**ITEM 8.01 OTHER EVENTS**

For our property located in Abbeville, GA, Global Healthcare REIT, Inc, (the “Company”) previously entered into a management agreement with Cadence Healthcare Solutions, LLC to operate the facility after expending approximately \$1.0 million in capital improvements. As part of the management agreement, the Company is responsible for funding the working capital deficits.

The Abbeville facility passed its licensure survey and began admitting patients in June 2018 to begin the process to procure Medicare and Medicaid certification. On November 6, 2018, the facility received notification that it is substantial compliance with the long-term care requirements and was certified effective October 12, 2018. The Company expects the facility to receive its Medicare and Medicaid billing numbers within the next 45 days, at which point, the facility will bill for care provided dating back to its certification date. The Company expects the collection of revenues to substantially mitigate the facility’s current working capital deficits. However, the facility needs to grow its census meaningfully to begin generating profits.
