Director Elections Each director nominee in an uncontested election is elected by a majority voting standard.

Management Proposals

Advisory Resolution to Approve Named Executive Officer Compensation. We are asking stockholders to approve, on an advisory (non-binding) basis, our named executive officer ("NEO") compensation. The Board recommends a FOR vote because it believes that our compensation program is one that rewards the achievement of specific financial goals, aligns executive officers' interests with those of our stockholders, and motivates our executives to increase stockholder value without encouraging excessive risk-taking.

Advisory Resolution to Approve the Frequency of Subsequent Votes on the Compensation Paid to the Company's Named Executive Officers. The Board recommends that stockholders vote to hold an annual non-binding vote on executive compensation, because an annual advisory vote will allow our stockholders to provide timely, direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year.

Ratification of Selection of Independent Registered Public Accounting Firm. As a matter of good governance, we are asking stockholders to ratify the selection of Ernst & Young LLP as our independent auditors for 2017. The Board recommends a FOR vote ratifying the selection of Ernst & Young LLP as our independent auditors for 2017.

Overview of Our 2016 Executive Compensation Program

We believe our program:

- Provides total target direct compensation opportunities that are within the competitive range for executives with similar roles in our peer group;
- Aligns pay and performance by linking incentive compensation with combined ratio and operating return on adjusted shareholders' equity ("OROE"), key financial drivers of our stock price;
- Emphasizes long-term equity compensation tied to OROE and stock price; and
- Discourages excessive or undue risk taking.

Executive Compensation Elements

- Base salary
- Annual cash bonuses
- Long-term incentives (performance shares, stock options and restricted stock units ("RSUs"))
- Benefits and perquisites
- Employment agreements and compensation payable upon termination of employment

Other Key Compensation Features

- No Change-in-Control Gross-Ups: We have no tax gross-up provisions related to change-in-control.
- Reasonable Perquisites and Benefits: We continue to provide a program that follows good compensation governance by providing our NEOs with limited perquisites and benefits consistent with our peer group.
- Clawback ("Incentive Recovery") Policy: We have a policy to recapture (or "clawback") incentive compensation paid to our NEOs.
- Regular Annual Equity Grants: We have a policy of awarding equity grants during a regularly scheduled Compensation Committee meeting.
- Long-term Vesting and Performance Requirements: Our 2016 awards of stock options and RSUs were granted with annual vesting over a four-year period, and our 2016 performance share awards cover a two-year performance period plus an additional one-year vesting period.

Stock Ownership Guidelines: We require our NEOs to attain and maintain competitive levels of Company stock ownership.

Hedging and Pledging Restrictions: We have policies restricting our NEOs from hedging or pledging Company equity securities, including securities granted under the Equity Plan.

PROXY STATEMENT

This Proxy Statement, the accompanying proxy card and the 2016 Annual Report to stockholders of Employers Holdings, Inc. (the “Company” or “Employers Holdings”) are being made available on or about April 14, 2017 in connection with the solicitation on behalf of the Board of Directors of Employers Holdings of proxies to be voted at the 2017 Annual Meeting of Stockholders to be held on Thursday, May 25, 2017, and any postponement(s), adjournment(s), or other delay(s) thereof (the “Annual Meeting”). All holders of Employers Holdings common stock, par value \$0.01 per share (the “common stock”), as of the close of business on March 28, 2017 (the “Record Date”) are entitled to vote at the Annual Meeting. Each stockholder on the Record Date is entitled to one vote at the Annual Meeting for each share of common stock held. On the Record Date, there were 32,272,853 shares of common stock outstanding and entitled to vote at the Annual Meeting.

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we are providing access to our proxy materials over the Internet. On or about April 14, 2017, we mailed to our stockholders a “Notice of Internet Availability of Proxy Materials” (the “Notice”), which tells stockholders how to access and review the information contained in the proxy materials and how to submit their proxies over the Internet or by telephone. We believe that utilizing this e-proxy process expedites stockholder receipt of proxy materials, lowers the costs associated with the production and distribution of proxy materials, and reduces the environmental impact of our Annual Meeting. You may not receive a printed copy of the proxy materials unless you request the materials by following the instructions included in the Notice. In addition, by following the instructions included in the Notice, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Your election to receive proxy materials in printed form by mail or by email will remain in effect until you terminate such election. Unless otherwise required by applicable law or the Company's Articles of Incorporation or Bylaws, both as amended and restated, a majority of the voting power of the issued and outstanding common stock entitled to vote, including the voting power that is represented in person or by proxy, regardless of whether any such proxy has the authority to vote on all matters, shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of common stock represented in person or by proxy (including broker non-votes and shares that abstain or do not vote with respect to one or more of the proposals to be voted upon) will be counted for the purpose of determining whether a quorum exists. There are no cumulative voting rights.

If you own shares of common stock held in “street name” by a bank or brokerage firm and you do not instruct your bank or broker how to vote your shares using the instructions that your bank or broker provides to you, your bank or broker may not be able to vote your shares. If you give your bank or broker instructions, your shares will be voted as you direct. If you do not give instructions, whether the bank or broker can vote your shares depends on whether the proposal is considered “routine” or “non-routine” under New York Stock Exchange (“NYSE”) rules. If a proposal is routine, a bank or broker holding shares for a beneficial owner in street name may vote on the proposal without voting instructions from the beneficial owner. If a proposal is non-routine, the bank or broker may vote on the proposal only if the beneficial owner of the shares has provided voting instructions. A broker non-vote occurs when the bank or broker is unable to vote on a proposal because the proposal is non-routine and the beneficial owner does not provide instructions. The proposal to ratify the appointment of Ernst & Young LLP as the Company's independent accounting firm is the only proposal at the Annual Meeting that is considered routine. If your shares are held in “street name” and you wish to attend the Annual Meeting in person, you must bring an account statement or letter from your bank or broker showing that you are the beneficial owner of your shares as of the Record Date in order to be admitted to the Annual Meeting. If you hold your shares in “street name” and wish to vote by ballot at the Annual Meeting, you must bring a “legal proxy” from your bank or broker.

Directors are elected in an uncontested election by a majority voting standard, meaning the votes “for” a director nominee must exceed the votes “against” that director nominee. In the election of Directors, abstentions from voting and broker non-votes will be disregarded and have no effect on the outcome of the vote.

Approval of the non-binding vote to approve the compensation paid to the Company's Named Executive Officers requires the number of votes cast in favor of the proposal to exceed the number of votes cast in opposition to the proposal. The results of this vote are not binding on the Board of Directors. For the non-binding vote to approve the compensation paid to the Company's Named Executive Officers, abstentions from voting and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

Approval of the non-binding vote on the frequency of subsequent votes on the compensation paid to the Company's Named Executive Officers will be determined based on a plurality of votes cast. This means that the option that receives the most affirmative votes of the votes cast will be deemed to be approved by the stockholders. The results of this vote are not binding on the Board of Directors. For the non-binding vote on the frequency of subsequent votes on the compensation paid to the Company's Named Executive Officers, abstentions from voting and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

Approval of the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent accounting firm requires the number of votes cast in favor of the proposal to exceed the number of votes cast in opposition to the proposal. Abstentions from voting and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

You may vote your shares in any of the following ways:

- by telephone at 1-866-883-3382 anytime before 11:59 p.m., Central Daylight Time, on Wednesday, May 24, 2017;
- by the Internet at <http://www.proxypush.com/eig> anytime before 11:59 p.m., Central Daylight Time, on Wednesday, May 24, 2017;
- by signing and dating the enclosed proxy card and returning it to the Company as soon as possible in the enclosed postage prepaid envelope; or
- in person by ballot at the Annual Meeting.

If you vote by proxy, you may revoke your proxy at any time before it is voted at the Annual Meeting. You may do this by:

- delivering a written notice (before the Annual Meeting) revoking your proxy to the Secretary of the Company at the above address;
- delivering a new proxy (before the Annual Meeting) bearing a date after the date of the proxy being revoked; or
- voting in person by ballot at the Annual Meeting.

All properly executed proxies, unless revoked as described above, will be voted at the Annual Meeting in accordance with your directions on the proxy. If a properly executed proxy gives no specific instructions, the shares of common stock represented by that proxy will be voted:

- FOR the election of two Director nominees to serve three-year terms expiring at the 2020 Annual Meeting of Stockholders;
- FOR approval of the compensation paid to the Company's Named Executive Officers;
- FOR annual stockholder votes on the compensation paid to the Company's Named Executive Officers;
- FOR ratification of the appointment of Ernst & Young LLP as the Company's independent accounting firm for 2017; and

• at the discretion of the proxyholders with regard to any other matter that is properly presented at the Annual Meeting. In accordance with the Company's Bylaws, Michael D. Rumbolz, Chairman of the Board, has appointed Kevin Kelly of Morrow Sodali LLC, or his designee, and Steven Hoffman of Wells Fargo Shareowner Services, or his designee, to be the inspectors of election at the Annual Meeting. The inspectors of election are not officers or Directors of the Company. They will receive and canvass the votes given at the Annual Meeting and certify the results. You may contact

Tanya Yamagata at (775) 327-2764 for directions to 10375 Professional Circle, Reno, Nevada, the site of the Annual Meeting.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

The Company's full Board consists of ten directors. The Board is divided into three classes, two having three Directors and one having four Directors. The Directors in each class serve for a three-year term and until their successors are duly elected and qualified. The terms of each class expire at successive annual meetings so that the stockholders elect one class of Directors at each annual meeting. Currently, Class I, Class II and Class III terms expire in 2019, 2017, and 2018, respectively.

On March 23, 2017, the Company announced the retirement of Robert J. Kolesar as a Class II Director, effective May 24, 2017. The Board of Directors and the Company greatly appreciate Mr. Kolesar's dedication and efforts to the Company during his service as a director and Chair of the Board. The election of the remaining Class II Directors will take place at the Annual Meeting. At its meeting on March 23, 2017, the Board, with each nominee abstaining on the vote for himself, approved the recommendation of the Board Governance and Nominating Committee that Richard W. Blakey and Douglas D. Dirks be nominated for a three-year term. Both nominees are current members of the Board. All properly executed proxies will be voted for these nominees unless contrary instructions are properly made, in which case the proxy will be voted in accordance with such instructions. Should either of the nominees become unable or unwilling to serve, the proxies will be voted for the election of such person(s) as shall be recommended by the Board. The Board has no reason to believe that the nominees will be unable to serve. The nominees have consented to being named in this Proxy Statement and to serve as a Director if elected.

The current composition of the Board is:

Employers Holdings is the name of our Company resulting from the completion of the conversion of EIG Mutual Holding Company ("EIG") from a Nevada mutual holding company to a Nevada stock corporation on February 5, 2007. EIG and its wholly-owned direct subsidiary, Employers Insurance Group, Inc. ("EIGI") (now known as Employers Group, Inc. Employers Compensation Insurance Company ("ECIC"), a wholly-owned subsidiary of EGI, commenced operations when we acquired renewal rights and certain other tangible and intangible assets from Fremont Compensation Insurance Group and its affiliates ("Fremont") in 2002. Employers Preferred Insurance Company ("EPIC") (formerly known as AmCOMP Preferred Insurance Company) and Employers Assurance Company

("EAC") (formerly known as AmCOMP Assurance Corporation), both are wholly-owned subsidiaries of EGI and commenced operations under their new names when we completed the acquisition of AmCOMP Incorporated ("AmCOMP") on October 31, 2008. In connection with the acquisition of AmCOMP, we also acquired EIG Services, Inc. (formerly known as Pinnacle Administrative Services, Inc.), Pinnacle Benefits, Inc. and AmSERV, Inc., wholly-owned subsidiaries of EGI. THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE NOMINEES LISTED ABOVE.

The Company's Bylaws provide that no person (other than a person nominated by, or on behalf of, the Board or any authorized committee thereof) will be eligible to be elected a Director at an annual meeting of stockholders, or at any special meeting of stockholders called for the purpose of electing Directors, unless a written stockholder's notice, in proper form, is received by the Corporate Secretary not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders. If the annual meeting is not called for a date that is within 25 days of the anniversary date of the immediately preceding annual meeting, a stockholder's notice must be given not later than the close of business 10 days after the date on which notice of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first. To be in proper written form, a stockholder's notice must include, among other things, the information specified in the Bylaws about each nominee and the stockholder making the nomination. The notice also must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a Director if elected.

Separate procedures have been established for stockholders to submit Director candidates for consideration by the Board Governance and Nominating Committee. These procedures are described below under the subsection “Board Governance and Nominating Committee.”

In accordance with the Company’s Bylaws, a director nominee must receive a majority of votes cast, as contemplated by the Company’s Bylaws, in order to be elected or reelected to the Board, except that if as of a date that is 14 days in advance of the date that the Company files its definitive Proxy Statement with the Securities Exchange Commission (the “SEC”) (regardless of whether or not thereafter revised or supplemented) the number of nominees exceeds the number of directors to be elected (a contested election), then the directors will be elected by the vote of a plurality of shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. If an incumbent director fails to receive a majority of the votes cast for reelection in an uncontested election (where the

number of nominees does not exceed the number of directors to be elected), then such director will, promptly following

7

certification of the stockholder vote, offer his or her resignation to the Board for consideration in accordance with the following procedures. All of these procedures shall be completed within 90 days following certification of the stockholder vote.

The Board, through its Qualified Independent Directors (as defined below), shall evaluate the best interests of the Company and its stockholders and shall decide the action to be taken with respect to such offered resignation, which may include, without limitation: (i) accepting the resignation; (ii) accepting the resignation effective as of a future date not later than 180 days following certification of the stockholder vote; (iii) rejecting the resignation but addressing what the Qualified Independent Directors believe to be the underlying cause of the failure to receive a majority of the votes cast; (iv) rejecting the resignation but resolving that the director will not be re-nominated in the future for election; or (v) rejecting the resignation.

In reaching their decision, the Qualified Independent Directors shall consider all factors they deem relevant, including but not limited to: (i) any stated reasons why stockholders did not vote for such director; (ii) the extent to which the votes “against” exceed the votes “for” the election of the director and whether the votes “against” represent a majority of the Company’s outstanding shares of common stock; (iii) any alternatives for curing the underlying cause of the “against” votes; (iv) the director’s tenure; (v) the director’s qualifications; (vi) the director’s past and expected future contributions to the Company; (vii) the overall composition of the Board, including whether accepting the resignation would cause the Company to fail or potentially fail to comply with any applicable law, rule or regulation of the SEC or the NYSE Rules; and (viii) whether such director’s continued service on the Board for a specified period of time is appropriate in light of current or anticipated events involving the Company.

Following the decision of the Qualified Independent Directors, the Company shall, within four business days, disclose publicly in a document furnished or filed with the SEC the decision as to whether or not to accept the resignation offer. The disclosure shall also include a description of the process by which the decision was reached, including, if applicable, the reason or reasons for rejecting the offered resignation.

A director who is required to offer his or her resignation in accordance with this policy shall not be present during the deliberations or voting as to whether to accept his or her resignation or, except as otherwise provided below, a resignation offered by any other director in accordance with this policy. Prior to voting, the Qualified Independent Directors may afford the affected director an opportunity to provide any information or statement that he or she deems relevant.

For purposes of this policy, “Qualified Independent Directors” means all directors who are (i) independent directors (as defined in accordance with the NYSE Rules) and (ii) not required to offer their resignations in connection with an election in accordance with this policy. If there are fewer than three independent directors then serving on the Board who are not required to offer their resignations in accordance with this policy, then the Qualified Independent Directors shall mean all of the independent directors, and each independent director who is required to offer his or her resignation in accordance with this policy shall recuse himself or herself from the deliberations and voting only with respect to his or her individual offer to resign.

All nominees for election or reelection as a director in an uncontested election shall be deemed, as a condition to being nominated, to have agreed to abide by this policy and, if applicable, shall offer to resign and shall resign if requested to do so in accordance with this policy (and shall, if requested, submit an irrevocable resignation letter, subject to this policy, as a condition to being nominated for election).

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Board of Directors. During the year ended December 31, 2016, there were ten meetings of Employers Holdings' Board of Directors. Each Director attended at least 75% of the aggregate of the meetings of the Board of Directors and the committees of the Board on which such members served during 2016. The Company has the following standing Committees: Audit Committee, Board Governance and Nominating Committee, Compensation Committee, Executive Committee, Finance Committee, and Risk Committee.

Directors are expected to attend the Annual Meeting. All Directors attended the 2016 Annual Meeting of Stockholders (the “2016 Annual Meeting”).

Board Committees

In 2010, the Board Governance and Nominating Committee recommended and the Board of Directors approved a process whereby the Committee assignments and the Chairs of various Committees would rotate on a more frequent basis. This process is intended to provide the directors with additional exposure to the responsibilities of the various Committees and increase the depth of their experience. This process generally includes the requirement that an incoming Chair of a Committee must either be on the Committee for at least one year before assuming the duties of the Chair or must have prior experience on that Committee. The changes to the Committee and Chair assignments generally occur each year following the Annual Meeting. The following table reflects the Committee and Chair assignments effective June 1, 2016. The following table also summarizes the membership of the Board's standing committees and the independence of the Company's Directors.

Audit Committee

This committee currently consists of Messrs. Mosher, Chair, Blakey and McSally. The Company's Audit Committee satisfies the independence and other requirements of the NYSE and the SEC. Each member of the Audit Committee is financially literate. In addition, the Board of Directors has determined that Mr. Mosher is an "audit committee financial expert" within the meaning of Item 407(d)(5) of Regulation S-K of the Securities Act of 1933, as amended. The Audit Committee assists the Board in monitoring the integrity of our financial statements, our independent auditors' qualifications and independence, the performance of our internal audit function and independent auditors, and our compliance with legal requirements. The Audit Committee also prepared the Audit Committee Report included in this Proxy Statement on page 49. The Audit Committee has direct responsibility for the appointment, compensation, retention, termination, and oversight of our independent auditors, and our independent auditors report directly to the Audit Committee. The Audit Committee reviews and evaluates, at least annually, the performance of the Audit Committee and its members, including its compliance with the Audit Committee Charter. A copy of the Audit Committee Charter is available on our website at www.employers.com. The Company will provide a print copy of the Charter to any stockholder who requests it. The Audit Committee met nine times in 2016.

Board Governance and Nominating Committee

This committee currently consists of Ms. Ong, Chair, Mr. McSally and Ms. Glenn. Our Board Governance and Nominating Committee satisfies the independence and other requirements of the NYSE and the SEC. The purpose of the Board Governance and Nominating Committee is to identify and select qualified individuals to become members of the Board of Directors and its committees, to determine the composition of the Board of Directors and its committees, to recommend to the Board a slate of Director nominees for each annual meeting of stockholders, to develop and recommend to the Board of Directors sound corporate governance policies and procedures, to review succession plans of the Company's Chairman and Chief Executive Officer, and to oversee the evaluation of the Board and committees.

The Board Governance and Nominating Committee will consider Director candidates recommended by stockholders. In considering candidates recommended by stockholders, the Board Governance and Nominating Committee will take into consideration the needs of the Board and the qualifications of the candidate. To have a candidate considered by the Board Governance and Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information:

as to each person the stockholder recommends as a Director:

the name, age, business address and residence address of the person;

the principal occupation or employment of the person;

the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the person; and

the other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of Directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and

as to the stockholder making the recommendation:

the name and record address of such stockholder;

the class or series and number of shares of capital stock of the Company that are owned beneficially or of record by such stockholder;

a description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are made by such stockholder; and

any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of Directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder.

Such recommendation must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a Director if elected.

The Board Governance and Nominating Committee may, if it determines to do so, utilize a search firm to assist in its review of any potential Director candidates and will evaluate Director candidates recommended by stockholders in the same manner as other candidates, in addition to considering the needs of the Board. Any Director recommendations by stockholders for consideration by the Board Governance and Nominating Committee must include the above-identified information and should be addressed to the Corporate Secretary at the address above.

Following verification of the stockholder status of person(s) recommending the candidate(s), the Board Governance and Nominating Committee will consider the recommendations at a regularly scheduled meeting. If any materials are provided by a stockholder in connection with the recommendation of a Director candidate, such materials will be forwarded to the Board Governance and Nominating Committee.

The Board Governance and Nominating Committee has adopted Procedures and Criteria for Nomination as a Director (the "Procedures") to assist the Committee in reviewing and evaluating Director nominees. The Procedures identify qualifications that should be considered when comparing and evaluating Director nominees from any source. The general criteria include background and experience, and an appropriate mix of professional experience and/or training in accounting, finance, technology, management, marketing, securities, and the law. The specific criteria to be reviewed by the Board Governance and Nominating Committee include, but are not limited to, the following: integrity; ability to work with others; experience at a senior level in a particular industry; commitment; financial literacy; an understanding of board governance; no conflict of interest with the Company; and the ability to satisfy the independence requirements of the NYSE and the SEC. The Board Governance and Nominating Committee also may seek to have the Board represent a diversity of backgrounds and experience. Although the Board Governance and Nominating Committee does not have a written diversity policy, it considers diversity of knowledge, skills and professional

experience as factors in evaluating candidates for the Board. The Board Governance and Nominating Committee assesses its achievement of diversity through its review of Board composition as part of the annual Board self-evaluation process. The Board Governance and Nominating Committee is responsible for assessing the appropriate balance of the various criteria required of Board members.

The Board Governance and Nominating Committee reviews and evaluates, at least annually, the performance of the Board Governance and Nominating Committee and its members, including its compliance with the Board Governance and Nominating Committee Charter. A copy of the Board Governance and Nominating Committee Charter is available on our website at www.employers.com. The Company will provide a print copy of this Charter to any stockholder who requests it. The Board Governance and Nominating Committee met eight times in 2016.

Compensation Committee

This committee currently consists of Ms. Glenn, Chair and Messrs. Kolesar and Kroner. Our Compensation Committee satisfies the independence and other requirements of the NYSE and the SEC. This committee determines the details of the compensation package for the Chief Executive Officer and other Executive Officers, with advice and recommendations from the Chief Executive Officer with respect to the compensation packages of the other Executive Officers; establishes the total compensation philosophy and strategy for the Company and its Board; administers our equity and incentive plan, incentive and discretionary bonuses, 401(k) plan and other benefits plans; and approves the salaries and bonuses for Executive Officers. This committee may delegate to one or more of its members or to one or more executive officers or other agents those administrative duties it may deem advisable (including the authority to grant awards under the equity and incentive plan to non-officers), and this committee or its delegate may employ one or more persons to render advice with respect to any responsibility this committee or such person may have under the plan. The Compensation Committee prepared the Compensation Committee Report included in this Proxy Statement on page 31.

The Compensation Committee retained the services of Pay Governance, LLP ("Pay Governance") to advise it. We paid Pay Governance \$127,960 for executive compensation services that it performed for the Compensation Committee in 2016. The Company did not retain Pay Governance to provide any services other than those related to executive and director compensation. Management did not retain a separate compensation consultant for the purposes of determining compensation for any of the NEOs in 2016.

In January 2016 and January 2017, the Compensation Committee assessed the independence of Pay Governance and confirmed that the Compensation Committee's engagement of Pay Governance and the work performed by Pay Governance for the Compensation Committee have not raised any conflicts of interest. The Compensation Committee's conclusions were based on the factors set forth by the SEC and in the NYSE Listing Standards (as defined below) and any other factors deemed relevant by the Compensation Committee for this purpose.

The Compensation Committee of the Board of Directors adopted stock ownership guidelines that require our non-employee directors to own a minimum number of shares of our common stock equal to three times the directors' annual cash retainer. The non-employee directors may accumulate the number of shares necessary to meet the minimum stock ownership level during the first three years after becoming a non-employee director.

The Compensation Committee reviews and evaluates, at least annually, the performance of the Compensation Committee and its members, including its compliance with the Compensation Committee Charter. A copy of the Compensation Committee Charter is available on our website at www.employers.com. The Company will provide a print copy of this Charter to any stockholder who requests it. The Compensation Committee met twelve times in 2016.

Executive Committee

This committee currently consists of Messrs. Rumbolz, Chair, Dhoré, Dirks, Kroner, Mosher, and Ms. Ong and Ms. Glenn. The Executive Committee functions on behalf of the Board of Directors, acting with respect to ordinary course matters, during intervals between meetings of the Board of Directors, as necessary. The Executive Committee performs a Committee evaluation in the years in which it meets. A copy of the Executive Committee Charter is available on our website at www.employers.com. The Company will provide a print copy of the Charter to any stockholder who requests it. The Executive Committee did not meet in 2016.

Finance Committee

This committee currently consists of Messrs. Kroner, Chair, Dirks, Blakey, and Ms. Ong. The Finance Committee reviews and makes recommendations to the Board of Directors with respect to certain of our financial affairs and policies, including investments, investment policies and guidelines, financial planning, capital structure and management, stock dividend policy and dividends, stock repurchases, and strategic plans and transactions. The Finance Committee reviews and evaluates, at least annually, the performance of the Finance Committee and its members, including its compliance with the Finance Committee Charter. A copy of the Finance Committee Charter is available on our website at www.employers.com. The Company will provide a print copy of the Charter to any stockholder who requests it. The Finance Committee met five times in 2016.

Risk Committee

This committee currently consists of Messrs. Dhoré, Chair, Dirks, McSally, and Rumbolz. The Risk Committee provides high-level oversight of the most critical risks facing the Company and approves the Company's risk appetite and risk tolerances. The Risk Committee reviews and evaluates, at least annually, the performance of the Risk Committee and its members, including its compliance with the Risk Committee Charter. A copy of the Risk Committee Charter is available on our website at www.employers.com. The Company will provide a print copy of the Charter to any stockholder who requests it. The Risk Committee met two times in 2016 after it was established in the second quarter of 2016.

CORPORATE GOVERNANCE

The Board has adopted the Guidelines, which are available on our website at www.employers.com, and the Company will furnish a print copy to any stockholder who requests it. These Guidelines were adopted to assist the Board in fulfilling its responsibilities and are in compliance with Section 303A of the NYSE Listed Company Manual (the "Listing Standards").

DIRECTOR INDEPENDENCE

In accordance with the rules of the NYSE, the Board affirmatively determines the independence of each Director and nominee for election as a Director in accordance with the Guidelines, which include all elements of independence set forth in Section 303A of the Listing Standards. Specifically, the Board has agreed that it shall be comprised of a majority of Directors who qualify as Independent Directors under the Listing Standards.

The Guidelines provide that the Board reviews annually the relationships that each Director has with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). Following such annual review, only those Directors who the Board affirmatively determines have no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) will be considered Independent Directors, subject to additional qualifications prescribed under the Listing Standards or applicable law. The Board may, but has not, adopted categorical standards to assist it in determining Director independence. In the event that a Director becomes aware of any change of circumstances that may result in such Director no longer being considered independent under the Listing Standards or applicable law, the Director shall promptly inform the Chair of the Board Governance and Nominating Committee. The Board has considered the independence of its members pursuant to the standards set forth in the Listing Standards and determined that Mr. Dirks is not an Independent Director, and that Messrs. Kolesar, Kroner, McSally, Mosher, Rumbolz, Blakey, and Dhoré, Ms. Glenn and Ms. Ong are Independent Directors.

Lead Independent Director Policy

The Guidelines provide that if the Chairman of the Board is not an Independent Director, the Company's Independent Directors will designate one of the Independent Directors on the Board to serve as a Lead Independent Director (the "Lead Independent Director"). If the Chairman of the Board is an Independent Director, then he or she satisfies the Guideline's requirements for a Lead Independent Director. The Board is currently lead by an Independent Chairman of the Board, Mr. Rumbolz. The Board believes that there is no single best organizational model that is the most effective in all circumstances and that the stockholders' interests are best served by allowing the Board to retain the flexibility to determine the optimal organizational structure for the Company at a given time, including whether the

Chairman role should be held by an Independent Director or a senior executive who serves on the Board. The members of the Board possess considerable experience and unique knowledge of the challenges and opportunities the Company faces, and are in the best position to evaluate the needs of the Company and how to best organize the capabilities of the Directors and management to meet those needs. The Board has determined that having Mr. Rumbolz, an Independent Director, serve as Chairman is in the best interest of the Company's stockholders at this time. This structure ensures a greater role for the Independent Directors in the oversight of the Company and active participation of the Independent Directors in setting agendas and establishing Board priorities and procedures, and is useful in establishing a system of corporate checks and balances. In addition, as managing the Board can be a time-intensive responsibility, this structure permits Mr. Dirks, our Chief Executive Officer, to focus on the management of the Company's day-to-day operations.

RISK OVERSIGHT

The Board of Directors adopted its Enterprise Risk Management program in 2011. The Board of Directors established a standing Risk Committee in the second quarter of 2016. The Risk Committee is responsible for and is in the process of reviewing and updating the program. Oversight for the program rests with the Board Risk Committee and the program consists of annual review of the risks faced by the Company, annual qualitative and quantitative evaluations of those risks, identification of the top risks faced by the Company and quarterly presentations on the top risks the Company faces. This program is in addition to the quarterly review of the risks by respective Committees and the full Board of Directors in the preparation of the Company's periodic reports.

In addition to the above, risk management oversight is also provided at both the Board and Committee levels. The Board and its Committees monitor and evaluate the risks associated with the Company's operations and achieving the Company's goals and objectives, including those which are inherent in the business of the Company, as well as risks from external sources such as competitors, the economy and credit markets, regulatory and legislative developments, and other external forces. The Board of Directors also provides oversight so that the Company has the necessary resources to proactively manage risk, including a periodic review of the development, experience, skills, and leadership of the Company's existing management and the employees who report to them. The Board Committees provide oversight under the direction of their respective Chairs. Risk oversight is a significant component of all major Board decisions and the evaluation of risk is an important element of the Board's decision-making process. The Board believes that its leadership structure at present is conducive to the risk oversight process.

The roles of the various standing Committees in risk oversight includes, but is not limited to, the following elements. The Audit Committee meets periodically with the Chief Financial Officer, Corporate Controller, General Counsel, Internal Auditor, and the external auditor with regard to the Company's risk management processes, controls, and capabilities. In addition, the Audit Committee reviews at least annually, the Company's legal and regulatory risks and the Company's compliance programs, the Company's Code of Conduct, and the Company's procedures regarding the receipt, retention and treatment of complaints concerning internal accounting, accounting controls, insurance and reinsurance recoverables exposure to terrorism and catastrophes, information technology and security and audit matters.

The Finance Committee oversees and provides review and oversight as to the Company's liquidity and capital needs, the proper allocation and distribution of capital between the Company and its subsidiaries, dividend declarations, and other financial matters on an ongoing basis. The Finance Committee also monitors the Company's financial structure and reviews the Company's policies and procedures for risks or exposure to capital markets, our need for capital, our debt structure, the assessments or surcharges for which we may become liable and the restrictions and requirements of insurance laws.

The Board Governance and Nominating Committee oversees the executive and Board Chair succession plans, the Company's compliance with the requirements of the NYSE and the SEC, and reviews the Company's governing documents, Committee charters and other policies at least annually. The Board Governance and Nominating Committee is also responsible for identifying and selecting individuals qualified to serve as members of the Board, recommending the Committee structure to the Board, developing and recommending the Guidelines to the Board, exposures to the risks of regulatory and legislative changes, and overseeing the evaluation of the Board and its Committees.

Finally, the Compensation Committee oversees the Company's overall benefit and compensation philosophy and executive compensation arrangements and is responsible for making a determination as to whether or not risks arise from compensation practices that are reasonably likely to have a material adverse effect on the Company.

The majority of Directors sit on more than one Committee and this overlap helps ensure that the risk responsibilities of the various Committees are well coordinated. Each Committee Chair makes a report on Committee activity to the Board at least quarterly which, in addition to the quarterly presentations on the Company's top risks, enables the Board to continually review and evaluate risks which could affect the Company.

SPECIFIC CONSIDERATIONS REGARDING 2017 DIRECTORS AND NOMINEES

The Board Governance and Nominating Committee considered the nominee's experiences, qualifications, attributes, and skills when determining the current performance of the Board of Directors and specifically each Director whose term is expiring. The Committee also reviewed the Board and Committee evaluations and considered the significant experience our Directors have had working together on the Board. The Board evaluated the same criteria when it approved the nominees recommended by the Board Governance and Nominating Committee.

In considering the nominees, the Board Governance and Nominating Committee and the Board focused on the background and experiences of the nominees, as described in the biographies appearing elsewhere in this Proxy Statement. The Committee and the Board concluded that the nominees for reelection and those Directors who continue on the Board provide the Company with an appropriate mix of experience, knowledge, education, and abilities to allow the Board to fulfill its responsibilities to the Company and its stockholders.

PROPOSAL TWO

NON-BINDING VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act and pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing our stockholders the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our Named Executive Officers ("NEOs"), as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis compensation tables and narrative discussion contained in this Proxy Statement. Accordingly, the following resolution will be submitted to a stockholder vote at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

Our Compensation Committee believes that the most effective executive compensation program is one that rewards the achievement of specific financial goals, aligns executive officers' interests with those of our stockholders, and motivates our executives to increase stockholder value without encouraging excessive risk-taking.

Our executive compensation program continues to be tied to the Company's financial performance, supports our commitment to good compensation governance, and provides competitive compensation opportunities to attract, retain, and motivate our executives.

2016 Company Performance and Executive Compensation Outcomes

We delivered strong financial results in 2016, growing GAAP book value per share from \$23.62 at December 31, 2015 to \$26.16 at December 31, 2016;

Our strong financial performance in 2016 resulted in an Adjusted GAAP Combined Ratio of 94.1%, one of the best combined ratios in our history. This was significantly above the threshold performance (the "Bonus Hurdle") of 101%, and resulted in NEO bonus awards ranging from 0% to 200% of their respective bonus targets;

We achieved a three-year average statutory combined ratio of 93.0% for calendar years 2014 through 2016, which resulted in the payout of our 2014 performance share grant at 89% of target;

We achieved a two-year average operating return on adjusted stockholders' equity ("OROE") for calendar years 2015 and 2016 of 9.7% during the two year performance period for our 2015 performance share grant, which will payout at 200% of target, subject to the satisfaction of vesting requirements;

We achieved these results by continuing to execute a number of business initiatives, including: focusing on internal and customer-facing business process excellence; accelerating the settlement of open claims; diversifying our risk exposure across geographic markets; utilizing a multi-company pricing platform; utilizing territory specific pricing; and leveraging data driven strategies to target profitable classes of business across all of our markets;

NEOs earned generally modest increases in 2016 base salaries based on factors such as the individual's performance, changes in responsibilities, and market trends; and

Our 2016 incentive compensation program was composed of performance shares, stock options and RSUs to continue to align the interests of our NEOs with our stockholders.

Overview of Our 2016 Executive Compensation Program

We believe our program:

• Provides total target direct compensation opportunities that are within the competitive range for executives with similar roles in our peer group;

• Aligns pay and performance by linking incentive compensation with combined ratio and OROE, key financial drivers of our stock price;

• Emphasizes long-term equity compensation tied to OROE and stock price; and

• Discourages excessive or undue risk taking.

Highlights of Our Executive Compensation Program

Our program includes the following:

Emphasis on Performance Shares: To align a significant portion of our compensation with performance, our long-term incentive program is heavily weighted toward performance shares and weighted less toward stock options and restricted stock units ("RSUs"). We revised our performance share award metric in 2015 by introducing OROE, and have continued this structure for the performance shares granted in 2016. OROE performance is measured relative to a pre-established performance goal. As in 2015, performance shares represented 55% of the target equity value granted to our NEOs under our long-term incentive program.

A Diversified Mix of Performance Metrics: With the introduction of OROE, our performance shares now use a different metric from our annual cash bonus, which has a metric of Adjusted GAAP Combined Ratio.

No Change-in-Control Gross-Ups: We have no tax gross-up provisions related to change-in-control.

Reasonable Perquisites and Benefits: We continue to provide a program that follows good compensation governance by providing our NEOs with limited perquisites and benefits consistent with our peer group.

Clawback ("Incentive Recovery") Policy: We have a policy to recapture (or "clawback") incentive compensation paid to our NEOs.

Regular Annual Equity Grants: We have a policy of awarding equity grants during a regularly scheduled Compensation Committee meeting.

Long-term Vesting and Performance Requirements: Our 2016 awards of stock options and RSUs were granted with annual vesting over a four-year period, and our 2016 performance share awards cover a two-year performance period plus an additional one-year vesting period.

Stock Ownership Guidelines: We require our NEOs to attain and maintain competitive levels of Company stock ownership.

Hedging and Pledging Restrictions: We have policies restricting our NEOs from hedging or pledging Company equity securities, including securities granted under the Equity Plan.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy and objectives. The Compensation Committee and the Board believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

This vote is only advisory, will not be binding upon the Company or the Board, and will not create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, the Company or the Board. Because the Board values constructive dialogue on executive compensation and other important governance topics with our stockholders, it encourages all stockholders to vote their shares on this matter. The Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS.

**PROPOSAL THREE
NON-BINDING VOTE ON THE FREQUENCY OF VOTES ON
EXECUTIVE COMPENSATION**

As required by Section 14A of the Exchange Act and pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are again providing our stockholders the opportunity to vote on a non-binding resolution on the frequency of the stockholder vote to approve the compensation of the Company's Named Executive Officers. By voting on this resolution, stockholders may indicate whether they would prefer a non-binding vote to approve the compensation paid to our Named Executive Officers every one, two or three years, or stockholders may abstain from voting on this resolution.

After careful consideration of the frequency alternatives provided to the stockholders, the Board believes that conducting a non-binding vote on the compensation paid to our Named Executive Officers on an annual basis continues to be appropriate for the Company and its stockholders, as an annual advisory vote will allow our stockholders to provide timely, direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is consistent with the Company's efforts to receive and consider input from stockholders on executive compensation and corporate governance matters. Therefore, the Board recommends that stockholders vote to hold an annual non-binding vote on executive compensation.

This vote is only advisory, will not be binding upon the Company or the Board, and will not create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, the Company or the Board. The Board of Directors will take the outcome of this vote into account in making a determination on the frequency at which advisory votes on executive compensation will be included in the Company's proxy statement. This vote is not to approve or disapprove the Board's recommendation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR AN ANNUAL ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

PROPOSAL FOUR

INDEPENDENT ACCOUNTING FIRM

The Audit Committee of the Board of Directors of the Company has appointed Ernst & Young LLP (“Ernst & Young”) as Employers Holdings' independent accounting firm to examine the financial statements of Employers Holdings and its subsidiaries for the 2017 calendar year. The Board of Directors recommends ratification of the appointment of Ernst & Young.

Ernst & Young has served as the Company's independent auditor since we became a publicly traded company. This continuity enables Ernst & Young to gain extensive knowledge of the Company's operations, policies, procedures and internal controls. It is the policy of Ernst & Young to rotate its partners assigned to the Company every 5 years. To help further ensure continuing auditor independence, the Audit Committee periodically considers whether there should be a rotation of the independent auditor. Factors considered include insurance industry expertise, audit performance quality, reasonableness of fees and Public Company Accounting Oversight Board (PCAOB) reports on the firm, among other factors. The Audit Committee has appointed Ernst & Young as the Company's independent auditor to examine the financial statements of Employers Holdings and its subsidiaries for the 2017 calendar year. A representative of Ernst & Young will be available at the Annual Meeting. This representative will have an opportunity to make a statement if such representative desires to do so and to respond to appropriate questions. Although stockholder approval of this appointment is not required or binding on the Audit Committee, the Board of Directors believes that, as a matter of good corporate governance, stockholders should be given the opportunity to express their views. If the stockholders do not ratify the appointment of Ernst & Young as Employers Holdings' independent accounting firm, the Audit Committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THIS APPOINTMENT.

COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Committee believes that the most effective executive compensation program is one that rewards the achievement of specific financial goals, aligns executive officers' interests with those of our stockholders, and motivates our executives to increase stockholder value without encouraging excessive risk-taking.

Our executive compensation program continues to be tied to the Company's financial performance, supports our commitment to good compensation governance, and provides competitive compensation opportunities to attract, retain, and motivate our executives.

Say on Pay

Our Compensation Committee and Board value the opinions of our stockholders. As in prior years, at the 2016 annual meeting of our stockholders, more than 95% of the votes cast on the stockholder advisory vote proposal on our executive compensation program ("Say on Pay") were in favor of our program. The Compensation Committee views these results as continuing endorsements of our program, and intends to continue to apply its current principles and philosophy in establishing policies and making decisions regarding our executive compensation program. In addition, the Board has continued its policy of holding an annual stockholder advisory vote on our executive compensation program. In this regard, as described in Proposal Number Three of this Proxy Statement, stockholders are again provided the opportunity to vote on a non-binding resolution on the frequency of the stockholder advisory vote to approve the compensation of the Company's Named Executive Officers ("NEOs").

Long-Term Incentive Compensation Design Change for 2017

For 2017, we will increase the emphasis on performance shares, with performance shares representing 65% of the target equity value and RSUs representing the remaining 35%. We will not grant stock options in 2017.

DETAILS OF OUR 2016 COMPENSATION PROGRAM

Our Named Executive Officers

The subsequent sections provide a discussion and analysis of the material elements of our current program outlined briefly above. For 2016, our NEOs were:

Douglas D. Dirks, President & Chief Executive Officer ("CEO")

Terry Eleftheriou, Executive Vice President ("EVP") & Chief Financial Officer ("CFO"). Mr. Eleftheriou's employment with the Company terminated at the end of the term of his employment agreement on December 31, 2016.

Stephen V. Festa, EVP, Chief Operating Officer ("COO")

Lenard T. Ormsby, EVP, Chief Legal Officer ("CLO")

John P. Nelson, EVP, Chief Administrative Officer ("CAO")

How Executive Compensation Was Determined

The Compensation Committee is responsible for all decisions regarding our executive compensation program. The Compensation Committee Charter authorizes the Compensation Committee to retain independent counsel and compensation consultants, at the Company's expense. During 2016, the Compensation Committee relied on advice from its independent compensation consultant and recommendations from the CEO concerning the compensation of the other NEOs, as discussed below.

Independent Compensation Consultant

The Compensation Committee has again engaged Pay Governance, LLC (“Pay Governance”) to identify competitive compensation practices for our executive and director compensation programs, and to advise the Compensation Committee regarding the design of the 2016 short and long-term incentive compensation components, as well as the competitive ranges for each element of our NEOs’ compensation. In addition, Pay Governance provided the Compensation Committee with specific recommendations for each element of the CEO’s compensation. Pay Governance did not perform any unrelated services on behalf of management. Management did not retain a separate compensation consultant for the purpose of determining compensation for any of the NEOs in 2016.

The Peer Group

The engagement of Pay Governance included a review of our 2015 peer group for the purpose of proposing our 2016 peer group. Our peer companies were selected based upon a review of organizations that have similar industry focus (insurance companies in the property and casualty segment, including companies with a workers’ compensation line of business), financial size (gross and net written premiums), market capitalization, returns (return on equity, total shareholder return) and financial performance (combined ratio and net income). Pay Governance recommended removing Meadowbrook Insurance Group, Inc. because it had been acquired, and adding OneBeacon Insurance Group, Ltd. because its size and performance are similar to those of the Company. Pay Governance then concluded that the peer group, as revised, was appropriate for compensation benchmarking purposes based on the Company’s competitors, potential talent pool, market and performance. In addition, the Compensation Committee concluded that while not all peers are workers’ compensation companies, limiting the Company’s peer group to monoline workers’ compensation companies or multiline companies that sell workers’ compensation, and that are of a similar size, would result in an inadequately sized peer group. Pay Governance then recommended this group as the 2016 peer group, which was then approved by the Compensation Committee.

The companies in the 2016 peer group were as follows:

Peer Group

AMERISAFE, Inc.	AmTrust Financial Services, Inc.	Argo Group International Holdings
Baldwin & Lyons, Inc.	Donegal Group, Inc.	EMC Insurance Group, Inc.
Hallmark Financial Services, Inc.	National Interstate Corporation	The Navigators Group, Inc.
OneBeacon Insurance Group, Ltd	ProAssurance Corporation	RLI Corp.
Safety Insurance Group, Inc.	Selective Insurance Group, Inc.	State Auto Financial Corporation
United Fire Group, Inc.		

NEO Compensation Decisions

As in previous years, the Compensation Committee, in setting the CEO’s compensation, considered the CEO’s performance, Company performance, peer group and general market trends and retention risk. The Compensation Committee also independently collected input on the CEO’s performance from the Board as part of a formal evaluation process, and used this evaluation in combination with the other information noted above. The Compensation Committee did not assign a specific weight to any of these factors, but used its judgment, in consultation with Pay Governance, in making a final decision. The Compensation Committee deliberated on the compensation of the CEO in executive session outside of the presence of management.

The Compensation Committee solicited the input and recommendations of the CEO in determining compensation for the other NEOs. The CEO’s input included his opinions regarding the performance of the other NEOs, and recommendations regarding the levels of base salary and short and long-term incentive grants for each of the other NEOs. The CEO also provided recommendations regarding the design of the short and long-term incentive compensation components, including the specific targets for each applicable performance metric. The Compensation Committee considered the recommendations of the CEO in conjunction with Company performance, peer group and general market trends, retention risk and advice and recommendations from Pay Governance in determining the other NEOs’ total compensation.

Elements of Our 2016 Executive Compensation Program

The following sections discuss each of the components of our executive compensation program as approved by the Compensation Committee. As discussed above, in developing the 2016 executive compensation program, the Compensation Committee considered the trends and practices of the Company's peer group, advice and recommendations provided by Pay Governance and the recommendations of the CEO, and determined that the following components would be appropriate for the 2016 executive compensation program:

• Base salary

• Annual cash bonuses

• Long-term incentives (performance shares, stock options and RSUs)

• Benefits and perquisites

• Employment agreements and compensation payable upon termination of employment

Base Salary

As in previous years, the Compensation Committee believed that it was important to provide competitive base salaries for our executives because base salary acts as a primary retention and recruitment tool, and provides the basis for determining other components of compensation such as bonus opportunities, severance and other benefits whose values are derived from base salary levels. The Compensation Committee considers, but does not specifically provide weights to multiple factors in its decisions regarding NEO salaries including individual performance, experience, roles, responsibilities, organizational performance, retention, and competitive data and trends from our peer group, as well as related recommendations made by the CEO regarding the other NEOs.

In 2016, the Compensation Committee generally granted modest salary increases to our NEOs. In making its determinations, the Compensation Committee took into account the factors listed above, together with the CEO's recommendations to reward the NEOs based on their performance and the amount of responsibility that they had been assigned, and noted specifically Mr. Festa's performance and growth in his role as COO. The Compensation Committee then approved the increases to our NEOs' base salaries as shown below, effective March 20, 2016.

The table below shows the current 2016 annual base salary rate and how this rate compared to the 2015 final annual base salary rate for each of our NEOs:

Name	2015 Annual Base Salary Rate	2016 Annual Base Salary Rate	Change to 2015 Annual Base Salary Rate
Douglas D. Dirks	\$855,000	\$865,000	1.2 %
Terry Eleftheriou	450,000	450,000	—
Lenard T. Ormsby	455,000	465,000	2.2
Stephen V. Festa	455,000	500,000	9.9
John P. Nelson	355,000	365,000	2.8

Annual Cash Bonuses

Each of our NEOs was eligible for an annual cash bonus for 2016 upon the achievement of a pre-established financial goal. The Compensation Committee believed that the annual cash bonus was a key component of our 2016 executive compensation program as it enabled us to (1) align certain compensation opportunities with our short-term financial goals, (2) create incentives based on the Company's 2016 performance, and (3) provide competitive compensation opportunities for our NEOs.

For 2016, the Compensation Committee, after consulting with Pay Governance, concluded that, as in prior years, a performance goal based on an absolute Combined Ratio metric was an effective measure of management performance for an insurance holding company, and also would align the annual cash bonus with a key financial goal that impacts stockholder value. As before, the Compensation Committee found that the combined ratio metric:

(1) utilizes a measure of the operating insurance companies' profitability;

(2)

balances revenue and underwriting losses, thereby guarding against the potential for increasing revenue by undertaking unnecessary risk;

(3) provides a meaningful incentive for management to pursue increasing levels of operating profitability; and
 (4) is a common industry measure for assessing company performance.

Further, in choosing an appropriate metric, the Compensation Committee concluded that comparing the Company's actual 2016 Adjusted GAAP Combined Ratio to the Compensation Committee's targeted goal would motivate executives to meet or exceed the pre-established goal selected by the Compensation Committee for this purpose. For 2016, as in 2015, the Compensation Committee established only one performance level, the Bonus Hurdle, below which no annual bonus payment would be paid to our NEOs under the program. This design provides the Compensation Committee with the flexibility to consider additional financial or individual criteria, including criteria that were either subjective or were not anticipated at the time the initial goal was established, when it determines the actual individual bonus payout. By using this approach, the Compensation Committee retained the ability to use its negative discretion to reduce but not increase the value of the annual bonuses based on other criteria, without jeopardizing the tax deductibility of the annual bonuses. In setting the bonus targets for each of the NEOs, the Compensation Committee took into account the peer group information and recommendations made by Pay Governance. After consultation with Pay Governance, the Compensation Committee increased Mr. Dirks' annual bonus target from 80% to 85% in recognition of his strengths, achievements and contributions to the Company and also increased Mr. Nelson's annual bonus target from 50% to 55% to better align his total cash compensation with the compensation of similarly situated executives at peer companies, but did not change the annual bonus targets of the remaining NEOs.

The annual bonus targets for 2016 were as follows:

Name	2016 Annual Cash Bonus Target as a Percentage of Base Salary
Douglas D. Dirks	85 %
Terry Eleftheriou	55
Stephen V. Festa	55
Lenard T. Ormsby	55
John P. Nelson	55

As mentioned above, after consultation with Pay Governance and the CEO, the Compensation Committee selected the corporate performance metric of Adjusted GAAP Combined Ratio as the metric for the 2016 annual bonus program. Specifically, for 2016, the performance goal was based on how the Company's Adjusted GAAP Combined Ratio for the 2016 calendar year compared to the pre-established Bonus Hurdle of 101%. The Bonus Hurdle was intended to motivate our executives but also to provide the Compensation Committee with the flexibility to reward our NEOs for solid performance. For purposes of the 2016 annual bonus program, Adjusted GAAP Combined Ratio was defined as: (Losses + Loss Adjustment Expenses + Commission Expense + Underwriting and Other Operating Expenses – Amortization of the Deferred Gain – Impact of the LPT Reserve Adjustment – Impact of the LPT Contingent Commission Adjustment)

Net Premiums Earned

The Company's Adjusted GAAP Combined Ratio was calculated based on the financial information disclosed in the Company's Annual Report on Form 10-K for 2016.

For 2016, our eligible NEOs could earn an annual cash bonus of up to 200% of the NEO's respective targets, but only if corporate performance was better than the pre-established Bonus Hurdle, that is, less than or equal to an Adjusted GAAP Combined Ratio of 101%. Provided that the Bonus Hurdle was achieved, the Compensation Committee had the sole discretion to decrease, but not increase, the value of the NEOs' annual bonuses, based on criteria selected by the Compensation Committee for this purpose. This discretion was designed to be exercised on a case by case basis.

In 2016, the Company achieved an Adjusted GAAP Combined Ratio of 94.1%, which was significantly better than the Bonus Hurdle of 101%. In determining the actual annual cash bonus awards, the Compensation Committee evaluated each eligible NEO's performance and contributions to the Company during 2016, with advice from the CEO regarding all the other eligible NEOs.

As a result of the Compensation Committee's evaluation of each NEO's particular responsibilities and accomplishments, the Compensation Committee awarded each NEO other than Mr. Eleftheriou an annual bonus award equal to 200% of his respective target. Mr. Eleftheriou was not awarded a bonus. The annual bonus awards were as follows:

Mr. Dirks was awarded \$1,470,500 in recognition of his overall responsibility for the Company's business functions, the Company's strong 2016 financial results, his execution of the Company's business strategy and his efforts in strengthening the executive management team.

Mr. Festa was awarded \$550,000 for his leadership efforts in the execution of a number of strategic initiatives, his contribution to the Company's 2016 strong financial results, and the expansion of his duties, responsibilities and authority within the Company.

Mr. Ormsby was awarded \$511,500 for his strong leadership abilities, his counsel to the Board, his management of the legal and regulatory functions that support the Company's business strategy and his superior technical skills as CLO.

Mr. Nelson was awarded \$401,500 for his management of the Company's administrative and human resources functions that supported the restructuring of operations, and his leadership efforts that increased efficiencies and reduced expenses in the Company's administrative systems and processes.

As a result, our NEOs received bonuses under the 2016 annual cash bonus program in the amounts, and as a percentage of their 2016 bonus target, as set forth in the following table.

Name	Percentage of 2016 Bonus Target	Cash Bonus Amount
Douglas D. Dirks	200.0 %	\$ 1,470,500
Terry Eleftheriou	—	—
Stephen V. Festa	200.0	550,000
Lenard T. Ormsby	200.0	511,500
John P. Nelson	200.0	401,500

Long-Term Incentive Grants

We continue to believe that a properly designed long-term incentive program, along with competitive compensation opportunities, encourage our NEOs to pursue and execute long-term strategies for increasing stockholder value. It also serves as an important retention and recruiting tool in securing a highly-qualified senior management team.

In March 2016, the Compensation Committee approved long-term incentive grants under the Equity Plan within our long-term incentive program. As in 2015, performance share awards represented approximately 55% of the aggregate value of these grants. Performance shares are earned and payable only if a pre-established performance goal is achieved. In 2016, RSUs (each unit having the value of one share of our common stock) represented approximately 30% of the aggregate value of these grants, and non-qualified stock options represented approximately 15% of this value.

The Compensation Committee designed the compensation structure to ensure that a significant portion of our NEOs' compensation (specifically, annual cash bonuses, performance shares, and stock options) was performance based. In determining the overall long-term incentive grant levels for each NEO, the Compensation Committee, with advice from Pay Governance, considered the relative total compensation opportunities (cash plus long-term incentives), relative responsibilities of each executive, replacement/retention risk, potential at the Company, individual

performance, Company performance and peer group and general market practices for compensation. The Compensation Committee did not assign a specific weight to any of these factors.

The design of the three components of our long-term incentive program, as well as the level of grants made, reflect this review, and are described below.

Performance Shares

2016 Grants

We redesigned our performance shares for 2015, and are continuing to use that design for 2016, with a minor modification. Specifically, in March 2016, our NEOs received grants of performance shares that were based upon our achievement of a metric tied to operating return on adjusted stockholders' equity, or OROE, measured over a two-year period, followed by an additional one-year vesting requirement, so that the grants retain a three-year structure. OROE was selected again for 2016, after discussion with Pay Governance and consideration by our Compensation Committee. This metric was chosen because we believe that (1) it will encourage management to focus on multiple performance objectives, including operating performance and capital management, that are critical to creating stockholder value over a sustained period of time, (2) it is readily understood by management, and (3) it is simpler and more transparent than many other commonly used performance goals, and therefore it will more effectively motivate and retain our executives. The two-year performance period was again chosen because of the difficulty in determining meaningful benchmarks over a longer period of time. The additional one-year vesting requirement gives the awards a retention value similar to the long-term awards granted in previous years. The 2016 metric was modified from the previous year's metric by changing the tax rate referenced in the formula from an effective tax rate to a pre-established corporate tax rate. This change was made to align the OROE definition with the Company's publicly reported OROE, which is considered to be more technically correct.

The performance share grants made to our NEOs in 2016 are set out and described in the Summary Compensation Table on page 32 and the Grants of Plan-Based Awards Table on page 34. Specifically, for the performance period commencing on January 1, 2016, and ending on December 31, 2017, the performance goals selected were based on how the Company's OROE over this period compares to pre-determined levels, which were intended to be aggressive, but achievable.

For the 2016 – 2017 performance period, the pre-established threshold, target and maximum levels for OROE and the corresponding payouts as a percentage of the target number of performance shares awarded are as follows:

Company's Two-Year Operating Return on Adjusted Stockholders' Equity	Payout as a Percentage of Target
Maximum 8.84	200 %
Target 7.95	100
Threshold 6.05	0

For purposes of the 2016 performance share grant, OROE will be calculated based on the financial information disclosed in the Company's Annual Financial Statements, for each of the 2016 and 2017 fiscal years, and is defined as follows:

Operating Return on Adjusted Stockholders' Equity = ((GAAP Net Income - Impact from the LPT Agreement - (Realized gains on Investments, net * (1 - the Enacted Tax Rate)) + (Amortization of Intangibles * (1 - the Enacted Tax Rate))) / (Avg. (prior year Adjusted Stockholders' Equity + current year Adjusted Stockholders' Equity)))

Impact from the LPT Agreement = Amortization of the Deferred Gain related to losses + amortization of the Deferred Gain related to contingent commission + impact of LPT Reserve Adjustments + impact of LPT Contingent Commission Adjustments.

Adjusted Stockholders' Equity = Stockholders equity including deferred reinsurance gain-LPT Agreement less Accumulated other comprehensive income, net.

The Enacted Tax Rate is the corporate tax rate established by law for the applicable tax year relevant to the Company or otherwise described as the statutory tax rate.

The Company's two-year Operating Return on Adjusted Stockholders' Equity = the average of the 2016 Operating Return on Adjusted Stockholders' Equity and the 2017 Operating Return on Adjusted Stockholders' Equity.

As mentioned above, a one-year vesting requirement starts at the end of the 2016 – 2017 performance period. Payouts, if any, would be made in March 2019.

Results for the 2014 Performance Share Grants

In 2014, the then-current 2013 Compensation Committee awarded performance shares for the 2014 – 2016 performance period. The performance goals and threshold, target and maximum achievement levels for these grants were described in the proxy statement for the Company’s 2015 Annual Meeting of Stockholders. These performance goals were based upon our achievement of a relative combined ratio goal over a three-year performance period, and were designed to be extremely challenging. Specifically, payment was based on how the Company’s performance compared to that of a group of private carriers established and reported by A.M. Best Company, Inc., (the “Comparator Group”). To earn the target value, the Company would have needed to outperform the A.M. Best group of private carriers by 2 points. The Company’s Three-Year Statutory Combined Ratio was 93.0%, which resulted in payment of awards at 89% of target. While the Company’s performance outperformed the performance of the Comparator Group, because the targets set were challenging, the Company’s performance resulted in payment of awards at less than target. The resulting numbers of shares awarded to our NEOs are set forth below and are also provided in the Option Exercises and Stock Vested for 2016 table on page 37.

Name	Number of Shares Awarded for the 2014 – 2016 Performance Period
Douglas D. Dirks	29,177
Terry Eleftheriou	—
Stephen V. Festa	7,968
Lenard T. Ormsby	8,754
John P. Nelson	7,183

Mr. Eleftheriou was not employed with the Company when the performance shares for the 2014 – 2016 cycle were granted and therefore was not eligible for that grant. However, he did receive 12,000 shares of stock, which had a value of \$450,600 based on the closing price of the stock on February 21, 2017, which was the date the performance goals were certified. This payout represented a prorated payment of the performance shares granted to him in 2015. Payment of the 2015 performance share grants would have become payable to him (along with the remaining participants) in 2018, but Mr. Eleftheriou’s payout was provided in 2017 due to the termination of his employment. The 2015 performance share grants are described in Performance Goal Certification for the 2015 Performance Share Grants,” below. Mr. Eleftheriou’s payment is included in the Option Exercises and Stock Vested for 2016 table on page 37.

Performance Goal Certification for the 2015 Performance Share Grants

In 2015, the then-current Compensation Committee awarded performance shares in 2015, which, like the 2016 performance shares described above, have a two-year performance period (calendar years 2015 and 2016) followed by a one-year vesting period. The performance goals and threshold, target and maximum achievement levels for these grants were described in the proxy statement for the Company’s 2016 Annual Meeting of Stockholders. The structure of these awards and their performance goals are substantially similar to those described above for the 2016 performance share grants. The current Compensation Committee has certified that the Company had earned the maximum level of achievement, which is 200% of target. This level of achievement was the result of corporate performance which exceeded the performance goal set forth by the Compensation Committee for maximum payout under the grant. These awards are included in the Outstanding Equity Awards at 2016 Fiscal Year-End table on page 36, and generally will become payable in 2018, following the one-year vesting requirement. As mentioned above, Mr. Eleftheriou’s early payout is included in the Option Exercises and Stock Vested for 2016 table on page 37.

Stock Options

Our NEOs received grants of non-qualified stock options in March 2016. The option grants made in 2016 to our NEOs are set out and described in the Summary Compensation Table on page 32 and the Grants of Plan-Based Awards Table on page 34. However, for 2017, we will eliminate grants of stock options as part of our ongoing effort to maximize performance-based compensation that is based on our pre-selected performance metrics.

Restricted Stock Units

Our NEOs received grants of time-vesting RSUs in March 2016. As in previous years, the Compensation Committee believes that the RSU grants, including the selection of a four-year vesting period, will positively impact retention and will effectively motivate management to focus on executing the existing long-term strategic plan designed to increase stockholder value. Unrelated to our long-term incentive program, our CEO was granted additional RSUs pursuant to certain negotiated terms of his employment agreement. The 2016 grant to him was the final grant under those terms. All RSU grants that were made in 2016 to our NEOs are set out and described in the Summary Compensation Table on page 32 and the Grants of Plan-Based Awards Table on page 34.

Benefits and Perquisites

Our NEOs are eligible to participate in all of the benefit programs generally offered to employees. In addition, our NEOs receive automobile allowances and supplemental life insurance benefits, and some of our NEOs also receive airline travel club memberships and country club memberships.

The Compensation Committee has determined that these NEOs' perquisites are modest and appropriate. The supplemental life insurance benefits provided to the NEOs are consistent with those provided to similarly situated executives of the companies in our peer group. Airline travel club memberships are provided to our NEOs to facilitate efficient business travel. The country club memberships provide our NEOs with access to quality establishments for business entertainment and encourage them to interface with our community. Certain relocation and related expenses were granted to Mr. Eleftheriou in connection with his recruitment, hiring and the negotiation of his employment agreement. These benefits are disclosed in the "All Other Compensation" column of the Summary Compensation Table on page 32.

Employment Agreements

Each of our NEOs has been a party to an employment agreement. These employment agreements are designed to protect the Company through restrictive covenants, to serve as recruiting and retention tools, and to provide for severance both generally, and relating to a change in control.

The agreement with Mr. Dirks was scheduled to expire December 31, 2016, but was renewed for an additional two year term, and is now scheduled to expire December 31, 2018. Mr. Eleftheriou's agreement, which became effective on November 10, 2014, when he began serving as our CFO, was amended in 2016 to extend the time he was given to incur certain relocation benefits, and then expired on December 31, 2016. The agreements with Messrs. Festa, Ormsby and Nelson had been renewed and are scheduled to expire December 31, 2017. None of our current employment agreements provide for payments to offset excise taxes related to a change in control ("280G gross-up" payments). Instead, the agreements provide for a cap at the statutory threshold to the extent that capping the change in control related payments would put the affected NEO in a better after-tax position and, if not, the payments would remain uncapped so that the executive would be responsible for any related excise taxes imposed and the Company would not be entitled to a deduction for the amounts subject to any such excise taxes.

At the various times that the employment agreements were either entered into, negotiated or amended, the Compensation Committee had concluded that the applicable provisions of these agreements were reasonable and consistent with market practice.

A more detailed description of these agreements is provided in "Potential Payments upon Termination or Change in Control" on page 37.

2017 Compensation Decisions

As mentioned above, for 2017, we will increase the weighting of performance shares to 65% of the target equity value, with RSUs representing the remaining 35%. We will not award stock options in 2017. This change is consistent with our peer group practices and provides greater linkage of equity awards with key financial value drivers.

Risk Assessment

Management performed a risk assessment to determine whether our compensation plans promote excessive or undue risk-taking generally and specifically as applied to our NEOs, and concluded that, in each case, the potential for such risk is low. Pay Governance then reviewed management's analysis and provided the Compensation Committee with the same conclusion. Finally, the Compensation Committee considered both management's analysis and Pay Governance's review, and similarly concluded that these compensation plans are not reasonably likely to have a material adverse effect on the Company, and reported its results to the full Board. In making this determination, the Compensation Committee analyzed our compensation program's diverse attributes, including that the program:

- Provided a balanced mix of fixed and performance-based compensation;
- Included base salaries that were competitive within our industry;
- Was composed of performance-based compensation awards that balanced both short- and long-term performance over varying time horizons and provided a mix of cash and equity awards based upon varying performance goals among our performance-based awards;
- Provided annual cash bonus awards and performance share awards that were capped at competitive levels;
- Included equity awards that were earned only after satisfying vesting requirements and/or achieving pre-established performance goals;
- Ensured that a portion of total compensation was linked to the Company's long-term performance, to mitigate the short-term risk that could be detrimental to the Company's long-term interests, and encourage the creation of stockholder value;
- Included equity-based performance awards that were subject to multi-year vesting or performance periods and derived their value from the Company's total performance, which we believe further encourages decision-making that is in the long-term interests of the Company and its stockholders;
- Included executive stock ownership guidelines (as described below), for those employees who we believe can have the greatest influence on the financial performance of the Company, which guidelines have been designed to strengthen the alignment between the interests of our senior officers and the Company's stockholders, and to discourage risk-taking that could be detrimental to the long-term interests of the Company, its performance, and our stock price; and
- Included clawback, grant, and retention policies (as described below) which provide additional assurance that any risks associated with our compensation plans and policies are further mitigated.

Stock Ownership and Retention Guidelines for Senior Executives

The Compensation Committee has adopted mandatory guidelines that require senior executives, including all of our NEOs, to attain and retain specific levels of ownership in Company stock. These guidelines reinforce the importance of aligning the interests of our NEOs with the interests of our stockholders. Under these guidelines, executives must attain and retain specific levels of ownership of Company stock, expressed as a multiple of base salary, as set forth in the table below. It is the Compensation Committee's intention that these levels of ownership be achieved by February 5, 2017, which is the tenth anniversary of our initial public offering or, if later, by the tenth anniversary of the date that the executive first became subject to an applicable level of stock ownership under these guidelines. If an executive's stock ownership requirement increases because of a change in position, then a new ten-year period to achieve the number of shares will begin on the effective date of the change of position. These guidelines are intended to motivate our executive officers to reach and maintain appropriate levels of stock ownership.

Equity and Other Compensation Grant Policies, Procedures and Requirements

Stock Grant Policy and Guidelines

The Compensation Committee has adopted an equity grant policy that specifies the Company's practices and procedures for granting equity awards, including stock options, stock appreciation rights, restricted stock, RSUs, performance shares and any other stock based award. This policy contains procedures to prevent stock option backdating or other timing improprieties. The equity grant policy governing the 2016 annual grants to the NEOs requires that all equity grants, other than new hire grants, certain grants to non-officers and grants of performance share awards, will be made at a regularly scheduled Compensation Committee meeting occurring between February 15 and March 30, unless exigent circumstances exist, as determined by the Compensation Committee.

Performance share awards (and similar performance-based awards other than stock options) that are intended to satisfy the requirements for performance-based compensation under section 162(m) of the Internal Revenue Code typically will be made within the first 90 days of the calendar year.

“Clawback” Policy

We have a “clawback” policy that applies to our cash-based and equity incentive compensation. We are committed to ensuring that our incentive compensation is subject to clawback provisions not just under certain specified situations, but also under any current or future legal requirements and under any future clawback provisions implemented by the Company, from time to time.

Specifically, if a grantee engages in certain conduct considered harmful to the Company during employment or following termination of employment, then the grantee may be required to forfeit, without consideration (1) all then outstanding awards under our Equity Plan (which include all equity and cash incentive awards granted to our NEOs), (2) any shares of Company stock owned by the grantee that were previously subject to an award under the plan, and (3) any cash amounts previously paid to a grantee pursuant to a plan award. In addition, if the grantee sold shares of Company stock during the 12-month period preceding the time the grantee engaged in the harmful conduct, then the grantee may be required to repay to the Company the aggregate value of these shares on the date of the sale minus the amounts, if any, paid for these shares.

In addition, if the Company is required to restate its financial statements, the Company may require our NEOs to repay to the Company the aggregate value of any performance shares that became payable upon the achievement of the performance goals, to the extent these performance goals would not have been achieved had the restatement not been required.

Finally, we are monitoring anticipated final regulations and exchange listing standards regarding clawback requirements and will modify or implement new policies as may become necessary or be deemed appropriate.

Policies Prohibiting Hedging and Pledging

The Company's Insider Trading Policy prohibits Directors and other Company insiders, which include our NEOs, from making "short sales" of the Company's equity securities, or otherwise speculating on the Company's equity securities, as these activities may place the personal gain of the Director or other insider in conflict with the best interests of the Company and its stockholders. Additionally, the equity grants made to the Company's officers, including the NEOs, generally prohibit pledging or otherwise assigning equity granted under the Equity Plan. We are monitoring anticipated final regulations regarding hedging and pledging restrictions and will modify or implement new policies as may become necessary or be deemed appropriate.

Tax and Accounting Considerations

Under section 162(m) of the Internal Revenue Code, the Company may not be able to deduct certain forms of compensation in excess of \$1,000,000 paid to our CEO or any of our three other highest paid executive officers (other than our CFO) who are employed by the Company at year-end. The Compensation Committee believes that it is generally in the Company's best interests to satisfy the requirements for deductibility under section 162(m).

Accordingly, the Compensation Committee has taken, and intends to take, reasonable actions, to the extent it believes feasible and appropriate, to preserve the deductibility of annual incentive and long-term performance awards. However, notwithstanding this general policy, the Compensation Committee also believes there may be circumstances in which the Company's interests are best served by maintaining flexibility in the way compensation is provided, even if the compensation is not fully deductible under section 162(m). In this regard, approximately \$600,000 of compensation paid for 2016 to our CEO was not deductible by reason of section 162(m) and some portion of the RSUs currently granted may not be deductible in the future.

In addition, the Compensation Committee, when granting equity-related awards, considers the tax and accounting treatment and implications of these awards.

COMPENSATION COMMITTEE REPORT

The individuals listed below served on the Compensation Committee during all or part of 2016, and each of these current or former members of the Compensation Committee is an Independent Director. Salary includes base salary and payments for vacation, holiday, bereavement and sick days and income recognized (1) with respect to excess life insurance provided by the Company. Specifically, the salary amount includes \$44,814 for Mr. Eleftheriou for accrued vacation paid in 2017 that had accrued as of his termination of employment.

(2) In connection with his commencement of employment, and in lieu of a prorated annual bonus for 2014, Mr. Eleftheriou was granted a sign-on bonus of \$40,000.

(3) The amounts in the “Stock Awards” column for 2016 consist of performance shares (PSUs) and RSUs granted in 2016 under the Equity Plan. The amounts shown do not reflect compensation actually received by the NEO. Rather, the amounts shown for 2016 represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, excluding any assumption for future forfeitures. As a result of Mr. Eleftheriou’s termination of employment on December 31, 2016, 3,000 PSUs and 3,750 RSUs were forfeited immediately following his termination of employment. All other assumptions used to calculate the expense amounts shown for 2016 are set forth in Note 14 to the 2016 Consolidated Financial Statements. The PSUs are units each of which is equal to the value of one share of our common stock. The PSUs will be settled as of the end of the one-year vesting period that follows a two-year performance period to the extent that the applicable performance goals have been achieved and the applicable vesting requirements have been satisfied. The values of the PSUs as of the grant date at maximum level of achievement for Messrs. Dirks, Festa, Ormsby, and Nelson were \$1,586,693, \$622,758, \$479,057, and \$503,007, respectively. The RSUs are units each of which is equal to the value of one share of our common stock, and vest as to 25% of the units on March 15th of the first calendar year following the date of grant, and then on

each of the next three anniversaries of that date. For more information regarding these awards, see the Grants of Plan-Based Awards table on page 34.

- (4) The amounts in the “Options Awards” column relate to stock options granted in 2016 under the Equity Plan. The amounts shown do not reflect compensation actually received by the NEO. Rather, the amounts shown for 2016 represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, excluding any assumption for future forfeitures. As a result of Mr. Eleftheriou’s termination of employment on December 31, 2016, 5,850 stock options were forfeited immediately following his termination of employment. We have used the Black-Scholes option pricing method for calculating the expense amounts shown. Specifically, the assumptions used to calculate the expense amounts shown for stock options for 2016 are set forth in Note 14 to the

2016 Consolidated Financial Statements. For more information regarding these awards, see the Grants of Plan-Based Awards table on page 34.

(5) The Non-Equity Incentive Plan Compensation in this table reflects the cash bonus, if any, earned under this plan by each of our NEOs with respect to 2016, which was paid in the first quarter of 2017.

(6) Mr. Eleftheriou's employment with the Company terminated at the end of the term of his employment agreement on December 31, 2016.

(7) Includes the following payments that we made to or on behalf of our NEOs:

Name	Car Year Allowance (\$)	Club Membership (\$)	401(k) Matching Contributions (\$)	Excess Accrued Vacation ^(a) (\$)	Life Insurance Premiums (\$)	Personal Benefits ^(b) (\$)	Total (\$)
Douglas D. Dirks	2016 15,600	10,565	10,600	16,635	5,105	253	58,758
Terry Eleftheriou	2016 14,954	—	10,600	8,654	1,135	2,018	37,361
Stephen V. Festa	2016 14,400	—	10,600	9,615	1,234	187	36,036
Lenard T. Ormsby	2016 14,400	—	10,600	8,942	1,167	2,724	37,833
John P. Nelson	2016 14,400	10,501	10,600	7,019	915	463	43,898

For each NEO, excess accrued vacation represents the dollar value of vacation accrued during 2016, in excess of (a) the vacation accrual levels for the Company's salaried employees generally. The dollar values were determined by reference to the NEOs' base salaries in effect on December 31, 2016.

Personal benefits include the aggregate incremental costs associated with NEOs' and their guests' (i.e., spouse, (b) family member or similar guest) attendance at board meetings and/or board activities. Also included are the aggregate incremental costs associated with the NEOs' professional memberships.

GRANTS OF PLAN-BASED AWARDS

Non-Equity Incentive Plan Awards

2016 Annual Cash Bonus Program. As discussed above, the 2016 annual cash bonus program provides for a cash bonus, dependent upon the Company's achievement of a pre-established corporate goal, referred to as the Bonus Hurdle (subject to the Compensation Committee's discretion to reduce the bonus amounts based on criteria selected by the Committee for this purpose), calculated as a percentage of the NEO's annual base salary rate for the applicable year. This percentage varied among the executives. For 2016, the target bonus award percentages were as follows: Mr. Dirks, 85%, and for Messrs. Eleftheriou, Festa, Ormsby, and Nelson, 55%. The maximum bonus payable under the program is 200% of the respective NEO's target bonus award percentage. Amounts earned under the 2016 bonus program by our NEOs are reflected in the Summary Compensation Table above in the "Non-Equity Incentive Plan Compensation" column. The cash bonus opportunities under this program for 2016 for these NEOs at threshold, target and maximum performance levels are set forth below under the Non-Equity Incentive Plan Awards columns.

Performance Shares, Stock Options and RSUs

As discussed above, the Company granted performance shares (PSUs), stock options and RSUs to our NEOs in 2016 under the Equity Plan.

PSUs are equity awards granted to cover a two-year performance period commencing on January 1, 2016 and ending on December 31, 2017. Each PSU represents one share of our common stock, and the number of shares earned is based on the achievement of pre-established performance goals, which are determined at the end of the performance period. The performance goals are based on the Company's operating return on adjusted shareholders' equity for the period from January 1, 2016 until December 31, 2017, compared to a pre-established goal. A one-year vesting period then follows the two-year performance period. At target level of achievement, 100% of the number of PSUs granted would be earned, and the maximum number of PSUs that an individual may earn based on actual performance during the performance period is 200% of the targeted number of PSUs. PSUs are subject to accelerated vesting in certain limited circumstances, such as the death, disability or retirement of the executive, or in connection with a change in control of the Company. PSUs awarded for 2016 are set forth under the "All Other Stock Awards" column below. Each option was granted with an exercise price equal to the fair market value of the shares on the date of grant (which is the closing price of the shares on the date of grant), has a term of seven years, and vests as to 25% of the shares

underlying each grant on March 15, 2017 and each of the first three anniversaries of the first vesting date. The options

are subject to accelerated vesting in certain limited circumstances, such as the death, disability or retirement of the executive, or in connection with a change in control of the Company. The stock options awarded for 2016 are set forth under the "Option Awards" columns below.

The RSUs are units each of which is equal to the value of one share of our common stock, and vest as to 25% of the units on March 15, 2017 and each of the first three anniversaries of the first vesting date. The RSUs are subject to accelerated vesting in certain limited circumstances, such as death, disability or retirement of the executive, or in connection with a change in control of the Company. RSUs awarded for 2016 are set forth under the "All Other Stock Awards" column below.

Mr. Dirks' employment agreement provides him with a maximum of five annual long-term incentive grants in addition to (and not in lieu of) the equity awards generally made to Company executives, including Mr. Dirks. Specifically, Mr. Dirks is entitled to a grant of RSUs with a value equal to approximately \$150,000 on up to five occasions during the term of his employment agreement (including any renewals thereof). The fifth (and final) of these grants occurred on March 14, 2016, the same date that the annual equity grants were made to the Company's executives, and is included with his other RSU grants in the applicable proxy tables.

For the Estimated Future Payouts under the Non-Equity Incentive Plan Awards columns, Threshold reflects the bonus amount assuming the Bonus Hurdle had not been achieved, Target reflects the value of annual cash bonus (1)based on the annual target percentage of base salary rate, and Maximum reflects achievement of the Bonus Hurdle without regard to the exercise of any negative discretion by the Compensation Committee, which would be 200% of the target percentage of base salary rate.

(2)

Amounts shown are the number of PSUs granted to the NEOs in March 2016. The PSUs will become distributable in 2019, subject to, and to the extent of, the achievement of the applicable performance goals, as of the end of the performance period, which ends on December 31, 2017, and subject to the satisfaction of the vesting requirements. The vesting period ends on December 31, 2018.

(3) Amounts shown are the number of RSUs granted to each of the NEOs in March 2016. The RSUs will vest as to 25% of the units on March 15, 2017, and on each of the next three anniversaries of that date.

(4) Amounts shown are the number of shares underlying the options granted to the NEOs in March 2016. The options will vest as to 25% of the shares underlying the grant on March 15, 2017, and on each of the next three anniversaries of that date.

Amounts shown represent the aggregate fair value of the PSUs, RSUs and stock options as of the date of grant calculated in accordance with FASB ASC Topic 718, excluding any assumption for future forfeitures. Assumptions used to calculate the grant date fair value amounts are set forth in Note 14 to the 2016 Consolidated Financial Statements. However, the fair value shown above may not be indicative of the value realized due to the variability in the share price of our common stock. The exercise price of the stock options equals the closing price of the shares as of the date of grant, pursuant to the terms of the Equity Plan.

(5) Mr. Eleftheriou's employment with the Company terminated at the end of the term of his employment agreement on December 31, 2016. He was not granted any equity incentive plan awards in 2016.

(6) The Summary Compensation Table and Grants of Plan-Based Awards table should be read in conjunction with both the preceding "Compensation Discussion and Analysis," which provides detailed information regarding our compensation philosophy and objectives, and "Potential Payments Upon Termination or Change in Control," below, which provides a description of the material terms of the employment and other compensatory arrangements with our NEOs.

(1) The column reflects stock options granted under the Equity Plan in March of each of 2016, 2015, 2014, 2013, 2012, and 2011. The options vest as to 25% of the shares underlying the grant on each of the first four anniversaries of the date of grant, except that starting with the 2015 grants, the shares vest on March 15th of the

first calendar year following the date of grant, and then on each of the next three anniversaries of that date. As a result of Mr. Eleftheriou's termination of employment on December 31, 2016, 5,850 stock options were forfeited immediately following his termination of employment.

The column reflects RSUs granted under the Equity Plan in March of each of 2016, 2015, 2014, and 2013. The RSUs vest as to 25% of the units on each of the first four anniversaries of the date of grant, except that starting (2) with the 2015 grants, the shares will vest on March 15th of the first calendar year following the date of grant, and then on each of the next three anniversaries of that date. As a result of Mr. Eleftheriou's termination of employment on December 31, 2016, 3,750 RSUs were forfeited immediately following his termination of employment.

The column reflects the number of PSUs granted in March 2016 and March 2015 under the Equity Plan that would be awarded to the NEOs at the end of the two-year performance period and one year succeeding vesting period, (3) assuming that the maximum levels of the performance goals, are achieved for each grant. Specifically, for the 2016 and 2015 grants, each grant will be earned based on the achievement of pre-established performance goals over a two-year performance period and the satisfaction of a succeeding one-year

vesting period. The performance period for the March 2016 and March 2015 PSU grants commenced January 1, 2016 and January 1, 2015, respectively. As a result of Mr. Eleftheriou's termination of employment on December 31, 2016, 3,000 PSUs were forfeited immediately following his termination of employment. The PSUs that were granted in March 2014, and were scheduled to be settled in March 2017, are described in footnotes 1 and 2 to the "Option Exercises and Stock Vested for 2016 Table," below.

Option Exercises and Stock Vested for 2016

John P. Nelson	44,533	524,891	11,287	398,638

(1) The number of shares acquired on vesting column reflects (a) the vesting of 25% of the RSUs granted on March 16, 2012, March 19, 2013, March 11, 2014 and March 10, 2015 for each of the NEOs receiving grants in the applicable years, and March 17, 2012 and May 24, 2012 for Mr. Dirks; and (b) (i) the value of the PSUs granted on March 11, 2014 based on 89% of target level and (ii) the number of share paid out to Mr. Eleftheriou for a prorated portion of the PSUs granted to him on March 10, 2015, which become payable by reason of his termination of employment, in each case, under the Equity Plan. The shares underlying the 2014 PSU grant were earned based on the achievement of pre-established corporate performance goals over a three-year performance period.

(2) The value realized on vesting column reflects (a) the number of shares underlying the RSU grants that vested on March 15, 2016, March 11, 2016, March 19, 2016, March 16, 2016, and March 17, 2016, multiplied by the per share fair market value of the shares as of the respective vesting dates, which were \$27.36 (the closing price on March 15, 2016, for the RSUs vesting on that date), \$28.29 (the closing price on March 18, 2016, for the RSUs vesting on March 19, 2016), \$27.82 (the closing price on March 16, 2016, for the RSUs vesting on that date), \$28.06 (the closing price on March 17, 2016, for the RSUs vesting on that date); and (b) the number of shares underlying the PSUs granted on March 11, 2014, following the completion of the three-year performance period that ended on December 31, 2016, multiplied by the per share fair market value of the shares, which was \$37.55, as of February 21, 2017, the closing price on the date the performance goals were certified, and the value of the shares underlying the PSUs granted to Mr. Eleftheriou on March 10, 2015, which were paid to him by reason of his termination multiplied by the per share fair market value of the shares which was \$37.55 as of February, 21, 2017, the closing price on the date the performance goals were certified.

Pension Benefits

None of our NEOs participates in or has any accrued benefits under any qualified or nonqualified defined benefit plans maintained by the Company.

Nonqualified Deferred Compensation

None of our NEOs participates in or has an account balance in any nonqualified defined contribution plans or other nonqualified deferred compensation plans maintained by the Company.

Potential Payments upon Termination or Change in Control

The following summaries and the table that follows set forth estimated potential amounts payable to our NEOs upon termination of employment or a change in control as of December 31, 2016, under the employment agreements that were in effect as of that date, and the Company's other compensation plans, programs, policies, agreements and

arrangements. The Compensation Committee may in its discretion revise, amend or add to the benefits if it deems it advisable.

As discussed above, each of our NEOs had an employment agreement with the Company in 2016. Mr. Dirks' employment agreement was scheduled to expire on December 31, 2016, but was renewed for an additional two year term, and is now scheduled to expire on December 31, 2018. Mr. Eleftheriou's employment agreement expired on December 31, 2016, and the other NEOs' employment agreements are scheduled to expire on December 31, 2017. The following summaries describe the terms of the employment agreements with our NEOs, assuming the employment agreements remained in effect through December 31, 2016. Because Mr. Eletheriou's employment agreement expired

on December 31, 2016, he was no longer entitled to any benefits under his agreement at December 31, 2016. Therefore, the numbers in the table below reflect the terms of these agreements and the effects of Mr. Eleftheriou's termination of employment.

Named Executive Officers' Employment Agreements

If, during the term of each of the employment agreements, the executive's employment is terminated other than (1) by reason of death or disability or (2) by the Company for cause, in either case, other than during (a)(i) the 24-month period following a change in control of the Company for Mr. Dirks, or (ii) the 18-month period following a change in control of the Company for the remaining NEOs, or (b) for each NEO, during the six-month period prior to, but in connection with, a change in control, then the executive would be entitled to receive:

severance payments equal to, for Mr. Dirks, three times his base salary payable in bi-weekly installments for 36 months and, for the remaining NEOs, two times base salary payable in bi-weekly installments for 24 months; and continued health insurance coverage for 18 months following termination of employment with the Company paying the employer portion of the premium.

If, during the term of the employment agreement, the executive terminates employment for good reason or the executive's employment is terminated for any reason other than death, disability or by the Company for cause, in each case, either (1)(a) for Mr. Dirks, within 24 months following a change in control, or (b) for the remaining NEOs, within 18 months following a change in control, or (2) for each NEO, within six months prior to, but in connection with, a change in control, then the executive would be entitled to receive:

a lump sum cash payment equal to, for Mr. Dirks, three times the sum of his base salary and the average of the annual bonus amounts he earned for the three years preceding the year in which the change in control occurs, for the remaining NEOs with employment agreements in effect, two times the sum of the executive's base salary and the average of the annual bonus amounts earned by the executive for the three years preceding the year in which the change in control occurs; and

continued health insurance coverage for 18 months following the termination date with the Company paying the employer portion of the premium.

In addition, if the executive would be subject to a golden parachute excise tax imposed under section 4999 of the Internal Revenue Code, the executive's change in control related payments and benefits would be capped at a statutory safe harbor (thereby avoiding imposition of the change in control related excise tax) if the executive would be better off with the cap, on an after tax basis.

The executives would be subject to certain non-competition and non-solicitation restrictions for 24 months after the termination date for Mr. Dirks, and 18 months following the executive's termination date for the remaining NEOs, in addition to other restrictive covenants. Additionally, the executives would be required to sign a global release of liability.

Termination for Death or Disability. In accordance with the Company's policies generally applicable to all employees, if the executive's employment is terminated as a result of disability, the executive would be entitled to a benefit of up to \$15,000 per month until the executive reached age 65. In addition, the Company provides life insurance benefits for its senior executives in an amount equal to three times the executive's annual base salary, subject to a \$1.5 million cap for each senior executive other than Mr. Dirks.

Additional Provision for Mr. Dirks. Mr. Dirks' employment agreement provides him with a maximum of five annual long-term incentive grants in addition to (and not in lieu of) the equity awards generally made to Company executives, including Mr. Dirks. Specifically, Mr. Dirks was entitled to a grant of RSUs with a value equal to approximately \$150,000 on up to five occasions during the term of his employment agreement (including any renewals thereof). The fifth (and final) grant was made to him in 2016. The treatment of these RSUs is described in the "Terms of Equity Awards" section below.

Terms of Equity Awards

Terminations Not Related to a Change in Control:

Termination of Employment by the Company for other than Cause. Under the terms of the equity award agreements, if the executive's employment is terminated other than for cause, death or disability, and not in connection with a change in control, then (1) all options that are unvested as of that date would be forfeited and all then vested options would remain exercisable for one year following such termination (or one year following death if the executive dies within the one-year period following such termination), (2) a prorated portion of the executive's PSUs would be deemed earned based on the period of time the executive had been employed during the performance and vesting periods and based on the Company's achievement of the applicable performance goals as of the end of the performance period, and (3) all outstanding unvested or unearned RSUs and PSUs would be forfeited.

Termination by Reason of Death or Disability. If the executive's employment is terminated by reason of death or disability, the executive's options would vest in full as of the date of termination of employment and would remain exercisable for one year thereafter; provided, however, that if the executive's employment terminates by reason of disability and the executive dies during such one-year period, then, the executive's options would remain exercisable for one year following death but in no event later than the option expiration date. In addition, a prorated portion of the executive's PSUs would be deemed earned based on the period of time the executive had been employed during the performance period and based on the Company's achievement of the applicable performance goals as of the end of the performance period, and the executive's RSUs would become fully vested.

Termination by the Company for Cause or by the Executive Voluntarily. If the executive's employment is terminated by the Company for cause or the executive terminates employment for any reason other than as described above or, if applicable, by reason of retirement as described below (and not in connection with a change in control) then the executive would forfeit any outstanding unvested or unearned awards. If the executive's termination is by the Company for cause, then the executive's vested options would immediately terminate. However, if the executive voluntarily terminates employment, the executive's options would remain exercisable for one year following termination of employment (or one year following death if the executive dies during the post-termination exercise period), but in no event later than the option expiration date. In addition, the executive's unvested or unearned RSUs and PSUs would terminate upon termination of employment.

Change in Control Provisions, If Equity Awards are Not Assumed. If the executive's equity awards are not assumed or substituted in connection with a change in control, then upon the occurrence of the change in control, (1) the executive's options would become fully vested and exercisable and would terminate immediately following the change in control, and (2) the executive's RSUs would become fully vested and (3) the number of PSUs that would have been earned at target level of achievement will be deemed earned and the shares (or the equivalent value of the shares) will be payable shortly after the occurrence of the change in control, except that, with respect to the PSUs granted in 2015 or 2016, if the change in control occurs on or after the end of the performance period, payment would be based on actual, instead of target level of, achievement.

If Equity Awards are Assumed. If the executive's options and/or RSUs are assumed or substituted for in connection with a change in control but the executive's employment is terminated without cause during the 24-month period following such change in control, then the executive's RSUs would become fully vested and the executive's options would become fully vested and exercisable. The PSUs will be treated as described in the previous paragraph, whether or not they are assumed or substituted for.

Termination by Reason of Retirement. As of December 31, 2016, the retirement provisions in our 2011 - 2016 equity awards would apply only to Mr. Ormsby because he is the only NEO who would satisfy the criteria necessary to terminate employment by reason of retirement as of that date. Specifically, with respect to these awards, upon Mr. Ormsby's retirement, 50% of his then unvested options would vest and become exercisable as of the date of his retirement and all remaining unvested options would be forfeited. In addition, all of his vested options would remain exercisable for three years following the date of his retirement (but not later than the expiration of the option term) and if he were to die during this post-termination exercise period, his vested options would remain exercisable for at least one year following his death (but not later than the expiration of the option term). With respect to all of his outstanding RSU awards, 50% of his then unvested RSUs would vest and the remaining unvested RSUs would be

forfeited, and for his 2014 - 2016 PSU awards, a prorated portion of his PSUs would be deemed earned based on the number of months that

39

he continued in employment during the applicable performance period, and would become payable upon the applicable payment date based on the Company's actual performance and provided that he refrains from breaching Company confidentiality or non-solicitation agreements and violating certain restrictive covenants applicable to him. For purposes of our equity awards, "retirement" is defined as termination of employment after attaining age 60 and completing 10 years of continuous service, provided that the executive has given written notice of intent to retire no fewer than six months prior to the date that the executive terminates employment.

2016 Annual Bonus Program for all Named Executive Officers

The following termination and change in control provisions of our 2016 Annual Bonus Program apply to the annual bonuses granted to each of our NEOs for 2016:

Death or Disability. If the executive's employment terminates prior to December 31, 2016, by reason of death or disability, the 2016 annual bonus award would become payable at the same time as it would otherwise have been paid, calculated as if the executive had continued in employment until December 31, 2016, and based on the actual salary that the executive would have earned had he remained in employment through December 31, 2016, and subject to, and to the extent of, the actual achievement of the performance goals.

Involuntary Termination Without Cause. If the Company terminates the executive's employment prior to December 31, 2016, other than for cause, then the executive would be entitled to a prorated annual bonus, payable at the same time as this bonus would otherwise have been paid, in an amount equal to the product of (1) the total value of the annual bonus that would have been paid had the executive continued in employment until December 31, 2016, calculated based on the actual salary that the executive would have earned for 2016 had the executive remained in employment through December 31, 2016, and subject to, and to the extent of, the actual achievement of the performance goals; and (2) a fraction, the numerator of which is the number of full months elapsed from January 1, 2016, until the executive's date of termination, and the denominator of which is 12.

For Cause; Voluntary Termination. If the Company terminates the executive's employment for cause or the executive voluntarily terminates employment for any reason prior to the date the 2016 annual bonuses are paid out, other than for any of the reasons described above, then the executive's 2016 annual bonus would terminate and be forfeited immediately.

Change in Control. Upon the consummation of a change in control, if the executive remains continuously employed through such consummation, then the executive would be entitled to a prorated 2016 annual bonus award, payable as soon as practicable following the consummation of the change in control, in an amount equal to the product of (1) the greater of (a) the total value of the annual bonus that would have been paid to the executive had the executive continued in employment until December 31, 2016, subject to, and to the extent of, the actual achievement of the performance goals as of the consummation of the change in control, but without regard to the exercise of any negative discretion by the Compensation Committee, and (b) the total value of the annual bonus that would have been paid had the executive continued in employment until December 31, 2016, assuming for each NEO, the NEO's annual bonus target percentage multiplied by the NEO's 2016 annual base salary rate without regard to the exercise of any negative discretion by the Compensation Committee, and (2) a fraction, the numerator of which is the number of full months elapsed from January 1, 2016, until the consummation of the change in control, and the denominator of which is 12.

Termination By Reason of Retirement. If the executive terminates employment prior to December 31, 2016, by reason of retirement, then the executive would be entitled to a prorated annual bonus, payable at the same time as this bonus would otherwise have been paid, in an amount equal to the product of (1) the total value of the annual bonus that would have been paid had the executive continued in employment until December 31, 2016, calculated based on the actual salary that the executive would have earned for 2016 had the executive remained in employment through December 31, 2016, and subject to, and to the extent of, the actual achievement of the performance goals; and (2) a fraction, the numerator of which is the number of full months elapsed from January 1, 2016, until the executive's date of termination, and the denominator of which is 12, so long as the executive refrains from breaching Company confidentiality or non-solicitation agreements and violating certain restrictive covenants applicable to him through December 31, 2016. For 2016, Mr. Ormsby is the only NEO who would satisfy the criteria necessary to terminate employment by reason of retirement.

Assuming the employment of each of the NEOs had terminated on December 31, 2016, under each of the circumstances set forth in the table below (including the occurrence of a change in control on December 31, 2016), the payments and

40

benefits described above would have the estimated values under their employment agreements (other than for Mr. Eleftheriou), and other applicable plans, programs, policies, agreements and arrangements, as provided below.

For the year 2016, the bonuses reflect the annual cash bonuses earned in 2016 under the Equity Plan. The 2016 (1) annual bonuses were paid in the first quarter of 2017 at varying percentages of the eligible NEOs' respective base salary rates.

Disability benefits are available to all full-time employees. In the event the NEO had been terminated due to (2) disability, the executive would have been entitled to a benefit equal to 66²/₃% of his monthly salary, up to a maximum of \$15,000 per month until attainment of age 65.

The value for equity acceleration that is shown for termination of a NEO's employment following a change in control is calculated based on the assumption that the equity awards would be assumed upon the occurrence of the (3) change in control and the executive would be terminated immediately thereafter. However, because Mr. Eleftheriou actually terminated employment on December 31, 2016, the value for him was calculated assuming he had terminated employment prior to the change in control.

The annual bonus amount under the Equity Plan reflects the greater of (a) the actual annual cash bonus earned by each of our NEOs with respect to 2016, without regard to the exercise of any negative discretion by the Compensation Committee, and (b) the NEO's target percentage multiplied by the NEO's annual base salary rate.

(4) For 2016, for each of our NEOs other than Mr. Eleftheriou, the value of (a), above was greater than (b), above, so the amount in the table reflects the cash bonus earned for each NEO, without regard to the exercise of any negative discretion by the Compensation Committee. However, because Mr. Eleftheriou actually terminated employment on December 31, 2016, the value for him was calculated assuming he had terminated employment prior to the change in control.

The value of the equity acceleration that is shown for a change in control is calculated based on the assumption that the equity awards would not be assumed in the change in control, and therefore the awards would become vested (5) and exercisable whether or not the NEO's employment had been terminated. However, because Mr. Eleftheriou actually terminated employment on December 31, 2016, the value for him was calculated assuming he had terminated employment prior to the change in control.

Mr. Eleftheriou's employment with the Company actually terminated at the end of the term of his employment (6) agreement on December 31, 2016. For the purpose of the death and disability lines, the values for Mr. Eleftheriou were calculated assuming he had terminated employment by reason of death or disability, respectively.

(7)

The value of the accelerated equity reflects the shares underlying the PSUs granted to Mr. Eleftheriou on March 10, 2015, which were paid to him by reason of his termination multiplied by the per share fair market value of the shares, which was \$37.55 as of February, 21, 2017, the closing price on the date the performance goals were certified.

DIRECTOR COMPENSATION

Director compensation for 2016 was the same as it was for 2015, other than an increase in meeting fees, as described below. Specifically, Director compensation was composed of an annual cash retainer for each non-employee Director of \$40,000 (as it was for 2015) and, as in 2015, no additional payments were made for attendance at Board meetings. Each non-employee Director received \$1,750 for each Audit Committee meeting attended (increased from \$1,500) and \$1,500 for each other committee meeting attended (increased from \$1,000). The Chairman of the Board was paid an additional cash fee of \$20,000. The Audit Committee Chair was paid an annual cash fee of \$15,000, the Compensation Committee Chair was paid an annual cash fee of \$12,500 and the remaining Committee Chairs were paid an additional cash fee of \$10,000.

In addition to the cash compensation, on May 24, 2016, each non-employee Director was granted an award of RSUs with a value of approximately \$60,000. All RSUs granted to non-employee Directors in 2016 will vest in full on May 24, 2017, and will be paid in shares on the vesting date, or if deferred by the Director, six months following termination of Board service. Vested, deferred RSUs will be credited with dividend equivalents, which will be converted to additional RSUs.

The Compensation Committee, with the advice and guidance of Pay Governance, discussed, analyzed, and reviewed the 2016 Director compensation program during several Compensation Committee meetings. In deciding to increase meeting fees for 2016 but to make no further changes to the 2015 Director compensation program, the Compensation Committee considered the advice and recommendations of Pay Governance, in conjunction with peer group data and general market trends.

The following table sets forth a summary of the compensation paid to our non-employee Directors in 2016:

Name	Fees Earned or Paid in Cash (\$)	Stock Awards ⁽¹⁾ (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Non-Qualified Deferred Compensation Earnings (\$)	All Other Compensation ⁽²⁾ (\$)	Total (\$)

Michael D. Rumbolz	66,875	59,998	—	—	—	2,389	129,262

(1) The amounts in the “Stock Awards” column relate to the RSUs granted by the Company in 2016 to the non-employee Directors under the Equity Plan. The RSUs granted in 2016 will vest on May 24, 2017. The fair market value of each share of common stock subject to the RSUs on the date of grant, which was May 24, 2016, for each non-employee Director was \$30.18. As of December 31, 2016, each non-employee Director had 1,988 unvested RSUs. In addition, as of that date, Messrs. Dhoré, Kolesar, Kroner, McSally, Mosher and Rumbolz, Dr. Blakey, Ms. Glenn and Ms. Ong had 1,439, 31,627, 6,639, 6,725, 31,627, 30,435, 30,185, 31,372 and 31,305 vested RSUs,

respectively.

The amounts shown do not reflect compensation actually received by the non-employee Director but rather represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, excluding any assumption for future forfeitures. Dividend equivalents will be credited to those non-employee Directors who elect to defer settlement of the RSUs until 6 months after termination of Board service, and will be converted into additional RSUs. There were no actual forfeitures of stock awards by any of our Directors in 2016 and all other assumptions used to calculate the expense amounts shown are set forth in Note 14 to the 2016 Consolidated Financial Statements.

(2) All Other Compensation includes the aggregate incremental costs associated with the non-employee Directors' and their guests' (i.e., spouse, family member or similar guest) attending board meetings and/or board activities.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee during all or part of 2016 consisted of Mr. Rumbolz, Chair and member, Ms. Glenn, Chair and member, and members Messrs. Kolesar and Kroner. The Audit Committee may approve only those related party transactions that are in, or are not inconsistent with, the best interests of the Company and of our stockholders, as the Audit Committee determines in good faith. No Director, executive officer, or other significant officer has loans or other debt with Employers Holdings or its subsidiaries.
