THE TJX COMPANIES, INC.

NOTES TO CONSOLIDATED INTERIM FINANCIAL STATEMENTS

Note A. Summary of Significant Accounting Policies

Basis of Presentation: The consolidated interim financial statements are unaudited and, in the opinion of management, reflect all normal recurring adjustments, the use of retail statistics, and accruals and deferrals among periods required to match costs properly with the related revenue or activity, considered necessary by The TJX Companies, Inc. (together with its subsidiaries, TJX) for a fair presentation of its financial statements for the periods reported, all in conformity with accounting principles generally accepted in the United States of America (GAAP) consistently applied. The consolidated interim financial statements should be read in conjunction with the audited consolidated financial statements, including the related notes, contained in TJX's Annual Report on Form 10-K for the fiscal year ended January 28, 2012 (fiscal 2012).

These interim results are not necessarily indicative of results for the full fiscal year, because TJX's business, in common with the businesses of retailers generally, is subject to seasonal influences, with higher levels of sales and income generally realized in the second half of the year.

The January 28, 2012 condensed balance sheet data was derived from audited financial statements, but does not include all disclosures required by GAAP.

Fiscal Year: TJX's fiscal year ends on the Saturday nearest to the last day of January of each year. The current fiscal year ends February 2, 2013 (fiscal 2013) and is a 53-week fiscal year. Fiscal 2012 was a 52-week fiscal year.

Share-Based Compensation: Total share-based compensation expense was \$15.6 million for the quarter ended July 28, 2012 and \$16.2 million for the quarter ended July 30, 2011. Total share-based compensation expense was \$29.9 million for the six months ended July 28, 2012 and \$31.7 million for the six months ended July 30, 2011. These amounts include stock option expense as well as restricted and deferred stock amortization. There were options to purchase 2.2 million shares of common stock exercised during the quarter ended July 28, 2012 and options to purchase 4.1 million shares of common stock exercised during the six months ended July 28, 2012, leaving options to purchase 36.3 million shares of common stock outstanding as of July 28, 2012.

Cash and Cash Equivalents: TJX generally considers highly liquid investments with a maturity of 90 days or less at the date of purchase to be cash equivalents. Investments with maturities greater than 90 days but less than one year at the date of purchase are included in short-term investments. TJX's investments are primarily high-grade commercial paper, institutional money market funds and time deposits with major banks.

Merchandise Inventories: Inventories are stated at the lower of cost or market. TJX uses the retail method for valuing inventories which results in a weighted average cost. TJX utilizes a permanent markdown strategy and lowers the cost value of the inventory that is subject to markdown at the time the retail prices are lowered in the stores. TJX accrues for inventory obligations at the time inventory is shipped. As a result, merchandise inventories on TJX's balance sheet include an accrual for in-transit inventory of \$382.0 million at July 28, 2012, \$395.9 million at January 28, 2012 and \$497.5 million at July 30, 2011. Comparable amounts were reflected in accounts payable at those dates.

New Accounting Standards: There were no new accounting standards issued during the second quarter ended July 28, 2012 that are expected to have a material impact on TJX's financial condition, results of operations or cash flows.

Note B. Dispositions and Reserves related to Former Operations

Consolidation of A.J. Wright: On December 8, 2010, TJX's Board of Directors approved the consolidation of the A.J. Wright division whereby TJX would convert 90 A.J. Wright stores into T.J. Maxx, Marshalls or HomeGoods stores and close A.J. Wright's remaining 72 stores, two distribution centers and home office. The liquidation process commenced in the fourth quarter of fiscal 2011 and was completed during the first quarter of fiscal 2012.

The A.J. Wright consolidation was not classified as a discontinued operation due to TJX's expectation that a significant portion of the sales of the A.J. Wright stores would migrate to other TJX stores. As a result, the costs incurred in fiscal 2012 relating to the A.J. Wright consolidation were reflected in continuing operations as part of the A.J. Wright segment. The first quarter of fiscal 2012 included a \$49 million A.J. Wright segment loss which includes operating losses and the cost to close the remaining stores.

Reserves Related to Former Operations: TJX has a reserve for its estimate of future obligations of former business operations that TJX has either closed or sold. The reserve activity is presented below:

In thousands	Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011
Balance at beginning of year	\$ 45,381	\$ 54,695
Additions to the reserve charged to net income:		
A.J. Wright closing costs		32,686
Interest accretion	356	430
Charges against the reserve:		
Lease-related obligations	(6,929)	(14,123)
Termination benefits and all other	(1,153)	(15,471)
Balance at end of period	\$ 37,655	\$ 58,217

In the first quarter of fiscal 2012, TJX increased the reserve by \$33 million for the estimated cost of closing the A.J. Wright stores that remained open in fiscal 2012 and were not converted to other banners.

The lease-related obligations included in the reserve reflect TJX's estimation of lease costs, net of estimated subtenant income, and the cost of probable claims against TJX for liability, as an original lessee or guarantor of the leases of A.J. Wright and other former TJX businesses, after mitigation of the number and cost of these lease obligations. The actual net cost of these lease-related obligations may differ from TJX's estimate. TJX estimates that the majority of the former operations reserve will be paid in the next three to five years. The actual timing of cash outflows will vary depending on how the remaining lease obligations are actually settled.

TJX may also be contingently liable on up to 13 leases of BJ's Wholesale Club, a former TJX business, and up to five leases of Bob's Stores, also a former TJX business, in addition to leases included in the reserve. The reserve for former operations does not reflect these leases because TJX believes that the likelihood of future liability to TJX is remote.

Note C. Capital Stock and Earnings Per Share

Capital Stock: On January 5, 2012, TJX announced that its Board of Directors approved a two-for-one stock split of its common stock in the form of a stock dividend. One additional share was paid for each share held by holders of record as of the close of business on January 17, 2012. The shares were distributed on February 2, 2012 and resulted in the issuance of 372 million shares of common stock. The balance sheet as of January 28, 2012 has been adjusted to retroactively present the two-for-one stock split. Also, all historical per share amounts and references to common stock activity, as well as basic and diluted share amounts utilized in the calculation of earnings per share, have been adjusted to reflect the split.

During the quarter ended July 28, 2012, TJX repurchased and retired 7.1 million shares of its common stock at a cost of \$299.9 million. For the six months ended July 28, 2012, TJX repurchased and retired 13.6 million shares of its common stock at a cost of \$549.9 million. TJX reflects stock repurchases in its financial statements on a settlement basis. TJX had cash expenditures under its stock repurchase programs of \$597.0 million for the six months ended July 28, 2012 and \$671.3 million for the six months ended July 30, 2011. These expenditures were funded primarily by cash generated from operations.

In April 2012, TJX completed the \$1 billion stock repurchase program authorized by its Board of Directors in February 2011 under which TJX repurchased 32.3 million shares of common stock.

In February 2012, TJX announced that its Board of Directors approved a stock repurchase program that authorizes the repurchase of up to an additional \$2 billion of TJX common stock from time to time. At July 28, 2012 \$1,674.7 million remained available for repurchase under this program. All shares repurchased under the stock repurchase programs have been retired.

TJX has five million shares of authorized but unissued preferred stock, \$1 par value.

Earnings per share: The following schedule presents the calculation of basic and diluted earnings per share (EPS) for net income:

In thousands, except per share data	Thirteen Weeks Ended	
	July 28, 2012	July 30, 2011
<i>Basic earnings per share</i>		
Net income	\$ 421,092	\$ 348,338
Weighted average common shares outstanding for basic EPS	736,830	763,715
Basic earnings per share	\$ 0.57	\$ 0.46
<i>Diluted earnings per share</i>		
Net income	\$ 421,092	\$ 348,338
Shares for basic and diluted earnings per share calculations:		
Weighted average common shares outstanding for basic EPS	736,830	763,715
Assumed exercise/vesting of:		
Stock options and awards	14,413	11,536
Weighted average common shares outstanding for diluted EPS	751,243	775,251
Diluted earnings per share	\$ 0.56	\$ 0.45

In thousands, except per share data	Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011
<i>Basic earnings per share</i>		
Net income	\$ 840,292	\$ 614,289
Weighted average common shares outstanding for basic EPS	739,531	769,835
Basic earnings per share	\$ 1.14	\$ 0.80
<i>Diluted earnings per share</i>		
Net income	\$ 840,292	\$ 614,289
Shares for basic and diluted earnings per share calculations:		
Weighted average common shares outstanding for basic EPS	739,531	769,835
Assumed exercise/vesting of:		
Stock options and awards	14,190	12,347
Weighted average common shares outstanding for diluted EPS	753,721	782,182
Diluted earnings per share	\$ 1.11	\$ 0.79

The weighted average common shares for the diluted earnings per share calculation excludes the impact of outstanding stock options if the assumed proceeds per share of the option is in excess of the related fiscal period's average price of TJX's common stock. Such options are excluded because they would have an antidilutive effect. There were no such options to exclude for the thirteen weeks or the twenty-six weeks ended July 28, 2012 and July 30, 2011.

Note D. Financial Instruments

As a result of its operating and financing activities, TJX is exposed to market risks from changes in interest and foreign currency exchange rates and fuel costs. These market risks may adversely affect TJX's operating results and financial position. When and to the extent deemed appropriate, TJX seeks to minimize risk from changes in interest and foreign currency exchange rates and fuel costs through the use of derivative financial instruments. TJX does not use derivative financial instruments for trading or other speculative purposes and does not use any leveraged derivative financial instruments. TJX recognizes all derivative instruments as either assets or liabilities in the statements of financial position and measures those instruments at fair value. The fair values of the derivatives are classified as assets or liabilities, current or non-current, based upon valuation results and settlement dates of the individual contracts. Changes to the fair value of derivative contracts that do not qualify for hedge accounting are reported in earnings in the period of the change. For derivatives that qualify for hedge accounting, changes in the fair value of the derivatives are either recorded in shareholders' equity as a component of other comprehensive income or are recognized currently in earnings, along with an offsetting adjustment against the basis of the item being hedged. TJX does not hedge its net investments in foreign subsidiaries.

Diesel Fuel Contracts: During fiscal 2012 and the first half of fiscal 2013, TJX entered into agreements to hedge a portion of its estimated notional diesel requirements for fiscal 2013, based on the diesel fuel expected to be consumed by independent freight carriers transporting the Company's inventory. The hedge agreements outstanding at July 28, 2012 relate to 50% of TJX's estimated notional diesel requirements for the second half of fiscal 2013 and 32% of TJX's estimated notional diesel requirements for the first half of fiscal 2014. These diesel fuel hedge agreements will settle throughout the second half of fiscal 2013 and the first half of fiscal 2014.

Independent freight carriers transporting the Company's inventory charge TJX a mileage surcharge for diesel fuel price increases as incurred by the carrier. The hedge agreements are designed to mitigate the volatility of diesel fuel pricing (and the resulting per mile surcharges payable by TJX) by setting a fixed price per gallon for the period being hedged. TJX elected not to apply hedge accounting rules to these contracts.

Edgar Filing: TJX COMPANIES INC /DE/ - Form 10-Q

Foreign Currency Contracts: TJX enters into forward foreign currency exchange contracts to obtain economic hedges on portions of merchandise purchases made and anticipated to be made by TJX Europe (United Kingdom, Ireland, Germany and Poland), TJX Canada (Canada), Marmaxx and HomeGoods (U.S.) in currencies other than their respective functional currencies. These contracts typically have a term of twelve months or less. The contracts outstanding at July 28, 2012 cover a portion of such actual and anticipated merchandise purchases throughout fiscal 2013. TJX elected not to apply hedge accounting rules to these contracts.

TJX also enters into derivative contracts, generally designated as fair value hedges, to hedge intercompany debt and intercompany interest payable. The changes in fair value of these contracts are recorded in selling, general and administrative expenses and are offset by marking the underlying item to fair value in the same period. Upon settlement, the realized gains and losses on these contracts are offset by the realized gains and losses of the underlying item in selling, general and administrative expenses.

The following is a summary of TJX's derivative financial instruments, related fair value and balance sheet classification at July 28, 2012:

Note E. Disclosures about Fair Value of Financial Instruments

The following table sets forth TJX's financial assets and liabilities that are accounted for at fair value on a recurring basis:

In thousands	July 28, 2012	January 28, 2012	July 30, 2011
Level 1			
Assets:			
Executive Savings Plan investments	\$ 89,479	\$ 81,702	\$ 81,244
Level 2			
Assets:			
Short-term investments	\$ 176,295	\$ 94,691	\$ 82,096
Foreign currency exchange contracts	18,475	6,702	5,454
Diesel fuel contracts		1,698	1,750
Liabilities:			
Foreign currency exchange contracts	\$ 5,267	\$ 4,217	\$ 18,761
Diesel fuel contracts	4		

The fair value of TJX's general corporate debt, including current installments, was estimated by obtaining market quotes given the trading levels of other bonds of the same general issuer type and market perceived credit quality. These inputs are considered to be Level 2. The fair value of long-term debt as of July 28, 2012 was \$935.4 million versus a carrying value of \$774.5 million. The fair value of long-term debt as of July 30, 2011 was \$908.8 million versus a carrying value of \$774.4 million. These estimates do not necessarily reflect provisions or restrictions in the various debt agreements that might affect TJX's ability to settle these obligations.

TJX's cash equivalents are stated at cost, which approximates fair value, due to the short maturities of these instruments.

Investments designed to meet obligations under the Executive Savings Plan are invested in securities traded in active markets and are recorded at unadjusted quoted prices.

Short-term investments, foreign currency exchange contracts and diesel fuel contracts are valued using broker quotations which include observable market information. TJX does not make adjustments to quotes or prices obtained from brokers or pricing services but does assess the credit risk of counterparties and will adjust final valuations when appropriate. Where independent pricing services provide fair values, TJX obtains an understanding of the methods used in pricing. As such, these instruments are classified within Level 2.

Note F. Segment Information

TJX operates four business segments. In the United States, TJX's two segments are Marmaxx (T.J. Maxx and Marshalls stores) and HomeGoods. The TJX Canada segment operates stores in Canada (Winners, HomeSense and Marshalls), and the TJX Europe segment operates stores in Europe (T.K. Maxx and HomeSense). A.J. Wright ceased to be a segment following its consolidation. TJX evaluates the performance of its segments based on segment profit or loss, which it defines as pre-tax income or loss before general corporate expense and interest expense.

Segment profit or loss, as defined by TJX, may not be comparable to similarly titled measures used by other entities. The terms segment margin or segment profit margin are used to describe segment profit or loss as a percentage of net sales. These measures of performance should not be considered alternatives to net income or cash flows from operating activities as an indicator of TJX's performance or as a measure of liquidity.

(1) The consolidation of the A.J. Wright segment was completed in fiscal 2012 (see Note B).

Note G. Pension Plans and Other Retirement Benefits

Presented below is financial information related to TJX's funded defined benefit retirement plan (funded plan) and its unfunded supplemental pension plan (unfunded plan) for the periods shown.

In thousands	Pension (Funded Plan)		Pension (Unfunded Plan)	
	Thirteen Weeks Ended		Thirteen Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
Service cost	\$ 9,825	\$ 8,250	\$ 339	\$ 267
Interest cost	10,263	9,453	570	625
Expected return on plan assets	(13,926)	(12,260)		
Amortization of prior service cost			1	1
Recognized actuarial losses	7,097	2,313	475	207
Total expense	\$ 13,259	\$ 7,756	\$ 1,385	\$ 1,100

In thousands	Pension (Funded Plan)		Pension (Unfunded Plan)	
	Twenty-Six Weeks Ended		Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
Service cost	\$ 19,651	\$ 16,500	\$ 679	\$ 533
Interest cost	20,525	18,906	1,140	1,249
Expected return on plan assets	(27,853)	(24,519)		
Amortization of prior service cost			2	2
Recognized actuarial losses	14,195	4,626	950	414
Total expense	\$ 26,518	\$ 15,513	\$ 2,771	\$ 2,198

TJX's policy with respect to the funded plan is to fund, at a minimum, the amount required to maintain a funded status of 80% of the applicable pension liability (the funding target pursuant to the Internal Revenue Code section 430) or such other amount sufficient to avoid restrictions with respect to the funding of TJX's nonqualified plans under the Internal Revenue Code. TJX does not anticipate any required funding in fiscal 2013 for the funded plan. TJX anticipates making payments of \$3.4 million to provide current benefits coming due under the unfunded plan in fiscal 2013.

Note H. Long-Term Debt and Credit Lines

At July 28, 2012, TJX had outstanding, \$375 million aggregate principal amount of 6.95% ten-year notes due April 2019 and \$400 million aggregate principal amount of 4.20% six-year notes due August 2015. TJX entered into rate-lock agreements to hedge the underlying treasury rate of all of the 6.95% notes and \$250 million of the 4.20% notes prior to the issuance of the notes. The costs of these agreements are being amortized to interest expense over the term of the respective notes, resulting in an effective fixed interest rate of 7.00% for the 6.95% notes and 4.19% for the 4.20% notes.

At July 28, 2012, TJX had two \$500 million revolving credit facilities, one which matures in June 2017 and one which matures in May 2016. The agreement maturing in 2017 replaced a revolving credit agreement maturing in May 2013. As of July 28, 2012 and July 30, 2011 and during the six-month periods then ended, there were no amounts outstanding under these facilities. The agreements require quarterly payments on the unused committed amounts of 8.0 basis points for the agreement maturing in 2017 and 12.5 basis points for the agreement maturing in 2016 at July 28, 2012. These rates are based on the credit ratings of TJX's long-term debt and would vary with changes in the credit ratings. These agreements have no compensating balance requirements and have various covenants including a requirement of a specified ratio of debt to earnings.

As of July 28, 2012 and July 30, 2011, TJX's foreign subsidiaries had uncommitted credit facilities. TJX Canada had two credit lines, a C\$10 million facility for operating expenses and a C\$10 million letter of credit facility. As of July 28, 2012 and July 30, 2011, there were no amounts outstanding on the Canadian credit line for operating expenses and there were no short-term borrowings during those six-month periods. As of July 28, 2012 and July 30, 2011, TJX Europe had a credit line of £20 million. As of July 28, 2012 and July 30, 2011 there were no amounts outstanding under this U.K. credit line and there were no borrowings during those six-month periods.

Note I. Income Taxes

TJX had net unrecognized tax benefits of \$119.5 million as of July 28, 2012, \$116.6 million as of January 28, 2012 and \$126.3 million as of July 30, 2011. The effective income tax rate was 38.3% for the fiscal 2013 second quarter and 37.7% for last year's second quarter. The effective income tax rate for the six months ended July 28, 2012 was 38.4% as compared to 37.9% for last year's comparable period. The increases in the income tax rates for both the second quarter and year-to-date periods of fiscal 2013 were primarily due to the expiration of the legislation allowing for the U.S. Work Opportunity Tax credit, a difference in the mix of earnings between our domestic and foreign segments, and a lower tax benefit received in fiscal 2013 from the reduction in the United Kingdom statutory tax rate than received in fiscal 2012's United Kingdom tax rate reduction.

TJX is subject to U.S. federal income tax as well as income tax in multiple states, local and foreign jurisdictions. In nearly all jurisdictions, the tax years through fiscal 2001 are no longer subject to examination.

TJX's accounting policy classifies interest and penalties related to income tax matters as part of income tax expense. The total accrued amount on the balance sheets for interest and penalties was \$35.1 million as of July 28, 2012, \$33.0 million as of January 28, 2012 and \$37.6 million as of July 30, 2011.

Based on the outcome of tax examinations or judicial or administrative proceedings, or as a result of the expiration of statute of limitations in specific jurisdictions, it is reasonably possible that unrecognized tax benefits for certain tax positions taken on previously filed tax returns may change materially from those presented in the financial statements. During the next 12 months, it is reasonably possible that tax examinations of prior years' tax returns or judicial or administrative proceedings that reflect such positions taken by TJX may be finalized. As a result, the total net amount of unrecognized tax benefits may decrease, which would reduce the provision for taxes on earnings, by a range of \$1.0 million to \$50.0 million.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The Thirteen Weeks (second quarter) and Twenty-Six Weeks (six months) Ended July 28, 2012

Compared to

The Thirteen Weeks (second quarter) and Twenty-Six Weeks (six months) Ended July 30, 2011

Overview

We are the largest off-price retailer of apparel and home fashions in the U.S. and worldwide. We sell a rapidly changing assortment of apparel, home fashions and other merchandise at prices generally 20% to 60% below department and specialty store regular prices, every day. We operate over 2,900 stores through our four segments: in the U.S., Marmaxx (which operates T.J. Maxx and Marshalls) and HomeGoods; TJX Canada (which operates Winners, HomeSense and Marshalls in Canada); and TJX Europe (which operates T.K. Maxx and HomeSense in Europe).

Results of Operations

Our performance in the second quarter and first six months of fiscal 2013 was very strong. Our earnings per share and consolidated comparable store sales grew significantly. All of our segments in the U.S., Canada and Europe posted excellent results for both periods, with customer traffic up significantly. Highlights of our financial performance for the second quarter and six months ended July 28, 2012 include the following:

Same store sales increased 7% in the second quarter of fiscal 2013 over an increase of 4% in the fiscal 2012 second quarter. Same store sales increased 8% for the six-month period ending July 28, 2012 over last year's 3% increase in the six months ended July 30, 2011. The fiscal 2013 increases were driven by a strong increase in customer traffic as well as a slight increase in the value of the average transaction.

Net sales increased 9% to \$5.9 billion for the fiscal 2013 second quarter and increased 10% to \$11.7 billion for the six-month period over last year's comparable periods. At July 28, 2012, both stores in operation and selling square footage were up 4% compared to the same period in fiscal 2012.

Earnings per share for the second quarter of fiscal 2013 were \$0.56 per diluted share, up 24% compared to \$0.45 per diluted share in fiscal 2012. Earnings per share for the six-month period ended July 28, 2012 were \$1.11 per diluted share, up 41% compared to \$0.79 per diluted share in fiscal 2012, or up 32% compared to \$0.84 adjusted* diluted earnings per share in the same period last year. Foreign currency exchange rates had an immaterial impact on earnings per share in this year's second quarter versus a \$0.01 positive impact in last year's second quarter. Foreign currency exchange rates had a negative impact of \$0.01 on earnings per share in the first six months of both fiscal 2013 and fiscal 2012.

Our pre-tax margin (the ratio of pre-tax income to net sales) for the second quarter of fiscal 2013 was 11.5%, a 1.3 percentage point increase from 10.2% for the same period last year, primarily as a result of strong flow-through of our above-plan sales. For the six months ended July 28, 2012, our pre-tax margin was 11.6%, a 2.3 percentage point increase from 9.3% for the same period last year, and increased 1.7 percentage points from an adjusted 9.9% for the six months of fiscal 2012.

Our cost of sales ratio for the second quarter and the first six months of fiscal 2013 was 71.9%, a 0.8 percentage point improvement over the second quarter last year and a 1.0 percentage point improvement over last year's first six months adjusted ratio. The improvements over last year were primarily due to increased merchandise margins.

Our selling, general and administrative expense ratio for the second quarter of fiscal 2013 decreased 0.4 percentage points to 16.5%. For the six months ended July 28, 2012, the selling, general and administrative expense ratio decreased 1.2 percentage points to

Edgar Filing: TJX COMPANIES INC /DE/ - Form 10-Q

16.4% and decreased 0.6 percentage points compared to last year's adjusted ratio. The improvements over last year were primarily driven by expense leverage on the above-plan same store sales.

Our consolidated average per store inventories, including inventory on hand at our distribution centers, were down 12% at the end of the second quarter of fiscal 2013.

During the second quarter of fiscal 2013, we repurchased 7.1 million shares of our common stock at a cost of \$300 million. For the six months ended July 28, 2012 we repurchased 13.6 million shares of our common stock at a cost of \$550 million. Earnings per share reflect the benefit of our stock repurchase programs. In the fiscal 2013 first quarter, we completed a \$1 billion stock repurchase program authorized in February 2011 and commenced our 13th stock repurchase program for up to \$2 billion. We expect to repurchase a total of approximately \$1.2 to \$1.3 billion of our common stock under these programs in fiscal 2013.

In the first quarter of fiscal 2013 we split our common stock on a two-for-one stock basis. All earnings per share data and related activity for periods prior to the two-for-one split have been adjusted to reflect the split.

* Adjusted to exclude A.J. Wright consolidation. See Adjusted Financial Measures below.

In addition to presenting our financial results in conformity with GAAP, we are also presenting certain financial measures from fiscal 2012 on an adjusted basis to exclude the A.J. Wright consolidation. These adjusted financial measures are non-GAAP financial measures. See Adjusted Financial Measures below for more information, including reconciliations.

The following is a discussion of our consolidated operating results, followed by a discussion of our segment operating results.

Net sales: Consolidated net sales for the quarter ended July 28, 2012 totaled \$5.9 billion, a 9% increase over consolidated net sales of \$5.5 billion in the fiscal 2012 second quarter. The increase reflected a 7% increase in same store sales and a 3% increase in new store sales, offset by a 1% decrease from the negative impact of foreign currency exchange rates. This compares to sales growth of 8% in last year's second quarter, which consisted of a 4% increase in same store sales, a 4% increase in new store sales, and a 2% increase from the benefit of foreign currency exchange rates, offset in part by a 2% decrease due to the elimination of sales from stores operating under the A.J. Wright banner. (The fiscal 2012 sales from A.J. Wright stores converted to other banners are included in new store sales.)

Consolidated net sales for the six months ended July 28, 2012 totaled \$11.7 billion, a 10% increase over \$10.7 billion in last year's comparable period. The increase reflected an 8% increase in same store sales, a 3% increase in new store sales, offset by a 1% decrease from the negative impact of foreign currency exchange rates. This compares to sales growth of 6% in the six month period of fiscal 2012, which reflected a 4% increase from new store sales, a 3% increase in same store sales and a 2% increase from the benefit of foreign currency exchange rates, offset in part by a 3% decrease due to the elimination of sales from stores operating under the A.J. Wright banner.

Our consolidated store count and selling square footage as of July 28, 2012 each increased 4% as compared to the end of the second quarter last year.

Same store sales increases for the both the second quarter and first six months of fiscal 2013 reflected a significant increase in customer traffic. Although there was generally broad based strength in both apparel and home fashion categories, same store sales of our men's, juniors and misses were particularly strong. Geographically, same store sales increases were strong throughout the U.S., and our foreign segments both posted same store sales increases, with TJX Europe above the consolidated average and TJX Canada slightly below the consolidated average.

We define same store sales to be sales of those stores that have been in operation for all or a portion of two consecutive fiscal years, or in other words, stores that are starting their third fiscal year of operation. We classify a store as a new store until it meets the same store sales criteria. We determine which stores are included in the same store sales calculation at the beginning of a fiscal year and the classification remains constant throughout that year, unless a store is closed. We calculate same store sales results by comparing the current and prior year weekly periods that are most closely aligned. Relocated stores and stores that have increased in size are generally classified in the same way as the original store, and we believe that the impact of these stores on the consolidated same store percentage is immaterial. Same store sales of our foreign segments are calculated on a constant currency basis.

meaning we translate the current year's same store sales of our foreign segments at the same exchange rates used in the prior year. This removes the effect of changes in currency exchange rates, which we believe is a more accurate measure of segment operating performance. We measure customer traffic by the number of transactions at our comparable stores.

The following table sets forth certain information about our consolidated operating results from continued operations as a percentage of net sales on an as reported and as adjusted basis:

	Percentage of Net Sales Thirteen Weeks Ended July 28, 2012		Percentage of Net Sales Thirteen Weeks Ended July 30, 2011	
	As reported		As reported	
Net sales	100.0%		100.0%

* Figures may not foot due to rounding

** See Adjusted Financial Measures below.

Impact of foreign currency exchange rates: Our operating results are affected by foreign currency exchange rates as a result of changes in the value of the U.S. dollar in relation to other currencies. Two ways in which foreign currency affects our reported results are as follows:

Translation of foreign operating results into U.S. dollars: In our financial statements we translate the operations of TJX Canada and TJX Europe from local currencies into U.S. dollars using currency rates in effect at different points in time. Significant changes in foreign exchange rates between comparable prior periods can result in meaningful variations in consolidated net sales, net income and earnings per share growth as well as the net sales and operating results of these segments. However, currency translation generally only affects operating margins slightly, if at all, as sales and expenses of the foreign operations are translated at essentially the same rates within a given period.

Edgar Filing: TJX COMPANIES INC /DE/ - Form 10-Q

Inventory hedges: We routinely enter into inventory-related hedging instruments designed to mitigate the impact of foreign currency exchange rates on merchandise margins when our divisions, principally in Europe and Canada, purchase goods in currencies other than their local currencies. As we have not elected hedge accounting as defined by GAAP, for these instruments, we record a mark-to-market gain or loss on

the hedging instruments in our results of operations at the end of each reporting period. In subsequent periods, the income statement impact of the mark-to-market adjustment is effectively offset when the inventory being hedged is sold. While these effects occur every reporting period, they are of much greater magnitude when there are sudden and significant changes in currency exchange rates during a short period of time. The mark-to-market adjustment on these hedges does not affect net sales, but it does affect cost of sales, operating margins and earnings.

Cost of sales, including buying and occupancy costs: Cost of sales, including buying and occupancy costs, as a percentage of net sales improved 0.8 percentage points to 71.9% for the second quarter of fiscal 2013 as compared to the same period last year. The improvement in this ratio for fiscal 2013 was primarily driven by an increase in merchandise margin of 1.1 percentage points. This ratio also reflected expense leverage on occupancy costs, offset by increased administrative costs (primarily incentive compensation accruals) and a negative impact of 0.1 percentage points due to the year-over-year change in the mark-to-market adjustment of inventory hedges. The increase in incentive compensation accruals was a result of our above-plan results through the first six months and expectations for the fiscal year. Cost of sales, including buying and occupancy costs, as a percentage of net sales, decreased 1.1 percentage point (1.0 percentage points on an adjusted basis) to 71.9% for the six months ended July 28, 2012 as compared to the same period last year. The decrease in this ratio was primarily due to the increase in merchandise margin of 1.0 percentage points. This ratio also reflected expense leverage on occupancy costs partially offset by increased administrative costs (primarily incentive compensation accruals).

Selling, general and administrative expenses: Selling, general and administrative expenses, as a percentage of net sales, decreased 0.4 percentage point to 16.5% for the quarter ended July 28, 2012 as compared to the same period last year, primarily due to expense leverage on our strong same store sales increase, particularly store payroll costs. The benefit of expense leverage was partially offset by costs associated with our growth initiatives (primarily for technology initiatives, data center and e-commerce development), as well as development of talent and increased accruals for incentive compensation.

Selling, general and administrative expenses, as a percentage of net sales, decreased 1.2 percentage points (0.6 percentage points on an adjusted basis) to 16.4% for the six months ended July 28, 2012 as compared to the same period last year. The improvement in the fiscal 2013 selling, general and administrative expense ratios was primarily due to expense leverage on our strong same store sales increase, particularly store payroll costs, partially offset by increased costs this year related to our growth initiatives. We anticipate general corporate expenses, which were up significantly in the first six months of fiscal 2013 to moderate in the remainder of the fiscal year on a year-over-year basis.

Interest expense, net: Interest expense, net for both the second quarter and six months of fiscal 2013 were relatively flat compared to the same periods last year. The components of interest expense, net are summarized below:

Dollars in thousands	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
Interest expense	\$ 13,062	\$ 12,314	\$ 25,397	\$ 24,435
Capitalized interest	(988)	(996)	(1,731)	(1,655)
Interest (income)	(2,892)	(2,209)	(5,657)	(4,754)
Interest expense, net	\$ 9,182	\$ 9,109	\$ 18,009	\$ 18,026

Income taxes: The effective income tax rate was 38.3% for the second quarter this year, compared to the 37.7% effective income tax rate for last year's second quarter. The effective income tax rate for the six months ended July 28, 2012 was 38.4% as compared to 37.9% for last year's comparable period. The increases for both periods were primarily due to the expiration of the legislation allowing for the U.S. Work Opportunity Tax credit, a difference in the mix of earnings between our domestic and foreign segments, and a lower tax benefit received in fiscal 2013 from the reduction in the United Kingdom statutory tax rate than received in fiscal 2012's United Kingdom tax rate reduction.

Net income and net income per share: Net income for the second quarter of fiscal 2013 was \$421.1 million, or \$0.56 per diluted share, versus \$348.3 million, or \$0.45 per diluted share, in last year's second quarter. Foreign currency translation had an immaterial impact in the second quarter of fiscal 2013 compared to a \$0.01 benefit in the same period last year. Net income for the six months ended July 28, 2012 was \$840.3 million, or \$1.11 per diluted share, compared to \$614.3 million, or \$0.79 per diluted share in the same period last year. Adjusted diluted earnings per share for the first six months of fiscal 2013 increased 32% over the adjusted \$0.84 last year.

Our weighted average diluted shares outstanding affect the comparability of earnings per share. Our stock repurchases benefit our earnings per share. During the second quarter of fiscal 2013, we repurchased 7.1 million shares of our common stock at a cost of \$300 million. For the first six months of fiscal 2013, we repurchased 13.6 million shares of our common stock at a cost of \$550 million.

Adjusted Financial Measures: In addition to presenting certain financial measures for the first six months of fiscal 2012 in conformity with GAAP, we are also presenting them on an adjusted basis. We adjusted consolidated financial measures to exclude the effect of the A.J. Wright consolidation, including closing costs and additional operating losses related to the A.J. Wright stores closed in the first quarter of fiscal 2012 and the costs incurred by the Marmaxx and HomeGoods segments in that quarter to convert former A.J. Wright stores to their banners and hold grand re-opening events for these stores. Reconciliations of each of the adjusted financial measures for the fiscal 2012 six-month period to the financial measures in accordance with GAAP are provided below.

	Twenty-Six Weeks Ended			Twenty-Six Weeks Ended	
	July 30, 2011			July 30, 2011	
	As reported			As adjusted	
	U.S.\$	% of Net Sales	Adjustments	U.S.\$*	% of Adjusted Net Sales
Dollars in millions, except per share data					
Net sales	\$ 10,689		\$ (9) ⁽¹⁾	\$ 10,679	
Cost of sales, including buying and occupancy costs	7,803	73.0%	(16) ⁽²⁾	7,787	72.9%
Gross profit margin		27.0%			27.1%
Selling, general and administrative expenses	1,878	17.6%	(63) ⁽³⁾	1,816	17.0%
Income before provision for income taxes	\$ 989	9.3%	\$ 69	\$ 1,058	9.9%
Diluted earnings per share-Net Income	\$ 0.79		\$ 0.05 ⁽⁴⁾	\$ 0.84	

* Figures may not cross-foot due to rounding.

- (1) Sales of A.J. Wright stores prior to closing.
- (2) Cost of sales, including buying and occupancy costs of A.J. Wright prior to closing (\$15 million) and applicable conversion costs of A.J. Wright stores converted to Marmaxx and HomeGoods banners (\$1 million).
- (3) Operating costs of A.J. Wright prior to closing and costs to close A.J. Wright stores not converted to other banners (\$44 million) and applicable conversion and grand re-opening costs for A.J. Wright stores converted to Marmaxx and HomeGoods banners (\$19 million).
- (4) Impact on earnings per share (computed using the effective income tax rate) of operating loss and closing costs of A.J. Wright stores (\$0.04 per share) and conversion and grand re-opening costs at Marmaxx and HomeGoods (\$0.02 per share), which together round to \$0.05 per share.

We also adjusted the segment profit of our Marmaxx and HomeGoods segments to reflect the costs incurred to convert A.J. Wright stores to those banners and to hold grand re-openings in the first quarter of fiscal 2012. A reconciliation of adjusted segment margin, a non-GAAP financial measure, to segment margin as reported in accordance with GAAP for each of these segments is as follows:

	Twenty-Six Weeks Ended July 30, 2011 As reported			Twenty-Six Weeks Ended July 30, 2011 As adjusted		
	U.S.\$ in Millions	% of Net Sales	Adjustments	U.S.\$ in Millions	% of Net Sales	
Marmaxx segment profit	\$ 970	13.5%	17 ⁽¹⁾	\$ 987	13.7%	
HomeGoods segment profit	\$ 83	8.1%	3 ⁽²⁾	\$ 86	8.5%	

(1) Conversion costs and grand re-opening costs for A.J. Wright stores converted to a T.J. Maxx or Marshalls store.

(2) Conversion costs and grand re-opening costs for A.J. Wright stores converted to a HomeGoods store.

Adjusted financial measures are non-GAAP financial measures. We believe that the presentation of adjusted financial measures provides additional information on comparisons between periods including underlying trends of our business by excluding these items that affect overall comparability. We use these adjusted measures in making financial, operating and planning decisions and in evaluating our performance, and our Board of Directors uses them in assessing our business and making compensation decisions. Non-GAAP financial measures should be considered in addition to, and not as an alternative for, our reported results prepared in accordance with GAAP.

Segment information: We operate four business segments. In the United States, our two segments are Marmaxx (T.J. Maxx and Marshalls stores) and HomeGoods. Our TJX Canada segment operates our stores in Canada (Winners, HomeSense and Marshalls), and our TJX Europe segment operates our stores in Europe (T.K. Maxx and HomeSense). (A.J. Wright ceased to be a segment following its consolidation.) We evaluate the performance of our segments based on segment profit or loss, which we define as pre-tax income or loss before general corporate expense and interest expense. Segment profit or loss, as we define the term, may not be comparable to similarly titled measures used by other entities. The terms segment margin or segment profit margin are used to describe segment profit or loss as a percentage of net sales. These measures of performance should not be considered an alternative to net income or cash flows from operating activities as an indicator of our performance or as a measure of liquidity.

Presented below is selected financial information related to our business segments:

U.S. Segments:

Marmaxx

Dollars in millions	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
Net sales	\$ 3,976.1	\$ 3,653.6	\$ 7,865.1	\$ 7,178.8
Segment profit	\$ 581.4	\$ 478.9	\$ 1,186.0	\$ 969.9
Segment profit as a percentage of net sales	14.6%	13.1%	15.1%	13.5%
Adjusted segment profit as a percentage of net sales*	n/a	n/a	n/a	13.7%
Percent increase in same store sales	7%	5%	7%	5%
Stores in operation at end of period				
T.J. Maxx			1,005	963
Marshalls			891	875
Total Marmaxx			1,896	1,838
Selling square footage at end of period (in thousands)				
T.J. Maxx			23,311	22,439

Edgar Filing: TJX COMPANIES INC /DE/ - Form 10-Q

Marshalls	22,091	21,767
Total Marmaxx	45,402	44,206

* See Adjusted Financial Measures above.

Net sales for Marmaxx increased 9% for the second quarter of fiscal 2013 and increased 10% for the six-month period as compared to the comparable periods last year. Same store sales for Marmaxx were up 7% in both the second quarter and the first six months of fiscal 2013, on top of a 5% increase for the comparable periods last year.

Same store sales growth at Marmaxx for both the second quarter and six-months ended July 28, 2012 were driven by significant growth in customer traffic. Geographically, same store sales were strong throughout the country with Florida and the Midwest performing above the chain average. Additionally, sales were strong in both apparel and home fashions.

Segment profit margin increased to 14.6% for the second quarter of fiscal 2013 compared to 13.1% for the same period last year. The improvements in segment profit for the second quarter were primarily due to an increase of 0.7 percentage points in merchandise margin, as well as expense leverage on the strong same store sales growth, particularly in occupancy and store payroll costs. Segment margin increased to 15.1% for the six months ended July 28, 2012 compared to 13.5% for the same period last year. On an adjusted basis, segment margin increased 1.4 percentage points. The improvement in segment profit for the six month period was primarily due to increase of 0.4 percentage points in merchandise margin, as well as expense leverage on the strong same store sales growth, particularly in occupancy and store payroll costs.

We believe our store remodel program has benefited our sales in this segment. As a result of the remodel program and our new store openings we expect to have approximately 75% of Marmaxx's stores in the new prototype by the end of the fiscal year.

HomeGoods

Dollars in millions	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
Net sales	\$ 597.7	\$ 515.3	\$ 1,193.4	\$ 1,018.6
Segment profit	\$ 60.5	\$ 37.5	\$ 130.0	\$ 82.9
Segment profit as a percentage of net sales	10.1%	7.3%	10.9%	8.1%
Adjusted segment profit as a percentage of net sales*	n/a	n/a	n/a	8.5%
Percent increase in same store sales	9%	3%	9%	4%
Stores in operation at end of period			393	366
Selling square footage at end of period (in thousands)			7,774	7,231

* See Adjusted Financial Measures above.

HomeGoods net sales increased 16% in the second quarter of fiscal 2013 compared to the same period last year, and 17% for the six months of fiscal 2013 over the same period last year. Same store sales increased 9% for both the second quarter and six months ended July 28, 2012, driven by continued growth in customer traffic, and on top of same store sales increases of 3% in last year's second quarter and 4% in last year's six-month period.

Segment margin increased to 10.1% for the second quarter of fiscal 2013 compared to 7.3% for the same period last year. Segment profit margin for the six months ended July 28, 2012 increased 2.8 percentage points to 10.9%, compared to 8.1% for the same period last year. On an adjusted basis, segment margin increased 2.4 percentage points for the six month period. The growth in segment margin for both the quarter and year-to-date periods was driven by expense leverage on most expense categories as a result of strong same store sales growth, as well as an increase in merchandise margin.

A.J. Wright

We completed the consolidation of the A.J. Wright division in the first quarter of fiscal 2012, closing the remaining stores not being converted to other banners. These closing costs (primarily lease-related obligations) and A.J. Wright operating losses totaled \$49.3 million and were reported as an A.J. Wright segment loss in the first quarter of fiscal 2012.

Due to the anticipated migration of customers to other chains, A.J. Wright was not treated as a discontinued operation for financial reporting purposes.

International Segments:

TJX Canada

U.S. Dollars in millions	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
Net sales	\$ 660.7	\$ 637.7	\$ 1,300.9	\$ 1,229.8
Segment profit	\$ 92.7	\$ 92.3	\$ 163.7	\$ 128.4
Segment profit as a percentage of net sales	14.0%	14.5%	12.6%	10.4%
Percent increase (decrease) in same store sales	5%	(3)%	6%	(3)%
Stores in operation at end of period				
Winners			220	216
HomeSense			87	82
Marshalls			12	5
Total			319	303
Selling square footage at end of period (in thousands)				
Winners			5,076	4,995
HomeSense			1,682	1,594
Marshalls			312	132
Total			7,070	6,721

Net sales for TJX Canada increased 4% for the second quarter and increased 6% for the six-month period ended July 28, 2012 compared to the respective periods last year. Currency exchange translation negatively impacted second quarter sales growth by approximately 5 percentage points and negatively impacted six-month sales growth by approximately 4 percentage points, as compared to the respective periods last year. Same store sales increased 5% for the second quarter of fiscal 2013 and 6% for the six-months ended July 28, 2012

Due to the effects of foreign currency, segment profit decreased to 14.0% for the second quarter ended July 28, 2012 compared to 14.5% last year. Segment profit margin for this year's second quarter benefited from improvement in merchandise margin and expense leverage on same store sales growth over the prior year's quarter, but foreign currency negatively affected the year-over-year comparison by 1.3 percentage points. The negative impact due to foreign currency included a \$5 million decrease in this year's second quarter segment profit due to foreign currency translation and the mark-to-market adjustment on inventory-related hedges which, on a year-over-year comparison, negatively impacted this year's second quarter segment profit by \$8 million.

Segment profit increased \$35.3 million to \$163.7 million for the fiscal 2013 six-month period. The impact of foreign currency translation decreased segment profit by \$6 million in the fiscal 2013 six-month period and the mark-to-market adjustment on inventory-related hedges decreased segment profit by \$2 million in the first six months of fiscal 2013, compared to a decrease of \$7 million in the same period last year. The increase in segment margin for the six months ended July 28, 2012 as compared to last year's six-month period was primarily due to improvement in merchandise margin and expense leverage on the same store sales, primarily occupancy costs.

TJX Europe

U.S. Dollars in millions	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
Net sales	\$ 711.1	\$ 661.7	\$ 1,384.2	\$ 1,252.2
Segment profit (loss)	\$ 24.7	\$ 7.3	\$ 36.5	\$ (24.0)
Segment profit (loss) as a percentage of net sales	3.5%	1.1%	2.6%	(1.9)%
Percent increase (decrease) in same store sales	10%	0%	11%	(2)%
Stores in operation at end of period				
T.K. Maxx			338	322
HomeSense			24	24
Total			362	346
Selling square footage at end of period (in thousands)				
T.K. Maxx			7,741	7,384
HomeSense			402	402
Total			8,143	7,786

Net sales for TJX Europe increased 7% for the second quarter of fiscal 2013 and 11% for the six months ended July 28, 2012 compared to the same periods last year. Currency translation negatively impacted the fiscal 2013 results for both periods, decreasing net sales in the second quarter by \$44 million and in the six-month period by \$67 million. Same store sales increased 10% in the second quarter of fiscal 2013 compared to being flat a year earlier and increased 11% for the six months ended July 28, 2012, compared to being down 2% in the same period last year. We believe the improvement in fiscal 2013 primarily reflected the results of our improved execution of off-price fundamentals.

Segment profit for the second quarter of fiscal 2013 was \$24.7 million compared to \$7.3 million last year. The mark-to-market adjustment on inventory-related hedges increased segment profit in the second quarter by \$3 million, compared to an increase of \$2 million in the same period last year. For the six months ended July 28, 2012, segment profit was \$36.5 million, compared to segment loss of \$24.0 million in the same period last year. For the six months ended July 28, 2012, the impact of foreign currency translation decreased segment profit by \$2 million and the mark-to-market adjustment on inventory-related hedges decreased segment profit by \$1 million compared to \$1 million increase of segment loss last year. The increases in segment margin for both the second quarter and six months ended July 28, 2012, as compared to last year's comparable periods, were driven by strong growth in merchandise margin as well as expense leverage on the strong same store sales growth, primarily occupancy costs. These improvements were partially offset by an increase in the accrual for our incentive compensation plans as a result of our above-plan results and estimates for the full year.

General corporate expense

Dollars in millions	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 28, 2012	July 30, 2011	July 28, 2012	July 30, 2011
General corporate expense	\$ 67.3	\$ 47.5	\$ 133.9	\$ 100.8

General corporate expense for segment reporting purposes represents those costs not specifically related to the operations of our business segments and is included in selling, general and administrative expenses. The increase in general corporate expense for this year's second quarter and year-to-date period over the prior year's comparable periods was primarily due to our investment in systems and costs related to initiatives in support of our growth as well as an increase in the accrual for our incentive compensation plans. General corporate expense for the six months ended July 28, 2012 also included a \$10 million contribution to The TJX Foundation made in the first quarter of fiscal 2013.

Analysis of Financial Condition

Liquidity and Capital Resources

Net cash provided by operating activities was \$1,308 million for the six months ended July 28, 2012, an increase of \$982 million from the \$326 million provided in the six months ended July 30, 2011. Net income plus the non-cash impact of depreciation provided cash of \$1,087 million in the first six months of fiscal 2013 compared to \$851 million in the same period last year, an increase of \$236 million. The change in merchandise inventory, net of the related change in accounts payable, resulted in a source of cash of \$159 million in the first six months of fiscal 2013 compared to a use of cash of \$352 million in fiscal 2012. This favorable impact on cash in the first six months of fiscal 2013 was a result a reduction in consolidated inventories on a per store basis, including inventories in the warehouses than in the same period a year earlier. Changes in current income taxes payable decreased cash by \$10 million in the first six months of fiscal 2013 compared to a decrease of \$67 million in the same period in fiscal 2012, which reflected the higher income tax provision for the fiscal 2013 six-month period as compared to last year. In addition this year's cash flow was favorably impacted by \$79 million due to the timing of rental payments and by \$90 million due to the change in accrued expenses and other liabilities.

Investing activities in the first six months of fiscal 2013 primarily reflected property additions for new stores, store improvements and renovations and investment in our home office and our distribution network. Cash outflows for property additions amounted to \$439 million in the six months ended July 28, 2012 and July 30, 2011. In the first quarter of fiscal 2013, we purchased additional office space for approximately \$62.5 million, which was included in the above cash outflows. We anticipate that capital spending for fiscal 2013 will now approximate \$1 billion, which includes the purchase of our Framingham home office early in the third quarter of fiscal 2013. We also purchased short-term investments that had initial maturities in excess of 90 days which, per our policy, are not classified as cash on the balance sheets presented. In the first six months of fiscal 2013, we purchased \$137 million in these short-term investments, compared to \$56 million in the same period in fiscal 2012. Additionally, \$54 million of these short-term investments were sold or matured during the six months of fiscal 2013 and fiscal 2012.

Cash flows from financing activities resulted in cash outflows of \$667 million in the first six months of fiscal 2013, compared to cash outflows of \$671 million in the same period last year. We spent \$550 million to repurchase and retire 13.6 million shares in fiscal 2013 and \$673 million to repurchase and retire 26.2 million shares in the same period of fiscal 2012 under our stock repurchase programs. We record the purchase of our stock on a settlement basis, and the amounts reflected in the financial statements may vary from the above due to the timing of the settlement of our repurchases. As of July 28, 2012, \$1,675 million was available for purchase under the stock repurchase program announced in February 2012. We currently plan to repurchase a total of approximately \$1.2 billion to \$1.3 billion of stock under our stock repurchase programs in fiscal 2013. We determine the timing and amount of repurchases based on our assessment of various factors, including, among others, excess cash flow, liquidity, economic and market conditions, business needs, including result of and prospects for our business, legal requirements and other factors. The timing and amount of these purchases may change. Financing activities also included \$61 million of proceeds from the exercise of stock options in the first six months of fiscal 2013 versus \$111 million in proceeds in last year's first quarter. Dividends paid on common stock in the first six months of fiscal 2013 were \$156 million versus \$132 million in the same period last year.

We traditionally have funded our working capital requirements, including for seasonal merchandise, primarily through cash generated from operations, supplemented, as needed, by short-term bank borrowings and the issuance of commercial paper. We believe our existing cash and cash equivalents, internally generated funds and our credit facilities, described in Note H to the consolidated financial statements, are more than adequate to meet our operating needs over the next fiscal year.

Recently Issued Accounting Pronouncements

As discussed in Note A to our unaudited consolidated financial statements included in this Quarterly Report on Form 10-Q, there were no recently issued accounting standards which we expect to have a material impact on our consolidated financial statements.

Various statements made in this Quarterly Report on Form 10-Q are forward-looking and involve a number of risks and uncertainties. All statements that address activities, events or developments that we intend, expect or believe may occur in the future are forward-looking statements. The following are some of the factors that could cause actual results to differ materially from the forward-looking statements: buying and inventory management; operational expansion and management of large size and scale; customer trends and preferences; market, banner, geographic and category expansion; marketing, advertising and promotional programs; competition; personnel recruitment and retention; global economic conditions and consumer spending; data security; information systems and technology; seasonal influences; adverse or unseasonable weather; serious disruptions and catastrophic events; corporate and banner reputation; merchandise quality and safety; international operations; merchandise importing; commodity pricing; foreign currency exchange rates; fluctuations in quarterly operating results; market expectations; acquisitions and divestitures; compliance with laws, regulations and orders; changes in laws and regulations; outcomes of litigation, legal matters and proceedings; tax matters; real estate activities; cash flow and other factors that may be described in our filings with the Securities and Exchange Commission, including our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission. We do not undertake to publicly update or revise our forward-looking statements even if experience or future changes make it clear that any projected results expressed or implied in such statements will not be realized.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

There have been no material changes in our primary risk exposures or management of market risks from those disclosed in our Form 10-K for the fiscal year ended January 28, 2012.

Item 4. Controls and Procedures.

We have carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of July 28, 2012 pursuant to Rules 13a-15(b) and 15d-15(b) of the Securities Exchange Act of 1934, as amended (the Act). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at the reasonable assurance level in ensuring that information required to be disclosed by us in the reports that we file or submit under the Act is (i) recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms; and (ii) accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosures. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of implementing controls and procedures.

There were no changes in our internal control over financial reporting, (as defined in Rules 13a-15(f) and 15d-15(f) under the Act) during the fiscal quarter ended July 28, 2012 identified in connection with the evaluation by our management, including our Chief Executive Officer and Chief Financial Officer that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

Not applicable

Item 1A. Risk Factors.

There have been no material changes to the risk factors disclosed in the Risk Factors section of our Annual Report on Form 10-K for the year ended January 28, 2012, as filed with the SEC on March 27, 2012.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.*Information on Share Repurchases*

All share and per share information has been retroactively adjusted to reflect the two-for-one stock split in the form of a stock dividend in February 2012.

The number of shares of common stock repurchased by TJX during the second quarter of fiscal 2013 and the average price paid per share are as follows:

	Total Number of Shares Repurchased ⁽¹⁾ (a)	Average Price Paid Per Share ⁽²⁾ (b)	Total Number of Shares Purchased as Part of a Publicly Announced Plan or Program ⁽³⁾ (c)	Maximum Number (or Approximate Dollar Value) of Shares that May Yet be Purchased Under the Plans or Programs (d)
April 29, 2012 through May 26, 2012	2,181,785	\$ 41.25	2,181,785	\$ 1,884,597,377
May 27, 2012 through June 30 2012	2,852,182	\$ 42.03	2,852,182	\$ 1,764,718,419
July 1, 2012 through July 28, 2012	2,034,377	\$ 44.24	2,034,377	\$ 1,674,718,470
Total:	7,068,344		7,068,344	

(1) Consists of shares repurchased under publicly announced stock repurchase programs.

(2) Average price paid per share includes commissions for the shares repurchased under stock repurchase programs.

(3) During the first quarter of fiscal 2013, we completed a \$1 billion stock repurchase program announced in February 2011 and initiated a \$2 billion stock repurchase program announced in February 2012. Under this new program, we repurchased a total of 7.7 million shares of common stock (including 7.1 million in shares in the second quarter) at a cost of \$325 million.
