Item 1.01 Entry into a Material Definitive Agreement.

On March 30, 2018 (the Closing Date), CalAmp Corp. (the Company or Borrower) entered into a Credit Agreement (the Credit Agreement) with JPMorgan Chase Bank, N.A., as administrative agent (the Agent) for the lender parties. The Credit Agreement provides for a secured revolving credit facility under which the Borrower may borrow up to an aggregate of \$50.0 million (the Credit Facility), and the Borrower and lenders may increase the total commitments under the Credit Facility to up to \$75.0 million, subject to certain conditions. The Credit Facility will terminate, and all outstanding loans become due and payable, on March 30, 2020. The proceeds of loans made under the Credit Agreement will be used for working capital and general corporate purposes, which could include acquisitions. As of the date of this Current Report on Form 8-K, the Company has no immediate plans to draw on the Credit Facility, though it may do so in future.

The loans under the Credit Agreement bear interest at either, at the option of the Company the LIBOR-based rate or the Alternate Base Rate, as defined in the Credit Agreement, plus, in each case, an applicable margin based on the Company s senior leverage ratio from time to time, ranging from 0.00% to 0.50% for base rate loans, and from 1.00% to 1.50% for Eurodollar loans. The Company will also pay a commitment fee of 0.25%, payable quarterly in arrears, on the average daily unused amount of the Credit Facility.

Amounts owing under the Credit Agreement and related credit documents are guaranteed by the Borrower and its domestic subsidiaries and secured by substantially all of the assets of the Borrower and such subsidiaries.

The Credit Agreement contains customary affirmative covenants, including financial statement reporting requirements and customary covenants that limit the ability of the Company and its subsidiaries to, among other things, pay dividends, incur debt, create liens and encumbrances, acquire, merge, consolidate with or into another person or entity, make investments and redeem or repurchase stock. The Credit Agreement also contains certain financial covenants requiring that the Company maintain certain financial ratios.

The Credit Agreement contains customary events of default, such as the failure to pay obligations when due, initiation of bankruptcy or insolvency proceedings, defaults on certain other indebtedness, change of control or breach of representations and warranties or covenants. Upon an event of default, the lenders may, subject to customary cure rights, require the immediate payment of all amounts outstanding and foreclose on collateral.

The foregoing description of the Credit Agreement is not, and does not purport to be, complete and is qualified in its entirety by reference to the Credit Agreement, which is attached hereto as Exhibit 10.1 and filed herewith. In the ordinary course of their respective businesses, the lenders under the Credit Agreement and their affiliates have engaged, and in the future may engage, in commercial banking and/or investment banking transactions with the Company and its affiliates.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 above is incorporated herein by reference.
