Genesis Holdings, Inc. (the “Company”) hereby incorporates by reference its response in Item 2.01 in response to Item 1.01.

**Item 2.01.** **COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS**

On February 18, 2008, the Company entered into a share exchange with BioAuthorize, Inc., a Colorado corporation (“BioAuthorize”), whereby BioAuthorize has become a wholly-owned subsidiary of the Company. Under the provisions of the Share Exchange Agreement (the “Agreement”) dated February 18, 2008, the Company issued 20,000,000 shares of its common stock in exchange for all of the outstanding capital stock of BioAuthorize, and the five (5) former BioAuthorize shareholders now own 80% of the outstanding shares of the Company’s common stock on a fully diluted basis. The BioAuthorize shareholders who received shares of the Company’s common stock in the share exchange are Yada Schneider, G. Neil Van Wie, Gerald B. Van Wie, Soliton, LLC and Members Only Financial, Inc. There are no agreements among the former BioAuthorize shareholders regarding their holdings of the Company’s common stock. Yada Schneider, G. Neil Van Wie and Gerald B. Van Wie, the directors and officers of BioAuthorize, received 60.54% of the outstanding shares of the Company’s common stock on a fully diluted basis. The shares of the Company’s common stock were issued to the five (5) accredited investors in reliance upon an exemption from registration afforded under Section 4(2) of the Securities Act of 1933, as amended, for transactions not involving a public offering and in reliance upon exemptions from registration under applicable state securities laws.

Pursuant to other requirements of the share exchange, Jason Pratte has resigned as a director of the Company and as the Chief Executive Officer, Chief Financial officer, President, Secretary and Treasurer of the Company effective February 18, 2008. Yada Schneider was appointed as a director of the Company and as the President and Chief Executive Officer of the Company effective February 18, 2008. In addition, effective February 18, 2008 G. Neil Van Wie was appointed as Vice President and Chief Financial Officer of the Company, and Gerald B. Van Wie was appointed Vice President, Chief Operating Officer and Chief Technical Officer of the Company.

Under a post-closing condition of the share exchange, Larry Don Bankston and Lenny Amado, presently directors of the Company, will resign from the Board of Directors, and G. Neil Van Wie and Gerald B. Van Wie are to be appointed to the Board. Also no later than March 17, 2008, the Company will transfer all interests in its wholly-owned real estate subsidiary, Genesis Land, Inc., to the Bankston Third Family Limited Partnership in exchange for 16,780,226 shares of common stock of the Company owned by the Bankston Third Family Limited Partnership.

The share exchange was intended to qualify as a tax deferred reorganization under Section 368(a) of the Internal Revenue Code of 1986, as amended, and to be accounted for on a purchase basis. Neither the Company nor any of its affiliates, directors, or officers or any affiliate of any of the Company’s directors or officers had any material relationship with the holders of securities of BioAuthorize at or before the completion of the share exchange.

**Item DEPARTURE OF DIRECTORS OR PRINCIPAL OFFICERS; ELECTION OF DIRECTORS;  
5.02 APPOINTMENT OF PRINCIPAL OFFICERS**

- (b) Jason Pratte has resigned as a director of the Company and as the Chief Executive Officer, Chief Financial officer, President, Secretary and Treasurer of the Company effective February 18, 2008.
- (c) Yada Schneider, 37, has been appointed as a director of the Company and as the President and Chief Executive Officer of the Company effective February 18, 2008 pursuant to provisions of the Agreement. He holds no other directorship positions in reporting companies. Mr. Schneider has most recently been a director and President and Chief Executive Officer of BioAuthorize, Inc., positions he continues to hold and receive compensation under his employment agreement. Mr. Schneider has 20 years experience in the high tech industry and 10 yrs experience as CTO of a successful start-up company, Bridge Technology, Inc. He has years of experience designing, implementing, deploying, and supporting diverse technology solutions including artificial intelligence, enterprise business systems, public-key infrastructure, device interface software, embedded systems, web-based solutions, and services based (n-tier) architecture to major corporations including Intel Corporation, Choice Hotels International, GTX Corporation, and Allied Signal Aerospace. He has extensive experience delivering transaction processing solutions including delivery of credit card transaction processing functionality for Choice Hotel's enterprise application functionality. He also successfully delivered a patented transaction processing system to realize Bridge Technology's business goals. Mr. Schneider has experience certifying software solutions with VISA and third-party payment processors, including Southern DataCom, PaymentTech, and Vital Processing. In connection with Mr. Schneider's appointment to the Board and as an officer of the Company, the Company did not enter into or materially amend any plan, contract or arrangement that Mr. Schneider will participate in as a director or officer of the Company. Mr. Schneider will be compensated on the Board in accordance with any existing policies for employee members of the Board and no compensation has been established for his positions as an officer of the Company.

In addition, G. Neil Van Wie, 58, has been appointed as Vice President and Chief Financial Officer of the Company effective February 18, 2008 pursuant to provisions of the Agreement. Mr. Van Wie has most recently been a director, a Vice President and Chief Financial Officer of BioAuthorize, Inc., positions he continues to hold and receive compensation under his employment agreement. From late 2003 through September 2007, he served as controller of Maverick Masonry, Inc., a commercial masonry contractor, responsible for human resources, payroll, financial accounting and reporting. From September 2001 through November 2003 Mr. Van Wie served as the Director of Information Services – Planning & Administration for Pulte Homes, Inc. with responsibilities for the combined IT organizations of Pulte Homes and Del Webb Corporation directly reporting to the Vice President/CIO. G. Neil Van Wie is the father of Gerald B. Van Wie. In connection with Mr. Van Wie's appointment as an officer of the Company, the Company did not enter into or materially amend any plan, contract or arrangement that Mr. Van Wie will participate in as an officer of the Company. No compensation has been established for his positions as an officer of the Company.

Gerald B. Van Wie, 36, has been appointed Vice President, Chief Operating Officer and Chief Technical Officer of the Company effective February 18, 2008 pursuant to provisions of the Agreement. Mr. Van Wie has most recently been a director, a Vice President and Chief Operating Officer of BioAuthorize, Inc., and he will continue to hold those positions and receive compensation under his employment agreement. From March 1995 until February 2007, Mr. Van Wie worked for Intel Corporation holding various positions during his tenure with Intel. As a Senior Systems Architect/Technical Project Manager he managed several technical teams on various engineering projects of information systems. Following that he was a Technical Product Architect/Operations Manager managing engagements, enhancements and operations for billing systems for Pay-Per-View inter-department billings within Intel. Finally, as a Technical Program Manager he acted as a coach for solution integration of mission critical enterprise information systems. Gerald Van Wie is the son of G. Neil Van Wie. In connection with Mr. Van Wie's

appointment as an officer of the Company, the Company did not enter into or materially amend any plan, contract or arrangement that Mr. Van Wie will participate in as an officer of the Company. No compensation has been established for his positions as an officer of the Company.

Index to Items

Neither the Company nor any of its subsidiaries has entered into any transactions with Yada Schneider, G. Neil Van Wie or Gerald B. Van Wie described in Item 404(a) of Regulation S-B.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of  
BIOAUTHORIZE, INC.

We have audited the accompanying balance sheet of BioAuthorize, Inc. (A Development Stage Company) as of December 31, 2007 and 2006 and the related statements of operations, changes in shareholders' deficit and cash flows for the years then ended December 31, 2007 and 2006 and for period from August 23, 2006 (inception) through December 31, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provided a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BioAuthorize, Inc. (A Development Stage Company) as of December 31, 2007 and 2006, and the results of their operations and its cash flows for the periods then ended December 31, 2007 and 2006 from August 23, 2006 (inception) through December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

These financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has operating and liquidity concerns, has incurred in a net losses approximately \$1,518,893 during the period August 23, 2006 (inception) through December 31, 2007. These factors raise substantial doubt about the ability of the Company to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of these uncertainties. In this regard, Management is proposing to raise any necessary additional funds through loans and additional sales of its common stock. There are no assurances that the Company will be successful in raising additional capital.

**BIOAUTHORIZE, INC.**

**Development Stage Company**

**NOTES TO FINANCIAL STATEMENTS**

**FOR THE YEARS ENDED DECEMBER 31, 2007 AND 2006**

**AND FOR PERIOD FROM AUGUST 23, 2006 (INCEPTION) THROUGH DECEMBER 31, 2007**

**NOTE 1 - DESCRIPTION OF BUSINESS**

BioAuthorize, Inc. (“The Company”) was incorporated in the state of Colorado on August 23, 2006. The Company is a development stage company researching and developing a financial transaction vehicle. BioAuthorize is a hi-tech biometric technology company delivering voice-enabled payment authorization services to the payment processing industry.

**NOTE 2 - GOING CONCERN ISSUES**

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America which contemplate continuation of the Company as a going concern. However, the Company has year end losses from operations and had minimal revenues from operations in 2007 and 2006. From inception through the year ended December 31, 2007, the Company has accumulated net losses of \$1,518,893. Further, the Company has inadequate working capital to maintain or develop its operations, and is dependent upon funds from private investors and the support of certain stockholders.

These factors raise substantial doubt about the ability of the Company to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of these uncertainties. In this regard, Management is planning to raise any necessary additional funds through loans and additional sales of its common stock. There is no assurance that the Company will be successful in raising additional capital.

**NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Company prepares its financial statements in accordance with accounting principles generally accepted in the United States of America. Significant accounting policies are as follows:

Basis of Presentation

The Company has produced minimal revenue from its principal business and is a development stage company as defined by the Statement of Financial Accounting Standards (SFAS) No. 7 “Accounting and Reporting by Development State Enterprises”.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. These estimates and assumptions also affect the reported amounts of revenues, costs and expenses during the reporting period. Management evaluates these estimates and assumptions on a regular basis. Actual results could differ from those estimates. These estimates and assumptions also affect the reported amounts of revenues, costs and expenses during the reporting period. Management evaluates these estimates and assumptions on a regular basis. Actual results could differ from those estimates.

Index to Items

Revenue Recognition

Revenue includes product sales. The Company recognizes revenue from product sales in accordance with Staff Accounting Bulletin (SAB) No. 104, "Revenue Recognition in Financial Statement" which is at the time customers are invoiced at shipping point, provided title and risk of loss has passed to the customer, evidence of an arrangement exists, fees are contractually fixed or determinable, collection is reasonably assured through historical collection results and regular credit evaluations, and there are no uncertainties regarding customer acceptance.

Accounts Receivable

Substantially all of the Company's accounts receivable balance is relate to trade receivables. Trade accounts receivable are recorded at the invoiced amount and do not bear interest. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in its existing accounts receivable. The Company will maintain allowances for doubtful accounts for estimated losses resulting from the inability of its customers to make required payments for products. Accounts with known financial issues are first reviewed and specific estimates are recorded. The remaining accounts receivable balances are then grouped in categories by the amount of days the balance is past due, and the estimated loss is calculated as a percentage of the total category based upon past history. Account balances are charged off against the allowance when it is probable the receivable will not be recovered. No allowance for doubtful accounts and bad debts were written off in December 31, 2007 and 2006 as the Company was a development stage company.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. At December 31, 2007, cash and cash equivalents include cash on hand and cash in the bank.

Research and Development

Costs are expensed as incurred. There was \$31,944 in research and development expense for year ended December 31, 2007 as compared to \$0 for year ended December 31, 2006.

Property and Equipment

Property and equipment is recorded at cost and depreciated over the estimated useful lives of the assets using principally the straight-line method. When items are retired or otherwise disposed of, income is charged or credited for the difference between net book value and proceeds realized. Ordinary maintenance and repairs are charged to expense as incurred, and replacements and betterments are capitalized.

Index to Items

The range of estimated useful lives used to calculated depreciation for principal items of property and equipment are as follow:

Asset Category	Depreciation/ Amortization Period
Furniture and Fixture	3 Years
Office equipment	3 Years
Leasehold improvements	5 Years

Impairment of Long-Lived Assets

In accordance with SFAS No. 144, long-lived assets, such as property, plant, and equipment, and purchased intangibles, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Goodwill and other intangible assets are tested for impairment. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. There were no events or changes in circumstances that necessitated an impairment of long lived assets.

Income Taxes

Deferred income taxes are provided based on the provisions of SFAS No. 109, "Accounting for Income Taxes" ("SFAS No. 109"), to reflect the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

Concentration of Credit Risk

The Company maintains its operating cash balances in banks in Phoenix, Arizona. The Federal Depository Insurance Corporation (FDIC) insures accounts at each institution up to \$100,000.

Earnings Per Share

Basic earnings per share is computed by dividing net income (loss) available to common shareholders by the weighted average number of common shares outstanding during the reporting period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments to issue common stock were exercised or equity awards vest resulting in the issuance of common stock that could share in the earnings of the Company. As of December 31, 2007, there were no potential dilutive instruments that could result in share dilution.

Fair Value of Financial Instruments

The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties other than in a forced sale or liquidation.

The carrying amounts of the Company's financial instruments, including cash, accounts payable and accrued liabilities, income tax payable and related party payable approximate fair value due to their most maturities.

Index to Items

Recent Accounting Pronouncements

Recent accounting pronouncements that the Company has adopted or will be required to adopt in the future are summarized below.

On December 21, 2007 the Securities and Exchange Commission staff issued Staff Accounting Bulletin No. 110 (SAB 110), which, effective January 1, 2008, amends and replaces SAB 107, Share-Based Payment. SAB 110 expresses the views of the SEC staff regarding the use of a "simplified" method in developing an estimate of expected term of "plain vanilla" share options in accordance with FASB Statement No. 123(R), Share-Based Payment. Under the "simplified" method, the expected term is calculated as the midpoint between the vesting date and the end of the contractual term of the option. The use of the "simplified" method, which was first described in Staff Accounting Bulletin No. 107, was scheduled to expire on December 31, 2007. SAB 110 extends the use of the "simplified" method for "plain vanilla" awards in certain situations. The SEC staff does not expect the "simplified" method to be used when sufficient information regarding exercise behavior, such as historical exercise data or exercise information from external sources, becomes available. The Company is currently evaluating the potential impact that the adoption of SAB 110 could have on its financial statements.

In December 2007, the FASB issued SFAS No. 141(R), "Business Combinations". This Statement replaces SFAS No. 141, Business Combinations, and requires an acquirer to recognize the assets acquired, the liabilities assumed, including those arising from contractual contingencies, any contingent consideration, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date, with limited exceptions specified in the statement. SFAS No. 141(R) also requires the acquirer in a business combination achieved in stages (sometimes referred to as a step acquisition) to recognize the identifiable assets and liabilities, as well as the noncontrolling interest in the acquiree, at the full amounts of their fair values (or other amounts determined in accordance with SFAS No. 141(R)). In addition, SFAS No. 141(R)'s requirement to measure the noncontrolling interest in the acquiree at fair value will result in recognizing the goodwill attributable to the noncontrolling interest in addition to that attributable to the acquirer. SFAS No. 141(R) amends SFAS No. 109, Accounting for Income Taxes, to require the acquirer to recognize changes in the amount of its deferred tax benefits that are recognizable because of a business combination either in income from continuing operations in the period of the combination or directly in contributed capital, depending on the circumstances. It also amends SFAS No. 142, Goodwill and Other Intangible Assets, to, among other things, provide guidance on the impairment testing of acquired research and development intangible assets and assets that the acquirer intends not to use. SFAS No. 141(R) applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is currently evaluating the potential impact that the adoption of SFAS No. 141(R) could have on its financial statements.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements" ("SFAS No. 160"), which amends Accounting Research Bulletin 51, Consolidated Financial Statements, to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It also clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. SFAS No. 160 also changes the way the consolidated income statement is presented by requiring consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the noncontrolling interest. It also requires disclosure, on the face of the consolidated statement of income, of the amounts of consolidated net income attributable to the parent and to the noncontrolling interest. SFAS No. 160 requires that a parent recognize a gain or loss in net income when a subsidiary is deconsolidated and requires expanded disclosures in the consolidated financial statements that clearly identify and distinguish between the interests of the parent owners and the interests of the noncontrolling owners of a subsidiary. SFAS No. 160 is effective for fiscal periods, and interim periods within those fiscal years, beginning on or after December 15, 2008. The Company does not expect the adoption of SFAS No. 160 to have a material impact on

its financial statements.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("SFAS No. 159"), which provides companies with an option to report selected financial assets and liabilities at fair value with the changes in fair value recognized in earnings at each subsequent reporting date. SFAS No. 159 provides an opportunity to mitigate potential volatility in earnings caused by measuring related assets and liabilities differently, and it may reduce the need for applying complex hedge accounting provisions. If elected, SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. Management is currently evaluating the impact that this statement may have on the Company results of operations and financial position, and has yet to make a decision on the elective adoption of SFAS No. 159.

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements" (SFAS No. 157). SFAS No. 157 provides guidance for using fair value to measure assets and liabilities. SFAS No. 157 addresses the requests from investors for expanded disclosure about the extent to which companies measure assets and liabilities at fair value, the information used to measure fair value and the effect of fair value measurements on earnings. SFAS No. 157 applies whenever other standards require (or permit) assets or liabilities to be measured at fair value, and does not expand the use of fair value in any new circumstances. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and will be adopted by the Company in the first quarter of fiscal year 2009. The Company is unable at this time to determine the effect that its adoption of SFAS No. 157 will have on its results of operations and financial condition.

In July 2006, the FASB issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109" (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes by prescribing the recognition threshold a tax position is required to meet before being recognized in the financial statements. It also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The cumulative effects, if any, of applying FIN 48 will be recorded as an adjustment to retained earnings as of the beginning of the period of adoption. FIN 48 is effective for fiscal years beginning after December 15, 2006, and the Company is required to adopt it in the first quarter of fiscal year 2008. The Company is currently evaluating the effect that the adoption of FIN 48 will have on its results of operations and financial condition and is not currently in a position to determine such effects, if any.

In June 2006, the FASB ratified Emerging Issues Task Force (EITF) Issue No. 06-3 (EITF 06-3), "How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That Is, Gross versus Net Presentation)." EITF 06-3 applies to any tax assessed by a governmental authority that is directly imposed on a revenue producing transaction between a seller and a customer. EITF 06-3 allows companies to present taxes either gross within revenue and expense or net. If taxes subject to this issue are significant, a company is required to disclose its accounting policy for presenting taxes and the amount of such taxes that are recognized on a gross basis. EITF 06-3 is required to be adopted during the first quarter of fiscal year 2008. The Company is a development stage and taxes are currently not material to the Company's financial statements.

In October 10, 2006 FASB Staff Position issued Financial Statement Position (“FSP”) FAS No. 123(R)-5 “Amended of FASB Staff Position FAS 123(R)-1 “Classification and Measurement of Freestanding Financial Instruments Originally issued in Exchange of Employee Services under FASB Statement No. 123(R)”. The FAS provides that instruments that were originally issued as employee compensation and then modified, and that modifications made to the terms of the instrument solely to reflect an equity restructuring that occurs when the holders are no longer employees, then no change in the recognition or the measurement (due to a change in classification) of those instruments will result if both of the following conditions are met: (a). There is no increase in fair value of the award (or the ratio of intrinsic value to the exercise price of the award is preserved, that is, the holder is made whole), or the antidilution provision is not added to the terms of the award in contemplation of an equity restructuring; and (b). All holders of the same class of equity instruments (for example, stock options) are treated in the same manner. The provisions in this FSP shall be applied in the first reporting period beginning after the date the FSP is posted to the FASB website.

## NOTE 4 - PROPERTY AND EQUIPMENT

The Company has fixed assets as of December 31, 2007 and 2006 as follows:

	December 31,	
	2007	2006
Equipment	\$ 93,617	\$ —
Accumulated depreciation	(13,700)	(—)
Total	\$ 79,917	\$ —

Depreciation Expense is \$13,700 for December 31, 2007 compared to \$0.00 for December 31, 2006.

## NOTE 6 – SHARE CAPITAL

On August 23, 2006, the Company authorized 20,000,000 shares of common stock, at \$.01 par value and as of December 31, 2007 105,000 common shares were issued and outstanding. In August 23, 2006, the Company authorized 10,000,000 of preferred shares at a par value of .01 and 16,376 shares were issued and outstanding as of December 31, 2007.

During the year ended December 31, 2006, the Company has issued shares of its common stock as consideration to officers and directors for the fair value of the services rendered. The value of those shares is determined based on the value of the stock at the dates on which the agreements were into for the services and the value of services rendered. During the year ended December 31, 2007, the Company granted to consultants, 100,000 shares of common stock valued in the aggregate at \$50,000 with a strike price of the agreement value since the Company was not trading its common stock. The stock issued for services includes \$50,000 of the compensation for services rendered in accordance with the consultant respective agreements.

Index to Items

During the year ended December 31, 2007, the Company has issued shares of its common stock as consideration to consultants for the fair value of the services rendered. The value of those shares is determined based on the trading value of the stock at the dates on which the agreements were into for the services and the value of services rendered. During the year ended December 31, 2007, the Company granted to consultants, 5,000 shares of common stock valued in the aggregate at \$10,000 with a strike price of per agreement value since the Company was not trading its common stock. The stock issued for services includes \$10,000 of the compensation for services rendered in accordance with the consultant respective agreements.

## NOTE 7 - INCOME TAXES

The provision (benefit) for income taxes from continued operations for the years ended December 31, 2007 and 2006 consist of the following:

	December 31,	
	2007	2006
<b>Current:</b>		
Federal	\$ —	\$ —
State	—	—
<b>Deferred:</b>		
Federal	\$ 453,310	\$ 32,735
State	127,493	9,207
	580,803	41,942
<b>Benefit from the operating loss carryforward</b>	<b>(580,803)</b>	<b>(41,942)</b>
<b>(Benefit) provision for income taxes, net</b>	<b>\$ —</b>	<b>\$ —</b>

## NOTE 7 - INCOME TAXES - Continued

The difference between income tax expense computed by applying the federal statutory corporate tax rate and actual income tax expense is as follows:

	December 31,	
	2007	2006
<b>Statutory federal income tax rate</b>	<b>34.0%</b>	<b>34.0%</b>
<b>State income taxes and other</b>	<b>8.9%</b>	<b>8.9%</b>
<b>Effective tax rate</b>	<b>42.9%</b>	<b>42.9%</b>

Index to Items

Deferred income taxes result from temporary differences in the recognition of income and expenses for the financial reporting purposes and for tax purposes. The tax effect of these temporary differences representing deferred tax asset and liabilities result principally from the following:

	December 31,	
	2007	2006
Net operating loss carryforward	580,803	41,942
Valuation allowance	(580,803)	(41,942)
Deferred income tax asset	\$ —	\$ —

The Company has a net operating loss carryforward of approximately \$622,745 available to offset future taxable income through 2026.

## NOTE 8 - COMMITMENTS AND CONTINGENCIES

The Company has entered into various consulting agreements with outside consultants. However, certain of these agreements included additional compensation on the basis of performance. The consulting agreement are with key shareholders that are instrumental to the success of the company and its development of it product.

## NOTE 9 - RELATED PARTY TRANSACTIONS

The Company is managed by its key shareholders.

## NOTE 10 - NET LOSS PER SHARE

Restricted shares and warrants are included in the computation of the weighted average number of shares outstanding during the periods. The net loss per common share is calculated by dividing the consolidated loss by the weighted average number of shares outstanding during the periods.

## NOTE 11 - SUBSEQUENT EVENTS

The Company has terminated its agreement with Blue Car related to the acquisition and stock issued and a percentage of the common stock issued to Blue Car has been surrendered back to the Company.
