Report of Independent Accountants

To the Board of Directors and Shareholders of

Kookmin Bank

We have reviewed the accompanying non-consolidated balance sheet of Kookmin Bank (the Bank) as of March 31, 2004, and the related non-consolidated statements of income and cash flows for the three-month periods ended March 31, 2004 and 2003, expressed in Korean Won. These interim financial statements are the responsibility of the Bank's management. Our responsibility is to issue a report on these interim financial statements based on our review.

We conducted our reviews in accordance with the quarterly and semi-annual review standards established by the Securities & Futures Commission of the Republic of Korea. These standards require that we plan and perform our review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of the Bank's personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the non-consolidated interim financial statements referred to above are not presented fairly, in all material respects, in accordance with accounting principles generally accepted in the Republic of Korea.

We have audited the non-consolidated balance sheet of Kookmin Bank as of December 31, 2003 and the related non-consolidated statements of income, appropriation of retained earnings and cash flows for the year then ended, in accordance with auditing standards generally accepted in the Republic of Korea. We expressed an unqualified opinion on those financial statements in our audit report dated March 3, 2004. These financial statements are not included in this review report. The non-consolidated balance sheet as of December 31, 2003, presented herein for comparative purposes, is consistent, in all material respects, with the above audited balance sheet as of December 31, 2003.

Without qualifying our opinion, we draw your attention to the following matters.

Edgar Filing: KOOKMIN BANK - Form 6-K

Samil PricewaterhouseCoopers is the Korean member firm of the PricewaterhouseCoopers. PricewaterhouseCoopers refers to the network of member firms of PricewaterhouseCoopers international Limited, each of which is a separate and independent legal entity.

As discussed in Note 33 to the financial statements, on May 30, 2003, the Bank obtained approval from the Board of Directors to enter into a merger agreement with Kookmin Credit Card Co., Ltd. (the Subsidiary), its majority-owned subsidiary. According to the resolution of the Board of Directors, the Bank merged with the Subsidiary on September 30, 2003. The merger was effected through an exchange of shares with the minority shareholders of the Subsidiary as of July 24, 2003, who received 0.442983 share of the Bank's common stock for each share of the Subsidiary.

As discussed in Note 20 to the financial statements, in accordance with the resolution of the Board of Directors on December 17, 2003, the Bank acquired 27,423,761 of its own shares previously owned by the Korean government at (Won)43,700 per share through public bidding and intends to sell these shares of treasury stock depending on certain market conditions. As of March 31, 2004, the Bank holds 8.92 % of the total common stock issued as treasury stock.

As discussed in Note 16 to the financial statements, the Bank's total exposure (including loans and securities) to LG Card Co., Ltd., which is under the joint control of financial institutions due to currently experiencing its cash crisis, amounts to (Won)731,318 million as of March 31, 2004. In addition, the Bank holds securities issued by credit card companies and capital companies, which are experiencing liquidity problems, amounting to (Won)382,491 million as of March 31, 2004. The ultimate effect of these circumstances on the financial position of the Bank as of the balance sheet date cannot be presently determined, and accordingly, no adjustments related to such uncertainties have been recorded in the accompanying financial statements.

Accounting principles and review standards and their application in practice vary among countries. The accompanying financial statements are not intended to present the financial position, results of operations and cash flows in conformity with accounting principles and practices generally accepted in countries and jurisdictions other than the Republic of Korea. In addition, the procedures and practices used in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report and the accompanying financial statements are for use by those who are knowledgeable about Korean accounting principles or review standards and their application in practice.

1. The Bank

Kookmin Bank (the Bank) was established in 1963 under the Citizens National Bank Act to provide and administer funds for financing the general public and small businesses. Pursuant to the repeal of the Citizens National Bank Act, effective January 5, 1995, the Bank has conducted its operations in accordance with the provisions of the General Banking Act.

The Bank merged with Korea Long Term Credit Bank (KLB) on December 31, 1998 and with Daegu, Busan, Jeonnam Kookmin Mutual Savings & Finance Co., Ltd. on August 22, 1999. Also, under the decision of the Financial Supervisory Commission in accordance with the Structural Improvement of the Financial Industry Act, the Bank purchased certain assets, including loans classified as normal or precautionary, and assumed most of the liabilities of Daedong Bank as of June 29, 1998. Also, the Bank completed the legal consolidation with H&CB as of October 31, 2001 (Note 32) and merged with Kookmin Credit Card Co., Ltd. (the Subsidiary), its majority-owned subsidiary, on September 30, 2003 (Note 33).

The Bank had its shares listed on the Korea Stock Exchange since September 1994. As a result of the business combination with H&CB, the former shareholders of the Bank and H&CB received new common shares of the Bank on the basis of a pre-determined ratio. The new common shares of the Bank were relisted on the Korea Stock Exchange as of November 9, 2001. As of March 31, 2004, the Bank's paid-in capital amounts to (Won)1,681,896 million and 36,240,979 shares of the Bank are listed on the New York Stock Exchange as American Depositary Shares (ADSs).

The Bank engages in the banking and trust businesses according to the provisions of the General Banking Act and the Trust Business Act, and operates through 1,132 domestic branches and offices (excluding ATMs) and three overseas branches as of March 31, 2004.

2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Bank in the preparation of its non-consolidated financial statements are summarized below.

Basis of Financial Statement Presentation

Edgar Filing: KOOKMIN BANK - Form 6-K

The Bank maintains its accounting records in Korean Won and prepares statutory financial statements in the Korean language in conformity with accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Bank that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying financial statements have been condensed, restructured and translated into English from the Korean language non-consolidated financial statements. Certain information attached to the Korean language financial statements, but not required for a fair presentation of the Company's financial position, results of operations, or cash flows, is not presented in the accompanying non-consolidated financial statements.

Application of the Statements of Korean Financial Accounting Standards

The Bank has adopted Statements of Korean Financial Accounting Standards (SKFAS) No. 1 to No. 13 (SKFAS No. 10 to No. 13 has been applied from January 1, 2004) in the preparation of its financial statements. Except for the adoption of these SKFAS, the same accounting policies are applied for the financial statements as of and for the three-month period ended March 31, 2004 and as of and for the year ended December 31, 2003.

Accounting Estimates

The preparation of the non-consolidated financial statements requires management to make estimates and assumptions that affect amounts reported therein. Although these estimates are based on management's best knowledge of current events and actions that the Bank may undertake in the future, actual results may be different from those estimates.

Three-month periods ended March 31, 2004 and 2003

(Unaudited)

Recognition of Interest Income

The Bank recognizes interest income on loans and debt securities on an accrual basis. However, interest income on delinquent and dishonored loans and debt securities, other than those collateralized with security deposits or guaranteed by financial institutions, is recognized on a cash basis. As of March 31, 2004, the Bank has non-accrual loans and securities of (Won)12,168,587 million and (Won)481,883 million, respectively, with related foregone interest of (Won)677,035 million and (Won)146,107 million, respectively.

Securities

Securities that are bought and held principally for the purpose of generating profits on short-term differences in price, and which are actively and frequently bought and sold, are classified as trading securities. Debt securities with fixed or determinable payments and fixed maturity, and which the Bank has the positive intent and ability to hold to maturity are classified as held-to-maturity securities. Investments classified as neither trading securities nor held-to-maturity securities are classified as available-for-sale securities.

Securities are recognized initially at their fair value plus transaction costs that are directly attributable to the acquisition and the Bank uses the moving average method and specific identification method for determining the carrying value of equity securities and debt securities, respectively.

Trading and available-for-sale debt securities are carried at fair value using the average of quoted prices provided by bond pricing service institutions. Held-to-maturity debt securities are carried at amortized cost.

Marketable equity securities are carried at market prices and beneficiary certificates are carried at quoted prices provided by the beneficiary certificate dealers. However, non-marketable equity securities are carried at fair value only if the fair value is reasonably measurable and if otherwise, are carried at cost.

Unrealized holding gains or losses on trading securities are charged to current operations and those resulting from available-for-sale securities are recorded as capital adjustments. Premiums and discounts on debt securities are amortized over the maturity period of the debt securities using the effective interest method. Impairment losses are recognized in current operations when there is evidence of impairment and recoverable amounts of available-for-sale securities or held-to-maturity securities are less than the acquisition cost of equity securities or the

Edgar Filing: KOOKMIN BANK - Form 6-K

amortized cost of debt securities. Unrealized holding gains or losses on available-for-sale or held-to-maturity securities that had not been recognized through income are realized when the related securities are disposed of.

Investments in Associates

Investments in associates, over which the Bank exercises significant control or influence, are accounted for under the equity method. Under the equity method, the Bank records changes in its proportionate ownership of the associate in current operations, as capital adjustments or as adjustments to retained earnings, depending on the nature of the underlying change in the book value of the investment in associate.

The Bank discontinues the equity method of accounting for investments in associates when the Bank's share of accumulated losses of the associates equals the costs of the investments and until the subsequent cumulative changes in its proportionate net income of the associate equal its cumulative proportionate net losses not recognized during the periods when the equity method was suspended.

Differences between the initial purchase price and the Bank's initial proportionate ownership of the net book value of the associate are amortized or accreted using an appropriate method and the resulting amortization is charged to current operations.

Gains and losses recorded by the Bank from inter-company transactions with associates are fully eliminated. Gains and losses recorded by the associates from these transactions are proportionately eliminated, based on the Bank's percentage of ownership.

See Report of Independent Accountants

Kookmin Bank**Notes to Non-Consolidated Financial Statements****March 31, 2004 and 2003, and December 31, 2003 and****Three-month periods ended March 31, 2004 and 2003****(Unaudited)****Deferred Loan Origination Fees and Costs**

The Bank defers loan origination fees associated with originating loans and loan origination costs that have future economic benefits. Loan balances are reported net of these loan origination fees and costs, and the deferred loan origination fees and costs are amortized using the effective interest method with the amortization recognized as adjustments to other interest income.

Allowances for Loan Losses

The Bank applies its internal credit rating system, the Forward Looking Criteria (FLC), to corporate loans in order to classify the borrowers and to determine the allowances for loan losses. According to the credit rating criteria, the allowance is determined according to the credit risk of corporate borrowers, which is evaluated based on financial and non-financial risks. The credit rating criteria is divided into 12 categories (AAA, AA, A, BBB, BB, BB-, B, B-, CCC, CC, C, D) with additional consideration of the loan type, collateral and/or guarantees.

Allowances are determined by applying at minimum the following rates to the outstanding balances under each credit risk classification:

<u>Credit Risk Classification</u>	<u>Credit Ratings</u>	<u>Allowance Rates</u>
Normal	AAA~B	0.50%
Precautionary	B-~CCC	2.00%
Sub-standard	CC	20.00%
Doubtful	C	50.00%
Estimated loss	D	100.00%

However, the Bank does not apply the FLC to small-sized corporate loans, consumer loans, and credit card loans. Alternatively, the bank classifies such loans by considering the current financial status of borrowers including delinquencies, bankruptcies and collateral value. The rates used for determining the allowances for losses from corporate loans, consumer loans and credit card loans are as follows:

Allowance Rates

Edgar Filing: KOOKMIN BANK - Form 6-K

Troubled Debt Structuring

Troubled debt structuring loans, which are modified as to outstanding principal, interest rate, and/or maturity under programs such as workout, court receivership, court mediation, or debt restructuring agreements of parties concerned, are carried at present value if the difference between the nominal value and the present value of the restructured loan is significant. The present value discounts are recorded by reclassifying allowances for loan losses, or by recording a provision for loan losses in the current period if additional allowances need to be provided for. The present value discounts are recorded in allowances for loan losses, which is shown as a deduction from the loan nominal value. Allowance for loan losses are amortized using the effective interest method and are recognized as interest income. Allowances for loan losses on the structured loans are provided for based on the loan balances, net of present value discounts.

Before the adoption of SKFAS No. 13, *Troubled Debt Structuring*, the difference between the nominal value and the present value of loan under troubled debt structuring agreements was recorded as present value discounts and was presented separately as a deduction from the loan nominal value. However, in accordance with the bank's adoption of SKFAS No. 13, unamortized present value discounts as of the beginning of the current period are reclassified to allowances for loan losses.

Fixed Assets and Related Depreciation

Tangible assets are recorded at cost, except for upward revaluation of certain assets in accordance with the Korean Asset Revaluation Law. Depreciation is calculated based on the estimated average useful lives of the assets and the accumulated depreciation is presented as a contra account of tangible assets in the financial statements. In addition, impairment loss is recognized based on the difference between the recoverable amount and the book value and the accumulated impairment loss is presented as a contra account of tangible assets in the financial statements.

The estimated useful lives and depreciation methods of the tangible assets are as follows:

<u>Tangible Assets</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Buildings and structures	Straight-line method	40 years
Leasehold improvements	Declining balance method	4-5 years
Equipment and vehicles	Declining balance method	4-5 years

Edgar Filing: KOOKMIN BANK - Form 6-K

Expenditures that enhance the value or extend the useful life of the related assets are capitalized as additions to tangible assets. Routine maintenance and repairs are recognized as expenses when incurred.

Foreclosed assets acquired through, or in lieu of, loan redemption are stated at cost and are not depreciated. A valuation allowance is recorded when the latest bidding price at a public auction is below the book value, and is presented as a contra account of foreclosed assets in the financial statements.

Intangible assets are amortized based on the following estimated average useful lives and are presented in the financial statements net of accumulated amortization:

<u>Intangible assets</u>	<u>Amortization Method</u>	<u>Estimated Useful Life</u>
Goodwill	Straight-line method	9 years
Development costs	Straight-line method	5 years
Trademarks	Straight-line method	1-10 years
Others	Straight-line method	5-30 years

Notes to Non-Consolidated Financial Statements

March 31, 2004 and 2003, and December 31, 2003 and

Three-month periods ended March 31, 2004 and 2003

(Unaudited)

The Bank estimated the useful life of endowment assets that are beneficial upon usage, classified under other intangible assets, to be 30 years based on the term of the contract. The Bank recorded goodwill as a result of the merger with H&CB for the cost of the merger exceeding the fair value of the net assets acquired.

Development costs directly related to new technology or new products (including costs related to software development) are capitalized as intangible assets to the extent that the estimated future benefits are probable.

The Bank adjusts the book value of a fixed asset to its recoverable amount and recognizes the difference as an impairment loss when the recoverable amount is significantly below the book value due to obsolescence or decline in market value. The subsequent increase in recoverable amount in excess of the impaired book value is recognized, to the extent of the original book value before impairment, as a reversal of fixed asset impairment losses.

Stock Issuance Costs and Debenture Issuance Costs

Stock issuance costs are deducted from paid-in capital in excess of par value. Debenture issuance costs are recorded as discounts on debentures and amortized over the maturity period of the debentures using the effective interest method.

Accrued Retirement Benefits

Employees and directors with more than one year of service and temporary employees with at least a one-year contract, as of December 31, 2003, are entitled to receive a lump-sum payment upon termination of their employment with the Bank, based on their length of service and rate of pay at the time of termination.

Additionally, the Bank records the contributions to pension funds, which grant the payment rights to its employees, as contra accounts of accrued retirement benefits.

Deferred Income Taxes

The Bank records the future tax effects of temporary differences between the financial and tax bases of assets and liabilities as deferred income tax assets or liabilities. The tax effects of temporary differences arising from the cumulative effects of accounting changes are adjusted in retained earnings.

Bonds under Repurchase/Resale Agreements

Securities bought under resale agreements are recorded in loans as bonds purchased under resale agreements. Securities sold under repurchase agreements are recorded in borrowings as bonds sold under repurchase agreements. Interest from bonds purchased under resale agreements and bonds sold under repurchase agreements are recognized as interest income on loans and interest expense on borrowings, respectively.

Derivative Instruments

Derivative instruments for trading or hedging purpose are recorded at fair value and resulting unrealized gains and losses are recognized in current operations, except for the effective portion of derivative transactions entered into for the purpose of cash-flow hedges, which is recorded as an adjustment to shareholders' equity.

Fair value hedge accounting is applied to a derivative instrument with the purpose of hedging the exposure to changes in the fair value of an asset or a liability or a firm commitment that is attributable to a particular risk. The gain or loss, both on the hedging derivative instrument and on the hedged item attributable to the hedged risk, is reflected in current operations.

Notes to Non-Consolidated Financial Statements

March 31, 2004 and 2003, and December 31, 2003 and

Three-month periods ended March 31, 2004 and 2003

(Unaudited)

Cash flow hedge accounting is applied to a derivative instrument with the purpose of hedging the exposure to variability in expected future cash flows of an asset or a liability or a forecasted transaction that is attributable to a particular risk. The effective portion of the gain or loss on a derivative instrument designated as a cash flow hedge is recorded as a capital adjustment and the ineffective portion is recognized in current operations. The effective portion of the gain or loss recorded as a capital adjustment is reclassified to current operations in the same period during which the hedged forecasted transaction affects earnings. If the hedged transaction results in the acquisition of an asset or the incurrence of a liability, the gain or loss recognized as a capital adjustment is added to or deducted from the asset or the liability.

Stock Options

Compensation costs for stock options granted to employees and executives are recognized using the fair value method. Under the fair value method, compensation costs for stock option plans are determined using an option-pricing model and are recognized over the vesting period (Note 21).

National Housing Fund

The Bank, as designated by the Korean Government under the Housing Construction Promotion Law, manages the sources and uses of funds of the National Housing Fund (the NHF) and records the related NHF account in other liabilities. In addition, the Bank pays interest, which is computed by multiplying the average balance of the NHF account by the passbook deposit interest rate, to the NHF.

Gains and Losses on Trust Management

The Bank's trust accounts (the Trust Accounts) recognize as an expense the trust commissions paid to the banking accounts, which is equivalent to the total trust revenue less total trust expenses and trustee benefits (including the guaranteed principal and minimum rate of return). The Bank recognizes these trust commissions as a gain on trust management in other operating income. The trust fees on money trusts consist of base fees of 0.5 ~ 2.0% (depending on trust fund types) and special fees applied to the invested capital.

Under the Trust Business Act, reserves for future losses are set up in the trust accounts for losses related to those trust funds with a guarantee of the principal or of a certain minimum rate of return. The reserves are used to provide for the losses on such trust funds and, if the losses incurred are in excess of the reserves for future losses, the excess losses are compensated by the Bank. Accordingly, the banking accounts recognize the

Edgar Filing: KOOKMIN BANK - Form 6-K

compensation paid as a loss on trust management in other operating expenses and the trust accounts recognize the corresponding compensation as compensation from banking accounts. There were no compensations paid for the three-month period ended March 31, 2004.

Foreign Currency Translation

All assets and liabilities denominated in foreign currencies are translated into Korean Won at the rates in effect as of the balance sheet dates (March 31, 2004 (Won)1,153.6:US\$1, December 31, 2003: (Won)1,197.8:US\$1), and resulting translation gains and losses are recognized in the current period.

Accounting records of the overseas branches are maintained in the foreign currency prevailing in their respective countries. For the purpose of presentation in the accompanying financial statements, the financial statements of the branches have been translated into Korean Won, using exchange rates published by Seoul Money Brokerage Services, Ltd. as of the balance sheet dates.

Statement of Cash Flows

In the preparation of the statement of cash flows, the Bank has presented net amounts of cash inflows and cash outflows for items where the turnover is quick and the amounts are large.

Restatement of Prior Year Financial Statements

During the current period, the Bank reclassified the subordinated retained interests earned from securitization transactions from available-for-sale securities to loans. Such reclassification has no effect on prior years' net income nor the prior years' net assets. The prior period financial statements presented herein for comparative purposes were also reclassified to conform to the current period financial statement presentation.

KLB Securities Co., Ltd., Jooeun Industrial Co., Ltd., KICO No. 2 Venture Investment Partnership, KICO No.3 Venture Investment Partnership, Kookmin Singapore (Merchant Bank), Ltd. and Kookmin Finance Asia, Ltd. (HK), KB Luxembourg S.A are in the process of liquidation. Consequently, accounting under the equity method is no longer applied to investments in KLB Securities Co., Ltd. and Jooeun Industrial Co., Ltd. due to accumulated deficits resulting to a decrease of the investment value below zero. Accordingly, the total accumulative estimated loss that has not been recognized by the Bank arising from the securities amounts to (Won) 47,037 million.

The Bank applies the equity method accounting to a subsidiary based on its adjusted financial statements that are, in turn, based on most recent available audited or reviewed financial statements adjusted for changes in net assets using the unaudited financial statements as of March 31, 2004. In the case of ING Life Korea Co., Ltd., adjustment for income tax expenses of (Won)15,194 million has been additionally made to the adjusted financial statements.

15. Derivatives

The Bank's derivative instruments are divided between hedge derivatives and trading derivatives based on the purpose of the transaction. The Bank enters into hedge transactions mainly for purposes of hedging fair value risks related to its assets and liabilities.

Trading derivatives include future contracts, forward contracts, swaps, and options entered into by the Bank to meet the financing needs of its customers and to gain profit from arbitrage transactions between customers and other banks. The Bank also uses derivative instruments in managing its own trading and asset-liability management exposures to fluctuations in interest rates and foreign exchange risks.

Notes to Non-Consolidated Financial Statements

March 31, 2004 and 2003, and December 31, 2003 and

Three-month periods ended March 31, 2004 and 2003

(Unaudited)

Hedge derivatives mainly comprise of interest rate swaps to hedge the fair value changes of debentures arising from the interest rate fluctuations. Some hedging transactions do not qualify for hedge accounting and are thus accounted for as trading derivatives. These transactions include the hedge relationships where the hedged item is an asset or liability that is re-measured with the changes in fair value attributable to the hedged risk reported in current operations or where the hedged item cannot be specifically identified.

The notional amounts outstanding for derivative contracts as of March 31, 2004 and December 31, 2003 are as follows:

Edgar Filing: KOOKMIN BANK - Form 6-K

As of March 31, 2004, 251 pending legal actions with an aggregate amount of damages of (Won)144,611 million are charged against the Bank and the Bank had also filed 170 lawsuits, which are still pending with an aggregate amount of claims of (Won)292,358 million. Management believes that the actions against the Bank are without merit and that the ultimate liability, if any, will not materially affect the Bank's financial position.

Details of the material legal actions charged against the Bank are as follows:

<i>(in millions of Won)</i>	Exposure to possible loss	Results		
		1st trial	2nd trial	3rd trial
Details				
Cancellation of a registered mortgage (3 cases)	(Won) 30,822	in progress

1* The Bank (partially) won the case.

The Bank, under the Mutual Savings & Finance Company Act, is liable for the payment of the deposits of Orange Mutual Savings & Finance Co., Ltd. (previously, Kookmin Mutual Savings & Finance Co., Ltd.) and Hansol Mutual Savings & Finance Co., Ltd. (previously, Bukook Mutual Savings & Finance Co., Ltd.), previously the Bank's subsidiaries but were sold during 1999, if they enter into bankruptcy within three years of sale. Orange Mutual Savings & Finance Co., Ltd. is currently undergoing bankruptcy procedures due to the disapproval of its business by the Financial Supervisory Commission. Korea Deposit Insurance Corporation (KDIC) has paid for the deposit money subject to the Depositor Protection Act. As of March 31, 2004, despite the fact that Resolution and Finance Corp. (a subsidiary of KDIC) has filed a lawsuit against the Bank for the recovery of the repayment, such lawsuit is not expected to cause losses that would materially affect the Bank's financial position.

March 31, 2004 and 2003, and December 31, 2003 and

Three-month periods ended March 31, 2004 and 2003

(Unaudited)

As of March 31, 2004, The Bank has entered into commitments to provide a credit line of (Won)6,029,900 million, and to purchase commercial paper amounting to (Won)981,000 million, with asset securitization companies. Commitments to provide a credit line and to purchase commercial paper with a one year term amounted to (Won)123,500 million and (Won)867,000 million, respectively. Under these commitments, the Bank provides money, in case of a temporary fund shortage, for the principal and interest repayment of these companies' senior bonds and subordinated bonds within the contracted term and amounts.

As of March 31, 2004, loans outstanding under the credit line commitment amounted to (Won)69,538 million, and there is no balance for commercial papers purchased under the purchase commitment. The Bank has arranged various methods to compensate for losses on these credit line commitments including payment guarantees, repurchase contracts, surety certificate guarantees, and cash reserves. As of March 31, 2004, the Bank provided (Won)187,937 million in other allowances for its expected losses related to these commitments.

Pursuant to its asset securitization plans, the Bank has an outstanding obligation to repurchase and/or indemnify for losses on the loans sold to Jooeun 2nd-ABS Specialty Co., Ltd. and Kookmin Credit Card 14th-ABS Specialty Co., Ltd. (collectively, the SPEs) with a ceiling of (Won)36,957 million and (Won)4,113 million, respectively. As of March 31, 2004, the Bank provided (Won)3,435 million in other allowances for its expected losses related to the commitments to Jooeun 2nd-ABS Specialty Co., Ltd., and the Bank provided for its expected losses related to the commitments to Kookmin Credit Card 14th-ABS Specialty Co., Ltd. in allowances for loan losses on the subordinated debt purchased from Kookmin Credit Card 14th-ABS Specialty Co., Ltd.

As of March 31, 2004, post settlements on the loan sales transaction with Korea Asset Management Corporation (KAMCO) have been completed and the Bank has provided allowances of (Won)592 million for losses from possible future repurchase of loans from KAMCO under the repurchase agreement on loans amounting (Won)3,205 million.

The Bank has an off-shore loan commitment, limited to USD 23,385 thousand, and the loan balance under the commitment as of March 31, 2004 is USD 14,890 thousand.

The Bank provided (Won)142,021 million as allowances for tax deficiencies as of December 31, 2003 due to the tax investigations by the National Tax Administration for the fiscal years 1998, 1999, 2000 and 2001. During the current period, the National Tax Administration charged (Won)123,310 million for tax deficiencies and the Bank paid (Won)82,577 million of these tax deficiencies while recording the excess (Won)18,711 million, for the difference between the estimations and the actual assessment for tax deficiencies, as non operating income. The unpaid tax deficiencies of (Won)40,733 million remains in other allowances.

Edgar Filing: KOOKMIN BANK - Form 6-K

As of March 31, 2004, the Bank holds the unexpired rights to claim from borrowers or guarantors for loans, in accordance with the relevant law, which have already been written off, amounting to (Won)3,836,699 million. Also, as of March 31, 2004, the Bank holds endorsed bills amounting to (Won)10,111 million.

As of March 31, 2004, the Bank recorded receivables amounting to (Won)2,845,758 million and payables amounting to (Won)2,085,032 million for unsettled foreign currency spot transactions.

The Bank entered into an alliance with Koram Bank, Woori Credit Card, Citibank, The Fisheries Cooperative Union and Nonghyup for the operation of a credit card business. Accordingly, the Bank shares the related revenue from such business operation.

As of December 31, 2003, the Bank has provided one blank promissory note to financial institutions including Korea Securities Finance Corporation as collateral for borrowings and other obligations.

(Unaudited)

In accordance with the agreement on November 24, 2003 with the creditors' committee of LG Card Co., Ltd., which is experiencing cash crisis, the Bank provided loans of (Won)437,000 million and, as of January 9, 2004, agreed to a debt-equity swap of (Won) 312,700 million, provide additional loans of (Won) 205,900, and the extension of the maturities of loans that mature in 2004. As of February 13, 2004, the Bank executed the debt-equity swap of (Won)156,350 million (loans amounting to (Won)145,950 million, corporate bonds amounting to (Won)10,400 million), and after the capital reduction in May 2004 at a rate of 43.4:1, a second debt-equity swap amounting to (Won)362,250 million is to be executed in July 2004. As of March 31, 2004, the Bank's total exposure related to LG Card Co., Ltd. includes loans, debt securities, customer financing and debt-equity swapped equity securities amounting to (Won)681,950 million, (Won)16,330 million, (Won)31,287 million, and (Won) 1,751 million, respectively. The ultimate effect of these circumstances on the financial position of the Bank as of the balance sheet date cannot be presently determined, and accordingly, no adjustments related to such uncertainties have been recorded in the accompanying financial statements.

In common with certain other Asian countries, the economic environment in the Republic of Korea continues to be volatile. In addition, the Korean government and the private sector continue to implement structural reforms to historical business practices including corporate governance. The Bank may be either directly or indirectly affected by these volatile economic conditions and the reform program described above. The accompanying financial statements reflect management's assessment of the impact to date of the economic environment on the financial position and results of operations of the Bank. Actual results may differ materially from management's current assessment.

As of March 31, 2004, the Bank's total exposure (including debt securities, beneficiary certificates, and loans) related to domestic credit card companies and capital companies amounts to (Won)382,491 million. Currently, securities related to credit card companies and capital companies, which are experiencing liquidity problems, are not widely traded in the bond market. The ultimate effect of these circumstances on the financial position of the Bank as of the balance sheet date cannot be presently determined, and accordingly, no adjustments related to such uncertainties have been recorded in the accompanying financial statements.

17. Capital

As of March 31, 2004, the Bank has 1,000,000,000 common shares (par value per share: (Won)5,000) authorized and 336,379,116 shares issued. ING Insurance International B.V. owns 3.78% of the total issued shares. 36,240,979 common shares, equivalent to 10.77% of the total issued shares, are listed on the New York Stock Exchange as ADSs and are managed by the Bank of New York, the trustee of the Bank, as of March 31, 2004.

As a result of the legal consolidation with H&CB, the shareholders of the Bank and H&CB, listed on the Register of Shareholders at October 31, 2001, received 179,775,233 new shares and 119,922,229 new shares of the Bank, respectively, at the exchange ratio of one new common share of the Bank for 1.688346 old shares of the Bank and 1 share of H&CB, respectively. The new shares of the Bank were relisted on the Korea Stock Exchange as of November 9, 2001. In addition, the Bank issued 8,120,431 shares as a result of the merger with Kookmin Credit Card Co.,

	<u>(Won) 6,230,738</u>	<u>(Won)</u>	<u>(Won) 6,230,738</u>

The gain on business combination is due to the difference between the business combination consideration and the net asset value acquired from the merger with KLB on December 31, 1998.

19. Retained Earnings

The General Banking Act requires the Bank to appropriate as a legal reserve a minimum of 10% of annual net income until the legal reserve equals paid in capital. This reserve is not available for the payment of cash dividends but may be transferred to capital stock by an appropriate resolution of the Bank's Board of Directors or used to reduce accumulated deficit, if any, by an appropriate resolution of the Bank's shareholders.

Under the guidance provided by Financial Supervisory Services, the Company is required to appropriate, as a reserve for improvement of financial structure, a minimum of 10% of its annual income less carried over accumulated deficit, until its capital adequacy ratio equals 5.5%. As of March 31, 2004, the Bank has no reserve for improvement of financial structure.

Pursuant to the Tax Exemption and Reduction Control Law, the Bank was previously required to appropriate, as a reserve for business rationalization, amounts equal to tax reductions arising from tax exemptions and tax credits up to December 31, 2001. However, as of January 1, 2002, the requirement is no longer effective.

The Bank, at its own option, also appropriated a portion of retained earnings as other reserves for the operations of overseas branches.

20. Capital Adjustments

The movements in capital adjustments for the three-month period ended March 31, 2004 are as follows:

1* The stock options include the 200,000 shares which are to be additionally granted if the three-month weighted average stock price of the Bank prior to the exercise period is higher than that of any other listed banks and the Bank achieves total market value and ROE target.

2* The exercise prices are based on the increase rate of the stock price index in the banking industry.

3* The number of shares to be granted will be determined by the results of the evaluation of the grantees after 3 years from grant date. The number of shares is calculated under the assumption that the performance-based stock options have been fully granted.

4* The Bank took over the stock options granted by Kookmin Credit Card Co., Ltd. of which the exercise prices and number of shares have been adjusted in proportion to the merger ratio.
