**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

*Principles of Consolidation*

The consolidated financial statements include our accounts and those of our wholly-owned and majority-owned subsidiaries and VIEs for which we are the primary beneficiary. Noncontrolling interests represents a minority owner's proportionate share of the equity in certain of our consolidated entities. All intercompany transactions and account balances have been eliminated in consolidation.

*Discontinued Operations*

In accordance with Financial Accounting Standards Board's (FASB) guidance on reporting assets held for sale, we reported the financial position and results of operations of our station in Lansing, Michigan (WLAJ-TV), as assets and liabilities held for sale in the accompanying consolidated balance sheets and consolidated statements of operations. Discontinued operations have not been segregated in the consolidated statements of cash flows and, therefore, amounts for certain captions will not agree with the accompanying consolidated balance sheets and consolidated statements of operations. WLAJ-TV was recently acquired in the second quarter of 2012 in connection with the acquisition of the television stations from Freedom Communications (Freedom). See *Note 2. Acquisitions* for more information. The operating results of WLAJ-TV, which is expected to divest in the first quarter of 2013, are not included in our consolidated results of operations from continuing operations for the three and nine months ended September 30, 2012.

*Interim Financial Statements*

The consolidated financial statements for the three and nine months ended September 30, 2012 and 2011 are unaudited. In the opinion of management, such financial statements have been presented on the same basis as the audited consolidated financial statements and include all adjustments, consisting only of normal recurring adjustments necessary for a fair statement of the consolidated balance sheets, consolidated statements of operations, consolidated statements of comprehensive income and consolidated statements of cash flows for these periods as adjusted for the adoption of recent accounting pronouncements discussed below.

As permitted under the applicable rules and regulations of the Securities and Exchange Commission (SEC), the consolidated financial statements do not include all disclosures normally included with audited consolidated financial statements and, accordingly, should be read together with the audited consolidated financial statements and notes thereto in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the SEC. The consolidated statements of operations presented in the accompanying consolidated financial statements are not necessarily representative of operations for an entire year.

*Variable Interest Entities*

In determining whether we are the primary beneficiary of a VIE for financial reporting purposes, we consider whether we have the power to direct the activities of the VIE that most significantly impact the economic performance of the VIE and whether we have the obligation to absorb losses or the right to receive returns that would be significant to the VIE. We consolidate VIEs when we are the primary beneficiary. The assets of each of our consolidated VIEs can only be used to settle the obligations of the VIE. All the liabilities including debt held by our VIEs, are non-recourse to us. However, our senior secured credit facility (Bank Credit Agreement) contains cross-default provisions with the VIE debt of Cunningham Broadcasting Corporation (Cunningham). See *Note 7. Related Person Transactions* for more information.

We have entered into Local Marketing Agreements (LMAs) to provide programming, sales and managerial services for television stations of Cunningham, the license owner of seven television stations as of September 30, 2012. We pay LMA fees to Cunningham and also reimburse all operating expenses. We also have an acquisition agreement in which we have a purchase option to buy the license assets of the television stations which includes the Federal Communications Commission (FCC) license and certain other assets used to operate the station (License Assets). Our applications to acquire the FCC licenses are pending approval. We own the majority of the non-license assets of the Cunningham stations and our Bank Credit Agreement contains certain cross-default provisions with Cunningham whereby a default by Cunningham caused by insolvency would cause an event of default under our Bank Credit Agreement. We have determined that the Cunningham stations are VIEs and that based on the terms of the agreements, the significance of our investment in the stations and the cross-default provisions with our Bank Credit Agreement, we are the primary beneficiary of the variable interests because we have the power to direct the activities which significantly impact the economic performance of the VIEs through the sales and managerial services we provide and we absorb losses and returns that would be considered significant to Cunningham. See *Note 7. Related Person Transactions* for more information on our arrangements

with Cunningham. Included in the accompanying consolidated statements of operations for the three months ended September 30, 2012 and 2011 are net broadcast revenues of \$25.5 million and \$20.9 million, respectively, that relate to LMAs with Cunningham. For the nine months ended September 30, 2012 and 2011, Cunningham's stations provided us with approximately \$73.5 million and \$66.8 million, respectively, of net broadcast revenues.

We have outsourcing agreements with certain other license owners, under which we provide certain non-programming related sales, operational and administrative services. We pay a fee to the license owner based on a percentage of broadcast cash flow and we reimburse all operating expenses. We also have a purchase option to buy the License Assets. We have determined that the License Assets of these stations are VIEs, and, based on the terms of the agreements and the significance of our investment in the stations, we are the primary beneficiary of the variable interests because, subject to the ultimate control of the licensees, we have the power to direct the activities which significantly impact the economic performance of the VIE through the sales and managerial services we provide and because we absorb losses and returns that would be considered significant to the VIEs. Included in the accompanying consolidated statements of operations for the three months ended September 30, 2012 and 2011 are net broadcast revenues of \$4.1 million and \$2.6 million, respectively, that relate to these arrangements. For the nine months ended September 30, 2012 and 2011, are net broadcast revenues of \$11.9 million and \$8.7 million, respectively, that relate to these arrangements.

Total liabilities	\$	8,525	\$	14,383

The amounts above represent the consolidated assets and liabilities of the VIEs related to our LMAs with Cunningham and certain outsourcing agreements, for which we are the primary beneficiary, and have been aggregated as they all relate to our broadcast business. Excluded from the amounts above are payments made to Cunningham under the LMA which are treated as a prepayment of the purchase price of the stations and capital leases between us and Cunningham which are eliminated in consolidation. The total payments made under the LMA as of September 30, 2012 and December 31, 2011 which are excluded from liabilities above were \$29.8 million and \$22.7 million, respectively. The total capital lease assets excluded from above were \$11.7 million and \$11.8 million as of September 30, 2012 and December 31, 2011, respectively. The risk and reward characteristics of the VIEs are similar.

In the fourth quarter of 2011, we began providing sales, programming and management services to the eight stations owned by Freedom pursuant to an LMA. Effective April 1, 2012, we completed the acquisition of these stations and the LMA was terminated. We determined that the Freedom stations were VIEs during the period of the LMA based on the terms of the agreement. We were not the primary beneficiary because the owner of the stations had the power to direct the activities of the VIEs that most significantly impacted the economic performance of the VIEs. In the consolidated statements of operations for the nine months ended September 30, 2012 are net broadcast revenues of \$10.0 million and station production expenses of \$7.8 million related to the Freedom LMAs, during the period prior to the acquisition.

Table of Contents

We have investments in other real estate ventures and investment companies which are considered VIEs. However, we do not participate in the management of these entities including the day-to-day operating decisions or other decisions which would allow us to control the entity, and therefore, we are not considered the primary beneficiary of these VIEs. We account for these entities using the equity or cost method of accounting.

The carrying amounts of our investments in these VIEs for which we are not the primary beneficiary for the periods presented (in thousands):

	As of September 30, 2012		As of December 31, 2011	
	Carrying amount	Maximum exposure	Carrying amount	Maximum exposure
Investments in real estate ventures	\$ 3,752	\$ 3,752	\$ 8,009	\$ 8,009
Investments in investment companies	25,370	25,370	26,276	26,276
Total	\$ 29,122	\$ 29,122	\$ 34,285	\$ 34,285

The carrying amounts above are included in other assets in the consolidated balance sheets. The income and loss related to these investments are recorded in income from equity and cost method investments in the consolidated statement of operations. We recorded income of \$0.3 million and \$1.3 million in the three months ended September 30, 2012 and 2011, respectively. We recorded income of \$7.0 million and \$2.2 million for the nine months ended September 30, 2012 and 2011, respectively.

Our maximum exposure is equal to the carrying value of our investments. As of September 30, 2012 and December 31, 2011, our unfunded commitments related to private equity investment funds totaled \$10.9 million for each of the periods.

***Recent Accounting Pronouncements***

In May 2011, the FASB issued new guidance for fair value measurements. The purpose of the new guidance is to have a consistent definition of fair value between U.S. Generally Accepted Accounting Principles (GAAP) and International Financial Reporting Standards (IFRS). Many of the amendments to GAAP are not expected to have a significant impact on practice; however, the new guidance does require new and enhanced disclosure about fair value measurements. The amendments are effective for interim and annual periods beginning after December 15, 2011 and should be applied prospectively. This guidance did not have a material impact on our consolidated financial statements but we have included the additional quantitative and qualitative disclosures required for our Level 3 fair value measurements beginning with the quarter ended March 31, 2012.

In July 2012, the FASB issued new guidance for testing indefinite-lived intangible assets for impairment. The new guidance allows companies to perform a qualitative assessment to determine whether further impairment testing of indefinite-lived intangible assets is necessary, similar to the approach now applied to goodwill. Companies can first determine based on certain qualitative factors whether it is more likely than not (a likelihood of more than 50 percent) that an indefinite-lived intangible asset is impaired. The new standard is intended to reduce the cost and complexity of testing indefinite-lived intangible assets for impairment. The revised standard is effective for annual and interim impairment tests performed for fiscal years beginning after September 30, 2012 and early adoption is permitted. We plan to adopt this new guidance in the fourth quarter of 2012 when completing our annual impairment analysis. This guidance will impact how we perform our annual impairment testing for

indefinite-lived intangible assets and may change our related disclosures; however, we do not believe it will have a material impact on our consolidated financial statements.

*Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses in the consolidated financial statements and in the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

*Restricted Cash*

In July 2012, we entered into a definitive agreement to purchase the assets of Newport Television (Newport) for \$412.5 million. Newport owns and operates six stations in five markets. The transaction is expected to close no earlier than December 2012, subject to the approval of the FCC. Pursuant to the asset purchase agreement, we deposited 10% of the purchase price into an escrow account. As of September 30, 2012, \$41.3 million in restricted cash classified as noncurrent relates to the acquisition of Newport. See *Pending Acquisitions and Divestments* under *Note 4. Commitments and Contingencies* for more information.

In August, we entered into a definitive agreement to purchase the assets of KBTV located in Port Arthur, TX, for \$14.0 million. Pursuant to the asset purchase agreement, we deposited 10% of the purchase price into an escrow account. As of September 30, 2012, \$1.4 million in restricted cash classified as noncurrent relates to the acquisition of KBTV. See *Pending Acquisitions and Divestments* under *Note 4. Commitments and Contingencies* for more information.

Table of Contents

Additionally, under the terms of certain lease agreements, as of September 30, 2012 and December 31, 2011, we were required to hold \$0.2 million of restricted cash related to the removal of analog equipment from some of our leased towers.

***Revenue Recognition***

Total revenues include: (i) cash and barter advertising revenues, net of agency commissions; (ii) retransmission consent fees; (iii) network compensation; (iv) other broadcast revenues and (v) revenues from our other operating divisions.

Advertising revenues, net of agency commissions, are recognized in the period during which time spots are aired.

Our retransmission consent agreements contain both advertising and retransmission consent elements. We have determined that our retransmission consent agreements are revenue arrangements with multiple deliverables. Advertising and retransmission consent deliverables sold under our agreements are separated into different units of accounting at fair value. Revenue applicable to the advertising element of the arrangement is recognized similar to the advertising revenue policy noted above. Revenue applicable to the retransmission consent element of the arrangement is recognized over the life of the agreement.

***Income Taxes***

Our income tax provision for all periods consists of federal and state income taxes. The tax provision for the three and nine months ended September 30, 2012 and 2011 is based on the estimated effective tax rate applicable for the full year after taking into account discrete tax items and the effects of the noncontrolling interests. We provide a valuation allowance for deferred tax assets if we determine that it is more likely than not that some or all of the deferred tax assets will not be realized. In evaluating our ability to realize net deferred tax assets, we consider all available evidence, both positive and negative, including our past operating results, tax planning strategies and forecasts of future taxable income. In considering these sources of taxable income, we must make certain judgments that are based on the plans and estimates used to manage our underlying businesses on a long-term basis. A valuation allowance has been provided for deferred tax assets related to a substantial portion of our available state net operating loss carryforwards, based on past operating results, expected timing of the reversals of existing temporary book/tax basis differences, alternative tax strategies and projected future taxable income.

Our effective income tax rate for the three and nine months ended September 30, 2011 was greater than the statutory rate primarily due to state taxes. Our effective income tax rate for the three months ended September 30, 2012 was greater than the statutory rate primarily due to an increase in the income tax reserves related to a state audit settlement reached during the quarter. Our effective income tax rate for the nine months ended September 30, 2012 was lower than the statutory rate primarily due to: 1) a release of valuation allowance in the first quarter of \$7.7 million related to certain deferred tax assets of Cunningham, one of our consolidated VIEs, as the weight of all available evidence supports realization of the deferred tax assets, which was partially offset by 2) an increase in the income tax reserves related to a state audit settlement reached during the third quarter. The valuation allowance release determination, in the first quarter of 2012, was based primarily on the sufficiency of forecasted taxable income necessary to utilize NOLs expiring in years 2022 - 2029. This VIE files separate income tax returns. Any resulting tax liabilities are nonrecourse to us and we are not entitled to any benefit resulting from the deferred tax assets of the VIE.

We believe it is reasonably possible that our liability for unrecognized tax benefits related to certain discontinued operations will be reduced by \$5.0 million in the next twelve months as a result of expected statute of limitations expirations, the application of limits under available state administrative practice exceptions, and the resolution of examination issues and settlements with certain state tax authorities.

***Reclassifications***

Certain reclassifications have been made to prior years' consolidated financial statements to conform to the current year's presentation.

**2. ACQUISITIONS**

*Four Points*

Effective January 1, 2012, we completed the previously announced acquisition of the broadcast assets of Four Points Media Group LLC (Four Points), which we had previously operated pursuant to a LMA since October 1, 2011. The acquired assets consist of the following seven stations in four markets along with the respective network affiliation or program service arrangements: KUTV (CBS) and KMYU (MNT / This TV) in Salt Lake City / St. George, UT; KEYE (CBS) in Austin, TX; WTVX (CW), WTCN (MNT) and WWHB (Azteca) in West Palm Beach / Fort Pierce / Stuart, FL; and WLWC (CW) in Providence, RI / New Bedford, MA.

Table of Contents

We paid Four Points \$200.0 million in cash, less a working capital adjustment of \$0.9 million. The acquisition was financed with a \$180.0 million draw under an incremental Term B Loan commitment under our amended Bank Credit Agreement plus a \$20.0 million cash escrow previously paid in September 2011.

Under the acquisition method of accounting, the results of the acquired operations are included in the financial statements of the Company beginning January 1, 2012. The initial purchase price has been allocated to the acquired assets and assumed liabilities based on estimated fair values. The purchase price allocation is preliminary pending a final determination of the fair values of the assets and liabilities. The initial allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

Prepaid expenses and other current assets	\$	456
Program contract costs		3,731
Property and equipment		34,578
Broadcast licenses		10,658
Definite-lived intangible assets		90,099
Other assets		548
Accrued liabilities		(381)
Program contracts payable		(5,157)
Fair value of identifiable net assets acquired		134,532
Goodwill		64,544
Total	\$	199,076

The preliminary allocation presented above is based upon management's estimate of the fair values using valuation techniques including income, cost and market approaches. In estimating the fair value of the acquired assets and assumed liabilities, the fair value estimates are based on, but not limited to, expected future revenue and cash flows, expected future growth rates, and estimated discount rates. The amount allocated to definite-lived intangible assets represents the estimated fair values of network affiliations of \$66.9 million, the decaying advertiser base of \$9.4 million, and other intangible assets of \$13.8 million. These intangible assets will be amortized over the estimated remaining useful lives of 15 years for network affiliations, 10 years for the decaying advertiser base and a weighted average of 14 years for the other intangible assets. Acquired property and equipment will be depreciated on a straight-line basis over the respective estimated remaining useful lives. Goodwill is calculated as the excess of the consideration transferred over the fair value of the identifiable net assets acquired and represents the future economic benefits expected to arise from other intangible assets acquired that do not qualify for separate recognition, including assembled workforce and noncontractual relationships, as well as expected future synergies. We expect that goodwill will be deductible for tax purposes. The initial purchase price allocation is based upon all information available to us at the present time and is subject to change, and such changes could be material.

Prior to the acquisition, since October 1, 2011, we provided sales, programming and management services to the stations pursuant to an LMA. During that period, we funded the working capital needs of the stations, which totaled \$8.1 million as of December 31, 2011 and was reflected as cash flows used in operating activities within the consolidated statement of cash flows for that period. This working capital is not reflected in the purchase price allocation presented above.

The results of operations for the three and nine months ended September 30, 2012 include the results of the Four Points stations since January 1, 2012. Net broadcast revenues and operating income of the Four Points stations included in our consolidated statements of operations, were \$18.0 million and \$4.0 million for the three months ended September 30, 2012, respectively, and \$53.9 million and \$11.5 million for the nine months ended September, 2012, respectively.

*Freedom*

Effective April 1, 2012, we completed the previously announced acquisition of the broadcast assets of Freedom, which we had previously operated pursuant to a LMA since December 1, 2011. The acquired assets consist of the following eight stations in seven markets along with the respective network affiliation or program service arrangements: WPEC (CBS) in West Palm Beach, FL; WWMT (CBS) in Grand Rapids/Kalamazoo/Battle Creek, MI; WRGB (CBS) and WCWN (CW) in Albany, NY; WTVC (ABC) in Chattanooga, TN; WLAJ-TV (ABC) in Lansing, MI; KTVL (CBS) in Medford-Klamath Falls, OR; and KFDM (CBS) in Beaumont/Port Arthur/Orange, TX.

We paid Freedom \$385.0 million plus a working capital adjustment of \$0.3 million. The acquisition was financed with a draw under a \$157.5 million incremental Term Loan A and a \$192.5 million incremental Term B Loan commitment under our amended Bank Credit Agreement, plus a \$38.5 million cash escrow previously paid in November 2011.

Under the acquisition method of accounting, the results of the acquired operations are included in the financial statements of the Company beginning April 1, 2012. The initial purchase price has been allocated to the acquired assets and assumed liabilities based on estimated fair values. The purchase price allocation is preliminary pending a final determination of the fair values of the assets and liabilities. The initial allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

Table of Contents

Prepaid expenses and other current assets	\$	373
Program contract costs		3,520
Property and equipment		54,109
Broadcast licenses		10,424
Definite-lived intangible assets		132,475
Other assets		278
Accrued liabilities		(589)
Program contracts payable		(3,404)
Fair value of identifiable net assets acquired		197,186
Goodwill		188,097
Total	\$	385,283

The preliminary allocation presented above is based upon management's estimate of the fair values using valuation techniques including income, cost and market approaches. In estimating the fair value of the acquired assets and assumed liabilities, the fair value estimates are based on, but not limited to, expected future revenue and cash flows, expected future growth rates, and estimated discount rates. The amount allocated to definite-lived intangible assets represents the estimated fair values of network affiliations of \$93.1 million, the decaying advertiser base of \$23.4 million, and other intangible assets of \$16.0 million. These intangible assets will be amortized over the estimated remaining useful lives of 15 years for network affiliations, 10 years for the decaying advertiser base and a weighted average life of 16 years for the other intangible assets. Acquired property and equipment will be depreciated on a straight-line basis over the respective estimated remaining useful lives. Goodwill is calculated as the excess of the consideration transferred over the fair value of the identifiable net assets acquired and represents the future economic benefits expected to arise from other intangible assets acquired that do not qualify for separate recognition, including assembled workforce and noncontractual relationships, as well as expected future synergies. We expect that goodwill will be deductible for tax purposes. The initial purchase price allocation is based upon all information available to us at the present time and is subject to change, and such changes could be material.

Prior to the acquisition, since December 1, 2011, we provided sales, programming and management services to the stations pursuant to an LMA. During that period, we funded the working capital needs of the stations, which totaled \$1.5 million as of December 31, 2011 and \$9.6 million as of March 31, 2012 and was reflected as cash flows used in operating activities within the consolidated statement of cash flows for those periods. This working capital is not reflected in the purchase price allocation presented above.

The results of operations for the three and nine months ended September 30, 2012 includes the results of the Freedom stations since April 1, 2012. Net broadcast revenues and operating income of the Freedom stations included in our consolidated statements of operations, were \$26.8 million and \$7.2 million for the three months ended September 30, 2012, respectively, and \$52.5 million and \$14.0 million for the nine months ended September, 2012, respectively. These amounts exclude the operations of WLAJ-TV which are classified as discontinued operations in the consolidated statements of operations. See *Note 1. Summary of Significant Accounting Policies*. Net broadcast revenues and operating losses of WLAJ-TV were \$1.1 million and \$0.2 million for the three months ended September 30, 2012, respectively, and \$2.1 million and less than \$0.1 million for the nine months ended September 30, 2012, respectively. Additionally, during the first quarter, prior to the acquisition, we recorded net broadcast revenues of \$10.0 million related to the Freedom LMAs.

*Pro Forma Information*

The following table sets forth unaudited pro forma results of operations, assuming that the above acquisitions, along with transactions necessary to finance the acquisitions, occurred at the beginning of each annual period presented (in thousands, except per share data):

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

	Three Months Ended September 30,		Nine Months Ended September 30,

This pro forma financial information is based on historical results of operations, adjusted for the allocation of the purchase price and other acquisition accounting adjustments, and is not necessarily indicative of what our results would have been had we operated the businesses since the beginning of the annual period presented. The pro forma adjustments reflect depreciation expense, amortization of intangibles and amortization of program contract costs related to the fair value adjustments of the assets acquired, additional interest expense related to the financing of the transactions, exclusion of nonrecurring financing and transaction related costs and the related tax effects of the adjustments. The pro forma revenues exclude the revenues of WLAJ-TV which are

Table of Contents

classified as discontinued operations in the consolidated statements of operations. Total revenues of WLAJ-TV which are excluded from the pro forma results above are \$1.1 million and \$0.8 million for the three months ended September 30, 2012 and 2011, respectively, and \$3.2 million and \$2.4 million for the nine months ended September 30, 2012 and 2011, respectively.

In connection with these acquisitions, we incurred a total of \$1.2 million of costs primarily related to legal and other professional services, which we expensed as incurred. For the three and nine months ended September 30, 2012, \$0.1 million and \$0.6 million, respectively, of such costs were incurred in corporate, general and administrative expenses in the consolidated statements of operations. These costs were not included in the pro forma amounts above as they are nonrecurring in nature.

### 3. GOODWILL, BROADCAST LICENSES AND OTHER INTANGIBLE ASSETS:

Goodwill, which arises from the purchase price exceeding the assigned value of the net assets of an acquired business, represents the value attributable to unidentifiable intangible elements being acquired. The change in the carrying amount of goodwill related to continuing operations was as follows (in thousands):

	Broadcast	Other Operating Divisions	Consolidated
Balance at December 31, 2011			
Goodwill	\$ 1,070,202	\$ 3,488	\$ 1,073,690
Accumulated impairment losses	(413,573)		(413,573)
	656,629	3,488	660,117
Acquisition of television stations (a)	252,641		252,641
Reclassification of goodwill to assets held for sale (b)	(4,721)		(4,721)
Balance at September 30, 2012			
Goodwill	1,318,122	3,488	1,321,610
Accumulated impairment losses	(413,573)		(413,573)
	\$ 904,549	\$ 3,488	\$ 908,037

(a) In 2012, we acquired goodwill as a result of the acquisitions of the Four Points and Freedom stations as discussed in *Note 2. Acquisitions*.

(b) In 2012, we reclassified goodwill to assets held for sale as a result of the pending sale of WLAJ-TV in Lansing, Michigan as discussed in *Pending Acquisitions and Divestments under Note 4. Commitments and Contingencies*.

As of September 30, 2012 and December 31, 2011, the carrying amount of our broadcast licenses related to continuing operations was as follows (in thousands):

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

	2012		2011
Beginning balance	\$ 47,002	\$	47,375
Broadcast license impairment charge			(398)
Acquisition of television stations (a)	23,662		25
Reclassification of broadcast license to assets held for sale (b)			(25)
Ending balance	\$ 70,639	\$	47,002

---

(a) In 2011, Cunningham, a VIE for which we consolidate, acquired the license assets of WDBB-TV, in Birmingham, Alabama. In 2012, we acquired broadcast licenses of the Four Points and Freedom stations discussed in *Note 2. Acquisitions*.

(b) In 2012, we reclassified the broadcast license of WLAJ-TV in Lansing, Michigan to assets held for sale as discussed in *Pending Acquisitions and Divestments* under *Note 4. Commitments and Contingencies*.

We did not have any indicators of impairment in the first, second or third quarters of 2012 and therefore did not perform interim impairment tests for goodwill during those periods. In the first quarter of 2011, we recorded an impairment charge of \$0.4 million for our broadcast licenses due to anticipated increase in costs for one of our stations as a result of converting to full power. We performed our annual impairment tests in the fourth quarter of 2011, and did not recognize any impairment as a result of the assessments.

The increase also includes the purchase of additional alarm monitoring contracts of \$7.8 million, which is included in the other operating divisions segment.

Definite-lived intangible assets and other assets subject to amortization are being amortized on a straight-line basis over periods of 5 to 25 years. The amortization expense of the definite-lived intangible assets for the nine months ended September 30, 2012 and 2011 was \$26.7 million and \$14.2 million, respectively. We analyze specific definite-lived intangibles for impairment when events occur that may impact their value in accordance with the respective accounting guidance for long-lived assets. There were no impairment charges recorded for the nine months ended September 30, 2012 and 2011.

#### 4. COMMITMENTS AND CONTINGENCIES:

##### *Litigation*

We are party to lawsuits and claims from time to time in the ordinary course of business. Actions currently pending are in various preliminary stages and no judgments or decisions have been rendered by hearing boards or courts in connection with such actions. After reviewing developments to date with legal counsel, our management is of the opinion that the outcome of our

Table of Contents

pending and threatened matters will not have a material adverse effect on our consolidated balance sheets, consolidated statements of operations or consolidated statements of cash flows.

Various parties have filed petitions to deny our applications or our LMA partners' applications for the following stations' license renewals: WXLV-TV, Winston-Salem, North Carolina; WMYV-TV, Greensboro, North Carolina; WLFL-TV, Raleigh/Durham, North Carolina; WRDC-TV, Raleigh/Durham, North Carolina; WLOS-TV, Asheville, North Carolina, WMMP-TV, Charleston, South Carolina; WTAT-TV, Charleston, South Carolina; WMYA-TV, Anderson, South Carolina; WICS-TV in Springfield/Champaign, Illinois and WCGV-TV in Milwaukee, Wisconsin. The FCC is in the process of considering the renewal applications and we believe the petitions have no merit.

*Network Affiliations*

On May 14, 2012, the Company and the licensees of stations to which we provide services, representing 20 affiliates of Fox Broadcast Company (FOX) in total, extended the network affiliation agreements with FOX from the existing term of December 31, 2012 to December 31, 2017. Concurrently, we entered into an assignable option agreement with Fox Television Stations, Inc. (FTS) giving us or our assignee the right to purchase substantially all the assets of the WUTB station (Baltimore, MD) owned by FTS, which has a program service arrangement with MyNetworkTV, and entered into an option agreement giving FTS the right to purchase our stations in up to three of the following four markets: Las Vegas, NV, Raleigh, NC, Norfolk, VA, and Cincinnati, OH. Our stations in these markets are affiliated with the following networks or program service providers: Las Vegas (The CW and MyNetworkTV), Raleigh (The CW and MyNetworkTV), Norfolk (MyNetworkTV) and Cincinnati (MyNetworkTV). These options are exercisable between July 1, 2012 and March 30, 2013. The maximum total potential payments associated with the affiliation agreement and the option agreements is \$50.0 million, which excludes any proceeds from the sale of stations upon FTS exercising its option, the \$2.7 million purchase price we would pay to FTS for WUTB pursuant to our option, and ordinary course programming payments that will be due to FOX under the terms of the Company's affiliation agreements. If FTS decides to exercise its option to purchase one or more of the aforementioned stations, the total payments will be reduced by \$25.0 million. In the second quarter of 2012, we paid \$25.0 million to FOX pursuant to the agreements, which is reflected as cash flows used in operating activities within the consolidated statement of cash flows for the nine month period ending September 30, 2012. During the second quarter of 2012, we recorded \$50.0 million in other assets and \$25.0 million of other accrued liabilities within the consolidated balance sheet, representing the additional obligation due to FOX if FTS does not exercise its option to acquire any of our stations. The \$50.0 million asset is being amortized through the current term of the affiliation agreement ending on December 31, 2017. Approximately \$2.2 million and \$3.3 million of amortization expense has been recorded in the consolidated statement of operations during the three and nine months ended September 30, 2012, respectively.

*Pending Acquisitions and Divestments*

On July 17, 2012, we entered into an agreement to purchase the assets of Bay Television, Inc. (Bay TV), which owns the television station WTTA-TV in the Tampa/St. Petersburg, Florida market, for \$40.0 million. The transaction has received FCC approval and is expected to close in the fourth quarter of 2012. Concurrent with the acquisition, our LMA with Bay TV to provide certain sales, programming and other management services will be terminated. As discussed in *Note 7. Related Person Transactions*, our controlling shareholders own a controlling interest in Bay TV. With that in mind, our board of directors obtained a fairness opinion from a third party valuation firm. As this will be a transaction between entities under common control, the acquisition method of accounting will not be applied, and the assets acquired will be recorded at their historical cost basis, upon closing. The difference between the purchase price and the historical cost basis of the assets will be recorded as a reduction in additional paid-in capital.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

On July 19, 2012, we entered into a definitive agreement to purchase the broadcast assets of six television stations owned and/or operated by Newport for \$412.5 million. The six stations are located in five markets and have the following network affiliation or program service arrangements: WKRC (CBS) in Cincinnati, OH; WOAI (NBC) in San Antonio, TX; WHP (CBS) in Harrisburg/Lancaster/Lebanon/York, PA; WPMI (NBC) and WJTC (IND) in Mobile, AL/Pensacola, FL; and KSAS (FOX) in Wichita/Hutchinson, KS. We will also acquire Newport's rights under the local marketing agreements with WLYH (CW) in Harrisburg, PA and KMTW (MNT) in Wichita, KS, as well as options to acquire the license assets. The purchase agreement includes other customary provisions, including representations and warranties, covenants and indemnification provisions. Upon entering into the asset purchase agreement we deposited 10% of the purchase price, \$41.3 million, into escrow. Upon closing, we will finance the \$412.5 million purchase price, less the \$41.3 million in escrow and the \$6.0 million paid by Deerfield Media, Inc. (Deerfield) for certain license assets as described below, with the net proceeds from the 6.125% notes issued in October 2012. See *Note 5. Notes Payable and Commercial Bank Financing* for more information.

In July, we entered into agreements with Deerfield to sell Deerfield the license assets of one of our stations in San Antonio (KMYS CW) and our station in Cincinnati (WSTR MNT) for \$5.6 million, subject to Fox Television Station's purchase option with respect to WSTR which expires March 30, 2013, and assigned Deerfield the right to buy the license assets of WPMI and WJTC in the Mobile/Pensacola market for \$6.0 million, after which we intend to provide sales and other non-programming services to each of these four stations pursuant to shared services and joint sales agreements. All of the aforementioned transactions are expected to close no earlier than December 2012, subject to closing conditions, including without limitation approval of the FCC. Our acquisition of Newport received antitrust clearance by the Department of Justice on August 28, 2012.

Table of Contents

In August, we entered into an agreement to purchase the assets of KBTV (FOX) located in Port Arthur, TX, for \$14.0 million, subject to approval of the FCC and other closing conditions. Our right to purchase the license assets was assigned to Deerfield for \$1.5 million, bringing our net purchase price to \$12.5 million. Upon closing, we intend to provide sales and other non-programming services to this station pursuant to shared services and joint sales agreements.

In October, we entered into an agreement to purchase the assets of the WUTB (MNT) station in Baltimore, MD owned by FOX for \$2.7 million after exercising our purchase option as described under *Network Affiliations* above. This transaction is subject to FCC approval and other closing conditions. Our right to purchase the license assets under the agreement was assigned to Deerfield for \$0.3 million, bringing our net purchase price to \$2.4 million. Upon closing, we intend to provide sales and other non-programming services to this station pursuant to shared services and joint sales agreements.

In October, we entered into an agreement to sell all of the assets of WLAJ-TV, to an unrelated third party for \$14.4 million in cash. The sale is subject to FCC approval and other closing conditions and we expect closing to occur in early 2013. As of September 30, 2012, the station is classified as held for sale and the results of operations are classified as discontinued operations during the three and nine months ended September 30, 2012. Since we acquired the station in April 2012 and this agreement was entered into shortly after acquisition, we believe the sale price approximates the fair value of the station on the original acquisition date. Therefore we do not expect to record a gain or loss upon sale of the station.

**5. NOTES PAYABLE AND COMMERCIAL BANK FINANCING**

***Bank Credit Agreement***

In January 2012, we drew \$180.0 million of the incremental Term Loan B under our Bank Credit Agreement to fund the asset acquisition of Four Points, which closed January 1, 2012. In addition, in April 2012, we drew \$157.5 million of the incremental Term Loan A and \$192.5 million of the incremental Term Loan B under our Bank Credit Agreement to fund the asset acquisition of Freedom, which closed April 1, 2012. During the three months ended September 30, 2012, we drew down \$4.0 million on our revolver. As of September 30, 2012, our revolver balance was \$15.0 million.

On September 20, 2012, we entered into an amendment (the Amendment) of our Bank Credit Agreement. Under the Amendment, we increased our incremental term loan capacity from \$300.0 million to \$500.0 million. Also under the Amendment, the level of permitted unsecured indebtedness increased from \$450.0 million to \$850.0 million, subject to certain limitations, and we increased our ratio of our First Lien Indebtedness from 3.25 times EBITDA to 3.75 times EBITDA through December 31, 2014 with a decrease to 3.50 times EBITDA through maturity of the agreement. Other amended terms provided us with increased television station acquisition capacity, more flexibility under the other restrictive covenants and prepayments of the existing term loans. There were no changes pertaining to interest rates or maturities of the outstanding debt or commitments under the Bank Credit Agreement.

We expect to incur a total of \$7.8 million in financing costs associated with this amendment, and during the three months ended September 30, 2012, we recorded \$5.5 million of estimated fees to interest expense and capitalized \$2.3 million of estimated fees as deferred financing costs, which are included in other assets in our consolidated financial statements, in accordance with the debt modification accounting guidance.

***6.125% Senior Unsecured Notes, due 2022***

On October 12, 2012, we issued \$500.0 million of Senior Unsecured Notes (the Notes) due on October 1, 2022, pursuant to an indenture (the Indenture) dated October 12, 2012. The Notes were priced at 100% of their par value and will bear interest at a rate of 6.125% per annum payable semi-annually on April 1 and October 1, commencing on April 1, 2013. Prior to October 1, 2017, we may redeem the Notes, in whole or in part, at any time or from time to time at a price equal to 100% of the principal amount of the Notes plus accrued and unpaid interest, if any, to the redemption date, plus a make-whole premium as set forth in the Indenture. Beginning on October 1, 2017, we may redeem some or all of the Notes at any time or from time to time at a redemption price set forth in the Indenture. In addition, on or prior to October 1, 2015, we may redeem up to 35% of the Notes using proceeds of certain equity offerings. Upon the sale of certain of our assets or certain changes of control, the holders of the Notes may require us to repurchase some or all of the notes. The net proceeds from the offering of the Notes were used to pay down outstanding indebtedness under the revolving credit facility under our Bank Credit Agreement and will be used to fund the pending acquisitions as described under *Note 4. Commitments and Contingencies*, and for general corporate purposes. As of September 30, 2012, we capitalized \$9.1 million in estimated fees to deferred financing costs, which are included in other assets in our consolidated financial statements.

In conjunction with the 6.125% Notes issuance, both Moody's and Standard & Poor's raised the issue-level rating on our senior secured second lien notes.

Approximately 1.4 million and 1.1 million shares of common stock for the three months ended September 30, 2012 and 2011, respectively, and 1.5 million and 1.1 million for the nine months ended September 30, 2012 and 2011, respectively, were excluded from the computation of diluted earnings per common share for these periods because their effect would have been antidilutive. The increase in potentially dilutive securities is primarily related to the issuance of new stock settled appreciation rights in March 2012. The net income per share amounts are the same for Class A and Class B Common Stock because the holders of each class are legally entitled to equal per share distributions whether through dividends or in liquidation.

**7. RELATED PERSON TRANSACTIONS**

David, Frederick, J. Duncan and Robert Smith (collectively, the controlling shareholders) are brothers and hold substantially all of the Class B Common Stock and some of our Class A Common Stock. We engaged in the following transactions with them and/or entities in which they have substantial interests.

applicable FCC rules and regulations, 100% of the capital stock of Cunningham owned by the trusts. We also have options from each of Cunningham's subsidiaries, which are the FCC licensees of the Cunningham stations, which grant us the right to acquire, and grant Cunningham the right to require us to acquire, subject to applicable FCC rules and regulations, 100% of the capital stock or the assets of Cunningham's individual subsidiaries.

In addition to the option agreements, we have LMAs with the Cunningham stations to provide programming, sales and managerial services to the stations. Each of the LMAs has a current term that expires on July 1, 2016 and there are three additional 5-year renewal terms remaining with final expiration on July 1, 2031.

Effective November 5, 2009, we entered into amendments and/or restatements of the following agreements between Cunningham and us: (i) the LMAs, (ii) option agreements to acquire Cunningham stock and (iii) certain acquisition or merger agreements relating to the Cunningham Stations.

Pursuant to the terms of the LMAs, options and other agreements, beginning on January 1, 2010 and ending on July 1, 2012, we were obligated to pay Cunningham the sum of approximately \$29.1 million in 10 quarterly installments of \$2.75 million and one quarterly payment of approximately \$1.6 million, which amounts were used to pay down Cunningham's bank credit facility and which amounts were credited toward the purchase price for each Cunningham station. An additional \$1.2 million was paid on July 1, 2012 and another installment of \$2.75 million will be paid on October 1, 2012 as an additional LMA fee and will be used to pay off the remaining balance of Cunningham's bank credit facility. The aggregate purchase price of the television stations, which was originally \$78.5 million pursuant to certain acquisition or merger agreements subject to 6% annual increases, will be decreased by each payment made by us to Cunningham, through 2012, up to \$29.1 million in the aggregate, pursuant to the foregoing transactions with Cunningham as such payments are made. Beginning on January 1, 2013, we will be obligated to pay Cunningham an annual LMA fee for the television stations equal to the greater of (i) 3% of each station's annual net broadcast revenue and (ii) \$5.0 million, of which a portion of this fee will be credited toward the purchase price to the extent of the annual 6% increase. The remaining purchase price as of September 30, 2012 was approximately \$57.1 million.

Additionally, we reimburse Cunningham for 100% of its operating costs, as well as pay Cunningham a monthly payment of \$50,000 through December 2012 as an LMA fee.

We made payments to Cunningham under these LMAs and other agreements of \$4.0 million and \$4.1 million for the three months ended September 30, 2012 and 2011, respectively, and \$11.9 million and \$12.5 million, for the nine months ended September 30, 2012 and 2011, respectively. The financial statements for Cunningham are included in our consolidated financial statements for all periods presented. Our Bank Credit Agreement contains certain cross-default provisions with certain material third-party licensees. As of September 30, 2012, Cunningham was the sole material third-party licensee.

Table of Contents**8. SEGMENT DATA**

We measure segment performance based on operating income (loss). Our broadcast segment includes stations in 45 markets located predominately in the eastern, mid-western and southern United States. In 2012, we determined that the operating results of WLAJ-TV should be accounted for as discontinued operations and are not included in our consolidated results of continuing operations for the three and nine months ended September 30, 2012. Our other operating divisions segment primarily earned revenues from sign design and fabrication; regional security alarm operating and bulk acquisitions and real estate ventures. All of our other operating divisions are located within the United States. Corporate costs primarily include our costs to operate as a public company and to operate our corporate headquarters location. Corporate is not a reportable segment. We had approximately \$171.2 million and \$170.0 million of intercompany loans between the broadcast segment, other operating divisions segment and corporate as of September 30, 2012 and 2011, respectively. We had \$5.0 million in intercompany interest expense related to intercompany loans between the broadcast segment, other operating divisions segment and corporate for both the three months ended September 30, 2012, and 2011, respectively. For the nine months ended September 30, 2012 and 2011, we had \$14.9 million and \$14.7 million, respectively, in intercompany interest expense. Intercompany loans and interest expense are excluded from the tables below. All other intercompany transactions are immaterial.

**9. FAIR VALUE MEASUREMENTS:**

Accounting guidance provides for valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). A fair value hierarchy using three broad levels prioritizes the inputs to valuation techniques used to measure fair value. The following is a brief description of those three levels:

- *Level 1:* Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2:* Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- *Level 3:* Unobservable inputs that reflect the reporting entity's own assumptions.

The carrying value and fair value of our notes, debentures, program contracts payable and non-cancelable commitments for the periods presented (in thousands):

Future program liabilities (a)	132,653	106,324	125,075	105,166
--------------------------------	---------	---------	---------	---------

---

(a) Future program liabilities reflect a license agreement for program material that is not yet available for its first showing or telecast and is, therefore, not recorded as an asset or liability on our balance sheet. The carrying value reflects the undiscounted future payments.

Our estimates of the fair value of active program contracts payable and future program liabilities were based on discounted cash flows using Level 3 inputs described above. The discount rate represents an estimate of a market participants' return and risk applicable to program contracts. The discount rate used to determine the fair value of active and future program liabilities was 8.0% as of September 30, 2012 and December 31, 2011. Significant increases (decreases) in the discount rate would result in a significantly lower (higher) fair value measurement.

**10. CONDENSED CONSOLIDATING FINANCIAL STATEMENTS:**

Sinclair Television Group, Inc. (STG), a wholly-owned subsidiary and the television operating subsidiary of Sinclair Broadcast Group, Inc. (SBG), is the primary obligor under the Bank Credit Agreement, the 8.375% Notes and the 9.25% Notes. Our Class A Common Stock, Class B Common Stock, the 4.875% Notes and the 3.0% Notes, as of September 30, 2012, were obligations or securities of SBG and not obligations or securities of STG. SBG was the obligor of the 6.0% Notes until they were fully redeemed in 2011. SBG is a guarantor under the Bank Credit Agreement, the 9.25% Notes and the 8.375% Notes. As of September 30, 2012 our consolidated total debt of \$1,726.8 million included \$1,637.1 million of debt related to STG and its subsidiaries of which SBG guaranteed \$1,588.1 million.

SBG, KDSM, LLC, a wholly-owned subsidiary of SBG, and STG's wholly-owned subsidiaries (guarantor subsidiaries), have fully and unconditionally guaranteed, subject to certain customary automatic release provisions, all of STG's obligations. Those guarantees are joint and several. There are certain contractual restrictions on the ability of SBG, STG or KDSM, LLC to obtain funds from their subsidiaries in the form of dividends or loans.

The following condensed consolidating financial statements present the consolidating balance sheets, consolidating statements of operations and comprehensive income and consolidating statements of cash flows of SBG, STG, KDSM, LLC and the guarantor subsidiaries, the direct and indirect non-guarantor subsidiaries of SBG and the eliminations necessary to arrive at our information on a consolidated basis. These statements are presented in accordance with the disclosure requirements under SEC Regulation S-X, Rule 3-10.

Certain revisions have been made to correct immaterial errors in the condensed consolidating balance sheet as of December 31, 2011 and the condensed consolidating statements of operations and comprehensive income for the three and nine months ended September 30, 2011. The revisions to the condensed consolidating balance sheet increased certain noncurrent assets by \$17.3 million and noncontrolling interests in consolidated subsidiaries by \$9.8 million and decreased additional paid-in capital by \$1.6 million and accumulated deficit by \$9.1 million of the Non-guarantor Subsidiaries, with corresponding offsetting adjustments to the same items in the Eliminations column. The revisions to the condensed consolidating statements of operations and comprehensive income for the three and nine months ended September 30, 2011 increased depreciation, amortization and other operating expenses by \$0.2 million and \$0.5 million, respectively, and decreased net loss attributable to noncontrolling interests for the Non-guarantor Subsidiaries by \$0.1 million for the three months ended September 30, 2011. In addition, the revisions increased net income attributable to noncontrolling interests for the Non-guarantor by \$0.2 million for the nine months ended September 30, 2011, with corresponding offsetting adjustments to the same items in the Eliminations column. These revisions had no effect on amounts presented for SBG, STG, the Guarantor Subsidiaries and KDSM, LLC or Sinclair Consolidated.

The following Management's Discussion and Analysis provides qualitative and quantitative information about our financial performance and condition and should be read in conjunction with our consolidated financial statements and the accompanying notes to those statements. This discussion consists of the following sections:

Executive Overview financial events since June 30, 2012.

Results of Operations an analysis of our revenues and expenses for the three and nine months ended September 30, 2012 and 2011, including comparisons between quarters and expectations for the three months ended December 31, 2012.

Liquidity and Capital Resources a discussion of our primary sources of liquidity, an analysis of our cash flows from or used in operating activities, investing activities and financing activities and an update of our debt refinancings during the three and nine months ended September 30, 2012.

**EXECUTIVE OVERVIEW***Third Quarter 2012 Events*

- On July 17, 2012, we entered into an agreement to purchase the assets of Bay Television, Inc. (Bay TV), which owns WTTA-TV (MNT) in the Tampa/St. Petersburg, Florida market, for \$40.0 million. We have performed sales, programming and other management services for this station pursuant to a local marketing agreement (LMA) since January 1999. The transaction has received the approval of the Federal Communications Commission (FCC) and is expected to close in the fourth quarter of 2012.
- In July, we entered into a definitive agreement to purchase six stations from Newport Television (Newport) for \$412.5 million. The Company will also acquire Newport's rights under the local marketing agreements with WLYH (CW) in Harrisburg, PA and KMTW (MNT) in Wichita, KS, as well as options to acquire the license assets. The transaction is expected to close no earlier than December 2012, subject to closing conditions, including without limitation approval of the FCC. The transaction has received antitrust clearance from the Department of Justice. Upon entering into the asset purchase agreement we deposited 10% of the purchase price, \$41.3 million, into escrow. We intend to finance the purchase with the proceeds from our offering of 6.125% Senior Unsecured Notes due October 2022, which closed in October 2012 as described below.
- In July, we entered into agreements with Deerfield Media, Inc. (Deerfield) to sell Deerfield the license assets of one of our stations in San Antonio (KMYS CW), and our station in Cincinnati (WSTR MNT), subject to Fox Television Stations, Inc. (FTS)'s purchase option with respect to WSTR which expires March 31, 2013, and to assign Deerfield the right to buy the license assets of WPMI and WJTC in the Mobile/Pensacola market for \$6.0 million. Upon closing we intend to provide sales and other non-programming services to each of these four stations pursuant to shared services and joint sales agreements. These transactions are expected to close no earlier than December 2012, subject to approval of the FCC and other closing conditions.
- In August, our Board of Directors declared a quarterly dividend of \$0.15 per share which was paid on September 14, 2012, to the holders of record at the close of business on August 31, 2012.
- In August, we entered into a multi-year retransmission consent agreement with DISH Network for continued carriage in all of our markets.
- In August, we entered into an agreement to purchase the assets of KBTW (FOX) located in Port Arthur, TX, for \$14.0 million, subject to approval of the FCC and other closing conditions. Our right to purchase the license assets was assigned to Deerfield for \$1.5 million, bringing our net purchase price to \$12.5 million. Upon closing, we intend to provide sales and other non-programming services to this station pursuant to shared services and joint sales agreements.
- In September, we entered into an amendment of our Bank Credit Agreement to provide more flexibility with restrictive covenants and permitted incremental indebtedness. There were no changes pertaining to interest rates or maturities of the outstanding debt or commitments under the Bank Credit Agreement.

***Other Events***

- In October, we entered into an agreement to purchase substantially all the assets of the WUTB (MNT) station in Baltimore, MD owned by FTS for \$2.7 million, subject to FCC approval and other closing conditions. Our agreement to purchase the license assets was assigned to Deerfield for \$0.3 million, bringing our net purchase price to \$2.4 million. Upon closing, we intend to provide sales and other non-programming services to this station pursuant to shared services and joint sales agreements.
- In October, we entered into an agreement to sell all of the assets of WLAJ-TV, to an unrelated third party for \$14.4 million. The sale is subject to FCC approval and other closing conditions and we expect closing to occur in early 2013.
- In October, we closed our previously announced private offering of \$500.0 million aggregate principal amount of Senior Unsecured Notes due 2022 (the Notes). The Notes were priced at 100% of their principal amount and will bear interest at a rate of 6.125% per annum payable semi-annually on April 1 and October 1, commencing on April 1, 2013. The Notes mature in October 2022 and are to be guaranteed by Sinclair and certain of Sinclair's subsidiaries. See *Liquidity and Capital Resources* for more information.
- In November, our Board of Directors declared a quarterly cash dividend of \$0.15 per share and a special cash dividend of \$1.00 per share payable on December 14, 2012, to the holders of record at the close of business on November 30, 2012.
- In November, we entered into a multi-year retransmission consent agreement with Mediacom for continued carriage of our stations which are located in Mediacom's markets.

**RESULTS OF OPERATIONS**

In general, this discussion is related to the results of our continuing operations, except for discussions regarding our cash flows, which also include the results of our discontinued operations. The results of the acquired stations from Four Points Media Group LLC (Four Points) as of January 1, 2012 (acquisition date), and from Freedom Communications (Freedom) as of April 1, 2012 (acquisition date) are included in our results of our continuing operations. In 2012, we determined that the operating results of WLAJ-TV, which was one of the stations acquired in the Freedom acquisition, should be accounted for as discontinued operations and therefore the results are not included in our consolidated results of continuing operations for the three and nine months ended September 30, 2012. Unless otherwise indicated, references in this discussion and analysis to the third quarter of 2012 and 2011 refer to the three months ended September 30, 2012 and 2011, respectively. Additionally, any references to the first, second or fourth quarter are to the three months ended March 31, June 30, and December 31, respectively, for the year being discussed. We have two reportable segments, broadcast and other operating divisions that are disclosed separately from our corporate activities.

***SEASONALITY/CYCLICALITY***

Our operating results are usually subject to seasonal fluctuations. Usually, the second and fourth quarter operating results are higher than first and third quarters because advertising expenditures are increased in anticipation of certain seasonal and holiday spending by consumers.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Our operating results are usually subject to fluctuations from political advertising. In even numbered years, political spending is usually significantly higher than in odd numbered years due to advertising expenditures preceding local and national elections. Additionally, every four years, political spending is usually elevated further due to advertising expenditures preceding the presidential election.

Table of Contents

*Net broadcast revenues.* Net broadcast revenues increased \$74.5 million when comparing the third quarter of 2012 to the same period in 2011, of which \$45.7 million was related to stations acquired during the first and second quarters in 2012. Net broadcast revenues increased \$170.4 million when comparing the nine months ended September 30, 2012 to the same period in 2011, of which \$108.9 million was related to stations acquired during the nine months ended September 30, 2012. Additionally, revenues earned pursuant to the Local Marketing Agreement (LMA) with the Freedom stations during the first quarter of 2012 included \$2.2 million for management services performed and \$7.8 million of pass-through costs. The remaining increase, for both the three and nine month periods, was due to increases in advertising revenues generated from the political, automotive and direct response sectors. These increases were partially offset by a decrease in the schools, services, fast food and media sectors. Excluding the stations acquired in the first and second quarters of 2012, automotive, which typically is our largest category, represented 20.3% and 20.8% of net time sales for the three and nine months ended September 30, 2012, respectively.

From a network affiliation or program service arrangement perspective, the following table sets forth our affiliate percentages of net time sales for the periods presented:

	# of Stations (a)	Percent of Net Time Sales for the Three months ended September 30,		Net Time Sales Percent Change	Percent of Net Time Sales for the Nine months ended September 30,		Net Time Sales Percent Change
		2012	2011		2012	2011

Total	73						

(a) During the nine months ended September 30, 2012, we acquired or entered into outsourcing agreements to provide certain non-programming related sales, operational and administrative services to 15 stations with the following network affiliation or program service arrangements: CBS (two stations in the first quarter and five stations in the second quarter), ABC (one station in the second quarter), CW (three stations in the first quarter and one station in the second quarter), MyNetworkTV (two stations in the first quarter), and Azteca (one station in the first quarter). We reclassified the results of operations of WLAJ-TV, an ABC station acquired in the second quarter, as discontinued operations as discussed in *Note 1. Summary of Significant Accounting Policies* and therefore the net time sales of WLAJ-TV are not included in the percentages above.

(b) We broadcast programming from network affiliations or program service arrangements with The Country Network, CBS (rebroadcasted content from other primary channels within the same markets), The CW, MyNetworkTV, This TV LATV, Azteca, Telemundo and Estrella on additional channels through our stations' second and third digital signals.

*Political Revenues.* Political revenues increased by \$25.4 million to \$27.8 million for the third quarter of 2012 when compared to the same period in 2011. For the nine months ended September 30, 2012, political revenues increased by \$38.5 million to \$42.7 million when compared to the same period in 2011. Political revenues are typically lower in non-election years such as 2011 and increased in 2012 due to the presidential election.

*Local Revenues.* Excluding political revenues, our local broadcast revenues, which include local times sales, retransmission revenues and other local revenues, were up \$38.1 million for the third quarter of 2012 when compared to the same period in 2011, of which \$19.9 million related to the stations acquired in the first and second quarters of 2012. Excluding political revenues, our local broadcast revenues were up \$107.0 million for the nine months ended September 30, 2012 compared to the same period in 2011, of which \$52.4 million related to the stations acquired in the first and second quarters of 2012. Additionally, revenues earned pursuant to the LMA with the Freedom stations during the first quarter of 2012 included \$2.2 million for management services performed and \$7.8 million of pass-through costs. The remaining increase, for both the three and nine month periods, is due to an increase in advertising spending particularly in the automotive and direct response sectors and an increase in retransmission revenues from MVPDs. These increases were partially offset by a decrease due to a decline in advertising revenues from the schools, services and fast food sectors and a change in networks for the Super Bowl programming from FOX to NBC.

*National Revenues.* Excluding political revenues, our national broadcast revenues, which include national time sales and other national revenues, were up \$11.0 million for the third quarter of 2012 when compared to the same period in 2011, of which \$9.7 million related to the stations acquired in the first and second quarters of 2012. For the nine months ended September 30, 2012, when compared to the same period in 2011, our national broadcast revenues, excluding political revenues, were up \$24.9 million for the nine months ended September 30, 2012 compared to the same period in 2011, of which 24.5 million related to the stations

acquired in the first and second quarters of 2012. The remaining increase for both the three and nine month periods was due to increases in advertising revenues generated from the services and direct response sectors. These increases were partially offset by a decline in advertising revenues in the fast food and retail / department store sectors for the three months ended September 30, 2012 and in the telecommunications and the drugs / cosmetic sectors for the nine months ended September 30, 2012.

**Broadcast Expenses**

The following table presents our significant expense categories in our broadcast segment for the periods presented (in millions):

	For the Three Months Ended September 30,			For the Nine Months Ended September 30,		
	2012	2011	Percent Change (Increase/ (Decrease))	2012	2011	Percent Change (Increase/ (Decrease))
Station production expenses	\$ 62.0	\$ 41.5	49.4%	\$ 185.2	\$ 126.8	46.1%
Station selling, general and administrative expenses	\$ 43.6	\$ 31.3	39.3%	\$ 121.8	\$ 92.1	32.2%
Amortization of program contract costs and net realizable value adjustments	\$ 14.5	\$ 12.8	13.3%	\$ 44.2	\$ 38.1	16.0%
Corporate general and administrative expenses	\$ 7.3	\$ 5.0	46.0%	\$ 21.9	\$ 18.8	16.5%
Depreciation and Amortization expenses	\$ 21.7	\$ 10.3	110.7%	\$ 55.8	\$ 32.9	69.6%

*Station production expenses.* Station production expenses increased \$20.5 million during the third quarter of 2012 as compared to the same period in 2011, of which \$13.5 million related to the stations acquired in the first and second quarters of 2012. The remaining increases for the three month period are primarily due to an increase in fees pursuant to network affiliation agreements, increased advertising expense, increased compensation expense and increased rating service fees due to annual scheduled rate increases.

Station production expenses increased \$58.4 million during the nine months ended September 30, 2012 as compared to the same period in 2011, of which \$33.0 million related to the stations acquired in the first and second quarters of 2012 and \$7.8 million of expenses pursuant to the LMA with Freedom stations during the first quarter of 2012. The remaining increases for the nine months ended September 30, 2012 are primarily due to an increase in fees pursuant to network affiliation agreements, increased compensation expense and increased rating service fees due to annual scheduled rate increases.

*Station selling, general and administrative expenses.* Station selling, general and administrative expenses increased \$12.3 million during the third quarter of 2012 compared to the same period in 2011, of which \$11.1 million related to the stations acquired in the first and second quarters of 2012. Station selling, general and administrative expenses increased \$29.7 million for the nine months ended September 30, 2012 compared to the same period in 2011, of which \$25.6 million related to the stations acquired in the first and second quarters of 2012. The remaining increases for both the three and nine month periods are primarily due to an increase in national sales commissions, compensation expense and employee / management incentive bonuses, partially offset by lower non-income based taxes.

We expect station production and station selling, general and administrative expenses in fourth quarter of 2012 to increase compared to third quarter of 2012.

*Amortization of program contract costs and net realizable value adjustments.* The amortization of program contract costs increased \$1.7 million during the third quarter of 2012 compared to the same period in 2011, of which \$1.5 million related to the stations acquired in the first and second quarters. Amortization of program contract costs increased \$6.1 million for the nine months ended September 30, 2012 compared to the same period in 2011, of which \$4.7 million related to the stations acquired in the first and second quarters of 2012. The remaining increase for both the three and nine month periods are due to entering into new contracts. We expect program contract amortization to trend higher in fourth quarter of 2012 compared to third quarter of 2012 due to cyclicalities.

*Depreciation and Amortization expenses.* Depreciation of property and equipment and amortization of definite-lived intangibles and other assets increased \$11.4 million during the third quarter of 2012 compared to the same period in 2011, of which \$9.2 million related to the stations acquired in the first and second quarters of 2012. The remaining increase is due to the extension of certain network affiliation agreements. Depreciation and amortization expenses increased \$22.9 million for the nine months ended September 30, 2012 compared to the same period in 2012, of which \$22.0 million related to the stations acquired in the first and second quarters of 2012.

**OTHER OPERATING DIVISIONS SEGMENT**

Triangle Sign & Service, LLC (Triangle), a sign designer / fabricator, Alarm Funding Associates, LLC (Alarm Funding), a regional security alarm operating and bulk acquisition company, real estate ventures and other nominal businesses make up our other operating divisions segment. Revenues for our other operating divisions increased \$0.8 million to \$12.5 million during the third quarter of 2012 compared to \$11.7 million during the same period in 2011. For the nine months ended September 30, 2012, revenues for our other operating divisions increased \$6.5 million to \$38.6 million compared to \$32.1 million during the same period in 2011. The increase is primarily due to acquisitions of new alarm monitoring contracts for Alarm Funding, new Triangle Sign service contracts, increased revenues due to the Ring of Honor wrestling franchise we purchased in second quarter of 2011 and improved leasing activity for our consolidated real estate ventures. Expenses of our other operating divisions include operating expenses, depreciation and amortization and applicable other income (expense) items such as interest expense, which increased \$1.4 million to \$12.7 million during the third quarter of 2012 compared to \$11.3 million during the same period in 2011. For the nine months ended September 30, 2012, expenses including other operating divisions expense, depreciation and amortization and applicable other income (expense) items, such as interest expense, which increased \$8.6 million to \$40.3 million compared to \$31.7 million during the same period in 2011. This increase was primarily due to the corresponding increase in revenue and an increase in our Ring of Honor expenses due to additional production costs in 2012 as compared to 2011.

*Income from Equity and Cost Method Investments.* Results of our equity and cost method investments in private investment funds and real estate ventures are included in income from equity and cost method investments in our consolidated statements of operations. During the three months ended September 30, 2012, we recorded income of \$1.4 million related to our real estate ventures, which included a \$2.1 million gain on the sale of two of our real estate ventures and income of \$0.5 million related to certain private investment funds, partially offset by a \$0.9 million impairment charge related to one of our real estate ventures. During the nine months ended September 30, 2012, we recorded income of \$7.3 million related to our real estate ventures, which included a \$7.9 million gain on the sale of three of our real estate ventures and income of \$1.0 million related to certain private investment funds, partially offset by a \$0.9 million impairment charge related to one of our real estate ventures. During the nine months ended September 30, 2011, we recorded income of \$1.4 million related to our real estate ventures including a \$0.8 million gain on sale of one of our real estate ventures and income of \$1.5 million related to certain private investment funds.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

*Corporate general and administrative expenses.* We allocate most of our corporate general and administrative expenses to the broadcast segment. The explanation that follows combines the corporate general and administrative expenses found in the *Broadcast Segment* section with the corporate general and administrative expenses found in this section, *Corporate and Unallocated Expenses*. These results exclude general and administrative costs from our other operating divisions segment which are included in our discussion of expenses in the *Other Operating Divisions Segment* section.

Corporate general and administrative expenses increased for the three and nine months ended September 30, 2012 when compared to the same periods in 2011. This is primarily due to an increase in transaction costs due to our recent acquisitions, an increase in higher group insurance costs and higher employee incentive / performance bonuses.

We expect corporate general and administrative expenses to increase in the fourth quarter of 2012 compared to third quarter of 2012.

*Interest expense.* Interest expense has increased primarily due to the incremental borrowings on our Term Loan A and Term Loan B under our Bank Credit Agreement for our Four Points and Freedom acquisitions in 2012 as well as financing costs of \$5.5 million related to the amendment of our Bank Credit Agreement incurred in the third quarter of 2012. We also recorded approximately \$1.0 million of interest expense in the first quarter of 2012 primarily related to financing costs related to the incremental borrowings. The increase in interest was partially offset by a decrease due to the full extinguishment of our 6.0% Notes in the second quarter of 2011. We expect interest expense to increase in fourth quarter of 2012 compared to third quarter of 2012 as a

Table of Contents

result of the incremental borrowings under our Bank Credit Agreement and issuance of \$500.0 million of 6.125% notes in October 2012. See *Liquidity and Capital Resources* for more information.

*Loss from extinguishment of debt.* During the nine months ended September 30, 2012, we drew down on our incremental borrowing for the Four Points acquisition and wrote off a portion of our deferred financing costs and discount on the Term Loan B, resulting in a loss of \$0.3 million from extinguishment of debt.

During the nine months ended September 30, 2011, we amended our Bank Credit Agreement and paid down a portion of our Term Loan B and repurchased certain of our 8.375% Notes resulting in a combined loss of \$1.0 million from extinguishment of debt. Additionally, we completed the redemption of all \$70.0 million of the 6.0% Notes at 100% of the face value of such notes resulting in a loss of \$3.5 million. We used the proceeds from our Term Loan A to pay for the redemption.

*Income tax provision.* The effective tax rate for the three months ended September 30, 2012 including the effects of the noncontrolling interest was a provision of 42.0% as compared to a provision of 36.0% during the same period in 2011. The increase in the effective tax rate for the three months ended September 30, 2012 as compared to the same period in 2011 is primarily due to an increase in the income tax reserves related to a state audit settlement in 2012.

The effective tax rate for the nine months ended September 30, 2012 including the effects of the noncontrolling interest was a provision of 33.0% as compared to a provision of 37.3% during the same period in 2011. The decrease in the effective tax rate for the nine months ended September 30, 2012 is primarily due to: 1) a release of valuation allowance in the first quarter of \$7.7 million related to certain deferred tax assets of Cunningham, one of our consolidated VIEs, as the weight of all available evidence supports realization of the deferred tax assets, which was partially offset by 2) an increase in the income tax reserves related to a state audit settlement reached during the third quarter. The valuation allowance release determination, in the first quarter of 2012, was based primarily on the sufficiency of forecasted taxable income necessary to utilize NOLs expiring in years 2022 - 2029. This VIE files separate income tax returns. Any resulting tax liabilities are nonrecourse to us and we are not entitled to any benefit resulting from the deferred tax assets of the VIE.

**LIQUIDITY AND CAPITAL RESOURCES**

As of September 30, 2012, we had \$44.6 million in cash and cash equivalent balances and net negative working capital of approximately \$14.1 million. Cash generated by our operations and borrowing capacity under the Bank Credit Agreement are used as our primary source of liquidity. As of September 30, 2012, we had \$82.5 million of borrowing capacity available on our Revolving Credit Facility. We anticipate that existing cash and cash equivalents, cash flow from our operations and borrowing capacity under the Revolving Credit Facility and general incremental term loan capacity of \$500.0 million will be sufficient to satisfy our debt service obligations, capital expenditure requirements and working capital needs for the next twelve months. For our long-term liquidity needs, in addition to the sources described above, we may rely upon the issuance of long-term debt, the issuance of equity or other instruments convertible into or exchangeable for equity, or the sale of non-core assets. However, there can be no assurance that additional financing or capital or buyers of our non-core assets will be available, or that the terms of any transactions will be acceptable or advantageous to us.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

We drew \$180.0 million of the additional term loans to fund the acquisition of assets of Four Points, which closed in January 2012 and drew the remaining \$350.0 million of the additional term loans to fund the acquisition of assets of Freedom, which closed in April 2012. As of September 30, 2012, we had \$15.0 million drawn on our revolver.

On September 20, 2012 we entered into an amendment (the Amendment) of our Bank Credit Agreement. Under the Amendment, we increased our incremental term loan capacity from \$300.0 million to \$500.0 million. Also under the Amendment, the level of permitted unsecured indebtedness increased from \$450.0 million to \$850.0 million, subject to certain limitations, and increased our ratio of our First Lien Indebtedness from 3.25 times EBITDA to 3.75 times EBITDA through December 31, 2014 with a decrease to 3.50 times EBITDA through maturity of the agreement. Other amended terms provided us with increased television station acquisition capacity, more flexibility under the other restrictive covenants and prepayments of the existing term loans. There were no changes pertaining to interest rates or maturities of the outstanding debt of commitments under the Bank Credit Agreement.

On October 12, 2012, we issued \$500.0 million of Senior Unsecured Notes due on October 1, 2022, pursuant to an indenture (the Indenture) dated October 12, 2012. The Notes were priced at 100% of their par value and will bear interest at a rate of 6.125% per annum payable semi-annually on April 1 and October 1, commencing on April 1, 2013. Prior to October 1, 2017, we may redeem the Notes, in whole or in part, at any time or from time to time at a price equal to 100% of the principal amount of the Notes plus accrued and unpaid interest, if any, to the redemption date, plus a make-whole premium as set forth in the Indenture. Beginning on October 1, 2017, we may redeem some or all of the Notes at any time or from time to time at a redemption price set forth in the Indenture. In addition, on or prior to October 1, 2015, we may redeem up to 35% of the Notes using proceeds of certain equity offerings. We will use the proceeds of this offering to pay down outstanding indebtedness under our revolver, finance the pending acquisition as described under the *Executive Overview*, including the acquisition of certain television stations for Newport, and for general corporate purposes.

*Operating Activities*

Net cash flows from operating activities increased during the third quarter of 2012 compared to the same period in 2011. This is primarily due to the receipt of more cash from customers, net of cash payments to vendors, partially offset by higher interest and program payments, as well as an increase in tax payments.

Net cash flows from operating activities increased during the nine months ended September 30, 2012 compared to the same period in 2011. During 2012, we received more cash receipts from customers, net of cash payments to vendors, partially offset by higher interest and tax payments and we paid \$25.0 million to FOX pursuant to the agreements entered into during the second quarter of 2012.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

We expect program payments to increase in the fourth quarter of 2012 compared to the third quarter of 2012. We expect net interest to increase in the fourth quarter of 2012 compared to the third quarter of 2012 as a result of additional interest on the \$500.0 million of Senior Unsecured Notes, which were issued in October 2012.

### *Investing Activities*

With the exception of restricted cash, net cash flows used in investing activities decreased slightly during the third quarter of 2012 compared to the same period in 2011. Restricted cash increased in the third quarter of 2012, primarily due to the amount required to be deposited into an escrow account pursuant to the asset purchase agreement with Newport. Restricted cash increased in the third quarter of 2011 due to the amount required to be deposited into an escrow account pursuant to the asset purchase agreement with Four Points.

Net cash flows used in investing activities increased during the nine months ended September 30, 2012 compared to the same period in 2011. This increase is due to \$590.9 million in payments for acquisitions of television stations, an increase in restricted cash held in escrow for the Newport acquisition, as well as an increase in purchases of alarm monitoring contracts, partially offset by the use of the restricted cash held in escrow for the Four Points and Freedom acquisitions. This was also partially offset by distributions received upon sale of three of our equity method investments during 2012.

In the fourth quarter of 2012, we anticipate incurring more capital expenditures than incurred in the third quarter of 2012.

Table of Contents

***Financing Activities***

Net cash flows used in financing activities decreased during the third quarter of 2012 compared to the same period in 2011. This decrease was primarily due to an increase in our revolver balance in third quarter of 2012 compared to the same period in 2011. This was partially offset by a higher quarterly stock dividend paid in third quarter of 2012 compared to the same period in 2011.

Net cash flows from financing activities increased during the nine months ended September 30, 2012 compared to the same period in 2011. During 2012, we drew \$530.0 million of incremental term loans to fund the asset acquisitions of both Four Points and Freedom, which closed in January 2012 and April 2012, respectively. This was slightly offset by higher quarterly stock dividends paid in 2012 totaling \$0.39 per share versus \$0.36 per share in 2011, as well as, \$4.0 million more in payments for deferred financing cost related to the incremental borrowings under the Bank Credit Agreement in the first and second quarters of 2012 in connection with the Four Points and Freedom acquisitions.

Future dividends on our common shares, if any, will be at the discretion of our Board of Directors and will depend on several factors including our results of operations, cash requirements and surplus, financial condition, covenant restrictions and other factors that the Board of Directors may deem relevant.

**CONTRACTUAL CASH OBLIGATIONS**

As of September 30, 2012, our contractual cash obligations increased from what was previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2011. This was primarily due to changes in our debt, the extension of certain network affiliation agreements and the contractual obligations assumed with the Four Points and Freedom acquisitions. As disclosed above under *Liquidity and Capital Resources*, during the nine months ended September 30, 2012, we drew \$530.0 million of additional term loans to fund the asset acquisitions of Four Points and Freedom, which closed in January 2012 and April 2012, respectively. In October 2012, we issued \$500.0 million of Senior Unsecured Notes bearing interest of 6.125% due October 1, 2022.

Additionally, amounts presented under contractual cash disclosed in our Annual Report on Form 10-K, related to potential obligations due pursuant to the LMA with Freedom, are no longer due because the LMA was terminated April 1, 2012, concurrent with the acquisition of those stations.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Other than the foregoing, there have been no material changes from the quantitative and qualitative discussion about market risk previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2011.

**ITEM 4. CONTROLS AND PROCEDURES**

*Evaluation of Disclosure Controls and Procedures and Internal Control over Financial Reporting*

Our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the design and effectiveness of our disclosure controls and procedures and our internal control over financial reporting as of September 30, 2012.

The term disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to provide reasonable assurance that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to provide reasonable assurance that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate, to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

The term internal control over financial reporting, as defined in Rules 13a-15d-15(f) under the Exchange Act, means a process designed by, or under the supervision of our Chief Executive and Chief Financial Officers and effected by our Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles (GAAP) and includes those policies and procedures that:

Table of Contents

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and disposition of our assets;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP and that our receipts and expenditures are being made in accordance with authorizations of management or our Board of Directors; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material adverse effect on our financial statements.

*Assessment of Effectiveness of Disclosure Controls and Procedures*

Based on the evaluation of our disclosure controls and procedures as of September 30, 2012, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

*Changes in Internal Control over Financial Reporting*

There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended September 30, 2012, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

*Limitations on the Effectiveness of Controls*

Management, including our Chief Executive Officer and Chief Financial Officer, do not expect that our disclosure controls and procedures or our internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management's override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.
