PART I

ITEM 1. BUSINESS

GENERAL

Reckson Associates Realty Corp. was incorporated in September 1994 and commenced operations effective with the completion of its initial public offering (the "IPO") on June 2, 1995. Reckson Associates Realty Corp., together with Reckson Operating Partnership, L.P. (the "Operating Partnership"), and their affiliates (collectively, the "Company") were formed for the purpose of continuing the commercial real estate business of Reckson Associates, its affiliated partnerships and other entities ("Reckson"). For more than 40 years, Reckson has been engaged in the business of owning, developing, acquiring, constructing, managing and leasing office and industrial properties in the New York tri-state area (the "Tri-State Area"). Based on industry surveys, management believes that the Company is one of the largest owners and operators of Class A suburban and commercial business district ("CBD") office properties and industrial properties in the Tri-State Area. The Company operates as a fully integrated, self-administered and self-managed real estate investment trust ("REIT"). As of December 31, 2001 the Company owned 182 properties (including 11 joint venture properties) in the Tri-State Area suburban and CBD markets, encompassing approximately 20.6 million rentable square feet, all of which are managed by the Company. These properties include 60 Class A suburban office properties encompassing approximately 8.5 million rentable square feet, of which 42 of these properties or 74% as measured by square footage, are located within the Company's ten office parks. Reckson has historically emphasized the development and acquisition of properties that are part of large-scale suburban office parks. The Company believes that owning properties in planned office and industrial parks provides certain strategic advantages, including the following: (i) certain tenants prefer being located in a park with other high quality companies to enhance their corporate image, (ii) parks afford tenants certain aesthetic amenities such as a common landscaping plan, standardization of signage and common dining and recreational facilities, (iii) tenants may expand (or contract) their business within a park, enabling them to centralize business functions and (iv) a park provides tenants with access to other tenants and may facilitate business relationships between tenants. The properties also include 17 Class A CBD office properties encompassing approximately 5.3 million rentable square feet. The CBD office properties consist of five properties located in New York City, eight properties located in Stamford, CT and four properties located in White Plains, NY. Additionally, the properties include 103 industrial properties encompassing approximately 6.8 million rentable square feet, of which 72 of these properties, or 59% as measured by square footage, are located within the Company's three industrial parks. The properties also include two retail properties comprising approximately 20,000 rentable square feet.

Through its ownership of properties in the key CBD and suburban office markets in the Tri-State Area, the Company believes it has a unique competitive advantage as the trend toward the regional decentralization of the workplace increases. Due to the events of September 11th, as well as technological advances which further enable decentralization, companies are strategically re-evaluating the benefits and feasibility of regional decentralization and reassessing their long-term space needs. The Company believes this multi-location regional decentralization will continue to take place, increasing as companies begin to have better visibility as to the future of the economy, further validating our regional strategy of maintaining a significant

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

market share in each of the key CBD and suburban office markets in the Tri-State Area.

The Company also owns approximately 254 acres of land in 12 separate parcels of which the Company can develop approximately two million square feet of office space and approximately 450,000 square feet of industrial space. The Company is also obligated to purchase, during the first quarter of 2002, 52.7 acres of land located in Valhalla, NY on which the Company can develop approximately 875,000 square feet of office space. In addition, the Company owns a 32 acre land parcel located in Rye Brook, NY which is under contract for sale for approximately \$22.3 million. The closing is scheduled to occur during 2002. Since the IPO the Company has developed or redeveloped 14 properties encompassing approximately 2.1 million square feet of office and industrial space.

I-1

The Company also owns a 357,000 square foot office building located in Orlando, Florida and has invested approximately \$17.0 million in a note receivable secured by a partnership interest in Omni Partners, L. P., owner of the Omni, a 575,000 square foot Class A Office Property located in Uniondale, NY, effectively increasing its economic interest in the property owning partnership and \$36.5 million under three notes which are secured by a minority partner's preferred unit interest in the Operating Partnership and certain real property (the "Note Receivable Investments").

During July 1998, the Company formed Metropolitan Partners, LLC ("Metropolitan") for the purpose of acquiring Class A office properties in New York City. Currently the Company owns, through Metropolitan, five Class A office properties aggregating approximately 3.5 million square feet.

During September 2000, the Company formed a joint venture (the "Tri-State JV") with Teachers Insurance and Annuity Association ("TIAA") and contributed eight Class A suburban office properties aggregating approximately 1.5 million square feet to the Tri-State JV for a 51% majority ownership interest. TIAA contributed approximately \$136 million for a 49% interest in the Tri-State JV which was then distributed to the Company. As a result, the Company realized a gain of approximately \$15.2 million. For purposes of its financial statements the Company consolidates this joint venture.

On December 21, 2001, the Company formed a joint venture with the New York State Teachers' Retirement Systems ("NYSTRS") whereby NYSTRS acquired a 49% indirect interest in the property located at 919 Third Avenue, New York, NY for \$220.5 million which included \$122.1 million of its proportionate share of secured mortgage debt and approximately \$98.4 million of cash which was then distributed to the Company. As a result, the Company realized a gain of approximately \$18.9 million. For purposes of its financial statements the Company consolidates this joint venture.

As of December 31, 2001, the Company has invested approximately \$59.8 million in REIT-qualified joint ventures with Reckson Strategic Venture Partners, LLC ("RSVP"), a real estate venture capital fund created as a research and development vehicle for the Company to invest in alternative real estate sectors outside the Company's core office and industrial focus (see Recent Developments-Other Investing Activities).

All of the Company's interests in its properties, the Note Receivable Investments and land are held directly or indirectly by, and all of its operations are conducted through, the Operating Partnership. Reckson Associates Realty Corp. controls the Operating Partnership as the sole general partner and

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

as of December 31, 2001, owned approximately 89% of the Operating Partnership's outstanding common units of limited partnership ("OP Units") and Class B common units of limited partnership interest.

The Company seeks to maintain cash reserves for normal repairs, replacements, improvements, working capital and other contingencies. The Company has established an unsecured credit facility (the "Credit Facility") with a maximum borrowing amount of \$575 million scheduled to mature on September 7, 2003. The Credit Facility requires the Company to comply with a number of financial and other covenants on an ongoing basis.

There are numerous commercial properties that compete with the Company in attracting tenants and numerous companies that compete in selecting land for development and properties for acquisition.

In order to protect the Company's ability to qualify as a REIT, ownership of its common stock by any single stockholder is limited to 9%, subject to certain exceptions.

The Company's principal executive offices are located at 225 Broadhollow Road, Melville, New York 11747 and its telephone number at that location is (631) 694-6900. At December 31, 2001, the Company had 311 employees.

RECENT DEVELOPMENTS

Acquisitions, Dispositions and Investing Activities

On October 29, 2001, the Company, at its option, acquired the lessor's rights to the air rights lease agreement for the property located at 120 West 45th Street, New York, NY for approximately \$7.7 million. As a result, the Company's obligation to pay rent under this lease agreement was eliminated.

I-2

On December 21, 2001, Metropolitan sold a 49% indirect interest in the property located at 919 Third Avenue, New York, NY for \$220.5 million which included \$122.1 million of its proportionate share of secured mortgage debt and approximately \$98.4 million of cash. As a result, the Company realized a gain of approximately \$18.9 million.

During the year ended December 31, 2001, the Company sold five office properties aggregating approximately 678,000 square feet for \$82.1 million, a 26,000 square foot industrial property for \$2.8 million and its remaining preferred interest in Keystone Property Trust for \$35.7 million. As a result of these sales the Company realized a net gain of approximately \$1.3 million. Net proceeds from these sales were used primarily to repay borrowings under the Credit Facility and to establish an escrow account with a qualified intermediary for a future exchange of real property pursuant to Section 1031 of the Internal Revenue Code of 1986. The Company has identified approximately 52.7 acres of land located in Valhalla, NY for the purposes of this exchange.

Subsequent to December 31, 2001, the Company entered into a contract to sell two Class A office properties, located in Westchester County, NY, aggregating approximately 157,000 square feet for approximately \$18.5 million. The closing is scheduled to occur during the second quarter of 2002.

Other Investing Activities

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

During 1997, the Company formed FrontLine Capital Group, formerly Reckson Service Industries, Inc., ("FrontLine") and RSVP. RSVP is a real estate venture capital fund which invests primarily in real estate and real estate operating companies outside the Company's core office and industrial focus and whose common equity is held indirectly by FrontLine. In connection with the formation and spin-off of FrontLine, the Operating Partnership established an unsecured credit facility with FrontLine (the "FrontLine Facility") in the amount of \$100 million for FrontLine to use in its investment activities, operations and other general corporate purposes. The Company has advanced approximately \$93.4 million under the FrontLine Facility. The Operating Partnership also approved the funding of investments of up to \$100 million relating to RSVP (the "RSVP Commitment"), through RSVP-controlled joint ventures (for REIT-qualified investments) or advances made to FrontLine under an unsecured loan facility (the "RSVP Facility") having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the "FrontLine Loans"). During March 2001, the Company increased the RSVP Commitment to \$110 million and as of December 31, 2001, approximately \$109.1 million had been funded through the RSVP Commitment, of which \$59.8 million represents investments by the Company in RSVP-controlled (REIT-qualified) joint ventures and \$49.3 million represents loans made to FrontLine under the RSVP Facility. As of December 31, 2001, interest accrued (net of reserves) under the FrontLine Facility and the RSVP Facility was approximately \$19.6 million.

At June 30, 2001, the Company assessed the recoverability of the FrontLine Loans and reserved approximately \$3.5 million of the interest accrued during the three-month period then ended. In addition, the Company formed a committee of its Board of Directors, comprised solely of independent directors, to consider any actions to be taken by the Company in connection with the FrontLine Loans and its investments in joint ventures with RSVP. During the third quarter of 2001, the Company noted a significant deterioration in FrontLine's operations and financial condition and, based on its assessment of value and recoverability and considering the findings and recommendations of the committee and its financial advisor, the Company recorded a \$163 million valuation reserve charge, inclusive of anticipated costs, in its consolidated statements of operations relating to its investments in the FrontLine Loans and joint ventures with RSVP. The Company has discontinued the accrual of interest income with respect to the FrontLine Loans. The Company has also reserved against its share of GAAP equity in earnings from the RSVP controlled joint ventures funded through the RSVP Commitment until such income is realized through cash distributions.

At December 31, 2001, the Company, pursuant to Section 166 of the Internal Revenue Code of 1986, charged off \$70 million of the aforementioned reserve directly related to the FrontLine Facility, including accrued interest. Subsequent to December 31, 2001, the Company charged off an additional \$38 million of the reserve directly related to the FrontLine Facility, including accrued interest and \$47 million of the reserve directly related to the RSVP Facility, including accrued interest.

I-3

FrontLine is in default under the FrontLine Loans from the Operating Partnership and has reported that it is currently in discussions with its creditors, including the Company, and that it may be required to seek protection from creditors under federal bankruptcy laws.

As a result of the foregoing, the net carrying value of the Company's investments in the FrontLine Loans and joint venture investments with RSVP, inclusive of the Company's share of previously accrued GAAP equity in earnings on those investments, is approximately \$65.0 million. Such amount has been

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

reflected in investments in service companies and affiliate loans and joint ventures on the Company's consolidated balance sheet.

Both the FrontLine Facility and the RSVP Facility have a term of five years, are unsecured and advances under each are recourse obligations of FrontLine. Notwithstanding the valuation reserve, under the terms of the credit facilities, interest accrues on the FrontLine Loans at a rate equal to the greater of (a) the prime rate plus two percent and (b) 12% per annum, with the rate on amounts that are outstanding for more than one year increasing annually at a rate of four percent of the prior year's rate. In March 2001, the credit facilities were amended to provide that (i) interest is payable only at maturity and (ii) the Company may transfer all or any portion of its rights or obligations under the credit facilities to its affiliates. The Company requested these changes as a result of changes in REIT tax laws.

The Operating Partnership and FrontLine entered into an intercompany agreement (the "Reckson Intercompany Agreement") to formalize their relationship at the time of the spin-off of FrontLine and to limit conflicts of interest. Under the Reckson Intercompany Agreement, among other provisions, (i) FrontLine granted the Operating Partnership a right of first opportunity to make any REIT-qualified investment that becomes available to FrontLine and (ii) the Operating Partnership granted FrontLine a right to (a) provide the Operating Partnership and its tenants with commercial services for occupants of office, industrial and other property types and (b) become the lessee of any real property acquired by the Operating Partnership if the Operating Partnership determines that, consistent with the Company's status as a REIT, it is required to enter into a "master" lease agreement.

The following table sets forth the Company's invested capital (before valuation reserves) in RSVP controlled (REIT-qualified) joint ventures and amounts which were advanced under the RSVP Commitment to FrontLine, for its investment in RSVP controlled investments (in thousands):

	RSVP CONTROLLED JOINT VENTURES	AMOUNTS ADVANCED	TOTAL
	-----	-----	-----
Privatization	\$21,480	\$ 3,520	\$ 25,000
Student Housing	18,086	3,935	22,021

Included in these investments is approximately \$18.9 million of cash that has been contributed to the respective RSVP controlled joint ventures or advanced under the RSVP Commitment to FrontLine and is being held, along with cash from the preferred investors.

Financing Activities

On September 7, 2000, the Company obtained its three year \$575 million unsecured revolving Credit Facility from JPMorgan Chase Bank, as administrative agent, UBS Warburg LLC as syndication agent and Deutsche Bank as documentation agent. The Credit Facility matures in September 2003 and borrowings under the Credit Facility are currently priced off LIBOR plus 105 basis points.

The Company utilizes the Credit Facility primarily to finance real estate investments, fund its real estate development activities and for working capital purposes. At December 31, 2001, the Company had availability under the

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

Credit Facility to borrow an additional \$303.4 million (of which, \$37.4 million has been allocated for outstanding undrawn letters of credit). Subsequent to December 31, 2001, the Company paid down the Credit Facility by \$84.6 million which was received from the sale of a 49% interest in the property located at 919 Third Avenue, New York, NY and thereby increasing its availability under the Credit Facility to \$388 million.

On June 1, 2001, the Company refinanced a \$70 million short-term variable rate mortgage note with a five year \$75 million fixed rate mortgage note, which bears interest at 6.52% per annum. In addition, on July 18, 2001, the Company refinanced a \$200 million short-term variable rate mortgage note with a ten year \$250 million fixed rate mortgage note, which bears interest at 6.867% per annum. The net proceeds of approximately \$50.4 million received by the Company as a result of these refinancings was used to repay maturing fixed rate debt, the Credit Facility and for working capital purposes.

I-5

On July 24, 2001, the Company repaid a mortgage note in the amount of approximately \$15.5 million from a portion of the proceeds received from the secured debt financing of the property located at 919 Third Avenue, New York, NY. In addition, during the fourth quarter of 2001, the Company repaid two mortgage notes in the aggregate amount of approximately \$8.8 million through a draw under the Credit Facility and from available cash on hand.

Stock and Other Equity Offerings

During the year ended December 31, 2001, approximately 11,553 preferred units of limited partnership interest in the Operating Partnership, with a liquidation preference value of approximately \$11.6 million, were exchanged for 456,351 OP Units at an average price of \$25.32 per OP Unit. In addition, 660,370 OP Units were exchanged for an equal number of shares of the Company's Class A common stock.

Metropolitan is controlled by the Company. A minority partner owned an \$85 million preferred equity investment in Metropolitan which accrued distributions at a rate of 7.5% per annum for a two-year period (May 24, 1999 through May 30, 2001). On May 31, 2001, the minority partner, at its election, converted its preferred equity investment into 3,453,881 shares of the Company's Class A common stock based on a conversion price of \$24.61 per share. As a result of the minority partner's conversion of their preferred equity investment, the Company owns 100% of Metropolitan.

The Board of Directors of the Company has authorized the purchase of up to an additional five million shares of the Company's Class B common stock and/or its Class A common stock. Transactions conducted on the New York Stock Exchange will be effected in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Previously, the Company purchased and retired 1,410,804 shares of Class B common stock at an average price of \$21.48 per Class B share and 61,704 shares of Class A common stock at an average price of \$23.03 per Class A share for an aggregate purchase price of approximately \$31.7 million.

CORPORATE STRATEGIES AND GROWTH OPPORTUNITIES

The Company's primary business objectives are to maximize current return to stockholders through increases in distributable cash flow per share and to increase stockholders' long-term total return through the appreciation in value

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

of its common stock. The Company plans to achieve these objectives by continuing Reckson's corporate strategies and capitalizing on the internal and external growth opportunities as described below.

Corporate Strategies. Management believes that throughout its 40-year operating history, Reckson has created value in its properties through a variety of market cycles by implementing the operating strategies described below. These operating strategies include: (i) a multidisciplinary leasing approach that involves architectural design and construction personnel as well as leasing professionals, (ii) innovative marketing programs that strategically position the Company's properties and distinguish its portfolio from the competition, increase brand equity and gain market-share. These cost-effective, high-yield programs include electronic web-casting, targeted outdoor and print media campaigns and sales promotion that enhances broker relationships and influences tenant retention, (iii) a comprehensive tenant service program and property amenities designed to maximize tenant satisfaction and retention, (iv) cost control management and systems that take advantage of economies of scale that arise from the Company's market position and efficiencies attributable to the state-of-the-art energy control systems at many of the office properties, (v) a fully integrated infrastructure of proprietary and property management accounting systems which encompasses technology advanced systems and tools that provides meaningful information, on a real time basis, throughout the entire organization and (vi) an acquisition and development strategy that is continuously adjusted in light of anticipated changes in market conditions and that seeks to capitalize on management's multidisciplinary expertise and market knowledge to modify, upgrade and reposition a property in its marketplace in order to maximize value.

The Company also intends to adhere to a policy of maintaining a stabilized debt ratio (defined as the total debt of the Company as a percentage of the sum of the Company's total debt and the market value of its equity) of not more than 50%. As of December 31, 2001, the Company's debt ratio was

I-6

approximately 41.1%. This calculation is net of minority partners' proportionate share of joint venture debt and including the Company's share of unconsolidated joint venture debt. This debt ratio is intended to provide the Company with financial flexibility to select the optimal source of capital (whether debt or equity) with which to finance external growth.

Growth Opportunities. The Company intends to achieve its primary business objectives by applying its corporate strategies to the internal and external growth opportunities described below.

Internal Growth. To the extent the Long Island, Westchester, New Jersey and Southern Connecticut suburban office and industrial markets remain stable and begin to recover with new supply management believes the Company is well positioned to benefit from rental revenue growth through: (i) contractual annual compounding of 3-4% Base Rent increases (defined as fixed gross rental amounts that excludes payments on account of real estate taxes, operating expense escalations and base electrical charges) on approximately 85% of existing leases from its Long Island properties, (ii) periodic contractual increases in Base Rent on existing leases from its Westchester properties, the New Jersey properties and the Southern Connecticut properties and (iii) the potential for increases to Base Rents as leases expire and space is re-leased at the higher rents that exist in the current market environment.

During 1999, the Company entered the New York City office market. The New York City office market is currently experiencing favorable supply and demand

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

characteristics exceeding those currently in the Company's suburban markets and is also characterized by similar lack of available land supply and other barriers to entry that limit competition. The Company's New York City office buildings offer superior potential for increase in Base Rents as described in (iii) above. Since the formation of the Company's New York City division, it has acquired five Class A office properties aggregating approximately 3.5 million square feet.

External Growth. The Company seeks to acquire multi-tenant Class A office buildings in New York City and the surrounding Tri-State Area core suburban markets as well as industrial properties located in the Tri-State Area. Management believes that the Tri-State Area presents opportunities to acquire or invest in properties at attractive yields. The Company believes that its (i) capital structure, in particular its Credit Facility providing for a maximum borrowing amount of up to \$575 million, (ii) ability to acquire a property for OP Units and thereby defer the seller's income tax on gain, (iii) operating economies of scale, (iv) relationships with financial institutions and private real estate owners, (v) fully integrated operations in its five existing divisions and (vi) its substantial position and franchise in the submarkets in which it owns properties will enhance the Company's ability to identify and capitalize on acquisition opportunities. The Company also intends to selectively develop new Class A suburban and CBD office and industrial properties and to continue to redevelop existing properties as these opportunities arise. The Company will concentrate its development activities on industrial and Class A suburban and CBD office properties within the Tri-State Area. The Company's expansion into the New York City office market has provided it with additional opportunities to acquire interests in properties at attractive yields. The Company also believes that the addition of its New York City division provides additional leasing and operational facilities and enhances its overall franchise value by being the only real estate operating company in the Tri-State Area with significant presence in both Manhattan and each of the surrounding sub-markets.

Through its ownership of properties in the key CBD and suburban office markets in the Tri-State Area, the Company believes it has a unique competitive advantage as the trend toward the regional decentralization of the workplace increases. Due to the events of September 11th, as well as technological advances which further enable decentralization, companies are strategically re-evaluating the benefits and feasibility of regional decentralization and reassessing their long-term space needs. The Company believes this multi-location regional decentralization will continue to take place, increasing as companies begin to have better visibility as to the future of the economy, further validating our regional strategy of maintaining a significant market share in each of the key CBD and suburban office markets in the Tri-State Area.

In addition, when valuations for commercial real estate properties are high, the Company will seek to sell certain properties or interests therein to realize value and profit created. The Company will then

I-7

seek opportunities to reinvest the capital realized from these dispositions back into value-added assets in the Company's core Tri-State Area markets, as well as pursue its stock repurchase program.

ENVIRONMENTAL MATTERS

Under various Federal, state and local laws, ordinances and regulations,

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

an owner of real estate is liable for the costs of removal or remediation of certain hazardous or toxic substances on or in such property. These laws often impose such liability without regard to whether the owner knew of, or was responsible for, the presence of such hazardous or toxic substances. The cost of any required remediation and the owner's liability therefore as to any property is generally not limited under such enactments and could exceed the value of the property and/or the aggregate assets of the owner. The presence of such substances, or the failure to properly remediate such substances, may adversely affect the owner's ability to sell or rent such property or to borrow using such property as collateral. Persons who arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of such substances at a disposal or treatment facility, whether or not such facility is owned or operated by such person. Certain environmental laws govern the removal, encapsulation or disturbance of asbestos-containing materials ("ACMs") when such materials are in poor condition, or in the event of renovation or demolition. Such laws impose liability for release of ACMs into the air and third parties may seek recovery from owners or operators of real properties for personal injury associated with ACMs. In connection with the ownership (direct or indirect), operation, management and development of real properties, the Company may be considered an owner or operator of such properties or as having arranged for the disposal or treatment of hazardous or toxic substances and, therefore, potentially liable for removal or remediation costs, as well as certain other related costs, including governmental fines and injuries to persons and property.

All of the Company's office and industrial properties have been subjected to a Phase I or similar environmental audit after April 1, 1994 (which involved general inspections without soil sampling, ground water analysis or radon testing and, for the Company's properties constructed in 1978 or earlier, survey inspections to ascertain the existence of ACMs were conducted) completed by independent environmental consultant companies (except for 35 Pinelawn Road which was originally developed by Reckson and subjected to a Phase 1 in April 1992). These environmental audits have not revealed any environmental liability that would have a material adverse effect on the Company's business.

ITEM 2. PROPERTIES

GENERAL

As of December 31, 2001 the Company owned 182 properties (including 11 joint venture properties) in the Tri-State Area suburban and CBD markets, encompassing approximately 20.6 million rentable square feet, all of which are managed by the Company. The properties include 60 Class A suburban office properties encompassing approximately 8.5 million rentable square feet, of which 42 of these properties or 74% as measured by square footage, are located within the Company's ten office parks. Reckson has historically emphasized the development and acquisition of properties that are part of large-scale suburban office parks. The Company believes that owning properties in planned office and industrial parks provides certain strategic advantages, including the following: (i) certain tenants prefer being located in a park with other high quality companies to enhance their corporate image, (ii) parks afford tenants certain aesthetic amenities such as a common landscaping plan, standardization of signage and common dining and recreational facilities, (iii) tenants may expand (or contract) their business within a park, enabling them to centralize business functions and (iv) a park provides tenants with access to other tenants and may facilitate business relationships between tenants. The properties also include 17 Class A CBD office properties encompassing approximately 5.3 million rentable square feet. The CBD office properties

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

consist of five properties located in New York City, eight properties located in Stamford, CT and four properties located in White Plains, NY. Additionally, the Company owns 103 industrial properties encompassing approximately 6.8 million rentable square feet, of which 72 of these properties, or 59% as measured by square footage, are located within the Company's three industrial parks. The properties also include two retail properties comprising approximately 20,000 rentable square feet. The Company also owns a 357,000 square foot office property located in Orlando, Florida.

Set forth below is a summary of certain information relating to the Company's properties, categorized by office and industrial properties, as of December 31, 2001.

OFFICE PROPERTIES

General

As of December 31, 2001, the Company owned or had an interest in 60 Class A suburban office properties encompassing approximately 8.5 million square feet and 17 Class A CBD office properties encompassing approximately 5.3 million square feet. As of December 31, 2001, the office properties were approximately 96.1% leased (percent leased excludes properties under development) to approximately 1141 tenants.

The office properties are Class A office buildings and are well-located, well-maintained and professionally managed. In addition, these properties are modern with high finishes and achieve among the highest rent, occupancy and tenant retention rates within their sub-markets. Forty two of the 60 suburban office properties are located within the Company's ten office parks. The buildings in these office parks offer a full array of amenities including health clubs, racquetball courts, sun decks, restaurants, computer controlled HVAC access systems and conference centers. Management believes that the location, quality of construction and amenities as well as the Company's reputation for providing a high level of tenant service have enabled the Company to attract and retain a national tenant base. The office tenants include national service companies, such as telecommunications firms, "Big Five" accounting firms, securities brokerage houses, insurance companies and health care providers. The 17 Class A CBD office properties consist of five properties located in New York City, eight properties located in Stamford, CT and four properties located in White Plains, NY.

The office properties are leased to both national and local tenants. Leases on the office properties are typically written for terms ranging from five to ten years and require: (i) payment of a fixed gross rental amount that excludes payments on account of real estate tax, operating expense escalations and base electrical charges ("Base Rent"), (ii) payment of a base electrical charge, (iii) payment of real estate tax escalations over a base year, (iv) payment of compounded annual increases to Base Rent and/or payment of operating expense escalations over a base year, (v) payment of overtime HVAC and electric

I-9

and (vi) payment of electric escalations over a base year. In virtually all leases, the landlord is responsible for structural repairs. Renewal provisions typically provide for renewal rates at market rates or a percentage thereof, provided that such rates are not less than the most recent renewal rates.

-
- (1) Ground lease expirations assume exercise of renewal options by the lessee.
 - (2) Represents Base Rent, net of electric reimbursement, of signed leases at December 31, 2001 adjusted for scheduled contractual increases during the 12 months ending December 31, 2002. Total Base Rent for these purposes reflects the effect of any lease expirations that occur during the 12-month period ending December 31, 2002. Amounts included in rental revenue for financial reporting purposes have been determined on a straight-line basis rather than on the basis of contractual rent as set forth in the foregoing table.
 - (3) Property is currently under development.
 - (4) Percent leased and annual base rent per leased square foot excludes properties under development.
 - (5) Year renovated.
 - (6) The actual fee interest in is held by the County of Westchester Industrial Development Agency. The fee interest in 520 White Plains Road may be acquired if the outstanding principal under certain loan agreements and annual basic installments are prepaid in full.
 - (7) There is a ground lease in place on a small portion of the land which expires in 2066.

INDUSTRIAL PROPERTIES

General

As of December 31, 2001, the Company owned or had an interest in 103 industrial properties that encompass approximately 6.8 million rentable square feet. As of December 31, 2001, the industrial properties were approximately 91.7% leased (percentage leased excludes properties under development) to approximately 238 tenants. Many of the industrial properties have been constructed with high ceiling heights (i.e., above 18 feet), upscale office building facades, parking in excess of zoning requirements, drive-in and/or loading dock facilities and other features which permit them to be leased for industrial and/or office purposes.

The industrial properties are leased to both national and local tenants. These tenants utilize the industrial properties for distribution, warehousing, research and development and light manufacturing/assembly activities. Leases on the industrial properties are typically written for terms ranging from three to seven years and require: (i) payment of a Base Rent, (ii) payments of real estate tax escalations over a base year, (iii) payments of compounded annual increases to Base Rent and (iv) reimbursement of all operating expenses. Electric costs are generally borne and paid directly by the tenant. Certain leases are "triple net" (i.e., the tenant is required to pay in addition to annual Base Rent, all operating expenses and real estate taxes). In virtually all of the industrial leases, the landlord is responsible for structural repairs. Renewal provisions typically provide for renewal rents at market rates, provided that such rates are not less than the most recent rental rates.

Approximately 87%, as measured by square footage, of the industrial properties, are located on Long Island. Sixty eight percent of these properties, as measured by square footage, are located in the following three industrial parks developed by Reckson: (i) Vanderbilt Industrial Park, (ii) Airport International Plaza and (iii) County Line Industrial Center.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

In addition to the industrial properties on Long Island, the Company owns eight industrial properties encompassing approximately 917,000 square feet in the other suburban markets.

The following table sets forth certain information as of December 31, 2001 for each of the industrial properties.

- (1) Calculated as the difference from the lowest beam to floor.
- (2) Represents Base Rent, net of electric reimbursement, of signed leases at December 31, 2001 adjusted for scheduled contractual increases during the 12 months ending December 31, 2002. Total Base Rent for these purposes reflects the effect of any lease expirations that occur during the 12 month period ending December 31, 2002. Amounts included in rental revenue for financial reporting purposes have been determined on a straight-line basis rather than on the basis of contractual rent as set forth in the foregoing table.
- (3) Property under redevelopment.
- (4) Percent leased and annual base rent per leased square foot excludes properties under development.
- (5) Property was sold subsequent to December 31, 2001
- (6) The actual fee interest is currently held by the Town of Brookhaven Industrial Development Agency. The Company may acquire such fee interest by making a nominal payment to the Town of Brookhaven Industrial Development Agency.
- (7) The Company has entered into a 20 year lease agreement in which it has the right to sublease the premises.

RETAIL PROPERTIES

As of December 31, 2001, the Company owned two free-standing 10,000 square foot retail properties located in Great Neck and Huntington, New York of which one property is fully leased and one property is vacant.

DEVELOPMENTS IN PROGRESS

As of December 31, 2001, the Company had invested approximately \$143.7 million in developments in progress. This amount includes approximately \$62.4 million relating to existing buildings encompassing approximately 464,000 square feet. In addition, the Company has also invested approximately \$81.3 million relating to 13 parcels of land which it can develop approximately 2.8 million square feet of office and industrial space. One of these parcels, a 32 acre land parcel located in Rye Brook, NY, is currently under contract for sale and is scheduled to close during 2002. In addition, the Company is scheduled to acquire, during the first quarter of 2002, 52.7 acres of land located in Valhalla, NY on which the Company can develop approximately 875,000 square feet of office space.

THE OPTION PROPERTIES

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

In connection with the IPO, the Company was granted a ten year option to acquire ten properties (the "Option Properties") which were not contributed to the Operating Partnership and are either owned by Reckson or in which Reckson owns a non controlling minority interest.

As of December 31, 2001, the Company has acquired four of the Option Properties for an aggregate purchase price of approximately \$35 million and the issuance of approximately 475,000 OP Units. In addition, during 1998, one of the Option Properties was sold by Reckson to a third party.

The remaining Option Properties consist of three Class A office properties encompassing approximately 311,000 square feet and two industrial properties encompassing approximately 69,000 square feet.

ITEM 3. LEGAL PROCEEDINGS

Except as set forth below, the Company is not presently subject to any material litigation nor, to the Company's knowledge, is any litigation threatened against the Company, other than routine actions for negligence or other claims and administrative proceedings arising in the ordinary course of business, some of which are expected to be covered by liability insurance and all of which collectively are not expected to have a material adverse effect on the liquidity, results of operations or business or financial condition of the Company.

On or about October 3, 2001, Burgess Services, LLC ("Burgess Services"), Dominion Venture Group, LLC ("Dominion Venture Group") and certain affiliated parties commenced an action in Oklahoma State Court against Reckson Strategic Venture Partners ("RSVP"), the Company, and RAP-Dominion LLC ("RAP-Dominion"), a joint venture through which the Company invested with RSVP in a venture with certain of the plaintiffs. The plaintiff's petition alleges, among other things, that the defendants committed an anticipatory breach of the joint venture agreements and defrauded them into contributing assets into the joint venture. Plaintiff's petition seeks unspecified monetary damages, equitable relief and a declaratory adjudication of the parties' contractual rights, including whether a certain "buy-sell" provision has been properly triggered. The case was removed to the United States District Court for the Western District of Oklahoma. The Defendants, including the Company, have denied all allegations. In addition, the defendants counter-sued plaintiffs for breach of their contractual and fiduciary duties, and misappropriation of approximately \$30 million of the proceeds from the sale of an asset owned by the venture which the defendants claim was wrongly applied to pay off certain loans that Burgess and his wife personally guaranteed, rather than distributed to RAP-Dominion in accordance with the joint venture agreement. The defendants also allege that not only was the buy-sell trigger invalidly triggered, but the valuation formulas proposed violate the agreement. The Company believes that the claims asserted against it and RAP-Dominion are without merit and intends

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

to defend against them vigorously. The Company also intends to pursue its rights to recover the misappropriated funds and other appropriate relief.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of stockholders during the fourth quarter of the year ended December 31, 2001.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the historical financial statements of Reckson Associates Realty Corp. (the "Company") and related notes thereto.

The Company considers certain statements set forth herein to be forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, with respect to the Company's expectations for future periods. Certain forward-looking statements, including, without limitation, statements relating to the timing and success of acquisitions and the completion of development or redevelopment of properties, the financing of the Company's operations, the ability to lease vacant space and the ability to renew or relet space under expiring leases, involve risks and uncertainties. Although the Company believes that the expectations reflected in such forward-looking statements are based on reasonable assumptions, the actual results may differ materially from those set forth in the forward-looking statements and the Company can give no assurance that its expectation will be achieved. Among those risks, trends and uncertainties are: the general economic climate, including the conditions affecting industries in which our principal tenants compete; changes in the supply of and demand for office and industrial properties in the New York Tri-State area; changes in interest rate levels; downturns in rental rate levels in our markets and our ability to lease or release space in a timely manner at current or anticipated rental rate levels; the availability of financing to us or our tenants; changes in operating costs, including utility, security and insurance costs; repayment of debt owed to the Company by third parties (including FrontLine Capital Group); risks associated

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

with joint ventures; and other risks associated with the development and acquisition of properties, including risks that development may not be completed on schedule, that the tenants will not take occupancy or pay rent, or that development or operating costs may be greater than anticipated. Consequently, such forward-looking statements should be regarded solely as reflections of the Company's current operating and development plans and estimates. These plans and estimates are subject to revisions from time to time as additional information becomes available, and actual results may differ from those indicated in the referenced statements.

CRITICAL ACCOUNTING POLICIES

The consolidated financial statements of the Company include accounts of the Company and all majority-owned subsidiaries. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions in certain circumstances that affect amounts reported in the Company's consolidated financial statements and related notes. In preparing these financial statements, management has utilized information available including its past history, industry standards and the current economic environment among other factors in forming its estimates and judgments of certain amounts included in the consolidated financial statements, giving due consideration to materiality. It is possible that the ultimate outcome as anticipated by management in formulating its estimates inherent in these financial statements may not materialize. However, application of the critical accounting policies below involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. In addition, other companies may utilize different estimates, which may impact comparability of the Company's results of operations to those of companies in similar businesses.

Revenue Recognition and Accounts Receivable

Rental revenue is recognized on a straight line basis, which averages minimum rents over the terms of the leases. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on the Company's balance sheets. The leases also typically provide for tenant reimbursements of common area maintenance and other operating expenses and real estate taxes. Ancillary and other property related income is recognized in the period earned.

The Company makes estimates of the collectibility of its accounts receivables related to base rents, tenant escalations and reimbursements and other revenue or income. The Company specifically analyzes tenant receivables and analyzes historical bad debts, customer credit worthiness, current economic trends

II-3

and changes in customer payment terms when evaluating the adequacy of its allowance for doubtful accounts. In addition, when tenants are in bankruptcy the Company makes estimates of the expected recovery of pre-petition administrative and damage claims. In some cases, the ultimate resolution of those claims can exceed beyond a year. These estimates have a direct impact on the Company's net income, because a higher bad debt reserve results in less net income.

The Company records interest income on investments in mortgage notes and

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

notes receivable on an accrual basis of accounting. The Company does not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful. Among the factors the Company considers in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Gain on sales of real estate are recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale.

Real Estate

Land, buildings and improvements, furniture, fixtures and equipment are recorded at cost. Tenant improvements, which are included in buildings and improvements, are also stated at cost. Expenditures for maintenance and repairs are charged to operations as incurred. Renovations and/or replacements, which improve or extend the life of the asset are capitalized and depreciated over their estimated useful lives.

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements are amortized on a straight-line basis over the term of the related leases.

The Company is required to make subjective assessments as to the useful lives of its properties for purposes of determining the amount of depreciation to reflect on an annual basis with respect to those properties. These assessments have a direct impact on the Company's net income. Should the Company lengthen the expected useful life of a particular asset, it would be depreciated over more years, and result in less depreciation expense and higher annual net income.

Assessment by the Company of certain other lease related costs must be made when the Company has a reason to believe that the tenant will not be able to execute under the term of the lease as originally expected.

Long Lived Assets

On a periodic basis, management assesses whether there are any indicators that the value of the real estate properties may be impaired. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property are less than the carrying value of the property. Such cash flows consider factors such as expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. To the extent impairment has occurred, the loss will be measured as the excess of the carrying amount of the property over the fair value of the property.

The Company is required to make subjective assessments as to whether there are impairments in the value of its real estate properties and other investments. These assessments have a direct impact on the Company's net income, because taking an impairment results in an immediate negative adjustment to net income.

Stock-Based Compensation

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

The Company has elected to follow Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25") and related interpretations in accounting for its employee stock options because, the alternative fair value accounting provided for under FASB Statement No. 123, "Accounting for Stock-Based Compensation," ("Statement 123") requires use of option valuation

II-4

models that were not developed for use in valuing employee stock options. Under APB 25, no compensation expense is recognized upon the granting of stock options when the exercise price of the Company's employee stock options equals the market price of the underlying stock on the date of grant. The Company provides additional pro forma disclosures as required under Statement 123 in the notes to its consolidated financial statements.

OVERVIEW AND BACKGROUND

The Reckson Group, the predecessor to the Company, was engaged in the ownership, management, operation, leasing and development of commercial real estate properties, principally office and industrial buildings, and also owned certain undeveloped land located primarily on Long Island, New York. In June 1995, the Company completed an initial public offering (the "IPO"), succeeded to the Reckson Group's real estate business and commenced operations.

The Company is a self-administered and self managed real estate investment trust ("REIT") engaged in the ownership, acquisition, leasing, financing, management and development of office and industrial properties and also owns land for future development. The Company's growth strategy is focused on the commercial real estate markets in and around the New York tri-state area (the "Tri-State Area").

As part of the Company's REIT structure it is provided management, leasing and construction related services through taxable REIT subsidiaries as defined by the Internal Revenue Code of 1986. These services are currently provided by Reckson Management, Inc., RANY Management Group, Inc., and Reckson Construction Group, Inc. (collectively, the "Service Companies"). The Operating Partnership owns a 97% non-controlling interest in the Service Companies. An entity which is owned by certain executive officers of the Company owns a 3% controlling interest in the Service Companies.

During July 1998, the Company formed Metropolitan Partners, LLC ("Metropolitan") for the purpose of acquiring Class A office properties in New York City. Currently the Company owns, through Metropolitan, five Class A office properties aggregating approximately 3.5 million square feet.

During September 2000, the Company formed a joint venture (the "Tri-State JV") with Teachers Insurance and Annuity Association ("TIAA") and contributed eight Class A suburban office properties aggregating approximately 1.5 million square feet to the Tri-State JV for a 51% majority ownership interest. TIAA contributed approximately \$136 million for a 49% interest in the Tri-State JV which was then distributed to the Company. As a result, the Company realized a gain of approximately \$15.2 million. For purposes of its financial statements the Company consolidates this joint venture.

On December 21, 2001, the Company formed a joint venture with the New York State Teachers' Retirement Systems ("NYSTRS") whereby NYSTRS acquired a 49% indirect interest in the property located at 919 Third Avenue, New York, NY for \$220.5 million which included \$122.1 million of its proportionate share of

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

secured mortgage debt and approximately \$98.4 million of cash which was then distributed to the Company. As a result, the Company realized a gain of approximately \$18.9 million. For purposes of its financial statements the Company consolidates this joint venture.

The Company owns all of its interests in its real properties, directly or indirectly, through Reckson Operating Partnership, L.P. (the "Operating Partnership"). As of December 31, 2001 the Company owned 182 properties (including 11 joint venture properties) in the Tri-State Area suburban and CBD markets, encompassing approximately 20.6 million rentable square feet, all of which are managed by the Company. These properties include 60 Class A suburban office properties encompassing approximately 8.5 million rentable square feet, of which 42 of these properties or 74% as measured by square footage, are located within the Company's ten office parks. Reckson has historically emphasized the development and acquisition of properties that are part of large-scale suburban office parks. The Company believes that owning properties in planned office and industrial parks provides certain strategic advantages, including the following: (i) certain tenants prefer being located in a park with other high quality companies to enhance their corporate image, (ii) parks afford tenants certain aesthetic amenities such as a common landscaping plan, standardization of signage and common dining and recreational facilities, (iii) tenants may expand (or contract) their business within a park, enabling them to centralize business

II-5

functions and (iv) a park provides tenants with access to other tenants and may facilitate business relationships between tenants. The properties also include 17 Class A CBD office properties encompassing approximately 5.3 million rentable square feet. The CBD office properties consist of five properties located in New York City, eight properties located in Stamford, CT and four properties located in White Plains, NY. Additionally, the properties include 103 industrial properties encompassing approximately 6.8 million rentable square feet, of which 72 of these properties, or 59% as measured by square footage, are located within the Company's three industrial parks. The properties also include two retail properties comprising approximately 20,000 rentable square feet.

Through its ownership of properties in the key CBD and suburban office markets in the Tri-State Area, the Company believes it has a unique competitive advantage as the trend toward the regional decentralization of the workplace increases. Due to the events of September 11th, as well as technological advances which further enable decentralization, companies are strategically re-evaluating the benefits and feasibility of regional decentralization and reassessing their long-term space needs. The Company believes this multi-location regional decentralization will continue to take place, increasing as companies begin to have better visibility as to the future of the economy, further validating our regional strategy of maintaining a significant market share in each of the key CBD and suburban office markets in the Tri-State Area.

The Company also owns approximately 254 acres of land in 12 separate parcels of which the Company can develop approximately two million square feet of office space and approximately 450,000 square feet of industrial space. The Company is also obligated to purchase, during the first quarter of 2002, 52.7 acres of land located in Valhalla, NY on which the Company can develop approximately 875,000 square feet of office space. In addition, the Company owns a 32 acre land parcel located in Rye Brook, NY which is under contract for sale for approximately \$22.3 million. The closing is scheduled to occur during 2002. Since the IPO the Company has developed or redeveloped 14 properties

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

encompassing approximately 2.1 million square feet of office and industrial space.

The Company also owns a 357,000 square foot office building located in Orlando, Florida and has invested approximately \$17.0 million in a note receivable secured by a partnership interest in Omni Partners, L. P., owner of the Omni, a 575,000 square foot Class A Office Property located in Uniondale, NY, effectively increasing its economic interest in the property owning partnership and \$36.5 million under three notes which are secured by a minority partner's preferred unit interest in the Operating Partnership and certain real property.

The market capitalization of the Company at December 31, 2001 was approximately \$3.3 billion. The Company's market capitalization is based on the sum of (i) the market value of the Company's Class A common stock and common units of limited partnership interest in the Operating Partnership ("OP Units") (assuming conversion) of \$23.36 per share/unit (based on the closing price of the Company's Class A common stock on December 31, 2001), (ii) the market value of the Company's Class B common stock of \$25.51 per share (based on the closing price of the Company's Class B common stock on December 31, 2001), (iii) the liquidation preference value of the Company's Series A preferred and Series B preferred stock of \$25 per share, (iv) the liquidation preference value of the Operating Partnership's preferred units of \$1,000 per unit and (v) approximately \$1.3 billion (including its share of joint venture debt and net of minority partners' interests share of joint venture debt) of debt outstanding at December 31, 2001. As a result, the Company's total debt to total market capitalization ratio at December 31, 2001 equaled approximately 41.1%. At December 31, 2001, the Company had approximately \$122 million of cash and cash equivalents on hand of which approximately \$98.4 million was generated from the sale of a 49% interest in one of its major CBD assets. On January 4, 2002, the Company repaid approximately \$85 million of its short term debt from its cash and cash equivalents on hand.

During 1997, the Company formed FrontLine Capital Group, formerly Reckson Service Industries, Inc., ("FrontLine") and Reckson Strategic Venture Partners, LLC ("RSVP"). RSVP is a real estate venture capital fund which invests primarily in real estate and real estate operating companies outside the Company's core office and industrial focus and whose common equity is held indirectly by FrontLine. In connection with the formation and spin-off of FrontLine, the Operating Partnership established an

II-6

unsecured credit facility with FrontLine (the "FrontLine Facility") in the amount of \$100 million for FrontLine to use in its investment activities, operations and other general corporate purposes. The Company has advanced approximately \$93.4 million under the FrontLine Facility. The Operating Partnership also approved the funding of investments of up to \$100 million relating to RSVP (the "RSVP Commitment"), through RSVP-controlled joint ventures (for REIT-qualified investments) or advances made to FrontLine under an unsecured loan facility (the "RSVP Facility") having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the "FrontLine Loans"). During March 2001, the Company increased the RSVP Commitment to \$110 million and as of December 31, 2001, approximately \$109.1 million had been funded through the RSVP Commitment, of which \$59.8 million represents investments by the Company in RSVP-controlled (REIT-qualified) joint ventures and \$49.3 million represents loans made to FrontLine under the RSVP Facility. As of December 31, 2001, interest accrued (net of reserves) under the FrontLine Facility and the RSVP Facility was approximately \$19.6 million.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

At June 30, 2001, the Company assessed the recoverability of the FrontLine Loans and reserved approximately \$3.5 million of the interest accrued during the three-month period then ended. In addition, the Company formed a committee of its Board of Directors, comprised solely of independent directors, to consider any actions to be taken by the Company in connection with the FrontLine Loans and its investments in joint ventures with RSVP. During the third quarter of 2001, the Company noted a significant deterioration in FrontLine's operations and financial condition and, based on its assessment of value and recoverability and considering the findings and recommendations of the committee and its financial advisor, the Company recorded a \$163 million valuation reserve charge, inclusive of anticipated costs, in its consolidated statements of operations relating to its investments in the FrontLine Loans and joint ventures with RSVP. The Company has discontinued the accrual of interest income with respect to the FrontLine Loans. The Company has also reserved against its share of GAAP equity in earnings from the RSVP controlled joint ventures funded through the RSVP Commitment until such income is realized through cash distributions.

At December 31, 2001, the Company, pursuant to Section 166 of the Internal Revenue Code of 1986, charged off \$70 million of the aforementioned reserve directly related to the FrontLine Facility, including accrued interest. Subsequent to December 31, 2001, the Company charged off an additional \$38 million of the reserve directly related to the FrontLine Facility, including accrued interest and \$47 million of the reserve directly related to the RSVP Facility, including accrued interest.

FrontLine is in default under the FrontLine Loans from the Operating Partnership and has reported that it is currently in discussions with its creditors, including the Company, and that it may be required to seek protection from creditors under federal bankruptcy laws.

As a result of the foregoing, the net carrying value of the Company's investments in the FrontLine Loans and joint venture investments with RSVP, inclusive of the Company's share of previously accrued GAAP equity in earnings on those investments, is approximately \$65.0 million. Such amount has been reflected in investments in service companies and affiliate loans and joint ventures on the Company's consolidated balance sheet.

Both the FrontLine Facility and the RSVP Facility have a term of five years, are unsecured and advances under each are recourse obligations of FrontLine. Notwithstanding the valuation reserve, under the terms of the credit facilities, interest accrues on the FrontLine Loans at a rate equal to the greater of (a) the prime rate plus two percent and (b) 12% per annum, with the rate on amounts that are outstanding for more than one year increasing annually at a rate of four percent of the prior year's rate. In March 2001, the credit facilities were amended to provide that (i) interest is payable only at maturity and (ii) the Company may transfer all or any portion of its rights or obligations under the credit facilities to its affiliates. The Company requested these changes as a result of changes in REIT tax laws.

The Operating Partnership and FrontLine entered into an intercompany agreement (the "Reckson Intercompany Agreement") to formalize their relationship at the time of the spin-off of FrontLine and to limit conflicts of interest. Under the Reckson Intercompany Agreement, among other provisions, (i) FrontLine granted the Operating Partnership a right of first opportunity to make any REIT-qualified

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

investment that becomes available to FrontLine and (ii) the Operating Partnership granted FrontLine a right to (a) provide the Operating Partnership and its tenants with commercial services for occupants of office, industrial and other property types and (b) become the lessee of any real property acquired by the Operating Partnership if the Operating Partnership determines that, consistent with the Company's status as a REIT, it is required to enter into a "master" lease agreement.

HQ Global Workplaces, Inc., ("HQ") one of the largest providers of flexible officing solutions in the world and which is controlled by FrontLine currently operates eleven executive office centers in the Company's properties, three of which are held through joint ventures. The leases under which these office centers operate expire between 2008 and 2011, encompass approximately 225,000 square feet and have current contractual annual base rents of approximately \$6.7 million. Currently, three of these office centers (including one joint venture location) aggregating 55,000 square feet with current contractual annual base rents of \$1.4 million are in default under their lease terms. In addition, HQ has been experiencing financial difficulties and on March 13, 2002, voluntarily filed a petition for relief under Chapter 11 of the U.S. Bankruptcy Code. There can be no assurances as to whether HQ will affirm or reject its existing leases with the Company. At this time it cannot be determined what impact their financial difficulties and bankruptcy filing will have on their ability to meet their future lease obligations with the Company.

Scott H. Rechler, who serves as Co-Chief Executive Officer and a director of the Company, serves as Chief Executive Officer and Chairman of the Board of Directors of FrontLine. The Company's directors and officers own approximately 15.9% of FrontLine's outstanding common stock. Scott H. Rechler also serves as non-executive Chairman of the Board of HQ.

RESULTS OF OPERATIONS

The Company's total revenues increased by \$30.5 million or 6.0% from 2000 to 2001 and \$106.8 million or 26.5% from 1999 to 2000. Property operating revenues, which include base rents and tenant escalations and reimbursements ("Property Operating Revenues") increased by \$45.7 million or 10.1% from 2000 to 2001 and \$82.9 million or 22.5% from 1999 to 2000. The 2001 increase in Property Operating Revenues is primarily attributable to increases in rental rates in our "same store" properties amounting to \$29.3 million. In addition, \$12.4 million of the increase was generated by the lease up of newly developed and redeveloped properties added to the operating portfolio. The increase in Property Operating Revenues offset the decrease of \$15.2 million in other revenues. This decrease is primarily due to a decrease of \$11.6 million related to interest earned on advances made under the FrontLine Loans. In addition, \$2.3 million of the decrease is attributable to lower equity in earnings of real estate joint ventures and service companies. The 2000 increase in Property Operating Revenues is substantially attributable to the Company's entrance into the New York City market. The 1999 and 2000 acquisitions of the five properties comprising the New York City portfolio represented \$48.6 million, or 58.6%, of the increase in Property Operating Revenues. Property Operating Revenues were also positively impacted by approximately \$15.3 million from increases in occupancies and rental rates in our "same store" properties, and approximately \$9.6 million from the lease up of newly developed and redeveloped properties added to the operating portfolio. These increases offset the impact of \$14.8 million of Property Operating Revenues that were generated from "Big Box" industrial properties that were sold in 1999. The remaining balance of the increase in total revenues for 2000 is primarily attributable to an increase in gain on dispositions of real estate of approximately \$11.8 million and an increase of approximately \$8.1 million in other revenue related to interest earned on advances made under the FrontLine Loans.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

The Company's base rent reflects the positive impact of the straight-line rent adjustment of \$41.6 million in 2001, \$38.8 million in 2000 and \$10.7 million in 1999. The 2001 and 2000 straight-line rent adjustment includes \$26.9 million and \$23.3 million, respectively, generated from the property located at 919 Third Avenue, New York, NY, which is attributable to rental abatement periods for the three largest tenants.

Property operating expenses, real estate taxes and ground rents ("Property Expenses") increased by \$11.2 million or 7.1% from 2000 to 2001 and \$31.5 million or 25.0% from 1999 to 2000. The 2001 increase in Property Expenses is primarily due to an increase of \$10.2 million in our "same-store" properties which consists of a \$6.2 million increase in property operating expenses and a \$4.0 million increase in real

II-8

estate taxes. The increase in Property Expenses is also attributable to increases in labor costs, maintenance contracts and security costs. In addition, there was an increase in Property Expenses of \$2.7 million due to higher occupancy levels at our developed and redeveloped properties. The 2000 increase in Property Expenses is substantially attributable to the Company's entrance into the New York City market. The 1999 and 2000 acquisitions of the five properties comprising the New York City portfolio represented \$25.0 million, or 79.4%, of the increase in Property Expenses. In addition, \$6.5 million of the increase is attributable to expense growth in our "same store" properties.

Gross operating margins (defined as Property Operating Revenues less Property Expenses, taken as a percentage of Property Operating Revenues) for 2001, 2000 and 1999 were 66.1%, 65.2% and 65.9%, respectively. The increase from 2000 to 2001 is primarily due to an increase in rental rates. The slight decrease from 1999 to 2000 in the gross operating margin percentages resulted from a larger proportionate share of gross operating margin derived from office properties, which has a lower gross margin percentage. The higher proportionate share of the gross operating margin attributable to the office properties was a result of the acquisition of five properties representing the Company's entrance into the New York City market and the disposition of net leased "Big Box" industrial properties. This shift in the composition of the portfolio was offset by increases in rental rates and operating efficiencies realized as a result of operating a larger portfolio of properties with concentration of properties in office and industrial parks or in its established sub-markets.

Marketing, general and administrative expenses were \$30.7 million in 2001, \$27.4 million in 2000 and \$24.3 million in 1999. The increase in marketing, general and administrative expenses is primarily due to the increased costs of opening and maintaining the Company's New York City division and maintaining offices and infrastructure in each of the Company's markets including Long Island, Westchester, Southern Connecticut and Northern New Jersey and administrative costs associated with the growth of the Company. The Company's business strategy has been to expand further into the Tri-State Area suburban and CBD markets and the New York City market by applying its standards for high quality office and industrial space and premier tenant service to its New Jersey, Westchester, Southern Connecticut and New York City divisions. In doing this, the Company seeks to create a superior franchise value that it enjoys in its home base of Long Island. Over the past three years the Company has supported this effort by increasing its marketing programs and strengthening its resources and operating systems. The cost of these efforts is reflected in both marketing, general and administrative expenses as well as the revenue growth of the Company. To a lesser extent, in 2001, the increase in marketing, general and administrative costs was impacted by legal and professional fees

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

incurred in connection with certain cancelled acquisition transactions and amortization of deferred compensation costs. Marketing, general and administrative expense as a percentage of total revenues were 5.7% in 2001, 5.4% in 2000 and 6.0% in 1999.

Interest expense was \$93.1 million in 2001, \$96.3 million in 2000 and \$74.3 million in 1999. The decrease of \$3.2 million from 2000 to 2001 is attributable to lower interest rates and a decreased average balance on the Company's unsecured credit facility. This was partially offset by an increase in the Company's mortgage notes payable which was the result of the refinancing of the property located at 919 Third Avenue, New York, NY. The increase of \$22.0 million from 1999 to 2000 is primarily attributable to the debt incurred in connection with the acquisition of the five properties comprising the New York City portfolio. In addition, the increase was also attributable to a full year of interest on \$300 million of senior unsecured notes issued in March 1999. The weighted average balance outstanding on the Company's unsecured credit facility was \$284.5 million in 2001, \$416.5 million in 2000 and \$423.8 million in 1999.

Included in depreciation and amortization expense is amortized financing costs of \$4.5 million in 2001, \$4.1 million in 2000 and \$3.4 million in 1999. The increase of approximately \$700,000 from 1999 to 2000 is primarily attributable to the secured financings of the 919 Third Avenue and 1350 Avenue of the Americas properties located in New York, NY.

II-9

For the year ended December 31, 2001, the Company's consolidated statement of operations includes valuation reserve charges of \$166.1 million which is comprised of the following: (i) Valuation reserve charges, inclusive of anticipated costs, of \$163 million related to the Company's investments in the FrontLine Loans and joint ventures with RSVP (see Overview and Background for a further discussion of this valuation reserve charge), (ii) In November 1999, the Company received 176,186 shares of the common stock of FrontLine as fees in connection with the FrontLine Loans. As a result of certain tax rule provisions included in the REIT Modernization Act, it was determined that the Company could no longer maintain any equity position in FrontLine. As part of a compensation program, the Company distributed these shares to certain non-executive employees subject to recourse loans. The loans were scheduled to be forgiven over time based on continued employment with the Company. Based on the current value of FrontLine's common stock the Company has established a valuation reserve charge relating to the outstanding balance of these loans in the amount of \$2.4 million and (iii) Based on the Company's value assessment of its investment in Captivate Network, Inc., an unrelated technology based service company, the Company recorded a valuation reserve charge of approximately \$700,000.

Extraordinary losses, net of limited partners' minority interest, resulted in a \$2.6 million loss in 2001, a \$1.4 million loss in 2000 and a \$555,000 loss in 1999. The extraordinary losses were all attributed to the write-offs of certain deferred loan costs incurred in connection with the Company's refinancing of its debt.

LIQUIDITY AND CAPITAL RESOURCES

Summary of Cash Flows

Net cash provided by operating activities totaled \$186.0 million in 2001,

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

\$169.2 million in 2000 and \$153.5 million in 1999. Increases for each year were primarily attributable to the growth in cash flow provided by the acquisition of properties and/or the increased occupancy levels of the Company's development properties and the increase in rental rates in all of the Company's markets.

Net cash used in investing activities totaled \$87.5 million in 2001, \$261.3 million in 2000 and \$391.8 million in 1999. Cash used in investing activities related primarily to investments in real estate properties including development costs. Included in these investing activities is the Company's investments of approximately \$18.7 million, \$16.3 million and \$14.7 million in RSVP-controlled (REIT qualified) joint ventures in each of the years then ended. In addition, during 1999, the Company invested approximately \$277.5 million for the acquisition of the first mortgage note securing the property located at 919 Third Avenue, New York, NY. Cash used in investing activities was offset by proceeds from the redemption of the Company's preferred equity investments in Keystone Property Trust in 2001 and 2000 as well as from sales of real estate, securities and mortgage note receivable repayments in each of the years then ended.

Net cash provided by financing activities totaled \$5.7 million in 2001, \$88.6 million in 2000 and \$257.4 million in 1999. Cash provided by financing activities related primarily to proceeds from secured debt financings, minority partner contributions and advances under the Company's unsecured credit facility and term loan in each of the years then ended. Cash provided by financing activities in 1999 was also provided by the issuance of the Company's Series B preferred stock and senior unsecured notes. Cash provided by financing activities was offset by advances made under the FrontLine Loans of approximately \$7.2 million, \$13.6 million and \$81.0 million in each of the years then ended. Cash provided by financing activities was also offset by principal payments on secured borrowings, the unsecured credit facility and term loan as well as loan equity issuance costs and dividends and distributions.

Investing Activities

On October 29, 2001, the Company, at its option, acquired the lessor's rights to the air rights lease agreement for the property located at 120 West 45th Street, New York, NY for approximately \$7.7 million. As a result, the Company's obligation to pay rent under this lease agreement was eliminated.

On December 21, 2001, Metropolitan sold a 49% indirect interest in the property located at 919 Third Avenue, New York, NY for \$220.5 million which included \$122.1 million of its proportionate share of secured mortgage debt and approximately \$98.4 million of cash. As a result, the Company realized a gain of approximately \$18.9 million.

II-10

During the year ended December 31, 2001, the Company sold five office properties aggregating approximately 678,000 square feet for \$82.1 million, a 26,000 square foot industrial property for \$2.8 million and its remaining preferred interest in Keystone Property Trust for \$35.7 million. As a result of these sales the Company realized a net gain of approximately \$1.3 million. Net proceeds from these sales were used primarily to repay borrowings under the Company's unsecured credit facility and to establish an escrow account with a qualified intermediary for a future exchange of real property pursuant to Section 1031 of the Internal Revenue Code of 1986. The Company has identified approximately 52.7 acres of land located in Valhalla, NY for the purposes of

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

this exchange.

Subsequent to December 31, 2001, the Company entered into a contract to sell two Class A office properties, located in Westchester County, NY, aggregating approximately 157,000 square feet for approximately \$18.5 million. The closing is scheduled to occur during the second quarter of 2002.

The following table sets forth the Company's invested capital (before valuation reserves) in RSVP controlled (REIT-qualified) joint ventures and amounts which were advanced under the RSVP Commitment to FrontLine, for its investment in RSVP controlled investments (in thousands):

	RSVP CONTROLLED JOINT VENTURES	AMOUNTS ADVANCED	TOTAL
	-----	-----	-----
Privatization	\$21,480	\$ 3,520	\$ 25,000
Student Housing	18,086	3,935	22,021
Medical Offices	20,185	--	20,185
Parking	--	9,091	9,091
Resorts	--	8,057	8,057
Net leased retail	--	3,180	3,180
Other assets and overhead	--	21,598	21,598
	-----	-----	-----
	\$59,751	\$49,381	\$109,132
	=====	=====	=====

Included in these investments is approximately \$18.9 million of cash that has been contributed to the respective RSVP controlled joint ventures or advanced under the RSVP Commitment to FrontLine and is being held, along with cash from the preferred investors.

Financing Activities

During 2001, the Company paid cash dividends on its Class A common stock of approximately \$1.62 per share and approximately \$2.50 per share on its Class B common stock.

The Board of Directors of the Company has authorized the purchase of up to an additional five million shares of the Company's Class B common stock and/or its Class A common stock. Transactions conducted on the New York Stock Exchange will be effected in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Previously, the Company purchased and retired 1,410,804 shares of Class B common stock at an average price of \$21.48 per Class B share and 61,704 shares of Class A common stock at an average price of \$23.03 per Class A share for an aggregate purchase price of approximately \$31.7 million.

During the year ended December 31, 2001, approximately 11,553 preferred units of limited partnership interest in the Operating Partnership, with a liquidation preference value of approximately \$11.6 million, were exchanged for 456,351 OP Units at an average price of \$25.32 per OP Unit. In addition, 660,370 OP Units were exchanged for an equal number of shares of the Company's

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

Class A common stock.

Metropolitan is controlled by the Company. A minority partner owned an \$85 million preferred equity investment in Metropolitan which accrued distributions at a rate of 7.5% per annum for a two-year period (May 24, 1999 through May 30, 2001). On May 31, 2001, the minority partner, at its election, converted its preferred equity investment into 3,453,881 shares of the Company's Class A common stock based on a conversion price of \$24.61 per share. As a result of the minority partner's conversion of its preferred equity investment, the Company owns 100% of Metropolitan.

II-11

As of December 31, 2001, the Company had a three year \$575 million unsecured revolving credit facility (the "Credit Facility") from JPMorgan Chase Bank, as administrative agent, UBS Warburg LLC as syndication agent and Deutsche Bank as documentation agent. The Credit Facility matures in September 2003 and borrowings under the Credit Facility are currently priced off LIBOR plus 105 basis points.

The Company utilizes the Credit Facility primarily to finance real estate investments, fund its real estate development activities and for working capital purposes. At December 31, 2001, the Company had availability under the Credit Facility to borrow an additional \$303.4 million (of which, \$37.4 million has been allocated for outstanding undrawn letters of credit). Subsequent to December 31, 2001, the Company paid down the Credit Facility by \$84.6 million which was received from the sale of a 49% interest in the property located at 919 Third Avenue, New York, NY and thereby increasing its availability under the Credit Facility to \$388 million.

On June 1, 2001, the Company refinanced a \$70 million short term variable rate mortgage note with a five year \$75 million fixed rate mortgage note, which bears interest at 6.52% per annum. In addition, on July 18, 2001, the Company refinanced a \$200 million short term variable rate mortgage note with a ten year \$250 million fixed rate mortgage note, which bears interest at 6.867% per annum. The net proceeds of approximately \$50.4 million received by the Company as a result of these refinancings was used to repay maturing fixed rate debt, the Credit Facility and for working capital purposes.

On July 24, 2001, the Company repaid a mortgage note in the amount of approximately \$15.5 million from a portion of the proceeds received from the secured debt financing of the property located at 919 Third Avenue, New York, NY. In addition, during the fourth quarter of 2001, the Company repaid two mortgage notes in the aggregate amount of approximately \$8.8 million through a draw under the Credit Facility and from available cash on hand.

Capitalization

The Company's indebtedness at December 31, 2001 totaled approximately \$1.3 billion (including its share of joint venture debt and net of minority partners' interests share of joint venture debt) and was comprised of \$271.6 million outstanding under the Credit Facility, approximately \$449.5 million of senior unsecured notes and approximately \$614.9 million of mortgage indebtedness with a weighted average interest rate of approximately 7.4% and a weighted average maturity of approximately 10.1 years. Based on the Company's total market capitalization of approximately \$3.3 billion at December 31, 2001 (calculated based on the sum of (i) the market value of the Company's Class A common stock and OP Units, assuming conversion, (ii) the market value of the Company's Class B common stock, (iii) the liquidation preference value of the

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

Company's preferred stock, (iv) the liquidation preference value of the Operating Partnership's preferred units and (v) the \$1.3 billion of debt), the Company's debt represented approximately 41.1% of its total market capitalization. At December 31, 2001, the Company had approximately \$122 million of cash and cash equivalents on hand of which approximately \$98.4 million was generated from the sale of a 49% interest in one of its major CBD assets. On January 4, 2002, the Company repaid approximately \$85 million of its short-term debt from its cash and cash equivalents on hand.

II-12

Contractual Obligations and Commercial Commitments

The following table sets forth the Company's significant debt obligations by scheduled principal cash flow payments and maturity date and its commercial commitments by scheduled maturity at December 31, 2001 (in thousands):

	MATURITY DATE					THEREAFTER

(1) Scheduled principal amortization payments

(2) Principal payments due at maturity

Certain of the mortgage notes payable are guaranteed by certain limited partners in the Operating Partnership and/or the Company. In addition, consistent with customary practices in non-recourse lending, certain non-recourse mortgages may be recourse to the Company under certain limited circumstances including environmental issues and breaches of material representations.

In addition, at December 31, 2001, the Company had approximately \$24.3 million and \$13.1 million in outstanding undrawn standby letters of credit issued under the Credit Facility which expire in 2002 and 2003, respectively.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

The Company is also obligated to purchase, for approximately \$23.8 million, 52.7 acres of land located in Valhalla, NY on which the Company can develop approximately 875,000 square feet of office space. This acquisition will be financed in part from the sale proceeds of an office property currently being held by a qualified intermediary for the purposes of an exchange of real property pursuant to Section 1031 of the Internal Revenue Code of 1986 and is scheduled to close during the first quarter of 2002.

Thirteen of the Company's office properties and two of the Company's industrial properties which were acquired by the issuance of OP Units are subject to agreements limiting the Company's ability to transfer them prior to agreed upon dates without the consent of the limited partner who transferred the respective property to the Company. In the event the Company transfers any of these properties prior to the expiration of these limitations, the Company may be required to make a payment relating to taxes incurred by the limited partner. The limitations on nine of the properties expire prior to June 30, 2003. The limitations on the remaining properties expire between 2007 and 2013.

Eleven of the Company's office properties are held in joint ventures which contain certain limitations on transfer. These limitations include requiring the consent of the joint venture partner to transfer a property prior to various specified dates ranging from 2003 to 2005, rights of first offer, and buy/sell provisions.

Historically, rental revenue has been the principal source of funds to pay operating expenses, debt service and capital expenditures, excluding non-recurring capital expenditures of the Company. The Company expects to meet its short-term liquidity requirements generally through its net cash provided by operating activities along with the Credit Facility previously discussed. The Credit Facility contains

II-13

several financial covenants with which the Company must be in compliance in order to borrow funds thereunder. The Company expects to meet certain of its financing requirements through long-term secured and unsecured borrowings and the issuance of debt and equity securities of the Company. In addition, the Company also believes that it will, from time to time, generate funds from the disposition of certain of its real estate properties or interests therein. The Company will refinance existing mortgage indebtedness or indebtedness under the Credit Facility at maturity or retire such debt through the issuance of additional debt securities or additional equity securities. The Company anticipates that the current balance of cash and cash equivalents and cash flows from operating activities, together with cash available from borrowings and equity offerings, will be adequate to meet the capital and liquidity requirements of the Company in both the short and long-term.

As a result of current economic conditions, certain companies who make up our tenant base have either not renewed their leases upon expiration or have paid the Company to terminate their leases. In addition, vacancy rates in our markets have been trending higher and in some instances our asking rents in our markets have been trending lower. Additionally, due to the events of September 11th, the Company anticipates higher operating expenses as they relate to certain insurance coverage and security measures.

In order to qualify as a REIT for federal income tax purposes, the Company is required to make distributions to its stockholders of at least 90% of REIT taxable income. The Company expects to use its cash flow from operating activities for distributions to stockholders and for payment of recurring,

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

non-incremental revenue-generating expenditures. The Company intends to invest amounts accumulated for distribution in short-term investments.

On October 16, 2000, the Company's Board of Directors announced that it adopted a Shareholder Rights Plan (the "Rights Plan") designed to protect shareholders from various abusive takeover tactics, including attempts to acquire control of the Company at an inadequate price, depriving shareholders of the full value of their investment. A description of the Rights Plan is included in the Notes to Financial Statements of the Company.

INFLATION

The office leases generally provide for fixed base rent increases or indexed escalations. In addition, the office leases provide for separate escalations of real estate taxes, operating expenses and electric costs over a base amount. The industrial leases generally provide for fixed base rent increases, direct pass through of certain operating expenses and separate real estate tax escalations over a base amount. The Company believes that inflationary increases in expenses will be offset by contractual rent increases and expense escalations described above.

The Credit Facility bears interest at a variable rate, which will be influenced by changes in short-term interest rates, and is sensitive to inflation.

FUNDS FROM OPERATIONS

Management believes that funds from operations ("FFO") is an appropriate measure of performance of an equity REIT. FFO is defined by the National Association of Real Estate Investment Trusts ("NAREIT") as net income or loss, excluding gains or losses from debt restructuring and sales of properties plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. FFO does not represent cash generated from operating activities in accordance with GAAP and is not indicative of cash available to fund cash needs. FFO should not be considered as an alternative to net income as an indicator of the Company's operating performance or as an alternative to cash flow as a measure of liquidity. (See Selected Financial Data). FFO for the year ended December 31, 2001 excludes \$163 million of valuation reserves on investments in affiliate loans and joint ventures.

Since all companies and analysts do not calculate FFO in a similar fashion, the Company's calculation of FFO presented herein may not be comparable to similarly titled measures as reported by other companies.

II-14

The following table presents the Company's FFO calculation for the years ended December 31 (in thousands):

ITEM 7(A). QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

The primary market risk facing the Company is interest rate risk on its long term debt, mortgage notes and notes receivable. The Company will, when advantageous, hedge its interest rate risk using financial instruments. The Company is not subject to foreign currency risk.

The Company manages its exposure to interest rate risk on its variable rate indebtedness by borrowing on a short-term basis under its Credit Facility until such time as it is able to retire the short-term variable rate debt with either a long-term fixed rate debt offering, long term mortgage debt, equity offerings or through sales or partial sales of assets.

The Company will recognize all derivatives on the balance sheet at fair value. Derivatives that are not hedges will be adjusted to fair value through income. If a derivative is a hedge, depending on the nature of the hedge, changes in the fair value of the derivative will either be offset against the change in fair value of the hedged asset, liability or firm commitment through earnings, or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

fair value will be immediately recognized in earnings.

The fair market value ("FMV") of the Company's long term debt, mortgage notes and notes receivable is estimated based on discounting future cash flows at interest rates that management believes reflects the risks associated with long term debt, mortgage notes and notes receivable of similar risk and duration.

II-15

The following table sets forth the Company's long term debt obligations by scheduled principal cash flow payments and maturity date, weighted average interest rates and estimated FMV at December 31, 2001 (dollars in thousands):

	FOR THE YEAR ENDED DECEMBER 31				
	2002	2003	2004	2005	2006

(1) Includes unamortized issuance discounts of \$537 on the 5 and 10-year senior unsecured notes issued on March 26, 1999 which are due at maturity.

In addition, the Company has assessed the market risk for its variable rate debt, which is based upon LIBOR, and believes that a one percent increase in the LIBOR rate would have an approximate \$2.7 million annual increase in interest expense based on approximately \$271.6 million of variable rate debt outstanding at December 31, 2001.

REPORT OF INDEPENDENT AUDITORS

Board of Directors and Stockholders

Reckson Associates Realty Corp.

We have audited the accompanying consolidated balance sheets of Reckson Associates Realty Corp. as of December 31, 2001 and 2000, and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2001. We have also audited the financial statement schedule listed in the index at item 14(a). These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Reckson

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

Associates Realty Corp. at December 31, 2001 and 2000, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2001, in conformity with accounting principles generally accepted in the United States. Also, in our opinion, the financial statement schedule referred to above, when considered in relation to the basic financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

RECKSON ASSOCIATES REALTY CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2001

1. DESCRIPTION OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

DESCRIPTION OF BUSINESS

Reckson Associates Realty Corp. (the "Company") is a self-administered and self managed real estate investment trust ("REIT") engaged in the ownership, management, operation, leasing and development of commercial real estate properties, principally office and industrial buildings and also owns land for future development (collectively, the "Properties") located in the New York tri-state area (the "Tri-State Area").

ORGANIZATION AND FORMATION OF THE COMPANY

The Company was incorporated in Maryland in September 1994. In June 1995, the Company completed an Initial Public Offering (the "IPO") and commenced operations.

The Company became the sole general partner of Reckson Operating Partnership, L.P. (the "Operating Partnership") by contributing substantially all of the net proceeds of the IPO, in exchange for an approximate 73% interest in the Operating Partnership. All Properties acquired by the Company are held by or through the Operating Partnership. In conjunction with the IPO, the Operating Partnership executed various option and purchase agreements whereby it issued common units of limited partnership interest in the Operating Partnership ("OP Units") to certain continuing investors in exchange for (i) interests in certain property partnerships, (ii) fee simple and leasehold interests in properties and development land, (iii) certain business assets of executive center entities and (iv) 100% of the non-voting preferred stock of

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

the management and construction companies. At December 31, 2001, the Company's ownership percentage in the Operating Partnership is approximately 88.9%.

BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying consolidated financial statements include the consolidated financial position of the Company and the Operating Partnership at December 31, 2001 and 2000 and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2001. The Operating Partnership's investments in majority owned and/or controlled real estate joint ventures are reflected in the accompanying financial statements on a consolidated basis with a reduction for the minority partners' interest. The operating results of the service companies currently conducted by Reckson Management Group, Inc., RANY Management Group, Inc. and Reckson Construction Group, Inc. ("RCG") in which the Operating Partnership owns a non-controlling interest are reflected in the accompanying financial statements on the equity method of accounting. The Operating Partnership also invests in real estate joint ventures where it may own less than a controlling interest. Such investments are also reflected in the accompanying financial statements on the equity method of accounting. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

The minority interests at December 31, 2001 represent an approximate 11.1% limited partnership minority interest in the Operating Partnership, a 49% interest in RT Tri-State LLC, owner of an eight property suburban office portfolio, a 40% interest in Omni Partners, L.P., owner of a 575,000 square foot suburban office property and a 49% interest in Metropolitan 919 Third Avenue, LLC, owner of the property located at 919 Third Avenue, New York, NY.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

1. DESCRIPTION OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Real Estate

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements, which are included in buildings and improvements, are amortized on a straight-line basis over the term of the related leases.

Cash Equivalents

The Company considers highly liquid investments with a maturity of three months or less when purchased, to be cash equivalents.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

Tenant's lease security deposits aggregating approximately \$5.1 million and \$6.1 million at December 31, 2001 and 2000, respectively have been included in cash and cash equivalents on the accompanying balance sheets.

Deferred Costs

Tenant leasing commissions and related costs incurred in connection with leasing tenant space are capitalized and amortized over the life of the related lease. In addition, loan costs incurred in obtaining financing are capitalized and amortized over the term of the related loan.

Costs incurred in connection with equity offerings are charged to stockholders equity when incurred.

Income Taxes

Commencing with its taxable year ended December 31, 1995, the Company elected to be taxed as a REIT under the Internal Revenue Code of 1986. To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its adjusted taxable income to its stockholders. It is management's current intention to adhere to these requirements and maintain the Company's REIT status. As a REIT, the Company generally will not be subject to corporate level federal income tax on taxable income it distributes currently to its stockholders. If the Company fails to qualify as a REIT in any taxable year, it will be subject to federal income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for the subsequent four taxable years. Even if the Company qualifies for taxation as a REIT, the Company may be subject to certain state and local taxes on its income and property, and to federal income and excise taxes on its undistributed taxable income. In addition, taxable income from non-REIT activities managed through taxable REIT subsidiaries is subject to federal, state and local income taxes. (See Note 14 for the Company's reconciliation of GAAP net income to taxable income, its reconciliation of cash distributions to the dividends paid deduction and its characterization of taxable distributions).

Revenue Recognition

Minimum rental income is recognized on a straight-line basis over the term of a lease. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on the accompanying balance sheets. Contractually due but unpaid rents are included in tenant receivables on the accompanying balance sheets. Certain lease agreements provide for reimbursement of real estate taxes, insurance, common area maintenance costs and indexed rental increases, which are recorded on an accrual basis.

The Company records interest income on investments in mortgage notes and notes receivable on an accrual basis of accounting. The Company does not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful.

IV-11

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

1. DESCRIPTION OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Among the factors the Company considers in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Gain on sales of real estate are recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale.

Earnings Per Share

In 1997, the Financial Accounting Standards Board ("FASB") issued Statement No. 128, "Earnings per Share" ("Statement 128") which replaced the calculation of primary and fully diluted earnings per share with basic and diluted earnings per share. Unlike primary earnings per share, basic earnings per share excludes any dilutive effects of options, warrants and convertible securities. Diluted earnings per share is very similar to the previously reported fully diluted earnings per share. All earnings per share amounts for all periods have been presented. The conversion of OP Units into Class A common stock would not have a significant effect on per share amounts as the OP Units share proportionately with the Class A common stock in the results of the Operating Partnership's operations.

Stock Options

The Company has elected to follow Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25") and related interpretations in accounting for its employee stock options because, the alternative fair value accounting provided for under FASB Statement No. 123, "Accounting for Stock-Based Compensation," ("Statement 123") requires use of option valuation models that were not developed for use in valuing employee stock options. Under APB 25, no compensation expense is recognized upon the granting of stock options when the exercise price of the Company's employee stock options equals the market price of the underlying stock on the date of grant. The Company provides additional pro forma disclosures as required under Statement 123 (see Note 7).

Recent Pronouncements

FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities," which became effective January 1, 2001 requires the Company to recognize all derivatives on the balance sheet at fair value. Derivatives that are not hedges must be adjusted to fair value through income. If a derivative is a hedge, depending on the nature of the hedge, changes in the fair value of the derivative will either be offset against the change in fair value of the hedged asset, liability, or firm commitment through earnings, or recognized in accumulated other comprehensive income ("OCI") until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value will be immediately recognized in earnings. As of January 1, 2001, the carrying value of the Company's derivatives equaled their fair value and as a result no cumulative effect changes were recorded. Additionally, as of June 30, 2001, the fair value of the Company's derivatives equaled approximately \$3.7 million and was reflected in other assets and OCI on the Company's balance sheet. On July 18, 2001, the mortgage note payable to which these derivatives relate to was funded (see Note 2) and their fair value at that time was

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

approximately \$676,000 less than their carrying value. This amount is being amortized to interest expense over the term of the mortgage note to which it relates. Because of the Company's minimal use of derivatives, the adoption of this Statement did not have a significant effect on earnings or the financial position of the Company.

In October 2001, the FASB issued Statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" which supersedes FASB Statement No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of"; however it retains the fundamental

IV-12

RECKSON ASSOCIATES REALTY CORP. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

1. DESCRIPTION OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

provisions of that statement related to the recognition and measurement of the impairment of long-lived assets to be "held and used". In addition, the Statement provides more guidance on estimating cash flows when performing a recoverability test, requires that a long-lived asset or asset group to be disposed of other than by sale (e.g. abandoned) be classified as "held and used" until it is disposed of, and establishes more restrictive criteria to classify an asset or asset group as "held for sale". The Company's management does not anticipate that the adoption of this statement will have an effect on the earnings or the financial position of the Company.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. MORTGAGE NOTES PAYABLE

On June 1, 2001, the Company refinanced a \$70 million short-term variable rate mortgage note with a five year \$75 million fixed rate mortgage note, which bears interest at 6.52% per annum. In addition, on July 18, 2001, the Company refinanced a \$200 million short-term variable rate mortgage note with a ten year \$250 million fixed rate mortgage note, which bears interest at 6.867% per annum. As a result of these refinancings, certain unamortized loan costs were written-off and accounted for as an extraordinary loss on the accompanying statement of operations. The net proceeds of approximately \$50.4 million received by the Company as a result of these refinancings was used to repay maturing fixed rate debt, the Company's unsecured credit facility and for working capital purposes.

On July 24, 2001, the Company repaid a mortgage note in the amount of approximately \$15.5 million from a portion of the proceeds received from the secured debt financing of the property located at 919 Third Avenue, New York, NY. In addition, during the fourth quarter of 2001, the Company repaid two mortgage notes in the aggregate amount of approximately \$8.8 million through a draw under the Company's unsecured credit facility and from available cash on hand.

At December 31, 2001, there were 16 fixed rate mortgage notes payable with an aggregate outstanding principal amount of approximately \$751.1 million. Properties with an aggregate carrying value at December 31, 2001 of approximately \$1.5 billion are pledged as collateral against the mortgage notes

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

payable. In addition, approximately \$46.1 million of the \$751.1 million is recourse to the Company. The mortgage notes bear interest at rates ranging from 6.45% to 10.10%, and mature between 2004 and 2027. The weighted average interest rates on the outstanding mortgage notes payable at December 31, 2001, 2000 and 1999 were approximately 7.3%, 7.8% and 7.6%, respectively. Certain of the mortgage notes payable are guaranteed by certain limited partners in the Operating Partnership and/or the Company.

Scheduled principal repayments to be made during the next five years and thereafter, for mortgage notes payable outstanding at December 31, 2001, are as follows (in thousands):

	SCHEDULED PRINCIPAL	DUE AT MATURITY	TOTAL
	-----	-----	-----
2002	\$ 11,356	\$ --	\$ 11,356
2003	12,559	--	12,559

	=====	=====	=====

3. UNSECURED CREDIT FACILITY

As of December 31, 2001, the Company had a three year \$575 million unsecured revolving credit facility (the "Credit Facility") from JPMorgan Chase Bank, as administrative agent, UBS Warburg LLC as syndication agent and Deutsche Bank as documentation agent. The Credit Facility matures in September 2003 and borrowings under the Credit Facility are currently priced off LIBOR plus 105 basis points.

RECKSON ASSOCIATES REALTY CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

3. UNSECURED CREDIT FACILITY - (CONTINUED)

The Company utilizes the Credit Facility primarily to finance real estate investments, fund its real estate development activities and for working capital purposes. At December 31, 2001, the Company had availability under the Credit Facility to borrow an additional \$303.4 million (of which, \$37.4 million has been allocated for outstanding undrawn letters of credit). Subsequent to December 31, 2001, the Company paid down the Credit Facility by \$84.6 million which was received from the sale of a 49% interest in the property located at 919 Third Avenue, New York, NY (see Note 6) and thereby increased its availability under the Credit Facility to \$388 million.

The Company capitalized interest incurred on borrowings to fund certain development projects in the amount of \$10.2 million, \$11.5 million and \$9.8 million for the years ended December 31, 2001, 2000 and 1999, respectively.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

4. SENIOR UNSECURED NOTES

As of December 31, 2001, the Operating Partnership had outstanding approximately \$449.5 million (net of issuance discounts) of senior unsecured notes (the "Senior Unsecured Notes"). The following table sets forth the Operating Partnership's Senior Unsecured Notes and other related disclosures (dollars in thousands):

ISSUANCE	FACE AMOUNT	COUPON RATE	TERM	MATURITY
August 27, 1997	\$150,000	7.20%	10 years	August 28, 2007
March 26, 1999	\$100,000	7.40%	5 years	March 15, 2004
March 26, 1999	\$200,000	7.75%	10 years	March 15, 2009

Interest on the Senior Unsecured Notes is payable semiannually with principal and unpaid interest due on the scheduled maturity dates. In addition, the Senior Unsecured Notes issued on March 26, 1999 were issued at an aggregate discount of \$738,000. Such discount is being amortized over the term of the Senior Unsecured Notes to which they relate.

5. LAND LEASES AND AIR RIGHTS

The Company leases, pursuant to noncancellable operating leases, the land on which twelve of its buildings were constructed. The leases, which contain renewal options, expire between 2009 and 2084. The leases either contain provisions for scheduled increases in the minimum rent at specified intervals or for adjustments to rent based upon the fair market value of the underlying land or other indexes at specified intervals. Minimum ground rent is recognized on a straight-line basis over the terms of the leases. The excess of amounts recognized over amounts contractually due is approximately \$3.0 million and \$2.7 million at December 31, 2001 and 2000, respectively. These amounts are included in accrued expenses and other liabilities on the accompanying balance sheets.

In addition, the Company, through the acquisition of certain properties, is subject to two air rights lease agreements. These lease agreements have terms expiring between 2048 and 2073, including renewal options.

Future minimum lease commitments relating to the land leases and air rights lease agreements during the next five years and thereafter are as follows (in thousands):

YEAR ENDED DECEMBER 31,	LAND LEASES	AIR RIGHTS
2002	\$ 2,688	\$ 366

5. LAND LEASES AND AIR RIGHTS - (CONTINUED)

During 2001, the Company, at its option, acquired the lessor's rights to the air rights lease agreement for the property located at 120 West 45th Street, New York, NY for approximately \$7.7 million. As a result, the Company's obligation to pay rent under this lease agreement was eliminated.

6. COMMERCIAL REAL ESTATE INVESTMENTS

As of December 31, 2001, the Company owned and operated 77 office properties (inclusive of eleven office properties owned through joint ventures) comprising approximately 13.8 million square feet, 103 industrial properties comprising approximately 6.8 million square feet and two retail properties comprising approximately 20,000 square feet located in the Tri-State Area.

The Company also owns approximately 254 acres of land in 12 separate parcels of which the Company can develop approximately two million square feet of office space and approximately 450,000 square feet of industrial space. The Company is also obligated to purchase, during the first quarter of 2002, 52.7 acres of land located in Valhalla, NY on which the Company can develop approximately 875,000 square feet of office space. In addition, the Company owns a 32 acre land parcel in Rye Brook, NY which is under contract for sale for approximately \$22.3 million. The closing is scheduled to occur during 2002.

The Company also owns a 357,000 square foot office building in Orlando, Florida and has invested approximately \$17.0 million in a note receivable secured by a partnership interest in Omni Partner's, L.P., owner of the Omni, a 575,000 square foot Class A office property located in Uniondale, NY and \$36.5 million under three notes which bear interest at rates ranging from 10.5% to 12% per annum and are secured by a minority partner's preferred unit interest in the Operating Partnership and certain real property.

On December 21, 2001, the Company formed a joint venture with the New York State Teachers' Retirement System ("NYSTRS") whereby NYSTRS acquired a 49% indirect interest in the property located at 919 Third Avenue, New York, NY for \$220.5 million which included \$122.1 million of its proportionate share of secured mortgage debt and approximately \$98.4 million of cash which was then distributed to the Company. As a result, the Company realized a gain of approximately \$18.9 million. Subsequent to December 31, 2001, net proceeds from this sale were used primarily to repay borrowings under the Credit Facility and for working capital purposes.

During the year ended December 31, 2001, the Company sold five office properties aggregating approximately 678,000 square feet for \$82.1 million, a 26,000 square foot industrial property for \$2.8 million and its remaining

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

preferred interest in Keystone Property Trust for \$35.7 million. As a result of these sales the Company realized a net gain of approximately \$1.3 million. Net proceeds from these sales were used primarily to repay borrowings under the Credit Facility and to establish an escrow account with a qualified intermediary for a future exchange of real property pursuant to Section 1031 of the Internal Revenue Code of 1986. The Company has identified approximately 52.7 acres of land located in Valhalla, NY for the purposes of this exchange (see Note 13).

Subsequent to December 31, 2001, the Company entered into a contract to sell two Class A office properties, located in Westchester County, NY, aggregating approximately 157,000 square feet for approximately \$18.5 million. The closing is scheduled to occur during the second quarter of 2002.

7. STOCKHOLDERS' EQUITY

An OP Unit and a share of Class A common stock have essentially the same economic characteristics as they effectively share equally in the net income or loss and distributions of the Operating Partnership. Subject to certain holding periods OP Units may either be redeemed for cash or, at the election of the Company, for shares of Class A common stock on a one-for-one basis.

The Company currently has issued and outstanding 10,283,513 shares of Class B Exchangeable Common Stock, par value \$.01 per share (the "Class B common stock"). The shares of Class B common stock currently receive an annual dividend of \$2.5968 per share, which is subject to adjustment annually based on a formula which measures increases or decreases in the Company's Funds From Operations, as defined, over a base year. The shares of Class B common stock are exchangeable at any time, at the option of the holder, into an equal number of shares of Class A common stock, par value \$.01 per share, of the Company subject to customary antidilution adjustments. The Company, at its option, may redeem any or all of the Class B common stock in exchange for an equal number of shares of the Company's Class A common stock at any time following November 23, 2003.

The Board of Directors of the Company has authorized the purchase of up to an additional five million shares of the Company's Class B common stock and/or its Class A common stock. Transactions conducted on the New York Stock Exchange will be effected in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Previously, the Company had purchased and retired 1,410,804 shares of Class B common stock at an average price of \$21.48 per Class B share and 61,704 shares of Class A common stock at an average price of \$23.03 per Class A share for an aggregate purchase price of approximately \$31.7 million.

The Company currently has issued and outstanding 9,192,000 shares of 7.625% Series A Convertible Cumulative Preferred Stock (the "Series A preferred stock"). The Series A preferred stock is redeemable by the Company on or after April 13, 2003 at a price of approximately \$25.95 per share with such price decreasing, at annual intervals, to \$25.00 per share over a five year period. In addition, the Series A preferred stock, at the option of the holder, is convertible anytime into the Company's Class A common stock at a price of \$28.51 per share.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

The Company currently has issued and outstanding two million shares of Series B Convertible Cumulative Preferred Stock (the "Series B preferred stock"). The Series B preferred stock is redeemable by the Company as follows: (i) on or after March 2, 2002 to and including June 2, 2003, at an amount which provides an annual rate of return in respect to such share of 15%, (ii) on or after June 3, 2003 to and including June 2, 2004, \$25.50 per share and (iii) on or after June 3, 2004 and thereafter, \$25.00 per share. In addition, the Series B preferred stock, at the option of the holder, is convertible at anytime into the Company's Class A common stock at a price of \$26.05 per share. The Series B preferred stock currently accumulates dividends at a rate of 8.85% per annum.

During the year ended December 31, 2001, approximately 11,553 preferred units of the Operating Partnership, with a liquidation preference value of approximately \$11.6 million, were exchanged for 456,351 OP Units at an average price of \$25.32 per OP Unit. In addition, 660,370 OP Units were exchanged for an equal number of shares of the Company's Class A common stock.

In October 2000, the Company instituted a Shareholder Rights Plan (the "Rights Plan") designed to protect shareholders from various abusive takeover tactics, including attempts to acquire control of the Company at an inadequate price. Under the Rights Plan, each shareholder receives one Right to acquire one one-thousandth of a share of a series of junior participating preferred stock at an initial purchase price of \$84.44 for each share of the Company's outstanding Class A common stock owned. The Rights will be exercisable only if a person or group acquires, or announces an intention to acquire, 15% or more of the Company's Class A common stock, or announces a tender offer which would result in beneficial ownership by a person or group of 15% or more of the Class A common stock. If any person acquires 15% or more of the outstanding shares of Class A common stock or if the Company is acquired in a

IV-16

merger after such an acquisition, all Rights holders except the acquiring person will be entitled to purchase the Company's Class A common stock at a discounted price. The Rights will expire at the close of business on October 13, 2010, unless earlier redeemed by the Company.

During July 1998, the Company formed Metropolitan Partners, LLC ("Metropolitan") for the purpose of acquiring Class A office properties in New York City. Metropolitan is controlled by the Company. A minority partner owned an \$85 million preferred equity investment in Metropolitan which accrued distributions at a rate of 7.5% per annum for a two-year period (May 24, 1999 through May 30, 2001). On May 31, 2001, the minority partner, at its election, converted its preferred equity investment into 3,453,881 shares of the Company's Class A common stock based on a conversion price of \$24.61 per share. As a result of the minority partner's conversion of their preferred equity investment, the Company owns 100% of Metropolitan.

The Company has made loans to certain executive officers to purchase 1,372,393 shares of its Class A common stock at market prices ranging from \$18.44 per share to \$27.13 per share. The loans bear interest at the mid-term Applicable Federal Rate and are secured by the shares purchased. Such loans including accrued interest will be ratably forgiven each year on the annual anniversary of the grant date based upon amortization periods ranging from four

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

to ten years and in certain instances based on meeting certain performance criteria. Loans which are secured by 310,834 shares of Class A common stock are due with a balloon payment on the fifth anniversary of the grant date occurring in 2002. The loan balances aggregated approximately \$24.3 million and \$18.7 million at December 31, 2001 and 2000, respectively and have been included as a reduction of additional paid in capital on the accompanying consolidated statements of stockholders' equity.

The following table sets forth the Company's reconciliation of numerators and denominators of the basic and diluted earnings per weighted average common share and the computation of basic and diluted net income (loss) per weighted average share for the Company's Class A common stock as required by Statement 128 for the years ended December 31 (in thousands except for earnings per share data):

Employee Stock Option Plans and Related Disclosures

The Company has established the 1995, 1996, 1997 and 1998 Employee Stock Option Plans (the "Plans") for the purpose of attracting and retaining executive officers, directors and other key employees. As of December 31, 2001, 1,500,000, 400,000, 3,000,000 and 3,000,000 of the Company's authorized Class A common shares have been reserved for issuance under the 1995, 1996, 1997 and 1998 Plans, respectively.

The following table sets forth the options granted under the Plans and their corresponding exercise price range per share:

	OPTIONS GRANTED (1)	EXERCISE PRICE RANGE	
		FROM (1)	TO (1)
	-----	-----	-----
1995 Employee Stock Option Plan	1,545,038	\$ 12.04	\$ 25.56
1996 Employee Stock Option Plan	262,100	\$ 19.63	\$ 26.13
1997 Employee Stock Option Plan	2,485,965	\$ 22.67	\$ 27.04
1998 Employee Stock Option Plan	2,280,501	\$ 17.75	\$ 25.67

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

Total 6,573,604
=====

(1) Exercise prices have been split adjusted, where applicable.

Options granted to employees generally vest in three equal installments on the first, second and third anniversaries of the date of the grant.

The independent directors of the Company have been granted options to purchase 178,500 shares of Class A common stock pursuant to the 1995 Employee Stock Option Plan at exercise prices ranging from \$12.04 to \$25.56 per share and options to purchase 3,000 shares of Class A common stock pursuant to the 1997 Employee Stock Option Plan at an exercise price of \$25.23 per share. The options granted to the independent directors were exercisable on the date of the grant.

During 2001 and 2000, employees exercised 182,596 and 280,087 options, respectively resulting in proceeds to the Company of approximately \$2.8 million and \$4.2 million, respectively.

Pro forma information regarding net income and earnings per share is required by Statement 123, and has been determined as if the Company had accounted for its employee stock options under the fair value method of Statement 123. The fair value for these options was estimated at the date of grant using a Black-Scholes option pricing model with the following weighted-average assumptions for 2001, 2000 and 1999, respectively: risk-free interest rate of 5%; dividend yields of 7.52%, 7.31% and 8.23%; volatility factors of the expected market price of the Company's Class A common stock of .202 and a weighted-average expected life of the option of five years.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options' vesting period.

The weighted average fair value of options granted for the years ended December 31, 2001, 2000 and 1999 was \$1.94, \$2.15 and \$2.10, respectively. In addition, there were 4,674,716 options at a weighted average per share exercise price of \$22.80, 4,498,828 options at a weighted average per share exercise price of \$22.70 and 5,137,588 options at a weighted average per share exercise price of \$22.17 exercisable at December 31, 2001, 2000 and 1999, respectively.

Exercise prices for options outstanding as of December 31, 2001 ranged from \$12.04 per share to \$27.04 per share. The weighted-average remaining contractual life of those options is approximately 6.67 years.

8. RELATED PARTY TRANSACTIONS

The Company, through its subsidiaries and affiliates, provides management, leasing and construction related services to its properties. Certain executive officers of the Company have continuing ownership interests in the unconsolidated service companies.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

In connection with the IPO, the Company was granted a ten year option period to acquire ten properties which are either owned by the Reckson Group, the predecessor to the Company, or in which the Reckson Group owns a non-controlling minority interest. As of December 31, 2001 one of these properties was sold by the Reckson Group to a third party and four of these properties were acquired by the Company for an aggregate purchase price of approximately \$35 million, which included the issuance of approximately 475,000 OP Units valued at approximately \$8.8 million.

During July 1999, the Company sold its interest in a 852,000 square foot development property to RCG in exchange for a \$12.3 million note. The note accrued interest annually at the rate of 12%, had a five-year maturity and was prepayable in whole or in part. During October 1999, RCG made a payment

IV-21

8. RELATED PARTY TRANSACTIONS - (CONTINUED)

to the Company, in the form of 97 shares of its non-voting preferred stock, valued at approximately \$4.0 million, towards accrued interest and principal due under the note. During August 2001, RCG made a cash payment to the Company for the remaining balance due under the note plus accrued interest.

During 1997, the Company formed FrontLine Capital Group, formerly Reckson Service Industries, Inc., ("FrontLine") and Reckson Strategic Venture Partners, LLC ("RSVP"). RSVP is a real estate venture capital fund which invests primarily in real estate and real estate operating companies outside the Company's core office and industrial focus and whose common equity is held indirectly by FrontLine. In connection with the formation and spin-off of FrontLine, the Operating Partnership established an unsecured credit facility with FrontLine (the "FrontLine Facility") in the amount of \$100 million for FrontLine to use in its investment activities, operations and other general corporate purposes. The Company has advanced approximately \$93.4 million under the FrontLine Facility. The Operating Partnership also approved the funding of investments of up to \$100 million relating to RSVP (the "RSVP Commitment"), through RSVP-controlled joint ventures (for REIT-qualified investments) or advances made to FrontLine under an unsecured loan facility (the "RSVP Facility") having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the "FrontLine Loans"). During March 2001, the Company increased the RSVP Commitment to \$110 million and as of December 31, 2001, approximately \$109.1 million had been funded through the RSVP Commitment, of which \$59.8 million represents investments by the Company in RSVP-controlled (REIT-qualified) joint ventures and \$49.3 million represents loans made to FrontLine under the RSVP Facility. As of December 31, 2001, interest accrued (net of reserves) under the FrontLine Facility and the RSVP Facility was approximately \$ 19.6 million.

At June 30, 2001, the Company assessed the recoverability of the FrontLine Loans and reserved approximately \$3.5 million of the interest accrued during the three-month period then ended. In addition, the Company formed a committee of its Board of Directors, comprised solely of independent directors, to consider any actions to be taken by the Company in connection with the FrontLine Loans and its investments in joint ventures with RSVP. During the third quarter of 2001, the Company noted a significant deterioration in FrontLine's operations and financial condition and, based on its assessment of

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

value and recoverability and considering the findings and recommendations of the committee and its financial advisor, the Company recorded a \$163 million valuation reserve charge, inclusive of anticipated costs, in its consolidated statements of operations relating to its investments in the FrontLine Loans and joint ventures with RSVP. The Company has discontinued the accrual of interest income with respect to the FrontLine Loans. The Company has also reserved against its share of GAAP equity in earnings from the RSVP controlled joint ventures funded through the RSVP Commitment until such income is realized through cash distributions.

At December 31, 2001, the Company, pursuant to Section 166 of the Internal Revenue Code of 1986, charged off \$70 million of the aforementioned reserve directly related to the FrontLine Facility, including accrued interest. Subsequent to December 31, 2001, the Company charged off an additional \$38 million of the reserve directly related to the FrontLine Facility, including accrued interest and \$47 million of the reserve directly related to the RSVP Facility, including accrued interest.

FrontLine is in default under the FrontLine Loans from the Operating Partnership and has reported that it is currently in discussions with its creditors, including the Company, and that it may be required to seek protection from creditors under federal bankruptcy laws.

As a result of the foregoing, the net carrying value of the Company's investments in the FrontLine Loans and joint venture investments with RSVP, inclusive of the Company's share of previously accrued GAAP equity in earnings on those investments, is approximately \$65.0 million. Such amount has been reflected in investments in service companies and affiliate loans and joint ventures on the Company's consolidated balance sheet.

IV-22

RECKSON ASSOCIATES REALTY CORP. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

8. RELATED PARTY TRANSACTIONS - (CONTINUED)

Both the FrontLine Facility and the RSVP Facility have a term of five years, are unsecured and advances under each are recourse obligations of FrontLine. Notwithstanding the valuation reserve, under the terms of the credit facilities, interest accrues on the FrontLine Loans at a rate equal to the greater of (a) the prime rate plus two percent and (b) 12% per annum, with the rate on amounts that are outstanding for more than one year increasing annually at a rate of four percent of the prior year's rate. In March 2001, the credit facilities were amended to provide that (i) interest is payable only at maturity and (ii) the Company may transfer all or any portion of its rights or obligations under the credit facilities to its affiliates. The Company requested these changes as a result of changes in REIT tax laws.

In November 1999, the Company received 176,186 shares of the common stock of FrontLine as fees in connection with the FrontLine Loans. As a result of certain tax rule provisions included in the REIT Modernization Act, it was determined that the Company could no longer maintain any equity position in FrontLine. As part of a compensation program, the Company distributed these shares to certain non-executive employees subject to recourse loans. The loans were scheduled to be forgiven over time based on continued employment with the Company. Based on the current value of FrontLine's common stock the Company has established a valuation reserve charge relating to the outstanding balance of these loans in the amount of \$2.4 million.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

The Operating Partnership and FrontLine entered into an intercompany agreement (the "Reckson Intercompany Agreement") to formalize their relationship at the time of the spin-off of FrontLine and to limit conflicts of interest. Under the Reckson Intercompany Agreement, among other provisions, (i) FrontLine granted the Operating Partnership a right of first opportunity to make any REIT-qualified investment that becomes available to FrontLine and (ii) the Operating Partnership granted FrontLine a right to (a) provide the Operating Partnership and its tenants with commercial services for occupants of office, industrial and other property types and (b) become the lessee of any real property acquired by the Operating Partnership if the Operating Partnership determines that, consistent with the Company's status as a REIT, it is required to enter into a "master" lease agreement.

9. FAIR VALUE OF FINANCIAL INSTRUMENTS

In accordance with FASB Statement No. 107, "Disclosures About Fair Value of Financial Instruments", management has made the following disclosures of estimated fair value at December 31, 2001 as required by FASB Statement No. 107.

Cash equivalents and variable rate debt are carried at amounts which reasonably approximate their fair values.

The fair value of the Company's long-term debt, mortgage notes, accounts payable and accrued expenses and accounts and notes receivable is estimated based on discounting future cash flows at interest rates that management believes reflects the risks associated with long-term debt, mortgage notes, accounts payable and accrued expenses and accounts and notes receivable of similar risk and duration. At December 31, 2001, the estimated aggregate fair value of the Company's mortgage notes and notes receivable exceeded their carrying value by approximately \$1.2 million and the aggregate fair value of the Company's long term debt exceeded its carrying value by approximately \$20.0 million.

Considerable judgment is necessary to interpret market data and develop estimated fair value. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

10. RENTAL INCOME

The Company's office and industrial properties are being leased to tenants under operating leases. The minimum rental amount due under certain leases are generally either subject to scheduled fixed increases or indexed escalations. In addition, the leases generally also require that the tenants reimburse the Company for increases in certain operating costs and real estate taxes above base year costs.

Expected future minimum rents to be received over the next five years and thereafter from leases in effect at December 31, 2001 are as follows (in thousands):

11. SEGMENT DISCLOSURE

The Company owns all of the interests in its real estate properties by or through the Operating Partnership. The Company's portfolio consists of Class A office properties located within the New York City metropolitan area and Class A suburban office and industrial properties located and operated within the Tri-State Area (the "Core Portfolio"). The Company's portfolio also includes one office property located in Orlando, Florida. The Company has managing directors who report directly to the Co-Presidents and Chief Financial Officer who have been identified as the Chief Operating Decision Makers because of their final authority over resource allocation, decisions and performance assessment.

The Company does not consider (i) interest incurred on its Credit Facility and Senior Unsecured Notes and (ii) the operating performance of the office property located in Orlando, Florida as part of its Core Portfolio's property operating performance.

The accounting policies of the reportable segments are the same as those described in the summary of significant accounting policies.

12. NON-CASH INVESTING AND FINANCING ACTIVITIES

Additional supplemental disclosures of non-cash investing and financing activities are as follows:

On May 31, 2001, Metropolitan's minority partner, at its election, converted its preferred equity investment into 3,453,881 shares of the Company's Class A common stock based on a conversion price of \$24.61 per share.

On December 21, 2001, in connection with the sale of a 49% indirect interest in the property located at 919 Third Avenue, New York, NY, the Company's share of secured mortgage debt was reduced by approximately \$122.1 million.

During the year ended December 31, 2001, approximately 11,553 preferred units of the Operating Partnership, with a liquidation preference value of approximately \$11.6 million, were exchanged for 456,351 OP Units at an average price of \$25.32 per OP Unit. In addition, 660,370 OP Units were exchanged for an equal number of shares of the Company's Class A common stock.

On June 20, 2000, the Company issued 4,181,818 shares of Class A common stock in exchange for four million shares of Series B preferred stock with a liquidation preference value of \$100 million.

13. COMMITMENTS AND CONTINGENCIES

The Company has entered into amended and restated employment and noncompetition agreements with its chairman and six executive officers. The

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-K

agreements are for five years and expire on August 15, 2005.

The Company is obligated to purchase, for approximately \$23.8 million, 52.7 acres of land located in Valhalla, NY on which the Company can develop approximately 875,000 square feet of office space. This acquisition will be financed in part from the sale proceeds of an office property currently being held by a qualified intermediary for the purposes of an exchange of real property pursuant to Section 1031 of the Internal Revenue Code of 1986 and is scheduled to close in the first quarter of 2002.

The Company had outstanding undrawn letters of credit against its Credit Facility of approximately \$37.4 million and \$51.3 million at December 31, 2001 and 2000, respectively.

13. COMMITMENTS AND CONTINGENCIES - (CONTINUED)

During 2001, based on the Company's value assessment of its investment in Captivate Network, Inc., an unrelated technology based service company, the Company recorded a valuation reserve charge of approximately \$700,000 in its consolidated statements of operations.

HQ Global Workplaces, Inc., ("HQ") one of the largest providers of flexible officing solutions in the world and which is controlled by FrontLine currently operates eleven executive office centers in the Company's properties, three of which are held through joint ventures. The leases under which these office centers operate expire between 2008 and 2011, encompass approximately 225,000 square feet and have current contractual annual base rents of approximately \$6.7 million. Currently, three of these office centers (including one joint venture location) aggregating 55,000 square feet with current contractual annual base rents of \$1.4 million are in default under their lease terms. In addition, HQ has been experiencing financial difficulties and on March 13, 2002, voluntarily filed a petition for relief under Chapter 11 of the U.S. Bankruptcy Code. There can be no assurances as to whether HQ will affirm or reject its existing leases with the Company. At this time it cannot be determined what impact their financial difficulties and bankruptcy filing will have on their ability to meet their future lease obligations with the Company.

The Company sponsors a defined contribution savings plan pursuant to section 401(k) of the Internal Revenue Code. Under such plan, there are no prior service costs. Employees are generally eligible to participate in the plan after six months of service. Employer contributions are based on a discretionary amount determined by the Company's management. As of December 31, 2001, the Company has not made any contributions to the plan.

14. INCOME TAXES
