

AGREE REALTY CORP
Form 10-Q
May 10, 2011

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

FORM 10-Q

Mark One

Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended March 31, 2011

OR

Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the transition period from _____ to _____

Commission File Number 1-12928

Agree Realty Corporation
(Exact name of registrant as specified in its charter)

Maryland
(State or other jurisdiction of
incorporation or organization)

38-3148187
(I.R.S. Employer
Identification No.)

31850 Northwestern Highway, Farmington Hills,
Michigan
(Address of principal executive offices)

48334
(Zip code)

Registrant's telephone number, including area code: (248) 737-4190

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer Accelerated Filer Non-accelerated Filer Smaller reporting company

Edgar Filing: AGREE REALTY CORP - Form 10-Q

(Do not check if a smaller reporting
company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
Yes No

As of May 5, 2011, the Registrant had 9,857,314 shares of common stock, \$0.0001 par value, outstanding.

Agree Realty Corporation

Notes to Consolidated Financial Statements

1. Basis of Presentation The accompanying unaudited consolidated financial statements of Agree Realty Corporation (the "Company") for the three months ended March 31, 2011 have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for audited financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. The consolidated balance sheet at December 31, 2010 has been derived from the audited consolidated financial statements at that date. Operating results for the three months ended March 31, 2011 are not necessarily indicative of the results that may be expected for the year ending December 31, 2011 or for any other interim period. For further information, refer to the audited consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010.

The Company has evaluated subsequent events since March 31, 2011 for events requiring recording or disclosure in this quarterly report on Form 10-Q.

2. Stock-Based Compensation The Company estimates the fair value of restricted stock and stock option grants at the date of grant and amortizes those amounts into expense on a straight line basis or amount vested, if greater, over the appropriate vesting period.

As of March 31, 2011, there was \$4,665,000 unrecognized compensation costs related to the outstanding restricted shares, which is expected to be recognized over a weighted average period of 3.85 years. The Company used a 0% discount factor and forfeiture rate for determining the fair value of restricted stock. The forfeiture rate was based on historical results and trends.

The holder of a restricted share award is generally entitled at all times on and after the date of issuance of the restricted shares to exercise the rights of a stockholder of the Company, including the right to vote the shares and the right to receive dividends on the shares.

	Shares Outstanding	Weighted Average Grant Date Fair Value
Unvested restricted shares at January 1, 2011	166,850	\$ 22.00
Restricted shares granted	98,300	22.06
Restricted shares vested	(34,710)	21.64
Restricted shares forfeited	-	-
Unvested restricted shares at March 31, 2011	230,440	\$ 22.08

Agree Realty Corporation

3. Earnings Per Share

Earnings per share has been computed by dividing the net income attributable to Agree Realty Corporation by the weighted average number of common shares outstanding.

The following is a reconciliation of the denominator of the basic net earnings per common share computation to the denominator of the diluted net earnings per common share computation for each of the periods presented:

	Three Months Ended March 31,	
	2011	2010
Weighted average number of common shares outstanding	9,849,668	8,264,495
Unvested restricted stock	(230,440)	(167,880)
Weighted average number of common shares outstanding used in basic earnings per share	9,619,228	8,096,615
Weighted average number of common shares outstanding used in basic earnings per share	9,619,228	8,096,615
Effect of dilutive securities:		
Restricted stock	29,234	33,675
Common stock options	—	—
Weighted average number of common shares outstanding used in diluted earnings per share	9,648,462	8,130,290

4. Recent Accounting Pronouncements

As of March 31, 2011, the impact of recent accounting pronouncements on our business is not considered to be material

5. Derivative Instruments and Hedging Activity

On January 2, 2009, the Company entered into an interest rate swap agreement for a notional amount of \$24,501,280, effective on January 2, 2009 and ending on July 1, 2013. The notional amount decreases over the term to match the outstanding balance of the hedged borrowing. The Company entered into this derivative instrument to hedge against the risk of changes in future cash flows related to changes in interest rates on \$24,501,280 of the total variable-rate borrowings outstanding. Under the terms of the interest rate swap agreement, the Company will receive from the counterparty interest on the notional amount based on 1.5% plus one-month LIBOR and will pay to the counterparty a fixed rate of 3.744%. This swap effectively converted \$24,501,280 of variable-rate borrowings to fixed-rate borrowings beginning on January 2, 2009 and through July 1, 2013.

Companies are required to recognize all derivative instruments as either assets or liabilities at fair value on the balance sheet. The Company has designated this derivative instrument as a cash flow hedge. As such, changes in the fair value of the derivative instrument are recorded as a component of other comprehensive income (loss) (“OCI”) for the three months ended March 31, 2011 to the extent of effectiveness. The ineffective portion of the change in fair value of the derivative instrument is recognized in interest expense. For the three months ended March 31, 2011, the Company has determined this

derivative instrument to be an effective hedge.

The Company does not use derivative instruments for trading or other speculative purposes and did not have any other derivative instruments or hedging activities as of March 31, 2011.

Agree Realty Corporation

6. Fair Value of Financial Instruments

Certain of the Company's assets and liabilities are disclosed at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company uses various valuation methods including the market, income and cost approaches. The assumptions used in the application of these valuation methods are developed from the perspective of market participants pricing the asset or liability. Inputs used in the valuation methods can be either readily observable, market corroborated, or generally unobservable inputs. Whenever possible the Company attempts to utilize valuation methods that maximize the uses of observable inputs and minimizes the use of unobservable inputs. Based on the operability of the inputs used in the valuation methods, the Company is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs that are not corroborated by market data.

The table below sets forth the Company's fair value hierarchy for liabilities measured or disclosed at fair value as of March 31, 2011.

	Level 1	Level 2	Level 3
Liability:			
Interest rate swap	\$ —	\$ 671,410	\$ —
Fixed rate mortgage	\$ —	\$ —	\$ 46,209,000
Variable rate mortgage	\$ —	\$ —	\$ 22,185,000
Variable rate debt	\$ —	\$ 26,130,254	\$ —

The carrying amounts of the Company's short-term financial instruments, which consist of cash, cash equivalents, receivables, and accounts payable, approximate their fair values. The fair value of the interest rate swap was derived using estimates to settle the interest rate swap agreement, which is based on the net present value of expected future cash flows on each leg of the swap utilizing market-based inputs and discount rates reflecting the risks involved. The fair value of fixed and variable rate mortgages was derived using the present value of future mortgage payments based on estimated current market interest rates. The fair value of variable rate debt is estimated to be equal to the face value of the debt because the interest rates are floating and is considered to approximate fair value.

7. Total Comprehensive Income (Loss)

The following is a reconciliation of net income to comprehensive income attributable to Agree Realty Corporation for the three months ended March 31, 2011 and 2010.

	Three months ended March 31, 2011	Three months ended March 31, 2010
Net income	\$ 4,700,059	\$ 9,968,480
Other comprehensive income (loss)	121,801	(370,547)
Total comprehensive income before non-controlling interest	4,821,860	9,597,933
Less: non-controlling interest	160,243	402,392
Total comprehensive income after non-controlling interest	4,661,617	9,195,541
Non-controlling interest of comprehensive income (loss)	4,153	11,023
Comprehensive income attributable to Agree Realty Corporation	\$ 4,657,464	\$ 9,206,564

Agree Realty Corporation

8. Costs and Estimated Earnings on Uncompleted Contracts

For contracts where the Company does not retain ownership of real property developed and received fee income for managing the development project, the Company uses the percentage of completion accounting method. Under this approach, income is recognized based on the status of the uncompleted contracts and the current estimates of costs to complete. The percentage of completion is determined by the relationship of costs incurred to the total estimated costs of the contract. Provisions are made for estimated losses on uncompleted contracts in the period in which such losses are determined. Changes in job performance, job conditions, and estimated profitability including those arising from contract penalty provisions and final contract settlements, may result in revisions to costs and income. Such revisions are recognized in the period in which they are determined. Claims for additional compensation due to the Company are recognized in contract revenues when realization is probable and the amount can be reliably estimated.

	2011	2010
Cost incurred on uncompleted Contracts	\$ 585,000	\$ 1,023,348
Estimated earnings	411,000	806,652
Earned revenue	996,000	1,830,000
Less billings to date	-	-
Total	\$ 996,000	\$ 1,830,000

Total unbilled receivable at March 31, 2011 and 2010 was \$996,000 and \$1,830,000 and is included in accounts receivable – tenants on the consolidated balance sheet.

9. Notes Payable

Agree Limited Partnership (the “Operating Partnership”) has in place a \$55 million Credit Facility with Bank of America, as the agent, which is guaranteed by the Company (the “Credit Facility”). The Credit Facility was extended in January 2009 and now matures in November 2011. Advances under the Credit Facility bear interest within a range of one-month to 12-month LIBOR plus 100 basis points to 150 basis points or the lender’s prime rate, at the Company’s option, based on certain factors such as the ratio of the Company’s indebtedness to the capital value of the Company’s properties. The Credit Facility generally is used to fund property acquisitions and development activities. As of March 31, 2011, \$25,380,254 was outstanding under the Credit Facility bearing a weighted average interest rate of 1.34%.

The Company also has in place a \$5 million Line of Credit (the “Line of Credit”) that was extended in October 2009 and now matures in November 2011. The Line of Credit bears interest at the lender’s prime rate less 75 basis points or 150 basis points in excess of the one-month to 12-month LIBOR rate, at the Company’s option. The purpose of the Line of Credit is generally to provide working capital and fund land options and start-up costs associated with new projects. As of March 31, 2011, \$750,000 was outstanding under the Line of Credit bearing a weighted average interest rate of 2.50%.

Agree Realty Corporation

10. Mortgages Payable Mortgages payable consisted of the following:

	March 31, 2011	December 31, 2010
Note payable in monthly installments of \$39,591 plus interest at 150 basis points over LIBOR (1.76% at March 31, 2011 and December 31, 2010). A final balloon payment in the amount of \$22,318,478 is due on July 14, 2013 unless extended for a two year period at the option of the Company	\$ 23,540,828	\$ 23,666,828
Note payable in monthly installments of \$153,838 including interest at 6.90% per annum, with the final monthly payment due January 2020; collateralized by related real estate and tenants' leases	12,184,670	12,433,134
Note payable in monthly installments of \$91,675 including interest at 6.27% per annum, with the final monthly payment due July 2026; collateralized by related real estate and tenants' leases	10,819,962	10,924,291
Note payable in monthly installments of \$128,205 including interest at 6.20% per annum, with a final monthly payment due November 2018; collateralized by related real estate and tenants' leases	9,368,749	9,605,696
Note payable in monthly installments of \$99,598 including interest at 6.63% per annum, with the final monthly payment due February 2017; collateralized by related real estate and tenants' leases	5,836,214	6,036,060
Note payable in monthly installments of \$57,423 including interest at 6.50% per annum, with the final monthly payment due February 2023; collateralized by related real estate and tenant lease	5,702,904	5,781,587
Note payable in monthly installments of \$25,631 including interest at 7.50% per annum, with the final monthly payment due May 2022; collateralized by related real estate and tenant lease	2,321,497	2,354,450

Note payable in monthly installments of \$10,885 including interest at 6.85% per annum, paid March 31, 2011	-	724,734
Total	\$ 69,774,824	\$ 71,526,780

The Company paid off a note payable in the amount of \$704,374 on March 31, 2011.

Two of the Company's mortgage loans amounting to \$8.0 million secured by two properties with 350,000 square feet of gross leasable area representing \$1.2 million of annualized base rents are in default due to the bankruptcy filing of one of the Company's tenants in February 2011.

In addition, while the Chapter 11 bankruptcy filing of the tenant is not a direct event of default under four non-recourse, cross-collateralized and cross-defaulted mortgage loans, as a result of the Oklahoma City, Oklahoma store closure and lease rejection, the Company did not pay \$36,410 in monthly debt service for the loan associated with that location, which was due on May 2, 2011. The Company anticipates that the lender may, after applicable cure period, declare all four cross-collateralized and cross-defaulted mortgage loans in default and possibly accelerate the Company's obligation thereunder. These four non-recourse mortgage loans amounting to approximately \$9.4 million are secured by four properties with 103,000 square feet of gross leasable area representing \$2.1 million of annualized base rents as of March 31, 2011.

Agree Realty Corporation

The Company is negotiating with lenders regarding an appropriate course of action. The Company can provide no assurance that its negotiations with the lenders will result in favorable outcomes to the Company. Failure to restructure these mortgage obligations could result in default and foreclosure actions and loss of the mortgaged properties.

Future scheduled annual maturities of mortgages payable for years ending March 31, excluding the effect of mortgage defaults, are as follows: 2012 - \$4,280,616; 2013 - \$4,566,822; 2014 - \$26,742,533; 2015 - \$4,572,442; 2016 - \$4,882,290 and \$24,730,121 thereafter. The weighted average interest rate at March 31, 2011 and December 31, 2010 was 5.61% and 5.63%, respectively.

11. Discontinued Operations During 2010, the Company sold two single tenant properties and entered into a lease termination agreement for one property. The properties were located in Santa Barbara, California, Marion Oaks, Florida and Aventura, Florida. Two of the properties were leased to Borders and one property was leased to Walgreens. During the three months ended March 31, 2010, the Santa Barbara sale provided gross proceeds of approximately \$9.8 million and a gain on sale of approximately \$5.3 million. In addition, in January 2011, the Company completed the sale of two Borders stores located in Tulsa, Oklahoma. The net proceeds on the transaction amounted to approximately \$6.5 million and there was no gain or loss on the sale as a \$440,000 impairment charge was recorded in 2010 when the property was classified as held for sale. The results of operations for these properties are presented as discontinued operations in the Company's Consolidated Statements of Income for all periods presented. The revenues for the properties were \$91,816 and \$724,822 for the three months ended March 31, 2011 and 2010, respectively. The expenses for the properties were \$-0- and \$217,941 for the three months ended March 31, 2011 and 2010, respectively.

12. Purchase Accounting for Acquisitions of Real Estate Acquired real estate assets have been accounted for using the purchase method of accounting and accordingly, the results of operations are included in the consolidated statements of income from the respective dates of acquisition. The Company allocates the purchase price to (i) land and buildings based on management's internally prepared estimates and (ii) identifiable intangible assets or liabilities generally consisting of above-market and below-market in-place leases and in-place leases. The Company uses estimates of fair value based on estimated cash flows, using appropriate discount rates, and other valuation techniques, including management's analysis of comparable properties in the existing portfolio, to allocate the purchase price to acquired tangible and intangible assets.

The estimated fair value of above-market and below-market in-place leases for acquired properties is recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease.

The aggregate fair value of other intangible assets consisting of in-place, above market leases, is estimated based on internally developed methods to determine the respective

property values and are included in lease intangibles costs in the consolidated balance sheets. Factors considered by management in their analysis include an estimate of costs to execute similar leases and operating costs saved.

During 2011, the Company recorded \$512,667 as the fair value of lease intangibles costs.

The fair value of intangible assets acquired are amortized to depreciation and amortization on the consolidated statements of income over the remaining term of the respective leases. The weighted average amortization period for the lease intangible costs is 21.8 years.

Agree Realty Corporation

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

We have included herein certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These forward-looking statements represent our expectations, plans and beliefs concerning future events and may be identified by terminology such as "anticipate," "estimate," "should," "expect," "believe," "intend" and similar expressions. Although the forward-looking statements made in this report are based on good faith beliefs and our reasonable judgment reflecting current information, certain factors could cause actual results to differ materially from such forward-looking statements, including but not limited to: the ongoing U.S. recession, the existing global credit and financial crisis and other changes in general economic, financial and real estate market conditions; risks that our acquisition and development projects will fail to perform as expected; financing risks, such as the inability to obtain debt or equity financing on favorable terms or at all; the level and volatility of interest rates; loss or bankruptcy of one or more of our major retail tenants; a failure of our properties to generate additional income to offset increases in operating expenses; and other factors discussed in Part II, Item 1A. "Risk Factors" and elsewhere in this report and our other reports furnished or filed with the Securities and Exchange Commission ("SEC") including our annual report on Form 10-K for the fiscal year ended December 31, 2010. Given these uncertainties, you should not place undue reliance on our forward-looking statements. Except as required by law, we assume no obligation to update these forward-looking statements, even if new information becomes available in the future.

Overview

Agree Realty Corporation is a fully-integrated, self-administered and self-managed real estate investment trust ("REIT"). In this report, the terms "Company," "we," "our" and "us" and similar terms refer to Agree Realty Corporation and its majority owned operating partnership, Agree Limited Partnership ("Operating Partnership"), and/or its majority owned and controlled subsidiaries, including its qualified taxable REIT subsidiaries ("TRS"), as the context may require. Our assets are held by and all of our operations are conducted through, directly or indirectly, the Operating Partnership, of which we are the sole general partner and in which we held a 96.59% and 96.56% interest as of March 31, 2011 and December 31, 2010, respectively. Under the partnership agreement of the Operating Partnership, we, as the sole general partner, have exclusive responsibility and discretion in the management and control of the Operating Partnership. We are operating so as to qualify as a REIT for federal income tax purposes.

We are focused primarily on the ownership, development, acquisition and management of retail properties net leased to national tenants. We were incorporated in December 1993 to continue and expand the business founded in 1971 by our current Chief Executive Officer and Chairman, Richard Agree. We specialize in developing retail properties for national tenants who have executed long-term net leases prior to the commencement of construction. As of March 31, 2011, assuming the closure of the five Borders locations on the Borders store closing list (as discussed below), approximately 89% of our annualized base rent was derived from national tenants and approximately 59% of our annualized base rent was derived from our top three tenants: Walgreen Co. ("Walgreens") – 33%; Borders Group, Inc. ("Borders") – 14% and Kmart Corporation – 11%.

As of March 31, 2011, our portfolio consisted of 80 properties, located in 17 states containing an aggregate of approximately 3.8 million square feet of gross leasable area ("GLA"). As of March 31, 2011, our portfolio included 68 freestanding net leased properties and 12 community shopping centers. Assuming the closure of the five Borders stores on the Borders store closing list, the portfolio was 95.7% leased in aggregate with a weighted average lease

term of approximately 12 years remaining. All of our freestanding property tenants and the majority of our community shopping center tenants have triple-net leases, which require the tenant to be responsible for property operating expenses, including property taxes, insurance and maintenance. We believe this strategy provides a generally consistent source of income and cash for distributions. During the period from April 1, 2011 to December 31, 2011, we have six leases that are scheduled to expire assuming that none of the tenants exercise renewal options or terminate their leases prior to the contractual expiration date. These leases represent 50,999 square feet of GLA and \$384,243 of annualized base rent.

Agree Realty Corporation

We expect to continue to grow our asset base through the development and acquisition of retail properties that are leased on a long-term basis to national tenants. Historically we have focused on development because we believe, based on our historical returns we have been able to achieve, it generally provided us a higher return on investment than the acquisition of similarly located properties. However, during 2010, we commenced an aggressive acquisition program to acquire retail properties net leased to national tenants. Since our initial public offering in 1994, we have developed 60 of our 80 properties, including 48 of our 68 freestanding properties and all 12 of our community shopping centers. As of March 31, 2011, the properties that we developed accounted for 78.3% of our annualized base rent. We expect to continue to expand our tenant relationships and diversify our tenant base to include other quality national tenants through the development and acquisition of net leased properties.

In January 2011, we completed the sale of two of our Borders stores located in Tulsa, Oklahoma. The properties were sold to an unrelated party for net proceeds of approximately \$6.5 million. The proceeds from the sale were used to pay down amounts outstanding under our credit facilities.

On February 16, 2011, Borders filed a petition for reorganization relief under Chapter 11 of the Bankruptcy Code. The Chapter 11 petition for relief was filed in the U.S. Bankruptcy Court, Southern District of New York. Borders announced that it had received commitments for \$505 million in Debtor-In-Possession financing led by GE Capital, Restructuring Finance. Borders also announced that it would undertake a strategic Store Reduction Program to facilitate reorganization and identified certain underperforming stores, equivalent to approximately 30% of the company's national store network, that would be closed. In connection with the Store Reduction Program, Borders closed stores in April 2011 and rejected leases at five locations where it leased space from us, representing approximately \$2.6 million of our annualized base rent as of March 31, 2011. The locations of the five stores on the Borders store closing list are: Columbus, Ohio; Monroeville, Pennsylvania; Wichita, Kansas; Oklahoma City, Oklahoma and Lawrence, Kansas. We have been marketing the five closed stores for potential retenuing or disposition.

The Chapter 11 bankruptcy will allow Borders to assume or reject any of its other leases with us (in addition to the five rejected leases for stores which it closed in April 2011). In addition, Borders proposed rent reductions under several of our other leases. We are considering the proposed rent reductions. If we accepted, any reductions would need to be approved by the bankruptcy court. The rejection of any of the leases and any approved rent reductions would decrease our rental revenues and cash flows. Until Borders determines its plan under Chapter 11 and the bankruptcy court has acted, we cannot determine the ultimate impact the bankruptcy will have on our rental revenues and cash flows.

The following should be read in conjunction with the Interim Consolidated Financial Statements of Agree Realty Corporation, including the respective notes thereto, which are included in this report.

Recent Accounting Pronouncements

As of March 31, 2011, the impact of recent accounting pronouncements on our business is not considered to be material.

Critical Accounting Policies

Critical accounting policies are those that are both significant to the overall presentation of our financial condition and results of operations and require management to make difficult, complex or subjective judgments. For example, significant estimates and assumptions have been made with respect to revenue recognition, capitalization of costs

related to real estate investments, potential impairment of real estate investments, operating cost reimbursements, and taxable income.

Agree Realty Corporation

Minimum rental income attributable to leases is recorded when due from tenants. Certain leases provide for additional percentage rents based on tenants' sales volumes. These percentage rents are recognized when determinable by us. In addition, leases for certain tenants contain rent escalations and/or free rent during the first several months of the lease term; however, such amounts are not material.

Real estate assets are stated at cost less accumulated depreciation. All costs related to planning, development and construction of buildings prior to the date they become operational, including interest and real estate taxes during the construction period, are capitalized for financial reporting purposes and recorded as property under development until construction has been completed. The viability of all projects under construction or development is regularly evaluated under applicable accounting requirements, including requirements relating to abandonment of assets or changes in use. To the extent a project, or individual components of the project, are no longer considered to have value, the related capitalized costs are charged against operations. Subsequent to the completion of construction, expenditures for property maintenance are charged to operations as incurred, while significant renovations are capitalized. Depreciation of the buildings is recorded in accordance with the straight-line method using an estimated useful life of 40 years.

We evaluate real estate for impairment when events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable through estimated undiscounted future cash flows from the use of these assets. When any such impairment exists, the related assets will be written down to fair value and such excess carrying value is charged to income. The expected cash flows of a project are dependent on estimates and other factors subject to change, including (1) changes in the national, regional, and/or local economic climates, (2) competition from other shopping centers, stores, clubs, mailings, and the internet, (3) increases in operating costs, (4) bankruptcy and/or other changes in the condition of third parties, including tenants, (5) expected holding period, and (6) availability of credit. These factors could cause our expected future cash flows from a project to change, and, as a result, an impairment could be considered to have occurred.

Substantially all of our leases contain provisions requiring tenants to pay as additional rent a proportionate share of operating expenses ("operating cost reimbursements") including real estate taxes, repairs and maintenance and insurance. The related revenue from tenant billings is recognized in the same period the expense is recorded.

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"), commencing with our taxable year ended December 31, 1994. As a result, we are not subject to federal income taxes to the extent that we distribute annually at least 90% of our REIT taxable income to our stockholders and satisfy certain other requirements defined in the Code.

We have established TRS entities pursuant to the provisions of the REIT Modernization Act. Our TRS entities are able to engage in activities resulting in income that previously would have been disqualified from being eligible REIT income under the federal income tax regulations. As a result, certain of our activities which occur within our TRS entities are subject to federal and state income taxes. As of March 31, 2011 and December 31, 2010, we had accrued a deferred income tax amount of \$705,000. In addition, we have recognized income tax expense of \$102,000 and \$93,000 for the three months ended March 31, 2011 and year ended December 31, 2010, respectively.

Comparison of Three Months Ended March 31, 2011 to Three Months Ended March 31, 2010

Minimum rental income from continuing operations increased \$1,164,000, or 15%, to \$9,056,000 in 2011, compared to \$7,892,000 in 2010. The rental increase of \$476,000 was the result of development and redevelopment activities relating to the development of Walgreens drug stores in Ann Arbor, Michigan in September 2010, in Atlantic Beach,

Florida in October 2010 and St. Augustine Shores, Florida in November 2010, along with the redevelopment of the Dick's Sporting Goods in Boynton Beach, Florida in October 2010. We acquired various properties in 2010, which increased rental revenues by \$616,000. We acquired CVS drug stores in Atchison, Kansas and Johnstown, Ohio in June 2010, in Lake in the Hills, Illinois in August 2010 and in Mansfield, Connecticut in November 2010. We also acquired a PNC Bank branch in Antioch, Illinois and a Lowe's home improvement store in Concord, North Carolina in November 2010, a Chase bank branch in Spring Grove, Illinois and Kohl's department store in Tallahassee, Florida in December 2010 and an AT&T store in Wilmington, North Carolina in January 2011. In addition, rental income increased \$72,000 as a result of other rent adjustments.

Agree Realty Corporation

Percentage rents increased \$16,000 from \$0 in 2010 to \$16,000 in 2011.

Operating cost reimbursements increased \$69,000, or 10%, to \$739,000 in 2011, compared to \$670,000 in 2010. Operating cost reimbursements increased due to the change in real estate taxes and property operating expenses explained below.

We earned development fee income of \$411,000 in 2011 related to a project in Berkeley, California. There was \$397,000 of development fee income from a different project in 2010.

Other income increased to \$22,000 in 2011, compared to \$18,000 in 2010.

Real estate taxes increased \$125,000, or 26%, to \$614,000 in 2011, compared to \$489,000 in 2010. The change was the result of the acquisition of additional properties and the closing of five stores leased to Borders.

Property operating expenses (shopping center maintenance, snow removal, insurance and utilities) increased \$25,000, or 6%, to \$421,000 in 2011, compared to \$396,000 in 2010. The increase was the result of: an increase in shopping center maintenance costs of \$12,000; an increase in snow removal costs of \$13,000; a decrease in utility costs of (\$5,000); and an increase in insurance costs of \$5,000 in 2011 versus 2010.

Land lease payments increased \$130,000, or 135%, to \$227,000 in 2011, compared to \$97,000 in 2010. The increase was the result of the completion of a Walgreens drug store in Ann Arbor, Michigan and a Kohl's department store located in Tallahassee, Florida in 2010.

General and administrative expenses increased by \$190,000, or 15%, to \$1,442,000 in 2011, compared to \$1,252,000 in 2010. The increase in general and administrative expenses was the result of increased employee costs of \$104,000, increased legal costs of \$102,000, other costs of \$8,000, offset by a decrease in income tax expenses in our TRS entities of \$24,000. General and administrative expenses as a percentage of total rental income (minimum and percentage rents) increased from 14.53% for 2010 to 15.73% for 2011.

Depreciation and amortization increased \$284,000, or 21%, to \$1,628,000 in 2011, compared to \$1,344,000 in 2010. The increase was the result of the development of four properties in 2010 and the acquisition of nine properties in 2010, offset in part due to the discontinued operations.

Interest expense increased \$35,000, or 3%, to \$1,305,000 in 2011, compared to \$1,270,000 in 2010.

We recognized a gain on sale of assets of \$5,332,000 in 2010. The sale pertains to the sale of the Borders store in Santa Barbara, California in March 2010. There was no gain on sale of assets in 2011.

Income from discontinued operations was \$92,000 in 2011, and \$507,000 in 2010, as a result of the sale of the two Borders stores in Tulsa, Oklahoma in January 2011 and the sale of the Borders store in Santa Barbara, California in March 2010, the sale of the Walgreens store in Marion Oaks, Florida in October 2010, and the sale of the Aventura property in October 2010, along with the classification of the two Borders stores located in Tulsa, Oklahoma as held for sale in 2010.

Our net income decreased \$5,268,000, or 53%, to \$4,700,000 in 2011 from \$9,968,000 in 2010 as a result of the foregoing factors.

Agree Realty Corporation

Liquidity and Capital Resources

Our principal demands for liquidity are operations, distributions to our stockholders, debt repayment, development of new properties, redevelopment of existing properties and property acquisitions. We intend to meet our short-term liquidity requirements, including capital expenditures related to the leasing and improvement of our properties, through cash flow provided by operations and our \$55 million credit facility (the "Credit Facility") and our \$5 million line of credit (the "Line of Credit"). We believe that adequate cash flow will be available to fund our operations and pay dividends in accordance with REIT requirements for at least the next 12 months. We may obtain additional funds for future developments or acquisitions through other borrowings or the issuance of additional shares of common stock. We believe that these financing sources will enable us to generate funds sufficient to meet both our short-term and long-term capital needs.

We intend to maintain a ratio of total indebtedness (including construction or acquisition financing) to market capitalization of 65% or less. Nevertheless, we may operate with debt levels which are in excess of 65% of market capitalization for extended periods of time. At March 31, 2011, our ratio of indebtedness to market capitalization was approximately 42%.

During the quarter ended March 31, 2011, we declared a quarterly dividend of \$0.40 per share. We paid the dividend on April 12, 2011 to holders of record on March 31, 2011.

Our cash flows from operations increased \$980,000 to \$6,052,000 for the three months ended March 31, 2011, compared to \$5,072,000 for the three months ended March 31, 2010. Cash provided by investing activities was \$3,597,000 in 2011 compared to cash used in investing activities of \$243,000 in 2010. Cash used in financing activities increased \$4,491,000 to \$9,444,000 in 2011, compared to \$4,953,000 in 2010.

As of March 31, 2011, we had total mortgage indebtedness of \$69,774,824. Of this total mortgage indebtedness, \$46,233,996 is fixed rate, self-amortizing debt with a weighted average interest rate of 6.56%. The remaining mortgage debt of \$23,540,828 bears interest at 150 basis points over LIBOR or 1.76% as of March 31, 2011 and has a maturity date of July 14, 2013, which can be extended at our option for two additional years. In January 2009, we entered into an interest rate swap agreement that fixes the interest rate during the initial term of the variable-interest mortgage at 3.744%.

We have six mortgaged properties leased to Borders that serve as collateral for six non-recourse loans, including four mortgages that are cross-defaulted and cross-collateralized (the "Crossed Loans").

As of the date of this filing, and directly or indirectly because of the Chapter 11 bankruptcy filing of Borders in February 2011, we are in default on two of the six mortgage loans (the two loans that are not the Crossed Loans). The first loan had a principal amount outstanding of approximately \$2.3 million as of March 31, 2011, and is secured by a leasehold interest in the Borders store in Lawrence, Kansas, with 20,000 square feet of GLA. The store represented approximately \$421,000 of annual base rent as of March 31, 2011. Borders vacated the store and rejected the lease in April 2011.

The second defaulted loan had a principal amount outstanding of approximately \$5.7 million as of March 31, 2011, and is secured by the Borders corporate headquarters in Ann Arbor, Michigan, with 330,322 square feet of GLA. The property represented approximately \$769,000 of annualized base rent as of March 31, 2011. To date, Borders has continued to pay its monthly rent for the property. However, because the Borders bankruptcy constituted an event of default under the applicable loan agreement, the lender notified us that we are in default and that our obligations under

the loan have been accelerated and that default interest is owing. We continue to pay the normal debt service (without default interest) on the loan.

The four Crossed Loans had an aggregate principal amount outstanding of approximately \$9.4 million as of March 31, 2011, and are secured by the Borders stores in Oklahoma City, Oklahoma, Columbia, Maryland and Germantown, Maryland, and one of the Borders stores in Omaha, Nebraska. These locations have an aggregate of 103,000 square feet of GLA and represented approximately \$2.1 million of annualized base rent as of March 31, 2011. Borders vacated the Oklahoma City, Oklahoma store in April 2011 and rejected the lease and stopped making rental payments. To date, Borders continues to occupy and pay the monthly rent for the other three locations, although we can provide no assurance that Borders will not stop paying rent at these or other locations.

Agree Realty Corporation

While the Chapter 11 bankruptcy filing of Borders is not a direct event of default under the four Crossed Loans, as a result of the Oklahoma City, Oklahoma closure and lease rejection, we did not pay \$36,410 in monthly debt service for the loan associated with that location, which was due May 2, 2011. We anticipate that the lender may, after the applicable cure period, declare all four Crossed Loans in default and possibly accelerate our obligations thereunder.

We are in active discussions with the lenders for all six non-recourse loans regarding an appropriate course of action. We can provide no assurance that our negotiations with the lenders will result in favorable outcomes to us. Failure to restructure these mortgage obligations could result in default and foreclosure actions and the loss of the mortgaged properties. As of March 31, 2011, the net book value plus accumulated depreciation of the six mortgaged properties was approximately \$24.1 million, and the aggregate balances on the non-recourse loans amounted to approximately \$17.4 million. Annualized base rents as of March 31, 2011, for the six mortgaged properties was approximately \$3.2 million, or 8.97% of our total revenues for the year ended December 31, 2010. Net income for the six properties was approximately \$1.6 million, or 10.5% of our total net income for the year ended December 31, 2010.

In addition, the Operating Partnership has in place the \$55 million Credit Facility with Bank of America, as the agent, which is guaranteed by us. The Credit Facility was extended in January 2009 and now matures in November 2011. Advances under the Credit Facility bear interest within a range of one-month to 12-month LIBOR plus 100 basis points to 150 basis points or the lender's prime rate, at our option, based on certain factors such as the ratio of our indebtedness to the capital value of our properties. The Credit Facility generally is used to fund property acquisitions and development activities. As of March 31, 2011, approximately \$25.4 million was outstanding under the Credit Facility bearing a weighted average interest rate of 1.34%. The Borders bankruptcy is not an event of default under the Credit Facility, and we have approximately \$29.6 million in borrowing capacity remaining under the facility.

We also have in place the \$5 million Line of Credit that was extended in October 2009 and now matures in November 2011. The Line of Credit bears interest at the lender's prime rate less 75 basis points or 150 basis points in excess of the one-month to 12-month LIBOR rate, at our option. The purpose of the Line of Credit is generally to provide working capital and fund land options and start-up costs associated with new projects. As of March 31, 2011, \$750,000 was outstanding under the Line of Credit bearing a weighted average interest rate of 2.50%.

We are currently negotiating with financial institutions regarding the extension of the Credit Facility and Line of Credit or the establishment of replacement facilities.

The following table outlines our contractual obligations, excluding the effect of mortgage defaults, as of March 31, 2011 for the periods presented below (in thousands).

	Total	April 1, 2011 – March 31, 2012	April 1, 2012 – March 31, 2014	April 1, 2014 – March 31, 2016	Thereafter
Mortgages Payable	\$69,775	\$4,280	\$31,310	\$9,455	\$24,730
Notes Payable	26,130	26,130	—	—	—
Land Lease Obligation	18,606	712	1,425	1,425	15,044
Estimated Interest Payments on Mortgages and Notes Payable	19,860	4,150	6,239	3,898	5,573
Other Long-Term Liabilities	—	—	—	—	—
Total	\$134,371	\$35,272	\$38,974	\$14,778	\$45,347

Agree Realty Corporation

We plan to begin construction of additional pre-leased developments and may acquire additional properties, which will initially be financed by the Credit Facility and Line of Credit. We will periodically refinance short-term construction and acquisition financing with long-term debt and/or equity to the extent available.

Off-Balance Sheet Arrangements

We do not engage in any off-balance sheet arrangements with unconsolidated entities or financial partnerships, such as structured finance or special purpose entities.

Inflation

Our leases generally contain provisions designed to mitigate the adverse impact of inflation on net income. These provisions include clauses enabling us to pass through to tenants certain operating costs, including real estate taxes, common area maintenance, utilities and insurance, thereby reducing our exposure to increases in costs and operating expenses resulting from inflation. Certain of our leases contain clauses enabling us to receive percentage rents based on tenants' gross sales, which generally increase as prices rise, and, in certain cases, escalation clauses, which generally increase rental rates during the terms of the leases. In addition, expiring tenant leases permit us to seek increased rents upon re-lease at market rates if rents are below the then existing market rates.

Funds from Operations

Funds from Operations ("FFO") is defined by the National Association of Real Estate Investment Trusts, Inc. ("NAREIT") to mean net income computed in accordance with generally accepted accounting principles ("GAAP"), excluding gains (or losses) from sales of property, plus real estate related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures. Management uses FFO as a supplemental measure to conduct and evaluate our business because there are certain limitations associated with using GAAP net income by itself as the primary measure of our operating performance. Historical cost accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, management believes that the presentation of operating results for real estate companies that use historical cost accounting is insufficient by itself.

FFO should not be considered as an alternative to net income as the primary indicator of our operating performance or as an alternative to cash flow as a measure of liquidity. Further, while we adhere to the NAREIT definition of FFO, our presentation of FFO is not necessarily comparable to similarly titled measures of other REITs due to the fact that not all REITs use the same definition.

The following table provides a reconciliation of FFO and net income for the three months ended March 31, 2011 and 2010:

	Three Months Ended March 31,	
	2011	2010
Net income	\$4,700,059	\$9,968,480
Depreciation of real estate assets	1,592,050	1,400,791
Amortization of leasing costs	25,301	19,027
Gain on sale of fixed asset	-	(5,331,685)

Funds from Operations	\$6,317,410	\$6,056,613
Weighted Average Shares and Operating Partnership Units Outstanding – Dilutive	9,996,015	8,477,909

Agree Realty Corporation

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to interest rate risk primarily through borrowing activities. There is inherent roll-over risk for borrowings as they mature and are renewed at current market rates. The extent of this risk is not quantifiable or predictable because of the variability of future interest rates and our future financing requirements. Our interest rate risk is monitored using a variety of techniques. The table below presents the principal payments (in thousands) and the weighted average interest rates on outstanding debt, by year of expected maturity, to evaluate the expected cash flows and sensitivity to interest rate changes.

	Year ended March 31,												Total	
	2012		2013		2014		2015		2016		Thereafter			
Fixed rate mortgage	\$	3,756	\$	4,011	\$	4,282	\$	4,572	\$	4,883	\$	24,730	\$	46,234
Average interest rate		6.56	%	6.56	%	6.56	%	6.56	%	6.56	%	6.56	%	—
Variable rate mortgage	\$	524	\$	556	\$	22,461	—	—	—	—	—	—	\$	23,541
Average interest rate		3.74	%	3.74	%	3.74	%	—	—	—	—	—	—	—
Other variable rate debt	\$	26,130	—	—	—	—	—	—	—	—	—	—	\$	26,130
Average interest rate		1.38	%	—	—	—	—	—	—	—	—	—	—	—

The fair value (in thousands) is estimated at \$46,209, \$22,185 and \$26,130 for fixed rate mortgages, variable rate mortgage and other variable rate debt, respectively, as of March 31, 2011.

The table above incorporates those exposures that exist as of March 31, 2011; it does not consider those exposures or positions, which could arise after that date. As a result, our ultimate realized gain or loss with respect to interest rate fluctuations will depend on the exposures that arise during the period and interest rates.

We entered into an interest rate swap agreement to hedge interest rates on \$24.5 million in variable-rate borrowings outstanding. Under the terms of the interest rate swap agreement, we will receive from the counterparty interest on the notional amount based on 1.5% plus one-month LIBOR and will pay to the counterparty a fixed rate of 3.744%. This swap effectively converted \$24.5 million of variable-rate borrowings to fixed-rate borrowings. As of March 31, 2011, the interest rate swap was valued at a liability of \$671,410. We do not use derivative instruments for trading or other speculative purposes and we did not have any other derivative instruments or hedging activities as of March 31, 2011.

Agree Realty Corporation

As of March 31, 2011, a 100 basis point increase in interest rates on the portion of our debt bearing interest at variable rates would result in an annual increase in interest expense of approximately \$261,000.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

At the end of the period covered by this report, we conducted an evaluation, under the supervision and with the participation of our principal executive officer and principal financial officer, of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, the principal executive officer and principal financial officer concluded that our disclosure controls and procedures for the periods covered by this report were effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

Changes in Internal Control Over Financial Reporting

There was no change in our internal control over financial reporting during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are not presently involved in any litigation nor, to our knowledge, is any other litigation threatened against us, except for routine litigation arising in the ordinary course of business which is expected to be covered by our liability insurance.

ITEM 1A. RISK FACTORS

There have been no material changes from our risk factors set forth under Item 1A of Part 1 of our most recently filed Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

Information related to our defaults on indebtedness is included in Item 2 under “Management’s Discussion of Financial Condition and Results of Operations – Liquidity and Capital Resources” above and is incorporated by reference herein.

ITEM 4. [REMOVED AND RESERVED]

Agree Realty Corporation

ITEM 5. OTHER INFORMATION

As of the quarter ended March 31, 2011, all items required to be disclosed under Form 8-K were reported under Form 8-K.

As discussed above under “Management’s Discussion of Financial Condition and Results of Operations – Liquidity and Capital Resources,” we have six mortgaged properties leased to Borders that serve as collateral for six non-recourse loans, including four mortgages that are cross-defaulted and cross-collateralized. As of the date of this filing, and directly or indirectly because of the Chapter 11 filing of Borders in February 2011, we are in default on two of the six mortgage loans (the two loans that are not the Crossed Loans).

The first loan had a principal amount outstanding of approximately \$2.3 million as of March 31, 2011, has an interest rate of 7.50% per annum, and is secured by a leasehold interest in the Borders store in Lawrence, Kansas. The loan matures in May 2022. Borders vacated the store and rejected the lease in April 2011.

The second defaulted loan had a principal amount outstanding of approximately \$5.7 million as of March 31, 2011, has an interest rate of 6.50% per annum, and is secured by the Borders corporate headquarters in Ann Arbor, Michigan. The loan matures in February 2023. To date, Borders has continued to pay its monthly rent for the property. However, because the Borders bankruptcy constituted an event of default under the applicable loan agreement, the lender notified us on March 11, 2011, that we are in default and that default interest is owing and on March 21, 2011, that our obligations under the loan have been accelerated. We continue to pay the normal debt service (without default interest) on the loan.

The four Crossed Loans had an aggregate principal amount outstanding of approximately \$9.4 million as of March 31, 2011, have an interest rate of 6.20% per annum, and are secured by the Borders stores in Oklahoma City, Oklahoma, Columbia, Maryland and Germantown, Maryland, and one of the Borders stores in Omaha, Nebraska. The loans mature in November 2018. Borders vacated the Oklahoma City, Oklahoma store in April 2011 and rejected the lease and stopped making rental payments. To date, Borders continues to occupy and pay the monthly rent for the other three locations, although we can provide no assurance that Borders will not stop paying rent at these or other locations.

While the Chapter 11 bankruptcy filing of Borders is not a direct event of default under the four Crossed Loans, as a result of the Oklahoma City, Oklahoma closure and lease rejection, we did not pay \$36,410 in monthly debt service for the loan associated with that location, which was due May 2, 2011. We anticipate that the lender may, after the applicable 5-day cure period from the date of notice, declare all four Crossed Loans in default and possibly accelerate our obligations thereunder. At that time, the principal of and the interest accrued on the Crossed Loans shall immediately become due and payable, regardless of the maturity date. In addition, any sums not paid when due, whether maturing by lapse of time or by reason of acceleration of the loan, bear interest at the lesser of either (i) the highest rate of interest then allowed by applicable law, or (b) the then applicable interest rate (6.20% per annum) plus 500 basis points per annum.

We are in active discussions with the lenders for all six non-recourse loans regarding an appropriate course of action. We can provide no assurance that our negotiations with the lenders will result in favorable outcomes to us. Failure to restructure these mortgage obligations could result in default and foreclosure actions and the loss of the mortgaged properties.
