REPORT OF INDEPENDENT AUDITORS

To the Board of Directors and Shareholders of

PS Business Parks, Inc.

We have audited the accompanying statement of certain revenue and certain operating expenses (as defined in Note 1) of the Northern California Industrial and Flex Portfolio (the Portfolio), for the year ended December 31, 2010. The statement of certain revenue and certain operating expenses is the responsibility of the Portfolio's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of certain revenue and certain operating expenses is free of material misstatement. We were not engaged to perform an audit of the Portfolio's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Portfolio's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement, assessing the accounting principles used, and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of certain revenue and certain operating expenses of the Portfolio were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in the current report on Form 8-K/A of PS Business Parks, Inc. as described in Note 1, and are not intended to be a complete presentation of the revenue and expenses of the Portfolio.

In our opinion, the statement of certain revenue and certain operating expenses referred to above presents fairly, in all material respects, the certain revenue and certain operating expenses, as defined above of the Northern California Industrial and Flex Portfolio for the year ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

NORTHERN CALIFORNIA INDUSTRIAL AND FLEX PORTFOLIO

Notes to Statements of Certain Revenue and Certain Operating Expenses

1. Background and Basis for Presentation

The accompanying statements of certain revenue and certain operating expenses consist of the accounts of the Northern California Industrial and Flex Portfolio (the Portfolio) located throughout the Northern California Bay Area, with concentrations in Oakland, Hayward, Fremont, Milpitas, San Jose, Santa Clara and Sunnyvale. On December 20, 2011, PS Business Parks, L.P., an affiliate of PS Business Parks, Inc. (PSB), (PSB and PS Business Parks, L.P. are collectively referred to as the Company), completed the acquisition of the Portfolio for an aggregate purchase price of \$520.0 million. In connection with the transaction, PS Business Parks, L.P. assumed \$250.0 million of existing secured indebtedness, originally provided by La Salle Bank N.A. The existing secured indebtedness bears interest at 5.452% and matures December, 2016. The Company funded the remainder of the purchase price with borrowings under a new \$250.0 million three-year term loan, and its existing revolving credit agreement. The statements have been prepared in order to comply with Rule 3-14 of Regulation S-X, Special instructions for real estate operations to be acquired and are prepared on an accrual basis of accounting.

The statements of certain revenue and certain operating expenses include only the accounts and activities of the Portfolio. Items that are not comparable to the future operations of the Portfolio have been excluded. Such items include depreciation, amortization of above-market and below-market leases values, payroll expenses and interest expense.

The Company has evaluated subsequent events through January 9, 2012, the date of issuance of these statements.

2. Summary of Significant Accounting Policies

Revenue Recognition

The Portfolio leases space to tenants for which they charge minimum rents and receive reimbursement for certain operating expenses. The leases are accounted for as operating leases and are non-cancelable with varying terms and expiration dates. Rental income is recognized on a straight-line basis over the terms of the leases. Straight-line rental income of \$755,000 and \$256,000 was recognized for the nine months ended September 30, 2011 and for the year ended December 31, 2010, respectively. Recoveries from tenants are recognized as income in the period the applicable costs are incurred.

Certain Operating Expenses

Certain operating expenses include costs paid or incurred by the owners for maintaining, operating and repairing the operating properties. Such costs and expenses include utilities, repairs and maintenance and real estate taxes.

Use of Estimates

The preparation of the statements of certain revenue and certain operating expenses in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the statements of certain revenue and certain operating expenses and accompanying notes. Actual results could differ from those estimates.

Interim Statements

The interim financial data for the nine months ended September 30, 2011 is unaudited; however, in the opinion of the management of the Company, the interim data includes all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the results for the interim period. The results for the interim period presented are not necessarily indicative of the results for the full year.

3. Leasing Arrangements

All leases are classified as operating leases and expire at various dates through 2022. The following is a schedule of future minimum rent revenues on non-cancelable operating leases in effect as of September 30, 2011 (in thousands, unaudited):

	September 30,
October 1, 2011 through December 31, 2011	\$ 7,217
2012	25,745
2013	18,353
2014	13,872
2015	9,474
Thereafter	13,837
Total	\$ 88,498

Leases generally require reimbursement of the tenant's proportional share of common area, real estate taxes and other operating expenses, which are excluded from the amounts above.

4. Mortgage note payable

The Portfolio has a \$250.0 million mortgage note payable with La Salle Bank N.A. which bears interest at a fixed rate of 5.452% through December, 2016. The mortgage note payable was secured by 4.8 million of the 5.3 million square feet acquired with a net book value of \$464.6 million. Interest is payable monthly. The Portfolio incurred \$10.2 million and \$13.6 million in interest expense for the nine months ended September 30, 2011 and for the year ended December 31, 2010, respectively.

5. Commitments and Contingencies

The Portfolio currently is neither subject to any material litigation nor, to management's knowledge, is any material litigation currently threatened against the Portfolio other than routine litigation and administrative proceedings arising in the ordinary course of business.

PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

The following unaudited pro forma consolidated financial statements were prepared to reflect the acquisition of real estate facilities by PS Business Parks, Inc. (PSB), through its operating partnership, PS Business Parks, L.P. (PSB and PS Business Parks, L.P. are collectively referred to as the Company).

On December 20, 2011, the Company completed the acquisition of a 5.3 million square foot industrial and flex portfolio located in the Northern California Bay Area (the Portfolio), with concentrations in Oakland, Hayward, Fremont, Milpitas, San Jose, Santa Clara and Sunnyvale, for an aggregate purchase price of \$520.0 million. The properties were acquired from RREEF America Reit II Corp. MMMM 3 California and an affiliate, Northern California Industrial Portfolio, Inc. The portfolio was 82.2% occupied at December 20, 2011.

In connection with the transaction, the Company assumed \$250.0 million of existing secured indebtedness, originally provided by La Salle Bank N.A. The existing secured indebtedness bears interest at 5.452% and matures December, 2016.

The Company funded the remainder of the purchase price with borrowings under a new \$250.0 million three-year term loan, described below, and its existing revolving credit agreement.

As discussed above, in connection with the acquisition, the Company entered into a Credit Agreement dated as of December 20, 2011 with Wells Fargo Bank, National Association, as Administrative Agent and the lenders named therein (the Term Loan Agreement). Pursuant to the Term Loan Agreement, the Company borrowed \$250.0 million for a three year term. Interest on the amounts borrowed under the Term Loan Agreement will accrue based on applicable LIBOR for a term selected from time to time by the Company, plus a spread determined based on the Company s then-current credit ratings, which spread is currently 1.200%. The covenants and events of default contained in the Company s existing revolving credit agreement, as amended as described below, are incorporated into the Term Loan Agreement by reference, and the Term Loan Agreement is cross-defaulted to the existing revolving credit agreement. The maturity date of the Term Loan Agreement can be extended by one year at the Company s election.

In addition, on December 20, 2011, the Company entered into the Seventh Modification Agreement (the Amendment) to its Amended and Restated Revolving Credit Agreement dated October 29, 2002 (the Credit Agreement) by and between Wells Fargo Bank, National Association as administrative agent and the lenders named therein. The Amendment (1) conforms a number of provisions in the Credit Agreement to the terms in the Term Loan Agreement, (2) modifies the process to add new properties to the Unencumbered Asset Pool for purposes of the Credit Agreement and (3) provides that an Event of Default under the Term Loan Agreement is an Event of Default under the Credit Agreement.

A pro forma consolidated balance sheet at September 30, 2011 gives effect to the acquisition of the Portfolio as if it had occurred on September 30, 2011.

The pro forma consolidated statements of income for the nine months ended September 30, 2011 and the year ended December 31, 2010 have been prepared assuming the acquisitions of the Portfolio occurred as of January 1, 2010. The results of operations are based on historical operating results.

The pro forma adjustments are based upon available information and upon certain assumptions as set forth in the notes to the pro forma consolidated financial statements that the Company believes are reasonable in the circumstances. The pro forma consolidated financial statements and accompanying notes should be read in conjunction with the historical financial statements of the Company and other documents filed with the Securities and Exchange Commission (such as Form 8-K s which reference property acquisitions) from time to time. The following pro forma consolidated financial statements do not purport to represent what the Company s results of operations would actually have been if the transaction had in fact occurred on the dates or at the beginning of the periods indicated or to project the Company s results of operations for any future date or period.
