Item 2. Acquisition or Disposition of Assets.

Pursuant to the terms of the Asset Purchase Agreement dated February 2, 2001 by and among Netzee, Inc. ("Netzee"), Netcal, Inc., a wholly-owned subsidiary of Netzee ("Netcal"), and The InterCept Group, Inc. ("InterCept"), Netcal sold to InterCept certain of its operating assets and operating liabilities for a total purchase price of approximately \$16 million including liabilities assumed of approximately \$2 million. Netzee received cash proceeds of approximately \$14 million, of which \$250,000 was placed in escrow for indemnification and other purposes. The amount of the consideration was determined based upon arm's length negotiations.

In conjunction with the sale of these assets, Netzee converted its \$15 million line of credit with InterCept and its \$5 million promissory note with the John H. Harland Company ("Harland") into a \$20 million joint credit facility (\$15 million to be funded by InterCept and \$5 million to be funded by Harland). The terms of the credit facility remain consistent with the terms of the former line of credit and promissory note, except that both InterCept and Harland now have the right (instead of just InterCept) to enforce the covenants contained in the

Edgar Filing: NETZEE INC - Form 8-K

line of credit agreement.

After settling certain closing and other liabilities and retaining cash for operations, Netzee used approximately \$11.8 million of the proceeds from the sale to pay down principal balances on the \$20 million revolving credit facility from InterCept and Harland. The revolving credit facility will remain in place, and will be used to fund Netzee's future operations. The amended facility will expire on November 2, 2002. As of February 5, 2001, Netzee had approximately \$8.2 million outstanding under this facility.

Netzee will record a loss of approximately \$7.5 million on the sale of the Netcal assets.

The assets sold were primarily located in Calabasas Hills, California and were used principally in Netzee's business of developing, marketing and distributing regulatory reporting software and related products and services to financial institutions.

Netzee was formed as a Georgia corporation in August 1999 to be merged with Direct Access Interactive, Inc. ("Direct Access"), a company that was formed in October 1996 to provide Internet and telephone banking products and services. InterCept acquired Direct Access as a wholly-owned subsidiary in March 1999. InterCept currently owns approximately 28% of Netzee's common stock. Netzee's CEO and director Donny R. Jackson is also a director of InterCept. Several of Netzee's directors are also directors of InterCept. Additionally, Netzee has a marketing agreement with InterCept and sublets certain office space from InterCept. InterCept also sublets certain office space from Netzee.

As a result of Netzee's purchase of certain assets from Harland in November 2000, Harland currently owns approximately 16% of Netzee's common stock.
