Item 1.01. Entry into a Material Definitive Agreement.

As previously reported, on July 2, 2009, Proliance International, Inc. (Proliance) and its United States subsidiaries (together with Proliance, the Debtors) filed voluntary petitions for reorganization under chapter 11 of the U.S. Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware (the Bankruptcy Court). The cases are being jointly administered as In re: Proliance International, Inc., Case No. 09-12278 (the Bankruptcy Case).

On July 24, 2009, the Bankruptcy Court entered a final order permitting the Debtors to use, subject to substantially similar limitations as in the previously reported interim order, their operating revenues to pay employees, vendors and other obligations in order to enable the Debtors to operate their businesses without disruption through the closing of the sale of substantially all of Proliance s North American assets as provided in the Acquisition Agreement among Proliance, certain of the other Debtors and Centrum Equities XV, LLC (Buyer).

On July 24, 2009, the Bankruptcy Court also entered an order approving the final bid procedures for the solicitation of higher or otherwise better offers for the North American assets sale transaction pursuant to an auction process to be conducted under the supervision of the Bankruptcy Court. Under the bid procedures order, the current deadline for alternative bidders to submit bids is August 10, 2009, the auction (if necessary) is currently scheduled for August 12, 2009, and the sale hearing is currently scheduled for August 13, 2009. The bid procedures order authorizes Debtors to pay to Buyer a breakup fee equal to \$645,000, plus reimbursement of up to \$137,500 of Buyer s reasonable expenses, upon the consummation of a competing transaction with another bidder. The Sellers and Buyer have entered into an amendment to the acquisition agreement to reflect the foregoing, a copy of which is filed as Exhibit 2.1 to this report.

Item 9.01. Financial Statements and Exhibits.
