PART I

Throughout this report, we refer to Gaylord Entertainment Company, together with its subsidiaries, as we, us, Gaylord Entertainment, Gaylord, or the Company.

Item 1. Business

We are the only hospitality company whose primary focus is the large group meetings segment of the lodging market. Our hospitality business includes our Gaylord branded hotels, consisting of the Gaylord Opryland Resort & Convention Center in Nashville, Tennessee (Gaylord Opryland), the Gaylord Palms Resort & Convention Center near Orlando, Florida (Gaylord Palms) and the Gaylord Texan Resort & Convention Center near Dallas, Texas (Gaylord Texan). We also own and operate the Radisson Hotel at Opryland in Nashville, Tennessee. We are also developing a hotel, to be known as the Gaylord National Resort & Convention Center, in Prince George's County, Maryland (in the Washington, D.C. market) (Gaylord National), which we plan to open in 2008.

Driven by our All-in-One-Place strategy, our award-winning Gaylord branded hotels incorporate not only high quality lodging, but also significant meeting, convention and exhibition space, superb food and beverage options and retail and spa facilities within a single self-contained property. As a result, our properties provide a convenient and entertaining environment for our convention guests. In addition, our custom-tailored, all-inclusive solutions cater to the unique needs of meeting planners.

We also own and operate several attractions in Nashville, including the Grand Ole Opry, a live country music variety show, which is the nation's longest running radio show and an icon in country music. Our local Nashville attractions provide entertainment opportunities for Nashville-area residents and visitors, including our Nashville hotel and convention guests, while adding to our destination appeal.

We were originally incorporated in 1956 and were reorganized in connection with a 1997 corporate restructuring.

Our operations are organized into three principal business segments: (i) Hospitality, which includes our hotel operations; (ii) Opry and Attractions, which includes our Nashville attractions and assets related to the Grand Ole Opry; and (iii) Corporate and Other, which includes corporate expenses and results from our minority investments. These three business segments Hospitality, Opry and Attractions, and Corporate and Other represented approximately 89.6%, 10.4%, and 0.0%, respectively, of total revenues in the twelve months ended December 31, 2007. Financial information by industry segment and our Gaylord hotel properties as of December 31, 2007 and for each of the three years in the period then ended, appears in Item 6, Selected Financial Data, and Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, and in the Financial Reporting by Business Segments note (Note 16) to our Consolidated Financial Statements included in this Annual Report on Form 10-K.

Strategy

Our goal is to become the nation's premier hotel brand serving the meetings and conventions sector and to enhance our business by offering additional vacation and entertainment opportunities to our guests and target consumers. Our Gaylord branded hotels focus on the approximately \$135 billion large group meetings market in the United States. Our properties and services are designed to appeal to meeting planners who arrange these large group meetings.

All-in-One-Place Product Offering. Through our All-in-One-Place strategy, our Gaylord branded hotels incorporate meeting and exhibition space, signature guest rooms, award-winning food and beverage offerings, fitness and spa facilities and other attractions within a large hotel property so our attendees' needs are met in one location. This strategy creates a better experience for both meeting planners and our guests, allows us to capture a greater share of their event spending, and has led to our Gaylord hotels claiming a place among the leading convention hotels in the country.

Create Customer Rotation Between Our Hotels. In order to further capitalize on our success in Nashville, we opened our Gaylord Palms hotel in January 2002 and our Gaylord Texan hotel in April 2004, and are scheduled to open our Gaylord National hotel, which will be located in the Washington D.C. area, in 2008. We also anticipate introducing additional Gaylord hotel properties through acquisition followed by renovation and expansion of acquired properties, as well as through management of select properties on behalf of third-party owners. Consistent with our existing properties, these hotel properties would have high meeting space to room ratios, be located in key resort and urban locations and provide a self-contained destination experience. We have focused the efforts of our sales force to capitalize on our expansion and the desires of some of our large group meeting clients to meet in different parts of the

country each year and to establish relationships with new customers as we increase our geographic reach. We believe there is a significant opportunity to establish strong relationships with new customers and rotate them among our properties.

Table of Contents

Leverage Brand Name Awareness. We believe the Grand Ole Opry is one of the most recognized entertainment brands in the United States. We promote the Grand Ole Opry name through various media, including our WSM-AM radio station, the Internet, television and performances by the Grand Ole Opry's members, many of whom are renowned country music artists, and we believe that significant growth opportunities exist through leveraging and extending the Grand Ole Opry brand into other products and markets. As such, we have alliances in place with multiple distribution partners in an effort to foster brand extension. We are continuously exploring additional products, such as television specials and retail products, through which we can capitalize on our brand affinity and awareness. We believe that licensing our brand for products may provide an opportunity to increase revenues and cash flow with relatively little capital investment.

Industry Description

Hospitality

According to *Tradeshaw Week*, the large group meetings market annually generates approximately \$135 billion of revenues for the companies that provide services to it. The convention hotel industry is estimated to generate approximately \$23 billion of these revenues. These revenues include event producer total gross sales (which include exhibitor and sponsor expenditures) and attendee economic impact (which includes spending on lodging, meals, entertainment and in-city transportation), not all of which we capture. The convention hotels that attract these group meetings often have more than 1,000 guest rooms and, on average, contain approximately 109,000 square feet of exhibit space and approximately 40 meeting rooms.

According to *Meetings & Conventions* magazine, the group meetings market is comprised of approximately 1.2 million events annually, of which approximately 80% are corporate meetings and approximately 20% are association meetings. Nearly half of the venues hosting these events contain less than 100,000 square feet of exhibit or meeting space, with only 8% containing over 500,000 square feet. Examples of industries participating in these meetings include health care, home furnishings, computers, sporting goods and recreation, education, building and construction, industrial, agriculture, food and beverage, boats and automotive. Conventions and association-sponsored events, which draw a large number of attendees requiring extensive meeting space and room availability, account for over half of total group spending and economic impact. Because associations and trade shows generally select their sites 2 to 6 years in advance, thereby increasing earnings visibility, the convention hotel segment of the lodging industry is more predictable and less susceptible to economic downturns than the general lodging industry.

A number of factors contribute to the success of a convention center hotel, including the following: the availability of sufficient meeting and exhibit space to satisfy large group users; the availability of rooms at competitive prices; access to quality entertainment and food and beverage venues; destination appeal; appropriate regional professional and consumer demographics; adequate loading docks, storage facilities and security; ease of site access via air and ground transportation; and the quality of service provided by hotel staff and event coordinators. The ability to offer as many as possible of these elements within close proximity of each other is important in order to reduce the organizational and logistical planning efforts of the meeting planner. The meeting planner, who acts as an intermediary between the hotel event coordinator and the group scheduling the event, is typically a convention hotel's direct customer. Effective interaction and coordination with meeting planners is key to booking events and generating repeat customers.

Gaylord Hotels Strategic Plan. Our goal is to become the nation's premier brand in the meetings and convention sector. To accomplish this, our business strategy is to develop resorts and convention centers in desirable event destinations that are created based in large part on the needs of meeting planners and attendees. Using the slogan All-in-One-Place, our hotels incorporate meeting, convention and exhibition space with a large hotel property so the attendees never have to leave the location during their meetings. This concept of a self-contained destination dedicated primarily to the meetings industry has made Gaylord Opryland one of the leading convention hotels in the country. In addition to operating Gaylord Opryland, we opened the Gaylord Palms in January 2002 and the Gaylord Texan in April 2004, and we plan to open the Gaylord National hotel in the Washington, D.C. area in 2008. We believe that our other hotels will enable us to capture additional convention business from groups that currently utilize Gaylord Opryland but must rotate their meetings to other locations due to their attendees' desires to visit different areas. We also anticipate that our other hotels will capture new group business that currently does not come to the Nashville market and will seek to gain additional business at Gaylord Opryland in Nashville once these groups have experienced a Gaylord hotel in other markets.

Gaylord Opryland Resort and Convention Center Nashville, Tennessee. Our flagship, Gaylord Opryland in Nashville, is one of the leading convention destinations in the United States based upon number of rooms, exhibit space and conventions held. Designed with lavish gardens and expansive atrium areas, the resort is situated on approximately 172 acres in the Opryland complex. Gaylord Opryland is one of the largest hotels in the United States in terms of number of guest rooms. Gaylord Opryland has a number of themed restaurants, retail outlets, and a full-service spa with 27,000 square feet of dedicated space and 12 treatment rooms. It also serves as a destination resort for vacationers due to its proximity to the Grand Ole Opry, the General Jackson Showboat, the Gaylord Springs Golf Links (Gaylord's 18-hole championship golf course), and other attractions in the Nashville area. Gaylord Opryland has 2,881 guest rooms, four ballrooms with approximately 127,000 square feet, 111 banquet/meeting rooms, and total dedicated exhibition space of approximately 264,000 square feet. Total meeting, exhibit and pre-function space in the hotel is approximately 600,000 square feet. The Gaylord Opryland has been recognized by many industry and commercial publications, receiving *Successful Meetings* magazine's Pinnacle Award in 2007, as well as *Meeting & Convention's* Gold Key Elite and Gold Platter Awards for 2007. We currently have planned a \$400 million expansion of Gaylord Opryland. This planned expansion, expected to commence late in 2008 or early 2009, would add about 400 guest rooms, a significant amount of new meeting facilities, and a parking garage to existing facilities.

Table of Contents

Gaylord Palms Resort and Convention Center – Kissimmee, Florida. Gaylord Palms has 1,406 signature guest rooms, three ballrooms with approximately 76,000 square feet, 76 banquet/meeting rooms, and total dedicated exhibition space of approximately 180,000 square feet. Total meeting, exhibit and pre-function space in the hotel is approximately 400,000 square feet. The resort is situated on a 65-acre site in Osceola County, Florida and is approximately 5 minutes from the main gate of the Walt Disney World® Resort complex. Gaylord Palms has a number of themed restaurants, retail outlets and a full-service spa, with 20,000 square feet of dedicated space and 25 treatment rooms. Hotel guests also have golf privileges at the world class Falcon s Fire Golf Club, located a half-mile from the property. The Gaylord Palms has been recognized by many publications, receiving *Successful Meetings* magazine s Pinnacle Award in 2007, *Meeting and Convention s* Gold Key and Gold Platter Elite Awards for 2007 and being named Best Resort Hotel by *Florida Monthly* magazine for 2007.

Gaylord Texan Resort and Convention Center – Grapevine, Texas. Gaylord Texan is situated on approximately 100 acres and is located approximately six minutes from the Dallas/ Fort Worth International Airport. The hotel features a lavish and expansive atrium, 1,511 signature guest rooms, 3 ballrooms with approximately 85,000 square feet, 70 banquet/meeting rooms, and total dedicated exhibition space of approximately 180,000 square feet. Total meeting, exhibit and pre-function space in the hotel is approximately 400,000 square feet. The property also includes a number of themed restaurants, retail outlets and a full-service spa with 25,000 square feet of dedicated space and 12 treatment rooms. Guests also have access to the adjacent Cowboys Golf Club. In 2006, we opened the Glass Cactus entertainment complex, an approximately 39,000 square feet venue with a performance stage, dance floor, and a two-story outdoor deck, on land we own adjacent to the hotel. In 2004, the Gaylord Texan was named the

Development of the Year by the Americas Lodging Investment Summit. In 2007, the Gaylord Texan received *Meeting and Convention s* Gold Key and Gold Platter Awards and was named a AAA Four-Diamond Award winner, and in 2005 the hotel was named Best Place to Work in Dallas/Fort Worth by the *Dallas Business Journal*. We currently have planned a \$315 million expansion of Gaylord Texan. This planned expansion, expected to commence in late 2008, would add approximately 500 guest rooms and approximately 200,000 square feet of additional meeting and prefunction space and additional leisure amenities, including an outdoor resort pool.

Gaylord National Resort and Convention Center – Prince George s County, Maryland. We are developing a hotel, to be known as the Gaylord National Resort and Convention Center, which is under construction on approximately 42 acres of land located on the Potomac River in Prince George s County, Maryland (in the Washington, D.C. market). We currently expect to open the hotel in 2008. The hotel, which will be located eight miles south of Washington, D.C., will have 2,000 guest rooms and approximately 470,000 square feet of flexible meeting space. The hotel complex will include an 18-story glass atrium, a 20,000 square foot spa and fitness center, and entertainment options such as restaurants, shops, and a two-story rooftop nightclub.

Radisson Hotel at Opryland. We also own and operate the Radisson Hotel at Opryland, a Radisson franchise hotel, which is located across the street from Gaylord Opryland. The hotel has 303 rooms and approximately 14,000 square feet of meeting space. In March 2000, we entered into a 20-year franchise agreement with Radisson in connection with the operation of this hotel.

Potential Purchase of Westin La Cantera Resort. We entered into an Agreement of Purchase and Sale dated as of November 19, 2007 (the Purchase Agreement) with LCWW Partners, a Texas joint venture, and La Cantera Development Company, a Delaware corporation (collectively, Sellers), to acquire the assets related to the Westin La Cantera Resort, located in San Antonio, Texas (the La Cantera Resort). The La Cantera Resort property includes approximately 508 rooms, 39,000 square feet of meeting space and two championship golf courses. The Purchase Agreement also provides for our purchase of approximately 90 acres of undeveloped land adjacent to the resort property. The La Cantera Resort is one of the region s most in-demand hotels for meetings and conventions. It has won numerous hospitality awards, including the 2007 AAA Four Diamond Award, the Condé Nast Traveler s 2007 Gold List of The World s Best Places to Stay and the 2007 AAA Four Diamond Award Restaurant for Francesca s at Sunset. The purchase price payable by us under the Purchase Agreement is \$252.5 million, payable in cash at closing, which amount is subject to certain adjustments at closing. In addition, we will be required to pay a termination fee in an amount not to exceed \$3.3 million at closing in connection with the termination of the current management agreement for the La Cantera Resort.

On January 21, 2008, we entered into an amendment (the Amendment) with Sellers to the Purchase Agreement. The Amendment extended the closing date under the Purchase Agreement to April 30, 2008 (prior to the Amendment, the closing date was scheduled to occur no later than January 31, 2008). The Amendment also provided that the \$10.0 million deposit (the Deposit) previously paid by us to an escrow agent under the Purchase Agreement would be released to Sellers, and that the Deposit would be non-refundable to us except in connection with the voluntary and intentional default by Sellers in their obligations to be performed on the closing date. In the event the transaction closes, the Deposit will be credited toward the purchase price.

Table of Contents

The Amendment conditioned the closing of the transactions under the Purchase Agreement on us arranging financing satisfactory to us in our sole discretion in order to fund the transaction. We are currently in the process of seeking an additional capital partner to complete this transaction. In the event that we do not find a suitable capital partner, it is anticipated that we will not close this transaction.

Future Development. On July 25, 2006, the Unified Port of San Diego Board of Commissioners and the City of Chula Vista approved a non-binding letter of intent with us, outlining the general terms of our development of a 1,500 to 2,000 room convention hotel in Chula Vista, California. The parties recently extended the termination date for the non-binding letter of intent to May 31, 2008, and the parties continue to discuss the terms under which we would develop and operate the convention hotel project. If the parties can reach a final agreement, such agreement would be subject to a number of closing conditions and approvals, including but not limited to approval by the California Coastal Commission. At this time, we are unable to predict whether such approvals would be forthcoming.

Our management is also considering other sites to locate future Gaylord Hotel properties. We have not made any commitments, received any government approvals or made any financing plans in connection with these development projects.

Opry and Attractions

The Grand Ole Opry. The Grand Ole Opry, which celebrated its 82nd anniversary in 2007, is one of the most widely known platforms for country music in the world. The Opry features a live country music show with performances every Friday and Saturday night, as well as a Tuesday Night Opry on a seasonal basis. The Opry House, home of the Grand Ole Opry, seats approximately 4,400 and is located in the Opryland complex. The Grand Ole Opry moved to the Opry House in 1974 from its most famous home in the Ryman Auditorium in downtown Nashville.

Each week, the Grand Ole Opry is broadcast live to millions of country lifestyle consumers on terrestrial radio via WSM-AM. In addition, the Grand Ole Opry is broadcast weekly on television via the Great American Country network and CMT-Canada. The broadcast of the Grand Ole Opry is also streamed on the Internet via www.opry.com and www.wsmonline.com. The show has been broadcast since 1925 on WSM-AM, making it the longest running live radio program in the United States. The television broadcast schedule on the Great American Country network includes 52 weekly telecasts airing on Saturday nights at 8 p.m. EST and repeating a minimum of three times during the following week. The Grand Ole Opry produces a two hour show each week that is currently aired on 128 radio stations across the country through syndication of America's Grand Ole Opry Weekend, which is distributed by Westwood One and also on the American Forces Radio Network. In October 2007, XM Radio began broadcasting live Tuesday, Friday, and Saturday night Opry performances, as well as encore broadcasts, on XM's classic country music channel. In addition to performances by members, the Grand Ole Opry presents performances by many other country music artists.

Ryman Auditorium. The Ryman Auditorium, which was built in 1892 and seats approximately 2,300, is designated as a National Historic Landmark. The former home of the Grand Ole Opry, the Ryman Auditorium was renovated and re-opened in 1994 for concerts and musical productions. The Grand Ole Opry returns to the Ryman Auditorium periodically, most recently from November 2007 to February 2008. The Ryman Auditorium has been nominated for

Theatre of the Year by Pollstar Concert Industry Awards from 2003 to 2007, winning the award in 2003 and 2004.

The General Jackson Showboat. We operate the General Jackson Showboat, a 300-foot, four-deck paddle wheel showboat, on the Cumberland River, which flows past the Gaylord Opryland complex in Nashville. Its Victorian Theatre can seat 600 people for banquets and 1,000 people for theater-style presentations. The showboat stages Broadway-style shows and other theatrical productions. The General Jackson is one of many sources of entertainment that Gaylord makes available to conventions held at Gaylord Opryland. During the day, it operates cruises, primarily serving tourists visiting Gaylord Opryland complex and the Nashville area.

Gaylord Springs Golf Links. Home to a Senior PGA Tour event from 1994 to 2003 and minutes from Gaylord Opryland, the Gaylord Springs Golf Links was designed by former U.S. Open and PGA Champion Larry Nelson. The 40,000 square-foot antebellum-style clubhouse offers meeting space for up to 500 guests.

The Wildhorse Saloon. Since 1994, we have owned and operated the Wildhorse Saloon, a country music performance venue on historic Second Avenue in downtown Nashville. The three-story facility includes a dance floor of approximately 2,000 square feet, as well as a restaurant and banquet facility that can accommodate up to 2,000 guests.

Corporate Magic. In March 2000, we acquired Corporate Magic, Inc., a company specializing in the production of creative and entertainment events in support of the corporate and meeting marketplace. We believe the event and corporate entertainment planning function of Corporate Magic complements the meeting and convention aspects of our Gaylord Hotels business.

WSM-AM. WSM-AM commenced broadcasting in 1925. The involvement of Gaylord's predecessors with country music dates back to the creation of the radio program that became The Grand Ole Opry, which has been broadcast live on WSM-AM since

Table of Contents

1925. WSM-AM is broadcast from the Gaylord Opryland complex in Nashville and has a country music format. WSM-AM is one of the nation's clear channel stations, meaning that no other station in a 750-mile radius uses the same frequency for night time broadcasts. As a result, the station's signal, transmitted by a 50,000 watt transmitter, can be heard at night in much of the United States and parts of Canada.

On July 21, 2003, we, through our wholly-owned subsidiary Gaylord Investments, Inc., sold the assets primarily used in the operations of WSM-FM and WWTN(FM) to Cumulus Broadcasting, Inc. for \$62.5 million in cash, and we entered into a joint sales agreement with Cumulus for WSM-AM in exchange for approximately \$2.5 million in cash. Under the joint sales agreement with Cumulus, Cumulus sells all of the commercial advertising on WSM-AM and provides certain sales promotion and billing and collection services relating to WSM-AM, all for a specified fee. The joint sales agreement has a term of five years and will expire on April 21, 2008.

Corporate and Other

Bass Pro. On May 31, 2007, we and our wholly owned subsidiary, Gaylord Hotels, Inc., completed the sale of all of our interest in Bass Pro Group, LLC (consisting of 43,333 common units) for a purchase price of \$222.0 million pursuant to the terms of a Common Unit Repurchase Agreement, dated April 3, 2007. The purchase price was paid in cash in full at closing. Our Chief Executive Officer formerly served as a member of the board of managers of Bass Pro Group, LLC but resigned upon consummation of the sale. See *Non-Operating Results Affecting Net Income (Loss) Income from Unconsolidated Companies* under Item 7, *Management's Discussion and Analysis of Financial Condition and Result of Operations*, below for a discussion of the results of our investment in Bass Pro prior to the date of disposal. See *Non-Operating Results Affecting Net Income (Loss) Other Gains and (Losses)* under Item 7, *Management's Discussion and Analysis of Financial Condition and Result of Operations*, below for a discussion of the recognized gain on the sale of our interest in Bass Pro Group, LLC.

ResortQuest. Following the closing of the sale of our interest in Bass Pro Group, LLC, on May 31, 2007, our wholly-owned subsidiary, ResortQuest International, Inc. (RQI), completed the disposition of our ResortQuest Hawaii business through the sale of all of the equity interests of RQI Holdings, LLC (f/k/a RQI Holdings, Ltd.) and ResortQuest Real Estate of Hawaii, LLC (f/k/a ResortQuest Real Estate of Hawaii, Inc.) to Vacation Holdings Hawaii, Inc., an affiliated company of Interval International (Vacation Holdings), pursuant to the terms of a Stock Purchase Agreement dated as of April 18, 2007 (the *ResortQuest Hawaii Purchase Agreement*), by and among us, RQI, Vacation Holdings and Interval Acquisition Corp. The purchase price paid by Vacation Holdings was \$109.1 million, prior to giving effect to a purchase price adjustment based on the working capital of the acquired entities as of the closing. The purchase price was paid in cash in full at closing. We retained our 19.9% ownership interest in RHAC Holdings, LLC and our 18.1% ownership interest in Waipouli Holdings LLC, as our ownership interests in these hotel ownership joint venture entities were excluded from this transaction.

Thereafter, on June 1, 2007, we and Gaylord Hotels entered into a Stock Purchase Agreement dated as of June 1, 2007 (the *ResortQuest Mainland Purchase Agreement*) with BEI-RZT Corporation, a subsidiary of Leucadia National Corporation (BEI-RZT). Pursuant to the terms of the *ResortQuest Mainland Purchase Agreement*, Gaylord Hotels completed the disposition of our ResortQuest Mainland business through the sale of all of the capital stock of RQI to BEI-RZT on June 1, 2007. The purchase price paid by BEI-RZT was \$35.0 million, prior to giving effect to certain purchase price adjustments, including a purchase price adjustment based on the working capital of RQI as of the closing. The purchase price was paid by the delivery of a four-year promissory note in the principal amount of \$8.0 million bearing interest at the annual rate of 10%, and the balance of the purchase price was paid in cash at closing. This promissory note was cancelled and deemed to be satisfied and paid in full in full satisfaction of the final purchase price adjustment payable by Gaylord to BEI-RZT, as described above.

As a result of the transactions described above, the results of operations of our ResortQuest business, net of taxes, are included in discontinued operations for all periods presented. See *Non-Operating Results Affecting Net Income (Loss) Income (Loss) from Discontinued Operations, Net of Income Taxes* under Item 7, *Management's Discussion and Analysis of Financial Condition and Result of Operations*, below for a discussion of the results of operations of our ResortQuest business.

Viacom and CBS. In May 2007 we settled a secured forward exchange contract related to our investment in approximately 5.5 million shares of Viacom Class B common stock (Viacom Stock) and 5.5 million shares of CBS

Corporation Class B Common Stock (CBS Stock), which were received as the result of the sale of television station KTVT to CBS in 1999, the subsequent acquisition of CBS by Viacom in 2000, and the subsequent conversion of each outstanding share of Viacom Class B common stock into 0.5 shares of CBS Stock and 0.5 shares of Viacom Stock in 2006. The secured forward exchange contract, which we entered into in 2000, was designed to protect us against decreases in the combined fair market value of the Viacom Stock and CBS Stock, while providing for participation in increases in the combined fair market value. As a result of the settlement, we surrendered all of our shares of Viacom Stock and CBS Stock to an affiliate of Credit Suisse First Boston in full satisfaction of all obligations under the secured forward exchange contract.

Table of Contents

Nashville Predators. On February 22, 2005, we concluded the settlement of litigation with the Nashville Hockey Club Limited Partnership (NHC), which owns the Nashville Predators NHL hockey team, over (i) NHC s obligation to redeem our ownership interest, and (ii) our obligations under the Nashville Arena Naming Rights Agreement dated November 24, 1999. Under the Naming Rights Agreement, which had an original 20-year term, we were required to make annual payments to NHC, beginning at \$2,050,000 in 1999 and with a 5% escalation each year thereafter, and to purchase a minimum number of tickets to Predators games each year. At the closing of the settlement, NHC redeemed all of our outstanding limited partnership units in the Predators pursuant to a Purchase Agreement dated February 22, 2005, effectively terminating our ownership interest in the Predators. In addition, the Naming Rights Agreement was cancelled pursuant to the Acknowledgment of Termination of Naming Rights Agreement.

As a part of the settlement, we made a one-time cash payment to NHC of \$4 million and issued to NHC a 5-year, \$5 million promissory note bearing interest at 6% per annum. The note is payable at \$1 million per year for 5 years, with the final payment due on October 5, 2010. Our obligation to pay the outstanding amount under the note shall terminate immediately if, at any time before the note is paid in full, the Predators cease to be an NHL team playing its home games in Nashville, Tennessee.

In addition, pursuant to a Consent Agreement among us, the National Hockey League and owners of NHC, our Guaranty dated June 25, 1997 has been limited so that we are not responsible for any debt, obligation or liability of NHC that arises from any act, omission or circumstance occurring after the date of the Consent Agreement. As a part of the settlement, each party agreed to release the other party from any claims associated with this litigation.

Implementation of Strategic Direction

During the second quarter of 2001, we hired a new Chairman of the Board and a new Chief Executive Officer. Once the new senior management team was in place, they devoted a significant portion of 2001 to reviewing the many different businesses they inherited when they joined the Company. After significant review, it was determined that, while we had four business segments for financial reporting purposes (Hospitality, Opry and Attractions Group, Media, consisting of our radio stations and other media assets, and Corporate and Other), the future direction of the Company would be based on two core asset groups, which were aligned as follows: (i) Hospitality Core Asset Group: consisting of the Gaylord Hotels and the various attractions that provide entertainment to guests of the hotels; and (ii) Opry Core Asset Group: consisting of the Grand Ole Opry, WSM-AM radio, and the Ryman Auditorium. As a result, it was determined that Acuff-Rose Music Publishing, Word Entertainment, Music Country/CMT International, Oklahoma RedHawks, Opry Mills, GET Management (comprised of multiple businesses), WSM-FM and WWTN (FM) were not core assets of the Company, and as a result each was either sold or otherwise disposed of by the Company as reflected in the following table:

Business Sold	Date	Net Proceeds From Sale (Cash and Other) (in millions)
Interest in Oklahoma RedHawks	November 17, 2003	\$ 6.0
WSM-FM and WWTN (FM)	July 21, 2003	62.5
Acuff-Rose Music Publishing	August 27, 2002	157.0
Opry Mills 33.3% Partnership Interest	June 28, 2002	30.8
Music Country/CMT International	February 25, 2002	3.7
Word Entertainment	January 4, 2002	84.1
Gaylord Production Company, Gaylord Films, Pandora Films, Gaylord Sports Management Group and Gaylord Event Television	March 9, 2001	41.3(1)

- (1) Shortly after the closing, the Oklahoma Publishing Company, or OPUBCO, which purchased these assets, asserted that the Company breached certain representations and warranties in the purchase agreement. The Company entered into settlement negotiations pursuant to which the Company paid OPUBCO an aggregate of \$825,000.

Gaylord Digital, Z Music and the Opryland River Taxis, also not core assets of the Company, had previously been sold or otherwise disposed of by the Company. The Company also has miscellaneous real estate holdings that will be sold from time to time. Following the decision to divest certain businesses, we restructured the corporate organization to streamline operations and remove duplicative costs.

Table of Contents

In 2007, we also completed the dispositions of our investments in Bass Pro Group, LLC and CBS Stock and Viacom Stock, as well as the disposition of our ResortQuest business, as described above.

Employees

As of December 31, 2007, we had approximately 6,282 full-time and 2,731 part-time and temporary employees. Of these, approximately 5,509 full-time and 2,050 part-time employees were employed in Hospitality; approximately 422 full-time and 677 part-time employees were employed in Opry and Attractions; and approximately 351 full-time and 4 part-time employees were employed in Corporate and Other. We believe our relations with our employees are good.

Competition

Hospitality

The Gaylord Hotel properties compete with numerous other hotels throughout the United States and abroad, particularly the approximately 100 convention hotels that, on average, have over 1,000 rooms and a significant amount of meeting and exhibit space. Many of these hotels are operated by companies with greater financial, marketing and human resources than the Company. We believe that competition among convention hotels is based on, among other things: (i) the hotel's reputation, (ii) the quality of the hotel's facility, (iii) the quality and scope of a hotel's meeting and convention facilities and services, (iv) the desirability of a hotel's location, (v) travel distance to a hotel for meeting attendees, (vi) a hotel facility's accessibility to a recognized airport, (vii) the amount of entertainment and recreational options available in and in the vicinity of the hotel, and (viii) price. Our hotels also compete against municipal convention centers. These include the largest convention centers (e.g., Orlando, Chicago and Atlanta) as well as, for Gaylord Opryland, mid-size convention centers (between 100,000 and 500,000 square feet of meeting space located in second-tier cities).

The hotel business is management and marketing intensive. The Gaylord Hotels compete with other hotels throughout the United States for high quality management and marketing personnel. There can be no assurance that our hotels will be able to attract and retain employees with the requisite managerial and marketing skills.

Opry and Attractions Group

The Grand Ole Opry and other attractions businesses compete with all other forms of entertainment and recreational activities. The success of the Opry and Attractions group is dependent upon certain factors beyond our control including economic conditions, the amount of available leisure time, transportation cost, public taste and weather conditions. Our radio station competes with numerous other types of entertainment businesses, and success is often dependent on taste and fashion, which may fluctuate from time to time. Under a joint sales agreement with Cumulus, we own and operate WSM-AM, and Cumulus sells all commercial advertising on WSM-AM and provides certain sales promotion and billing and collection services for a specified fee. The joint sales agreement has a term of five years and will expire on April 21, 2008.

Seasonality

Portions of our business are seasonal in nature. Our group convention business is subject to reduced levels of demand during the year-end holiday periods. Although we typically attempt to attract general tourism guests by offering special events and attractions during these periods, there can be no assurance that our hotels can successfully operate such events and attractions or that we will attract enough general tourism guests during this period to offset the decreased group convention business.

Regulation and Legislation

Hospitality

Our hotels are subject to certain federal, state, and local governmental laws and regulations including, without limitation, health and safety laws and environmental regulations applicable to hotel and restaurant operations. The hotels are also subject to the requirements of the Americans with Disabilities Act and similar state laws, as well as regulations pursuant thereto. We believe that we are in substantial compliance with such regulations. In addition, the sale of alcoholic beverages by a hotel requires a license and is subject to regulation by the applicable state and local authorities. The agencies involved have the power to limit, condition, suspend or revoke any such license, and any disciplinary action or revocation could have an adverse effect upon the results of operations of our Hospitality segment.

Table of Contents*Opry and Attractions Group*

WSM-AM is subject to regulation under the Communications Act of 1934, as amended. Under the Communications Act, the Federal Communications Commission, or FCC, among other things, assigns frequency bands for broadcasting; determines the frequencies, location, and signal strength of stations; issues, renews, revokes, and modifies station licenses; regulates equipment used by stations; and adopts and implements regulations and policies that directly or indirectly affect the ownership, operation, and other practices of broadcasting stations. Licenses issued for radio stations have terms of eight years. Radio broadcast licenses are renewable upon application to the FCC and in the past have been renewed except in rare cases. Competing applications will not be accepted at the time of license renewal, and will not be entertained at all unless the FCC first concludes that renewal of the license would not serve the public interest. A station will be entitled to renewal in the absence of serious violations of the Communications Act or the FCC regulations or other violations which constitute a pattern of abuse. The Company is not aware of any reason why its radio station license should not be renewed.

In addition, our Nashville area attractions are also subject to the requirements of the Americans with Disabilities Act and similar state laws, as well as the laws and regulatory activities associated with the sale of alcoholic beverages described above.

Additional Information

Our web site address is www.gaylordentertainment.com. Please note that our web site address is provided as an inactive textual reference only. We make available free of charge through our web site the Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to those reports as soon as reasonably practicable after such material is electronically filed with or furnished to the SEC. The information provided on our web site is not part of this report, and is therefore not incorporated by reference unless such information is otherwise specifically referenced elsewhere in this report.

Executive Officers of the Registrant

The following table sets forth certain information regarding the executive officers of the Company as of December 31, 2007. All officers serve at the discretion of the Board of Directors (subject to, in the case of officers who have entered into employment agreements with the Company, the terms of such employment agreements).

NAME	AGE	POSITION
Colin V. Reed	60	Chairman of the Board of Directors, President and Chief Executive Officer
David C. Kloeppe	38	Executive Vice President and Chief Financial Officer
John P. Caparella	50	Executive Vice President and Chief Operating Officer, Gaylord Hotels
Carter R. Todd	50	Senior Vice President, Secretary and General Counsel
Rod Connor	55	Senior Vice President and Chief Administrative Officer
Melissa J. Buffington	50	Senior Vice President, Human Resources and Communications

The following is additional information with respect to the above-named executive officers.

Colin V. Reed has served as President and Chief Executive Officer and a director of the Company since April 2001, and Mr. Reed was also elected Chairman of the Board of Directors of the Company in May 2005. Prior to joining the Company, Mr. Reed had served as a member of the three-executive Office of the President of Harrah's Entertainment, Inc. since May 1999, and he had served as Harrah's Chief Financial Officer since April 1997. Mr. Reed also was a director of Harrah's from 1998 to May 2001. Mr. Reed served in a variety of other management positions with Harrah's and its predecessor, Holiday Corp., since 1977. Mr. Reed is a director of First Horizon National Corporation.

David C. Kloeppe is the Company's Executive Vice President and Chief Financial Officer. Prior to joining the Company in September of 2001, Mr. Kloeppe worked in the Mergers and Acquisitions Department at Deutsche Bank in New York, where he was responsible for that department's activities in the lodging, leisure and real estate sectors. Mr. Kloeppe earned an MBA from Vanderbilt University's Owen Graduate School of Management, graduating with highest honors. He received his bachelor of science degree from Vanderbilt University, majoring in economics. Mr. Kloeppe is currently a director of FelCor Lodging Trust, Inc.

John P. Caparella is Executive Vice President of the Company and Chief Operating Officer, Gaylord Hotels, positions he has held since February 10, 2006. Prior to such time, he served as Senior Vice President and General Manager of the Company's Gaylord Palms Resort and Convention Center. Prior to joining the Company in November 2000, Mr. Caparella served as Executive Vice President, Planning, Development and Administration and President of PlanetHollywood.com for Planet

Table of Contents

Hollywood International, Inc., a creator and developer of entertainment-based consumer brands. Before joining Planet Hollywood in 1997, Mr. Caparella was with ITT Sheraton, an owner and operator of hotel brands, for 17 years in convention, resort, business and 4-star luxury properties, as well as ITT Sheraton's corporate headquarters.

Mr. Caparella graduated from the State University of New York at Delhi and has an MBA from Rollins College Crummer Graduate School of Business.

Carter R. Todd joined Gaylord Entertainment Company in July 2001 as the Company's Senior Vice President, General Counsel and Secretary. Prior to that time, he was a Corporate and Securities partner in the Nashville office of the regional law firm Baker, Donelson, Bearman & Caldwell. Mr. Todd has practiced law in Nashville since 1982 and is a graduate of Vanderbilt University School of Law and Davidson College.

Rod Connor is the Senior Vice President and Chief Administrative Officer of the Company, a position he has held since September 2003. From January 2002 to September 2003, he was Senior Vice President of Risk Management and Administration. From December 1997 to January 2002, Mr. Connor was Senior Vice President and Chief Administrative Officer. From February 1995 to December 1997, he was the Vice President and Corporate Controller of the Company. Mr. Connor has been an employee of the Company for over 35 years. Mr. Connor, who is a certified public accountant, has a B.S. degree in accounting from the University of Tennessee.

Melissa J. Buffington is the Senior Vice President of Human Resources and Communications of the Company, a position she has held since August 2003. From 1999 until she joined the Company, Ms. Buffington was Senior Vice President of Human Resources and Strategic Planning for Dollar General Corp., where she oversaw all human resource programs. From 1996 to 1999, Ms. Buffington held the position of Executive Vice President of Human Resources at First American Corporation. From 1992 to 1996, Ms. Buffington was First American's Senior Vice President and Director of Quality Management, and Director of Strategic Planning and Mergers and Acquisitions. Ms. Buffington is a graduate of The College of William and Mary, where she received her degree in business management. She earned her MBA with a concentration in finance from Old Dominion University.

Item 1A. Risk Factors

You should carefully consider the following specific risk factors as well as the other information contained or incorporated by reference in this Annual Report on Form 10-K as these are important factors, among others, that could cause our actual results to differ from our expected or historical results. It is not possible to predict or identify all such factors. Consequently, you should not consider any such list to be a complete statement of all our potential risks or uncertainties. Some statements in this Business section and elsewhere in this Annual Report on Form 10-K are forward-looking statements and are qualified by the cautionary language regarding such statements. See Forward-Looking Statements under Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations below.

The successful implementation of our business strategy depends on our ability to generate cash flows from our existing operations and other factors.

We have refocused our business strategy on the development of resort and convention center hotels in selected locations in the United States and on our attractions properties, including the Grand Ole Opry, which are focused primarily on the country music genre. The success of our future operating results depends on our ability to implement our business strategy by successfully operating the Gaylord Opryland, the Gaylord Palms and the Gaylord Texan, by successfully developing and financing our proposed Gaylord National hotel project, and by further exploiting our attractions assets. Our ability to do this depends upon many factors, some of which are beyond our control.

These include:

our ability to generate cash flows from existing operations;

our ability to hire and retain hotel management, catering and convention-related staff for our hotels;

our ability to capitalize on the strong brand recognition of certain of our Opry and Attractions assets; and

the continued popularity and demand for country music.

If we are unable to successfully implement the business strategies described above, our cash flows and net income may be reduced.

Table of Contents

Our hotel and convention business is subject to significant market risks.

Our ability to continue to successfully operate our hotel and convention business is subject to factors beyond our control which could reduce the revenue and operating income of these properties. These factors include:

the desirability and perceived attractiveness of the Nashville, Tennessee, Orlando, Florida, and Dallas, Texas areas as tourist and convention destinations;

the ability of our proposed Gaylord National hotel project near Washington, D.C. to operate in a new market which is extremely competitive;

adverse changes in the national economy and in the levels of tourism and convention business that would affect our hotels;

our ability to continue to attract group convention business;

the opening of the Gaylord National or other new hotels could impact our group convention business at our existing hotel properties;

the highly competitive nature of the hotel, tourism and convention businesses in which the Gaylord Palms, the Gaylord Opryland and the Gaylord Texan operate; and

the susceptibility of our group convention business to reduced levels of demand during the year-end holiday periods, which we may not be able to offset by attracting sufficient general tourism guests.

Unanticipated costs of hotels we open in new markets, including our Gaylord National hotel project, may reduce our operating income.

As part of our growth plans, we may open or acquire new hotels in geographic areas in which we have little or no operating experience and in which potential customers may not be familiar with our business. As a result, we may have to incur costs relating to the opening, operation and promotion of those new hotel properties that are substantially greater than those incurred in other areas. Even though we may incur substantial additional costs with these new hotel properties, they may attract fewer customers than our existing hotels. As a result, the results of operations at new hotel properties may be inferior to those of our existing hotels. The new hotels may even operate at a loss. Even if we are able to attract enough customers to our new hotel properties to operate them at a profit, it is possible that those customers could simply be moving future meetings or conventions from our existing hotel properties to our new hotel properties. Thus, the opening of a new hotel property could reduce the revenue of our existing hotel properties and could adversely affect our financial condition and cash flows.

Our hotel development, including our Gaylord National hotel project, is subject to timing, budgeting and other risks.

We intend to develop additional hotel properties as suitable opportunities arise, taking into consideration the general economic climate. New project development has a number of risks, including risks associated with:

construction delays or cost overruns that may increase project costs;

construction defects or noncompliance with construction specifications;

receipt of zoning, occupancy and other required governmental permits and authorizations;

other risks of construction described below;

development costs incurred for projects that are not pursued to completion;

so-called acts of God such as earthquakes, hurricanes, floods or fires that could delay the development of a project;

the availability and cost of capital; and

governmental restrictions on the nature or size of a project or timing of completion.

Our development projects may not be completed on time or within budget.

Our plans to develop the Gaylord National hotel project are subject to numerous risks.

Our plans to develop the Gaylord National hotel are subject to market conditions, the availability of financing, receipt of necessary building permits and other authorizations, and other factors, including those described in the preceding and following

Table of Contents

risk factors. Because the project is in progress, and certain portions of the project have not been bid or contracted, we cannot be certain of the final costs of the project. As more fully described below in note 12 of our consolidated financial statements included herein, we have in place a guaranteed maximum price construction contract with our general contractor for the Gaylord National project covering the majority of the work to be performed at this project. As additional portions of the Gaylord National project are bid and contracted, they are being added to our existing guaranteed maximum price contract by way of amendment. Because we do not have the entire project under contract, there is a risk that the total construction cost for the project could increase beyond our current estimates or that the necessary contractors and subcontractors, as well as materials, will not be available.

The anticipated costs and completion dates for the Gaylord National are based on budgets, designs, development and construction documents and schedule estimates that we have prepared with the assistance of architects and our general contractor and that are subject to change as the design, development and construction documents are finalized and more actual construction work is performed. A failure to complete the Gaylord National on budget or on schedule may adversely affect our financial condition, results of operations or cash flows.

We intend to use cash flow from operations, our senior credit facility and/or governmental incentives to finance the costs of constructing and opening the Gaylord National. We may seek additional debt or equity financing for this or other projects. In addition, our senior credit facility requires the Gaylord National to be substantially completed by October 31, 2008 (subject to customary force majeure provisions) and currently limits the aggregate amount of capital expenditures made to complete the project. The failure to obtain the necessary financing, or to satisfy or receive waivers of the senior credit facility requirements, if necessary, could adversely affect our ability to construct the Gaylord National and any other hotel projects in the future.

In addition, we do not have experience operating in the Washington, D.C. market. We cannot assure you that the project will be completed, that it will be opened on time or on budget, or that its future operations will be successful. ***There are significant risks associated with our planned construction projects, which could adversely affect our financial condition, results of operations or cash flows from these planned projects.***

Our ongoing and future construction projects, such as the Gaylord National hotel project, as well as the expansion of the Gaylord Opryland and Gaylord Texan, entail significant risks. Construction activity requires us to obtain qualified contractors and subcontractors, the availability of which may be uncertain. Construction projects are subject to cost overruns and delays caused by events outside of our control, such as shortages of materials or skilled labor, unforeseen engineering, environmental and/or geological problems, work stoppages, weather interference, unanticipated cost increases and unavailability of construction materials or equipment. Construction, equipment or staffing problems or difficulties in obtaining any of the requisite materials, licenses, permits, allocations and authorizations from governmental or regulatory authorities, construction defects or non-compliance with construction specification, could increase the total cost, delay, jeopardize or prevent the construction or opening of such projects or otherwise affect the design and features of the Gaylord National, Gaylord Opryland, Gaylord Texan or other projects. In addition, we will be required to obtain financing for development projects and to use cash flow from operations for development and construction. We may seek additional debt or equity financing for development and construction projects. We have no financing plans for projects other than the Gaylord National, and we do not know if any needed financing will be available on favorable terms.

A downturn in general economic conditions may adversely affect our results of operations.

Our business operations are affected by national and local economic conditions. Recent events, including fallout from problems in the U.S. subprime mortgage market, indicate a potential near-term recession in the national economy. A recession or downturn in the national economy or in a region constituting a significant source of customers for any of our properties, or the public perception that a recession or downturn might occur, could result in fewer advance bookings, fewer transient customers visiting our properties, and/or guests spending less money at our properties, each of which could adversely affect our results of operations. While we believe that the large group customers that make up the core of our revenues are less susceptible to changes in economic conditions, there can be no assurance that a downturn in general economic conditions would not have an adverse effect on the Company's results of operations.

We will be required to refinance our credit facility by March 2010, and there is no assurance that we will be able to refinance our credit facility on acceptable terms.

The revolving loan, letters of credit and term loan under our credit facility mature on March 9, 2010. Prior to this date, we will be required to refinance our credit facility in order to finance our ongoing capital needs. Our ability to refinance our credit facility on acceptable terms will be dependent upon a number of factors, including our degree of leverage, the value of our assets, borrowing restrictions which may be imposed by lenders and conditions in the credit markets at the time we refinance. There is no assurance that we will be able to obtain additional financing on acceptable terms.

Table of Contents

The acquisition of the La Cantera Resort may not be completed.

As described above, we entered into a definitive purchase agreement dated November 19, 2007, pursuant to which we agreed to acquire the assets related to the La Cantera Resort. On January 21, 2008, we entered into an amendment to this purchase agreement which extended the closing date to April 30, 2008 (prior to the amendment, the closing date was scheduled to occur no later than January 31, 2008). The amendment also provided that the \$10.0 million deposit previously paid by us to an escrow agent under the purchase agreement would be released to the seller, and that the deposit would be non-refundable to us except in connection with the voluntary and intentional default by sellers in their obligations to be performed on the closing date. In the event the transaction closes, the deposit will be credited toward the purchase price.

The amendment conditioned the closing of the transactions under the purchase agreement on us arranging financing satisfactory to us in our sole discretion in order to fund the transaction. We are in the process of seeking an additional capital partner to complete this transaction.

There is no assurance that we will be able to locate a suitable capital partner to complete this transaction or that this transaction will otherwise close. In the event that we do not find a suitable capital partner, it is anticipated that we will not close this transaction.

We may be unable to successfully complete acquisitions.

As part of our growth strategy, we may attempt to acquire other convention hotels or otherwise engage in acquisitions. We may be unable to find or consummate future acquisitions at acceptable prices and terms. We continue to evaluate potential acquisition opportunities in the ordinary course of business, including those that could be material in size and scope. Acquisitions, including the possible acquisition of the La Cantera Resort, involve a number of special risks and factors, including:

the possible diversion of our management's attention from other business concerns;

the potential inability to successfully pursue some or all of the anticipated revenue opportunities associated with the acquisitions;

the possible loss of the acquired business's key employees;

the potential inability to achieve expected operating efficiencies in the acquired business's operations;

the increased complexity and diversity of our operations after acquisitions compared to our prior operations;

the impact on our internal controls and compliance with the regulatory requirements under the Sarbanes-Oxley Act of 2002; and

unanticipated problems, expenses or liabilities.

If we fail to integrate acquired businesses successfully (including the La Cantera Resort, if such transaction closes) and/or fail to realize the intended benefits of acquisitions, our results of operations could be materially and adversely affected. In addition, acquisitions may result in a substantial goodwill asset, which will be subject to an annual impairment analysis. If this goodwill were to be impaired in the future, it could have a significant negative impact on our results of operations.

Our development, management and/or acquisition of smaller hotel properties may be unsuccessful.

As part of our strategy to capture a greater share of the meetings and convention business in the United States, we anticipate introducing Gaylord hotel properties smaller in size than our existing hotel properties. We may be unsuccessful in locating suitable smaller hotel properties to develop, manage and/or acquire. The self-contained destination experience of existing Gaylord hotel properties may not translate effectively to smaller hotel properties. Moreover, smaller hotel properties may be unsuitable for large group meeting and convention customers, and we may be unsuccessful in our ability to attract a sufficient number of group customers to these smaller hotel properties and rotate our existing group clients through these smaller hotel properties. In the event that our strategy of developing,

managing and/or acquiring smaller hotel properties is not successful, our financial condition, results of operations and prospects could be adversely affected.

Our real estate investments are subject to numerous risks.

Because we own hotels and attractions properties, we are subject to the risks that generally relate to investments in real property. The investment returns available from equity investments in real estate depend in large part on the amount of income

Table of Contents

earned and capital appreciation generated by the related properties, as well as the expenses incurred. In addition, a variety of other factors affect income from properties and real estate values, including governmental regulations, insurance, zoning, tax and eminent domain laws, interest rate levels and the availability of financing. For example, new or existing real estate zoning or tax laws can make it more expensive and/or time-consuming to develop real property or expand, modify or renovate properties. When interest rates increase, the cost of acquiring, developing, expanding or renovating real property increases and real property values may decrease as the number of potential buyers decreases. Similarly, as financing becomes less available, it becomes more difficult both to acquire and to sell real property. Finally, governments can, under eminent domain laws, take real property. Sometimes this taking is for less compensation than the owner believes the property is worth. Any of these factors could have a material adverse impact on our results of operations or financial condition. In addition, equity real estate investments, such as the investments we hold and any additional properties that we may acquire, are relatively difficult to sell quickly. If our properties do not generate revenue sufficient to meet operating expenses, including debt service and capital expenditures, our income will be reduced.

Our hotel properties are concentrated geographically and our revenues and operating income could be reduced by adverse conditions specific to our property locations.

Our existing hotel properties are located predominately in the southeastern United States. As a result, our business and our financial operating results may be materially affected by adverse economic, weather or business conditions in the Southeast.

As a result of the sales of our ResortQuest business and Bass Pro Group, LLC equity interest, we are further dependent upon our Hospitality segment.

During the second quarter of 2007, we completed the sale of our entire vacation rental property management segment, ResortQuest, as well as our equity interest in Bass Pro Group, LLC (the ResortQuest sale having occurred in two separate transactions, one for our ResortQuest Mainland business and another for our ResortQuest Hawaii business). As a result of these transactions, we are now highly dependent on the success of our Hospitality segment. During the twelve months ended December 31, 2007, 89.6% of our total revenue from continuing operations was generated from our Hospitality segment. If we fail to successfully operate and/or develop our hotel and convention business, our overall financial condition and prospects could be adversely affected.

We could become subject to claims in connection with the sales of our interests in ResortQuest Mainland, ResortQuest Hawaii and Bass Pro Group, LLC.

In connection with the sales of our equity interests in ResortQuest Mainland, ResortQuest Hawaii and Bass Pro Group, LLC, we agreed to indemnify the purchasers of these interests for a number of matters, including the breach of our representations, warranties and covenants contained in the agreements related to those transactions. A material breach or inaccuracy of any of the representations, warranties and covenants in any of the agreements related to those transactions could lead to a claim against us. Any such claims could require us to pay substantial sums and incur related costs and expenses and could have a material adverse effect on our financial condition.

Hospitality companies have been the target of class actions and other lawsuits alleging violations of federal and state law.

Our operating income and profits may be reduced by legal or governmental proceedings brought by or on behalf of our employees or customers. In recent years, a number of hospitality companies have been subject to lawsuits, including class action lawsuits, alleging violations of federal and state law regarding workplace and employment matters, discrimination and similar matters. A number of these lawsuits have resulted in the payment of substantial damages by the defendants. Similar lawsuits have been instituted against us from time to time, and we cannot assure you that we will not incur substantial damages and expenses resulting from lawsuits of this type, which could have a material adverse effect on our business.

Our properties are subject to environmental regulations that could impose significant financial liability on us.

Environmental laws, ordinances and regulations of various federal, state, local and foreign governments regulate certain of our properties and could make us liable for the costs of removing or cleaning up hazardous or toxic substances on, under or in the properties we currently own or operate or those we previously owned or operated. Those laws could impose liability without regard to whether we knew of, or were responsible for, the presence of

hazardous or toxic substances. The presence of hazardous or toxic substances, or the failure to properly clean up such substances when present, could jeopardize our ability to develop, use, sell or rent the real property or to borrow using the real property as collateral. If we arrange for the disposal or treatment of hazardous or toxic wastes, we could be liable for the costs of removing or cleaning up wastes at the disposal or treatment facility, even if we never owned or operated that facility. Other laws, ordinances and regulations could require us to manage, abate or remove lead- or asbestos-containing materials. Similarly, the operation and closure of storage tanks are often regulated by federal, state, local and foreign laws. Finally, certain laws, ordinances and regulations, particularly those

Table of Contents

governing the management or preservation of wetlands, coastal zones and threatened or endangered species, could limit our ability to develop, use, sell or rent our real property.

Any failure to attract, retain and integrate senior and managerial level executives could negatively impact our operations and development of our properties.

Our future performance depends upon our ability to attract qualified senior executives, retain their services and integrate them into our business. Our future financial results also will depend upon our ability to attract and retain highly skilled managerial and marketing personnel in our different areas of operation. Competition for qualified personnel is intense and is likely to increase in the future. We compete for qualified personnel against companies with significantly greater financial resources than ours.

We have certain minority equity interests over which we have no significant control, to or for which we may owe significant obligations and for which there is no readily available market, and these investments may not be profitable.

We have minority investments in RHAC Holdings, LLC and Waipouli Holdings, LLC which are not liquid and over which we have little or no rights, or ability, to exercise the direction or control of the respective enterprises. In connection with these investments, we may have obligations under certain guarantees related to such investments. The ultimate value of each of these investments will be dependent upon the efforts of others over an extended period of time. The nature of our interests and the absence of a readily available market for those interests restrict our ability to dispose of them. Our lack of control over the management of these businesses and the lack of a readily available market to sell our interest in these businesses may cause us to recognize a loss on our investment in these businesses. These arrangements are subject to uncertainties and risks, including those related to conflicting joint venture partner interests and to our joint venture partners failing to meet their financial or other obligations. For further discussion of these investments, see note 5 of our consolidated financial statements included herein.

We are subject to risks relating to acts of God, terrorist activity and war.

Our operating income may be reduced by acts of God, such as natural disasters or acts of terror, in locations where we own and/or operate significant properties and areas of the world from which we draw a large number of customers. In January of 2007, the Army Corps of Engineers announced that the Wolf Creek Dam on Lake Cumberland in Kentucky was at high risk for structural failure. Although the Corps has announced it is taking immediate action, including lowering the water level at Lake Cumberland and making structural repairs to the dam, to reduce the chances of any type of flood, a significant portion of our Gaylord Opryland property in Nashville is in the Cumberland River flood plain and would be at risk if the Dam should fail. Some types of losses, such as from flood, earthquake, hurricane, terrorism and environmental hazards, may be either uninsurable or too expensive to justify insuring against. Should an uninsured loss or a loss in excess of insured limits occur, we could lose all or a portion of the capital we have invested in a hotel, as well as the anticipated future revenue from the hotel. In that event, we might nevertheless remain obligated for any mortgage debt or other financial obligations related to the property. Similarly, wars (including the potential for war), terrorist activity (including threats of terrorist activity), political unrest and other forms of civil strife as well as geopolitical uncertainty may cause in the future our results to differ materially from anticipated results.

The hospitality industry is heavily regulated, including with respect to food and beverage sales, employee relations and construction concerns, and compliance with these regulations could increase our costs and reduce our revenues and profits.

Our hotel operations are subject to numerous laws, including those relating to the preparation and sale of food and beverages, liquor service and health and safety of premises. We are also subject to laws regulating our relationship with our employees in areas such as hiring and firing, minimum wage and maximum working hours, overtime and working conditions. Although no employees at our hotels are currently represented by labor unions, labor union organizing activities may take place at any new hotel property we open. Additionally, we may in the future experience attempts to unionize employees at our existing hotels. A lengthy strike or other work stoppage at one of our hotels, or the threat of such activity, could have an adverse effect on our business and results of operations. The success of expanding our hotel operations also depends upon our obtaining necessary building permits and zoning variances from local authorities. Compliance with these laws is time intensive and costly and may reduce our revenues and operating

income.

Our substantial debt could reduce our cash flow and limit our business activities.

We currently have a significant amount of debt. As of December 31, 2007, we had \$981.1 million of total debt and stockholders' equity of \$941.5 million.

Our substantial amount of debt could have important consequences. For example, it could:

Table of Contents

increase our vulnerability to general adverse economic and industry conditions;

require us to dedicate a substantial portion of our cash flow from operations to make interest and principal payments on our debt, thereby limiting the availability of our cash flow to fund future capital expenditures, working capital and other general corporate requirements;

limit our flexibility in planning for, or reacting to, changes in our business and the hospitality industry, which may place us at a competitive disadvantage compared with competitors that are less leveraged; and

limit our ability to borrow additional funds, even when necessary to maintain adequate liquidity;

limit our ability to obtain additional financing for planned expansions of our existing properties and acquisitions of additional properties.

In addition, the terms of our senior credit facility and the indentures governing our 8% senior notes and our 6.75% senior notes allow us to incur substantial amounts of additional debt subject to certain limitations. Any such additional debt could increase the risks associated with our substantial leverage. Although our earnings were sufficient to cover fixed charges for the years-ended December 31, 2007 and 2006, our substantial leverage is evidenced by our earnings being insufficient to cover fixed charges by \$41.5 million for the year ended December 31, 2005. At the time any principal amount of our indebtedness is due, we may not have cash available to pay this amount, and we may not be able to refinance this indebtedness on favorable terms, or at all. We may incur additional debt in connection with our planned expansion of the Gaylord Opryland and/or Gaylord Texan, our development of the Gaylord National hotel project or any additional hotel development.

The agreements governing our debt, including our 8% senior notes, our 6.75% senior notes and our senior credit facility, contain various covenants that limit our discretion in the operation of our business and could lead to acceleration of debt.

Our existing financial agreements, including our senior credit facility and the indentures governing our 8% senior notes and our 6.75% senior notes, impose, and future financing agreements are likely to impose, operating and financial restrictions on our activities. Our senior credit facility requires us to comply with or maintain certain financial tests and ratios, including minimum consolidated net worth, minimum interest coverage ratio and maximum leverage ratios, and our senior credit facility and the indentures governing our 8% senior notes and our 6.75% senior notes limit or prohibit our ability to, among other things:

incur additional debt and issue preferred stock;

create liens;

redeem and/or prepay certain debt;

pay dividends on our stock to our stockholders or repurchase our stock or other equity interests;

make certain investments;

enter new lines of business;

engage in consolidations, mergers and acquisitions;

make certain capital expenditures;

use proceeds from any offering of securities, including the proceeds from this offering, to make capital expenditures in connection with the construction of Gaylord National; and

pay dividends and make other distributions from our subsidiaries to us.

These restrictions on our ability to operate our business could seriously harm our business by, among other things, limiting our ability to take advantage of financing, merger and acquisition and other corporate opportunities.

Various risks, uncertainties and events beyond our control could affect our ability to comply with these covenants and maintain these financial tests and ratios. Failure to comply with any of the covenants in our existing or future financing agreements could result in a default under those agreements and under other agreements containing cross-default provisions. A default would permit lenders to accelerate the maturity for the debt under these agreements and to foreclose upon any collateral securing the debt. Under these circumstances, we might not have sufficient funds or other resources to satisfy all of our obligations. In addition, the limitations imposed by financing agreements on our ability to incur additional debt and to take other actions might significantly impair our ability to obtain other financing.

Table of Contents***Fluctuations in our operating results and other factors may result in decreases in our stock price.***

In recent periods, the market price for our common stock has fluctuated substantially. From time to time, there may be significant volatility in the market price of our common stock. We believe that the current market price of our common stock reflects expectations that we will be able to continue to operate our existing hotels profitably and to develop new hotel properties profitably. If we are unable to accomplish this, investors could sell shares of our common stock at or after the time that it becomes apparent that the expectations of the market may not be realized, resulting in a decrease in the market price of our common stock. In addition to our operating results, the operating results of other hospitality companies, changes in financial estimates or recommendations by analysts, adverse weather conditions, increased construction costs, increased labor and other costs, changes in general conditions in the economy or the financial markets or other developments affecting us or our industry, such as the terrorist attacks, could cause the market price of our common stock to fluctuate substantially. In recent years, the stock market has experienced extreme price and volume fluctuations. This volatility has had a significant effect on the market prices of securities issued by many companies for reasons unrelated to their operating performance.

We are a holding company and depend upon our subsidiaries' cash flow to meet our debt service obligations.

We are a holding company, and we conduct the majority of our operations through our subsidiaries. As a result, our ability to meet our debt service obligations, including our obligations under the notes and our credit facility, substantially depends upon our subsidiaries' cash flow and payment of funds to us by our subsidiaries as dividends, loans, advances or other payments. The payment of dividends and/or making of loans, advances or other payments by our subsidiaries will be subject to the approval of those subsidiaries' boards, and our subsidiaries are not obligated to pay dividends or make loans, advances or other payments to us. Our subsidiaries' ability to pay such dividends and/or make such loans, advances or other payments may also be restricted by, among other things, applicable laws and regulations and current and future debt agreements into which our subsidiaries may enter.

To service our debt and pay other obligations, we will require a significant amount of cash, which may not be available to us.

Our ability to make payments on, or repay or refinance, our debt, including our obligations under the notes and any future debt we may incur, and to fund planned capital expenditures will depend largely upon our future operating performance and our ability to generate cash from operations. Our future performance, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. In addition, our ability to borrow funds in the future to make payments on our debt and other obligations will depend on the satisfaction of the covenants and financial ratios in our senior credit facility and our other debt agreements, including the indentures governing our 6.75% senior notes and our 8% senior notes and other agreements we may enter into in the future. Our business may not generate sufficient cash flow from operations or we may not have future borrowings available to us under our senior credit facility or from other sources in an amount sufficient to enable us to pay our debt or to fund our other liquidity needs.

Our stock repurchase program could increase the volatility of the price of our common stock.

As described below, on February 7, 2008, we announced that our board of directors approved a stock repurchase program to repurchase up to \$80 million of our common stock. Repurchases may be made in the open market, subject to prevailing stock prices, general economic and market conditions, applicable legal requirements and other factors. The existence of our stock repurchase program and any purchases under this program could result in an increase in the market price of our stock. In addition, purchases under this repurchase program could reduce the liquidity for our stock. Further, our repurchase program may be suspended at any time in our discretion, and any discontinuation could cause the market price of our stock to decline.

Our certificate of incorporation and bylaws and Delaware law could make it difficult for a third party to acquire our company.

The Delaware General Corporation Law and our certificate of incorporation and bylaws contain provisions that could delay, deter or prevent a change in control of our company or our management. These provisions could also discourage proxy contests and make it more difficult for stockholders to elect directors and take other corporate actions. These provisions:

authorize us to issue blank check preferred stock, which is preferred stock that can be created and issued by our board of directors, without stockholder approval, with rights senior to those of common stock;

provide that directors may only be removed with cause by the affirmative vote of at least a majority of the votes of shares entitled to vote thereon;

establish advance notice requirements for submitting nominations for election to the board of directors and for

Table of Contents

proposing matters that can be acted upon by stockholders at meetings;

provide that special meetings of stockholders may be called only by our chairman or by majority of the members of our board of directors;

impose restrictions on ownership of our common stock by non-United States persons due to our ownership of a radio station; and

prohibit stockholder actions taken on written consent.

We are also subject to anti-takeover provisions under Delaware law, which could also delay or prevent a change of control. Together, these provisions of our certificate of incorporation and bylaws and Delaware law may discourage transactions that otherwise could provide for the payment of a premium over prevailing market prices for publicly traded equity securities or our notes, and also could limit the price that investors are willing to pay in the future for shares of our publicly traded equity securities. We have considered other measures such as adoption of a stockholder rights plan. Although we have not adopted such a plan to date, we may do so in the future.

Our issuance of preferred stock could adversely affect holders of our common stock and discourage a takeover.

Our board of directors has the power to issue up to 100.0 million shares of preferred stock without any action on the part of our stockholders. As of the date hereof, we have no shares of preferred stock outstanding. Our board of directors also has the power, without stockholder approval, to set the terms of any new series of preferred stock that may be issued, including voting rights, dividend rights, preferences over our common stock with respect to dividends or in the event of a dissolution, liquidation or winding up and other terms. In the event that we issue additional shares of preferred stock in the future that have preference over our common stock with respect to payment of dividends or upon our liquidation, dissolution or winding up, or if we issue preferred stock with voting rights that dilute the voting power of our common stock, the rights of the holders of our common stock or the market price of our common stock or our notes could be adversely affected. In addition, the ability of our board of directors to issue shares of preferred stock without any action on the part of our stockholders may impede a takeover of us and prevent a transaction favorable to our stockholders.

Item 1B. Unresolved Staff Comments

None.

Item 2. Properties

Corporate and Other

We own our executive offices and headquarters located at One Gaylord Drive, Nashville, Tennessee, which consists of a five-story office building comprising approximately 80,000 square feet. We also own our shared services center located within the Opryland complex, which contains approximately 84,000 square feet of space. We believe that these facilities and the facilities described below utilized for each of our business segments are generally well maintained.

Hospitality

We own our Opryland complex in Nashville, Tennessee, which includes the site of Gaylord Opryland (approximately 172 acres). We also own the 6.5 acre site of the Radisson Hotel at Opryland, which is located near the Opryland complex. We have leased a 65-acre tract in Osceola County, Florida, on which the Gaylord Palms is located, pursuant to a 75-year ground lease with a 24-year renewal option. We acquired approximately 100 acres in Grapevine, Texas, through ownership (approximately 75 acres) and ground lease (approximately 25 acres), on which the Gaylord Texan is located. We also own an additional 25 acres of property adjacent to the Gaylord Texan. We own approximately 42 acres on the Potomac River in Prince George's County, Maryland, on which we are developing our Gaylord National Resort & Convention Center. All properties secure our \$1.0 billion credit facility, as described in the Liquidity and Capital Resources section of Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations.

Opry and Attractions Group

We own the General Jackson Showboat's docking facility and the Opry House, both of which are located within the Opryland complex. We also own the Gaylord Springs Golf Links, an 18-hole golf course situated on over 200 acres, which is located near the Opryland complex. In downtown Nashville, we own the Ryman Auditorium and the Wildhorse Saloon dance hall and production facility. We own WSM Radio's offices and studios, which are also located within the Opryland complex.

Table of Contents**Item 3. Legal Proceedings**

We and various of our subsidiaries are involved in lawsuits incidental to the ordinary course of our businesses, such as personal injury actions by guests and employees and complaints alleging employee discrimination. We maintain various insurance policies, including general liability and property damage insurance, as well as workers compensation, business interruption, and other policies, which we believe provide adequate coverage for the risks associated with our range of operations. We believe that we are adequately insured against these claims by our existing insurance policies and that the outcome of any pending claims or proceedings will not have a material adverse effect on our financial position or results of operations.

We may have potential liability under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (CERCLA or Superfund), for response costs at two Superfund sites. The liability relates to properties formerly owned by our predecessor. In 1991, Oklahoma Publishing Company, or OPUBCO, assumed these liabilities and agreed to indemnify us for any losses, damages, or other liabilities incurred by it in connection with these matters. We believe that OPUBCO's indemnification will fully cover our Superfund liabilities, if any, and that, based on our current estimates of these liabilities, OPUBCO has sufficient financial resources to fulfill its indemnification obligations.

Item 4. Submission of Matters to a Vote of Security Holders

None.

PART II**Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities**

The Company's common stock is listed on the New York Stock Exchange under the symbol GET. The following table sets forth, for the calendar quarters indicated, the high and low sales prices for our common stock as reported by the NYSE for the last two years:

	2007		2006	
	High	Low	High	Low
First Quarter	\$56.99	\$49.78	\$46.18	\$40.00
Second Quarter	57.57	52.51	48.56	40.21
Third Quarter	59.89	48.47	45.95	36.93
Fourth Quarter	56.10	37.64	51.83	42.83

There were approximately 2,700 record holders of our common stock as of January 31, 2008.

We did not pay dividends on our common stock during the 2007 or 2006 fiscal years. We do not presently intend to declare any cash dividends. We intend to retain our earnings to fund the operation of our business, to service and repay our debt, and to make strategic investments as they arise. Moreover, the terms of our debt contain financial covenants that restrict our ability to pay dividends. Our Board of Directors may reevaluate this dividend policy in the future in light of our results of operations, financial condition, cash requirements, future prospects, loan agreements and other factors deemed relevant by our Board.

On February 7, 2008, we announced that our board of directors approved a stock repurchase program to repurchase up to \$80 million of our common stock. This program is intended to be implemented through purchases made from time to time in the open market in accordance with applicable Securities and Exchange Commission requirements. The timing, prices and sizes of purchases will depend upon prevailing stock prices, general economic and market conditions and other considerations. The repurchase program does not obligate the Company to acquire any particular amount of common stock and the repurchase program may be suspended at any time at the Company's discretion.

- (1) Preopening costs are related to the Gaylord Texan and our Gaylord National hotel project in the Washington, D.C. area. Gaylord Texan opened in April 2004, and Gaylord National is expected to open in 2008.
- (2) In August 2001, the FASB issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. In accordance with the provisions of SFAS No. 144, we have presented the operating results and financial position of the following businesses as discontinued operations for all periods presented: ResortQuest; WSM-FM and WWTN(FM); Word Entertainment; Acuff-Rose Music Publishing; GET Management, our artist management business; Oklahoma RedHawks; our international cable networks; the businesses sold to affiliates of The Oklahoma Publishing Company consisting of Pandora Films, Gaylord Films, Gaylord Sports Management, Gaylord Event Television and Gaylord Production Company; and our water taxis.
- (3) On May 31, 2007, we completed the sale of all of our ownership interest in Bass Pro Group, LLC to Bass Pro Group, LLC for a purchase price of \$222.0 million in cash and recognized a pre-tax gain of \$140.3 million on the sale.
- (4) Reflects the reduction in the carrying value of certain assets.
- (5) Related primarily to employee severance and contract termination costs.
- (6) In 1999 we recognized a pretax gain of \$459.3 million as a result of the divestiture of television station KTVT in Dallas-Ft. Worth in exchange for CBS Series B preferred stock, which was later converted into 11,003,000 shares of Viacom, Inc. Class B common stock, \$4.2 million of cash and other consideration. During 2000, we entered into a seven-year secured forward exchange contract (SFEC) for a notional amount of \$613.1 million with respect to 10,937,900 shares of the Viacom, Inc. Class B common stock. As further discussed in Note 6 to our consolidated financial statements for the year ended December 31, 2007 included herewith, we exchanged the 10,937,900 shares of Viacom, Inc. Class B common stock for 5,468,950 shares of Viacom Stock and 5,468,950 shares of CBS Stock effective January 3, 2006. During May 2007, the SFEC contract matured and the Company delivered all of the Viacom Stock and CBS Stock to Credit Suisse First Boston in full satisfaction of the

\$613.1 million debt obligation under the SFEC. As a result, the debt obligation, Viacom Stock, CBS Stock, put option, call option, and deferred financing costs related to the SFEC were removed from the consolidated balance sheet during the second quarter of 2007. The CBS Stock and Viacom Stock were included in total assets at their market values of \$394.9 million, \$356.6 million, \$400.4 million, and \$488.3 million at December 31, 2006, 2005, 2004, and 2003, respectively. Prepaid interest related to the secured forward exchange contract of \$10.5 million, \$37.3 million, \$64.3 million, and \$91.2 million, was included in total assets at December 31, 2006, 2005, 2004, and 2003, respectively.

(7) Related primarily to the construction of the Gaylord Palms, the Gaylord Texan and the Gaylord National.

Table of Contents**Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations****Our Current Operations**

Our ongoing operations are organized into three principal business segments:

Hospitality, consisting of our Gaylord Opryland Resort and Convention Center (Gaylord Opryland), our Gaylord Palms Resort and Convention Center (Gaylord Palms), our Gaylord Texan Resort and Convention Center (Gaylord Texan), and our Radisson Hotel at Opryland (Radisson Hotel).

Opry and Attractions, consisting of our Grand Ole Opry assets, WSM-AM and our Nashville attractions.

Corporate and Other, consisting of our ownership interests in certain entities and our corporate expenses. For the years ended December 31, our total revenues were divided among these business segments as follows:

Segment	2007	2006	2005
Hospitality	90%	89%	90%
Opry and Attractions	10%	11%	10%
Corporate and Other	0%	0%	0%

We generate a significant portion of our revenues from our Hospitality segment. We believe that we are the only hospitality company focused primarily on the large group meetings and conventions sector of the lodging market. Our strategy is to continue this focus by concentrating on our All-in-One-Place self-contained service offerings and by emphasizing customer rotation among our convention properties, while also offering additional entertainment opportunities to guests and target customers.

Our concentration in the hospitality industry, and in particular the large group meetings sector of the hospitality industry, exposes us to certain risks outside of our control. General economic conditions, particularly national and global economic conditions, can affect the number and size of meetings and conventions attending our hotels. Recent events, including fallout from problems in the U.S. subprime mortgage market, indicate a potential near-term recession in the national economy. A recession or downturn in the national economy or in a region constituting a significant source of customers for any of our properties, or the public perception that a recession or downturn might occur, could result in fewer advance bookings, fewer transient customers visiting our properties, and/or guests spending less money at our properties, each of which could adversely affect our results of operations. While we believe that the large group customers that make up the core of our revenues are less susceptible to changes in economic conditions, there can be no assurance that a downturn in general economic conditions would not have an adverse effect on the Company's results of operations.

Our business is also exposed to risks related to tourism, including terrorist attacks and other global events which affect levels of tourism in the United States and, in particular, the areas of the country in which our properties are located. Competition and the desirability of the locations in which our properties are located are also important risks to our business. See Item 1A, Risk Factors, above for additional discussion regarding the risk factors that could cause our actual results to differ from our expected or historical results.

Recent Developments

Bass Pro. On May 31, 2007, we and our wholly owned subsidiary, Gaylord Hotels, Inc., completed the sale of all of our interest in Bass Pro Group, LLC (consisting of 43,333 common units) for a purchase price of \$222.0 million pursuant to the terms of a Common Unit Repurchase Agreement, dated April 3, 2007. The purchase price was paid in cash in full at closing. Our Chief Executive Officer formerly served as a member of the board of managers of Bass Pro Group, LLC but resigned upon consummation of the sale. See Non-Operating Results Affecting Net Income (Loss) Income from Unconsolidated Companies below for a discussion of the results of our investment in Bass Pro prior to the date of disposal.

ResortQuest. Following the closing of the sale of our interest in Bass Pro Group, LLC, on May 31, 2007, our wholly-owned subsidiary, ResortQuest International, Inc. (RQI), completed the sale of all of the equity interests of

Table of Contents

Holdings, Ltd.) and ResortQuest Real Estate of Hawaii, LLC (f/k/a ResortQuest Real Estate of Hawaii, Inc.) to Vacation Holdings Hawaii, Inc., an affiliated company of Interval International (Vacation Holdings), pursuant to the terms of a Stock Purchase Agreement dated as of April 18, 2007 (the ResortQuest Hawaii Purchase Agreement), by and among us, RQI, Vacation Holdings and Interval Acquisition Corp. The purchase price paid by Vacation Holdings was \$109.1 million, prior to giving effect to a purchase price adjustment based on the working capital of the acquired entities as of the closing. The purchase price was paid in cash in full at closing. We retained our 19.9% ownership interest in RHAC Holdings, LLC and our 18.1% ownership interest in Waipouli Holdings LLC, as our ownership interests in these hotel ownership joint venture entities were excluded from this transaction.

Thereafter, on June 1, 2007, we and Gaylord Hotels entered into a Stock Purchase Agreement dated as of June 1, 2007 (the ResortQuest Mainland Purchase Agreement) with BEI-RZT Corporation, a subsidiary of Leucadia National Corporation (BEI-RZT). Pursuant to the terms of the ResortQuest Mainland Purchase Agreement, Gaylord Hotels completed the sale of all of the capital stock of RQI to BEI-RZT on June 1, 2007. The purchase price paid by BEI-RZT was \$35.0 million, prior to giving effect to certain purchase price adjustments, including a purchase price adjustment based on the working capital of RQI as of the closing. The purchase price was paid by the delivery of a four-year promissory note in the principal amount of \$8.0 million bearing interest at the annual rate of 10%, and the balance of the purchase price was paid in cash at closing. This promissory note was cancelled and deemed to be satisfied and paid in full in full satisfaction of the final purchase price adjustment payable by Gaylord to BEI-RZT, as described above.

As a result of the transactions described above, the results of operations of our ResortQuest business, net of taxes, are included in discontinued operations for all periods presented. See Non-Operating Results Affecting Net Income (Loss)

Income (Loss) from Discontinued Operations, Net of Taxes below for a discussion of the results of operations of our ResortQuest business.

Key Performance Indicators

Hospitality Segment. The operating results of our Hospitality segment are highly dependent on the volume of customers and the quality of the customer mix at our hotels. These factors impact the price we can charge for our hotel rooms and other amenities, such as food and beverage and meeting space. Key performance indicators related to revenue are:

hotel occupancy (volume indicator)

average daily rate (ADR) (price indicator)

Revenue per Available Room (RevPAR) (a summary measure of hotel results calculated by dividing room sales by room nights available to guests for the period)

Total Revenue per Available Room (Total RevPAR) (a summary measure of hotel results calculated by dividing the sum of room, food and beverage and other ancillary service revenue by room nights available to guests for the period)

Net Definite Room Nights Booked (a volume indicator which represents the total number of definite bookings for future room nights at Gaylord hotels confirmed during the applicable period, net of cancellations)

We recognize Hospitality segment revenue from rooms as earned on the close of business each day when a stay occurs. Revenues from food and beverage and retail sales are recognized at the time of sale. Revenues from other services at our hotels, such as spa, parking, and transportation services are recognized at the time services are provided. Almost all of our Hospitality segment revenues are either cash-based or, for meeting and convention groups meeting our credit criteria, billed and collected on a short-term receivables basis. Our industry is capital intensive, and we rely on the ability of our hotels to generate operating cash flow to repay debt financing, fund maintenance capital expenditures and provide excess cash flow for future development.

The results of operations of our Hospitality segment are affected by the number and type of group meetings and conventions scheduled to attend our hotels in a given period. We attempt to offset any identified shortfalls in

occupancy by creating special events at our hotels to attract transient guests or offering incentives to groups in order to attract increased business during this period. A variety of factors can affect the results of any interim period, including the nature and quality of the group meetings and conventions attending our hotels during such period, which have often been contracted for several years in advance, and the level of transient business at our hotels during such period.

Table of Contents

Overall Outlook

We have invested heavily in our operations in the years ended December 31, 2007, 2006 and 2005, primarily in connection with the continued construction and improvement of the Gaylord Texan after it opened in 2004 and the construction of the Gaylord National hotel project, described below, beginning in 2005 and continuing in 2006 and 2007. Our investments in the balance of 2008 are expected to consist primarily of ongoing capital improvements for our existing properties (particularly the expansions at Gaylord Opryland and Gaylord Texan) and the continued construction of the Gaylord National.

On February 23, 2005, we acquired approximately 42 acres of land and related land improvements in Prince George's County, Maryland (located in the Washington D.C. area) for approximately \$29 million, on which land we are developing a hotel to be known as the Gaylord National Resort & Convention Center. Approximately \$17 million of this was paid in the first quarter of 2005, with the remainder payable upon completion of the project. The project was originally planned to include a 1,500 room hotel; however, we have expanded the planned hotel to a total of 2,000 rooms. In connection with this expansion, we will pay an additional \$8 million for land improvements related to the expanded facility upon completion of the project. We currently expect to open the hotel in 2008.

Prince George's County, Maryland has approved three bond issues related to the development of our hotel project. The first bond issuance, in the amount of \$65 million, was issued by Prince George's County, Maryland in April 2005 to support the cost of infrastructure being constructed by the project developer, such as roads, water and sewer lines. The second bond issuance, in the amount of \$95 million, was issued by Prince George's County, Maryland in April 2005 and placed into escrow until completion of the convention center and 1,500 rooms within the hotel, at which time the bonds will be released to us. In addition, on July 18, 2006, Prince George's County, Maryland approved an additional \$50 million of bonds, which will be issued to us upon completion of the entire project. We will initially hold the \$95 million and \$50 million bond issuances and receive the debt service thereon, which is payable from tax increment, hotel tax and special hotel rental taxes generated from our development.

We have entered into several agreements with a general contractor and other suppliers for the provision of certain construction services at the site. The agreement with the general contractor (the Perini/Tompkins Joint Venture) is with our wholly-owned subsidiary, Gaylord National, LLC, and provides for the construction of a portion of the Gaylord National hotel project in a guaranteed maximum price format. As of December 31, 2007, we had committed to pay \$870.9 million under this agreement and the other agreements for construction services and supplies and other construction related costs (\$97.9 million of which was outstanding as of such date). Construction costs to date have exceeded our initial estimates from 2004. A portion of these increased costs are attributable to: (a) construction materials price escalation that has occurred over the past three years; (b) increased cost of construction labor in the Washington, D.C. marketplace due to historically low unemployment and a high degree of construction activity; (c) our 500-room expansion and related additional meeting space, and the acceleration of its construction so that the expansion will open concurrently with the original project; and (d) enhancements to the project design. We have also reserved our rights with our general contractor and architect for possible claims concerning cost overruns. We currently estimate that the total cost of the project will be approximately \$920 - \$950 million, which includes the estimated construction costs for the expanded 2,000 room facility and excludes approximately \$72 million in capitalized interest, approximately \$48 million in pre-opening costs and the governmental economic incentives. As of December 31, 2007, we have spent approximately \$721.7 million (excluding capitalized interest and pre-opening costs) on the project. We intend to use proceeds of our \$1.0 billion credit facility, cash flow from operations, and after completion, the proceeds of tax increment payments on the \$145 million in government bonds described above, to fund the development and construction.

On July 25, 2006, the Unified Port of San Diego Board of Commissioners and the City of Chula Vista approved a non-binding letter of intent with us, outlining the general terms of our development of a 1,500 to 2,000 room convention hotel in Chula Vista, California. The parties recently extended the termination date for the non-binding letter of intent to May 31, 2008, and the parties continue to discuss the terms under which we would develop and operate the convention hotel project. If the parties can reach a final agreement, such agreement would be subject to a number of closing conditions and approvals, including but not limited to approval by the California Coastal Commission. At this time, we are unable to predict whether such approvals would be forthcoming.

With respect to our existing properties, we expect to commence expansion projects at both Gaylord Opryland and Gaylord Texan in late 2008 or early 2009. The city of Nashville has approved an \$80 million bond issue in connection with our planned expansion at Gaylord Opryland, which would add approximately 400 guest rooms, a significant amount of new meeting facilities and additional parking. The planned expansion at Gaylord Texan would add approximately 500 guest rooms, approximately 200,000 square feet of additional meeting and prefunction space and additional leisure amenities, including an outdoor resort pool. Significant components of the proposed Gaylord Texan expansion are subject to, among other things, approval by the U.S. Army Corps of Engineers, which has not yet been obtained.

Table of Contents

We entered into an Agreement of Purchase and Sale dated as of November 19, 2007 (the Purchase Agreement) with LCWW Partners, a Texas joint venture, and La Cantera Development Company, a Delaware corporation (collectively, Sellers), to acquire the assets related to the Westin La Cantera Resort, located in San Antonio, Texas (the La Cantera Resort), as well as approximately 90 acres of undeveloped land adjacent thereto.

The purchase price payable by us under the Purchase Agreement is \$252.5 million, payable in cash at closing, which amount is subject to certain adjustments at closing. In addition, we will be required to pay a termination fee in an amount not to exceed \$3.3 million at closing in connection with the termination of the current management agreement for the La Cantera Resort.

On January 21, 2008, we entered into an amendment (the Amendment) with Sellers to the Purchase Agreement. The Amendment extended the closing date under the Purchase Agreement to April 30, 2008 (prior to the Amendment, the closing date was scheduled to occur no later than January 31, 2008). The Amendment also provided that the \$10.0 million deposit (the Deposit) previously paid by us to an escrow agent under the Purchase Agreement would be released to Sellers, and that the Deposit would be non-refundable to us except in connection with the voluntary and intentional default by Sellers in their obligations to be performed on the closing date. In the event the transaction closes, the Deposit will be credited toward the purchase price.

The Amendment conditioned the closing of the transactions under the Purchase Agreement on us arranging financing satisfactory to us in our sole discretion in order to fund the transaction. We are in the process of seeking an additional capital partner to complete this transaction. In the event that we do not find a suitable capital partner, it is anticipated that we will not close this transaction.

We are also considering other potential hotel sites throughout the country. The timing and extent of any of these development projects is uncertain, and we have not made any commitments, received any government approvals or made any financing plans in connection with these development projects.

On February 7, 2008, we announced that our board of directors approved a stock repurchase program to repurchase up to \$80 million of our common stock. This program is intended to be implemented through purchases made from time to time in the open market in accordance with applicable Securities and Exchange Commission requirements. The timing, prices and sizes of purchases will depend upon prevailing stock prices, general economic and market conditions and other considerations. The repurchase program does not obligate us to acquire any particular amount of common stock and the repurchase program may be suspended at any time at our discretion.

Table of Contents**Selected Financial Information**

The following table contains our selected financial information for each of the three years ended December 31, 2007, 2006 and 2005. The table also shows the percentage relationships to total revenues and, in the case of segment operating income, its relationship to segment revenues.

	Years Ended December 31,					
	2007	%	2006	%	2005	%
	(in thousands, except percentages)					
Income Statement Data:						
REVENUES:						
Hospitality	\$ 669,743	89.6%	\$ 645,437	89.4%	\$ 576,927	89.6%
Opry and Attractions	77,769	10.4%	76,580	10.6%	67,097	10.4%
Corporate and Other	211	0.0%	255	0.0%	512	0.0%
Total revenues	747,723	100.0%	722,272	100.0%	644,536	100.0%
OPERATING EXPENSES:						
Operating costs	448,975	60.0%	442,679	61.3%	395,461	61.4%
Selling, general and administrative	160,699	21.5%	153,763	21.3%	143,184	22.2%
Preopening costs	17,518	2.3%	7,174	1.0%	5,005	0.8%

Total depreciation and amortization	77,349	10.3%	75,068	10.4%	72,584	11.3%
Total operating expenses	704,541	94.2%	678,684	94.0%	616,234	95.6%
OPERATING INCOME (LOSS):						
Hospitality	110,126	16.4%	99,080	15.4%	72,684	12.6%
Opry and Attractions	6,600	8.5%	5,014	6.5%	1,889	2.8%
Corporate and Other	(56,026)	(A)	(53,332)	(A)	(41,266)	(A)
Preopening costs	(17,518)	(B)	(7,174)	(B)	(5,005)	(B)
Total operating income	43,182	5.8%	43,588	6.0%	28,302	4.4%
Interest expense, net of amounts capitalized	(38,536)	(C)	(72,473)	(C)	(73,249)	(C)
Interest income	3,234	(C)	2,088	(C)	1,787	(C)
Unrealized gain (loss) on Viacom stock and CBS stock and derivatives, net	9,479	(C)	21,719	(C)	(5,849)	(C)
Income from unconsolidated companies	964	(C)	10,565	(C)	2,169	(C)

Other gains and (losses)	146,330	(C)	3,280	(C)	5,938	(C)
(Provision) benefit for income taxes	(62,665)	(C)	(3,989)	(C)	10,832	(C)
Gain (loss) from discontinued operations, net of taxes	9,923	(C)	(84,213)	(C)	(3,880)	(C)
Net income (loss)	\$ 111,911	(C)	\$ (79,435)	(C)	\$ (33,950)	(C)

(A) These amounts have not been shown as a percentage of segment revenue because the Corporate and Other segment generates only minimal revenue.

(B) These amounts have not been shown as a percentage of segment revenue because the Company does not associate them with any individual segment in managing the Company.

(C) These amounts have not been shown as a percentage of total revenue because they have no relationship to total revenue.

Table of Contents**Summary Financial Results****Results**

The following table summarizes our financial results for the years ended December 31, 2007, 2006 and 2005:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
	(in thousands, except percentages and per share data)				
Total revenues	\$747,723	3.52%	\$722,272	12.06%	\$644,536

Operating income	43,182	-0.93%	43,588	54.01%	28,302
Net income (loss)	111,911	240.88%	(79,435)	-133.98%	(33,950)
Net income (loss) per share fully diluted	2.65	238.74%	(1.91)	-124.71%	(0.85)

2007 Results As Compared to 2006 Results

The increase in our total revenues and total operating expenses in the twelve months ended December 31, 2007, as compared to the same period in 2006, was due primarily to increased Hospitality operating segment revenues and operating expenses, as more fully described below.

These increased revenues and operating expenses, combined with a \$10.3 million increase in preopening costs described below, resulted in operating income of \$43.2 million for 2007, as compared to operating income of \$43.6 million in the same period in 2006. Despite our stable operating income in 2007, as compared to 2006, our net income increased \$191.3 million in 2007 (as compared to 2006) due to the following factors, each as described more fully below:

Other gains and losses of \$146.3 million in 2007, as compared to other gains and losses of \$3.3 million in 2006, primarily relating to the gain on the sale of our interest in Bass Pro Group, LLC, which served to increase our net income by \$143.0 million in 2007 as compared to 2006.

A gain on discontinued operations, net of taxes, of \$9.9 million in 2007, as compared to a loss on discontinued operations, net of taxes, of \$84.2 million in 2006, related primarily to the operations and disposition of our ResortQuest business, which served to increase our net income by \$94.1 million in 2007 as compared to 2006.

Interest expense of \$38.5 million in 2007, as compared to interest expense of \$72.5 million in 2006, primarily as a result of increased capitalized interest during 2007, which served to increase our net income by \$34.0 million in 2007 as compared to 2006.

A provision for income taxes of \$62.7 million in 2007, as compared to a provision for income taxes of \$4.0 million in 2006, which served to decrease our net income by \$58.7 million in 2007 as compared to 2006.

The recognition of a net unrealized gain on our investment in Viacom and CBS stock and the related secured forward exchange contract of \$9.5 million in 2007, as compared to a net unrealized gain of \$21.7 million in 2006, which served to reduce our net income by \$12.2 million in 2007 as compared to 2006.

2006 Results As Compared to 2005 Results

The \$77.7 million increase in our total revenues in 2006, as compared to 2005, was primarily due to improved Hospitality segment revenues (an increase of \$68.5 million), as well as increased revenues at our Opry and Attractions segment (an increase of \$9.5 million), each as described more fully below. The \$62.5 million increase in our operating expenses in 2006, as compared to 2005, is primarily attributable to increased Hospitality segment operating expenses (an increase of \$42.1 million), increased operating

Table of Contents

expenses at our Opry and Attractions segment (an increase of \$6.4 million), and increased Corporate segment operating expenses (an increase of \$11.8 million), each as described more fully below.

The increased revenues and operating expenses described above resulted in operating income of \$43.6 million for 2006, as compared to operating income of \$28.3 million in 2005. Despite the \$15.3 million increase in our operating income in 2006, our net loss increased \$45.5 million in 2006 (as compared to 2005), due to the following factors, each as described more fully below:

The recognition of a net unrealized gain on our investment in Viacom and CBS stock and the related secured forward exchange contract of \$21.7 million in 2006, as compared to a net unrealized loss of \$5.8 million in 2005, which served to reduce our net loss by \$27.6 million in 2006 as compared to 2005.

Income from unconsolidated companies of \$10.6 million in 2006, as compared to income from unconsolidated companies of \$2.2 million in 2005, reflecting our equity in earnings from our minority investments in Bass Pro and our two Hawaii hotel joint ventures, which served to reduce our net loss by \$8.4 million in 2006 as compared to 2005.

Provision for income taxes of \$4.0 million in 2006, as compared to a benefit for income taxes of \$10.8 million in 2005, which served to increase our net loss by \$14.8 million in 2006 as compared to 2005.

A loss on discontinued operations of \$84.2 million in 2006, as compared to a loss on discontinued operations of \$3.9 million in 2005, described more fully in *Income (Loss) from Discontinued Operations, Net of Taxes* below, which served to increase our net loss by \$80.3 million in 2006 as compared to 2005.

Factors and Trends Contributing to Operating Performance

The most important factors and trends contributing to our operating performance during the periods described herein have been:

Increased Hospitality segment ADR in 2007 and 2006, as compared to prior periods, which led to the increased Hospitality segment revenues we experienced in these periods. While system-wide Hospitality segment occupancy rates remained relatively stable in 2007, as compared to 2006, the increase in occupancy rates in 2006, as compared to 2005, positively impacted Hospitality segment revenues in 2006.

Increased revenues associated with banquet and catering and other ancillary services revenue at our hotels for 2007 and 2006, described more fully below, which positively impacted Hospitality Total RevPAR as compared to prior periods.

Increased preopening costs for 2007 and 2006 associated primarily with construction of the Gaylord National, described more fully below, which decreased our operating income as compared to prior periods.

Recently Adopted Accounting Standards

We adopted the provisions of FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*, an interpretation of FASB Statement No. 109 (*FIN 48*), as of January 1, 2007. *FIN 48* clarifies the accounting for uncertainty in income taxes recognized in financial statements and requires the impact of a tax position to be recognized in the financial statements if that position is more likely than not of being sustained by the taxing authority. Results for prior periods have not been restated. As a result of adopting *FIN 48*, we recognized a net increase of \$0.04 million in the liability for unrecognized tax benefits, which was accounted for as a decrease to the January 1, 2007 balance of retained earnings. As of January 1, 2007, we had \$7.6 million of unrecognized tax benefits, of which none would affect our effective tax rate if recognized. As of December 31, 2007, we had \$15.1 million of unrecognized tax benefits, of which \$7.5 million would affect our effective tax rate if recognized. The adoption of *FIN 48* had no impact on our net income or earnings per share.

Table of Contents**Operating Results Detailed Segment Financial Information****Hospitality Segment**

Total Segment Results. The following presents the financial results of our Hospitality segment for the years ended December 31, 2007, 2006 and 2005:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
	(in thousands, except percentages and performance metrics)				
Hospitality revenue (1)	\$ 669,743	3.77%	\$ 645,437	11.87%	\$ 576,927
Hospitality operating expenses:					
Operating costs	392,655	1.77%	385,824	11.45%	346,200

(1) Hospitality results and performance metrics include the results of our Radisson Hotel for all periods presented.

(2) Hospitality operating income does not include the effect of preopening costs. See the discussion of preopening

costs set forth
below.

- (3) We calculate Hospitality RevPAR by dividing room sales by room nights available to guests for the period. Hospitality RevPAR is not comparable to similarly titled measures such as revenues.
- (4) We calculate Hospitality Total RevPAR by dividing the sum of room sales, food and beverage, and other ancillary services (which equals Hospitality segment revenue) by room nights available to guests for the period. Hospitality Total RevPAR is not comparable to similarly titled measures such as revenues.
- (5) Net Definite Room Nights Booked included 405,000, 347,000 and 434,000 room nights for the

years ended
December 31,
2007, 2006 and
2005,
respectively,
related to
Gaylord
National, which
we expect to
open in 2008.

- (6) Excludes
48,752, 20,048,
and 29,551
room nights that
were taken out
of service
during the years
ended
December 31,
2007, 2006 and
2005,
respectively, as
a result of a
continued
multi-year
rooms
renovation
program at
Gaylord
Opryland.

The increase in total Hospitality segment revenue and RevPAR for the year ended December 31, 2007, as compared to the same period in 2006, was due primarily to the increase in ADR combined with relatively stable system-wide occupancy rates at each property. The increase in total Hospitality segment revenue and RevPAR for the year ended December 31, 2006, as compared to the same period in 2005, was due to improved performance in the segment, primarily attributable to increased system-wide occupancy and average daily rate. Although all of our properties experienced improved occupancy during 2006, the increase in system-wide occupancy was primarily driven by the increase in occupancy at Gaylord Opryland, described more fully below. Additionally, improved system-wide catering and other ancillary revenues served to supplement the impact of the improved RevPAR upon our Total RevPAR in both 2007 and 2006, as described more fully below.

Hospitality segment operating expenses consist of direct operating costs, selling, general and administrative expenses, and depreciation and amortization expense. The increase in Hospitality operating expenses for both the year ended December 31, 2007 and

Table of Contents

the year ended December 31, 2006, as compared to prior periods, is attributable to an increase in Hospitality segment operating costs, Hospitality segment selling, general and administrative expenses and Hospitality segment depreciation and amortization expense, each as described more fully below.

Hospitality operating costs, which consist of direct costs associated with the daily operations of our hotels (primarily room, food and beverage and convention costs), increased in 2007, as compared to 2006, due to the increased costs associated with the increased revenues described above. Operating costs at Gaylord Texan, described more fully below, were a primary driver of this increase. Hospitality operating costs increased in 2006, as compared to 2005, due to additional costs necessary to service the additional occupancy and the other ancillary revenues. Operating costs at Gaylord Opryland, described more fully below, were a primary driver of this increase.

Total Hospitality segment selling, general and administrative expenses, consisting of administrative and overhead costs, increased in the year ended December 31, 2007, as compared to the same period in 2006, primarily due to increases at Gaylord Opryland and at Gaylord Texan, as described below. Total Hospitality segment selling, general and administrative expenses increased only slightly in the year ended December 31, 2006, as compared to the same period in 2005, as increases at Gaylord Opryland and at Gaylord Texan were offset by a decrease at Gaylord Palms, as described below.

Hospitality depreciation and amortization expense remained relatively stable for the years ended December 31, 2007 and 2006, as compared to prior periods.

Table of Contents

Property-Level Results. The following presents the property-level financial results for Gaylord Opryland, Gaylord Palms and Gaylord Texan for the years ended December 31, 2007, 2006 and 2005:

Gaylord Opryland Results. The results of Gaylord Opryland for the years ended December 31, 2007, 2006 and 2005 are as follows:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
	(in thousands, except percentages and performance metrics)				
Total revenues	\$ 286,021	1.7%	\$ 281,224	17.9%	\$ 238,495
Operating expense data:					
Operating costs	172,908	0.2%	172,627	17.5%	146,955
Selling, general and administrative	41,873	9.4%	38,273	4.4%	36,674
Hospitality performance metrics:					
Occupancy (1)	80.2%	-0.9%	80.9%	7.3%	75.4%
ADR	\$ 151.50	3.9%	\$ 145.87	4.6%	\$ 139.43
RevPAR (1)	\$ 121.57	3.0%	\$ 118.06	12.3%	\$ 105.14
Total RevPAR (1)	\$ 285.22	4.6%	\$ 272.63	16.8%	\$ 233.36

(1) Excludes 48,752, 20,048, and 29,551 room nights that were taken out of service during the years ended December 31, 2007, 2006 and 2005, respectively, as a result of a continued multi-year rooms renovation program at Gaylord Opryland.

The increase in Gaylord Opryland revenue and RevPAR in the year ended December 31, 2007, as compared to the same period in 2006, was due to a combination of slightly lower occupancy rates and a higher ADR, as a slight reduction of group business was offset by higher nightly room rates paid by guests (as compared to the prior period). Improved food and beverage and other ancillary revenues, driven by improved catering revenues, improved food and beverage revenues resulting from the new restaurant offerings at the hotel, and revenues from the hotel's ICE! holiday exhibit, served to further increase the hotel's Total RevPAR in 2007.

The increase in Gaylord Opryland revenue, RevPAR and Total RevPAR in the year ended December 31, 2006, as compared to the same period in 2005, was due to increased occupancy at the hotel combined with an increased ADR (resulting from higher room rates as compared to the prior period). The increase in occupancy was driven by more group business at the hotel combined with improved transient business in 2006 as compared to 2005. Improved food

and beverage and other ancillary revenues, driven primarily by improved catering revenues associated with the hotel's group business, served to further increase the hotel's Total RevPAR in 2006. Gaylord Opryland's revenues and operating performance metrics in 2006 were also impacted by the continued multi-year rooms renovation program. Operating costs at Gaylord Opryland in 2007, as compared to 2006, remained stable. The increase in operating costs at Gaylord Opryland in 2006, as compared to 2005, was due to the increased labor and other variable costs associated with the higher occupancy levels described above, as well as the additional cost of sales associated with increased food and beverage and other ancillary revenues.

The increase in selling, general and administrative expenses at Gaylord Opryland in 2007, as compared to the same period in 2006, was primarily due to a one-time charge incurred by Gaylord Opryland in the first quarter of 2007 in connection with the early termination of the lease held by the third-party operator of the Gaylord Opryland food court. The increase in selling, general and administrative expenses at Gaylord Opryland in 2006, as compared to the same period 2005, was due to additional compensation expense and increased sales and marketing costs.

Table of Contents

Gaylord Palms Results. The results of Gaylord Palms for the years ended December 31, 2007, 2006 and 2005 are as follows:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
(in thousands, except percentages and performance metrics)					
Total revenues	\$181,826	2.9%	\$176,634	6.7%	\$165,547
Operating expense data:					
Operating costs	103,453	2.2%	101,257	9.3%	92,618
Selling, general and administrative	32,154	0.3%	32,055	-6.0%	34,086
Hospitality performance metrics:					
Occupancy	77.1%	0.1%	77.0%	3.9%	74.1%
ADR	\$ 180.52	2.6%	\$ 175.90	3.2%	\$ 170.48
RevPAR	\$ 139.18	2.8%	\$ 135.42	7.2%	\$ 126.32
Total RevPAR	\$ 354.30	2.9%	\$ 344.19	6.7%	\$ 322.58

The increase in Gaylord Palms revenue and RevPAR in the year ended December 31, 2007, as compared to the same period in 2006, was due to a combination of relatively stable occupancy rates and a higher ADR, due to a stable volume of group business and higher nightly room rates paid by guests (as compared to the prior period). The increase in Gaylord Palms revenue, RevPAR and Total RevPAR in the year ended December 31, 2006, as compared to the same period in 2005, was due to a combination of increased occupancy and ADR for the period, driven by higher-paying group meetings and conventions at the hotel during the period. Improved food and beverage and other ancillary revenues, driven primarily by the increased occupancy, served to further increase the hotel's Total RevPAR in 2007 and 2006.

Operating costs at Gaylord Palms in the years ended December 31, 2007 and 2006, as compared to prior periods, increased due to increases in variable expenses at the hotel, including expenses associated with servicing the increased occupancy and food and beverage revenues during the periods.

The hotel's selling, general and administrative expenses for the year ended December 31, 2007, as compared to the same period in 2006, remained comparable, as administrative costs in 2007 remained steady. The hotel's selling, general and administrative expenses for the year ended December 31, 2006, as compared to the same period in 2005, decreased due to lower administrative costs in 2006.

Table of Contents

Gaylord Texan Results. The results of Gaylord Texan for the years ended December 31, 2007, 2006 and 2005 are as follows:

Years Ended December 31,

	2007	% Change	2006	% Change	2005
(in thousands, except percentages and performance metrics)					
Total revenues	\$ 192,777	7.9%	\$ 178,641	8.3%	\$ 165,015
Operating expense data:					
Operating costs	112,333	4.3%	107,734	4.4%	103,211
Selling, general and administrative	25,391	6.3%	23,887	7.8%	22,149
Hospitality performance metrics:					
Occupancy	74.9%	0.7%	74.4%	3.8%	71.7%
ADR	\$ 172.92	4.2%	\$ 165.99	2.4%	\$ 162.03
RevPAR	\$ 129.55	4.9%	\$ 123.50	6.3%	\$ 116.20
Total RevPAR	\$ 349.54	7.9%	\$ 323.91	8.3%	\$ 299.20

The increase in Gaylord Texan revenue and RevPAR in the year ended December 31, 2007, as compared to the same period in 2006, was due to a combination of slightly higher occupancy rates and a higher ADR, due to a stable volume of group business and higher nightly room rates paid by guests (as compared to the prior period). Increases in revenue and Total RevPAR in 2007 were also due in part to a full year of operations of the Glass Cactus, as well as additional banquet and catering revenues and transportation and parking revenue increases. The increase in Gaylord Texan revenue, RevPAR and Total RevPAR in the year ended December 31, 2006, as compared to the same period in 2005, was due to a combination of higher occupancy and ADR for the period as a result of increased group business. Improved food and beverage and other ancillary revenues, driven primarily by revenues from the Glass Cactus entertainment complex (which opened in September 2006) and increased group occupancy, served to further increase the hotel's Total RevPAR in 2006.

The increase in operating costs at the Gaylord Texan in the year ended December 31, 2007, as compared to the same period in 2006, is due to the increased costs necessary to serve the increased ancillary revenues, including a full year of costs associated with the Glass Cactus, described above. The increase in operating costs at the Gaylord Texan in the year ended December 31, 2006, as compared to the same period in 2005, is due to the increased labor and other variable costs associated with the higher occupancy levels described above, the additional cost of sales from increased food and beverage and other ancillary revenues, and increased property tax expense.

The increase in the hotel's selling, general and administrative expense for the year ended December 31, 2007, as compared to the same period in 2006, was due primarily to increased selling and marketing expenses. The increase in the hotel's selling, general and administrative expense for the year ended December 31, 2006, as compared to the same period in 2005, was due primarily to an increase in compensation expense as a result of stock option expense, increased incentive compensation expense, and certain management positions which were vacant during portions of 2005 being filled in 2006.

Table of Contents**Opry and Attractions Segment**

The following presents the financial results of our Opry and Attractions segment for the years ended December 31, 2007, 2006 and 2005:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
	(in thousands, except percentages)				
Total revenues	\$ 77,769	1.6%	\$ 76,580	14.1%	\$ 67,097
Operating expense data:					
Operating costs	47,422	-1.1%	47,944	13.4%	42,263
Selling, general and administrative	18,247	1.6%	17,959	2.1%	17,598
Depreciation and amortization	5,500	-2.9%	5,663	5.9%	5,347
Operating income	\$ 6,600	31.6%	\$ 5,014	165.4%	\$ 1,889

Opry and Attractions segment revenues for the year ended December 31, 2007, as compared to the same period in 2006, increased due to higher revenues at the Grand Ole Opry and Wildhorse Saloon during the year-ended December 31, 2007 as compared to the same period in 2006. These higher revenues were partially offset by lower revenues at our Corporate Magic corporate event planning business, as it produced fewer large corporate events in 2007 compared to 2006. The increase in revenues in the Opry and Attractions segment for the year ended December 31, 2006, as compared to the same period in 2005, was primarily due to increased revenues at the Grand Ole Opry caused by a combination of increased attendance and ticket prices, increased sales of Grand Ole Opry-related merchandise and increased revenues from our Ryman Auditorium concert series and Corporate Magic event planning business.

Opry and Attractions operating costs for the year ended December 31, 2007, as compared to the prior period in 2006, decreased slightly due in part to the reduction in operating costs at Corporate Magic associated with the reduced number of events produced as described above. The increase in Opry and Attractions operating costs for the year ended December 31, 2006, as compared to the prior period, was due primarily to additional labor and other variable costs, including cost of sales, related to the increased revenues described above.

Corporate and Other Segment

The following presents the financial results of our Corporate and Other segment for the year ended December 31, 2007, 2006 and 2005:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
	(in thousands, except percentages and performance metrics)				
Total revenues	\$ 211	-17.3%	\$ 255	-50.2%	\$ 512
Operating expense data:					
Operating costs	8,898	-0.2%	8,918	27.1%	7,019
Selling, general and administrative	40,859	2.7%	39,766	29.5%	30,710
Depreciation and amortization	6,480	32.2%	4,903	21.1%	4,049
Operating loss	\$ (56,026)	-5.1%	\$ (53,332)	-29.2%	\$ (41,266)

Corporate and Other group revenue consists of rental income and corporate sponsorships.

Corporate and Other operating expenses consist of operating costs, selling, general and administrative expenses, and depreciation and amortization expense. Corporate and Other operating costs, which consist primarily of costs associated with information technology, were stable in the year ended December 31, 2007, as compared to the same period in 2006. Corporate and Other selling, general and administrative expenses, which consist of the Gaylord Entertainment Center naming rights agreement (prior to its termination on February 22, 2005), senior management salaries and benefits, legal, human resources, accounting, pension and other administrative costs, increased in the year ended December 31, 2007, as compared to the same period in 2006, due primarily to increased employment costs and consulting costs to support the company's growth initiatives. Corporate and Other depreciation and

Table of Contents

amortization expense, which is primarily related to information technology equipment and capitalized electronic data processing software costs, increased in the year ended December 31, 2007, as compared to the same period in 2006, due to the purchase of a new corporate aircraft and additional information technology equipment and software. Corporate and Other operating costs increased in the year ended December 31, 2006, as compared to the same period in 2005, primarily due to an increase in contract service costs and consulting fees related to information technology initiatives. Corporate and Other selling, general and administrative expenses increased in the year ended December 31, 2006, as compared to the same period in 2005, due primarily to stock option expense that was recorded in 2006 that was not recorded in 2005 as a result of our adoption of Statement 123(R), *Share-Based Payment*, effective January 1, 2006, as well as increases in other employment-related expenses. Corporate and Other selling, general and administrative expenses during 2005 were also impacted by the net reversal of \$2.4 million of expense previously accrued under the naming rights agreement as a result of the settlement of litigation in connection with that agreement, the effect of which was largely offset by the contribution by us of \$2.3 million of Viacom stock to a newly formed Gaylord charitable foundation in the first quarter of 2005. Corporate and Other depreciation and amortization expense increased in the year ended December 31, 2006, as compared to the same period in 2005, due to an increase in information technology equipment and capitalized electronic data processing software costs placed in service.

Operating Results Preopening costs

In accordance with AICPA SOP 98-5, *Reporting on the Costs of Start-Up Activities*, we expense the costs associated with start-up activities and organization costs of our hotel development activities as incurred. Preopening costs for the year-ended ended December 31, 2007 were \$17.5 million, all of which were related to the construction of the Gaylord National.

Preopening costs for the twelve months ended December 31, 2006 were \$7.2 million, of which \$6.4 million was related to the construction of the Gaylord National and \$0.8 million was related to the construction of the new Glass Cactus entertainment complex at the Gaylord Texan.

Non-Operating Results Affecting Net Income (Loss)*General*

The following table summarizes the other factors which affected our net income (loss) for the years ended December 31, 2007, 2006 and 2005:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
	(in thousands, except percentages and performance metrics)				
Interest expense, net of amounts capitalized	\$ (38,536)	46.8%	\$(72,473)	1.1%	\$(73,249)
Interest income	3,234	54.9%	2,088	16.8%	1,787
Unrealized gain (loss) on Viacom stock and derivatives, net	9,479	-56.4%	21,719	471.3%	(5,849)
Income from unconsolidated companies	964	-90.9%	10,565	387.1%	2,169
Other gains and (losses)	146,330	4361.3%	3,280	-44.8%	5,938
Provision (benefit) for income taxes	62,665	1470.9%	3,989	136.8%	(10,832)
Gain (loss) from discontinued operations, net of taxes	9,923	111.8%	(84,213)	-2070.4%	(3,880)

Interest Expense, Net of Amounts Capitalized

Interest expense, net of amounts capitalized, decreased \$34.0 million to \$38.5 million (net of capitalized interest of \$42.3 million) in 2007, due primarily to a \$32.3 million increase in capitalized interest and the maturity of the secured forward exchange contract, which is further described below, the effects of which were partially offset by the impact

of higher average debt balances during 2007 and the writeoff of \$1.2 million in deferred financing costs in connection with the refinancing of our \$600.0 million credit facility to increase the total capacity under that credit facility to \$1.0 billion. Capitalized interest increased from \$10.0 million during 2006 to \$42.3 million during 2007 due to the construction of the Gaylord National. Our weighted average interest rate on our borrowings,

Table of Contents

including the interest expense associated with the secured forward exchange contract but excluding the write-off of deferred financing costs during the period, was 7.3% in 2007 as compared to 6.5% in 2006.

Interest expense, net of amounts capitalized, decreased \$0.8 million to \$72.5 million (net of capitalized interest of \$10.0 million) in 2006, due primarily to a \$7.6 million increase in capitalized interest, the effect of which was partially offset by the impact of higher average debt balances during 2006. Capitalized interest increased from \$2.5 million during 2005 to \$10.0 million during 2006 due to the construction of the Gaylord National. Our weighted average interest rate on our borrowings, including the interest expense associated with the secured forward exchange contract but excluding the write-off of deferred financing costs during the period, was 6.5 % in 2006 as compared to 6.3% in 2005.

As further discussed in Note 6 to our consolidated financial statements for the year ended December 31, 2007 included herewith, the secured forward exchange contract related to our Viacom Stock and CBS Stock investments resulted in non-cash interest expense of \$10.5 million and \$26.9 million for the years ended December 31, 2007 and 2006, respectively.

Interest Income

The increase in interest income during the year ended December 31, 2007, as compared to the same period in 2006, is due to higher cash balances invested in interest-bearing accounts and increased interest rates. The increase in interest income during the year ended December 31, 2006, as compared to the same period in 2005, is due to higher cash balances invested in interest-bearing accounts and increased interest rates.

Unrealized Gain (Loss) on Viacom and CBS Stock and Derivatives, Net

In 2000 we entered into a seven-year secured forward exchange contract with an affiliate of Credit Suisse First Boston with respect to 10,937,900 shares of Viacom, Inc. Class B common stock. Effective January 1, 2001, we adopted the provisions of SFAS No. 133, as amended. Components of the secured forward exchange contract are considered derivatives as defined by SFAS No. 133.

Effective January 3, 2006, Viacom, Inc. completed a transaction to separate Viacom, Inc. into two publicly traded companies named Viacom, Inc. and CBS Corporation by converting (i) each outstanding share of Viacom, Inc. Class A common stock into 0.5 shares of Viacom, Inc. Class A common stock and 0.5 shares of CBS Corporation Class A common stock and (ii) each outstanding share of Viacom, Inc. Class B common stock into 0.5 shares of Viacom, Inc. Class B common stock and 0.5 shares of CBS Corporation Class B common stock. As a result of this transaction, the Company exchanged its 10,937,900 shares of Viacom, Inc. Class B common stock for 5,468,950 shares of Viacom, Inc. Class B common stock and 5,468,950 shares of CBS Corporation Class B common stock effective January 3, 2006.

In May 2007, the secured forward exchange contract matured and we delivered all of the Viacom Stock and CBS Stock to Credit Suisse First Boston in full satisfaction of the \$613.1 million debt obligation under the SFEC. As a result, the debt obligation, Viacom Stock, CBS Stock, put option, call option, and deferred financing costs related to the secured forward exchange contract were removed from the consolidated balance during the second quarter of 2007.

For the year-ended December 31, 2007, we recorded a net pretax gain of \$6.4 million related to the increase in fair value of the Viacom stock and CBS stock. For the year-ended December 31, 2007, we recorded a net pretax gain of \$3.1 million related to the increase in fair value of the derivatives associated with the secured forward exchange contract. This resulted in a net pretax gain of \$9.5 million related to the unrealized gain (loss) on Viacom stock and CBS stock and derivatives, net, for the twelve months ended December 31, 2007.

For the year ended December 31, 2006, we recorded net pretax gains of \$38.3 million related to the increase in fair value of the Viacom and CBS stock. For the year ended December 31, 2006, we recorded net pretax losses of \$16.6 million related to the decrease in fair value of the derivatives associated with the secured forward exchange contract.

For the year ended December 31, 2005, we recorded net pretax losses of \$41.6 million related to the decrease in fair value of the Viacom stock. For the year ended December 31, 2005, we recorded net pretax gains of \$35.7 million related to the increase in fair value of the derivatives associated with the secured forward exchange contact.

Table of Contents*Income From Unconsolidated Companies*

We account for our investments in Bass Pro Group, LLC (prior to the sale of our ownership interest), RHAC Holdings, LLC (the joint venture entity which owns the Aston Waikiki Beach Hotel), and Waipouli Holdings, LLC (the joint venture entity which owns the ResortQuest Kauai Beach at Makaiwa Hotel) under the equity method of accounting. Income from unconsolidated companies for the years ended December 31, 2007, 2006 and 2005 consisted of equity method income (loss) from these investments as follows:

	Years Ended December 31,				
	2007	% Change	2006	% Change	2005
	(in thousands, except percentages and performance metrics)				
Bass Pro	\$ 1,694	-86.2%	\$ 12,252	508.9%	\$ 2,012
RHAC Holdings, LLC	35	104.2%	(835)	-631.8%	157
Waipouli Holdings, LLC	(765)	10.2%	(852)	n/a	
Total	\$ 964	-90.9%	\$ 10,565	387.1%	\$ 2,169

Bass Pro. Prior to May 31, 2007, we owned 13.0% of Bass Pro Group, LLC, the owner of the Bass Pro, Inc., Tracker Marine Boats and Big Cedar Lodge businesses. On May 31, 2007, we completed the sale of all of our ownership interest in Bass Pro Group, LLC (consisting of 43,333 common units) to Bass Pro Group, LLC for a purchase price of \$222.0 million in cash. We recognized a pre-tax gain of \$140.3 million from the sale of our interest in Bass Pro Group, LLC, which is recorded in other gains and losses as more fully described below. We recorded equity method income from our investment in Bass Pro prior to the date of sale as shown above. Net proceeds from the sale of \$221.5 million were used to reduce our outstanding indebtedness. Our Chief Executive Officer formerly served as a member of the board of managers of Bass Pro Group, LLC but resigned upon consummation of the sale. Prior to December 14, 2005, we owned 26.6% of Bass Pro, Inc. On December 14, 2005, the shareholders of Bass Pro, Inc. contributed their equity in Bass Pro, Inc. to a newly formed limited liability company, Bass Pro Group, LLC in exchange for ownership interests in Bass Pro Group, LLC. The majority owner of Bass Pro, Inc. also contributed to Bass Pro Group, LLC (simultaneously with the contributions of the Bass Pro, Inc. stock) his equity interest in Tracker Marine, L.L.C., Tracker Marine Retail LLC and Big Cedar L.L.C. As a result, Bass Pro, Inc., Tracker Marine, L.L.C., Tracker Marine Retail, LLC and Big Cedar, L.L.C. became wholly-owned subsidiaries of Bass Pro Group, LLC. Because Bass Pro Group, LLC received these additional businesses through contribution simultaneously with its receipt of Bass Pro, Inc. stock through contribution, we received a 13.0% interest in Bass Pro Group, LLC, as opposed to our previous 26.6% interest in Bass Pro, Inc. However, we continued to account for our investment in Bass Pro Group, LLC under the equity method of accounting.

In the second quarter of 2005, Bass Pro, Inc. restated its previously issued historical financial statements to reflect certain non-cash changes, which resulted primarily from a change in the manner in which Bass Pro, Inc. accounted for its long term leases. This restatement resulted in a cumulative reduction in Bass Pro Inc.'s net income of \$8.6 million through December 31, 2004, which resulted in a pro-rata cumulative reduction in our income from unconsolidated companies of \$1.7 million. We determined that the impact of the adjustments recorded by Bass Pro, Inc. was immaterial to our consolidated financial statements in all prior periods. Therefore, we reflected our \$1.7 million share of the restatement adjustments as a one-time adjustment to loss from unconsolidated companies during the second quarter of 2005.

RHAC Holdings, LLC (ResortQuest Waikiki Beach Hotel). On May 31, 2005, we, through a wholly-owned subsidiary, RHAC, LLC, entered into an agreement to purchase the 716-room Aston Waikiki Beach Hotel and related assets located in Honolulu, Hawaii (the Waikiki Hotel) for an aggregate purchase price of \$107.0 million. Simultaneously with this purchase, G.O. IB-SIV US, a private real estate fund managed by DB Real Estate

Opportunities Group (IB-SIV), acquired an 80.1% ownership interest in the parent company of RHAC, LLC, RHAC Holdings, LLC, in exchange for its capital contribution of \$19.1 million to RHAC Holdings, LLC. As a part of this transaction, we entered into a joint venture arrangement with IB-SIV and retained a 19.9% ownership interest in RHAC Holdings, LLC in exchange for our \$4.7 million capital contribution to RHAC Holdings, LLC. RHAC, LLC financed the purchase of the Waikiki Hotel by entering into a series of loan transactions with Greenwich Capital Financial Products, Inc. consisting of a \$70.0 million loan secured by the Waikiki Hotel and a \$16.3 million mezzanine loan secured by the ownership interest of RHAC, LLC. IB-SIV is the managing member of RHAC Holdings, LLC, but certain actions of RHAC Holdings, LLC initiated by IB- SIV require our approval as a member. In addition, under the joint venture arrangement, ResortQuest Hawaii (which we formerly owned) manages the hotel under a 20-year hotel management agreement from RHAC, LLC and ResortQuest Hawaii is responsible for

Table of Contents

the day-to-day operations of the Waikiki Hotel in accordance with RHAC, LLC's business plan. We account for our investment in RHAC Holdings, LLC under the equity method of accounting.

Subsequent to its purchase by RHAC, LLC, the Waikiki Hotel was renamed the ResortQuest Waikiki Beach Hotel. During December 2005, RHAC, LLC sold the Mauka Tower, a 72-room hotel adjacent to the Waikiki Hotel. The Company received a cash distribution of \$2.3 million from RHAC Holdings, LLC for its share of the proceeds from the sale. On September 29, 2006, RHAC, LLC refinanced the Waikiki Hotel loans with Greenwich Capital Financial Products, Inc., which resulted in the mezzanine loan increasing from \$16.3 million to \$34.9 million. RHAC, LLC used the proceeds from this refinancing primarily to fund a renovation project at the Waikiki Hotel.

Waipouli Holdings, LLC (ResortQuest Kauai Beach at Makaiwa Hotel). On June 20, 2006, we entered into a joint venture with RREEF Global Opportunities Fund II, LLC, a private real estate fund managed by DB Real Estate Opportunities Group (RREEF), and acquired a 19.9% ownership interest in the joint venture, Waipouli Holdings, LLC, in exchange for our capital contribution of \$3.8 million to Waipouli Holdings, LLC. On June 20, 2006, through a wholly-owned subsidiary named Waipouli Owner, LLC, Waipouli Holdings, LLC acquired the 311-room ResortQuest Kauai Beach at Makaiwa Hotel and related assets located in Kapaa, Hawaii (the Kauai Hotel) for an aggregate purchase price of \$70.8 million. Waipouli Owner, LLC financed the purchase of the Kauai Hotel by entering into a series of loan transactions with Morgan Stanley Mortgage Capital, Inc. consisting of a \$52.0 senior loan secured by the Kauai Hotel an \$8.2 million senior mezzanine loan secured by the ownership interest of Waipouli Owner, LLC, and an \$8.2 million junior mezzanine loan secured by the ownership interest of Waipouli Owner, LLC. RREEF is the managing member of Waipouli Holdings, LLC, but certain actions initiated by RREEF require our approval as a member. In addition, under the joint venture arrangement, ResortQuest Hawaii (which we formerly owned) manages the hotel under a five-year hotel management agreement from Waipouli Owner, LLC and ResortQuest Hawaii is responsible for the day-to-day operations of the Kauai Hotel in accordance with Waipouli Owner, LLC's business plan. We account for our investment in Waipouli Holdings, LLC under the equity method of accounting.

In October 2006, Waipouli Owner, LLC requested RREEF and us to make an additional capital contribution of \$1.7 million to Waipouli Holdings, LLC to fund the purchase of the land on which the Kauai Hotel is built. We elected not to make the requested capital contribution, which diluted our ownership interest in Waipouli Holdings, LLC from 19.9% to 18.1%.

Other Gains and (Losses)

Our other gains and (losses) for the year ended December 31, 2007 primarily consisted of a \$140.3 million gain on the sale of our investment in Bass Pro Group, LLC, as well as a dividend distribution related to our investment in CBS stock and a gain on the sale of the previously utilized corporate aircraft.

Our other gains and (losses) for the year ended December 31, 2006 primarily consisted of the receipt of dividend distributions related to our investment in CBS stock and other miscellaneous income and expenses.

Our other gains and (losses) for the year ended December 31, 2005 primarily consisted of the receipt of dividend distributions from our investment in Viacom stock, a gain on the sale of an internet domain name, a \$2.1 million gain on the sale of the Ryman Auditorium parking lot, gains and losses on the sales of certain other fixed assets and other miscellaneous income and expenses.

Table of Contents*Benefit for Income Taxes*

The effective tax rate as applied to pretax loss from continuing operations differed from the statutory federal rate due to the following:

	Years Ended December 31,		
	2007	2006	2005
U.S. federal statutory rate	35%	35%	35%
State taxes (net of federal tax benefit and change in valuation allowance)	1%	-23%	-1%
Discontinued operations	2%	27%	-10%
Other	0%	7%	2%
	38%	46%	26%

The decrease in our effective tax rate for the year ended December 31, 2007, as compared to our effective tax rate for the same period in 2006, was due primarily to the impact of permanent differences relative to pre-tax income for each of the respective periods.

The increase in our effective tax rate for the year ended December 31, 2006, as compared to our effective tax rate for the same period in 2005, was due primarily to the tax effect of discontinued operations, the effects of which were partially offset by a change in the tax rate used to value certain state deferred tax assets.

Income (Loss) from Discontinued Operations, Net of Taxes

We reflected the following businesses as discontinued operations in our financial results for the years ended December 31, 2007, 2006 and 2005, consistent with the provisions of SFAS No. 144. The results of operations, net of taxes (prior to their disposal where applicable), and the estimated fair value of the assets and liabilities of these businesses have been reflected in our consolidated financial statements as discontinued operations in accordance with SFAS No. 144 for all periods presented.

ResortQuest. During the third quarter of 2005, we committed to a plan of disposal of certain markets of our ResortQuest business that were considered to be inconsistent with our long term growth strategy. In connection with this plan of disposal, we recorded pre-tax restructuring charges of \$44,000 and \$0.8 million during 2006 and 2005, respectively, related to employee severance benefits in the discontinued markets. Based on our decision to dispose of these markets, we also recorded pre-tax impairment charges of \$2.8 million during 2005. Included in this charge are the impairment of goodwill of \$2.3 million, the impairment of fixed assets of \$0.4 million, and the impairment of intangible assets of \$0.1 million. In order to determine the impairment losses related to goodwill, fixed assets, and intangible assets of these markets, we determined the fair value of each market or long-lived asset based on current negotiations of sales prices with potential buyers of each market.

We completed the sale of four of these markets during the fourth quarter of 2005 for approximately \$1.4 million in cash. We recognized a pretax loss of \$0.4 million during the fourth quarter of 2005 related to these sales, which is recorded in income from discontinued operations in the consolidated statement of operations. The pre-tax loss on these sales included the writeoff of \$1.0 million in goodwill related to the markets sold. We completed the sale of two more of these markets during the first quarter of 2006. In exchange for the assets associated with these two markets, the buyers of these markets assumed \$0.9 million in liabilities associated with the markets and we paid the buyers \$0.7 million in cash. We recognized a pretax loss of \$0.3 million during the first quarter of 2006 related to these two sales, which is recorded in income from discontinued operations in the consolidated statement of operations. We completed the sale of the remaining two markets in the second quarter of 2006. In exchange for the assets associated with these two markets, the buyers of these markets assumed \$0.3 million in liabilities associated with the markets and we paid the buyer \$0.2 million in cash. We recognized a pretax loss of \$0.5 million during the second quarter of 2006 related to these sales, which is recorded in income from discontinued operations in the consolidated statement of operations.

During the second quarter of 2006, we completed the sale of one additional market of our ResortQuest business that was not included in the plan of disposal described above, but was later determined to be inconsistent with our long term growth strategy, for approximately \$1.5 million in cash. We recognized a pretax gain of \$0.7 million during the second quarter of 2006 related to this sale, which is recorded in income from discontinued operations in the consolidated statement of operations. The pre-tax gain on this sale included the write-off of \$0.5 million in goodwill related to the market sold. We did not record any restructuring charges in connection with the sale of this market.

Table of Contents

During the second quarter of 2007, we committed to a plan of disposal of the remainder of our ResortQuest business. On May 31, 2007, we completed the sale of our ResortQuest Hawaii operations through the transfer of all of our equity interests in our ResortQuest Hawaii subsidiaries (ResortQuest Hawaii) to Vacation Holdings Hawaii, Inc., an affiliated company of Interval International, for \$109.1 million in cash, prior to giving effect to a purchase price adjustment based on the working capital of ResortQuest Hawaii as of the closing. We retained our 19.9% ownership interest in RHAC Holdings, LLC and our 18.1% ownership interest in Waipouli Holdings LLC, which ownership interests were excluded from this transaction. For the year-ended December 31, 2007, we recognized a pretax gain of \$50.0 million in discontinued operations in the accompanying consolidated statement of operations related to the sale of ResortQuest Hawaii. In connection with the sale of ResortQuest Hawaii, we recorded pre-tax restructuring charges for employee severance benefits of \$0.4 million for the year-ended December 31, 2007, all of which was included in the pre-tax gain on the sale of ResortQuest Hawaii. Net proceeds from the sale of \$107.7 million were used to reduce our outstanding indebtedness.

On June 1, 2007, we completed the sale of the remainder of the operations of our ResortQuest subsidiary through the transfer of all of our capital stock in our ResortQuest Mainland subsidiary (ResortQuest Mainland) to BEI-RZT Corporation, a subsidiary of Leucadia National Corporation for \$35.0 million, prior to giving effect to certain purchase price adjustments, including a purchase price adjustment based on the working capital of ResortQuest Mainland as of the closing. The purchase price was paid by the delivery of a four-year promissory note in the principal amount of \$8.0 million bearing interest at the annual rate of 10%, and the balance of the purchase price was paid in cash at closing. As of June 30, 2007, we estimated that we would be required to pay \$4.9 million to BEI RZT Corporation pursuant to the final purchase price adjustment based on the working capital of ResortQuest Mainland as of the closing. We accrued this liability during the second quarter of 2007 as part of the loss on the sale of ResortQuest Mainland. During the third quarter of 2007, we and BEI RZT Corporation reached an agreement that we would be required to pay approximately \$8.0 million to BEI RZT Corporation pursuant to the final purchase price adjustment. We accrued the additional \$3.1 million purchase price adjustment during the third quarter of 2007. We and BEI RZT Corporation also agreed that the four-year \$8.0 million promissory note received from BEI RZT Corporation at closing would be cancelled and deemed to be satisfied and paid in full in full satisfaction of the approximately \$8.0 million final purchase price adjustment described above. As a result of the final purchase price adjustments, we recognized a pretax loss of \$59.5 million in discontinued operations in the accompanying consolidated statements of operations for the year-ended December 31, 2007 related to the sale of ResortQuest Mainland. In connection with the sale of ResortQuest Mainland, we recorded pre-tax restructuring charges for employee severance benefits of \$0.4 million for the year-ended December 31, 2007, of which \$0.3 million was included in the pretax loss on the sale of ResortQuest Mainland. Net cash proceeds from the sale of \$9.4 million were used to reduce our outstanding indebtedness.

During 2006, we incurred total impairment charges of \$110.7 million related to goodwill and other long-lived assets of ResortQuest as further discussed below.

We evaluated our goodwill and intangible assets with indefinite useful lives for impairment as of December 31, 2006 as described in Note 1 to the consolidated financial statements included herewith. In connection with this impairment test, we determined that the fair value of the ResortQuest trade name, which is an intangible asset with an indefinite useful life, was less than its carrying value. In accordance with SFAS No. 142, we recorded an impairment charge of \$12.1 million to write down the carrying value of the ResortQuest trade name to its fair value. Also in connection with the annual impairment test, we determined that the fair values of certain reporting units of ResortQuest were less than the carrying values of those reporting units, which indicated the goodwill related to those reporting units was impaired. Therefore, we measured the impairment of goodwill as described in Note 1 to the consolidated financial statements included herewith and recorded an impairment charge of \$85.0 million to write down the carrying values of goodwill at the impaired reporting units to their implied fair values.

During 2005 and 2006, we were developing a new enterprise property management system for ResortQuest named ReQuest. We indefinitely suspended the development of ReQuest during the fourth quarter of 2006. As a result of this decision, we determined that there had been a significant change in the extent or manner in which the system was expected to be used and it was no longer probable that ReQuest would be completed and placed in service, both of

which are indicators that the carrying value of the asset may not be recoverable under SFAS No. 144 and SOP 98-1. In accordance with SFAS No. 144, we determined that the carrying value of ReQuest was not recoverable and recorded an impairment charge of \$12.6 million to write off the carrying value of ReQuest. Also in accordance with SFAS No. 144, we determined that the management contracts at a certain market of ResortQuest were not recoverable and recorded an impairment charge of \$0.2 million to write down the carrying values of those management contracts to their fair value.

Table of Contents

As a result of a significant adverse change in the business climate at one of the markets of our ResortQuest business during the third quarter of 2006, we assessed the recoverability of the carrying value of certain long lived assets in this market and recorded an impairment loss of \$0.8 million related to goodwill and \$0.1 million related to certain intangible assets.

Also during 2006, the Company received \$5.3 million in cash in full settlement of its claim under its business interruption insurance policies for profits lost by ResortQuest as a result of hurricanes Ivan, Dennis and Charley. The Company has recorded the net recovery of \$4.9 million as revenue in the results of operations of businesses accounted for as discontinued operations presented below.

Acuff-Rose Music Publishing. During the second quarter of 2002, we committed to a plan of disposal of our Acuff-Rose Music Publishing catalog entity. During the third quarter of 2002, we finalized the sale of the Acuff-Rose Music Publishing entity to Sony/ ATV Music Publishing for approximately \$157.0 million in cash. We recognized a pretax gain of \$130.6 million during the third quarter of 2002 related to the sale. Proceeds of \$25.0 million were used to reduce our outstanding indebtedness. During the fourth quarter of 2007, due to the expiration of certain indemnification periods as specified in the sales contract, a previously established indemnification reserve of \$0.5 million was reversed and is included in income from discontinued operations in the consolidated statement of operations.

The following table reflects the results of operations of businesses accounted for as discontinued operations for the years ended December 31, 2007, 2006 and 2005:

	2007	2006	2005
REVENUES:			
ResortQuest	\$ 91,229	\$ 227,969	\$240,215
OPERATING LOSS:			
ResortQuest	\$ (4,460)	\$ (1,965)	\$ (8,690)
Acuff Rose Music Publishing	517		
Other		6	
Impairment charges		(110,710)	(2,749)
Restructuring charges	(125)	(44)	(840)
Total operating loss	(4,068)	(112,713)	(12,279)
INTEREST EXPENSE, NET OF AMOUNTS			
CAPITALIZED	(17)	754	80
INTEREST INCOME	309	1,058	725
OTHER GAINS AND (LOSSES)			
ResortQuest	(9,450)	6,074	325
Other		216	136
Total other gains and (losses)	(9,450)	6,290	461
Loss before benefit for income taxes	(13,226)	(104,611)	(11,013)
BENEFIT FOR INCOME TAXES	(23,149)	(20,398)	(7,133)
Income (loss) from discontinued operations	\$ 9,923	\$ (84,213)	\$ (3,880)

Included in other gains and (losses) in the year-ended December 31, 2007 is a pre-tax gain of \$50.0 million on the sale of ResortQuest Hawaii and a pre-tax loss of \$59.5 million on the sale of ResortQuest Mainland. The remaining gains and (losses) in 2007 are primarily comprised of other miscellaneous income and expenses. Included in other gains and

(losses) in 2006 is a pre-tax loss of \$17,000 on the sale of certain ResortQuest markets. The remaining gains and (losses) in 2006 are primarily comprised of a \$5.9 million gain on the collection of a note receivable by ResortQuest that was previously considered uncollectible, gains and losses recognized on the resolution of various contingent items subsequent to the sale of certain ResortQuest markets, as well as gains and losses on the sales of fixed assets and other miscellaneous income and expense. Included in other gains and (losses) in 2005 is a pre-tax loss of \$0.4 million on the sale of certain ResortQuest markets. The remaining gains and (losses) in 2005 are primarily comprised

Table of Contents

of a \$0.9 million gain on the settlement of certain litigation related to ResortQuest, gains and losses on the sale of fixed assets, and the subsequent reversal of liabilities accrued at the time of disposal of these businesses for various contingent items.

The benefit for income taxes for the twelve months ended December 31, 2007 primarily relates to a permanent tax benefit recognized due to differences between book and tax basis on the sales of ResortQuest Hawaii and ResortQuest Mainland, the Company settling certain ResortQuest issues with the Internal Revenue Service related to periods prior to the acquisition of ResortQuest, the tax effect of interest charged to ResortQuest International, Inc. during the period, and the writeoff of taxable goodwill associated with the ResortQuest markets sold in this period.

Liquidity and Capital Resources**Cash Flows Summary**

Our cash flows consisted of the following during the years ended December 31 (in thousands):

	2007	2006	2005
Operating Cash Flows:			
Net cash flows provided by operating activities continuing operations	\$ 10,546	\$ 107,187	\$ 80,116
Net cash flows provided by (used in) operating activities discontinued operations	16,153	11,483	(15,140)
Net cash flows provided by operating activities	26,699	118,670	64,976
Investing Cash Flows:			
Purchases of property and equipment	(578,815)	(282,049)	(115,599)
Proceeds from sale of investment in Bass Pro	221,527		
Other	(8,892)	(9,039)	40,731
Net cash flows used in investing activities continuing operations	(366,180)	(291,088)	(74,868)
Net cash flows provided by (used in) investing activities discontinued operations	115,400	(14,783)	(33,970)
Net cash flows used in investing activities	(250,780)	(305,871)	(108,838)

Net change in cash and cash equivalents	\$ (11,764)	\$ (10,420)	\$ 483

Cash Flow From Operating Activities. Cash flow from operating activities is the principal source of cash used to fund our operating expenses, interest payments on debt, and maintenance capital expenditures.

During 2007, our net cash flows provided by our operating activities – continuing operations were \$10.5 million, reflecting primarily our income from continuing operations before non-cash depreciation expense, amortization expense, income tax benefit, interest expense, gain on the Viacom stock and CBS stock and related derivatives, stock-based compensation expense, excess tax benefits from stock-based compensation, income from unconsolidated companies, and gains on the sales of our investment in Bass Pro Group, LLC and certain fixed assets of approximately \$11.9 million, partially offset by unfavorable changes in working capital of approximately \$1.4 million. Our cash flows provided by income from continuing operations before the non-cash items described above were negatively impacted during the year ended December 31, 2007 by us incurring a tax liability of \$99.1 million (after the application of federal and state net operating loss carryforwards and federal credit carryforwards), which primarily resulted from the net impact of the taxable gains we recognized upon maturity of our secured forward exchange contract and on the sales of our ResortQuest business and our investment in Bass Pro Group, LLC. The unfavorable changes in working capital primarily resulted from an increase in prepaid

Table of Contents

expenses at Gaylord National due to deposits made for purchases of furniture, fixtures, and equipment and other capital assets for the hotel, as well as an increase in other receivables as a result of the timing of our estimated federal tax payment. These unfavorable changes in working capital were partially offset by a net decrease in trade receivables primarily due to a change in the timing of guest lodging versus payments received at our hotels, as well as an increase in receipts of deposits on advance bookings of hotel rooms at Gaylord Opryland, Gaylord Palms, and Gaylord National.

During 2006, our net cash flows provided by our operating activities – continuing operations were \$107.2 million, reflecting primarily our income from continuing operations before non-cash depreciation expense, amortization expense, income tax provision, interest expense, gain on the Viacom stock and CBS stock and related derivatives, stock-based compensation expense, excess tax benefits from stock-based compensation, income from unconsolidated companies, dividends received from unconsolidated companies, and losses on sales of certain fixed assets of approximately \$91.1 million, as well as favorable changes in working capital of approximately \$16.1 million. The favorable changes in working capital primarily resulted from the timing of payment of various liabilities, including accounts payable, interest, taxes, incentive compensation, and other compensation. These favorable changes in working capital were partially offset by an increase in trade receivables due to a change in the timing of guest lodging versus payments received at our hotels, as well as a decrease in receipts of deposits on advance bookings of hotel rooms at Gaylord Opryland and Gaylord Texan.

During 2005, our net cash flows provided by our operating activities – continuing operations were \$80.1 million, reflecting primarily our loss from continuing operations before non-cash depreciation expense, amortization expense, income tax benefit, interest expense, loss on the Viacom stock and related derivatives, income from unconsolidated companies, dividends received from unconsolidated companies, and gains on sales of certain fixed assets of approximately \$63.0 million, as well as favorable changes in working capital of approximately \$17.1 million. The favorable changes in working capital primarily resulted from the timing of payment of various liabilities, including accrued interest, taxes, incentive compensation, utilities, and expenses associated with the Christmas show at Gaylord Opryland, as well as an increase in receipts of deposits on advance bookings of hotel rooms (primarily related to the timing of advanced bookings and deposits received by the Gaylord Opryland and Gaylord Texan). These favorable changes in working capital were partially offset by an increase in trade receivables due to a change in the timing of guest lodging versus payments received at Gaylord Opryland, as well as the payment of a portion of the accrued advertising expenses associated with the Naming Rights Agreement pursuant to the settlement of litigation associated with that agreement.

Cash Flows From Investing Activities. During 2007, our primary uses of funds and investing activities were the purchase of property and equipment totaling \$578.8 million. Our capital expenditures during 2007 included construction at Gaylord National of \$499.3 million, as well as \$48.2 million to refurbish guestrooms and renovate certain food and beverage outlets at Gaylord Opryland. During the year-ended December 31, 2007, we also paid a \$10.0 million deposit on the potential purchase of Westin La Cantera Resort, and received net cash proceeds of \$221.5 million from the sale of our investment in Bass Pro Group, LLC and \$5.1 million from the sales of certain fixed assets. Our net cash flows provided by investing activities – discontinued operations for the year-ended December 31, 2007 primarily consist of cash proceeds received from the sale of discontinued operations.

During 2006, our primary uses of funds and investing activities were the purchase of property and equipment totaling \$282.0 million. Our capital expenditures during 2006 included construction at Gaylord National of \$208.3 million, approximately \$26.8 million at Gaylord Texan primarily related to the construction of the new Glass Cactus entertainment complex and the acquisition of a parcel of land adjacent to the hotel, and approximately \$26.0 million at Gaylord Opryland primarily related to a room refurbishment project.

During 2005, our primary uses of funds and investing activities were the purchase of property and equipment totaling \$115.6 million. Our capital expenditures during 2005 included construction at Gaylord National of \$58.2 million, continuing construction at the Gaylord Texan of \$17.9 million, and approximately \$25.8 million at Gaylord Opryland primarily related to the construction of a new spa facility and a room refurbishment project. We also collected a \$7.5 million note receivable from Bass Pro, Inc. and received proceeds from the sale of assets totaling approximately \$10.3 million in 2005.

Cash Flows From Financing Activities. The Company's cash flows from financing activities reflect primarily the issuance of debt and the repayment of long-term debt. During 2007, the Company's net cash flows provided by financing activities—continuing operations were \$231.7 million, reflecting \$223.0 million in net borrowings under the \$1.0 billion credit facility and \$12.6 million in proceeds received from the exercise of stock options, partially offset by the payment of \$4.0 million in deferred financing costs to refinance our \$600.0 million credit facility. During 2006, the Company's net cash flows provided by financing activities—continuing operations were \$168.8 million, reflecting \$155.0 million of borrowings under the \$600.0 million credit facility and \$13.0 million in proceeds received from the exercise of stock options. During 2005, the Company's net cash flows provided by financing activities—continuing operations of \$21.3 million reflected primarily a \$20.0 million borrowing under the new \$600.0 million credit facility and

Table of Contents

\$9.0 million in proceeds received from the exercise of stock options, partially offset by the payment of \$8.5 million of deferred financing costs in connection with our entering into a new \$600.0 million credit facility.

Working Capital

As of December 31, 2007, we had total current assets of \$94.8 million and total current liabilities of \$245.6 million, which resulted in a working capital deficit of \$150.8 million. A significant portion of our current liabilities consist of deferred revenues, which primarily represent deposits received on advance bookings of hotel rooms. These deferred revenue liabilities do not require future cash payments by us. We believe our current assets, cash flows from operating activities and availability under our \$1.0 billion credit facility will be sufficient to repay our current liabilities as they become due.

Liquidity

As further described above, we plan to invest heavily in our operations during 2008 through the completion and opening of Gaylord National, the beginning of a planned \$400 million expansion of Gaylord Opryland and a planned \$315 million expansion of Gaylord Texan (which expansions are anticipated to begin in late 2008 or early 2009), the purchase of an ownership interest in the La Cantera Resort, and the purchase of up to \$80 million of our common stock. We intend to use proceeds of our \$1.0 billion credit facility, cash flow from operations, and proceeds of tax increment financing to fund these projects. Our \$1.0 billion credit facility matures on March 9, 2010. Prior to this date, we will be required to refinance our credit facility in order to finance our ongoing capital needs. Our ability to refinance our credit facility on acceptable terms will be dependent upon a number of factors, including our degree of leverage, the value of our assets, borrowing restrictions which may be imposed by lenders and conditions in the credit markets at the time we refinance. There is no assurance that we will be able to obtain additional financing on acceptable terms.

Principal Debt Agreements

\$1.0 Billion Credit Facility. On March 23, 2007, we refinanced our credit facility by entering into an Amended and Restated Credit Agreement by and among the Company, certain subsidiaries of the Company party thereto, as guarantors, the lenders party thereto and Bank of America, N.A., as administrative agent. The \$1.0 billion amended and restated credit facility (the \$1.0 Billion Credit Facility) represented an increase of our previous \$600.0 million credit facility.

The \$1.0 Billion Credit Facility consists of the following components: (a) a \$300.0 million senior secured revolving credit facility, which includes a \$50.0 million letter of credit sublimit and a \$30.0 million sublimit for swingline loans, and (b) a \$700.0 million senior secured delayed draw term loan facility, which may be drawn on in one or more advances during its term. The \$1.0 Billion Credit Facility also includes an accordion feature that will allow the Company to increase the \$1.0 Billion Credit Facility by a total of up to \$100.0 million, subject to securing additional commitments from existing lenders or new lending institutions. The revolving loan, letters of credit and term loan mature on March 9, 2010. At the Company's election, the revolving loans and the term loans will bear interest at an annual rate of LIBOR plus an applicable margin ranging from 1.25% to 1.75% or the lending banks' base rate plus an applicable margin ranging from 0.00% to 0.50%, subject to adjustments based on the Company's borrowing base leverage. Interest on the Company's borrowings is payable quarterly, in arrears, for base rate loans and at the end of each interest rate period for LIBOR rate-based loans. Principal is payable in full at maturity. The Company is required to pay a commitment fee ranging from 0.125% to 0.35% per year of the average unused portion of the \$1.0 Billion Credit Facility.

The purpose of the \$1.0 Billion Credit Facility is for working capital and capital expenditures and the financing of the costs and expenses related to the continued construction of the Gaylord National hotel. Construction of the Gaylord National hotel is required to be substantially completed by October 31, 2008 (subject to customary force majeure provisions).

The \$1.0 Billion Credit Facility is (i) secured by a first mortgage and lien on the real property and related personal and intellectual property of the Company's Gaylord Opryland hotel, Gaylord Texan hotel, Gaylord Palms hotel and Gaylord National hotel (in the process of being constructed) and pledges of equity interests in the entities that own such properties and (ii) guaranteed by each of the four wholly owned subsidiaries that own the four hotels. Advances are subject to a 60% borrowing base, based on the appraisal value of the hotel properties (reduced to 50% in the event

a hotel property is sold).

In addition, the \$1.0 Billion Credit Facility contains certain covenants which, among other things, limit the incurrence of additional indebtedness, investments, dividends, transactions with affiliates, asset sales, acquisitions, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The material financial covenants, ratios or tests contained in the \$1.0 Billion Credit Facility are as follows:

Table of Contents

The Company must maintain a consolidated funded indebtedness to total asset value ratio as of the end of each calendar quarter (i) following the closing date of the \$1.0 Billion Credit Facility through the calendar quarter ending immediately prior to the first full quarter during which the Gaylord National hotel is substantially completed, of not more than 70% and (ii) for all calendar quarters thereafter, of not more than 65%.

The Company must maintain a consolidated tangible net worth of not less than the sum of \$550.0 million, increased on a cumulative basis as of the end of each calendar quarter, commencing with the calendar quarter ending March 31, 2005, by an amount equal to (i) 75% of consolidated net income (to the extent positive) for the calendar quarter then ended, plus (ii) 75% of the proceeds received by the Company or any of the Company's subsidiaries in connection with any equity issuance.

The Company must maintain a minimum consolidated fixed charge coverage ratio of not less than 2.00 to 1.00 for all calendar quarters during the term hereof.

The Company must maintain an implied debt service coverage ratio (the ratio of adjusted net operating income to monthly principal and interest that would be required if the outstanding balance were amortized over 25 years at an interest rate equal to the then current seven year Treasury Note plus 0.25%) of not less than 1.60 to 1.00.

As of December 31, 2007, we were in compliance with all covenants. As of December 31, 2007, \$398.0 million of borrowings were outstanding under our credit facility, and the lending banks had issued \$12.4 million of letters of credit under the facility for us, which left \$589.6 million of availability under our credit facility (subject to the satisfaction of debt incurrence tests under the indentures governing our senior notes). The credit facility is cross-defaulted to our other indebtedness.

8% Senior Notes. We have outstanding \$350 million in aggregate principal amount of senior notes bearing an interest rate of 8% (the 8% Senior Notes). We have also entered into interest rate swaps with respect to \$125 million principal amount of the 8% Senior Notes which results in an effective interest rate of LIBOR plus 2.95% with respect to that portion of the notes. The 8% Senior Notes, which mature on November 15, 2013, bear interest semi-annually in cash in arrears on May 15 and November 15 of each year, starting on May 15, 2004. The 8% Senior Notes are redeemable, in whole or in part, at any time on or after November 15, 2008 at a designated redemption amount, plus accrued and unpaid interest. The 8% Senior Notes rank equally in right of payment with our other unsecured unsubordinated debt, but are effectively subordinated to all of our secured debt to the extent of the assets securing such debt. The 8% Senior Notes are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis by generally all of our active domestic subsidiaries. In connection with the offering and subsequent registration of the 8% Senior Notes, we paid approximately \$10.1 million in deferred financing costs. In addition, the 8% Senior Notes indenture contains certain covenants which, among other things, limit the incurrence of additional indebtedness (including additional indebtedness under our senior secured delayed draw term loan facility), investments, dividends, transactions with affiliates, asset sales, capital expenditures, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The 8% Senior Notes are cross-defaulted to our other indebtedness.

6.75% Senior Notes. We also have outstanding \$225 million in aggregate principal amount of senior notes bearing an interest rate of 6.75% (the 6.75% Senior Notes). The 6.75% Senior Notes, which mature on November 15, 2014, bear interest semi-annually in cash in arrears on May 15 and November 15 of each year, starting on May 15, 2005. The 6.75% Senior Notes are redeemable, in whole or in part, at any time on or after November 15, 2009 at a designated redemption amount, plus accrued and unpaid interest. The 6.75% Senior Notes rank equally in right of payment with our other unsecured unsubordinated debt, but are effectively subordinated to all of our secured debt to the extent of the assets securing such debt. The 6.75% Senior Notes are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis by generally all of our active domestic subsidiaries. In connection with the offering of the 6.75% Senior Notes, we paid approximately \$4.2 million in deferred financing costs. In addition, the 6.75% Senior Notes indenture contains certain covenants which, among other things, limit the incurrence of additional

indebtedness (including additional indebtedness under our senior secured delayed draw term loan facility), investments, dividends, transactions with affiliates, asset sales, capital expenditures, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The 6.75% Senior Notes are cross-defaulted to our other indebtedness.

Future Developments

As described in Overall Outlook above, we are considering other potential hotel sites throughout the country, including Chula Vista, California and San Antonio, Texas.

Table of Contents*Off-Balance Sheet Arrangements*

As described in Note 5 to our consolidated financial statements included herein, we have investments in two unconsolidated entities, each of which owns a hotel located in Hawaii. As described in Note 12 to our consolidated financial statements included herein, our joint venture partner in each of these unconsolidated entities has guaranteed certain loans made to wholly-owned subsidiaries of each of these entities, and we have agreed to contribute to these joint venture partners our pro rata share of any payments under such guarantees required to be made by such joint venture partners. In addition, we enter into commitments under letters of credit, primarily for the purpose of securing our deductible obligations with our workers' compensation insurers, and lending banks under our credit facility had issued \$12.4 million of letters of credit as of December 31, 2007 for us. Except as set forth above, we do not have any off-balance sheet arrangements.

Commitments and Contractual Obligations

The following table summarizes our significant contractual obligations as of December 31, 2007, including long-term debt and operating and capital lease commitments (amounts in thousands):

	Total amounts committed	Less than 1 year	1-3 years	3-5 years	After 5 years
Contractual obligations					
Long-term debt	\$ 973,000	\$	\$398,000	\$	\$ 575,000
Capital leases	3,101	1,058	1,182	861	
Promissory note payable to Nashville Predators	3,000	1,000	2,000		
Construction commitments	136,666	136,666			
Operating leases (1)	665,101	6,127	9,842	8,036	641,096
Other	350	175	175		
Total contractual obligations	\$1,781,218	\$145,026	\$411,199	\$8,897	\$1,216,096

(1) The total operating lease commitments of \$665.1 million above includes the 75-year operating lease agreement we entered into during 1999 for 65.3 acres of land located in Osceola County, Florida where Gaylord Palms is located.

The cash obligations in the table above do not include future cash obligations for interest associated with our outstanding long-term debt, capital lease obligations, and promissory note payable to Nashville Predators. See

Supplemental Cash Flow Information in Note 1 to our consolidated financial statements included herewith for a discussion of the interest we paid during 2007, 2006 and 2005.

Due to the uncertainty with respect to the timing of future cash flows associated with our unrecognized tax benefits at December 31, 2007, we can not make reasonably reliable estimates of the period of cash settlement, if any, with the

respective taxing authority. Therefore, \$15.1 million of unrecognized tax benefits have been excluded from the contractual obligations table above.

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses our consolidated financial statements, which have been prepared in accordance with U.S. generally accepted accounting principles. Accounting estimates are an integral part of the preparation of the consolidated financial statements and the financial reporting process and are based upon current judgments. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reported period. Certain accounting estimates are particularly sensitive because of their complexity and the possibility that future events affecting them may differ materially from our current judgments and estimates.

This listing of critical accounting policies is not intended to be a comprehensive list of all of our accounting policies. In many cases, the accounting treatment of a particular transaction is specifically dictated by generally accepted accounting principles, with no need for management's judgment regarding accounting policy. We believe that of our significant accounting policies, which are

Table of Contents

discussed in Note 1 to the consolidated financial statements included herein, the following may involve a higher degree of judgment and complexity.

Revenue recognition. We recognize revenue from our hotel rooms as earned on the close of business each day that a stay occurs. Revenues from food and beverage and retail sales are recognized at the time of the sale. Revenues from other services at our hotels, such as spa, parking, and transportation services are recognized at the time services are provided. We recognize revenues from the Opry and Attractions segment when services are provided or goods are shipped, as applicable.

Impairment of long-lived assets and goodwill. In accounting for our long-lived assets other than goodwill, we apply the provisions of SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. Under SFAS No. 144, we assess our long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of the assets or asset group may not be recoverable. Recoverability of long-lived assets that will continue to be used is measured by comparing the carrying amount of the asset or asset group to the related total future undiscounted net cash flows. If an asset or asset group's carrying value is not recoverable through those cash flows, the asset group is considered to be impaired. The impairment is measured by the difference between the assets carrying amount and their fair value, based on the best information available, including market prices or discounted cash flow analysis.

Effective January 1, 2002, we adopted SFAS No. 142, *Goodwill and Other Intangible Assets*. Under SFAS No. 142, goodwill and other intangible assets with indefinite useful lives are not amortized but are tested for impairment at least annually and whenever events or circumstances occur indicating that these intangibles may be impaired. We perform our review of goodwill for impairment by comparing the carrying value of the applicable reporting unit to the fair value of the reporting unit. If the fair value is less than the carrying value then we measure potential impairment by allocating the fair value of the reporting unit to the tangible assets and liabilities of the reporting unit in a manner similar to a business combination purchase price allocation. The remaining fair value of the reporting unit after assigning fair values to all of the reporting unit's assets and liabilities represents the implied fair value of goodwill of the reporting unit. The impairment is measured by the difference between the carrying value of goodwill and the implied fair value of goodwill. There were no impairment charges recorded during 2007.

Stock-based compensation. The Company accounts for stock-based compensation in accordance with SFAS No. 123R, *Share-Based Payment*. In accordance with SFAS No. 123R, the Company records compensation expense equal to the fair value of each stock option award granted on a straight line basis over the option's vesting period. The fair value of each option award is estimated on the date of grant using the Black-Scholes-Merton option pricing formula, which requires various judgmental assumptions including expected volatility, expected term, expected dividend rate, and expected risk-free rate of return. Expected volatilities are based on the historical volatility of the Company's stock. The Company uses historical data to estimate option exercise and employee termination within the valuation model. The expected term of options granted represents the period of time that options granted are expected to be outstanding. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. If any of the assumptions used in the Black-Scholes-Merton option pricing formula change significantly, stock-based compensation expense may differ materially in the future from that recorded in the current period. The assumptions for expected volatility and expected term are the two assumptions that significantly affect the grant date fair value. The expected dividend rate and expected risk-free rate of return are not significant to the calculation of fair value.

Derivative financial instruments. We utilize derivative financial instruments to reduce interest rate risks and to manage risk exposure to changes in the value of certain owned marketable securities and the prices at which we purchase natural gas and electricity for our hotels. We record derivatives in accordance with SFAS No. 133,

Accounting for Derivative Instruments and Hedging Activities, which was subsequently amended by SFAS No. 138. SFAS No. 133, as amended, established accounting and reporting standards for derivative instruments and hedging activities. SFAS No. 133 requires all derivatives to be recognized in the statement of financial position and to be measured at fair value. Changes in the fair value of those instruments will be reported in earnings or other comprehensive income depending on the use of the derivative and whether it qualifies for hedge accounting.

Table of Contents

We obtain valuations of our derivative assets and liabilities from counterparties and record changes in the derivative assets and liabilities based on those valuations. The derivative assets and liabilities held by us at December 31, 2007 include a fixed to variable interest rate swap and variable to fixed natural gas price swaps. Prior to its maturity during the second quarter of 2007, we also held a secured forward exchange contract with respect to 5,468,950 shares of Viacom stock and 5,468,950 shares of CBS stock. The measurement of these derivatives' fair values requires the use of estimates and assumptions.

The key assumption used to determine the fair value of our secured forward exchange contract was the underlying value of the Viacom stock and CBS stock. Changes in this assumption could materially impact the determination of the fair value of the secured forward exchange contract and the related net gain or loss on the investment in Viacom stock and CBS stock and related derivatives. The key assumption used to determine the fair value of our fixed to variable interest rate swap was changes in LIBOR interest rates. Changes in this assumption could materially impact the determination of the fair value of this derivative and the related charge to 2007 interest expense. For example, if LIBOR rates were to increase by 100 basis points each, our annual net interest cost on debt amounts associated with this interest rate swap would increase by approximately \$1.3 million. The key assumption used to determine the fair value of our variable to fixed natural gas price swaps was the forward price of natural gas futures contracts for delivery at the Henry Hub as of December 31, 2007 as quoted on the New York Mercantile Exchange. Changes in this assumption could materially impact the determination of the fair value of this derivative and the related charge to other comprehensive income and operating costs. For example, if the forward price of natural gas futures contracts for delivery at the Henry Hub as of December 31, 2007 as quoted on the New York Mercantile Exchange was to increase or decrease by 10%, the derivative asset associated with the fair value of our natural gas swaps outstanding as of December 31, 2007 would have increased or decreased by \$0.5 million.

Income taxes. We account for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*. Under SFAS 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

We must assess the likelihood that we will be able to recover our deferred tax assets. If recovery is not likely, the provision for taxes is increased by recording a reserve, in the form of a valuation allowance, against the estimated deferred tax assets that will not ultimately be recoverable.

We have state net operating loss carryforwards for which management believes it is more-likely-than-not that future taxable income will be sufficient to realize the recorded deferred tax assets. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies, which involve estimates and uncertainties, in making this assessment. Projected future taxable income is based on management's forecast of our operating results. Management periodically reviews such forecasts in comparison with actual results and expected trends. We have established valuation allowances for deferred tax assets primarily associated with certain subsidiaries with state operating loss carryforwards. At December 31, 2007, we had state net operating loss carryforwards of \$319.7 million resulting in a deferred tax benefit of \$13.3 million. A valuation allowance of \$7.0 million has been provided for certain state deferred tax assets, including loss carryforwards, as of December 31, 2007. In the event management determines that sufficient future taxable income, in light of tax planning strategies, may not be generated to fully recover net deferred tax assets, we will be required to adjust our deferred tax valuation allowance in the period in which we determine recovery is not probable.

In addition, we must deal with uncertainties in the application of complex tax regulations in the calculation of tax liabilities and are subject to routine income tax audits. We apply the interpretations prescribed by FIN 48, *Accounting for Uncertainty in Income Taxes* in accounting for the uncertainty in income taxes recognized in our consolidated financial statements. FIN 48 provides guidance for the recognition and measurement in financial statements for uncertain tax positions taken or expected to be taken in a tax return. In accordance with FIN 48, we provide for uncertain tax positions and the related interest and penalties based upon management's assessment of whether a tax benefit is more likely than not to be sustained upon examination by tax authorities. We make this assessment based on only the technical merits of the tax position. The technical merits of a tax position derive from both statutory and

judicial authority (legislation and statutes, legislative intent, regulations, rulings, and case law) and their applicability to the facts and circumstances of the tax position. If a tax position does not meet the more likely than not recognition threshold, the benefit of that position is not recognized in the financial statements and a liability for unrecognized tax benefits is established. A tax position that meets the more likely than not recognition threshold is measured to determine the amount of benefit to recognize in the financial statements. The tax benefit recognized is measured as the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate resolution with a taxing authority. To the extent that we prevail in matters for which a liability for an unrecognized tax benefit is established or are required to pay amounts in excess of the liability established, our effective tax rate in a given financial statement period may be affected.

Table of Contents

Retirement and postretirement benefits other than pension plans. The costs and obligations of our retirement and postretirement benefits other than pension plans recognized in our consolidated financial statements are determined from actuarial valuations, which are dependent on significant assumptions, judgments, and estimates. These assumptions, judgments, and estimates, which include discount rates at which the liabilities could be settled at the measurement date (September 30), expected return on plan assets, mortality rates, and health care cost trend rates, are evaluated at each annual measurement date. In accordance with generally accepted accounting principles, actual results that differ from these assumptions, judgments, and estimates are accumulated and amortized over future periods and, therefore, affect expense recognized and obligations recorded in future periods.

The discount rate utilized for determining future benefit obligations is based on the market rate of a broad-based index of high-quality bonds receiving an AA- or better rating from a recognized rating agency on our annual measurement date that is matched to the future expected cash flows of the benefit plans by annual periods. The resulting discount rate increased from 5.75% at September 30, 2006 to 6.30% at September 30, 2007 for the retirement and postretirement benefit other than pension plans.

We determine the expected return on plan assets based on our estimate of the return that plan assets will provide over the period that benefits are expected to be paid out. In preparing this estimate, we assess the rates of return on each targeted allocation of plan assets, return premiums generated by portfolio management, and by a comparison to rates used by other companies. The expected return on plan assets is a long-term assumption and generally does not change annually. The expected return on plan assets assumption used for determining net periodic pension expense for 2007 and 2006 was 8.0%. Our historical actual return averaged 6.6% for the ten-year period ended December 31, 2007.

The mortality rate assumption used for determining future benefit obligations as of September 30, 2007 and 2006 was based on the RP 2000 Combined Mortality Tables. In estimating the health care cost trend rate, we consider our actual health care cost experience, industry trends, and advice from our third-party actuary. We assume that the relative increase in health care costs will generally trend downward over the next several years, reflecting assumed increases in efficiency in the health care system and industry-wide cost containment initiatives.

While management believes that the assumptions used are appropriate, differences in actual experience or changes in assumptions may affect our pension and postretirement benefit obligations and expense. For example, holding all other assumptions constant, a 1% increase or decrease in the assumed discount rate related to the retirement plan would decrease or increase 2007 net period pension expense by approximately \$0.9 million. Likewise, a 1% increase or decrease in the assumed rate of return on plan assets would decrease or increase, respectively, 2007 net periodic pension expense by approximately \$0.5 million.

A 1% increase or decrease in the assumed discount rate related to the postretirement benefit plan would decrease or increase, respectively, the aggregate of the service and interest cost components of 2007 net postretirement benefit expense by approximately \$14,000 and \$259,000, respectively. Finally, a 1% increase or decrease in the assumed health care cost trend rate each year would increase or decrease, respectively, the aggregate of the service and interest cost components of 2007 net postretirement benefit expense by \$0.1 million.

Recently Issued Accounting Standards

In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS No. 157, Fair Value Measurements, to define fair value, establish a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expand disclosures about fair value measurements. The provisions of SFAS No. 157 are effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We will adopt the provisions of this statement beginning in the first quarter of 2008. We do not expect the adoption of SFAS No. 157 to have a material impact on our consolidated financial position and results of operations.

In September 2006, the FASB issued SFAS No. 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB Statements No 87, 88, 106, and 132(R) . SFAS No. 158 requires plan sponsors of defined benefit pension and other postretirement benefit plans (collectively, postretirement benefit plans) to recognize the funded status of their postretirement benefit plans in the statement of financial position, measure the fair value of plan assets and benefit obligations as of the date of the fiscal year-end statement of financial

position, and provide additional disclosures. On December 31, 2006, we adopted the recognition and disclosure provisions of SFAS No. 158. The effect of adopting SFAS No. 158 on our financial condition at December 31, 2006 has been included in the accompanying consolidated financial statements. SFAS No. 158's provisions regarding the change in the measurement date of postretirement benefit plans is effective for fiscal years ending after

Table of Contents

December 15, 2008. We will adopt the measurement date provision in the fiscal year ending December 31, 2008. We do not expect the adoption of SFAS No. 158 to have a material impact on our consolidated financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* including an amendment to FASB Statement No. 115, which permits entities to choose to measure eligible items at fair value at specified election dates. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings at each subsequent reporting date. The fair value option (i) may be applied instrument by instrument, with certain exceptions, (ii) is irrevocable (unless a new election date occurs) and (iii) is applied only to entire instruments and not to portions of instruments. The statement is effective for fiscal years beginning after November 15, 2007. We will adopt the provisions of this statement beginning in the first quarter of 2008. We have elected not to apply the fair value option to any of our financial instruments, so the adoption of this statement will not have a material impact on our consolidated financial position and results of operations.

In December 2007, the FASB issued SFAS No. 160, *Non-controlling Interests in Consolidated Financial Statements* an amendment of ARB No. 51. This statement establishes accounting and reporting standards for the non-controlling interest in a subsidiary and for the deconsolidation of a subsidiary. SFAS No. 160 clarifies that a non-controlling interest in a subsidiary, which is sometimes referred to as minority interest, is an ownership interest in the consolidated entity that should be reported as a component of equity in the consolidated financial statements. Among other requirements, SFAS No. 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the non-controlling interest. It also requires disclosure, on the face of the consolidated income statement, of the amounts of consolidated net income attributable to the parent and to the non-controlling interest. This statement is effective prospectively, except for certain retrospective disclosure requirements, for fiscal years beginning after December 15, 2008. We will adopt the provisions of this statement in the first quarter of 2009. We are assessing the potential impact of this statement on our consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141(R), *Business Combinations* a replacement of FASB Statement No. 141. SFAS No. 141(R) replaces SFAS No. 141, *Business Combinations*, and applies to all transactions and other events in which one entity obtains control over one or more other businesses. SFAS No. 141(R) requires an acquirer, upon initially obtaining control of another entity, to recognize the assets, liabilities and any non-controlling interest in the acquiree at fair value as of the acquisition date. Contingent consideration is required to be recognized and measured at fair value on the date of acquisition rather than at a later date when the amount of that consideration may be determinable beyond a reasonable doubt. SFAS No. 141(R) requires acquirers to expense acquisition-related costs as incurred rather than allocating such costs to the assets acquired and liabilities assumed, as was previously the case under SFAS No. 141. Under SFAS No. 141(R), the requirements of SFAS No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*, would have to be met in order to accrue for a restructuring plan in purchase accounting. Pre-acquisition contingencies are to be recognized at fair value, unless it is a non-contractual contingency that is not likely to materialize, in which case, no amounts should be recognized in purchase accounting and, instead, that contingency would be subject to the probable and estimable recognition criteria of SFAS No. 5, *Accounting for Contingencies*. This statement is effective prospectively, except for certain retrospective adjustments to deferred tax balances, for fiscal years beginning after December 15, 2008. We will adopt the provisions of this statement in the first quarter of 2009. We are assessing the potential impact of this statement on our consolidated financial statements.

Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposures to market risk are from changes in interest rates and natural gas prices, and, prior to our disposal of such stock in May 2007, from changes in the value of our investment in Viacom stock and CBS stock.

Risk Related to Changes in Interest Rates

Interest rate risk related to our indebtedness. We have exposure to interest rate changes primarily relating to outstanding indebtedness under our 8% Senior Notes and our \$1.0 Billion Credit Facility.

In conjunction with our offering of the 8% Senior Notes, we entered into an interest rate swap with respect to \$125 million aggregate principal amount of our 8% Senior Notes. This interest rate swap, which has a term of ten

years, effectively adjusts the interest rate of that portion of the 8% Senior Notes to LIBOR plus 2.95%. The interest rate swap on the 8% Senior Notes is deemed effective and therefore the hedge has been treated as an effective fair value hedge under SFAS No. 133. If LIBOR were to increase by 100 basis points, our annual interest cost on the 8% Senior Notes would increase by approximately \$1.3 million.

Table of Contents

Borrowings outstanding under our \$1.0 Billion Credit Facility bear interest at an annual rate at our election of either LIBOR plus an applicable margin ranging from 1.25% to 1.75% or the lending banks' base rate plus an applicable margin ranging from 0.00% to 0.50%, subject to adjustments based on the Company's borrowing base leverage. If LIBOR were to increase by 100 basis points, our annual interest cost on borrowings outstanding under our \$1.0 Billion Credit Facility as of December 31, 2007 would increase by approximately \$4.0 million.

Cash Balances. Certain of our outstanding cash balances are occasionally invested overnight with high credit quality financial institutions. We do not have significant exposure to changing interest rates on invested cash at December 31, 2007. As a result, the interest rate market risk implicit in these investments at December 31, 2007, if any, is low.

Risk Related to Changes in Natural Gas Prices

As of December 31, 2007, we held variable to fixed natural gas price swaps with respect to the purchase of approximately 601,000 dekatherms of natural gas in order to fix the prices at which we purchase that volume of natural gas for our hotels. These natural gas price swaps, which have remaining terms of up to six months, effectively adjust the price on that volume of purchases of natural gas to a weighted average price of \$7.47 per dekatherm. These natural gas price swaps are deemed effective, and, therefore, the hedges have been treated as an effective cash flow hedge under SFAS No. 133. If the forward price of natural gas futures contracts for delivery at the Henry Hub as of December 31, 2007 as quoted on the New York Mercantile Exchange was to increase or decrease by 10%, the derivative asset associated with the fair value of our natural gas swap outstanding as of December 31, 2007 would have increased or decreased by \$0.5 million.

Risk Related to a Change in Value of our Investment in Viacom Stock and CBS Stock

Prior to January 3, 2006, we held an investment of 10.9 million shares of Viacom, Inc. Class B common stock, which was received as the result of the sale of television station KTVT to CBS in 1999 and the subsequent acquisition of CBS by Viacom in 2000.

We entered into a secured forward exchange contract related to 10.9 million shares of the Viacom stock in 2000. Effective January 3, 2006, Viacom completed a transaction to separate Viacom into two publicly traded companies named Viacom, Inc. and CBS Corporation by converting (i) each outstanding share of Viacom, Inc. Class A common stock into 0.5 shares of Viacom, Inc. Class A common stock and 0.5 shares of CBS Corporation Class A common stock and (ii) each outstanding share of Viacom, Inc. Class B common stock into 0.5 shares of Viacom, Inc. Class B common stock and 0.5 shares of CBS Corporation Class B common stock. As a result of this transaction, we exchanged our 10,937,900 shares of Viacom, Inc. Class B common stock for 5,468,950 shares of Viacom, Inc. Class B common stock and 5,468,950 shares of CBS Corporation Class B common stock effective January 3, 2006.

Prior to its maturity in May 2007, the secured forward exchange contract protected us against decreases in the combined fair market value of the Viacom stock and CBS stock below \$56.05 per share by way of a put option; the secured forward exchange contract also provided for participation in the increases in the combined fair market value of the Viacom stock and CBS stock in that we received 100% of the appreciation between \$56.05 and \$64.45 per share and, by way of a call option, 25.93% of the appreciation above \$64.45 per share.

In May 2007, the SFEC matured and the Company delivered all of the Viacom Stock and CBS Stock to Credit Suisse First Boston in full satisfaction of the \$613.1 million debt obligation under the SFEC. As a result, the Company is no longer exposed to market risk from changes in the value of Viacom stock and CBS stock as of this date.

Risks Related to Foreign Currency Exchange Rates

Substantially all of our revenues are realized in U.S. dollars and are from customers in the United States. Therefore, we do not believe we have any significant foreign currency exchange rate risk. We do not hedge against foreign currency exchange rate changes and do not speculate on the future direction of foreign currencies.

Summary

Based upon our overall market risk exposures at December 31, 2007, we believe that the effects of changes in interest rates and natural gas prices could be material to our consolidated financial position, results of operations or cash flows. However, we are no longer exposed to the risks associated with changes in the price of Viacom stock and CBS stock, and we believe that the effects of

Table of Contents

fluctuations in foreign currency exchange rates on our consolidated financial position, results of operations or cash flows would not be material.

Forward-Looking Statements

This report contains statements with respect to the Company's beliefs and expectations of the outcomes of future events that are forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to risks and uncertainties, including, without limitation, the factors set forth under the caption "Risk Factors." Forward-looking statements include discussions regarding the Company's operating strategy, strategic plan, hotel development strategy, industry and economic conditions, financial condition, liquidity and capital resources, and results of operations. You can identify these statements by forward-looking words such as "expects," "anticipates," "intends," "plans," "believes," "estimates," "projects," and similar expressions. Although we believe our plans, objectives, expectations and prospects reflected in or suggested by our forward-looking statements are reasonable, those statements involve uncertainties and risks, and we cannot assure you that our plans, objectives, expectations and prospects will be achieved. Our actual results could differ materially from the results anticipated by the forward-looking statements as a result of many known and unknown factors, including, but not limited to, those contained in "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations," and elsewhere in this report. All written or oral forward-looking statements attributable to us are expressly qualified in their entirety by these cautionary statements. The Company does not undertake any obligation to update or to release publicly any revisions to forward-looking statements contained in this report to reflect events or circumstances occurring after the date of this report or to reflect the occurrence of unanticipated events.

Item 7A. *Quantitative and Qualitative Disclosures About Market Risk*

The information called for by this Item is provided under the caption "Market Risk" under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and incorporated by reference herein.

Item 8. *Financial Statements and Supplementary Data*

Information with respect to this Item is contained in the Company's consolidated financial statements included in the Index beginning on page F-1 of this Annual Report on Form 10-K and incorporated by reference herein.

Item 9. *Changes in and Disagreements with Accountants on Accounting and Financial Disclosure*

None.

Item 9A. *Controls and Procedures***Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures**

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of the end of the period covered by this Annual Report. Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective, as of the end of the period covered by this Annual Report, to ensure that information is recorded, processed, summarized and reported in a manner to allow appropriate and timely decisions regarding required disclosures by the Exchange Act within the time period specified in the rules and forms of the Securities and Exchange Commission.

Management's Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. The Company's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Company's internal control over financial reporting includes those policies and procedures that:

Table of Contents

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2007. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control - Integrated Framework.

Based on management's assessment and those criteria, management believes that, as of December 31, 2007, the Company's internal control over financial reporting was effective.

The Company's independent registered public accounting firm, Ernst & Young LLP, has issued an attestation report on the Company's internal control over financial reporting. That report begins on page F-3 and is incorporated by reference herein.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting that occurred during the period covered by this report that have materially affected, or are likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information

None.

PART III

Item 10. Directors, Executive Officers and Corporate Governance

Information about our Board of Directors required by Item 401 of Regulation S-K is incorporated herein by reference to the discussion under the heading "Election of Directors" in our Proxy Statement for the 2008 Annual Meeting of Stockholders, to be filed with the Securities and Exchange Commission. Information regarding procedures for stockholder nominations to our Board of Directors required by Item 407(c) (3) of Regulation S-K is incorporated by reference to the discussion under the heading "Stockholder Nominations of Candidates for Board Membership" in our Proxy Statement for the 2008 Annual Meeting of Stockholders to be filed with the Securities and Exchange Commission.

Information required by Item 405 of Regulation S-K is incorporated herein by reference to the discussion under the heading "Section 16(a) Beneficial Ownership Reporting Compliance" in our Proxy Statement for the 2008 Annual Meeting of Stockholders, to be filed with the Securities and Exchange Commission.

Certain other information concerning executive officers and certain other officers of the Company is included in Part I of this Annual Report on Form 10-K under the caption "Executive Officers of the Registrant."

The Company has a separately designated audit committee of the board of directors established in accordance with the Exchange Act. Michael Bender, R. Brad Martin, and E.K. Gaylord II currently serve as members of the Audit Committee. Our Board of Directors has determined that R. Brad Martin is an "audit committee financial expert" as defined by the SEC and is independent, as that term is defined in the Exchange Act and the listing standards of the New York Stock Exchange.

Table of Contents

Our Board of Directors has adopted a Code of Business Conduct and Ethics applicable to the members of our Board of Directors and our officers, including our Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer. In addition, the Board of Directors has adopted Corporate Governance Guidelines and restated charters for our Audit Committee, Human Resources Committee, and Nominating and Corporate Governance Committee. You can access our Code of Business Conduct and Ethics, Corporate Governance Guidelines and current committee charters on our website at www.gaylordentertainment.com or request a copy of any of the foregoing by writing to the following address: Gaylord Entertainment Company, Attention: Secretary, One Gaylord Drive, Nashville, Tennessee 37214. The Company will make any legally required disclosures regarding amendments to, or waivers of, provisions of the Code of Business Conduct and Ethics, Corporate Governance Guidelines or current committee charters on its website. In accordance with the corporate governance listing standards of the New York Stock Exchange, the Company has designated Mr. Ralph Horn as the lead director at all meetings of non-management directors, which meetings will be held on a regular basis. Stockholders, employees and other interested parties may communicate with Mr. Horn, individual non-management directors, or the non-management directors as a group, by email at boardofdirectors@gaylordentertainment.com.

Item 11. *Executive Compensation*

The information required by this Item is incorporated herein by reference to the discussions under the headings Compensation Discussion and Analysis, Summary Compensation Table, Grants of Plan-Based Awards for Fiscal Year End December 31, 2007, Outstanding Equity Awards at Fiscal Year End December 31, 2007, Option Exercises and Stock Vested as of Fiscal Year End December 31, 2007, Pension Benefits, Nonqualified Deferred Compensation, Potential Payouts on Termination or Change of Control, Election of Directors Compensation Committee Interlocks and Insider Participation, and Compensation Committee Report in our Proxy Statement for the 2008 Annual Meeting of Stockholders, to be filed with the Securities and Exchange Commission.

Item 12. *Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters*

The information required by this Item is incorporated herein by reference to the discussions under the headings Security Ownership of Certain Beneficial Owners and Management and Option Exercises and Stock Vested as of Fiscal Year End December 31, 2007 in our Proxy Statement for the 2008 Annual Meeting of Stockholders, to be filed with the Securities and Exchange Commission.

Item 13. *Certain Relationships and Related Transactions, and Director Independence*

The information required by this Item is incorporated herein by reference to the discussions under the headings Election of Directors Independence of Directors and Transactions with Related Persons in our Proxy Statement for the 2008 Annual Meeting of Stockholders, to be filed with the Securities and Exchange Commission.

Item 14. *Principal Accountant Fees and Services*

The information required by this Item is incorporated herein by reference to the discussion under the heading Independent Registered Public Accounting Firm in our Proxy Statement for the 2008 Annual Meeting of Stockholders, to be filed with the Securities and Exchange Commission.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Gaylord Entertainment Company

We have audited the accompanying consolidated balance sheets of Gaylord Entertainment Company and subsidiaries as of December 31, 2007 and 2006, and the related consolidated statements of operations, cash flows and stockholders' equity for each of the three years in the period ended December 31, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Gaylord Entertainment Company and subsidiaries at December 31, 2007 and 2006, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2007, in conformity with U.S. generally accepted accounting principles.

As discussed in Note 1 to the consolidated financial statements, the Company changed its method of accounting for income taxes as of January 1, 2007, and its method of accounting for share-based payments as of January 1, 2006, and its method of accounting for defined benefit pension and other postretirement benefit plans as of December 31, 2006.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Gaylord Entertainment Company's internal control over financial reporting as of December 31, 2007, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated February 27, 2008 expressed an unqualified opinion thereon.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Gaylord Entertainment Company

We have audited Gaylord Entertainment Company's internal control over financial reporting as of December 31, 2007, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Gaylord Entertainment Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Gaylord Entertainment Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007 based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Gaylord Entertainment Company as of December 31, 2007 and 2006, and the related consolidated statements of operations, cash flows and stockholders' equity for each of the three years in the period ended December 31, 2007, and our report dated February 27, 2008 expressed an unqualified opinion thereon.

Table of Contents**GAYLORD ENTERTAINMENT COMPANY AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****1. Description of the Business and Summary of Significant Accounting Policies**

Gaylord Entertainment Company (the Company) is a diversified hospitality and entertainment company operating, through its subsidiaries, principally in three business segments: Hospitality; Opry and Attractions; and Corporate and Other.

During the third quarter of 2005, the Company committed to a plan of disposal of certain markets of its ResortQuest business that were considered to be inconsistent with the Company's long term growth strategy. During the second quarter of 2006, the Company completed the sale of one additional market of its ResortQuest business that was not included in the original plan of disposal, but was later determined to be inconsistent with the Company's long term growth strategy. During the second quarter of 2007, the Company disposed of the remainder of its ResortQuest business. The ResortQuest business, along with other businesses with respect to which the Company pursued plans of disposal in prior periods, have been presented as discontinued operations, net of taxes, for all periods presented.

Business Segments*Hospitality*

The Hospitality segment includes the operations of Gaylord Hotels branded hotels and the Radisson Hotel at Opryland. At December 31, 2007, the Company owns and operates the Gaylord Opryland Resort and Convention Center (Gaylord Opryland and formerly known as the Opryland Hotel Nashville), the Gaylord Palms Resort and Convention Center (Gaylord Palms), the Gaylord Texan Resort and Convention Center (Gaylord Texan) and the Radisson Hotel at Opryland. Gaylord Opryland and the Radisson Hotel at Opryland are both located in Nashville, Tennessee. The Gaylord Palms in Kissimmee, Florida opened in January 2002. The Gaylord Texan in Grapevine, Texas opened in April 2004. The Company is also developing a hotel known as the Gaylord National Resort & Convention Center (Gaylord National) located on property the Company acquired on February 23, 2005 on the Potomac River in Prince George's County, Maryland (in the Washington, D.C. market).

Opry and Attractions

The Opry and Attractions segment includes all of the Company's Nashville-based tourist attractions. At December 31, 2007, these include the Grand Ole Opry, the General Jackson Showboat, the Wildhorse Saloon, the Ryman Auditorium and the Gaylord Springs Golf Links, among others. The Opry and Attractions segment also includes Corporate Magic, which specializes in the production of creative events in the corporate entertainment marketplace, and WSM-AM.

Corporate and Other

Corporate and Other includes salaries and benefits of the Company's executive and administrative personnel and various other overhead costs. This segment also includes the expenses and activities associated with the Company's ownership of various investments. Until the second quarter of 2007, the Company owned a minority interest in Bass Pro Group, LLC, a leading retailer of premium outdoor sporting goods and fishing products. On May 31, 2007, the Company completed the sale of all of its ownership interest in Bass Pro Group, LLC. Until the first quarter of 2005, the Company owned a minority interest in the Nashville Predators, a National Hockey League professional team. On February 22, 2005, the Company disposed of its investment in the Nashville Predators and reached an agreement to exit the related naming rights agreement upon the terms and conditions described in Note 12.

ResortQuest

On November 20, 2003, the Company acquired 100% of the outstanding common shares of ResortQuest International, Inc. (ResortQuest) in a tax-free, stock-for-stock merger. Based on the average market price of the Company's common stock (\$19.81, which was based on an average of the closing prices for two days before, the day of, and two days after the date of the definitive agreement, August 4, 2003), together with the direct merger costs, the Company paid an aggregate purchase price of approximately \$114.7 million plus the assumption of ResortQuest's outstanding indebtedness as of November 20, 2003, which totaled \$85.1 million. On January 1, 2005, the Company acquired 100% of the outstanding membership interests of East West Resorts at Summit County, LLC, Aspen Lodging Company, LLC, Great Beach Vacations, LLC, East West Realty Aspen, LLC, and Sand Dollar Management

Table of Contents

Investors, LLC (collectively, East West Resorts) from East West Resorts, LLC for an aggregate purchase price of \$20.7 million in cash plus the assumption of East West Resorts liabilities as of January 1, 2005 of \$7.8 million. On February 1, 2005, the Company acquired 100% of the outstanding common shares of Whistler Lodging Company, Ltd. (Whistler) from O Neill Hotels and Resorts Whistler, Ltd. for an aggregate purchase price of \$0.1 million in cash plus the assumption of Whistler s liabilities as of February 1, 2005 of \$4.9 million. Prior to the sale of these businesses, which is further described in Note 3, ResortQuest, East West Resorts, and Whistler comprised the Company s ResortQuest segment. These businesses offered management services to properties in premier beach, mountain, and tropical resort locations in the United States and Canada. Due to the sale of these businesses, the results of their operations from the date of acquisition have been classified as discontinued operations in these consolidated financial statements.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and all of its majority-owned subsidiaries. The Company s investments in non-controlled entities in which it has the ability to exercise significant influence over operating and financial policies are accounted for by the equity method. The Company s investments in other entities are accounted for using the cost method. All significant intercompany accounts and transactions have been eliminated in consolidation.

Cash and Cash Equivalents Unrestricted

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Cash and Cash Equivalents Restricted

Restricted cash and cash equivalents represent cash held in certificates of deposit with an original maturity of greater than three months. The Company is required to maintain this certificate of deposit in order to secure its Tennessee workers compensation self insurance obligations.

Supplemental Cash Flow Information

Cash paid for interest for the years ended December 31 was comprised of (amounts in thousands):

	2007	2006	2005
Debt interest paid	\$ 65,256	\$ 50,323	\$43,467
Deferred financing costs paid	4,042		8,479
Capitalized interest	(42,313)	(10,046)	(2,464)
Cash paid for interest, net of capitalized interest	\$ 26,985	\$ 40,277	\$49,482

Net cash (payments) refunds of income taxes were (\$103.5) million, (\$1.6) million, and \$0.3 million for the years ended December 31, 2007, 2006, and 2005, respectively.

Certain transactions have been reflected as non-cash activities in the accompanying consolidated statements of cash flows for 2007, 2006 and 2005 as further discussed below.

In March 2005, the Company donated 65,100 shares of its Viacom stock (with a market value of approximately \$2.3 million) to a charitable foundation established by the Company, which was recorded as selling, general and administrative expense in the accompanying condensed consolidated statement of operations. This donation is reflected as an increase in net loss and a corresponding decrease in other assets and liabilities in the accompanying consolidated statement of cash flows.

In connection with the settlement of litigation with the Nashville Hockey Club Limited Partnership (NHC) on February 22, 2005, as further discussed in Note 12, the Company issued to NHC a 5-year, \$5 million promissory note. Because the Company continued to accrue expense under the naming rights agreement throughout the course of this litigation, the issuance of this promissory note resulted in an increase in long term debt and capital lease obligations and a decrease in accounts payable and accrued liabilities in the accompanying consolidated balance sheet and statement of cash flows.

Table of Contents

The Company's net cash flows provided by investing activities—discontinued operations in 2007 primarily consist of cash proceeds received from the sale of discontinued operations. The Company's net cash flows used in investing activities—discontinued operations in 2006 primarily consisted of purchases of property and equipment, the effects of which were partially offset by cash proceeds received from the sale of discontinued operations. The Company's net cash flows used in investing activities—discontinued operations in 2005 primarily consisted of the acquisition of two businesses and purchases of property and equipment, the effects of which were partially offset by cash proceeds received from the sale of discontinued operations.

Short-Term Investments

As of December 31, 2006, short-term investments consisted of 5,468,950 shares of Viacom, Inc. Class B common stock and 5,468,950 shares of CBS Corporation Class B common stock held by the Company. These securities are classified as trading under the provisions of Statement of Financial Accounting Standards (SFAS) No. 115, Accounting for Certain Investments in Debt and Equity Securities.

Accounts Receivable

The Company's accounts receivable are primarily generated by meetings and convention attendees' room nights. Receivables arising from these sales are not collateralized. Credit risk associated with the accounts receivable is minimized due to the large and diverse nature of the customer base. No customers accounted for more than 10% of the Company's trade receivables at December 31, 2007.

Allowance for Doubtful Accounts

The Company provides allowances for doubtful accounts based upon a percentage of revenue and periodic evaluations of the aging of accounts receivable.

Deferred Financing Costs

Deferred financing costs consist of prepaid interest, loan fees and other costs of financing that are amortized over the term of the related financing agreements, using the effective interest method. For the years ended December 31, 2007, 2006 and 2005, deferred financing costs of \$14.3 million, \$30.0 million, and \$29.7 million, respectively, were amortized and recorded as interest expense in the accompanying consolidated statements of operations.

Property and Equipment

Property and equipment are stated at cost. Improvements and significant renovations that extend the lives of existing assets are capitalized. Interest on funds borrowed to finance the construction of major capital additions is included in the cost of the applicable capital addition. Maintenance and repairs are charged to expense as incurred. Property and equipment are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Land improvements	20 years
Furniture, fixtures and equipment	3-8 years
Leasehold improvements	The shorter of the lease term or useful life

Impairment of Long-Lived Assets

In accounting for the Company's long-lived assets other than goodwill, the Company applies the provisions of SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. Under SFAS No. 144, the Company assesses its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of the assets or asset group may not be recoverable. Recoverability of long-lived assets that will continue to be used is measured by comparing the carrying amount of the asset or asset group to the related total future undiscounted net cash flows. If an asset or asset group's carrying value is not recoverable through those cash flows, the asset group is considered to be impaired. The impairment is measured by the difference between the

Table of Contents

assets carrying amount and their fair value, based on the best information available, including market prices or discounted cash flow analyses.

Goodwill and Intangibles

In accounting for goodwill and intangible assets, the Company applies the provisions of SFAS No. 141, Business Combinations and SFAS No. 142, Goodwill and Other Intangible Assets .

Under SFAS No. 142, goodwill and other intangible assets with indefinite useful lives are not amortized but are tested for impairment at least annually and whenever events or circumstances occur indicating that these intangibles may be impaired. Reporting units of the Company are determined in accordance with SFAS No. 142. The Company allocates goodwill to reporting units by comparing the fair value of each reporting unit identified in an acquired company to the total fair value of the acquired company on the acquisition date. The Company performs its review of goodwill for impairment by comparing the carrying value of the applicable reporting unit to the fair value of the reporting unit. If the fair value is less than the carrying value then the Company measures potential impairment by allocating the fair value of the reporting unit to the tangible assets and liabilities of the reporting unit in a manner similar to a business combination purchase price allocation. The remaining fair value of the reporting unit after assigning fair values to all of the reporting unit's assets and liabilities represents the implied fair value of goodwill of the reporting unit. The impairment is measured by the difference between the carrying value of goodwill and the implied fair value of goodwill. The Company's goodwill and intangibles are discussed further in Note 15.

Leases

The Company is leasing a 65.3 acre site in Osceola County, Florida on which the Gaylord Palms is located, a 25 acre site in Grapevine, Texas on which a portion of the Gaylord Texan is located, and is a lessee under various other leasing arrangements, including leases for office space, office equipment, and other equipment. The Company accounts for lease obligations in accordance with SFAS No. 13, Accounting for Leases , and related interpretations. The Company's leases are discussed further in Note 12.

Long-Term Investments

The Company owns minority interest investments in certain businesses. Generally, non-marketable investments (excluding limited partnerships and limited liability company interests) in which the Company owns less than 20 percent are accounted for using the cost method of accounting and investments in which the Company owns between 20 percent and 50 percent and limited partnerships are accounted for using the equity method of accounting.

Other Assets

Other current and long-term assets of continuing operations at December 31 consist of (amounts in thousands):

	2007	2006
Other current assets:		
Other current receivables	\$ 2,535	\$ 3,687
Inventories	7,611	6,852
Prepaid expenses	14,079	9,344
Current income tax receivable	5,308	10
Other current assets	647	659
Total other current assets	\$ 30,180	\$ 20,552
Other long-term assets:		
Notes receivable	\$ 1,377	\$ 1,976
Deferred software costs, net	9,931	8,587
Other long-term assets	5,074	2,024
Total other long-term assets	\$ 16,382	\$ 12,587

Table of Contents*Other Current Assets*

Other current receivables result primarily from non-operating income and are due within one year. Inventories consist primarily of merchandise for resale and are carried at the lower of cost or market. Cost is computed on an average cost basis. Prepaid expenses consist of prepayments for insurance and contracts that will be expensed during the subsequent year.

Other Long-Term Assets

The Company capitalizes the costs of computer software developed for internal use in accordance with the American Institute of Certified Public Accountants (AICPA) Statement of Position (SOP) 98-1, Accounting for the Costs of Computer Software Developed or Obtained for Internal Use . Accordingly, the Company has capitalized the external costs and certain internal payroll costs to acquire and develop computer software. Deferred software costs are amortized on a straight-line basis over their estimated useful lives of 3 to 5 years.

Preopening Costs

In accordance with AICPA SOP 98-5, Reporting on the Costs of Start-Up Activities , the Company expenses the costs associated with preopening expenses related to the construction of new hotels, start-up activities and organization costs as incurred.

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities of continuing operations at December 31 consist of (amounts in thousands):

	2007	2006
Trade accounts payable	\$ 12,395	\$ 10,679
Accrued construction in progress	114,859	42,705
Property and other taxes payable	26,920	26,431
Deferred revenues	25,620	23,068
Accrued salaries and benefits	24,547	23,033
Accrued self-insurance reserves	4,029	6,147
Accrued interest payable	8,185	8,162
Other accrued liabilities	24,272	25,198
Total accounts payable and accrued liabilities	\$ 240,827	\$ 165,423

Deferred revenues consist primarily of deposits on advance bookings of hotel rooms and advance ticket sales at the Company s tourism properties. The Company is self-insured up to a stop loss for certain losses relating to workers compensation claims, employee medical benefits and general liability claims. The Company recognizes self-insured losses based upon estimates of the aggregate liability for uninsured claims incurred using certain actuarial assumptions followed in the insurance industry or the Company s historical experience.

Income Taxes

In accordance with SFAS No. 109, Accounting for Income Taxes , the Company establishes deferred tax assets and liabilities based on the difference between the financial statement and income tax carrying amounts of assets and liabilities using existing tax laws and tax rates. The Company adopted the provisions of FASB Interpretation No. 48,

Accounting for Uncertainty in Income Taxes (FIN 48), on January 1, 2007. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in financial statements and requires the impact of a tax position to be recognized in the financial statements if that position is more likely than not of being sustained by the taxing authority. Accordingly, the Company reports a liability for unrecognized tax benefits resulting from uncertain tax positions taken or expected to be taken in a tax return. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax expense. See Note 9 for more detail on the Company s income taxes.

Table of Contents**Revenue Recognition**

Revenues from hotel rooms are recognized as earned on the close of business each day when a stay occurs. Revenues from food and beverage and retail sales are recognized at the time of the sale. Revenues from other services at the Company's hotels, such as spa, parking, and transportation services, are recognized at the time services are provided. The Company recognizes revenues from the Opry and Attractions segment when services are provided or goods are shipped, as applicable. The Company is required to collect certain taxes from customers on behalf of government agencies and remit these back to the applicable governmental entity on a periodic basis. These taxes are collected from customers at the time of purchase, but are not included in revenue. The Company records a liability upon collection from the customer and relieves the liability when payments are remitted to the applicable governmental agency.

Advertising Costs

Advertising costs are expensed as incurred. For the years ended December 31, 2007, 2006 and 2005, advertising costs included in continuing operations were \$20.3 million, \$20.8 million, and \$16.8 million, respectively.

Stock-Based Compensation

At December 31, 2007, the Company has one stock-based employee compensation plan, which is described more fully in Note 11. Prior to January 1, 2006, the Company accounted for stock options granted under this plan under the recognition and measurement provisions of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related Interpretations, as permitted by FASB Statement No. 123, *Accounting for Stock-Based Compensation*. No stock-based employee compensation cost was recognized in the accompanying consolidated statements of operations related to stock options granted under this plan for the year ended December 31, 2005, as all options granted under this plan had an exercise price equal to the market value of the underlying common stock on the date of grant. Effective January 1, 2006, the Company adopted the fair value recognition provisions of FASB Statement No. 123(R), *Share-Based Payment*, using the modified-prospective-transition method. Under that transition method, compensation cost recognized in the year ended December 31, 2007 and 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the grant date fair value estimated in accordance with the original provisions of Statement 123, and (b) compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of Statement 123(R). Results for prior periods have not been restated.

As a result of adopting Statement 123(R) on January 1, 2006, the Company's income before provision for income taxes and net loss for the year ended December 31, 2006 are \$5.2 million lower and \$4.0 million higher, respectively, than if the Company had continued to account for share-based compensation under APB Opinion 25. Basic and diluted loss per share for the year ended December 31, 2006 are \$0.10 higher than if the Company had continued to account for share-based compensation under APB Opinion 25.

Prior to the adoption of Statement 123(R), the Company presented all tax benefits of deductions resulting from the exercise of stock options as operating cash flows in the condensed consolidated statement of cash flows. Statement 123(R) requires the cash flows resulting from the tax benefits resulting from tax deductions in excess of the compensation cost recognized for those options (excess tax benefits) to be classified as financing cash flows. The \$2.8 million excess tax benefit classified as a financing cash inflow in the accompanying consolidated statement of cash flows for the year ended December 31, 2006 would have been classified as an operating cash inflow if the Company had not adopted Statement 123(R).

The following table illustrates the effect on net loss and loss per share if the Company had applied the fair value recognition provisions of Statement 123 to options granted under the Company's stock-based employee compensation plan in all periods presented. For purposes of this pro forma disclosure, the value of the options is estimated using a Black-Scholes-Merton option-pricing formula and amortized to expense over the options' vesting periods.

Table of Contents

As reported	\$ (0.85)
Pro forma	\$ (0.95)

The Company's stock-based compensation is further described in Note 11.

Discontinued Operations

In accounting for discontinued operations, the Company applies the provisions of SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets .

In accordance with the provisions of SFAS No. 144, the Company has presented the operating results, financial position and cash flows of the following businesses as discontinued operations in the accompanying consolidated financial statements as of December 31, 2007 and 2006 and for each of the three years in the period ended December 31, 2007: ResortQuest, WSM-FM and WWTN(FM); Word Entertainment (Word), the Company's contemporary Christian music business; the Acuff-Rose Music Publishing entity; the Company's ownership interest in the Oklahoma RedHawks, a minor league baseball team based in Oklahoma City, Oklahoma; the Company's international cable networks; and the businesses sold to affiliates of The Oklahoma Publishing Company (OPUBCO) in 2001 consisting of Pandora Films, Gaylord Films, Gaylord Sports Management, Gaylord Event Television and Gaylord Production Company. The results of operations of these businesses, including impairment and other charges, restructuring charges and any gain or loss on disposal, have been reflected as discontinued operations, net of taxes, in the accompanying consolidated statements of operations and the assets and liabilities of these businesses are reflected as discontinued operations in the accompanying consolidated balance sheets, as further described in Note 3.

Income (Loss) Per Share

SFAS No. 128, Earnings Per Share , established standards for computing and presenting earnings per share. Under the standards established by SFAS No. 128, earnings per share is measured at two levels: basic earnings per share and diluted earnings per share. Basic earnings per share is computed by dividing net income (loss) by the weighted average number of common shares outstanding during the year. Diluted earnings per share is computed by dividing net income (loss) by the weighted average number of common shares outstanding after considering the effect of conversion of dilutive instruments, calculated using the treasury stock method. Income (loss) per share amounts are calculated as follows for the years ended December 31 (income and share amounts in thousands):

Table of Contents

		2007	
	Income	Shares	Per Share
Net income	\$ 111,911	41,010	\$2.73
Effect of dilutive stock options		1,283	
Net income assuming dilution	\$ 111,911	42,293	\$2.65
		2006	
	Loss	Shares	Per Share
Net loss	\$(79,435)	40,569	\$(1.96)
Effect of dilutive stock options		1,078	
Net loss assuming dilution	\$(79,435)	41,647	\$(1.91)
		2005	
	Loss	Shares	Per Share
Net loss	\$(33,950)	40,171	\$(0.85)
Effect of dilutive stock options			
Net loss assuming dilution	\$(33,950)	40,171	\$(0.85)

The Company has excluded approximately 9,000 and 112,000 shares from the computation of diluted earnings per share for the years ended December 31, 2007 and 2006, respectively, as the effect of their inclusion would be anti-dilutive. For the year ended December 31, 2005, the effect of dilutive stock options was the equivalent of approximately 1,127,000 shares of common stock outstanding. Because the Company had a loss from continuing operations in the year ended December 31, 2005, these incremental shares were excluded from the computation of diluted earnings per share for that year as the effect of their inclusion would be anti-dilutive.

Comprehensive Income

SFAS No. 130, Reporting Comprehensive Income, requires that changes in the amounts of certain items, including gains and losses on certain securities, be shown in the financial statements as a component of comprehensive income. The Company's comprehensive (loss) income is presented in the accompanying consolidated statements of stockholders' equity.

Financial Instruments

The Company has issued \$350.0 million in aggregate principal amount of Senior Notes due 2013 that accrue interest at a fixed rate of 8% (8% Senior Notes). The 8% Senior Notes are discussed further in Note 8. The Company has entered into fixed to variable interest rate swaps with respect to \$125.0 million in aggregate principal amount of the 8% Senior Notes. The carrying value of \$125.0 million of the 8% Senior Notes covered by this interest rate swap approximates fair value based upon the variable nature of this financial instrument's interest rate. However, the \$225.0 million carrying value of the remaining 8% Senior Notes does not approximate fair value. The fair value of this financial instrument, based upon quoted market prices, was \$214.2 million as of December 31, 2007.

The Company has issued \$225.0 million in aggregate principal amount of Senior Notes due 2014 that accrue interest at a fixed rate of 6.75% (6.75% Senior Notes). The 6.75% Senior Notes are discussed further in Note 8. The

fair value of the 6.75% Senior Notes, based upon quoted market prices, was \$225.0 million as of December 31, 2007.

Certain of the Company's investments are carried at fair value determined using quoted market prices as discussed further in Note 5. The carrying amount of short-term financial instruments (cash, short-term investments, trade receivables, accounts payable and accrued liabilities) approximates fair value due to the short maturity of those instruments. The concentration of credit risk on trade receivables is minimized by the large and diverse nature of the Company's customer base.

F-15

Table of Contents**Derivatives and Hedging Activities**

The Company utilizes derivative financial instruments to reduce interest rate risks and to manage risk exposure to changes in the value of certain owned marketable securities and portions of its fixed rate debt, as well as changes in the prices at which the Company purchases natural gas. The Company records derivatives in accordance with the provisions of SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, which was subsequently amended by SFAS No. 138 and SFAS No. 149. SFAS No. 133, as amended, established accounting and reporting standards for derivative instruments and hedging activities. SFAS No. 133, as amended, requires all derivatives to be recognized in the statement of financial position and to be measured at fair value. Changes in the fair value of those instruments are reported in earnings or other comprehensive income depending on the use of the derivative and whether it qualifies for hedge accounting.

Financial exposures are managed as an integral part of the Company's risk management program, which seeks to reduce the potentially adverse effect that the volatility of the marketable securities, interest rate and natural gas commodity markets may have on operating results. The Company does not engage in speculative transactions, nor does it hold or issue financial instruments for trading purposes. The Company formally documents hedging instruments and hedging items, as well as its risk management objective and strategy for undertaking hedged items. This process includes linking all derivatives that are designated as fair value and cash flow hedges to specific assets, liabilities or firm commitments on the consolidated balance sheet or to forecasted transactions. The Company also formally assesses, both at inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair value or cash flows of hedged items. When it is determined that a derivative is not highly effective, the derivative expires or is sold or terminated, or the derivative is discontinued because it is unlikely that a forecasted transaction will occur, the Company discontinues hedge accounting prospectively for that specific hedge instrument.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Newly Issued Accounting Standards

In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS No. 157, *Fair Value Measurements*, to define fair value, establish a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expand disclosures about fair value measurements. The provisions of SFAS No. 157 are effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The Company will adopt the provisions of this statement beginning in the first quarter of 2008. The Company does not expect the adoption of SFAS No. 157 to have a material impact on our consolidated financial position and results of operations.

In September 2006, the FASB issued SFAS No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans*, an amendment of FASB Statements No 87, 88, 106, and 132(R). SFAS No. 158 requires plan sponsors of defined benefit pension and other postretirement benefit plans (collectively, *postretirement benefit plans*) to recognize the funded status of their postretirement benefit plans in the statement of financial position, measure the fair value of plan assets and benefit obligations as of the date of the fiscal year-end statement of financial position, and provide additional disclosures. On December 31, 2006, we adopted the recognition and disclosure provisions of SFAS No. 158. The effect of adopting SFAS No. 158 on the Company's financial condition at December 31, 2006 has been included in the accompanying consolidated financial statements. SFAS No. 158's provisions regarding the change in the measurement date of postretirement benefit plans is effective for fiscal years ending after December 15, 2008. The Company will adopt the measurement date provision in the fiscal year ending December 31, 2008. The Company does not expect the adoption of SFAS No. 158 to have a material impact on its consolidated financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities including an amendment to FASB Statement No. 115, which permits entities to choose to measure eligible items at fair value at specified election dates. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings at each subsequent reporting date. The fair value option (i) may be applied instrument by instrument, with certain exceptions, (ii) is irrevocable (unless a new election date occurs) and (iii) is applied only to entire instruments and not to portions of instruments. The statement is effective for fiscal years beginning after November 15, 2007. The Company will adopt the provisions of this statement

F-16

Table of Contents

beginning in the first quarter of 2008. The Company has elected not to apply the fair value option to any of its financial instruments, so the adoption of this statement will not have a material impact on its consolidated financial position and results of operations.

In December 2007, the FASB issued SFAS No. 160, *Non-controlling Interests in Consolidated Financial Statements* an amendment of ARB No. 51. This statement establishes accounting and reporting standards for the non-controlling interest in a subsidiary and for the deconsolidation of a subsidiary. SFAS No. 160 clarifies that a non-controlling interest in a subsidiary, which is sometimes referred to as minority interest, is an ownership interest in the consolidated entity that should be reported as a component of equity in the consolidated financial statements. Among other requirements, SFAS No. 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the non-controlling interest. It also requires disclosure, on the face of the consolidated income statement, of the amounts of consolidated net income attributable to the parent and to the non-controlling interest. This statement is effective prospectively, except for certain retrospective disclosure requirements, for fiscal years beginning after December 15, 2008. The Company will adopt the provisions of this statement in the first quarter of 2009. The Company is assessing the potential impact of this statement on its consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141(R), *Business Combinations* a replacement of FASB Statement No. 141. SFAS No. 141(R) replaces SFAS No. 141, *Business Combinations*, and applies to all transactions and other events in which one entity obtains control over one or more other businesses. SFAS No. 141(R) requires an acquirer, upon initially obtaining control of another entity, to recognize the assets, liabilities and any non-controlling interest in the acquiree at fair value as of the acquisition date. Contingent consideration is required to be recognized and measured at fair value on the date of acquisition rather than at a later date when the amount of that consideration may be determinable beyond a reasonable doubt. SFAS No. 141(R) requires acquirers to expense acquisition-related costs as incurred rather than allocating such costs to the assets acquired and liabilities assumed, as was previously the case under SFAS No. 141. Under SFAS No. 141(R), the requirements of SFAS No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*, would have to be met in order to accrue for a restructuring plan in purchase accounting. Pre-acquisition contingencies are to be recognized at fair value, unless it is a non-contractual contingency that is not likely to materialize, in which case, no amounts should be recognized in purchase accounting and, instead, that contingency would be subject to the probable and estimable recognition criteria of SFAS No. 5, *Accounting for Contingencies*. This statement is effective prospectively, except for certain retrospective adjustments to deferred tax balances, for fiscal years beginning after December 15, 2008. The Company will adopt the provisions of this statement in the first quarter of 2009. The Company is assessing the potential impact of this statement on its consolidated financial statements.

2. Construction Funding Requirements

As of December 31, 2007, the Company had \$23.6 million in unrestricted cash, \$589.6 million available for borrowing under its \$1.0 billion credit facility (subject to the satisfaction of the debt incurrence test under the indentures), and the net cash flows from operations to fund its cash requirements including the Company's 2008 construction commitments related to its hotel construction projects.

On February 23, 2005, the Company acquired approximately 42 acres of land and related land improvements in Prince George's County, Maryland for approximately \$29 million on which the Company is developing the Gaylord National. Approximately \$17 million of this was paid in the first quarter of 2005, with the remainder payable upon completion of the project. The project was originally planned to include a 1,500 room hotel, but the Company has expanded the planned hotel to a total of 2,000 rooms. In connection with this expansion, the Company will pay an additional \$8 million for land improvements related to the expanded facility upon completion of the project. The Company currently expects to open the hotel in 2008.

Prince George's County, Maryland has approved three bond issues related to the development of this hotel project. The first bond issuance, in the amount of \$65.0 million, was issued by Prince George's County, Maryland in April 2005 to support the cost of infrastructure being constructed by the project developer, such as roads, water and sewer lines. The second bond issuance, in the amount of \$95.0 million, was issued by Prince George's County, Maryland in April 2005 and placed into escrow until completion of the convention center and 1,500 rooms within the

hotel, at which time the bonds will be released to the Company. In addition, on July 18, 2006, Prince George's County, Maryland approved an additional \$50 million of bonds, which will be issued to the Company upon completion of the entire project. The Company will initially hold the \$95 million and \$50 million bond issuances and receive the debt service thereon, which is payable from tax increment, hotel tax and special hotel rental taxes generated from the development.

The Company has entered into several agreements with a general contractor and other suppliers for the provision of certain construction services at the site. As of December 31, 2007, the Company had committed to pay \$870.9 million under those agreements for construction services and supplies and other construction related costs (\$97.9 million of which was outstanding at December 31,

F-17

Table of Contents

2007). Construction costs to date have exceeded the Company's initial estimates from 2004. A portion of these increased costs are attributable to: (a) construction materials price escalation that has occurred over the past three years; (b) increased cost of construction labor in the Washington, D.C. marketplace due to historically low unemployment and a high degree of construction activity; (c) the Company's 500-room expansion and related additional meeting space, and the acceleration of its construction so that the expansion will open concurrently with the original project; and (d) enhancements to the project design. The Company currently estimates that the total cost of the project will be approximately \$920 - \$950 million, which includes the estimated construction costs for the expanded 2,000 room facility and excludes capitalized interest, pre-opening costs and the governmental economic incentives in connection with the Gaylord National hotel project, of which the Company has spent approximately \$721.7 million (excluding capitalized interest and preopening costs) as of December 31, 2007.

On July 25, 2006, the Unified Port of San Diego Board of Commissioners and the City of Chula Vista approved a non-binding letter of intent with the Company, outlining the general terms of our development of a 1,500 to 2,000 room convention hotel in Chula Vista, California. The parties recently extended the termination date for the non-binding letter of intent to May 31, 2008, and the parties continue to discuss the terms under which the Company would develop and operate the convention hotel project. If the parties can reach a final agreement, such agreement would be subject to a number of closing conditions and approvals, including but not limited to approval by the California Coastal Commission. At this time, the Company is unable to predict whether such approvals would be forthcoming. The Company is considering other potential hotel sites throughout the country. The timing and extent of any of these development projects is uncertain, and the Company has not made any commitments, received any government approvals or made any financing plans in connection with these development projects.

3. Discontinued Operations

As discussed in Note 1, the Company has reflected the following businesses as discontinued operations, consistent with the provisions of SFAS No. 144 and APB No. 30. The results of operations, net of taxes (prior to their disposal, where applicable) and the carrying value of the assets and liabilities of these businesses have been reflected in the accompanying consolidated financial statements as discontinued operations in accordance with SFAS No. 144 for all periods presented.

ResortQuest

During the third quarter of 2005, the Company committed to a plan of disposal of certain markets of its ResortQuest business that were considered to be inconsistent with the Company's long term growth strategy. In connection with this plan of disposal, the Company recorded pre-tax restructuring charges of \$44,000 and \$0.8 million during 2006 and 2005, respectively, related to employee severance benefits in the discontinued markets. Based on its decision to dispose of these markets, the Company also recorded pre-tax impairment charges of \$2.8 million during 2005. Included in this charge are the impairment of goodwill of \$2.3 million, the impairment of fixed assets of \$0.4 million, and the impairment of intangible assets of \$0.1 million. In order to determine the impairment losses related to goodwill, fixed assets, and intangible assets of these markets, the Company determined the fair value of each market or long-lived asset based on current negotiations of sales prices with potential buyers of each market.

The Company completed the sale of four of these markets during the fourth quarter of 2005 for approximately \$1.4 million in cash. The Company recognized a pretax loss of \$0.4 million during the fourth quarter of 2005 related to these sales, which is recorded in income from discontinued operations in the consolidated statement of operations. The pre-tax loss on these sales included the writeoff of \$1.0 million in goodwill related to the markets sold. The Company completed the sale of two more of these markets during the first quarter of 2006. In exchange for the assets associated with these two markets, the buyers of these markets assumed \$0.9 million in liabilities associated with the markets and the Company paid the buyers \$0.7 million in cash. The Company recognized a pretax loss of \$0.3 million during the first quarter of 2006 related to these two sales, which is recorded in income from discontinued operations in the consolidated statement of operations. The Company completed the sale of the remaining two markets in the second quarter of 2006. In exchange for the assets associated with these two markets, the buyers of these markets assumed \$0.3 million in liabilities associated with the markets and the Company paid the buyer \$0.2 million in cash. The Company recognized a pretax loss of \$0.5 million during the second quarter of 2006 related to these sales, which is recorded in income from discontinued operations in the consolidated statement of operations.

During the second quarter of 2006, the Company completed the sale of one additional market of its ResortQuest business that was not included in the plan of disposal described above, but was later determined to be inconsistent with the Company's long term growth strategy, for approximately \$1.5 million in cash. The Company recognized a pretax gain of \$0.7 million during the second quarter of 2006 related to this sale, which is recorded in income from discontinued operations in the consolidated statement of operations. The

F-18

Table of Contents

pre-tax gain on this sale included the write-off of \$0.5 million in goodwill related to the market sold. The Company did not record any restructuring charges in connection with the sale of this market.

During the second quarter of 2007, the Company committed to a plan of disposal of the remainder of its ResortQuest business. On May 31, 2007, the Company completed the sale of its ResortQuest Hawaii operations through the transfer of all of its equity interests in its ResortQuest Hawaii subsidiaries (ResortQuest Hawaii) to Vacation Holdings Hawaii, Inc., an affiliated company of Interval International, for \$109.1 million in cash, prior to giving effect to a purchase price adjustment based on the working capital of ResortQuest Hawaii as of the closing. The Company retained its 19.9% ownership interest in RHAC Holdings, LLC and its 18.1% ownership interest in Waipouli Holdings LLC, which ownership interests were excluded from this transaction. For the year ended December 31, 2007, the Company recognized a pretax gain of \$50.0 million in discontinued operations in the accompanying consolidated statements of operations related to the sale of ResortQuest Hawaii. In connection with the sale of ResortQuest Hawaii, the Company recorded pre-tax restructuring charges for employee severance benefits of \$0.4 million for the year-ended December 31, 2007, all of which was included in the pre-tax gain on the sale of ResortQuest Hawaii. Net proceeds from the sale of \$107.7 million were used to reduce the Company's outstanding indebtedness.

On June 1, 2007, the Company completed the sale of the remainder of the operations of its ResortQuest subsidiary through the transfer of all of its capital stock in its ResortQuest Mainland subsidiary (ResortQuest Mainland) to BEI-RZT Corporation, a subsidiary of Leucadia National Corporation for \$35.0 million, prior to giving effect to certain purchase price adjustments, including a purchase price adjustment based on the working capital of ResortQuest Mainland as of the closing. The purchase price was paid by the delivery of a four-year promissory note in the principal amount of \$8.0 million bearing interest at the annual rate of 10%, and the balance of the purchase price was paid in cash at closing. As of June 30, 2007, the Company estimated that it would be required to pay \$4.9 million to BEI RZT Corporation pursuant to the final purchase price adjustment based on the working capital of ResortQuest Mainland as of the closing. The Company accrued this liability during the second quarter of 2007 as part of the loss on the sale of ResortQuest Mainland. During the third quarter of 2007, the Company and BEI RZT Corporation reached an agreement that the Company would be required to pay approximately \$8.0 million to BEI - RZT Corporation pursuant to the final purchase price adjustment. The Company accrued the additional \$3.1 million purchase price adjustment during the third quarter of 2007. The Company and BEI RZT Corporation also agreed that the four-year \$8.0 million promissory note received from BEI RZT Corporation at closing would be cancelled and deemed to be satisfied and paid in full in full satisfaction of the approximately \$8.0 million final purchase price adjustment described above. As a result of the final purchase price adjustments and cancellation of the note, the Company recognized a pretax loss of \$59.5 million in discontinued operations in the accompanying consolidated statements of operations for the year-ended December 31, 2007 related to the sale of ResortQuest Mainland. In connection with the sale of ResortQuest Mainland, the Company recorded pre-tax restructuring charges for employee severance benefits of \$0.4 million for the year-ended December 31, 2007, of which \$0.3 million was included in the pretax loss on the sale of ResortQuest Mainland. Net cash proceeds from the sale of \$9.4 million were used to reduce the Company's outstanding indebtedness.

During 2006, the Company incurred total impairment charges of \$110.7 million related to goodwill and other long-lived assets of ResortQuest as further discussed below.

The Company evaluated its goodwill and other intangible assets with indefinite useful lives for impairment as of December 31, 2006 as described in Note 1. In connection with this impairment test, the Company determined that the fair value of the ResortQuest trade name, which is an intangible asset with an indefinite useful life, was less than its carrying value. In accordance with SFAS No. 142, the Company recorded an impairment charge of \$12.1 million to write down the carrying value of the ResortQuest trade name to its fair value. Also in connection with the annual impairment test, the Company determined that the fair values of certain reporting units of ResortQuest were less than the carrying values of those reporting units, which indicated the goodwill related to those reporting units was impaired. Therefore, the Company measured the impairment of goodwill as described in Note 1 and recorded an impairment charge of \$85.0 million to write down the carrying values of goodwill at the impaired reporting units to their implied fair values. These impairment charges reflect the amounts by which the carrying values of the trade

name and impaired reporting units exceeded their estimated fair values determined by their estimated future discounted cash flows.

During 2005 and 2006, the Company was developing a new enterprise property management system for ResortQuest named ReQuest. The Company indefinitely suspended the development of ReQuest during the fourth quarter of 2006. As a result of this decision, the Company determined that there had been a significant change in the extent or manner in which the system was expected to be used and it was no longer probable that ReQuest would be completed and placed in service, both of which are indicators that the carrying value of the asset may be not be recoverable under SFAS No. 144 and SOP 98-1. In accordance with SFAS No. 144, the Company determined that the carrying value of ReQuest was not recoverable and recorded an impairment charge of \$12.6 million to write off the carrying value of ReQuest. The Company determined the fair value of ReQuest based on the fair value of the hardware

F-19

Table of Contents

and software components of ReQuest that could be redeployed to other operations of the Company. Also in accordance with SFAS No. 144, the Company determined that the management contracts at a certain market of ResortQuest were not recoverable and recorded an impairment charge of \$0.2 million to write down the carrying values of those management contracts to their fair values.

As a result of a significant adverse change in the business climate at one of the markets of its ResortQuest business during the third quarter of 2006, the Company assessed the recoverability of the carrying value of certain long lived assets in this market and recorded an impairment loss of \$0.8 million related to goodwill and \$0.1 million related to certain intangible assets. These impairment charges reflect the amounts by which the carrying values of the related reporting unit or intangible asset exceeded their estimated fair values determined by their estimated future discounted cash flows.

Also during 2006, the Company received \$5.3 million in cash in full settlement of its claim under its business interruption insurance policies for profits lost by ResortQuest as a result of hurricanes Ivan, Dennis and Charley. The Company has recorded the net recovery of \$4.9 million as revenue in the results of operations of businesses accounted for as discontinued operations presented below.

Acuff-Rose Music Publishing

During the second quarter of 2002, the Company committed to a plan of disposal of its Acuff-Rose Music Publishing catalog entity. During the third quarter of 2002, the Company finalized the sale of the Acuff-Rose Music Publishing entity to Sony/ ATV Music Publishing for approximately \$157.0 million in cash. The Company recognized a pretax gain of \$130.6 million during the third quarter of 2002 related to the sale. Proceeds of \$25.0 million were used to reduce the Company's outstanding indebtedness. During the fourth quarter of 2007, due to the expiration of certain indemnification periods as specified in the sales contract, a previously established indemnification reserve of \$0.5 million was reversed and is included in income from discontinued operations in the consolidated statement of operations.

The following table reflects the results of operations of businesses accounted for as discontinued operations for the years ended December 31 (amounts in thousands):

	2007	2006	2005
REVENUES:			
ResortQuest	\$ 91,229	\$ 227,969	\$ 240,215
OPERATING LOSS:			
ResortQuest	\$ (4,460)	\$ (1,965)	\$ (8,690)
Acuff Rose Music Publishing	517		
Other		6	
Impairment charges		(110,710)	(2,749)
Restructuring charges	(125)	(44)	(840)
Total operating loss	(4,068)	(112,713)	(12,279)
INTEREST EXPENSE, NET OF AMOUNTS CAPITALIZED	(17)	754	80
INTEREST INCOME	309	1,058	725
OTHER GAINS AND (LOSSES)			
ResortQuest	(9,450)	6,074	325
Other		216	136
Total other gains and (losses)	(9,450)	6,290	461
Loss before benefit for income taxes	(13,226)	(104,611)	(11,013)

BENEFIT FOR INCOME TAXES	(23,149)	(20,398)	(7,133)
Income (loss) from discontinued operations	\$ 9,923	\$ (84,213)	\$ (3,880)

Included in other gains and (losses) in 2007 is a pre-tax gain of \$50.0 million on the sale of ResortQuest Hawaii and a pre-tax loss of \$59.5 million on the sale of ResortQuest Mainland. The remaining gains and (losses) in 2007 are primarily comprised of miscellaneous income and expense. Included in other gains and (losses) in 2006 is a pre-tax loss of \$17,000 on the sale of certain ResortQuest markets. The remaining gains and (losses) in 2006 are primarily comprised of a \$5.9 million gain on the collection of a

F-20

Table of Contents

note receivable by ResortQuest that was previously considered uncollectible, gains and losses recognized on the resolution of various contingent items subsequent to the sale of certain ResortQuest markets, as well as gains and losses on the sales of fixed assets and other miscellaneous income and expense. Included in other gains and (losses) in 2005 is a pre-tax loss of \$0.4 million on the sale of certain ResortQuest markets. The remaining gains and (losses) in 2005 are primarily comprised of a \$0.9 million gain on the settlement of certain litigation related to ResortQuest, gains and losses on the sale of fixed assets, and the subsequent reversal of liabilities accrued at the time of disposal of these businesses for various contingent items.

The benefit for income taxes for the twelve months ended December 31, 2007 primarily relates to a permanent tax benefit recognized due to differences between book and tax basis on the sales of ResortQuest Hawaii and ResortQuest Mainland, the Company settling certain ResortQuest issues with the Internal Revenue Service related to periods prior to the acquisition of ResortQuest, the tax effect of interest charged to ResortQuest International, Inc. during the period, and the writeoff of taxable goodwill associated with the ResortQuest markets sold in this period.

The assets and liabilities of the discontinued operations presented in the accompanying consolidated balance sheets at December 31 are comprised of (amounts in thousands):

	2007	2006
Current assets:		
Cash and cash equivalents unrestricted	\$	\$ 5,224
Cash and cash equivalents restricted		14,459
Trade receivables, net		5,715
Prepaid expenses	106	1,745
Other current assets	691	6,809
	797	33,952
Property and equipment, net of accumulated depreciation		28,758
Intangible assets, net of accumulated amortization		22,460
Goodwill		80,416
Indefinite-lived intangible assets		26,774
Other long-term assets		5,478
Total long-term assets		163,886

Other long-term liabilities		
Long-term debt and capital lease obligation, net of current portion		10
Other long-term liabilities	542	2,438

Total long-term liabilities	542	2,448
Total liabilities	\$ 3,302	\$ 60,354

F-21

Table of Contents**4. Property and Equipment**

Property and equipment of continuing operations at December 31 is recorded at cost and summarized as follows (amounts in thousands):

	2007	2006
Land and land improvements	\$ 167,745	\$ 163,848
Buildings	1,284,432	1,262,841
Furniture, fixtures and equipment	408,379	417,328
Construction in progress	949,776	333,422
	2,810,332	2,177,439
Accumulated depreciation	(614,068)	(567,754)
Property and equipment, net	\$2,196,264	\$1,609,685

The increase in construction in progress during 2007 primarily relates to the construction of Gaylord National, which is expected to open in 2008. Depreciation expense, including amortization of assets under capital lease obligations, of continuing operations for the years ended December 31, 2007, 2006 and 2005 was \$73.3 million, \$71.3 million, and \$68.9 million, respectively. Capitalized interest for the years ended December 31, 2007, 2006 and 2005 was \$42.3 million, \$10.0 million, and \$2.5 million, respectively.

5. Investments

Investments related to continuing operations at December 31 are summarized as follows (amounts in thousands):

	2007	2006
Short term investments:		
Viacom and CBS Class B non-voting common stock	\$	\$394,913
Long term investments:		
Bass Pro	\$	\$ 79,521
RHAC Holdings, LLC	796	1,631
Waipouli Holdings, LLC	3,347	3,336
Total long-term investments	\$4,143	\$ 84,488

Viacom and CBS Class B Non-Voting Common Stock

The Company acquired CBS Series B convertible preferred stock during 1999 as consideration in the divestiture of television station KTVT. CBS merged with Viacom, Inc. in May 2000. As a result of the merger of CBS and Viacom, Inc., the Company received 11,003,000 shares of Viacom Class B non-voting common stock. On December 31, 2005, Viacom Inc. completed a transaction to separate Viacom Inc. into two publicly traded companies named CBS Corporation and Viacom Inc. by converting (i) each outstanding share of Viacom Class A common stock into 0.5 shares of CBS Corporation Class A common stock and 0.5 shares of Viacom, Inc. Class A common stock and (ii) each outstanding share of Viacom Class B common stock into 0.5 shares of CBS Corporation Class B common stock and 0.5 shares of Viacom, Inc. Class B common stock. As a result of this transaction, the Company exchanged the 10,937,900 shares of Viacom Class B common stock it held on January 3, 2006 for 5,468,950 shares of CBS Corporation Class B Common Stock (CBS Stock) and 5,468,950 shares of Viacom, Inc. Class B common stock (Viacom Stock) effective January 3, 2006. The original carrying value of the CBS Series B convertible preferred stock was \$485.0 million.

At December 31, 2000, the Viacom Stock was classified as available-for-sale as defined by SFAS No. 115, and accordingly, the Viacom Stock was recorded at market value, based upon the quoted market price, with the difference

between cost and market value recorded as a component of other comprehensive income, net of deferred income taxes. In connection with the Company's adoption of SFAS No. 133, effective January 1, 2001, the Company recorded a nonrecurring pretax gain of \$29.4 million, related to reclassifying its investment in the Viacom Stock from available-for-sale to trading as defined by SFAS No. 115. This gain, net of taxes of \$11.4 million, had been previously recorded as a component of stockholders' equity. As trading securities, the Viacom Stock and CBS Stock

F-22

Table of Contents

continued to be recorded at market value, but changes in market value were included as gains and losses in the consolidated statements of operations. For the year ended December 31, 2007, the Company recorded net pretax gains of \$6.4 million related to the increase in fair value of the Viacom Stock and CBS Stock. For the year ended December 31, 2006, the Company recorded net pretax gains \$38.3 million related to the increase in fair value of the Viacom Stock and CBS Stock. For the year ended December 31, 2005, the Company recorded net pretax losses of \$41.6 million related to the decrease in fair value of the Viacom Stock.

During May 2007, the secured forward exchange contract (SFEC), which is further discussed in Note 6, matured and the Company delivered all of the Viacom Stock and CBS Stock to Credit Suisse First Boston in full satisfaction of the \$613.1 million debt obligation under the SFEC. As a result, the debt obligation, Viacom Stock, CBS Stock, put option, call option, and deferred financing costs related to the SFEC were removed from the consolidated balance sheet.

Bass Pro

From December 31, 1999 to July 8, 2004, the Company owned a 19.0% interest in Bass Pro, Inc. and accounted for its investment in Bass Pro, Inc. under the cost method of accounting. On July 8, 2004, Bass Pro, Inc. redeemed the approximate 28.5% interest held in Bass Pro, Inc. by private equity investor, J.W. Childs Associates. As a result, the Company's ownership interest in Bass Pro, Inc. increased to 26.6% as of the redemption date. Because the Company's ownership interest in Bass Pro, Inc. increased to a level exceeding 20%, the Company was required by Accounting Principles Board Opinion No. 18, *The Equity Method of Accounting for Investments in Common Stock*, to account for its investment in Bass Pro, Inc. under the equity method of accounting beginning in the third quarter of 2004.

In the second quarter of 2005, Bass Pro, Inc. restated its previously issued historical financial statements to reflect certain non-cash changes, which resulted primarily from a change in the manner in which Bass Pro, Inc. accounted for its long term leases. This restatement resulted in a cumulative reduction in Bass Pro, Inc.'s net income of \$8.6 million through December 31, 2004, which resulted in a pro-rata cumulative reduction in the Company's income from unconsolidated companies of \$1.7 million. The Company determined that the impact of the adjustments recorded by Bass Pro, Inc. is immaterial to the Company's consolidated financial statements in all prior periods. Therefore, the Company reflected its \$1.7 million share of the re-statement adjustments as a one-time adjustment to income from unconsolidated companies during the second quarter of 2005.

On December 14, 2005, the shareholders of Bass Pro, Inc. contributed their equity in Bass Pro, Inc. to a newly formed limited liability company, Bass Pro Group, LLC in exchange for ownership interests in Bass Pro Group, LLC. The majority owner of Bass Pro, Inc. also contributed to Bass Pro Group, LLC (simultaneously with the contributions of the Bass Pro, Inc. stock) his equity interest in Tracker Marine, L.L.C., Tracker Marine Retail, LLC and Big Cedar, L.L.C. As a result, Bass Pro, Inc., Tracker Marine, L.L.C., Tracker Marine Retail, LLC and Big Cedar, L.L.C. became wholly-owned subsidiaries of Bass Pro Group, LLC. Because Bass Pro Group, LLC received these additional businesses through contribution simultaneously with its receipt of Bass Pro, Inc. stock through contribution, the Company received a 13.0% interest in Bass Pro Group, LLC, as opposed to the Company's previous 26.6% interest in Bass Pro, Inc. The Company continued to account for its investment in Bass Pro Group, LLC under the equity method of accounting in accordance with EITF Issue No. 03-16, *Accounting for Investments in Limited Liability Companies*, American Institute of Certified Public Accountants Statement of Position 78-9, *Accounting for Investments in Real Estate Ventures*, and EITF Abstracts Topic No. D-46, *Accounting for Limited Partnership Investment*. Due to the timing of the Company's receipt of financial information from Bass Pro, Inc. and Bass Pro Group, LLC, the Company records its equity in the income of Bass Pro, Inc. and Bass Pro Group, LLC one month in arrears.

On May 31, 2007, the Company completed the sale of all of its ownership interest in Bass Pro Group, LLC to Bass Pro Group, LLC for a purchase price of \$222.0 million in cash. The Company recognized a pre-tax gain of \$140.3 million from the sale of its interest in Bass Pro Group, LLC, which is recorded in other gains and losses in the accompanying consolidated statements of operations. Net proceeds from the sale of \$221.5 million were used to reduce the Company's outstanding indebtedness. The Company's Chief Executive Officer formerly served as a member of the board of managers of Bass Pro Group, LLC but resigned upon consummation of the sale.

Summary financial information for Bass Pro Group, LLC (and Bass Pro, Inc.) from which the Company's equity method income is derived is as follows (in thousands):

Table of Contents

	2006	2005
Net sales	\$2,075,865	\$1,090,160
Gross profit	729,775	425,418
Net income	75,326	5,214

	2006
Current assets	\$705,676
Noncurrent assets	608,201
Current liabilities	534,287
Noncurrent liabilities	548,500

RHAC Holdings, LLC

On May 31, 2005, the Company, through a wholly-owned subsidiary named RHAC, LLC, entered into an agreement to purchase the 716-room Aston Waikiki Beach Hotel and related assets located in Honolulu, Hawaii (the Waikiki Hotel) for an aggregate purchase price of \$107.0 million. Simultaneously with this purchase, G.O. IB-SIV US, a private real estate fund managed by DB Real Estate Opportunities Group (IB-SIV), acquired an 80.1% ownership interest in the parent company of RHAC, LLC, RHAC Holdings, LLC, in exchange for its capital contribution of \$19.1 million to RHAC Holdings, LLC. As a part of this transaction, the Company entered into a joint venture arrangement with IB-SIV and retained a 19.9% ownership interest in RHAC Holdings, LLC in exchange for its \$4.7 million capital contribution to RHAC Holdings, LLC. Both the Company and IB-SIV will contribute additional funds as needed for their pro-rata share of specified construction costs associated with the redevelopment of the Waikiki Hotel. RHAC, LLC financed the purchase of the Waikiki Hotel by entering into a series of loan transactions with Greenwich Capital Financial Products, Inc. (the Waikiki Hotel Lender) consisting of a \$70.0 million senior loan secured by the Waikiki Hotel and a \$16.3 million mezzanine loan secured by the ownership interest of RHAC, LLC (collectively, the Waikiki Hotel Loans). IB-SIV is the managing member of RHAC Holdings, LLC, but certain actions of RHAC Holdings, LLC initiated by IB-SIV require the approval of the Company as a member. In addition, under the joint venture arrangement, ResortQuest Hawaii (which the Company formerly owned) secured a 20-year hotel management agreement from RHAC, LLC. Pursuant to the terms of the hotel management agreement, ResortQuest Hawaii is responsible for the day-to-day operations of the Waikiki Hotel in accordance with RHAC, LLC's business plan. The Company is accounting for its investment in RHAC Holdings, LLC under the equity method of accounting in accordance with EITF Issue No. 03-16, *Accounting for Investments in Limited Liability Companies*, American Institute of Certified Public Accountants Statement of Position 78-9, *Accounting for Investments in Real Estate Ventures*, and EITF Abstracts Topic No. D-46, *Accounting for Limited Partnership Investments*. Subsequent to its purchase by RHAC, LLC, the Aston Waikiki Beach Hotel was renamed the ResortQuest Waikiki Beach Hotel. The Company retained its ownership interest in RHAC Holdings, LLC after the sale of ResortQuest Hawaii.

For the period January 1, 2007 to May 31, 2007 (which is the period during 2007 that the Company owned ResortQuest Hawaii), the year ended December 31, 2006, and the period June 1, 2005 to December 31, 2005, ResortQuest Hawaii earned total fees of \$1.0 million, \$1.9 million, and \$1.5 million, respectively, from its management agreement with RHAC, LLC. During December 2005, RHAC, LLC sold the Mauka Tower, a 72-room hotel adjacent to the Aston Waikiki Beach Hotel. The Company received a cash distribution of \$2.3 million from RHAC Holdings, LLC for its share of the proceeds from the sale. On September 29, 2006, RHAC, LLC refinanced the Waikiki Hotel Loans with the Waikiki Hotel Lender, which resulted in the mezzanine loan increasing from \$16.3 million to \$34.9 million. RHAC, LLC used the proceeds from this refinancing primarily to fund a renovation project at the Waikiki Hotel.

Waipouli Holdings, LLC

On June 20, 2006, the Company entered into a joint venture arrangement with RREEF Global Opportunities Fund II, LLC, a private real estate fund managed by DB Real Estate Opportunities Group (RREEF), and acquired a 19.9% ownership interest in the joint venture, Waipouli Holdings, LLC, in exchange for the Company's capital contribution of \$3.8 million to Waipouli Holdings, LLC. On June 20, 2006, through a wholly-owned subsidiary named Waipouli

Owner, LLC, Waipouli Holdings, LLC acquired the 311-room ResortQuest Kauai Beach at Makaiwa Hotel and related assets located in Kapaa, Hawaii (the Kauai Hotel) for an aggregate purchase price of \$68.8 million. Both the Company and RREEF will contribute additional funds as needed for their pro-rata share of specified construction costs associated with the redevelopment of the Kauai Hotel. Waipouli Owner, LLC financed the purchase of the Kauai Hotel by entering into a series of loan transactions with Morgan Stanley Mortgage Capital, Inc. (the Kauai Hotel Lender) consisting of a \$52.0 million senior loan secured by the Kauai Hotel, an \$8.2 million senior mezzanine loan secured by

F-24

Table of Contents

the ownership interest of Waipouli Owner, LLC, and an \$8.2 million junior mezzanine loan secured by the ownership interest of Waipouli Owner, LLC (collectively, the *Kauai Hotel Loans*). RREEF is the managing member of Waipouli Holdings, LLC, but certain actions initiated by RREEF require the approval of the Company. In addition, under the joint venture arrangement, ResortQuest Hawaii (which the Company formerly owned) secured a five year hotel management agreement from Waipouli Owner, LLC. Pursuant to the terms of the hotel management agreement, ResortQuest Hawaii will be responsible for the day-to-day operations of the Kauai Hotel in accordance with Waipouli Owner LLC's business plan. The Company accounts for its investment in Waipouli Holdings, LLC under the equity method of accounting in accordance with Emerging Issues Task Force (EITF) Issue No. 03-16, *Accounting for Investments in Limited Liability Companies*, American Institute of Certified Public Accountants Statement of Position 78-9, *Accounting for Investments in Real Estate Ventures*, and EITF Abstracts Topic No. D-46, *Accounting for Limited Partnership Investment*. The Company retained its ownership interest in Waipouli Holdings, LLC after the sale of ResortQuest Hawaii.

For the period January 1, 2007 to May 31, 2007 (which is the period during 2007 that the Company owned ResortQuest Hawaii) and the period June 21, 2006 to December 31, 2006, ResortQuest Hawaii earned total fees of \$0.4 million and \$0.6 million, respectively, from its management agreement with Waipouli Owner, LLC. In October 2006, Waipouli Owner, LLC requested RREEF and the Company to make an additional capital contribution of \$1.7 million to Waipouli Holdings, LLC to fund the purchase of the land on which the Kauai Hotel is built. The Company elected not to make the requested capital contribution, which diluted its ownership interest in Waipouli Holdings, LLC from 19.9% to 18.1% as of December 31, 2006.

6. Secured Forward Exchange Contract

During May 2000, the Company entered into a seven-year secured forward exchange contract (SFEC) with an affiliate of Credit Suisse First Boston with respect to 10,937,900 shares of Viacom, Inc. Class B common stock, which, as further discussed in Note 5, the Company exchanged for 5,468,950 shares of Viacom Stock and 5,468,950 shares of CBS Stock effective January 3, 2006.

Prior to its maturity in May 2007, the seven-year SFEC had a notional amount of \$613.1 million and required contract payments based upon a stated 5% rate. The Company's obligation under the SFEC was collateralized by a security interest in the Company's Viacom Stock and CBS Stock. The SFEC protected the Company against decreases in the combined fair market value of the Viacom Stock and CBS Stock below \$56.05 per share by way of a put option; the SFEC also provided for participation in the increases in the combined fair market value of the Viacom Stock and CBS Stock in that the Company received 100% of the appreciation between \$56.05 and \$64.45 per share and, by way of a call option, 25.93% of the appreciation above \$64.45 per share. The Company realized cash proceeds from the SFEC of \$506.5 million, net of discounted prepaid contract payments and prepaid interest related to the first 3.25 years of the contract and transaction costs totaling \$106.6 million. In October 2000, the Company prepaid the remaining 3.75 years of contract interest payments required by the SFEC of \$83.2 million. As a result of the prepayment, the Company was not required to make any further contract interest payments during the seven-year term of the SFEC. Additionally, as a result of the prepayment, the Company was released from certain covenants of the SFEC, which related to sales of assets, additional indebtedness and liens. The Company recognized the prepaid contract payments and deferred financing charges associated with the SFEC as interest expense over the seven-year contract period using the effective interest method, which resulted in non-cash interest expense of \$10.5 million, \$26.9 million, and \$26.9 million for 2007, 2006, and 2005, respectively.

During May 2007, the SFEC matured and the Company delivered all of the Viacom Stock and CBS Stock to Credit Suisse First Boston in full satisfaction of the \$613.1 million debt obligation under the SFEC. As a result, the debt obligation, Viacom Stock, CBS Stock, put option, call option, and deferred financing costs related to the SFEC were removed from the consolidated balance sheet during the second quarter of 2007. In accordance with the provisions of SFAS No. 133, as amended, certain components of the secured forward exchange contract are considered derivatives, as discussed in Note 7.

7. Derivative Financial Instruments

The Company utilizes derivative financial instruments to reduce certain of its interest rate risks and to manage risk exposure to changes in the value of portions of its fixed rate debt, as well as changes in the prices at which the

Company purchases natural gas. Prior to May 2007, the Company also used derivative financial instruments to manage risk exposure to changes in the value of its Viacom Stock and CBS Stock.

F-25

Table of Contents*Viacom Stock and CBS Stock*

The Company adopted the provisions of SFAS No. 133 on January 1, 2001. Upon adoption of SFAS No. 133, the Company valued the SFEC based on pricing provided by a financial institution and reviewed by the Company. The financial institution's market prices are prepared for each quarter close period on a mid-market basis by reference to proprietary models and do not reflect any bid/offer spread. As further discussed in Note 6, the SFEC matured in May 2007. For the years ended December 31, 2007, 2006, and 2005, the Company recorded net pretax gains (losses) in the Company's consolidated statements of operations of \$3.1 million, (\$16.6) million, and \$35.7 million, respectively, related to the increase (decrease) in the fair value of the derivatives associated with the SFEC.

Fixed Rate Debt

Upon issuance of the 8% Senior Notes, the Company entered into two interest rate swap agreements with a notional amount of \$125.0 million to convert the fixed rate on \$125.0 million of the 8% Senior Notes to a variable rate in order to access the lower borrowing costs that were available on floating-rate debt. Under these swap agreements, which mature on November 15, 2013, the Company receives a fixed rate of 8% and pays a variable rate, in arrears, equal to six-month LIBOR plus 2.95%. The terms of the swap agreement mirror the terms of the 8% Senior Notes, including semi-annual settlements on the 15th of May and November each year. Under the provisions of SFAS No. 133, as amended, changes in the fair value of this interest rate swap agreement must be offset against the corresponding change in fair value of the 8% Senior Notes through earnings. The Company has determined that there will not be an ineffective portion of this fair value hedge and therefore, no impact on earnings. As of December 31, 2007, the Company determined that, based upon dealer quotes, the fair value of these interest rate swap agreements was \$2.0 million. The Company recorded a derivative asset and an offsetting increase in the balance of the 8% Senior Notes accordingly. As of December 31, 2006, the Company determined that, based upon dealer quotes, the fair value of these interest rate swap agreements was (\$2.3) million. The Company recorded a derivative liability and an offsetting reduction in the balance of the 8% Senior Notes accordingly.

Natural Gas Risk Management

The Company uses variable to fixed natural gas price swap contracts to manage unanticipated changes in natural gas and electricity prices. The contracts are based on forecasted usage of natural gas measured in dekatherms.

The Company designates qualifying variable to fixed natural gas price swap contracts as cash flow hedges. The Company values these outstanding contracts based on pricing provided by a financial institution and reviewed by the Company, with the offset applied to other comprehensive income, net of applicable income taxes, and earnings for any hedge ineffectiveness. Any gain or loss is reclassified from other comprehensive income and recognized in operating costs in the same period or periods during which the hedged transaction affects earnings.

At December 31, 2007, the Company had variable to fixed natural gas price swap contracts that mature from January 2008 to June 2008 with an aggregate notional amount of approximately 601,000 dekatherms. The fair value of these contracts was \$45,000. The Company recorded a derivative asset and an offsetting increase in accumulated other comprehensive income, net of applicable income taxes, accordingly. At December 31, 2006, the Company had variable to fixed natural gas price swap contracts that mature from January 2007 to May 2007 with an aggregate notional amount of approximately 197,000 dekatherms. The fair value of these contracts was (\$0.3) million. The Company recorded a derivative liability and an offsetting decrease in accumulated other comprehensive income, net of applicable income taxes, accordingly. The ineffective portion of the derivative is recognized in other gains and losses within the accompanying consolidated statement of operations and was not significant for the periods reported. The amount that the Company anticipates that will be reclassified out of accumulated other comprehensive income and into earnings in the next twelve months is a gain of approximately \$45,000.

Table of Contents**8. Debt**

The Company's debt and capital lease obligations related to continuing operations at December 31 consisted of (amounts in thousands):

	2007	2006
\$600.0 Million Credit Facility	\$	\$ 175,000
\$1.0 Billion Credit Facility	398,000	
8% Senior Notes	350,000	350,000
6.75% Senior Notes	225,000	225,000
Fair value derivatives effective for 8% Senior Notes	1,999	(2,320)
Nashville Predators Promissory Note	3,000	4,000
Capital lease obligations	3,101	3,873
Total debt	981,100	755,553
Less amounts due within one year	(2,058)	(1,991)
Total long-term debt	\$979,042	\$753,562

Note 12 discusses the Nashville Predators Promissory Note and capital lease obligations in more detail, including annual maturities.

Annual maturities of long-term debt, excluding capital lease obligations and derivatives, are as follows (amounts in thousands).

2008	\$ 1,000
2009	1,000
2010	399,000
2011	
2012	
Years thereafter	575,000
Total	\$ 976,000

Accrued interest payable at December 31, 2007 and 2006 was \$8.2 million and is included in accounts payable and accrued liabilities in the accompanying consolidated balance sheets.

8% Senior Notes

On November 12, 2003, the Company completed its offering of \$350 million in aggregate principal amount of senior notes due 2013 in an institutional private placement. The Company filed an exchange offer registration statement on Form S-4 with the Securities and Exchange Commission (the "SEC") with respect to the 8% Senior Notes and subsequently exchanged the existing senior notes for publicly registered senior notes with the same terms after the registration statement was declared effective in April 2004. The interest rate on these notes is 8%, although the Company has entered into fixed to variable interest rate swaps with respect to \$125 million principal amount of the 8% Senior Notes, which swaps result in an effective interest rate of LIBOR plus 2.95% with respect to that portion of the 8% Senior Notes. The 8% Senior Notes, which mature on November 15, 2013, bear interest semi-annually in arrears on May 15 and November 15 of each year, starting on May 15, 2004. The 8% Senior Notes are redeemable, in whole or in part by the Company, at any time on or after November 15, 2008 at a designated redemption amount, plus accrued and unpaid interest. The 8% Senior Notes rank equally in right of payment with the Company's other unsecured unsubordinated debt, but are effectively subordinated to all the Company's secured debt to the extent of the assets securing such debt. The 8% Senior Notes are fully and unconditionally guaranteed, jointly and severally, on a

senior unsecured basis by generally all of the Company's active domestic subsidiaries. In connection with the offering and subsequent registration of the 8% Senior Notes, the Company paid approximately \$10.1 million in deferred financing costs. The net proceeds from the offering of the 8% Senior Notes, together with \$22.5 million of the Company's cash on hand, were used as follows:

F-27

Table of Contents

\$275.5 million was used to repay the \$150 million senior term loan portion and the \$50 million subordinated term loan portion of a senior secured credit facility secured by the Company's Florida and Texas hotel properties, as well as the remaining \$66 million of a mezzanine loan secured by the equity interest in a wholly-owned subsidiary that owned Gaylord Opryland and to pay certain fees and expenses related to the ResortQuest acquisition; and

\$79.2 million was placed in escrow pending consummation of the ResortQuest acquisition. As of November 20, 2003, the \$79.2 million together with \$8.2 million of the available cash, was used to repay (i) ResortQuest's senior notes and its credit facility, the principal amount of which aggregated \$85.1 million at closing, and (ii) a related prepayment penalty.

The 8% Senior Notes indenture contains certain covenants which, among other things, limit the incurrence of additional indebtedness (including additional indebtedness under the Company's senior secured delayed draw term loan facility), investments, dividends, transactions with affiliates, asset sales, capital expenditures, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The 8% Senior Notes are cross-defaulted to the Company's other indebtedness.

6.75% Senior Notes

On November 30, 2004, the Company completed its offering of \$225 million in aggregate principal amount of senior notes due 2014 in an institutional private placement. In April 2005, the Company filed an exchange offer registration statement on Form S-4 with the SEC with respect to the 6.75% Senior Notes and subsequently exchanged the existing senior notes for publicly registered senior notes with the same terms after the registration statement was declared effective in May 2005. The interest rate of these notes is 6.75%. The 6.75% Senior Notes, which mature on November 15, 2014, bear interest semi-annually in cash in arrears on May 15 and November 15 of each year, starting on May 15, 2005. The 6.75% Senior Notes are redeemable, in whole or in part by the company, at any time on or after November 15, 2009 at a designated redemption amount, plus accrued and unpaid interest. The 6.75% Senior Notes rank equally in right of payment with the Company's other unsecured unsubordinated debt, but are effectively subordinated to all of the Company's secured debt to the extent of the assets securing such debt. The 6.75% Senior Notes are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis by generally all of the Company's active domestic subsidiaries. In connection with the offering of the 6.75% Senior Notes, the Company paid approximately \$4.2 million in deferred financing costs. The net proceeds from the offering of the 6.75% Senior Notes, together with cash on hand, were used to repay a senior loan that was secured by a first mortgage lien on the assets of Gaylord Opryland and to provide capital for growth of the Company's other businesses and other general corporate purposes. In addition, the 6.75% Senior Notes indenture contains certain covenants which, among other things, limit the incurrence of additional indebtedness (including additional indebtedness under the Company's senior secured delayed draw term loan facility), investments, dividends, transactions with affiliates, asset sales, capital expenditures, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The 6.75% Senior Notes are cross-defaulted to the Company's other indebtedness.

\$600.0 Million Credit Facility

On March 10, 2005, the Company entered into a \$600.0 million credit facility with Bank of America, N.A. acting as the administrative agent. This credit facility, which replaced a \$100.0 million revolving credit facility, consisted of the following components: (a) a \$300.0 million senior secured revolving credit facility, which included a \$50.0 million letter of credit sublimit, and (b) a \$300.0 million senior secured delayed draw term loan facility, which could be drawn in one or more advances during its term. The credit facility also included an accordion feature that allowed the Company, on a one-time basis, to increase the credit facilities by a total of up to \$300.0 million, subject to securing additional commitments from existing lenders or new lending institutions. The revolving loan, letters of credit and term loan mature on March 9, 2010. At the Company's election, the revolving loans and the term loans had an interest rate of LIBOR plus 2% or the lending banks' base rate plus 1%, subject to adjustments based on the Company's financial performance. Interest on the Company's borrowings was payable quarterly, in arrears, for base rate loans and at the end of each interest rate period for LIBOR rate-based loans. Principal was payable in full at maturity. The Company was required to pay a commitment fee ranging from 0.25% to 0.50% per year of the average

unused portion of the credit facility.

As a result of the refinancing of the \$600.0 million credit facility, which is discussed below, the Company wrote off \$1.2 million in deferred financing costs during 2007, which is included in interest expense in the accompanying consolidated statement of operations for the year ended December 31, 2007.

\$1.0 Billion Credit Facility

On March 23, 2007, the Company refinanced its \$600.0 million credit facility by entering into an Amended and Restated Credit Agreement by and among the Company, certain subsidiaries of the Company party thereto, as guarantors, the lenders party thereto and

F-28

Table of Contents

Bank of America, N.A., as administrative agent. The \$1.0 billion amended and restated credit facility (the \$1.0 Billion Credit Facility) represented an increase of the Company s previous \$600.0 million credit facility, which is discussed above.

The \$1.0 Billion Credit Facility consists of the following components: (a) a \$300.0 million senior secured revolving credit facility, which includes a \$50.0 million letter of credit sublimit and a \$30.0 million sublimit for swingline loans, and (b) a \$700.0 million senior secured delayed draw term loan facility, which may be drawn on in one or more advances during its term. The \$1.0 Billion Credit Facility also includes an accordion feature that will allow the Company to increase the \$1.0 Billion Credit Facility by a total of up to \$100.0 million, subject to securing additional commitments from existing lenders or new lending institutions. The revolving loan, letters of credit and term loan mature on March 9, 2010. At the Company s election, the revolving loans and the term loans will bear interest at an annual rate of LIBOR plus an applicable margin ranging from 1.25% to 1.75% or the lending banks base rate plus an applicable margin ranging from 0.00% to 0.50%, subject to adjustments based on the Company s borrowing base leverage. Interest on the Company s borrowings is payable quarterly, in arrears, for base rate loans and at the end of each interest rate period for LIBOR rate-based loans. Principal is payable in full at maturity. The Company is required to pay a commitment fee ranging from 0.125% to 0.35% per year of the average unused portion of the \$1.0 Billion Credit Facility.

The purpose of the \$1.0 Billion Credit Facility is for working capital and capital expenditures and the financing of the costs and expenses related to the continued construction of the Gaylord National hotel. Construction of the Gaylord National hotel is required to be substantially completed by October 31, 2008 (subject to customary force majeure provisions).

The \$1.0 Billion Credit Facility is (i) secured by a first mortgage and lien on the real property and related personal and intellectual property of the Company s Gaylord Opryland hotel, Gaylord Texan hotel, Gaylord Palms hotel and Gaylord National hotel (which is in the process of being constructed, as described below) and pledges of equity interests in the entities that own such properties and (ii) guaranteed by each of the four wholly owned subsidiaries that own the four hotels. Advances are subject to a 60% borrowing base, based on the appraisal value of the hotel properties (reduced to 50% in the event a hotel property is sold).

In addition, the \$1.0 Billion Credit Facility contains certain covenants which, among other things, limit the incurrence of additional indebtedness, investments, dividends, transactions with affiliates, asset sales, acquisitions, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The material financial covenants, ratios or tests contained in the \$1.0 Billion Credit Facility are as follows:

The Company must maintain a consolidated funded indebtedness to total asset value ratio as of the end of each calendar quarter (i) following the closing date of the \$1.0 Billion Credit Facility through the calendar quarter ending immediately prior to the first full quarter during which the Gaylord National hotel is substantially completed, of not more than 70% and (ii) for all calendar quarters thereafter, of not more than 65%.

The Company must maintain a consolidated tangible net worth of not less than the sum of \$550.0 million, increased on a cumulative basis as of the end of each calendar quarter, commencing with the calendar quarter ending March 31, 2005, by an amount equal to (i) 75% of consolidated net income (to the extent positive) for the calendar quarter then ended, plus (ii) 75% of the proceeds received by the Company or any of the Company s subsidiaries in connection with any equity issuance.

The Company must maintain a minimum consolidated fixed charge coverage ratio of not less than 2.00 to 1.00 for all calendar quarters during the term hereof.

The Company must maintain an implied debt service coverage ratio (the ratio of adjusted net operating income to monthly principal and interest that would be required if the outstanding balance were amortized over 25 years at an interest rate equal to the then current seven year Treasury Note plus 0.25%) of not less than 1.60 to 1.00.

As of December 31, 2007, the Company was in compliance with all covenants. As of December 31, 2007, \$398.0 million of borrowings were outstanding under the \$1.0 Billion Credit Facility, and the lending banks had issued \$12.4 million of letters of credit under the facility for the Company, which left \$589.6 million of availability under the credit facility (subject to the satisfaction of debt incurrence tests under the indentures governing our senior notes). The \$1.0 Billion Credit Facility is cross-defaulted to our other indebtedness.

F-29

Table of Contents**9. Income Taxes**

The provision (benefit) for income taxes from continuing operations consists of the following (amounts in thousands):

	Years Ended December 31,		
	2007	2006	2005
CURRENT:			
Federal	\$ 97,130	\$ 97	\$ (105)
State	1,931	5	8
Total current provision (benefit)	99,061	102	(97)
DEFERRED:			
Federal	(36,748)	9,444	(10,843)
State	352	(5,956)	108
Effect of tax law change		399	
Total deferred (benefit) provision	(36,396)	3,887	(10,735)
Total provision (benefit) for income taxes	\$ 62,665	\$ 3,989	\$ (10,832)

In 2006, Texas House Bill No. 3 was passed which amends the Texas Tax Code to revise the existing franchise tax effective for franchise tax reports originally due on or after January 1, 2008. The Company has adjusted all affected deferred tax assets and liabilities for the changes reflected in Texas House Bill No. 3. The effect of the application of these changes is additional tax expense of \$0.4 million as shown above.

The tax benefits associated with the exercise of stock options and vesting of restricted stock during the years 2007, 2006, and 2005 were \$3.4 million, \$3.6 million, and \$2.5 million, respectively, and are reflected as an adjustment to either additional paid-in capital in the accompanying consolidated statements of stockholders' equity, or deferred tax asset.

In addition to the income tax provision (benefit) discussed above, the Company recognized additional income tax benefit related to discontinued operations as discussed in Note 3 in the amounts of \$(23.1) million, \$(20.4) million, and \$(7.1) million for the years ended December 31, 2007, 2006, and 2005 respectively.

The effective tax rate as applied to pretax loss from continuing operations differed from the statutory federal rate due to the following:

	Years Ended December 31,		
	2007	2006	2005
U.S. federal statutory rate	35%	35%	35%
State taxes (net of federal tax benefit and change in valuation allowance)	1%	-23%	-1%
Discontinued operations	2%	27%	-10%
Other	0%	7%	2%
	38%	46%	26%

For 2007, the overall state income tax expense (net of change in valuation allowance) of \$2.3 million related to current operations. For 2006, the overall state income tax benefit includes tax expense (net of change in valuation allowance) related to current year operations of \$1.7 million (net of federal benefit). At the end of 2006, the Company underwent a realignment of certain legal entities. As a result of this realignment, the Company recorded a state income tax benefit of approximately \$7.2 million (net of federal benefit) related to the net deferred tax liability at the

beginning of the year. Beginning in 2005, the Company is required to file additional combined state income tax returns. As a result of this change and other tax filing adjustments, the Company recorded state income tax expense of approximately \$1.1 million (net of federal benefit) related to the net deferred tax liability at the beginning of 2005. In addition, the state income tax expense for 2005 includes a benefit (net of change in valuation allowance) related to current year operations of \$1.0 million (net of federal benefit).

F-30

Table of Contents

Provision is made for deferred federal and state income taxes in recognition of certain temporary differences in reporting items of income and expense for financial statement purposes and income tax purposes. Significant components of the Company's deferred tax assets and liabilities at December 31 are as follows (amounts in thousands):

	2007	2006
DEFERRED TAX ASSETS:		
Accounting reserves and accruals	\$ 20,223	\$ 21,723
Defined benefit plan	3,322	6,103
Investments in stock	3,124	3,137
Forward exchange contract		65,058
Rent escalation	15,597	13,320
Federal, state and foreign net operating loss carryforwards	13,293	83,730
Tax credits and other carryforwards		10,472
Goodwill and other intangibles	2,642	
Investments in partnerships	4,176	
Other assets	10,440	7,538
Total deferred tax assets	72,817	211,081
Valuation allowance	(6,951)	(16,268)
Total deferred tax assets, net of valuation allowance	65,866	194,813
DEFERRED TAX LIABILITIES:		
Goodwill and other intangibles		10,609
Property and equipment, net	131,823	124,576
Investments in stock and derivatives	16	206,802
Investments in partnerships		5,991
Total deferred tax liabilities	131,839	347,978
Net deferred tax liabilities	\$ 65,973	\$ 153,165

State net operating loss carryforwards at December 31, 2007 totaled \$319.7 million resulting in a deferred tax benefit of \$13.3 million, which will expire between 2008 and 2022. The use of certain state net operating losses and other state deferred tax assets are limited to the future taxable earnings of separate legal entities. As a result, a valuation allowance has been provided for certain state deferred tax assets, including loss carryforwards. The change in valuation allowance was (\$9.3) million, \$1.0 million, and \$1.9 million in 2007, 2006 and 2005, respectively. Based on the expectation of future taxable income, management believes that it is more likely than not that the results of operations will generate sufficient taxable income to realize the deferred tax assets after giving consideration to the valuation allowance. At December 31, 2007, none of the total valuation allowance is related to deferred tax assets for which any subsequently recognized tax benefits will be recorded as a reduction of goodwill.

The Company and its subsidiaries file a consolidated federal income tax return and either separate or combined state income tax returns based on the jurisdiction. The Company has concluded Internal Revenue Service (IRS) examinations through the tax year 2001. For federal income tax purposes and substantially all the states with which the Company has nexus, the statute of limitations has expired through 2003. However, the Company had net operating loss carryforwards from closed years, which could be adjusted upon audit. The Company has not been notified of any federal or state income tax examination. The Company's former Canadian subsidiary, ResortQuest Whistler Property Management Inc., is currently under examination by the Canadian Revenue Agency (CRA) for the

years 2004 through 2005 that commenced in the first quarter of 2007 and is expected to be completed in 2008. The CRA has not proposed any adjustments at this time and the Company does not believe there will be any significant adjustments related to this examination.

The Company adopted the provisions of FIN 48 on January 1, 2007. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in financial statements and requires the impact of a tax position to be recognized in the financial statements if that position is more likely than not of being sustained by the taxing authority. As a result of adopting FIN 48, the Company recognized a net increase of \$0.04 million in the liability for unrecognized tax benefits, which was accounted for as a decrease to the January 1, 2007 balance of retained earnings. As of January 1, 2007, the Company had \$7.6 million of unrecognized tax benefits, of which none would affect the Company's effective tax rate if recognized. As of December 31, 2007, the Company had \$15.1 million of unrecognized tax benefits, of which \$7.5 million would affect the Company's effective tax rate if recognized. The liability for unrecognized tax benefits is recorded in other long-term liabilities in the accompanying consolidated balance sheet. A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

F-31

Table of Contents

Balance at January 1, 2007	\$ 7,560
Additions based on tax positions related to the current year	7,514
Additions for tax positions of prior years	
Reductions for tax positions of prior years	
Settlements	
 Balance at December 31, 2007	 \$ 15,074

Included in the balance at December 31, 2007, are \$7.6 million of tax positions for which the ultimate deductibility is highly certain but for which there is uncertainty about the timing of such deductibility. Because of the impact of deferred tax accounting, other than future interest and penalties, the disallowance of the shorter deductibility period would not affect the annual effective tax rate but would accelerate the payment of cash to the taxing authority to an earlier period. The amount of unrecognized tax benefits may change during the next twelve months, but the Company does not believe the change, if any, will be material to the Company's consolidated financial position or results of operations.

The Company recognizes interest and penalties related to uncertain tax positions in income tax expense. The Company recognized no interest or penalties related to uncertain tax positions in the accompanying consolidated statements of operations for the years-ended December 31, 2007, 2006, and 2005 because any adjustment to taxable income for uncertain tax positions would reduce tax net operating loss carryovers. As of December 31, 2007, the Company has accrued no interest or penalties related to uncertain tax positions.

10. Stockholders' Equity

Holders of common stock are entitled to one vote per share. During 2000, the Company's Board of Directors voted to discontinue the payment of dividends on its common stock.

11. Stock Plans

The Company has adopted, and the Company's shareholders have approved, the 2006 Omnibus Incentive Plan (the Plan) to replace the Company's 1997 Omnibus Stock Option and Incentive Plan. The Plan permits the grant of stock options, restricted stock, and restricted stock units to its directors and employees for up to 2,690,000 shares of common stock, which includes approximately 2,000,000 newly authorized shares and 690,000 shares that were authorized and available for grant under the Company's 1997 plan. The Plan also provides that no more than 1,350,000 of those shares may be granted for awards other than options or stock appreciation rights. The Company believes that such awards better align the interests of its directors and employees with those of its shareholders. Stock option awards are generally granted with an exercise price equal to the market price of the Company's stock at the date of grant and generally expire ten years after the date of grant. Generally, stock options granted to non-employee directors are exercisable after one year from the date of grant, while options granted to employees are exercisable one to four years from the date of grant.

The compensation cost that has been charged against pre-tax income for all of the Company's stock-based compensation plans was \$10.2 million, \$7.9 million, and \$3.4 million for 2007, 2006, and 2005, respectively. The total income tax benefit recognized in the accompanying consolidated statements of operations for all of the Company's stock-based employee compensation plans was \$3.7 million, \$2.8 million, and \$1.3 million for 2007, 2006, and 2005, respectively.

The Company records compensation expense equal to the fair value of each stock option award granted on a straight line basis over the option's vesting period. The fair value of each option award is estimated on the date of grant using the Black-Scholes-Merton option pricing formula that uses the assumptions noted in the following table. Because the Black-Scholes-Merton option pricing formula incorporates ranges of assumptions for inputs, those ranges are disclosed. Expected volatilities are based on the historical volatility of the Company's stock. The Company uses historical data to estimate expected option exercise and employee termination patterns within the valuation model. The expected term of options granted is derived from the output of the option valuation model and represents the period of time that options granted are expected to be outstanding. The risk-free rate for periods within the contractual

life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

F-32

Table of Contents

	2007		2006		2005	
Expected volatility	26.4%	29.8%	25.1%	30.8%	31.7%	34.9%
Weighted-average expected volatility	29.7%		30.1%		34.6%	
Expected dividends						
Expected term (in years)	4.6	4.8	4.1	4.6	4.6	5.3
Risk-free rate	3.2%	4.9%	4.3%	5.0%	3.8%	4.4%

A summary of stock option activity under the Company's equity incentive plans for the years ended December 31 is presented below:

	2007		2006		2005	
	Number of Shares	Weighted Average Exercise Price	Number of Shares	Weighted Average Exercise Price	Number of Shares	Weighted Average Exercise Price
Outstanding at beginning of year	3,750,556	\$30.75	3,757,855	\$28.17	3,586,551	\$25.75
Granted	547,520	55.96	586,740	43.43	643,520	40.55
Exercised	(409,458)	29.49	(487,339)	25.49	(348,220)	24.72
Canceled	(219,890)	47.07	(106,700)	37.97	(123,996)	32.17
Outstanding at end of year	3,668,728	33.62	3,750,556	30.75	3,757,855	28.17
Exercisable at end of year	2,604,337	28.08	2,494,723	26.92	2,419,341	26.19

The weighted average remaining contractual term of options outstanding and exercisable as of December 31, 2007 was 5.5 and 4.5 years, respectively. The aggregate intrinsic value of options outstanding and exercisable as of December 31, 2007 was \$33.3 million and \$32.1 million, respectively. The weighted-average grant-date fair value of options granted during 2007, 2006, and 2005 was \$18.52, \$12.49, and \$15.15, respectively. The total intrinsic value of options exercised during 2007, 2006, and 2005 was \$10.0 million, \$10.0 million, and \$6.5 million, respectively.

The Plan also provides for the award of restricted stock and restricted stock units (Restricted Stock Awards). Restricted Stock Awards granted to employees are exercisable one to four years from the date of grant. The fair value of Restricted Stock Awards is determined based on the market price of the Company's stock at the date of grant. The Company records compensation expense equal to the fair value of each Restricted Stock Award granted over the vesting period. The weighted-average grant-date fair value of Restricted Stock Awards granted during 2007, 2006, and 2005 was \$55.17, \$43.99, and \$42.61, respectively. A summary of the status of the Company's Restricted Stock Awards as of December 31, 2007 and changes during the twelve months ended December 31, 2007, is presented below:

Restricted Stock Awards	Shares	Weighted Average Grant-Date Fair Value
Nonvested shares at January 1, 2007	84,900	\$ 38.14
Granted	46,280	55.17

Vested	(35,550)	36.36
Forfeited		
Nonvested shares at December 31, 2007	95,630	48.63

The grant date fair value of all Restricted Stock Awards that vested during the twelve months ended December 31, 2007 was \$1.3 million.

F-33

Table of Contents

As of December 31, 2007, there was \$14.4 million of total unrecognized compensation cost related to stock options, restricted stock and restricted stock units granted under the Company's equity incentive plans. That cost is expected to be recognized over a weighted-average period of 2.3 years.

Under its Performance Accelerated Restricted Stock Unit Program (PARSUP) pursuant to the Plan, the Company may also grant selected executives and other key employees restricted stock units, the vesting of which occurs upon the earlier of February 2008 or the achievement of various company-wide performance goals.

The fair value of PARSUP awards are determined based on the market price of the Company's stock at the date of grant. The Company records compensation expense equal to the fair value of each PARSUP award granted on a straight line basis over a period beginning on the grant date and ending February 2008. The weighted-average grant-date fair value of PARSUP awards granted during 2006 and 2005 was \$44.24 and \$45.39, respectively. No PARSUP awards were granted during 2007. A summary of the status of the Company's PARSUP awards as of December 31, 2007 and changes during the twelve months ended December 31, 2007, is presented below:

	PARSUP Awards	Shares	Weighted Average Grant-Date Fair Value
Nonvested awards at January 1, 2007		521,000	\$22.87
Granted			
Vested			
Forfeited			
Nonvested awards at December 31, 2007		521,000	22.87

As of December 31, 2007, there was \$0.2 million of total unrecognized compensation cost related to PARSUP awards granted under the Company's equity incentive plans. That cost is expected to be recognized over a weighted-average period of 0.1 years.

Cash received from option exercises under all stock-based employee compensation arrangements for 2007, 2006, and 2005 was \$12.1 million, \$12.5 million, and \$8.6 million, respectively. The actual tax benefit realized from exercise or vesting of the stock-based employee compensation arrangements during 2007, 2006, and 2005 totaled \$3.4 million, \$3.6 million, and \$2.5 million, respectively, and are reflected as an adjustment to either additional paid-in capital in the accompanying consolidated statements of stockholders' equity, goodwill or deferred tax asset.

The Company also has an employee stock purchase plan whereby substantially all employees are eligible to participate in the purchase of designated shares of the Company's common stock. Participants in the plan purchase these shares at a price equal to 95% of the closing price at the end of each quarterly stock purchase period. The Company issued 10,292, 11,953, and 10,289 shares of common stock at an average price per share of \$46.90, \$43.48, and \$42.15 during 2007, 2006, and 2005 respectively.

12. Commitments and Contingencies*Capital Leases*

During 2007, 2006, and 2005, the Company entered into one, four, and three capital leases, respectively. In the accompanying consolidated balance sheets, the following amounts of assets under capitalized lease agreements are included in property and equipment and other long-term assets and the related obligations are included in debt (amounts in thousands):

F-34

Table of Contents

	2007	2006
Property and equipment	\$ 3,003	\$ 3,237
Other long-term assets	898	898
Accumulated depreciation	(2,994)	(2,424)
Net assets under capital leases	\$ 907	\$ 1,711
Current lease obligations	\$ 1,058	\$ 991
Long-term lease obligations	2,043	2,882
Capital lease obligations	\$ 3,101	\$ 3,873

Operating Leases

Rental expense related to continuing operations for operating leases was \$14.3 million, \$14.4 million, and \$14.4 million for 2007, 2006 and 2005, respectively. Non-cash lease expense related to continuing operations for 2007, 2006, and 2005 was \$6.2 million, \$6.3 million, and \$6.5 million, respectively, as discussed below.

Future minimum cash lease commitments under all non-cancelable leases in effect for continuing operations at December 31, 2007 are as follows (amounts in thousands):

	Capital Leases	Operating Leases
2008	\$ 1,168	\$ 6,127
2009	708	5,183
2010	576	4,659
2011	870	4,066
2012		3,970
Years thereafter		641,096
Total minimum lease payments	3,322	\$ 665,101
Less amount representing interest	(221)	
Total present value of minimum payments	3,101	
Less current portion of obligations	(1,058)	
Long-term obligations	\$ 2,043	

The Company entered into a 75-year operating lease agreement during 1999 for 65.3 acres of land located in Osceola County, Florida for the development of Gaylord Palms. The lease requires annual lease payments of approximately \$3.1 million. The lease agreement provides for an annual 3% escalation of base rent beginning in 2007. As required by SFAS No. 13, and related interpretations, the terms of this lease require that the Company recognize lease expense on a straight-line basis, which resulted in an annual base lease expense of approximately \$9.7 million, \$9.7 million, and \$9.2 million for 2007, 2006, and 2005, respectively. This rent included approximately \$6.2 million, \$6.3 million, and \$6.5 million of non-cash expenses during 2007, 2006, and 2005, respectively. At the end of the 75-year lease term, the Company may extend the operating lease to January 31, 2101, at which point the buildings and fixtures will be transferred to the lessor. The Company also records contingent rentals based upon net revenues associated with the Gaylord Palms operations. The Company recorded \$1.7 million, \$1.3 million, and \$0.8 million of

contingent rentals related to the Gaylord Palms in 2007, 2006, and 2005, respectively.

Other Commitments and Contingencies

On February 23, 2005, the Company acquired approximately 42 acres of land and related land improvements in Prince George s County, Maryland for approximately \$29 million on which the Company is developing the Gaylord National Resort & Convention Center. Approximately \$17 million of this was paid in the first quarter of 2005, with the remainder payable upon completion of the project. The project was originally planned to include a 1,500 room hotel, but the Company has expanded the planned hotel to a total of 2,000 rooms. In connection with this expansion, the Company will pay an additional \$8 million for land improvements related to the expanded facility upon completion of the project. The Company currently expects to open the hotel in 2008. Prince George s County, Maryland has approved three bond issues related to the development of this hotel project. The first bond issuance, in the

Table of Contents

amount of \$65 million, was issued by Prince George's County, Maryland in April 2005 to support the cost of infrastructure being constructed by the project developer, such as roads, water and sewer lines. The second bond issuance, in the amount of \$95 million, was issued by Prince George's County, Maryland in April 2005 and placed into escrow until completion of the convention center and 1,500 rooms within the hotel, at which time the bonds will be released to the Company. In addition, on July 18, 2006, Prince George's County, Maryland approved an additional \$50 million of bonds, which will be issued to the Company upon completion of the entire project. The Company will initially hold the \$95 million and \$50 million bond issuances and receive the debt service thereon, which is payable from tax increment, hotel tax and special hotel rental taxes generated from the development. The Company has entered into several agreements with a general contractor and other suppliers for the provision of certain construction services at the site. As of December 31, 2007, the Company had committed to pay \$870.9 million under those agreements for construction services and supplies and other construction-related costs (\$97.9 million of which was outstanding as of such date). Construction costs to date have exceeded the Company's initial estimates from 2004. A portion of these increased costs are attributable to: (a) construction materials price escalation that has occurred over the past three years; (b) increased cost of construction labor in the Washington, D.C. marketplace due to historically low unemployment and a high degree of construction activity; (c) the Company's 500-room expansion and related additional meeting space, and the acceleration of its construction so that the expansion will open concurrently with the original project; and (d) enhancements to the project design. The Company currently estimates that the total cost of the project will be approximately \$920 - \$950 million, which includes the estimated construction costs for the expanded 2,000 room facility and excludes capitalized interest, pre-opening costs and the governmental economic incentives in connection with the Gaylord National hotel project. As of December 31, 2007, the Company has spent approximately \$721.7 million (excluding capitalized interest and preopening costs) on this project.

On July 25, 2006, the Unified Port of San Diego Board of Commissioners and the City of Chula Vista approved a non-binding letter of intent with the Company, outlining the general terms of our development of a 1,500 to 2,000 room convention hotel in Chula Vista, California. The parties recently extended the termination date for the non-binding letter of intent to May 31, 2008, and the parties continue to discuss the terms under which the Company would develop and operate the convention hotel project. If the parties can reach a final agreement, such agreement would be subject to a number of closing conditions and approvals, including but not limited to approval by the California Coastal Commission. At this time, the Company is unable to predict whether such approvals would be forthcoming.

The Company is considering other potential hotel sites throughout the country. The timing and extent of any of these development projects is uncertain, and the Company has not made any commitments, received any government approvals or made any financing plans in connection with these development projects.

In connection with Waipouli Owner, LLC's execution of the Kauai Hotel Loans as described in Note 5, RREEF entered into three separate Guaranties of Recourse Obligations with the Kauai Hotel Lender whereby it guaranteed Waipouli Owner, LLC's obligations under the Kauai Hotel Loans for as long as those loans remain outstanding (i) in the event of certain types of fraud, breaches of environmental representations or warranties, or breaches of certain special purpose entity covenants by Waipouli Owner, LLC, on the one hand, or (ii) in the event of bankruptcy or reorganization proceedings of Waipouli Owner, LLC, on the other hand. As a part of the joint venture arrangement and simultaneously with the closing of the purchase of the Kauai Hotel, the Company entered into a Contribution Agreement with RREEF, whereby the Company agreed that, in the event that RREEF is required to make any payments pursuant to the terms of these guarantees, it will contribute to RREEF an amount equal its pro rata share of any such guaranty payments. The Company estimates that the maximum potential amount that the Company could be liable under this contribution agreement is \$12.4 million, which represents 18.1% of the \$68.4 million of total debt that Waipouli Owner, LLC owes to the Kauai Hotel Lender as of December 31, 2007. As of December 31, 2007, the Company had not recorded any liability in the consolidated balance sheet associated with this guarantee.

In connection with RHAC, LLC's execution of the Waikiki Hotel Loans as described in Note 5, IB-SIV, the parent company of the Company's joint venture partner, entered into two separate Guaranties of Recourse Obligations with the Waikiki Hotel Lender whereby it guaranteed RHAC, LLC's obligations under the Waikiki Hotel Loans for as long as those loans remain outstanding (i) in the event of certain types of fraud, breaches of environmental representations

or warranties, or breaches of certain special purpose entity covenants by RHAC, LLC, on the one hand, or (ii) in the event of bankruptcy or reorganization proceedings of RHAC, LLC, on the other hand. As a part of the joint venture arrangement and simultaneously with the closing of the purchase of the Waikiki Hotel, the Company entered into a Contribution Agreement with IB-SIV, whereby the Company agreed that, in the event that IB-SIV is required to make any payments pursuant to the terms of these guarantees, it will contribute to IB-SIV an amount equal to 19.9% of any such guaranty payments. The Company estimates that the maximum potential amount that the Company could be liable under this contribution agreement is \$20.9 million, which represents 19.9% of the \$104.9 million of total debt that RHAC, LLC owes to the

F-36

Table of Contents

Waikiki Hotel Lender as of December 31, 2007. As of December 31, 2007, the Company had not recorded any liability in the consolidated balance sheet associated with this guarantee.

On February 22, 2005, the Company concluded the settlement of litigation with Nashville Hockey Club Limited Partnership (NHC), which owns the Nashville Predators NHL hockey team, over (i) NHC 's obligation to redeem the Company 's ownership interest, and (ii) the Company 's obligations under the Nashville Arena Naming Rights Agreement dated November 24, 1999. Under the Naming Rights Agreement, which had a 20-year term through 2018, the Company was required to make annual payments to NHC, beginning at \$2,050,000 in 1999 and with a 5% escalation each year thereafter, and to purchase a minimum number of tickets to Predators games each year. At the closing of the settlement, NHC redeemed all of the Company 's outstanding limited partnership units in the Predators pursuant to a Purchase Agreement dated February 22, 2005 effectively terminating the Company 's ownership interest in the Predators. In addition, the Naming Rights Agreement was cancelled pursuant to the Acknowledgment of Termination of Naming Rights Agreement. As a part of the settlement, the Company made a one-time cash payment to NHC of \$4 million and issued to NHC a 5-year, \$5 million promissory note bearing interest at 6% per annum. The note is payable at \$1 million per year for 5 years, and the second payment was made on October 5, 2007. The Company 's obligation to pay the outstanding amount under the note shall terminate immediately if, at any time before the note is paid in full, the Predators cease to be an NHL team playing their home games in Nashville, Tennessee. In addition, pursuant to a Consent Agreement among the Company, the National Hockey League and owners of NHC, the Company 's guaranty described below has been limited as described below. The Company continued to recognize the expense under the Naming Rights Agreement throughout the course of this litigation. As a result, the net effect of the settlement resulted in the Company reversing \$2.4 million of expense previously accrued under the Naming Rights Agreement during 2005.

In connection with the Company 's execution of the Agreement of Limited Partnership of NHC on June 25, 1997, the Company, its subsidiary CCK, Inc., Craig Leipold, Helen Johnson-Leipold (Mr. Leipold 's wife) and Samuel C. Johnson (Mr. Leipold 's father-in-law) entered into a guaranty agreement executed in favor of the National Hockey League (NHL). This agreement provides for a continuing guarantee of the following obligations for as long as any of these obligations remain outstanding: (i) all obligations under the expansion agreement between NHC and the NHL; and (ii) all operating expenses of NHC. The maximum potential amount which the Company and CCK, collectively, could be liable under the guaranty agreement is \$15.0 million, although the Company and CCK would have recourse against the other guarantors if required to make payments under the guarantee. In connection with the legal settlement with the Nashville Predators consummated on February 22, 2005, as described above, this guaranty has been limited so that the Company is not responsible for any debt, obligation or liability of NHC that arises from any act, omission or circumstance occurring after the date of the legal settlement. As of December 31, 2007, the Company had not recorded any liability in the condensed consolidated balance sheet associated with this guarantee.

The Company has purchased stop-loss coverage in order to limit its exposure to any significant levels of claims relating to workers' compensation, employee medical benefits and general liability for which it is self-insured.

The Company has entered into employment agreements with certain officers, which provides for severance payments upon certain events, including a change of control.

The Company, in the ordinary course of business, is involved in certain legal actions and claims on a variety of other matters. It is the opinion of management that such legal actions will not have a material effect on the results of operations, financial condition or liquidity of the Company.

13. Retirement Plans

On December 31, 2006, the Company adopted the recognition and disclosure provisions of SFAS No. 158. SFAS No. 158 required the Company to recognize the funded status (i.e., the difference between the fair value of plan assets and the projected benefit obligations of a pension plan or the accumulated postretirement benefit obligations of postretirement benefit plans) of its retirement plans and postretirement plans in the December 31, 2006 consolidated balance sheet, with a corresponding adjustment to accumulated other comprehensive loss, net of tax. The adjustment to accumulated other comprehensive loss at adoption represents the net unrecognized actuarial losses and unrecognized prior service costs remaining from the initial adoption of SFAS No. 87, all of which were previously netted against the retirement plans' funded status in the Company 's consolidated balance sheet pursuant to the

provisions of SFAS No. 87. These amounts will be subsequently recognized as net periodic pension expense pursuant to the Company's historical accounting policy for amortizing such amounts. Further, actuarial gains and losses that arise in subsequent periods and are not recognized as net periodic pension expense in the same periods will be recognized as a component of other comprehensive income. Those amounts will be subsequently recognized as a component of net periodic pension expense on the same basis as the amounts recognized in accumulated other comprehensive loss at adoption of SFAS No. 158.

F-37

Table of Contents

The incremental effects of adopting the provisions of SFAS No. 158 for its retirement plans on the Company's consolidated balance sheet at December 31, 2006 are presented in the following table. The adoption of statement 158 had no effect on the Company's consolidated statement of operations for the year ended December 31, 2006, or for any prior period presented, and it will not effect the Company's operating results in future periods. Had the Company not been required to adopt SFAS No. 158 at December 31, 2006 for its retirement plans, it would have recognized an additional minimum liability pursuant to the provisions of statement 87. The effect of recognizing the additional minimum liability is included in the table below in the column labeled "Prior to Adopting SFAS No. 158 for Retirement Plans."

	Prior to Adopting SFAS No. for Retirement Plans	Effect of Adopting SFAS No. 158 for Retirement Plans	As Reported at December 31, 2006
Accounts payable and accrued liabilities	\$ 222,110	\$ 607	\$ 222,717
Other long-term liabilities	87,269	(744)	86,525
Deferred income taxes	96,488	49	96,537
Accumulated other comprehensive loss	(16,295)	87	(16,208)

The net gain and settlement loss recognized in other comprehensive income for the year-ended December 31, 2007 was \$6.9 million and \$1.3 million, respectively. Included in accumulated other comprehensive loss at December 31, 2007 are unrecognized actuarial losses of \$17.0 million (\$10.9 million net of tax) that have not yet been recognized in net periodic pension expense. The estimated actuarial loss for the retirement plans included in accumulated other comprehensive loss that will be amortized from accumulated other comprehensive loss into net periodic pension expense over the next fiscal year is \$1.5 million. Included in accumulated other comprehensive loss at December 31, 2006 are unrecognized actuarial losses of \$25.2 million (\$16.1 million net of tax) that have not yet been recognized in net periodic pension expense.

Prior to January 1, 2001, the Company maintained a noncontributory defined benefit pension plan in which substantially all of its employees were eligible to participate upon meeting the pension plan's participation requirements. The benefits were based on years of service and compensation levels. On January 1, 2001 the Company amended its defined benefit pension plan to determine future benefits using a cash balance formula. On December 31, 2000, benefits credited under the plan's previous formula were frozen. Under the cash formula, each participant had an account which was credited monthly with 3% of qualified earnings and the interest earned on their previous month-end cash balance. In addition, the Company included a grandfather clause which assures that those participating at January 1, 2001 will receive the greater of the benefit calculated under the cash balance plan and the benefit that would have been payable if the defined benefit plan had remained in existence. The benefit payable to a terminated vested participant upon retirement at age 65, or as early as age 55 if the participant had 15 years of service at the time the plan was frozen, is equal to the participant's account balance, which increases with interest credits over time. At retirement, the employee generally receives the balance in the account as a lump sum. The funding policy of the Company is to contribute annually an amount which equals or exceeds the minimum required by applicable law. On December 31, 2001, the plan was frozen such that no new participants were allowed to enter the plan and existing participants were no longer eligible to earn service credits.

Table of Contents

The following table sets forth the funded status at December 31 (amounts in thousands):

	2007	2006
CHANGE IN BENEFIT OBLIGATION:		
Benefit obligation at beginning of year	\$ 72,963	\$ 75,771
Interest cost	4,038	4,059
Actuarial (gain) loss	(1,063)	(1,264)
Benefits paid	(1,201)	(5,603)
Settlements	(4,311)	
Benefit obligation at end of year	70,426	72,963
CHANGE IN PLAN ASSETS:		
Fair value of plan assets at beginning of year	55,597	52,838
Actual return on plan assets	7,206	4,018
Employer contributions	3,422	4,344
Benefits paid	(1,201)	(5,603)
Settlements	(4,311)	
Fair value of plan assets at end of year	60,713	55,597
Funded status	(9,713)	(17,366)
Employer contribution after measurement date	542	518
Accrued pension cost	\$ (9,171)	\$ (16,848)

Net periodic pension expense reflected in the accompanying consolidated statements of operations included the following components for the years ended December 31 (amounts in thousands):

	2007	2006	2005
Interest cost	\$ 4,038	\$ 4,059	\$ 4,067
Expected return on plan assets	(4,376)	(4,232)	(3,839)
Recognized net actuarial loss	1,981	2,621	2,417
Net settlement loss	1,291	1,569	
Total net periodic pension expense	\$ 2,934	\$ 4,017	\$ 2,645

The accumulated benefit obligation for the defined benefit pension plan was \$70.4 million and \$73.0 million at December 31, 2007 and 2006, respectively.

Assumptions

The weighted-average assumptions used to determine the benefit obligation at December 31 are as follows:

	2007	2006
Discount rate	6.30%	5.75%
Rate of compensation increase	N/A	N/A
Measurement date	9/30/2007	9/30/2006

The rate of increase in future compensation levels was not applicable for 2007 and 2006 due to the Company amending the plan to freeze the cash balance benefit as described above.

The weighted-average assumptions used to determine the net periodic pension expense for years ended December 31 are as follows:

F-39

Table of Contents

	2007	2006
Discount rate	5.75%	5.50%
Rate of compensation increase	N/A	N/A
Expected long term rate of return on plan assets	8.00%	8.00%
Measurement date	9/30/2007	9/30/2006

The Company determines the overall expected long term rate of return on plan assets based on its estimate of the return that plan assets will provide over the period that benefits are expected to be paid out. In preparing this estimate, the Company assesses the rates of return on each targeted allocation of plan assets, return premiums generated by portfolio management, and by a comparison to rates used by other companies.

Plan Assets

The allocation of the defined benefit pension plan's assets as of September 30, by asset categories, are as follows:

Asset Category	2007	2006
Equity securities	63%	61%
Fixed income securities	35%	35%
Cash	2%	4%
Total	100%	100%

The defined benefit pension plan's investment strategy is to achieve a real long-term rate of return over inflation resulting from income, capital gains, or both which assist the plan in meeting its long term objectives. Investment management of plan assets is in accordance with the Plan's Investment Policy which includes a targeted asset allocation as follows:

Asset Category	Target Allocation
Equity securities	60%
Fixed income securities	35%
Cash	5%
Total	100%

Periodically, the entire account is rebalanced to maintain the desired allocation and the Investment Policy is reviewed. Within each asset class, plan assets are allocated to various investment styles. Professional managers manage all assets of the Plan and professional advisors assist the Plan in the attainment of its objectives.

Expected Contributions and Benefit Payments

The Company expects to contribute \$2.7 million to its defined benefit pension plan in 2008. Based on the Company's assumptions discussed above, the Company expects to make the following estimated future benefit payments under the plan during the years ending December 31 (amounts in thousands):

2008	\$ 3,726
2009	2,460
2010	2,876
2011	2,716
2012	3,934

2013	2017	25,101
Total		\$ 40,813

F-40

Table of Contents*Other Information*

The Company also maintains non-qualified retirement plans (the Non-Qualified Plans) to provide benefits to certain key employees. The Non-Qualified Plans are not funded and the beneficiaries' rights to receive distributions under these plans constitute unsecured claims to be paid from the Company's general assets. At December 31, 2007, the Non-Qualified Plans' projected benefit obligations and accumulated benefit obligations were \$14.7 million.

The Company's accrued cost related to its qualified and non-qualified retirement plans of \$23.7 million and \$31.7 million at December 31, 2007 and 2006, respectively, is included in other long-term liabilities in the accompanying consolidated balance sheets. The 2007 decrease in the deferred net loss related to the Company's retirement plans resulted in an increase in equity of \$5.1 million, net of taxes of \$2.9 million. The 2006 decrease in the deferred net loss related to the Company's retirement plans resulted in an increase in equity of \$3.2 million, net of taxes of \$3.0 million. The 2005 increase in the minimum liability related to the Company's retirement plans resulted in a charge to equity of \$2.4 million, net of a tax benefit of \$1.5 million. The 2007, 2006 and 2005 adjustments to equity due to the change in the minimum liability are included in other comprehensive loss in the accompanying consolidated statements of stockholders' equity.

The Company also has contributory retirement savings plans in which substantially all employees are eligible to participate. The Company contributes an amount equal to the lesser of one-half of the amount of the employee's contribution or 3% of the employee's salary. In addition, effective January 1, 2002, the Company contributes up to 4% of the employee's salary, based upon the Company's financial performance. Company contributions under the retirement savings plans were \$6.9 million, \$8.1 million, and \$7.5 million for 2007, 2006 and 2005, respectively.

14. Postretirement Benefits Other Than Pensions

As further discussed in Note 13, on December 31, 2006, the Company adopted the recognition and disclosure provisions of SFAS No. 158. The incremental effects of adopting the provisions of SFAS No. 158 with respect to the postretirement benefit plans on the Company's consolidated balance sheet at December 31, 2006 are presented in the following table. The adoption of SFAS No. 158 had no effect on the Company's consolidated statement of operations for the year ended December 31, 2006, or for any prior period presented, and it will not effect the Company's operating results in future periods.

	Prior to Adopting SFAS No. 158 for	Effect of Adopting SFAS No. 158 for	As Reported at December 31, 2006
	Postretirement Benefit Plans	Postretirement Benefit Plans	
Accounts payable and accrued liabilities	\$ 221,744	\$ 973	\$222,717
Other long-term liabilities	86,685	(160)	86,525
Deferred income taxes	96,830	(293)	96,537
Accumulated other comprehensive loss	(15,688)	(520)	(16,208)

The net gain, prior service credit, and curtailment gain recognized in other comprehensive income for the year-ended December 31, 2007 was \$1.3 million, \$0.1 million, and \$0.2 million, respectively. Included in accumulated other comprehensive loss at December 31, 2007 are the following amounts that have not yet been recognized in net postretirement benefit expense: unrecognized actuarial losses of \$1.1 million (\$0.7 million net of tax) and unrecognized curtailment gains of \$1.1 million (\$0.7 million net of tax). The curtailment gain for the postretirement plans included in accumulated other comprehensive loss that will be amortized from accumulated other comprehensive loss into net postretirement benefit expense over the next fiscal year is \$0.2 million. Included in accumulated other comprehensive loss at December 31, 2006 are the following amounts that have not yet been recognized in net postretirement benefit expense: unrecognized actuarial losses of \$2.3 million (\$1.5 million net of tax), unrecognized prior service credit of \$0.1 million (\$0.1 million net of tax) and unrecognized curtailment gains of \$1.4 million (\$0.9 million net of tax).

The Company sponsors unfunded defined benefit postretirement health care and life insurance plans for certain employees. The Company contributes toward the cost of health insurance benefits and contributes the full cost of providing life insurance benefits. In order to be eligible for these postretirement benefits, an employee must retire after attainment of age 55 and completion of 15 years of service, or attainment of age 65 and completion of 10 years of service. The Company's Benefits Trust Committee determines retiree premiums.

F-41

Table of Contents

The following table reconciles the change in benefit obligation of the postretirement plans to the accrued postretirement liability as reflected in other liabilities in the accompanying consolidated balance sheets at December 31 (amounts in thousands):

	2007	2006
CHANGE IN BENEFIT OBLIGATION:		
Benefit obligation at beginning of year	\$20,247	\$19,256
Service cost	108	191
Interest cost	1,137	1,031
Actuarial (gain) loss	(1,186)	930
Benefits paid	(765)	(1,161)
Benefit obligation at end of year	19,541	20,247
Unrecognized net actuarial (loss) gain		
Unrecognized prior service cost		
Unrecognized curtailment gain		
Accrued postretirement liability	\$19,541	\$20,247

Net postretirement benefit expense reflected in the accompanying consolidated statements of operations included the following components for the years ended December 31 (amounts in thousands):

	2007	2006	2005
Service cost	\$ 108	\$ 191	\$ 209
Interest cost	1,137	1,031	791
Recognized net actuarial loss (gain)	40		(502)
Amortization of prior service credit	(97)	(979)	(999)
Amortization of curtailment gain	(244)	(244)	(244)
Net postretirement benefit expense	\$ 944	\$ (1)	\$(745)

The weighted-average assumptions used to determine the benefit obligation at December 31 are as follows:

	2007	2006
Discount rate	6.30%	5.75%
Measurement date	9/30/2007	9/30/2006

The weighted-average assumptions used to determine the net postretirement benefit expense for years ended December 31 are as follows:

	2007	2006
Discount rate	5.75%	5.50%
Measurement date	9/30/2007	9/30/2006

The health care cost trend is projected to be 8.0% in 2008, declining each year thereafter to an ultimate level trend rate of 4.5% per year for 2018 and beyond for the pre-65 age group, and 10.0% in 2008, declining each year thereafter to an ultimate level trend rate of 5.5% per year for 2018 and beyond for the post-65 age group. The health care cost trend rates are not applicable to the life insurance benefit plan. The health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a 1% increase in the assumed health care cost trend rate each year would increase the accumulated postretirement benefit obligation as of December 31, 2007 by approximately

10% and the aggregate of the service and interest cost components of net postretirement benefit expense would increase approximately 12%. Conversely, a 1% decrease in the assumed health care cost trend rate each year would decrease the accumulated postretirement benefit obligation as of December 31, 2007 by approximately 9% and the aggregate of the service and interest cost components of net postretirement benefit expense would decrease approximately 10%.

F-42

Table of Contents

The Company expects to contribute \$1.0 million to the plan in 2008. Based on the Company's assumptions discussed above, the Company expects to make the following estimated future benefit payments under the plan during the years ending December 31 (amounts in thousands):

2008	\$ 994
2009	1,089
2010	1,151
2011	1,229
2012	1,307
2013-2017	7,387
Total	\$ 13,157

The Company amended the plans effective December 31, 2001 such that only retirees currently receiving benefits under the plans and active employees whose age plus years of service total at least 60 and who have at least 10 years of service as of December 31, 2001 remain eligible. The amendment and curtailment of the plans were recorded in accordance with SFAS No. 106, *Employers' Accounting for Postretirement Benefits Other Than Pensions*, and related interpretations.

15. Goodwill and Intangibles

The Company performs an annual review of goodwill for impairment by comparing the carrying value of the applicable reporting unit to the fair value of the reporting unit. If the fair value is less than the carrying value then the Company measures potential impairment by allocating the fair value of the reporting unit to the tangible assets and liabilities of the reporting unit in a manner similar to a business combination purchase price allocation. The remaining fair value of the reporting unit after assigning fair values to all of the reporting unit's assets and liabilities represents the implied fair value of goodwill of the reporting unit. The impairment is measured by the difference between the carrying value of goodwill and the implied fair value of goodwill. The Company completed the annual impairment review on all goodwill at December 31, 2007 and recorded no impairment charges on goodwill in 2007.

As further discussed in Note 3, the Company recorded an impairment charge during 2006 of \$85.0 million in discontinued operations to write down the carrying value of goodwill at certain reporting units of ResortQuest to its implied fair value. In addition, as a result of a significant adverse change in the business climate at one of the markets of its ResortQuest business during the third quarter of 2006, the Company assessed the recoverability of the carrying value of certain long lived assets in this market and recorded an impairment loss of \$0.8 million related to goodwill in discontinued operations.

The carrying amount of goodwill in continuing operations was \$6.9 million at December 31, 2007 and 2006 and is recorded in the Company's Opry and Attractions segment. The carrying amount of indefinite lived intangible assets not subject to amortization in continuing operations was \$1.5 million at December 31, 2007 and 2006. The gross carrying amount of amortized intangible assets in continuing operations was \$1.1 million at December 31, 2007 and 2006. The related accumulated amortization of intangible assets in continuing operations was \$0.9 million and \$0.8 million at December 31, 2007 and 2006, respectively. The amortization expense related to intangibles from continuing operations during the years ended December 31, 2007, 2006, and 2005 was \$54,000, \$60,000, and \$162,000, respectively. The estimated amounts of amortization expense for the next five years are as follows (amounts in thousands):

2008	\$ 54
2009	54
2010	42
2011	12
2012	12

F-43

Table of Contents**16. Financial Reporting By Business Segments**

The following information (amounts in thousands) from continuing operations is derived directly from the segments' internal financial reports used for corporate management purposes. As further discussed in Note 3, the Company disposed of its ResortQuest segment during the second quarter of 2007. The results of operations of the ResortQuest segment have been reflected as discontinued operations for all periods presented.

	2007	2006	2005
REVENUES:

Net income (loss) per share	assuming dilution	0.32	(0.13)	0.16	(2.24)
		F-45			

\$140.3 million from the sale of its interest in Bass Pro Group, LLC, which was recorded in other gains and losses in the second quarter of 2007. Net proceeds from the sale of \$221.5 million were used to reduce the Company's outstanding indebtedness.

During 1998, ResortQuest recorded a note receivable of \$4.0 million as a result of cash advances made to a primary stockholder (Debtor) of the predecessor company who is no longer an affiliate of ResortQuest. The note was collateralized by a third mortgage on residential real estate owned by the Debtor. Due to the failure to make interest payments, the note receivable was in default. The Company accelerated the note and demanded payment in full. The Company also contracted an independent external third party to appraise the property by which the note was secured, confirm the outstanding senior claims on the property and assess the associated

F-46

Table of Contents

credit risk. Based on this assessment, the Company assigned no value to the note receivable in the purchase price allocation associated with the ResortQuest acquisition. On January 23, 2006, the bankruptcy court approved a plan to restructure the note receivable, and the Company received \$5.7 million in cash and a secured administrative claim of \$0.5 million in full settlement of the note receivable, accrued interest and other related amounts due to us. Because the Company assigned no value to this note receivable as part of the ResortQuest purchase price allocation, the recovery of this note receivable resulted in the Company recording a net gain of \$5.4 million in gain (loss) from discontinued operations during the first quarter of 2006. In July 2006, the Company received \$0.5 million in cash in full settlement of the secured administrative claim, which resulted in the Company recording a gain of \$0.5 million in gain (loss) from discontinued operations during the third quarter of 2006.

During the third quarter of 2006, the Company received \$5.3 million in cash in full settlement of its claim under its business interruption insurance policies for profits lost by ResortQuest as a result of hurricanes Ivan, Dennis and Charley. The net recovery of \$4.9 million is recorded in gain (loss) from discontinued operations during the third quarter of 2006.

As a result of a significant adverse change in the business climate at one of the markets of its ResortQuest business during the third quarter of 2006, the Company assessed the recoverability of the carrying value of certain long lived assets in this market and recorded an impairment loss of \$0.8 million related to goodwill and \$0.1 million related to certain intangible assets in gain (loss) from discontinued operations.

As further discussed in Note 3, the Company evaluated its goodwill and other intangible assets with indefinite useful lives for impairment as of December 31, 2006. In connection with this impairment test, the Company determined that the fair value of the ResortQuest trade name, which is an intangible asset with an indefinite useful life, was less than its carrying value. As a result the Company recorded an impairment charge of \$12.1 million in gain (loss) from discontinued operations during the fourth quarter of 2006 to write down the carrying value of the ResortQuest trade name to its fair value. Also in connection with the annual impairment test, the Company determined that the fair values of certain reporting units of ResortQuest were less than the carrying values of those reporting units, which indicated the goodwill related to those reporting units was impaired. Therefore, the Company recorded an impairment charge of \$85.0 million in gain (loss) from discontinued operations during the fourth quarter of 2006 to write down the carrying values of goodwill at the impaired reporting units to their implied fair values.

During 2005 and 2006, the Company was developing a new enterprise property management system for ResortQuest named ReQuest. During the fourth quarter of 2006, the Company determined that there had been a significant change in the extent or manner in which the system was expected to be used and it was no longer probable that ReQuest would be completed and placed in service. As a result, the Company indefinitely suspended the development of ReQuest during the fourth quarter of 2006 and recorded an impairment charge of \$12.6 million in gain (loss) from discontinued operations to write off the carrying value of ReQuest to its fair value. Also in accordance with SFAS No. 144, the Company determined that the management contracts at a certain market of ResortQuest were not recoverable and recorded an impairment charge of \$0.2 million in gain (loss) from discontinued operations during the fourth quarter of 2006 to write down the carrying values of those management contracts to their fair values.

18. Subsequent Events*Potential Purchase of Westin La Cantera Resort*

The Company entered into an Agreement of Purchase and Sale dated as of November 19, 2007 (the Purchase Agreement) with LCWW Partners, a Texas joint venture, and La Cantera Development Company, a Delaware corporation (collectively, Sellers), to acquire the assets related to the Westin La Cantera Resort, located in San Antonio, Texas (the La Cantera Resort). The La Cantera Resort property includes approximately 508 rooms, 39,000 square feet of meeting space and two championship golf courses. The Purchase Agreement also provides for the Company s purchase of approximately 90 acres of undeveloped land adjacent to the resort property.

The purchase price payable by the Company under the Purchase Agreement is \$252.5 million, payable in cash at closing, which amount is subject to certain adjustments at closing. In addition, the Company will be required to pay a termination fee in an amount not to exceed \$3.3 million at closing in connection with the termination of the current management agreement for the La Cantera Resort.

On January 21, 2008, the Company entered into an amendment (the Amendment) with Sellers to the Purchase Agreement. The Amendment extended the closing date under the Purchase Agreement to April 30, 2008 (prior to the Amendment, the closing date was scheduled to occur no later than January 31, 2008). The Amendment also provided that the \$10.0 million deposit (the Deposit)

F-47

Table of Contents

previously paid by the Company to an escrow agent under the Purchase Agreement, which is recorded in property and equipment in the accompanying consolidated balance sheet, would be released to Sellers, and that the Deposit would be non-refundable to the Company except in connection with the voluntary and intentional default by Sellers in their obligations to be performed on the closing date. In the event the transaction closes, the Deposit will be credited toward the purchase price.

The Amendment conditioned the closing of the transactions under the Purchase Agreement on the Company arranging financing satisfactory to the Company in its sole discretion in order to fund the transaction. The Company is currently in the process of seeking an additional capital partner to complete this transaction. In the event that the Company does not find a suitable capital partner, it is anticipated that the Company will not close this transaction.

Stock Buyback Program

On February 7, 2008, the Company announced that its board of directors approved a stock repurchase program to repurchase up to \$80 million of its common stock. This program is intended to be implemented through purchases made from time to time in the open market in accordance with applicable Securities and Exchange Commission requirements. The timing, prices and sizes of purchases will depend upon prevailing stock prices, general economic and market conditions and other considerations. The repurchase program does not obligate the Company to acquire any particular amount of common stock and the repurchase program may be suspended at any time at the Company's discretion.

19. Information Concerning Guarantor and Non-Guarantor Subsidiaries

Not all of the Company's subsidiaries have guaranteed the 8% Senior Notes and 6.75% Senior Notes. The 8% Senior Notes and 6.75% Senior Notes are guaranteed on a senior unsecured basis by generally all of the Company's active domestic subsidiaries (the Guarantors). The Company's investment in Bass Pro and certain discontinued operations (the Non-Guarantors) do not guarantee the 8% Senior Notes and 6.75% Senior Notes.

Prior to January 1, 2006, Gaylord Entertainment Company (the Issuer) charged Gaylord Opryland, Gaylord Palms and Gaylord Texan a management fee equal to 3% of revenues. This management fee, which totaled \$16.8 million during the year ended December 31, 2005, was recorded as revenues by the Issuer and operating costs by the Guarantors in the condensed consolidating financial information presented below. Effective January 1, 2006, this management fee is no longer charged.

The following consolidating schedules present condensed financial information of the Company, the guarantor subsidiaries and non-guarantor subsidiaries as of December 31, 2007 and 2006 and for each of the three years in the period ended December 31, 2007.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Board of Directors and Stockholders of Gaylord Entertainment Company:

We have audited the consolidated financial statements of Gaylord Entertainment Company as of December 31, 2007 and 2006 and for each of the three years in the period ended December 31, 2007, and have issued our report thereon dated February 27, 2008 (included elsewhere in this Annual Report on Form 10-K). Our audits also included the financial statement schedules listed in Item 15(A)(2) of this Annual Report on Form 10-K. These schedules are the responsibility of the Company's management. Our responsibility is to express an opinion based on our audits. In our opinion, the financial statement schedules referred to above, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly in all material respects the information set forth therein.
