This offering is made by a foreign issuer that is permitted, under a multijurisdictional disclosure system adopted by the United States, to prepare this prospectus in accordance with the disclosure requirements of Canada. Prospective investors should be aware that such requirements are different from those of the United States. Financial statements included or incorporated by reference herein have been prepared in accordance with Canadian generally accepted accounting principles (which, since January 1, 2011, have been consistent with International Financial Reporting Standards) and will be subject to Canadian auditing and auditor independence standards. Thus, the financial statements of the Corporation may not be comparable to financial statements of United States companies.

Prospective investors should be aware that the acquisition of the securities described herein may have tax consequences both in the United States and Canada. Such consequences for investors who are resident in, or citizens of, the United States may not be described fully herein. Data on oil and gas reserves contained in or incorporated by reference into this Prospectus has been prepared in accordance with Canadian disclosure standards, which are not comparable in all respects to United States disclosure standards. See "Presentation of Financial and Oil and Gas Information".

The enforcement by investors of civil liabilities under the U.S. federal securities laws may be affected adversely by the fact that the Corporation is incorporated or organized under the laws of the Province of Alberta, that some or all of its officers and directors are residents of a foreign country, that some or all of the experts named in the registration statement may be residents of a foreign country, and that all or a substantial portion of the assets of the Corporation and said persons may be located outside the United States.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

We may offer Securities in such amount as we determine in light of market conditions and other factors that we deem relevant. The specific variable terms of any offering of Securities will be set forth in one or more prospectus supplements (each, a "Prospectus Supplement") including: (i) in the case of Common Shares, the number of Common Shares offered, the issue price (in the event the offering is a fixed price distribution), the manner of determining the issue price (in the event the offering is a non-fixed price distribution) and any other terms specific to the Common Shares being offered; (ii) in the case of Subscription Receipts or Other Convertible Securities, the number of such securities offered, the issue price, the terms, conditions and procedures for the conversion or exercise of such securities, the amount and type of securities that holders thereof will receive upon such conversion or exercise and any other terms specific to the Subscription Receipts or Other Convertible Securities being offered; and (iii) in the case of Debt Securities, the specific designation of the Debt Securities, any limit on the aggregate principal amount of the Debt Securities, the currency, the maturity date, the offering price (at par, at a discount or at a premium), whether the Debt Securities will bear interest, the interest rate or method of determining the interest rate, the interest payment date(s), any terms of redemption, any conversion or exchange rights and any other terms specific to the Debt Securities being offered. The Debt Securities that may be offered may be guaranteed by certain direct and indirect subsidiaries with respect to the payment of the principal, premium, if any, and interest on the Debt Securities, and such subsidiary guarantees may be guaranteed by us on a senior and unsecured basis. A Prospectus Supplement may include specific variable terms pertaining to the Securities that are not within the parameters described in this Prospectus. Where required by statute, regulation or policy, and where Securities are offered in currencies other than Canadian dollars, appropriate disclosure of foreign exchange rates applicable to such Securities will be included in the Prospectus Supplement describing such Securities.

All shelf information permitted under applicable securities laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus to the extent required by applicable securities laws. Each Prospectus Supplement will be incorporated by reference into this

Prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Securities to which the Prospectus Supplement pertains.

This prospectus constitutes a public offering of Securities only in those jurisdictions where they may be lawfully offered for sale and thereon only by persons permitted to sell such Securities. We may sell the Securities to or through underwriters or dealers purchasing as principals, and may also sell the Securities to one or more purchasers directly pursuant to applicable statutory exemptions, or through agents. The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent engaged by us, in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, the method of distribution of such Securities, including, to the extent applicable, the proceeds to us, and any fees, discounts or any other compensation payable to underwriters, dealers or agents and any other material terms of the plan of distribution. Securities may be sold from time to time in one or more transactions at a fixed price or prices or at non-fixed prices. If offered on a non-fixed price basis, Securities may be offered at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at prices to be negotiated with purchasers at the time of sale, which prices may vary as between purchasers and during the period of distribution of the Securities. Except as set out in a Prospectus Supplement relating to a particular offering of Securities and to the extent permitted by applicable law, in connection with any offering of Securities the underwriters or dealers, as the case may be, may over-allot or effect transactions intended to fix or stabilize the market price of the Common Shares at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See "Plan of Distribution".

Our outstanding Common Shares are listed and posted for trading on the Toronto Stock Exchange ("TSX") and the New York Stock Exchange ("NYSE") under the symbol "BTE".

The return on your investment in Common Shares is not comparable to the return on an investment in a fixed-income security. The recovery of your initial investment is at risk, and the anticipated return on your investment is based on many performance assumptions. Although we intend to declare cash dividends on the Common Shares, these cash dividends may be reduced or suspended. Cash dividends are not guaranteed. Our ability to make cash dividends and the actual amount distributed will depend on numerous factors, including, among other things: our financial performance, debt obligations, restrictive debt covenants, commodity prices, production levels, working capital requirements, future capital requirements and other factors beyond our control, all of which are susceptible to a number of risks. In addition, the market value of the Common Shares may decline as a result of many factors and that decline may be significant. An investment in the Securities involves risks. It is important for you to consider the particular risk factors that may affect the industry in which we operate, and therefore the stability of the dividends you would receive. See "Risk Factors". This section also describes our assessment of those risk factors, as well as potential consequences to you if a risk should occur.

Any offering of Subscription Receipts, Other Convertible Securities or Debt Securities would be a new issue of securities. There is no market through which the Subscription Receipts, Other Convertible Securities or Debt Securities may be sold and purchasers may not be able to re-sell the Subscription Receipts, Other Convertible Securities or Debt Securities purchased under this Prospectus or any Prospectus Supplement. This may affect the pricing of the Subscription Receipts, Other Convertible Securities or Debt Securities in the secondary market, the transparency and availability of trading prices, the liquidity of the Subscription Receipts, Other Convertible Securities or Debt Securities and the extent of issuer regulation. See "Risk Factors". Unless otherwise specified in the applicable Prospectus Supplement, the Subscription Receipts, Other Convertible Securities or Debt Securities will not be listed on any securities exchange.

The offering of Securities is subject to approval of certain legal matters on our behalf by Burnet, Duckworth & Palmer LLP, Calgary, Alberta and Carter, Ledyard & Milburn LLP, New York, New York. No underwriter or dealer in Canada or the United States has been involved in the preparation of this Prospectus or performed any review of the contents of this Prospectus.

Our head office is located at Suite 2800, Centennial Place, East Tower, 520 – 3rd Avenue S.W., Calgary, Alberta, Canada, T2P 0R3 and our registered office is located at Suite 2400, 525 – 8th Avenue S.W., Calgary, Alberta, Canada, T2P 1G1.

The date of this Prospectus is October 25, 2013.

DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

In the interest of providing potential investors with information about us, including our management's assessment of future plans and operations, certain statements in this Prospectus are "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995 and "forward-looking information" within the meaning of applicable Canadian securities legislation (collectively, "forward-looking statements"). In addition, certain documents incorporated by reference into this Prospectus contain forward-looking statements. In some cases, forward-looking statements can be identified by terminology such as "anticipate", "believe", "continue", "could", "estimate", "expect", "forecast", "intend", "may", "objective", "ongoing", "outlook", "potential", "project", "plan", "should", "target", "would", "will" or similar words suggesting future outcomes, events or performance. Such forward-looking statements speak only as of their respective date and are expressly qualified by this cautionary statement.

Specifically, this Prospectus contains forward-looking statements relating to: the use of the net proceeds received from any sale of the Securities; and our dividend policy. Cash dividends on our Common Shares are paid at the discretion of our Board of Directors and can fluctuate. The level of future cash dividends will depend on the amount of funds from operations generated by our operations and our prevailing financial circumstances at the time.

The forward-looking statements contained in this Prospectus are based on certain key assumptions regarding, among other things, petroleum and natural gas prices and differentials between light, medium and heavy oil prices; well production rates and reserve volumes; our ability to add production and reserves through our exploration and development activities; capital expenditure levels; the availability and cost of labour and other industry services; the amount of future cash dividends that we intend to pay; interest and foreign exchange rates; and the continuance of existing and, in certain circumstances, proposed tax and royalty regimes. Forward-looking statements contained in certain documents incorporated by reference into this Prospectus are based on the key assumptions described in such documents. The reader is cautioned that such assumptions, although considered reasonable by us at the time of preparation, may prove to be incorrect.

Actual results achieved during the forecast period will vary from the information provided in this Prospectus and in the documents incorporated by reference herein as a result of numerous known and unknown risks and uncertainties and other factors which are discussed in the documents incorporated herein by reference. Such factors include, but are not limited to: declines in oil and natural gas prices; variations in interest rates and foreign exchange rates; uncertainties in the credit markets may restrict the availability of credit or increase the cost of borrowing; refinancing risk for existing debt and debt service costs; access to external sources of capital; risks associated with our hedging activities; third party credit risk; risks associated with the exploitation of our properties and our ability to acquire reserves; government regulation and changes in governmental legislation; changes in income tax or other laws or government incentive programs; uncertainties associated with estimating petroleum and natural gas reserves; risks associated with acquiring, developing and exploring for oil and natural gas and other aspects of our operations; risks associated with properties operated by third parties; risks associated with delays in business operations; risks associated with the marketing of our petroleum and natural gas production; risks associated with large projects or expansion of our activities; the failure to realize anticipated benefits of acquisitions and dispositions or to manage growth; changes in climate change laws and other environmental, health and safety regulations; competition in the oil and gas industry for, among other things, acquisitions of reserves, undeveloped lands, skilled personnel and drilling and related equipment; the application of accounting policies; the activities of our Operating Entities and their key personnel; depletion of our reserves; risks associated with securing and maintaining title to our properties; seasonality; our permitted investments; risks associated with the ownership of our securities, including the discretionary nature of dividend payments and changes in market-based factors; risks for United States and other non-resident shareholders and other factors, many of which are beyond our control.

Readers are cautioned that the foregoing list of risk factors is not exhaustive. New risk factors emerge from time to time, and it is not possible for management to predict all of such factors and to assess in advance the impact of each such factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Readers should also carefully consider the matters discussed under the heading "Risk Factors" and in the documents incorporated by reference into this Prospectus.

There is no representation by us that actual results achieved during the forecast period will be the same in whole or in part as those forecast and we do not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by applicable securities law. The forward-looking statements contained in this Prospectus, and in certain documents incorporated by reference into this Prospectus, are expressly qualified by this cautionary statement.

PRESENTATION OF FINANCIAL AND OIL AND GAS INFORMATION

Unless indicated otherwise, financial information in this Prospectus, including the documents incorporated by reference herein, has been prepared in accordance with generally accepted accounting principles in Canada, which are in effect from time to time ("Canadian GAAP"). Canadian GAAP differs in some significant respects from United States generally accepted accounting principles ("U.S. GAAP") and thus our financial statements may not be comparable to the financial statements of U.S. companies.

The securities regulatory authorities in Canada have adopted National Instrument 51-101 – Standards of Disclosure for Oil and Gas Activities ("NI 51-101"), which imposes oil and gas disclosure standards for Canadian public issuers engaged in oil and gas activities.

NI 51-101 permits oil and gas issuers, in their filings with Canadian securities regulatory authorities, to disclose not only proved, probable and possible reserves but also resources, and to disclose reserves and production on a gross basis before deducting royalties. Probable reserves, possible reserves and resources are of a higher risk and are less likely to be accurately estimated or recovered than proved reserves. We are permitted to disclose reserves in accordance with Canadian securities law requirements and the disclosure in the documents incorporated by reference herein or in a Prospectus Supplement may include reserves designated as probable reserves, possible reserves and resources.

The SEC definitions of proved, probable and possible reserves are different than NI 51-101; therefore, proved, probable and possible reserves disclosed in the documents incorporated by reference into this Prospectus and/or a Prospectus Supplement may not be comparable to United States standards. The SEC currently requires United States oil and gas companies, in their filings with the SEC, to disclose only proved reserves after the deduction of royalties and interests of others but permits the optional disclosure of probable and possible reserves after the deduction of royalties and interests of others. The Corporation uses certain terms in its filings with Canadian securities regulatory authorities, such as "resources" that the SEC would prohibit a United States oil and gas company from including in its filings with the SEC.

Moreover, as permitted by NI 51-101, we have determined and disclosed the net present value of future net revenue from our reserves using only forecast prices and costs in the documents incorporated by reference herein. The SEC does not permit the disclosure of the net present value of future net revenue from reserves based on forecast prices and costs and requires that disclosure be based on historical 12-month average prices.

Additional information prepared in accordance with Accounting Standards Codification 932 "Extractive Activities – Oil & Gas" issued by the United States Financial Accounting Standards Board relating to our petroleum and natural gas reserves is set forth in the Supplemental Oil and Gas Disclosures, which is incorporated herein by reference.

Certain documents incorporated by reference into this Prospectus contain estimates of "contingent resource". "Contingent resource" is not, and should not be confused with, petroleum and natural gas reserves. "Contingent resource" is defined in the Canadian Oil and Gas Evaluation Handbook as: "those quantities of petroleum estimated, as of a given date, to be potentially recoverable from known accumulations using established technology or technology under development, but which are not currently considered to be commercially recoverable

due to one or more contingencies. Contingencies may include factors such as economic, legal, environmental, political and regulatory matters or a lack of markets. It is also appropriate to classify as contingent resource the estimated discovered recoverable quantities associated with a project in the early evaluation stage."

The outstanding contingencies applicable to our disclosed contingent resources do not include economic contingencies. Economic contingent resources are those resources that are currently economically recoverable based on specific forecasts of commodity prices and costs.

A range of contingent resource estimates (low, best and high) were prepared by the independent qualified reserves evaluators. A low estimate (C1) is considered to be a conservative estimate of the quantity of the resource that will actually be recovered. It is likely that the actual remaining quantities recovered will exceed the low estimate. Those resources in the low estimate have the highest degree of certainty (a 90% confidence level) that the actual quantities recovered will equal or exceed the estimate. A best estimate (C2) is considered to be the best estimate of the quantity of the resource that will actually be recovered. It is equally likely that the actual remaining quantities recovered will be greater or less than the best estimate. Those resources in the best estimate have a 50% confidence level that the actual quantities recovered will equal or exceed the estimate. A high estimate (C3) is considered to be an optimistic estimate of the quantity of the resource that will actually be recovered. It is unlikely that the actual remaining quantities of resource recovered will equal or exceed the high estimate. Those resources in the high estimate have a lower degree of certainty (a 10% confidence level) that the actual quantities recovered will equal or exceed the estimate.

The primary contingencies which currently prevent the classification of Baytex's contingent resource as reserves consist of: preparation of firm development plans, including determination of the specific scope and timing of the project; project sanction; access to capital markets; stakeholder and regulatory approvals; access to required services and field development infrastructure; oil prices and price differentials between light, medium and heavy gravity crude oils; future drilling program and testing results; further reservoir delineation and studies; facility design work; limitations to development based on adverse topography or other surface restrictions; and the uncertainty regarding marketing and transportation of petroleum from development areas.

There is no certainty that it will be commercially viable to produce any portion of the contingent resource or that Baytex will produce any portion of the volumes currently classified as contingent resource. The estimates of contingent resource involve implied assessment, based on certain estimates and assumptions, that the resource described exists in the quantities predicted or estimated and that the resource can be profitably produced in the future.

The recovery and resource estimates provided in the documents incorporated by reference herein are estimates only. Actual contingent resource (and any volumes that may be reclassified as reserves) and future production from such contingent resource may be greater than or less than the estimates provided herein. The SEC does not permit the inclusion of estimates of resources in reports filed with it by United States companies.

Unless otherwise stated, all of the reserves information contained in the documents incorporated herein by reference, have been calculated and reported in accordance with NI 51-101.

NON-GAAP FINANCIAL MEASURES

In this Prospectus and the documents incorporated by reference into this Prospectus, we refer to certain financial measures (such as funds from operations, payout ratio, total monetary debt and operating netback) which do not have any standardized meaning prescribed by Canadian GAAP. While funds from operations, payout ratio and operating netback are commonly used in the oil and gas industry, our determination of these measures may not be comparable with calculations of similar measures for other issuers.

Funds from Operations

We define funds from operations as cash flow from operating activities adjusted for financing costs, changes in non-cash operating working capital and other operating items. We believe that this measure assists in providing a more complete understanding of certain aspects of our results of operations and financial performance, including our ability to generate the cash flow necessary to fund future dividends to shareholders and capital investments.

However, funds from operations should not be construed as an alternative to traditional performance measures determined in accordance with Canadian GAAP, such as cash flow from operating activities and net income. Please refer to our most recent management's discussion and analysis of financial condition and results of operations, which is incorporated by reference herein, for a reconciliation of funds from operations to cash flow from operating activities.

7

Payout Ratio

We define payout ratio as cash dividends (net of participation in our dividend reinvestment plan) divided by funds from operations. We believe that this measure assists in providing a more complete understanding of certain aspects of our results of operations and financial performance, including our ability to generate the cash flow necessary to fund future dividends to shareholders and capital investments.

Total Monetary Debt

We define total monetary debt as the sum of monetary working capital (which is current assets less current liabilities (excluding non-cash items such as unrealized gains or losses on financial derivatives)), the principal amount of long-term debt and long-term bank loan. We believe that this measure assists in providing a more complete understanding of our cash liabilities.

Operating Netback

We define operating netback as product revenue less royalties, production and operating expenses and transportation expenses divided by barrels of oil equivalent sales volume for the applicable period. We believe that this measure assists in characterizing our ability to generate cash margin on a unit of production basis.

ENFORCEMENT OF JUDGMENTS AGAINST FOREIGN PERSONS OR COMPANIES

Mary Ellen Peters, one of our directors, resides outside of Canada. Ms. Peters has appointed Burnet, Duckworth & Palmer LLP, Suite 2400, 525 – 8th Avenue S.W., Calgary, Alberta, Canada, T2P 1G1, as her agent for service of process in Alberta. Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against a person that resides outside of Canada, even if the party has appointed an agent for service of process.

We are a corporation formed under, and governed by, the laws of the Province of Alberta, Canada and our principal place of business is in Canada. Substantially all of our directors and officers and the experts named in this Prospectus are residents of Canada or otherwise reside outside of the United States, and all or a substantial portion of their assets and our assets are located outside the United States. As a result, it may be difficult for investors in the United States to effect service of process within the United States upon those directors, officers and experts who are not residents of the United States or to enforce against them judgments of United States courts based upon civil liability under the United States federal securities laws or the securities laws of any state within the United States.

We have been advised by our Canadian counsel, Burnet, Duckworth & Palmer LLP, that there is substantial doubt whether an action could be brought in Canada in the first instance on the basis of liability predicated solely upon United States federal securities laws. We have appointed Baytex Energy USA Ltd., 600 – 17th Street, Suite 1600 S, Denver, CO 80202, as our agent in the United States upon which service of process against us may be made in any action based on this Prospectus or any Prospectus Supplement.

Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to be incorporated by reference into this Prospectus or to constitute a part of this Prospectus.

Upon a new annual information form and corresponding annual financial statements and related management's discussion and analysis being filed by us with, and where required, accepted by, the applicable securities regulatory authorities during the currency of this Prospectus, the earliest annual information form and the earliest annual financial statements, interim financial statements and the related management's discussion and analysis, material change reports, business acquisition reports and information circulars filed prior to the commencement of the financial year in respect of which the new annual information form is filed shall be deemed no longer to be incorporated by reference into this Prospectus for purposes of future offers and sales of Securities hereunder. Upon interim consolidated financial statements and the related management's discussion and analysis being filed by us with the applicable securities regulatory authorities during the currency of this Prospectus, all interim consolidated financial statements and the related management's discussion and analysis filed prior to the new interim consolidated financial statements shall be deemed no longer to be incorporated in this Prospectus for purposes of future offers and sales of Securities under this Prospectus. SUMMARY DESCRIPTION OF OUR BUSINESS

Through our subsidiaries, we are engaged in the business of acquiring, developing, exploiting and holding interests in petroleum and natural gas properties and related assets in Canada (primarily in the provinces of British Columbia,

Alberta and Saskatchewan) and in the United States (primarily in the states of North Dakota and Wyoming). We act as the primary financing vehicle for our subsidiaries by providing access to debt and equity capital markets. As at the date of this Prospectus, our primary assets are the shares of Baytex Energy that we own and the Notes. Cash flow from the business carried on by our subsidiaries is flowed to us by way of dividends, interest and principal repayments on the Notes and intercompany loans.

We pay monthly cash dividends to holders of our Common Shares in accordance with our dividend policy. In the event that we do not comply with covenants under the Credit Facilities and the Debenture Indenture, our ability to pay dividends to Shareholders may be restricted. See "Description of Common Shares – Dividend Policy".

For a description of us and the general development of our business over the last three completed financial years, see "Baytex Energy Corp.", "General Development of Our Business" and "Description of Our Business and Operations" in the Annual Information Form, which is incorporated by reference herein.

We continue to evaluate potential acquisitions of all types of petroleum and natural gas and other energy-related assets as part of our on-going acquisition program. We are normally in the process of evaluating several potential acquisitions at any one time which individually or together could be material. As of the date hereof, other than as otherwise disclosed herein, we have not reached agreement on the price or terms of any potential material acquisitions. We cannot predict whether any current or future opportunities will result in one or more acquisitions for us.

CONSOLIDATED CAPITALIZATION

There have been no material changes in our share and loan capital, on a consolidated basis, since June 30, 2013.

As at June 30, 2013, we had 123,593,000 Common Shares and rights to acquire 1,180,000 Common Shares (issued pursuant to the Incentive Plan) outstanding. In addition, as at June 30, 2013, we had 825,000 restricted awards and 653,000 performance awards (granted pursuant to the Share Award Incentive Plan) outstanding.

Pursuant to the Credit Facilities, we are restricted from paying dividends to Shareholders if a default or event of default has occurred and is continuing and, if no default or event of default has occurred which is continuing, where the dividend would or would reasonably be expected to have a material adverse effect on us or on our or our

subsidiaries' ability to fulfill their obligations under the Credit Facilities or under any hedge agreements with lenders (or their affiliates) under the Credit Facilities.

The Debenture Indenture also contains certain limitations on maximum cumulative dividends. Restricted payments include the declaration or payment of any dividend or distribution by us and the payment of interest or principal on subordinated debt owed by us. We and certain of our subsidiaries are restricted from making any restricted payments unless at the time of, and immediately after giving effect to, the proposed restricted payment, no default or event of default under the Debenture Indenture has occurred and is continuing, and either: (i) (a) we could incur at least \$1.00 of additional indebtedness (other than certain permitted debt) in accordance with the "Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock" covenant in the Debenture Indenture; (b) the ratio of consolidated debt to consolidated cash flow from operations does not exceed 3.0 to 1.0; and (c) the aggregate amount of all restricted payments declared or made after August 26, 2009 (other than certain permitted restricted payments) does not exceed the sum of: (A) 80% of consolidated cash flow from operations accrued on a cumulative basis since August 26, 2009, plus (B) 100% of the aggregate net cash proceeds received by us after August 26, 2009 from (x) the issuance by us of convertible debentures, or (y) capital contributions in respect of certain permitted equity that we receive from any person; plus (C) the aggregate net proceeds, including the fair market value of property received after August 26, 2009 other than cash (as determined by the Board of Directors), received by us from any person, other than a subsidiary, from the issuance or sale of debt securities (including convertible debentures) or disqualified stock that have been converted into or exchanged for certain permitted equity of us, plus the aggregate net cash proceeds received by us at the time of such conversion or exchange; or (ii) the aggregate amount of all restricted payments declared or made pursuant to paragraph (i) does not exceed the sum of certain unpaid funds from restricted payments not previously expended under paragraph (i), plus \$50,000,000. As at the date of this Prospectus, we are in compliance with these covenants.

Cash dividends are not guaranteed. Our historical cash dividends may not be reflective of future cash dividends, which will be subject to review by the Board of Directors taking into account our prevailing financial circumstances at the relevant time. Although we intend to pay dividends to Shareholders, these cash dividends may be reduced or suspended. The actual amount distributed will depend on numerous factors, including fluctuations in commodity prices, production levels, capital expenditure requirements, debt service requirements, operating costs, royalty burdens, foreign exchange rates, the satisfaction of the liquidity and solvency tests imposed by the ABCA for the declaration and payment of dividends and other factors beyond our control. See "Risk Factors".

USE OF PROCEEDS

The net proceeds to be derived from the sale of Securities will be the issue price less any commission paid in connection therewith and the expenses relating to the particular offering of Securities. Unless otherwise indicated in a Prospectus Supplement relating to a particular offering of Securities, we intend to use the net proceeds from the sale of Securities for general corporate purposes, repayment of indebtedness and/or the direct or indirect financing of future growth opportunities, including acquisitions and capital expenditures. The amount of net proceeds to be used for any such purposes will be described in a Prospectus Supplement. We may invest funds that we do not immediately use in short-term marketable investment grade securities. We may, from time to time, issue securities (including debt securities) other than pursuant to this Prospectus.

DESCRIPTION OF COMMON SHARES

Our authorized capital consists of an unlimited number of Common Shares without nominal or par value and 10,000,000 preferred shares, without nominal or par value, issuable in series.

Holders of Common Shares are entitled to notice of, to attend and to one vote per share held at any meeting of our Shareholders (other than meetings of a class or series of our shares other than the Common Shares as such).

Holders of Common Shares will be entitled to receive dividends as and when declared by the Board of Directors on the Common Shares as a class, subject to prior satisfaction of all preferential rights to dividends attached to shares of other classes of our shares ranking in priority to the Common Shares in respect of dividends.

Holders of Common Shares will be entitled in the event of any liquidation, dissolution or winding-up of us, whether voluntary or involuntary, or any other distribution of our assets among our shareholders for the purpose of winding-up our affairs, and subject to prior satisfaction of all preferential rights to return of capital on dissolution attached to all shares of other classes of our shares ranking in priority to the Common Shares in respect of return of capital on dissolution, to share rateably, together with the holders of shares of any other class of our shares ranking equally with the Common Shares in respect of return of capital on dissolution, in such of our assets as are available for distribution.

Dividend Policy

Our dividend policy is to pay a monthly dividend on our Common Shares on or about the 15th day following the end of each calendar month to Shareholders of record on or about the last business day of each such calendar month. Our dividend policy follows the general corporate philosophy of financial self sufficiency whereby, over the long term, development capital expenditures and dividend payments are planned to be financed from internally generated funds from operations. Unless otherwise indicated, all dividends paid or to be paid on our Common Shares are designated as "eligible dividends" for Canadian income tax purposes.

The amount of future cash dividends, if any, will be subject to the discretion of the Board of Directors and may vary depending on a variety of factors and conditions existing from time to time, including fluctuations in commodity prices, production levels, capital expenditure requirements, debt service requirements, operating costs, royalty burdens, foreign exchange rates, the satisfaction of the liquidity and solvency tests imposed by the ABCA for the declaration and payment of dividends and other factors beyond our control. Pursuant to the ABCA, after the payment of a dividend, we must be able to pay our liabilities as they become due and the realizable value of our assets must be greater than our liabilities and the legal stated capital of our outstanding securities. As at June 30, 2013, our legal stated capital was approximately \$4.7 billion. Cash dividends to Shareholders are not assured or guaranteed and there can be no guarantee that we will maintain our dividend policy. See "Record of Dividends" and "Risk Factors".

The agreement governing the Credit Facilities and the Debenture Indenture restrict our ability to pay cash dividends in certain circumstances and contain certain limitations on maximum cumulative dividends. See "Record of Dividends".

DESCRIPTION OF SUBSCRIPTION RECEIPTS AND OTHER CONVERTIBLE SECURITIES

Subscription Receipts and Other Convertible Securities may be offered separately or together with other securities of ours. The applicable Prospectus Supplement will include details of the agreement or other instrument pursuant to which such Subscription Receipts or Other Convertible Securities will be created and issued.

The Subscription Receipts will be issued under a subscription receipt agreement. A Subscription Receipt is a security of ours that will entitle the holder to receive another security of ours upon the completion of a transaction, typically an acquisition by us of the assets or securities of another entity. After the offering of Subscription Receipts, some or all of the proceeds from the sale of the Subscription Receipts are held in escrow by the designated escrow agent, pending the completion of the transaction. Holders of Subscription Receipts are not Shareholders. Holders of Subscription Receipts are only entitled to receive (i) another security of ours upon the surrender of their Subscription Receipts to the escrow agent or (ii) a return of the subscription price for the Subscription Receipts together with any payments in lieu of interest or other income earned on the subscription proceeds.

The particular terms and provisions of Subscriptions Receipts or Other Convertible Securities offered by any Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the Prospectus Supplement filed in respect of such Subscription Receipts or Other Convertible Securities. This description will include, where applicable: (i) the number of Subscription Receipts or Other Convertible Securities; (ii) the price at which the Subscription Receipts or Other Convertible Securities will be offered; (iii) the terms, conditions and procedures for the conversion or exercise of the Subscription Receipts or Other Convertible Securities into another security of ours or pursuant to which the holders of Subscription Receipts will become entitled to receive another security of ours; (iv) the amount and type of securities that may be obtained upon the conversion or exercise of each Subscription Receipt or Other Convertible Security, as applicable, and the period or periods during which any conversion or exercise must occur; (v) the designation and terms of any other securities with which the Subscription Receipts or Other Convertible Securities will be offered, if any, and the number of Subscription Receipts or Other Convertible Securities that will be offered with each security; (vi) the gross proceeds

from the sale of the Subscription Receipts or Other Convertible Securities, including (if applicable) the terms applicable to such proceeds plus any interest earned thereon; (vii) the material income tax consequences of owning, holding and disposing of the Subscription Receipts or Other Convertible Securities; and (viii) any other material terms and conditions of the Subscription Receipts or Other Convertible Securities.

We will not offer Warrants for sale separately to any member of the public in Canada unless the offering is in connection with and forms part of the consideration for an acquisition or merger transaction or unless the applicable Prospectus Supplement containing the specified terms of the Warrants to be offered separately is first approved for filing by the securities commissions or similar regulatory authorities in each of the provinces and territories of Canada where the Warrants will be offered for sale.

Generally, the Warrants may not be exercised by or on behalf of a U.S. person (a "U.S. Person"), as defined in Rule 902(k) of Regulation S under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), a person in the United States or for the account or benefit of a U.S. Person or a person in the United States (each a "Restricted Person") unless registered under the U.S. Securities Act and the securities law of all applicable states of the United States or an exemption from such registration requirements is available. The Corporation may not register the Warrants, or the common shares issuable upon exercise of the Warrants, in the United States. In that case, the Corporation will not accept subscriptions for common shares pursuant to the exercise of Warrants from any holder of Warrants who does not certify that either: (i) it is not a Restricted Person, (ii) the holder is the original purchaser of the Warrant and confirms that the representations given on the original purchase of the Warrant remain correct; or (iii) the holder delivers to the Corporation a written opinion of United States counsel reasonably acceptable to the Corporation to the effect that either the common shares issuable upon exercise of the Warrants have been registered under the U.S. Securities Act or, that upon exercise of the Warrants, the common shares may be issued to the holder without registration under the U.S. Securities Act and any applicable securities laws of any state of the United States. Additionally, Warrants may not be transferred in the United States except under circumstances that will not result in a violation of the U.S. Securities Act or any applicable state securities laws.

DESCRIPTION OF DEBT SECURITIES

Any Debt Securities issued in Canada will be issued under an amended and restated trust indenture (the "Canadian Indenture") among us, as issuer, Baytex Energy and certain of its subsidiaries, as guarantors, and Valiant Trust Company, as indenture trustee (the "Canadian Trustee"), dated January 1, 2011, as supplemented by supplemental trust indentures dated February 17, 2011, February 18, 2011, July 19, 2012 and December 19, 2012. Copies of the Canadian Indenture and the supplemental trust indentures thereto are accessible on the SEDAR website at www.sedar.com (filed under the category "Material Document" on January 10, 2011, February 22, 2011, July 19, 2012 and January 14, 2013).

Any Debt Securities issued in the United States will be issued under a trust indenture (the "U.S. Indenture") to be entered into among us, as issuer, Baytex Energy and certain of its subsidiaries, as guarantors, Computershare Trust Company, N.A., as U.S. indenture trustee (the "U.S. Trustee"), and a Canadian trustee to be named therein. Except as otherwise provided therein, the U.S. Indenture is subject to and governed by the Canada Business Corporations Act and, consequently, is exempt from certain provisions of the United States Trust Indenture Act of 1939, as amended, by virtue of Rule 4d-9 thereunder. A copy of the form of the U.S. Indenture is accessible on the EDGAR website at www.sec.gov (filed as exhibit 7.1 to the Registration Statement on Form F-10, of which this Prospectus forms a part). A copy of the form of the U.S. Indenture is also accessible on the SEDAR website at www.sedar.com (filed under the category "Material Document" on October 16, 2013).

In so far as it relates to the Debt Securities, the U.S. Indenture is similar, although not identical, to the Canadian Indenture. In this section, the Canadian Indenture and the U.S. Indenture are collectively referred to as the "Debenture Indenture" and the Canadian Trustee and the U.S. Trustee are collectively referred to as the "Indenture Trustee".

The following is a summary only of important provisions and definitions of the Debenture Indenture and the Debt Securities which describes certain general terms and provisions of the Debt Securities and is not intended to be complete. We urge you to review the applicable Debenture Indenture carefully before making a decision to purchase

any Debt Securities because it is the Debenture Indenture, and not this summary, that governs your rights as a holder of our Debt Securities.

General

The Debenture Indenture authorizes us to issue an unlimited aggregate principal amount of Debt Securities in one or more series. The terms and conditions applicable to a series of Debt Securities will be established in accordance with the requirements of the applicable Debenture Indenture for the specific Debt Securities and contained in the applicable Prospectus Supplement. Reference is made to the relevant Prospectus Supplement for the terms and other information with respect to the Debt Securities being offered thereby, including:

- (a) the designation, aggregate principal amount and authorized denominations of such Debt Securities;
- (b) the currency or currency units for which the Debt Securities may be purchased and the currency or currency units in which the principal and any interest is payable (in either case, if other than Canadian dollars);
- (c) the percentage of the principal amount at which such Debt Securities will be issued;
- (d) the date or dates on which such Debt Securities will mature;
- (e) the rate or rates per annum at which such Debt Securities will bear interest (if any), or the method of determination of such rates (if any);
- (f) the dates on which any such interest will be payable and the record dates for such payments;
- (g) the name of the trustee under the Debenture Indenture pursuant to which the Debt Securities are to be issued;

In the case of default by us, the Indenture Trustee may, subject to the Debenture Indenture, seek redress from such guarantors for the guaranteed obligations. These guarantees are intended to eliminate structural subordination, which arises as a consequence of certain of our assets being held in various Subsidiaries. A guarantor may be released from its guarantee in certain circumstances, including, where it no longer remains a majority owned Subsidiary of us or where it becomes an Unrestricted Subsidiary pursuant to the Debenture Indenture. See also "Risk Factors – Structural Subordination of the Debt Securities".

Purchase of Debt Securities

We may at any time and from time to time purchase the Debt Securities in the market (which will include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract at any price. Debt Securities that are so purchased will be cancelled and will not be reissued or resold.

Covenants

The Debenture Indenture contains various covenants in favour of holders of the Debt Securities, including, but not limited to: (i) the payment of principal, premium (if any) and interest; (ii) our continuing existence, maintenance of our properties and assets; and insurance matters; (iii) payment of taxes and other claims; (iv) limitations on certain asset sales; (v) limitations on certain transactions with affiliates; and (vi) limitations on dividends and other payments affecting Restricted Subsidiaries. In addition, the Debenture Indenture also contains covenants substantially to the following effect:

Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock

We will not, and will not permit any Restricted Subsidiary to, create, issue, assume, guarantee or otherwise become directly or indirectly liable for the payment of, or otherwise incur (collectively, "incur"), any Indebtedness (including certain acquired Indebtedness except to the extent that it qualifies as Permitted Indebtedness pursuant to clause (i) of the definition thereof), other than Permitted Indebtedness, or issue any Disqualified Stock, except that we or a Restricted Subsidiary may incur Indebtedness or issue Disqualified Stock if, at the time of such incurrence or issuance, the Fixed Charge Coverage Ratio for the four full fiscal quarters (taken as one accounting period) immediately preceding the incurrence of such Indebtedness or the issuance of such Disqualified Stock for which

internal financial statements are available would have been greater than 2.5 to 1.0. In making the foregoing calculation, various pro forma adjustments will be made as described in the Debenture Indenture.

Limitation on Restricted Payments

We will not, and will not permit any Restricted Subsidiary to, directly or indirectly, make any Restricted Payment unless at the time of, and immediately after giving effect to, the proposed Restricted Payment, no Default or Event of Default has occurred and is continuing, and either:

- (i)(A) we could incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) in accordance with the "Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock" covenant in the Debenture Indenture; (B) the ratio of Consolidated Debt to Consolidated Cash Flow from Operations does not exceed 3.0 to 1.0; and (C) the aggregate amount of all Restricted Payments declared or made after the date of the Debenture Indenture pursuant to this clause (i) does not exceed the sum of: (1) 80% of Consolidated Cash Flow from Operations accrued on a cumulative basis from the date of the Debenture Indenture, plus (2) 100% of the aggregate net cash proceeds received by us after the date of the Debenture Indenture and (x) the issuance by us of Convertible Debentures (as defined in the Debenture Indenture), or (y) capital contributions in respect of certain permitted equity that we receive from any person; plus (3) the aggregate net proceeds, including the fair market value of property received after the date of the Debenture Indenture other than cash (as determined by our Board of Directors, whose good faith determination will be conclusive), received by us from any person, other than a Subsidiary, from the issuance or sale of debt securities (including Convertible Debentures (as defined in the Debenture Indenture)) or Disqualified Stock that have been converted into or exchanged for certain of our permitted equity, plus the aggregate net cash proceeds received by us at the time of such conversion or exchange; or
- (ii) the aggregate amount of all Restricted Payments declared or made pursuant to paragraph (i) does not exceed the sum of certain unpaid funds from Restricted Payments not previously expended under paragraph (i), plus \$50,000,000.

Notwithstanding the foregoing, certain additional payments are be permitted under the Debenture Indenture, including, without limitation: (i) the purchase, redemption, defeasance or other acquisition or retirement for value of subordinated Indebtedness in exchange for, or out of the net cash proceeds of a substantially concurrent issuance or sale (other than to a Subsidiary) of, new subordinated Indebtedness, so long as we or a Restricted Subsidiary would be permitted to refinance such original subordinated Indebtedness with such new subordinated Indebtedness pursuant to clause (xiv) of the definition of Permitted Indebtedness; (ii) provided no Default or Event of Default has occurred and is continuing or would result from the actions or payments set forth in this clause (ii), the repurchase of any subordinated Indebtedness at a purchase price not greater than 101% of the principal amount of such subordinated Indebtedness in the event of a permitted "change of control"; provided that, prior to or simultaneously with such repurchase, we have made a Change of Control offer with respect to the Debt Securities and have repurchased all Debt Securities validly tendered for payment in connection with such offer; (iii) provided no Default or Event of Default has occurred and is continuing or would result from the actions or payments set forth in this clause (iii), the repurchase, redemption or other acquisition or retirement for value of capital stock (or options therefor) from our directors, officers or employees pursuant to any agreement upon the death, disability or termination of employment of such directors, officers or employees, in an amount not to exceed \$2,000,000 in any calendar year or \$5,000,000 in the aggregate; and (v) payments or distributions in connection with an amalgamation, consolidation, merger, including by way of takeover bid, exchange offer or tender offer, or transfer of assets that complies with the Debenture Indenture.

Limitation on Liens

We shall not, and shall not permit any Restricted Subsidiary to, create, incur, affirm or suffer to exist any Lien of any kind securing any of our Indebtedness (other than any Lien securing all or any of the Secured Group Facilities and any Permitted Lien (as defined in the Debenture Indenture)) or that of any Restricted Subsidiary, or any income or profits therefrom, unless the Debt Securities are directly secured equally and rateably with (or prior to, in the case of

subordinated Indebtedness) the obligation or liability secured by such Lien, and except for any Lien securing acquired Indebtedness created prior to the incurrence of such Indebtedness by us or any Restricted Subsidiary, provided that any such Lien only extends to the assets that were subject to such Lien securing such acquired Indebtedness prior to the related acquisition by us or the Restricted Subsidiary except to the extent it qualifies as Permitted Indebtedness pursuant to the provisions of clause (i) of the definition thereof.

Unrestricted Subsidiaries

Our Board of Directors may designate any Subsidiary (including any newly acquired or newly formed Subsidiary) an Unrestricted Subsidiary or a Restricted Subsidiary in accordance with the terms of the Debenture Indenture.

Limitation on Conduct of Business

We shall not, and shall not permit any of our Restricted Subsidiaries to, conduct any business other than the oil and gas business or acting as a special purpose financing conduit on behalf of us and the other Restricted Subsidiaries.

Restrictions on Amalgamations, Mergers and Sale of Certain Assets

We may not consolidate with, amalgamate or merge with or into or sell, assign, transfer or lease all or substantially all of our properties and assets unless:

- (a) the entity formed by such consolidation or amalgamation or into which we are merged or the entity which acquires by operation of law or by conveyance or by transfer our assets substantially as an entirety is a corporation, trust, partnership, limited partnership, joint venture or unincorporated organization organized or existing under the laws of Canada or any province or territory thereof and (except where such assumption is deemed to have occurred solely by the operation of law) such entity assumes under a supplemental indenture all of our obligations under the Debenture Indenture, any supplemental indenture and the Debt Securities and such transaction in the opinion of counsel will be on such terms to preserve and not impair any of the rights and powers of the Indenture Trustee and the holders of Debt Securities;
- (b) immediately before and immediately after giving effect to such transaction, no Event of Default (as defined below) has occurred and is continuing;
- (c) each of the guarantors, if any, shall have executed and delivered to the Indenture Trustee a confirmation that the guarantee executed by such guarantor shall continue to guarantee the obligations of the successor under the Debt Securities; and
- (d) we have delivered to the Indenture Trustee a certificate and an opinion of counsel each stating that such consolidation, amalgamation, merger, sale, lease or transfer and such supplemental indenture comply with the Debenture Indenture and that all conditions precedent contained in the Debenture Indenture relating to such transaction have been complied with.

Financial Information

We have covenanted in the Debenture Indenture to provide the Indenture Trustee and the Debtholders, a copy of all our financial statements, whether annual or interim, and the report (if any) of our auditors thereon and the associated "Management's Discussion and Analysis of Financial Condition and Results of Operations" at the same time as they are required to be filed under applicable securities legislation, which will be deemed to have been provided to the Indenture Trustee and the Debtholders once filed on SEDAR (in the case of the Canadian Indenture) and EDGAR (in the case of the U.S. Indenture).

Events of Default

The Debenture Indenture provides that unless otherwise provided in any supplemental indenture relating to a particular series of Debt Securities, an "Event of Default" in respect of each series of Debt Securities, means any one

of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(a) default in the payment of any interest on any Debt Security when it becomes due and payable, and continuance of such default for a period of 30 days;

- (b) default in the payment of the principal of (or premium, if any) on any Debt Security when due and the continuance of such default for a period of 3 days;
- (c) failure to make or consummate a Change of Control offer or an asset sale offer in accordance with the provisions of the Debenture Indenture, respectively;
- (d) default in any material way in the observance or performance, or breach, of any covenant or agreement of us or any guarantor contained in the Debenture Indenture or any guarantee (other than as contemplated by clauses (a), (b) and (c) above) and continuance of such default or breach for a period of 30 days after written notice has been given: (i) to us by the Indenture Trustee; or (ii) to us and the Indenture Trustee by the holders of not less than 25% in principal amount of the Debt Securities then outstanding;
- (e) the occurrence of an event of default under any mortgage, bond, indenture, loan agreement or other document evidencing Indebtedness of us or any Restricted Subsidiary, which Indebtedness has an aggregate outstanding principal amount of \$25,000,000 or more, and such default: (i) results in the acceleration of such Indebtedness prior to its maturity; or (ii) constitutes a failure to make any payment with respect to any such Indebtedness when due and payable after expiration of any applicable grace period;
- (f) failure by us or any of our Restricted Subsidiaries to pay one or more final judgments the uninsured portion of which exceeds in the aggregate \$25,000,000, which judgment or judgments are not paid, discharged or stayed for a period of 60 days;
- (g) an entry of a decree or order by a court having jurisdiction in the premises adjudging us or any Principal Operating Subsidiary a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustments or composition of or in respect of us or any Principal Operating Subsidiary under any Canadian federal or provincial bankruptcy law or any United States bankruptcy law or any other applicable Canadian, United States federal, provincial or state law, or appointing a receiver of us or any Principal Operating Subsidiary or of any substantial part of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of 90 consecutive days; or
- (h) the institution by us or any Principal Operating Subsidiary of proceedings to be adjudicated a bankrupt or insolvent, or the consent by it to the institution of bankruptcy or insolvency proceedings against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under any Canadian federal or provincial bankruptcy law or any United States bankruptcy law or the consent by it to the filing of any such petition or to the appointment of a receiver of us or any Principal Operating Subsidiary or of any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the admission by it in writing of its inability to pay its debts generally as they become due.

Acceleration of Maturity

If an Event of Default (other than as specified in clauses (g) and (h) above) occurs and is continuing, the Indenture Trustee or the Debtholders of not less than 25% in aggregate principal amount of the outstanding Debt Securities may, and the Indenture Trustee at the request of such Debtholders shall, declare the principal of (and premium, if any) and accrued and unpaid interest on, all of the outstanding Debt Securities immediately due and payable and, upon any such declaration, all such amounts will become due and payable immediately. If an Event of Default specified in clauses (g) and (h) above occurs and is continuing, then the principal (and premium, if any), and accrued and unpaid interest on all of the outstanding Debt Securities then will ipso facto become and be immediately due and payable without any declaration or other act on the part of the Indenture Trustee or any Debtholder.

At any time after a declaration of acceleration, but before a judgment or decree for payment of the money due has been obtained by the Indenture Trustee, the Debtholders of a majority in aggregate principal amount of the outstanding Debt Securities, by written notice to us and the Debtholders, the Indenture Trustee, may rescind such declaration and its consequences if: (a) we or any guarantor has paid or deposited with the Indenture Trustee a sum sufficient to pay, (i) all overdue interest on all Debt Securities; (ii) all unpaid principal of (and premium, if any) on any outstanding Debt Securities that has become due other than by such declaration of acceleration and interest thereon at the rate borne by the Debt Securities; (iii) to the extent that payment of such interest is lawful, interest on overdue interest and overdue principal at the rate borne by the Debt Securities; and (iv) all sums paid or advanced by the Indenture Trustee under the Debenture Indenture and the reasonable compensation, expenses, disbursements and advances of the Indenture Trustee, its agents and counsel; and (b) all Events of Default, other than the non payment of amounts of principal of (and premium, if any) or interest on the Debt Securities that have become due solely by such declaration of acceleration, have been cured or waived in accordance with the Debenture Indenture. No such rescission shall affect any subsequent Default or impair any right consequent thereon.

Notwithstanding the preceding paragraph, in the event of a declaration of acceleration in respect of the Debt Securities because an Event of Default specified in paragraph (e) of the Events of Default above shall have occurred and be continuing, such declaration of acceleration shall be automatically annulled if the Indebtedness that is the subject of such Event of Default has been discharged or the holders thereof have rescinded their declaration of acceleration in respect of such Indebtedness, and written notice of such discharge or rescission, as the case may be, shall have been given to the Indenture Trustee by us and countersigned by the holders of such Indebtedness or an Indenture Trustee, fiduciary or agent for such holders, within 30 days after such declaration of acceleration in respect of the Debt Securities, and no other Event of Default has occurred during such 30 day period which has not been cured or waived during such period.

Debt Securities in Global Form

Unless otherwise indicated in an applicable Prospectus Supplement, series of the Debt Securities will be issued in global form as a “global security” and will be registered in the name of and be deposited with a depository, or its nominee, each of which will be identified in the Prospectus Supplement relating to that series. Unless and until exchanged, in whole or in part, for the Debt Securities in definitive form, a global security may not be transferred except as a whole by the depository for such global security to a nominee of the depository, by a nominee of the depository to the depository or another nominee of the depository or by the depository or any such nominee to a successor of the depository or a nominee of the successor.

The specific terms of the depository arrangement with respect to any portion of a particular series of the Debt Securities to be represented by a global security will be described in a Prospectus Supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements.

Upon the issuance of a global security, the depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Debt Securities represented by the global security to the accounts of such persons, designated as “participants”, having accounts with such depository or its nominee. Such accounts shall be designated by the underwriters, dealers or agents participating in the distribution of the Debt Securities or by us if such Debt Securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository therefor or its nominee (with respect to interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants).

So long as the depository for a global security or its nominee is the registered owner of the global security, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by the global security for all purposes under the Debenture Indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have a series of the Debt Securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of such series of the Debt Securities in definitive form and will not be considered the owners or holders thereof under the Debenture Indenture. The laws of some states in the United States may require that certain purchasers of Debt Securities take physical delivery of such Debt Securities in definitive form. These depository arrangements and these laws may impair the ability to transfer beneficial interests in a global security.

Any payments of principal (and premium, if any) and interest, if any, on global Debt Securities registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing such Debt Securities. None of us, the Indenture Trustee or any paying agent for the Debt Securities represented by the global Debt Securities will have any responsibility or liability for any aspect

of the records relating to or payments made on account of beneficial ownership interests of the global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depositary for a global security or its nominee, upon receipt of any payment of principal, premium or interest, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of such depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with Debt Securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants.

If a depositary for a global security representing a particular series of the Debt Securities is at any time unwilling or unable to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue such series of Debt Securities in definitive form in exchange for a global security representing such series of Debt Securities. In addition, we may at any time and in our sole discretion determine not to have a series of Debt Securities represented by a global security and, in such event, will issue a series of Debt Securities in definitive form in exchange for all of the global Debt Securities representing the series of Debt Securities.

Change of Control

If a Change of Control occurs at any time, then each Debtholder shall have the right to require that we purchase such Debtholder's Debt Securities, in whole or in part, at a purchase price in cash equal to 101% of the principal amount of such Debt Securities, plus accrued and unpaid interest, if any, to the date of purchase, pursuant to the procedures set forth in the Debenture Indenture.

Defeasance

The Debenture Indenture contains provisions requiring the Indenture Trustee, at our request, to release us from our obligations under the Debenture Indenture and any supplemental indenture relating to a particular series of Debt Securities provided that, among other things, we have deposited funds or made due provision for the payment of (i) the expenses of the Indenture Trustee and (ii) all principal, premium (if any), interest and other amounts due or to become due in respect of such series of Debt Securities.

Modification and Waiver

The rights of the holders of Debt Securities issued under the Debenture Indenture and any supplemental indenture may be modified if authorized by Extraordinary Resolution. If the proposed modification affects the rights of the holders of a separate series of Debt Securities rather than all of the Debt Securities, the approval of a like proportion of the holders of such separate series of Debt Securities outstanding will be required.

Governing Law

The Canadian Indenture and any Debt Securities issued thereunder will be governed by and construed in accordance with the laws of the Province of Alberta. The U.S. Indenture and any Debt Securities issued thereunder will be governed by and construed in accordance with the laws of the State of New York.

Consent to Service

Under the U.S. Indenture, we irrevocably appoint our subsidiary, Baytex Energy USA Ltd., 600 – 17th Street, Suite 1600 S., Denver, CO 80202, as our authorized agent for service of process in any suit or proceeding arising out of or relating to the Debt Securities or the U.S. Indenture and for actions brought under federal or state securities laws in any federal or state court located in the Borough of Manhattan in the City of New York, and we irrevocably submit to the non-exclusive jurisdiction of such courts.

EARNINGS COVERAGE

The following earnings coverage ratios (calculated as consolidated profit or loss (before borrowing costs and income taxes) divided by borrowing costs) have been calculated on a consolidated basis and are derived from audited financial information, in the case of the years ended December 31, 2008, 2009, 2010, 2011 and 2012, and unaudited financial information, in the case of the six and twelve-month periods ended June 30, 2013. The ratios in each case have been calculated in accordance with Canadian GAAP, which, since January 1, 2011, has been consistent with International Financial Reporting Standards. The ratio for the year ended December 31, 2010 has been recalculated to be consistent with International Financial Reporting Standards; however, the ratios for the years ended December 31, 2008 and 2009 have not been recalculated and may not be consistent with International Financial Reporting Standards.

	2008	Year Ended December 31				Six months ended	Twelve months ended
		2009	2010	2011	2012	June 30, 2013	June 30, 2013
Earnings Coverage Ratio (times)	9.7	2.8	4.3	7.5	10.3	3.9	4.0

Such ratios do not give effect to the issuance of any Debt Securities pursuant to this Prospectus. If Debt Securities having a term to maturity in excess of one year are offered under a Prospectus Supplement, it will include earnings coverage ratios that give effect to the issuance of such Debt Securities.

PLAN OF DISTRIBUTION

We may sell the Securities (i) to underwriters or dealers purchasing as principal, (ii) directly to one or more purchasers pursuant to applicable statutory exemptions, or (iii) through agents in Canada, the United States and elsewhere where permitted by law, for cash or other consideration. The Securities may be sold from time to time in one or more transactions at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the Securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities. The Prospectus Supplement for any of the Securities being offered will set forth the terms of the offering of those Securities, including the name or names of any underwriters, dealers or agents, the purchase price of the Securities, the proceeds to us from that sale if determinable, any underwriting fees or discounts and other items constituting underwriters' compensation, any public offering price, and any discounts or concessions allowed or re-allowed or paid to dealers or agents. Only underwriters named in the relevant Prospectus Supplement are deemed to be underwriters in connection with the Securities offered by that Prospectus Supplement.

If underwriters purchase Securities as principal, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase those Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

The Securities may also be sold directly by us at prices and upon terms agreed to by the purchaser and us or through agents designated by us from time to time. Any agent involved in the offering and sale of the Securities pursuant to this Prospectus will be named, and any commissions payable by us to that agent will be set forth, in the applicable Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent would be acting on a best efforts basis for the period of its appointment.

We may agree to pay the underwriters a commission for various services relating to the issue and sale of any Securities offered by this Prospectus. Any such commission will be paid out of our general funds. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments that those underwriters, dealers or agents may be required to make in respect thereof.

In connection with any offering of the Securities, the underwriters, dealers or agents, as the case may be, may over allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be interrupted or discontinued at any time. Any offering of Subscription Receipts, Other Convertible Securities or Debt Securities will be a new issue of securities with no established trading market. Unless otherwise specified in the applicable Prospectus Supplement, the Subscription Receipts, Other Convertible Securities or Debt Securities will not be listed on any securities exchange. Certain dealers may make a market in the Subscription Receipts, Other Convertible Securities or Debt Securities, but will not be obligated to do so and may discontinue any market making activities at any time without notice. No assurance can be given that any dealer will make a market in the Subscription Receipts, Other Convertible Securities or Debt Securities or as to the liquidity of the trading market, if any, for the Subscription Receipts, Other Convertible Securities or Debt Securities.

Securities may be sold from time to time in one or more transactions at a fixed price or prices or at non-fixed prices. If offered on a non-fixed price basis and to the extent permitted by applicable law, Securities may be offered at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at prices to be negotiated with purchasers at the time of sale, which prices may vary as between purchasers and during the period of distribution of the Securities. Except as set out in a Prospectus Supplement relating to a particular offering of Securities and to the extent permitted by applicable law, in connection with any offering of Securities the underwriters or dealers, as the case may be, may over-allot or effect transactions intended to fix or stabilize the market price of the Common Shares at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

As a result, the trading price of the Securities could decline, and you could lose all or part of your investment. Cash dividends to Shareholders are not assured or guaranteed.

In addition to the risk factors set forth below, additional risk factors relating to our business are discussed on pages 10 to 27 (inclusive) of our Annual Information Form, which risk factors are incorporated herein by reference. Before deciding whether to invest in any Securities, investors should consider carefully the risk factors set out below and in any documents incorporated by reference in this Prospectus (including subsequently filed documents incorporated herein by reference) and those described in a Prospectus Supplement relating to a specific offering of Securities.

There can be no assurance as to the liquidity of the trading market for the Subscription Receipts, Other Convertible Securities and Debt Securities.

Prior to an offering of Subscription Receipts, Other Convertible Securities or Debt Securities, there will be no public market for the Subscription Receipts, Other Convertible Securities or Debt Securities. There can be no assurance that an active trading market for the Subscription Receipts, Other Convertible Securities or Debt Securities will develop or be sustained. Unless otherwise specified in the applicable Prospectus Supplement, there is no market through which

the Subscription Receipts, Other Convertible Securities or Debt Securities may be sold and purchasers may not be able to resell Subscription Receipts, Other Convertible Securities or Debt Securities purchased under this Prospectus and the relevant Prospectus Supplement. This may affect the pricing of the Subscription Receipts, Other Convertible Securities or Debt Securities in the secondary market, the transparency and availability of trading prices and the liquidity of the Subscription Receipts, Other Convertible Securities or Debt Securities. If an active trading market for any Subscription Receipts, Other Convertible Securities or Debt Securities does not develop, the trading liquidity of the relevant securities will be limited and the market value of the relevant securities may be reduced.

Structural Subordination of the Debt Securities

Liabilities of a parent entity with assets held by various subsidiaries may result in the structural subordination of the lenders of the parent entity. The parent entity is entitled only to the residual equity of its subsidiaries after all debt obligations of its subsidiaries are discharged. In the event of a bankruptcy, liquidation or reorganization of us, holders of our indebtedness (including holders of Debt Securities) may become subordinate to lenders to our subsidiaries.

Certain of our wholly-owned Subsidiaries will provide a guarantee pursuant to the Debenture Indenture. These guarantees are intended to eliminate structural subordination which arises as a consequence of certain of our assets being held in various Subsidiaries. Although our wholly-owned material Subsidiaries will each provide a guarantee, not all of our Subsidiaries will provide such a guarantee and there can be no assurance that the enforcement of such guarantees will result in the payment of the obligations that are the subject of the guarantee. See "Description of the Debt Securities – Guarantee".

PURCHASERS' STATUTORY AND CONTRACTUAL RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment or, in the case of a non-fixed price offering, within two business days after receipt or deemed receipt of a prospectus and any amendment, irrespective of the determination at a later date of the purchase price of the securities distributed. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revision of the price, or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price, or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the province in which the purchaser resides. The purchaser should refer to any applicable provisions of the securities legislation of the province in which the purchaser resides for the particulars of these rights or consult with a legal advisor.

Original purchasers of Subscription Receipts, Warrants and Options which are convertible into other securities of us will have a contractual right of rescission against us in respect of the conversion, exchange or exercise of such Subscription Receipts, Warrants and Options. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 203 of the Securities Act (Alberta), and is in addition to any other right or remedy available to original purchasers under section 203 of the Securities Act (Alberta) or otherwise at law. Original purchasers are further advised that in certain provinces the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the convertible, exchangeable or exercisable security that was purchased under a prospectus, and therefore a further payment at the time of conversion, exchange or exercise may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the province in which the purchaser resides for the particulars of these rights, or consult with a legal advisor.

Indemnification of the Trustee

Except as otherwise provided herein, the Trustee and its successors and assigns will at all times be indemnified and saved harmless by Trust 1 from and against all demands, claims, actions or causes of action, assessments, losses, damages, penalties, liabilities, taxes, costs and expenses whatsoever asserted against, relating to, imposed upon or incurred by the Trustee in connection with the Trustee acting as trustee or custodian of Trust 1, brought, commenced

No Liability if Affected by Law

The Trustee will not assume any liability, duty or obligation to any holder of Units if, by reason of any present or future law of Canada or any province of Canada, this Agreement, or anything in it, is declared invalid, or if for any cause not within its reasonable control, the Trustee is in any way hindered, prevented, or restrained from doing or performing any act or thing which it is required to do or perform by the terms of this Agreement.

Instructions by Manager

- (a) The Trustee shall be fully protected in relying upon any instruments or directions given by such parties as may be authorized by the Manager to give instructions or directions to the Trustee.
- (b) The Manager shall file with the Trustee a certificate of incumbency setting forth the names of parties authorized to give instruction or directions to the Trustee on behalf of the Manager (together with specimen signatures of such persons) and the Trustee shall be entitled to rely on the latest certificate of incumbency filed with it. The Trustee shall be fully protected in acting upon good faith upon any instrument, certificate or paper believed by it to be genuine and signed or presented by the proper person or persons, and the Trustee shall be under no duty to make any investigation or inquiry as to any statement contained in such writing, but may in good faith accept the same as conclusive evidence of the truth and accuracy of the statements therein contained.

7. Baytex Commercial Trust 2

Nothing herein shall be deemed to protect the Manager or any Affiliate against any liability to the Trustee or to the Unitholders in any circumstance where there has been gross negligence, willful default or dishonesty on the part of the Manager or to the extent that the Manager has materially failed to fulfill its obligations hereunder.
- (b) The Manager, and any agent appointed by the Manager, including, without limitation, any Affiliate of the Manager, their respective directors, officers, employees and agents, shall not be liable to Trust 2 for the acts, omissions, receipts, neglects or defaults of any person, firm or corporation employed or engaged by the Manager as permitted hereunder, or for any loss, damage or expense caused to Trust 2 through the insufficiency or deficiency of any security in or upon which any of the monies of or belonging to Trust 2 shall be laid out or invested, or for any loss or damage arising from the bankruptcy, insolvency, or tortious act of any person, firm or corporation with whom or which any monies, securities or property of Trust 2 shall be lodged or deposited, or for any loss occasioned by error in judgment on the part of the Manager, any Affiliate of the Manager, their respective directors, officers, employees and agents, or for any other loss, damage or misfortune which may happen in the execution by the Manager of its duties hereunder, except to the extent set out in the last sentence of paragraph (a) above.

Any claim by the Trustee or its successors or assigns under this section shall be satisfied only out of the Trust Property and no Unitholder shall be personally liable with respect to any claim for such indemnity or reimbursement. This indemnity shall survive the resignation or removal of the Trustee under the Trust Agreement and the termination of the Trust Agreement until such time as all trusts created hereby are terminated.
- (b) The Trustee and its successors and assigns will hereby at all times be indemnified and saved harmless by the Manager from and against all demands, claims, actions or causes of action, assessments, losses, damages, penalties, liabilities, taxes, penalty taxes and other related charges, costs and expenses whatsoever asserted against, relating to, imposed upon or incurred by the Trustee, which are brought, commenced or prosecuted against it in relation to or in connection with either the failure by the Manager to carry out its obligations under the Trust Agreement, or that result from the gross negligence of the Manager, or the reliance by the Trustee on any representation, instruction or direction of the Manager in relation or connection to the Trust Agreement and the carrying out by the Trustee of any instruction or direction contained therein; and also from and against all other costs, charges, and expenses which they sustain or incur in such respect, including, without limitation, an amount paid to settle an action or satisfy a judgment, reasonably incurred by the Trustee in respect of any civil, criminal or administrative action or proceeding to which the Trustee is a party resulting from the gross negligence of the Manager. This indemnity does not apply to the extent that in any circumstance there has been gross negligence, wilful default or dishonesty on the part of the Trustee or to the extent that the Trustee has materially failed to fulfil its obligations under the Agreement. This indemnity shall survive the resignation or removal of the Trustee under the Trust Agreement and the termination of the Trust Agreement and any trusts created thereby.

Liability of the Trustee

The Trustee shall not be liable to Trust 2 or to any Unitholder for any loss or damage relating to any matter regarding Trust 2, including loss or diminution in the value of Trust 2 or its assets and the Trustee shall not be liable to Trust 2 or to any Unitholder for the acts, omissions, receipts, neglects or defaults of any person employed or engaged by it as permitted hereunder, or for joining in any receipt or act of conformity, or for any loss, damage or expense caused to Trust 2 through the insufficiency or deficiency of any security in or upon which any of the monies of or belonging to Trust 2 shall be laid out or invested, or for any loss occasioned by error in judgment or oversight on the part of the Trustee, or for any other loss, damage or misfortune which may happen in the execution by the Trustee of its duties except as set forth elsewhere in the Trust Agreement. The foregoing does not apply to the extent that in any circumstance there has been negligence, willful default or dishonesty on the part of the Trustee or to the extent that the Trustee has failed to fulfil its obligations hereunder.

No Liability if Affected by Law

The Trustee will not assume any liability, duty or obligation to any holder of Units if, by reason of any present or future law of Canada or any province of Canada, this Agreement, or anything in it, is declared invalid, or if for any cause not within its reasonable control, the Trustee is in any way hindered, prevented, or restrained from doing or performing any act or thing which it is required to do or perform by the terms of this Agreement.

II-6

Instructions by Manager

- (a) The Trustee shall be fully protected in relying upon any instruments or directions given by such parties as may be authorized by the Manager to give instructions or directions to the Trustee.
- (b) The Manager shall file with the Trustee a certificate of incumbency setting forth the names of parties authorized to give instruction or directions to the Trustee on behalf of the Manager (together with specimen signatures of such persons) and the Trustee shall be entitled to rely on the latest certificate of incumbency filed with it. The Trustee shall be fully protected in acting upon good faith upon any instrument, certificate or paper believed by it to be genuine and signed or presented by the proper person or persons, and the Trustee shall be under no duty to make any investigation or inquiry as to any statement contained in such writing, but may in good faith accept the same as conclusive evidence of the truth and accuracy of the statements therein contained.

8. Baytex Commercial Trust 3

Liability and Indemnification

- (a) The Manager and any Affiliate of the Manager, their directors, officers, employees and agents shall at all times be indemnified and saved harmless by Baytex Commercial Trust 3 (“Trust 3”) from and against all claims whatsoever, including costs, charges and expenses in connection therewith, brought, commenced or prosecuted against it or them for or in respect of any act, deed, matter or thing whatsoever made, done, acquiesced in or omitted in or about or in relation to the execution of the duties of the Manager and also from and against all other costs, charges and expenses it or they may sustain or incur in or about or in relation to the affairs of Trust 3. The Manager, and any agent appointed by the Manager, including, without limitation, any Affiliate of the Manager, their respective directors, officers, employees and agents, shall not be liable to Trust 3 for any loss or damage relating to any matter regarding Trust 3, including any loss or diminution in the Net Asset Value of Trust 3. - (c) The Manager may rely and act upon any statement, report or opinion prepared by, or any advice received from, auditors, solicitors, notaries or other professional advisers of the Manager and shall not be responsible or held liable for acting thereon if the advice was within the area of professional competence of the person from whom it was received and the Manager acted reasonably relying thereon.

The General Partner shall indemnify and hold harmless each Limited Partner (including former Limited Partners) from and against all costs incurred and damages suffered by each Limited Partner as a result of a loss of limited liability, other than a loss of limited liability caused by any act or omission of such Limited Partner or as a result of application of principles of Canadian law, provided that such indemnification shall be restricted in respect of each Limited Partner, to the amount in excess of such Limited Partner’s capital contribution. The General Partner shall indemnify and hold harmless Baytex Holdings from and against all costs incurred and damages suffered by Baytex Holdings as a result of gross negligence or wilful misconduct by the General Partner or as a result of any act or omission by the General Partner not reasonably believed to be in good faith to be within the scope of authority conferred by this Agreement.

Partnership Indemnity of General Partner Directors and Officers

We have entered into agreements, if applicable, with each of our directors and officers to evidence our obligations to indemnify such directors and officers as described above.

Section 124 of the Business Corporations Act (Alberta) provides as follows:

124(1) Except in respect of an action by or on behalf of the corporation or body corporate to procure a judgment in its favour, a corporation may indemnify a director or officer of the corporation, a former director or officer of the corporation or a person who acts or acted at the corporation’s request as a director or officer of a body corporate of which the corporation is or was a shareholder or creditor, and the director’s or officer’s heirs and legal representatives, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the director or officer in respect of any civil, criminal or administrative action or proceeding to which the director or officer is made a party by reason of being or having been a director or officer of that corporation or body corporate, if

- (b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the director or officer had reasonable grounds for believing that the director's or officer's conduct was lawful.

II-13

(2) A corporation may with the approval of the Court indemnify a person referred to in subsection (1) in respect of an action by or on behalf of the corporation or body corporate to procure a judgment in its favour, to which the person is made a party by reason of being or having been a director or an officer of the corporation or body corporate, against all costs, charges and expenses reasonably incurred by the person in connection with the action if the person fulfils the conditions set out in subsection (1)(a) and (b).

(3) Notwithstanding anything in this section, a person referred to in subsection (1) is entitled to indemnity from the corporation in respect of all costs, charges and expenses reasonably incurred by the person in connection with the defence of any civil, criminal or administrative action or proceeding to which the person is made a party by reason of being or having been a director or officer of the corporation or body corporate, if the person seeking indemnity

(a) was substantially successful on the merits in the person's defence of the action or proceeding,

(b) fulfils the conditions set out in subsection (1)(a) and (b), and

(c) is fairly and reasonably entitled to indemnity.

(3.1) A corporation may advance funds to a person in order to defray the costs, charges and expenses of a proceeding referred to in subsection (1) or (2), but if the person does not meet the conditions of subsection (3) he or she shall repay the funds advanced.

(4) A corporation may purchase and maintain insurance for the benefit of any person referred to in subsection (1) against any liability incurred by the person

(a) in the person's capacity as a director or officer of the corporation, except when the liability relates to the person's failure to act honestly and in good faith with a view to the best interests of the corporation, or

(b) in the person's capacity as a director or officer of another body corporate if the person acts or acted in that capacity at the corporation's request, except when the liability relates to the person's failure to act honestly and in good faith with a view to the best interests of the body corporate.

(5) A corporation or a person referred to in subsection (1) may apply to the Court for an order approving an indemnity under this section and the Court may so order and make any further order it thinks fit.

(6) On an application under subsection (5), the Court may order notice to be given to any interested person and that person is entitled to appear and be heard in person or by counsel.

As contemplated by Section 124(4) of the Business Corporations Act (Alberta), the applicable F-10 Registrants have purchased insurance against potential claims against its directors and officers and against loss for which the F-10 Registrants may be required or permitted by law to indemnify such directors and officers.

* * *

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the F-10 Registrants pursuant to the foregoing provisions, the F-10 Registrants have been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.

FORM F-3

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 1. Indemnification of Directors and Officers

Pursuant to the bylaws of Baytex Energy USA Ltd. (the "Form F-3 Registrant"), the Form F-3 Registrant shall indemnify, in accordance with and to the fullest extent permitted by Colorado Business Corporation Act, as it may be amended from time to time, any person who at any time shall serve or shall have served as director, officer or employee of the corporation, or of any other enterprise at the request of the corporation, and the heirs, executors and administrators of such person.

Item 2. Exhibits

The exhibits to this registration statement are listed in the exhibit index, which appears elsewhere herein.

Item 3. Undertakings

The undersigned Form F-3 Registrant hereby undertakes:

(a)(1) To file, during any period in which offers or sales of the registered securities are being made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) that, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

Provided, however, that:

Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Form F-3 Registrant or the Form F-10 Registrants pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the

offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the Form F-3 Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the Registration Statement as of the date the filed prospectus was deemed part of and included in the Registration Statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the Registration Statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the Registration Statement relating to the securities in the Registration Statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the Registration Statement or made in a document incorporated or deemed incorporated by reference into the Registration Statement or prospectus that is part of the Registration Statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the Registration Statement or prospectus that was part of the Registration Statement or made in any such document immediately prior to such effective date; or

(5) That, for the purpose of determining liability of the Form F-3 Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the Form F-3 Registrant pursuant to this Registration Statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the Form F-3 Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the Form F-3 Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the Form F-3 Registrant or used or referred to by the Form F-3 Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the Form F-3 Registrant or its securities provided by or on behalf of the Form F-3 Registrant; and

(iv) Any other communication that is an offer in the offering made by the Form F-3 Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Form F-3 Registrant's or the Form F-10 Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of a Form F-3 Registrant pursuant to the foregoing provisions set forth in Item 3 above, or otherwise, such Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by such Registrant of expenses incurred or paid by a director, officer or controlling person of such Registrant in the successful

defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

FORM F-3

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form F-3 and has duly caused this Amendment No. 1 to Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Calgary, Province of Alberta, Canada, on the 25th day of October, 2013.
