**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On February 21, 2008, Washington Real Estate Investment Trust ( WRIT ) entered into an unsecured term loan with Wells Fargo Bank, National Association. The loan has a principal amount of \$100 million and a maturity date of February 19, 2010. This loan has been guaranteed by all of WRIT 's subsidiaries (excluding those subsidiaries that are the owners of properties subject to securitized real estate loans and are therefore not permitted to execute guaranties of WRIT 's indebtedness).

The loan will bear interest at WRIT 's option of LIBOR plus 1.50% or Wells Fargo Bank 's prime rate. In addition, WRIT paid a loan fee equal to 0.125% of the \$100 million principal amount. The loan agreement requires that WRIT obtain interest rate protection for at least 50% of the principal amount of the loan. On February 21, 2008, WRIT entered into an interest rate swap agreement with Wells Fargo Bank, National Association, in connection with the loan. As a result of the interest rate swap agreement, the loan bears interest at an effective fixed rate of 4.45% per annum and provides for monthly interest-only payments due on the first business day of each calendar month commencing on March 3, 2008. The interest rate swap agreement will settle contemporaneously with the maturity of the loan.

The loan may not be prepaid during the first 12 months of its term. During the 13<sup>th</sup> through 18<sup>th</sup> month of the term, the loan may be prepaid upon the payment of a fee 0.25% of the amount prepaid. Thereafter the loan may be prepaid without prepayment fees, other than customary charges that may be incurred to unwind LIBOR contracts and any interest rate protection contracts.

The loan agreement contains representations, financial and other affirmative and negative covenants, events of defaults and remedies typical for this type of loan. The principal financial covenants are (1) tangible net worth must be at least \$350 million plus 80% of all equity WRIT has issued since June 30, 2006; (2) total liabilities must not exceed 60% of total assets; (3) secured debt must not exceed 35% of total assets; (4) earnings before interest, taxes, depreciation and amortization ( EBITDA ) must be at least 175% of fixed charges; (5) net operating income from un-mortgaged assets must be at least 200% of unsecured interest expense; (6) the average (weighted on an economic basis) occupancy of un-mortgaged properties must be at least 80%; (7) not more than 20% of total assets may be unimproved real estate, mortgage notes, total budgeted costs for development properties and major redevelopment properties and certain other non-real estate assets; and (8) not more than 15% of total assets may be owned by non-wholly owned subsidiaries. For the purposes of these covenants, total assets is calculated primarily as the sum of (a) WRIT 's annual EBITDA capitalized at 7.5%, (b) cash, cash equivalents (excluding tenant deposits and other restricted cash and cash equivalents) and readily marketable securities and (c) the current book value of construction in process.

The loan agreement contains cross default provisions with WRIT 's other material indebtedness.

On February 25, 2008, WRIT repaid the \$60 million outstanding principal balance under its 6.898% Mandatory Par Put Remarketed Securities ( MOPPRS ) notes, which were due to be remarketed on February 25, 2008. WRIT recognized a \$8.4 million non-recurring charge upon settlement of these notes.
