Questions and Answers about the Annual Meeting and Voting

Why did I receive these proxy materials?

You received these proxy materials because you were a stockholder of Ralph Lauren Corporation on June 10, 2015, the record date for the Annual Meeting of Stockholders (the Record Date). At the Annual Meeting of Stockholders, stockholders will be asked to vote on several items of business. Since it is not practical or convenient for all stockholders to attend the meeting in person, our Board is seeking your proxy to vote on these matters.

What is the Notice and Access model and why did the Company elect to use it?

We are making the proxy materials available to stockholders on the Internet under the Securities and Exchange Commission's (SEC) Notice and Access model. On or about June 25, 2015, we will mail to all stockholders a Notice of Internet Availability of Proxy Materials (Notice of Internet Availability) in lieu of mailing a full printed set of the proxy materials. Accordingly, our proxy materials are first being made available to our stockholders on our website, <http://investor.ralphlauren.com>, on or about June 25, 2015. The Notice of Internet Availability includes instructions for accessing the proxy materials and voting by telephone or on the Internet. You will also find instructions for requesting a full printed set of the proxy materials in the Notice of Internet Availability.

We believe the electronic method of delivery under the Notice of Internet Availability model will decrease postage and printing expenses, expedite delivery of proxy materials to you and reduce our environmental impact, and we encourage you to take advantage of the availability of the proxy materials on the Internet. If you received the Notice of Internet Availability but would like to receive a full printed set of the proxy materials in the mail, you may follow the instructions in the Notice of Internet Availability for requesting such materials.

How can I get electronic access to the proxy materials?

The Notice of Internet Availability will provide you with instructions for viewing our proxy materials for the Annual Meeting of Stockholders on the Internet and requesting that we send proxy materials to you by email. The proxy materials are also available on our website at <http://investor.ralphlauren.com>.

Who is entitled to vote?

Only holders of record of shares of our Class A Common Stock and Class B Common Stock (together, the Common Stock) at the close of business on the Record Date are entitled to notice of, and to vote at, the Annual Meeting of Stockholders and adjournments or postponements thereof. The presence, in person or by proxy, of the holders of one-third of the total number of shares of Common Stock outstanding on the Record Date will constitute a quorum for the transaction of business at the Annual Meeting of Stockholders.

On June 10, 2015, there were 59,826,553 outstanding shares of Class A Common Stock and 25,881,276 outstanding shares of Class B Common Stock. Except for the election of directors, the Class A Common Stock and Class B Common Stock vote together as a single class on all matters presented for the

Table of Contents

consideration of our stockholders. The Class A Common Stock is publicly traded on the New York Stock Exchange (NYSE) under the symbol RL; the Class B Common Stock is owned by Ralph Lauren and entities owned by, or established for the benefit of, Mr. Lauren, or members of his family. Each owner of record of Class A Common Stock on the record date is entitled to one vote for each share. Each owner of record of Class B Common Stock on the record date is entitled to ten votes for each share.

What is the difference between a stockholder of record and a stockholder who holds stock in street name ?

If you hold shares of Ralph Lauren Corporation directly in your name with our transfer agent, Computershare, you are a stockholder of record or registered stockholder. The Notice of Internet Availability has been sent directly to you by the Company or by our representative.

If you own your shares indirectly through a broker, bank or other financial institution, your shares are said to be held in street name. Technically, your bank or broker will vote those shares. In this case, the Notice of Internet Availability has been forwarded to you by your broker, bank, other financial institution, or other designated representative. Through this process, your bank or broker collects voting instructions from all of its customers who hold shares of Ralph Lauren Corporation and then submits those votes to us.

What are broker discretionary voting and broker non-votes?

For shares held in street name, when a broker or bank does not receive voting instructions from its customers, the question arises whether the broker or bank nonetheless has the discretion to vote those shares.

For routine matters, the NYSE gives brokers and banks the discretion to vote, even if they have not received voting instructions from their customers or the beneficial owners of such shares. In this Proxy Statement, only the ratification of our independent registered public accounting firm, Ernst & Young LLP (Ernst & Young), (Proposal 2) is a matter considered routine by the NYSE.

For non-routine matters, the NYSE prohibits brokers and banks from casting votes on behalf of the beneficial owners if they have not received voting instructions. When the bank or broker is unable to vote under these rules, it reports the number of unvoted shares to us as broker non-votes. In this Proxy Statement, the election of directors (Proposal 1) and the advisory vote on executive compensation (Proposal 3) are matters considered non-routine by the NYSE. As a result, on each of these items, if you hold your shares in street name, your shares will be voted only if you give instructions to your bank or broker.

Table of Contents***What are my voting options and what vote is needed to pass the proposals included in this Proxy Statement?***

Only votes cast FOR a nominee will be counted in the election of directors. Votes that are withheld with respect to one or more nominees will result in those nominees receiving fewer votes but will not count as a vote against the nominees. You have the right to vote FOR or AGAINST each of the other proposals, or to ABSTAIN from voting. The following table summarizes each proposal, the Board's recommendation, the affirmative vote required for approval and whether broker discretionary voting is allowed.

Proposal Number	Proposal	Board Recommendation	Affirmative Vote Required for Approval	Broker Discretionary Voting Allowed
1	<p>Election of Directors</p> <p>Three directors (the Class A Directors) will be elected by a plurality vote of the shares of Class A Common Stock present in person or by proxy at the 2015 Annual Meeting of Stockholders and eligible to vote.</p> <p>Eight directors (the Class B Directors) will be elected by a plurality vote of the shares of Class B Common Stock present in person or by proxy at the 2015 Annual Meeting of Stockholders and eligible to vote.</p>	<p>FOR each nominee</p> <p>FOR each nominee</p>	<p>Plurality vote</p> <p>Plurality vote</p>	<p>No</p> <p>No</p>

---	---	-----	------------------------	----

How will broker non-votes and abstentions be counted?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Only FOR and AGAINST votes are counted for purposes of determining the votes cast in connection with each proposal. Therefore, broker non-votes and abstentions will not be counted as a vote FOR the election of directors in Proposal 1 and will have no effect on determining whether the affirmative vote constitutes a majority of the votes cast with respect to Proposals 2 and 3.

(PROPOSAL 1)

ELECTION OF DIRECTORS

Our Third Amended and Restated By-laws provide that our Board may fix the number of directors constituting the entire Board between six and twenty. If a substitute nominee is designated, the persons named in the enclosed proxy will vote all proxies that would otherwise be voted for the named nominee or nominees for the election of such substitute nominee or nominees.

OUR BOARD RECOMMENDS A VOTE FOR EACH NOMINEE AS A DIRECTOR TO HOLD OFFICE UNTIL THE 2016 ANNUAL MEETING OF STOCKHOLDERS AND UNTIL HIS OR HER SUCCESSOR IS ELECTED AND QUALIFIED. CORPORATE GOVERNANCE

The Board and management are committed to sound corporate governance. We have in place a comprehensive corporate governance framework which incorporates the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the SEC and the NYSE. Consistent with our commitment to corporate governance, we do not rely on the exceptions from certain of the NYSE's corporate governance listing requirements available to majority controlled companies. The key components of our corporate governance framework are set forth in the following documents:

our Amended and Restated Certificate of Incorporation;

our Third Amended and Restated By-Laws;

our Corporate Governance Policies;

our Audit Committee Charter;

our Nominating & Governance Committee Charter;

our Compensation & Organizational Development Committee (the Compensation Committee) Charter;

our Code of Business Conduct and Ethics; and

our Code of Ethics for Principal Executive Officers and Senior Financial Officers.

Each of the above documents is available on our investor relations website at <http://investor.ralphlauren.com> by clicking on Corporate Governance. Copies of these documents are available to stockholders without charge upon written request to our Investor Relations Department, 625 Madison Avenue, New York, New York 10022. Only the Board may grant a waiver under our codes of ethics to any director or executive officer, and any such waiver will be promptly posted on our website.

In addition, we strive to operate our business in a manner that incorporates our guiding principles and ethics, including having global programs that protect human rights and fair labor practices, instituting supply chain initiatives that protect the environment, and participating in wide ranging community service and philanthropic efforts that assist underserved communities. We issued our second annual Citizenship Report on these matters on our investor relations website in June 2015.

Company Leadership Structure

Mr. Ralph Lauren has been the Chairman of the Board and Chief Executive Officer (CEO) of our Company for over four decades. Mr. Lauren is not only our Chairman and CEO but is also our founder and creator. His name is inextricably linked to our various brands. His aesthetic vision and direction are unique and integral components of our success. Mr. Lauren's career has resulted in numerous tributes for his contributions to the fashion industry, including the Council of Fashion Designers of America's four highest honors: the Lifetime Achievement Award, the Womenswear Designer of the Year Award, the Menswear Designer of the Year Award and the Retailer of the Year

Table of Contents

Award. In addition, Mr. Lauren and entities controlled by the Lauren family own approximately 81% of the voting power of our outstanding Common Stock.

The Board believes that Mr. Lauren's combined role as the Chairman and CEO fosters effective decision-making and alignment on corporate strategy. The combined role also enables decisive leadership and enhances our ability to communicate our vision and strategy clearly and consistently to stockholders, employees and customers in the fashion and retail industry. Unified leadership for the Board and the Company best allows for focus on the oversight and implementation of our strategic initiatives and business plan. For these reasons and, given the unparalleled mark that Mr. Lauren has on our Company, the Board believes that it is appropriate and in the best interest of our stockholders for Mr. Lauren to serve as both Chairman and CEO.

Director Independence and Non-Management Director Meetings

Our Board believes that a majority of our directors should be independent, and has determined that all of our non-management directors, John R. Alchin, Arnold H. Aronson, Frank A. Bennack, Jr., Dr. Joyce F. Brown, Joel L. Fleishman, Hubert Joly, Judith A. McHale and Robert C. Wright, are independent. Prior to the resignation of Steven P. Murphy from the Board in May 2015, the Board also determined that he was independent during his tenure as a non-management director. In considering the independence of our non-management directors, we considered, among other factors, commercial transactions made, from time to time, in the ordinary course of business between us and certain entities affiliated with non-management directors. In each case, the transactions have substantially the same terms as are prevailing at the time for comparable businesses and the indirect interest of the non-management director in the transaction was found to be immaterial and in amounts that do not impair the independence of the relevant non-management director under our Corporate Governance Policies and the NYSE's corporate governance listing standards. We also considered charitable contributions to entities affiliated with our non-management directors. The indirect interests of non-management directors in these charitable contributions were found to be immaterial and in amounts that do not impair the independence of the relevant non-management director under the NYSE's corporate governance listing standards. Our guidelines for determining directors' independence are set forth as Appendix A to this Proxy Statement.

As stated in our Corporate Governance Policies, the Board believes that appointing a lead independent director is not desirable because the Board's size and composition make interaction among all members and communication with management relatively easy. As a result, we do not have a lead independent director. At each of our regularly scheduled Board and committee meetings, the independent directors participate in an executive session without the Chairman and CEO or any members of the Company's management present. In Fiscal 2015, our non-management directors met together as a Board four times without any management representatives present. During these executive sessions of independent directors, the Chairs of each of the Audit Committee, the Compensation Committee and the Nominating & Governance Committee preside on a rotating basis based on the topics to be discussed. In addition, our non-management directors also meet together in executive session without any management representatives present after each meeting of the Audit Committee, the Compensation Committee and the Nominating & Governance Committee.

Table of Contents**Director Attendance at Annual Meetings of Stockholders and Meetings of the Board of Directors**

Our directors are expected to attend each Annual Meeting of Stockholders. Eleven of the twelve directors then nominated for re-election attended the 2014 Annual Meeting of Stockholders.

The Board held four meetings during Fiscal 2015. All of the members of our Board attended at least 75% of the meetings held by the Board and the committees of the Board on which he or she served, except for Judith A. McHale, who attended approximately 71% of such meetings, and was absent from one Board meeting and one Board committee meeting due to certain family obligations. The Board and its committees also act from time to time by unanimous written consent in lieu of meetings.

Independent Committees of the Board of Directors

1: Steven P. Murphy was a member of the Compensation Committee during the Company's Fiscal 2015 until his resignation from our Board on May 12, 2015.

Audit Committee

Role of the Audit Committee. The Audit Committee appoints our independent registered public accounting firm, and approves in advance all audit and permitted non-audit services performed by them and the scope and cost of their annual audits. The Audit Committee reviews, among other things, (i) the results of the independent registered public accounting firm's annual audits and quarterly reviews, (ii) management's compliance with our major accounting and financial reporting policies, (iii) the adequacy of our financial organization and management's procedures and policies relating to our internal control over financial reporting and (iv) our compliance with applicable laws relating to accounting practice. The Audit Committee met four times in Fiscal 2015. The Board has determined

that each member of the Audit Committee is financially literate and that at least two members of the Audit Committee, Mr. Bennack, its Chair, and Mr. Alchin, are audit committee financial experts, as defined by the SEC. The Audit Committee has adopted a formal policy for the approval of the performance of all audit and non-audit services of the independent registered public accounting firm. This policy is described under (PROPOSAL 2) RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Compensation Committee

Role of the Compensation Committee. The Compensation Committee reviews and approves the compensation of executive officers and certain key members of our senior management, and compensation plans and arrangements with respect to such executive officers and members of senior management. The Compensation Committee also administers the plans in which certain employees may participate, including our Amended and Restated 2010 Long-Term Stock Incentive Plan (the 2010 Stock Incentive Plan), which replaced our 1997 Long-Term Stock Incentive Plan (the 1997 Stock Incentive Plan), and our Amended and Restated Executive Officer Annual Incentive Plan (EOAIP). In addition, the Compensation Committee maintains oversight in the development of succession plans for certain key executive positions within our senior management and may review and provide guidance on certain of our programs relating to our diversity, talent review and leadership development. The Compensation Committee met eleven times in Fiscal 2015.

Compensation Committee Interlocks and Insider Participation. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our Board or Compensation Committee. There are no Compensation Committee interlocks. Steven P. Murphy served as an independent member of the Compensation Committee for the entirety of Fiscal 2015 and a portion of Fiscal 2016. In Fiscal 2016, the Company and Mr. Murphy entered into a consulting services agreement, pursuant to which he will serve as an independent consultant and will advise the Company on strategic and business projects . He will be compensated by the Company in the amount of 8,835 per day, subject to a mutually agreed upon budget for services provided for any such project. Prior to entering into this agreement, Mr. Murphy resigned from our Board effective as of May 12, 2015.

Nominating & Governance Committee

Role of the Nominating & Governance Committee. The Nominating & Governance Committee identifies individuals qualified to become directors, recommends director nominees to the Board, develops and recommends corporate governance policies to the Board, reviews related party transactions, exercises oversight of the evaluation of the members of the Board and committees and recommends to the Board policies and principles for CEO succession, selection and performance reviews. The Nominating & Governance Committee met three times in Fiscal 2015.

Board of Directors Oversight of Risk

Our management is responsible for understanding and managing the risks that we face in our business, and the Board is responsible for overseeing management s overall approach to risk management. The involvement of the full Board in reviewing our strategic objectives and business plans is a significant element of the Board s assessment of management s approach and tolerance for risk. In addition, the committees of the Board, primarily through the Audit

Committee and

Table of Contents

Compensation Committee, report to the full Board at regularly scheduled Board meetings on any identified material risks within that committee's area of responsibilities. The Audit Committee has responsibility for oversight of corporate finance and financial reporting related risks, including those related to our accounting, auditing and financial reporting practices. The Compensation Committee is responsible for the oversight of our compensation policies and practices, including conducting annual risk assessments, and evaluating and approving our executive compensation and benefit plans and programs.

Analysis of Risks Arising from Compensation Policies and Programs

The Compensation Committee has reviewed an assessment by management of our compensation programs and practices for our employees, including our executive and non-executive programs and practices. This assessment focused on program design features and controls to evaluate whether such programs encourage unnecessary or excessive risk taking, and how policies and programs are structured to mitigate any such risks.

Selected key elements of our compensation programs that were reviewed include the following:

Pay Mix and Structure: Our executive compensation programs appropriately balance both short-term and long-term performance through our annual cash incentive bonus program and long-term equity awards. Equity awards deliver value to employees through both stock price appreciation and company performance. A significant portion of variable pay is delivered through equity awards with vesting schedules and performance periods covering multiple years, thus emphasizing long-term company performance.

Incentive Caps: Our executive annual cash incentive bonus plan as well as our non-executive bonus plans do not allow for unlimited payouts. We believe that the range of payouts should be capped to avoid encouraging decisions that maximize short-term gain at the expense of long-term viability. In addition to caps on all cash incentive bonus awards, Pro-rata restricted performance share units (Pro-Rata RPSUs) cannot exceed target levels and cliff restricted performance share units (Cliff RPSUs) cannot exceed a fixed percentage above target levels.

Performance: To strengthen the relationship between pay and performance, our executive annual cash incentive bonus plan, our non-executive commission and bonus plans and restricted performance share unit (RPSU) awards are subject to the achievement of pre-established performance targets, which are established independently of plan participants. We believe that our incentive plan metrics are appropriately balanced between short-term incentives such as net income before taxes and long-term metrics such as a cumulative three-year net income figure for our Cliff RPSUs.

Change in Control Policy: The change in control arrangements for our named executive officers (NEOs) provide for cash payments only upon actual termination of employment. Our 2010 Stock Incentive Plan

provides for double-trigger vesting to all executives. As a result, all unvested equity awards are subject to double-trigger vesting so that acceleration of vesting does not occur unless the executive's employment is actually terminated under certain limited circumstances following a change in control.

Table of Contents

Ownership Guidelines: We have stock ownership guidelines for the NEOs and select other members of our senior management group that are intended to align the interests of these individuals with our stockholders. As a result, such individuals may be less likely to take short-term risk if a meaningful portion of their personal financial investment is linked to our long-term holdings.

Clawback Policy: We have adopted a clawback policy applicable to our NEOs. Under our clawback policy, the Compensation Committee may, in its reasonable discretion, require an NEO to reimburse us for the amount of any payment previously received by such officer under our cash incentive bonus plan as well as equity plan if, as a result of such officer's intentional misconduct or gross negligence, we are required to restate our financial statements.

As a result of this review, the Compensation Committee determined that any risks that may result from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company.

Director Nominating Procedures and Diversity

The Nominating & Governance Committee identifies and evaluates candidates for nomination as directors and submits its recommendations to the full Board for its consideration. The Nominating & Governance Committee, guided by the membership criteria established by the Board in our Corporate Governance Policies, seeks highly qualified candidates who combine a broad spectrum of experience and expertise with a reputation for integrity. We maintain a majority of independent directors and the Board considers a number of factors in selecting director candidates. Although we do not have a formal policy concerning diversity considerations, the Nominating & Governance Committee does consider diversity with respect to viewpoint, skills and experience in determining the appropriate composition of the Board and identifying director nominees. In addition, the Board considers the contributions the individual can make to the Board and management as we strive for a body of directors reflecting different genders, ethnic backgrounds and professional experiences and expertise. In the Board's annual self-evaluation, one of the factors that the Board considers is whether the membership of the Board provides an adequate mix of characteristics, experience and skills to serve the Company and its stockholders effectively. The Nominating & Governance Committee solicits and receives suggestions for, as well as comments upon, director candidates from other directors, including the Chairman of the Board, and usually engages third parties either to assist in the search for director candidates or to assist in gathering information regarding director candidates' background and experience. If the Nominating & Governance Committee engages a third party to assist it, the Nominating & Governance Committee approves the fees that we pay for these services.

The Nominating & Governance Committee will consider candidates recommended by our directors, members of management and stockholders, and will evaluate candidates recommended by stockholders on the same basis as other candidates. Candidates should have experience in positions with a high degree of responsibility and be leaders in the companies or institutions with which they are affiliated. Upon receiving a stockholder recommendation, the Nominating & Governance Committee will initially determine the need for additional or replacement members of the Board and then evaluate the candidate based on the information it receives with the stockholder recommendation or that it may otherwise acquire, and may, in its discretion, consult with the Chairman and other members of our

Table of Contents

Board. If the Nominating & Governance Committee determines that a more comprehensive evaluation is warranted, it may obtain additional information about the director candidate's background and experience, including by means of interviews with the candidate.

Our stockholders may recommend candidates at any time, but the Nominating & Governance Committee requires recommendations for election at an annual meeting of stockholders to be submitted to the Nominating & Governance Committee no later than 120 days before the first anniversary of the date of the proxy statement sent to stockholders in connection with the previous year's Annual Meeting of Stockholders in order to be considered for nomination by the Nominating & Governance Committee. The Nominating & Governance Committee believes this deadline is appropriate and in our best interests and those of our stockholders because it ensures that it has sufficient time to evaluate properly all proposed candidates. Therefore, to submit a candidate for consideration for nomination at the 2016 Annual Meeting of Stockholders, a stockholder must submit the recommendation, in writing, by February 26, 2016. The written notice must include:

all information relating to each potential candidate whom the stockholder is recommending that would be required to be disclosed in a solicitation of proxies for the election of such person as a director pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serve as a director if elected;

the name and address of the stockholder giving the notice, as they appear on the Company's books, and of the beneficial owner of those shares; and

the class and number of shares which are owned beneficially or of record by the stockholder and the beneficial owner.

Recommendations must be sent to the Nominating & Governance Committee, Office of the Secretary/Legal Department, **Ralph Lauren Corporation, 625 Madison Avenue, New York, New York 10022.**

Our stockholders may directly nominate an individual for election as a director at an annual meeting of stockholders by complying with the nominating procedures set forth in our Third Amended and Restated By-laws, which are described below under the caption "Additional Matters" Stockholder Proposals for the 2016 Annual Meeting of Stockholders.

Director Communications

Stockholders and interested parties may contact any of our directors, including the Chairman of the Board, the Chairs of the Board's independent committees, any committee of the Board, the Board's non-management directors as a group or the entire Board, by writing to them as follows: [Name(s)/Title(s)], c/o Legal Department and Office of the Corporate Secretary, Ralph Lauren Corporation, 625 Madison Avenue, New York, New York 10022. Communications received in this manner will be handled in accordance with the procedures approved by our

independent directors, who have also requested that certain items that are unrelated to the duties and responsibilities of the Board should be excluded, such as spam, junk mail and mass mailings, product complaints, product inquiries, new product suggestions, resumés and other forms of job inquiries, surveys and business solicitations

or advertisements. In addition, material that is threatening, illegal or similarly unsuitable will be excluded, with the provision that any communication that is filtered out will be available to any non-management director upon request.

Audit Committee Communications

Complaints and concerns relating to accounting, internal control over financial reporting or auditing matters may be communicated to the Audit Committee, which consists solely of non-employee directors, through the Office of the Secretary/Legal Department as described above under Director Communications. Any such communication may be anonymous.

All complaints and concerns will be reviewed by the Audit Committee or a designated member of the Audit Committee. If the Audit Committee or its member designee determines that a reasonable basis exists for conducting a formal investigation, the Audit Committee will direct and supervise the investigation, and may retain independent legal counsel, accountants and other advisors as it deems necessary. Confidentiality will be maintained to the fullest extent consistent with the need to conduct an adequate review. Prompt and appropriate corrective action will be taken when and as warranted in the judgment of the Audit Committee.

We will not discharge, demote, suspend, threaten, harass or in any manner discriminate or retaliate against any employee in the terms and conditions of his or her employment or otherwise to the extent prohibited by law based upon any lawful actions of such employee with respect to good faith reporting of complaints regarding accounting, internal controls or auditing matters.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the Company's consolidated financial statements, the Company's compliance with legal and regulatory requirements, the Company's system of internal control over financial reporting and the qualifications, independence and performance of the Company's internal and independent registered public accounting firm. The Audit Committee has the sole authority and responsibility to select, evaluate and, when appropriate, replace the Company's independent registered public accounting firm. The Audit Committee currently is composed of four independent directors and operates under a written charter adopted by the Audit Committee and ratified by the Board.

Management is responsible for the Company's financial reporting process, including the Company's internal control over financial reporting, and for the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles. Ernst & Young, as the Company's independent registered public accounting firm for the fiscal year ending March 28, 2015, was responsible for auditing those financial statements and expressing its opinion as to the fairness of the financial statement presentation in accordance with generally accepted accounting principles, and the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to oversee and review these processes. The Audit Committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations or generally accepted accounting principles or as to auditor independence. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management and the independent registered public accounting firm.

In this context, the Audit Committee has met and held discussions with management and Ernst & Young, the Company's independent registered public accounting firm for the fiscal year ended March 28, 2015. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed with management, the Company's internal auditors and Ernst & Young, the Company's consolidated financial statements for Fiscal 2015 and the Company's internal control over financial reporting. The Audit Committee also discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). Ernst & Young provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, as amended (Independence Discussions with Audit Committees), and the Audit Committee discussed their independence with them. In determining Ernst & Young's independence, the Audit Committee considered whether their provision of non-audit services to the Company was compatible with maintaining independence. The Audit Committee received regular updates on Ernst & Young's fees and the scope of audit and non-audit services it provided. All such services were provided consistent with applicable rules and the Company's pre-approval policies and procedures.

Based on our discussions with management, the Company's internal auditors and Ernst & Young and our review of the audited financial statements, including the representations of management and Ernst & Young with respect thereto, and subject in all cases to the limitations on our role and responsibilities referred to above and set forth in the Audit Committee Charter, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements for the fiscal year ended March 28, 2015 be included in the Company's Annual Report on Form 10-K.

The Audit Committee also approved, subject to stockholder ratification, the selection of Ernst & Young as the Company's independent registered public accounting firm for the fiscal year ending April 2, 2016.

COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers to file initial reports of ownership and reports of changes in ownership of our Class A Common Stock with the SEC and to provide copies of these reports to us. DIRECTOR COMPENSATION

On August 7, 2014, the Board approved changes to the annual compensation provided to non-employee directors to better align with market practice. For Fiscal 2015, the compensation for non-employee directors is as follows:

Effective as of August 8, 2014, we increased the annual retainer for each non-employee director from \$60,000 to \$70,000.

The annual retainer fee for the Chairs of the Audit Committee and the Compensation Committee of \$20,000, and the annual retainer fee for the Chair of the Nominating & Governance Committee of \$15,000 remain unchanged.

Effective beginning in Fiscal 2016, each non-employee director receives an annual equity award with a target equity value of \$110,000. The entirety of the target equity value is delivered in the form of restricted shares of Class A Common Stock, which vest over three years in equal annual installments. In Fiscal 2015, the target equity value of the annual equity award granted to each non-employee director was \$100,000. One-half of the target equity value was delivered in the form of options to purchase shares of our Class A Common Stock and one-half was delivered in the form of restricted shares of Class A Common Stock. The options and the restricted shares vest over three years in equal annual installments.

Effective as of August 8, 2014, we no longer provide an initial equity grant of 7,500 stock options to new non-employee directors.

The fee paid to non-employee directors for each meeting of a committee of the Board that a director attends is unchanged at \$2,000 per committee meeting. The annual retainer and attendance fees are paid to the non-employee directors in quarterly installments in arrears.

The annual equity award to non-employee directors is awarded on April 1 of each year to those non-employee directors who have served as directors for at least half of the preceding fiscal year.

Our Board and Compensation Committee believe it is important for key members of our senior management team and our non-employee directors to build and maintain a long-term ownership position in the Company, to further align their financial interests with those of our stockholders and to encourage the creation of long-term value. Effective June 30, 2010, the Compensation Committee established stock ownership guidelines for our non-employee directors, our NEOs and select other members of our senior management group, to further link their interests with those of stockholders. These guidelines provided that non-employee directors and such employees must attain ownership of a specific number of shares by June 30, 2015. Non-employee directors and employees subject to these guidelines who joined us (or became subject to the guidelines) after the implementation of the guidelines had five years from June 30th in the year most closely following the date they joined us (or were included) to attain the requisite numbers of shares specified in the guidelines. For directors, the guideline was based on a fixed share target of 2,400 shares. Further details on the guidelines for NEOs and certain members of our senior management group are provided in Compensation Discussion and Analysis – Stock Ownership Guidelines.

Table of Contents

In June 2015, the Board approved changes to the stock ownership guidelines for non-employee directors to better align with the competitive practice of focusing on the value of shares owned. Effective June 30, 2015, the stock ownership guidelines for the non-employee directors were modified as follows:

Ownership requirement will be defined as a multiple of annual cash retainer. The target for directors will be set at five times the annual cash retainer.

The five-year threshold for achievement will be replaced with a hold-and-retain requirement of 50% of net equity proceeds acquired via restricted shares vesting and the exercise of stock options until the stock ownership target is attained.

In addition to counting shares owned outright by the director or his or her family members, unvested restricted shares will also count toward the achievement of ownership targets.

As of June 10, 2015, all non-employee directors exceeded their Fiscal 2016 stock ownership target. We reimburse our non-employee directors for reasonable travel and other related expenses to attend Board and committee meetings and for director education courses. Non-employee directors are also provided with a merchandise discount on most of our products.

Executive Summary***Highlights for Fiscal 2015***

In Fiscal 2015, we continued to execute against our long-term strategy, including making important investments in our key strategic growth objectives during a volatile global macroeconomic environment.

As in prior years, our Fiscal 2015 compensation programs provided a strong link between pay and performance by setting clear and rigorous financial goals above the prior year's achieved performance and delivering a substantial portion of our executives' compensation opportunity through at-risk incentive-based compensation.

We continued to engage with our shareholders as we reviewed our executive compensation programs and practices and implemented several key changes in response to their feedback. Beginning Fiscal 2016, Mr. Lauren agreed to a 24% reduction in his total target compensation. Also beginning Fiscal 2016, we made improvements to our long-term incentive plan design, including eliminating overlap between the short term and long term incentive goals. These changes are discussed in further detail below under Compensation Committee Response to

Table of Contents

Areas of Feedback Changes to Chairman and CEO Compensation Arrangement and Changes in Long-Term Incentive Plan Design for Fiscal 2016.

Key Performance Accomplishments

Despite a challenging macroeconomic environment, we achieved revenue growth and other important milestones and continued to return capital to our shareholders by increasing our dividends and repurchasing stock. Our key accomplishments included:

Delivered Revenue Growth. For Fiscal 2015, we reported revenue of approximately \$7,620 million, representing an approximate 2.3% increase compared to Fiscal 2014. Our revenue growth was primarily driven by increased sales in new stores and our e-commerce operations. This growth was achieved despite the continued global challenges presented by, among other things, the significant impact of unfavorable foreign exchange rates and other macroeconomic factors.

Expanded Our Global Store Network. We extended our direct-to-consumer reach through our 466 directly-operated freestanding stores worldwide. During Fiscal 2015 we opened a total of 49 owned and operated stores including our first Polo flagship store on Fifth Avenue. At the end of the fiscal year we operated a total of 24 owned and licensed Polo stores as we continue to expand the Polo retail concept. Our international presence increased with the opening of 18 stores highlighted by the opening of our luxury flagship store in Greater China.

Leveraged the Continued Investment in Our E-Commerce Platform. The increase in our retail net revenues during Fiscal 2015 was primarily driven by the approximately 16% revenue growth in our global e-commerce operations. During Fiscal 2015 we continued to invest in our current e-commerce platform through a number of site enhancements which included improved quick shop capabilities and a more streamlined checkout process. We also embarked on the design and architecture phase of a multi-year plan for a next generation e-commerce platform to further support our investment in the integrated omni-channel strategy used to operate our overall retail business.

Continued Product Innovation and Investments. We supported substantial product innovations including the launch of Polo for women. We invested in various market related events supporting this launch which also coincided with the opening of the Polo flagship store in New York City. We also invested in several critical infrastructure projects during the year including the initial design and architecture phase of the next generation e-commerce platform, implementation of SAP in North America and the launch of our SAP implementation project in Europe. We expect that the SAP project will enable both revenue growth and margin improvement opportunities over time as the project is fully implemented.

Increased Dividends. On February 4, 2015, we announced an increase in our quarterly dividend payments from \$0.45 per share to \$0.50 per share, the fourth time that we have raised quarterly dividend payments since February 2011.

Table of Contents

Returned Capital to Shareholders. During Fiscal 2015, we repurchased approximately 3.2 million shares of our Class A Common Stock utilizing approximately \$500 million of our aggregate stock repurchase authorizations. Over the last three years, the Company has returned approximately \$1.5 billion of capital to our shareholders through share repurchases.

Looking Forward to Fiscal 2016

We recently announced a plan to reorganize the Company that will provide improved operational efficiencies to position us for stronger future performance, and that we expect will maximize shareholder returns over time. We intend to reorganize our operating model which will focus on two key areas: a global brand management structure and a global integrated merchandising process. To support these initiatives, we have begun to restructure our merchandising, design, marketing, and creative services organizations to support distinct brands. We also have established dedicated functional leadership teams which will be accountable for each brand's success, while continuing to empower our regional businesses and channels of distributions to drive global growth within the brand guidelines.

As part of the leadership change to align the organization to the new global brand management structure, Mr. Peterson and Mr. Kosh were promoted to new positions in the beginning of Fiscal 2016. Mr. Peterson was promoted to the newly created position of President, Global Brands and Mr. Kosh was promoted to Executive Vice President, Chief Administrative Officer. On April 1, 2015, we entered into new employment agreements with Mr. Peterson and Mr. Kosh, each with increased compensation arrangements commensurate with their respective increased responsibilities in their new roles.

Table of Contents***Impact on Pay for Performance***

We believe that our compensation programs continue to align our executives with the Company's performance, with incentive-based compensation representing a substantial portion of our executives' compensation. For Fiscal 2015, our financial results did not meet our targets and as a result, our NEOs received below-target performance based payouts.

In its review of the Chairman and CEO's compensation package and the design of the Company's long-term incentive plan in effect for Fiscal 2016, the Compensation Committee considered our Say-on-Pay voting results, shareholder and proxy advisor input, advice from its independent compensation consultants and other factors addressed in the following discussion, as well as in the Executive Compensation Programs section below.

Compensation Committee Response to Areas of Feedback

Changes to Chairman and CEO Compensation Arrangement

On April 1, 2015 and effective beginning Fiscal 2016, we entered into an amendment to our employment agreement with Mr. Lauren (Lauren Amendment), which modified Mr. Lauren's performance and equity-based compensation in a manner designed to address the feedback from shareholders and proxy advisors while continuing to recognize Mr. Lauren's unique role and extraordinary talent as founder, visionary, lead designer and spokesperson for the Company, in addition to his role as Chairman and CEO of a global, multi-faceted company. In particular, Mr. Lauren agreed to the following:

- reduction of his total target compensation by 24% from \$24.75 million to \$18.75 million;
- modification of his annual equity award so that his long-term incentive payments will be 100% performance-based equity;
- elimination of stock options from his annual equity award; and
- increase in maximum bonus payout from 150% to 200% of the new target, to reward him with a greater maximum payout for outstanding performance.

Changes in Long-Term Incentive Plan Design for Fiscal 2016

For Fiscal 2016, our long-term equity incentive program has been designed to better support our business strategy, drive long-term performance and promote retention of key talent. In Fiscal 2015, the equity program for our NEOs was comprised of stock options, Cliff Restricted Performance Share Units (RPSUs) and Cliff RPSUs with Total Shareholder Return (TSR) Modifier. Beginning in Fiscal 2016, the equity program for our NEOs was modified and will be comprised of Performance Share Units and Performance-Based Restricted Stock Units. Performance Share Units are similar in design to Cliff RPSUs with the exception of the performance measure. These changes are described in further detail below under Fiscal 2015 Long-Term Equity-Based Incentive Awards. In particular, we:

- changed our equity program so that 100% of our NEOs' annual equity awards will be performance-based;
- eliminated grants of stock options;
- changed the performance measure used in our long-term equity incentive plans from net income to Earnings Per Share (EPS), to differentiate from our short-term cash incentive plan, which utilizes net income as a measure to determine payout; and
- discontinued the use of Total Shareholder Return as a modifier under our long-term incentive plans which, as discussed in more detail below, we believe is not a meaningful comparative measure given the lack of an appropriate defined peer group.

Executive Compensation Programs

Overview

We maintain executive compensation programs designed to reward sustained business growth and results. These programs, taken together, are designed to drive stockholder value through the following principles:

- attract, motivate and retain highly qualified employees;
- establish challenging goals balanced between short-term and long-term objectives;
- award a meaningful portion of compensation in variable (versus fixed) pay, with a significant portion of variable compensation in the form of long-term equity awards;
- promote collaborative leadership behavior designed to achieve goals in a complex global organization; and
- avoid unnecessary or excessive risk-taking that could reward employees at the expense of stockholders

Determination of Compensation for Executives

Market Data. In Fiscal 2015, we operated in three distinct but integrated business segments: wholesale, retail (which includes e-commerce) and licensing, and our primary products included apparel for men, women and children, accessories, home furnishings and fragrance. As a result, we believe our product breadth, multi-channel distribution and global reach are unique among luxury and apparel companies. Accordingly, while the Compensation Committee considers, among other things, competitive market compensation paid by other companies in our industries in establishing our executive compensation programs, it does not use a designated peer group as a primary comparative metric. From time to time, the Compensation Committee reviews compensation levels at various categories of companies such as leading apparel and accessories manufacturers, high-profile, branded retail organizations, founder-owned companies and other companies in which the chief executive officer of such companies could be perceived as personifying their organizations. However, the Compensation Committee does not set executive compensation at, or near, any particular target percentile within a peer group, but instead, uses compensation market data across multiple peer groups as a consideration in setting our executive compensation levels.

Other Considerations. In addition to market data, the Compensation Committee considers other factors in determining executive compensation levels, including internal pay equity, nature and scope of responsibility, an employee's current performance and expected future contributions, succession planning considerations relative to development and retention, and our performance, financial plans and budget.

In determining the compensation of our Chairman and CEO, Mr. Ralph Lauren, the Compensation Committee also takes into consideration that Mr. Lauren is not only the CEO of a unique, complex, global organization with highly successful wholesale, retail and licensing divisions in multiple product categories, but he is also the founder, creator and name behind our brands. Mr. Lauren is also our lead designer and brings to us extraordinary and rare talent that is unrivaled by others in our industry. The Compensation Committee believes that Mr. Lauren's leadership, aesthetic vision, direction and the public's association of his name and likeness with our branded products are unique and integral components of our success, and that his contributions to our longstanding, consistent

Table of Contents

achievement over nearly five decades have been, and continue to be, instrumental in creating significant stockholder value. These factors were taken into account with respect to setting Mr. Lauren's compensation during Fiscal 2015, the terms set forth in his employment agreement entered into on June 26, 2012, and the terms set forth in the Lauren Amendment, which also took into account recent shareholder and proxy advisor feedback. See the Executive Employment Agreement section below for a summary of the terms of Mr. Lauren's amended employment agreement.

In determining compensation of our other NEOs, the Compensation Committee considered the impact, scope of responsibility and leadership structure required to support the long-term growth of our business in an increasingly complex global environment. See the Executive Employment Agreement section for a summary of the terms of the other NEOs' employment agreements.

Role of the Compensation Committee and Management. In addition to its responsibilities to, among other things, review and administer our compensation plans and to maintain oversight in the development of succession plans for certain key executive positions within our senior management, with respect to executive compensation, the Compensation Committee is responsible for reviewing and approving the employment agreements for each of our NEOs, which include their salary, bonus and certain other compensation components. In determining the long-term incentive component of the compensation for each of our NEOs pursuant to each of their employment agreements, the Compensation Committee considered, among such other factors as it deemed relevant, our performance, shareholder returns, the value of similar incentive awards to executive officers at comparable companies and the awards given to each of our NEOs in past years. As noted above under Determination of Compensation for Executives Market Data, while the Compensation Committee considers market information, the Compensation Committee believes that considerations unique to our Company have a greater impact in setting executive compensation. On an annual basis, the Compensation Committee also reviews and approves the corporate performance goals and objectives relevant to the compensation payable to our NEOs.

Subject to previously approved applicable contractual obligations, the Compensation Committee also reviews and approves, on an annual basis, the compensation of key members of our senior management, and reviews and approves the corporate performance goals and objectives relevant to the compensation payable to each of them. In addition, the Compensation Committee regularly reviews the design and structure of our executive compensation programs to ensure that management's interests are closely aligned with stockholders' interests and that the compensation programs are designed to further our strategic priorities.

Role of Compensation Consultants. The Compensation Committee retains an independent compensation consulting firm (currently Steven Hall & Partners (SHP)), to provide guidance in association with significant executive compensation decisions. The Compensation Committee has the sole authority to retain and terminate the independent compensation consulting firm and approve the firm's fees and other retention terms. SHP does not provide other services to the Company or the Company's management. In Fiscal 2015, the Compensation Committee engaged SHP to provide these independent advisory services, including those in connection with Mr. Lauren's compensation changes reflected in the amendment to his employment agreement, which are discussed in the Executive Employment Agreement section below, and with the design of our long-term incentive plan for Fiscal 2016. The Compensation Committee retains sole responsibility for engaging any advisor and meets with its advisor, as needed, in the Compensation Committee's sole discretion.

Table of Contents

Separate from the Compensation Committee's consultant, during Fiscal 2015, our Company's management continued to retain the services of Compensation Advisory Partners, LLC (CAP), as its independent compensation consultant. CAP's role is to assist management in the development and analysis of executive compensation matters.

Employment Agreements

We have a longstanding practice of entering into employment agreements with our corporate officers and select members of our senior management. We believe that employment agreements provide greater assurance of continuity and retention of critical creative and operating talent in a highly competitive industry. Employment agreements for our NEOs are reviewed and approved by the Compensation Committee in consultation with the Compensation Committee's independent compensation consultant and, when appropriate, the Committee's independently retained legal advisors.

The guidelines for salary, bonus and certain other compensation components for each NEO are set forth in his or her respective employment agreement. The agreements also provide for certain benefits, including in the event of various termination or change in control situations. We believe that providing for these benefits in such situations enhances the value of the business by preserving the continuity of management during potential change in control situations and by focusing our senior executives on our long-term priorities. See *Executive Employment Agreements*, *Summary Compensation Table* and *Potential Payments Upon Termination or Change in Control* below for a more detailed description of the payments and benefits provided under each NEO's employment agreement.

In Fiscal 2015, our employment agreement with Roger N. Farah, our former Executive Vice Chairman, terminated on May 31, 2014. In addition, during Fiscal 2015, we entered into an employment agreement with Valérie Hermann, our President of Ralph Lauren Luxury Collections, effective as of April 7, 2014. In determining Ms. Hermann's compensation, we considered, among other things, her extensive experience working with many of the leading European fashion houses, compensation at her former company, internal pay equity and her expected future contributions. As previously discussed, on April 1, 2015, we also amended Mr. Lauren's employment agreement, effective beginning in Fiscal 2016.

Table of Contents**Key Components of Executive Compensation**

The principal elements of our executive compensation programs are summarized in the following table and described in more detail below.

Compensation Element	Brief Description	Objectives
<i>Base Salary</i>	Fixed compensation	Provide a competitive, fixed level of cash compensation to attract and retain talented and skilled employees
<i>Annual Cash Incentive Bonus</i>	Variable, performance-based cash compensation earned based on achieving pre-established annual goals	Motivate and reward employees to achieve or exceed our current-year financial goals
<i>Long-Term Equity-Based Incentives</i>	Variable equity compensation earned based on achieving pre-established long-term goals	Align an employee's interest with that of our stockholders and encourage executive decision-making that maximizes value creation over the long-term

Base Salary

We pay base salaries to attract and retain talented executives and to provide a fixed base of cash compensation. Base salaries for each of our NEOs are determined and approved by the Compensation Committee as set forth in their respective employment agreements. In general, base salaries may be reviewed periodically by the Compensation Committee. During Fiscal 2015, Ms. Hermann was paid an annual base salary of \$900,000. We did not make any adjustments to the base salaries of our other NEOs.

Performance-based Compensation Programs

The Compensation Committee strongly believes that our compensation practices accomplish the goal of pay-for-performance by rewarding our executives for the achievement of both short-term and long-term superior financial and strategic performance. To align our executives' compensation with stockholders' interests, the Compensation Committee has concluded that a majority of our executives' compensation should be at-risk in the form of annual cash incentive and long-term equity-based awards.

The charts below show the balance of the at-risk elements that comprised the target direct compensation for our NEOs in Fiscal 2015 and correlate to the Summary Compensation Table section. These charts illustrate the significance of the performance-based portions of our NEO compensation programs relative to total compensation and the alignment with performance and shareholder interests. For Fiscal 2015, 93% of Mr. Lauren's target total direct compensation was at-risk.

Annual Cash Incentive Awards

In Fiscal 2015, all of our NEOs participated in the Amended and Restated Executive Officer Annual Incentive Plan (EOAIP), a stockholder approved, short-term cash incentive bonus plan, in which the Compensation Committee determines the eligible EOAIP participants from among our executive officers. The EOAIP is designed to promote executive decision-making and achievement that supports the realization of key overall Company financial goals.

Key features of the EOAIP are:

Payouts are based on different levels of achievement, which include Threshold, Target and Maximum levels. The Compensation Committee establishes the Threshold, Target and Maximum levels each year. In Fiscal 2015, the Compensation Committee determined that the following performance levels were applicable to EOAIP participants:

Threshold	The minimum level of performance for which a bonus is paid and set at 80% of the Target level. No bonuses will be earned if the Threshold level of performance is not achieved
Target	100% achievement of financial goals
Maximum	Achievement at a superior level of performance of up to 110% of the Target level

No payouts are made in any year in which we fail to earn a profit. Participants are eligible for a bonus opportunity based 100% on our overall financial performance, without consideration of performance of specific divisions or any discretionary performance factors. Bonus payments are subject to adjustments, if applicable, as described further below.

Table of Contents

Participants may have individual payout schedules based upon each such participant's existing employment agreement.

All bonuses under the EOAIP are capped, subject to the respective employment agreements of each participant.

The Compensation Committee has the authority to:

- i determine the eligible EOAIP participants from among our executive officers;
- i establish the financial performance goals (from the list of performance measures previously approved by stockholders) and payout schedules, including any adjustments;
- i to the extent permitted under Section 162(m) of the Internal Revenue Code (the Code), omit, among other things, the effect of unbudgeted extraordinary items, any gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles;
- i establish the required achievement levels against pre-determined performance goals under the EOAIP; and
- i exercise discretion to reduce or eliminate, but not increase, the bonus amounts payable under the EOAIP.

The Compensation Committee believes that maintaining the EOAIP provides the Compensation Committee with the flexibility to maintain an incentive plan for these executive officers that is tightly aligned with their significant roles and broad responsibilities within the Company and reflects their contributions to our overall success.

Fiscal 2015 Cash Incentive Bonuses Paid Under the EOAIP

Each year, we engage in an extensive and deliberate process to establish our financial budget, performance measures and performance targets which are then presented to the Compensation Committee for approval. After our independent auditors issue their final audit opinion for the completed fiscal year, the Compensation Committee determines the extent, if at all, to which financial performance has been achieved against pre-established targets and, based upon the degree of achievement, approves the annual cash incentive bonuses payable to each NEO under the EOAIP. The Compensation Committee believes that the performance of each of our NEOs is represented by the Company's financial results and thus, individual performance is not considered in determining their bonuses. Each of Ms. Nemerov, Mr. Peterson, Ms. Hermann and Mr. Kosh may have their respective bonuses adjusted (from minus 10% to plus 10%) based upon the degree of achievement of a previously established additional strategic financial goal. The bonus payment for Mr. Lauren is based solely on actual financial performance against the Company's overall performance measures, as selected by the Compensation Committee for the applicable fiscal year, and is not adjusted based on performance against any additional strategic financial goal.

The table below sets forth the threshold bonus, target bonus, maximum bonus and actual Fiscal 2015 bonus for each of our NEOs:

Former Executive Vice Chairman

- (1) Threshold, target and maximum bonus amounts payable to Ms. Nemerov, Mr. Peterson, and Mr. Kosh, and target and maximum bonus amounts payable to Mr. Lauren and Ms. Hermann, are set forth in their respective employment agreements.
- (2) The maximum bonus amount shown for the NEOs other than Mr. Lauren does not reflect a possible adjustment up or down by up to 10% which may be made based on relative achievement of the strategic financial goal.
- (3) For Fiscal 2015 there was no adjustment for the strategic goal as the performance expectation was achieved at target level. Any adjustment in annual bonus attributable to the strategic financial goal is not applicable to Mr. Lauren. The strategic financial goal was selling, general and administrative expenses as a percentage of net revenue. Mr. Lauren's actual bonus equaled 85.1% of target as determined by calculating the interpolated amount set forth on the bonus schedule in his employment agreement.
- (4) Excludes one-time cash sign-on bonus received by Ms. Hermann as part of her compensation package.
- (5) Mr. Farah was not eligible for a bonus payout for Fiscal 2015 due to his separation of employment from the Company prior to the fiscal year end.

For Fiscal 2015, under the EOAIP, the performance measure selected was net income before taxes (NIBT). The Compensation Committee believes that NIBT is aligned with stockholders' interests and is a comprehensive indicator of our annual performance. The Compensation Committee established Fiscal 2015 financial targets, taking into consideration factors such as: core business growth, unfavorable foreign currency exchange rates, investment costs for operating systems and infrastructure to support our global growth objectives and maximize customer relationship management, and an economic recovery that remains uneven in many of the areas in which we operate. As a result, the Compensation Committee established full-year Fiscal 2015 financial goals at a level that would require a sufficiently challenging level of performance and was higher than Fiscal 2014 actual results, taking into account these factors, in order to achieve target bonus payouts. The Compensation Committee also believes that managing the Company's selling, general and administrative expenses as a percentage of net revenues is an important part of our ongoing strategic objectives. As a result, the strategic financial goal performance measure selected for Ms. Nemerov,

Table of Contents

Mr. Peterson, Ms. Hermann and Mr. Kosh was selling, general and administrative expenses (excluding expense for cash bonuses and expense for stock awards) as a percentage of net revenues.

Each of our NEOs was eligible for a bonus in Fiscal 2015 (with the exception of Mr. Farah due to his resignation prior to the fiscal year end) when we reached 80% of the full year NIBT target. In Fiscal 2015 we achieved 94% of the NIBT target which resulted in payment of bonuses less than target. The Compensation Committee believes this level of payout represents strong pay for performance alignment. The following table sets forth our Fiscal 2015 EOAIP target NIBT goals compared to Fiscal 2014 and actual performance as measured against those goals.

Performance Period	Target Goal (millions)	Actual Performance ¹ (millions)	Adjustment for Strategic Financial Goal (expense management) ²	Actual Compensation Awarded as % of Target
Fiscal 2015	\$1,138.7	\$1,071.1	0%	85%
Fiscal 2014	\$1,159.8	\$1,114.4	+10%	90% - 99%

- (1) Represents actual NIBT performance results after giving effect to various adjustments approved by the Compensation Committee.
- (2) For Fiscal 2015 there was no adjustment for the strategic goal as the performance expectation was achieved at target level. Any adjustment in annual bonus attributable to the strategic financial goal is not applicable to Mr. Lauren.

Long-Term Equity-Based Incentives

Long-term equity-based incentives are intended to align executive and stockholder interests and encourage executive decision-making that maximizes stockholder value creation over the long term. The values, mix, and type of annual grants for each senior executive are discussed by management and the Compensation Committee and ultimately approved by the Compensation Committee, unless the terms have been previously approved and set forth in an employment agreement. For each of the NEOs, the determination of the value of their Fiscal 2015 annual grants was provided for under their employment agreements. For Mr. Lauren the determination of the mix and type of his Fiscal 2015 annual grant was provided for under his employment agreement. In addition, as an incentive to join the Company, Ms. Hermann was provided with a one-time sign-on equity award, the terms of which were outlined in her employment agreement. We also require, through stock ownership guidelines, that our directors, our NEOs and select other members of our senior management team hold a certain amount of equity in order to build and maintain a long-term ownership position in our company. See [Stock Ownership Guidelines](#) below. In addition, certain shares underlying vested restricted stock units (RSUs) held by Mr. Lauren must continue to be held and are not distributable to him until his employment is terminated.

Fiscal 2015 Long-Term Equity-Based Incentive Awards

All equity awards to our NEOs in Fiscal 2015 were granted under our Amended and Restated 2010 Long-Term Stock Incentive Plan (the 2010 Stock Incentive Plan). During Fiscal 2015, these awards consisted of stock options, restricted performance unit shares (RPSUs) and RSUs as outlined below.

Table of Contents*Stock Options*

Non-qualified stock options generally vest ratably over a three-year period, subject to continued employment through the applicable vesting date. Stock options were granted at an exercise price equal to the fair market value (calculated as the average of the high and low stock prices on the NYSE) of our Class A Common Stock on the grant date. In addition, we have not re-priced or re-issued any stock options. The 2010 Stock Incentive Plan, and our predecessor plan, the 1997 Long-Term Stock Incentive Plan (the 1997 Stock Incentive Plan), both prohibit the re-pricing or re-issuing of stock options.

The vast majority of stock options were granted to our eligible employees, including our NEOs, during the annual award process. Typically, the Compensation Committee sets the grant date for the annual award of stock options approximately three weeks before our first fiscal quarter earnings release date, making the grants effective in mid-July. In addition to these annual equity awards, grants may be made to certain newly hired or promoted employees at the end of each fiscal quarter. Such awards were typically granted and priced as of the last business day for the fiscal quarter following the hiring or promotion of an employee, but may have also been granted on the date of a previously scheduled Compensation Committee meeting.

As previously noted, while stock options were awarded in Fiscal 2015 and in prior years, the Compensation Committee determined that awards of stock options would not be made as part of annual equity awards in Fiscal 2016 to the Company's NEOs, Board of Directors or eligible employees.

Restricted Performance Share Units (RPSUs)

For Fiscal 2015, we granted two types of RPSUs to our NEOs: Cliff RPSUs and Cliff RPSUs with Total Shareholder Return (TSR) Modifier, both of which provide the recipient with the opportunity to receive shares of our Class A Common Stock based on our achievement of performance goals over a specified period. The achievement of our performance goals is subject to adjustment to exclude the effect of certain unbudgeted events and transactions, as permitted under the 2010 Stock Incentive Plan, in accordance with the rules established by the Compensation Committee at the beginning of each fiscal year.

The performance measures for each kind of RPSU were set by the Compensation Committee at the time of grant and may include one or more of the following factors:

- net earnings or net income (before or after taxes);
- basic or diluted earnings per share;
- net operating profit;
- net revenue or net revenue growth;
- gross profit or gross profit growth; or
- return on assets.

Cliff RPSUs. Cliff RPSUs granted in Fiscal 2015 will vest based on our cumulative net earnings over a three-year performance period. The Compensation Committee believes that cumulative net earnings was an appropriate performance measure since it is a comprehensive measure that assessed our overall performance over a significant period of time, including the effects of our strategic and capital plans, and is aligned with measures often used by the investment community. However,

Table of Contents

following collaboration with its independent compensation advisors and after review and analysis of proxy advisor and shareholder feedback, the Compensation Committee chose Earnings Per Share as the performance measure applicable for performance-based equity award grants to be made in Fiscal 2016. This metric also aligns with the creation of shareholder value and differs from the metric used for the short term cash incentive award.

The Cliff RPSU grant provides for a target number of shares that will vest and be paid out subject to achievement of pre-established financial goals. The performance and payout levels are summarized as follows:

Performance level	% of Goal Achieved	% of Target Cliff RPSUs Vested
Threshold	70%	75%
Target	100%	100%
Maximum	110%	150%

No payout is earned for performance below Threshold. Vesting is interpolated for performance between 70% and 100% of Target, and for performance between 100% and 110% of Target.

The Compensation Committee believes the payout percentages provide an appropriate balance between the performance levels required relative to the level of payout, based on targets that require significant effort for achievement over a multi-year period. Once an award is granted in any fiscal year, the pre-established performance measures, performance goals, vesting schedule or payout schedule cannot be modified for that grant, unless otherwise approved by the Compensation Committee, during the applicable performance term.

In June 2015, Cliff RPSU awards that were granted in Fiscal 2013 vested based upon our achievement of pre-established financial goals for the three-year performance period (Fiscal 2013-2015). Our cumulative net earnings performance target for this three-year fiscal period from Fiscal 2013 through Fiscal 2015 was approximately \$2,428.7 million. The target for the Fiscal 2013 Cliff RPSUs was based on the three-year plan established during the fall of 2011, as our Fiscal 2013 began on April 1, 2012. In establishing the targets for the Fiscal 2013 Cliff RPSUs, we required ongoing performance improvement based on the three-year plan. The Compensation Committee established the Fiscal 2013 Cliff RPSU financial targets for the three-year performance period to require a higher level of performance relative to Fiscal 2012's strong results and taking into consideration various other factors, including additional investment costs for new product development, increasing global digital presence, and international repositioning of stores. Actual performance for the three-year period was approximately \$2,308.9 million, or approximately 95% of target, after giving effect to various adjustments approved by the Compensation Committee in accordance with the terms of the awards. Based on this performance, the Cliff RPSUs that vested in June 2015 were paid out at 95% of target.

Cliff RPSUs with TSR Modifier. Cliff RPSUs with TSR Modifier granted in Fiscal 2015 will vest based on the same cumulative net earnings goal over three fiscal years, in accordance with the vesting percentages described above for

Cliff RPSUs, and include a performance modifier based on TSR. As noted above, the Compensation Committee believes that cumulative net earnings was an appropriate performance measure since it is a comprehensive measure that assesses our overall performance over a significant period of time, including the effects of our strategic and capital plans, and is aligned with measures often used by the investment community.

Table of Contents

The TSR Modifier is based on relative TSR that compares our TSR (which measures the performance of our stock price and dividends) to the TSR generated by the S&P 500 during the applicable three-year performance period. At the end of the performance period, the Compensation Committee will adjust the final Cliff RPSU with TSR Modifier award by the amount of the TSR Modifier as set forth below:

Relative TSR Performance Range	TSR Adjustment
≥80 th Percentile	125%
≥60 th but <80 th Percentile	112.5%
≥40 th but <60 th Percentile	100%
≥30 th but <40 th Percentile	87.5%
< 30 th Percentile	75%

There shall be no interpolation for performance between identified Relative TSR performance ranges.

The actual three-year TSR performance related to Fiscal 2013 Cliff RPSUs with TSR Modifier was below the 30th percentile. This percentile ranking resulted in a payout multiplier of 75% of the Fiscal 2013 Cliff RPSU award payout. Based on this payout multiplier, the Cliff RPSUs with TSR Modifier were paid out at 71.25% of target.

While Cliff RPSUs with TSR Modifier were awarded in Fiscal 2015 and in prior years, the Compensation Committee determined that awards of Cliff RPSUs with TSR Modifier would not be made as part of annual equity awards in Fiscal 2016 to the Company's NEOs or other eligible employees.

Restricted Stock Units (RSUs) and Performance-based RSUs

For NEOs, in limited situations such as in connection with new hires and critical retention needs, we will grant time-based vesting RSUs, such as we did for Ms. Hermann in Fiscal 2015. Ms. Hermann's one-time time-based vesting award is discussed in the Executive Employment Agreement section below. Beginning in Fiscal 2016, for the NEOs other than Mr. Lauren, we will grant RSUs with a performance threshold for the first fiscal year of the three year vesting period (Performance-based RSUs). These Performance-based RSUs do not provide for payouts above or below the target shares awarded. If the performance goal for the first fiscal year is not achieved, all three tranches of the Performance-based RSUs will be forfeited. Details of these awards will be disclosed in our proxy statement for Fiscal 2016.

Fiscal 2015 Long-Term Equity-Based Incentive Awards to NEOs

The Compensation Committee establishes guidelines annually for determining long-term equity-based incentive grants to certain of our employees under the 2010 Stock Incentive Plan. These guidelines generally provide that the

type of awards and the number of shares to be granted to employees are based on their position levels within our Company. In Fiscal 2015, the NEOs received long-term equity-based incentive awards as provided under their respective employment agreements.

In Fiscal 2015, each of our NEOs received an annual long-term equity award consisting of stock options, Cliff RPSUs and Cliff RPSUs with TSR Modifier. In addition, pursuant to her employment agreement, Ms. Hermann received time-based RSUs.

Table of Contents

In Fiscal 2015, each of our NEOs received the following long-term equity grants:

Name	Stock Options¹	Cliff RPSUs²	Cliff RPSUs with TSR Modifier²	RSUs
Ralph Lauren <i>Chairman and CEO</i>	79,629	28,884	28,884

Roger N. Farah ⁴ <i>Former Executive Vice Chairman</i>	n/a	8,253	8,253	

(1) The stock options granted to each of our NEOs have a term of seven years. All options vest ratably on the first three anniversaries of the date of grant. In fiscal 2015, stock options were granted on July 14, 2014.

(2) With the exception of Ms. Hermann, Cliff RPSUs and Cliff RPSUs with TSR Modifier were granted on April 1, 2014. For Ms. Hermann, her Cliff RPSUs and Cliff RPSUs with TSR Modifier were granted on April 7, 2014, her employment start date.

- (3) Pursuant to Ms. Hermann's employment agreement, RSUs granted in Fiscal 2015 to Ms. Hermann vest in three equal annual installments on the anniversary date of the grant in 2015, 2016, and 2017.

- (4) Effective May 31, 2014, Mr. Farah resigned from our Company as Executive Vice Chairman and therefore did not receive any awards of stock options in Fiscal 2015 because stock options were not awarded until July 14, 2014.

Stock Ownership Guidelines

Our Board and Compensation Committee believe it is important for key members of our senior management team and directors to build and maintain a long-term ownership position in our Company, to further align their financial interests with those of our stockholders and to encourage the creation of long-term value. Our compensation structure for these individuals provides for a significant percentage of compensation to be equity-based, which places a substantial portion of compensation at-risk over a long-term period.

Fiscal 2015 Guidelines

In June 2010, the Compensation Committee established stock ownership guidelines for our non-employee directors, our NEOs and select other members of our senior management group to further link the interests of these individuals with those of our stockholders.

Table of Contents

The guidelines provided that non-employee directors and such employees who were covered by the guidelines at the time of implementation must attain ownership of a specific number of shares by June 30, 2015, which is five years from the implementation of the guidelines.

Non-employee directors who become members of the Board, and employees who join us or otherwise become subject to the guidelines after implementation of the guidelines, had five years from June 30th in the year following the date they joined us to attain the requisite numbers of shares specified in the guidelines. These shares must be held by such employees until they leave us or until they are no longer covered by the guidelines, as the case may be. Directors must hold the shares until they no longer serve as a member of our Board. The guidelines for executives and other senior members of management were based on competitive multiples of salary converted to fixed numbers of shares based on the 200-day average stock price. For these employees, the guidelines were based on fixed share targets that vary depending on such employee's position and level within our company. Further details on the guidelines for non-employee directors are provided in the Director Compensation section. If an employee who was subject to the guidelines or a director did not meet his or her ownership requirement within the applicable five-year period, such executive or director was not permitted to dispose of any shares acquired upon the exercise of stock options or upon the vesting of RPSUs, RSUs or restricted stock, as the case may be, until he or she satisfied the requirements of the guidelines.

As of the end of Fiscal 2015, the following stock ownership targets were in effect for our NEOs:

Name¹	Share Ownership Target
Ralph Lauren, <i>Chairman and CEO</i>	80,000 shares
Jackwyn L. Nemerov, <i>President and COO</i>	40,000 shares
Christopher H. Peterson, <i>Executive Vice President, CAO and CFO</i>	18,000 shares
Valérie Hermann, <i>President of Ralph Lauren Luxury Collections</i>	15,000 shares
Mitchell A. Kosh, <i>Executive Vice President, Human Resources</i>	18,000 shares
Roger N. Farah, <i>Former Executive Vice Chairman²</i>	N/A

- (1) Mr. Lauren and Mr. Kosh have until June 30, 2015 to fulfill their ownership guidelines. Ms. Nemerov has until June 30, 2015 to meet her original 35,000-share target and until June 30, 2019 to meet her additional 5,000 share target which was adjusted in light of her expanded role in 2013. Mr. Peterson has until June 30, 2018 to meet his original 15,000-share target since he joined the Company in 2012 and until June 30, 2019 to meet his additional 3,000-share target which was adjusted in light of his expanded role in 2013. In light of her 2014 employment start date, Ms. Hermann has until June 30, 2019 to fulfill her ownership guidelines.
- (2) Effective May 31, 2014, Mr. Farah resigned from our Company as Executive Vice Chairman. As a result, he is no longer subject to our stock ownership guidelines.

Shares directly or beneficially owned by an employee subject to the guidelines count toward the achievement of ownership guidelines, including certain shares underlying vested RSUs that may not be distributed to Mr. Lauren until his employment is terminated.

Fiscal 2016 Guidelines

In June 2015, the Compensation Committee approved changes to our stock ownership guidelines to better align with the competitive practice of focusing on the value of shares owned. The philosophy for the Company's stock ownership guidelines remains unchanged and continues to apply to our non-employee directors, our NEOs and select other members of senior management. Effective June 2015, we modified our stock ownership guidelines that apply to our NEOs and certain members of senior management as follows:

The application of a multiple of salary approach will be used to establish stock ownership targets. The target for Mr. Lauren will be set at six times his annual base salary. The target for the other executive officers will be set at two times each of their respective annual base salary. The five-year threshold for achievement will be replaced with a hold-and-retain requirement of 50% of net shares earned from stock award vestings and stock option exercises until the ownership target is met.

Unvested time-based RSUs and performance-based RSUs with a one year performance target will also count toward the achievement of ownership targets under our stock ownership guidelines.

As of June 10, 2015, all NEOs exceeded their Fiscal 2016 stock ownership target. See the Security Ownership of Certain Beneficial Owners and Management section for details regarding the stock ownership of our NEOs.

See the Director Compensation section for details regarding the stock ownership guidelines applicable to our non-employee directors.

All Other Compensation

Employee Benefits. We provide a number of benefit plans to all eligible employees, including our NEOs. These benefits include programs such as medical, dental, life insurance, business travel accident insurance, short and long-term disability coverage and a 401(k) plan. Our NEOs are also eligible for financial counseling and an annual car allowance (except for those NEOs who receive the use of an automobile and driver as provided below), and in the case of Mr. Lauren, Ms. Nemerov, Mr. Kosh, and Mr. Farah (prior to his resignation), an annual executive physical.

Other Benefits. We provide our NEOs with other benefits that we believe are reasonable, competitive and consistent with our overall executive compensation programs. We believe that these benefits generally allow our executives to work more efficiently, promote our brand and are legitimate business expenses. The costs of these benefits constitute only a small percentage of each NEO's total compensation. We provide the use of an automobile and driver to Mr. Lauren and to Ms. Nemerov. In addition, pursuant to his employment agreement and for security purposes, Mr. Lauren is required to use private aircraft for any travel and is reimbursed for the expense of such business travel. Furthermore, under Mr. Lauren's current employment agreement, we will reimburse him up to a maximum aggregate

amount of \$200,000 for any expense incurred as a result of his use of his private aircraft, or other acceptable private aircraft, for personal travel. Under their respective employment agreements, and for security purposes, Ms. Nemerov may use the Company's aircraft for any travel

and, prior to his resignation, Mr. Farah was required to use the Company's aircraft or other private aircraft for any travel. Our other NEOs are permitted to use our aircraft for personal travel on a limited basis. We also provide a merchandise discount on most of our products to all of our employees, including our NEOs. See the "All Other Compensation" column of the Summary Compensation Table and related footnotes for a discussion of all perquisites and other personal benefits provided to our NEOs.

Deferred Compensation. We maintain a Supplemental Executive Retirement Plan (SERP) for certain of our employees, generally for those who had a title of Vice President and above when they were admitted to such plan. In October 2004, we ceased admitting new participants under the SERP. During Fiscal 2009, we suspended annual contributions to the SERP, and participants were allowed to withdraw their balances early in the fiscal year ending April 3, 2010 if they no longer wished to remain a participant in the SERP. Participants who remain in the SERP continue to receive interest on SERP balances based on the mid-term Applicable Federal Rate. All participants in the SERP are 100% vested. Mr. Kosh is the only NEO who remains a participant.

In addition, Mr. Farah was entitled to receive deferred compensation pursuant to the provisions of his employment agreement. His deferred compensation balance was paid to him in Fiscal 2015. See the "Nonqualified Deferred Compensation" table for a detailed description of these arrangements.

Related Considerations

Certain Tax Matters. Although Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to "covered employees" (which are defined as our NEOs, other than the CFO), qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. In assessing compensation proposals with respect to our NEOs, the Compensation Committee considers, among other things, the tax deductibility of such compensation, but reserves the right in all events to compensate our NEOs in a manner commensurate with performance and the competitive environment for executive and creative talent. As a result, some or all portions of the compensation paid to an NEO whose compensation is subject to the deduction limits described above may not be deductible by us.

Our EOAIP, 1997 Stock Incentive Plan and 2010 Stock Incentive Plan are designed to permit the deductibility of awards payable to our NEOs for federal income tax purposes even if the compensation paid to any such officer exceeds \$1,000,000. However, a portion of Mr. Lauren's annual base salary will not be deductible since it exceeds \$1,000,000. In addition, the compensation attributable to the Cliff RPSUs awarded to Mr. Lauren which vested during Fiscal 2015, and the time-based RSUs and cash sign-on bonus that Ms. Hermann received upon her hire, will not be deductible because such awards are not considered performance-based compensation for purposes of Section 162(m). See "Executive Employment Agreements."

Accounting Matters. Each element of the compensation paid to our executives is expensed in our financial statements as required by U.S. generally accepted accounting principles. The financial statement impact of various compensation awards is an important factor that the Compensation Committee considers in determining the amount, form, and design of each pay component for our executives.

Table of Contents

Adjustment or Recovery of Awards. The EOAIP includes a formal policy regarding the recovery of awards granted under the EOAIP in connection with a restatement of our financial statements. Under this policy, if, as a result of a NEO's intentional misconduct or gross negligence, we are required to prepare an accounting restatement due to our material noncompliance with any financial reporting requirement under the securities laws, the Compensation Committee may, in its reasonable discretion, require such executive to promptly reimburse us for the amount of any payment previously received by the executive pursuant to the EOAIP that was earned or accrued during the twelve (12) month period following the earlier of the first public issuance or filing with the SEC of any financial document embodying such financial reporting requirement that required such accounting restatement.

We have also adopted this policy with regard to awards granted to our NEOs under the 1997 Stock Incentive Plan and the 2010 Stock Incentive Plan. We have not experienced any situations or occasions that could have resulted in a recovery of an award or payment under such policy. If we do experience a situation or occasion that could result in such a recovery in the future, the Compensation Committee would assess the circumstances relating to the potential recovery and take such legally permissible actions as it believes to be appropriate in its discretion at such time. We may also seek repayment in our sole and absolute discretion, or, if applicable, in the reasonable discretion of the Compensation Committee, of bonus payments or awards provided to executives based upon the occurrence of various events including, but not limited to, termination of employment for cause, a material violation of our material written policies, a breach of a fiduciary duty or duty of loyalty to us, or a breach of any restrictive covenants.

- (1) The amounts reported in this column represent base salaries paid to each of the NEOs for the applicable fiscal year as provided for in each of their respective employment agreements. See Executive Employment Agreements.
- (2) With the exceptions of Ms. Hermann and Mr. Peterson who received a \$2,000,000 and a \$50,000 one-time sign-on bonus, respectively, in connection with their initial hire in Fiscal 2015 and Fiscal 2013, respectively, the NEOs did not receive any discretionary bonuses, sign-on bonuses, or other annual bonus payments that are not contingent on the achievement of stipulated performance goals. Cash bonus payments that are contingent on achieving pre-established and communicated goals, including payments under the EOAIP, appear in the column titled, Non-Equity Incentive Plan Compensation.
- (3) The stock-based compensation amounts shown in this column reflect the aggregate grant date fair market value, assuming no risk of forfeiture, of RSU and RPSU (Cliff RPSU and Cliff RPSU with TSR Modifier) awards granted during Fiscal 2015, Fiscal 2014 and Fiscal 2013, calculated in accordance with Accounting Standards Codification Topic 718, Stock Compensation (ASC 718). For Cliff RPSU awards that include a market condition in the form of a TSR Modifier, a Monte Carlo simulation model is used to estimate the award's fair market value on the date of grant. We determine the fair market value of RSU awards and RPSU awards (without a TSR Modifier) using the average of the high and low stock prices on the NYSE of our Class A Common Stock on the date of grant, as adjusted to reflect the absence of dividends for those awards that are not entitled to dividend equivalents. For RPSUs, the amounts shown in the table reflect the aggregate grant date fair market value at the Target achievement level of performance.

Table of Contents

If Performance were assumed to be achieved at the Maximum level for Cliff RPSUs and Cliff RPSUs with TSR Modifier, the aggregate grant date fair market value would increase as follows:

	Fiscal 2015		Fiscal 2014		Fiscal 2013	
	Cliff RPSUs	Cliff RPSUs with TSR Modifier	Cliff RPSUs	Cliff RPSUs with TSR Modifier	Cliff RPSUs	Cliff RPSUs with TSR Modifier
Ralph Lauren	\$2,344,731	\$4,385,761	\$2,317,893	\$4,204,052	\$2,260,816	\$3,886,698
Jackwyn L. Nemerov	\$1,458,069	\$2,723,394	\$1,480,047	\$2,570,412	\$538,281	\$929,212
Christopher H. Peterson	\$291,645	\$544,737	\$294,226	\$516,998	N/A	N/A
Valérie Hermann ^a	\$159,494	\$288,095	N/A	N/A	N/A	N/A

Roger N. Farah	\$648,074	\$1,210,479	\$1,286,914	\$2,330,653	\$1,248,179	\$2,154,680

^a Ms. Hermann received her initial equity award in the form of Cliff RPSUs, Cliff RPSUs with TSR Modifier, and RSUs on her date of hire, April 7, 2014. Her Fiscal 2015 stock award of RSUs can only be paid out at Target.

- (4) The stock-based compensation amounts shown reflect the aggregate grant date fair market value, assuming no risk of forfeiture, of stock option awards granted during Fiscal 2015, Fiscal 2014 and Fiscal 2013 calculated in accordance with ASC 718. We use the Black-Scholes option pricing model to estimate the fair market value of stock options granted, which requires the input of both subjective and objective assumptions. The assumptions used in the valuation of stock-based awards are discussed in Note 20 to our Audited Consolidated Financial Statements included in our Annual Report on Form 10-K for Fiscal 2015.
- (5) The amounts reported in this column represent payments made under the EOAIP in June for performance during Fiscal 2015, following the end of the fiscal year to which the payments relate.
- (6) The NEOs did not receive any above-market or preferential earnings on compensation deferred on a basis that is not tax qualified. See Non-Qualified Deferred Compensation.
- (7) The amounts reported in this column represent the aggregate dollar amount for each NEO of all other compensation for the year, including perquisites and other personal benefits. Under SEC rules, we are required to identify by type all perquisites and other personal benefits for an NEO if the total value for that individual equals or exceeds \$10,000, and to report and quantify each perquisite or personal benefit that exceeds the greater of \$25,000 or 10% of the total amount for that individual.

In Fiscal 2015, Mr. Lauren received perquisites and other personal benefits, including personal use of an automobile and driver (\$69,582), enhanced amount of business travel accident coverage, security personal use of the Company's aircraft and reimbursement for personal travel on private aircraft (\$200,000). In Fiscal 2015, Ms. Nemerov received

perquisites and other personal benefits, including personal use of an automobile and driver (\$30,716), personal use of the Company's aircraft (\$62,718), and financial planning services. In Fiscal 2015, Mr. Peterson received perquisites and other personal benefits including expenses related to his relocation and tax gross-up related to these expenses, an automobile allowance, personal use of the Company's aircraft, and financial planning services. In Fiscal 2015, Ms. Hermann received perquisites and other personal benefits including an automobile allowance and legal services. In Fiscal 2015, Mr. Kosh received perquisites and other personal benefits including an automobile allowance and financial planning services. In Fiscal 2015, Mr. Farah received perquisites and other personal benefits including contributions to a non-qualified deferred compensation arrangement and financial planning services. In addition to the perquisites and other benefits described above, our NEOs receive a merchandise discount on most of our products which is also provided to all of our employees. In addition, Ms. Nemerov and Mr. Kosh participate in an executive long-term disability insurance plan, for which the Company incurs no incremental cost. The calculation of incremental cost to the Company for any executive's personal use of the Company's aircraft includes the variable costs incurred by the Company as a result thereof consisting of a portion of aircraft fuel, any flight-related fees and any travel expenses for the flight crew.

- (8) The amounts reported in this column are the sum of columns 1 through 7 for each of the NEOs. All compensation amounts reported in this column include amounts paid and amounts deferred.

Table of Contents**Executive Employment Agreements**

Ralph Lauren's Employment Agreement. During Fiscal 2015, Ralph Lauren was employed as our Chairman of the Board and CEO pursuant to an amended and restated employment agreement dated June 26, 2012 (the "Lauren Employment Agreement"). In Fiscal 2016 and effective March 29, 2015, we entered into Amendment No. 1 to the Lauren Employment Agreement (the "Lauren Amendment"). The key terms of the Lauren Employment Agreement in effect during Fiscal 2015, and the key terms of that agreement after the Lauren Amendment became effective, are indicated below. Unless otherwise noted by changes made pursuant to the Lauren Amendment, the key terms of the Lauren Employment Agreement remain in effect:

Term: The Lauren Employment Agreement provides for his employment through April 1, 2017, the last day of our Fiscal 2017.

Salary: He is entitled to an annual base salary of not less than \$1.75 million.

Bonus: Prior to the Lauren Amendment's effective date, Mr. Lauren's target bonus was in the amount of \$9 million for each of the fiscal years during the term of his agreement. The maximum bonus provided for under his agreement in any fiscal year prior to that date was 150% of that fiscal year's target bonus. The Lauren Amendment reduced the value of Mr. Lauren's target bonus to \$6 million and set the maximum value of that award at 200% of target.

Equity Awards: Prior to the Lauren Amendment's effective date, Mr. Lauren received an annual stock award grant with an aggregate target grant date fair market value of \$14 million for each fiscal year during the term of the agreement. One-third of each such annual stock award consisted of stock options to purchase shares of our Class A Common Stock. The options have an exercise term of seven years and vest ratably on the first three anniversaries of the date of grant, subject to accelerated vesting upon the termination of Mr. Lauren's employment in certain circumstances as discussed below in "Potential Payments Upon Termination or Change in Control - Ralph Lauren." The exercise price for any such options issued to Mr. Lauren are equal to the fair market value of the Common Stock as of the date of any options grant.

The remaining two-thirds of such annual stock awards consisted of Cliff RPSUs. Each grant of Cliff RPSUs vests at the end of a three-year performance period, subject to Mr. Lauren's continued employment with us and our achievement of our performance goals (except in certain circumstances subject to accelerated vesting upon the termination of his employment as discussed below in "Potential Payments Upon Termination or Change in Control - Ralph Lauren"). With respect to one half of each annual grant of Cliff RPSUs, three levels of achievement are used to determine vesting: Threshold, Target and Maximum. The Threshold level, which is 70% of the financial goal, must be achieved in order for any Cliff RPSUs to vest and be provided to him at the end of the applicable vesting period. If performance is at the Threshold level, 75% of Mr. Lauren's target shares plus accrued dividends will vest and be paid out. If performance is at the Target level, which is 100% of the financial goal, then his target shares plus

accrued dividends will vest and be paid out. If performance is at the Maximum level, which is 110% or more of the financial goal, then 150% of the target

Table of Contents

shares plus accrued dividends will vest and be paid out. Vesting with respect to his Cliff RPSUs shall be interpolated for performance between 70% and 110% of target goal(s) and none of his Cliff RPSUs shall vest for performance below threshold goal(s). The other half of each annual grant of Cliff RPSUs shall also vest pursuant to those same performance thresholds and vesting and payout percentages, but shall also be subject to an additional relative performance metric – a total shareholder return modifier (Cliff RPSUs with TSR Modifier). The TSR Modifier is based on relative TSR, which measures the performance of our stock price and dividends, as compared to the TSR generated by the S&P 500 during the applicable three-year performance period. At the end of each performance period, the Compensation Committee will adjust the final Cliff RPSU with TSR Modifier award by the amount of the TSR Modifier as set forth below:

Relative TSR Performance Range	TSR Adjustment
≥80 th Percentile	125%
≥60 th but <80 th Percentile	112.5%
≥40 th but <60 th Percentile	100%
≥30 th but <40 th Percentile	87.5%
<30 th Percentile	75%

There shall be no interpolation for performance between identified relative TSR performance levels. Mr. Lauren's Cliff RPSUs are eligible to receive dividend equivalents that are converted into additional Cliff RPSUs.

Table of Contents**Potential Payments Upon Termination or Change in Control**

Ralph Lauren. Mr. Lauren's potential payments upon termination or change in control as described in this section are based upon the Lauren Employment Agreement. Unless otherwise noted by changes made pursuant to the Lauren Amendment, the key terms of the Lauren Employment Agreement remain in effect.

Under the Lauren Employment Agreement, in the event of termination without cause or resignation for good reason, Mr. Lauren would be entitled to receive, within 30 days following the date of termination, a lump sum cash payment equal to the sum of: (i) two years' base salary; (ii) any accrued but unpaid compensation as of the date of termination; and (iii) two times the average annual bonus paid to him for the two fiscal years immediately preceding the year of his termination of employment. In addition, Mr. Lauren would be entitled to receive a pro-rated portion of the bonus he would otherwise have received for the fiscal year in which his termination of employment occurred, payment of which would be made when bonuses are paid to our other executives. Any unvested stock options would continue to vest on their scheduled vesting dates, and any unvested RPSUs will vest based on actual performance over the applicable performance period as if Mr. Lauren had remained employed to the end of the performance period. Also, we will be obligated to continue to provide Mr. Lauren with office facilities and secretarial assistance, welfare and medical plan coverage and use of a car and driver during the two year severance period. Under the Lauren Amendment, unvested PSUs shall be treated the same as unvested RPSUs as set forth in this paragraph.

In the event that his employment terminates due to his death or disability, Mr. Lauren or his estate will be entitled to receive all payments due to him through the date of his death or termination due to disability, including a pro-rated bonus for the fiscal year of termination, and with respect to his unvested stock options and unvested RSUs, and unvested RPSUs, such awards shall vest immediately and, in the case of his unvested stock options, shall be exercisable until the earlier of three years from the date of termination or the expiration date of the option, and in the case of his unvested RSUs and unvested RPSUs, shall be payable in shares of Class A Common Stock no later than 30 days after the vesting date; provided that Mr. Lauren's pro-rated bonus for the fiscal year of termination will be paid at the same time as bonuses are paid to our other executives and except that if termination is based on death and occurs in the last year of the performance period, the unvested RPSUs will vest and be paid out based on actual performance during the performance period. Under the Lauren Amendment, unvested PSUs shall be treated the same as unvested RPSUs as set forth in this paragraph.

If Mr. Lauren terminates his employment for any reason, other than for good reason, death or disability, or if we terminate his employment for cause (but not including a termination by reason of the Company's non-renewal of the Lauren Employment Agreement (as described below)), then Mr. Lauren will only receive his base salary through the date of termination. In addition, under the Lauren Employment Agreement, if Mr. Lauren terminates his employment for any reason, other than for good reason, death or disability, any vested but unexercised stock options, unvested stock options, unvested RSUs, and unvested RPSUs held by him pursuant to his employment agreement shall be forfeited. Under the Lauren Amendment, unvested PSUs shall be treated the same as unvested RPSUs as set forth in this paragraph.

If Mr. Lauren's employment terminates at the end of the term by reason of our failure to offer to extend the term or offer to enter into a new employment agreement on substantially the same terms as in the Lauren Employment Agreement, then he will be entitled to receive: (i) any accrued and

Table of Contents

unpaid compensation as of the date of termination; and (ii) his bonus for the fiscal year ending on the last day of the term. In addition, Mr. Lauren's unvested and unexercised stock options and unvested RPSUs shall vest and/or become exercisable in the same manner as if he resigned for good reason or if we terminated his employment without cause. Under the Lauren Amendment, unvested PSUs shall be treated the same as unvested RPSUs as set forth in this paragraph.

Under the Lauren Employment Agreement, in the event that a change of control precedes the termination of Mr. Lauren's employment, he will continue to receive upon termination of employment the same amounts in the same manner as described in the paragraph above. In addition, any unvested stock options granted under the 1997 Stock Incentive Plan and any unvested RSUs and RPSUs granted prior to the Lauren Employment Agreement would immediately vest upon a change in control. Under the Lauren Employment Agreement, Mr. Lauren's RPSUs granted during the term of the New Lauren Employment Agreement would not immediately vest upon a change in control. Under the Lauren Amendment, unvested PSUs shall be treated the same as unvested RPSUs as set forth in the preceding sentence.

Under the Lauren Employment Agreement, the above described amounts payable to him are subject to his compliance with the following restrictive covenants: (i) not to compete with us for two years following the termination of his employment; (ii) not to solicit any of our employees for three years following the termination of his employment; (iii) not to disparage us for three years following the termination of his employment; and (iv) not to disclose any of our confidential information.

Under the Lauren Employment Agreement, cause is defined as (A) the willful and continued failure by him to substantially perform his duties after demand for substantial performance is delivered by us that specifically identifies the manner in which we believe he has not substantially performed his duties; or (B) his conviction of, or plea of *nolo contendere* to, a crime (whether or not involving us) constituting a felony; or (C) willful engaging by him in gross misconduct relating to his employment that is materially injurious to us or subjects us, monetarily or otherwise or which subjects, or if generally known, would subject us to public ridicule or embarrassment. Further, no act, or failure to act, shall be considered willful unless done, or omitted to be done, by Mr. Lauren not in good faith and without reasonable belief that his action or omission was in our best interest. Notwithstanding the forgoing, Mr. Lauren shall not be deemed to have been terminated for cause without (x) reasonable written notice to him setting forth the reasons for our intention to terminate him for cause, (y) an opportunity for him, together with his counsel, to be heard before the Board and (z) delivery to him of a specific termination notice from the Board that states that in the good faith opinion of the Board Mr. Lauren was guilty of the conduct set forth above in clauses (A), (B) or (C) above, and specifying the particulars thereof in detail. In addition, in the event that the Board has so determined in good faith that cause exists, the Board shall have no obligation to terminate Mr. Lauren's employment if the Board determines in its sole discretion that such a decision not to terminate his employment is in our best interest.

Under the Lauren Employment Agreement, good reason is defined to mean (A) a material diminution in Mr. Lauren's duties or the assignment to him of a title or duties inconsistent with his position as our Chairman of the Board and CEO, (B) a material reduction in his salary, or (C) our failure to comply with any material provision of his employment agreement; provided that the events described in clauses (A), (B) and (C) above will not constitute good reason unless such diminution, reduction or failure (as applicable) has not been cured within thirty (30) days after notice of such noncompliance has been given by Mr. Lauren to us. In addition, under Mr. Lauren's employment

agreement, termination of employment for good reason must be within one year following the occurrence of the basis for such good reason to terminate, and Mr. Lauren must notify us of the existence of such good reason within 90 days of its occurrence.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Jackwyn L. Nemerov. Ms. Nemerov's potential payments upon termination or change in control as described in this section are based upon the Nemerov Employment Agreement.

Under the Nemerov Employment Agreement, if we terminated Ms. Nemerov's employment for any reason other than death, disability or cause (as defined in her employment agreement and as described below), or Ms. Nemerov terminated her employment for good reason (as defined in her employment agreement and as described below), but not including a termination for good reason as a result of being asked to report to a Chief Executive Officer other than Ralph Lauren, Ms. Nemerov would be entitled to receive, in accordance with our normal payroll practices, an amount equal to her base salary for a severance period equal to the longer of the remaining term of her employment agreement up to a maximum of two years, or one year, plus a lump sum amount at the end of the severance period equal to 300% of Ms. Nemerov's base salary at time of termination. In addition, Ms. Nemerov would be entitled to continue to participate during the severance period in any group medical, dental or life insurance plans in which she participated prior to termination. With respect to her stock awards, Ms. Nemerov would vest in any unvested stock options and would have had one year from the date of termination to exercise such vested options (or until the expiration date of such options if earlier), and would also vest in any unvested RPSUs at the end of the applicable performance period, subject to our achievement of the applicable performance goals.

If Ms. Nemerov voluntarily terminates her employment with good reason as a result of being asked to report to a Chief Executive Officer other than Ralph Lauren, Ms. Nemerov would be entitled to receive, in accordance with our normal payroll practices, an amount equal to her base salary for one year, plus a lump sum amount at the end of this severance period equal to 300% of Ms. Nemerov's base salary at time of termination. In addition, Ms. Nemerov would be entitled to continue to participate during this severance period in any group medical, dental or life insurance plans in which she participated prior to termination. With respect to her stock awards, for the one year period following termination Ms. Nemerov will continue to vest in her outstanding stock awards on their regularly scheduled vesting dates, subject to the achievement of performance goals where applicable, as if she had remained employed during that one year period.

If Ms. Nemerov voluntarily terminated her employment without good reason, or if we terminated her employment for cause, she would be entitled to receive only her base salary through the date of termination. In the event her employment terminated due to her death or disability, Ms. Nemerov or her estate would be entitled to receive all payments due to her through the date of her death or termination due to disability as well as the EOAIP bonus for the fiscal year in which the death or disability occurred, prorated for the percentage of that fiscal year worked prior to Ms. Nemerov's death or disability. In addition, she would vest in any unvested stock options and would have had three years from the date of termination to exercise such vested options (or until the expiration date of such options if earlier), and would also vest in any unvested RPSUs at the end of the applicable performance period, subject to our achievement of the applicable performance goals. If she terminated her employment due to early retirement, she would be entitled to receive a pro-rated amount, based on the

Table of Contents

percentage of time that had elapsed during the applicable performance periods, of the unvested RPSUs held by her, which would vest at the end of the applicable performance period, subject to our achievement of pre-established financial goals.

If we terminated her employment without cause within 12 months following our change of control (as defined in her employment agreement), or if she resigned for good reason within that same time period, then, in lieu of the foregoing cash severance and equity award treatment, Ms. Nemerov would be entitled to receive a lump sum amount, payable within 15 days after the termination of her employment (unless required otherwise by Section 409A of the Code), equal to two times the sum of her annual base salary and the bonus she was paid for the fiscal year immediately prior to her termination, her unvested stock options granted would fully vest and would be exercisable for one year, unless they expire earlier, and her unvested RPSUs would be deemed vested immediately prior to the change of control at target performance. In addition, Ms. Nemerov would be entitled to continue to participate during the severance period in any group medical, dental or life insurance plans in which she participated prior to termination.

If we and Ms. Nemerov both determine that part or all of the payments under her employment agreement constitute parachute payments under Section 280G(b)(2) of the Code, then, if the aggregate present value of such parachute payments and all other parachute payments paid to Ms. Nemerov under any other plan, arrangement or agreement with us exceeds 2.99 times Ms. Nemerov's base amount, as defined in Section 280G(b)(3) of the Code, the payments to Ms. Nemerov constituting parachute payments will be reduced to the extent necessary so that the parachute payments equal 2.99 times Ms. Nemerov's base amount. However, such amounts will not be so reduced if Ms. Nemerov determines, based upon the advice of an independent nationally recognized public accounting firm, that without such reduction she would be entitled to receive and retain, on a net after-tax basis, a greater amount than she would be entitled to receive and retain after such reduction.

Under the Nemerov Employment Agreement, the above-described amounts and stock awards to be provided to her are subject to her compliance with the following restrictive covenants: (i) not to compete with us for one year following the termination of her employment; (ii) not to solicit any of our employees for two years following the termination of her employment; (iii) not to disparage us following the termination of her employment; and (iv) not to disclose any of our confidential information.

Under the Nemerov Employment Agreement, cause is defined as: (A) the willful and continued failure by Ms. Nemerov to substantially perform the duties of her employment agreement after demand for substantial performance is delivered to her by us that specifically identifies the manner in which we believe that she has not substantially performed her duties, (B) her conviction of, or plea of *nolo contendere* to, a crime (whether or not involving us) constituting any felony or (C) the willful engaging by her in gross misconduct relating to her employment that is materially injurious to us, monetarily or otherwise or which subjects, or if generally known would subject, us to public ridicule. Further, no act, or failure to act, on Ms. Nemerov's part shall be considered willful unless done, or omitted to be done, by her not in good faith and without reasonable belief that her action or omission was in our best interest. Notwithstanding the foregoing, Ms. Nemerov's employment may be terminated for cause only by act of the Board and, in any event, her employment shall not be deemed to have been terminated for cause without (x) reasonable written notice to Ms. Nemerov setting forth the reasons for our intention to terminate for cause, (y) the opportunity to cure (if curable) within

Table of Contents

30 days of such written notice of the event(s) giving rise to such notice and (z) an opportunity for Ms. Nemerov, together with her counsel, to be heard by the Board.

Under her employment agreement, good reason is defined as a termination of employment by Ms. Nemerov within one (1) year following the occurrence of: (A) a material diminution in or adverse alteration to Ms. Nemerov's title, base salary, benefits, position, status, or duties, provided that the removal of particular business units or functions from her purview shall not constitute a material diminution in or adverse alteration to her duties (B) the relocation of her principal office outside the area which comprises a fifty (50) mile radius from New York City, (C) a failure of us to comply with any material provision of her employment agreement or (D) we require her to report to anyone other than Ralph Lauren or the Board, provided that the events described in clauses (A), (B), (C) and (D) above shall not constitute good reason (1) until Ms. Nemerov provides written notice to us of the existence of such diminution, change, reduction, relocation or failure within ninety (90) days of its occurrence and (2) unless and until such diminution, change, reduction or failure (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given by Ms. Nemerov to us.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Christopher H. Peterson. Mr. Peterson's potential payments upon termination or change in control as described in this section are based upon the Former Peterson Employment Agreement. Unless otherwise noted, the key terms of the New Peterson Employment Agreement remain the same as those under the Former Peterson Employment Agreement.

Under the Former Peterson Employment Agreement, if we terminated Mr. Peterson's employment for any reason other than death, disability or cause (as defined in his employment agreement and as described below), or he voluntarily terminated his employment for good reason (as defined in his employment agreement and as described below), he would have been entitled to continue to receive, in accordance with our normal payroll practices, an amount equal to his base salary for a severance period of one year, plus an amount, payable at the end of the severance period, equal to 200% of his base salary at time of termination. In addition, Mr. Peterson would have been entitled to continue his participation during the severance period in any group medical or dental plans in which he participated prior to termination. Furthermore, with respect to his stock awards granted in Fiscal 2013, he would have immediately vested in any unvested stock options or RSUs and he would have had up to three months from the date of termination to exercise such vested options.

Under the New Peterson Employment Agreement, if we terminate Mr. Peterson's employment for any reason other than death, disability or cause (as defined in his employment agreement and as described below), or Mr. Peterson voluntarily terminates his employment for good reason (as defined in his employment agreement and as described below), Mr. Peterson would be entitled to receive, in accordance with our normal payroll practices, an amount equal to his base salary for a severance period equal to the longer of the remaining term of his employment agreement up to a maximum of two years, or one year, plus a lump sum amount at the end of the severance period equal to 300% of Mr. Peterson's base salary at time of termination. In addition, Mr. Peterson would be entitled to continue to participate during the severance period in any group medical or dental insurance plans in which he participated prior to termination. Furthermore, with respect to his stock awards granted in Fiscal 2013, he shall immediately vest in any unvested stock options or RSUs and he shall have up to three months from the date of termination to exercise such vested options.

Table of Contents

If Mr. Peterson voluntarily terminates his employment without good reason, or if we terminate his employment for cause, he will be entitled to receive only his base salary through the date of termination. In addition, Mr. Peterson or his estate will be entitled to receive all payments due to him through the date of his death or termination due to disability. If his employment terminates due to his death or disability, he shall immediately vest in his Fiscal 2013 unvested stock options and RSUs and he shall have up to three months from the date of termination to exercise such vested options.

If we terminate his employment without cause, or if he terminates his employment for good reason, within 12 months following our change in control (as defined in his employment agreement), then in lieu of the foregoing cash severance and equity award treatment, Mr. Peterson will be entitled to receive a lump sum amount, payable within 15 days after the termination of his employment (unless required otherwise by Section 409A of the Code), equal to twice the sum of his annual base salary and the bonus he received for the fiscal year immediately preceding the fiscal year in which his employment terminates, and any unvested stock options shall vest, his Fiscal 2013 unvested RSUs shall vest, and any unvested RPSUs shall vest at either actual or target levels of performance as determined by the 2010 Stock Incentive Plan. In addition, Mr. Peterson would have been entitled to continue to participate during the severance period in any group medical, or dental insurance plans in which he participated prior to termination.

Under his employment agreement, the above described amounts and stock awards to be provided to him are subject to his compliance with the following restrictive covenants: (i) in the event his employment is terminated by us due to disability, for cause or by him without good reason, not to compete with us for the remainder of his scheduled employment term, or six months, whichever is longer; (ii) in the event his employment is terminated by us without cause or by him with good reason, not to compete with us for six months from the date of termination; (iii) not to solicit any of our employees for one year following the termination of his employment; (iv) not to disparage us following the termination of his employment; and (v) not to disclose any of our confidential information.

Under his employment agreement, cause is defined as: (i) failure by Mr. Peterson to perform the duties of his employment agreement (other than due to disability), provided that the conduct shall not constitute cause unless such failure by him to perform his duties has not been cured to our satisfaction, in our sole discretion, within fifteen (15) days after notice of such failure has been given by us to him; or (ii) an act of fraud, embezzlement, theft, breach of fiduciary duty, dishonesty, or any other misconduct or any violation of law (other than a traffic violation) committed by him; or (iii) any action by him causing damage to or misappropriation of our assets; or (iv) his wrongful disclosure of our confidential information; or (v) his engagement in any competitive activity which would constitute a breach of his employment agreement and/or of his duty of loyalty; or (vi) his breach of any of our employment policies; or (vii) performance by him of his employment duties in a manner deemed by us, in our sole discretion, to be grossly negligent; or (viii) the commission of any act by him, whether or not performed in the workplace, which subjects or, if publicly known, would be likely to subject us to public ridicule or embarrassment, or would likely be detrimental or damaging to our reputation, goodwill, or relationships with our customers, suppliers, vendors, licensees or employees.

Under the Former Peterson Employment Agreement, good reason is defined as a termination of employment by Mr. Peterson within sixty (60) days following the occurrence of (A) a material diminution in or adverse alteration to his title, base salary, position or duties, provided that the removal of particular business units or functions from his purview shall not constitute a material diminution in

or adverse alteration to his duties, (B) the relocation of his principal office outside the area which comprises a fifty (50) mile radius from New York City, or (C) our failure to comply with any material provision of his employment agreement provided that the events described in clauses (A), (B), and (C) shall not constitute good reason (1) until Mr. Peterson provides us written notice of the existence of such diminution, change, reduction, relocation or failure within thirty (30) days of its occurrence and (2) unless and until such diminution, change, reduction or failure (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given by him to us.

Under the New Peterson Employment Agreement, good reason is defined as a termination of employment by Mr. Peterson within sixty (60) days following the occurrence of (A) a material diminution in or adverse alteration to his title, base salary, position or duties, provided that the removal of particular business units or functions from his purview shall not constitute a material diminution in or adverse alteration to his duties, (B) the relocation of his principal office outside the area which comprises a fifty (50) mile radius from New York City, (C) our failure to comply with any material provision of his employment agreement, or (D) he is required to report to anyone other than the Chief Executive Officer or the Board, provided that the events described in clauses (A), (B), (C) and (D) shall not constitute good reason (1) until Mr. Peterson provides us written notice of the existence of such diminution, change, reduction, relocation, failure or reporting change within thirty (30) days of its occurrence and (2) unless and until such diminution, change, reduction, relocation, failure or reporting change (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given by him to us.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Valérie Hermann. Under the Hermann Employment Agreement, if we terminate Ms. Hermann's employment for any reason other than death, disability or cause (as defined in her employment agreement and as described below), or Ms. Hermann voluntarily terminates her employment for good reason (as defined in her employment agreement and as described below), she will be entitled to continue to receive, in accordance with our normal payroll practices, an amount equal to her base salary for a severance period equal to one year, plus an amount, payable at the end of the severance period, equal to 150% of her base salary. In addition, Ms. Hermann will be entitled to continue her participation during the severance period in any group medical or dental insurance plans in which she participated prior to termination. Also, Ms. Hermann will be entitled to receive any unpaid annual bonus for the fiscal year ended prior to the date of termination.

If Ms. Hermann voluntarily terminates her employment without good reason, or if we terminate her employment for cause, she will be entitled to receive only her base salary through the date of termination. In the event of her termination due to her death or disability, Ms. Hermann or her estate will be entitled to receive all payments due to her through the date of her death or termination due to disability.

If we terminate Ms. Hermann's employment without cause, or if she terminates her employment for good reason, within 12 months following our change of control (as defined in her employment agreement), she will be entitled to receive a lump sum amount, payable within 15 days after the termination of her employment (unless required otherwise by Section 409A of the Code), equal to twice the sum of her annual base salary and the bonus paid to her for the fiscal year immediately preceding the fiscal year in which her employment terminates, and any unvested stock

options granted under the 2010 Stock Incentive Plan shall vest and unvested RPSUs granted under the 2010 Stock Incentive Plan shall vest at either actual or target levels of performance as determined in accordance with the 2010 Stock Incentive Plan. In addition, Ms. Hermann would have been entitled to continue to participate during the severance period in any group medical, dental or life insurance plans in which she participated prior to termination.

If, at the end of the term, we fail to offer to renew the Hermann Employment Agreement upon substantially similar material terms (not including the one-time sign-on awards), and if we terminate Ms. Hermann's employment without cause, or if she resigns, in either case at any time within the twelve (12) month period following the end of the term, she will be entitled to receive, in accordance with our normal payroll practices, an amount equal to her base salary for a severance period equal to one year.

Under her employment agreement, the above described amounts and stock awards to be provided to her are subject to her compliance with the following restrictive covenants: (i) in the event her employment is terminated by us due to disability, for cause or the termination by her of her employment without good reason, not to compete with us for the remainder of her scheduled employment term; (ii) not to solicit any of our employees for the remainder of her scheduled employment term; (iii) not to disparage us following the termination of her employment; and (iv) not to disclose any of our confidential information.

Under her employment agreement, cause is defined as: (i) intentional failure by Ms. Hermann to perform the duties of her employment agreement (other than due to disability), provided that the conduct shall not constitute cause unless such failure by her to perform her duties has not been cured to our satisfaction, in our sole discretion, within fifteen (15) days after notice of such failure has been given by us to Ms. Hermann; or (ii) an act of fraud, embezzlement, theft, breach of fiduciary duty, or any other material misconduct or any violation of law (other than a traffic violation) committed by Ms. Hermann; or (iii) any intentional action by her causing material damage to or misappropriation of our assets; or (iv) her wrongful disclosure of our material confidential information; or (v) her engagement in any competitive activity which would constitute a breach of her employment agreement and/or of her duty of loyalty; or (vi) her breach of any of our material employment policies provided that the breach shall not constitute cause unless such failure by her to perform her duties has not been cured to our satisfaction, in our sole discretion, within fifteen (15) days after notice of such breach has been given by us to Ms. Hermann; or (vii) performance by her of her employment duties in a manner deemed by us, in our sole discretion, to be grossly negligent; or (viii) the commission of any act by her, whether or not performed in the workplace, which subjects us to public ridicule or embarrassment, or is materially detrimental or damaging to our reputation, goodwill, or relationships with our customers, suppliers, vendors, licensees or employees.

Under her employment agreement, good reason is defined as a termination of employment by Ms. Hermann within one hundred and fifty (150) days following the occurrence of: (A) a material diminution in or adverse alteration to her title, base salary, position or duties, (B) the relocation of her principal office outside the area which comprises a fifty (50) mile radius from New York City or to a city in which our principal executive offices are not then located, (C) our failure to comply with any material provision of her employment agreement, or (D) we require her to report to anyone other than our Chief Executive Officer or the Board, provided that the events described in clauses (A), (B), (C) and (D) above shall not constitute good reason (1) until Ms. Hermann provides written notice to us of the existence of such diminution, change, reduction, relocation failure or reporting change within

sixty (60) days of its occurrence and (2) unless such diminution, change, reduction or failure (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given to us by Ms. Hermann.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Mitchell A. Kosh. Mr. Kosh's potential payments upon termination or change in control as described in this section are based upon the Former Kosh Employment Agreement. Unless otherwise noted, the key terms of the New Kosh Employment Agreement remain the same as those under the Former Kosh Employment Agreement.

Under the Former Kosh Employment Agreement, if we terminated his employment for any reason other than death, disability or cause (as defined in his employment agreement and as described below), or Mr. Kosh voluntarily terminated his employment for good reason (as defined in his employment agreement and as described below), he would have been entitled to continue to receive, in accordance with our normal payroll practices, an amount equal to his base salary for a severance period equal to the longer of the remaining term of his employment agreement or one year, plus an amount, payable at the end of the severance period, equal to the bonus that he received for the fiscal year immediately preceding the fiscal year in which his employment terminated. In addition, Mr. Kosh would have been entitled to continue his participation during the severance period in any group medical or dental insurance plans in which he participated prior to termination.

Under the New Kosh Employment Agreement, if we terminate Mr. Kosh's employment for any reason other than death, disability or cause (as defined in his employment agreement and as described below), or Mr. Kosh voluntarily terminates his employment for good reason (as defined in his employment agreement and as described below), Mr. Kosh would be entitled to receive, in accordance with our normal payroll practices, an amount equal to his base salary for a severance period equal to the longer of the remaining term of his employment agreement up to a maximum of two years, or one year, plus a lump sum amount at the end of the severance period equal to 200% of Mr. Kosh's base salary at time of termination. In addition, Mr. Kosh would be entitled to continue to participate during the severance period in any group medical or dental insurance plans in which he participated prior to termination.

If Mr. Kosh voluntarily terminates his employment without good reason, or if we terminate his employment for cause, he will be entitled to receive only his base salary through the date of termination. In the event of his termination due to his death or disability, Mr. Kosh or his estate will be entitled to receive all payments due to him through the date of his death or termination due to disability. In the event his employment terminates due to his death or disability, or he terminates his employment due to early retirement, he will be entitled to receive a pro-rated amount, based on the percentage of time that has elapsed during the applicable performance periods, of the unvested RPSUs held by him, which shall vest at the end of the applicable performance period, subject to our achievement of pre-established financial goals. For death or disability, unvested stock options continue to vest according to their original vesting schedule.

If we terminate Mr. Kosh's employment without cause, or if he terminates his employment for good reason, within 12 months following our change of control (as defined in his employment agreement), he will be entitled to receive a lump sum amount, payable within 15 days after the

Table of Contents

termination of his employment (unless required otherwise by Section 409A of the Code), equal to twice the sum of his annual base salary and the bonus paid to him for the fiscal year immediately preceding the fiscal year in which his employment terminates, and any unvested stock options granted under the 2010 Stock Incentive Plan shall vest and unvested RPSUs granted under the 2010 Stock Incentive Plan shall vest at either actual or target levels of performance as determined in accordance with the 2010 Stock Incentive Plan. In addition, any unvested options and unvested RPSUs granted to Mr. Kosh under the 1997 Stock Incentive Plan will immediately fully vest, and all options held by him will remain exercisable for six months. In addition, Mr. Kosh would have been entitled to continue to participate during the severance period in any group medical or dental insurance plans in which he participated prior to termination.

Under his employment agreement, the above described amounts and stock awards to be provided to him are subject to his compliance with the following restrictive covenants: (i) in the event his employment is terminated by us due to disability, for cause or the termination by him of his employment without good reason, not to compete with us for the remainder of his scheduled employment term; (ii) not to solicit any of our employees for the remainder of his scheduled employment term; (iii) not to disparage us following the termination of his employment; and (iv) not to disclose any of our confidential information.

Any transaction in which the aggregate amount involved is expected to be less than \$120,000.

(PROPOSAL 2)

RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed Ernst & Young as our independent registered public accounting firm to audit our financial statements and our subsidiaries for the fiscal year ending April 2, 2016. A resolution will be presented at the meeting to ratify their appointment.

All services provided by Ernst & Young, our independent registered public accounting firm for the fiscal year ended March 28, 2015, have been reviewed with the Audit Committee to confirm that the performance of such services was consistent with the regulatory requirements for auditor independence.

Independent Auditor Fees

The Audit Committee has adopted a policy governing the pre-approval by the Audit Committee of all services, audit and non-audit, to be provided to us by our independent registered public accounting firm. Under the policy, the Audit Committee has generally pre-approved the provision by our independent registered public accounting firm of specific audit, audit related, tax and other non-audit services, subject to the fee limits established from time to time by the Audit Committee, as being consistent with auditor independence. The provision of all other services, and all generally pre-approved services in excess of the applicable fee limits, by the independent registered public accounting firm must be specifically pre-approved by the Audit Committee on a case-by-case basis. Our Chief Financial Officer is required to determine if any request or application for services proposed to be performed by the independent registered public accounting firm has the general pre-approval of the Audit Committee, and the Audit Committee must be updated at each regularly scheduled meeting of the generally pre-approved services performed by the independent registered public accounting firm since the Committee's last regularly scheduled meeting. Requests or applications to provide services that require the specific pre-approval of the Audit Committee must be submitted to the Audit Committee by both the independent registered public accounting firm and our Chief Financial Officer, and both must advise the Audit Committee as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. The Audit Committee may delegate either type of pre-approval authority to one or more of its members, and has currently delegated such authority to the Audit Committee's Chair. All pre-approved decisions made by the delegated member or members must be reported to the full Audit Committee at its next scheduled meeting.

For Fiscal 2015, the Audit Committee established fee limits on generally pre-approved services outside the scope of the pre-approved annual audit engagement of \$2,980,000 for tax services and \$400,000 for accounting and auditing consultation services.

Audit fees also include fees billed for professional services for the review of financial statements included in our Form 10-Q filings and for services that are normally provided in connection with statutory and regulatory filings or engagements.

Audit-related Fees. Audit related fees are fees billed for assurance and related services that are related to the performance of the audit or review of our financial statements. These services include employee benefit plan audits, contractually agreed upon audits, accounting consultations and due diligence services.

Tax Fees. Tax fees are fees billed for tax consulting and compliance services and tax acquisition and tax due diligence services.

All Other Fees. All other fees are fees billed for any services that did not constitute audit fees, audit-related fees or tax fees. No such services were provided to us in Fiscal 2015 or Fiscal 2014.

Representatives from Ernst & Young will be present at the meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions by stockholders.

The affirmative vote of a majority of the total votes cast at the Annual Meeting of Stockholders and entitled to vote is needed to ratify Ernst & Young's appointment. If the stockholders do not ratify the appointment of Ernst & Young, the selection of the independent auditor will be reconsidered by the Audit Committee of the Board.

OUR BOARD RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING APRIL 2, 2016. PROXIES RECEIVED BY THE BOARD WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

(PROPOSAL 3)

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act)) and the related rules of the SEC, a resolution will be presented at the Annual Meeting of Stockholders to enable our stockholders to approve, on a discretionary and non-binding basis, the compensation of our NEOs and our compensation philosophy, policies and practices as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement.

This proposal, commonly known as a Say on Pay proposal, gives our stockholders the opportunity to express their views on our NEOs' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. Accordingly, you may vote on the following resolution at the 2015 Annual Meeting of Stockholders:

RESOLVED, that the stockholders approve, on an advisory basis, our NEOs' compensation and our compensation philosophy, policies and practices as described in the Compensation Discussion and Analysis and the tabular disclosure regarding each NEO's compensation (together with the accompanying narrative disclosure) in the Proxy Statement for this meeting.

In considering their vote, stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure. Although this vote is advisory, and therefore nonbinding, the Board and the Compensation Committee expect to take into account the outcome of the vote when considering future executive compensation decisions, to the extent that they can determine the cause or causes of any significant negative voting results.

As described in detail under Compensation Discussion and Analysis, our compensation programs are designed to motivate our executives to achieve excellent results for us. We believe that our compensation program, with our balance of base salary, performance-based cash bonuses and performance conditions for awards of restricted stock units, encourages and rewards sustained performance that is aligned with long-term stockholder interests.

The affirmative vote of the holders of a majority of the votes represented at the 2015 Annual Meeting of Stockholders in person or by proxy is required to approve, on an advisory basis, the compensation of our NEOs and our compensation philosophy, policies and practices as described herein.

OUR BOARD RECOMMENDS A VOTE FOR THE PROPOSAL, ON AN ADVISORY BASIS, APPROVING THE COMPENSATION OF OUR NEOs AND OUR COMPENSATION PHILOSOPHY, POLICIES AND PRACTICES AS DESCRIBED HEREIN. PROXIES RECEIVED BY THE BOARD WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

APPENDIX A

RALPH LAUREN CORPORATION

DEFINITION OF INDEPENDENT DIRECTORS

The Board has established these guidelines to assist it in determining whether or not directors have a material relationship with us for purposes of determining independence under the NYSE Corporate Governance Rules. In each case, the Board will broadly consider all relevant facts and circumstances and shall apply the following standards (in accordance with the guidance, and subject to the exceptions provided by, the NYSE in its Commentary to its Corporate Governance Rules where applicable).

1. Employment and Commercial Relationships Affecting Independence.

A director will not be independent if: (i) the director is, or has been within the last three years, our employee or any member of the Lauren Group; (ii) an immediate family member of the director is, or has been within the last three years, our executive officer; (iii) (A) the director or an immediate family member is a current partner of a firm that is our internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on our listed audit within that time; (iv) the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company or any member of the Lauren Group, other than (x) director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) and (y) compensation received by an immediate family member for service as our employee (other than as an executive officer); (v) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee; or (vi) the director is a current employee, or an immediate family member of the director is a current executive officer, of a company that makes payments to, or receives payments from, us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

In addition, a director will not be independent if his or her spouse, parent, sibling or child is employed by us.

2. Relationships Not Deemed to Impair Independence.

Subject to Section (1) above, the following relationships are not deemed to be material relationships that would impair a director's independence.

Non-management Directors. The director is a non-management director of another company that does business with us.

Table of Contents

Commercial Relationships. The director is an employee or executive officer, or an immediate family member of the director is an executive officer, of another company that does business with us; provided in either case that

(i) such business was entered into in the ordinary course of our business and on substantially the same terms as those prevailing at the time for comparable business with unaffiliated third parties; and

(ii) termination of the relationship in the normal course of business would not reasonably be expected to have a material adverse effect on the financial condition, results of operations or business of the other company.

Tax-Exempt Organization Relationships. The director (or an immediate family member of the director) serves as a director, officer or trustee of a tax-exempt organization, and our discretionary charitable contributions to the organization and the charitable contributions of the Lauren Group to the organization do not, in the aggregate, exceed the greater of \$1 million or 2% of the organization's aggregate annual charitable receipts during the organization's preceding fiscal year. (Any automatic matching by us of employee charitable contributions are not included in our contributions for this purpose.)

3. Disclosure.

For relationships that are either not covered by, or do not satisfy, these guidelines, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors satisfying all the independence guidelines set forth above. We will explain in our next proxy statement thereafter the basis for any Board determination that any such relationship was immaterial.

4. Definitions.

For purposes of these guidelines, the (i) term immediate family member shall have the meaning ascribed to it by the NYSE Corporate Governance Rules (including the Commentary thereto), (ii) the term the Company includes any entity in our consolidated group, (iii) the Lauren Group consists of Ralph Lauren, any member of his immediate family or any entity controlled by Ralph Lauren or members of his immediate family, and (iv) the term executive officer has the same meaning specified for the term officer in Rule 16a-1(f) under the Securities Exchange Act of 1934, as amended.
