Item 8.01 Other Events.

Pursuant to an Exploration Joint Venture Agreement (the Agreement) with Jervois Mining Ltd. (Jervois), the Company received the right to earn a 50% joint venture interest in the Nyngan Project, subject to a series of milestones, achievements, and payments. The final two milestones were the delivery of an independent technical report, demonstrating the economic viability of the Nyngan Project (prepared in accordance with the definition of Feasibility Study set forth in the Agreement), and a payment to Jervois of A\$1.43 million, both due no later than February 28, 2012. On February 24, 2012, the Company delivered to Jervois the A\$1.43 million cash payment and an independent technical report entitled *Technical Report on the Feasibility of the Nyngan Scandium Project* dated February 23, 2012 (the Report), which was compiled by SNC-Lavalin. The Company subsequently received written notice from Jervois rejecting the Report for the stated reason that the Report does not fall within the definition of Feasibility Study provided in the Agreement.

On June 25, 2012, the Company received notice of a claim filed against the Company in the Supreme Court of Victoria in Melbourne, Australia by Jervois seeking an order that the Agreement terminated on February 29, 2012. The Company intends to file a response to the claim within the time permitted.
