PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD May 9, 2006

INTRODUCTION

This proxy statement is being furnished to stockholders of record of Valassis Communications, Inc. (Valassis, the Company, we, us or our) as of March 20, 2006, in connection with the solicitation by our Board of Directors of proxies for the 2006 annual meeting of Stockholders to be held at Valassis Corporate Headquarters, 19975 Victor Parkway, Livonia, Michigan 48152 on May 9, 2006 at 9:00 a.m. (Eastern Daylight Time), or at any and all adjournments thereof, for the purposes stated in the Notice of annual meeting. The approximate date of mailing of this proxy statement and the enclosed form of proxy is April 4, 2006.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors, the reapproval of our Amended and Restated Senior Executives Bonus Plan and the ratification of our independent auditors.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on March 20, 2006 are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or at any postponements or adjournments of the meeting.

What are the voting rights of the holders of our common stock?

Each share of our common stock, par value \$.01 per share, outstanding on March 20, 2006 will be entitled to one vote on each matter considered at the annual meeting.

Who can attend the annual meeting?

All stockholders of our common stock as of March 20, 2006, or their duly appointed proxies, may attend the annual meeting, and each may be accompanied by one guest. Registration will begin at 8:00 a.m., and seating will begin at 8:30 a.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of March 20, 2006 and check in at the registration desk at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock, issued and outstanding as of March 20, 2006, will constitute a quorum. As of March 20, 2006, we had 47,659,631 shares of our common stock outstanding. Therefore, the presence of the holders of our common stock representing at least 23,829,816 votes will be required to establish a quorum.

Table of Contents

Proxies received but indicating abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the annual meeting.

How do I vote?

By Mail

Be sure to complete, sign and date the proxy card and return it to us in the prepaid envelope. If you are a shareholder and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the Board of Directors.

By Telephone or on the Internet

Our telephone and Internet voting procedures for shareholders are designed to authenticate your identity, to allow you to give your voting instructions and to confirm that those instructions have been properly recorded.

You can vote by calling the toll-free telephone number on your proxy card. Please have your proxy card in hand when you call.

The Web site for Internet voting is www.cesvote.com. Please have your proxy card handy when you go online. As with telephone voting, you can confirm that your instructions have been properly recorded.

Telephone and Internet voting facilities for shareholders will be available 24 hours a day, 7 days a week. If you vote by telephone or on the Internet, you do not have to return your proxy card.

In person at the annual meeting

All shareholders may vote in person at the annual meeting. You may also be represented by another person at the annual meeting by executing a proper proxy designating that person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Our Board of Directors has appointed National City Bank, our transfer agent and registrar, to serve as our Inspector of Election and tabulate and certify the votes at the annual meeting.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with our Corporate Secretary either a notice of revocation or a duly executed proxy bearing a later date or by voting another proxy by telephone or on the Internet at a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are our Board of Director's recommendations?

Unless you give other instructions on your proxy card, or by telephone or on the Internet, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board of Directors. Our Board of Director's recommendation is set forth together with the description of each item in this proxy statement. In summary, our Board of Directors recommends a vote:

for election of the nominated slate of directors (see Item 1);

for reapproval of our Amended and Restated Senior Executives Annual Bonus Plan to satisfy certain Internal Revenue Code requirements; (see Item 2) and

Table of Contents

for ratification of the appointment of Deloitte & Touche LLP as our independent auditors for fiscal year ending December 31, 2006 (see Item 3).

With respect to any other matter that properly comes before the annual meeting, the proxy holders will vote as recommended by our Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy indicating **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other items. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy indicating **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Therefore, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. These broker non-votes will not be counted as part of the total number of votes cast on such proposals. Therefore, a broker non-vote will have no effect in determining whether any given proposal has been approved by the stockholders. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

OUR CORPORATE GOVERNANCE PRINCIPLES

Our Board of Directors has general oversight responsibilities for our business, property and affairs pursuant to the General Corporation Law of the State of Delaware and our by-laws. In exercising its fiduciary duties, our Board of Directors represents and acts on behalf of our stockholders. Although the Board of Directors does not have responsibility for the day-to-day management of our company, members of the Board of Directors stay informed about our business through discussions with Alan F. Schultz, our President and Chief Executive Officer, and with key members of our management, by reviewing materials provided to them and by participating in meetings of our Board of Directors and its committees. Our Board of Directors provides guidance to management through periodic meetings, site visits and other interactions. Additional details concerning the role and structure of our Board of Directors are in our Corporate Governance Guidelines, which can be found in the Investor/Corporate Governance section of our Web site [at www.valassis.com](http://www.valassis.com).

Policies and Procedures

For a number of years we have had a Code of Business Conduct and Ethics for our directors, officers and employees as well as Corporate Governance Guidelines to ensure that our business is conducted in a consistently legal and ethical manner. We have spent a considerable amount of time and effort reviewing and improving our corporate governance policies and practices. This includes comparing our current policies and practices to policies and practices suggested by various groups or authorities active in corporate governance and practices of other public companies. Based upon this review, we have adopted certain changes that our Board of Directors believes are the best corporate governance policies and practices for us. We have also adopted changes, as appropriate, to comply with the Sarbanes-Oxley Act of 2002 and any rule changes made by the SEC and the New York Stock Exchange. We believe that our current policies and procedures form the foundation for an open relationship among colleagues that contributes to good business conduct as well as the high integrity level of our employees.

Determination of Director Independence

Under the rules of the New York Stock Exchange, our Board of Directors is required to affirmatively determine the independence of each director based on the absence of any material relationship between us and the director. These determinations are required to be disclosed in this proxy statement. Our Board of Directors has established guidelines to assist it in making these determinations. These guidelines, which are attached to this proxy statement as Exhibit A, include all elements of the Corporate Governance Rules of the New York Stock Exchange on this subject. For relationships between us and a director not covered by the guidelines, the determination of independence is made by the other members of our Board of Directors who are independent. Based on these guidelines, our Board of Directors at its March 7th, 2006 meeting determined that Messrs. Brennan, Darish and Ku, Ms. Sampson and Ambassador Whittlesey are independent.

Presiding Director

In September 2002, our Board of Directors determined that the directors who are deemed independent based on the New York Stock Exchange rules will meet in executive session at each Board of Directors meeting and that the independent director with the most seniority on our Board of Directors will preside. The independent directors are also our non-management directors and, as such, these non-management directors will meet in regularly scheduled executive sessions without management present. Ambassador Whittlesey currently serves as the presiding director at all such executive sessions.

COMMITTEES OF THE BOARD

The standing committees of our Board of Directors include our Executive Committee, our Audit Committee, our Compensation/Stock Option Committee and our Corporate Governance/Nominating Committee.

Our Executive Committee, whose members are Alan F. Schultz, Robert L. Recchia and Ambassador Faith Whittlesey, is generally authorized to exercise the management powers of our Board of Directors; provided, however, that our Executive Committee does not have the authority to declare cash dividends, amend our certificate of incorporation, adopt an agreement of merger or consolidation, recommend the disposition of all or substantially all of our assets or recommend our dissolution. Our Executive Committee did not meet during the fiscal year ended December 31, 2005.

Our current Audit Committee's members are Patrick F. Brennan, Seth Goldstein and Kenneth V. Darish, however, Ambassador Faith Whittlesey will replace Seth Goldstein as a member of our Audit Committee as of the date of our annual meeting. Our Audit Committee recommends the selection of independent auditors, discusses and reviews the scope and the fees of the prospective annual audit and reviews the results of each audit with the independent auditors. Our Audit Committee also reviews compliance with our existing major accounting and financial policies, reviews the adequacy of our financial organization and reviews management's procedures and policies relevant to the adequacy of our internal accounting controls and compliance with federal and state laws relating to accounting practices. We have appointed an internal auditor that reports directly to our Audit Committee. Our Audit Committee held six meetings during the fiscal year ended December 31, 2005. Our Board of Directors has determined that Kenneth V. Darish meets the New York Stock Exchange standard of having accounting or related financial management expertise and the SEC's definition of an audit committee financial expert. Each of the other members of our Audit Committee, including Ambassador Faith Whittlesey, has financial management experience or are financially literate. Our Board of Directors has determined that each committee member, including Ambassador Faith Whittlesey, meets the additional independence requirements for members of an audit committee in the New York Stock Exchange Corporate Governance Rules. Our Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform.

Our Compensation/Stock Option Committee's members are Ambassador Faith Whittlesey, Patrick F. Brennan and Marcella A. Sampson. Our Compensation/Stock Option Committee administers our 2002 Long-Term Incentive Plan, our Amended and Restated 1992 Long-Term Incentive Plan, our Broad-Based Incentive Plan, our Amended and Restated Senior Executives Annual Bonus Plan, our 2005 Executive Restricted Stock Plan, our 2005 Employee and Director Restricted Stock Award Plan, our Employee Stock Purchase Plan and our Supplemental Benefit Plan, as amended. Our Compensation/Stock Option Committee also reviews and approves the annual salary, bonus and other benefits, direct or indirect, of the members of our senior management. Our Compensation/Stock Option Committee is comprised of non-employee directors as such term is defined under Rule 16b-3 of the Securities Exchange Act of 1934, as amended. During the fiscal year ended December 31, 2005, our Compensation/Stock Option Committee met one time. Our Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform.

Our Corporate Governance/Nominating Committee's members are Marcella A. Sampson, Kenneth V. Darish and Dr. Walter H. Ku. Our Corporate Governance/Nominating Committee (i) assists our Board of Directors by identifying individuals qualified to become Board members and recommends to our Board of Directors the director nominees for the next annual meeting of stockholders, (ii) recommends to our Board of Directors the corporate governance guidelines applicable to us and (iii) takes a leadership role in shaping our corporate governance. Our Corporate Governance/Nominating Committee held four meetings during the fiscal year ended December 31, 2005. Our Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform.

Our Corporate Governance/Nominating Committee evaluates the current members of our Board of Directors at the time they are considered for nomination. Our Corporate Governance/Nominating Committee also considers whether any new members should be added to our Board of Directors. In the past, candidates for independent director have been found through recommendations from members of our Board of Directors and other employees at our company. The Corporate Governance/Nominating Committee may also seek help from an executive search firm to assist in the selection process.

Table of Contents

Our Corporate Governance/Nominating Committee has not established any specific minimum qualifications for a director but has adopted a set of criteria, which are attached to this proxy statement as Exhibit B, describing the qualities and characteristics that are sought for our Board of Directors as a whole. Our Corporate Governance/Nominating Committee does not give these criteria any particular weight and they are not equally applicable to all nominees. Our Corporate Governance/Nominating Committee may also from time to time identify particular characteristics to look for in a candidate in order to balance the skills and characteristics of our Board of Directors. Our Corporate Governance/Nominating Committee may modify these criteria from time to time and adopt special criteria to attract exceptional candidates to meet our specific needs.

Our Corporate Governance/Nominating Committee will consider recommendations from stockholders of potential candidates for nomination as director. Recommendations should be made in writing, including the candidate's written consent to be nominated and to serve, and sufficient background information on the candidates to enable our Corporate Governance/Nominating Committee to properly assess the candidate's qualifications. Recommendations should be addressed to our Corporate Secretary at our principal office and must be received no later than October 1, 2006 in order to be considered for the next annual meeting. The process for evaluating potential candidates recommended by stockholders and derived from other sources is substantially the same.

AUDIT COMMITTEE REPORT

Our Audit Committee of our Board of Directors is comprised of the three directors named below. It operates pursuant to a written charter adopted by our Board of Directors which can be viewed in the Investor/Corporate Governance section the Company's Web site at www.valassis.com.

The role of our Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of our Audit Committee are independent, as required by applicable listing standards of the New York Stock Exchange and the rules and regulations promulgated by the SEC. As set forth in our Audit Committee Charter, the management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, our Audit Committee has considered and discussed with management and the Company's independent auditors, Deloitte & Touche LLP, the audited financial statements for the year ended December 31, 2005 and management's assessment of the effectiveness of our internal controls over financial reporting as of December 31, 2005. Our Audit Committee has also discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended by Statement on Auditing Standards No. 90. Finally, our Audit Committee has received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect and discussed with Deloitte & Touche LLP that firm's independence. Our Audit Committee also considered whether Deloitte & Touche LLP's non-audit services, including tax consulting and benefit plan services are compatible with maintaining Deloitte & Touche LLP's independence.

The members of our Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of our Audit Committee rely without independent verification on the information provided to them on the representations made by management and the independent accountants. Accordingly, our Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

Table of Contents

Based upon the reviews and discussions referred to above, in reliance on management and the independent registered accounting firm, and subject to the limitations on the role and responsibilities of our Audit Committee referred to above and in our Audit Committee Charter, our Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 filed with the SEC.

This Audit Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such Acts.

DIRECTOR COMPENSATION

Currently, our independent directors, or non-employee directors, each receive the following fees in connection with their participation on our Board of Directors and related Board committees: (i) an annual independent director fee of \$41,412, which is comprised of \$17,374 in cash plus an annual grant of restricted stock, pursuant to the Company's Employee and Director Restricted Stock Award Plan and 2005 Employee and Director Restricted Stock Award Plan, having an aggregate fair market value equal to \$24,038 granted on a pro-rated quarterly basis; (ii) a Board of Directors meeting fee, in addition to the annual independent director fee, of \$2,483 per meeting attended and \$1,241 per telephonic meeting attended; and (iii) a Board committee meeting fee, in addition to the annual independent director fee, of \$1,241 per meeting attended and \$620 per telephonic meeting attended, payable only if the Board committee meeting is not scheduled in conjunction with (just before or after) a Board of Directors meeting (telephonic meeting fees will be paid on a pro-rated basis if an independent director does not participate via telephone for the entire meeting).

In addition, our independent directors were eligible to receive non-qualified options to purchase an aggregate of 40,000 shares of our common stock pursuant to our 2002 Long-Term Incentive Plan (or such other plan applicable to our independent directors in effect from time to time). These options have been granted by us in eight (8) semi-annual installments consisting of 5,000 stock options on April 1 and October 1 commencing on October 1, 2002 through April 1, 2006. Each option had a strike price equal to the fair market value (as defined in our applicable stock option plan) of our common stock on the date of grant and become fully vested one (1) year from such date of grant, with the same terms and conditions as our then-current standard non-qualified stock option agreement for independent directors. As of the date of the annual meeting, our independent directors shall have received all of the non-qualified options to purchase shares of our common stock that they were entitled to pursuant to the arrangement described in this paragraph. However, for the year ending December 31, 2006, the independent directors will each also receive 5,000 stock options on October 1, 2006 which will have a strike price equal to the fair market value (as defined in our applicable stock option plan) of our common stock on the date of grant and will become fully vested one (1) year from such date of grant, with the same terms and conditions as our standard non-qualified stock option agreement for independent directors.

Upon a change of control (as defined in our applicable stock option plan) all shares with respect to which any option granted prior to the change of control shall become fully exercisable and shall be governed by our 2002 Long-Term Incentive Plan (or such other plan applicable to our independent directors in effect from time to time). In addition, if any payment provided to our independent directors on account of such acceleration of exercisability of such options upon a change of control would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986 or any successor provision, our independent directors will be entitled to a gross-up payment.

Directors who are also our employees or employees of any of our affiliates do not receive any compensation for their services as a director. Accordingly, Messrs. Hoffman, Recchia and Schultz are not compensated as such for their services as directors.

SECTION 16(a) BENEFICIAL

OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Executive officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms furnished to us, or written representations that no Forms 5 were required, we believe that during the fiscal year ended December 31, 2005 all Section 16(a) filing requirements applicable to our officers and directors were complied with.

Table of Contents**Supplemental Benefit Plan**

We established a Supplemental Benefit Plan in 1998 and amended the Plan in 2002. Our Supplemental Benefit Plan covers management employees who are designated by our Compensation/Stock Option Committee. Participating employees earn credited service for each year of continuous service with us. The annual amount of supplemental benefit is calculated by multiplying a participant's years of credited service by 2 percent of the participant's average annual base pay while employed by us for the 36 months immediately preceding retirement or other termination of employment. The amount of supplemental benefit provided by our Supplemental Benefit Plan is payable semi-annually for a period of 10 years, commencing upon retirement, death or other termination of employment. Supplemental benefits are provided on a noncontributing basis.

The following table illustrates the maximum annual benefits payable to a participant for specified final average annual compensation and specified years of service, assuming retirement at age 65 and payment for a period of 10 years:

Broad-Based Incentive Plan

Our Broad-Based Incentive Plan was adopted by our Board of Directors in March 2000 and authorizes non-qualified option grants for the issuance of a maximum of 2,165,000 shares of common stock to our employees, including employees of our affiliates, and to certain other individuals who perform services for us or those entities. No (i) officers (as defined by Rule 16a-(f) of the Securities Exchange Act of 1934, as amended) or directors of our company, (ii) owners of at least 5% of our outstanding common stock, or (iii) closely related persons of any person described in (i) or (ii) above may participate in the Plan. The Plan is administered by our Compensation/Stock Option Committee.

The exercise price for each option granted under the Broad-Based Incentive Plan may be equal to, or greater than, the fair market value of our common stock subject to such option at the time the option is granted. Subject to termination of employment, and except as otherwise provided in the Plan, options granted under the Plan expire not later than ten (10) years from the date of grant, are not transferable other than upon death of the optionee, and fully vest over terms ranging from six (6) months to five (5) years from the date of grant.

Upon the occurrence of a Change in Control (as defined in the Plan), each option that is outstanding on the date of such Change in Control shall be exercisable in full immediately (whether or not then exercisable).

Employment Contracts

We have employment agreements with each of Alan F. Schultz, Richard Herpich, Robert L. Recchia, Barry P. Hoffman and William F. Hogg, Jr., our named executive officers. The following summary of certain provisions of these employment agreements does not purport to be complete and is subject to and is qualified in its entirety by reference to the actual text of the employment agreements of the named executive officers, copies of which are exhibits to our SEC filings.

Mr. Schultz's employment agreement expires December 31, 2008, Mr. Herpich's employment agreement expires December 31, 2007, Mr. Recchia's and Mr. Hoffman's employment agreement each expires December 31, 2008 and Mr. Hogg's employment agreement expires on March 30, 2008. Pursuant to their respective employment agreements, Mr. Hoffman and Mr. Recchia are each entitled to an annual base salary equal to \$390,000. Mr. Herpich's employment agreement provides that he is entitled to an annual base salary equal to \$360,000. Mr. Hogg's employment agreement provides that he is entitled to an annual base salary of \$290,000.

Further, the employment agreements of each of Mr. Herpich, Mr. Hoffman and Mr. Recchia provide that each of these executives is entitled to receive 2,250 shares of restricted stock for each year during the term of his respective employment agreement pursuant to our applicable restricted stock award plan and up to an additional 4,500 shares of restricted stock for each year during the term of his employment agreement if we achieve certain performance targets. Mr. Schultz's employment agreement provides that he is entitled to receive 11,250 shares of restricted stock for each year during the term of his employment agreement and up to 22,500 shares of restricted stock for each year during the term of his employment agreement pursuant to our applicable executive restricted stock award plan if we achieve certain performance targets. In addition, pursuant to the terms of the employment agreements of Mr. Schultz, Mr. Recchia and Mr. Hoffman, all of these executives may be entitled to semi-annual bonuses of up to 50% of their annual salary if we achieve certain performance targets set by our Compensation/Stock Option Committee. Mr. Herpich's employment agreement provides that he is entitled to a semi-annual bonus of up to 50% of his annual salary if we achieve certain performance targets set by our Compensation/Stock Option Committee and an annual bonus of up to 50% of his annual salary in accordance with certain sales targets set annually by our Chief Executive Officer. For the year ending December 31, 2005, Mr. Schultz, Mr. Herpich, Mr. Recchia, Mr. Hoffman and Mr. Hogg, Jr. received annual compensation, consisting of annual salary and any bonuses received, in the amount of \$1,560,000, \$720,000, \$780,000, \$780,000, and \$577,100, respectively.

Table of Contents

Each of the employment agreements for the named executive officers mentioned above provides that such executive officers were eligible to receive non-qualified stock options to purchase a fixed number of shares of our common stock pursuant to our 2002 Long-Term Incentive Plan (or such other plan applicable to our executives in effect from time to time). The aggregate number of stock options granted pursuant to Mr. Schultz's employment agreement, Mr. Herpich's employment agreement, Mr. Hoffman's employment agreement, Mr. Recchia's employment agreement and Mr. Hogg's employment agreement was 1,080,000, 393,000, 450,000, 450,000 and 350,000, respectively. Such options were granted by us in eight semi-annual installments on April 1 and October 1 commencing on October 1, 2002 through April 1, 2006; provided, however, that the options that were granted to Mr. Herpich were in seven semi-annual installments ending on October 1, 2005 which corresponded with the term of his employment agreement at the time such provision was added; and provided, further, that the grant of all such options could have been accelerated upon a change of control of the Company. See the section entitled "Change of Control Arrangements." Each option had a strike price equal to the fair market value (as defined in our applicable stock option plan) of our common stock on the date of grant and becomes fully vested five years from such date of grant and exercisable for two years thereafter. Such options vest in 1/3 increments as our common stock meets certain specified price per share targets. As of December 31, 2005, the aggregate number of stock options to be granted to Messrs. Schultz, Hoffman, Recchia and Hogg pursuant to their employment agreements was 135,000, 56,250, 56,250, and 43,750, respectively. These remaining stock options have been granted to Messrs. Schultz, Hoffman, Recchia and Hogg on April 1, 2006. Further, in December 2005, each of these executive officers voluntarily forfeited the options granted to them on October 1, 2006 for no consideration.

Under the terms of the employment agreements for Messrs. Schultz, Hoffman and Recchia, if we terminate any of our executives' employment other than for Cause (as defined in the respective employment agreements), or if the executive terminates his employment for Good Reason (as defined in the respective employment agreements), then we shall continue to pay such executive a base salary for the duration of the term of his employment agreement, a lump sum cash bonus in an amount equal to two times his maximum semi-annual cash bonus for the current six-month period (whether or not earned), and any deferred compensation and any accrued vacation pay to the date of termination. In such event, Messrs. Schultz, Recchia and Hoffman also receive such executive's pro rata share of his semi-annual bonus for the six-month period in which his employment terminates (based on the achievement of certain performance targets at the end of the six-month period). Under the terms of the employment agreements for Messrs. Herpich and Hogg, if we terminate any of our executives' employment other than for Cause (as defined in the respective employment agreements), then we shall continue to pay such executive a base salary for the duration of the term of his employment agreement, a lump sum cash bonus in an amount equal to two times his maximum semi-annual cash bonus for the current six-month period (whether or not earned), and any deferred compensation and any accrued vacation pay to the date of termination. All of the employment agreements with the named executive officers mentioned above provide that, under certain circumstances, we shall also maintain our executive's participation in all employee welfare and medical benefit plans in which the executive was eligible to participate at the time of his termination.

In the event of a termination by reason of death or disability of an executive officer (as defined in the respective employment agreements), we shall pay to such executive or his estate in a lump sum his annual base salary through the date of termination and any deferred compensation and any accrued vacation pay to the date of termination. If this occurs, Messrs. Schultz, Recchia and Hoffman also receive an amount equal to the executive's pro rata share of his semi-annual bonus for the six-month period in which his employment terminates (based on the achievement of certain performance targets at the end of the six-month period).

If we terminate the employment of Messrs. Schultz, Hoffman or Recchia for Cause, or any of them terminates his employment with us without Good Reason, we shall pay such executive officer any compensation earned through the date of termination and any previously deferred compensation. Following this payment, we shall then have no further obligations to the terminated executive officer under his employment agreement. Under the terms of the employment agreements for Messrs. Herpich and Hogg, if we terminate the employment of such executive officer for Cause, we shall pay such executive officer any compensation earned through the date of termination and any previously deferred compensation. Following this payment, we shall then have no further obligations to the terminated executive officer under his employment agreement.

Under the terms of their employment agreements, our executive officers are prohibited from competing with us during the periods of their scheduled employment with us. In the case of Mr. Herpich and Mr. Hogg, this

non-competition provision may continue for up to two years following the termination of his employment, at our option, provided that we pay Mr. Herpich and Mr. Hogg his then-existing annual base salary during the extended period. In the cases of Messrs. Hoffman and Recchia, this non-competition provision shall continue for up to two years following the termination of their respective employment with us, provided that during the extended period the executives furnish advisory and consulting services to us and we pay such executives, as applicable, their annual base salaries. In the case of Mr. Schultz, his employment agreement provides that this non-competition provision extends for seven years after the later of the expiration date of his employment period or severance period, as the case may be, so long as we pay Mr. Schultz his annual base salary during each of the first three years of such seven-year period as well as an amount equal to one-half of such annual base salary during each of the last four years of such period.

Change of Control Arrangements

Upon a change of control (as defined in our applicable stock option plan) all shares with respect to which any option granted pursuant to the employment agreements prior to the change of control shall become fully exercisable and shall be governed by our 2002 Long-Term Incentive Plan (or such other plan applicable to Alan F. Schultz, Richard Herpich, Robert L. Recchia, Barry P. Hoffman and William F. Hogg, Jr., our named executive officers, in effect from time to time). In addition, the employment agreements provide that if any payment provided to these named executive officers on account of such acceleration of exercisability of such options upon a change of control would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986 or any successor provision, these named executive officers will be entitled to a gross-up payment. In addition, a change of control of our company could result in one or more of the executives being terminated other than for Cause, or one or more of Messrs. Schultz, Recchia and Hoffman terminating his respective employment for Good Reason. In either of these events, the severance arrangements described above would apply.

Our Compensation/Stock Option Committee periodically evaluates the performance targets and economic components of our compensation programs, emphasizing those short- or long-term compensation alternatives (cash, options and restricted stock) that best incentivize personnel at different levels of our organization.

COMPENSATION/STOCK OPTION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Our Compensation/Stock Option Committee of the Board of Directors has furnished the following report on executive compensation:

PHILOSOPHY

The compensation philosophy of the Company is to develop and implement policies that will encourage and reward outstanding financial performance, seek to increase the profitability of the Company, and thereby increase stockholder value. Maintaining competitive compensation levels in order to attract, retain and reward executives who bring valuable experience and skills to the Company is also an important consideration. The Company's executive compensation programs are designed to attract and retain talented individuals and motivate them to achieve the Company's business objectives and performance targets, including increasing long-term stockholder value.

Our Compensation/Stock Option Committee of the Board of Directors is composed of the three directors listed below. Working with the Company, the Compensation/Stock Option Committee develops and implements compensation plans for the Company's senior management.

COMPENSATION STRUCTURE

Our Compensation/Stock Option Committee believes that it is in the best interests of the Company and the interests of the Company's stockholders that the executive officers be compensated in a manner that provides such officers with a strong incentive to advance both the Company's short-term and long-term interests. Our Compensation/Stock Option Committee, working with management, has instituted a compensation structure which is designed to ensure that a high proportion of compensation is tied in some manner to both short-term and long-term corporate performance. Accordingly, the Company's compensation structure includes both cash-based and equity-based compensation consisting of base salary, annual cash bonuses, stock options and restricted stock awards. In addition, certain executive officers are the recipients of perquisites, including, among other things, all or a combination of country club membership, car allowance and tax and accounting advice.

The annual cash compensation of the executive officers, including the Company's Chief Executive Officer, for the year ended December 31, 2005, consisted of annual salary and cash bonuses. The cash bonuses were paid two times a year and were contingent upon the attainment by the Company of meeting semi-annual earnings per share targets that were set by the Committee for the six-month period ending June 30, 2005 and for the six-month period ending December 31, 2005. The Committee believes that a target based upon earnings per share emphasizes the Company's commitment to reach and maintain a competitive rate of return on equity and achieve long-term growth in earnings-critical factors for assuring creation of value for its stockholders. Additionally, the Committee believes that by providing for bonuses twice a year instead of annually, a greater sense of urgency will motivate executive officers to meet the targets. The specific targets for the Company's fiscal year ended December 31, 2005 which were selected by the Committee are not disclosed herein because the Committee has determined that it is confidential business information, the disclosure of which would have an adverse effect on the Company.

Non-cash compensation of executive officers for the year ended December 31, 2005, consisted of options granted under the Company's 2002 Long-Term Incentive Plan and restricted stock granted pursuant to the Executive Restricted Stock Plan or the Employee and Director Restricted Stock Award Plan.

The stock options produce value for executives only if the Company's stock price increases over the option exercise price, which for all options granted to such executives during 2005 is the fair market value of the Company's common stock on the date of grant. Although there are no particular targets with respect to executive officers' holdings of stock options, in general, the higher the level of an executive's responsibility, the larger this stock-based component of his or her compensation will be.

Table of Contents

To further strengthen the commonality of interest between senior management and the Company's stockholders, the Committee has granted performance-based stock options to the Company's executive officers that provide accelerated vesting in 1/3 increments as the Company's common stock meets certain specified price per share targets. The Committee determined that these performance-based options would provide even greater motivation for the Company's executive officers to achieve our performance targets.

Our Committee believes that grants of restricted stock further a sense of stock ownership by executive officers and gives the Company a significant advantage in retaining key executives. In order to assure the retention of certain of the Company's high-level executives and to compensate and incentivize those executives to create long-term value for stockholders, our Compensation/Stock Option Committee provides that the restricted stock granted to those executives vests in approximately equal portions over a three-year period. Through December 2004, the Committee generally eliminated restricted stock as part of the Company's overall compensation and incentive plans to all executive officers other than the four executive officers who have restricted stock as part of their employment contracts. However in December 2004, the Committee decided to significantly reduce the amount of stock options granted to executive officers (other than those who receive stock options pursuant to their employment agreements) in favor of a mix of stock options and restricted stock awards.

Executive officers also are eligible to participate in Valassis Employees' Retirement Savings Plan and certain executive officers are eligible to participate in the Supplemental Benefit Plan. In addition, all of the Company's employees are eligible to participate in the Employee Stock Purchase Plan.

All of the Company's executive officers are employed pursuant to multi-year employment contracts. The cash compensation of each executive officer (other than the Chief Executive Officer) may be increased based on an annual review of such officer's performance by the Chief Executive Officer and his recommendations to our Compensation/Stock Option Committee. The cash compensation of the Chief Executive Officer may also be increased based on an annual review of such officer's performance by the Compensation/Stock Option Committee. In establishing and administering the variable elements in the compensation of the Company's executive officers, the Compensation/Stock Option Committee tries to recognize individual contributions, as well as overall business results. Compensation levels are also determined based upon the executive's responsibilities, the efficiency and effectiveness with which he or she marshals resources and oversees the matters under his or her supervision, the degree to which he or she has contributed to the accomplishments of major tasks that advance the Company's goals, including sales growth and earnings, and the Company's current competitive environment, employee retention and morale. The Company's financial performance is a key factor that affects the overall level of compensation for executive officers.

CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Schultz is employed under an employment agreement which expires on December 31, 2008. The level of Mr. Schultz's salary and the semi-annual bonus to which he is entitled for the fiscal year ended December 31, 2005 is set forth in his employment agreement. The amount of Mr. Schultz's aggregate bonuses for the fiscal year ended December 31, 2005 was based on the Company's achievement of certain semi-annual earnings per share targets set by the Compensation/Stock Option Committee. No bonus is earned unless the Company has met at least seventy (70) percent of the earnings per share target. Based on the Company's earnings per share performance during 2005, Mr. Schultz received one hundred percent (100%) of his potential bonus, or \$780,000. In addition, for the fiscal year ended December 31, 2005, Mr. Schultz received 22,500 shares of restricted stock pursuant to his employment agreement. For each subsequent fiscal year during the term of his employment agreement, Mr. Schultz will be eligible to receive 11,250 shares of restricted stock, an additional 11,250 shares of restricted stock if the Compensation/Stock Option Committee determines that a certain percentage of the performance targets have been met and an additional 11,250 shares of restricted stock under the Company's Executive Restricted Stock Award Plan if a higher percentage of the performance targets have been met. During 2005, Mr. Schultz also received two stock option grants of 135,000 pursuant to his employment agreement, however Mr. Schultz voluntarily forfeited the October 1, 2005 grant of 135,000 stock options in December 2005.

During the fiscal year ended December 31, 2005, Mr. Schultz was paid a salary at a rate of \$780,000 per year under his employment agreement. The Committee believes that Mr. Schultz's salary is reasonable in light of his outstanding leadership through the years. The Committee believes that Mr. Schultz's compensation level reflects the Committee's confidence in Mr. Schultz and the Company's desire to retain Mr. Schultz's outstanding talents at the head of the Company.

Table of Contents

EXECUTIVE OFFICER COMPENSATION

Each of the Company's executive officers is currently employed pursuant to a multi-year employment agreement, the purpose of which is to retain the services of every officer for an extended period and to protect the Company with the establishment of no compete/no raid obligations for former executives. The length of time employment agreements are extended into the future is a result of a variety of factors, including the staggering of expiration dates of other executive employment agreements, the roles and responsibilities of the executive and a risk assessment of the executive being hired by one of the Company's competitors. The minimum compensation to which each executive officer was entitled for 2005 is specified in the employment agreement, and the bonuses, which are a major part of an executive's cash compensation, were based primarily on the Company's achievement of certain earnings per share targets and in certain instances, a combination of earnings per share targets and other annual performance targets. Generally, no bonus is earned unless the Company has met a percentage of the earnings per share target with respect to each semi-annual period determined by the Committee. Generally, no aggregate bonus may exceed one hundred percent (100%) of an executive's annual base salary.

Stock options are awarded to the executives by our Compensation/Stock Option Committee. In determining the size of option awards for a particular executive officer, our Compensation/Stock Option Committee considers the amount of stock options previously awarded to other executive officers in a like position, the amount of unexercised stock options held by such executive in addition to the other compensation considerations discussed above. Certain executive officers are entitled to a fixed number of stock options granted twice a year pursuant to their employment agreements.

In order to further incentivize management, certain executive officers are entitled to a certain amount of restricted stock if the Committee determines that a certain percentage of the performance targets have been met and an additional amount of restricted stock if a higher percentage of the performance targets have been met. The amount of restricted stock and applicable performance target is specified in the executive's employment agreement.

The Compensation/Stock Option Committee believes that the Company's most direct competitors for executive talent are not necessarily the same companies with which the Company would be compared for stock performance purposes. Many of the businesses with which the Company competes for executive talent are substantially larger and have greater financial resources than the Company. The Committee believes that one of the Company's most direct competitors is a non-publicly traded company for which no information regarding stock performance or executive compensation is available.

The Compensation/Stock Option Committee feels that actions taken regarding executive compensation are appropriate in view of the individual and corporate performance.

In the event total compensation for any named executive officer exceeds the \$1 million threshold at which tax deductions are limited under Internal Revenue Code Section 162(m), the Compensation/Stock Option Committee intends to balance tax deductibility of executive compensation with its responsibility to retain and motivate executives with competitive compensation programs. As a result, the Compensation/Stock Option Committee may take such actions as it deems to be in the best interests of the stockholders, including: (i) provide non-deductible compensation above the \$1 million threshold; (ii) require deferral of a portion of the bonus or other compensation to a time when payment may be deductible by us; and/or (iii) modify existing programs to qualify bonuses and other performance-based compensation to be exempt from the deduction limit.

**REAPPROVAL OF OUR AMENDED AND RESTATED SENIOR EXECUTIVES ANNUAL BONUS PLAN
TO SATISFY CERTAIN INTERNAL REVENUE CODE REQUIREMENTS (PROPOSAL 2)**

In order to permit the deductibility under the Internal Revenue Code of 1986, as amended, of cash bonuses awarded to certain of our executive officers, the Board of Directors is recommending the reapproval of our Amended and Restated Senior Executives Annual Bonus Plan which would define and limit bonus amounts that may be awarded to certain of our executive officers and which bonus amounts would qualify as performance based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended.

On November 16, 1994, our stockholders approved our Amended and Restated Senior Executives Annual Bonus Plan in order to maximize the deductibility to us of compensation paid to our Chief Executive Officer and the other senior executives that may become subject to Section 162(m) of the Internal Revenue Code of 1986, as amended. On December 13, 1995, our Compensation/Stock Option Committee recommended and on December 14, 1995 our Board of Directors approved, subject to stockholder approval, an amendment to the Amended and Restated Senior Executives Annual Bonus Plan to provide for semi-annual bonuses instead of annual bonuses, to change the performance targets from cash flow targets to earnings per share targets, and to change the percentage of the target that we must meet before the executive receives any bonus from 85% to 70%. On May 21, 1996, our stockholders approved the proposed amendment. In May 2001, our stockholders reapproved our Amended and Restated Senior Executives Annual Bonus Plan to satisfy certain Internal Revenue Code requirements.

Section 162(m) of the Internal Revenue Code of 1986, as amended, requires that if our Compensation/Stock Option Committee has authority to change the targets under a performance goal after stockholder approval of the goal, material terms of the performance goal must be disclosed to and reapproved by our stockholders no later than the first stockholder meeting that occurs in the fifth year following the May 2001 annual meeting. In connection therewith, our Board of Directors recommends that the stockholders reapprove the Amended and Restated Senior Executives Annual Bonus Plan.

Description of our Amended and Restated Senior Executives Annual Bonus Plan

The major features of our Amended and Restated Senior Executives Annual Bonus Plan are summarized below. The description provided below is qualified in its entirety by reference to the actual Amended and Restated Senior Executives Annual Bonus Plan which is attached to this proxy statement as Exhibit C.

The objective of the Amended and Restated Senior Executives Annual Bonus Plan is to provide a mechanism whereby our principal executives will have a significant portion of their total compensation measured by earnings per share performance targets established by our Compensation/Stock Option Committee, and thus be motivated to stimulate our overall growth and success, and to maximize the deductibility of such compensation for income tax purposes. Our Compensation/Stock Option Committee and our Board of Directors believe that earnings per share is a meaningful measure of performance used by the marketplace to value a company's stock and that earnings per share would closely align management's interests with the interests of our stockholders.

The plan is administered by our Compensation/Stock Option Committee, which is comprised of outside directors (within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended), none of whom is eligible to participate in the plan. The Compensation/Stock Option Committee has the power to adopt rules and regulations concerning the administration and interpretation of the plan.

Eligible executive officers are Mr. Schultz and any other officers that may be designated by our Compensation/Stock Option Committee as likely to become subject to Section 162(m) of the Internal Revenue Code of 1986, as amended. Payment of bonuses under the plan are made only in cash. Our Amended and Restated Senior Executives Annual Bonus Plan provides that our Compensation/Stock Option Committee will fix targets prior to the commencement of the semi-annual periods (or by such later date as may be permitted under Section 162(m) of the Internal Revenue Code of 1986, as amended), establish an earnings per share target for the semi-annual period which converts our semi-annual performance into compensation to be paid to participants, together with the bonus amount payable if the target is achieved (subject to the maximum provided below) and the bonus amount, if any, payable if the target is not achieved. However, no bonus will be payable unless we have met at least 70% of the earnings per share target, and 100% of the target must be met in order to qualify for a full bonus.

Table of Contents

Earnings per share for each six-month period, is defined in the Amended and Restated Senior Executive Bonus Plan as the earnings per share of our stock computed in conformity with generally accepted accounting principles.

Our Amended and Restated Senior Executives Annual Bonus Plan provides that each bonus payment will be made on the same terms as the bonus provided for in the plan after each applicable semi-annual period. Our Amended and Restated Senior Executives Annual Bonus Plan provides that the maximum semi-annual bonus that may be made to Mr. Schultz is \$500,000; for other participants, the semi-annual bonus may not exceed 50% of the executive's annual salary.

Our Amended and Restated Senior Executives Annual Bonus Plan provides that if the employment of an executive officer terminates, payment of a semi-annual bonus will be made as described in such executive's employment agreement. See the section entitled "Employment Contracts."

The plan is intended to be indefinite in duration, but may be amended or terminated at any time by our Board of Directors. However, no amendment may be made without complying with Section 162(m) of the Internal Revenue Code of 1986, as amended, and applicable law.

Vote Required for Reapproval of Bonus Plan

Approval of the Amended and Restated Senior Executives Annual Bonus Plan requires the affirmative vote of holders of a majority of shares of our common stock present in person or represented by proxy at the annual meeting. In the event that the plan does not receive favorable majority vote, the result will be that the semi-annual performance compensation paid to Mr. Schultz and other executives that may be designated as participants will not be deductible for federal income tax purposes by us, to the extent that it, together with other nonexempt compensation, exceeds the amount provided by Section 162(m) of the Internal Revenue Code of 1986, as amended, which is currently \$1,000,000.

The dollar amount which may be paid to Mr. Schultz for the fiscal year ending December 31, 2006 and subsequent years under the plan are not determinable at this time. Similarly, the other eligible executives for calendar year 2006 and subsequent years cannot be determined at this time.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR REAPPROVAL OF THE AMENDED AND RESTATED SENIOR EXECUTIVES ANNUAL BONUS PLAN.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(PROPOSAL 3)

The Audit Committee of our Board of Directors has appointed the firm of Deloitte & Touche LLP, independent certified public accountants, as our auditors for the 2006 fiscal year, subject to the ratification of such appointment by the stockholders at the annual meeting. Deloitte & Touche LLP has audited our financial statements since the year ended December 31, 1997.

If the appointment of Deloitte & Touche LLP for the 2006 fiscal year is not ratified by the stockholders, the Audit Committee of our Board of Directors will appoint other independent accountants whose appointment for any period subsequent to the next annual meeting of Stockholders will be subject to the approval of stockholders at that meeting. A representative of Deloitte & Touche LLP is expected to be present at the annual meeting and will have an opportunity to make a statement should he or she so desire. The representative will also be available to respond to appropriate questions from stockholders during the meeting.

Ratification of the selection of Deloitte & Touche LLP as independent public accountants will require the affirmative vote of holders of a majority of the shares of our common stock present in person or represented by proxy at the annual meeting.

5. Relationship with Charitable Organizations. Service as an executive officer of any charitable organization, if contributions by us to the charitable organization exceed the greater of \$1,000,000 or 2% of such charitable organization's consolidated gross revenues in any fiscal year.
6. Definitions.
