Say-on-Pay Voting

The Say-on-Pay votes approving NEO compensation for 2011 through 2017 have been approved in each year by more than 95% of the votes cast.

Please see the Compensation Discussion and Analysis section of this Proxy Statement for a detailed description of our executive compensation.

GENERAL INFORMATION

Q: Why am I receiving these proxy materials?

A: This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of WD-40 Company for use at its Annual Meeting of Stockholders to be held on Tuesday, December 11, 2018, and at any postponements or adjournments thereof. This Proxy Statement and enclosed form of proxy are first sent to stockholders on or about October 31, 2018.

At the meeting, the stockholders of WD-40 Company will consider and vote upon (i) the election of the Board of Directors for the ensuing year; (ii) an advisory vote to approve executive compensation; and (iii) the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2019. Detailed information concerning these matters is set forth below. Management knows of no other business to come before the meeting.

Q: What constitutes a quorum in order to hold and transact business at the Annual Meeting?

A: The close of business on October 15, 2018 is the record date for stockholders entitled to notice of and to vote at the Annual Meeting of Stockholders of WD-40 Company. On October 15, 2018, WD-40 Company had outstanding 13,840,690 shares of \$.001 par value common stock. Stockholders of record entitled to vote at the meeting will have one vote for each share so held on the matters to be voted upon. If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a "broker non-vote." A majority of the outstanding shares will constitute a quorum at the meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes are shares that are held of record by a bank or broker as to which the bank or broker has not received instructions from the beneficial owner as to how the shares are to be voted.

Q: If I hold my shares through a broker, how do I vote?

A: If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. If you hold your shares through a broker, it is important that you cast your vote if you want it to count in the election of directors, in the advisory vote to approve executive compensation, and for ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2019. Your broker will only be permitted to exercise its discretionary authority to vote on your behalf as to the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2019. You may have received a notice from the Company entitled "Important Notice Regarding the Availability of Proxy Materials Stockholder Meeting to Be Held on December 11, 2018" with voting instructions or you may have

received these proxy materials with separate voting instructions. Follow the instructions to vote or to request further voting instructions as set forth on the materials you have received. For more information on this topic, see the Securities and Exchange Commission (“SEC”) Spotlight on Proxy Matters – The Mechanics of Voting at https://www.sec.gov/spotlight/proxymatters/voting_mechanics.shtm.

Q: How will my vote be cast if I provide instructions or return my proxy and can I revoke my proxy?

A: If the enclosed form of proxy is properly executed and returned, the shares represented thereby will be voted in accordance with the instructions specified thereon. If no specified instruction is given with respect to a particular matter on your form of proxy, your shares will be voted by the proxy holder as set forth on the form of proxy. A proxy may be revoked by attendance at the meeting or by filing a proxy bearing a later date with the Secretary of the Company.

Q: How are the proxies solicited and what is the cost?

A: The cost of soliciting proxies will be borne by the Company. Solicitations other than by mail may be made by telephone or in person by employees of the Company for which the expense will be nominal.

ITEM NO. 1

NOMINEES FOR ELECTION AS DIRECTORS

AND SECURITY OWNERSHIP OF MANAGEMENT

At the Company's Annual Meeting of Stockholders, the nine nominees named below under the heading, Nominees for Election as Directors, will be presented for election as directors until the next Annual Meeting of Stockholders and until their successors are elected or appointed. In the event any nominee is unable or declines to serve as a director at the time of the Annual Meeting, any proxy granted to vote for such nominee will be voted for a nominee designated by the present Board of Directors to fill such vacancy.

A nominee for election to the Board of Directors will be elected as a director if the votes cast for such nominee's election exceed the votes cast against such nominee's election. Holders of common stock are not entitled to cumulate their votes in the election of directors. Withheld votes and broker non-votes are not counted as votes in favor of any nominee.

If an incumbent director nominee fails to receive more votes for his or her election as a director than votes against his or her election, the incumbent director will continue to serve as a director until his or her successor is elected or appointed. However, pursuant to governance guidelines adopted by the Board of Directors, such director nominee will be expected to tender his or her resignation to the Corporate Governance Committee of the Board of Directors. The Corporate Governance Committee will promptly consider such resignation and present a recommendation to the Board of Directors concerning the acceptance or rejection of such resignation for formal action to be taken within 90 days following the Annual Meeting of Stockholders.

Article III, Section 3.2 of the Bylaws of the Company, most recently amended and restated on August 15, 2018, provides that the authorized number of directors of the Company shall not be less than seven nor more than twelve until changed by amendment of the Certificate of Incorporation or by a bylaw duly adopted by the stockholders. The exact number of directors is to be fixed from time to time by a resolution duly adopted by the Board of Directors or by the stockholders.

By resolution of the Board of Directors adopted on October 8, 2018, the number of directors was fixed at nine, effective as of December 11, 2018, the date of the 2018 Annual Meeting of Stockholders. Peter D. Bewley is retiring from the Board of Directors as of the date of the 2018 Annual Meeting of Stockholders.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that each director and nominee other than Garry O. Ridge is an independent director as defined in Rule 5605(a)(2) of the Marketplace Rules of The Nasdaq Stock Market LLC (the “Nasdaq Rules”). In considering the independence of directors, the Board of Directors considered Gregory A. Sandfort’s indirect interest, as an executive officer of Tractor Supply Company, in purchases of the Company’s products made by Tractor Supply Company in the ordinary course of business. The Company has concluded that Mr. Sandfort’s indirect interest in such transactions is not material and does not require specific disclosure under Item 404(a) of Regulation S-K promulgated under the Securities Exchange Act of 1934 (the “Exchange Act”).

Information concerning the independence of directors serving on committees of the Board of Directors is provided below as to each committee.

BOARD LEADERSHIP, RISK OVERSIGHT AND COMPENSATION-RELATED RISK

The Board of Directors of WD-40 Company has maintained separation of its principal executive officer and board chair positions for many years. In addition, the board chair position is held by an independent director and the Charter of the Corporate Governance Committee provides that a retiring Chief Executive Officer will not be nominated to stand for re-election to the Board. The Board of Directors believes that separation of the principal executive officer and the board chair positions is appropriate for the Company given the size of the Board and the need for undivided attention of the Chief Executive Officer to the implementation of strategic directives and overall management responsibilities. As an independent director, the board chair can provide leadership to the Board without perceived or actual conflicts associated with individual and collective interests of management employees. The Board of Directors believes that a retiring Chief Executive Officer should not continue to serve as a director in order to provide management with an unfettered ability to provide new leadership.

Risk oversight is undertaken by the Board of Directors as a whole but various Board Committees are charged with responsibility to review and report on business and management risks included within the purview of each Committee's responsibilities. The Compensation Committee considers risks associated with the Company's compensation policies and practices, with particular focus on the cash incentive compensation ("Incentive

Compensation”) and equity awards offered to the Company’s executive officers. The Audit Committee considers risks associated with financial reporting and internal control, risks related to integrity and disaster recovery of primary information technology systems, and supply chain risks associated with disruptive events. The Audit Committee also reviews the appropriateness of the Company’s insurance programs. The Finance Committee considers risks associated with the Company’s financial management and investment activities, acquisition-related risks and Employee Retirement Income Security Act of 1974 plan oversight. The Board and the Committees receive periodic reports from management employees having responsibility for the management of particular areas of risk. The Chief Executive Officer is responsible for overall risk management and provides input to the Board of Directors with respect to the Company’s risk management process and is responsive to the Board in carrying out its risk oversight role.

With respect to compensation-related risk, the Company’s management has undertaken an annual assessment of the Company’s compensation policies and practices and strategic business initiatives to determine whether any of these policies or practices, as well as any compensation plan design features, including those applicable to the executive officers, are reasonably likely to have a material adverse effect on the Company. Based on this review, management has concluded that the Company’s compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. This conclusion is based primarily on the fact that the incentives underlying the Company’s compensation plan design features provide a balance between increased profitability and longer-term stockholder returns. Management has discussed these findings with the Compensation Committee.

BOARD OF DIRECTORS MEETINGS, COMMITTEES AND ANNUAL MEETING ATTENDANCE

The Board of Directors is charged by the stockholders with managing or directing the management of the business affairs and exercising the corporate power of the Company. The Board of Directors relies on the following standing committees to assist in carrying out the Board of Directors' responsibilities: the Audit Committee, the Compensation Committee, the Corporate Governance Committee and the Finance Committee. Each of the committees has a written charter approved by the Board of Directors and such charters can be found on WD-40 Company's website at <http://investor.wd40company.com> within the "Corporate Governance" section. There were five meetings of the Board of Directors during the last fiscal year. Each director serving for the full fiscal year attended at least 75 percent of the aggregate of the total number of meetings of the Board and of all committees on which the director served. The Board of Directors holds an annual organizational meeting on the date of the Annual Meeting of Stockholders. All directors are expected to attend the Annual Meeting. At the last Annual Meeting of Stockholders, all of the prior year nominee directors were present.

BOARD OF DIRECTORS COMPENSATION

Director compensation is set by the Board of Directors upon the recommendation of the Corporate Governance Committee. The Corporate Governance Committee conducts an annual review of non-employee director compensation, including consideration of a survey of director compensation for the same peer group of companies used by the Compensation Committee for the assessment of executive compensation. For fiscal year 2018, non-employee directors received compensation for services as directors pursuant to the Directors' Compensation Policy and Election Plan (the "Director Compensation Policy") adopted by the Board of Directors on October 9, 2017. Pursuant to the Director Compensation Policy, non-employee directors received a base annual fee of \$45,000 for services provided from January 1, 2018 through the date of the Company's 2018 Annual Meeting of Stockholders. The Board Chair received an additional annual fee of \$22,000. Non-employee directors received additional cash compensation for service on various Board Committees. The Chair of the Audit Committee received \$16,000 and each other member of the Audit Committee received \$8,000. The Chair of the Compensation Committee received \$10,000 and each other member of the Compensation Committee received \$4,000. Each Chair of the Corporate Governance Committee and the Finance Committee received \$8,000 and each other member of those committees received \$4,000. All such annual fees were paid in March 2018.

At the Company's 2016 Annual Meeting of Stockholders, the Company's stockholders approved the WD-40 Company 2016 Stock Incentive Plan (the "Stock Incentive Plan") to authorize the issuance of stock-based compensation awards to employees as well as to directors and consultants. For services provided for the period from the date of the Company's 2017 Annual Meeting of Stockholders to the next annual meeting, the Director Compensation Policy provided for the grant of restricted stock unit ("RSU") awards having a grant date value of \$70,000 to each non-employee director. Each RSU represents the right to receive one share of the Company's common stock. On December 12, 2017, each non-employee director received an RSU award covering 593 shares of the Company's common stock. Additional information regarding the RSU awards is provided in a footnote to the Director Compensation table below.

Each non-employee director was also permitted to elect to receive an RSU award in lieu of all or a portion of his or her base annual fee for service as a director as specified above. The number of shares of the Company's common stock subject to each such RSU award granted to the non-employee directors equaled the elective portion of his or her base annual fee payable in RSUs divided by the fair market value of the Company's common stock as of the date of grant.

RSU awards granted to non-employee directors pursuant to the Director Compensation Policy are subject to Award Agreements under the Stock Incentive Plan. All RSU awards granted to non-employee directors are fully vested and are settled in shares of the Company's common stock upon termination of the director's service as a director of the Company.

The Company also maintains a Director Contributions Fund from which each incumbent non-employee director has the right, at a specified time each fiscal year, to designate \$6,000 in charitable contributions to be made by the Company to properly qualified (under Internal Revenue Code Section 501(c)(3)) charitable organizations.

DIRECTOR COMPENSATION TABLE - FISCAL YEAR 2018

The following Director Compensation table provides information concerning director compensation earned by each non-employee director for services rendered in fiscal year 2018. Since the annual base fee and fees for service on Committees are payable for services provided to the Company from January 1st of the fiscal year until the next annual meeting of stockholders, such compensation is reported for purposes of the Director Compensation table on a weighted basis. For fiscal year 2018, one third of the reported compensation earned or paid in cash is based on the Director Compensation Policy in effect for calendar year 2017 and two thirds of the reported compensation earned or paid in cash is based on the Director Compensation Policy in effect for calendar year 2018. Amounts earned and reported in the Director Compensation table for Fees Earned or Paid in Cash for the fiscal year for each director are dependent upon the various committees on which each director served as a member or as chair during the fiscal year.

Neal E. Schmale	\$ 58,500	\$ 69,974	\$ 6,000	\$ 134,474

¹ For services rendered during fiscal year 2018, directors received RSU awards pursuant to elections made in 2016 (not applicable to Mr. Pendarvis) and 2017 under the Director Compensation Policy with respect to their services as directors in calendar years 2017 (not applicable to Mr. Pendarvis) and 2018, respectively, in each case in lieu of all or part of their base annual fees for such calendar year (as described in the narrative preceding the Director Compensation table). The value of such elective RSU awards received by each of the directors except for Mr. Pendarvis and Mr. Pittard for services rendered during fiscal year 2018 was \$42,440. Mr. Pendarvis received an RSU award valued at \$29,972. Mr. Pittard elected to receive his base annual fees in cash. The number of shares underlying each director's RSU award is rounded down to the nearest whole share.

² Amounts included in the Stock Awards column represent the grant date fair value for non-elective RSU awards granted to all non-employee directors pursuant to the Director Compensation Policy. On December 12, 2017, each director received a non-elective RSU award covering 593 shares of the Company's common stock. Each RSU award has a grant date fair value equal to the closing price of the Company's common stock on that date in the amount of \$118.00 per share multiplied by the number of shares underlying the RSU award. The number of shares underlying each director's RSU award is rounded down to the nearest whole share. Outstanding RSUs held by each director as of October 15, 2018 are reported above in footnotes to the table under the heading, Security Ownership of Directors and Executive Officers. The RSUs vest immediately upon grant, but are settled in stock only upon termination of service as a director. The RSUs provide for the payment of dividend equivalent compensation in amounts equal to dividends declared and paid on the Company's common stock.

³ Amounts represent charitable contributions made by the Company in fiscal year 2018 as designated by non-employee directors pursuant to the Company's Director Contribution Fund.

EQUITY HOLDING REQUIREMENT FOR DIRECTORS

All RSU awards to non-employee directors, including both non-elective grants and RSU awards granted pursuant to the annual elections of the directors to receive RSUs in lieu of all or part of their base annual fee, provide for immediate vesting but will not be settled in shares of the Company's common stock until termination of each director's service as a director. The number of shares to be issued to each non-employee director upon termination of service is disclosed in the footnotes to the table under the heading, Security Ownership of Directors and Executive Officers.

CORPORATE GOVERNANCE COMMITTEE

Nomination Policies and Procedures

The Corporate Governance Committee is comprised of Peter D. Bewley (retiring Chair), Daniel T. Carter, David B. Pendarvis and Gregory A. Sandfort. The Corporate Governance Committee also functions as the Company's nominating committee and is comprised exclusively of independent directors as defined in the Nasdaq Rules. The Corporate Governance Committee met five times during the last fiscal year.

The Corporate Governance Committee acts in conjunction with the Board of Directors to ensure that a regular evaluation is conducted of succession plans, performance, independence, and of the qualifications and integrity of the Board of Directors. The Corporate Governance Committee also reviews the applicable skills and characteristics required of nominees for election as directors. The objective is to balance the composition of the Board of Directors to achieve a combination of individuals of different backgrounds and experiences, including, but not limited to, whether the candidate is currently or has recently been an executive officer at a publicly traded company; whether the candidate has substantial background in matters related to the Company's products or markets, in particular, retailing and marketing and new product development; and whether the candidate has substantial governance or executive compensation experience, global management experience, a substantial financial background or is serving as a director at one or more publicly traded companies. The Board of Directors has not established any specific diversity criteria for the selection of nominees other than the general composition criteria noted above.

In determining whether to recommend a director for re-election, the Corporate Governance Committee considers the director's past attendance at meetings, results of evaluations and the director's participation in and anticipated future contributions to the Board of Directors. A director who will have reached the age of 72 prior to the date of the next annual meeting of stockholders will be expected to retire from the Board. However, the Board may re-nominate any director for up to three additional years if relevant circumstances warrant continued service.

The Corporate Governance Committee reviews new Board of Director nominees through a series of internal discussions, reviewing available information, and interviewing selected candidates. Generally, candidates for nomination to the Board of Directors have been suggested by directors or employees. The Company does not currently employ a search firm or third party in connection with seeking or evaluating candidates.

The Corporate Governance Committee will consider director candidates recommended by security holders under the same criteria as other candidates described above. Nominations may be submitted by letter addressed to: WD-40 Company Corporate Governance Committee, Corporate Secretary, 9715 Businesspark Avenue, San Diego, California 92131. Nominations by security holders must be submitted in accordance with the requirements of the Company's Bylaws, including submission of such nominations within the time required for submission of stockholder proposals as set forth below under the heading, Stockholder Proposals.

AUDIT COMMITTEE

Related Party Transactions Review and Oversight

The Audit Committee is comprised of Daniel T. Carter (Chair), Peter D. Bewley (retiring director), David B. Pendarvis, Daniel E. Pittard and Neal E. Schmale. Five meetings of the Audit Committee were held during the last fiscal year to review quarterly financial reports, to consider the annual audit and other audit services, to review the audit with the independent registered public accounting firm after its completion and to fulfill other responsibilities provided for in the Audit Committee's Charter. The Board of Directors has determined that Mr. Carter is an "audit committee financial expert" as defined by regulations adopted by the Securities and Exchange Commission. Mr. Carter and each of the other members of the Audit Committee are independent directors as defined in the Nasdaq Rules. Each member of the Audit Committee also satisfies the requirements for service on the Audit Committee as set forth in Rule 5605(c)(2) of the Nasdaq Rules.

The Audit Committee has responsibility for review and oversight of related party transactions for potential conflicts of interest. Related party transactions include any independent business dealings between the Company and related parties who consist of the Company's executive officers, directors, director nominees and holders of more than 5% of the Company's shares. Such transactions include business dealings with parties in which any such related party has a material direct or indirect interest. The Audit Committee has adopted a written policy to provide for its review and oversight of related party transactions. Executive officers and directors are required to notify the Secretary of the Company of any proposed or existing related party transactions in which they have an interest. The Secretary and the Audit Committee also rely upon the Company's disclosure controls and procedures adopted pursuant to Exchange Act rules for the purpose of assuring that matters requiring disclosure, including related party transactions that may involve the potential for conflicts of interests, are brought to the attention of management and the Audit Committee on a timely basis. Certain related party transactions do not require Audit Committee review and approval. Such transactions are considered pre-approved. Pre-approved transactions include:

- compensation arrangements approved by the Compensation Committee or the Board of Directors and expense reimbursements consistent with the Company's expense reimbursement policy;
- transactions in which the related party's interest is derived solely from the fact that he or she serves as a director of another corporation that is a party to the transaction;
- transactions in which the related party's interest is derived solely from his or her ownership (combined with the ownership interests of all other related parties) of not more than a 5% beneficial interest (but excluding any interest as a general partner of a partnership) in an entity that is a party to the transaction; and
- transactions available to all employees of the Company generally.

If a related party transaction is proposed or if an existing transaction is identified, the Audit Committee has authority to disapprove, approve or ratify the transaction and to impose such restrictions or other limitations on the transaction as the Committee may consider necessary to best assure that the interests of the Company are protected and that the related party involved is not in a position to receive an improper benefit. In making such determination, the Audit Committee considers such factors as it deems appropriate, including without limitation (i) the benefits to the Company of the transaction; (ii) the commercial reasonableness of the terms of the transaction; (iii) the dollar value of the transaction and its materiality to the Company and to the related party; (iv) the nature and extent of the related party's interest in the transaction; (v) if applicable, the impact of the transaction on a non-employee director's independence;

and (vi) the actual or apparent conflict of interest of the related party participating in the transaction.

During the fiscal year ended August 31, 2018, there were no transactions required to be reported pursuant to the requirements of Item 404(a) of Regulation S-K under the Exchange Act that did not require review and approval by the Audit Committee.

The Audit Committee also has responsibility for the selection, appointment, compensation and oversight of the independent registered public accounting firm for the Company. With respect to the mandatory rotation of the lead engagement partner, the Audit Committee is directly involved in the selection of the lead engagement partner for the Company's account.

FINANCE COMMITTEE

The Finance Committee is comprised of Melissa Claassen (Chair), Eric P. Etchart, Linda A. Lang, Daniel E. Pittard and Neal E. Schmale. Four meetings of the Finance Committee were held during the last fiscal year. The Finance Committee is appointed by the Board for the primary purpose of assisting the Board in overseeing financial matters of importance to the Company, including matters relating to acquisitions, investment policy, capital structure, and dividend policy. The Finance Committee also reviews the Company's annual and long-term financial strategies and objectives.

COMPENSATION COMMITTEE

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of Gregory A. Sandfort (Chair), Peter D. Bewley (retiring director), Melissa Claassen, Eric P. Etchart, Linda A. Lang, and Neal E. Schmale, all of whom are independent directors as defined under the Nasdaq Rules. The Compensation Committee met three times during the last fiscal year. During the fiscal year ended August 31, 2018, there were no compensation committee interlock relationships with respect to members of the Board of Directors and the Compensation Committee as described in Item 407(e)(4)(iii) of Regulation S-K promulgated under the Exchange Act.

ITEM NO. 2

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act, the Company's stockholders are being asked to cast an advisory vote to approve the compensation of the Company's Named Executive Officers ("NEOs") identified in the Compensation Discussion and Analysis section of this Proxy Statement. This vote is commonly referred to as a "Say-on-Pay" vote.

At the Company's 2017 Annual Meeting of Stockholders, the most recent Say-on-Pay vote was held and the Company's stockholders were also asked, by a non-binding advisory vote, to express their preference as to the frequency of future Say-on-Pay votes and the Board of Directors recommended annual Say-on-Pay voting. The Company's stockholders expressed a preference to have Say-on-Pay votes every year.

The following resolution will be presented for approval by the Company's stockholders at the 2018 Annual Meeting of Stockholders:

"RESOLVED, that the stockholders of WD-40 Company (the "Company") hereby approve the compensation of the Company's Named Executive Officers as disclosed in the Compensation Discussion and Analysis section of the Company's proxy statement for the 2018 Annual Meeting of Stockholders and in the accompanying compensation tables and narrative disclosures."

The advisory vote to approve executive compensation is a non-binding vote on the compensation of the Company's NEOs. This Proxy Statement contains a description of the compensation provided to the NEOs as required by

Item 402 of Regulation S-K promulgated under the Exchange Act.

Stockholders are encouraged to carefully consider the Compensation Discussion and Analysis, accompanying compensation tables and related narrative discussion in this Proxy Statement in considering this advisory vote. The Board of Directors believes that the compensation provided to the Company's NEOs offers a competitive pay package with a proper balance of current and long term incentives aligned with the interests of the Company's stockholders.

This is an advisory vote and will not affect compensation previously paid or awarded to the NEOs. While a vote disapproving the NEOs' executive compensation will not be binding on the Board of Directors or the Compensation Committee, the Compensation Committee will consider the results of the advisory vote in making future executive compensation decisions.

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting of Stockholders is required to approve this advisory vote on executive compensation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" ADOPTION OF THE PROPOSED RESOLUTION FOR APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

COMPENSATION DISCUSSION AND ANALYSIS

WD-40 Company's Compensation Discussion and Analysis addresses the executive compensation philosophy and the processes and decisions of the Compensation Committee of the Company's Board of Directors (the "Committee") with respect to the compensation of the Company's Named Executive Officers (the "NEOs"). For fiscal year 2018, the Company's NEOs were:

- Garry O. Ridge, our Chief Executive Officer ("CEO");
 - Jay W. Rembolt, our Vice President, Finance, Treasurer and Chief Financial Officer ("CFO");
 - Steven A. Brass, our Division President, the Americas and Chief Brand Officer;
- Richard T. Clampitt, our Vice President, General Counsel and Corporate Secretary; and
- Michael L. Freeman, our Chief Strategy Officer.

EXECUTIVE SUMMARY OF EXECUTIVE COMPENSATION DECISIONS AND RESULTS

The compensation structure for the NEOs is comprised of three elements: base salary, retention-related equity compensation and performance-related cash and equity compensation. Through the application of these elements, a significant portion of NEO realized compensation is directly tied to Company performance measured by increased earnings and total stockholder return ("TSR"). Performance-based compensation tied to earnings is based on earnings before interest, income taxes, depreciation (in operating departments) and amortization ("EBITDA"), not earnings per share.

Retention-related equity compensation includes restricted stock unit ("RSU") awards that vest over a period of three years after grant, subject to earlier vesting upon the effective date of retirement under certain conditions. Retention-related equity compensation features are also reflected in our performance-based market share unit ("MSU") awards that may be earned over a market return-based vesting period of three years, subject to pro-rata vesting at the end of the applicable measurement period in the event of earlier retirement under certain conditions.

Performance-related compensation includes (i) an annual cash payment opportunity that is tied to current fiscal year financial results ("Incentive Compensation"); (ii) MSU awards that are tied to a measure of TSR; and (iii) deferred performance unit ("DPU") awards that are tied to current fiscal year financial results that exceed levels required for maximum payment of that portion of the cash Incentive Compensation opportunity that is tied to global EBITDA.

For purposes of measuring performance based on the Company's EBITDA, the Company uses EBITDA before deduction of the stock-based compensation expense for vested DPU awards, if any, and excluding other non-operating income and expense amounts ("Adjusted EBITDA").

The foregoing compensation structure elements are fully described later in this Compensation Discussion and Analysis.

In establishing the framework for overall NEO compensation and in assessing such compensation for each NEO in light of individual and overall Company performance, the Committee considers actual and target levels of compensation with reference to both short-term and long-term performance periods as well as labor market data and peer group executive compensation. The Committee seeks to align individual NEO performance incentives with both short-term and long-term Company objectives. The Committee assesses the effectiveness of the established framework for NEO compensation through a review of each of the principal elements of NEO compensation. The Committee considers measures of Company performance, specifically including regional and global measures based on the Company's Adjusted EBITDA, and also relative Company performance as compared to an established peer group of companies and a comparable market index. Additionally, the Committee also considers the relative achievement of longer term strategic objectives as to which each NEO is accountable. Information regarding NEO strategic objectives is provided in the Executive Officer Compensation Decisions section below under the heading, Base Salary: Process. The Committee believes that a review of NEO compensation and relative company performance over multi-year periods demonstrates the effectiveness of the Company's established framework for NEO compensation.

THREE YEAR PERFORMANCE-BASED COMPENSATION REVIEW

For fiscal year 2018, the Company's overall financial performance was strong, but mixed, resulting in partial achievement of performance measure goals for regional and global Adjusted EBITDA under the Company's Incentive Compensation program (the "Performance Incentive Program") as described below. The maximum first level performance measure goals for the Americas and Asia-Pacific regions were achieved, but no portion of the first level performance goal for the EMEA region was achieved. Due to the strong performance of the Americas and Asia-Pacific segments, the maximum first level goal for global Adjusted EBITDA was achieved and approximately 26.6% of the second level goal for global Adjusted EBITDA was achieved. As a result, for fiscal year 2018 each of the NEOs earned Incentive Compensation equal to 63% of their Incentive Compensation opportunity for fiscal year 2018. For fiscal year 2017, the Company's overall financial performance was strong, but mixed,

resulting in partial achievement of performance measure goals for regional and global Adjusted EBITDA under the Company's Performance Incentive Program. The maximum first level performance measure goals for the EMEA and Asia-Pacific regions were achieved, but the first level performance goal for the Americas region was not achieved. Due to the strong performance of the EMEA and Asia-Pacific segments, the maximum first level goal for global Adjusted EBITDA was achieved and approximately 47% of the second level goal for global Adjusted EBITDA was achieved. As a result, each of the NEOs identified for fiscal year 2017 disclosures earned 74% of their Incentive Compensation opportunity for fiscal year 2017. For fiscal year 2016, the Company's financial performance was strong. For fiscal year 2016, the maximum performance measure goals for regional and global Adjusted EBITDA were achieved. As a result, each of the NEOs identified for fiscal year 2016 disclosures earned the maximum possible amount of their Incentive Compensation for fiscal year 2016.

For the three fiscal years ended August 31, 2018, the TSR for the Company's shares exceeded, by an absolute percentage point difference, the return for the Russell 2000 Index (the "Index") by 48.45%. As a result, MSUs awarded to the NEOs in October 2015 provided vested shares of the Company's common stock to the NEOs other than Mr. Brass at 200% of the target number of award shares. Mr. Brass earned 150% of the target number of award shares for the MSUs awarded to him in October 2015. For the three fiscal years ended August 31, 2017, the TSR for the Company's shares exceeded, by an absolute percentage point difference, the return for the Index by 33.32%. As a result, MSUs awarded in October 2014 to the NEOs identified for fiscal year 2017 disclosures provided vested shares of the Company's common stock to those NEOs at the maximum amount of 200% of the target number of award shares. For the three fiscal years ended August 31, 2016, the TSR for the Company's shares exceeded, by an absolute percentage point difference, the return for the Index by 91.4%. As a result, MSUs awarded in October 2013 to the NEOs identified for fiscal year 2016 disclosures also provided vested shares of the Company's common stock to those NEOs at the maximum amount of 200% of the target number of award shares.

FISCAL YEAR 2018 COMPENSATION

Compensation decisions for fiscal year 2018 were made in October 2017 based on individual and Company performance during fiscal year 2017 and a market survey conducted by the Committee's compensation consultant. The relative market percentile of total compensation for each of the NEOs for fiscal year 2018 is based on peer group data which is provided below under the heading Overall Reasonableness of Compensation.

The following is a summary of the decisions made by the Committee for NEO compensation for fiscal year 2018:

- For fiscal year 2018, base salaries for the NEOs were increased by 1.0% for the CEO and from 1.8% to 12.1% for the other NEOs with the exception of Mr. Freeman who did not receive a salary increase for fiscal year 2018. Base salaries for the NEOs were assessed in relation to labor market information. For fiscal year 2018, consideration was given to the appropriate relative mix of salary, annual Incentive Compensation and equity awards.
- Annual Incentive Compensation is awarded to the NEOs under the Company's Performance Incentive Compensation Plan as described below under the heading Performance Incentive Program. For purposes of the Performance Incentive Program, goals for regional and global Adjusted EBITDA were established at the beginning of the fiscal year. The Company's performance as measured against these goals is described in detail below.

- In October 2017, the NEOs received annual RSU awards providing for the issuance of a total of 7,358 shares of the Company's common stock to be earned by continued employment by the Company over a vesting period of three years, subject to earlier vesting upon the effective date of retirement under certain conditions¹. These awards serve a retention purpose together with an incentive to maximize long term stockholder value through share price appreciation.
 - In October 2017, the NEOs received MSU awards subject to performance vesting covering a target number of shares of the Company's common stock equal to 7,358 shares. If the Company's TSR over the three year vesting period matches the median return for the Index, the target number of shares of the Company's common stock would be issued to the NEOs. The actual number of shares to be issued to the NEOs will be from 0% to 200% of the target number of shares depending upon the Company's TSR as compared to the return for the Index².
 - In October 2017, the NEOs received DPU awards that provided an opportunity to receive up to an aggregate maximum of 10,102 additional shares of the Company's common stock upon termination of employment. The DPU awards provided for vesting as of the end of fiscal year 2018 if the Company were to achieve a level of global Adjusted EBITDA for the fiscal year in excess of the maximum goal for global Adjusted EBITDA established for the Performance Incentive Program³.
-

1 For a more complete description of the RSU Awards, refer to the Executive Officer Compensation Decisions section below under the heading, Restricted Stock Unit Awards.

2 For a more complete description of the MSU Awards, refer to the Executive Officer Compensation Decisions section below under the heading, Market Share Unit Awards.

3 For a more complete description of the DPU awards, refer to the Executive Officer Compensation Decisions section below under the heading, Deferred Performance Unit Awards.

Since the Company's global Adjusted EBITDA for fiscal year 2018 did not exceed the maximum goal for global EBITDA established for the Performance Incentive Program, the DPU awards for fiscal year 2018 did not vest and they have lapsed without value to the NEOs.

- RSU, MSU and DPU award amounts for fiscal year 2018 varied among the NEOs based on labor market compensation practices specific to the region of employment, relative achievement of individual performance measures and goals established for each NEO, as well as Company performance for fiscal year 2017 in areas over which each NEO had direct influence.
- The Company's stockholders have provided advisory votes to approve executive compensation required by Section 14A of the Exchange Act (the "Say-on-Pay" votes) at the Company's annual meeting of stockholders for fiscal years 2015, 2016 and 2017. In each instance, at least 95% of the votes cast in the Say-on-Pay votes approved the compensation of the NEOs as disclosed in the Compensation Discussion and Analysis section of the Company's Proxy Statements for those fiscal years and in the accompanying compensation tables and narrative disclosures. The Committee has considered the results of these advisory Say-on-Pay votes in its decision-making for executive compensation of the NEOs and has concluded that no significant changes in executive compensation decisions and policies are warranted.

GOVERNANCE OF EXECUTIVE OFFICER COMPENSATION PROGRAM

The purpose of the Committee is to establish and administer the compensation arrangements for our CEO and the other executive officers of the Company, including the other NEOs, on behalf of the Board of Directors. The Committee is responsible for developing the Company's overall executive compensation strategy, with support from management and the Committee's independent compensation consulting firm. For fiscal year 2018 compensation decisions, the Committee's compensation consulting firm was Board Advisory, LLC. The Committee also has responsibilities in connection with administration of the Company's equity compensation plans.

The Committee operates pursuant to a Charter which outlines its responsibilities, including the Committee's responsibilities with respect to performance reviews and approval of annual compensation arrangements for the Company's executive officers. A copy of the Compensation Committee Charter can be found on WD-40 Company's website at <http://investor.wd40company.com> within the "Corporate Governance" section.

PROCESS FOR EVALUATING EXECUTIVE OFFICER PERFORMANCE AND COMPENSATION

In accordance with its Charter, the Committee works with the Company's Human Resources function in carrying out its responsibilities. The Vice President of Global Organization Development is management's liaison with the Committee. The Committee's independent compensation consulting firm provides advice and information relating to executive compensation. For fiscal year 2018, the compensation consulting firm assisted the Committee in the evaluation of executive base salary, Incentive Compensation opportunities, equity incentive design and award levels, and the specific pay recommendation for our CEO. The Committee's compensation consulting firm reports directly to the Committee and provides no additional services for management.

EXECUTIVE COMPENSATION PHILOSOPHY AND FRAMEWORK

COMPENSATION OBJECTIVES

The Company's executive compensation program is designed to achieve five primary objectives:

1. Attract, motivate, reward and retain high performing executives;
2. Align the interests and compensation of executives with the value created for stockholders;
3. Create a sense of motivation among executives to achieve both short- and long-term Company objectives;
4. Create a direct, meaningful link between business and team performance and individual accomplishment and rewards; and
5. Ensure our compensation programs are appropriately competitive in the relevant labor markets.

TARGET PAY POSITION/MIX OF PAY

The Company's compensation program consists primarily of base salary, annual cash incentives, and long-term oriented equity awards. Each of these components is discussed in greater detail in the Executive Officer Compensation Decisions section below. The Committee has established a target for executive officer total compensation (defined as base salary, plus target Incentive Compensation, plus the value of RSU and MSU equity awards) at the median market level of compensation for each position (details on the use of peer group data to establish the median market level are provided below). Actual pay may vary, based on Company and/or individual performance, length of time within the position, and anticipated contribution. The Committee does not adhere to specific guidelines regarding the percentage of total compensation that should be represented by each compensation component, but monitors market competitiveness. A review of total compensation for each NEO relative to the target market

percentile is provided in the Executive Officer Compensation Decisions section below under the heading, Overall Reasonableness of Compensation.

The mix of pay for executive officers is intended to provide significant incentives to drive overall company performance and increased stockholder value. The mix of pay consists of Salary and All Other Compensation amounts as reported in the Summary Compensation Table below, maximum possible values for Stock Awards (RSUs, MSUs and DPUs) as reported in the table in footnote 1 to the Summary Compensation Table, and maximum possible Non-Equity Incentive Plan Compensation (Incentive Compensation) amounts as reported in the Grants of Plan-Based Awards table below. The sum total of these maximum possible compensation amounts for each NEO is referred to as the NEO's "Total Compensation Opportunity." For purposes of the charts below, the Total Compensation Opportunity for the CEO, and for all other NEOs in the aggregate, has been divided among elements of compensation that are considered at risk (MSUs, tied to longer term relative stockholder return, and DPUs and Incentive Compensation, tied to current fiscal year financial performance), and those elements that are not performance-based and not considered at risk (Salary, All Other Compensation and RSUs). Approximately 68% of the CEO's Total Compensation Opportunity for fiscal year 2018 was at risk while approximately 56%, in the aggregate, of the Total Compensation Opportunity for fiscal year 2018 for all of the other NEOs was at risk. As reported in more detail below, for fiscal year 2018, each of the NEOs earned 63% of their maximum Incentive Compensation amounts, maximum MSU award values (for the MSU award granted in October 2015), and no portion of their DPU awards.

COMPENSATION BENCHMARKING

For purposes of its fiscal year 2018 compensation decisions, the Committee examined the executive compensation practices of a peer group of eighteen companies to assess the competitiveness of the Company's executive compensation. Peer group companies were selected from a list of U.S. headquartered companies having revenues and earnings reasonably comparable to the Company and doing business in the specialty chemical industry or within specific consumer products categories. In addition to the peer group data, the Committee considers surveys of general industry company data provided by Hay Group, a global management consulting firm and Kenexa, an IBM Company. These data sources are applied by the Committee to establish the market median level of compensation for each executive officer position. The companies used in the peer group analysis for fiscal year 2018 compensation decisions were as follows:

Aceto Corporation	Inter Parfums, Inc.
American Vanguard Corporation	Landec Corporation
Balchem Corporation	National Presto Industries, Inc.
Calgon Carbon Corporation	Nutraceutical International Corporation
Cambrex Corporation	Oil-Dri Corporation of America
Flotek Industries Inc.	Park Electrochemical Corp.
Hawkins, Inc.	Prestige Brands Holdings, Inc.
Innophos Holdings, Inc.	Quaker Chemical Corporation
Innospec Inc.	USANA Health Sciences, Inc.

EXECUTIVE OFFICER COMPENSATION DECISIONS FOR FISCAL YEAR 2018

BASE SALARY: PROCESS

Base salaries for all executive officers, including the NEOs, are approved by the Committee effective for the beginning of each fiscal year. In setting base salaries, the Committee considers the salary range prepared by its compensation advisor based on each NEO's job responsibilities and the market 50th percentile target pay position. Salary adjustments, if any, are based on factors such as individual performance, position, current pay relative to the market, future anticipated contribution and the Company-wide merit increase budget. Assessment of individual performance follows a rigorous evaluation process, including self-evaluation and the establishment of annual goals for each executive officer and an assessment of the achievement thereof. Individual performance elements considered in this process included individual and Company performance goals and achievements in such areas as growth, innovation, leadership, earnings and customer relations for Mr. Ridge; governance and risk, compliance, forecasting and financial reporting for Mr. Rembolt; business unit performance, teamwork, execution and growth for Mr. Brass; brand protection, corporate governance, legal services and risk management, and compliance for Mr. Clampitt; and leadership and strategic planning for Mr. Freeman.

BASE SALARY: FISCAL YEAR 2018

In October 2017, the Committee reviewed the market competitiveness of executive officer base salaries relative to peer group market data presented by the Committee's compensation advisor. Based on its review of the peer group market data and the surveys of general industry company data, the Committee approved a 1.0% increase in the CEO's base salary for fiscal year 2018 and increases in base salary ranging from 1.8% to 12.1% for the other NEOs with the exception of Mr. Freeman who did not receive a salary increase for fiscal year 2018.

PERFORMANCE INCENTIVE PROGRAM

The Company uses its Performance Incentive Program to tie executive officer compensation to the Company's financial performance. All Company employees participate in the same Performance Incentive Program as described below. The Performance Incentive Program is offered to the executive officers pursuant to the WD-40 Company Performance Incentive Compensation Plan most recently approved by the stockholders at the Company's 2017 Annual Meeting of Stockholders.

The Performance Incentive Program provides direct incentives to all Company employees, including executive officers, to affect regional financial performance and, for the Company as a whole, to promote sales at increasing levels of profitability. Specific performance measures tied to regional financial results are used in the Performance Incentive Program formulas as applied to each employee according to his or her particular area of responsibility.

For the NEOs, Incentive Compensation opportunity awards for fiscal year 2018 were based on pre-established goals for the following corporate performance measures: (i) the Company's Adjusted EBITDA computed for each of the Company's relevant financial reporting segments ("Regional EBITDA"); and (ii) Adjusted EBITDA computed on a consolidated basis ("Global

EBITDA”). The calculations of attainment of these performance measures for the NEOs are substantially the same as the calculations for all other employees for whom such performance measures were applicable.

For purposes of computing the actual financial results to be measured against the goals established for the Regional EBITDA and Global EBITDA performance measures, the Company may exclude certain expenditures as approved by the Committee. For fiscal year 2018, the Committee approved the exclusion of certain expenses in the amount of approximately \$62,000 associated with the Company’s acquisition of a new office building for the Company’s U.K. subsidiary and certain incremental advertising and sales promotion expenses in the amount of approximately \$1,100,000 incurred in order to increase the Company’s digital presence and to build brand awareness. It is anticipated that the Committee will approve the exclusion of additional expenses associated with the improvement of the new U.K. subsidiary office building in fiscal year 2019 and additional incremental advertising and promotion expenses for fiscal years 2019 and 2020.

The Company’s Incentive Compensation Program, as applied to all of its employees, is designed with the intent to fund the Incentive Compensation payout to all employees, including the NEOs, from increased earnings over the prior fiscal year. If the Company does not realize an increase in Global EBITDA over the prior year, it is possible that Mr. Brass will earn some Incentive Compensation because the performance measure for a portion of the Incentive Compensation opportunity payable to him is based on Regional EBITDA.

Depending upon actual performance results, the Incentive Compensation opportunities for fiscal year 2018 range from 0% up to 170% of base salary for Mr. Ridge, from 0% up to 100% of base salary for Messrs. Rembolt, Brass and Freeman, and from 0% up to 80% of base salary for Mr. Clampitt.

The maximum Incentive Compensation potential for employees under the Performance Incentive Program is referred to herein as the employee’s “Annual Opportunity.” For each of the NEOs, the Performance Incentive Program for fiscal year 2018 provided two performance measure levels (“Levels A and C”) for determination of earned Incentive Compensation; each level represented 50% of the Annual Opportunity. The Performance Incentive Program is consistently applied for all employees of the Company except that there are three performance measure levels (“Levels A, B and C”) for all employees other than the NEOs and certain other executive officers and management employees. The maximum Incentive Compensation payout for Mr. Brass required achievement of a specified segment goal for Regional EBITDA (Level A) and Company performance that equaled the maximum goal amount for Global EBITDA as described below (Level C). For Messrs. Ridge, Rembolt, Clampitt and Freeman (each of whom has global rather than regional responsibilities), the maximum Incentive Compensation payouts required achievement of specified goals for Global EBITDA for each of Levels A and C.

Only two of the three performance measure goals are applied for the NEOs and certain other executive officers and management employees for purposes of calculating earned Incentive Compensation in order to provide an increased incentive to those employees to achieve the maximum level of Global EBITDA results for the benefit of stockholders. Level B performance measure goals for other employees are more directed to achievement of goals tied to areas over which they have more direct influence. For such other employees, Level A represented 50% of the Annual Opportunity, Level B represented 30% of the Annual Opportunity and Level C represented 20% of the Annual

Opportunity.

Target and maximum payout amounts for each of the NEOs for the fiscal year 2018 Performance Incentive Program are disclosed below in the table under the heading, Grants of Plan-Based Awards - Fiscal Year 2018.

20

The following table sets forth the fiscal year 2018 Performance Incentive Program payout weightings and the minimum and maximum goals for the performance measures applicable to each of the NEOs. The minimum and maximum Level A goals for Regional and Global EBITDA were based on earnings before deduction of any Incentive Compensation amounts. The minimum and maximum Level C goals for Global EBITDA were based on earnings after deduction of an estimate of the maximum possible Incentive Compensation amounts for Levels A and B, but before deduction of Incentive Compensation amounts for Level C.

Level	Performance Measure	Garry O. Ridge		Minimum Goal FY 2018 (\$ thousands)	Maximum Goal FY 2018 (\$ thousands)
		Jay W. Rembolt	Richard T. Clampitt		
		Michael L. Freeman	Steven A. Brass		
A	Regional EBITDA (Americas)	N/A	50%	\$ 52,572	\$ 56,150
A	Global EBITDA	50%	N/A	\$ 81,577	\$ 94,100
C	Global EBITDA	50%	50%	\$ 85,656	\$ 92,448

The following table sets forth the actual fiscal year 2018 performance results and percentage achievement for each of the performance measures under the Performance Incentive Program formulas applicable to the NEOs. Actual earnings results for measurement against the Regional and Global EBITDA goals were adjusted to exclude (a) Incentive Compensation amounts consistent with the manner in which the minimum and maximum performance measure goals are determined as described with reference to the table above and (b) certain Company expenditures as approved by the Committee, as described above.

Level	Performance Measure	Actual	
		FY 2018 (\$ thousands)	% Achievement
A	Regional EBITDA (Americas)	\$ 56,240	100.0%
A	Global EBITDA	\$ 94,356	100.0%
C	Global EBITDA	\$ 87,464	26.6%

Achievement of the maximum goals for Regional EBITDA and Global EBITDA is intended to be attainable through the concerted efforts of all management teams working in their own regions and areas of responsibility and for the Company as a whole.

Based on the Company's fiscal year 2018 performance and the Committee's certification of the relative attainment of each of the performance measures under the Performance Incentive Program, the payouts for our executive officers,

including the NEOs, were calculated. On October 8, 2018, the Committee approved payment of the following Incentive Compensation amounts to the NEOs for fiscal year 2018 performance:

Executive Officer	Title	FY 2018 Annual Opportunity (As % of Base Salary)	FY 2018 Incentive Compensation Paid (\$)	FY 2018 Actual Incentive Compensation (As % of Opportunity)
Garry O. Ridge	President and Chief Executive Officer	170%	\$ 698,111	63%
Jay W. Rembolt	Vice President, Finance, Treasurer and Chief Financial Officer	100%	\$ 198,874	63%
Steven A. Brass	Division President, the Americas and Chief Brand Officer	100%	\$ 197,365	63%
Richard T. Clampitt	Vice President, General Counsel and Corporate Secretary	80%	\$ 139,060	63%
Michael L. Freeman	Chief Strategy Officer	100%	\$ 210,566	63%

As an example of the operation of the Performance Incentive Program, Mr. Brass's Incentive Compensation payout for fiscal year 2018 was computed as follows:

- Incentive Compensation Annual Opportunity = 100% X Eligible Earnings (\$311,733) = \$311,733.
- Level A (Regional EBITDA (Americas)) = 50% of Annual Opportunity = \$155,866.
- Level A Incentive Compensation = Level A Achievement (100%) X Level A Annual Opportunity = \$155,866.

- Level C (Global EBITDA) = 50% of Annual Opportunity = \$155,866.
- Level C Incentive Compensation = Level C Achievement (26.624%) X Level C Annual Opportunity = \$41,499.

Mr. Brass's aggregate Incentive Compensation payout was the sum of the payouts under Levels A and C of the Performance Incentive Program, or \$197,365.

Equity Compensation

Equity compensation is a critical component of the Company's efforts to attract and retain executives and key employees, encourage employee ownership in the Company, link pay with performance and align the interests of executive officers with those of stockholders. To provide appropriately directed incentives to our executive officers, the Committee has provided awards of time-vesting restricted stock unit ("RSU") awards as well as performance-vesting market share unit ("MSU") awards and deferred performance unit ("DPU") awards. Equity awards for fiscal year 2018 were granted to the NEOs pursuant to the Company's 2016 Stock Incentive Plan (the "Stock Incentive Plan") approved by the stockholders at the 2016 Annual Meeting of Stockholders.

The Company's MSU awards are tied to a measure of total stockholder return ("TSR") that is determined by reference to a change in the value of the Company's common stock with reinvestment of dividends. In October 2017, the Committee granted primary equity allocations of RSU and MSU awards for fiscal year 2018. The authorized awards were divided equally between the two types of awards for each NEO. MSU awards provide for vesting after a three year performance vesting period based on a comparison of the Company's TSR against the Russell 2000 Index (the "Index") as described in more detail below. In addition to the RSU and MSU awards, the NEOs also received DPU awards in October 2017. As compared to the retention and long-term performance-based attributes of the RSU and MSU awards, the DPU awards provide a near-term incentive reward for achieving Global EBITDA results for the fiscal year in excess of the amount of Global EBITDA required for maximum payout of Incentive Compensation under Level C of the Performance Incentive Program as described above. DPU awards provide for vesting at the end of the fiscal year for which they are granted. All RSU, MSU and DPU awards are subject to terms and conditions set forth in an applicable award agreement (the "Award Agreement").

The principal attributes and benefits of the RSU, MSU and DPU awards for executive officers are as follows:

- RSU awards provide for vesting in relatively equal portions over a period of three years from the grant date, subject to earlier vesting upon the effective date of retirement under certain conditions.
- MSU awards provide for performance-based vesting tied to the Company's TSR over a performance measurement period of three fiscal years beginning with the fiscal year in which the awards are granted and ending on August 31st of the third year.
- DPU awards provide for performance-based vesting tied to the Company's Global EBITDA achievement for the fiscal year in which the awards are granted in excess of the maximum goal for Global EBITDA under Level C of the Company's Performance Incentive Program.
- RSU and MSU awards provide for the issuance of shares of the Company's common stock upon vesting.
- Vested DPU awards provide for the issuance of shares of the Company's common stock only upon termination of employment. Until issuance of the shares for vested DPU awards, the holders of the vested DPU awards are entitled to receive dividend equivalent payments with respect to their vested DPU awards, payable in cash as and when dividends are declared upon shares of the Company's common stock.
- A mix of RSU, MSU and DPU awards is appropriate as compared to RSU awards alone or other equity awards, such as stock options, for the following reasons: i) MSU awards granted annually provide a more direct performance-based incentive aligned directly with longer term stockholder interests; ii) RSU awards have a greater perceived value to recipients than stock options; iii) DPU awards offer a reward for exceeding the highest goal for near-term financial results for the Company; iv) RSU, MSU and DPU awards have a lower compensation expense impact on the Company's reported financial results than stock options; v) RSU, MSU and DPU awards have less dilutive impact on a share count basis than stock options; and vi) the issuance of shares of the Company's common stock upon vesting of RSUs and MSUs, and the deferred issuance of shares following vesting of DPU awards, encourages long-term stock ownership and facilitates the achievement of the Company's stock ownership guidelines (as described below in the Other Compensation Policies section, under the heading, Executive Officer Stock Ownership Guidelines).

The Board recognizes the potentially dilutive impact of equity awards. The Company's equity award practices are designed to balance the impact of dilution and the Company's need to remain competitive by recruiting, retaining and providing incentives for high-performing employees.

Restricted Stock Unit Awards

RSU awards provide for the issuance of shares of the Company's common stock to the award recipient upon vesting provided that the recipient remains employed with the Company through each vesting date except as noted below with respect to vesting upon retirement. Shares of the Company's common stock equal to the portion of the RSU award that has vested are issued promptly upon the vesting date. RSU awards provide for vesting over a period of three years from the grant date. 34% of the RSU award will vest on the first vesting date and 33% of the RSU award will vest on each of the second and third vesting dates. The vesting date each year is the third business day following the Company's public release of its annual earnings for the preceding fiscal year, but not later than November 15 of the vesting year.

RSU Award Agreements provide that, for RSU award recipients who retire from the Company after reaching age 65, or for RSU award recipients who retire from the Company after reaching age 55 and have been employed by the Company for at least 10 years, all RSUs will be vested upon the effective date of retirement and shares will be issued within 30 days after the effective date of retirement.

Payment of required withholding taxes due with respect to the vesting of the RSU awards, if any, will be covered through withholding of shares by the Company. The Company will issue a net number of shares to the recipient for a vested RSU award after withholding shares having a value as of the vesting date equal to the required tax withholding obligation.

Market Share Unit Awards

MSU awards provide for performance-based vesting over a performance measurement period of three fiscal years commencing with the fiscal year in which the MSU awards are granted (the "Measurement Period"). Except as noted below with respect to vesting upon retirement, the recipient must remain employed with the Company for vesting purposes until the date on which the Committee certifies achievement of the requisite performance provided for in the MSU Award Agreement. A number of shares of the Company's common stock equal to an "Applicable Percentage" of the "Target Number" of shares covered by the MSU awards to the NEOs will be issued as of the "Settlement Date." The Applicable Percentage is determined by reference to the performance vesting provisions of the MSU Award Agreements as described below. The Settlement Date for an MSU award is the third business day following the Company's public release of its annual earnings for the third fiscal year of the Measurement Period.

MSU Award Agreements provide for monthly pro-rata vesting of MSUs as of the end of the Measurement Period in the event of the earlier termination of the award recipient's employment due to death, disability, or retirement after reaching age 65, or retirement after reaching age 55 with at least 10 years of employment with the Company. For purposes of calculating the number of MSUs vested and the corresponding number of shares to be issued as of the Settlement Date, the Target Number of shares covered by the MSU awards will be adjusted according to the pro-rata portion of the Measurement Period that has elapsed as of the effective date of termination of employment. The Committee may also exercise its discretion to provide for monthly pro-rata vesting of MSUs awarded to a recipient who resigns or is terminated by the Company for reasons other than good cause.

Payment of required withholding taxes due with respect to the settlement of an MSU award, if any, will be covered through withholding of shares by the Company. The Company will issue a net number of shares to the recipient for a vested MSU award after withholding shares having a value as of the Settlement Date equal to the required tax withholding obligation.

The performance vesting provisions of MSU awards are based on relative TSR for the Company over the Measurement Period as compared to the total return ("Return") for the Index as reported for total return (with dividends reinvested), as published by Russell Investments. For purposes of computing the relative TSR for the Company as compared to the Return for the Index, dividends paid with respect to the Shares will be treated as having been reinvested as of the ex-dividend date for each declared dividend.

The Applicable Percentage of the Target Number of shares will be determined for each of the NEOs based on the absolute percentage point difference between the TSR for the Company as compared to the Return for the Index (the “Relative TSR”) as set forth in the table below:

Relative TSR (absolute percentage point difference)	Applicable Percentage
> 20%	200%*
20%	200%*
15%	175%*
10%	150%
5%	125%
Equal	100%
-5%	75%
-10%	50%
>-10%	0%

* MSU awards granted to Mr. Brass in years prior to fiscal year 2018 provide for a maximum Applicable Percentage of the Target Number of shares of 150% if the Relative TSR is 10% or greater. Otherwise, the Applicable Percentage for the MSU awards granted to Mr. Brass will be calculated in the same manner as for the other NEOs.

The Applicable Percentage will be determined on a straight line sliding scale from the minimum 50% Applicable Percentage achievement level to the maximum 200% Applicable Percentage achievement level (150% for Mr. Brass for MSU awards granted in fiscal years 2016 and 2017). For purposes of determining the TSR for the Company and the Return for the Index, the beginning and ending values for each measure will be determined on an average basis over a period of all market trading days within the ninety (90) calendar days prior to the beginning of the fiscal year for the beginning of the Measurement Period and over a period of all market trading days within the ninety (90) calendar days prior to the end of the third fiscal year of the Measurement Period. For purposes of determining relative achievement, actual results are to be rounded to the nearest tenth of one percent and rounded up from the midpoint. The number of MSU Shares to be issued on the Settlement Date is to be rounded to the nearest whole share and rounded upward from the midpoint.

In the event of a Change in Control (as defined in the Stock Incentive Plan), the Measurement Period will end as of the effective date of the Change in Control and the ending values for calculating the TSR for the Company and the Return for the Index will be determined based on the closing price of the Company’s common stock and the value of the Index, respectively, immediately prior to the effective date of the Change in Control. The Applicable Percentage will be applied to a proportionate amount of the Target Number of MSUs based on the portion of the Measurement Period elapsed as of the effective date of the Change in Control. The recipient NEO will receive RSUs for the portion of the Target Number of MSUs to which the Applicable Percentage is not applied. Those RSUs will time vest, subject to rights under the NEO’s Change of Control Severance Agreement, as of the Settlement Date.

Deferred Performance Unit Awards

DPU awards provide for performance-based vesting over a performance measurement period of the fiscal year in which the DPU awards are granted (the “Measurement Year”). The DPU awards provide for vesting of a number of DPUs equal to an “Applicable Percentage” of the “Maximum Number” of DPUs awarded to the NEOs following conclusion of the Measurement Year (“Vested DPUs”). Except as noted below with respect to vesting upon retirement, the recipient must remain employed with the Company for vesting purposes until August 31 of the Measurement Year. Except as noted below as to non-residents of the United States, the Vested DPUs must be held until termination of employment. Following termination of employment, each Vested DPU will be settled by issuance of one share of the Company’s common stock (a “DPU Share”). The Maximum Number of DPUs refers to the maximum number of DPU Shares that may be issued with respect to a DPU award upon full achievement of the applicable performance goal as described below. The Applicable Percentage is determined by reference to the performance vesting provisions of the DPU Award Agreement as described below. For NEOs who are not residents of the United States, the Compensation Committee has discretion to either defer settlement of each Vested DPU by issuance of a DPU Share following termination of employment or settle each Vested DPU in cash by immediate payment of an amount equal to the closing price of one share of the Company’s common stock as of the date of the Compensation Committee’s certification of achievement of the performance measure applied in determination of the Applicable Percentage.

Each Vested DPU that is not settled in cash will include the right to receive a dividend equivalent payment in an amount equal to the dividends declared with respect to the Company’s common stock for each Vested DPU. Such dividend equivalent payments are to be paid in cash as ordinary compensation income as and when common stock dividends are paid by the Company, provided, however, that the Company may elect to accumulate such dividend equivalent payments for later payment not less often than annually.

DPU Award Agreements provide for monthly pro-rata vesting of DPUs as of the end of the Measurement Year in the event of the earlier termination of the award recipient's employment due to death, disability, or retirement after reaching age 65, or retirement after reaching age 55 with at least 10 years of employment with the Company. For purposes of calculating the number of Vested DPUs earned, the Maximum Number of shares covered by the DPU awards will be adjusted according to the pro-rata portion of the Measurement Year that has elapsed as of the effective date of termination of employment.

Vested DPUs not otherwise settled in cash will be settled by issuance of the DPU Shares as of 6 months following termination of employment (the "Settlement Date"). Payment of required withholding taxes due with respect to the settlement of a Vested DPU award, if any, will be covered through withholding of shares by the Company. The Company will issue a net number of shares to the recipient for a Vested DPU award after withholding shares having a value as of the Settlement Date equal to the required tax withholding obligation.

The performance vesting provisions of the DPUs are based on relative achievement within an established performance measure range of the Company's EBITDA (before deduction of the stock-based compensation expense for the Vested DPUs and excluding other non-operating income and expense amounts ("Adjusted Global EBITDA") for the Measurement Year.

For fiscal year 2018, the performance vesting provisions for the DPUs were established as set forth in the table below:

Adjusted Global EBITDA ¹	Applicable Percentage
> \$92,605,000	100%
\$92,605,000	100%
\$88,333,000	5%
< \$88,333,000	0%
\$88,108,000*	0%
* Implied zero percentage achievement level.	

¹ The calculation of Adjusted Global EBITDA for purposes of the performance vesting provisions of the DPUs accounts for full payment of all Incentive Compensation earned for the fiscal year.

The Applicable Percentage will be determined on a straight line sliding scale from the implied zero percentage achievement level to the maximum 100% Applicable Percentage achievement level, but the Applicable Percentage shall not be less than 5%. For purposes of determining the Applicable Percentage, the calculated percentage is to be rounded to the nearest tenth of one percent and rounded upward from the midpoint. The number of Vested DPUs is to be rounded to the nearest whole unit and rounded upward from the midpoint.

Equity Awards – Fiscal Year 2018

For fiscal year 2018, equity awards to our executive officers were granted to satisfy goals for executive officer retention, to provide incentives for current and future performance, and to meet objectives for overall levels of compensation and pay mix. RSU, MSU and DPU awards were granted to the NEOs by the Committee in October 2017. All of the equity awards are set forth below in the table under the heading, Grants of Plan-Based Awards - Fiscal Year 2018. In establishing award levels for the NEOs for fiscal year 2018, the Committee placed emphasis on long-term retention goals and desired incentives for current and future contributions. The RSU and MSU awards to our CEO were, consistent with past practice, larger than the awards to the other NEOs in recognition of his higher level of responsibility for overall Company performance and based upon market data that supports a higher level of equity compensation for our CEO. The specific RSU award amounts and Target Number of shares covered by MSU awards were determined for each NEO based on an assessment of the NEO's achievement of individual performance goals as well as Company performance for fiscal year 2017 in areas over which the NEO had particular influence. The DPU award amounts were established by reference to each NEO's Incentive Compensation opportunity amount based on fiscal year 2017 base salary amounts and fiscal year 2018 maximum percentage opportunity for Incentive Compensation – the share equivalent value of the DPUs awarded to each NEO as of the date of grant equals 50% of the NEO's maximum Incentive Compensation opportunity amount.

Market Share Unit Award Vesting for Three Fiscal Year Performance Achievement

On October 8, 2018, the Committee certified achievement of the performance measure applicable to MSU awards granted to the NEOs in October 2015. The Committee certified the Company's relative TSR as compared to the Return for the Index for the performance Measurement Period ended August 31, 2018 for purposes of calculating the vested number of shares of the Company's common stock for those MSU awards. The relative TSR as compared to the Return for the Index (as an absolute percentage point difference) over the three fiscal year Measurement Period ending August 31, 2018 was 48.45%. As a result, based on the table above in the description of the MSU awards, the Applicable Percentage of the Target Number of shares

underlying the MSU awards granted in October 2015 was 200% for each of the NEOs other than Mr. Brass, and 150% for Mr. Brass.

The following table sets forth the Target Number and vested number of shares underlying the MSU awards granted to each NEO in October 2015:

Executive Officer	Target Number	Vested Shares
Garry O. Ridge	4,418	8,836
Jay W. Rembolt	909	1,818
Steven A. Brass	323	485
Richard T. Clampitt	779	1,558
Michael L. Freeman	909	1,818

Deferred Performance Unit Award Vesting for Fiscal Year 2018 Performance Achievement

DPU awards granted to the NEOs for fiscal year 2018 lapsed without value to the NEOs. Vesting of the DPUs would have required a level of Adjusted Global EBITDA equal to or greater than \$88,333,000 (the minimum Adjusted Global EBITDA goal for DPU vesting as set forth in the table on the preceding page). Since the actual Adjusted Global EBITDA for fiscal year 2018 was less than \$88,333,000, the DPUs did not vest and they have lapsed.

BENEFITS AND PERQUISITES

As is the case with most Company employees, the NEOs are provided with standard health and welfare benefits, and the opportunity to participate in the WD-40 Company Profit Sharing/401(k) Plan (the “Plan”). The Plan serves to provide our executive officers, including the eligible NEOs, with tax-advantaged retirement savings as an additional component of overall compensation. Employees have the right to invest the Company’s contributions to the Plan in shares of the Company’s common stock as an alternative to other investment choices available under the Plan.

The Company maintains individual Supplemental Death Benefit Plan agreements with each of the NEOs other than Messrs. Brass and Clampitt. The Company’s Supplemental Death Benefit Plan agreement obligations are funded by life insurance policies owned by the Company.

The Company also provides leased vehicles to its executive officers. The costs associated with the perquisites and other personal benefits provided to the NEOs are included in the Summary Compensation Table below and they are separately identified for fiscal year 2018 in the footnote disclosure of such perquisites and other personal benefits

included with the Summary Compensation Table.

The Committee considers the cost of the foregoing health and welfare benefits and perquisites in connection with its approval of the total compensation for each of our NEOs. All such costs are considered appropriate in support of the Committee's objective of attracting and retaining high quality executive officers because they are common forms of compensation for senior executives and are expected by such executives when they consider competing compensation packages.

POST-EMPLOYMENT OBLIGATIONS

The Company has change of control severance agreements with each of the NEOs. The specific terms of the agreements are described in detail below under the heading, Change of Control Severance Agreements. In establishing the terms and conditions for the change of control severance agreements consideration was given to possible inclusion of severance compensation to be paid to the executive officers in the event of their termination of employment without cause (or for good reason) without regard to the existence of a change of control of the Company. No such provisions were included and severance compensation is payable only following a termination of employment without "cause" or for "good reason" within two years following a "change of control" of the Company (as the quoted terms are defined in the severance agreements).

The Committee believes that the change of control severance agreements help ensure the best interests of stockholders by fostering continuous employment of key management personnel. As is the case in many public companies, the possibility of an unsolicited change of control exists. The uncertainty among management that can arise from a possible change of control can result in the untimely departure or distraction of key executive officers. Reasonable change of control severance agreements reinforce continued attention and dedication of executive officers to their assigned duties and support the Committee's objective of retaining high quality executives.

OVERALL REASONABLENESS OF COMPENSATION

The Committee believes that the Company is achieving its compensation objectives and, in particular, rewards executive officers for driving operational success and stockholder value creation. Based on reviews of tally sheets and a “pay-for-performance” analysis by the Committee, and in light of the Company’s compensation objectives, the Committee and the Board of Directors believe that the pay mix and target pay position relative to market for each of the NEOs are reasonable and appropriate. The “pay-for-performance” analysis includes a review of the individual components of executive officer compensation that are tied to Company performance, as measured by identified financial performance metrics as well as the price of the Company’s common stock. In particular, the Committee reviews executive officer Incentive Compensation to determine whether it appropriately rewards achievement of specific financial performance goals and does not otherwise provide rewards in the absence of reasonable measures of individual and Company success. Similarly, with respect to equity awards, the Committee considers the effectiveness of such awards in providing a reasonable incentive to the executive officers to increase profits (as measured by Regional and Global EBITDA) and total stockholder return without inappropriately rewarding the executive officers if performance targets are not achieved over the long term.

The following table sets forth the total compensation for each of our NEOs (based on cash compensation received as base salary and earned Incentive Compensation, plus the value of equity awards (other than the DPU) at their date of grant per share values) for fiscal year 2018, together with the relative market percentile for each NEO:

Executive Officer	Base Salary	Annual Earned Incentive Compensation	Value of Stock Awards ¹	Total Compensation	Present Value of Total Compensation Received as a Percentage of Market Median
Garry O. Ridge	\$ 648,840	\$ 698,111	\$ 999,867	\$ 2,346,818	90%
Jay W. Rembolt	\$ 314,313	\$ 198,874	\$ 179,949	\$ 693,136	80%
Steven A. Brass	\$ 312,476	\$ 197,365	\$ 194,832	\$ 704,673	62%
Richard T. Clampitt	\$ 275,582	\$ 139,060	\$ 149,958	\$ 564,600	83%
Michael L. Freeman	\$ 332,585	\$ 210,566	\$ 169,802	\$ 712,953	115%

¹ For purposes of comparing total compensation for fiscal year 2018 to market median compensation levels for each NEO, the Committee included the Value of Stock Awards (RSUs and MSUs) based on the closing price of the Company’s common stock on the grant date for those awards. The October 9, 2017 grant date closing price was \$112.75. MSUs are valued based on the target number of shares of the Company’s common stock to be issued upon achievement of the applicable performance measure. Information concerning all of the Stock Awards (including DPU) for fiscal year 2018 is set forth below in the table under the heading, Grants of Plan-Based Awards - Fiscal Year 2018.

For fiscal year 2018, total compensation for our NEOs was assessed by the Committee's compensation consulting firm as part of the process for executive compensation decision-making for fiscal year 2019. As noted in the table above, total compensation for the NEOs ranged from 62% to 115% of the market median compensation level for each position as determined by the Committee's compensation consulting firm. The levels of compensation are considered by the Committee to be in line with target compensation levels for the NEOs in a year in which the Company's Americas, Asia-Pacific and global performance was strong. These market position comparisons are based on the blended analysis from the Committee's compensation consultant which incorporates peer group proxy analysis and general industry survey data as discussed above under the heading, Compensation Benchmarking.

OTHER COMPENSATION POLICIES

EXCHANGE ACT RULE 10b5-1 TRADING PLANS AND INSIDER TRADING GUIDELINES

The Company maintains insider trading guidelines, including transaction pre-approval requirements, applicable to our officers and directors required to report changes in beneficial ownership under Section 16 of the Exchange Act as well as certain other employees who have significant management or financial reporting responsibilities and can be expected to have access to material non-public information concerning the Company. These insider trading guidelines also require pre-approval of all trading plans adopted pursuant to Rule 10b5-1 promulgated under the Exchange Act. To avoid the potential for abuse, the Company's policy with respect to such trading plans is that, once adopted, trading plans are not subject to change or cancellation. Any such change or cancellation of an approved trading plan by an executive officer, director or employee covered by the Company's insider trading guidelines in violation of the policy will result in the Company's refusal to approve future trading plan requests for that person.

EXECUTIVE OFFICER STOCK OWNERSHIP GUIDELINES

The Board of Directors has approved guidelines for executive officer ownership of the Company's common stock. The guidelines specify that each executive officer will be expected to attain, within a period of five years from the later of the date of election of the executive officer or the date of adoption of the guidelines, and to maintain thereafter, equity ownership in the Company valued at not less than one times his or her current base salary for executive officers other than our CEO and CFO, two times the current base salary for our CFO, and five times the current base salary for our CEO. Valuation for purposes of the guidelines is to be determined at the higher of cost or current fair market value for shares of the Company's common stock held outright and shares underlying vested RSUs, MSUs and DPUs then held.

The Board of Directors believes that the stock ownership guidelines serve to improve alignment of the interests of our executive officers and the Company's stockholders. At the present time, all of the NEOs have exceeded the expected level of stock ownership.

As noted above under the heading Equity Compensation, the NEOs receive both time-vesting RSU awards and performance-based vesting MSU and DPU awards. As the RSU and MSU awards vest, shares of the Company's common stock are issued to the NEOs and these shares may then be sold or retained, subject to the stock ownership guidelines described above. Vested DPU awards provide for deferred issuance of shares to the NEOs upon termination of employment. Outstanding unvested RSU and MSU awards held as of August 31, 2018 by the NEOs are set forth in the table below under the heading, Outstanding Equity Awards at 2018 Fiscal Year End. All of the NEOs hold Vested DPUs and each of the NEOs, other than Messrs. Rembolt and Brass, holds vested RSU awards that must be retained until termination of employment as noted above in the footnotes to the tables under the heading, Security Ownership of Directors and Executive Officers.

TAX CONSIDERATIONS

Section 162(m) of the Internal Revenue Code of 1986 (the “Code”) limits the deductibility of compensation payable in any tax year to certain covered executive officers (generally limited to the NEOs). Section 162(m) of the Code generally provides that a company covered by the statute cannot deduct compensation paid to its most highly paid executive officers to the extent that such compensation exceeds \$1 million per officer per taxable year. Under the law prior to the passage of the legislation known as the Tax Cuts and Jobs Act (the “Act”) compensation that is “performance-based” within the meaning of the Code did not count toward the \$1 million limit. The performance-based compensation exception to the deductibility limit was repealed by the Act. However, under a transition rule provided for in the Act, the value of vested shares under MSU awards granted prior to November 2, 2017 is still expected to qualify for deductibility under the performance-based compensation exception.

While the Compensation Committee will always seek to maximize the deductibility of compensation paid to the Company’s executive officers, the Committee provides total compensation to the executive officers in line with competitive practice, the Company’s compensation philosophy, and the interests of stockholders. Therefore, the Company may pay compensation to its executive officers that may not be deductible under Section 162(m).

ACCOUNTING CONSIDERATIONS

We follow Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC Topic 718”) for our stock-based compensation awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, restricted stock awards and performance-based awards, based on the grant date fair value of these awards. Depending upon the type of performance conditions applicable to performance-based awards, ASC Topic 718 may require the recording of compensation expense over the service period for the award (usually, the vesting period) based on the grant date value (such as for our MSUs) or compensation expense may be recorded based on the expected probability of vesting over the vesting period, subject to adjustment as such probability may vary

from period to period (such as for our DPUs). This calculation is performed for accounting purposes and amounts reported in the compensation tables below are based on the compensation expense expected to be recorded over the vesting periods for the awards, determined as of the grant date for the awards. In the case of our MSUs, the grant date values fix the compensation expense to be recorded over the vesting period. These amounts are reported in the tables below even though our executive officers may realize more or less value from their MSU awards depending upon the actual level of achievement of the applicable performance measure. In the case of our DPUs, no value is included in the Summary Compensation Table or in the table under the heading, Grants of Plan-Based Awards – Fiscal Year 2018, because ASC Topic 718 requires that we assess the probability of vesting of the DPUs as of the grant date. As of the grant date, we did not consider it probable that the DPUs would become vested even though it was possible that our executive officers would receive Vested DPUs as of the end of the fiscal year.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of WD-40 Company's Board of Directors has reviewed and discussed with management of the Company the Compensation Discussion and Analysis included in this Proxy Statement and the Company's annual report on Form 10-K for the year ended August 31, 2018, and, based upon that review and discussion, recommended to the board that it be so included.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than ten percent of the Company's stock, to file with the Securities Exchange Commission initial reports of stock ownership and reports of changes in stock ownership. Reporting persons are required by SEC regulation to furnish the Company with copies of all Section 16(a) reports they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company during the last fiscal year and written representations that no other reports were required, all Section 16(a) requirements were complied with by all persons required to report with respect to the Company's equity securities during the last fiscal year.

EXECUTIVE COMPENSATION

None of our executive officers has an employment agreement or other arrangement, whether written or unwritten, providing for a term of employment or compensation for services rendered other than under specific plans or programs described herein.

For fiscal year 2018, our executive officers received a base salary amount. Base salary amounts for the NEOs were established by the Compensation Committee of the Board of Directors at the beginning of the fiscal year. In addition, each employee of the Company, including each executive officer, may receive Incentive Compensation under a Performance Incentive Program established at the beginning of the fiscal year by the Company and, for our executive officers, by the Committee. A complete description of the Performance Incentive Program is provided in the Compensation Discussion and Analysis section of this Proxy Statement under the heading, Performance Incentive Program. Information regarding the target and maximum potential Incentive Compensation payable under the Performance Incentive Program for fiscal year 2018 is provided below in the table under the heading, Grants of Plan-Based Awards - Fiscal Year 2018. The actual payouts under the Performance Incentive Program for fiscal year 2018 and further details regarding the program are provided in the Compensation Discussion and Analysis section of this Proxy Statement. Our executive officers also received equity compensation in the form of RSUs, MSUs and DPUs, and other compensation benefits for services rendered in fiscal year 2018 as more fully described and reported in the Compensation Discussion and Analysis section of this Proxy Statement and in the compensation tables below. As a relative share of reported total compensation for fiscal year 2018, annual salary and earned Incentive Compensation was 55% of total compensation for our CEO and from 65% to 67% of total compensation for the other NEOs.

SUMMARY COMPENSATION TABLE

The following table shows information for the three fiscal years ended August 31, 2018, August 31, 2017 and August 31, 2016, concerning the compensation of our CEO, our CFO and the three most highly compensated executive officers other than the CEO and CFO as of the end of fiscal year 2018 (collectively, the “Named Executive Officers” or “NEOs”):

¹ Stock Awards other than DPUs for fiscal years 2018, 2017 and 2016 are reported at their grant date fair values. Grant date fair value assumptions and related information is set forth in Note 13, Stock-based Compensation, to the Company’s financial statements included in the Company’s annual report on Form 10-K filed on October 22, 2018. Stock Awards consisting of MSUs awarded in fiscal years 2018, 2017 and 2016 are included based on the value of 100% of the target number of shares of the Company’s common stock to be issued upon achievement of the applicable performance measure. Stock Awards consisting of DPUs awarded in fiscal years 2018, 2017 and 2016 are reported as having no value under applicable disclosure rules and ASC Topic 718 due to the lack of any expected probability of vesting of the DPUs as of the grant date, as discussed above in the Compensation Discussion and Analysis section under the heading, Accounting Considerations. For achievement of the highest level of the applicable performance measure for the MSUs, the NEOs, other than Mr. Brass for awards granted in fiscal year 2017, will receive 200% of the target number of shares. For achievement of the highest level of the applicable

performance measure for the MSUs awarded to Mr. Brass for fiscal year 2017, he will receive 150% of the target number of shares. For achievement of the highest level of the applicable performance measure for the DPUs, NEOs would receive Vested DPUs covering the maximum number of shares reported for purposes of the table under the heading, Grants of Plan-Based Awards – Fiscal Year 2018 and as described above in the Compensation Discussion and Analysis section under the heading, Equity Compensation.

SUMMARY COMPENSATION TABLE (footnote 1 continued)

The following table sets forth the amounts that would have been included for the Stock Awards for fiscal years 2018, 2017 and 2016 for each of the NEOs if the grant date fair values for the MSUs had been based on the maximum number of shares to be received and if the value of the DPUs were included at their grant date fair values based on the maximum number of shares covered by the DPUs:

² Amounts reported as Non-Equity Incentive Plan Compensation represent Incentive Compensation payouts under the Company's Performance Incentive Program as described in the narrative preceding the Summary Compensation Table and in the Compensation Discussion and Analysis section of this Proxy Statement. Threshold, target and maximum payouts for each of the NEOs for fiscal year 2018 are set forth below in the table under the heading, Grants of Plan-Based Awards - Fiscal Year 2018.

³ All Other Compensation for each of the NEOs includes the following items: (i) perquisites and benefits described below; (ii) employer profit sharing and matching contributions to the Company's 401(k) Profit Sharing Plan for each NEO ("Retirement Benefits"); (iii) dividend equivalent amounts paid to Messrs. Ridge and Freeman with respect to RSUs held by each of them that are vested and that will not be settled in shares until termination of employment and dividend equivalent amounts paid to each of the NEOs with respect to Vested DPUs that will not be settled in shares

until termination of employment (“Dividend Equivalents”); and (iv) the value of supplemental life insurance benefits received by the NEOs other than Messrs. Brass and Clampitt described below under the heading, Supplemental Death Benefit Plans and Supplemental Insurance Benefits (“Death Benefits”). Perquisites and benefits received by each of the NEOs include group medical, dental, vision, wellness and other insurance benefits (“Welfare Benefits”) and vehicle allowance costs which include lease or depreciation expense, fuel, maintenance and insurance costs for each NEO (“Vehicle Allowance”).

The following table sets forth the separate amounts included in All Other Compensation for fiscal year 2018 for each of the NEOs:

⁴ No compensation information is provided for Mr. Brass for fiscal year 2016 because he was first designated as an executive officer in fiscal year 2017.

GRANTS OF PLAN-BASED AWARDS - FISCAL YEAR 2018

In December 2016, the Company's stockholders approved the WD-40 Company 2016 Stock Incentive Plan to authorize the issuance of stock-based compensation awards to employees, directors and consultants. Descriptions of the RSU, MSU and DPU awards are provided above in the Compensation Discussion and Analysis section under the heading, Equity Compensation.

The table also contains information with respect to Performance Incentive Program opportunity awards for fiscal year 2018 as described above in the Compensation Discussion and Analysis section under the heading, Performance Incentive Program. The table provides threshold, target and maximum payout information relating to the Company's fiscal year 2018 Performance Incentive Program.

OPTION EXERCISES AND STOCK VESTED - FISCAL YEAR 2018

The following table sets forth the number of shares of the Company's common stock acquired on exercise of stock options in the Company's last fiscal year and the aggregate dollar value realized on exercise of such stock options for the NEOs. The table also sets forth the number of shares of the Company's common stock acquired upon the vesting of RSU and MSU awards in the Company's last fiscal year and the aggregate dollar value realized with respect to such vested RSU and MSU awards.

Executive Officer	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise ¹ (\$)	Number of Shares Acquired on Vesting ² (#)	Value Realized on Vesting ³ (\$)
Garry O. Ridge	-	\$ -	14,005	\$ 1,522,344
Jay W. Rembolt	3,160	\$ 238,761	3,125	\$ 339,688
Steven A. Brass	-	\$ -	1,067	\$ 115,983
Richard T. Clampitt	-	\$ -	2,363	\$ 256,858
Michael L. Freeman	-	\$ -	3,125	\$ 339,688

¹ The Value Realized on Exercise is calculated by subtracting the aggregate exercise price for the shares of the Company's common stock acquired upon exercise of the stock options from the fair market value price of such shares as of the date of exercise. The fair market value price of each share at exercise is determined by the actual trade price for the share if sold in a cashless exercise transaction, otherwise by the closing price as of the date of exercise.

² The Number of Shares Acquired on Vesting for each NEO includes shares of the Company's common stock issued upon vesting of RSU and MSU awards on October 24, 2017.

³ The Value Realized on Vesting for shares of the Company's common stock issued on October 24, 2017 is calculated based on the number of vested RSU and MSU awards multiplied by the closing price of \$108.70 for the Company's common stock as of that date.

NONQUALIFIED DEFERRED COMPENSATION – FISCAL YEAR 2018

The following table provides information concerning compensation received by the NEOs that is subject to deferral under applicable RSU and DPU award agreements:

Executive Officer	Aggregate Earnings in Last FY1	Aggregate Balance at Last FYE2
-------------------	--------------------------------------	--------------------------------------

	(\$)		(\$)
Garry O. Ridge	\$	469,294	\$ 1,215,710
Jay W. Rembolt	\$	21,235	\$ 55,010
Steven A. Brass	\$	7,398	\$ 19,165
Richard T. Clampitt	\$	12,262	\$ 31,764
Michael L. Freeman	\$	294,893	\$ 763,922

¹ The Aggregate Earnings in Last FY represents the increase in value from August 31, 2017 to August 31, 2018 of the shares underlying deferred settlement RSUs and Vested DPUs held by each NEO that will be settled in shares of the Company's common stock following termination of employment as disclosed in footnotes to the table under the heading, Security Ownership of Directors and Executive Officers. The number of such deferred settlement RSUs and Vested DPUs for each NEO was multiplied by the difference in the closing price of the Company's common stock on August 31, 2018 of \$177.45 and on August 31, 2017 of \$108.95, an increase in value of \$68.50 per share. Amounts included as the Aggregate Earnings in Last FY are not otherwise included as compensation in the Summary Compensation Table for fiscal year 2018.

² The Aggregate Balance at Last FYE represents the value as of August 31, 2018 of the deferred settlement RSUs and Vested DPUs held by each NEO as noted in the footnote above. The value for each deferred settlement RSU and each Vested DPU is based on the closing price of the Company's common stock as of August 31, 2018 in the amount of \$177.45 per share. The underlying deferred settlement RSUs and Vested DPUs were included in prior disclosures for the NEOs to the extent that the NEOs were included in Summary Compensation Table disclosures for the years in which such awards were first granted to the NEOs.

SUPPLEMENTAL DEATH BENEFIT PLANS AND SUPPLEMENTAL INSURANCE BENEFITS

The Company maintains Supplemental Death Benefit Plans for the NEOs other than Messrs. Brass and Clampitt. Under the death benefit plan agreements, the NEO's designated beneficiary or estate, as applicable, will receive a death benefit equal to the NEO's then current base salary in the event of his death prior to retirement from the Company. All of the NEOs are also eligible to receive life insurance benefits offered to all employees of the Company.

The death benefits under the Supplemental Death Benefit Plans are not formally funded but the Company has purchased key man life insurance policies owned by the Company to cover its benefit obligations. Non-employee directors do not have death benefit plan agreements.

Based upon their fiscal year 2018 base salaries, the supplemental death benefit to be provided to the NEOs other than Messrs. Brass and Clampitt as of the end of fiscal year 2018 would have been as set forth in the following table:

Executive Officer	Death Benefit
Garry O. Ridge	\$ 648,840
Jay W. Rembolt	\$ 314,313
Steven A. Brass	\$ -
Richard T. Clampitt	\$ -
Michael L. Freeman	\$ 332,585

CHANGE OF CONTROL SEVERANCE AGREEMENTS

Each executive officer serves at the discretion of the Board of Directors. On February 14, 2006, the Company entered into Change of Control Severance Agreements ("Severance Agreements") with Messrs. Ridge and Freeman. The Company entered into Severance Agreements with Messrs. Rembolt, Brass and Clampitt on October 16, 2008, June 22, 2016 and October 15, 2014, respectively. The Severance Agreements provide that each executive officer will receive certain severance benefits if his employment is terminated without "Cause" or if he resigns for "Good Reason", as those terms are defined in the Severance Agreements, within two years after a "Change of Control" as defined in the Severance Agreements and summarized below. If the executive officer's employment is terminated during the aforementioned two-year period by the Company without "Cause" or by the executive officer for "Good Reason", the executive officer will be entitled to a lump sum payment (subject to limits provided by reference to Section 280G of

the Internal Revenue Code which limits the deductibility of certain payments to executives upon a change in control) of twice the executive officer's salary, calculated based on the greater of the executive officer's then current annual salary or a five-year average, plus twice the executive officer's earned Incentive Compensation, calculated based on the greater of the most recent annual earned Incentive Compensation or a five-year average. Further, any of the executive officer's outstanding equity incentive awards that are not then fully vested (with the exception of DPU awards), will be accelerated and vested in full following such termination of employment within such two-year period and the executive officer will be entitled to continuation of health and welfare benefits under the Company's then existing benefit plans or equivalent benefits for a period of up to two years from the date of termination of employment. No employment rights or benefits other than the change of control severance benefits described in this paragraph are provided by the Severance Agreements.

For purposes of the Severance Agreements and subject to the express provisions and limitations contained therein, a "Change of Control" means a transaction or series of transactions by which a person or persons acting together acquire more than 30% of the Company's outstanding shares; a change in a majority of the incumbent members of the Company's Board of Directors as specified in the Severance Agreements, a reorganization, merger or consolidation as specified in the Severance Agreements or a sale of substantially all of the assets or complete liquidation of the Company. As specified more particularly in the Severance Agreements, a "Change of Control" does not include a reorganization, merger or consolidation or a sale or liquidation where a majority of the incumbent members of the Company's Board of Directors continue in office and more than 60% of the successor company's shares are owned by the Company's pre-transaction stockholders.

The Severance Agreements have a term of two years, subject to automatic renewal for successive two year periods unless notice of non-renewal is provided by the Company's Board of Directors not less than six months prior to the end of the current term. The term of the Severance Agreements will be automatically extended for a term of two years following any "Change of Control."

The following table sets forth the estimated amounts payable to each of the NEOs pursuant to their respective Severance Agreements on the assumption that the employment of each NEO was terminated without “Cause” or otherwise for “Good Reason” effective as of the end of fiscal year 2018 following a “Change of Control” as provided for in the Severance Agreements. The table also includes the value, as of the end of the fiscal year, of all RSU and MSU awards that were not vested as of the end of fiscal year 2018.

Executive Officer	Severance Pay ¹	Welfare Benefits ²	Accelerated Vesting of RSUs and MSUs ³	Total Change of Control Severance Benefits
Garry O. Ridge	\$ 2,717,862	\$ 54,154	\$ 3,867,878	\$ 6,639,894
Jay W. Rembolt	\$ 1,083,534	\$ 54,154	\$ 727,900	\$ 1,865,588
Steven A. Brass	\$ 758,584	\$ 49,754	\$ 613,268	\$ 1,421,606
Richard T. Clampitt	\$ 840,614	\$ 27,362	\$ 617,349	\$ 1,485,325
Michael L. Freeman	\$ 1,155,332	\$ 54,154	\$ 711,930	\$ 1,921,416

¹ For each NEO, Severance Pay includes two times the reported Salary for fiscal year 2018 plus two times the reported Non-Equity Incentive Plan Compensation for fiscal year 2017.

² For each NEO, Welfare Benefits includes an estimate of the Company’s cost to provide two years of continuation coverage under the Company’s welfare benefit plans, which does not include life insurance or long-term disability insurance.

³ Acceleration of vesting of RSU and MSU awards is governed by applicable provisions of the Severance Agreements and the MSU Award Agreements. The value included for accelerated vesting of RSU and MSU awards equals the value of the RSU and MSU awards that were not vested at \$177.45 for each RSU and MSU based on the closing price for the Company’s common stock as of August 31, 2018. MSUs are valued for this purpose based upon the Target Number of shares of the Company’s common stock to be issued with respect to the MSUs as described above in the Compensation Discussion and Analysis section under the heading, Equity Compensation.

CEO PAY RATIO

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and the SEC pay ratio disclosure rule, we are providing the ratio of the total annual compensation of our CEO, Mr. Ridge, to that of the Company’s “median employee” for fiscal year 2018. For fiscal year 2018, the pay ratio of the CEO’s compensation to the median employee’s compensation was approximately 26 to 1.

We identified the Company's median employee from all employees of the Company (excluding the CEO) as of August 31, 2018. We included all worldwide employees, including full-time, part-time and temporary employees. As of August 31, 2018, the Company employed 491 individuals located in 15 countries.

For purposes of identifying the Company's median employee, we calculated total compensation for fiscal year 2018 for each employee other than the CEO by including salary or regular hourly wages paid in the fiscal year, Incentive Compensation paid during the fiscal year under the Company's Performance Incentive Program, and the grant date value of equity awards (RSUs and MSUs) granted to employees in the fiscal year. Compensation paid to employees who were hired after the beginning of the fiscal year or who terminated prior to the end of the fiscal year was not annualized. For employees who received compensation denominated in a foreign currency, such amounts were converted to U.S. dollars at average annual exchange rates as of August 31, 2018.

To determine the CEO pay ratio, the total annual compensation for the median employee was calculated for fiscal year 2018 by including all elements of compensation required to be included in the Summary Compensation Table for fiscal year 2018 in the same manner as such compensation was calculated for the CEO. The Company's median employee is located in the United States.

For fiscal year 2018, the total annual compensation of our CEO was \$2,429,992 and the total annual compensation of our median employee was \$94,731. Accordingly, the ratio of the total annual compensation of our CEO to that of our median employee was approximately 26 to 1.

AUDIT COMMITTEE REPORT

Each year the Board of Directors appoints an Audit Committee to fulfill regulatory requirements and to assist the Board in oversight of the Company's financial reporting, internal control functions, internal audit activities and audit process. Each member of the Audit Committee meets the independence requirements set by the Nasdaq Stock Market.

The responsibilities of the Audit Committee include the selection, appointment and compensation of an independent registered public accounting firm to be hired as the Company's independent accountants. The Audit Committee is also responsible for recommending to the Board that the Company's consolidated financial statements be included in its annual report on Form 10 K.

With respect to the preparation and audit of the Company's consolidated financial statements, management is responsible for the preparation of the financial statements; the establishment of accounting and financial reporting principles; the establishment of disclosure controls and procedures; the establishment of internal control over financial reporting; the evaluation of the effectiveness of both disclosure controls and procedures and internal control over financial reporting; and the evaluation of changes in internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, internal control over financial reporting. The Company's independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion as to whether the consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has reviewed the consolidated financial statements of the Company for the fiscal year ended August 31, 2018. The Audit Committee has discussed the preparation of the consolidated financial statements with management and with the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, and the Audit Committee has met separately with PricewaterhouseCoopers LLP and with management to discuss issues relating to the preparation and audit of the financial statements.

For the fiscal year ended August 31, 2018, management has completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee has been kept apprised of management's activities in the completion of such work and evaluation and the Audit Committee has provided oversight and advice with respect to the process undertaken by management. The Audit Committee will continue to oversee such work being undertaken by the Company for the fiscal year ending August 31, 2019.

The Audit Committee has taken the following steps in making its recommendation that the Company's consolidated financial statements be included in its annual report on Form 10-K for the fiscal year ended August 31, 2018:

1. At regularly scheduled meetings of the Audit Committee, management and PricewaterhouseCoopers LLP provided periodic reports as to the work undertaken by the Company to complete the documentation, testing and evaluation of the Company's system of internal control over financial reporting. Upon completion of such work and upon preparation of the Company's consolidated financial statements for the fiscal year ended August 31, 2018, the Audit Committee reviewed a report provided by management on the effectiveness of the Company's internal control over financial reporting;

2. The Audit Committee discussed with PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm for the fiscal year ended August 31, 2018, those matters required to be discussed by Auditing Standard No. 1301, "Communications with Audit Committees," as adopted by the Public Company Accounting Oversight Board. These communications are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process;

3. The Audit Committee discussed with PricewaterhouseCoopers LLP its independence and received from PricewaterhouseCoopers LLP a letter concerning independence as required under applicable independence standards for auditors of public companies. This discussion and disclosure helped the Audit Committee in evaluating such independence;

4. The Audit Committee reviewed and discussed with the Company's management and PricewaterhouseCoopers LLP the Company's audited consolidated balance sheet at August 31, 2018, and the related consolidated statements of operations, of shareholders' equity, of comprehensive income and of cash flows for the fiscal year ended August 31, 2018; and

5. The Audit Committee has reviewed PricewaterhouseCoopers LLP's Report of Independent Registered Public Accounting Firm and Management's Report on Internal Control over Financial Reporting included in the Company's annual report on Form 10-K for the fiscal year ended August 31, 2018.

Based on the reviews and discussions explained above, the Audit Committee recommended to the Board that the Company's consolidated financial statements be included in its annual report on Form 10-K for its fiscal year ended August 31, 2018. PricewaterhouseCoopers LLP has been selected to serve as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2019.

ITEM NO. 3

RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm for the Company to audit the consolidated financial statements of the Company for fiscal year 2019. Although ratification by stockholders is not required by law, the Audit Committee has determined that it is desirable to request ratification of this selection by the stockholders. Notwithstanding its selection, the Audit Committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders. If the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee may reconsider its selection.

A majority of the votes of the common stock present or represented at the meeting is required for approval. Broker non-votes will be voted in favor of approval. PricewaterhouseCoopers LLP acted as the Company's independent registered public accounting firm during the past fiscal year and, unless the Audit Committee appoints new independent accountants, PricewaterhouseCoopers LLP will continue to act in such capacity during the current fiscal year. It is anticipated that a representative of PricewaterhouseCoopers LLP will attend the Annual Meeting of Stockholders, will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit products and services provided by the independent registered public accounting firm. These products and services may include audit services, audit-related services, tax services, software and other products or services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent accountants and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent public accountants in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. The possible effect on the independence of the public accountants is considered by the Audit Committee. There is no direct or indirect understanding or agreement that places a limit on current or future years' audit fees or permissible non-audit products and services.
