Item 7.01. Regulation FD Disclosure

On November 27, 2018, the Broker Dealer - FCM subsidiary INTL FCStone Financial Inc. (“IFF”) of INTL FCStone Inc. (the “Company”) filed its annual financial statements for the year ended September 30, 2018 (the "Regulatory Financial Statements") with the CFTC's Division of Swap Dealer and Intermediary Oversight and posted the financial statements on its website.

Footnote 1 of the Regulatory Financial Statements disclosed that, during the week ended November 16, 2018, balances in approximately 300 accounts of the FCM Division of IFF declined below required maintenance margin levels, primarily as a result of significant price fluctuations in the natural gas markets. All positions in these accounts, which were managed by Optionsellers.com Inc. (“Optionsellers”), an independent Commodities Trading Advisor (“CTA”), were liquidated in accordance with IFF’s customer agreements and obligations under market regulation standards.

Optionsellers is a CFTC-registered CTA with a CFTC Rule 4.7 exemption for “qualified eligible persons”, which indicates that the account holders meet certain minimum financial requirements and have a high level of financial sophistication and financial resources. Pursuant to the account agreements, Optionsellers, in its role as a CTA, acted with discretion over the trading in the customer accounts, while IFF acted solely as the clearing firm in its role as the FCM, at all times meeting its obligations as the FCM to these accounts.

IFF’s customer agreements obligate the account holders to reimburse IFF for any account deficits and the FCM Division continues to pursue collection of these receivables in the ordinary course of business. As of November 27, 2018, the aggregate receivable from these customer accounts, net of collections thus far, is \$35.3 million, with no individual account receivable exceeding \$1.4 million. The exposure to losses from these customer accounts is not yet determinable, as collection efforts are in early stages, given the timing of events that led to the receivable balances disclosed above. Depending on future collections and an assessment to be made under U.S. GAAP, any provisions for bad debts and actual losses ultimately may or may not be material to the financial results of IFF or of the Company. IFF and the Company believe that these accounts receivable balances, along with possible exposure to losses from these customer accounts, will not impact IFF’s or the Company’s ability to comply with their ongoing liquidity, capital, and regulatory requirements.

A copy of the Regulatory Financial Statements is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The information furnished pursuant to Item 7.01, including Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities under that Section and shall not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Item 9.01. Financial Statements and Exhibits
