PETROLEUM & RESOURCES CORPORATION

Seven St. Paul Street

Baltimore, Maryland 21202

Proxy Statement

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Petroleum & Resources Corporation, a Maryland corporation (the Corporation), for the Annual Meeting of Stockholders to be held on Wednesday, April 27, 2005, and is first being sent to stockholders on or about March 15, 2005.

Only stockholders of record at the close of business on March 11, 2005, may vote at the Annual Meeting to be held on April 27, 2005. On the record date, the Corporation had outstanding 21,927,676 shares of Common Stock (Common Stock).

The holders of the Common Stock shall be entitled to one vote per share. The Corporation has no other class of security outstanding. For Proposal (1), referred to below, directors shall be elected by a plurality of the votes cast at the meeting, and Proposals (2) and (3), referred to below, require the affirmative vote of a majority of the votes cast at the meeting. Unless otherwise required by the Corporation's Articles of Incorporation or By-laws, or by applicable Maryland law, any other matter properly presented for a vote at the meeting will require the affirmative vote of a majority of the votes cast at the meeting. Proxies received by the Corporation that are marked "without authority" or abstain, or that constitute a broker non-vote, are counted as present for purposes of determining a quorum at the meeting. Broker non-votes are shares held in the name of a broker or nominee for which the broker or nominee indicates that instructions have not been received from the beneficial owner or person entitled to vote and the broker or nominee does not have discretionary voting power. Proxies marked "withhold authority", abstentions and broker non-votes do not count as votes cast with respect to any proposal, and therefore, such proxies would have no effect on the outcome of Proposals (1), (2) or (3), below.

The Annual Meeting is being held on April 27, 2005, for the following purposes: (1) election of directors of the Corporation; (2) ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the books and accounts of the Corporation for or during the year ending December 31, 2005; (3) approval of the 2005 Equity Incentive Compensation Plan; and (4) transaction of such other business as may properly come before the meeting or any adjournment thereof. As of the date of this proxy statement, the only business that the management intends to present, or knows that others may present at the meeting, are Proposals (1), (2) and (3). Should any other matter come before the meeting, however, action may be taken thereon pursuant to proxies in the form enclosed.

Except for Proposals (1), (2) and (3) referred to above, the proxies confer discretionary authority on the persons named therein or their substitutes with respect to any business that may properly come before the meeting. Stockholders retain the right to revoke executed proxies at any time before they are voted by written notice to the Corporation, by executing a later dated proxy, or by appearing and voting at the meeting. Properly executed proxies will be voted as directed, but, if no direction is specified, the shares covered by a given proxy will be voted in favor of Proposals (1), (2) and (3).

Under Maryland Law, there are no appraisal or other dissenter rights with respect to any matter to be voted on at the Annual Meeting that is described herein.

The Corporation will pay all costs of soliciting proxies in the accompanying form. See Other Matters and Annual Report below. Solicitation will be made by mail, and officers, regular employees, and agents of the Corporation may also solicit proxies by telephone or personal interview. The Corporation expects to request brokers and nominees who hold stock in their names to furnish this proxy material to their customers and to solicit proxies from them, and will reimburse such brokers and nominees for their out-of-pocket and reasonable clerical expenses in connection therewith.

(1) ELECTION OF DIRECTORS

Unless contrary instructions are given by the stockholder signing a proxy, it is intended that each proxy in the accompanying form will be voted at the Annual Meeting for the election of the following nominees to the Board of Directors for the ensuing year, all of whom have consented to serve if elected:

Enrique R. Arzac
Phyllis O. Bonanno
Daniel E. Emerson
Thomas H. Lenagh

W. D. MacCallan
Kathleen T. McGahran
Douglas G. Ober*
Landon Peters

John J. Roberts
Susan C. Schwab
Robert J. M. Wilson

If for any reason one or more of the nominees above named shall become unable or unwilling to serve when the election occurs, proxies in the accompanying form will, in the absence of contrary instructions, be voted for the election of the other nominees above named and may be voted for substitute nominees in the discretion of the persons named as proxies in the accompanying form. As an alternative to proxies being voted for substitute nominees, the size of the Board of Directors may be reduced so that there are no vacancies caused by a nominee above named becoming unable or unwilling to serve. The directors elected will serve until the next annual meeting or until their successors are elected, except as otherwise provided in the By-laws of the Corporation.

Process for Stockholders to Communicate with Board

The Board of Directors has implemented a process for stockholders of the Corporation to send communications to the Board. Any stockholder desiring to communicate with the Board, or with specific individual directors, may so do by writing to the Secretary of the Corporation, at Petroleum & Resources Corporation, Seven St. Paul Street, Suite 1140, Baltimore, MD 21202. The Secretary has been instructed by the Board to promptly forward all such communications to the addressees indicated thereon.

Policy on Board of Directors Attendance of Annual Meetings

The number of directors who attended the 2004 Annual Meeting was 11 (out of 12 directors).

Section 16(a) Beneficial Ownership Reporting Compliance

Each director and officer of the Corporation who is subject to Section 16 of the Securities Exchange Act of 1934 is required to report to the Securities and Exchange Commission by a specified date his or her beneficial ownership of or transactions in the Corporation's securities. Based upon a review of filings with the Securities and Exchange Commission and written representations that no other reports were required, the Corporation has no reason to believe that any such director or officer did not file all

requisite reports with the Securities and Exchange Commission on a timely basis during 2004.

Board Meetings

The Board of Directors held twelve meetings during 2004, at which overall attendance was approximately 95%. Each Director attended at least 93% of the total of all (i) meetings of the Board and (ii) meetings of committees of the Board on which he or she served in 2004, except for Mr. Neff, who is not standing for reelection to the Board.

Audit Committee

Messrs. Arzac, Neff*, and Peters, and Meses. Schwab and McGahran, each of whom is an independent director as such is defined by the Rules of the New York Stock Exchange, and none of whom is an interested person as such is defined in the Investment Company Act of 1940, constitute the membership of the Board's standing Audit Committee, which met four times in 2004. The Board has determined that the Corporation has two audit committee financial experts, as that term is defined in federal regulations, serving on the Committee. These individuals are Mr. Arzac and Ms. McGahran. The Board has adopted a written charter under which the Audit Committee operates, which was most recently amended in January 2004. A copy of the Audit Committee Charter is available at the Corporation's website: www.peteres.com. Mr. Arzac serves on the audit committees of 8 funds managed by Credit Suisse Asset Management, as well as that of Adams, which funds are listed on the New York Stock Exchange. The Board has determined that such simultaneous service would not impair his ability to effectively serve on the Corporation's Audit Committee. Set forth below is the report of the Audit Committee:

Audit Committee Report

The purposes of the Committee are set forth in the Committee's written charter. As provided in the charter, the role of the Committee is to assist the Board of Directors in its oversight on matters relating to accounting, financial reporting, internal control, auditing, and regulatory compliance activities, and other matters the Board deems appropriate. The Committee also selects the Corporation's independent auditors in accordance with the provisions set out in the charter. Management, however, is responsible for the preparation, presentation and integrity of the Corporation's financial statements, and for the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out proper audits and reviews.

In fulfilling its responsibilities, the Committee has reviewed and discussed the audited financial statements contained in the 2004 Annual Report of the Corporation with the Corporation's management and the independent auditors. In addition, the Committee has discussed with the independent auditors the matters required to be discussed pursuant to Statement of Auditing Standards No. 61, as modified or supplemented. The Committee has also received from the independent auditors the written statement regarding independence as required by Independence Standards Board Standard No. 1, considered whether the provision of nonaudit services by the independent auditors is compatible with maintaining the auditors' independence, and discussed with the auditors the auditors' independence.

* Mr. Neff is not standing for reelection to the Board.

In reliance on the reviews and discussions with management and the independent auditors referred to above, and subject to the limitations on the responsibilities and role of the Committee set forth in the charter and discussed above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Corporation's 2004 Annual Report for filing with the Securities and Exchange Commission.

Respectfully submitted on March 10, 2005, by the members of the Audit Committee of the Board of Directors:

Enrique R. Arzac, Chairman

Kathleen T. McGahran

W. Perry Neff

Landon Peters

Susan C. Schwab

Compensation Committee

Messrs. Emerson, MacCallan, Peters, and Wilson, and Ms. Bonanno constitute the membership of the Board's standing Compensation Committee, which met five times during 2004. The Compensation Committee reviews and recommends changes in the salaries of directors, officers, and employees, and advises upon the compensation and stock option plans in which the executive officers, officers, and employees of the Corporation are eligible to participate.

Executive Committee

Messrs. Arzac, Emerson, Lenagh, Ober*, Roberts, and Wilson, and Ms. Bonanno constitute the membership of the Board's standing Executive Committee, which met twice during 2004. The Committee has the authority of the Board of Directors between meetings of the Board except as limited by law, the Corporation's By-laws, or Board resolution. The Executive Committee, minus Mr. Ober, also performs the duties of a nominating committee, as discussed below.

Nominating Committee

The Corporation does not have a separate standing nominating committee. Instead, certain members of the Executive Committee perform the functions of a nominating committee for the Board (hereinafter called the Nominating Committee). The Nominating Committee is comprised of the directors who serve on the Corporation's Executive Committee, minus Mr. Ober, who is an interested person as that term is defined in Section 2(a)(19) of the Investment Company Act of 1940. Thus, Messrs. Arzac, Emerson, Lenagh, Roberts, and Wilson, and Ms. Bonanno, each of whom is not an interested person of the Corporation, constitute the Nominating Committee. The Executive Committee, minus Mr. Ober, acting as the Nominating Committee, met once during 2004. The Board has adopted a written charter under which the Nominating Committee operates, a copy of which is available to stockholders at the Corporation's website: www.peteres.com.

The Nominating Committee will consider unsolicited recommendations for director candidates from stockholders of the Corporation. Stockholders may recommend candidates for consideration by the

* Mr. Ober is an interested person.

Nominating Committee by writing to the Secretary of the Corporation at the office of the Corporation, Seven St. Paul Street, Suite 1140, Baltimore, MD 21202, giving the candidate's name, biographical data and qualifications and stating whether the candidate would be an interested person of the Corporation. A written statement from the candidate, consenting to be named as a candidate, and if nominated and elected, to serve as a director, should accompany any such recommendation.

The process that the Nominating Committee uses for identifying and evaluating nominees for director is as follows: When there is a vacancy on the Board, either through the retirement of a director or the Board's determination that the size of the Board should be increased, nominations to fill that vacancy are made by current, independent directors on the Board. The name of any individual recommended by an independent director is provided to Mr. Ober, who contacts the prospective director nominee and meets with him or her. The members of the Nominating Committee then meet with the prospective director nominee. If a majority of the Nominating Committee members are satisfied that the prospective director nominee is qualified and will make a positive addition to the Board, as many as possible of the other independent directors meet with him or her. The Nominating Committee then nominates the candidate at a meeting of the Board and a vote is taken by the full Board on whether to elect the nominee to the Board and to include the nominee in the Corporation's proxy for election at the next Annual Meeting of stockholders. The Corporation anticipates that a similar process will be used for any qualified director candidate properly recommended by a stockholder.

Retirement Benefits Committee

Messrs. Lenagh, MacCallan, Neff*, and Mses. McGahran and Schwab are the director members of the standing Retirement Benefits Committee of the Corporation, which administers the Employees' Retirement Plan, Supplemental Retirement Plan and the Employee Thrift Plan of the Corporation. This Committee met once during 2004.

Board of Directors Compensation

During 2004, each director who is not an interested person received an annual retainer fee of \$10,000 and a fee of \$750 for each Board meeting attended. All members of each Committee, except executive officers and/or interested persons, receive an additional annual retainer fee of \$1,500 for each committee membership and a fee of \$500 for each meeting attended; the Chairman of each committee except for the Executive Committee receives an additional fee of \$500 for each Committee meeting attended. The total amount of fees paid to the independent directors in 2004 was \$273,875**.

* Mr. Neff is not standing for reelection to the Board.

** This amount includes \$4,000 paid to a former director who resigned from the Board in 2004.

Transactions with Principal Stockholder

The Corporation shares certain expenses for research, accounting services and other office services (including proportionate salaries and other employee benefits), rent and related expenses, and miscellaneous expenses such as office supplies, postage, subscriptions and travel, with Adams, of which all the above-named nominees are also directors. These expenses were paid by Adams and, on the date the payment was made, the Corporation simultaneously paid to Adams its allocated share, based on either the proportion of the size of the investment portfolios of the two companies, or, where possible, on an actual usage basis. In 2004, the Corporation's share of such expenses was \$538,559.

Audit Fees

The aggregate fees billed for professional services rendered by its independent auditors, PricewaterhouseCoopers LLP, for the audits of the Corporation's annual and semi-annual financial statements for 2004 and 2003 were \$47,142 and \$46,162, respectively.

Audit-Related Fees

There were no audit-related fees in 2004 and 2003.

Tax Fees

The aggregate fees billed to the Corporation for professional services rendered by PricewaterhouseCoopers LLP for the review of the Corporation's excise tax calculations and preparations of federal, state and excise tax returns for 2004 and 2003 were \$8,524 and \$7,038, respectively.

All Other Fees

The aggregate fees billed for services to the Corporation by PricewaterhouseCoopers LLP, other than for the services referenced above, for 2004 and for 2003 was \$0.

The Board's Audit Committee has considered the provision by PricewaterhouseCoopers LLP of the services covered in this **All Other Fees** section and found that they are compatible with maintaining PricewaterhouseCoopers LLP's independence.

Audit Committee Pre-Approval Policy

All services to be performed for the Corporation by PricewaterhouseCoopers LLP must be pre-approved by the Audit Committee.
All services performed for 2004 were pre-approved by the Committee.

The following table sets forth for each of the persons named below the aggregate current remuneration received from the Corporation during the fiscal year ended December 31, 2003, for services in all capacities:

Equity Compensation Plan Information

The following table provides information as of December 31, 2004, about shares of Common Stock that may be issued upon the exercise of options, warrants and rights granted to employees, consultants or directors under the Corporation's Stock Option Plan, which is the Corporation's only equity compensation plan. - (1) As described below, the Board of Directors has adopted a new equity incentive compensation plan to replace the Corporation's Stock Option Plan. Stock Option Plan

On December 12, 1985, the Corporation's Board of Directors adopted a Stock Option Plan (the Existing Plan), which was approved by the stockholders at the March 26, 1986 Annual Meeting of Stockholders and was amended at the March 29, 1994 and March 25, 2003 Annual Meetings of Stockholders. The Existing Plan provides for the grant to key employees (as defined in the Existing Plan) of options to purchase shares of Common Stock of the Corporation, together with related stock appreciation rights. As of December 31, 2004, (i) the number of shares subject to outstanding options under the Existing Plan was 128,543 and (ii) the number of shares available for future grants under the Existing Plan was 260,373. All options granted or to be granted under the Existing Plan are treated as non-qualified stock options under the Internal Revenue Code. The Existing Plan is administered by the Compensation Committee of the Board of Directors, which consists of five members of the Board, none of whom is eligible to receive grants under the Existing Plan. The grant of options is at the discretion of the Compensation Committee.

The Existing Plan provides that, among other things, (a) the option price per share shall not be less than the fair market value of the Common Stock at the date of grant, except that the option price per share will be reduced after grant of the option to reflect capital gains distributions to the Corporation's stockholders, provided that no such reduction shall be made that will reduce the option price below 25% of the original option price; (b) an option will not become exercisable until the optionee shall have remained in the employ of the Corporation for at least one year after the date of grant and may be exercised for 10 years unless an earlier

Edgar Filing: PETROLEUM & RESOURCES CORP - Form DEF 14A

expiration date is stated in the option; and (c) no option or stock appreciation right shall be granted after December 8, 2006.

The Existing Plan permits the grant of stock appreciation rights in conjunction with the grant of an option, either at the time of the option grant or thereafter during its term and in respect of all or part of

such option. Stock appreciation rights permit an optionee to request to receive (a) shares of Common Stock of the Corporation with a fair market value at the time of exercise equal to the amount by which the fair market value of all shares subject to the option in respect of which such stock appreciation right was granted exceeds the exercise price of such option, (b) in lieu of such shares, the fair market value thereof in cash, or (c) a combination of shares and cash. Stock appreciation rights are exercisable beginning no earlier than two years after the date of grant and extend over the period during which the related option is exercisable. To the extent a stock appreciation right is exercised in whole or in part, the option in respect of which such stock appreciation right was granted shall terminate and cease to be exercisable.

Shares of Common Stock acquired as the result of the exercise of an option or stock appreciation right may not be sold until the later of two years after the date of grant of the option or one year after the acquisition of such shares.

The Board of Directors has adopted a new equity incentive compensation plan to replace the Existing Plan and, if the new plan is approved by stockholders, the Existing Plan will be terminated. Please see the discussion regarding this in Proposal 3, below.

Employee Thrift Plan

Employees of the Corporation who have completed six months of service may elect to have 2% to 6% of their base salary deferred as a contribution to a thrift plan instead of being paid to them currently (see table set forth on page 11 regarding 2004 contributions for the officers and directors identified therein). The Corporation (subject to certain limitations) contributes for each employee out of net investment income an amount equal to 200% of each employee's contribution or to the maximum permitted by law. Employees may also contribute an additional amount of base salary to the thrift plan, but these contributions are not matched by the Corporation. All employee contributions are credited to the employee's individual account. Employees may elect that their salary deferral and other contributions be invested in Common Stock of the Corporation, or of Adams, or several mutual funds, or a combination thereof. Fifty percent of the Corporation's matching contributions is invested in the Corporation's Common Stock, and the remaining fifty percent is invested in the same manner that the employee has elected for his or her contributions. An employee's interest in amounts derived from the Company's contributions becomes non-forfeitable upon completion of 36 months of service or upon death or retirement. Payment of amounts not withdrawn or forfeited under the thrift plan may be made upon retirement or other termination of employment in a single distribution, in ten equal installments, or in an annuity.

Employees Retirement Plan

The employees of the Corporation with one or more years of service participate in a retirement plan pursuant to which contributions are made solely by the Corporation on behalf of, and benefits are provided for, employees meeting certain age and service requirements. The plan provides for the payment of benefits in the event of an employee's retirement at age 62 or older. Upon such retirement, the amount of the retirement benefit is 2% of an employee's highest thirty-six months average of an employee's final sixty months annual salary, including incentive compensation, multiplied by years of service. Retirement benefits cannot exceed 60% of the highest thirty-six months average out of the employee's final sixty months annual salary including incentive compensation. Benefits are payable in several alternative methods, each of which must be the actuarial equivalent of a pension payable for the life of the employee only. Retirement benefits (subject to any applicable reduction) are also payable

in the event of an employee's early or deferred retirement, disability, or death. Contributions are made to a trust to fund these benefits. During 2004, the Corporation contributed \$590,000 to the plan.

On March 10, 1988, the Board of Directors of the Corporation unanimously approved a supplemental retirement benefits plan (the Supplemental Plan) for employees of the Corporation. On June 11, 1998, the Supplemental Plan was amended and restated as of January 1, 1998. The purpose of the Supplemental Plan is to provide deferred compensation in excess of benefit limitations imposed by the Internal Revenue Code on tax-qualified defined benefit plans, including the retirement plan of the Corporation described above. In accordance with such limitations, the annual benefit payable under the Corporation's retirement plan may not exceed the lesser of \$170,000 for 2005 and the employee's average total compensation paid during the three highest-paid consecutive calendar years of employment. The \$170,000 limit will be adjusted by the Secretary of the Treasury to reflect cost-of-living increases.

The Supplemental Plan authorizes the Corporation to pay annual retirement benefits to beneficiaries in an amount equal to the difference between the maximum benefits payable under the retirement plan described above and the benefits that would otherwise be payable but for the Internal Revenue Code's limitations on annual retirement benefits. All amounts payable under the Supplemental Plan will be paid from the general funds of the Corporation as benefits become due. The Corporation has established a funding vehicle using life insurance policies owned by the Corporation for the Supplemental Plan. Payment of benefits under the Supplemental Plan will be made at the employee's election, either as a lump sum or a life annuity. During 2004, the Corporation made payments of \$46,675 under the Supplemental Plan.

The following table shows the estimated annual retirement benefits payable on a straight life annuity basis to participating employees, including officers, in the compensation and years of service classifications indicated, under the Corporation's Employees' Retirement Plan and Supplemental Plan.

Estimated Annual Benefits Based Upon Years of Credited Service

Final Average Annual Earnings	10	20	30	40

The estimated credited years of service for the officers listed in the Compensation Table on page 11, above, are: Mr. Ober (24), Mr. Truta (35), and Mr. Hooper (7).

Brokerage Commissions

During the past fiscal year, the Corporation paid brokerage commissions in the amount of \$310,591 on the purchase and sale of portfolio securities traded on the New York Stock Exchange and the American Stock Exchange, substantially all of which were paid to brokers providing research and other investment services to the Corporation. The Corporation paid brokerage commissions of \$27,996 on options written or purchased by the Corporation. The average per share commission rate paid by the Corporation was

\$0.0502. No commissions were paid to an affiliated broker.

Portfolio Turnover

The portfolio turnover rate (purchases or sales, whichever is lower, as a percentage of weighted average portfolio value) for the past three years has been as follows:

<u>2004</u>	<u>2003</u>	<u>2002</u>
13.44%	10.20%	9.69%

Expense Ratio

The ratio of expenses to the average net assets of the Corporation for the past three years has been as follows:

<u>2004</u>	<u>2003</u>	<u>2002</u>
0.56%	0.74%	0.49%

(2) RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Investment Company Act of 1940, as amended (the Act), requires, in effect, that the Corporation's independent auditors be selected by the Audit Committee, whose selection thereof is ratified by a majority of those members of the Board of Directors who are not interested persons (as defined by the Act) of the Corporation; that such selection may be submitted for ratification or rejection at the annual meeting of stockholders; and that the employment of such independent auditors be conditioned on the right of the Corporation, by vote of the holders of a majority of its outstanding voting securities, to terminate such employment at any time without penalty. In accordance with such provisions, PricewaterhouseCoopers LLP, 250 W. Pratt Street, Baltimore, Maryland, an independent registered public accounting firm, which firm was the Corporation's principal auditor during the year 2004, has been selected as the independent registered public accounting firm to audit the books and accounts of the Corporation for or during the year ending December 31, 2005, by the Audit Committee, which selection has been ratified by a majority of those members of the Board of Directors who were not interested persons of the Corporation, voting in person, and their selection is submitted to the stockholders for ratification by the affirmative vote of a majority of all votes cast at the meeting. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting to make a statement if they desire to do so and to respond to appropriate questions. The Corporation has been informed that PricewaterhouseCoopers LLP does not have any direct financial or any material indirect financial interest in the Corporation.

The Board of Directors unanimously recommends ratification of the selection of PricewaterhouseCoopers LLP.

(3) PROPOSAL OF THE BOARD OF DIRECTORS TO APPROVE ADOPTION OF THE 2005 EQUITY INCENTIVE COMPENSATION PLAN FOR THE CORPORATION

The Board of Directors has adopted a new equity incentive compensation plan for the Corporation, called the 2005 Equity Incentive Compensation Plan (the 2005 Plan), to replace the existing Stock Option Plan that was previously approved by stockholders and has been in place since 1985 (the Existing Plan), and is submitting the 2005 Plan to you for approval. The Corporation applied for and received an order from the Securities and Exchange Commission (the Commission) permitting implementation of the 2005 Plan under the Investment Company Act of 1940. The Commission entered

the order on March 8, 2005. Approval of this Proposal would make 4 percent of the Corporation's outstanding shares, or approximately 877,107 shares, available to be granted over the life of the 2005 Plan. The full text of the 2005 Plan is attached as Exhibit A and is summarized below. The following summary is qualified by reference to the 2005 Plan.

Reasons for the 2005 Plan

The Board believes that a new equity incentive compensation plan is required if the Corporation is to remain competitive and to have the ability to use equity compensation as a method of retaining and incentivizing its key employees and attracting the best new employees. The usefulness of the types of stock options and stock appreciation rights that were authorized under the Existing Plan as an incentive has been greatly impaired by the American Jobs Creation Act that was enacted in 2004. The flexibility to award various other types of stock grants is necessary if the Board is to realize the goals that it seeks to achieve by granting an equity interest in the Corporation to key employees. Accordingly, a new plan is needed to replace the Existing Plan. In anticipation of submitting the 2005 Plan for your approval, no new grants were made under the Existing Plan this year. Upon your approval of the 2005 Plan, the Existing Plan (which is otherwise set to expire on December 8, 2006) will immediately be terminated and any outstanding, unexercised awards that have been granted to Participants (as defined below) under the Existing Plan will continue for their full terms (10 years from date of grant) under the Existing Plan, but no additional grants under it would be permitted.

Unlike most other investment funds, the Corporation is internally-managed and does not have an outside investment adviser who manages the portfolio. We rely solely upon our own staff of salaried employees to do all that is required to run the Corporation, including managing the portfolio and administering the Fund for our stockholders. We have operated with this management structure for decades. The purpose of the 2005 Plan, as was also the case with the Existing Plan, is to aid the Corporation in securing and retaining key employees of outstanding ability by making it possible to offer them an incentive, in the form of an equity interest in the Corporation, to join or continue in the service of the Corporation, and to focus their efforts for its success. In the judgment of the Board of Directors, the granting of equity interests has helped the Corporation to attract and retain the key employees who make up the Corporation's small, dedicated, and highly competent staff of research analysts, portfolio managers and senior administrative executives. Of the 13 employees currently employed by the Corporation, 8, by virtue of their position, are eligible to receive equity incentive grants.

Due to their equity interest in the Corporation from the awards granted to them, these key employees' interests are closely attuned to and aligned with your interests. The Board believes that it is in your best interest for it to have the ability to grant additional equity interests to key employees to help the Corporation continue its efforts to produce the optimal investment returns that you seek. A new plan, with the flexibility and limits described below, is the best way to address the Corporation's needs going forward.

We remain committed to managing the dilution from our equity incentive compensation plans and enhancing stockholder value. The size of the grants that can be made under the Existing Plan is very limited and grants were made after consideration as to their impact upon stockholders. As described below, the number of shares that can be granted to individual Participants under the 2005 Plan is greater than under the Existing Plan, but there are still restrictions in place that will limit the size of grants under the 2005 Plan, with minimal impact upon stockholders in the way of dilution. The very low

expense ratio that we strive to maintain for the Corporation should not be significantly impacted by grants under the 2005 Plan.

For these reasons, the Board of Directors unanimously recommends that you vote FOR the adoption of the 2005 Plan.

Summary of the 2005 Plan

Administration

The 2005 Plan will be administered by the Compensation Committee of the Board of Directors. The Committee is and will be composed solely of three or more directors who are deemed to be independent under applicable law and regulations and are not currently employees of the Corporation. The current members of the Committee are Messrs. Emerson, MacCallan, Peters, and Wilson and Ms. Bonanno, each of whom satisfies these criteria.

The Committee will have general responsibility to ensure that the 2005 Plan is operated in a manner that serves the best interests of the Corporation's stockholders. Prior to making any recommendations to the Board to grant awards, but at least annually, the Committee will review the potential impact that the grant, exercise or vesting of awards could have on the Corporation's earnings and net asset value per share. The Committee will also maintain adequate procedures and records relating to that review.

Eligible Participants

The Committee will recommend to the Board, and the Board will have full and final authority to approve, the Corporation's directors, officers, and employees and any eligible subsidiary's officers and employees selected to receive awards under the 2005 Plan. The people who receive grants under the 2005 Plan are referred to in this Proxy Statement individually as a Participant and collectively as Participants. Currently, 8 officers and employees will be eligible to participate in the 2005 Plan. In addition, under the 2005 Plan, all non-employee directors of the Corporation will be eligible to participate and will receive awards as described below under

Non-Employee Director Awards. Since it is within the discretion of the Committee and the Board to determine which employees will receive grants under the 2005 Plan and the type and amount thereof, these matters cannot be specified at present.

Available Shares

The Corporation will reserve and make available for use as awards 4 percent of the Corporation's Common Stock outstanding on the effective date of the 2005 Plan, which is expected to be approximately 877,107 shares. The Committee may adjust the number and kind of shares available for use in awards when certain corporate transactions occur which affect the price of the Corporation's Common Stock. For example, if the Corporation declares a dividend or distribution or announces a reorganization or merger, the Committee may adjust any or all of

the number and kind of shares that may be delivered in connection with the awards;

the number and kind of shares by which annual per-person award limitations are measured;

the number and kind of shares subject to or deliverable in respect of outstanding awards; and

the exercise price or grant price relating to any award.

Under the 2005 Plan no single Participant may be granted awards relating to more than 35% of the shares of the Corporation's Common Stock reserved for issuance under the 2005 Plan. In addition, the 2005 Plan limits the total number of shares that may be awarded to any single Participant in any 36-month period in connection with all types of awards to 300,000 shares of Corporation stock. Furthermore, and subject to the 300,000 share restriction mentioned above, no Participant may be granted awards relating to more than (i) 300,000 shares of stock in respect of options, (ii) 300,000 shares of stock in respect of stock appreciation rights, (iii) 300,000 shares of stock in respect of restricted stock, (iv) 300,000 shares of stock in respect of restricted stock units and (v) 300,000 shares of stock in respect of deferred stock units. Grants to non-employee directors are limited to those described below. See Non-Employee Director Awards .

On March 8, 2005, the market value of common stock of the Corporation as quoted on the New York Stock Exchange Composite Transactions was \$657,830,280.

Awards

The 2005 Plan permits the Committee, subject to approval by the Board, to grant the following types of awards:

restricted stock;

restricted stock units;

deferred stock units;

non-qualified stock options; and

stock appreciation rights (including freestanding and tandem stock appreciation rights).

In addition, the 2005 Plan permits dividend equivalents to be awarded in connection with any award under the 2005 Plan while the awards are outstanding or otherwise subject to a restriction. The 2005 Plan permits the Committee to prescribe in an award agreement any other terms and conditions of that award. As described below, the Committee may designate any award under the 2005 Plan as a performance award subject to performance conditions. The 2005 Plan is also intended to qualify certain compensation awarded under the 2005 Plan for tax deductibility under Internal Revenue Code Section 162(m) (Code Section 162(m)).

The awards are described more fully below. Grants to non-employee directors are limited to those described below. See Non-Employee Director Awards .

Stock Options. A stock option is the right to purchase one share of stock at a time in the future at a predetermined price (the exercise price). Stock options may be granted to Participants, provided that the per share exercise price of each option is not less

than the fair market value of a share of the Corporation's Common Stock on the date of the grant. The Committee will determine the circumstances under which a Participant may exercise a stock option in whole or in part, the methods by which the Participant may pay the exercise price, the form of payment (which may include cash or stock), and the methods by or forms in which the Corporation will deliver shares of its Common Stock or deem to deliver shares of its Common Stock to Participants.

Unless otherwise determined by the Committee, options will become exercisable after the first anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. Stock options issued under the 2005 Plan will expire ten years from the date of grant. In addition, if and to the extent provided for in the applicable award agreement, the option price per share may be reduced after grant of the option to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the option price below zero.

Unless otherwise determined by the Committee, if (i) a Participant's employment with the Corporation terminates by reason of death or disability, all of the Participant's options will be exercisable for one year or until the expiration date set forth in the applicable award agreement if earlier; (ii) a Participant's employment with the Corporation terminates by reason of retirement (and, except as otherwise determined by the Committee, the Participant executes a non-competition, non-solicitation, non-disclosure and non-disparagement agreement in a form satisfactory to the Corporation), the Participant's vested options will be exercisable for three years or until the expiration date set forth in the applicable award agreement if earlier; (iii) the Corporation terminates the Participant's employment without cause, the Participant voluntarily resigns or, in the case of a Participant principally employed by a subsidiary of the Corporation, the subsidiary is divested and as a result thereof the Participant is no longer employed by the Corporation or another subsidiary of the Corporation, the Participant's vested options will be exercisable for three months or until the expiration date set forth in the applicable award agreement if earlier; or (iv) a Participant's employment with the Corporation terminates for any other reason (including termination for cause), the Participant's options will terminate and cease to be exercisable immediately.

Stock Appreciation Rights. Stock appreciation rights (SARs) may also be granted to Participants. A SAR is the right to receive, upon exercise, an amount equal to (i) the fair market value of one share of the Corporation's Common Stock on the date of exercise minus (ii) the SAR's grant price. The Committee will determine at the date of grant or thereafter, the circumstances under which a Participant may exercise a SAR in whole or in part, the method of exercise, the method and form of settlement, the method by or forms in which the Corporation's Common Stock will be delivered or deemed to be delivered to Participants, whether or not a SAR is granted as a tandem award (which is an award that is combined with another award, usually to provide an alternative form of compensation of comparable economic value), and any other terms and conditions of any SAR.

Unless otherwise determined by the Committee, SARs will become exercisable after the second anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. SARs issued under the 2005 Plan will expire ten years from the date of the grant and, unless otherwise determined by the Committee, will be subject to substantially the same termination provisions as for options described above. In addition, if and to the extent provided for in the applicable award agreement, the grant price of a SAR may be reduced after grant of the SAR to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the grant price of the SAR below zero. The 2005 Plan treats the grant of a SAR the same as an issuance of a share of stock for purposes of determining the number of shares available for use under the 2005 Plan as long as that SAR is outstanding. When a SAR is settled, the Corporation will reduce the number of shares available under the 2005 Plan by an amount equal to the value of the award paid to the Participant.

Restricted Stock. The 2005 Plan permits shares of the Corporation's Common Stock to be granted to Participants as restricted stock. Restricted stock is stock that is subject to restrictions on transferability, risk of forfeiture and/or other restrictions. A Participant who receives restricted stock will have all the rights of a stockholder, including the right to vote the restricted stock and the right to receive dividends, unless the Participant is limited by the terms of the 2005 Plan or any award agreement relating to the restricted stock. During the period of restriction, the Participant may not sell, transfer, pledge, hypothecate, margin, or otherwise encumber the restricted stock.

Unless otherwise determined by the Committee, restrictions on restricted stock will lapse in three equal installments after each of the first, second and third anniversaries of the date of grant, subject to the Participant's continued employment or service with the Corporation. Except as the Committee otherwise determines, effective immediately after termination of a Participant's employment or service during the applicable restriction period, restricted stock that is at that time subject to restrictions will be forfeited and reacquired by the Corporation, provided that the Committee may provide, by rule or regulation or in any award agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to restricted stock will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of restricted stock.

Restricted Stock Units. The 2005 Plan permits restricted stock units to be granted to Participants. Restricted stock units represent rights to receive stock and are subject to certain restrictions and a risk of forfeiture. Except as the Committee otherwise determines, and except with respect to restricted stock units granted to non-employee directors as described below, restrictions on restricted stock units will lapse and stock in respect of the Participant's restricted stock units will be delivered to the Participant in three equal installments after the first, second and third anniversaries of the date of grant, subject to the Participant's continued employment or service with the Corporation. Except as the Committee otherwise determines, effective immediately after termination of a Participant's employment or service during the applicable restriction period, restricted stock units that are at that time subject to restrictions will be forfeited and reacquired by the Corporation, provided that the Committee may provide, by rule or regulation or in any award agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to restricted stock units will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of restricted stock units.

Deferred Stock Units. The 2005 Plan authorizes deferred stock units to be granted to Participants. A deferred stock unit is the right to receive stock, cash, or a combination of stock and cash at the end of a time period specified by the Committee. Deferred stock units may or may not be subject to restrictions (which may include a risk of forfeiture), which restrictions will lapse at the expiration of the specified deferral period or at earlier times, as determined by the Committee. Except as the Committee otherwise determines, effective immediately after termination of a Participant's employment or service during the applicable deferral period or portion thereof to which forfeiture conditions apply, all deferred stock units that are at that time subject to deferral (other than a deferral at the election of a Participant) will be forfeited, provided that the Committee may provide, by rule or regulation or in any award agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to deferred stock units will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of deferred stock units.

Dividend Equivalents. Under the 2005 Plan and if and to the extent provided for in the applicable award agreement, recipients of options, SARs, restricted stock units and deferred stock units will be entitled to receive dividend equivalents in respect of such awards or any portion thereof as specified in the applicable award agreement equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of common stock. Any such dividend equivalents will be paid in shares of the Corporation's Common Stock, cash or a combination thereof as and when provided for in the applicable award agreement.

Performance Awards. The 2005 Plan will permit the Committee to make any award under the 2005 Plan subject to performance conditions. The Corporation may pay performance awards in cash or shares of the Corporation's Common Stock. The grant, exercise and/or settlement of performance awards will be contingent upon the achievement of pre-established performance goals, unless the Committee determines that a performance award is not intended to qualify as performance-based compensation for purposes of Code Section 162(m). (Code Section 162(m) provides that compensation in excess of \$1 million to certain officers of a public Corporation is not deductible for income tax purposes unless it qualifies as performance-based compensation.) The Committee will establish a targeted level or levels of performance measured by one or more of the following business criteria: (1) earnings per share; (2) revenues, increase in revenues, the excess of all or a portion of revenues over operating expenses (excluding expenses determined by the Committee at the time performance goals are established); (3) cash flow; (4) cash flow return on investment; (5) return on net assets, return on assets, return on investment, return on capital, return on equity; (6) economic value added; (7) operating margin; (8) net income, pretax earnings, pretax earnings before interest, depreciation, amortization and/or incentive compensation, pretax operating earnings, operating earnings; (9) total stockholder return; (10) performance of managed funds; (11) increase in market share or assets under management; (12) reduction in costs; (13) increase in the fair market value of the Corporation's Common Stock; and (14) any of the above goals as compared to the performance of the Standard & Poor's 500 Stock Index or any other published index deemed applicable by the Committee.

These performance goals are objective and seek to meet the requirements of Code Section 162(m). The Committee will measure whether a Participant has achieved a performance goal over a performance period of up to ten years for a performance award. The Committee may reduce the amount paid to a Participant in connection with a performance award, but may not increase the amount unless the Committee determines at the time of grant that the award was not intended to qualify as performance-based compensation for purposes of Code Section 162(m).

Non-Employee Director Awards

Immediately following each annual meeting of stockholders, each non-employee director who is elected a director at, or who was previously elected and continues as a director after, that annual meeting shall receive an award of 400 restricted stock units of the Corporation. In addition, at the effective date of any non-employee director's initial election to the Board, the non-employee director will be granted 400 restricted stock units of the Corporation. Non-employee directors will also receive dividend equivalents in respect of such restricted stock units equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. The restricted stock units and related dividend equivalents will vest (and become non-forfeitable) and be paid (in the form of shares

of Common Stock) one year from the date of grant. In addition, non-employee directors may elect each year, not later than December 31 of the year preceding the year as to which the annual grant of restricted stock units is to be applicable, to defer to a fixed date or pursuant to a specified schedule payment of all or any portion of the annual grant of restricted stock units. Any modification of the deferral election may be made only upon satisfaction of any conditions that the Committee may impose.

Under the 2005 Plan, non-employee directors may also elect each year, not later than December 31 of the year preceding the year as to which deferral of fees is to be applicable, to defer to a fixed date or pursuant to a specified schedule all or any portion of the cash retainer to be paid for Board or other service related to Board activities in the following calendar year through the issuance of deferred stock units, valued at the fair market value of the Corporation's Common Stock on the date when each payment of such retainer amount would otherwise be made in cash. Any modification to the deferral election may be made only upon satisfaction of any conditions that the Committee may impose.

Operation of the 2005 Plan

Under the 2005 Plan, the Committee, subject to approval by the Board, may grant awards (except for non-employee director awards) either alone or in addition to, in tandem with, or in substitution or exchange for any other award or any award granted under another plan of the Corporation or its existing or future subsidiaries or any other right of a Participant to receive payment from the Corporation or any Corporation subsidiary. This flexibility is intended to provide the Committee with the ability to grant alternative forms of compensation to Participants at comparable economic values. If the Committee grants an award in substitution or exchange for another award, the Committee will require the Participant to surrender the other award for the new award.

Generally, Participants may not transfer awards to other persons except to a beneficiary upon a Participant's death or by will or the laws of descent and distribution. In addition, awards may be transferred pursuant to a qualified domestic relations order. A Participant generally must exercise each award during the Participant's lifetime, except that awards and other rights may be transferred to one or more beneficiaries or other transferees during the lifetime of the Participant to facilitate estate planning.

Amendment and Termination

The Board may amend, alter, suspend, discontinue or terminate the 2005 Plan or the Committee's authority to recommend grants of awards under the 2005 Plan without the consent of stockholders or Participants. However, any amendment or alteration to the 2005 Plan shall be subject to the approval of the Corporation's stockholders if federal or state law or regulation, including the rules of the New York Stock Exchange, requires such approval. Neither the Board nor the Committee may take any action that would materially and adversely affect the rights of a Participant under any previously granted or outstanding award without the Participant's consent.

Plan Effective Date and Stockholder Approval

The 2005 Plan has been adopted by the Board. If the Corporation's stockholders approve the 2005 Plan, the Board will terminate the Existing Plan and the 2005 Plan will become effective immediately upon approval by stockholders. The Board will review the 2005 Plan no less frequently than annually. Unless terminated or amended, during the fifth year of the 2005 Plan, the Board will

resubmit the 2005 Plan to the Corporation's stockholders for reapproval and all awards made during that year will be contingent upon stockholder reapproval. No awards under the 2005 Plan may be granted after ten years from the effective date of the 2005 Plan.

Federal Income Tax Consequences

The following is a brief summary of the principal United States federal income tax consequences of awards under the 2005 Plan. This summary is not intended to be exhaustive and does not describe state, local or foreign tax laws.

Non-Qualified Stock Options. The grant of a non-qualified stock option will not result in any immediate tax consequences to the Corporation or the optionee. Upon the exercise of a non-qualified stock option, the optionee will recognize taxable ordinary income, and the Corporation will be entitled to a deduction, equal to the difference between the option price and the fair market value of the shares acquired at the time of exercise.

Stock Appreciation Rights. The grant of either a tandem SAR or a freestanding SAR will not result in any immediate tax consequences to the Corporation or the grantee. Upon the exercise of either a tandem SAR or a freestanding SAR, any cash received and the fair market value on the exercise date of any Shares received will constitute taxable ordinary income to the grantee. The Corporation will be entitled to a deduction in the same amount and at the same time, subject to the limitations of Code Section 162(m).

Restricted Stock. An employee normally will not recognize taxable income upon an award of restricted stock, and the Corporation will not be entitled to a deduction, until the termination of the restrictions. Upon such termination, the employee will recognize taxable ordinary income in an amount equal to the fair market value of the shares at that time, plus the amount of the dividends and interest thereon to which the employee then becomes entitled. However, an employee may elect to recognize taxable ordinary income in the year the restricted stock is awarded in an amount equal to its fair market value at that time, determined without regard to the restrictions. The Corporation will be entitled to a deduction in the same amount and at the same time as the employee realizes income, subject to the limitations of Code Section 162(m).

Restricted Stock Units. The grant of a restricted stock unit will not result in any immediate tax consequences to the grantee or the Corporation. Upon payment or settlement of a restricted stock unit award or payment of any dividend equivalents, the grantee will recognize taxable ordinary income, and the Corporation will be entitled to a deduction, equal to the fair market value of the shares, cash or the dividend equivalents on the date received, subject to the limitations of Code Section 162(m).

Deferred Stock Units. The grant of a deferred stock unit will not result in any immediate tax consequences to the grantee or the Corporation. Upon payment or settlement of a deferred stock unit award or payment of any dividend equivalents, the grantee will recognize taxable ordinary income, and the Corporation will be entitled to a deduction, equal to the fair market value of the shares, cash or the dividend equivalents on the date received, subject to the limitations of Code Section 162(m).

Payouts of Performance Awards. The designation of an award as a performance award will not change the tax treatment described above to an employee who receives such an award. Such a designation will, however, enable such award to qualify as performance-based compensation not subject to the \$1 million limitation on deductible compensation under Code Section 162(m).

Applicable taxes required by law will be withheld from all amounts paid in satisfaction of an award. The amount of the withholding will generally be determined with reference to the average of the high and low sale prices of the shares as reported in the New York Stock Exchange Composite Transactions on the date of determination. Under the 2005 Plan, the amount of withholding to be paid in respect of non-qualified options exercised through the cashless method in which all shares are sold immediately after exercise will be determined by reference to the price at which the shares are sold.

The Board of Directors unanimously recommends that you vote FOR Proposal 3 and that you thereby approve our adoption of the 2005 Equity Incentive Compensation Plan.

(4) OTHER MATTERS AND ANNUAL REPORT

As of the date of this proxy statement, management knows of no other business that will come before the meeting. Should other business be properly brought up, it is intended that proxies in the accompanying form will be voted thereon in accordance with the judgment of the person or persons voting such proxies.

The Annual Report of the Corporation for the year ended December 31, 2004, including financial statements, has been mailed to all stockholders entitled to notice of and to vote at the annual meeting to be held on April 27, 2005. A copy of the Corporation's Annual Report will be furnished to stockholders, without charge, upon request. You may request a copy by contacting Lawrence L. Hooper, Jr., Vice President, General Counsel and Secretary, at Seven St. Paul Street, Suite 1140, Baltimore, MD 21202, by telephoning Mr. Hooper at (800) 638-2479, or by sending Mr. Hooper an e-mail message at contact@peteres.com.

The Corporation has retained The Altman Group Inc. (Altman) to assist in the solicitation of proxies. The Corporation will pay Altman a fee for its services not to exceed \$4,000 and will reimburse Altman for its expenses, which the Corporation estimates will not exceed \$1,500.

Stockholder Proposals or Nominations for 2006 Annual Meeting

Stockholder proposals for inclusion in the proxy statement and form of proxy relating to the 2006 Annual Meeting must be received at the office of the Corporation, Seven St. Paul Street, Baltimore, MD 21202, no later than November 15, 2005.

In addition, for stockholder proposals or director nominations that a stockholder seeks to bring before the 2006 Annual Meeting but does not seek to have included in the Corporation's proxy statement and form of proxy for that meeting, the following requirements apply. Pursuant to the Corporation's By-laws, in order for stockholder proposals or nominations of persons for election to the Board of Directors to be properly brought before the 2006 Annual Meeting, any such stockholder proposal or nomination (including in the case of a nomination, the information required by the Corporation's advance notice By-laws provisions) must be received at the office of the Corporation no earlier than January 27, 2006 and no later than February 26, 2006. The Corporation advance notice By-law requirements are separate from, and in addition to, the Securities and Exchange Commission's requirements (including the timing requirements described in the preceding paragraph) that a stockholder must meet in order to have a stockholder proposal included in the proxy statement. Should the Corporation determine to allow a stockholder proposal that is received by the Corporation after February 26, 2006 to be presented at the 2006 Annual Meeting nevertheless, the persons named as proxies in the accompanying form will have discretionary voting authority with respect to such stockholder proposal.

PETROLEUM & RESOURCES CORPORATION
2005 EQUITY INCENTIVE COMPENSATION PLAN

1. Purpose.

The purpose of this 2005 Equity Incentive Compensation Plan (the Plan) is to assist Petroleum & Resources Corporation (the Corporation) in attracting, retaining, motivating and rewarding high-quality executives, employees and non-employee directors who provide services to the Corporation and/or its Subsidiaries (as defined below), enabling such persons to acquire or increase a proprietary interest in the Corporation in order to strengthen the mutuality of interests between such persons and stockholders of the Corporation. The Plan is also intended to qualify certain compensation awarded under the Plan for tax deductibility under Section 162(m) of the Internal Revenue Code of 1986 to the extent deemed appropriate by the Compensation Committee (or any successor committee) of the Board of Directors of the Corporation.

2. Definitions.

As used in the Plan, the following words shall have the following meanings:

(a) Adams means The Adams Express Company;

(b) Award means any award of Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units or Deferred Stock Units granted to an Eligible Person pursuant to the provisions of the Plan;

(c) Award Agreement means the written agreement evidencing an Award under the Plan;

(d) Beneficial Owner shall have the meaning ascribed to such term in Rule 13d-3 under the Exchange Act and any successor to such Rule;

(e) Beneficiary means the person, persons, trust or trusts which have been designated by a Participant in his or her most recent written beneficiary designation filed with the Committee to receive the benefits specified under the Plan upon such Participant's death or to which Awards or other rights are transferred if and to the extent permitted under Section 10(b) hereof. If, upon a Participant's death, there is no designated Beneficiary or surviving designated Beneficiary, then the term Beneficiary means the Participant's estate;

(f) Board of Directors means the Board of Directors of the Corporation;

(g) Change in Control means any of the following:

- (i) any one person or more than one person acting as a group acquires ownership of shares of the Corporation that, together with the shares of the Corporation held by such person or group, constitutes more than 50% of the total fair market value or total voting power of the shares of the Corporation; provided, however, that if any one person or more than one person acting as a group is considered to own more than 50% of the total fair market value or total voting power of the shares of the Corporation, the acquisition of additional shares by the same person or persons shall not constitute a Change in Control under clause (i) or (ii) of this Section (g). An increase in the

A-1

percentage of shares of the Corporation owned by any one person or persons acting as a group as a result of a transaction in which the Corporation acquires its own shares in exchange for property will be treated as an acquisition of shares of the Corporation by such person or persons for purposes of this Section 2(g)(i). This Section 2(g)(i) applies only when there is a transfer of shares of the Corporation (or issuance of shares of the Corporation) and shares in the Corporation remain outstanding after the transaction;

- (ii) any one person or more than one person acting as a group acquires, or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons, ownership of shares of the Corporation having 35% or more of the total voting power of the shares of the Corporation; provided, however, that if any one person or more than one person acting as a group so acquires 35% or more of the total voting power of the shares of the Corporation, the acquisition of additional control of the Corporation by the same person or persons shall not constitute a Change in Control;
- (iii) a majority of the members of the Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the Board of Directors prior to the date of such appointment or election; or
- (iv) any one person or more than one person acting as a group acquires, or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons, assets from the Corporation that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of the assets of the Corporation immediately prior to such acquisition or acquisitions; provided, however, that a transfer of assets by the Corporation shall not be treated as a Change in Control if the assets are transferred to (A) a stockholder of the Corporation immediately before the asset transfer in exchange for or with respect to shares of the Corporation, (B) an entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by the Corporation, (C) a person or more than one person acting as a group that owns, directly or indirectly, shares of the Corporation having 50% or more of the total fair market value or total voting power of the Corporation or (D) an entity, at least 50% of the total value or voting power of which is owned by a person or persons described in clause (B) above; and provided, further, that for purposes of clauses (A), (B), (C) and (D) above, a person's status is determined immediately after the transfer of the assets. For purposes of this Section 2(g)(iv), gross fair market value means the value of the assets of the Corporation, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

It is the intent of the Corporation that the definition of "Change in Control" satisfies, and be interpreted in a manner that satisfies, the applicable requirements of Code Section 409A. If the definition of "Change in Control" would otherwise frustrate or conflict with the intent expressed above, that definition to the extent possible shall be interpreted and deemed amended so as to avoid such conflict.

A-4

3. Administration of the Plan.

(a) Authority of the Committee and the Board of Directors. The Plan shall be administered by the Committee. A majority of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present, or acts approved in writing by all of the members, shall be the acts of the Committee. The Committee shall recommend to the Board of Directors, and the Board of Directors shall have full and final authority to approve, in each case subject to and consistent with the provisions of the Plan, Eligible Persons selected to become Participants, grants of Awards, the type, number and other terms and conditions of, and all other matters relating to, Awards, and the terms of Award Agreements (which need not be identical for each Participant). The Committee shall have full and final authority to prescribe rules and regulations for the administration of the Plan, construe and interpret the Plan and Award Agreements and correct defects, supply omissions or reconcile inconsistencies therein and make all other decisions and determinations as the Corporation may deem necessary or advisable for the administration of the Plan.

(b) Manner of Exercise of Committee Authority. Any action of the Committee (subject to approval of the Board of Directors if applicable) shall be final, conclusive and binding on all persons, including the Corporation, Participants, Beneficiaries, transferees under Section 10(b) hereof or other persons claiming rights from or through a Participant, and stockholders. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may appoint agents to assist it in administering the Plan.

(c) Limitation of Liability. The Board of Directors, the Committee and each member thereof shall be entitled, in good faith, to rely or act upon any report or other information furnished to it, him or her by any officer or employee of the Corporation, the Corporation's independent auditors, consultants or any other agents assisting in the administration of the Plan. Members of the Board of Directors and of the Committee and any officer or employee of the Corporation acting at the direction or on behalf of the Board of Directors or the Committee shall not be personally liable for any action or determination taken or made, or not taken or made, in good faith with respect to the Plan, and shall, to the extent permitted by law, be fully indemnified and protected by the Corporation with respect to any such action or determination.

4. Stock Subject to Plan.

(a) Overall Number of Shares of Common Stock Available for Delivery. Subject to adjustment as provided in Section 10(c) hereof, the total number of shares of Common Stock reserved and available for delivery in connection with Awards under the Plan (other than any shares of Common Stock issued in payment of Dividend Equivalents) shall be [insert number equal to 4% of the number of outstanding shares of Common Stock as of the Effective Date]. Any shares of Common Stock delivered under the Plan shall consist of authorized and unissued shares or treasury shares.

(b) Application of Limitation to Grants of Awards. No Award may be granted if the number of shares of Common Stock to be delivered in connection with such Award exceeds the number of shares of Common Stock remaining available for grant under the Plan. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or substitute awards) and make adjustments if the number of

shares of Common Stock actually delivered differs from the number of shares previously counted in connection with an Award.

(c) Availability of Shares Not Delivered under Awards. Shares of Common Stock subject to an Award under the Plan that are canceled, expired, forfeited, settled in cash or otherwise terminated without a delivery of shares to the Participant, plus (i) the number of shares withheld in payment of any exercise or purchase price of an Award or taxes relating to any Award and (ii) the number of shares surrendered in payment of any exercise or purchase price of an Award or taxes relating to any Award, will again be available for Awards under the Plan, except that if any such shares could not again be available for Awards to a particular Participant under any applicable law or regulation, such shares shall be available exclusively for Awards to Participants who are not subject to such limitation. Notwithstanding the foregoing, any shares of Common Stock subject to an Option (or part thereof) that is canceled upon exercise of a Stock Appreciation Right shall be treated as if the Option itself were exercised and such shares shall no longer be available for Awards under the Plan.

5. Eligibility; Award Limitations.

(a) Awards may be granted by the Board of Directors under the Plan only to Eligible Persons.

(b) Subject to the maximum number of shares of Common Stock available for Awards under the Plan, in any thirty-six month period during which the Plan is in effect, an Eligible Person may not be granted Awards relating to more than (i) 300,000 shares of Common Stock under Section 6(b) in respect of Options, (ii) 300,000 shares of Common Stock under Section 6(c) in respect of Stock Appreciation Rights, (iii) 300,000 shares of Common Stock under Section 6(d) in respect of Restricted Stock, (iv) 300,000 shares of Common Stock under Section 6(e) in respect of Restricted Stock Units and (v) 300,000 shares of Common Stock under Section 6(f) in respect of Deferred Stock Units. In addition, in no event may the total number of shares of Common Stock with respect to which all types of Awards may be granted to an Eligible Person exceed 300,000 shares of Common Stock within any thirty-six month period during which the Plan is in effect. No Eligible Person may be granted Awards relating, in the aggregate, to more than 35% of the shares of Common Stock initially available for delivery, as adjusted in accordance with Section 10(c), in connection with Awards. The limitations set forth in this Section 5(b) are subject to adjustment as provided in Section 10(c).

6. Specific Terms of Awards.

(a) General. Subject to the requirements of Section 3(a), Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant in an Award Agreement or thereafter (subject to Section 10(f)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including terms regarding the treatment of Awards in the event of termination of employment or service on the Board of Directors by the Participant and terms permitting a Participant to make elections relating to his or her Award. The Committee shall retain full power and discretion to accelerate, waive or modify, at any time, any term or condition of an Award that is not mandatory under the Plan. Except in cases in which the Committee is authorized to require other forms of consideration under the Plan, or to the extent other forms of

consideration must be paid to satisfy the requirements of the Maryland General Corporation Law, no consideration other than services may be required for the grant (but not the exercise) of any Award.

(b) Options. Options may be granted to Eligible Persons on the following terms and conditions:

- (i) **Exercise Price.** The exercise price per share of Common Stock purchasable under an Option shall be not less than the Fair Market Value of a share of Common Stock on the date of grant of such Option except as provided under Section 7(a) hereof. If and to the extent provided for in the applicable Award Agreement, the Option price per share may be reduced after grant of the Option to reflect capital gains distributions to the Corporation's stockholders; provided that no such reduction shall be made which will reduce the Option price below zero.
- (ii) **Time and Method of Exercise.** The Committee shall determine at the date of grant in an Award Agreement or thereafter, the time or times at which or the circumstances under which an Option may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the methods by which such exercise price may be paid or deemed to be paid, the form of such payment, including, without limitation, cash or Common Stock, and the methods by or forms in which Common Stock will be delivered or deemed to be delivered to Participants. Except as otherwise determined by the Committee and set forth in an Award Agreement, and subject to Sections 6(b)(iii) and 10(d), an Option shall become exercisable after the first anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation.
- (iii) **Termination.** Except as otherwise determined by the Committee and set forth in an Award Agreement, and subject to Section 10(d), if (w) a Participant's employment with the Corporation terminates by reason of death or becoming Disabled, all of the Participant's Options shall be exercisable within the period beginning on the date the Participant's employment terminated (even if such date occurs before the Participant has become entitled to exercise all or any part of his or her Options) and ending one year thereafter or the expiration date set forth in the applicable Award Agreements if earlier; (x) a Participant's employment with the Corporation terminates by reason of Retirement (and, except as otherwise determined by the Committee, the Participant executes a non-competition, non-solicitation, non-disclosure and non-disparagement agreement in a form satisfactory to the Corporation), the Participant's Options shall be exercisable within the period beginning on the date the Participant would otherwise have become entitled to exercise the part of his or her Options so exercised and ending on the third anniversary of the Participant's Retirement date or the expiration date set forth in the applicable Award Agreements if earlier; (y) the Corporation terminates the Participant's employment with the Corporation without cause, the Participant voluntarily resigns or, in the case of a Participant principally employed by a Subsidiary, the Subsidiary is divested and as a result thereof the Participant is no longer employed by the Corporation (and/or another Subsidiary), the Participant's Options shall be exercisable within the period beginning on the date the Participant's employment terminated and ending three months thereafter or the expiration date set

forth in the applicable Award Agreements if earlier, but only to the extent the Options were exercisable on the date the Participant's employment terminated, and all of the Participant's other Options shall terminate and cease to be exercisable immediately; or (z) a Participant's employment with the Corporation terminates for any other reason (including termination for cause), the Participant's Options shall terminate and cease to be exercisable immediately.

- (iv) Dividend Equivalents. If and to the extent provided for in the applicable Award Agreement, a recipient of Options may be entitled to receive Dividend Equivalents in respect of such Options or any portion thereof as specified in the applicable Award Agreement equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. Any such Dividend Equivalents shall be paid in shares of Common Stock, cash or a combination thereof, with or without interest, as and when provided for in the applicable Award Agreement.

(c) Stock Appreciation Rights. Stock Appreciation Rights may be granted to Eligible Persons on the following terms and conditions:

- (i) Right to Payment. A Stock Appreciation Right shall confer on the Participant to whom it is granted a right to receive consideration (the form of which will be determined pursuant to Section 6(c)(ii) below), upon exercise thereof, equal to the excess of (A) the Fair Market Value of one share of Common Stock on the date of exercise over (B) the grant price of the Stock Appreciation Right (which shall not be less than the Fair Market Value of a share of Common Stock on the date of grant). Stock Appreciation Rights may be either freestanding or in tandem with other Awards. If and to the extent provided for in the applicable Award Agreement, the grant price of a Stock Appreciation Right may be reduced after grant of the Stock Appreciation Right to reflect capital gains distributions to the Corporation's stockholders; provided that no such reduction shall be made which will reduce the grant price of the Stock Appreciation Right below zero.
- (ii) Time and Method of Exercise. (A) The Committee shall determine at the date of grant in an Award Agreement or thereafter, the time or times at which and the circumstances under which a Stock Appreciation Right may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the method of exercise, the method of settlement, the form of consideration payable in settlement, the method by or forms in which Common Stock will be delivered or deemed to be delivered to Participants, whether or not a Stock Appreciation Right shall be in tandem or in combination with any other Award and any other terms and conditions of any Stock Appreciation Right. Except as otherwise determined by the Committee and set forth in an Award Agreement, and subject to Sections 6(c)(iii) and 10(d), a Stock Appreciation Right shall become exercisable after the second anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation.

(B) To the extent that any Stock Appreciation Right that shall have become exercisable shall not have been exercised or cancelled or, by reason of any termination of employment, shall have become non-exercisable, it shall be deemed to have been exercised automatically, without any notice of exercise, on

the last day on which it is exercisable, provided that any conditions or limitations (including limitations set forth in Section 6(c)(iii)) on its exercise (other than (x) notice of exercise and (y) exercise or election to exercise during the exercise period prescribed in Section 6(c)(ii)(A)) are satisfied and the Stock Appreciation Right shall then have value. Such exercise shall be deemed to specify that, subject to determination by the Committee as provided in Section 6(c)(ii)(A), the holder elects to receive cash and that such exercise of a Stock Appreciation Right shall be effective as of the time of the exercise.

- (iii) Termination. Except as otherwise determined by the Committee and set forth in an Award Agreement, and subject to Section 10(d), termination of employment or service with the Corporation shall have the same effect on Stock Appreciation Rights as does termination on Options as set forth in Section 6(b)(iii).
- (iv) Dividend Equivalents. If and to the extent provided for in the applicable Award Agreement, a recipient of Stock Appreciation Rights may be entitled to receive Dividend Equivalents in respect of such Stock Appreciation Rights or any portion thereof as specified in the applicable Award Agreement equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. Any such Dividend Equivalents shall be paid in shares of Common Stock, cash or a combination thereof, with or without interest, as and when provided for in the applicable Award Agreement.

(d) Restricted Stock. Restricted Stock may be granted to Eligible Persons on the following terms and conditions:

- (i) Grant and Restrictions. Restricted Stock shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, which restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant in an Award Agreement or thereafter. Except to the extent restricted under the terms of the Plan and any Award Agreement relating to the Restricted Stock, a Participant granted Restricted Stock shall have all of the rights of a stockholder, including the right to vote the Restricted Stock and the right to receive dividends thereon (subject to any mandatory reinvestment or other requirement imposed by the Committee). During the restricted period applicable to the Restricted Stock, subject to Section 10(b) below, the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant. Except as otherwise determined by the Committee and set forth in an Award Agreement, and subject to Sections 6(d)(ii) and 10(d), restrictions on Restricted Stock will lapse in three equal installments after each of the first, second and third anniversaries of the date of grant, subject to the Participant's continued employment or service with the Corporation.
- (ii) Forfeiture. Except as otherwise determined by the Committee, effective immediately after termination of employment or service with the Corporation during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be

forfeited and reacquired by the Corporation; provided that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock shall be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Stock.

- (iii) Certificates for Stock. Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock, that the Corporation retain physical possession of the certificates and that the Participant deliver a stock power to the Corporation, endorsed in blank, relating to the Restricted Stock.
- (iv) Dividends, Capital Gains Distributions and Splits. As a condition to the grant of an Award of Restricted Stock, the Committee may require that any cash dividends or capital gains distributions paid on a share of Restricted Stock be automatically reinvested in additional shares of Restricted Stock. Except as otherwise determined by the Committee, Common Stock distributed in connection with a stock split, stock dividend or capital gains distribution, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Common Stock or other property has been distributed.

(e) Restricted Stock Units. Restricted Stock Units may be granted to Eligible Persons on the following terms and conditions:

- (i) Grant and Restrictions. Restricted Stock Units shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, which restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant or thereafter. Except as otherwise determined by the Committee and set forth in an Award Agreement or as provided in Section 9(a), and subject to Sections 6(e)(ii) and 10(d), the restrictions on Restricted Stock Units will lapse and Common Stock in respect of the Participant's Restricted Stock Units shall be delivered to the Participant in three equal installments after each of the first, second and third anniversaries of the date of grant, subject to the Participant's continued employment or service with the Corporation.
- (ii) Forfeiture. Except as otherwise determined by the Committee, effective immediately after termination of employment or service with the Corporation during the applicable restriction period, Restricted Stock Units that are at that time subject to restrictions shall be forfeited; provided that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock Units shall be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Stock Units.

- (iii) Dividend Equivalents. If and to the extent provided for in the applicable Award Agreement, a recipient of Restricted Stock Units may be entitled to receive Dividend Equivalents in respect of such Restricted Stock Units or any portion thereof as specified in the applicable Award Agreement equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. Any such Dividend Equivalents shall be paid in shares of Common Stock, cash or a combination thereof, with or without interest, as and when provided for in the applicable Award Agreement.

- (f) Deferred Stock Units. Deferred Stock Units may be granted to Eligible Persons on the following terms and conditions:

 - (i) Grant and Restrictions. Satisfaction of an Award of Deferred Stock Units shall occur upon expiration of the deferral period specified for such Deferred Stock Units by the Committee (or, if permitted by the Committee, as elected by the Participant). In addition, Deferred Stock Units shall be subject to such restrictions (which may include a risk of forfeiture) as the Committee may impose, if any, which restrictions may lapse at the expiration of the deferral period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, in installments or otherwise, as the Committee may determine. Deferred Stock Units may be satisfied by delivery of Common Stock, cash equal to the Fair Market Value of the specified number of shares of Common Stock covered by the Deferred Stock Units, or a combination thereof, as determined by the Committee at the date of grant or thereafter.

 - (ii) Forfeiture. Except as otherwise determined by the Committee, effective immediately after termination of employment or service with the Corporation during the applicable deferral period or portion thereof to which forfeiture conditions apply (as provided in the Award Agreement evidencing the Deferred Stock Unit), all Deferred Stock Units that are at that time subject to deferral (other than a deferral at the election of the Participant) shall be forfeited; provided that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Deferred Stock Units shall be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Deferred Stock Units.

 - (iii) Dividend Equivalents. If and to the extent provided for in the applicable Award Agreement, a recipient of Deferred Stock Units may be entitled to receive Dividend Equivalents in respect of such Deferred Stock Units or any portion thereof as specified in the applicable Award Agreement equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. Any such Dividend Equivalents shall be paid in shares of Common Stock, cash or a combination thereof, with or without interest, as and when provided for in the applicable Award Agreement.

7. Certain Provisions Applicable to Awards.

(a) Stand-Alone, Additional, Tandem and Substitute Awards. Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Corporation, any Subsidiary, or any business entity to be acquired by the Corporation or any Subsidiary, or any other right of a Participant to receive payment from the Corporation or any Subsidiary. Such additional, tandem, and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or exchange for another Award or award, the Committee shall require the surrender of such other Award or award in consideration for the grant of the new Award.

(b) Term of Awards. The term of each Award shall be for such period as may be determined by the Committee; provided that in no event shall the term of any Option or Stock Appreciation Right exceed a period of ten years after the date of grant.

(c) Form and Timing of Payment under Awards; Deferrals. Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Corporation upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Committee shall determine, including, without limitation, cash or Common Stock, and may be made in a single payment or transfer, in installments, or on a deferred basis. The settlement of any Award may be accelerated, and cash paid in lieu of Common Stock in connection with such settlement, in the discretion of the Committee or upon the occurrence of one or more specified events. Installment or deferred payments may be required by the Committee to the extent necessary to qualify payments for deductibility under Code Section 162(m), or permitted at the election of the Participant on terms and conditions established by the Committee. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of other amounts in respect of installment or deferred payments denominated in Common Stock. Any payments mandatorily deferred by the Committee to qualify such payments for deductibility under Code Section 162(m) shall include a reasonable rate of interest. Notwithstanding any other provision of the Plan to the contrary, no deferral will be permitted under the Plan if it will result in the Plan becoming an employee pension benefit plan under Section 3(2) of the Employee Retirement Income Security Act of 1974, as amended (ERISA), that is not otherwise exempt under Sections 201(2), 301(a)(3) and 401(a)(1) of ERISA.

(d) Exemptions from Section 16(b) Liability. It is the intent of the Corporation that the grant of any Awards to or other transaction by a Participant who is subject to Section 16 of the Exchange Act shall be exempt under Rule 16b-3 (except for transactions acknowledged in writing to be non-exempt by such Participant). Accordingly, if any provision of this Plan or any Award Agreement does not comply with the requirements of Rule 16b-3 as then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under Section 16(b).

8. Performance Awards.

(a) Performance Conditions. The right of a Participant to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions; provided, however, that all Performance Awards shall comply with the requirements of Section 8(b) hereof unless the Committee specifically determines at the time of grant that such Award is not intended to qualify as performance-based compensation under Code Section 162(m).

(b) Performance Awards Granted to Designated Covered Employees. Unless the Committee determines that a Performance Award is not intended to qualify as performance-based compensation for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this Section 8(b).

- (i) Performance Goals Generally. The performance goals for such Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Section 8(b). Performance goals shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder (including Regulation 1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being substantially uncertain. The Committee may determine that such Performance Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to the grant, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.
- (ii) Business Criteria. Consistent with the requirements of Code Section 162(m) and regulations thereunder, one or more of the following business criteria for the Corporation, on a consolidated basis, and/or for specified Subsidiaries or business units of the Corporation (except with respect to the total stockholder return and earnings per share criteria), shall be used by the Committee in establishing performance goals for such Performance Awards: (1) earnings per share; (2) revenues, increase in revenues, the excess of all or a portion of revenues over operating expenses (excluding expenses determined by the Committee at the time performance goals are established); (3) cash flow; (4) cash flow return on investment; (5) return on net assets, return on assets, return on investment, return on capital, return on equity; (6) economic value added; (7) operating margin; (8) net income, pretax earnings, pretax earnings before interest, depreciation, amortization and/or incentive compensation, pretax operating earnings, operating earnings; (9) total stockholder return; (10) performance of managed funds; (11) increase in market share or assets under management; (12) reduction in costs; (13) increase in the Fair Market Value of Common Stock; and (14) any of the above goals as compared to the performance of

the Standard & Poor's 500 Stock Index, the Dow Jones Energy Index or any other published index deemed applicable by the Committee.

- (iii) Performance Period; Timing for Establishing Performance Goals. Achievement of performance goals in respect of such Performance Awards shall be measured over a performance period of up to ten years, as specified by the Committee. Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance Awards, or at such other date as may be required or permitted for performance-based compensation under Code Section 162(m).
- (iv) Settlement of Performance Awards; Other Terms. Settlement of such Performance Awards shall be in cash or Common Stock, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to a Covered Employee in respect of a Performance Award subject to this Section 8(b). The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of termination of employment by the Participant prior to the end of a performance period or settlement of Performance Awards.

(c) Written Determinations. All determinations made by the Committee as to the establishment of performance goals or potential individual Performance Awards and as to the achievement of performance goals relating to Performance Awards under Section 8(b) shall be made in writing in the case of any Award intended to qualify under Code Section 162(m). No Performance Award intended to qualify under Code Section 162(m) shall be paid until the Committee has certified in writing that the applicable performance goals have been achieved. The Committee may not delegate any responsibility relating to such Performance Awards.

(d) Status of Section 8(b) Awards under Code Section 162(m). It is the intent of the Corporation that Performance Awards under Section 8(b) hereof granted to persons who are likely to be Covered Employees within the meaning of Code Section 162(m) and regulations thereunder (including Regulation 1.162-27 and successor regulations thereto) shall, if so designated by the Committee, constitute performance-based compensation within the meaning of Code Section 162(m) and regulations thereunder. Accordingly, the terms of Sections 8(b), (c) and (d), including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Participant will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean any Eligible Person who receives a Performance Award unless the Committee determines, at the time of grant, that such Award is not intended to qualify as performance-based compensation for purposes of Code Section 162(m). If any provision of the Plan as in effect on the date of adoption or any agreements relating to Performance Awards that are designated as intended to comply with Code Section 162(m) does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

9. Awards to Non-Employee Directors.

(a) Immediately following each Annual Meeting of Stockholders, each Non-Employee Director who is elected a director at, or who was previously elected and continues as a director after, that Annual Meeting shall receive an award of 400 Restricted Stock Units, subject to adjustment as provided in Section 10(c). At the effective date of any Non-Employee Director's initial election to the Board of Directors, such Non-Employee Director shall be granted 400 Restricted Stock Units, subject to adjustment as provided in Section 10(c). Such Restricted Stock Units shall be the same as and subject to the same provisions as are applicable to Restricted Stock Units that may be awarded pursuant to Section 6(e). Non-Employee Directors shall also receive Dividend Equivalents in respect of such Restricted Stock Units equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. The Restricted Stock Units and related Dividend Equivalents will vest and be paid (in the form of shares of Common Stock) one year from the date of grant. In addition, Non-Employee Directors may elect each year, not later than December 31 of the year preceding the year as to which the annual grant of Restricted Stock Units is to be applicable, to defer to a fixed date or pursuant to a specified schedule payment of all or any portion of the annual grant of Restricted Stock Units. Any modification of the deferral election may be made only upon satisfaction of any conditions that the Committee may impose.

(b) In addition, each Non-Employee Director may elect each year, not later than December 31 of the year preceding the year as to which deferral of fees is to be applicable, to defer to a fixed date or pursuant to a specified schedule all or any portion of the cash retainer to be paid for Board or other service related to Board activities in the following calendar year through the issuance of Deferred Stock Units, valued at the Fair Market Value of the Common Stock on the date when each payment of such retainer amount would otherwise be made in cash. Any modification of the deferral election may be made only upon satisfaction of any conditions that the Committee may impose. Such Deferred Stock Units shall be the same as and subject to the same provisions as are applicable to Deferred Stock Units that may be awarded pursuant to Section 6(f).

10. General Provisions.

(a) Compliance with Legal and Other Requirements. The Corporation may, to the extent deemed necessary or advisable by the Committee, postpone the issuance or delivery of Common Stock or payment of other benefits under any Award until completion of such registration or qualification of such Common Stock or other required action under any federal or state law, rule or regulation, listing or other required action with respect to any stock exchange or automated quotation system upon which the Common Stock or other securities of the Corporation are listed or quoted, or compliance with any other obligation of the Corporation, as the Committee may consider appropriate, and may require any Participant to make such representations, furnish such information and comply with or be subject to such other conditions as it may consider appropriate in connection with the issuance or delivery of Common Stock or payment of other benefits in compliance with applicable laws, rules and regulations, listing requirements or other obligations.

(b) Limits on Transferability; Beneficiaries. Except as otherwise determined by the Committee, no Award or other right or interest of a Participant under the Plan shall be pledged, hypothecated or otherwise encumbered or subject to any lien, obligation or liability of such Participant to any party (other than the Corporation or a Subsidiary), or assigned or transferred by such Participant

otherwise than by will or the laws of descent and distribution or to a Beneficiary upon the death of a Participant, and such Awards or rights that may be exercisable shall be exercised during the lifetime of the Participant only by the Participant or his or her guardian or legal representative, except that Awards and other rights may be transferred to one or more Beneficiaries or other transferees during the lifetime of the Participant to facilitate estate planning, and may be exercised by such transferees in accordance with the terms of such Award, but only if and to the extent such transfers are permitted by the Committee pursuant to the express terms of an Award Agreement (subject to any terms and conditions which the Committee may impose thereon). In addition, Awards and other rights may be transferred to one or more transferees during the lifetime of the Participant pursuant to a qualified domestic relations order. A Beneficiary, transferee, or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award Agreement applicable to such Participant, except as otherwise determined by the Committee, and to any additional terms and conditions deemed necessary or appropriate by the Committee.

(c) Adjustments. In the event that any dividend, capital gains distribution or other distribution (whether in the form of cash, Common Stock or other property), recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, liquidation, dissolution or other similar corporate transaction or event affects the Common Stock such that an adjustment is determined by the Committee to be appropriate under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the aggregate number of shares of Common Stock subject to the Plan as set forth in Section 4(a), (ii) the number and kind of shares of Common Stock which may be delivered in connection with Awards granted thereafter, (iii) the number and kind of shares of Common Stock by which per-person Award limitations are measured under Section 5 hereof, (iv) the number and kind of shares of Common Stock subject to or deliverable in respect of outstanding Awards and (v) the exercise price or grant price relating to any Award and/or make provision for payment of cash or other property in respect of any outstanding Award. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, events described in the preceding sentence, as well as acquisitions and dispositions of businesses and assets) affecting the Corporation, any Subsidiary or any business unit, or the financial statements of the Corporation or any Subsidiary or business unit, or in response to changes in applicable laws, regulations, accounting principles, tax rates and regulations or business conditions or in view of the Committee's assessment of the business strategy of the Corporation, any Subsidiary or business unit thereof, performance of comparable organizations, economic and business conditions, personal performance of a Participant, and any other circumstances deemed relevant, provided that no such adjustment shall be authorized or made if and to the extent that such authority or the making of such adjustment would cause Awards granted under Section 6 hereof and intended to qualify as performance-based compensation under Code Section 162(m) and regulations thereunder to otherwise fail to qualify as performance-based compensation under Code Section 162(m) and regulations thereunder. Furthermore, in the event a capital gains distribution is made to the Corporation's stockholders, the exercise price of outstanding Options and the grant price of outstanding Stock Appreciation Rights issued under the Plan may be adjusted in accordance with Sections 6(b)(i) and 6(c)(i), respectively.

(d) Change in Control. Notwithstanding any other provision of the Plan, if a Change in Control shall occur, then, unless prior to the occurrence thereof, the Board of Directors shall determine otherwise by vote of at least two-thirds of its members, (i) all Options and Stock Appreciation Rights then outstanding pursuant to the Plan shall forthwith become fully exercisable whether or not then exercisable, (ii) all restrictions on all Restricted Stock awarded under the Plan shall forthwith lapse, (iii) all outstanding Restricted Stock Units and Deferred Stock Units shall forthwith be paid or settled by the issuance of Common Stock thereunder and (iv) all Performance Awards shall be paid out as if each performance period had been completed or satisfied and as if achievement of the applicable performance goals was sufficient to enable a payment equal to the maximum amount provided for in the Performance Awards.

(e) Taxes. The Corporation is authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Common Stock, or any payroll or other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Corporation and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Common Stock or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, either on a mandatory or elective basis in the discretion of the Committee.

(f) Changes to the Plan and Awards. The Board of Directors may amend, alter, suspend, discontinue or terminate the Plan without the consent of stockholders or Participants, except that any amendment or alteration to the Plan shall be subject to the approval of the Corporation's stockholders if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Common Stock may then be listed or quoted, and the Board of Directors may otherwise, in its discretion, determine to submit other such changes to the Plan to stockholders for approval; provided that, subject to Section 10(c), without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award Agreement relating thereto to the extent permitted by applicable law and regulations, except as otherwise provided in the Plan; *provided* that, subject to Section 10(c), without the consent of an affected Participant, no such Committee action may materially and adversely affect the rights of such Participant under such Award.

(g) Limitation on Rights Conferred under the Plan. Neither the Plan nor any action taken hereunder shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Corporation, (ii) interfering in any way with the right of the Corporation to terminate any Eligible Person's or Participant's employment or service at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and employees, or (iv) conferring on a Participant any of the rights of a stockholder of the Corporation unless and until the Participant is duly issued or transferred shares of Common Stock in accordance with the terms of an Award.

(h) Unfunded Status of Awards, Creation of Trusts. The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant or obligation to deliver Common Stock pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Corporation; provided that the Committee may authorize the creation of trusts and deposit therein cash, Common Stock, other Awards or other property, or make other arrangements to meet the Corporation's obligations under the Plan. Such trusts or other arrangements shall be consistent with the unfunded status of the Plan except as otherwise determined by the Committee with the consent of each affected Participant.

(i) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board of Directors nor its submission to the stockholders of the Corporation for approval shall be construed as creating any limitations on the power of the Board of Directors or a committee thereof to adopt such other incentive arrangements as it may deem desirable including incentive arrangements and awards which do not qualify under Code Section 162(m).

(j) Fractional Shares. No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(k) Governing Law. The validity, construction and effect of the Plan, any rules and regulations under the Plan, and any Award Agreement shall be determined in accordance with the Maryland General Corporation Law, without giving effect to principles of conflicts of laws, and applicable federal law.

(l) Plan Effective Date and Stockholder Approval. The Plan has been adopted by the Board of Directors, including all of the Non-Employee Directors, and will become effective upon approval of the Plan by the stockholders of the Corporation. The Plan shall be reviewed by the Board of Directors no less frequently than annually. The Plan shall remain in effect until all Awards have been exercised or terminated under the terms of the Plan and applicable Award Agreements; provided, however, that Awards under the Plan may be granted only within ten (10) years from the Effective Date.
