Accordingly, please vote your shares. We have elected to provide access to our proxy materials on the Internet under the U.S. Securities and Exchange Commission's "notice and access" rules instead of mailing printed copies of those materials to each shareholder. We have sent to our shareholders a Notice of Internet Availability of Proxy Materials that provides instructions on how to access our proxy materials, which are available on the Internet at www.proxyvote.com.

I encourage you to review these materials carefully and to follow the voting instructions in the proxy statement to ensure that your votes are counted.

PROXY STATEMENT

ABOUT THE MEETING: QUESTIONS & ANSWERS

Why am I receiving this proxy statement?

This proxy statement contains information related to the solicitation of proxies for use at our 2018 annual meeting of shareholders, to be held at 9:00 a.m. EDT on Wednesday, May 9, 2018, at 30 South Meridian Street, Eighth Floor, Indianapolis, Indiana 46204, for the purposes stated in the accompanying Notice of Annual Meeting of Shareholders. This solicitation is made by Kite Realty Group Trust on behalf of our Board of Trustees (the "Board"). "We," "our," "us," and the "Company" refer to Kite Realty Group Trust. This proxy statement, the proxy card and our 2017 annual report to shareholders are first being mailed and made available online to shareholders beginning on or about March 30, 2018.

What am I being asked to vote on, and what are the Board's voting recommendations?

<i>Proposal</i>	Proposal Description	Board's Voting Recommendation
<i><u>Proposal 1: Election of Trustees</u></i>	The election of nine trustees to our Board	"FOR"
<i><u>Proposal 2: Advisory Vote on Executive Compensation</u></i>	The approval, on an advisory basis, of the compensation of our "named executive officers" (or "NEOs")	"FOR"
<i><u>Proposal 3: Ratification of the Appointment of Ernst & Young LLP</u></i>	The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2018	"FOR"

Who is entitled to vote at the annual meeting?

The close of business on March 12, 2018, is the record date for the annual meeting. Only holders of record of our common shares at the close of business on the record date are entitled to receive notice of, to attend and to vote at the annual meeting. Our common shares constitute the only class of securities entitled to vote at the meeting.

Table of Contents

What are the voting rights of shareholders?

Each common share outstanding on the record date entitles its holder to cast one vote on each matter to be voted on at the annual meeting.

Who can attend the annual meeting?

All holders of our common shares at the close of business on March 12, 2018, the record date for the annual meeting, or their duly appointed proxies, are authorized to attend the annual meeting. Admission to the meeting will be on a first-come, first-served basis. If you attend the meeting, you may be asked to present valid photo identification, such as a driver's license or passport, before being admitted. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in "street name" (that is, through a bank, broker or other nominee), you will need to bring a copy of the brokerage statement reflecting your share ownership as of March 12, 2018.

What will constitute a quorum at the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the common shares outstanding on March 12, 2018, will constitute a quorum, permitting the shareholders to conduct business at the meeting. We will include abstentions and broker non-votes in the calculation of the number of shares considered to be present at the meeting for purposes of determining the presence of a quorum at the meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner and does not have discretionary authority to vote the shares.

As of the March 12, 2018 record date, there were 83,599,742 common shares outstanding.

How do I vote?

If your shares are registered directly in your name with our transfer agent, Broadridge Corporate Issuer Solutions, Inc., you are considered the shareholder of record with respect to those shares and the Proxy Notice was sent directly to you by us. In that case, you may instruct the proxy holders named in the proxy card (the "Proxy Agents") how to vote your common shares in one of the following ways:

Vote online. You can access proxy materials and vote at www.proxyvote.com. To vote online, you must have the shareholder identification number provided in the Proxy Notice.

Vote by telephone. You also have the option to vote by telephone by calling 1-800-690-6903.

Vote by regular mail. If you received printed materials and would like to vote by mail, please mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided.

Proxies submitted over the internet, by telephone or by mail must be received by 11:59 p.m. EDT on Tuesday, May 8, 2018.

Table of Contents

If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Proxy Notice was forwarded to you by that organization. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. You should instruct your broker or nominee how to vote your shares by following the voting instructions provided by your broker or nominee. You may also attend the meeting and vote in person if you bring the required proxy, as discussed below.

How are proxy card votes counted?

If your proxy card is properly completed and submitted, and not subsequently revoked, it will be voted as directed by you. If the proxy is submitted but voting instructions are not made, the persons designated as proxy holders on the proxy card will vote **"FOR"** the election of all nominees for our Board named in this proxy statement; **"FOR"** the advisory vote on executive compensation; **"FOR"** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and as recommended by our Board with regard to any other matters that may properly come before the meeting, or, if no such recommendation is given, in the Board's own discretion. If the proxy is submitted and voting instructions are made for some, but not all, of the proposals, as to matters in which instructions are given, the proxy will be voted in accordance with those instructions, and for all other proposals, the proxy will be voted as described in the prior sentence.

If your common shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, under applicable rules of the New York Stock Exchange (the "NYSE") (the exchange on which our common shares are traded), the brokers will vote your shares according to the specific instructions they receive from you. If a broker that holds common shares for a beneficial owner does not receive voting instructions from that owner at least 10 days prior to the annual meeting, the broker may vote on the proposal only if it is considered a "routine" matter under the NYSE's rules. On non-routine matters, nominees do not have discretionary voting power and cannot vote without instructions from the beneficial owners, resulting in a so-called "broker non-vote." Pursuant to the rules of the NYSE, the election of trustees and the approval of the compensation of our named executive officers are "non-routine" matters, and a brokerage firm may not vote without instructions from its client on these matters, resulting in a broker non-vote. In contrast, ratification of the appointment of an independent registered public accounting firm is considered a "routine" matter under NYSE's rules, which means that a broker has discretionary voting authority to the extent it has not received voting instructions from its client on the matter.

If I plan to attend the annual meeting, should I still vote by proxy?

Yes. Voting in advance does not affect your right to attend the annual meeting. If you submit your proxy card and also attend the annual meeting, you do not need to vote again at the annual meeting unless you want to change your vote. Written ballots will be available at the meeting for shareholders of record. If you are not a shareholder of record but hold shares through a broker or nominee (i.e., in street name), you may vote your shares in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions prior to the meeting as described above so that your vote will be counted if you later decide not to attend the annual meeting.

Table of Contents

Will any other matters be voted on?

The proposals set forth in this proxy statement constitute the only business that the Board intends to present at the annual meeting. The proxy does, however, confer discretionary authority upon the persons designated as proxy holders on the proxy card, or their substitutes, to vote on any other business that may properly come before the meeting. If the annual meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy.

May I change or revoke my vote after I submit my proxy card?

Yes. You may revoke a previously granted proxy at any time before it is exercised by (i) delivering a written notice of revocation to our Secretary at 30 South Meridian Street, Suite 1100, Indianapolis, Indiana 46204, (ii) delivering a duly executed proxy bearing a later date to us or (iii) attending the meeting and voting in person. If your common shares are held by a broker, bank or any other persons holding common shares on your behalf, you must contact that institution to revoke a previously authorized proxy.

Who is soliciting the proxies and who pays the costs?

The enclosed proxy for the annual meeting is being solicited by the Board. Proxies also may be solicited, without additional compensation, by our trustees and officers by mail, telephone or other electronic means or in person. We are paying the costs of this solicitation, including the preparation, printing, mailing and website hosting of proxy materials. It is anticipated that banks, brokers and other custodians, nominees and fiduciaries will forward proxy materials to the beneficial owners of our common shares to obtain their voting instructions and that we will reimburse such persons for their out-of-pocket expenses.

You should rely only on the information provided in this proxy statement. We have not authorized anyone to provide you with different or additional information. You should not assume that the information in this proxy statement is accurate as of any date other than the date of this proxy statement or, where information relates to another date set forth in this proxy statement, then as of that date.

Table of Contents

PROPOSAL 1: ELECTION OF TRUSTEES

Our Board is currently comprised of nine trustees, each with terms expiring at the 2018 annual meeting. The nominees, all of whom are currently serving as trustees of the Company, have been recommended by our Board for re-election to serve as trustees for one-year terms until the 2019 annual meeting of shareholders and until their successors are duly elected and qualified.

NOMINEES FOR ELECTION AT THE 2018 ANNUAL MEETING

The nominees for election at the 2018 annual meeting are:

1. John A. Kite
2. William E. Bindley
3. Victor J. Coleman
4. Lee A. Daniels
5. Gerald W. Grupe
6. Christie B. Kelly
7. David R. O'Reilly
8. Barton R. Peterson
9. Charles H. Wurtzebach

Based on its review of the relationships between the trustee nominees and the Company, the Board has affirmatively determined that all of our trustee nominees except for Mr. John A. Kite are "independent" trustees under the rules of the NYSE.

The Board knows of no reason why any nominee would be unable to serve as a trustee. If any nominee is unavailable for election or service, the Board may designate a substitute nominee and the persons designated as proxy holders on the proxy card will vote for the substitute nominee recommended by the Board. Alternatively, the Board may, as permitted by our bylaws, decrease the size of our Board.

VOTE REQUIRED AND RECOMMENDATION

The affirmative vote of a majority of the votes cast at the annual meeting is necessary for the election of a trustee. For purposes of the election of trustees, a majority of the votes cast means that the number of votes cast "for" a trustee's election exceeds the number of votes cast "against" that trustee's election. Abstentions and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast and thus will have no effect on the result of the vote. There is no cumulative voting with respect to the election of trustees.

Pursuant to our corporate governance guidelines, if an incumbent trustee is not re-elected due to his or her failure to receive a majority of the votes cast in an uncontested election, the trustee will promptly offer to tender his or her resignation as a trustee, subject to acceptance by the Board. The Corporate Governance and Nominating Committee must make a recommendation to the Board as to whether to accept or reject such offer to resign or whether other action should be taken with respect to such offer to resign. The Board must publicly disclose within 90 days of certification of the shareholder vote its decision and rationale regarding whether to accept, reject or take other action with respect to such resignation offer. If any trustee's offer to resign is not accepted by the Board or

Table of Contents

if no action is taken with respect to such trustee's tendered resignation within the 90-day period, such trustee will continue to serve until his or her successor is elected and qualifies or his or her earlier resignation or removal. If any trustee's offer to resign is accepted by the Board, then such trustee will thereupon cease to be a trustee of the Company, and the Board, in its sole discretion, may fill the resulting vacancy or may decrease the size of the Board pursuant to the Company's bylaws.

**OUR BOARD OF TRUSTEES RECOMMENDS A VOTE "FOR" EACH OF THE
NOMINEES SET FORTH ABOVE.**

**TRUSTEE SELECTION PROCESS
QUALIFICATIONS**

The Board has adopted a policy to be used for considering potential trustee candidates to further the Corporate Governance and Nominating Committee's goal of ensuring that our Board consists of a diversified group of qualified individuals who function effectively as a group. The policy provides that qualifications and credentials for consideration as a trustee nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board. However, at a minimum, candidates for trustee must possess:

a high degree of integrity;

an ability to exercise sound judgment;

an ability to make independent analytical inquiries;

a willingness and ability to devote adequate time and resources to diligently perform Board duties; and

a reputation, both personal and professional, consistent with the image and reputation of the Company.

In addition to the aforementioned minimum qualifications, the Corporate Governance and Nominating Committee also believes that there are other qualities and skills that, while not a prerequisite for nomination, should be taken into account when considering whether to recommend a particular person. These factors include:

whether the person possesses specific expertise in the real estate industry and familiarity with general issues affecting the Company's business;

whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as defined by the Securities and Exchange Commission (the "SEC");

whether the person would qualify as an "independent" trustee under the NYSE's listing standards and our corporate governance guidelines;

the importance of continuity of the existing composition of the Board; and

the importance of a diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

IDENTIFICATION AND EVALUATION PROCESS

The Corporate Governance and Nominating Committee will seek to identify trustee candidates based on input provided by a number of sources, including (a) Corporate Governance and Nominating Committee members, (b) other members of the Board and (c) shareholders of the Company. The Corporate Governance and Nominating Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified trustee candidates; however, we do not currently employ a search firm or pay a fee to any third party to locate qualified trustee candidates.

As part of the identification process, the Corporate Governance and Nominating Committee will evaluate the skills, expertise and diversity possessed by the current Board and whether there are additional skills, expertise or diversity that should be added to complement the composition of the existing Board. The Corporate Governance and Nominating Committee may consult with other members of the Board in connection with the identification process. The Corporate Governance and Nominating Committee also will take into account the number of trustees expected to be elected at the next annual meeting and whether existing trustees have indicated a willingness to continue to serve as trustees if re-nominated. Once trustee candidates have been identified, the Corporate Governance and Nominating Committee will then evaluate each candidate in light of his or her qualifications and credentials and any additional factors that the Corporate Governance and Nominating Committee deems necessary or appropriate. Existing trustees who are being considered for re-nomination will be re-evaluated as part of the Corporate Governance and Nominating Committee's process of recommending trustee candidates. All candidates submitted by shareholders will be evaluated in the same manner as all other trustee candidates, provided that the procedures set forth in our bylaws have been followed.

After completing the identification and evaluation process described above, the Corporate Governance and Nominating Committee will recommend to the Board the nomination of a number of candidates equal to the number of trustee vacancies that will exist at the annual meeting of shareholders. The Board will then select the trustee nominees for shareholders to consider and vote upon at the shareholders' meeting.

SHAREHOLDER NOMINATIONS

For nominations for election to the Board by a shareholder, the shareholder must comply with the advance notice provisions and other requirements of Article II, Section 13 of our bylaws. These notice provisions require that the shareholder must have given timely notice thereof in writing to our Secretary. To be timely, a shareholder's notice must be delivered to our Secretary at our principal executive office not less than 90 days nor more than 120 days prior to the first anniversary of the date of mailing of the notice for the preceding year's annual meeting. In the event that the date of the mailing of the notice for the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the mailing of the notice for the preceding year's annual meeting, notice by the shareholder to be timely must be delivered not less than 90 days nor more than 120 days prior to the date of mailing of the notice for such annual meeting or the 10th day following the day on which public announcement of the date of mailing of the notice for such meeting is first made by us. The shareholder's notice must set forth:

as to each person that the shareholder proposes to nominate for election or reelection as a trustee: (a) the name, age, business address and residence address of such person, (b) the class and number of shares of beneficial interest of Kite Realty Group Trust that are beneficially owned or owned of record by such person and (c) all other information relating to

Table of Contents

such person that is required to be disclosed in solicitations of proxies for election of trustees in an election contest (even if an election contest is not involved) or is otherwise required pursuant to Regulation 14A (or any successor provision) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and

as to the shareholder giving the notice and each beneficial owner, if any, on whose behalf the nomination is made: (a) the name and address of such shareholder as they appear on our share ledger and current name and address, if different, of such beneficial owner, and (b) the class and number of shares of each class of beneficial interest of Kite Realty Group Trust that are owned beneficially and of record by such shareholder and owned beneficially by such beneficial owner.

INDEPENDENCE OF TRUSTEES

NYSE listing standards require NYSE-listed companies to have a majority of independent board members and a nominating/corporate governance committee, compensation committee and audit committee, each comprised solely of independent trustees. Under the NYSE listing standards, no trustee of a company qualifies as "independent" unless the board of trustees of the company affirmatively determines that the trustee has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with such company). In addition, the NYSE listing standards contain the following restrictions upon a listed company's trustee independence:

a trustee who is an employee or whose immediate family member is an executive officer of the listed company is not independent until three years after the end of such employment relationship;

a trustee who has received or has an immediate family member who has received during any twelve-month period within the last three years more than \$120,000 in direct compensation from the listed company, other than trustee and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent;

a trustee who is or whose immediate family member is a current partner of a firm that is the company's internal or external auditor is not independent; a trustee who is a current employee of such a firm is not independent; a trustee who has an immediate family member who is a current employee of such a firm and who personally works on the listed company's audit is not independent; and a trustee who was or whose immediate family member was, within the last three years (but is no longer), a partner or employee of such a firm and personally worked on the listed company's audit within that time is not independent;

a trustee who is employed or whose immediate family member is employed as an executive officer of another company where any of the listed company's present executive officers at the same time serve or served on the other company's compensation committee is not independent until three years after the end of such service or the employment relationship; and

a trustee who is an executive officer or an employee or whose immediate family member is an executive officer of another company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three

Table of Contents

fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, is not independent.

Our Board has evaluated the status of each trustee and has affirmatively determined, after considering all facts and circumstances, that each of our trustee nominees other than John A. Kite is "independent" as defined in the NYSE's listing standards. John A. Kite is not independent because he is an employee of the Company.

In making its independence determinations with respect to each trustee, the Board considered, among other things, relationships between the Company and its trustees and their immediate family members, as well as relationships among trustees and their immediate family members. The Board also considered an arrangement by which KMI Management, LLC ("KMI"), a company in which John A. Kite currently owns and Thomas K. McGowan previously owned direct or indirect interests, makes available to each trustee the use of an airplane owned by KMI on the same terms and conditions by which KMI makes the airplane available to our company for business-related travel and to third parties. During 2017, no trustee leased the use of the airplane. See "Certain Relationship and Related Party Transactions Contracts with KMI Management" for a description of the arrangement between our company and KMI.

TRUSTEE COMPENSATION

Under our trustee compensation program, for the 2017-2018 year of service, each non-employee trustee received the following annual compensation for his or her service as a trustee of our Company:

Retainer (Cash)	\$60,000
Equity (Common Shares)	\$100,000
Committee Member (Cash)	Additional \$7,500 to \$12,500
Committee Chair (Cash)	Additional \$15,000 to \$25,000
Lead Independent Trustee (Cash)	\$25,000

At the trustee's election, the cash retainer may be paid in deferred share units (described below) that are fully vested on the date of grant. The common share grants are subject to a one-year vesting period. In addition, each of our trustees received, and new trustees will receive, upon initial election to our Board, 750 restricted common shares that vest one year from the date of grant.

In 2006, the Board adopted the Trustee Deferred Compensation Plan (the "Trustee Plan"), which provides a deferred compensation arrangement for non-management trustees of the Company. Under the Trustee Plan, each non-management trustee may elect to defer eligible fee and retainer compensation until such time as the trustee's service on the Board is completed. Compensation that is deferred vests immediately and is credited as a number of deferred share units ("share units") to an individual account for each trustee. A share unit represents an unfunded right to receive one of the Company's common shares at a future date. Share units are credited with dividend equivalents to the extent dividends are paid on the Company's common shares.

In order to ensure that all non-management trustees hold meaningful equity ownership positions in the Company, our Board has established guidelines for non-management trustees regarding ownership of our common shares or units of limited partnership interest of Kite Realty Group, L.P. (our "Operating Partnership"). According to the guidelines in effect for the 2017-2018 service year,

Table of Contents

each non-management trustee was required to own common shares and/or units in an amount equal to at least five times the annual cash retainer paid to the trustees, to be achieved within five years of joining the Board.

The following table provides information on the compensation of our non-management trustees for the fiscal year ended December 31, 2017. Mr. Kite received no separate compensation for his service as a trustee of the Company. For information related to his compensation, please refer to the "Summary Compensation Table" included later in this document.

CORPORATE GOVERNANCE AND BOARD MATTERS

The business and affairs of the Company are managed under the direction of our Board, as provided by Maryland law, and the Company conducts its business through meetings of the Board and its three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee.

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our shareholders. Notable features of our corporate governance include:

89% Independent Trustees. *Eight of our nine trustees have been determined by us to be "independent" as defined by the NYSE listing standards.*

No Classified Board. *Our trustees are elected annually for one-year terms.*

Entirely Independent Committees. *All of the members of our Audit, Compensation and Corporate Governance and Nominating Committees are independent.*

No Poison Pill. *The Company does not have a "poison pill" or shareholder rights plan.*

Lead Independent Trustee. *We have a Lead Independent Trustee to strengthen the role of our independent trustees and encourage independent Board leadership.*

Opted Out of Maryland Anti-Takeover Statutes. *We have elected not to be subject to the Maryland Business Combination Statute and the Maryland Control Share Acquisition Statute.*

Majority Voting for Trustees. *Our trustees must be elected by a majority of votes cast in uncontested elections.*

No Significant Related Party Transactions. *We do not currently have any significant related party transactions and have robust related party transaction review and approval procedures.*

Share Ownership Guidelines. *Our share ownership guidelines require that our CEO and other named executive officers own shares or limited partnership units with an aggregate value of 10x and 3x or 2x base salary, respectively. All non-management trustees must hold shares or limited partnership units with an aggregate value of 5x their annual retainer, which ownership level must be obtained within 5 years of joining the Board.*

Anti-Hedging Policy. *Our anti-hedging policy prohibits our trustees, executives and employees from engaging in transactions designed to hedge against losses from their share ownership.*

Board Refreshment Policy. *Pursuant to our corporate governance guidelines, we actively evaluate each trustee on an annual basis to assess performance and ensure that fresh ideas and viewpoints are available to the Board. The average tenure of our current trustees is 6.4 years.*

BOARD LEADERSHIP STRUCTURE

CHAIRMAN

Mr. John A. Kite has served as Chairman of the Board since December 2008 and as our Chief Executive Officer and member of the Board since our initial public offering in 2004. Mr. Kite also served as our President from our initial public offering to December 2008.

Periodically, the Corporate Governance and Nominating Committee gives consideration to whether the combined role of the chairman and chief executive officer continues to be appropriate for our Company. The Corporate Governance and Nominating Committee, with the consensus of the other independent trustees, has concluded that Mr. Kite's extended tenure with our Company provides stable leadership that is beneficial to us and our shareholders. In particular, the Board recognizes that, given Mr. Kite's familiarity with our real estate properties and day-to-day operations and his long-standing experience with our Company, it is valuable to have him lead our board discussions.

LEAD TRUSTEE

To strengthen the role of our independent trustees and encourage independent Board leadership, our Board established the position of lead independent trustee in connection with our initial public offering in August 2004. Our lead independent trustee is selected on an annual basis by the Board from among the independent trustees. Mr. William E. Bindley currently serves as our lead independent trustee and has served in that capacity since our initial public offering in 2004. The role of the lead trustee, among other things, is to serve as liaison (i) between the Board and management, including the Chief Executive Officer, (ii) among independent trustees and (iii) between interested third parties and the Board. In addition, Mr. Bindley meets several times a year with Mr. Kite, our Chairman and Chief Executive Officer.

The Board believes that our lead independent trustee is effective in mitigating any potential conflict of interest that might arise from the combined chairman/chief executive officer position. In particular, the Board recognizes that the lead independent trustee is actively engaged in setting board agendas, meets regularly with our chief executive officer to stay apprised of the important aspects of our business and presides over executive sessions of the non-management trustees at least once each quarter.

EXECUTIVE SESSIONS OF NON-MANAGEMENT TRUSTEES

Pursuant to our corporate governance guidelines and the NYSE listing standards, in order to promote open discussion among non-management trustees, our Board devotes a portion of each regularly scheduled board meeting to executive sessions without management participation. The lead trustee presides at these sessions. In addition, our corporate governance guidelines provide that if the group of non-management trustees includes trustees who are not independent, as defined in the NYSE's listing standards, at least one such executive session convened per year shall include only independent trustees.

BOARD MEETINGS

During 2017, the Board met four times, including telephonic meetings. Each trustee attended at least 75% of meetings of the Board and applicable committees on which he or she served during his or her period of service. Trustees are expected to attend, in person or by telephone, all Board meetings and meetings of committees on which they serve. In addition, pursuant to our corporate governance

Table of Contents

guidelines, trustees are expected to attend the Company's annual meeting of shareholders. Last year, eight of our nine trustees attended the annual meeting of shareholders. One trustee was not able to attend due to an unavoidable conflict.

BOARD COMMITTEES

The Board has a standing Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee. All members of the committees described below are "independent" of the Company as that term is defined in the NYSE's listing standards.

All of the members of the Audit Committee meet the foregoing requirements. The Board has determined that each of Christie B. Kelly, David R. O'Reilly and Dr. Charles H. At the beginning of each year, the Compensation Committee evaluates the components of each executive officer's total compensation. The Chief Executive Officer may make compensation recommendations to the Compensation Committee with respect to the executive officers who report to him. The Compensation Committee may accept or reject such recommendations and also makes the sole determination of the compensation for the Chief Executive Officer.

The Compensation Committee utilizes, from time to time, the services of a compensation consultant or other advisor after taking into consideration all factors relevant to the independence from management of such compensation consultant or other advisor. The Compensation Committee is directly responsible for the appointment, compensation, and oversight of the work of any compensation consultant or other advisor retained by the Compensation Committee.

Since 2015, the Compensation Committee has engaged FTI Consulting, Inc. ("FTI Consulting"), a nationally recognized consulting firm, to comprehensively review the Company's compensation policies for its executive officers, to advise the Compensation Committee and to provide recommendations regarding various compensation decisions to be made by the Compensation Committee. The Compensation Committee takes these recommendations into account in making base salary determinations and incentive compensation awards to its executive officers and maintaining an incentive plan for the Company's executive officers and other employees.

BOARD'S ROLE IN RISK OVERSIGHT

One of our Board's important roles is to oversee various risks that we may face from time to time. While the full Board has primary responsibility for risk oversight, it relies on its committees, as appropriate, to monitor and address the risks that may be within the scope of a particular committee's expertise or charter. For example, the Audit Committee oversees the preparation and filing of our financial statements, compliance with legal and regulatory requirements and the performance of our internal audit function. The Board believes that the composition of its committees and the distribution of the particular expertise of each committee's members make this an appropriate structure to more effectively monitor these risks.

An important feature of the Board's risk oversight function is to receive periodic updates from its committees and members of management, as appropriate. Each of the three standing committees addresses risks specific to its respective area of oversight as follows:

Edgar Filing: KITE REALTY GROUP TRUST - Form DEF 14A

Audit Committee: The Audit Committee, which meets at least quarterly and reports its findings to the Board, performs a lead role in helping our Board fulfill its responsibilities for oversight of our financial reporting, internal audit function, risk management and compliance with legal and regulatory requirements. Our Audit Committee reviews periodic reports from our independent registered public accounting firm regarding potential risks, including risks related to our

Table of Contents

internal controls. Our Audit Committee also annually reviews, approves and oversees an internal audit plan developed by our internal auditing personnel with the goal of helping us systematically evaluate the effectiveness of our risk management, control and governance processes; periodically meets with our internal auditing personnel to review the results of our internal audits; and directs or recommends to the Board actions or changes it determines appropriate to enhance or improve the effectiveness of our risk management.

Compensation Committee: The Compensation Committee, in consultation with the Company's executive officers, reviews the Company's policies and procedures with respect to risk assessment and risk management for compensating all employees of the Company, including non-executive employees, on an annual basis and periodically reports its findings to the Board. The Compensation Committee does not believe there are any risks from the Company's compensation policies and practices for its employees that are reasonably likely to have a material adverse effect on the Company.

Nominating and Corporate Governance Committee: The Nominating and Corporate Governance Committee monitors the general operations of the Board and the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct.

In addition to getting direct information on risk management from its committees, the Board receives regular updates directly from members of executive management. In particular, due to his executive management position, Mr. Kite frequently communicates with other members of our management and periodically updates the Board on the important aspects of the Company's day-to-day operations. The Board also receives regular updates from the Company's General Counsel and outside counsel regarding legal and regulatory developments and policies and mitigation plans intended to address the related risks. Mr. Kite meets or speaks by telephone individually with each of the trustees on at least an annual basis and several times each year with the lead independent trustee. Other members of management also have direct access to the chairperson of each Board committee and our lead independent trustee.

COMMITTEE CHARTERS AND CORPORATE GOVERNANCE DOCUMENTS

Our Board maintains charters for all Board committees and has adopted a written set of corporate governance guidelines, a code of business conduct and ethics and a code of ethics for our principal executive officers and senior financial officers. Our committee charters, corporate governance guidelines, code of business conduct and ethics and code of ethics are available on our website at www.kiterealty.com. Each of these documents is also available in print to any shareholder who sends a written request to such effect to Investor Relations, Kite Realty Group Trust, 30 South Meridian Street, Suite 1100, Indianapolis, Indiana 46204.

COMMUNICATIONS WITH THE BOARD

Shareholders and other interested parties may communicate with the Board by communicating directly with the presiding lead independent trustee by sending any correspondence they may have in writing to the "Lead Trustee" c/o the Corporate Secretary of Kite Realty Group Trust, 30 South Meridian Street, Suite 1100, Indianapolis, Indiana 46204, who will then directly forward such correspondence to the lead trustee. The lead trustee will decide what action, if any, should be taken with respect to the communication, including whether such communication should be reported to the Board.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee of our Board are William E. Bindley (chairman), Victor J. Coleman, and David R. O'Reilly, each of whom is an independent trustee. None of our named executive officers served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or the Compensation Committee. Accordingly, during 2017, there were no interlocks with other companies within the meaning of the SEC's proxy rules.

RESPONSE TO EXPECTED RECOMMENDATION OF INSTITUTIONAL SHAREHOLDER SERVICES ("ISS")

Consistent with Maryland law, our declaration of trust states that only the Board may amend our bylaws. This has been the case since our initial public offering in 2004. Over the course of the last 14 years as a publicly traded company, none of our shareholders has ever initiated a conversation with us on this topic or asked us to make any changes to our organizational documents with respect to this issue.

Prior to our 2017 annual meeting of shareholders, ISS adopted a new policy under which it generally recommends against members of a company's governance committee if the company does not grant to its shareholders the unilateral right to amend its bylaws. As a result of this new policy, ISS recommended against our incumbent corporate governance committee members for our 2017 trustee elections.

The majority of our shareholders rejected ISS's recommendation and voted in favor of our governance committee members. Each member received more than 76% of the votes cast.

Since that vote, we have not received any complaints from shareholders regarding our corporate governance, either generally or specific to ISS's new policy on bylaw amendments. In connection with preparing this proxy statement, we contacted our two largest shareholders, who together own more than 33% of our common shares, to affirmatively seek their feedback. Both shareholders accepted our invitations. During our subsequent teleconferences, both shareholders stated that they generally support giving shareholders the right to amend a company's bylaws but that they do not follow ISS's policy of voting against incumbent trustees where a company's legacy organizational documents do not already grant shareholders this right.

Based on this feedback and the 2017 shareholder vote, the Board decided not to propose any changes to our declaration of trust to address ISS's bylaw amendment policy at this time. We continue to pride ourselves on our strong corporate governance principles, and we will continue to regularly assess our practices in light of market developments and shareholder preferences.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are presenting this proposal, commonly known as a "say-on-pay" proposal, to provide shareholders the opportunity to vote to approve on a non-binding advisory basis the compensation of our NEOs as described in this proxy statement.

We believe our executive compensation policies and procedures are centered on pay-for-performance principles and are closely aligned with the long-term interests of our shareholders. As described under the heading "Compensation Discussion and Analysis," our executive compensation program is designed to attract and retain outstanding executives, to reward them for superior performance and to ensure that compensation provided to them remains competitive. We seek to align the interests of our executives and shareholders by tying compensation to the achievement of key operating objectives that we believe enhance shareholder value over the long term and by encouraging executive share ownership so that a portion of each executive's compensation is tied directly to shareholder value.

For these reasons, we are recommending that our shareholders vote "FOR" the following resolution:

"RESOLVED, that the shareholders hereby approve the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narrative executive compensation disclosure contained in this proxy statement."

While the vote on this resolution is advisory in nature and therefore will not bind us to take any particular action, our Board intends to carefully consider the shareholder vote resulting from the proposal in making future decisions regarding the compensation of our NEOs.

VOTE REQUIRED AND RECOMMENDATION

The affirmative vote of a majority of the votes cast at the annual meeting with respect to the matter is required to endorse (on a non-binding advisory basis) the compensation of our named executive officers. For purposes of the vote on this proposal, abstentions and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast and will have no effect on the result of the vote.

OUR BOARD OF TRUSTEES RECOMMENDS A VOTE "FOR" APPROVAL OF THE ADVISORY RESOLUTION DESCRIBED ABOVE.

COMPENSATION DISCUSSION AND ANALYSIS HIGHLIGHTS

Operationally, 2017 was another strong year. Same-property net operating income ("NOI") continued to climb. Occupancy remained steady, with a solid increase in small shop leased percentage. And our balance sheet remained strong. Consider the following:

2017 Operational Achievements

- ü Realized net income attributable to common shareholders of \$11.9 million for the year;
- ü Increased same-property NOI by 3.2%, excluding the impact of our redevelop, repurpose and reposition program (the "3-R" program), or by 2.9% when including this short-term impact;
- ü Improved our average base rent ("ABR") to \$16.32 per square foot from \$15.78 last year a 3.4% increase;
- ü Increased our annual dividend by 5.0% at the end of 2017;
- ü Maintained a strong retail leased percentage of 94.8%;
- ü Increased our small-shop leased percentage to 90.5% exceeding our stated 90% goal one year earlier than predicted;
- ü Prudently recycled \$78 million in capital by selling lower quality, non-core assets, using \$23.5 million in proceeds to generate 12.3% average returns through our 3-R program and using the remaining proceeds to pay down debt;
- ü Executed over 2.3 million square feet of new and renewal leases for 393 individual spaces;
- ü Generated solid lease spreads of 23% for new leases and 6.6% for renewals, for a blended rate of 9%;
- ü Implemented fixed CAM initiative and increased proportion of enrolled portfolio to 20%;
- ü Opened 147 new tenants, focusing on high-quality omnichannel, experiential, restaurant, and service-based tenants;
- ü Continued top-tier efficiency metrics;
- ü Extended our debt maturities so that only \$82.4 million is due before the end of 2020;

Edgar Filing: KITE REALTY GROUP TRUST - Form DEF 14A

ü

Maintained debt coverage ratio of 3.5x;

ü

Achieved floating rate debt exposure of only 8%; and

ü

Maintained investment-grade debt ratings.

Please see "Special Note Regarding Non-GAAP Financial Measures" below for information regarding the performance metrics described above.

Table of Contents

These operational accomplishments played an important role in the Compensation Committee's decisions for 2017. We made our compensation decisions for 2017 based on a desire to encourage our NEOs to continue to focus on operational metrics, improving the portfolio, reducing debt, and growing free cash flow. We strongly believe that, over time, accomplishing these goals will drive the Company's share price upward, position the Company to continue to increase its dividend, and ultimately generate positive total shareholder return ("TSR"). Moreover, we recognize that the compensation actually realized by our executive officers in the coming years will reflect the Company's absolute and relative TSR due to the performance measures built into our performance-based equity awards.

With these goals firmly in mind, we note the following compensation-related highlights for 2017:

2017 Compensation Highlights

ii Communicated during 2017 with our largest institutional shareholders to gather feedback on our executive compensation practices.

ii Awarded short-term incentive compensation pursuant to an objective, formula-based plan with pre-established rigorous performance metrics. The following table reflects Mr. Kite's cash incentives presented based on the maximum potential payout that could be earned under the program during the past three years. As demonstrated below, the Company uses rigorous performance hurdles that have resulted in a payout between 58% and 63% of his potential payout.

Performance Year	Potential Maximum Cash Bonus	Actual Payout	
		% of Maximum Potential	Amount
2017	\$ 1,812,500	63%	\$ 1,150,817
2016	\$ 1,750,000	57%	\$ 990,500
2015	\$ 1,750,000	58%	\$ 1,006,250

ii Applied an executive compensation program reflecting a pay-for-performance structure where the significant majority of the total compensation during 2017 for our NEOs was tied to operational results or TSR and was therefore at risk, as illustrated below.*

* Amounts are based on the Summary Compensation Table on page 45.

Table of Contents

- ii Approved grants of restricted shares that vest over three years and are subject to additional three-year no-sell provisions.
- ii Continued to demonstrate pay-for-performance alignment with our shareholders evident by the fact both of the performance-based equity programs with measurement periods ending in 2017 (the 2014 Outperformance Plan ("OPP") and the 2015 annual performance share units ("PSUs") concluded with no value being earned.
- ii Adopted a compensation clawback policy in March 2017.

COMPENSATION PHILOSOPHY AND OBJECTIVES

Our compensation program is designed to attract and retain outstanding senior executives, ensure that compensation provided to them remains competitive relative to the compensation paid to similarly-situated senior executives at comparable publicly traded REITs, and reward them for superior performance. The program is designed to reward both short- and long-term performance and to align our senior executives' and shareholders' interests. To that end, we believe the compensation packages we provide to our NEOs should include both cash and share-based incentive compensation that reward performance as measured, in large part, against corporate and individual goals that will enhance shareholder value over the long term.

We believe the overall compensation of our senior executives primarily should reflect their accomplishments as a management team in achieving established key operating objectives. We also believe the achievement of these key objectives will ultimately enhance shareholder value as reflected in an increased market price of our shares. We believe the compensation of our senior executives should not be based on the short-term performance of our shares, whether favorable or unfavorable. In this regard, the restricted common shares historically granted to our senior executives vest over a service period ranging from three to five years, and certain grants included a "no-sell" restriction prohibiting the executive officers from transferring or disposing of the shares for a specified period after the award vests, except to the extent necessary to satisfy tax obligations. We believe the long-term price of our shares will reflect our operating performance, which is indicative of the management of our company by our senior executives. Our senior executives also are subject to the downside risk of a decrease in the value of their compensation in the event the price of our common shares declines.

Compensation and Governance Practices Aligned with Shareholder Best Practices

ii

Majority Voting for Uncontested Trustee Elections. *Enacted in response to a shareholder request.*

ii

Share Ownership Guidelines. *Require that our CEO own shares with an aggregate value of 10x base salary and that our other NEOs own shares with an aggregate value of 3x or 2x base salary.*

ii

Anti-Hedging Policy. *Prohibits our trustees, executives and employees from engaging in transactions designed to hedge against losses from their share ownership.*

ii

Formulaic Short-Term Incentive Plan. *Grants of short-term incentive compensation are based on the achievement of pre-established targets and performance metrics.*

ii

Linked Long-Term Incentive Compensation to TSR. *Grants of PSUs that will be earned over a three-year period based on absolute and relative TSR.*

ii

Long Vesting Periods. *We generally make our executive equity awards subject to a vesting period of at least three years and additional post-vesting holding or no-sell periods.*

ii

Employ a Clawback Policy. *Adopted a policy applicable to our NEOs that allows for the recoupment of incentive awards under certain circumstances.*

For more information related to the processes and procedures of the Compensation Committee in determining the compensation for our NEOs, including the role of any NEO in this process, see "Information Regarding Corporate Governance and Board and Committee Meetings Board Committees Compensation Committee," above.

Table of Contents

Consistent with our overall philosophy and objectives, certain compensation practices we follow and those that we avoid are as follows:

What we do

Pay for performance. *We place a heavy emphasis on performance-based compensation to align our executives' and shareholders' interests.*

Share Ownership Guidelines. *In order to further align our executives' and shareholders' interests, our share ownership guidelines require our CEO and other NEOs to own shares or limited partnership units with an aggregate value of 10x and 3x or 2x base salary, respectively.*

Double Trigger Severance. *Under our executives' employment agreements, a "change in control," by itself, is not sufficient to trigger severance and equity acceleration it must also be accompanied by a qualifying termination.*

Independent Compensation Consultant. *The Compensation Committee has retained FTI Consulting, a nationally recognized compensation consulting firm, to review and provide recommendations regarding our executive compensation program.*

Compensation Risk Assessment. *The Compensation Committee conducts a compensation risk assessment to ensure that our executive compensation program does not encourage excessively risky behaviors.*

Annual Say on Pay Vote. *We ask our shareholders to vote on our executive compensation practices on a yearly basis.*

Clawback Policy. *We proactively adopted a clawback policy consistent with proposed Rule 10D-1 of the Exchange Act. The policy is applicable to all of our executive officers.*

Equity in Lieu of Cash. *We provide our executives the option to receive 50% of their short-term incentive compensation in restricted shares, and we provide an equity match award of up to 20% to encourage our executives to do so.*

What we don't do

No Excess Perquisites. *We do not provide any supplemental executive retirement plans, company cars, club memberships or other significant perquisites.*

No Tax Gross Ups. *Our executives are not entitled to gross-up payments in the event they are required to pay excise taxes upon a change in control.*

No Hedging. *Our anti-hedging policy prohibits our executives from engaging in transactions designed to hedge against losses from their share ownership.*

No Single Trigger Severance. *Our executives are not entitled to severance or equity acceleration upon the occurrence of a change in control, by itself, in the absence of a qualifying termination.*

No Executive Retirement or Health Benefits. *Our executive officers participate in the same retirement and health plans as our other employees.*

No Dividends on Unearned Performance Awards. *Our executive officers are not entitled to any dividends or distributions on unearned equity awards subject to performance-based vesting criteria.*

RESULTS OF 2017 ADVISORY VOTES ON EXECUTIVE COMPENSATION

In establishing and recommending compensation for 2017 performance for our NEOs, the Compensation Committee reviewed the results of the vote on the non-binding resolution to approve the 2016 compensation of our NEOs at our 2017 annual meeting of shareholders. Prior to the 2017 annual meeting, we reached out to our largest institutional shareholders to discuss our compensation practices and corporate governance issues. These shareholders did not raise any concerns with respect to either topic. The absence of such concerns was further reflected in the vote at our 2017 annual meeting, where approximately 96.6% of the shares voted were voted in support of the compensation paid to our NEOs for 2016.

Based on the results of the non-binding shareholder advisory vote on the frequency of shareholder votes on executive compensation at our 2017 annual meeting of shareholders, the Compensation Committee and the Board determined that shareholder advisory votes on the compensation of NEOs will take place every year, until and unless our shareholders vote to hold such advisory votes with a different frequency, at which time our Board will carefully consider the shareholder vote resulting from the proposal and continue to evaluate the options for how frequently we hold "say-on-pay" votes.

COMPENSATION CONSULTANT

The Compensation Committee has engaged FTI Consulting to serve as the Compensation Committee's compensation consultant and to provide recommendations regarding various compensation decisions to be made by the Compensation Committee. The Compensation Committee took FTI Consulting's recommendations into account in making base salary determinations and incentive compensation awards to our NEOs.

Table of Contents**PEER GROUP AND BENCHMARKING**

In making compensation decisions, the Compensation Committee compares the Company's compensation programs and performance to certain peer group companies. For compensation decisions made in 2017 and early 2018 with respect to fiscal year 2017 performance, the Compensation Committee, with the assistance of FTI Consulting, used a peer group consisting of the following companies:

Peer Median (Excluding KRG)	2,347.2	3,948.9				

As of 11/14/17

Our peer group is designed to include REITs that invest in shopping center assets and select regional malls. Our peer group remained unchanged from 2016, except for the removal of Equity One, Inc., which merged into Regency Centers Corporation; the removal of Regency Centers Corporation, which was no longer of comparable size following such merger; and the addition of Agree Realty Corporation, which is a retail REIT that is comparable in terms of implied market capitalization and enterprise value.

Although the Compensation Committee uses peer group data to guide its review of our NEOs' total compensation and generally reviews the compensation data of the peer group and industry to understand market competitive compensation, the Compensation Committee does not benchmark compensation to a specific percentage of the compensation of this comparative group or otherwise apply a formula or assign this comparative group a relative weight.

COMPONENTS OF EXECUTIVE COMPENSATION

This section describes the three components of compensation that form the basis for the Compensation Committee's compensation decisions related to the 2017 performance of our NEOs base salaries, short-term incentive compensation and share-based incentive compensation awards. This section also discusses why we pay each component and the methodology the Compensation Committee used to determine the amounts to pay to each.

Table of Contents**BASE SALARIES**

Base salaries are intended to provide our NEOs with a fixed and certain amount of compensation for services provided. The Compensation Committee determines the base salary level of our NEOs by evaluating, among other things, the responsibilities of the position held, the experience of the individual and the average base salaries of similarly situated employees in the Company's peer group. Base salaries for our NEOs typically are established in the first quarter of the year. The Compensation Committee reviewed base salaries in the first quarter of 2017 and decided to increase them as reflected in the table below to bring them more in line with the Company's peers.

Named Executive Officer	Base Salary		
	2016	2017	Percentage Change (from 2016 to 2017)
John A. Kite	\$ 700,000	\$ 725,000	3.6%
Thomas K. McGowan	\$ 450,000	\$ 465,000	3.3%
Daniel R. Sink	\$ 400,000	\$ 415,000	3.8%
Scott E. Murray	\$ 335,000	\$ 365,000	9.0%

Each of our NEOs has an employment agreement with us. Each employment agreement prohibits the NEO's base salary from being reduced by us during the term of the agreement without the applicable executive's consent. Thus, each NEO's prior year's salary effectively serves as a minimum requirement for the NEO's salary for the ensuing year. The Compensation Committee has complete discretion to determine whether an increase in a NEO's base salary is merited. Future adjustments, if any, to the NEOs' base salaries will be in the sole discretion of the Compensation Committee.

SHORT-TERM INCENTIVE COMPENSATION

The Compensation Committee awards executives with annual short-term incentive compensation as a means to motivate and reward our NEOs. In February 2017, the Compensation Committee approved targets and performance metrics to evaluate 2017 performance using a formulaic approach. In February 2018, the Compensation Committee approved short-term incentive compensation for our NEOs based on these targets and metrics. Award determinations with respect

to 2017 were based on the achievement of the following objective corporate performance metrics and a subjective assessment of each individual executive's performance, weighted as indicated:

PERFORMANCE CRITERIA	WEIGHTING	RATIONALE FOR INCLUDING IN PLAN
Funds From Operations ("FFO") per share, as adjusted	25%	Encourages focus on profitability as measured by the most frequently referenced REIT earnings measure; assigned highest weight because the Compensation Committee believes that our NEOs are principally accountable for the Company's financial performance as a whole
Same-property NOI growth (excluding redevelopment)	20%	Encourages focus on internal growth of existing portfolio as measured by a metric widely used by investors to compare the Company to its peers; assigned the second highest weight because it can be an indicator of how effectively the Company is managing its properties
Leverage (net debt to adjusted EBITDA ratio)	15%	Encourages focus on growth of the existing portfolio while maintaining leverage within acceptable levels; the Board has encouraged management to reduce leverage to improve the Company's ability to weather economic challenges and because the Board believes that public companies with lower leverage are viewed more favorably compared to higher leveraged companies
Portfolio lease percentage	10%	Seeks to reward executives for maintaining high occupancy levels
Number of 3-R project starts	10%	Seeks to reward executives for implementing the Company's 3-R initiative, which the Compensation Committee believes will help to drive both occupancy and same-property NOI
Individual performance objectives	20%	Represents the executive's success in fulfilling his or her responsibilities to the Company and in executing the Company's strategic business plan

In February 2017, the Compensation Committee established threshold, target and outperformance values for each of the foregoing corporate performance metrics. The target levels were consistent with published guidance or, for metrics for which public guidance was not provided, the Company's strategic plan. For 2017, each of our NEOs was eligible to receive a short-term incentive

compensation award at the threshold, target or outperformance level equal to the following percentages of his annual base salary:

Named Executive Officer	Threshold	% of Base Salary	
		Target	Outperformance
John A. Kite	75%	125%	250%
Thomas K. McGowan	45%	75%	150%
Daniel R. Sink	45%	75%	150%
Scott E. Murray	45%	75%	150%

In reviewing Company performance, the Compensation Committee compared our 2017 results under each of the above performance criteria to the following ranges:

Factor	Threshold	Target	Outperformance	Actual Results
2017 FFO (per diluted common share)	\$2.00	\$2.03	\$2.06	\$2.05 per diluted common share (adjusted for dispositions)
Same-property NOI growth	2.0%	2.5%	3.0%	2.9%
Leverage (net debt to adjusted EBITDA)	7.0x	6.75x	6.5x	6.92x
Portfolio lease percentage	94.5%	95.0%	96.0%	94.8%
Number of 3-R project starts	3	5	7	5

The Compensation Committee set the above ranges based on recommendations by our executive officers and subsequent review with the Company's independent compensation consultant. The target ranges for both per share FFO and same-property NOI growth were consistent with the Company's disclosed guidance at the time they were set. We note that the FFO target for 2017 (\$2.03) was slightly lower than 2016 actual results (\$2.07) because the Company expected to sell in 2017 and ultimately sold certain non-core properties, which diluted FFO and justified a year-over-year decrease in the target. Similarly, we note that the same-property NOI growth target for 2017 (2.5%) was slightly lower than 2016 actual results (2.9%) due to the projected disruption in the retail environment, which could include additional tenant bankruptcies, slower tenant growth, and other items outside of management's control. The target for portfolio lease percentage remained flat from 2016 to 2017 because the Compensation Committee believed that the Company was nearing maximum occupancy and that management would therefore be focusing more on retaining tenants and replacing unexpected vacancies rather than increasing occupancy.

The Compensation Committee ultimately applied the above ranges when making short-term incentive compensation determinations in February 2018 with respect to its evaluation of our NEOs' 2017 performance. With respect to FFO, we note that, when it initially set the 2017 FFO target, the Compensation Committee noted that the target's high relative weight could serve as a disincentive for management to sell assets and reduce leverage because any asset sales beyond those built into the Company model would necessarily dilute FFO and cause the Company to miss its FFO target. To avoid creating such a disincentive, the Compensation Committee included language in the resolution setting the FFO target stating that the Company's FFO performance would be adjusted to

Table of Contents

reflect any property sales in excess of those assumed in the Company's base model. Because the Company ultimately sold approximately \$23 million more in operating properties for 2017 than had been assumed in its base model, the Compensation Committee adjusted the Company's FFO performance to omit \$0.01 of FFO dilution caused by these excess sales.

With respect to the individual performance component of the short-term incentive compensation determination, the Compensation Committee concluded that each NEO merited a target performance rating, based on the combination of strong operational performance and sensitivity to our short-term TSR performance. While the management team had significant operational accomplishments, the Compensation Committee, in consultation with FTI Consulting, determined that the individual performance awards should be set at no greater than target level. The Compensation Committee considered that our executive officers accomplished the following achievements in making this determination:

Increased ABR to \$16.32 per square foot for the Company's retail portfolio;

Generated solid lease spreads of 23% for new leases and 6.6% for renewals, for a blended rate of 9%;

Sold \$78 million of lower quality assets at attractive cap rates to increase overall portfolio metrics while reducing debt;

Strengthened the Company's balance sheet by generating liquidity of \$398 million, extending weighted average debt maturity to 5.5 years and reducing maturities due through 2020 to only \$82.4 million;

Exceeded the Company's small shop leased percentage goal of 90% by reaching 90.5% at the end of 2017;

Maintained the Company's top-tier NOI margin and expense recovery ratios, both of which are near the high of the Company's 13-year history as a public company;

Continued implementing the Company's 3-R program, completing seven projects during 2017 at a total cost of \$23.5 million and a projected annual return of 12.3%, with approximately \$71-\$77 million in 3-R projects under construction at expected annual returns of 8-9%; and

Opened 147 tenants in 2017, focusing on high-quality omnichannel, experiential, restaurant, and service-based tenants.

The Compensation Committee also considered the input of Mr. Kite when assessing the individual performance component with respect to Messrs. McGowan, Sink and Murray, principally because the Compensation Committee believes that Mr. Kite's input is valuable given his knowledge of our operations, the day-to-day responsibilities and performance of our other NEOs, the real estate industry generally and the markets in which we operate.

Table of Contents

When evaluating each NEO's individual performance, the Compensation Committee also considered the Company's TSR, both on an absolute basis and as compared to our peers. After extensive consideration and in consultation with FTI Consulting, the Compensation Committee concluded that:

the Company's recent TSR has been driven by a number of factors, many of which are outside of management's control, including the overall perception of the physical retail environment, an increase in tenant bankruptcies, and recent and anticipated store closures;

short-term TSR should not completely override management's accomplishments with respect to concrete operational objectives, which the Compensation Committee believes will ultimately drive long-term TSR and value;

management should be rewarded for positioning the Company to increase its quarterly dividend, which, comparing the quarterly dividend for the first quarter of 2015 to the first quarter of 2018, has grown at a 6.9% compound annual growth rate, providing tangible economic value to the Company's long-term shareholders; and

the effect of the Company's absolute and relative TSR will be significantly reflected in the value of the outstanding OPP and PSU awards each of which could decrease to \$0 based on relative and absolute TSR thresholds.

Based on the above formulas, the Company's actual results and the Compensation Committee's assessment of each NEO's performance, the following short-term incentive compensation was awarded. The awards were denominated in dollars and paid in cash with an option for each executive officer to receive a portion of the short-term incentive compensation in restricted common shares:

Named Executive Officer	2017 Year End Short-Term Incentive Compensation	% of 2017 Base Salary	2016 Year End Short-Term Incentive Compensation	% of 2016 Base Salary
John A. Kite	\$ 1,150,817	159%	\$ 990,500	142%
Thomas K. McGowan	\$ 442,866	95%	\$ 382,050	85%

The Compensation Committee determined that each officer would be given the option to receive up to 50% of his short-term incentive compensation in restricted common shares, which would vest ratably over three years. To further align the interests of the NEOs with the interests of shareholders and to encourage them to take a long-term view of performance, the Compensation Committee determined that the Company would match an officer's election with additional restricted common shares by up to 20%, depending on the extent to which he elected to receive restricted common shares (i.e., up to an additional 20% in restricted common shares could be awarded). These additional restricted common shares, if any (the "Company match award"), would vest ratably over three years. None of our NEOs elected to take the Company match award for 2017.

Table of Contents**SHARE-BASED INCENTIVE COMPENSATION AWARDS**

All share-based compensation awards to NEOs are granted by the Compensation Committee. The Compensation Committee awarded share-based incentive compensation because it believes such compensation aligns the interests of our senior executives with those of our shareholders, consistent with our pay-for-performance philosophy. For 2017, our equity compensation program was bifurcated into two components (the majority of which vests based on objective Company performance metrics) as follows:

PSUs (performance-based): Provides incentive to achieve long-term, objective goals and relative share performance as compared to our shopping center peers

Time-Based Restricted Awards: Promotes the retention of our executives over a multi-year vesting period, plus a three-year holding period following the vesting date

60% Core LTI Compensation

40% Core LTI Compensation

During the first few months of each year, the Compensation Committee typically reviews the prior year's performance of our NEOs and the Company, both on an absolute basis and relative to our peers, and determines whether to make share-based incentive compensation awards to our NEOs. The grant date of such awards is established when the Compensation Committee approves the grant and all key terms have been determined. In some cases, the Compensation Committee may select a future date as the grant date, so that the effective date of the grant is after the release of an earnings announcement or other material news.

Annual Equity Incentive Awards for 2017 Performance. For its 2017 annual equity incentive awards, the Compensation Committee awarded PSUs that may be earned based on relative and absolute TSR over a three-year period and set targets for time-based awards to be determined at the end of the year.

The Compensation Committee approved target long-term incentive values at approximately the same cumulative amount as 2016, allocating 60% to PSUs and 40% to time-based share awards. The Compensation Committee set the following targets for each NEO:

Named Executive Officer	Total Target Value	=	Target PSU Value	+	Target Time-Based Award Value
John A. Kite	\$ 1,700,000	=	\$ 1,020,000	+	\$ 680,000
Thomas K. McGowan	\$ 700,000	=	\$ 420,000	+	\$ 280,000
Daniel R. Sink	\$ 560,000	=	\$ 336,000	+	\$ 224,000
Scott E. Murray	\$ 500,000	=	\$ 300,000	+	\$ 200,000

PSU Awards. The above-referenced PSUs may be earned over a three-year performance period from January 1, 2017, to December 31, 2019. One half of the target PSUs is subject to an absolute

Table of Contents

TSR requirement. For the NEOs to earn any portion of these "Absolute TSR PSUs," the Company must satisfy the following absolute TSR hurdles for the three-year period:

	Absolute TSR Hurdles (%)	Percentage of Total Target PSUs Earned
Threshold	18%	25%
Target	24%	50%
Maximum	36%	100%

If the Company's absolute TSR is less than the threshold set forth in the table above, then no Absolute TSR PSUs will be earned. If the Company's absolute TSR falls between the applicable hurdles, then the number of Absolute TSR PSUs earned will be determined based on linear interpolation.

The other half of the target PSUs is subject to a relative TSR requirement. For the NEOs to earn any portion of these "Relative TSR PSUs," the Company must satisfy the following relative TSR hurdles for the three-year period, as measured against the fifteen companies listed as the Company's compensation peer group in its 2017 proxy statement:

	Relative TSR Hurdles (Percentile)	Percentage of Total Target PSUs Earned
Threshold	30th	25%
Target	50th	50%
Maximum	80th	100%

If the Company's relative TSR percentile is less than the threshold set forth in the table above, then no Relative TSR PSUs will be earned. If the Company's relative TSR percentile falls between the applicable hurdles, then the number of Relative TSR PSUs earned will be determined based on linear interpolation.

The maximum number of PSUs earned (including the Absolute TSR PSUs and the Relative TSR PSUs) cannot exceed 200% of the target PSUs granted. Any PSUs earned at the end of the three-year period will be fully vested.

Time-Based Award Targets and Awards. The Compensation Committee set time-based equity incentive award targets equal to 40% of the overall target for the annual equity incentive award for 2017. The actual value of the ultimate restricted share award could vary upward or downward from the target value based on the Compensation Committee's evaluation of 2017 performance. The Compensation Committee had discretion to award restricted shares worth between 50% and 150% of the target value for each NEO. Based on its review of 2017 performance, in February 2018, the Compensation Committee determined that each executive officer would be awarded the target value for his time-based awards, resulting in the following value of time-based restricted awards: Mr. Kite \$680,000; Mr. McGowan \$280,000; Mr. Sink \$224,000; and Mr. Murray \$200,000.

In making this determination, the Compensation Committee took into account its assessment that, from an operational perspective, the Company performed strongly in 2017 despite significant disruption in the retail industry. The Company continued to increase rents year-over-year; it

Table of Contents

successfully completed its scheduled 3-R projects on time and on budget; it surpassed its 90% small shop leased goal one year earlier than anticipated; it positioned itself to increase its dividend by another 5%; it continued to successfully diversify its tenant lineup, bringing in several experiential, food-based, and serviced-based tenants; it continued to improve portfolio quality by selling non-core assets and raising ABR; and it continued to strengthen its balance sheet.

As it did with the short-term incentive compensation, the Compensation Committee considered the extent to which if at all it should factor in the Company's TSR in granting the time-based equity incentive awards. After extensive consultation with FTI Consulting, the Compensation Committee concluded that:

the Company's recent TSR has been driven by a number of factors, many of which are outside of management's control, including the overall perception of physical retail, recent tenant bankruptcies, and recent and anticipated store closures;

short-term TSR should not override management's accomplishments with respect to the Company's strong operational performance, which the Compensation Committee believes will ultimately drive long-term TSR and value;

it was important to use equity compensation awards that vest over several years to incentivize our NEOs to remain employed with the Company and to focus on continuing to pursue operational excellence, which the Compensation Committee believes will ultimately drive long-term TSR; and

the effect of the Company's absolute and relative TSR will be appropriately reflected in the value of the outstanding OPP and PSU awards each of which could decrease to \$0 based on relative and absolute TSR thresholds.

Based on all of these factors, the Compensation Committee decided to limit the time-based equity awards to the target level for 2017 for similar reasons as those listed with regard to the individual performance element of the annual cash bonus. With respect to the annual equity awards, an executive may choose to receive LTIP units instead of restricted shares. Whether an executive officer chooses to receive LTIP units or restricted common shares, the number of LTIP units or shares awarded is based on the closing price of our common shares on the grant date. Each of our executive officers elected to receive LTIP units instead of time-based restricted common shares, which, based on the closing price of our common shares on February 23, 2018, of \$15.04, resulted in LTIP unit awards in the following amounts:

Named Executive Officer	LTIP Units (\$ value)	LTIP Units (# of units)
John A. Kite	\$ 680,000	45,212
Thomas K. McGowan	\$ 280,000	18,617
Daniel R. Sink	\$ 224,000	14,893
Scott E. Murray	\$ 200,000	13,297

As would have been the case if granted as time-based restricted common shares, these LTIP units vest ratably over three years from the date of award, which was February 23, 2018 and will be subject to an additional two-year post-vesting holding period. While the Compensation Committee determined to make the foregoing grants to the NEOs based on 2017 performance, the awards were made in February 2018, and, therefore, the value of such awards are not part of 2017 compensation in the Summary Compensation Table included in this proxy statement.

2018 COMPENSATION PROGRAM HIGHLIGHTS

For 2018, the Compensation Committee approved the following compensation structure:

The Compensation Committee approved new 2018 base salaries as follows: Mr. Kite \$775,000; Mr. McGowan \$480,000; Mr. Sink \$430,000; and Mr. Murray \$370,000; which were deemed appropriate in light of the fact that our NEO's target cash compensation (base salary plus target bonus) is relatively low compared to peer companies and generally approximates the 25th percentile of the peer group.

The Company's cash bonus program will continue to be based 80% on objective corporate performance hurdles and 20% determined at the Compensation Committee's discretion based on a subjective review of Company and individual performance.

Cash bonus percentages will remain unchanged from 2017.

The Company further modified its share-based incentive program to introduce an additional objective metric designed to encourage management to continue focusing on long-term operational goals that the Company believes will ultimately drive shareholder value. Specifically, the Company will continue to allocate 60% of the NEOs' share-based awards to PSUs, with the remaining 40% allocated to time-based awards. Based on a comprehensive assessment of equity-based compensation market practices, trends and investor preferences, the Compensation Committee modified the design of the PSUs to be based (i) 60% on three-year relative TSR hurdles consistent with the 2017 grant and (ii) 40% on the achievement of defined Funds Available for Distribution ("FAD"), as adjusted, goals and growth rates over the three-year period. Additionally, any PSUs earned based on the achievement of the pre-established FAD goals will be subject to adjustment (either up or down 25%) based on the Company's absolute TSR over the three-year measurement period.

Table of Contents**OTHER COMPENSATION PLANS AND PERSONAL BENEFITS**

We maintain a defined contribution plan (the "401(k) Plan"). All of our full-time employees are eligible to participate in the 401(k) Plan and are permitted to contribute up to the maximum percentage allowable without exceeding the limits of the Internal Revenue Code. All amounts deferred by a participant, as well as the contributions we make under the 401(k) Plan, vest immediately in the participant's account. We may make "matching contributions" equal to 100% of the participant's contribution up to 3% of the employee's salary and 50% of the participant's contribution over 3% and up to 5% of the participant's salary, not to exceed an annual maximum determined under the Internal Revenue Code (\$18,000 for 2017). During 2017, we made matching contributions totaling \$32,400 to the NEOs.

We periodically provide certain benefits to our employees that we believe are important to attract and retain talented individuals. These benefits in 2017 included payments related to health care and life insurance. These benefits provided to our NEOs in 2017 are described in the Summary Compensation Table below. We do not offer defined benefit pension or supplemental executive retirement plans to any of our employees.

SHARE OWNERSHIP REQUIREMENTS

Pursuant to the Company's existing policy that was adopted in 2015, our NEOs are required to own a number of our common shares or units of limited partnership interest of our Operating Partnership with an aggregate value calculated as a multiple of his respective base salary, as follows:

Named Executive Officer	Multiple of Base Salary		Value of Minimum Share Ownership Requirement (based on 2017 Base Salary)
John A. Kite	10x	\$	7,250,000
Thomas K. McGowan	3x	\$	1,395,000
Daniel R. Sink	3x	\$	1,245,000
Scott E. Murray	2x	\$	730,000

Each of these NEOs had or will have until the later of five years from the adoption of the policy in 2015 or his becoming a NEO to comply with the minimum share ownership requirement.

CLAWBACK POLICY

In March 2017, the Board approved the adoption of a clawback policy for incentive-based executive compensation (the "Clawback Policy"). The Clawback Policy was adopted with the intent that it will meet the scope of the currently proposed SEC Rule 10D-1 and ultimately the associated NYSE listing exchange rules. Under the Clawback Policy, in the event that the Company is required to prepare an accounting restatement due to the Company's material noncompliance with a financial reporting requirement, the Company shall make reasonable efforts to recover from any current or former executive officer the amount of certain incentive-based compensation in excess of what would have been paid or granted to that executive officer under the circumstances reflected by the accounting restatement. The Clawback Policy applies to any incentive-based compensation paid to an executive officer within the three-year period preceding the date of the restatement.

TAX LIMITS ON EXECUTIVE COMPENSATION

Under Section 162(m) of the Internal Revenue Code, a publicly held corporation is generally limited to a \$1 million annual tax deduction for compensation paid to each of its "covered employees." Prior to the enactment of the Tax Cuts and Jobs Act (the "Tax Act"), which was signed into law on December 22, 2017, a publicly held corporation's covered employees included its chief executive officer and three other most highly compensated executive officers (other than the chief financial officer), and certain "qualified performance-based compensation" was excluded from the \$1 million deduction limit. The Tax Act made certain changes to Section 162(m), effective for taxable years beginning after December 31, 2017. These changes include, among others, expanding the definition of "covered employee" to include a publicly held corporation's chief financial officer and repealing the qualified performance-based compensation exception, subject to a transition rule for remuneration provided pursuant to a written binding contract which was in effect on November 2, 2017, and which was not modified in any material respect on or after that date.

Although the Compensation Committee is mindful of the limits imposed by Section 162(m), even if it is determined that Section 162(m) applies or may apply to certain compensation packages, the Compensation Committee nevertheless reserves the right to structure the compensation packages and awards in a manner that may exceed the limitation on deduction imposed by Section 162(m) if it determines that such payments are consistent with our pay-for-performance philosophy and are in the best interests of the Company.

PAY RATIO DISCLOSURE

Pursuant to Item 402(u) of SEC Regulation S-K and Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, presented below is the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee (excluding our CEO). The ratio presented below is a reasonable estimate calculated in a manner consistent with Item 402(u).

The Company identified its "median employee" as of December 31, 2017, by using Box 1 from Form W-2 for all Company employees employed as of that date. The Company annualized the reported compensation for all permanent employees that were hired during 2017. The Company did not make any cost-of-living or other adjustments.

In 2017, the total annual compensation for the Company's median employee was \$87,510. The median employee was an hourly employee, and this total compensation included wages for regular hours worked; wages for overtime; bereavement pay; holiday pay; paid-time-off pay; a subjective, annual bonus; the Company's contributions towards dental, health and life insurance; the Company's contribution to the employee's health savings account; and the Company's contribution to the employee under the 401(k) Plan. Using the total annual compensation from the Summary Compensation Table at page 45, our CEO's total annual compensation was \$3,396,348. The ratio of our CEO's annual total compensation to our median employee's annual total compensation for fiscal year 2017 was 38.8 to 1.

SPECIAL NOTE REGARDING NON-GAAP FINANCIAL MEASURES

This Compensation Discussion and Analysis contains certain non-GAAP financial measures, which are described in more detail as follows:

EBITDA: We define EBITDA as net income before depreciation and amortization, interest expense and income tax expense of taxable REIT subsidiary. A reconciliation of EBITDA to consolidated net income is included on page 57 of our Annual Report on Form 10-K for the year ended December 31, 2017.

Adjusted EBITDA: Adjusted EBITDA is EBITDA less (i) EBITDA from unconsolidated entities, (ii) gains on sales of operating properties or impairment charges, (iii) other income and expense, (iv) noncontrolling interest EBITDA and (v) other non-recurring activity or items impacting comparability from period to period. A reconciliation of Adjusted EBITDA to consolidated net income is included on page 57 of our Annual Report on Form 10-K for the year ended December 31, 2017.

FFO: We calculate FFO in accordance with the best practices described in the April 2002 National Policy Bulletin of the National Association of Real Estate Investment Trusts (NAREIT) and related revisions, which we refer to as the White Paper. The White Paper defines FFO as consolidated net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales and impairments of depreciated property, plus depreciation and amortization, and after adjustments for third-party shares of appropriate items. A reconciliation of FFO to consolidated net income is included on pages 55-56 of our Annual Report on Form 10-K for the year ended December 31, 2017.

NOI: NOI is income from our real estate, including lease termination fees received from tenants less our property operating expenses. NOI excludes amortization of capitalized tenant improvement costs and leasing commissions and corporate level expenses. A reconciliation of NOI to net income attributable to common shareholders is included on pages 54-55 of our Annual Report on Form 10-K for the year ended December 31, 2017.

Same-Property NOI: Same-Property NOI excludes properties that have not been owned for the full period presented, which eliminates disparities in net income due to the redevelopment, acquisition or disposition of properties during the particular period presented. It also excludes net gains from outlot sales, straight-line rent revenue, bad debt expense and recoveries, lease termination fees, amortization of lease intangibles and significant prior period expense recoveries and adjustments, if any. A reconciliation of Same-Property NOI to net income attributable to common shareholders is included on pages 55-56 of our Annual Report on Form 10-K for the year ended December 31, 2017.

award vests, except to the extent necessary to satisfy tax obligations. The LTIP units will vest, if at all, only following the relevant performance period as described in more detail above in "Compensation Discussion and Analysis."

(3)

Represents the amount of the annual short-term incentive compensation earned by each NEO for fiscal year 2017, fiscal year 2016 and fiscal year 2015, respectively, including, if any, the amount of such short-term incentive compensation the NEO elected to receive in restricted common shares in lieu of cash, but excluding the amount of restricted common shares awarded as match award incentive grants relating thereto.

(4)

The amount shown in the "All Other Compensation" column reflects for each NEO:

the value of premiums paid pursuant to health insurance benefits provided by the Company;

the value of premiums paid pursuant to life insurance benefits provided by the Company; and

matching contributions allocated by the Company pursuant to the 401(k) Plan.

The amount attributable to each such perquisite or personal benefit (as defined by SEC rules) for each NEO set forth above does not exceed the greater of \$25,000 or 10% of the total amount of perquisites or benefits received by such NEO. The amount attributable to each item that is not a perquisite or personal benefit (as defined by SEC rules) does not exceed \$10,000.

- (1) Represents the possible payouts under the Company's annual short-term incentive compensation plan set by the Compensation Committee in February 2017. The amount of annual short-term incentive compensation eligible to be earned by each of the NEOs was based upon objective corporate performance metrics and a subjective assessment of each individual executive's performance. The actual amount earned by each NEO in 2017 is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.
- (2) Represents LTIP units awarded in February 2017 as share-based incentive compensation for the 2016 fiscal year. These LTIP units, will vest ratably over a period of three years, contingent on continued service by the officer through the applicable vesting date. The awards are also subject to a three-year "no-sell" restriction prohibiting the executive officers from transferring the units for a three-year period after the award vests, except to the extent necessary to satisfy tax obligations.
- (3) Represents PSUs awarded in February 2017 which will be earned, if at all, over a three-year performance period based 50% on absolute TSR and 50% on relative TSR. The units that are earned vest at the end of the performance period.

BASED-AWARDS TABLE**

Employment Agreements. On July 28, 2014, we entered into new employment agreements with each of Messrs. Kite, McGowan and Sink. These new employment agreements were effective as of July 1, 2014 and superseded their previous agreements with us, which were initially entered into in 2004 in connection with our initial public offering and renewed annually each year thereafter. In addition, on August 6, 2014, we entered into an employment agreement with Mr. Murray in connection with his joining our Company.

The term of each employment agreement for Messrs. Kite, McGowan, Sink and Murray ended June 30, 2017, with automatic one-year renewals on each anniversary, unless the Board or the executive elects not to extend the term by providing the other party with 90 days' written notice. As of December 31, 2017, each of these agreements was in an automatic renewal period.

The employment agreements set the initial base salaries and annual cash incentive targets for the executives. As described in more detail under "Compensation Discussion and

Table of Contents

Analysis Components of Executive Compensation Base Salaries" and "Compensation Discussion and Analysis Components of Executive Compensation Short-Term Incentive Compensation," the executive's 2017 base salaries and annual cash incentive targets are as follows:

Executive	Base Salary	Annual Cash Incentive Target
John A. Kite	\$ 725,000	125% of Base Salary
Thomas K. McGowan	\$ 465,000	75% of Base Salary
Daniel R. Sink	\$ 415,000	75% of Base Salary
Scott E. Murray	\$ 365,000	75% of Base Salary

The provisions of each employment agreement do not permit the executive's base salary to be reduced by us during the term of the agreement. Thus, each executive's prior year salary effectively serves as a minimum requirement for the NEO's salary for the ensuing year. For a discussion of the NEOs' 2017 base salaries, please see "Compensation Discussion and Analysis Components of Executive Compensation Base Salaries."

The employment agreements also provide that the executives are entitled to participate in our 2013 Equity Incentive Plan and any group life, hospitalization or disability insurance plans, health programs, pension and profit sharing plans, and similar benefits commensurate with the benefits we provide to our senior executives generally. For information related to the additional benefits provided to our NEOs, please see the "All Other Compensation" column of the "Summary Compensation Table" above.

Under each employment agreement, if the executive is terminated by us without "cause" (including our election not to extend the term of his agreement but not on account of "disability") or resigns for "good reason" (each as defined in his employment agreement), he will be entitled to certain severance payments, as described in detail below under "Potential Payments Upon Termination or Change In Control."

Each employment agreement contains confidentiality, non-competition, non-solicitation and non-disparagement restrictions during the term of the employment agreement and for certain specified periods thereafter. The non-competition restricted period is 18 months for Mr. Kite and Mr. McGowan and 12 months for Mr. Sink and Mr. Murray.

Bonuses and Equity Awards. Each of our NEOs received in 2018 short-term incentive compensation related to 2017 performance that was paid in the form of cash. For a discussion of these awards, including their material terms and features, please see "Compensation Discussion and Analysis Components of Executive Compensation Short-Term Incentive Compensation" and the "Summary Compensation Table," including footnote 3 to such table. In 2017, 2016 and 2015, each of our NEOs received discretionary bonuses paid in the form of cash, common shares, and/or LTIP units related to 2016, 2015 and 2014 performance, respectively. See footnotes 2 and 3 to the "Summary Compensation Table" above. In recent years, we have also made additional grants of restricted common shares and/or LTIP units to each of our NEOs. See "Compensation Discussion and Analysis Components of Executive Compensation Grants of Share-Based Incentive Compensation Awards," the "Summary Compensation Table" and the "Grants of Plan Based Awards in 2017" Table, including the footnotes to such tables.

Also represents restricted shares that were granted July 2, 2014 and converted into an equal number of LTIP units in June 2015; such LTIP units vest ratably over three to five years beginning on the first anniversary date of the grant, are not subject to any performance criteria, and are subject to a three-year "no-sell" restriction.

An eligible payout of up to 200% of target may be earned depending on our TSR over the three-year measurement period in relation to specific percentiles of the peer group. Following Note 6 below is a table reflecting the grant date, the number of units and estimated market value (in each case, based on achieving threshold performance goals, except that if the previous fiscal year's performance exceeded the threshold, then based on the next higher performance measure that exceeds

the previous fiscal year's performance), and grant type.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We may be required to make certain payments to our NEOs in the event their services are terminated or we experience a change in control. Under the terms of our employment agreements with Messrs. Kite, Sink, McGowan and Murray, the amount of these payments (and whether we would be required to make them) depends on the nature of the executive's termination. The various termination and change in control scenarios and the amounts we would be required to pay upon the occurrence of each are described below.

Termination by us without "Cause" (including our non-renewal of the employment agreement) or by the NEO for "Good Reason"

In this scenario, the NEO would be entitled to:

compensation accrued at the time of termination

a lump sum severance payment equal to his "severance multiple" (which for Mr. Kite and Mr. McGowan is three and for Mr. Sink and Mr. Murray is two), multiplied by the sum of his base salary then in effect and the average annual cash incentive compensation actually paid to the executive with respect to the prior three fiscal years

a lump sum severance payment equal to his pro rata annual cash incentive compensation for the year of termination, subject to the performance criteria having been met for that year unless termination occurs in the year of a "change in control" (as defined in the executive's employment agreement)

continued medical, prescription and dental benefits to the executive and/or the executive's family for 18 months after the executive's termination date

full and immediate vesting of his equity awards that are subject only to time-vesting based on service

pro-rata vesting of his performance-based equity awards if the performance objectives are achieved at the end of the performance period, except that if the termination of employment occurs during an outstanding performance period in which a "change in control" (as defined in the executive's employment agreement) occurred, there will be full and immediate vesting of his performance-based equity awards as of his termination date at the greater of (A) the target level on his termination date or (B) actual performance as of his termination date

Termination by us for "Cause" or by the NEO without "Good Reason" (including his non-renewal of the employment agreement)

In this scenario, the NEO would be entitled to:

compensation accrued at the time of termination

Table of Contents

Termination for Death or Disability

In this scenario, the NEO would be entitled to:

compensation accrued at the time of termination

a lump sum payment equal to his pro rata annual cash incentive compensation target for the year of termination

continued medical, prescription and dental benefits to him and/or his family for 18 months after his termination date

full and immediate vesting of his equity awards, other than any performance-based equity award that is designated as an outperformance award and that specifically supersedes the vesting provision of his employment agreement

Change in Control

Under the 2013 Equity Incentive Plan, in the event of a "corporate transaction" (as defined in the plan) where outstanding equity awards are not assumed by our corporate successor, the NEO would receive:

full and immediate vesting of all equity awards that were granted under our previous equity incentive plans

full and immediate vesting of all time-vested equity awards granted under the 2013 Equity Incentive Plan (unless we elect to cancel such awards and pay the value received in the corporate transaction by holders of shares for them)

settlement of performance awards (i) at target if less than half the performance period has passed or if actual performance is not determinable, and (ii) based on actual performance to date if at least half the performance period has passed

For purposes of the foregoing scenarios, "Cause," "Good Reason" and "Change in Control" are defined as follows:

Cause. Each of the employment agreements generally defines "cause" as an executive's (i) conviction for or pleading nolo contendere to a felony; (ii) commission of an act of fraud, theft or dishonesty related to our business or his duties; (iii) willful and continuing failure or habitual neglect to perform his duties; (iv) material violation of confidentiality covenants or non-competition agreement; or (v) willful and continuing breach of the employment agreement.

Good Reason. Each of the employment agreements generally defines "good reason" as (i) a material reduction in the executive's authority, duties and responsibilities or the assignment to him of duties materially and adversely inconsistent with his position; (ii) a material reduction in the executive's annual salary that is not in connection with a reduction of compensation applicable to senior management employees; (iii) our requirement that the executive's work location be moved more than 50 miles from our principal place of business in Indianapolis, Indiana; (iv) our failure to obtain a reasonably satisfactory agreement in form and substance to the executive from any successor to our business to assume and perform the employment agreement; or (v) our material breach of the employment agreement.

Change in Control. The 2013 Equity Incentive Plan generally defines "corporate transaction" as the first occurrence of, in a single transaction or in a series of related transactions, of any

Table of Contents

of the following events: (i) our dissolution or liquidation or a merger, consolidation, or reorganization of us with one or more other entities in which we are not the surviving entity; (ii) a consummated sale of all or substantially all of the assets of us to another person or entity; (iii) any transaction (including a merger or reorganization in which we are the surviving entity) that results in any person or entity (other than persons or entities who are shareholders or affiliates of us immediately prior to the transaction) owning 30% or more of the combined voting power of all classes of our shares; or (iv) a change in the composition of our Board as of July 23, 2004, in which the incumbent trustees cease, for any reason, to constitute a majority of the Board unless each trustee who was not an incumbent trustee was elected, or nominated for election, and approved by a vote of at least a majority of the incumbent trustees and trustees subsequently so elected or nominated, excluding those trustees who initially assumed office as a result of an actual or threatened election contest or other solicitation of proxies by or on behalf of an individual, entity or group other than the Board.

The tables below set forth the amount that we would be required to pay each of the NEOs under the termination events described above or upon a change in control, assuming the termination or change in control occurred on December 31, 2017.

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018. After careful consideration of the matter and in recognition of the importance of this matter to our shareholders, the Board has determined that it is in the best interests of the Company and our shareholders to seek the ratification by our shareholders of our Audit Committee's selection of our independent registered public accounting firm. A representative of Ernst & Young LLP will be present at the annual meeting, will have the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

VOTE REQUIRED AND RECOMMENDATION

The affirmative vote of the holders of a majority of all the votes cast at the annual meeting is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. For purposes of this proposal, abstentions and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast and will have no effect on the result of the vote. Even if the appointment of Ernst & Young LLP as our independent registered public accounting firm is ratified, our Board and the Audit Committee may, in their discretion, change that appointment at any time during the year should they determine such a change would be in the best interests of the Company and our shareholders. If the appointment of Ernst & Young LLP is not ratified, the Audit Committee will consider the appointment of another independent registered public accounting firm, but will not be required to appoint a different firm.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is currently composed of Mr. Gerald W. Grupe, Ms. Christie B. Kelly, Mr. David R. O'Reilly and Dr. Charles H. Wurtz bach. The members of the Audit Committee are appointed by and serve at the discretion of the Board.

One of the principal purposes of the Audit Committee is to assist the Board in the oversight of the integrity of the Company's financial statements. The Company's management team has the primary responsibility for the financial statements and the reporting process, including the system of internal controls and disclosure controls and procedures. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2017 with our management.

The Audit Committee also is responsible for assisting the Board in the oversight of the qualification, independence and performance of the Company's independent auditors. The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards and those matters required to be discussed by Auditing Standard No. 1301, "Communications with Audit Committees" issued by the Public Company Accounting Oversight Board ("PCAOB").

The Audit Committee has received both the written disclosures and the letter regarding the independent auditor's independence required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, and has discussed with the independent auditors their independence. In addition, the Audit Committee considers whether the provision of non-audit services, and the fees charged for such non-audit services, by the independent auditor are compatible with maintaining the independence of the independent auditor from management and the Company.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Company's audited financial statements for 2017 be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for filing with the SEC.

Respectfully submitted,

The Audit Committee of the Board of Trustees

CHARLES H. WURTZEBACH (*CHAIRMAN*)

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

RELATED PERSON TRANSACTION POLICY

We have adopted a written related person transaction approval policy to further the goal of ensuring that any related person transaction is properly reviewed, and if necessary approved, first by our Corporate Governance and Nominating Committee, and if appropriate, a majority of the disinterested trustees of our Board. The policy applies to transactions or arrangements between us and any related person, including trustees, trustee nominees, executive officers, greater than 5% shareholders and the immediate family members of each of these groups. This policy does not, however, apply with respect to general conflicts between our interests and our employees, officers and trustees, including issues relating to engaging in a competing business and performing outside or additional work, which are reported and handled in accordance with our separate Code of Business Conduct and Ethics and other procedures and guidelines that we may implement from time to time.

Under the policy, the trustees and executive officers are responsible for identifying and reporting to our Compliance Officer any proposed transaction with a related person. Upon notification, the Compliance Officer begins collecting information regarding the transaction and notifies the Corporate Governance and Nominating Committee Chairperson of such transaction. The Chairperson of the Corporate Governance and Nominating Committee determines whether the proposed transaction is required to be, or otherwise should be, reviewed by the Corporate Governance and Nominating Committee.

If the proposed transaction is required to be approved by a majority of the disinterested members of our Board in accordance with our declaration of trust or corporate governance guidelines, the Corporate Governance and Nominating Committee makes a recommendation regarding the proposed transaction, and the disinterested trustees determine whether it is appropriate and advisable for us to engage in the proposed transaction. If the transaction involves a trustee, that trustee does not participate in the action regarding whether to approve or ratify the transaction. If the proposed transaction is not required to be approved by a majority of the disinterested members of our Board, the Corporate Governance and Nominating Committee has the final authority to approve or disapprove the proposed transaction.

The following information summarizes our transactions with related parties during 2017 and early 2018 that were subject to our related person transaction policy:

We have entered into an agreement to reimburse KMI, a company in which John A. Kite and his father, Alvin E. Kite, Jr., currently own and Thomas K. McGowan previously owned direct or indirect interests, for company use of an airplane owned by KMI. This agreement allows for the use by us and our consultants of the airplane solely for business related travel for an established reimbursement amount per hour plus applicable taxes. During 2017, expense reimbursement to KMI was approximately \$292,000 for the use of the airplane. Neither John Kite, Alvin Kite, Jr., nor Mr. McGowan had any interest in the expense reimbursement made to KMI, other than with respect to their ownership interests in that company.

In December 2017, we entered into an unconsolidated joint venture with an unrelated entity to own and operate a hotel at Eddy Street Commons near the University of Notre Dame. We own a 35% minority interest in the unconsolidated joint venture. In February 2018, the independent, controlling member and manager of the joint venture caused the joint venture to pay a \$250,000 construction management fee to Alvin Kite, Jr. for services he provided and will continue to provide in connection with the development, construction and franchising of the hotel.

OTHER MATTERS

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our executive officers and trustees, and persons who own more than 10% of a registered class of our equity securities, file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the NYSE. Executive officers, trustees and greater than 10% shareholders are required by the SEC to furnish us with copies of all Forms 3, 4 and 5 that they file.

Based on our review of the copies of such forms, and/or on written representations from the reporting persons that they were not required to file a Form 5 for the fiscal year, we believe that our executive officers, trustees and greater than 10% shareholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during 2017.

OTHER MATTERS TO COME BEFORE THE 2018 ANNUAL MEETING

No other matters are to be presented for action at the annual meeting other than as set forth in this proxy statement. If other matters properly come before the meeting, however, the persons named in the accompanying proxy will vote all proxies solicited by this proxy statement as recommended by our Board, or, if no such recommendation is given, in their own discretion.

SHAREHOLDERS PROPOSALS AND NOMINATIONS FOR THE 2019 ANNUAL MEETING

Any shareholder proposal pursuant to Rule 14a-8 of the rules promulgated under the Exchange Act to be considered for inclusion in our proxy materials for the next annual meeting of shareholders must be received at our principal executive offices no later than December 1, 2018. However, if we hold our 2019 annual meeting on a date that is more than 30 days before or after May 9, 2019, shareholders must submit proposals for inclusion in our 2019 proxy statement within a reasonable time before we begin to print our proxy materials. Under Rule 14a-8, we are not required to include shareholder proposals in our proxy materials unless conditions specified in the rule are met.

In addition, any shareholder who wishes to propose a nominee to our Board or propose any other business to be considered by the shareholders (other than a shareholder proposal included in our proxy materials pursuant to Rule 14a-8 of the rules promulgated under the Exchange Act) must comply with the advance notice provisions and other requirements of Article II, Section 13 of our bylaws, which are on file with the SEC and may be obtained from Investor Relations upon request. These notice provisions require that nominations of persons for election to our Board and the proposal of business to be considered by the shareholders for the 2019 annual meeting must be received no earlier than December 1, 2018 and not later than 5:00 p.m. EST on December 31, 2018. However, in the event that the date of the notice of the 2019 annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the notice of the 2018 annual meeting, notice by the shareholder to be timely must be received no earlier than the 120th day prior to the date of mailing of the notice for the 2019 annual meeting and not later than 5:00 p.m. EST on the later of the 90th day prior to the date of mailing of the notice for the 2019 annual meeting or the 10th day following the date that we publicly announce the date of mailing of the notice for the 2019 annual meeting.

Table of Contents

Pursuant to SEC rules, if a shareholder notifies us after February 14, 2019 of an intent to present a proposal at the 2019 annual meeting of shareholders and the proposal is voted upon at the 2019 annual meeting, our proxy holders will have the right to exercise discretionary voting authority with respect to the proposal.

HOUSEHOLDING OF PROXY MATERIALS

If you and other residents at your mailing address own common shares in street name, your broker or bank may have sent you a notice that your household will receive only one annual report and proxy statement for each company in which you hold shares through that broker or bank. This practice of sending only one copy of proxy materials is known as "householding." If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of our annual report and proxy to your address. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm and your account number to Householding Department, 51 Mercedes Way, Edgewood, NY 11717 (telephone number: 1-800-542-1061). The revocation of your consent to householding will be effective 30 days following its receipt. In any event, if you did not receive an individual copy of this proxy statement or our annual report, we will send a copy to you if you address your written request to or call Kite Realty Group Trust, 30 South Meridian Street, Suite 1100, Indianapolis, Indiana 46204, Attention: Investor Relations (telephone number: 317-577-5600). If you are receiving multiple copies of our annual report and proxy statement, you can request householding by contacting Investor Relations in the same manner.
