Timberland Bancorp, Inc. and Subsidiary Notes to Unaudited Consolidated Financial Statements

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (a) Basis of Presentation: The accompanying unaudited consolidated financial statements for Timberland Bancorp, Inc. ("Company") were prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and with instructions for Form 10-Q and, therefore, do not include all disclosures necessary for a complete presentation of consolidated financial condition, results of operations, and cash flows in conformity with GAAP. However, all adjustments which are, in the opinion of management, necessary for a fair presentation of the interim consolidated financial statements have been included. All such adjustments are of a normal recurring nature. The unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended September 30, 2017 ("2017 Form 10-K"). The unaudited consolidated results of operations for the six months ended March 31, 2018 are not necessarily indicative of the results that may be expected for the entire fiscal year ending September 30, 2018.
- (b) Principles of Consolidation: The unaudited consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Timberland Bank ("Bank"), and the Bank's wholly-owned subsidiary, Timberland Service Corporation. All significant intercompany transactions and balances have been eliminated in consolidation.
- (c) Operating Segment: The Company has one reportable operating segment which is defined as community banking in western Washington under the operating name, "Timberland Bank."
- (d) The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.
- (e) Certain prior period amounts have been reclassified to conform to the March 31, 2018 presentation with no change to net income or total shareholders' equity as previously reported.

(2) INVESTMENT SECURITIES

12

Total	\$—	\$	_		-		\$952	\$	(48)	1	\$952	\$ (48)

The Company has evaluated the investment securities in the above tables and has determined that the decline in their value is temporary. The unrealized losses are primarily due to changes in market interest rates and spreads in the market for mortgage-related products. The fair value of these securities is expected to recover as the securities approach their maturity dates and/or as the pricing spreads narrow on mortgage-related securities. The Company has the ability and the intent to hold the investments until the market value recovers. Furthermore, as of March 31, 2018, management does not have the intent to sell any of the securities classified as available for sale where the estimated fair value is below the recorded value and believes that it is more likely than not that the Company will not have to sell such securities before a recovery of cost (or recorded value if previously written down).

The Company bifurcates OTTI into (1) amounts related to credit losses which are recognized through earnings and (2) amounts related to all other factors which are recognized as a component of other comprehensive income (loss). To determine the component of the gross OTTI related to credit losses, the Company compared the amortized cost basis of the OTTI security to the present value of its revised expected cash flows, discounted using its pre-impairment yield. The revised expected cash flow estimates for individual securities are based primarily on an analysis of default rates, prepayment speeds and third-party analytic reports. Significant judgment by management is required in this analysis that includes, but is not limited to, assumptions regarding the collectability of principal and interest, net of related expenses, on the underlying loans.

The following table presents a summary of the significant inputs utilized to measure management's estimates of the credit loss component on OTTI securities as of March 31, 2018 and 2017:

	Range	e			Weigh	ted
	Minir	nι	M axim	um	Averag	ge
March 31, 2018

The following table presents the OTTI recoveries (losses) for the three and six months ended March 31, 2018 and 2017 (dollars in thousands):

	Three Months Ended March 31, 2018	Three Months Ended March 31, 2017
Total recoveries	Held Available To For Sale Maturity \$ 14 \$	Held Available To For Sale Maturity
Adjustment for portion of OTTI transferred from other comprehensive income before income taxes (1)		
Net recoveries recognized in earnings (2)	\$ 14 \$ - Six Months Ended March 31, 2018	Six Months Ended March 31, 2017
	Held Available To For Sale Maturity	For Sale Maturity
Total recoveries Adjustment for portion of OTTI transferred from other comprehensive income before income taxes (1) Net recoveries recognized in earnings (2)	\$41 \$ - (5) — \$36 \$ -	-\$ -\$ - -\$ -\$ -

- (1) Represents OTTI related to all other factors.(2) Represents OTTI related to credit losses.

The following table presents a roll forward of the credit loss component of held to maturity and available for sale debt securities that have been written down for OTTI with the credit loss component recognized in earnings for the six months ended March 31, 2018 and 2017 (dollars in thousands):

Six Months Ended March 31, 2018 2017 \$1,301 \$1,505 Beginning balance of credit loss Additions: Additional increases to the amount related to credit loss for which OTTI 13 was previously recognized **Subtractions:** Realized losses previously recorded (41) (36) as credit losses Recovery of prior credit loss (35) — Ending balance of credit loss \$1,238 \$1,469

During the three months ended March 31, 2018, the Company recorded a \$19,000 net realized loss (as a result of the securities being deemed worthless) on 15 held to maturity investment securities, all of which had been recognized previously as a credit loss. During the six months ended March 31, 2018, the Company recorded a \$41,000 net realized loss (as a result of securities being deemed worthless) on 15 held to maturity residential MBS, of which the entire amount had been previously recognized as a credit loss. During the three months ended March 31, 2017, the Company recorded a \$23,000 net realized loss (as a result of the securities being deemed worthless) on 12 held to maturity investment securities, all of which had been recognized previously as a credit loss. During the six months ended March 31, 2017, the Company recorded a \$36,000 net realized loss (as a result of securities being deemed worthless) on 15 held to maturity residential MBS, of which the entire amount had been previously recognized as a credit loss.

The recorded amount of investment securities pledged as collateral for public fund deposits, federal treasury tax and loan deposits, FHLB collateral and other non-profit organization deposits totaled \$7.80 million and \$6.82 million at March 31, 2018 and September 30, 2017, respectively.

The contractual maturities of debt securities at March 31, 2018 were as follows (dollars in thousands). Expected maturities may differ from scheduled maturities due to the prepayment of principal or call provisions.

·	Held to	Maturity	Avail Sale	able for
	Amortiz Cost	Estimated zed Fair Value	Amor Cost	Estimated tized Fair Value
Due within one year	\$—	\$ —	\$—	\$ —
Due after one year to five years	7,071	6,980		_
Due after five years to ten years	43	43	_	_
Due after ten years Total	956 \$8,070	1,530 \$ 8,553	252 \$252	262 \$ 262

(3) GOODWILL

Goodwill is initially recorded when the purchase price paid in a business combination exceeds the estimated fair value of the net identified tangible and intangible assets acquired and liabilities assumed. Goodwill is presumed to have an

indefinite useful life and is analyzed annually for impairment. The Company performs an annual review during the third quarter of each fiscal year, or more frequently if indicators of potential impairment exist, to determine if the recorded goodwill is impaired. For purposes of goodwill impairment testing, the services offered through the Bank and its subsidiary are managed as one strategic unit and represent the Company's only reporting unit.

The annual goodwill impairment test begins with a qualitative assessment of whether it is "more likely than not" that the reporting unit's fair value is less than its carrying amount. If an entity concludes that it is not "more likely than not" that the fair value of a reporting unit is less than its carrying amount, it need not perform a two-step impairment test. If the Company's qualitative assessment concluded that it is "more likely than not" that the fair value of its reporting unit is less than its carrying amount, it must perform the two-step impairment test to identify potential goodwill impairment and measure the amount of goodwill impairment loss to be recognized, if any. The first step of the goodwill impairment test compares the estimated fair value of the reporting unit with its carrying amount, or the book value, including goodwill. If the estimated fair value of the reporting unit equals or exceeds its book value, goodwill is considered not impaired, and the second step of the impairment test is unnecessary.

The second step, if necessary, measures the amount of goodwill impairment loss to be recognized. The reporting unit must determine fair value for all assets and liabilities, excluding goodwill. The net of the assigned fair value of assets and liabilities is then compared to the book value of the reporting unit, and any excess book value becomes the implied fair value of goodwill. If the carrying amount of the goodwill exceeds the newly calculated implied fair value of goodwill, an impairment loss is recognized in the amount required to write-down the goodwill to the implied fair value.

Management's qualitative assessment takes into consideration macroeconomic conditions, industry and market considerations, cost or margin factors, financial performance and share price. Based on this assessment, the Company determined that it is not "more likely than not" that the Company's fair value is less than its carrying amount and therefore goodwill was determined not to be impaired at May 31, 2017.

A significant amount of judgment is involved in determining if an indicator of goodwill impairment has occurred. Such indicators may include, among others: a significant decline in expected future cash flows; a sustained, significant decline in the Company's stock price and market capitalization; a significant adverse change in legal factors or in the business climate; adverse assessment or action by a regulator; and unanticipated competition. Any change in these indicators could have a significant negative impact on the Company's financial condition, impact the goodwill impairment analysis or cause the Company to perform a goodwill impairment analysis more frequently than once per year.

As of March 31, 2018, management believes that there have been no events or changes in the circumstances since May 31, 2017 that would indicate a potential impairment of goodwill. No assurances can be given, however, that the Company will not record an impairment loss on goodwill in the future.

(4) LOANS RECEIVABLE AND ALLOWANCE FOR LOAN LOSSES

Loans receivable by portfolio segment consisted of the following at March 31, 2018 and September 30, 2017 (dollars in thousands):

	March 31,	,	September 30,			
	2018		2017
