**Section 2 Financial Information**

**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On August 19, 2010, Armstrong World Industries, Inc. (the Company ) issued a press release announcing that as a result of declining European demand, the Company plans to exit the residential flooring business in Europe as soon as possible. The major factors that contributed to the decision to exit the European residential flooring business and the proposal to close the Teesside plant were the significant reductions in demand for residential cushion vinyl flooring products across Europe and the small scale and disadvantageous input costs of the Teesside facility. As a result of this exit, the Company intends to close its manufacturing plant at Stockton-on-Tees, Teesside, UK by the end of the first quarter of 2011. The site employs 163 people. The actual number of jobs affected will be determined following an employee consultation period, which will last at least 90 days.

Total estimated charges of approximately \$10 million are expected to be recorded in the third and fourth quarters of 2010 and possibly continue into the first quarter of 2011. These charges will include severance benefits and asset write-downs; the amount of severance benefits will be determined following an employee consultation period. Related cash expenditures are expected to be approximately \$6 million.

Results in the first six months of 2010 were sales of approximately \$19 million and operating losses of approximately \$4 million.

The full text of the press release is attached hereto as Exhibit 99.1.

**Section 9 Financial Statements and Exhibits**

**Item 9.01. Financial Statements and Exhibits.**

(d) Exhibits

No. 99.1 Press Release of Armstrong World Industries, Inc. dated August 19, 2010.
