TORONTO, Ontario (August 13, 2009) - Central Fund of Canada Limited (Central Fund) of Calgary, Alberta is pleased to announce that it has completed the sale of 11,040,000 Class A Shares of Central Fund at a price of U.S.\$11.90 per Class A Share to CIBC (the Underwriter), raising total gross proceeds of U.S.\$131,376,000. The Class A Shares offered were primarily sold to investors in Canada and in the United States under the Multijurisdictional Disclosure System.

The underwritten price of U.S.\$11.90 per Class A Share was non-dilutive and accretive for the existing Shareholders of Central Fund. Substantially all of the net proceeds of the offering have been invested in gold and silver bullion in international banker bar denominations, in keeping with the asset allocation requirements in the constating documents of Central Fund and the policies established by the Board of Directors of Central Fund, with the balance of the net proceeds reserved for working capital purposes. The additional capital raised by this underwriting is expected to assist in reducing the annual expense ratio in favour of the Shareholders of Central Fund.

The new total of issued and outstanding Class A Shares of Central Fund is 196,007,713. The refined bullion and small bullion certificate holdings of Central Fund are now represented by approximately 1,242,370 fine ounces of gold and 62,115,879 ounces of silver. Cash and short-term interest bearing certificates, less accrued liabilities, now total a net amount of approximately U.S.\$63,784,830.
