PROXY STATEMENT

This Proxy Statement and the accompanying proxy are being furnished with respect to the solicitation of proxies by the Board of Directors of Thorium Power, Ltd., a Nevada corporation (the Company, Thorium Power or we), for the 2008 Annual Meeting of Shareholders (the Meeting). The Meeting is to be held at 12:00 p.m., local time, on Friday, December 12, 2008, and at any adjournment or adjournments thereof, at 1600 Tysons Boulevard, Suite 550, McLean, VA, 22102.

The approximate date on which the Proxy Statement and proxy card are intended to be sent or given to shareholders is November 12, 2008.

The purposes of the Meeting are to seek shareholder approval of four proposals: (i) electing five (5) directors to the Board, (ii) ratifying the appointment of the Company's accountants for fiscal year 2008, (iii) approving and ratifying an amendment of our Articles of Incorporation to authorize the Board of Directors to effect a reverse stock split of our common stock, on or before December 12, 2009, of up to 1-for-50 without further approval of our stockholders, upon

a determination by our Board of Directors that such a reverse stock split is in the best interest of the Company and our stockholders, and (iv) approving an amendment to the articles of incorporation of the Company changing the name of the Company to Lightbridge Corporation.

Who May Vote

Only shareholders of record of our common stock, \$.001 par value (the **Common Stock**), as of the close of business on October 14, 2008 (the **Record Date**) are entitled to notice and to vote at the Meeting and any adjournment or adjournments thereof.

A list of shareholders entitled to vote at the Meeting will be available at the Meeting, and will also be available for ten days prior to the Meeting, during office hours, at the executive offices of the Company at 1600 Tysons Boulevard, Suite 550, McLean, VA 22102, by contacting the Secretary of the Company.

The presence at the Meeting of a majority of the outstanding shares of Common Stock as of the Record Date, in person or by proxy, is required for a quorum. Should you submit a proxy, even though you abstain as to one or more proposals, or you are present in person at the Meeting, your shares shall be counted for the purpose of determining if a quorum is present.

Broker non-votes are not included for the purposes of determining whether a quorum of shares is present at the Meeting. A broker non-vote occurs when a nominee holder, such as a brokerage firm, bank or trust company, holding shares of record for a beneficial owner does not vote on a particular proposal because the nominee holder does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Each holder of Common Stock on the Record Date is entitled to one vote for each share then held on all matters to be voted at the Meeting. No other class of voting securities was then outstanding.

Voting Your Proxy

You may vote by one of the following methods:

completing and signing the proxy card and mailing it in the enclosed postage-paid envelope;
calling the toll-free telephone number 1-800-690-6903 provided on the proxy card; or
voting on the Internet at the website www.proxyvote.com.

1

Voting by telephone is not available to persons outside of the United States. Complete instructions for voting by any of the above methods are included on the proxy card. If your shares are held through a broker, trust, bank or other nominee, you should refer to information forwarded to you by such holder of record for your voting options.

The shares represented by any proxy duly given will be voted at the Meeting in accordance with the instructions of the shareholder. If no specific instructions are given, the shares will be voted FOR the election of the nominees for director set forth herein, FOR ratification of Child, Van Wagoner & Bradshaw PLLC as the Company's independent registered public accounting firm, FOR authorization of a reverse stock split and FOR approval of the change of the Company's name to Lightbridge Corporation. In addition, if other matters come before the Meeting, the persons named in the accompanying proxy card will vote in accordance with their best judgment with respect to such matters.

Each share of Common Stock outstanding on the record date will be entitled to one vote on all matters. Under Proposal 1 (Election of Directors), the five candidates for election as directors at the Meeting are uncontested. In uncontested elections, directors are elected by plurality of the votes cast at the meeting. Proposal 2 (Ratification of Independent Auditors), Proposal 3 (Authorization of Reverse Stock Split) and Proposal 4 (Name Change) each requires the vote of a majority of the shares present in person or by proxy at the Meeting for approval.

Shares which abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting on matters (such as the election of directors, and the ratification of the selection of the independent registered public accounting firm) that require the affirmative vote of a plurality or a majority of the votes cast or the shares voting on the matter.

Revoking Your Proxy

Even if you execute a proxy, you retain the right to revoke it and to change your vote by notifying us at any time before your proxy is voted. Mere attendance at the meeting will not revoke a proxy. Such revocation may be effected by calling the toll-free telephone number listed above (within the United States only), by accessing the Internet website *www.proxyvote.com* or in writing by execution of a subsequently dated proxy, or by a written notice of revocation, sent to the attention of the Secretary at the address of our principal office set forth above in the Notice to this Proxy Statement or your attendance and voting in person at the Meeting. Unless so revoked, the shares represented by proxies, if received in time, will be voted in accordance with the directions given therein.

If the Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Meeting (except for any proxies that have at that time effectively been revoked or withdrawn), even if the proxies had been effectively voted on the same or any other matter at a previous Meeting.

You are requested, regardless of the number of shares you own or your intention to attend the Meeting, to sign the proxy and return it promptly in the enclosed envelope.

Solicitation of Proxies

The expenses of solicitation of proxies will be paid by the Company. We may solicit proxies by mail, and the officers and employees of the Company, who will receive no extra compensation therefore, may solicit proxies personally or by telephone. The Company will reimburse brokerage houses and other nominees for their expenses incurred in sending proxies and proxy materials to the beneficial owners of shares held by them.

2

Delivery of Proxy Materials to Households

Only one copy of the Company's 2007 Annual Report and Proxy Statement for the 2008 Annual Meeting of Shareholders will be delivered to an address where two or more shareholders reside unless we have received contrary instructions from a shareholder at the address. A separate proxy card will be delivered to each shareholder at the shared address.

If you are a shareholder who lives at a shared address and you would like additional copies of the 2007 Annual Report, this Proxy Statement, or any future annual reports or proxy statements, contact Dennis Hays, Secretary, Thorium Power, Ltd., 1600 Tysons Boulevard, Suite 550, McLean, VA 22102, telephone number (571) 730-1200, and we will promptly mail you copies.

monthly installments of 1/36 the total number of shares until all shares underlying the Option have vested. Mr. Graham's option will immediately and automatically vest in full upon a Change of Control, the termination of Mr. Graham's employment by the Company without Cause, or the termination of Mr. Graham's employment by Mr. Graham for Good Reason. Change of Control, Cause, and Good Reason are each defined in that certain employment agreement between Mr. Graham and the Company, dated July 27, 2006.

On December 15, 2006, the Company and Mr. Graham entered into an agreement whereby the parties cancelled an option, held by Mr. Graham, to purchase 2,562,780 shares of the Company's common stock at an exercise price of \$10.00. In consideration for terminating the options above, the Company then granted to Mr. Graham a non-qualified two-year option for the purchase of 467,242 shares of the common stock of the Company, at an exercise price of \$0.30 per share. The pricing and amount of shares granted to Mr. Graham was determined using the Black-Scholes option pricing model, so that the value of the cancelled and newly granted shares was the same.

In June 2007, Mr. Graham and the Company entered into an employment agreement, effective August 1, 2007, that superceded the prior employment agreement dated July 26, 2007. Under the terms of the new agreement, the Company agreed to pay Mr. Graham an annual salary of \$210,000, as consideration for performance of his duties as an officer of the Company. In addition, the Company agreed to grant to Mr. Graham a ten-year incentive stock option for the purchase of 1,500,000 shares of the common stock of the Company at an exercise price of \$0.27 per share. The initial term of Mr. Graham's employment agreement is one year and will automatically extend for additional one-year periods unless terminated by either party in accordance with its terms and conditions.

On July 5, 2007, the Company granted to Mr. Graham, pursuant to the Company's Second Amended and Restated 2006 Stock Plan, a non-qualified ten-year option for the purchase of 1,500,000 shares of the common stock of the Company, at an exercise price of \$0.27 per share. Mr. Graham's option vested with respect 1/36 of the total number of shares on the date of grant, and the remaining shares vest in equal monthly installments of 1/36 the total number of shares until all shares underlying the Option have vested. Mr. Graham's option will immediately and automatically vest in full upon a Change of Control, the termination of Mr. Graham's employment by the Company without Cause, or the termination of Mr. Graham's employment by Mr. Graham for Good Reason. Change of Control, Cause, and Good Reason are each defined in that certain employment agreement between Mr. Graham and the Company, dated August 1, 2007.

On December 5, 2007, the Compensation Committee of the Board of Directors granted to Mr. Graham 96,141 shares of the Company's common stock as part of its annual equity compensation to employees. Additionally on December 5, 2007, the Compensation Committee granted to Mr. Graham a 10 year incentive stock option to purchase 288,422 shares of the Company's common stock, vesting in equal monthly instalments over a three year period with an exercise price of \$0.35.

On January 24, 2007, the Company entered into an employment agreement with Mr. Hallstrom, dated February 1, 2007, pursuant to which the Company agreed to pay Mr. Hallstrom an annual salary of \$200,000, as consideration for performance of his duties as Chief Operating Officer. In addition, the Company has agreed (i) to issue to Mr. Hallstrom 1,000,000 shares of common stock of the Company and (ii) pursuant to the Company's 2007 Stock Plan, to grant to Mr. Hallstrom a ten-year incentive option for the purchase of 1,000,000 shares of the common stock of the Company, at an exercise price equivalent to the fair market price on February 1, 2007, the effective date of the Agreement. The term of the Agreement commenced on February 1, 2007, and will end when terminated by either party as provided in the Agreement. On April 12, 2007, the Company officially granted to Mr. Hallstrom the above listed shares of common stock, as well as the above listed 10 year incentive stock option to purchase 1,000,000 shares of the Company's common stock, vesting monthly over three years with an exercise price of \$0.30.

8

On December 5, 2007, the Compensation Committee of the Board of Directors granted to Mr. Hallstrom 185,804 shares of the Company's common stock as part of its annual equity compensation to employees. Additionally on December 5, 2007, the Compensation Committee granted to Mr. Hallstrom a 10 year incentive stock option to purchase 557,413 shares of the Company's common stock, vesting in equal monthly instalments over a three year period with an exercise price of \$0.35.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors (the "Board") is responsible for establishing broad corporate policies and monitoring the overall performance of the Company. It selects the Company's executive officers, delegates authority for the conduct of the Company's day-to-day operations to those officers, and monitors their performance. Members of the Board are kept informed of the Company's business by participating in Board and Committee meetings, by reviewing analyses and reports, and through discussions with the Chairman and other officers.

There are currently five (5) directors serving on the Board. At the Meeting, five (5) directors will be elected, each to hold office until the next Annual Meeting of Shareholders or his or her earlier death or resignation or until his or her successor, if any, is elected or appointed. The individuals who have been nominated for election to the Board at the Meeting are listed in the table below. Each of the nominees is a current director of the Company.

If, as a result of circumstances not now known or foreseen, any of the nominees is unavailable to serve as a nominee for the office of Director at the time of the Meeting, the holders of the proxies solicited by this Proxy Statement may vote those proxies either (i) for the election of a substitute nominee who will be designated by the proxy holders or by the present Board or (ii) for the balance of the nominees, leaving a vacancy. Alternatively, the size of the Board may be reduced accordingly. The Board has no reason to believe that any of the nominees will be unwilling or unable to serve, if elected as a Director. The five nominees for election as directors are uncontested. In uncontested elections, directors are elected by plurality of the votes cast at the meeting. **Proxies submitted on the accompanying proxy card will be voted for the election of the nominees listed below, unless the proxy card is marked otherwise.**

Director Selection

As provided in its charter, the Nominating and Governance Committee of the Company's Board of Directors is responsible for identifying individuals qualified to become Board members and recommending to the Board nominees for election as directors. The Nominating and Governance Committee considers recommendations for director nominees, including those submitted by the Company's shareholders, on the bases described below. Shareholders may recommend nominees by writing to the Nominating and Governance Committee c/o the Secretary at 1600 Tysons Boulevard, Suite 550, McLean, Virginia, 22102. Shareholder recommendations will be promptly provided to the chairman of the Nominating and Governance Committee. To be considered by the Nominating and Governance Committee for inclusion in the proxy for the 2008 annual meeting, recommendations must be received by the Secretary of the Company not later than the close of business on December 31, 2008.

In identifying and evaluating nominees, the Nominating and Governance Committee may consult with the other Board members, management, consultants, and other individuals likely to possess an understanding of the Company's business and knowledge of suitable candidates. In making its recommendations, the Nominating and Governance

Committee assesses the requisite skills and qualifications of nominees and the composition of the Board as a whole in the context of the Board's criteria and needs. In evaluating the suitability of individual board members, the Corporate Governance and Nominating Committee may take into account many factors, including general understanding of marketing, finance and other disciplines relevant to the success of a publicly traded company in today's business environment; understanding of the company's business and technology; the international nature of the company's operations, educational and professional background; and personal accomplishment. The Corporate Governance and Nominating Committee evaluates each individual in the context of the board as a whole, with the objective of recommending a group that can best perpetuate the success of the company's business and represent shareholder interests through the exercise of sound judgment, using its diversity of experience. Although the Company is not listed on NASDAQ, the board of directors has determined that it is important for the Company to comply with the independent director requirements of NASDAQ. The Corporate Governance and Nominating Committee, therefore, also ensures that not less than a majority of directors shall satisfy the NASDAQ Stock Market, Inc independence requirements.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee has selected Child, Van Wagoner & Bradshaw, PLLC (CVWB) to serve as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2008. CVWB was the Company's independent registered public accounting for the fiscal years ending December 31, 2007, 2006 and 2005.

We are asking our shareholders to ratify the selection of CVWB as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of CVWB to our shareholders for ratification as a matter of good corporate practice. In the event our shareholders fail to ratify the appointment, the Audit Committee may reconsider this appointment.

The Company has been advised by CVWB that neither the firm nor any of its associates had any relationship with the Company other than the usual relationship that exists between independent registered public accountant firms and their clients during the last fiscal year. Representatives of CVWB will be available via teleconference during the Meeting, at which time they may make any statement they consider appropriate and will respond to appropriate questions raised at the Meeting.

Independent Registered Public Accounting Firm's Fees

The following is a summary of the fees billed to the Company by CVWB for professional services rendered for the fiscal years ended December 31, 2007 and 2006, respectively:

	2007	2006 ⁽⁵⁾
Audit fees ⁽¹⁾	\$ 35,000	\$ 18,000
Audit-related fees ⁽²⁾	0	0
Tax fees ⁽³⁾	0	0
All other fees ⁽⁴⁾	0	6,500

Consists of fees billed for the audit of our annual financial statements, review of financial statements included in (1) our Quarterly Reports on Form 10-Q and services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements.

(4) The services provided by our accountants within this category consisted of advice and other services relating to our transaction with the Pequot entities and other matters.

(5) On October 6, 2006, the Company acquired Thorium Power Inc. (TP Inc.). This transaction was accounted for as a reverse acquisition. CVWB were the auditors for TP Inc. prior to the transaction and continue to be the auditors for

the combined company. These fees represent fees paid to CVWB for services in 2006.

Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent registered public accounting firm. This policy generally provides that the Company will not engage its independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

18

The Audit Committee has also delegated to the chairman of the Audit Committee the authority to approve any audit or non-audit services to be provided to the Company by its independent registered public accounting firm. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

The Board of Directors recommends a vote FOR ratification of the selection of CVWB as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008.

PROPOSAL 3

APPROVAL AND RATIFICATION OF AN AMENDMENT OF THE ARTICLES OF INCORPORATION TO AUTHORIZE THE BOARD THE DISCRETION TO EFFECT A REVERSE STOCK SPLIT OF OUR OUTSTANDING COMMON STOCK

If this proposal is approved, the Board of Directors will have the authority, but not the obligation, in its sole discretion and without any further action on the part of the stockholders, to effect, at any time, on or before December 12, 2009, it believes to be most advantageous to the Company and its shareholders, a reverse stock split of up to 1-for-50. In determining the precise ratio of a stock split, our board of directors will consider the price per share of our common stock as traded on the Over-the-Counter Bulletin Board as well as the current number of outstanding shares of our common stock. A reverse stock split would be effected by the filing of an Amended and Restated Articles of Incorporation with the Secretary of State of the State of Nevada. The Board of Directors will have the ability to decline to file the Amended and Restated Articles of Incorporation without further stockholder action if it

subsequently determines that a reverse stock split is no longer in the best interest of the Company.

Our Board of Directors believes that it may be necessary and prudent for the Company to amend our Articles of Incorporation to effect the reverse stock split in the near future because it would reduce the number of outstanding shares of our Common Stock to a level more consistent with other public companies with a similar anticipated market capitalization. Additionally, a reverse stock split should have the effect of raising the minimum bid price of our common stock on the Over-the-Counter Bulletin Board, which was \$0.19 per share as of November 5, 2008. We are interested in becoming listed on the Nasdaq Stock Market, which has a minimum bid price requirement for new applicants of \$5.00 per share.

We cannot assure you, however, that the price of our common stock after the reverse stock split will reflect a reverse split ratio, that the price per share following the Effective Time (as defined below) of the reverse stock split will be maintained for any period of time, or that the price would remain above the pre-split trading price.

If the amendment is adopted and the Board of Directors determines to proceed with a reverse stock split, the reverse split will become effective upon the filing of a Certificate of Amendment to our Articles of Incorporation with the Secretary of State of the State of Nevada (the Effective Time). The Certificate of Amendment to be filed at the Effective Time will be in substantially the form as set forth in Annex A to this proxy statement.

Effect of Reverse Stock Split

We estimate that, following the reverse stock split, we would have approximately the same number of shareholders and, except for any changes as a result of the treatment of fractional shares, the completion of the reverse stock split would not itself affect any shareholder's proportionate equity interest in the Company. By way of example, a shareholder who owns a number of shares that, prior to the reverse stock split, represented 1% of our outstanding shares of common stock would continue to own 1% of our outstanding shares of common stock after the reverse stock split.

20

Depending on the reverse stock split ratio, if any, selected by the Board, the Company's authorized capital stock will be affected as follows:

	Outstanding Common Stock ⁽¹⁾	Outstanding Preferred Stock	Authorized Preferred Stock	Authorized Capital Stock	Authorized Common Stock Reserved for Future Issuance ⁽³⁾	Common Stock Authorized but Unreserved and Available for Future Issuance ⁽¹⁾
Current as of October 1, 2008 ⁽²⁾	351,137,672	500,000,000	50,000,000	550,000,000	75,000,000	148,862,328

(1)

Fully diluted.

(2) For comparison purposes.

Shares reserved for issuance pursuant to the Company's Amended and Restated 2006 Stock Plan (the "Plan"). As of (3) October 1, 2008, an aggregate of 2,484,055 shares of restricted stock and options to purchase and 52,051,764 shares of our common stock have been granted pursuant to the Plan.

There will not be any dilution in the percentage ownership of our current shareholders as a result of the reverse stock split, except for immaterial dilution resulting from the payment of cash in lieu of fractional shares. Our current shareholders will, however, be diluted to the extent that their percentage ownership relative to the number of authorized but unissued shares of our common will decrease significantly. While we do not currently have any current plans, proposals or arrangement, written or otherwise, to issue additional shares of our common stock, the possibility that our shareholders will be diluted in the future nonetheless exists.

The reverse stock split may increase the number of our shareholders who own "odd lots" of less than 100 shares of our common stock. Brokerage commissions and other costs of transactions in odd lots are generally higher than the costs of transactions of more than 100 shares of common stock.

As discussed below under "Accounting Consequences," upon the effective date of the reverse stock split, the stated capital on our balance sheet attributable to the common stock will be divided by the denominator of the split ratio, and the additional paid-in capital will be credited with the amount by which the stated capital is reduced.

Treatment of Fractional Shares

No certificate or scrip representing fractional shares of our common stock will be issued following the reverse stock split, and any such fractional shares interests will not entitle the owner thereof to any rights as a stockholder of the Company. Each holder of certificates who would otherwise have been entitled to a fraction of a share will receive a full share of our common stock.

Effect of the Reverse Stock Split on Options and Warrants

The number of shares subject to our outstanding common stock options and warrants will automatically be reduced in the same ratio as a reverse split ratio. Accordingly, the per share exercise price of those options will be increased in direct proportion to the reverse stock split ratio, so that the aggregate dollar amount payable for the purchase of the shares of common stock subject to the options will remain unchanged. For example, if an optionee holds options to purchase 1,000 shares at an exercise price of \$1.00 per share, on the effectiveness of a hypothetical one-for-ten reverse stock split, the number of shares subject to that option would be reduced to 100 shares and the exercise price would be proportionately increased to \$10.00 per share. In connection with the reverse stock split, the number of shares of common stock issuable upon exercise or conversion of outstanding stock options will be rounded up to the nearest whole share.

Exchange of Stock Certificates

The combination of, and reduction in, the number of our outstanding shares of common stock as a result of the reverse stock split will occur automatically at the Effective Time without any action on the part of our

21

shareholders and without regard to the date that stock certificates representing the shares prior to the reverse stock split are physically surrendered for new stock certificates.

As soon as practicable after the Effective Time, transmittal forms will be mailed to each holder of record of certificates for shares of our common stock to be used in forwarding such certificates for surrender and exchange for certificates representing the number of shares of our common stock such shareholder is entitled to receive as a result of the reverse stock split. Our transfer agent will act as exchange agent for purposes of implementing the exchange of the stock certificates. The transmittal forms will be accompanied by instructions specifying other details of the exchange. Upon receipt of such transmittal form, each shareholder should surrender the certificates representing shares of our common stock prior to the reverse stock split in accordance with the applicable instructions. Each holder who surrenders certificates will receive new certificates representing the whole number of shares of our common stock that he or she holds as a result of the reverse stock split, together with any cash payment in lieu of fractional shares from proceeds of the sale of fractional shares by our transfer agent. No new certificates will be issued to a shareholder or cash payments made until the shareholder has surrendered its outstanding certificate(s) together with the properly completed and executed transmittal form to the exchange agent. Shareholders should not send in their stock certificates until they receive a transmittal form from our transfer agent.

Accounting Consequences

A reverse stock split will not affect the par value of a share of our common stock. As a result of the reduction in our authorized stock, however, at the Effective Time, the stated capital attributable to common stock on our balance sheet will be reduced by dividing the amount of the stated capital prior to the reverse stock split by the stock split denominator (including a retroactive adjustment of prior periods), and the additional paid-in capital will be credited with the amount by which the stated capital is reduced. Reported per share net income or loss (both basic and diluted) and dividends per common share will be higher because there will be fewer shares of common stock outstanding.

Material Tax Consequences

The following summary of certain material federal income tax consequences of a reverse split does not purport to be a complete discussion of all of the possible federal income tax consequences and is included for general information only. Further, it does not address any state, local, foreign or other income tax consequences, nor does it address the tax consequences to stockholders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, non-resident alien individuals, broker-dealers and tax-exempt entities. This summary is based on the Internal Revenue Code of 1986, as amended (the Code), Treasury regulations and proposed regulations, court decisions and current administrative rulings and pronouncements of the Internal Revenue Service (IRS), all of which are subject to change, possibly with retroactive effect, and assumes that the shares of common stock will be held as a capital asset (generally, property held for investment) as defined in the Code.

Holders of common stock are advised to consult their own tax advisers regarding the federal income tax consequences of the proposed reverse split in light of their personal circumstances and the consequences under state, local and foreign tax laws. A reverse split will qualify as a recapitalization described in Section 368(a)(1)(E) of the Code. No gain or loss will be recognized by Thorium Power in connection with a reverse split. No gain or loss will be recognized by a stockholder who exchanges all of his shares of pre-reverse common stock solely for shares of post-reverse common stock. The aggregate basis of the shares of the common stock to be received in a reverse split will be the same as the aggregate basis of the shares of common stock surrendered in exchange therefore. The holding period of the shares of common stock to be received in a reverse split will include the holding period of the shares of common stock surrendered in exchange therefor.

Thorium Power's views regarding the tax consequences of a reverse split are not binding upon the Internal Revenue Service or the courts, and there is no assurance that the Internal Revenue Service or the courts would accept the positions expressed above. The state and local tax consequences of a reverse split may vary significantly as to each stockholder, depending on the state in which such stockholder resides.

THE FOREGOING SUMMARY IS INCLUDED FOR GENERAL INFORMATION ONLY. ACCORDINGLY, EACH HOLDER OF THORIUM POWER COMMON STOCK AND PREFERRED STOCK IS URGED TO CONSULT WITH HIS OWN TAX ADVISER WITH RESPECT TO THE TAX CONSEQUENCES OF THE PROPOSED REVERSE STOCK SPLIT, INCLUDING THE APPLICATION AND EFFECT OF THE LAWS OF ANY STATE, MUNICIPAL, FOREIGN OR OTHER TAXING JURISDICTION.

Anti-Takeover Effects

The SEC's Release No. 34-15230 requires disclosure and discussion of the effects of any stockholder proposal that may be used as an anti-takeover device. Certain provisions of Nevada's corporation law and our Articles of Incorporation and bylaws may have the effect of discouraging, delaying or preventing a change in control or an unsolicited acquisition proposal that a stockholder might consider favorable, including a proposal that might result in the payment of a premium over the market price for the shares held by stockholders. These provisions are summarized in the following paragraphs.

Change in Capitalization. Our articles of incorporation state that we are authorized to issue up to 500,000,000 shares of common stock. While we are not directly increasing this number, we will not reduce the number of shares of common stock we are authorized to issue in connection with a reverse split, which will in effect increase the number of shares that we are authorized to issue in relation to the number of shares of our common stock then outstanding. Such an increase in authorized common stock may make it more difficult for, or prevent or deter a third party from acquiring control of our Company or changing our board of directors and management, as well as inhibit fluctuations in the market price of our common stock that could result from actual or rumored takeover attempts.

Limitation of Director Liability. Our articles of incorporation limit the liability of our directors (in their capacity as directors but not in their capacity as officers) to us or our stockholders to the fullest extent permitted by Nevada law. Specifically, our directors will not be personally liable for monetary damages for breach of a director's fiduciary duty as a director, except for liability: (a) for acts or omissions which involve intentional misconduct, fraud or a knowing violation of law; or (b) under Section 78.300 of the Nevada Revised Statutes, which relates to unlawful payments of dividends.

Indemnification Arrangements. Our bylaws provide that our directors and officers be indemnified and provide for the advancement to them of expenses in connection with actual or threatened proceedings and claims arising out of their status as such to the fullest extent permitted by the Nevada Revised Statutes. We expect to enter into indemnification agreements with each of our directors and executive officers that provide them with rights to indemnification and expense advancement to the fullest extent permitted under the Nevada Revised Statutes.

Removal of Directors and Filling of Vacancies. The number of votes required to remove a director from the board of directors and giving remaining directors the sole right to fill a vacancy on the board of directors may make it more difficult for, or prevent or deter a third party from acquiring control of our Company or changing our board of directors and management, as well as, inhibit fluctuations in the market price of our common stock that could result from actual or rumored takeover attempts.

While it is possible that our management could use these provisions to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of the stockholders, we did not intend to construct or enable any anti-takeover defense or mechanism on its behalf. We have no intent or plan to employ these provisions as anti-takeover devices and it does not have any plans or proposals to adopt any other provisions or enter into other arrangements that may have material anti-takeover consequences.

No Appraisal Rights

Under applicable Nevada law, our shareholders are not entitled to appraisal rights with respect to the proposed amendment to our Articles of Incorporation to effect the reverse stock split.
