NOTE ABOUT FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include, among other things, statements regarding plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements, which are other than statements of historical facts. Forward-looking statements may appear throughout this report, including without limitation, in Part I, Item 2 “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” Forward-looking statements generally can be identified by words such as “anticipates,” “believes,” “estimates,” “expects,” “intends,” “plans,” “predicts,” “projects,” “will be,” “will continue,” “will likely result,” and similar expressions. These forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties, which could cause our actual results to differ materially from those reflected in the forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed in this Quarterly Report on Form 10-Q and those discussed in other documents we file with the Securities and Exchange Commission (“SEC”). Important factors that in our view could cause material adverse affects on our financial condition and results of operations include, but are note limited to, the risks and uncertainties related to our future operational and financial results, competitive factors, the timing of the openings of other clubs, the availability of acceptable financing to fund corporate expansion efforts, our dependence on key personnel, the ability to manage operations and the future operational strength of management, and the laws governing the operation of adult entertainment businesses. We undertake no obligation to revise or publicly release the results of any revision to any forward-looking statements, except as required by law. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

As used herein, the “Company,” “we,” “our,” and similar terms include Rick’s Cabaret International, Inc. and its subsidiaries, unless the context indicates otherwise.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2013

(UNAUDITED)

1. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q of Regulation S-X. They do not include all information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, except as disclosed herein, there has been no material change in the information disclosed in the notes to the consolidated financial statements for the year ended September 30, 2012 included in the Company's Annual Report on Form 10-K, as filed with the Securities and Exchange Commission. The interim unaudited financial statements should be read in conjunction with those financial statements included in the Form 10-K. In the opinion of management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the six months ended March 31, 2013 are not necessarily indicative of the results that may be expected for the year ending September 30, 2013.

2. RECENT ACCOUNTING STANDARDS AND PRONOUNCEMENTS

In June 2011 new guidance was issued regarding the disclosure of the components of comprehensive income. This guidance gives the entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In either option, an entity is required to present each component of net income along with total net income, each component of other comprehensive income along with a total for other comprehensive income, and a total amount for comprehensive income. This guidance eliminates the option to present the components of other comprehensive income as part of the statement of changes in stockholders' equity. This guidance does not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. This guidance is effective for interim and annual periods beginning after December 15, 2011 and is required to be adopted retrospectively. The Company has adopted this guidance beginning with the Form 10-Q for the quarter ending December 31, 2012.

In July 2012 new guidance was issued regarding the impairment testing related to indefinite-lived intangible assets. This guidance permits an entity to make a qualitative assessment to determine whether it is more likely than not that an indefinite-lived intangible asset, other than goodwill, is impaired. If an entity concludes, based on an evaluation of

all relevant qualitative factors, that it is not more likely than not that the fair value of an indefinite-lived intangible asset is less than its carrying amount, it will not be required to perform the quantitative impairment for that asset. This guidance is effective for interim and annual periods beginning after September 15, 2012. The Company has early-adopted this guidance beginning with the Form 10-K for the year ended September 30, 2012. The implementation of this guidance did not have a material impact on the Company's consolidated financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES

Following are certain remarkable accounting principles and disclosures.

Marketable Securities

Marketable securities at March 31, 2013 consist of bond funds. ASC 320, *Investments in Debt and Equity Securities*, requires certain investments be recorded at fair value or amortized cost. The appropriate classification of the investments in marketable equity is determined at the time of purchase and re-evaluated at each balance sheet date. As of March 31, 2013, the Company's marketable securities were classified as available-for-sale, which are carried at fair value, with unrealized gains and losses reported as other comprehensive income within the stockholders' equity section of the accompanying consolidated balance sheets. The cost of marketable securities sold is determined on a specific identification basis. The fair value of marketable securities is based on quoted market prices based on Level 1 inputs — quoted prices (unadjusted) for identical assets or liabilities in active markets. There have been no realized gains or losses related to marketable securities for the six month periods ended March 31, 2013 or 2012. Marketable securities held at March 31, 2013 have a cost basis of approximately \$500,000.

3. SIGNIFICANT ACCOUNTING POLICIES - continued

Fair Value Accounting

In December 2006, the FASB issued SFAS No. 157 (ASC 820), *Fair Value Measurements*. SFAS No. 157 clarifies the definition of fair value, describes methods used to appropriately measure fair value, and expands fair value disclosure requirements, but does not change existing guidance as to whether or not an instrument is carried at fair value. For financial assets and liabilities, ASC 820 is effective for fiscal years beginning after November 15, 2007, which required the Company to adopt these provisions in fiscal 2009. For nonfinancial assets and liabilities, SFAS No. 157 is effective for fiscal years beginning after November 15, 2008, which required the Company to adopt these provisions in fiscal 2010.

US GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

- Level 1 – Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Include other inputs that are directly or indirectly observable in the marketplace.
- Level 3 – Unobservable inputs which are supported by little or no market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The Company's derivative liabilities have been measured principally utilizing Level 2 inputs.

RICK'S CABARET INTERNATIONAL, INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2013****(UNAUDITED)****3. SIGNIFICANT ACCOUNTING POLICIES - continued**

The Company classifies its marketable securities as available-for-sale, which are reported at fair value. Unrealized holding gains and losses, net of the related income tax effect, if any, on available-for-sale securities are excluded from income and are reported as accumulated other comprehensive income in stockholders' equity. Realized gains and losses from securities classified as available for-sale are included in income. The Company measures the fair value of its marketable securities based on quoted prices for identical securities in active markets, or Level 1 inputs. As of March 31, 2013, available-for-sale securities consisted of the following:

(in thousands)	Cost Basis	Gross	
		Unrealized Gains	Fair Value
Available for Sale	\$ 500	\$ 72	\$ 572
Tax-Advantaged Bond Fund			

In accordance with ASC Topic 320, *Investments — Debt and Equity Securities*, the Company reviews its marketable securities to determine whether a decline in fair value of a security below the cost basis is other than temporary. Should the decline be considered other than temporary, the Company writes down the cost basis of the security and include the loss in current earnings as opposed to an unrealized holding loss. No losses for other than temporary impairments in the Company's marketable securities portfolio were recognized during the quarter ended March 31, 2013.

Financial assets and liabilities measured at fair value on a recurring basis are summarized below:

(in thousands)	Carrying Amount	Level		
		1	2	3
March 31, 2013				
Marketable securities	\$ 572	\$ 572	\$ -	\$ -

(in thousands) Carrying

Discontinued Operations

In March 2011, the Company made the decision to sell its Las Vegas location and, in April 2011, sharply reduced its operations in order to eliminate losses as it sought a buyer for the club. The Company believes that it has done everything possible to make this location viable since its acquisition in 2008 and now believes it is in its shareholders' best interests not to continue these efforts. The club was shuttered and the landlord took over the property in June 2011. Therefore, this club is recognized as a discontinued operation in the accompanying consolidated financial statements.

The Company has sold a controlling portion of the membership interest in the entity that previously operated its Rick's Cabaret in Austin, Texas. Accordingly, the Company has deconsolidated the subsidiary and carries it as an equity-method investment. The Company has not received any cash flows from the entity since the sale and doesn't anticipate any in the near future. The remaining unimpaired investment amounted to approximately \$96,000 as of March 31, 2013. The Company believes the investment is recoverable in the future due to the Sexually Oriented Business license which is held in the entity and the location. A new nightclub has not been opened in the space since the Company sold its controlling interest. Accordingly, the club is recognized as a discontinued operation in the accompanying consolidated financial statements.

4. STOCK OPTIONS AND STOCK-BASED EMPLOYEE COMPENSATION

Employee and Director Stock Option Plans

In 1995, the Company adopted the 1995 Stock Option Plan (the "1995 Plan") for employees and directors. In August 1999, the Company adopted the 1999 Stock Option Plan (the "1999 Plan") and in 2010, the Company's Board of Directors approved the 2010 Stock Option Plan (the "2010 Plan") (collectively, "the Plans"). The 2010 Plan was approved by the shareholders of the Company at the 2011 Annual Meeting of Shareholders. The options granted under the Plans may be either incentive stock options, or non-qualified options. The Plans are administered by the Board of Directors or by a compensation committee of the Board of Directors. The Board of Directors has the exclusive power to select individuals to receive grants, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plans.

The compensation costs recognized for the three months ended March 31, 2013 and 2012 were \$281,745 and \$12,381, respectively, and were \$563,490 and \$20,635 for the six months then ended, respectively. There were no stock option grants or exercises for the six months ended March 31, 2013 or 2012.

6. LONG-TERM DEBT

On January 24, 2013, the Company sold to an investor (i) a 10% Convertible Debenture with a principal amount of \$3,000,000 (the "Debenture"), under the terms and conditions set forth in the Debenture, and (ii) a warrant to purchase a total of 60,000 shares of the Company's common stock (the "Warrant"), under the terms and conditions set forth in the Warrant. The Debenture has a term of two years, is convertible into shares of our common stock at a conversion price of \$10.00 per share (subject to adjustment), and has an annual interest rate of 10%, with one initial payment of interest only due July 24, 2013, and thereafter, the principal amount is payable in six equal quarterly principal payments of \$500,000 plus accrued and unpaid interest. Six months after the issue date of the Debenture, we have the right to redeem the Debenture if the Company's common stock has a closing price of \$13.00 (subject to adjustment) for 20 consecutive trading days. The Warrant has an exercise price of \$10.00 per share (subject to adjustment) and expires on January 24, 2015. In the event there is an effective registration statement registering the shares of common stock underlying the Warrant, the Company has the right to require exercise of the Warrant if the Company's common stock has a closing price of \$13.00 (subject to adjustment) for 20 consecutive trading days. The Company sold the Debenture and Warrant to the investor in a private transaction and received consideration of \$3,000,000. Brean Capital, LLC acted as exclusive placement agent for the transaction and received a placement fee of 6% of the gross proceeds raised.

In March 2013, the Company borrowed \$1.5 million from an individual. The note is collateralized by a second lien on the Company's Miami nightclub, bears interest at 13% and interest is payable monthly. The principal is payable in March 2016.

See Note 9, Acquisitions, for information about certain long-term debt incurred in the acquisition of businesses.

7.

COMMON STOCK

During the six months ended March 31, 2013, the Company purchased 112,159 shares of Company common stock for its treasury at an aggregate cost of \$928,759. These shares have been retired.

During the six months ended March 31, 2012, the Company purchased 93,240 shares of Company common stock for its treasury at an aggregate cost of \$721,763. These shares have been retired.

During the six months ended March 31, 2012, the Company issued 102,856 shares of common stock for exercised warrants aggregating \$899,990.

RICK'S CABARET INTERNATIONAL, INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2013****(UNAUDITED)****8. EARNINGS PER SHARE (“EPS”)**

The Company computes earnings per share in accordance with FASB ASC 260, *Earnings Per Share*. ASC 260 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock warrants and options (the number of which is computed using the “treasury stock method”) and from outstanding convertible debentures (the number of which is computed using the “if converted method”).

Diluted EPS considers the potential dilution that could occur if the Company’s outstanding common stock options, warrants and convertible debentures were converted into common stock that then shared in the

Company’s earnings (as adjusted for interest expense) that would no longer occur if the debentures were converted).

9. ACQUISITIONS

Fiscal 2012

The Company's wholly owned subsidiary, RCI Dining Services (Tarrant County), Inc., a Texas Corporation (“RCI Tarrant County”), entered into an Agreement for Purchase and Sale of Membership Units with Fred McDonald (“Seller”) for the purchase of 100% of the membership units of 12291 CBW, LLC (“12291 CBW”). 12291 CBW owned and operated an adult entertainment cabaret known as “The New West” located at 12291 Camp Bowie West, Aledo, Texas. The Agreement for Purchase and Sale of Membership Units closed October 5, 2011, whereby RCI Tarrant County acquired the membership units of 12291 CBW for the purchase price of \$380,000. The Company now operates the BYOB club as “Temptations”. The Company also paid \$55,000 at closing for certain costs related to the access to the club. The entire \$380,000 has been allocated to license.

Our wholly owned subsidiaries, RCI Dining Services (Stemmons), Inc. (“RCI Stemmons”), RCI Dining Services (Inwood), Inc. (“RCI Inwood”) and RCI Dining Services (Stemmons 2), Inc. (“RCI Dining”) entered into a Stock Purchase Agreement (the “Prior Agreement”) with Mr. Thanasi Mantas, Green Star, Inc. (“Green Star”), Fine Dining Club, Inc. (“Fine Dining”), Blue Star Entertainment Inc. (“Blue Star”), Adelphi Group Ltd. (“Adelphi”) and PNYX Limited Partnership (“PNYX”). The Prior Agreement was amended on December 28, 2011. On January 11, 2012, (i) Green Star, Fine Dining, Mr. Mantas, Adelphi, PNYX, RCI Stemmons, RCI Dining and RCI Holdings, Inc., our wholly owned subsidiary (“RCI Holdings”), entered into a new Stock Purchase Agreement (the “Silver City Purchase Agreement”) and (ii) Blue Star, Mr. Mantas, PNYX, RCI Inwood and RCI Holdings entered into a separate Stock Purchase Agreement (the “Blue Star Purchase Agreement”), which was subsequently terminated. The entry into the Silver City Purchase Agreement and the Blue Star Purchase Agreement terminated the Prior Agreement, as amended.

Green Star owns and operates an adult entertainment cabaret known as “Silver City Cabaret,” located at 7501 N. Stemmons Freeway, Dallas, Texas 75247. Fine Dining has a concession to provide alcohol sales and services to Green Star at the Silver City Cabaret. Mr. Mantas owned 100% of the stock of Green Star and Fine Dining. Pursuant to the Silver City Purchase Agreement, Mr. Mantas agreed to sell (i) all the stock of Green Star to RCI Stemmons for the purchase price of \$1,400,000 in the form of a promissory note and (ii) all the stock of Fine Dining to RCI Fine Dining for the purchase price of \$100,000 in the form of a promissory note. Each of the promissory notes will be payable over 11 years and have an adjustable interest rate of 5.5%. This transaction closed on January 17, 2012.

Adelphi owned the real properties where the Silver City Cabaret is located, including 7501 N. Stemmons Freeway, Dallas, Texas 75247 and 7600 John West Carpenter Freeway, Dallas, Texas 75247, and PNYX

owned certain adjacent real property at 7506 John West Carpenter Freeway, Dallas, Texas 75247. In transactions related to the Prior Agreement, Adelphi and PNYX had previously entered into real estate purchase agreements with RCI Holdings on November 17, 2011, which agreements were subsequently amended as part of the Silver City Purchase Agreement transaction. Pursuant to the real estate purchase agreements, as amended, (i) Adelphi agreed to sell the real properties at 7501 N. Stemmons and 7600 John West Carpenter for the purchase price of \$6,500,000, payable \$300,000 in cash and \$6,200,000 in the form of an adjustable 5.5% promissory note that is payable over 11 years, and (ii) PNYX agreed to sell the real property at 7506 John West Carpenter for the purchase price of \$1,000,000, payable \$700,000 in cash and \$300,000 in the form of an adjustable 5.5% promissory note that is payable over 11 years. The real estate transactions closed contemporaneously with the Silver City Purchase Agreement.

At closing of the Silver City Purchase Agreement transactions, Mr. Mantas entered into a Non-Competition Agreement providing for him to not compete with our subsidiaries by owning, participating or operating an establishment featuring adult entertainment within Dallas County and all contiguous counties (excepting the property located at 1449 Inwood Road, Dallas, Texas 75247).

The Company incurred approximately \$76,000 in legal costs associated with the acquisition, which are included in legal and professional expense in the accompanying consolidated statement of income.

Goodwill in the acquisition represents the offset to the deferred tax liability recorded as a result of the difference in the basis of the net assets for tax and financial purposes. The goodwill is not deductible for income tax purposes. The results of operations of these entities are included in the Company's consolidated results of operations since January 17, 2012. This acquisition was made to further the Company's growth objective of acquiring nightclubs that will quickly contribute to the Company's earnings per share. Proforma results of operations have not been provided, as the amounts were not deemed material to the consolidated financial statements.

On December 2, 2011, RCI Holdings entered into a Real Estate Sales Agreement with Bryan S. Foster, providing for RCI Holdings to purchase from Mr. Foster the real properties located at 12325 Calloway Cemetery Road, Fort Worth, Texas and 2151 Manana Drive, Dallas, Texas, for the aggregate purchase

price of \$5,500,000, including \$2,000,000 cash and \$3,500,000 in the form of an 8% promissory note that is payable over 10 years. The Fort Worth property represents the land for Cabaret East, one of our clubs and the Dallas property represents the land at another gentlemen's club. This transaction closed on January 13, 2012.

2013

In connection with the acquisition of the Foster Clubs, as explained in Note M in the Company's Form 10-K for the year ended September 30, 2012, the Company's wholly owned subsidiary, Jaguars Holdings, Inc. ("JHI"), entered into a Commercial Contract (the "Real Estate Agreement"), which agreement provided for JHI to purchase the real estate where the Foster Clubs are located. The transactions contemplated by the Real Estate Agreement closed on October 16, 2012. The purchase price of the real estate was \$10.1 million (discounted to \$9.6 million as explained below) and was paid with \$350,000 in cash, \$9.1 million in mortgage notes, including the assumption of approximately \$4.2 million in notes, and an agreement to make a one-time payment of \$650,000 in twelve years that bears no interest. The note bears interest at the rate of 9.5%, is payable in 143 equal monthly installments and is secured by the real estate properties. The Company has recorded a debt discount of \$431,252 related to the one-time payment of \$650,000. The Company reduced previously recognized goodwill because the purchase of the Foster Clubs operations and the real estate were considered to be one purchase transaction with multiple closings and were included in the same purchase agreement.

The following information summarizes the allocation of fair values assigned to the assets at the purchase date.

On December 6, 2012, the Company's wholly owned subsidiary, RCI Holdings, Inc. ("RCI Holdings"), entered into a Purchase and Sale Agreement (the "Real Estate Agreement") with Regent 39 Corp. ("Regent"). Regent owns the building located at 50 West 33rd Street, New York, New York where an adult cabaret owned by the Company's subsidiary, RCI Entertainment (New York), Inc. ("RCI New York"), is located. Regent currently leases the entire building to RCI New York under a lease agreement with a term that ends in 2023. The Real Estate Agreement provides for RCI Holdings to acquire the building from Regent for aggregate consideration of \$23,000,000. Pursuant to the agreement, RCI Holdings has paid \$750,000 cash in escrow. The Real Estate Agreement is scheduled to close by June 4, 2013, at which time the escrow funds will be released to Regent, and RCI Holdings will pay Regent the balance of the purchase price, under the terms and conditions of the Real Estate Agreement. Also at closing, Regent will assign to RCI Holdings the lease agreement under which RCI New York leases the building.

9. ACQUISITIONS - continued

On March 4, 2013, the Company completed the acquisition of a second adult business in midtown Manhattan. The Company plans to open a new gentlemen's club at the 61 West 37th Street location, just east of Sixth Avenue. Rick's Cabaret paid \$3 million for the business, with \$1.5 million paid in cash and the remaining \$1.5 million in six percent promissory notes convertible into shares of Rick's Cabaret common stock at a conversion price of \$10.25. The notes call for monthly payments of \$16,653, including principal and interest, and mature in 120 months. At the option of the noteholders, the principal amount of the notes and the accrued but unpaid interest thereon may be converted into shares of the Company's common stock at \$10.25 per share. The notes are redeemable by the Company at any time if the closing price of its common stock for 20 consecutive trading days is at least \$13.47 per share.

The following information summarizes the allocation of fair values assigned to the assets and liabilities at the purchase date.

The Company incurred approximately \$34,000 in legal costs associated with the acquisition, which are included in legal and professional expense in the accompanying consolidated statement of income.

Goodwill in the acquisition represents the offset to the deferred tax liability recorded as a result of the difference in the basis of the net assets for tax and financial purposes. The goodwill is not deductible for income tax purposes. The

results of operations of this company are included in the Company's consolidated results of operations since March 5, 2012. Proforma results of operations have not been provided, as the amounts were not deemed material to the consolidated financial statements.

10. INCOME TAXES

Income tax expense on continuing operations for the periods presented differs from the "expected" federal income tax expense computed by applying the U.S. federal statutory rate of 34% to earnings before income taxes for the three months ended December 31, as a result of the following:

	For the Three Months		For the Six Months	
	Ended March 31, 2013	2012	Ended March 31, 2013	2012
Computed expected tax expense	\$ 1,500	\$ 1,153	\$ 2,958	\$ 2,340
State income taxes	56	35	111	70

Total income tax expense	\$ 1,615	\$ 1,134	\$ 3,199	\$ 2,342

Included in the Company's deferred tax liabilities at March 31, 2013 is approximately \$17.1 million representing the tax effect of indefinite lived intangible assets from club acquisitions which are not deductible for tax purposes. These deferred tax liabilities will remain in the Company's balance sheet until the related clubs are sold.

11. COMMITMENTS AND CONTINGENCIES

Legal Matters

Beginning January 1, 2008, the Company's Texas clubs became subject to a new state law requiring each club to collect and pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association ("TEA"), an organization to which the Company is a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State appealed the Court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State gave notice of its right to collect the tax pending the outcome of its appeal but took no affirmative action to enforce that right. On June 5, 2009, the Court of Appeals for the Third District (Austin) affirmed the District Court's judgment that the

Sexually Oriented Business (“S.O.B.”) Fee violated the First Amendment to the U.S. Constitution but on August 26, 2011, the Texas Supreme Court reversed the judgment of the Court of Appeals, ruling that the SOB Fee does not violate the First Amendment to the U.S. Constitution, and remanded the case to the District Court to determine whether the fee violates the Texas Constitution.

TEA appealed the Texas Supreme Court's decision to the U.S. Supreme Court (regarding the constitutionality of the fee under the First Amendment of the U.S. Constitution), but the U.S. Supreme Court denied the appeal on January 23, 2012. Subsequently, the case was remanded to the District Court for consideration of the remaining issues raised by TEA. On June 28, 2012, the District Court in Travis County held a hearing on TEA’s Texas Constitutional claims and on July 9 entered an order finding that

(UNAUDITED)

11. COMMITMENTS AND CONTINGENCIES

the tax was a constitutional Occupations Tax. The Court denied the remainder of TEA's constitutional claims. TEA is now in the process of appealing this new decision to the Texas Third Court of Appeals.

The Company has not made any payments of these taxes since the first quarter of 2009 and plans not to make any such payments while the case is pending in the courts. However, the Company will continue to accrue and expense the potential tax liability on its financial statements, so any ultimate negative ruling will not have any effect on its consolidated income statement and will only affect the consolidated balance sheet. If the final decision of the courts is ultimately in the Company's favor, as it believes it will be, then the Company will record a one-time gain of the entire amount previously expensed.

Since the inception of the tax, the Company has paid more than \$2 million to the State of Texas under protest for all four quarters of 2008 and the first quarter of 2009, expensing it in the consolidated financial statements (except for two locations in Dallas where the taxes have not been paid, but the Company is accruing and expensing the liability). For all subsequent quarters, as a result of the Third Court's 2009 decision, the Company has accrued the tax, but not paid the State. Accordingly, as of March 31, 2013, the Company has approximately \$11.6 million in accrued liabilities for this tax. Patron tax expense amounted to approximately \$899,000 and \$826,000 for the quarters ended March 31, 2013 and 2012, respectively.

The Company's Texas clubs have filed a separate lawsuit against the State in which the Company raises additional challenges to the statute imposing the fee or tax, demanding repayment of the taxes the Company has paid under this statute. The courts have not yet addressed these additional claims. If the Company is successful in the remaining litigation, the amount the Company has paid under protest should be repaid or applied to any future, constitutional admission tax or other Texas state tax liabilities.

The Company's subsidiary that operated the club in Las Vegas has recently been audited by the Department of Taxation of the State of Nevada for sales and other taxes. The audit period was from the date of opening in September

2008 through July 31, 2010. As a result of the audit, the Department of Taxation contends that the Company's Las Vegas subsidiary owes approximately \$2.1 million, including penalties and interest, for Las Vegas Live Entertainment Taxes. The Company does not believe it is subject to the Live Entertainment Tax and is protesting the audit results. Accordingly, the Company has not accrued the contingent liability in the accompanying consolidated financial statements. It is unknown at this time whether the resolution of this uncertainty will have a material effect on the Company's operations.

The Company has been a defendant in a federal court litigation, pending since March 30, 2009, in the Southern District of New York relating to claims under the Fair Labor Standards Act and New York's wage and hour laws. Discovery is now complete and motions for summary judgment are pending. While Plaintiffs do not specifically allege the amount of monetary relief sought in their Complaint, Plaintiffs have alleged that they are seeking judgment equal to any unpaid wages, liquidated damages, interest, costs and attorneys fees pursuant to the FLSA and New York Labor Law. The Company denies any liability in this matter and is vigorously defending the allegations. The Company has asserted counterclaims and affirmative defenses for offset and unjust enrichment.

In September 2011, the Company's subsidiary, RCI Entertainment Las Vegas, Inc. ("RCI Las Vegas") and Rick's Cabaret International were sued by the lessor of its club in Las Vegas for breach of contract and other issues relating to RCI Las Vegas' lease. The lawsuit alleges at least \$10,000 of damages in each of four causes of action. RCI Las Vegas has no assets and, therefore, is not able to pay the "deficiency", if any is ultimately found in a court of law. If the plaintiff should attempt to claim that the "deficiency" is a liability of the parent company, the Company believes it has the legal basis upon which to refute this claim as the parent company is not liable for the debts of its subsidiaries. Therefore, the Company does not believe that this contingency will ultimately result in a liability and, therefore, no accrual has been made in the accompanying consolidated financial statements.

In September 2011, the Company and its CEO were sued in District Court in Travis County Texas by a shareholder for damages as a result of the plaintiff's alleged inability to sell shares on the open market due to restrictive legends which the plaintiff alleges that the defendants failed to remove in a timely manner. On March 21, 2012, the Company agreed to a settlement in the case. The terms of the settlement provide for the payment of \$2,650,000 to the plaintiff and a full and complete release of the Company and the Company's CEO. The settlement amount will be paid with approximately \$850,000 in insurance proceeds and a cash payment from the Company of approximately \$1.8 million. No admission of liability was made by the Company. The parties completed the settlement documents and an Order of Dismissal was entered into on April 19, 2012. The \$1.8 million has been expensed in the quarter ended March 31, 2012.

We are subject to litigation relating to claims and legal actions by customers and others in the ordinary course of business alleging negligence or other legal theories, some of which allege large claims. We insure our liability risks through third party insurers. Management believes that our insurance coverage is sufficient to cover insured claims arising out of the operation of our business.

12. SUBSEQUENT EVENTS

The Company has completed the authorized repurchase of \$5 million of its stock. The Board of Directors of the company has authorized the repurchase of up to an additional \$3 million worth of shares from time to time on the open market or in privately negotiated transactions. The \$5 million buy-back was authorized by the Board on September 29, 2008. Under this buy-back plan, the company repurchased 756,087 shares of stock in the open market at an average price of \$6.61.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion should be read in conjunction with our audited consolidated financial statements and related notes thereto included in this quarterly report.

GENERAL

Rick's Cabaret International, Inc. was incorporated in the State of Texas in 1994. Through our subsidiaries, as of March 31, 2013, we own and/or operate a total of thirty-five nightclubs that offer live adult entertainment and two that are restaurant and bar operations. We have four more adult clubs and one restaurant and bar opening soon. Our subsidiaries also own a sexually oriented business license at four other locations which will be opened in 2013 and opened two non adult-oriented nightclub/restaurants in 2013 with one more scheduled to be opened later in 2013. We have one reportable segment, nightclubs. Our website address is www.Ricks.com. We also have an investors' website – www.ricksinvestor.com.

Vivid Cabaret, New York (1)	2013

(1) To be opened in 2013.

(2) Opened January 17, 2013

(3) Opened February, 26 2013

(4) Opened May 2, 2013

(5) Managed location to open in 2013

As noted above, we have five adult nightclubs and one restaurant under construction:

- Vivid Cabaret in New York – the building is being remodeled and should open in the fall.
- Vivid Cabaret in Los Angeles is under construction and should open in June.
- Jaguars Beaumont (Texas) is awaiting a liquor permit and reconstruction and should open in 2013. This is a licensed location which we will manage.
- Rick’s Cabaret Odessa, Texas should start remodeling this summer.
- Ricky Bobby Sports Saloon is under construction and should open this summer.
- Temptations Sulphur opened May 2, 2013.

Our nightclub revenues are derived from the sale of liquor, beer, wine, food, merchandise, cover charges, membership fees, independent contractors' fees, commissions from vending and ATM machines, valet parking and other products and services.

CRITICAL ACCOUNTING POLICIES

Management’s discussion and analysis of financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with generally accepted accounting principles of the

United States of America (“GAAP”). GAAP consists of a set of standards issued by the FASB and other authoritative bodies in the form of FASB Statements, Interpretations, FASB Staff Positions, Emerging Issues Task Force consensuses and American Institute of Certified Public Accountants Statements of Position, among others. The Company has updated references to GAAP in this Form 10-Q to reflect the guidance in the ASC. The preparation of these consolidated financial statements requires our management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On a regular basis, we evaluate these estimates, including investment impairment. These estimates are based on management’s historical industry experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

Accounts and Notes Receivable

Trade accounts receivable for the nightclub operation is primarily comprised of credit card charges, which are generally converted to cash in two to five days after a purchase is made. The media division’s accounts receivable is primarily comprised of receivables for advertising sales and Expo registration. The Company’s accounts receivable, other is comprised of employee advances and other miscellaneous receivables. The long-term portion of notes receivable are included in other assets in the accompanying consolidated balance sheets. The Company recognizes interest income on notes receivable based on the terms of the agreement and based upon management’s evaluation that the notes receivable and interest income will be collected. The Company recognizes allowances for doubtful accounts or notes when, based on management judgment, circumstances indicate that accounts or notes receivable will not be collected.

Inventories

Inventories include alcoholic beverages, food, and Company merchandise. Inventories are carried at the lower of cost, average cost, which approximates actual cost determined on a first-in, first-out (“FIFO”) basis, or market.\

Property and Equipment

Property and equipment are stated at cost. Provisions for depreciation and amortization are made using straight-line rates over the estimated useful lives of the related assets and the shorter of useful lives or terms of the applicable leases for leasehold improvements. Buildings have estimated useful lives ranging from 29 to 40 years. Furniture, equipment and leasehold improvements have estimated useful lives between five and 40 years. Expenditures for major renewals and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are charged or credited in the accompanying consolidated statement of income of the respective period.

Goodwill and Intangible Assets

FASB ASC 350, *Goodwill and Other Intangibles Assets* addresses the accounting for goodwill and other intangible assets. Under FASB ASC 350, goodwill and intangible assets with indefinite lives are no longer amortized, but reviewed on an annual basis for impairment. Definite lived intangible assets are amortized on a straight-line basis over their estimated lives. Fully amortized assets are written-off against accumulated amortization.

Impairment of Long-Lived Assets

The Company reviews property and equipment and intangible assets with definite lives for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of these assets is measured by comparison of its carrying amounts to future undiscounted cash flows the assets are expected to generate. If property and equipment and intangible assets with definite lives are considered to be impaired, the impairment to be recognized equals the amount by which the carrying value of the asset exceeds its fair value. Assets are grouped at the lowest level for which there are identifiable cash flows, principally at the club level, when assessing impairment. Cash flows for our club assets are identified at the individual club level. The Company’s annual evaluation was performed as of September 30, 2012, based on a projected discounted cash flow method using a discount rate determined by management to be commensurate with the risk inherent in the current business model. We

determined that there is no net asset impairment at September 30, 2012.

Fair Value of Financial Instruments

The Company calculates the fair value of its assets and liabilities which qualify as financial instruments and includes this additional information in the notes to consolidated financial statements when the fair value is different than the carrying value of these financial instruments. The estimated fair value of accounts receivable, accounts payable and accrued liabilities approximate their carrying amounts due to the relatively short maturity of these instruments. The carrying value of short and long-term debt also approximates fair value since these instruments bear market rates of interest. None of these instruments are held for trading purposes.

Derivative Financial Instruments

The Company accounts for financial instruments that are indexed to and potentially settled in, its own stock, including stock put options, in accordance with the provisions of FASB ASC 815, *Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in a Company's Own Stock*. Under certain circumstances that would require the Company to settle these equity items in cash, and without regard to probability, FASB ASC 815 would require the classification of all or part of the item as a liability and the adjustment of that reclassified amount to fair value at each reporting date, with such adjustments reflected in the Company's consolidated statements of income. The first instrument to meet the requirements of FASB ASC 815 for derivative accounting occurred in the quarter ended June 30, 2010 when the Company renegotiated the payback terms of certain put options and agreed to pledge as collateral to certain holders a second lien on certain property. This derivative has been liquidated during the quarter ended March 31, 2013.

Revenue Recognition

The Company recognizes revenue from the sale of alcoholic beverages, food and merchandise, other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

The Company recognizes Internet revenue from monthly subscriptions to its online entertainment sites when notification of a new or existing subscription and its related fee are received from the third party hosting company or from the credit card company, usually two to three days after the transaction has occurred. The monthly fee is not refundable. The Company recognizes Internet auction revenue when payment is received from the credit card as revenues are not deemed estimable nor collection deemed probable prior to that point.

Revenues from the sale of magazines and advertising content are recognized when the issue is published and shipped. Revenues and external expenses related to the Company's annual Expo convention are recognized upon the completion of the convention in August.

Sales and Liquor Taxes

The Company recognizes sales and liquor taxes paid as revenues and an equal expense in accordance with FASB ASC 605, *How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement*. Total sales and liquor taxes aggregated \$2.1 million and \$1.9 million for the three months ended March 31, 2013 and 2012, respectively.

Advertising and Marketing

Advertising and marketing expenses are primarily comprised of costs related to public advertisements and giveaways, which are used for promotional purposes. Advertising and marketing expenses are expensed as incurred and are included in operating expenses in the accompanying consolidated statements of income.

Income Taxes

Deferred income taxes are determined using the liability method in accordance with FASB ASC 740, *Accounting for Income Taxes*. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In addition, a valuation allowance is established to reduce any deferred tax asset for which it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized.

FASB ASC 740 creates a single model to address accounting for uncertainty in tax positions by prescribing a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FASB ASC 740 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. There are no unrecognized tax benefits to disclose in the notes to the consolidated financial statements.

Put Options

In certain situations, the Company issues restricted common shares as partial consideration for acquisitions of certain businesses or assets. Pursuant to the terms and conditions of the governing acquisition agreements, the holder of such shares has the right, but not the obligation, to put a fixed number of the shares on a monthly basis back to the Company at a fixed price per share. The Company may elect during any given month to either buy the monthly shares or, if management elects not to do so, the holder can sell the monthly shares in the open market, and any deficiency between the amount which the holder receives from the sale of the monthly shares and the value of shares will be paid by the Company. The Company has accounted for these shares in accordance with the guidance established by FASB ASC 480, *Distinguishing Liabilities From Equity*, as a reclassification of the value of the shares from permanent to temporary equity. As the shares become due, the Company transfers the value of the shares back to permanent equity, less any amount paid to the holder. Also see "Derivative Financial Instruments" above. We finished liquidating these put options during the quarter ended March 31, 2013.

Earnings (Loss) Per Common Share

The Company computes earnings (loss) per share in accordance with FASB ASC 260, *Earnings Per Share*. FASB ASC 260 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock options and warrants (the number of which is computed using the "treasury stock method") and from outstanding convertible debentures (the number of which is computed using the "if converted method"). Diluted EPS considers the potential dilution that could occur if the Company's outstanding common stock options, warrants and convertible debentures were converted into common stock that then shared in the Company's earnings (loss) (as adjusted for interest expense, that would no longer occur if the debentures were converted).

Stock Options

The compensation cost recognized for the three months ended March 31, 2013 and 2012 was \$281,745 and \$12,381, respectively. There were no stock options exercises for the three months ended March 31, 2013 and 2012.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MARCH 31, 2013 AS COMPARED TO THE THREE MONTHS ENDED MARCH 31, 2012

For the three months ended March 31, 2013, we had consolidated total revenues of \$28.7 million compared to consolidated total revenues of \$25.4 million for the three months ended March 31, 2012, an increase of \$3.3 million or 13.0%. The increase in total revenues was primarily attributable to clubs acquired during the last year with a slight decrease in same-store sales. Total revenues for same-location-same-period of club operations decreased to \$24.1 million for the three months ended March 31, 2013 from \$25.0 million for the same period ended March 31, 2012. This decrease is principally due to the Super Bowl not being in a city where we have a club and also due to certain other sporting events having a lower draw in 2013.

Following is a comparison of the Company's income statement for the quarters ended March 31, 2013 and 2012 with percentages compared to total revenue:

(in thousands)	2013	%	2012	%
Sales of alcoholic beverages	\$11,044	38.4 %	\$10,406	40.9 %
Sales of food and merchandise	2,878	10.0 %	2,335	9.2 %

Interest expense	(1,762)	-6.1 %	(1,106)	-4.4 %
Gain (loss) on change in fair value of derivative instruments	1	0.0 %	40	0.2 %
Income from continuing operations before income taxes	\$4,416	15.4 %	\$3,391	13.3 %

Following is an explanation of significant variances in the above amounts.

Service revenues include cover charges, fees paid by entertainers, room rentals, memberships and fees charged for credit card processing. Other revenues include ATM commissions earned, video games and other vending and certain promotion fees charged to our entertainers. We recognize revenue from other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

Cost of goods sold includes cost of alcoholic and non-alcoholic beverages, food, cigars and cigarettes, merchandise, media printing/binding and media postage. The cost of goods sold for the club operations for the three months ended March 31, 2013 was 11.8% compared to 13.3% for the three months ended March 31, 2012. The cost of goods sold for same-location-same-period of club operations for the three months ended March 31, 2013 was 12.5%, compared to 13.3% for the same period ended March 31, 2012. The decrease in the cost of goods for 2013 is principally a result of some cost decreases along with national account discounts and cost controls.

The increase in payroll and related costs, stated as "Salaries & Wages" above, was primarily due to the addition of the new clubs during 2012. Payroll for same-location-same-period of club operations was \$4.4 million for each of the three months ended March 31, 2013 and 2012. Management currently believes that its labor and management staff levels are appropriate.

Stock-based compensation is a noncash cost from issuing stock options to employees and Board members in 2012. These continue to vest in 2013.

The decrease in the percentage of rent expense to revenues is due to the Company purchasing property in its recent club acquisitions and due to the purchase of the property at an existing club in January 2012.

The increase in legal and professional expense is principally due to a continuing labor lawsuit in New York which was more active in 2013.

The settlement of lawsuit expense is explained in the Commitments and Contingencies note to the consolidated financial statements.

The increase in other expenses is due to increases in 2013 in certain items such as cleaning services, security and music royalties.

The increase in interest expense as a percentage of revenues was attributable to the debt incurred in our acquisition of the Jaguar clubs in September 2012, net of our continuing reduction of principal balances.

Income taxes, as a percentage of income before taxes was 36.6% and 33.4% for the quarters ended March 31, 2013 and 2012, respectively. The increase in 2013 is principally due to the increased stock-based compensation, which is not deductible for tax purposes.

Operating income (exclusive of corporate overhead) for same-location-same-period of club operations was \$7.4 million and \$8.1 million for the three months ended March 31, 2013 and 2012, respectively. The decrease was due to losses in the quarter amounting to over \$300,000 as a result of startup costs for the Company's new concepts, Bombshells and Vee Lounge and also to the Super Bowl not being in a city where we have a club and due to certain other sporting events having a lower draw in 2013. There was an additional \$140,000 in expenses for startup costs for other unopened clubs for the quarter.

Our “operating margin”, the percentage of operating income to total revenues, was 21.5% and 17.5% for the quarters ended March 31, 2013 and 2012, respectively. The 2012 quarter was dramatically affected by the settlement of lawsuit of \$1.8 million. Without that expense, the 2012 quarter operating margin would have been 24.7%. See the previous paragraph for explanation regarding the 2013 quarter.

RESULTS OF OPERATIONS FOR THE SIX MONTHS ENDED MARCH 31, 2013 AS COMPARED TO THE SIX MONTHS ENDED MARCH 31, 2012

For the six months ended March 31, 2013, we had consolidated total revenues of \$55.9 million compared to consolidated total revenues of \$47.4 million for the six months ended March 31, 2012, an increase of \$8.5 million or 17.9%. The increase in total revenues was primarily attributable to new club acquisitions, net of a decrease in total revenues for same-location-same-period of club continuing operations of \$480,000, to \$45.1 million for the six months ended March 31, 2013 from \$45.5 million for the same period ended March 31, 2012. This decrease is principally due to the Super Bowl not being in a city where we have a club and also due to certain other sporting events having a lower draw in 2013.

Following is a comparison of the Company's income statement for the six months ended March 31, 2013 and 2012 with percentages compared to total revenue:

Following is an explanation of significant variances in the above amounts.

Service revenues include cover charges, fees paid by entertainers, room rentals, memberships and fees charged for credit card processing. Other revenues include ATM commissions earned, video games and other vending and certain promotion fees charged to our entertainers. We recognize revenue from other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

Cost of goods sold includes cost of alcoholic and non-alcoholic beverages, food, cigars and cigarettes, merchandise, media printing/binding, media postage and internet traffic purchases and webmaster payouts. The cost of goods sold for the club operations for the six months ended March 31, 2012 was 12.1% compared to 13.2% for the six months ended March 31, 2012. The cost of goods sold for same-location-same-period of club operations for the six months ended March 31, 2013 was 12.8%, compared to 13.2% for the same period ended March 31, 2012. The decrease in the cost of goods for 2013 is principally a result of some cost decreases along with national account discounts and cost controls.

Payroll for same-location-same-period of club operations remained at \$8.3m for the six months ended March 31, 2013 and 2012, respectively. Management currently believes that its labor and management staff levels are appropriate.

Stock-based compensation is a noncash cost from issuing stock options to employees and Board members in 2012. These continue to vest in 2013.

The decrease in rent expense and its percentage to revenues is due to the Company purchasing property in its recent club acquisitions and due to the purchase of the property at an existing club in January 2012.

The increase in legal and professional expense is principally due to a continuing labor lawsuit in New York which was more active in 2013.

Insurance costs have risen due to rising premiums in the insurance marketplace for our business.

The increase in depreciation is principally due to the new clubs acquired.

The increase in other expenses is due to increases in 2013 in certain items such as cleaning services, security and music royalties.

The increase in interest expense as a percentage of revenues was attributable to the debt incurred in our acquisition of the Jaguar clubs in September 2012, net of our continuing reduction of principal balances.

Income taxes, as a percentage of income before taxes was 36.7% and 34.0% for the six months ended March 31, 2013 and 2012, respectively. The increase in 2013 is principally due to the increased stock-based compensation, which is not deductible for tax purposes.

Operating income (exclusive of corporate overhead) for same-location-same-period of club operations increased to \$14.4 million for the six months ended March 31, 2013 from \$14.2 million for same period ended March 31, 2012, or by 1.4%. The 2013 period was affected by losses in the period amounting to over \$300,000 as a result of startup costs for the Company's new concepts, Bombshells and Vee Lounge and also to the Super Bowl not being in a city where we have a club and due to certain other sporting events having a lower draw in 2013. There was an additional \$140,000 in expenses for startup costs for other unopened clubs for the period.

Our "operating margin", the percentage of operating income to total revenues, was 21.7% and 18.6% for the six months ended March 31, 2013 and 2012, respectively. The 2012 period was dramatically affected by the settlement of lawsuit of \$1.8 million. Without that expense, the 2012 period operating margin would have been 22.5%. See the previous paragraph for explanation regarding the 2013 period.

Non-GAAP Financial Measures

In addition to our financial information presented in accordance with GAAP, management uses certain "non-GAAP financial measures" within the meaning of the SEC Regulation G, to clarify and enhance understanding of past performance and prospects for the future. Generally, a non-GAAP financial measure is a numerical measure of a company's operating performance, financial position or cash flows that excludes or includes amounts that are included in or excluded from the most directly comparable measure calculated and presented in accordance with GAAP. We monitor non-GAAP financial measures because it describes the operating performance of the company and helps management and investors gauge our ability to generate cash flow, excluding some recurring charges that are included in the most directly comparable measures calculated and presented in accordance with GAAP. Relative to each of the non-GAAP financial measures, we further set forth our rationale as follows:

Non-GAAP Operating Income and Non-GAAP Operating Margin. We exclude from non-GAAP operating income and non-GAAP operating margin amortization of intangibles, patron taxes, gains and losses from asset sales, stock-based compensation charges, litigation and other one-time legal settlements and acquisition costs. We believe that excluding these items assists investors in evaluating period-over-period changes in our operating income and operating margin without the impact of items that are not a result of our day-to-day business and operations.

Non-GAAP Net Income and Non-GAAP Net Income per Basic Share and per Diluted Share. We exclude from non-GAAP net income and non-GAAP net income per diluted share and per basic share amortization of intangibles, patron taxes, income tax expense, impairment charges, gains and losses from asset sales, stock-based compensation, litigation and other one-time legal settlements and acquisition costs, and include the Non-GAAP provision for income taxes, calculated as the tax-effect at 35% effective tax rate of the pre-tax non-GAAP income before taxes less stock-based compensation, because we believe that excluding such measures helps management and investors better understand our operating activities.

Adjusted EBITDA. We exclude from Adjusted EBITDA depreciation expense, amortization of intangibles, income tax, interest expense, interest income, gains and losses from asset sales, acquisition costs, litigation and other one-time legal settlements and impairment charges because we believe that adjusting for such items helps management and investors better understand operating activities. Adjusted EBITDA provides a core operational performance measurement that compares results without the need to adjust for Federal, state and local taxes which have considerable variation between domestic jurisdictions. Also, we exclude interest cost in our calculation of Adjusted EBITDA. The results are, therefore, without consideration of financing alternatives of capital employed. We use Adjusted EBITDA as one guideline to assess our unleveraged performance return on our investments. Adjusted EBITDA is also the target benchmark for our acquisitions of nightclubs.

Our Adjusted EBITDA does not include interest expense, litigation and other one time legal settlements, income taxes, depreciation, amortization and impairment charges. Because we have borrowed money in order to finance our operations, interest expense is a necessary element of our costs and our ability to generate revenues. Because we use capital assets, depreciation, amortization and impairment charges are also necessary elements of our costs. Also, the payment of income taxes is a necessary element of our operations. Therefore, any measures that exclude these elements have material limitations. To compensate for these limitations, we believe that it is appropriate to consider both net earnings (loss) determined under GAAP, as well as Adjusted EBITDA, non-GAAP net income and non-GAAP operating income, to evaluate our performance. Also, we separately analyze any significant fluctuations in interest expense, depreciation, amortization, impairment charges and income taxes.

The following tables present our non-GAAP measures for the periods ended March 31, 2013 and 2012 (in thousands, except per share amounts):

LIQUIDITY AND CAPITAL RESOURCES

We believe our ability to generate cash from operating activities is one of our fundamental financial strengths. Refer to the heading "Cash Flows from Operating Activities" below. The near-term outlook for our business remains strong, and we expect to generate substantial cash flows from operations in 2013. As a result of our expected cash flows from

operations, we have significant flexibility to meet our financial commitments. The Company has not recently raised capital through the issuance of equity securities. Instead, we use debt financing to lower our overall cost of capital and increase our return on shareowners' equity. Refer to the heading "Cash Flows from Financing Activities" below. We have a history of borrowing funds in private transactions and from sellers in acquisition transactions and continue to have the ability to borrow funds at reasonable interest rates in that manner. We have historically utilized these cash flows to invest in property and equipment and adult nightclubs. Refer to the heading "Cash Flows from Investing Activities" below.

As of March 31, 2013, excluding the patron tax liability, we had working capital of \$3.2 million compared to working capital of \$1.7 million as of September 30, 2012. The increase is principally due to our free cash flow, net of the real estate purchases and business acquisitions we made during 2013, utilizing \$6.3 million in cash. Because of the large volume of cash we handle, stringent cash controls have been implemented. At March 31, 2013, our cash and cash equivalents were \$9.2 million compared to \$5.5 million at September 30, 2012.

Our depreciation for the quarter ended March 31, 2013 was \$1.3 million compared to \$1.1 million for the quarter ended March 31, 2012. Our amortization for the quarter ended March 31, 2013 was \$100,000 compared to \$108,000 for the quarter ended March 31, 2012.

Sources and Use of Funds

Cash flows from operating activities are generally the result of net income adjusted for depreciation and amortization expenses, deferred taxes, (increases) decreases in accounts receivable, inventories and prepaid expenses and increases (decreases) in accounts payable and accrued liabilities. See a summary of these activities below.

Cash flows used in investing activities generally reflect payments relating to acquisitions of businesses, property and equipment and marketable securities. See a summary of these activities below.

Cash flows from financing activities generally reflect proceeds from issuance of shares and long-term debt, and payments on debt and put options and purchase of treasury stock. See a summary of these activities below.

Cash Flows from Operating Activities

Following are our summarized cash flows from operating activities:

	Three Months Ended March 31,

We require capital principally for construction or acquisition of new clubs, renovation of older clubs and investments in technology. We may also utilize capital to repurchase our common stock as part of our share repurchase program.

Put Options

As part of certain of our acquisition transactions, we have entered into Lock-Up/Leak-Out Agreements with the sellers pursuant to which, on or after a contractual period after the closing date, the seller shall have the right, but not the obligation, to have us purchase from seller a certain number of our shares of common stock issued in the transactions in an amount and at a rate of not more than a contractual number of the shares per month (the "Monthly Shares") calculated at a price per share equal to a contractual value per share ("Value of the Rick's Shares"). At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the seller, then the seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the seller receives from the sale of the Monthly Shares and the value of the shares shall be paid by us within three (3) business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the seller has received a contractual amount from the sale of the Rick's Shares and any deficiency. Under the terms of the Lock-Up/Leak-Out Agreements, the seller may not sell more than a contractual number of our shares per 30-day period, regardless of whether the seller "Puts" the shares to us or sells them in the open market or otherwise. We finished liquidating the put options during the quarter ended March 31, 2013 and we have no more obligations under the put options.

Other Liquidity and Capital Resources

We have not established lines of credit or financing other than the above mentioned notes payable and our existing debt. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise.

On September 29, 2008, our Board of Directors authorized us to repurchase up to \$5 million worth of our common stock in the open market. During the six months ended March 31, 2013 and 2012, 99,659 shares (\$824,414) and 27,240 shares (\$175,613), respectively, were purchased under this program. As of April, 2013, we completed the repurchase of all \$5 million in stock authorized under this plan. On April 25, 2013, our Board of Directors authorized us to repurchase up to an additional \$3 million worth of our common stock in the open market or in privately negotiated transactions.

We believe that the adult entertainment industry standard of treating entertainers as independent contractors provides us with safe harbor protection to preclude payroll tax assessment for prior years. We have prepared plans that we believe will protect our profitability in the event that sexually oriented business industry is required in all states to convert dancers who are now independent contractors into employees.

The sexually oriented business industry is highly competitive with respect to price, service and location, as well as the professionalism of the entertainment. Although management believes that we are well-positioned to compete successfully in the future, there can be no assurance that we will be able to maintain our high level of name recognition and prestige within the marketplace.

IMPACT OF INFLATION

We have not experienced a material overall impact from inflation in our operations during the past several years. To the extent permitted by competition, we have managed to recover increased costs through price increases and may continue to do so. However, there can be no assurance that we will be able to do so in the future.

SEASONALITY

Our nightclub operations are affected by seasonal factors. Historically, we have experienced reduced revenues from April through September with the strongest operating results occurring during October through March. Our experience to date indicates that there does not appear to be a seasonal fluctuation in our Internet activities.

GROWTH STRATEGY

We believe that our nightclub operations can continue to grow organically and through careful entry into markets and demographic segments with high growth potential. Our growth strategy is: (a) to open new clubs after market analysis, (b) to acquire existing clubs in locations that are consistent with our growth and income targets and which appear receptive to the upscale club formula we have developed, (c) to form joint ventures or partnerships to reduce start-up and operating costs, with us contributing equity in the form of our brand name and management expertise, (d) to develop new club concepts that are consistent with our management and marketing skills, and/or (e) to acquire real estate in connection with club operations, although some clubs may be in leased premises.

During fiscal 2008, we acquired a media division for a total cost of \$1.1 million. This acquisition was funded primarily through issuance of our restricted common stock valued at \$369,754, and \$700,000 in cash. This media operation had total revenues of approximately \$1.2 million, \$1.4 million and \$1.4 million for fiscal years 2012, 2011 and 2010, respectively and net losses of approximately \$67,000, \$156,000 and \$242,000.

During fiscal 2008, we acquired five existing nightclub operations and 49% of an existing nightclub operation for a total cost of \$69.8 million, including real property of \$14.8 million. These acquisitions were funded primarily through indebtedness of \$21 million, including real property debt of \$8 million, issuance of our restricted common stock valued at \$13 million, \$701,711 in debt forgiveness, and \$35.4 million in cash. These nightclub operations (exclusive of the Las Vegas club closed in 2011 and the Austin club in which we sold 60% in 2011) had total revenues of approximately \$35.5 million, \$34.9 million and \$32.6 million for fiscal years 2012, 2011 and 2010, respectively, and pretax income of approximately \$11.8 million, \$11.0 million and \$9.4 million.

During fiscal 2009, we acquired one nightclub operation for cash of approximately \$2.4 million. The closing occurred on September 30, 2009. This acquisition was funded with cash of \$2.3 million. This nightclub operation had total revenues of approximately \$3.8 million, \$3.6 million and \$3.8 million in 2012, 2011 and 2010, respectively and net income (loss) before taxes of approximately \$505,000, \$266,000 and \$(26,000) for 2012, 2011 and 2010, respectively.

During fiscal 2010, we acquired three existing nightclub operations for a total cost of approximately \$9.2 million, including real property of approximately \$4.6 million. These acquisitions were funded primarily with cash of approximately \$5.9 million, real property debt of approximately \$2.5 million, and a seller's common stock which we owned, valued at approximately \$795,000. These nightclub operations had total revenues of approximately \$8.6 million, \$7.3 million and \$2.8 million and net income before taxes of approximately \$932,000, \$609,000 and \$176,000 for fiscal years 2012, 2011 and 2010, respectively.

During fiscal 2011, we acquired three existing nightclub operations and opened another for a total cost of approximately \$11.3 million, including real property of approximately \$6.4 million. These acquisitions were funded with cash. These nightclub operations had total revenues of approximately \$5.6 million for fiscal year 2012, and net income before taxes of approximately \$500,000.

During fiscal 2012, we acquired eleven existing nightclub operations and two other licensed locations under development for a total cost of approximately \$35.4 million, including real property of approximately \$7.6 million. These acquisitions were funded primarily with cash of approximately \$4.9 million, debt of \$22 million and real property debt of approximately \$9.0 million. These nightclub operations had total revenues of approximately \$4.3 million and net income before taxes of approximately \$620,000 for fiscal year 2012. These amounts do not include the acquisition of approximately \$10.1 million of real estate relating to the Jaguars acquisition which was closed on October 16, 2012.

During fiscal 2013, we have acquired an existing licensed location for \$3,000,000 (\$1.5 million in cash and the balance in promissory notes). This location is being remodeled and will open later in 2013. We also acquired real property of approximately \$10 million (\$350,000 in cash and the balance in debt).

We continue to evaluate opportunities to acquire new nightclubs and anticipate acquiring new locations that fit our business model as we have done in the past. The acquisition of additional clubs will require us to obtain additional debt or issuance of our common stock, or both. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise. An inability to obtain such additional financing could have an adverse effect on our growth strategy.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As of March 31, 2013, there were no material changes to the information provided in Item 7A of the Company's Annual Report on Form 10-K for fiscal year ended September 30, 2012.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of the Company's senior management, including the Company's chief executive officer and chief financial officer, the Company conducted an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of the end of the period covered by this quarterly report (the "Evaluation Date"). Based on this evaluation, the Company's chief executive officer and chief financial officer concluded as of the Evaluation Date that the Company's disclosure controls and procedures were effective such that the information relating to the Company, including consolidated subsidiaries, required to be disclosed in the Company's Securities and Exchange Commission ("SEC") reports (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to the Company's management, including the Company's chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting that occurred during the quarter ended March 31, 2013 that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings.

See “Legal Matters” under Note 11 of Notes to Consolidated Financial Statements above, which information is incorporated herein by reference.

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, “Item 1A. Risk Factors” in the Company’s Annual Report on Form 10-K for the year ended September 30, 2012, as such factors could materially affect the Company’s business, financial condition or future results. In the three months ended March 31, 2013, there were no material changes to the risk factors disclosed in the Company’s 2012 Annual Report on Form 10-K. The risks described in the Annual Report on Form 10-K are not the only risks the Company faces. Additional risks and uncertainties not currently known to the Company, or that the Company deems to be immaterial, also may have a material adverse impact on the Company’s business, financial condition or results of operations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

During the three months ended March 31, 2013, we purchased 7,500 shares of common stock from put option holders at prices ranging from \$8.12 to \$8.63 per share. During the three months ended March 31, 2013, we purchased 53,926 shares of common stock in the open market at prices ranging from \$8.25 to \$ 8.86. Following is a summary of our purchases by month:

Period:	(a)	(b)	(c)	(d)
Month Ending	Total Number of Shares (or Units) Purchased (1)	Average Price Paid per Share (3)	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs (2)	Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet be Purchased Under the Plans or Programs
January 31, 2013	13,307	\$ 8.28	8,807	\$ 387,204
February 28, 2013	17,767	\$ 8.39	17,767	\$ 238,148
March 31, 2013	30,352	\$ 8.71	27,352	\$ 0
Total for the three months ended March 31, 2013	61,426		53,926	\$ 0

(1) Included in the shares purchased were 7,500 shares purchased in connection with our obligations under the exercise of put options during the quarter.

(2) All shares were purchased pursuant to the repurchase plan approved by our Board on September 29, 2008, which plan authorized the repurchase of up to \$5,000,000 in shares of common stock. This repurchase plan had no expiration date but expired when all remaining shares authorized under the plan were repurchased during the quarter.

(3) Prices include any commission and transaction costs.
