CENTRAL FUND CLOSES 11,840,000 SHARE ISSUE

TORONTO, Ontario (September 19, 2007) - Central Fund of Canada Limited (Central Fund) of Calgary, Alberta announced today that it has completed the sale of 11,840,000 non-voting, fully participating Class A Shares of Central Fund at a price of U.S.\$9.44 to CIBC World Markets Inc. (the Underwriter), raising total gross proceeds of U.S. \$111,769,600. The Class A Shares offered were primarily sold to investors in Canada and in the United States under the multijurisdictional disclosure system.

The underwritten price of U.S.\$9.44 per Class A Share was non-dilutive and accretive for the existing shareholders of Central Fund. In accordance with its investment policies, Central Fund has invested substantially all of the net proceeds of the issue (after deducting fees payable to the Underwriter and expenses of the issue) in gold and silver bullion, with the balance of the net proceeds reserved for additional bullion purchases and working capital purposes. It is anticipated that the additional capital raised by the issue will reduce the annual expense ratio in favour of all shareholders of Central Fund.

The new total of issued and outstanding Class A Shares of Central Fund is 125,134,532. The investment holdings of Central Fund are now represented by approximately 805,169 fine ounces of gold, 40,252,756 ounces of silver and U.S.\$27,477,572 in cash.

The Class A Shares of Central Fund are qualified investments for RRSPs, DPSPs, RRIFs and RESPs. The Class A Shares are also eligible investments in the United States for various regulated investors and accounts.

The Class A Shares of Central Fund have been listed on the Toronto Stock Exchange (CEF.A/CEF.U) since 1966 and on the AMEX (CEF) since 1986. They may be purchased on either stock exchange by worldwide investors.

Central Fund is a passive refined gold and silver bullion holding company. Central Fund (est. 1961) amended its Articles in 1983 to provide investors with an exchange-tradable share reflecting the convenient, low-cost and secure ownership of gold and silver bullion. The physical bullion holdings of Central Fund are stored on an unencumbered, allocated, segregated and insured basis and are held in safekeeping within the treasury vaults of a Canadian chartered bank. Central Fund's bullion is audited semi-annually in the presence of Central Fund's auditors and bank officials.
