vested options at the time of such termination, if (i) the termination is without cause, in which event any vested option still in force may be exercised within a period of ninety days after the date of such termination or the expiration date of the option, if earlier; or (ii) termination is the result of death or disability of the optionee, in which event any vested option still in force may be exercised within a period of twelve months after the date of such termination or the expiration date of the option, if earlier; or (iii) prior to the date of such termination, the Administrator shall authorize an extension of the terms of all or part of the vested options beyond the date of such termination for a period not to exceed the period during which the options by their terms would otherwise have been exercisable.

Amendment or Termination

Without derogating from any other rights granted to the Administrator, the board of directors may at any time, but when applicable, after consultation with any trustee appointed in accordance with the Israeli sub-plan under the Option Plan, amend, alter, suspend or terminate the Option Plan and/or any sub-plan thereunder. No amendment, alteration, suspension or termination of the Option Plan will impair the rights of any optionee, unless mutually agreed otherwise between the us and the optionee. Termination of the Option Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to options granted under the Option Plan prior to the date of such termination.

The Option Plan will be effective as of June 3, 2013, the date it was adopted by our board of directors, and will terminate on June 3, 2023. However, although we will not grant any new awards under the Option Plan following its termination, the Option Plan will remain in effect until the latest expiration date of any outstanding option with respect to such options.

Indemnification

The Option Plan provides that, subject to the Company's certificate of incorporation and bylaws and applicable law, each member of the board of directors (or committee thereof serving as the Administrator) and other officers of the Company are entitled to be indemnified and held harmless by the Company against any cost or expense (including counsel fees) reasonably incurred by him, or any liability (including any sum paid in settlement of a claim with the approval of the Company) arising out of any act or omission to act in connection with the Option Plan unless arising out of such person's own fraud or bad faith, to the extent permitted by applicable law.

Federal Income Tax Consequences of Awards

The federal income tax consequences related to the issuance of stock options that may be granted under the Option Plan are summarized below. Optionees who are granted awards under the Option Plan should consult their own tax advisors to determine the tax consequences based on their particular circumstances. The following is not intended to

be, and should not be construed as, tax advice.

An optionee who is granted a stock option normally will not realize any income, nor will we normally receive any deduction for federal income tax purposes, at the time the option is granted.

When a stock option granted through the Option Plan is exercised, the optionee will normally realize ordinary income measured by the difference between the aggregate purchase price of the shares acquired and the aggregate fair market value of the shares acquired on the exercise date and, subject to the limitations of Section 162(m) of the Internal Revenue Code (discussed below), we will be entitled to a deduction in the year the option is exercised equal to the amount the participant is required to treat as ordinary income

If the exercise price of such a stock option is paid by the surrender of previously owned shares, the basis and the holding period of the previously owned shares carry over to the same number of shares received in exchange for the previously owned shares. The compensation income recognized on exercise of these options is added to the basis of the shares received.

Section 409A

If any award of stock options constitutes nonqualified deferred compensation under Section 409A of the Internal Revenue Code, it will be necessary that such award be structured to comply with Section 409A of the Internal Revenue Code to avoid the imposition of additional tax, penalties and interest on the optionee. However, the Option Plan is structured in a manner that is intended to cause the stock options issued thereunder to be exempt from the requirements of Section 409A of the Internal Revenue Code. As a result, no special structuring is expected.

Payment of Withholding Taxes

We may withhold from any payments or stock issuances under the Option Plan, or collect as a condition of payment, any taxes required by law to be withheld.

Section 162(m)

Section 162(m) of the Internal Revenue Code generally limits the amount companies can deduct for compensation paid to the Chief Executive Officer and the three other most highly paid executives (other than the Chief Financial Officer) to \$1 million per year unless the compensation is performance-based. Section 162(m) of the Internal Revenue Code allows a company to deduct performance-based compensation regardless of the \$1 million annual limit if, among other things, the company's stockholders approve the plan's performance measures. The Option Plan has been adopted, and subject to the approval of our shareholders, approved in a manner that is intended to ensure compliance with the performance-based compensation exception to Section 162(m) of the Internal Revenue Code.

The foregoing discussion summarizes the federal income tax consequences of awards that may be granted under the Option Plan based on current provisions of the Internal Revenue Code, which are subject to change. This summary does not cover any foreign, state or local tax consequences.

3 ADMINISTRATION OF THE PLAN

3.1 The Administrator shall have the power to administer the Plan in its discretion. To the extent permitted under applicable law, the Board may delegate its powers under the Plan, or any part thereof, to the Committee, in which case, any reference to the Board in the Plan with respect to the rights so delegated shall be construed as reference to the Committee; provided, however, that subject to applicable law, the Committee shall have advisory tasks only with respect to designating Optionees. Notwithstanding the foregoing, the Board shall automatically have residual discretionary authority (i) if no Committee shall be constituted, (ii) with respect to rights not specifically delegated by the Board to the Committee, or (iii) if such Committee shall cease to operate for any reason whatsoever.

3.2 The Committee, if appointed, shall select one of its members as its chairman and shall hold its meetings at such times and places as the chairman shall determine.

3.3 The Administrator shall keep records of its meetings and shall make such rules and regulations for the conduct of its business as it shall deem advisable.

3.4 The Administrator shall have the full power and discretionary authority, subject to applicable law and subject to the Company’s incorporation documents, to: (i) designate Optionees; (ii) determine the terms and provisions of the respective Option Agreements (which may, but need not, be identical), including, but not limited to, the number of Options to be granted to each Optionee, the number of Shares to be covered by each Option, provisions concerning the time or times when and the extent to which the Options may be exercised and the nature and duration of restrictions as to the transferability or restrictions constituting substantial risk of forfeiture; (iii) accelerate the right of an Optionee to exercise, in whole or in part, any previously granted Option; (iv) interpret the provisions and supervise the administration of the Plan; (v) cancel or suspend awards, as necessary; (vi) determine the Fair Market Value of the Shares covered by each Option in accordance with the principles set forth in section 2.13 hereof; (v) designate the type of Options to be granted to an Optionee; (vi) alter any restrictions and conditions of any Options or Shares subject to any Options; , (ix) determine the Purchase Price of the Option; (x) prescribe, amend and rescind rules and regulations relating to the Plan (vii) determine any other matter which is necessary or desirable for, or incidental to the administration of the Plan, including make any requisite adjustments in the Plan and determine the relevant terms in any Option Agreement in order to comply with the requirements of any relevant tax regimes and make any requisite adjustments in the Plan and determine the relevant terms with respect to any applicable sub-plans to this Plan as may be adopted by the Board.

3.5 The Board shall have the authority to grant, at its discretion, to the holder of an outstanding Option, in exchange for the surrender and cancellation of such Option, a new Option having a purchase price equal to, lower than or higher than the Purchase Price of the original Option so surrendered and canceled and containing such other terms and conditions as the Board may prescribe in accordance with the provisions of the Plan. Notwithstanding the above, any new Option that is (i) considered a new grant under Code Section 409A and (ii) issued to an Optionee who is a US Employee will have a Purchase Price of no less than the Fair Market Value of the underlying Shares as determined on the Date of Grant.

3.6 Subject to the Company's incorporation documents and applicable law, all decisions and selections made by the Administrator pursuant to the provisions of the Plan shall be made by a majority of its members except that no member of the Administrator shall vote on, or be counted for quorum purposes, with respect to any proposed action of the Administrator relating to any Option to be granted to that member. Any decision reduced to writing shall be executed in accordance with the provisions of the Company's incorporation documents, as the same may be in effect from time to time.

3.7 The interpretation and construction by the Committee of any provision of the Plan or of any Option Agreement thereunder shall be final and conclusive unless otherwise determined by the Board.

3.8 Subject to the Company's incorporation documents and applicable law, and to all approvals legally required, each member of the Board or the Committee or any other internal officer, shall be indemnified and held harmless by the Company against any cost or expense (including counsel fees) reasonably incurred by him, or any liability (including any sum paid in settlement of a claim with the approval of the Company) arising out of any act or omission to act in connection with the Plan unless arising out of such member's own fraud or bad faith, to the extent permitted by applicable law. Such indemnification shall be in addition to any rights of indemnification the member may have as a director or otherwise under the Company's incorporation documents, any agreement, any vote of shareholders or disinterested directors, insurance policy or otherwise, subject however to any limitations under any applicable law.

4 DESIGNATION OF PARTICIPANTS AND OTHER MATTERS

4.1 The persons eligible for participation in the Plan as Optionees shall include any Employees and/or Non-Employees of the Company or of any Affiliate.

4.2 The Plan is intended to enable the Company to grant options and issue shares under various and different tax regimes, including, without limitation: (i) US Options; (ii) pursuant and subject to Section 102 and Section 3(i) of the Ordinance or any provision which may amend or replace it and any regulations, rules, orders or procedures promulgated thereunder and to designate them as either grants made through a trustee or not through a trustee; (iii) to Optionees in jurisdictions other than Israel and the United States; and (vi) as restricted shares. Accordingly, the Board may consider and resolve (subject to the Company's incorporation documents and applicable law) on introducing amendments to this Plan and/or to adopt sub-plans thereto in order to accommodate any of the foregoing or any other types of options or stock based incentives under any applicable tax regime or jurisdiction.

4.3 102 Options may be granted only to Israeli Employees.

4.4 Notwithstanding anything provided herein, the Company does not warrant that the Plan will be recognized by the income tax authorities in any jurisdiction or that future changes will not be made to the provisions of applicable laws, or rules or regulations which are promulgated from time to time thereunder, or that any exemption or benefit currently available, whether pursuant to the Code or Ordinance or otherwise, will not be abolished.

4.5 The grant of an Option hereunder shall neither entitle the Optionee to participate nor disqualify the Optionee from participating in, any other grant of Options pursuant to the Plan or any other option or share plan of the Company or any of its Affiliates.

5 TRUSTEE

The Board may appoint (and may, from time to time, replace) a Trustee for the purposes of the Plan, in accordance with the requirements of applicable law. The Israeli Sub-Plan contains provisions relating to the appointment of such Trustee in connection with Israeli Options.

6 SHARES RESERVED FOR THE PLAN; RESTRICTIONS THEREON

6.1 The Company has reserved 26,842,036 authorized but unissued Shares for the purposes of the Plan, subject to adjustment as set forth in Section 8 below. In no event may the Company grant a number of Options representing Shares that have a Fair Market Value, as of the Date of Grant, in excess of ten percent (10%) of the Company's market capitalization, as of the Date of Grant, to any single Optionee in a calendar year. Any Shares which remain unissued and which are not subject to the outstanding Options at the termination of the Plan shall cease to be reserved for the purpose of the Plan, but until termination of the Plan the Company shall at all times reserve a sufficient number of Shares to meet the requirements of the Plan. Should any Option for any reason expire or be canceled prior to its exercise or relinquishment in full, the Shares subject to such Option may again be subjected to an Option under the Plan or under the Company's other share option plans.

6.2 Each Option granted pursuant to the Plan, shall be evidenced by a written Option Agreement between the Company and the Optionee, in such form as the Administrator shall from time to time approve. Each Option Agreement shall state, among other matters, the number of Shares to which the Option relates, the type of Option granted thereunder, the Vesting Dates, the Purchase Price per Share and the Expiration Date and such other terms and conditions as the Administrator in its discretion may prescribe, provided that they are consistent with this Plan.

7

PURCHASE PRICE

7.1 The Purchase Price of each Share subject to an Option shall be determined by the Committee in its sole and absolute discretion in accordance with applicable law, subject to any guidelines as may be determined by the Board from time to time. However, in the case of a grant to any US Employee, the Purchase Price shall not be less than 100% of the Fair Market Value of the underlying Shares as determined on the Date of Grant. Each Option Agreement will contain the Purchase Price determined for each Optionee.

7.2 The Purchase Price shall be payable upon the exercise of an Option in the following acceptable forms of payment:

- i. cash, check or wire transfer;
- ii. at the discretion of the Board, through delivery of Shares (including other Shares subject to the Options being exercised) having a Fair Market Value equal as of the date of exercise to the Purchase Price of the Shares purchased and acquired upon exercise of the Option, or through a different form of cashless exercise through a third party broker as approved by the Board; and/or
- iii. at the discretion of the Board, any combination of the methods of payment permitted by any paragraph of this Section 7.2.

7.3 The Board shall have the authority to approve any other means of payment and/or to postpone the date of payment (and, therefore, exercise) under such terms as it may determine.

7.4 The currency of the Purchase Price shall be denominated at the Administrator's sole discretion who may accordingly elect to denominate the Purchase Price in the currency of the primary economic environment of, either the Company, any of its Affiliates, or the Optionee (that is the functional currency of the Company or the currency in which the Optionee is paid).

8

ADJUSTMENTS

Upon the occurrence of any of the following described events, Optionee's rights to purchase Shares under the Plan shall be adjusted as hereafter provided:

8.1 In the event of a Transaction, the unexercised Options then outstanding under the Plan shall be assumed or substituted for an appropriate number of shares of each class of shares or other securities of the Successor Company (or a parent or subsidiary of the Successor Company) as were distributed to the shareholders of the Company in connection and with respect to the Transaction. In the case of such assumption and/or substitution of Options, appropriate adjustments may be made to the Purchase Price so as to reflect such action and all other terms and conditions of the Option Agreements shall remain unchanged, including but not limited to the vesting schedule, all subject to the determination of the Board, which determination shall be in its sole discretion and final. The Company shall notify the Optionee of the Transaction in such form and method as it deems applicable at least ten (10) days prior to the effective date of such Transaction. Should the employee not exercise the Options during the abovementioned ten (10) day period the Options will automatically expire.

7

8.2 Notwithstanding anything to the contrary, any Options that are exercisable into Shares that have a Fair Market Value that is equal to or less than such Option's Purchase Price may be cancelled by the Committee rather than assumed or substituted by the Successor Company.

8.3 Notwithstanding the above and subject to any applicable law and to the specific terms of the particular Option Agreement, in the event that the Successor Company (or parent or subsidiary of the Successor Company) does not agree to assume or substitute for the Options, then all unvested Options shall automatically expire. Notwithstanding the above and subject to any applicable law, the Administrator may determine otherwise with respect to certain Option Agreements.

8.4 If the Company is voluntarily liquidated or dissolved while unexercised Options remain outstanding under the Plan, the Company shall immediately notify all Optionees of such liquidation, and the Optionees shall then have ten (10) days to exercise any unexercised Vested Option held by them at that time, in accordance with the exercise procedure set forth herein. Upon the expiration of such ten-day period, all remaining outstanding Options will terminate immediately.

8.5 If the outstanding shares of the Company shall at any time be changed or exchanged by declaration of a share dividend (bonus shares), share split, reverse share split, combination or exchange of shares, recapitalization (but not the conversion of any convertible securities of the Company), or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, then the number, class and kind of the Shares subject to the Plan or subject to any Options therefore granted, and the Purchase Prices, shall be appropriately and equitably adjusted, as determined by the Board.

8.6 Anything herein to the contrary notwithstanding, if all or substantially all of the Shares are to be sold, or in case of a Transaction, all or substantially all of the shares of the Company are to be exchanged for securities of another Company, then each Optionee shall be obliged to sell or exchange, as the case may be, any Shares such Optionee purchased under the Plan, in accordance with the instructions issued by the Board in connection with the Transaction, whose determination shall be final.

8.7 The Optionee acknowledges that in the event that the Company's shares shall be registered for trading in any public market, Optionee's rights to sell the Shares may be subject to certain limitations (including a lock-up period), as will be requested by the Company or its underwriters, and the Optionee unconditionally agrees and accepts any such limitations.

8.8 In the event of a Change in Control, no changes will be made to the terms of the Options, unless otherwise determined by the Board.

9 TERM AND EXERCISE OF OPTIONS

9.1 Options shall be exercised by the Optionee by giving written notice to the Company and/or to any third party designated by the Company (the "Representative"), in such form and method as may be determined by the Administrator and when applicable, by the Trustee in accordance with the requirements of applicable law, which exercise shall be effective upon receipt of such notice by the Company and/or the Representative and the payment of the Purchase Price at the Company's or the Representative's principal office and compliance with any applicable tax obligations as may be required under law, and/or in the Option Agreement. The notice shall specify the number of Shares with respect to which the Option is being exercised.

9.2 Options, to the extent not previously exercised, shall terminate forthwith upon the earlier of: (i) the date set forth in the Option Agreement; (ii) the lapse of ten (10) years from the Date of Grant; (ii) in the event of a Transaction and other events, as stated in Section 8 above, and (iii) the expiration of any extended period in any of the events set forth in Section 9.5 below.

9.3 The Options may be exercised by the Optionee in whole at any time or in part from time to time, to the extent that the Options become vested and exercisable, prior to the Expiration Date, and provided that, subject to the provisions of Section 9.5 below, the Optionee is employed by, serves as a director, or provides services to the Company or any of its Affiliates, at all times during the period beginning with the Date of Grant and ending upon the date of exercise.

9.4 Subject to the provisions of Section 9.5 below, in the event of termination of Optionee's employment, directorship or service-provider relationship, with the Company and all of its Affiliates, all Options granted to such Optionee shall immediately expire. Unless otherwise approved by the Administrator, the actual date of termination of employment, directorship or services shall be deemed to constitute termination of employment or services. For the avoidance of doubt, in case of such termination of employment, directorship or services, the unvested portion of the Optionee's Option shall not vest, shall not become exercisable and shall be forfeited by the Optionee.

9.5 Notwithstanding anything to the contrary hereinabove and unless otherwise determined in the Optionee's Option Agreement, an Option may be exercised after the date of termination of Optionee's employment or service with the Company or any Affiliates during an additional period of time beyond the date of such termination, but only with respect to the number of Vested Options at the time of such termination, if:

- i. termination is without Cause, in which event any Vested Option still in force may be exercised within a period of ninety (90) days after the date of such termination or the Expiration Date of the Option, if earlier; or—
- ii. termination is the result of death or disability of the Optionee, in which event any Vested Option still in force may be exercised within a period of twelve (12) months after the date of such termination or the Expiration Date of the Option, if earlier; or
- iii. prior to the date of such termination, the Administrator shall authorize an extension of the terms of all or part of the Vested Options beyond the date of such termination for a period not to exceed the period during which the Options by their terms would otherwise have been exercisable, and provided further that the Vested Options may lose their status as Approved 102 Option (as more fully defined in the Israeli Sub-Plan), if such extension extends beyond the maximum extension authorized by the Ordinance, and; provided further that any such extension of an Option held by an Optionee who is a US Employee is not a "deferral of income" under Code Section 409A.

For avoidance of any doubt, if termination of employment or service is for Cause, any outstanding unexercised Option (whether vested or non-vested), will immediately expire and terminate, and the Optionee shall not have any right in connection with such outstanding Options.

9.6 To avoid doubt, the Optionees shall not be deemed owners of the Shares issuable upon the exercise of Options and shall not have any of the rights or privileges of shareholders of the Company in respect of any Shares purchasable upon the exercise of any Option, until registration of the Optionee as holder of such Shares in the Company's register of shareholders upon exercise of the Option in accordance with the provisions of the Plan, further subject to the Company's incorporation documents and applicable law.

9.7 Any form of Option Agreement authorized by the Plan may contain such other provisions as the Administrator may, from time to time, deem advisable.

9.8 No Option shall be exercisable after the Expiration Date.

10

VESTING OF OPTIONS

10.1 Subject to the provisions of the Plan, each Option shall vest at the Vesting Dates set forth and for the number of Shares as shall be provided in the Option Agreement.

10.2 An Option may be subject to such other terms and conditions on the time or times when it may be exercised, as the Administrator may deem appropriate. The vesting provisions of individual Options may vary in different Option Agreements.

10.3 Subject to applicable law, (i) the vesting of an Option shall not accrue during any unpaid vacation, and (ii) the Vesting of an Option shall not accrue after a notice of termination of employment has been given by the Company.

11

SHARES SUBJECT TO RIGHT OF FIRST REFUSAL AND BRING ALONG

11.1 Optionee acknowledges the terms and provisions of incorporation documents of the Company and hereby agrees to be bound by its terms. Notwithstanding anything to the contrary therein, none of the Optionees shall have a right of first refusal provision.

11.2 Further, Optionee acknowledges and accepts the terms and provisions of in relation with any shareholders agreements as applicable to other shareholders of Common Stock of the Company, and hereby agrees to be bound by their terms with respect to a bring along provision as if he or she was an original party thereof.

12

DIVIDENDS

With respect to all Shares (but excluding, for avoidance of any doubt, any unexercised Options) allocated or issued upon the exercise of Options purchased by the Optionee and held by the Optionee or by the Trustee, as the case may be, the Optionee shall be entitled to receive dividends in accordance with the quantity of such Shares, subject to the provisions of the Company's incorporation documents (and all amendments thereto) and subject to any applicable taxation on distribution of dividends.

10

13 RESTRICTIONS ON ASSIGNABILITY AND SALE OF OPTIONS

13.1 No Option or any right with respect thereto, purchasable hereunder, whether fully paid or not, shall be assignable, transferable or given as collateral or any right with respect to it given to any third party whatsoever by operation of law or otherwise, except as specifically allowed under the Plan and during the lifetime of the Optionee each and all of such Optionee's rights to purchase Shares hereunder shall be exercisable only by the Optionee. Any such action made directly or indirectly, for an immediate validation or for a future one, shall be void.

13.2 As long as Option's and/or Shares are held by the Trustee on behalf of the Optionee, all rights of the Optionee over the Shares are personal, cannot be transferred, assigned, pledged or mortgaged, other than by will or pursuant to the laws of descent and distribution.

14 EFFECTIVE DATE AND DURATION OF THE PLAN

14.1 The Plan shall be effective as of the day it was adopted by the Board and shall terminate at the end of ten (10) years from such day of adoption; provided, however that the Plan shall remain in effect until the latest Expiration Date of any outstanding Option.

14.2 Subject to applicable law, no Option shall be exercised unless and until the Plan has been approved by the shareholders of the Company, which approval shall be within twelve (12) months following the date the Plan is adopted by the Administrator.

15 AMENDMENTS OR TERMINATION

15.1 The Administrator may at any time amend (subject to the provisions of Section 15.3 below), alter, suspend or terminate the Plan.

15.2 The Company shall obtain the approval of the Company's shareholders for the adoption of this Plan or for any amendment to this Plan if shareholders' approval is necessary or desirable to comply with any applicable law, including, without limitation, the U.S. securities law or the securities laws of other jurisdiction applicable to Options granted to Optionees under this Plan, or if shareholders' approval is required by any authority or by any governmental agencies or national securities exchanges, including, without limitation, the U.S. Securities and Exchange Commission or as may be required under the Company's incorporation documents.

15.3 Without derogating from any other rights granted herein to the Board, the Board may at any time, but when applicable, after consultation with the Trustee, amend, alter, suspend or terminate the Plan and/or any sub-plan thereunder. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Company, which agreement must be in writing and signed by the Optionee and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Options granted under the Plan prior to the date of such termination.

16 GOVERNMENT REGULATIONS

The Plan, the granting and exercise of Options hereunder, and the obligation of the Company to sell and deliver Shares under such Options, shall be subject to all applicable laws, rules, and regulations, whether of the State of Israel or of the United States or any other state having jurisdiction over the Company or the Optionee, including the registration of the Shares under the United States Securities Act of 1933, the Israeli Companies Law 1999, the Israeli Securities Law 1968 and the Israeli Tax Ordinance [New Version] 1961 and to such approvals by any governmental

agencies or national securities exchanges as may be required. Nothing herein shall be deemed to require the Company to register the Shares under the securities laws of any jurisdiction.

17 CONTINUANCE OF EMPLOYMENT OR HIRED SERVICES ; NO CLAIMS

17.1 Neither the Plan nor any Option Agreement shall impose any obligation on the Company or an Affiliate thereof, to continue any Optionee in its employ or service, and nothing in the Plan, any Option Agreement or in any Option granted pursuant thereto shall confer upon any Optionee any right to continue in the employ or service of the Company or an Affiliate thereof or restrict the right of the Company or an Affiliate thereof to terminate such employment or service at any time.

17.2 No Optionee or other person shall have any claim to be granted any Options, and there is no obligation for uniformity of treatment of Optionees. The terms and conditions of Options and the Administrator's determinations and interpretations with respect thereto need not be the same with respect to each Optionee (whether or not such Optionees are similarly situated).

17.3 No income or gain which shall be credited to or which purports to be credited to an Optionee as a result of this Plan shall in any manner be taken into account in the calculation of the basis of the Optionee's entitlements from the Company or any Affiliate or in the calculation of any social welfare right or other rights or benefits arising out of the employee/employer or any other relationship (including, without limitation, any benefits under any pension, retirement, severance, profit sharing, bonus, life insurance, vacation or other legal requirement or benefit plan of the Company or any Affiliate). Except as otherwise determined by the Board, if, pursuant to any law, the Company or any Affiliate shall be obliged for the purposes of calculation of the said items to take into account income or gain actually or theoretically credited to the Optionee, the Optionee shall indemnify the Company or any Affiliate against any expense caused to it in this regard.

18 GOVERNING LAW AND JURISDICTION

The Plan shall be governed by and construed and enforced in accordance with the laws of the State of Delaware, without giving effect to the principles of conflicts of laws and further, subject to the provisions of the Code or Ordinance, as applicable. The competent federal or state courts in San Jose, California shall have sole and exclusive jurisdiction in any matters relating hereto.

19 TAX CONSEQUENCES

19.1 To the extent permitted by applicable law, any tax consequences to any Optionee arising from the grant or exercise of any Option, from the payment for the sale of Shares covered thereby or from any other event or act (of the Company and/or its Affiliates, the Trustee or the Optionee), hereunder, shall be borne solely by the Optionee. The Company and/or its Affiliates and/or the Trustee shall withhold taxes according to the requirements under the applicable laws, rules, and regulations, including, without limitation, withholding taxes at source. Furthermore, the Optionee shall agree to indemnify the Company and/or its Affiliates and/or the Trustee and hold them harmless against and from any and all liability for any such tax or interest or penalty thereon, including without limitation, liabilities relating to the necessity to withhold, or to have withheld, any such tax from any payment made to the Optionee.

19.2 The Company and/or, when applicable, the Trustee, shall not be required to release any Share certificate to an Optionee until all required payments hereunder have been fully made by the Optionee.

20 NON-EXCLUSIVITY OF THE PLAN

The adoption of the Plan by the Board shall not be construed as amending, modifying or rescinding any previously approved incentive arrangements or as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of options otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases. For the avoidance of doubt, prior grants of options to Optionees of the Company under their employment agreements, and not in the framework of any previous option plan, shall not be deemed an approved incentive arrangement for the purpose of this Section 20.

21 MULTIPLE AGREEMENTS

The terms of each Option may differ from the terms of other Options granted under the Plan at the same time, or at any other time. The Administrator may also grant more than one Option to a given Optionee during the term of the Plan, either in addition to, or in substitution for, one or more Options previously granted to that Optionee.

22 RULES PARTICULAR TO SPECIFIC COUNTRIES

Notwithstanding anything herein to the contrary, the terms and conditions of the Plan may be adjusted with respect to a particular country by means of an addendum to the Plan in the form of an appendix (the "Appendix"), and to the extent that the terms and conditions set forth in the Appendix conflict with any provisions of the Plan, the provisions of the Appendix shall govern. Terms and conditions set forth in the Appendix shall apply only to Options issued to Optionees under the jurisdiction of the specific country that is subject of the Appendix and shall not apply to Options issued to any other Optionee.
