Governance of the Company

Our Board of Directors believes that the purpose of corporate governance is to ensure that we maximize shareholder value in a manner consistent with legal requirements and the highest standards of integrity. Colony Bankcorp, through its Board of Directors and management, has long sought to meet the highest standards of corporate governance. The Board has adopted and adheres to corporate governance guidelines which the Board and senior management believe promote this purpose, are sound and represent best practices. We continually review these governance practices, Georgia law (the state in which we are incorporated), the rules and listing of NASDAQ, and SEC regulations, as well as best practices suggested by recognized governance authorities.

Currently, our Board of Directors has eleven members, seven of whom meet the NASDAQ standard for independence. Only independent directors serve on our Audit Committee, Governance Committee, Compensation Committee and Nomination Committee.

In May, 2005, the Board of Directors re-appointed L. Morris Dowling, Jr. as Chairman, a position Mr. Downing has held since May, 2002. In this capacity, Mr. Downing has frequent contact with Mr. Ross and other members of management on a broad range of matters and has additional corporate governance responsibilities for the Board. The Board of Directors has determined that Mr. Downing meets the Rules of NASDAQ standard for independence.

In assessing potential directors for our Board, we look for candidates who possess a wide range of experience, skills, areas of expertise, knowledge and business judgement. A director candidate should also have demonstrated superior performance or accomplishments in his or her professional undertakings.

Our Board of Directors conducts regular meetings, generally on a monthly basis and also conducts some of its business through the six committees described below. Our Board of Directors met twelve times during the year and each director attended at least 75% of the meetings of the full Board and of the committee on which he serves.

Committees of the Board of Directors

The Executive Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full board. The purpose of the Executive Committee is to

conduct necessary business and make decisions on behalf of the full Board between regular Board meetings. The committee met two times during the year.

The Compensation Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full board. The purpose of the Compensation Committee is to ensure that the Chief Executive Officer, other executive officers and key management of the Company are compensated effectively in a manner consistent with the compensation strategy of the company, internal equity considerations, competitive practice, and any requirements of appropriate regulatory bodies, to establish guidelines and oversee the administration of executive compensation plans and arrangements as well as certain employee benefit plans and to recommend any changes to the Director's compensation package. Mr. Downing, Mr. Harrell and Mr. Coleman were members of this committee during the year. As of December 31, 2005, the members of the Compensation Committee met the independence requirements of the Company's Corporate Governance Guidelines and the rules of NASDAQ. The committee met three times during the year.

The Governance Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full board. The purpose of the Governance Committee is to take a leadership role in shaping the corporate governance of the Company, to develop and recommend to the Board a set of corporate governance guidelines and to address committee structure and operations. Mr. Harrell, Mr. Coleman, Mr. Downing and Mr. Sidney Ross were members of this committee during the year. As of December 31, 2005 the members of the Governance Committee met the independence requirements of the Company's Corporate Governance Guidelines and the Rules of NASDAQ. The committee met four times during the year.

The Audit Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full board. The purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities for the company's accounting and financial reporting processes and audits of the financial statements of the company by monitoring the integrity of the company's financial statements, the independence and qualifications of its external auditor, the company's system of internal controls, the performance of the company's internal audit process and external auditor and the company's compliance with laws, regulations and the Directors and Senior Financial Officers Code of Ethical Conduct and the Code of Conduct. Mr. Coleman, Mr. Waldron, Mr. Roberts, Mr. Downing and Mr. Myler were members of this committee during the year. As of December 31, 2005, the members of the Audit Committee met the independence requirements of the Company's Corporate Governance Guidelines and the Rules of NASDAQ. The committee met eleven times during the year.

The Asset-Liability Management Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full Board. The purpose of the Asset-Liability Management Committee is to monitor all aspects of the Company's Asset/Liability Management functions as set forth in Colony Bankcorp, Inc. Asset/Liability Management Policy. Mr. Hester, Mr. Downing, Mr. Roberts, Mr. Waldron and Mr. Myler were members of this committee during the year. The committee met two times during the year.

The Nomination Committee is appointed by the Chairman of the Board of Directors of the company, subject to election by the full Board. The purpose of the Nomination Committee is to make recommendations to the Board on qualifications and selection criteria for Board members and review the qualifications of potential candidates for the Board and to make recommendations to the Board on nominees to be elected at the Annual Meeting of Stockholders. Colony Bankcorp, Inc. has a standing Nomination Committee composed of the following members: Directors Harrell, Coleman, Downing, and Sidney Ross. Each of the members of the Committee were deemed independent as defined in the listing standards of the National Association of Securities Dealers (NASD). The Committee has a written charter, a copy of which was attached to last year s proxy statement. The charter was not amended in 2005. The charter is not currently available on the Company s website. The Committee does not currently have a policy or process for identifying and evaluating nominees. However, in addition to meeting the qualification requirements set forth by the Georgia Department of Banking & Finance, a possible director-candidate must also meet the following criteria to be considered by the Nominating Committee: independence; highest personal and professional ethics and integrity; willing to devote sufficient time to fulfilling duties as a Director; impact on the diversity of the Board s overall experience in business, government, education, technology and other areas relevant to the Company s business; impact on the diversity of the Board s composition in terms of age, skills, ethnicity and other factors relevant to the Company s business; and number of other public company boards on which the candidate may serve (generally, should not be more than three public company boards in addition to the Company). The Committee does not currently have a policy with regard to the consideration of any director candidates recommended by security holders. The Board of Directors has determined such a policy has been unnecessary in the past and will charge the Nomination Committee to evaluate the appropriateness of developing such a policy in the coming year. The committee met two times during the year.

Directors of the Company receive \$750 for each meeting of the Board of Directors attended and \$650 for meetings not attended with the exception of the Chairman who receives \$900 for each board meeting attended. Directors of Colony Bank of Fitzgerald were able to defer all or a portion of director's fees in return for a deferred income agreement. Under the agreement, a Director agrees to serve for either five or ten years without director's fee compensation in exchange for an agreement by the Bank to pay the director deferred income at death, or upon attaining age 65. With the deferred compensation, the Bank has purchased key man insurance on the participating directors which will pay the Bank a death benefit equal in value to the projected cost of the deferred income. Management believes the program will have no net cost to the Bank. Liabilities accrued under the plan totaled \$912,347 as of December 31, 2005. Benefit payments under the contracts were \$167,126 in 2005. Provisions charged to operations totaled \$263,386 in 2004. Income recognized on plan assets was \$265,378. Thus, net income for calendar year 2005 was \$1,992. All fees covered by the deferred compensation plan have been deferred and all directors are now receiving director fees. Colony Bank of Fitzgerald continues to pay premiums on the insurance policies. All directors are participating in the plan, except new directors elected since 1990.

Directors of Colony Bank Quitman, FSB adopted a deferred compensation plan effective December 15, 1996 for the benefit of its officers and directors. The bank funds the plan with general bank assets. The bank acquired life insurance policies to serve as the primary funding source. As of December 31, 2005, the cash values of those policies were \$1,419,797. The liability accrued for benefits payable under the plan was \$201,338 as of December 31, 2005. The purposes of the plan are to provide key person life insurance to the bank and to provide retirement benefits to key employees. A total of six directors participate in the plan. Annual future retirement payments for non-employee directors have limits based on the participant's highest annual compensation. During 2005, the bank recognized deferred compensation expense of \$96,401. Income recognized on plan assets was \$63,564. Thus, net loss for calendar year 2005 was \$(32,837). All directors are participating in the plan, except new directors elected since 2002.

Profit Sharing and Stock Bonus Plans

Each of the subsidiary banks of the Company has adopted a 401K plan which provides for the Board of Directors to make a discretionary contribution to the plan out of profits in an amount not to exceed 10% of the total annual compensation of the employees eligible to participate in the plan. Employees are eligible to participate after completion of one year of service. The contribution by the Bank is allocated among the participants based on participants eligible compensation. The employee's interest vests over a period of seven years; prior to 1989 an employee's interest in its individual account vested over a period of eleven years. For the year ending December 31, 2005, the Board of Directors of the Company and subsidiary banks voted to contribute in the aggregate \$558,138 of the profits of the Company to the Company's profit sharing plans.

Other Compensation and Benefit Plans

Incentive Cash Plan. Bonuses for our Cash Incentive Plan are tied to a weighting factor, of which one-half of the bonus award is based on the Company's return on equity, along with other weighting factors of loan growth, problem asset reduction, net interest margin, net overhead, past due loan levels and charge-off loan levels with the reward potential within a range of 6.25% to 50% of salary. The compensation listed as bonus in the summary compensation table for executive compensation represents payments under the cash incentive plan to the listed executive officers.

Transactions with the Company

Loans. The Company's directors and officers from time to time have borrowed funds from the Company's subsidiaries for various business and personal reasons. Such loans are made in strict compliance with state and Federal statutes and regulations of the Federal Deposit Insurance Corporation and the Georgia Department of Banking and Finance.

As of December 31, 2005, certain officers, executive officers, directors, and companies in which they are an executive officer or partner or in which they have a 10% or more beneficial interest, were indebted to the bank in the aggregate amount of \$15,103,982. Such loans were (1) made in the ordinary course of business; (2) were made on substantially the same terms, including interest rates and collateral, as were prevailing at the time for comparable transactions with other persons; and (3) did not involve more than normal risk of collectibility or present other unfavorable features.

The Company and its subsidiaries utilized the services of Martin Snow, LLP during 2005. Mr. Edward J. Harrell is a director of the Company and a partner in that law firm.

Legal Proceedings

There are no material pending legal proceedings, other than ordinary routine litigation incidental to the business of the Company, to which the Company or any of its subsidiaries is a party or of which any of their property is subject. Material proceedings are defined as claims for damages where the amount involved, exclusive of interest and cost, exceeds ten percent of the current assets of the Company and its subsidiaries on a consolidated basis.

During the previous five years, no director, person nominated to become a director, or executive officer of the Company was the subject of a legal proceeding that is material to an evaluation of the ability or integrity of any such person.

Report on Executive Compensation

The Colony Bankcorp Compensation Committee makes this report on executive compensation for the fiscal year ended December 31, 2005.

One of the committee's responsibilities is to determine the compensation of the executive officers of Colony Bankcorp, Inc. and its subsidiaries (Colony Bankcorp), including those named in the Summary Compensation Table which appears elsewhere in this proxy statement. The components of executive compensation are salary, bonus awards under the Company's Incentive Cash Plan, contributions by the Company to its Profit Sharing Plan, director fees, the dollar value of our group term life insurance and company vehicles provided to executive officers and long term compensation in which Colony shares are granted with Colony Bankcorp, Inc. Restricted Stock Grant Plan.

It is our policy to determine the salary components of executive compensation principally upon the basis of corporate performance, although the elements of corporate performance may vary from year to year. Among the performance factors which we consider are corporate profitability, asset quality, growth and corporate performance relative to industry standards such as problem asset levels, past due loan levels, loan production, net interest rate margin and net overhead. We do not use a formula to calculate the relative weight of these performance factors in establishing base salary, but do give significant subjective weight to the overall value of Colony Bankcorp from year to year.

We also take into account how the overall level of Colony Bankcorp's executive compensation compares to similar-sized bank holding companies in the Southeastern United States. It was determined that the salary and bonus component of executive compensation was generally within competitive market limits of similar-sized bank holding companies. All other employment benefits of the executive officers were found to be generally within competitive limits.

The Compensation Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and the other senior executive officers, other than compensation that is performance-based under a plan that is approved by the shareholders of the corporation and that meets certain other technical requirements. Based on these requirements, the Compensation Committee has determined that Section 162(m) will not prevent the Company from receiving a tax deduction for any of the compensation paid to executive officers.

In setting the compensation for fiscal year 2005 of James D. Minix, the Company's President and Chief Executive Officer, which included a 10.00% salary increase, a continuation of the bonus award with the Company's Cash Incentive Plan within a range of 12.50% to 50.00% of salary, and grant of 1,800 shares of Colony stock with Colony Bankcorp, Inc. 1999 Restricted Stock Plan, we did not apply an objective formula, but did take into account the following factors:

1. During the fiscal year 2004, Colony Bankcorp continued to increase in value as reflected by an approximate 10.34% increase in stockholder's equity from fiscal year 2003. During that same period, the market value of the Company's common stock increased by approximately 68.32%.
2. Colony Bankcorp posted record earnings for fiscal year 2004. Net income for 2004 increased by approximately 18.39% from 2003.
3. Colony Bankcorp's total assets increased by approximately 14.85% from fiscal 2003 to fiscal 2004.

The compensation committee considered similar factors in setting the compensation for Messrs. Hester, Patten, and Ross.

The Board of Directors of the Company did not modify or reject any recommendations we made in 2005 with respect to compensation decisions.

The Audit Committee does not include a financial expert as defined by the Sarbanes Oxley Act of 2002 and the Company has not named a financial expert because the Board of Directors has determined the financial acumen of each member of the Audit Committee to be very strong and capable of satisfactorily discharging their duties and responsibilities to the Board of Directors and the shareholders.

Shareholder Communications with the Board of Directors

Our Board of Directors does not have an established written policy or process from security holders to send communications to the Board of Directors. However, it has been the practice of the Company to direct any such communications to the Chairman of the Board, who would, in his or her discretion, discuss the communications with the Board at a regular Board meeting. The Board has determined this policy and process to be satisfactory in allowing security holders to communicate directly with the Board of Directors.

The Company does not have a formal policy regarding director attendance at the Company's annual meeting. However, all directors are encouraged to attend. Approximately 80% of the Board was in attendance at last year's annual meeting.
