CBL & Associates Properties, Inc.

Notes to Unaudited Condensed Consolidated Financial Statements

(In thousands, except per share data)

Note 1 Organization and Basis of Presentation

CBL & Associates Properties, Inc. (CBL), a Delaware corporation, is a self-managed, self-administered, fully integrated real estate investment trust (REIT) that is engaged in the ownership, development, acquisition, leasing, management and operation of regional shopping malls, open-air centers and community centers. CBL's shopping center properties are located in 26 states, but primarily in the southeastern and midwestern United States.

CBL conducts substantially all of its business through CBL & Associates Limited Partnership (the Operating Partnership). At September 30, 2006, the Operating Partnership owned controlling interests in 72 regional malls, 27 associated centers (each adjacent to a regional shopping mall), two community centers and one office building. The Operating Partnership consolidates the financial statements of all entities in which it has a controlling financial interest or where it is the primary beneficiary of a variable interest entity. The Operating Partnership owned non-controlling interests in seven regional malls and three associated centers. Because one or more of the other partners have substantive participating rights, the Operating Partnership does not control these partnerships and, accordingly, accounts for these investments using the equity method. The Operating Partnership had two mall/lifestyle expansions, one open-air shopping center expansion, four associated/lifestyle centers and five community centers (two of which are owned in joint ventures) under construction at September 30, 2006. The Operating Partnership also holds options to acquire certain development properties owned by third parties.

CBL is the 100% owner of two qualified REIT subsidiaries, CBL Holdings I, Inc. and CBL Holdings II, Inc. At September 30, 2006, CBL Holdings I, Inc., the sole general partner of the Operating Partnership, owned a 1.6% general partner interest in the Operating Partnership and CBL Holdings II, Inc. owned a 54.2% limited partner interest for a combined interest held by CBL of 55.8%.

The minority interest in the Operating Partnership is held primarily by CBL & Associates, Inc. and its affiliates (collectively CBL's Predecessor) and by affiliates of The Richard E. Jacobs Group, Inc. (Jacobs). CBL's Predecessor contributed their interests in certain real estate properties and joint ventures to the Operating Partnership in exchange for a limited partner interest when the Operating Partnership was formed in November 1993. Jacobs contributed their interests in certain real estate properties and joint ventures to the Operating Partnership in exchange for limited partner interests when the Operating Partnership acquired the majority of Jacobs' interests in 23 properties in January 2001 and the balance of such interests in February 2002. At September 30, 2006, CBL's Predecessor owned a 15.1% limited partner interest, Jacobs owned a 19.9% limited partner interest and third parties owned a 9.2% limited partner interest in the Operating Partnership. CBL's Predecessor also owned 6.2 million shares of CBL's common stock at September 30, 2006, for a total combined effective interest of 20.4% in the Operating Partnership.

The Operating Partnership conducts CBL's property management and development activities through CBL & Associates Management, Inc. (the Management Company) to comply with certain requirements of the Internal Revenue Code of 1986, as amended (the Code). The Operating Partnership owns 100% of the Management Company's preferred stock and common stock.

CBL, the Operating Partnership and the Management Company are collectively referred to herein as the Company.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

The accompanying condensed consolidated financial statements are unaudited; however, they have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and in conjunction with the rules and regulations of the Securities and

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Exchange Commission. Accordingly, they do not include all of the disclosures required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting solely of normal recurring matters) necessary for a fair presentation of the financial statements for these interim periods have been included. The results for the interim periods ended September 30, 2006, are not necessarily indicative of the results to be obtained for the full fiscal year.

These condensed consolidated financial statements should be read in conjunction with CBL & Associates Properties, Inc.'s audited consolidated financial statements and notes thereto included in the CBL & Associates Properties, Inc. Annual Report on Form 10-K for the year ended December 31, 2005.

Note 2 Joint Ventures

Investment in Unconsolidated Affiliates

At September 30, 2006, the Company had investments in the following 14 partnerships and joint ventures, which are accounted for using the equity method of accounting:

Joint Venture	Property Name	Company's Interest

Note 3 Mortgage and Other Notes Payable

Mortgage and other notes payable consisted of the following at September 30, 2006 and December 31, 2005, respectively:

	September 30, 2006		December 31, 2005	
	Weighted			
	Average Interest			
	Amount	Rate(1)	Amount	Weighted Average Interest Rate(1)
Fixed-rate debt:				
Non-recourse loans on operating properties	\$ 3,488,207	6.00%	\$ 3,281,939	6.02%
Variable-rate debt:				
Recourse term loans on operating properties	-	-	292,000	5.33%
Construction loans	207,777	6.58%	76,831	5.76%
Lines of credit	768,432	6.17%	690,285	5.29%
Total variable-rate debt	976,209	6.25%	1,059,116	5.33%
Total	\$ 4,464,416	6.06%	\$ 4,341,055	5.85%

(1) Weighted-average interest rate including the effect of debt premiums, but excluding amortization of deferred financing costs.

In July 2006, the Company obtained four separate ten-year, non-recourse loans totaling \$317,000 that bear interest at fixed rates ranging from 5.86% to 6.10%, with a weighted average of 5.96%. The proceeds were used to retire \$249,752 of mortgage notes payable that were scheduled to mature during the next twelve months and to pay outstanding balances on the Company's credit facilities. The mortgage notes payable that were retired consisted of three variable rate term loans totaling \$189,150 and one fixed rate loan of \$60,602. The Company recorded a loss on extinguishment of debt of \$935 in the three months ended September 30, 2006 related to prepayment fees and the write-off of unamortized deferred financing costs associated with the loans that were retired.

Unsecured Line of Credit

On August 22, 2006, the Company amended its unsecured credit facility with Wells Fargo Bank to increase the availability from \$500,000 to \$560,000, extend the maturity date from August 27, 2006 to August 27, 2008 plus three one-year extension options, amend certain financial covenants to provide the Company with enhanced borrowing flexibility, increase the limit on the maximum availability that the Company may request from \$600,000 to \$700,000 and add a letter of credit feature to the credit facility. The credit facility bears interest at the London Interbank Offered Rate (LIBOR) plus a margin of 0.75% to 1.20% based on the Company's leverage, as defined in the agreement. At September 30, 2006, the outstanding borrowings of \$233,000 under the unsecured credit facility had a weighted average interest rate of 6.23%. Additionally, the Company pays an annual fee of 0.1% of the amount of total availability under the unsecured credit facility.

Secured Lines of Credit

The Company has four secured lines of credit that are used for construction, acquisition, and working capital purposes, as well as issuances of letters of credit. Each of these lines is secured by mortgages on certain of the Company's operating properties. Borrowings under the secured lines of credit had a weighted average interest rate of 6.14% at September 30, 2006. The Company also pays a fee based on the amount of unused availability under its largest secured credit facility at a rate of 0.125% or 0.250%, depending on the level of unused availability. The following summarizes certain information about the secured lines of credit as of September 30, 2006:

Total Available	Total Outstanding	Maturity Date
\$ 476,000	\$ 475,232	February 2009
100,000	42,000	June 2008
20,000	1,000	March 2007
17,200	17,200	April 2008
\$ 613,200	\$ 535,432	

In addition to the borrowings outstanding on the secured lines of credit, there were letters of credit totaling \$2,071 that were also outstanding as of September 30, 2006.

In February 2006, the Company amended one of the secured credit facilities to increase the maximum availability from \$373,000 to \$476,000, extend the maturity date from February 26, 2006 to February 26, 2009 plus a one-year extension option, increase the minimum tangible net worth requirement, as defined, from \$1,000,000 to \$1,370,000 and increase the limit on the maximum availability that the Company may request from \$500,000 to \$650,000. In August 2006, the Company amended this secured credit facility to reduce the interest rate from LIBOR plus 0.90% to LIBOR plus 0.80% and to amend certain financial covenants to provide the Company with enhanced borrowing flexibility.

In June 2006, the Company amended its \$100,000 secured credit facility to change the maturity date from June 1, 2007 to June 1, 2008 and to substitute certain collateral under the facility.

In August 2006, the Company amended one of its secured credit facilities to increase the availability from \$10,000 to the greater of \$17,200 or the borrowing base (as defined), to reduce the interest rate from LIBOR plus 1.00% to LIBOR plus 0.80%, to extend the maturity date from April 1, 2007 to April 1, 2008 and to amend certain financial covenants to provide the Company with enhanced borrowing flexibility.

Letters of Credit

At September 30, 2006, the Company had additional secured lines of credit with a total commitment of \$37,345 that can only be used for issuing letters of credit. The letters of credit outstanding under these lines of credit totaled \$27,036 at September 30, 2006.

Covenants and Restrictions

Twenty-seven malls, five associated centers, two community centers and the corporate office building are owned by special purpose entities that are included in the Company's consolidated financial statements. The sole business purpose of the special purpose entities is to own and operate these properties, each of which is encumbered by a commercial-mortgage-backed-securities loan. The real estate and other assets owned by these special purpose entities are restricted under the loan agreements in that they are not available to settle other debts of the Company. However, so long as the loans are not

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

under an event of default, as defined in the loan agreements, the cash flows from these properties, after payments of debt service, operating expenses and reserves, are available for distribution to the Company.

Maturities

The weighted average remaining term of the Company's consolidated debt was 5.0 years at September 30, 2006 and 4.7 years at December 31, 2005. The Company has debt of \$119,834 that is scheduled to mature before September 30, 2007. The Company has extension options that will extend the maturity date of \$79,730 of debt beyond September 30, 2007. The mortgage notes payable comprising the remaining \$40,104 are expected to be retired or refinanced.

Note 4 Shareholders' Equity And Minority Interests

In January 2006, holders of 1,480,066 common units of limited partnership interest in the Operating Partnership and holders of 27,582 Series J special common units (J-SCUs) of limited partnership interest in the Operating Partnership exercised their conversion rights. The Company elected to issue 1,480,066 shares of common stock in exchange for the common units and to pay cash of \$1,112 in exchange for the J-SCUs.

Holders of 63,881 J-SCUs and 4,000 J-SCUs exercised their conversion rights in June 2006 and August 2006, respectively. The Company elected to pay cash of \$2,498 in exchange for these J-SCUs.

A holder of 499,578 J-SCUs exercised its conversion rights in September 2006. The Company has elected to exchange shares of common stock for these J-SCUs, which will be completed subsequent to September 30, 2006.

Note 5 - Segment Information

The Company measures performance and allocates resources according to property type, which is determined based on certain criteria such as type of tenants, capital requirements, economic risks, leasing terms, and short- and long-term returns on capital. Rental income and tenant reimbursements from tenant leases provide the majority of revenues from all segments. Information on the Company's reportable segments is presented as follows:

Three Months Ended September 30, 2006	Malls	Associated Centers	Community Centers	All Other	Total

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

- (1) Property operating expenses include property operating expenses, real estate taxes and maintenance and repairs.
- (2) Amounts include acquisitions of real estate assets and investments in unconsolidated affiliates. Developments in progress are included in the All Other category.

Note 6 Earnings Per Share

Basic earnings per share (EPS) is computed by dividing net income available to common shareholders by the weighted-average number of unrestricted common shares outstanding for the period. Diluted EPS assumes the issuance of common stock for all potential dilutive common shares outstanding. The limited partners' rights to convert their minority interest in the Operating Partnership into shares of common stock are not dilutive. The following summarizes the impact of potential dilutive common shares on the denominator used to compute earnings per share:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2006	2005	2006	2005
Weighted average shares outstanding	64,656	63,423	63,968	62,994
Effect of nonvested stock awards	(482)	(483)	(352)	(301)
Denominator - basic earnings per share	64,174	62,940	63,616	62,693
Dilutive effect of:				
Stock options	1,136	1,722	1,245	1,819
Nonvested stock awards	138	357	165	239
Deemed shares related to deferred compensation arrangements	48	234	60	222
Denominator - diluted earnings per share	65,496	65,253	65,086	64,973

Note 7 Comprehensive Income

Comprehensive income includes all changes in shareholders' equity during a period, except those resulting from investments by shareholders and distributions to shareholders. Comprehensive income includes other comprehensive income of \$458 and \$310 in the three months ended September 30, 2006 and 2005, respectively, and \$619 and \$310 in the nine months ended September 30, 2006 and 2005, respectively. Other comprehensive income in all periods presented represents unrealized gain on marketable securities that are classified as available for sale. Comprehensive income was \$22,437 and \$68,045 for the three months ended September 30, 2006 and 2005, respectively, and \$79,423 and \$129,483 for the nine months ended September 30, 2006 and 2005, respectively.

Note 8- Contingencies

The Company is currently involved in certain litigation that arises in the ordinary course of business. It is management's opinion that the pending litigation will not materially affect the financial position or results of operations of the Company.

The Company has guaranteed 50% of the debt of Parkway Place L.P., an unconsolidated affiliate in which the Company owns a 45% interest, which owns Parkway Place in Huntsville, AL. The total amount outstanding at September 30, 2006, was \$53,200 of which the Company has guaranteed \$26,600. The guaranty will expire when the related debt matures in June 2008. The Company has not recorded an obligation for this guaranty because it has determined that the fair value of the guaranty is not material.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

The Company has guaranteed the performance of York Town Center, LP (YTC), an unconsolidated affiliate in which the Company owns a 50% interest, under the terms of an agreement with a third party that will own property adjacent to the shopping center property YTC is currently developing. Under the terms of that agreement, YTC is obligated to cause performance of the third party's obligations as landlord under its lease with its sole tenant, including, but not limited to, provisions such as co-tenancy and exclusivity requirements. Should YTC fail to cause performance, then the tenant under the third party landlord's lease may pursue certain remedies ranging from rights to terminate its lease to receiving reductions in rent. The Company has guaranteed YTC's performance under this agreement up to a maximum of \$22,000, which decreases by \$800 annually until the guaranteed amount is reduced to

\$10,000. The Company has entered into an agreement with its joint venture partner under which the joint venture partner has agreed to reimburse the Company 50% of any amounts the Company is obligated to fund under the guaranty. The Company has not recorded an obligation for this guaranty because it has determined that the fair value of the guaranty is not material.

The Company has issued various bonds that it would have to satisfy in the event of non-performance. At September 30, 2006, the total amount outstanding on these bonds was \$21,205.

Note 9 - Share-Based Compensation

The Company maintains the CBL & Associates Properties, Inc. Amended and Restated Stock Incentive Plan, as amended, which permits the Company to issue stock options and common stock to selected officers, employees and directors of the Company up to a total of 10,400,000 shares. The compensation committee of the board of directors (the Committee) administers the plan.

Historically, the Company accounted for its stock-based compensation plans under the recognition and measurement principles of Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees* (APB No. 25), and related interpretations. Effective January 1, 2003, the Company elected to begin recording the expense associated with stock options granted after January 1, 2003, on a prospective basis in accordance with the fair value and transition provisions of Statement of Financial Accounting Standards (SFAS) No. 123, *Accounting for Stock-Based Compensation*, as amended by SFAS No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure An Amendment of FASB Statement No. 123*.

Effective January 1, 2006, the Company adopted the fair value recognition provisions of SFAS No. 123(R), *Share-Based Payment*, using the modified-prospective-transition method. Under that transition method, compensation cost recognized during the nine months ended September 30, 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123 and (b) compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of SFAS No. 123(R). Under SFAS No. 123(R), share-based payments are not recorded as shareholders' equity until the related compensation expense is recognized. Accordingly, the Company reclassified \$8,895 from the deferred compensation line item in shareholders' equity to additional-paid in capital as of January 1, 2006. Results for prior periods have not been restated.

As a result of adopting SFAS No. 123(R) on January 1, 2006, the Company's net income available to common shareholders for the three months and nine months ended September 30, 2006 is \$67 and \$238 lower, respectively, than if it had continued to account for share-based compensation under SFAS No. 123.

The compensation cost that has been charged against income for the plan was \$1,470 and \$1,936 for the three months ended September 30, 2006 and 2005, and \$5,235 and \$3,872 for the nine months ended September 30, 2006 and 2005, respectively. Compensation cost resulting from share-based awards is recorded at the Management Company. The Management Company is a taxable entity; however, as a result of its recurring losses, a full valuation allowance has been recorded against its net deferred tax asset. Accordingly, the recognition of compensation cost or the tax deduction received upon the exercise or vesting of share-based awards, resulted in no tax benefits to the Company. Compensation cost capitalized as part of real estate assets was \$248 and \$126 for the three months ended September 30, 2006 and 2005, respectively, and \$461 and \$272 for the nine months ended September 30, 2006 and 2005, respectively.

Stock Options

Stock options issued under the plan allow for the purchase of common stock at the fair market value of the stock on the date of grant. Stock options granted to officers and employees vest and become exercisable in equal installments on each of the first five anniversaries of the date of grant and expire 10 years after the date of grant. Stock options granted to independent directors are fully vested upon grant; however, the independent directors may not sell, pledge or otherwise transfer their stock options during their board term or for one year thereafter. No stock options have been granted since 2002.

No stock-based compensation expense related to stock options granted prior to January 1, 2003, has been reflected in net income of periods ended prior to January 1, 2006, since these awards are being accounted for under APB No. 25 and all options granted had an exercise price equal to the fair value of the Company's common stock on the date of grant. For SFAS No. 123 pro forma disclosure purposes, the fair value of stock options was determined as of the date of grant using the Black-Scholes option-pricing model.

The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of SFAS No. 123(R) to all outstanding and unvested awards in the three months and the nine months ended September 30, 2005:

	Three	Nine
	Months Ended	Months Ended
	September 30, 2005	September 30, 2005
Net income available to common shareholders, as reported	\$ 60,093	\$ 106,247
Add: Stock-based compensation expense included in		
reported net income available to common shareholders	1,936	3,872
Less: Total stock-based compensation expense determined under		
fair value method	(2,033)	(4,194)
Pro forma net income available to common shareholders	\$ 59,996	\$ 105,925
Earnings per share:		
Basic, as reported	\$ 0.95	\$ 1.69
Basic, pro forma	\$ 0.95	\$ 1.69
Diluted, as reported	\$ 0.92	\$ 1.64
Diluted, pro forma	\$ 0.92	\$ 1.63

The Company's stock option activity for the nine months ended September 30, 2006 is summarized as follows:

		Weighted		
		Weighted	Average	
		Average	Remaining	Aggregate
		Exercise	Contractual	Intrinsic
	Shares	Price	Term	Value
Outstanding at January 1, 2006	2,208,440	\$ 13.89		

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Exercised	(558,860)	\$	12.50		
Cancelled	(4,400)	\$	18.27		
Outstanding at September 30, 2006	1,645,180	\$	14.35	3.8 years	\$ 45,348
Vested or expected to vest at September 30, 2006	1,645,180	\$	14.35	3.8 years	\$ 45,348
Options exercisable at September 30, 2006	1,499,180	\$	13.96	3.7 years	\$ 41,896

No stock options have been granted since the adoption of SFAS No. 123 on January 1, 2003. The total intrinsic value of options exercised during the three months ended September 30, 2006 and 2005, was \$4,387 and \$6,869, respectively, and during the nine months ended September 30, 2006 and 2005, was \$15,923 and \$18,215, respectively.

Stock Awards

Under the plan, common stock may be awarded either alone, in addition to, or in tandem with other stock awards granted under the plan. The Committee has the authority to determine eligible persons to whom common stock will be awarded, the number of shares to be awarded and the duration of the vesting period, as defined. Generally, an award of common stock vests either immediately at grant, in equal installments over a period of five years or in one installment at the end of periods up to five years. The Committee may also provide for the issuance of common stock under the plan on a deferred basis pursuant to deferred compensation arrangements. The fair value of common stock awarded under the plan is determined based on the market price of the Company's common stock on the grant date and the related compensation expense is recognized over the vesting period on a straight-line basis.

A summary of the status of the Company's stock awards as of September 30, 2006, and changes during the nine months ended September 30, 2006, is presented below:

	Shares	Weighted Average Grant-Date Fair Value
Nonvested at January 1, 2006	387,506	\$ 30.06
Granted	245,989	\$ 39.70
Vested	(157,004)	\$ 39.94
Forfeited	(8,620)	\$ 35.21
Nonvested at September 30, 2006	467,871	\$ 34.06

The weighted average grant-date fair value of shares granted during the nine months ended September 30, 2006 and 2005 was \$39.70 and \$39.00, respectively. The total fair value of shares vested during the nine months ended September 30, 2006 and 2005 was \$6,270 and \$3,442, respectively.

As of September 30, 2006, there was \$13,244 of total unrecognized compensation cost related to nonvested stock options and stock awards granted under the plan, which is expected to be recognized over a weighted average period of 3.9 years.

Note 10 Noncash Investing and Financing Activities

The Company's noncash investing and financing activities were as follows for the nine months ended September 30, 2006 and 2005:

	Nine Months Ended	
	September 30, 2006	2005
Additions to real estate assets accrued but not yet paid	\$ 40,637	\$ 25,253
Conversion of minority interest into common stock	\$ 16,486	\$ -
Note receivable received on sale of land	\$ 1,110	\$ -
Debt assumed to acquire property interests, including premiums	\$ -	\$ 61,206
Minority interest issued in acquisition of real estate assets	\$ -	\$ 40,881
Debt assumed by buyer on sales of real estate assets	\$ -	\$ 12,141

Note 11 Discontinued Operations

During May 2006, the Company sold three community centers for an aggregate sales price of \$42,280 and recognized a gain of \$7,215. The Company also sold two community centers in May 2006 for an aggregate sales price of \$63,000 and recognized a loss on impairment of real estate assets of \$274. Total revenues for these community centers were \$61 and \$1,251 for the three months ended September

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

30, 2006 and 2005, respectively. Total revenues for these community centers were \$5,045 and \$1,776 for the nine months ended September 30, 2006 and 2005, respectively. All prior periods presented have been restated to reflect the operations of these community centers as discontinued operations.

All five of these community centers were sold to Galileo America LLC (Galileo America) in connection with a put right the Company had previously entered into with Galileo America. The Company, as tenant, entered into separate master lease agreements with Galileo America, as landlord, covering a total of three spaces in the properties sold to Galileo America. Under each master lease agreement, the Company is obligated to pay Galileo America an agreed-upon minimum annual rent, plus a pro rata share of common area maintenance expenses and real estate taxes, for each designated space for a term of two years from the closing date. The Company had a liability of \$610 at September 30, 2006 for the amounts to be paid over the remaining terms of the master lease obligations. To the extent the Company is relieved of its obligations under the master lease agreements as a result of leasing the spaces to third parties, the Company will recognize additional gain on sale of real estate assets.

Note 12 Recent Accounting Pronouncements

In June 2005, the Financial Accounting Standards Board (FASB) issued Emerging Issues Task Force (EITF) Issue No. ~~04-5~~ *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights*. EITF Issue No. 04-5 provides a framework for determining whether a general partner controls, and should consolidate, a limited partnership or a similar entity. EITF Issue No. 04-5 is effective after June 29, 2005, for all newly formed limited partnerships and for any pre-existing limited partnerships that modify their partnership agreements after that date. General partners of all other limited partnerships are required to apply the consensus no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. The adoption of EITF Issue No. 04-5 did not result in any changes to the manner in which the Company accounts for its joint ventures.

In June 2005, the FASB issued FSP 78-9-1, *Interaction of AICPA Statement of Position 78-9 and EITF Issue No. 04-5*. The EITF acknowledged that the consensus in EITF Issue No. 04-5 conflicts with certain aspects of Statement of Position (SOP) 78-9, *Accounting for Investments in Real Estate Ventures*. The EITF agreed that the assessment of whether a general partner, or the general partners as a group, controls a limited partnership should be consistent for all limited partnerships, irrespective of the industry within which the limited partnership operates. Accordingly, the guidance in SOP 78-9 was amended in FSP 78-9-1 to be consistent with the guidance in EITF Issue No. 04-5. The effective dates for this FSP are the same as those mentioned above in EITF Issue No. 04-5. The adoption of FSP 78-9-1 did not result in any changes to the manner in which the Company accounts for its joint ventures.

On July 13, 2006, the FASB issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48), which is effective for fiscal years beginning after December 15, 2006. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*, by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. The Company is currently evaluating the impact that the adoption of FIN 48 will have on its financial statements.

In September 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 157 *Fair Value Measurements*. SFAS No. 157 defines fair value, establishes a framework for measuring fair value under generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The transition adjustment, which is measured as the difference between the carrying amount and the fair value of those financial

instruments at the date SFAS No. 157 is initially applied, should be recognized as a cumulative effect adjustment to the opening balance of retained earnings for the fiscal year in which SFAS No. 157 is initially applied. The provisions of SFAS No. 157 are effective for the Company beginning January 1, 2008. The Company is currently evaluating the impact of adopting SFAS No. 157 on its consolidated financial statements.

In September 2006, the SEC issued Staff Accounting Bulletin (SAB) No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*. SAB No. 108 requires companies to evaluate the materiality of identified unadjusted errors on each financial statement and related financial statement disclosure using both the rollover approach and the iron curtain approach, as those terms are defined in SAB No. 108. The rollover approach quantifies misstatements based on the amount of the error in the current year financial statement, whereas the iron curtain approach quantifies misstatements based on the effects of correcting the misstatement existing in the balance sheet at the end of the current year, irrespective of the misstatement's year(s) of origin. Financial statements would require adjustment when either approach results in quantifying a misstatement that is material. Correcting prior year financial statements for immaterial errors would not require previously filed reports to be amended. If a Company determines that an adjustment to prior year financial statements is required upon adoption of SAB No. 108 and does not elect to restate its previous financial statements, then it must recognize the cumulative effect of applying SAB No. 108 in fiscal 2006 beginning balances of the affected assets and liabilities with a corresponding adjustment to the fiscal 2006 opening balance in retained earnings. SAB No. 108 is effective for interim periods of the first fiscal year ending after November 15, 2006. The Company is currently evaluating the impact of SAB No. 108 on its consolidated financial statements.

ITEM 2: Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of financial condition and results of operations should be read in conjunction with the consolidated financial statements and accompanying notes that are included in this Form 10-Q. In this discussion, the terms "we", "us", "our", and the "Company" refer to CBL & Associates Properties, Inc. and its subsidiaries.

Certain statements made in this section or elsewhere in this report may be deemed "forward looking statements" within the meaning of the federal securities laws. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance that these expectations will be attained, and it is possible that actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. In addition to the risk factors described in Part II, Item 1A. of this report, such risks and uncertainties include, without limitation, general industry, economic and business conditions, interest rate fluctuations, costs of capital and capital requirements, availability of real estate properties, inability to consummate acquisition opportunities, competition from other companies and retail formats, changes in retail rental rates in the Company's markets, shifts in customer demands, tenant bankruptcies or store closings, changes in vacancy rates at our properties, changes in operating expenses, changes in applicable laws, rules and regulations, the ability to obtain suitable equity and/or debt financing and the continued availability of financing in the amounts and on the terms necessary to support our future business. We disclaim any obligation to update or revise any forward-looking statements to reflect actual results or changes in the factors affecting the forward-looking information.

EXECUTIVE OVERVIEW

We are a self-managed, self-administered, fully integrated real estate investment trust (REIT) that is engaged in the ownership, development, acquisition, leasing, management and operation of regional shopping malls, open-air centers and community centers. Our shopping center properties are located in 26 states, but primarily in the southeastern and midwestern United States.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

As of September 30, 2006, we owned controlling interests in 72 regional malls, 27 associated centers (each adjacent to a regional shopping mall), two community centers and our office building. We consolidate the financial statements of all entities in which we have a controlling financial interest or where we are the primary beneficiary of a variable interest entity. As of September 30, 2006, we owned non-controlling interests in seven regional malls and three associated centers. Because one or more of the other partners have substantive participating rights we do not control these partnerships and joint ventures and, accordingly, account for these investments using the equity method. We had two mall/lifestyle expansions, one open-air shopping center expansion, four associated/lifestyle centers and five community centers (two of which are owned in joint ventures) under construction at September 30, 2006. We also hold options to acquire certain development properties owned by third parties.

The majority of our revenues is derived from leases with retail tenants and generally includes base minimum rents, percentage rents based on tenants' sales volumes and reimbursements from tenants for expenditures, including property operating expenses, real estate taxes and maintenance and repairs, as well as certain capital expenditures. We also generate revenues from sales of outparcel land at the properties and from sales of operating real estate assets when it is determined that we can realize the maximum value of the assets. Proceeds from such sales are generally used to reduce borrowings on our credit facilities.

RESULTS OF OPERATIONS

The following significant transactions impact the comparison of the results of operations for the three months and nine months ended September 30, 2006 to the results of operations for the comparable periods ended September 30, 2005:

We have acquired or opened eight malls, two open-air centers and two associated centers since January 1, 2005 (collectively referred to as the **New Properties**). We do not consider a property to be one of the **Comparable Properties** (defined below) until the property has been owned or open for one complete calendar year. The **New Properties** are as follows:

Project Name	Location	Date Acquired / Opened
<u>Acquisitions:</u>		
Laurel Park Place	Livonia, MI	June 2005
The Mall of Acadiana	Lafayette, LA	July 2005
Layton Hills Mall	Layton, UT	November 2005
Layton Hills Convenience Center	Layton, UT	November 2005
Oak Park Mall	Overland Park, KS	November 2005
Eastland Mall	Bloomington, IL	November 2005
Hickory Point Mall	Forsyth, IL	November 2005
Triangle Town Center (50/50 joint venture)	Raleigh, NC	November 2005
Triangle Town Place (50/50 joint venture)	Raleigh, NC	November 2005
<u>Developments:</u>		
Imperial Valley Mall (60/40 joint venture)	El Centro, CA	March 2005
Southaven Towne Center	Southaven, MS	October 2005
Gulf Coast Town Center Phase I (50/50 joint venture)	Ft. Myers, FL	November 2005

Properties that were in operation as of January 1, 2005 and September 30, 2006 are referred to as the **Comparable Properties**.

Comparison of the Three Months Ended September 30, 2006 to the Three Months Ended September 30, 2005

Revenues

The \$18.8 million increase in revenues resulted from an increase of \$24.5 million attributable to the revenues from the New Properties, an increase of \$3.0 million in revenues from the Comparable Properties, a decrease in management, development and leasing fees of \$9.9 million resulting primarily from the sale of our management contracts with Galileo America, LLC (Galileo America) in August 2005, and an increase in other revenues of \$1.2 million due to growth in our subsidiary that provides security and maintenance services to third parties.

Revenue growth of the Comparable Properties was negatively impacted by the continued loss of rental income from the store closures and bankruptcies that occurred in the first quarter of 2006. As discussed in the section Operational Review, this impacted our occupancy, and as a result, our cost recovery ratio decreased to 102.0% for the three months ended September 30, 2006, compared to 103.1% for the three months ended September 30, 2005.

Expenses

The \$6.8 million increase in property operating expenses, including real estate taxes and maintenance and repairs, resulted from an increase of \$7.2 million from the New Properties offset by a reduction of \$0.3 million attributable to the Comparable Properties.

The \$17.2 million increase in depreciation and amortization expense resulted from increases of \$13.6 million from the New Properties, of which \$6.3 million is related to revisions that we made to the estimated useful lives of certain acquired assets and liabilities. The increase attributable to the Comparable Properties is \$3.6 million and is due to ongoing capital expenditures for renovations, expansions, tenant allowances and deferred maintenance.

General and administrative expenses decreased \$0.8 million due to reductions in personnel as a result of the sale of our interest in Galileo America in August 2005. During the three months ended September 30, 2005, we recorded a one-time charge of \$1.3 million related to the severance packages for individuals affected by the sale of our management and advisory contracts with Galileo America. Additionally, we have increased the number of developments in progress compared to the same period a year ago, which has resulted in a larger amount of overhead expense being capitalized than compared to the same period a year ago. These decreases were partially offset by annual increases in salaries and benefits of existing personnel and the addition of new personnel to support our growth.

Other expense increased \$1.4 million due to an increase in the operating expenses of our subsidiary that provides security and maintenance services to third parties.

Other Income and Expenses

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Interest expense increased by \$11.2 million due to the additional debt associated with the New Properties, the higher level of debt associated with the refinancing of four loans in July 2006 and an increase in the weighted average interest rate of our variable-rate debt as compared to the comparable period of the prior year.

We recorded a loss on extinguishment of debt of \$0.9 million as a result of retiring two loans prior to their scheduled maturity dates. The loss on extinguishment consisted of prepayment fees of \$0.6 million and the write-off of unamortized deferred financing costs of \$0.3 million.

Gain on Sales

Gain on sales of real estate assets of \$3.9 million in the three months ended September 30, 2006 relates to the sale of three outparcels. Gain on sales of real estate assets of \$46.5 million in the three months ended September 30, 2005 included \$42.9 million of gains related to the redemption of our ownership interest in Galileo America, \$1.3 million from the recognition of deferred gain related to properties that were previously sold to Galileo America and \$2.3 million of gains on the sales of three outparcels.

Equity in Earnings of Unconsolidated Affiliates

Equity in earnings of unconsolidated affiliates decreased \$0.4 million due to several factors. First, we recognized our share of the losses generated by Triangle Town Center, in which our ownership interest was not acquired until November 2005. Second, there was an increase in our share of the losses of Parkway Place primarily due to an increase in the interest rate on its variable rate debt as compared to the prior year. Third, our share of the earnings of Kentucky Oaks Mall decreased as a result of a new state income tax that became effective.

These decreases were offset by our share of the earnings of Triangle Town Place, an associated center adjacent to Triangle Town Center in which we acquired an ownership interest in November 2005, an increase in our share of the earnings of Coastal Grand-Myrtle Beach due to its continued growth, an increase in our share of the earnings of Imperial Valley Mall attributable to gains on sales of outparcels and an increase from our share of gains on sales at High Pointe Commons.

Discontinued Operations

Discontinued operations in the three months ended September 30, 2006 reflect the true up of estimated expenses to actual amounts for properties sold during previous periods. Discontinued operations in the three months ended September 30, 2005 represent the true up of estimated expenses to actual amounts for properties sold during previous periods, as well as the operations of community centers that were sold subsequent to September 30, 2005.

Comparison of the Nine Months Ended September 30, 2006 to the Nine Months Ended September 30, 2005

Revenues

The \$83.3 million increase in revenues resulted from an increase of \$74.5 million attributable to the New Properties, an increase in revenues of \$19.3 million from the Comparable Properties, a decrease in management, development and leasing fees of \$14.0 million resulting from the sale of our management contracts with Galileo America in August 2005, and an increase in other revenues of \$3.6 million due to growth in our subsidiary that provides security and maintenance services to third parties. Our cost recovery ratio increased slightly to 103.9% for the nine months ended September 30, 2006, compared to 103.8% for the nine months ended September 30, 2005.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Revenue growth of the Comparable Properties was partially offset by the continued loss of rental income from the store closures and bankruptcies that occurred in the first quarter of 2006.

Expenses

The \$26.9 million increase in property operating expenses, including real estate taxes and maintenance and repairs, resulted from an increase of \$22.2 million attributable to the New Properties and \$4.7 million from the Comparable Properties.

The \$41.8 million increase in depreciation and amortization expense resulted from increases of \$33.7 million from the New Properties, of which \$6.3 million is related to revisions that we made to the estimated useful lives of certain acquired assets and liabilities. The increase of \$8.1 million attributable to the Comparable Properties is due to ongoing capital expenditures for renovations, expansions, tenant allowances and deferred maintenance.

General and administrative expenses decreased \$0.6 million primarily as a result of reductions in personnel due to the sale of our interest in Galileo America in August 2005. During the nine months ended September 30, 2005, we recorded a one-time charge of \$1.3 million related to the severance packages for individuals affected by the sale of our management and advisory contracts with Galileo America. Additionally, we have increased the number of developments in progress compared to the same period a year ago, which has resulted in a larger amount of overhead expense being capitalized than compared to the same period a year ago. These decreases were partially offset by annual increases in salaries and benefits of existing personnel and the addition of new personnel to support our growth.

Other expense increased \$3.6 million due to an increase of \$3.7 million in the operating expenses of our subsidiary that provides security and maintenance services to third parties and a decrease of \$0.1 million in write-offs of abandoned development projects.

Other Income and Expenses

Interest expense increased by \$39.7 million primarily due to the additional debt associated with the New Properties and an increase in the weighted average interest rate of our variable-rate debt as compared to the same period of the prior year.

We recorded a loss on extinguishment of debt of \$0.9 million as a result of retiring two loans prior to their scheduled maturity dates. The loss on extinguishment consisted of prepayment fees of \$0.6 million and the write-off of unamortized deferred financing costs of \$0.3 million.

Gain on Sales

Gain on sales of real estate assets of \$6.8 million in the nine months ended September 30, 2006 relates to the sale of six outparcels. Gain on sales of real estate assets of \$53.6 million in the nine months ended September 30, 2005 includes \$44.2 million of gains related to the redemption of our ownership interest in Galileo America, \$1.0 million from the recognition of deferred gain related to properties that were previously sold to Galileo America and \$8.4 million of gains on the sales of ten outparcels.

Equity in Earnings of Unconsolidated Affiliates

Equity in earnings of unconsolidated affiliates decreased \$3.0 million because of the disposition of our ownership interest in Galileo America in August 2005, losses incurred at Triangle Town Center, in which our ownership interest was not acquired until November 2005, an increase in interest expense of Parkway Place due to a rise in the interest rate on its variable rate debt as compared to the prior year and a decrease in gains from outparcel sales at Imperial Valley Mall as compared to the prior year period. These decreases were partially offset by increases in earnings of our other unconsolidated affiliates.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Discontinued Operations

Discontinued operations in the nine months ended September 30, 2006 reflects the results of operations of five community centers that were sold during May 2006. Discontinued operations in the nine months ended September 30, 2005 are related to five community centers located throughout Michigan that were sold in March 2005, as well as the operations of community centers that were sold subsequent to September 30, 2005.

Operational Review

The shopping center business is, to some extent, seasonal in nature with tenants achieving the highest levels of sales during the fourth quarter because of the holiday season. Additionally, the malls earn most of their temporary rents (rents from short-term tenants), during the holiday period. Thus, occupancy levels and revenue production are generally the highest in the fourth quarter of each year. Results of operations realized in any one quarter may not be indicative of the results likely to be experienced over the course of the fiscal year.

We classify our regional malls into two categories – malls that have completed their initial lease-up are referred to as stabilized malls and malls that are in their initial lease-up phase and have not been open for three calendar years are referred to as non-stabilized malls. The non-stabilized malls currently include Coastal Grand-Myrtle Beach in Myrtle Beach, SC, which opened in March 2004; Imperial Valley Mall in El Centro, CA, which opened in March 2005; Southaven Towne Center in Southaven, MS, which opened in October 2005; and Gulf Coast Town Center - Phase I in Ft. Myers, FL, which opened in November 2005.

We derive a significant amount of our revenues from the mall properties. The sources of our revenues by property type were as follows:

	Nine Months Ended September 30,	
	2006	2005
Malls	92.5%	91.2%
Associated centers	3.9%	3.9%
Community centers	0.7%	1.0%
Mortgages, office building and other	2.9%	3.9%

Sales and Occupancy Costs

Mall store sales (for those tenants who occupy 10,000 square feet or less and have reported sales) increased by 4.5% on a comparable per square foot basis for the nine months ended September 30, 2006. Mall store sales also increased 4.5% (we previously reported 5.8% in our earnings release and the investor conference call script attached as exhibits to our Current Report on Form 8-K dated November 3, 2006) on a comparable per square foot basis to \$340 per square foot for the trailing twelve months ended September 30, 2006.

Occupancy costs as a percentage of sales for the stabilized malls were 13.4% for the nine months ended September 30, 2006 and 2005.

Occupancy

The occupancy of the portfolio was as follows:

	At September 30,	
	2006	2005
Total portfolio occupancy	92.6%	93.3%
Total mall portfolio	92.3%	93.2%
Stabilized malls	92.4%	93.4%
Non-stabilized malls	90.7%	88.0%
Associated centers	94.9%	94.5%
Community centers	88.3%	92.8%

Stabilized mall occupancy, and as a result, total portfolio occupancy, were negatively impacted by the vacancies that have occurred related to Casual Corner and Musicland. In the first quarter of 2006, 26 Casual Corner/Petite Sophisticate stores with 147,000 square feet terminated their leases early. We have made significant progress on re-leasing the vacant Casual Corner spaces and have over 56% of the space leased and committed at base rents that are 20% higher. Musicland closed 32 stores during the first quarter of 2006 totaling 114,000 square feet. We are also making significant progress on the Musicland space as we have nearly 50% of the space leased or committed. There can be no assurance, however, as to how soon the vacant stores will be fully re-leased. The occupancy numbers are still negatively impacted by the Casual Corner and Musicland vacancies, as over 92,000 square feet of the leased and committed space was not yet open at September 30, 2006. The periods of vacancy will continue to have an impact on 2006 operating results.

In addition to the Casual Corner and Musicland spaces, timing issues and relocations at several of the malls have impacted our occupancy. For example, Turtle Creek Mall in Hattiesburg, MS, which has historically maintained 100% occupancy, had a 15% decline in occupancy from the prior year. The principal reason for this was that three stores elected not to reopen after Hurricane Katrina. We have successfully re-leased these spaces to Hollister, S&K, Forever 21 and Man Alive with openings occurring in October 2006 and November 2006. These timing delays at Turtle Creek accounted for 10 basis points of the decline in mall occupancy this quarter. Several other malls experienced similar issues that impacted occupancy on a temporary basis.

Leasing

Average annual base rents per square foot were as follows for each property type:

	At September 30,	
	2006	2005
Stabilized malls	\$ 26.74	\$ 25.85
Non-stabilized malls	\$ 26.80	\$ 27.46
Associated centers	\$ 10.78	\$ 10.16
Community centers	\$ 16.68	\$ 9.00
Office	\$ 19.47	\$ 19.33

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

The following table presents the results we achieved in new and renewal leasing during the three months and nine months ended September 30, 2006 for small shop spaces less than 20,000 square feet that were previously occupied, excluding junior anchors:

	Square Feet	Base Rent		Initial Base		Average Base	
		Per		Rent Per Square		Rent Per	
		Square Foot		Foot	% Change	Square Foot	% Change
		Prior Lease (1)	New Lease (2)	Initial		New Lease (3)	Average
Quarter:							
Stabilized Malls	623,853	\$ 23.99	\$ 25.78	7.5%		\$ 26.59	10.8%
Associated centers	32,163	12.20	12.39	1.6%		12.53	2.7%
Community centers	4,500	21.67	21.67	0.0%		21.67	0.0%
	660,516	\$ 23.40	\$ 25.10	7.3%		\$ 25.87	10.6%
Year To Date:							
Stabilized Malls	1,891,754	\$ 25.23	\$ 26.28	4.1%		\$ 27.02	7.1%
Associated centers	66,075	14.47	15.10	4.3%		15.22	5.2%
Community centers	16,802	21.22	22.10	4.1%		22.35	5.3%
	1,974,631	\$ 24.84	\$ 25.87	4.1%		\$ 26.59	7.1%

- (1) Represents the rent that was in place at the end of the lease term.
- (2) Represents the rent in place at beginning of the lease term.
- (3) Average base rent over the term of the new lease.

LIQUIDITY AND CAPITAL RESOURCES

There was \$33.6 million of cash and cash equivalents as of September 30, 2006, an increase of \$4.7 million from December 31, 2005. Cash flows from operations are used to fund short-term liquidity and capital needs such as tenant construction allowances, capital expenditures and payments of dividends and distributions. For longer-term liquidity needs such as acquisitions, new developments, renovations and expansions, we typically rely on property specific mortgages (which are generally non-recourse), construction and term loans, revolving lines of credit, common stock, preferred stock, joint venture investments and a minority interest in the Operating Partnership.

Cash Flows

Cash provided by operating activities during the nine months ended September 30, 2006, decreased by \$1.9 million to \$268.6 million from \$270.5 million during the nine months ended September 30, 2005. This decrease is primarily due to an increase of \$51.5 million in the amount of cash that was paid for interest on outstanding borrowings, excluding cash interest payments that were capitalized, as a result of higher debt levels and a higher weighted average interest rate on our debt portfolio. These decreases were mostly offset by increases related to the operations of the New Properties as well as improvements in the operations of the Comparable Properties.

Debt

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

During the nine months ended September 30, 2006, we borrowed \$742.1 million under mortgage and other notes payable and paid \$613.1 million to reduce outstanding borrowings under mortgage and other notes payable. We paid \$5.3 million of costs directly related to borrowings and our credit facilities, as well as \$0.6 million in prepayment fees related to the retirement of a loan before its schedule maturity date.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

The following tables summarize debt based on our pro rata ownership share (including our pro rata share of unconsolidated affiliates and excluding minority investors' share of shopping center properties) because we believe this provides investors a clearer understanding of our total debt obligations and liquidity (in thousands):

					Weighted Average Interest Rate(1)
	Consolidated	Minority Interests	Unconsolidated Affiliates	Total	
September 30, 2006:					
Fixed-rate debt:					
Non-recourse loans on operating properties	\$ 3,488,207	\$ (56,862)	\$ 217,585	\$ 3,648,930	5.97%
Variable-rate debt:					
Recourse term loans on operating properties	-	-	26,600	26,600	6.33%
Construction loans	207,777	-	-	207,777	6.58%
Lines of credit	768,432	-	-	768,432	6.17%
Total variable-rate debt	976,209	-	26,600	1,002,809	6.26%
Total	\$ 4,464,416	\$ (56,862)	\$ 244,185	\$ 4,651,739	6.03%

					Weighted Average Interest Rate(1)
	Consolidated	Minority Interests	Unconsolidated Affiliates	Total	
December 31, 2005:					
Fixed-rate debt:					
Non-recourse loans on operating properties	\$ 3,281,939	\$ (51,950)	\$ 216,026	\$ 3,446,015	5.99%
Variable-rate debt:					
Recourse term loans on operating properties	292,000	-	26,600	318,600	5.33%
Construction loans	76,831	-	-	76,831	5.76%
Lines of credit	690,285	-	-	690,285	5.29%
Total variable-rate debt	1,059,116	-	26,600	1,085,716	5.33%
Total	\$ 4,341,055	\$ (51,950)	\$ 242,626	\$ 4,531,731	5.83%

(1) Weighted average interest rate including the effect of debt premiums, but excluding amortization of deferred financing costs.

We have four secured credit facilities with total availability of \$613.2 million, of which \$537.5 million was outstanding as of September 30, 2006. The secured credit facilities bear interest at a rate of LIBOR plus a margin ranging from 0.80% to 1.00%. We also pay a fee based on the amount of unused availability under our secured credit facility that has total availability of \$476.0 million at a rate of 0.125% or 0.250%, depending on the level of unused availability.

In August 2006, we amended our \$476.0 million secured credit facility to reduce the interest rate from LIBOR plus 0.90% to LIBOR plus 0.80% and to amend certain financial covenants to provide us with enhanced borrowing flexibility.

In August 2006, we amended our \$10.0 million secured credit facility to increase the availability from \$10.0 million to the greater of \$17.2 million or the borrowing base (as defined), to reduce the interest rate from LIBOR plus 1.00% to LIBOR plus 0.80%, to extend the maturity date from April 1, 2007 to April 1, 2008 and to amend certain financial covenants to provide us with enhanced borrowing flexibility.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

We have an unsecured credit facility with total availability of \$560.0 million, of which \$233.0 million was outstanding as of September 30, 2006. The unsecured credit facility bears interest at LIBOR plus a margin of 0.75% to 1.20% based on our leverage. In August 2006, we amended our unsecured credit facility to increase the availability from \$500.0 million to \$560.0 million, extend the maturity date from August 27, 2006 to August 27, 2008 plus three one-year extension options, amend certain financial covenants to provide us with enhanced borrowing flexibility, increase the limit on the maximum availability that we may request from \$600.0 million to \$700.0 million and add a letter of credit feature to the credit facility. Additionally, we pay an annual fee of 0.1% of the amount of total availability under the unsecured credit facility.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

We also have secured and unsecured lines of credit with total availability of \$37.3 million that can only be used to issue letters of credit. There was \$27.0 million outstanding under these lines at September 30, 2006.

In July 2006, we obtained four separate ten-year, non-recourse loans totaling \$317.0 million that bear interest at fixed rates ranging from 5.86% to 6.10%, with a weighted average of 5.96%. The proceeds of these loans were used to retire \$249.8 million of mortgage notes payable that were scheduled to mature during the next twelve months and to pay outstanding balances on the Company's credit facilities. The loans that were retired consisted of three variable rate term loans of \$189.2 million and one fixed rate loan of \$60.6. The Company recorded a loss on extinguishment of debt of \$0.9 million in July 2006 related to prepayment fees and the write-off of unamortized deferred financings costs.

The secured and unsecured credit facilities contain, among other restrictions, certain financial covenants including the maintenance of certain coverage ratios, minimum net worth requirements, and limitations on cash flow distributions. We were in compliance with all financial covenants and restrictions under our credit facilities at September 30, 2006.

We expect to refinance the majority of mortgage and other notes payable maturing over the next five years with replacement loans. Based on our pro rata share of total debt, there is \$134.8 million of debt that is scheduled to mature before September 30, 2007. There are extension options in place that will extend the maturity of \$79.7 million of this debt beyond September 30, 2007. The remaining \$54.1 million of debt that is maturing before September 30, 2007 is expected to be retired or refinanced.

Equity

In January 2006, holders of 1,480,066 common units of limited partnership interest in the Operating Partnership and holders of 27,582 Series J special common units (J-SCUs) of limited partnership interest in the Operating Partnership exercised their conversion rights. We elected to issue 1,480,066 shares of common stock in exchange for the common units and to pay cash of \$1.1 million in exchange for the J-SCUs.

In June 2006, holders of 63,881 J-SCUs exercised their conversion rights and we elected to pay cash of \$2.4 million in exchange for the J-SCUs.

Holders of 63,881 J-SCUs and 4,000 J-SCUs exercised their conversion rights in June 2006 and August 2006, respectively. The Company elected to pay cash of \$2,498 in exchange for these J-SCUs.

A holder of 499,578 J-SCUs exercised its conversion rights in September 2006. The Company has elected to exchange shares of common stock for these J-SCUs, which will be completed subsequent to September 30, 2006.

During the nine months ended September 30, 2006, we received \$7.3 million in proceeds from issuances of common stock related to exercises of employee stock options and from our dividend reinvestment plan.

During the nine months ended September 30, 2006, we paid dividends of \$116.2 million to holders of our common stock and our preferred stock, as well as \$84.2 million in distributions to the minority interest investors in our Operating Partnership and certain shopping center

properties.

As a publicly traded company, we have access to capital through both the public equity and debt markets. In January 2006, we filed a shelf registration statement with the Securities and Exchange Commission authorizing us to publicly issue shares of preferred stock, common stock and

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

warrants to purchase shares of common stock. There is no limit to the offering price or number of shares that we may issue under this shelf registration statement.

We anticipate that the combination of equity and debt sources will, for the foreseeable future, provide adequate liquidity to continue our capital programs substantially as in the past and make distributions to our shareholders in accordance with the requirements applicable to real estate investment trusts.

Our strategy is to maintain a conservative debt-to-total-market capitalization ratio in order to enhance our access to the broadest range of capital markets, both public and private. Based on our share of total consolidated and unconsolidated debt and the market value of equity, our debt-to-total-market capitalization (debt plus market value equity) ratio was as follows at September 30, 2006 (in thousands, except stock prices):

	Shares			
	Outstanding	Stock Price ⁽¹⁾		Value
Common stock and operating partnership units	116,137	\$ 41.91		\$ 4,867,302
8.75% Series B Cumulative Redeemable Preferred Stock	2,000	50.00		100,000
7.75% Series C Cumulative Redeemable Preferred Stock	460	250.00		115,000
7.375% Series D Cumulative Redeemable Preferred Stock	700	250.00		175,000
Total market equity				5,257,302
Company's share of total debt				4,651,739
Total market capitalization				\$ 9,909,041
Debt-to-total-market capitalization ratio				46.9%

⁽¹⁾ Stock price for common stock and operating partnership units equals the closing price of the common stock on September 29, 2006. The stock price for the preferred stock represents the liquidation preference of each respective series of preferred stock.

As of September 30, 2006, our share of variable rate debt of \$1.0 billion represents 10.1% of our total market capitalization and 21.6% of our share of total consolidated and unconsolidated debt.

Capital Expenditures

We expect to continue to have access to the capital resources necessary to expand and develop our business. Future development and acquisition activities will be undertaken as suitable opportunities arise. We do not expect to pursue these opportunities unless adequate sources of funding are available and a satisfactory budget with targeted returns on investment has been internally approved.

An annual capital expenditures budget is prepared for each property that is intended to provide for all necessary recurring and non-recurring capital expenditures. We believe that property operating cash flows, which include reimbursements from tenants for certain expenses, will provide the necessary funding for these expenditures.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

The following tables summarize our development projects as of September 30, 2006 (dollars in thousands):

Properties Opened Year-to-date

(Dollars in thousands)

Property	Location	Total Project Square Feet	CBL's Share of Total Cost	Date Opened	Initial Yield
Mall Expansions:					
Cross Creek Mall - Starbucks & Salsarita's	Fayetteville, NC	4,900	\$ 1,036	Apr-06	10.0%
Southaven Town Center - Gordman's	Southaven, MS	59,000	7,200	Apr-06	8.6%
Coastal Grand - PetSmart	Myrtle Beach, SC	20,100	2,600	May-06	8.0%
Hanes Mall - Dick's Sporting Goods	Winston-Salem, NC	66,000	10,200	Jul-06	10.0%
Southaven Town Center - Books-A-Million	Southaven, MS	15,000	2,530	Oct-06	10.0%
		165,000	\$ 23,566		

Announced Properties in Pre-development at September 30, 2006

(Dollars in thousands)

Property	Location	Total Estimated Project Square Feet	Estimated Opening Date
The District at CherryVale	Rockford, IL	82,000	Fall-07

York Town Center (a)	York, PA	280,645	20,926	3,918	Oct-07	9.4%
		2,969,679	\$ 390,259	\$ 217,955		

(a) 50/50 joint venture.

(b) Amounts shown are 100% of the cost and cost to date.

(c) Includes a 59,000 square foot Cinemark Theater, which opened in June 2006.

There are construction loans in place for the development costs of Alamance Crossing, Gulf Coast Town Center, The Plaza at Fayette, High Pointe Commons, The Shoppes at St. Clair, Lakeview Pointe and York Town Center. A construction loan for Milford Marketplace is expected to be put in place during the first quarter of 2007. The remaining development costs will be funded with operating cash flows and the credit facilities.

We have entered into a number of option agreements for the development of future regional malls, open-air centers and community centers. Except for the projects discussed under Developments and Expansions above, we do not have any other material capital commitments.

Dispositions

We received \$105.3 million in net proceeds from the sales of five community centers in May 2006 and received \$8.5 million in net proceeds from the sale of six outparcels during the nine months ended September 30, 2006.

Other Capital Expenditures

Including our share of unconsolidated affiliates' capital expenditures and excluding minority investors' share of capital expenditures, we spent \$31.1 million during the nine months ended September 30, 2006 for tenant allowances, which generate increased rents from tenants over the terms of their leases. Deferred maintenance expenditures were \$16.1 million for the nine months ended September 30, 2006 and included \$5.6 million for roof repairs and replacements, \$6.2 million for resurfacing and improved

lighting of parking lots and \$4.3 million for other capital expenditures. Renovation expenditures were \$48.2 million for the nine months ended September 30, 2006.

Deferred maintenance expenditures are generally billed to tenants as common area maintenance expense, and most are recovered over a 5- to 15-year period. Renovation expenditures are primarily for remodeling and upgrades of malls, of which approximately 30% is recovered from tenants over a 5- to 15-year period.

CRITICAL ACCOUNTING POLICIES

Our significant accounting policies are disclosed in Note 2 to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2005. The following discussion describes our most critical accounting policies, which are those that are both important to the presentation of our financial condition and results of operations and that require significant judgment or use of complex estimates.

Revenue Recognition

Minimum rental revenue from operating leases is recognized on a straight-line basis over the initial terms, including rent holidays, of the related leases. Certain tenants are required to pay percentage rent if their sales volumes exceed thresholds specified in their lease agreements. Percentage rent is recognized as revenue when the thresholds are achieved and the amounts become determinable.

We receive reimbursements from tenants for real estate taxes, insurance, common area maintenance, utilities and other recoverable operating expenses as provided in the lease agreements. Tenant reimbursements are recognized as revenue in the period the related operating expenses are incurred. Tenant reimbursements related to certain capital expenditures are billed to tenants over periods of 5 to 15 years and are recognized as revenue when billed.

We receive management, leasing and development fees from third parties and unconsolidated affiliates. Management fees are charged as a percentage of revenues (as defined in the management agreement) and are recognized as revenue when earned. Development fees are recognized as revenue on a pro rata basis over the development period. Leasing fees are charged for newly executed leases and lease renewals and are recognized as revenue when earned. Development and leasing fees received from unconsolidated affiliates during the development period are recognized as revenue to the extent of the third-party partners' ownership interest. Fees to the extent of our ownership interest are recorded as a reduction to our investment in the unconsolidated affiliate.

Gains on sales of real estate assets are recognized when it is determined that the sale has been consummated, the buyer's initial and continuing investment is adequate, our receivable, if any, is not subject to future subordination, and the buyer has assumed the usual risks and rewards of ownership of the asset. When we have an ownership interest in the buyer, gain is recognized to the extent of the third party partner's ownership interest and the portion of the gain attributable to our ownership interest is deferred.

Real Estate Assets

We capitalize predevelopment project costs paid to third parties. All previously capitalized predevelopment costs are expensed when it is no longer probable that the project will be completed. Once development of a project commences, all direct costs incurred to construct the project, including interest and real estate taxes, are capitalized. Additionally, certain general and administrative expenses are allocated to the projects and capitalized based on the amount of time applicable personnel work on the development project. Ordinary repairs and maintenance are expensed as incurred. Major replacements and improvements are capitalized and depreciated over their estimated useful lives.

All acquired real estate assets are accounted for using the purchase method of accounting and accordingly, the results of operations are included in the consolidated statements of operations from the respective dates of acquisition. The purchase price is allocated to (i) tangible assets, consisting of land, buildings and improvements, and tenant improvements, (ii) and identifiable intangible assets and liabilities generally consisting of above- and below-market leases and in-place leases. We use estimates of fair value based on estimated cash flows, using appropriate discount rates, and other valuation methods to allocate the purchase price to the acquired tangible and intangible assets. Liabilities assumed generally consist of mortgage debt on the real estate assets acquired. Assumed debt with a stated interest rate that is significantly different from market interest rates is recorded at its fair value based on estimated market interest rates at the date of acquisition.

Depreciation is computed on a straight-line basis over estimated lives of 40 years for buildings, 10 to 20 years for certain improvements and 7 to 10 years for equipment and fixtures. Tenant improvements are capitalized and depreciated on a straight-line basis over the term of the related lease. Lease-related intangibles from acquisitions of real estate assets are amortized over the remaining terms of the related leases. Any difference between the face value of the debt assumed and its fair value is amortized to interest expense over the remaining term of the debt using the effective interest method.

Carrying Value of Long-Lived Assets

We periodically evaluate long-lived assets to determine if there has been any impairment in their carrying values and record impairment losses if the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amounts or if there are other indicators of impairment. If it is determined that an impairment has occurred, the excess of the asset's carrying value over its estimated

fair value will be charged to operations. We recorded an impairment charge of \$0.3 million during the nine months ended September 30, 2006 as a result of the true-up of certain estimated costs related to two of the community centers that were sold in May 2006. We had previously recognized an impairment loss of \$1.0 million related to these community centers in the fourth quarter of 2005. We recognized an impairment charge of \$0.3 million in the nine months ended September 30, 2005 related to the sale of four community centers in January 2005.

RECENT ACCOUNTING PRONOUNCEMENTS

In June 2005, the Financial Accounting Standards Board (FASB) issued Emerging Issues Task Force (EITF) Issue No. ~~04-5~~ *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights*. EITF Issue No. 04-5 provides a framework for determining whether a general partner controls, and should consolidate, a limited partnership or a similar entity. EITF Issue No. 04-5 is effective after June 29, 2005, for all newly formed limited partnerships and for any pre-existing limited partnerships that modify their partnership agreements after that date. General partners of all other limited partnerships are required to apply the consensus no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. The adoption of EITF Issue No. 04-5 did not result in any changes to the manner in which we account for our joint ventures.

In June 2005, the FASB issued FSP 78-9-1, *Interaction of AICPA Statement of Position 78-9 and EITF Issue No. 04-5*. The EITF acknowledged that the consensus in EITF Issue No. 04-5 conflicts with certain aspects of Statement of Position (SOP) 78-9, *Accounting for Investments in Real Estate Ventures*. The EITF agreed that the assessment of whether a general partner, or the general partners as a group, controls a limited partnership should be consistent for all limited partnerships, irrespective of the industry within which the limited partnership operates. Accordingly, the guidance in SOP 78-9 was amended in FSP 78-9-1 to be consistent with the guidance in EITF Issue No. 04-5. The effective dates for this FSP are the same as those mentioned above in EITF Issue No. 04-5. The adoption of FSP 78-9-1 did not result in any changes to the manner in which we account for our joint ventures.

On July 13, 2006, the FASB issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48), which is effective for fiscal years beginning after December 15, 2006. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*, by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. We are currently evaluating the impact that the adoption of FIN 48 will have on our financial statements.

In September 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*. SFAS No. 157 defines fair value, establishes a framework for measuring fair value under generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The transition adjustment, which is measured as the difference between the carrying amount and the fair value of those financial instruments at the date SFAS No. 157 is initially applied, should be recognized as a cumulative effect adjustment to the opening balance of retained earnings for the fiscal year in which SFAS No. 157 is initially applied. We are currently evaluating the impact of adopting SFAS No. 157 on our consolidated financial statements.

In September 2006, the SEC issued Staff Accounting Bulletin (SAB) No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*. SAB No. 108 requires companies to evaluate the materiality of identified unadjusted errors on each financial statement and related financial statement disclosure using both the rollover approach and the iron curtain approach, as those terms are defined in SAB No. 108. The rollover approach quantifies misstatements based on the amount of the error in the current year financial statement, whereas the iron curtain approach quantifies misstatements based on the effects of correcting the misstatement existing in the balance sheet at the end of the current year, irrespective of the misstatement's year(s) of origin. Financial statements would require adjustment when either approach results in quantifying a misstatement that is material. Correcting prior year financial statements for immaterial errors would not require previously filed reports to be amended. If a Company determines that an adjustment to prior year financial statements is required upon adoption of SAB No. 108 and does not elect to restate its previous financial statements, then it must recognize the cumulative effect of applying SAB No. 108 in fiscal 2006 beginning balances of the affected assets and liabilities with a corresponding adjustment to the fiscal 2006 opening balance in retained earnings. SAB No. 108 is effective for interim periods of the first fiscal year ending after November 15, 2006. We are currently evaluating the impact of SAB No. 108 on our consolidated financial statements.

IMPACT OF INFLATION

In the last three years, inflation has not had a significant impact on the Company because of the relatively low inflation rate. Substantially all tenant leases do, however, contain provisions designed to protect the Company from the impact of inflation. These provisions include clauses enabling the Company to receive percentage rent based on tenant's gross sales, which generally increase as prices rise, and/or escalation clauses, which generally increase rental rates during the terms of the leases. In addition, many of the leases are for terms of less than ten years, which may enable the Company to replace existing leases with new leases at higher base and/or percentage rents if rents of the existing leases are below the then existing market rate. Most of the leases require tenants to pay their share of operating expenses, including common area maintenance, real estate taxes and insurance, thereby reducing the Company's exposure to increases in costs and operating expenses resulting from inflation.

FUNDS FROM OPERATIONS

Funds From Operations (FFO) is a widely used measure of the operating performance of real estate companies that supplements net income determined in accordance with generally accepted accounting principles (GAAP). The National Association of Real Estate Investment Trusts (NAREIT) defines FFO as net income (computed in accordance with GAAP) excluding gains or losses on sales of operating properties, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures and minority interests. Adjustments for unconsolidated partnerships and joint ventures and minority interests are calculated on the same basis. We define FFO allocable to common shareholders as defined above by NAREIT less dividends on preferred stock. Our method of calculating FFO allocable to common shareholders may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs.

We believe that FFO provides an additional indicator of the operating performance of our properties without giving effect to real estate depreciation and amortization, which assumes the value of real estate assets declines predictably over time. Since values of well-maintained real estate assets have historically risen with market conditions, we believe that FFO enhances investors' understanding of our operating performance. The use of FFO as an indicator of financial performance is influenced not only by the operations of our properties and interest rates, but also by our capital structure.

We present both FFO of our operating partnership and FFO allocable to common shareholders, as we believe that both are useful performance measures. We believe FFO of our operating partnership is a useful performance measure since we conduct substantially all of our business through our operating partnership and, therefore, it reflects the performance of the properties in absolute terms regardless of the ratio of ownership interests of our common shareholders and the minority interest in our operating partnership. We believe FFO allocable to common shareholders is a useful performance measure because it is the performance measure that is most directly comparable to net income available to common shareholders.

In our reconciliation of net income available to common shareholders to FFO allocable to common shareholders that is presented below, we make an adjustment to add back minority interest in earnings of our operating partnership in order to arrive at FFO of our operating partnership. We then apply a percentage to FFO of our operating partnership to arrive at FFO allocable to common shareholders. The percentage is computed by taking the weighted average number of common shares outstanding for the period and dividing it by the sum of the weighted average number of common shares and the weighted average number of operating partnership units outstanding during the period.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

FFO does not represent cash flows from operations as defined by accounting principles generally accepted in the United States, is not necessarily indicative of cash available to fund all cash flow needs and should not be considered as an alternative to net income for purposes of evaluating our operating performance or to cash flow as a measure of liquidity.

FFO allocable to common shareholders decreased 18.9% for the three months ended September 30, 2006 to \$50.9 million compared to \$62.8 million for the same period in 2005. FFO allocable to common shareholders decreased 2.8% for the nine months ended September 30, 2006 to \$152.6 million compared to \$157.1 million for the same period in 2005.

FFO of our operating partnership decreased 19.9% for the three months ended September 30, 2006 to \$91.7 million compared to \$114.4 million for the same period in 2005. FFO of our operating partnership decreased 3.3% for the nine months ended September 30, 2006 to \$276.8 million compared to \$286.1 million for the same period in 2005.

FFO allocable to common shareholders and FFO of our operating partnership for the three months and nine months ended September 30, 2005 include gains of \$30.7 million and \$72.5 million, respectively, related to the redemption of our ownership interest in Galileo America and the sale of the related management contracts. The New Properties generated 100% and 73% of the growth in FFO in the three-month and nine-month periods, respectively.

The reconciliation of net income available to common shareholders to FFO allocable to common shareholders is as follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2006	2005	September 30, 2006	2005
Net income available to common shareholders	\$ 14,337	\$ 60,093	\$ 55,878	\$ 106,247
Minority interest in earnings of operating partnership	12,075	49,455	47,930	87,176
Depreciation and amortization from:				
Consolidated properties	62,604	45,453	171,841	130,048
Unconsolidated affiliates	3,377	2,207	10,020	6,127
Discontinued operations	-	585	515	615
Non-real estate assets	(218)	(188)	(623)	(962)
Minority investors' share of depreciation and amortization				
in shopping center properties	(568)	(311)	(1,675)	(553)
(Gain) loss on:				
Sales of operating real estate assets	49	(42,882)	87	(42,708)
Discontinued operations	(2)	(2)	(7,217)	84
Funds from operations of our operating partnership	91,654	114,410	276,756	286,074
Percentage allocable to common shareholders ⁽¹⁾	55.55%	54.86%	55.14%	54.90%
FFO allocable to common shareholders	\$ 50,910	\$ 62,761	\$ 152,604	\$ 157,052

⁽¹⁾ Represents the weighted average number of common shares outstanding for the period divided by the sum of the weighted average

number of common shares and the weighted average number of operating partnership units outstanding during the period.

ITEM 3: Quantitative and Qualitative Disclosures About Market Risk

We are exposed to interest rate risk on our debt obligations and derivative financial instruments. We may elect to use derivative financial instruments to manage our exposure to changes in interest rates, but will not use them for speculative purposes. Our interest rate risk management policy requires that derivative instruments be used for hedging purposes only and that they be entered into only with major financial institutions based on their credit ratings and other factors.

Based on our proportionate share of consolidated and unconsolidated variable rate debt at September 30, 2006, a 0.5% increase or decrease in interest rates on this variable-rate debt would decrease or increase annual cash flows by approximately \$5.0 million and, after the effect of capitalized interest, annual earnings by approximately \$4.5 million.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Based on our proportionate share of total consolidated and unconsolidated debt at September 30, 2006, a 0.5% increase in interest rates would decrease the fair value of debt by approximately \$77.3 million, while a 0.5% decrease in interest rates would increase the fair value of debt by approximately \$79.9 million.

We did not have any derivative financial instruments during the nine months ended September 30, 2006.

ITEM 4: Controls and Procedures

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of its effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

As of the end of the period covered by this quarterly report, an evaluation, under Rule 13a-15 of the Securities Exchange Act of 1934 was performed under the supervision of our Chief Executive Officer and Chief Financial Officer and with the participation of our management, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective. No change in our internal control over financial reporting occurred during the period covered by this quarterly report that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1: Legal Proceedings

None

ITEM 1A. Risk Factors

The following information updates the information disclosed in Item 1A Risk Factors of our Annual Report on Form 10-K for the year ended December 31, 2005, by providing information that is current as of September 30, 2006:

RISKS RELATED TO REAL ESTATE INVESTMENTS

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Real property investments are subject to various risks, many of which are beyond our control, that could cause declines in the operating revenues and/or the underlying value of one or more of our Properties.

A number of factors may decrease the income generated by a retail shopping center property, including:

National, regional and local economic climates, which may be negatively impacted by plant closings, industry slowdowns, adverse weather conditions, natural disasters, and other factors which tend to reduce consumer spending on retail goods.

Local real estate conditions, such as an oversupply of, or reduction in demand for, retail space or retail goods, and the availability and creditworthiness of current and prospective tenants.

Increased operating costs, such as increases in real property taxes, utility rates and insurance premiums.

Perceptions by retailers or shoppers of the safety, convenience and attractiveness of the shopping center.

The willingness and ability of the shopping center's owner to provide capable management and maintenance services.

The convenience and quality of competing retail properties and other retailing options, such as the Internet.

In addition, other factors may adversely affect the value of our Properties without affecting their current revenues, including:

Adverse changes in governmental regulations, such as local zoning and land use laws, environmental regulations or local tax structures that could inhibit our ability to proceed with development, expansion, or renovation activities that otherwise would be beneficial to our Properties.

Potential environmental or other legal liabilities that reduce the amount of funds available to us for investment in our Properties.

Any inability to obtain sufficient financing (including both construction financing and permanent debt), or the inability to obtain such financing on commercially favorable terms, to fund new developments, acquisitions, and property expansions and renovations which otherwise would benefit our Properties.

An environment of rising interest rates, which could negatively impact both the value of commercial real estate such as retail shopping centers and the overall retail climate.

The loss of one or more significant tenants, due to bankruptcies or as a result of ongoing consolidations in the retail industry, could adversely affect both the operating revenues and value of our Properties.

Regional malls are typically anchored by well-known department stores and other significant tenants who generate shopping traffic at the mall. A decision by an anchor tenant or other significant tenant to cease operations at one or more Properties could have a material adverse effect on those Properties and, by extension, on our financial condition and results of operations. The closing of an anchor or other significant tenant may allow other anchors and/or tenants at an affected Property to terminate their leases, to seek rent relief and/or cease operating their stores or otherwise adversely affect occupancy at the Property. In addition, key tenants at one or more Properties might terminate their leases as a result of mergers, acquisitions, consolidations, dispositions or bankruptcies in the retail industry. The bankruptcy and/or closure of one or more significant tenants, if we are not able to successfully re-tenant the affected space, could have a material adverse effect on both the operating revenues and underlying value of the Properties involved.

We may incur significant costs related to compliance with environmental laws, which could have a material adverse effect on our results of operations, cash flow and the funds available to us to pay dividends.

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner or operator of real property may be liable for the costs of removal or remediation of hazardous or toxic substances on, under or in that real property. These laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances. The costs of investigation, removal or remediation of hazardous or

toxic substances may be substantial. In addition, the presence of hazardous or toxic substances, or the failure to remedy environmental hazards properly, may adversely affect the owner's or operator's ability to sell or rent affected real property or to borrow money using affected real property as collateral.

Persons or entities that arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of hazardous or toxic substances at the disposal or treatment facility, whether or not that facility is owned or operated by the person or entity arranging for the disposal or treatment of hazardous or toxic substances. Laws exist that impose liability for release of asbestos-containing materials into the air, and third parties may seek recovery from owners or operators of real property for personal injury associated with exposure to asbestos-containing materials. In connection with our ownership, operation, management, development and redevelopment of our Properties, or any other Properties we acquire in the future, we may be potentially liable under these laws and may incur costs in responding to these liabilities, which could have an adverse effect on our results of operations, cash flow and the funds available to us to pay dividends.

RISKS RELATED TO OUR BUSINESS AND THE MARKET FOR OUR STOCK

We may elect not to proceed with certain development projects once they have been undertaken, resulting in charges that could have a material adverse effect on our results of operations for the period in which the charge is taken.

We intend to pursue development and expansion activities as opportunities arise. In connection with any development or expansion, we will incur various risks including the risk that development or expansion opportunities explored by us may be abandoned and the risk that construction costs of a project may exceed original estimates, possibly making the project not profitable. Other risks include the risk that we may not be able to refinance construction loans which are generally with full recourse to us, the risk that occupancy rates and rents at a completed project will not meet projections and will be insufficient to make the project profitable, and the risk that we will not be able to obtain anchor, mortgage lender and property partner approvals for certain expansion activities. In the event of an unsuccessful development project, our loss could exceed our investment in the project.

We have in the past elected not to proceed with certain development projects and anticipate that we will do so again from time to time in the future. If we elect not to proceed with a development opportunity, the development costs ordinarily will be charged against income for the then-current period. Any such charge could have a material adverse effect on our results of operations for the period in which the charge is taken.

Competition from other retail formats could adversely affect the revenues generated by our properties, resulting in a reduction in funds available for distribution to our stockholders.

There are numerous shopping facilities that compete with our Properties in attracting retailers to lease space. In addition, retailers at our Properties face competition for customers from:

Discount shopping centers

Outlet malls

Wholesale clubs

Direct mail

Telemarketing

Television shopping networks

Shopping via the Internet

Each of these competitive factors could adversely affect the amount of rents that we are able to collect from our tenants, thereby reducing our revenues and the funds available for distribution to our stockholders.

Since our shopping center properties are located principally in the Southeastern and Midwestern United States, our financial position, results of operations and funds available for distribution to shareholders are subject generally to economic conditions in these regions.

Our properties are located principally in the southeastern and midwestern United States. Our properties located in the southeastern United States accounted for approximately 51.3% of our total revenues from all properties for the nine months ended September 30, 2006 and currently include 42 malls, 19 associated centers, one community center and one office building. Our properties located in the midwestern United States accounted for approximately 25.7% of our total revenues from all properties for the nine months September 30, 2006 and currently include 21 malls and three associated centers. Our results of operations and funds available for distribution to shareholders therefore will be subject generally to economic conditions in the southeastern and midwestern United States. We will continue to look for opportunities to geographically diversify our portfolio in order to minimize dependency on any particular region; however, the expansion of the portfolio through both acquisitions and developments is contingent on many factors including consumer demand, competition and economic conditions.

Certain of our shopping center properties are subject to ownership interests held by third parties, whose interests may conflict with ours and thereby constrain us from taking actions concerning these properties which otherwise would be in the best interests of the Company and our stockholders.

We own partial interests in eleven malls, eight associated centers, two community centers and one office building. We manage all of these properties except for Governor's Square, Governor's Plaza and Kentucky Oaks. A property manager affiliated with the managing general partner performs the property management services for these properties and receives a fee for its services. The managing partner of each of these three Properties controls the cash flow distributions, although our approval is required for certain major decisions.

Where we serve as managing general partner of the partnerships that own our properties, we may have certain fiduciary responsibilities to the other partners in those partnerships. In certain cases, the approval or consent of the other partners is required before we may sell, finance, expand or make other significant changes in the operations of such properties. To the extent such approvals or consents are required, we may experience difficulty in, or may be prevented from, implementing our plans with respect to expansion, development, financing or other similar transactions with respect to such properties.

With respect to Governor's Square, Governor's Plaza and Kentucky Oaks we do not have day-to-day operational control or control over certain major decisions, including the timing and amount of distributions, which could result in decisions by the managing general partner that do not fully reflect our interests. This includes decisions relating to the requirements that we must satisfy in order to maintain our status as a REIT for tax purposes. However, decisions relating to sales, expansion and disposition of all or substantially all of the assets and financings are subject to approval by the Operating Partnership.

Certain agreements with prior owners of Properties that we have acquired may inhibit our ability to enter into future sale or refinancing transactions affecting such Properties, which otherwise would be in the best interests of the Company and our stockholders.

Certain Properties that we originally acquired from third parties had unrealized gain attributable to the difference between the fair market value of such Properties and the third parties' adjusted tax basis in the Properties immediately prior to their contribution of such Properties to the Operating Partnership pursuant to our acquisition. For this reason, a taxable sale by us of any of such Properties, or a significant reduction in the debt encumbering such Properties, could result in adverse tax consequences to the third parties who contributed these properties in exchange for interests in the Operating Partnership. Under the terms of these transactions, we have generally agreed that we either will not sell or refinance such an acquired Property for a number of years in any transaction that would trigger adverse tax consequences for the parties from whom we acquired such Property, or else we will reimburse such parties for all or a portion of the additional taxes they are required to pay as a result of the transaction. Accordingly, these agreements may cause us not to engage in future sale or refinancing transactions affecting such Properties which otherwise would be in the best interests of the Company and our stockholders, or may increase the costs to us of engaging in such transactions.

Our financial position, results of operations and funds available for distribution to shareholders could be adversely affected by any economic downturn affecting the operating results at our properties in the Nashville, TN, the Pittsburgh, PA, and Kansas City, KS metropolitan areas, which are our three largest markets.

Our properties located in the Nashville, TN, Pittsburgh, PA, and Kansas City (Overland Park), KS metropolitan areas accounted for 5.7%, 5.0% and 4.0% of our revenues for the nine months ended September 30, 2006, respectively. No other market accounted for more than 3.2% of our revenues for the nine months ended September 30, 2006. Our financial position and results of operations will therefore be affected by the results experienced at properties located in these metropolitan areas.

Rising interest rates could both increase our borrowing costs, thereby adversely affecting our cash flow and the amounts available for distributions to our stockholders, and decrease our stock price, if investors seek higher yields through other investments.

An environment of rising interest rates could lead holders of our securities to seek higher yields through other investments, which could adversely affect the market price of our stock. One of the factors that may influence the price of our stock in public markets is the annual distribution rate we pay as compared with the yields on alternative investments. Numerous other factors, such as governmental regulatory action and tax laws, could have a significant impact on the future market price of our stock. In addition, increases in market interest rates could result in increased borrowing costs for us, which may adversely affect our cash flow and the amounts available for distributions to our stockholders.

Recent changes in the U.S. federal income tax treatment of corporate dividends may make our stock less attractive to investors, thereby lowering our stock price.

The maximum U.S. federal income tax rate for dividends received by individual taxpayers recently was reduced generally from 38.6% to 15.0% (currently effective from January 1, 2003 through 2010). However, dividends payable by REITs are generally not eligible for such treatment. Although this legislation did not have a directly adverse effect on the taxation of REITs or dividends paid by REITs, the more favorable treatment for non-REIT dividends could cause individual investors to consider investments in non-REIT corporations as more attractive relative to an investment in a REIT, which could have an adverse impact on the market price of our stock.

Certain of our credit facilities, the loss of which could have a material, adverse impact on our financial condition and results of operations, are conditioned upon the Operating Partnership continuing to be managed by certain members of its current senior management and by such members of senior management continuing to own a significant direct or indirect equity interest in the Operating Partnership.

Certain of the Operating Partnership's lines of credit are conditioned upon the Operating Partnership continuing to be managed by certain members of its current senior management and by such members of senior management continuing to own a significant direct or indirect equity interest in the Operating Partnership (including any shares of our common stock owned by such members of senior management). If the failure of one or more of these conditions resulted in the loss of these credit facilities and we were unable to obtain suitable replacement financing, such loss could have a material, adverse impact on our financial position and results of operations.

Our insurance coverage may change in the future, and may not include coverage for acts of terrorism.

The general liability and property casualty insurance policies on our Properties currently include loss resulting from acts of terrorism, whether foreign or domestic. The cost of general liability and property casualty insurance policies that include coverage for acts of terrorism has risen significantly post-September 11, 2001. The cost of coverage for acts of terrorism is currently mitigated by the Terrorism Risk Insurance Act (TRIA). If TRIA is not extended beyond its current expiration date of December 31, 2007, we may incur higher insurance costs and greater difficulty in obtaining insurance that covers terrorist-related damages. Our tenants may also experience similar difficulties. We anticipate that we will be able to continue our policy coverage as currently structured when our policies are up for renewal on December 31, 2006.

RISKS RELATED TO FEDERAL INCOME TAX LAWS

If we fail to qualify as a REIT in any taxable year, our funds available for distribution to stockholders will be reduced.

We intend to continue to operate so as to qualify as a REIT under the Internal Revenue Code. Although we believe that we are organized and operate in such a manner, no assurance can be given that we currently qualify and in the future will continue to qualify as a REIT. Such qualification involves the application of highly technical and complex Internal Revenue Code provisions for which there are only limited judicial or administrative interpretations. The determination of various factual matters and circumstances not entirely within our control may affect our ability to qualify. In addition, no assurance can be given that legislation, new regulations, administrative interpretations or court decisions will not significantly change the tax laws with respect to qualification or its corresponding federal income tax consequences. Any such change could have a retroactive effect.

If in any taxable year we were to fail to qualify as a REIT, we would not be allowed a deduction for distributions to stockholders in computing our taxable income and we would be subject to federal income tax on our taxable income at regular corporate rates. Unless entitled to relief under certain statutory provisions, we also would be disqualified from treatment as a REIT for the four taxable years following the year during which qualification was lost. As a result, the funds available for distribution to our stockholders would be reduced for each of the years involved. This would likely have a significant adverse effect on the value of our securities and our ability to raise additional capital. In addition, we would no longer be required to make distributions to our stockholders. We currently intend to operate in a manner designed to qualify as a REIT. However, it is possible that future economic, market, legal, tax or other considerations may cause our board of directors, with the consent of a majority of our stockholders, to revoke the REIT election.

Any issuance or transfer of our capital stock to any person in excess of the applicable limits on ownership necessary to maintain our status as a REIT would be deemed void ab initio, and those shares would automatically be transferred to a non-affiliated charitable trust.

To maintain our status as a REIT under the Internal Revenue Code, not more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year. Our certificate of incorporation generally prohibits ownership of more than 6% of the outstanding shares of our capital stock by any single stockholder determined by vote, value or number of shares (other than Charles Lebovitz, our Chief Executive Officer, David Jacobs, Richard Jacobs and their affiliates under the Internal Revenue Code's attribution rules). The affirmative vote of ~~66~~₃% of our outstanding voting stock is required to amend this provision.

Our board of directors may, subject to certain conditions, waive the applicable ownership limit upon receipt of a ruling from the IRS or an opinion of counsel to the effect that such ownership will not jeopardize our status as a REIT. Absent any such waiver, however, any issuance or transfer of our capital stock to any person in excess of the applicable ownership limit or any issuance or transfer of shares of such stock which would cause us to be beneficially owned by fewer than 100 persons, will be null and void and the intended transferee will acquire no rights to the stock. Instead, such issuance or transfer with respect to that number of shares that would be owned by the transferee in excess of the ownership limit provision would be deemed void *ab initio* and those shares would automatically be transferred to a trust for the exclusive benefit of a charitable beneficiary to be designated by us, with a trustee designated by us, but who would not be affiliated with us or with the prohibited owner. Any acquisition of our capital stock and continued holding or ownership of our capital stock constitutes, under our certificate of incorporation, a continuous representation of compliance with the applicable ownership limit.

In order to maintain our status as a REIT and avoid the imposition of certain additional taxes under the Internal Revenue Code, we must satisfy minimum requirements for distributions to shareholders, which may limit the amount of cash we might otherwise have been able to retain for use in growing our business.

To maintain our status as a REIT under the Internal Revenue Code, we generally will be required each year to distribute to our stockholders at least 90% of our taxable income after certain adjustments. However, to the extent that we do not distribute all of our net capital gain or distribute at least 90% but less than 100% of our REIT taxable income, as adjusted, we will be subject to tax on the undistributed amount at ordinary and capital gains corporate tax rates, as the case may be. In addition, we will be subject to a 4% nondeductible excise tax on the amount, if any, by which certain distributions paid by us during each calendar year are less than the sum of 85% of our ordinary income for such calendar year, 95% of our capital gain net income for the calendar year and any amount of such income that was not distributed in prior years. In the case of property acquisitions,

including our initial formation, where individual properties are contributed to our Operating Partnership for Operating Partnership units, we have assumed the tax basis and depreciation schedules of the entities contributing properties. The relatively low tax basis of such contributed properties may have the effect of increasing the cash amounts we are required to distribute as dividends, thereby potentially limiting the amount of cash we might otherwise have been able to retain for use in growing our business. This low tax basis may also have the effect of reducing or eliminating the portion of distributions made by us that are treated as a non-taxable return of capital.

RISKS RELATED TO OUR ORGANIZATIONAL STRUCTURE

The ownership limit described above, as well as certain provisions in our amended and restated certificate of incorporation and bylaws, our stockholder rights plan, and certain provisions of Delaware law may hinder any attempt to acquire us.

Certain provisions of Delaware law, as well as of our amended and restated certificate of incorporation and bylaws, and agreements to which we are a party, may have the effect of delaying, deferring or preventing a third party from making an acquisition proposal for us and may inhibit a change in control that some, or a majority, of our stockholders might believe to be in their best interest or that could give our stockholders the opportunity to realize a premium over the then-prevailing market prices for their shares. These provisions and agreements may be summarized as follows:

The Ownership Limit As described above, to maintain our status as a REIT under the Internal Revenue Code, not more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year. Our certificate of incorporation generally prohibits ownership of more than 6% of the outstanding shares of our capital stock by any single stockholder determined by value (other than Charles Lebovitz, David Jacobs, Richard Jacobs and their affiliates under the Internal Revenue Code's attribution rules). In addition to preserving our status as a REIT, the ownership limit may have the effect of precluding an acquisition of control of us without the approval of our board of directors.

Classified Board of Directors; Removal for Cause Our certificate of incorporation provides for a board of directors divided into three classes, with one class elected each year to serve for a three-year term. As a result, at least two annual meetings of stockholders may be required for the stockholders to change a majority of our board of directors. In addition, our stockholders can only remove directors for cause and only by a vote of 75% of the outstanding voting stock. Collectively, these provisions make it more difficult to change the composition of our board of directors and may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts.

Advance Notice Requirements for Stockholder Proposals Our bylaws establish advance notice procedures with regard to stockholder proposals relating to the nomination of candidates for election as directors or new business to be brought before meetings of our stockholders. These procedures generally require advance written notice of any such proposals, containing prescribed information, to be given to our Secretary at our principal executive offices not less than 60 days nor more than 90 days prior to the meeting.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

Vote Required to Amend Bylaws A vote of 66 2/3 of the outstanding voting stock is necessary to amend our bylaws.

Stockholder Rights Plan We have a stockholder rights plan, which may delay, deter or prevent a change in control unless the acquirer negotiates with our board of directors and the board of directors approves the transaction. The rights plan generally would be triggered if an entity, group or person acquires (or announces a plan to acquire) 15% or more of our common stock. If such transaction is not approved by our board of directors, the effect of the stockholder rights plan would be to allow our stockholders to purchase shares of our common stock, or the common stock or other merger consideration paid by the acquiring entity, at an effective 50% discount.

Delaware Anti-Takeover Statute We are a Delaware corporation and are subject to Section 203 of the Delaware General Corporation Law. In general, Section 203 prevents an interested stockholder (defined generally as a person owning 15% or more of a company's outstanding voting stock) from engaging in a business combination (as defined in Section 203) with us for three years following the date that person becomes an interested stockholder unless:

- (a) before that person became an interested holder, our board of directors approved the transaction in which the interested holder became an interested stockholder or approved the business combination;
- (b) upon completion of the transaction that resulted in the interested stockholder becoming an interested stockholder, the interested stockholder owns 85% of our voting stock outstanding at the time the transaction commenced (excluding stock held by directors who are also officers and by employee stock plans that do not provide employees with the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer); or
- (c) following the transaction in which that person became an interested stockholder, the business combination is approved by our board of directors and authorized at a meeting of stockholders by the affirmative vote of the holders of at least two-thirds of our outstanding voting stock not owned by the interested stockholder.

Under Section 203, these restrictions also do not apply to certain business combinations proposed by an interested stockholder following the announcement or notification of certain extraordinary transactions involving us and a person who was not an interested stockholder during the previous three years or who became an interested stockholder with the approval of a majority of our directors, if that extraordinary transaction is approved or not opposed by a majority of the directors who were directors before any person became an interested stockholder in the previous three years or who were recommended for election or elected to succeed such directors by a majority of directors then in office.

Certain ownership interests held by members of our senior management may tend to create conflicts of interest between such individuals and the interests of the Company and our Operating Partnership.

Retained Property Interests Members of our senior management own interests in certain real estate properties that were retained by them at the time of our initial public offering. These consist primarily of outparcels at certain of our properties, which are being offered for sale through our management company. As a result, these members of our senior management have interests that could conflict with the interests of the Company, our

shareholders and the Operating Partnership with respect to any transaction involving these properties.

Tax Consequences of the Sale or Refinancing of Certain Properties Since certain of our properties had unrealized gain attributable to the difference between the fair market value and adjusted tax basis in such properties immediately prior to their contribution to the Operating Partnership, a taxable sale of any such properties, or a significant reduction in the debt encumbering such properties, could cause adverse tax consequences to the members of our senior management who owned interests in our predecessor entities. As a result, members of our senior management might not favor a sale of a property or a significant reduction in debt even though such a sale or reduction could be beneficial to us and the Operating Partnership. Our bylaws provide that any decision relating to the potential sale of any property that would result in a disproportionately higher taxable income for members of our senior management than for us and our stockholders, or that would result in a significant reduction in such property's debt, must be made by a majority of the independent directors of the board of directors. The Operating Partnership is required, in the case of such a sale, to distribute to its partners, at a minimum, all of the net cash proceeds from such sale up to an amount reasonably believed necessary to enable members of our senior management to pay any income tax liability arising from such sale.

Interests in Other Entities; Policies of the Board of Directors Certain entities owned in whole or in part by members of our senior management, including the construction company that built or renovated most of our properties, may continue to perform services for, or transact business with, us and the Operating Partnership. Furthermore, certain property tenants are affiliated with members of our senior management. Accordingly, although our bylaws provide that any contract or transaction between us or the Operating Partnership and one or more of our directors or officers, or between us or the Operating Partnership and any other entity in which one or more of our directors or officers are directors or officers or have a financial interest, must be approved by our disinterested directors or stockholders after the material facts of the relationship or interest of the contract or transaction are disclosed or are known to them, these affiliations could nevertheless create conflicts between the interests of these members of senior management and the interests of the Company, our shareholders and the Operating Partnership in relation to any transactions between us and any of these entities.

ITEM 2: Unregistered Sales of Equity Securities and Use of Proceeds

- (c) The following table presents information with respect to repurchases of common stock made by us during the three months ended September 30, 2006:

	Average	Total Number of	Maximum Number of
Total Number	Price	Shares Purchased as	Shares that May Yet
of Shares	Paid per	Part of a Publicly	Be Purchased
Period	Purchased (1)	Share (2)	Announced Plan
July 1 - 31, 2006	-	-	-
August 1-31, 2006	1,016	\$ 39.05	-
September 1 - 30, 2006	-	-	-
Total	1,016	\$ 39.05	-

- (1) Represents shares surrendered to the Company by employees to satisfy federal and state income tax withholding requirements related to the vesting of shares of restricted stock issued under the CBL & Associates Properties, Inc. 1993 Stock Incentive Plan.
- (2) Represents the market value of the common stock on the vesting date for the shares of restricted stock, which was used to determine the number of shares required to be surrendered to satisfy income tax withholding requirements.

ITEM 3: Defaults Upon Senior Securities

None

ITEM 4: Submission of Matters to a Vote of Security Holders

None

ITEM 5: Other Information

None
