 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

NOTE 1. BASIS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business

Aaron's, Inc. (the "Company") is a leading omnichannel provider of lease-purchase solutions. As of June 30, 2018, the Company's operating segments are Progressive Leasing, Aaron's Business and DAMI.

Progressive Leasing is a virtual lease-to-own company that provides lease-purchase solutions in 46 states and the District of Columbia. It does so by purchasing merchandise from third-party retailers desired by those retailers' customers and, in turn, leasing that merchandise to the customers through a lease-to-own transaction. Progressive Leasing consequently has no stores of its own, but rather offers lease-purchase solutions to the customers of traditional retailers.

The Aaron's Business offers furniture, consumer electronics, home appliances and accessories to consumers primarily with a month-to-month, lease-to-own agreement with no credit needed through the Company's Aaron's-branded stores in the United States and Canada and e-commerce website. This operating segment also supports franchisees of its Aaron's-branded stores. In addition, the Aaron's Business segment also includes the operations of Woodhaven Furniture Industries, which manufactures and supplies the majority of the upholstered furniture and bedding leased and sold in Company-operated and franchised stores.

DAMI partners with merchants to provide a variety of revolving credit products originated through two third-party federally insured banks to customers that may not qualify for traditional prime lending (called "second-look" financing programs).

The Company acquired the store operations of five franchisees during the six months ended June 30, 2018 and four franchisees during the year ended December 31, 2017, which included the Company's largest franchisee. The Company acquired the store operations of three additional franchisees in July 2018. Refer to Note 2 and Note 8 to these condensed consolidated financial statements for additional discussion on these franchisee acquisitions.

The following table presents active doors for Progressive Leasing:

Active Doors at June 30 (Unaudited)	2018	2017
Progressive Leasing Active Doors ¹	20,309	19,148

¹ Active doors are comprised of both (i) each retail store location where at least one virtual lease-to-own transaction has been completed during the trailing three month period; and (ii) with respect to an e-commerce merchant, each state where at least one virtual lease-to-own transaction has been completed through that e-commerce merchant during the trailing three month period.

The following table presents store count by ownership type for the Aaron's Business operations:

Stores as of June 30 (Unaudited)	2018	2017
Company-operated Aaron's Branded Stores	1,179	1,093
Franchised Stores	530	680
Systemwide Stores	1,709	1,773

Basis of Presentation

The preparation of the Company's condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") for interim financial information requires management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates. Generally, actual experience has been consistent with management's prior estimates and assumptions. Management does not believe these estimates or assumptions will change significantly in the future absent unidentified and unforeseen events.

The accompanying unaudited condensed consolidated financial statements do not include all information required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included in the accompanying unaudited condensed consolidated financial statements. These financial statements should be read in conjunction with the financial statements and notes thereto included in

the Company's Annual Report on Form 10-K for the year ended December 31, 2017 (the "2017 Annual Report") filed with the U.S. Securities and Exchange Commission on March 1, 2018. The results of operations for the three and six months ended June 30, 2018 are not necessarily indicative of operating results for the full year.

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

Principles of Consolidation

The condensed consolidated financial statements include the accounts of Aaron's, Inc. and its subsidiaries, each of which is wholly owned. Intercompany balances and transactions between consolidated entities have been eliminated.

Accounting Policies and Estimates

See Note 1 to the consolidated financial statements in the 2017 Annual Report.

Earnings Per Share

Earnings per share is computed by dividing net earnings by the weighted average number of shares of common stock outstanding during the period. The computation of earnings per share assuming dilution includes the dilutive effect of stock options, restricted stock units ("RSUs"), restricted stock awards ("RSAs") and performance share units ("PSUs") (collectively, "share-based awards") as determined under the treasury stock method. The following table shows the calculation of dilutive share-based awards:

	Three Months		Six Months	
	Ended		Ended	
	June 30,		June 30,	
(Shares In Thousands)	2018	2017	2018	2017
Weighted Average Shares Outstanding	69,645	70,686	69,875	71,001
Dilutive Effect of Share-Based Awards	1,192	1,011	1,553	1,039
Weighted Average Shares Outstanding Assuming Dilution	70,837	71,697	71,428	72,040

Approximately 493,000 and 340,000 weighted-average share-based awards were excluded from the computation of earnings per share assuming dilution during the three and six months ended June 30, 2018, respectively, as the awards would have been anti-dilutive for the periods presented.

Approximately 1,000 and 265,000 weighted-average share-based awards were excluded from the computations of earnings per share assuming dilution during the three and six months ended June 30, 2017, respectively, as the awards would have been anti-dilutive for the periods presented.

Revenue Recognition

Lease Revenues and Fees

The Company provides merchandise, consisting of furniture, consumer electronics, computers, appliances and household accessories, to its customers for lease under certain terms agreed to by the customer. The Company's Aaron's Business stores offer leases with month-to-month terms that can be renewed up to 12, 18 or 24 months. The Company's Progressive Leasing segment offers virtual lease-purchase solutions, typically over 12 months, to the customers of traditional retailers. The Company does not require deposits upon inception of customer agreements. The customer has the right to acquire ownership either through a purchase option or through payment of all required lease payments.

Aaron's Business lease revenues are recognized as revenue net of related sales taxes in the month they are due. Lease payments received prior to the month due are recorded as deferred lease revenue, and this amount is included in customer deposits and advance payments in the accompanying condensed consolidated balance sheets.

Progressive Leasing lease revenues are earned prior to the lease payment due date and are recorded net of related sales taxes as earned. Revenue recorded prior to the payment due date results in unbilled accounts receivable in the accompanying condensed consolidated balance sheets.

All of the Company's customer agreements are considered operating leases. The Company maintains ownership of the lease merchandise until all payment obligations are satisfied under sales and lease ownership agreements. Initial direct costs related to Progressive Leasing's lease purchase agreements are capitalized as incurred and amortized over the estimated lease term. The capitalized costs have been classified within prepaid expenses and other assets in the accompanying consolidated balance sheets. Initial direct costs related to Aaron's Business customer agreements are expensed as incurred and have been classified as operating expenses in the Company's consolidated statements of earnings. The statement of earnings effects of expensing the initial direct costs of the Aaron's Business as incurred are

not materially different from amortizing initial direct costs over the lease term.

8

AARON'S, INC AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Retail and Non-Retail Sales

Revenues from the sale of merchandise to franchisees are recognized when control transfers to the franchisee, which is upon its receipt of the merchandise. Revenues from the sale of merchandise to other customers are recognized at the time of shipment, at which time control is transferred to the customer.

Substantially all of the amounts reported as non-retail sales and non-retail cost of sales in the accompanying condensed consolidated statements of earnings relate to the sale of lease merchandise to franchisees. The Company classifies the sale of merchandise to other customers as retail sales in the consolidated statements of earnings.

Franchise Royalties and Fees

The Company franchises its Aaron's stores in markets where the Company has no immediate plans to enter.

Franchisees pay an ongoing royalty of 6% of the weekly cash revenue collections, which is recognized as the fees become due.

In addition, franchisees typically pay a non-refundable initial franchise fee from \$15,000 to \$50,000 depending upon market size. Franchise fees and area development fees are generated from the sale of rights to develop, own and operate sales and lease ownership stores and pre-opening services provided by Aaron's to assist in the start-up operations of the stores. The Company considers the rights to the intellectual property and the pre-opening services to be a single performance obligation, resulting in the recognition of revenue ratably over time from the store opening date throughout the remainder of the franchise agreement term. The Company believes that this period of time is most representative of the time period in which the customer realizes the benefits of having the right to access the Company's intellectual property. The deferred revenue balance related to initial franchise fees is \$2.3 million as of June 30, 2018 and is included in customer deposits and advance payments on the condensed consolidated balance sheets. Revenue related to initial franchise fees recognized during the three and six months ended June 30, 2018 was \$0.2 million and \$0.5 million respectively.

The Company guarantees certain debt obligations of some of the franchisees and receives guarantee fees based on the outstanding debt obligations of such franchisees. The Company recognizes finance fee revenue as the guarantee obligation is satisfied. Refer to Note 5 of these condensed consolidated financial statements for additional discussion of the Company's franchise-related guarantee obligation. The Company also charges fees for advertising efforts that benefit the franchisees. Such fees are recognized at the time the advertising takes place and are presented as franchise royalties and fees in the Company's condensed consolidated statements of earnings.

Initial direct costs related to the pre-opening services provided to franchisees are immaterial and are expensed as incurred. These expenses have been classified as operating expenses in the Company's condensed consolidated statements of earnings.

Interest and Fees on Loans Receivable

DAMI extends or declines credit to an applicant through its bank partners based upon the applicant's credit rating and other factors. Qualifying applicants receive a credit card to finance their initial purchase and to use in subsequent purchases at the merchant or other participating merchants for an initial 24-month period, which DAMI may renew if the cardholder remains in good standing.

DAMI acquires the loan receivable from merchants through its third-party bank partners at a discount from the face value of the loan. The discount is comprised of a merchant fee discount and a promotional fee discount.

The merchant fee discount represents a pre-negotiated, nonrefundable discount that generally ranges from 3% to 25% of the loan face value. The discount is designed to cover the risk of loss related to the portfolio of cardholder charges and DAMI's direct origination costs. The merchant fee discount and origination costs are netted on the condensed consolidated balance sheet in loans receivable. Cardholders generally have an initial 24-month period that the card is active. The merchant fee discount, net of the origination costs, is amortized on a net basis and is recorded as interest and fee revenue on loans receivable in the condensed consolidated statements of earnings on a straight-line basis over the initial 24-month period.

The discount from the face value of the loan on the acquisition of the loan receivable from the merchant through the third-party bank partners also includes a promotional fee discount, which generally ranges from 1% to 8%. The promotional fee discount is intended to compensate the holder of the loan receivable (e.g. DAMI) for deferred or reduced interest rates that are offered to the cardholder for a specified period on the outstanding loan balance (generally for six, 12 or 18 months). The promotional fee discount is amortized as interest and fee revenue on loans receivable in the condensed consolidated statements of earnings on a straight-line basis over the promotional interest period (i.e., over six, 12 or 18 months, depending on the promotion). The unamortized promotional fee discount is netted on the condensed consolidated balance sheet in loans receivable.

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

The customer is required to make periodic minimum payments of at least 3.5% of the outstanding loan balance, which includes outstanding interest. Fixed and variable interest rates, typically 25% to 34.99%, are compounded daily for cards that do not qualify for deferred or reduced interest promotional periods. Interest income, which is recognized based upon the amount of the loans outstanding, is recognized as interest and fees on loans receivable in the billing period in which they are assessed if collectability is reasonably assured. For credit cards that provide for deferred or reduced interest, if the balance is not paid off during the promotional period, interest is billed to the customers at standard rates and the cumulative amount owed is charged to the cardholder account in the month that the promotional period expires or defaults. The Company recognizes interest revenue during the promotional period based on its historical experience related to cardholders that fail to pay off balances during the promotional period.

Annual fees are charged to cardholders at the commencement of the loan and on each subsequent anniversary date. Annual fees are deferred and recognized into revenue on a straight-line basis over a one year period. Under the provisions of the credit card agreements, the Company also may assess fees for service calls or for missed or late payments, which are recognized as revenue in the billing period in which they are assessed if collectability is reasonably assured.

Investments

At December 31, 2017, investments classified as held-to-maturity securities consisted of British pound-denominated notes issued by PerfectHome, which is based in the U.K. The PerfectHome Notes ("Notes") consisted of outstanding principal and accrued interest of £15.1 million (\$20.4 million) at December 31, 2017. PerfectHome was a variable interest entity ("VIE") because it did not have sufficient equity at risk. However, the Company was not the primary beneficiary and did not consolidate PerfectHome since the Company lacked power through voting or similar rights to direct the activities that most significantly affected PerfectHome's economic performance.

During the three months ended June 30, 2018, PerfectHome's liquidity deteriorated significantly due to continuing operating losses and the senior lender's decision to no longer provide additional funding under a secured revolving debt agreement resulting from PerfectHome's default of certain covenants. Additionally, the senior lender notified PerfectHome in May 2018 of its intent to exercise remedies available under its credit documentation, which included the right to call its outstanding debt. Furthermore, during the three months ended June 30, 2018, the U.K. governing authority for rent-to-own companies, the Financial Conduct Authority, proposed new regulatory measures which could adversely affect PerfectHome's business. In July 2018, PerfectHome entered into the U.K.'s insolvency process and was subsequently acquired by the senior lender. The Company believes it will not receive any further payments on its subordinated secured Notes. As a result, the Company recorded a full impairment of the PerfectHome investment of \$20.1 million during the three months ended June 30, 2018.

Accounts Receivable

Accounts receivable consist primarily of receivables due from customers of Progressive Leasing and Company-operated stores, corporate receivables incurred during the normal course of business (primarily for real estate leasing activities and vendor consideration) and franchisee obligations.

Accounts receivable, net of allowances, consist of the following:

(In Thousands)	June 30, December	
	2018	31, 2017
Customers	\$48,978	\$ 48,661
Corporate	12,860	23,431
Franchisee	22,471	27,795
Accounts Receivable	\$84,309	\$ 99,887

AARON'S, INC AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The following table shows the amounts recognized for bad debt expense and provision for returns and uncollected payments:

(In Thousands)	Six Months Ended	
	June 30,	
	2018	2017
Bad Debt Expense	\$96,651	\$68,044
Provision for Returns and Uncollected Renewal Payments	16,426	14,062
Accounts Receivable Provision	\$113,077	\$82,106

Refer to Note 1 to the consolidated financial statements in the 2017 Annual Report for information on the Company's accounting policy for the accounts receivable provision.

Lease Merchandise

The Company's lease merchandise consists primarily of furniture, consumer electronics, home appliances and accessories and is recorded at the lower of cost or net realizable value. The cost of merchandise manufactured by our Woodhaven Furniture Industries operations is recorded at cost and includes overhead from production facilities, shipping costs and warehousing costs. The Company-operated stores begin depreciating merchandise at the earlier of twelve months and one day or when the item is leased and depreciate merchandise to a 0% salvage value over the lease agreement period when on lease, generally 12 to 24 months, and generally 36 months when not on lease. The Company's Progressive Leasing segment, at which substantially all merchandise is on lease, depreciates merchandise generally over 12 months. Depreciation is accelerated upon early payout.

The following is a summary of lease merchandise, net of accumulated depreciation and allowances:

(In Thousands)	June 30, December	
	2018	31, 2017
Merchandise on Lease	\$909,700	\$908,268
Merchandise not on Lease	227,728	243,867
Lease Merchandise, net of Accumulated Depreciation and Allowances	\$1,137,428	\$1,152,135

The Company's policies require weekly lease merchandise counts at its store-based operations, which include write-offs for unsalable, damaged, or missing merchandise inventories. In addition to monthly cycle counting, full physical inventories are generally taken at the fulfillment and manufacturing facilities annually and appropriate provisions are made for missing, damaged and unsalable merchandise. In addition, the Company monitors lease merchandise levels and mix by division, store, and fulfillment center, as well as the average age of merchandise on hand. If obsolete lease merchandise cannot be returned to vendors, its carrying amount is adjusted to its net realizable value or written off.

All lease merchandise is available for lease or sale. On a monthly basis, all damaged, lost or unsalable merchandise identified is written off. The Company records a provision for write-offs on the allowance method, which estimates the merchandise losses incurred but not yet identified by management as of the end of the accounting period based on historical write-off experience. The provision for write-offs is included in operating expenses in the accompanying condensed consolidated statements of earnings.

The following table shows the components of the allowance for lease merchandise write-offs:

(In Thousands)	Six Months Ended	
	June 30,	
	2018	2017
Beginning Balance	\$35,629	\$33,399
Merchandise Written off, net of Recoveries	(80,856)	(61,034)
Provision for Write-offs	91,420	63,938
Ending Balance	\$46,193	\$36,303

Loans Receivable, Net

Gross loans receivable represents the principal balances of credit card charges at DAMI's participating merchants that remain outstanding to cardholders, plus unpaid interest and fees due from cardholders. The allowances and unamortized fees represents an allowance for uncollectible amounts; merchant fee discounts, net of capitalized origination costs; promotional fee discounts; and deferred annual card fees.

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

Loans acquired in the October 15, 2015 DAMI acquisition (the "Acquired Loans") were recorded at their estimated fair value at the acquisition date. The projected net cash flows from expected payments of principal, interest, fees and servicing costs and anticipated charge-offs were included in the determination of fair value; therefore, an allowance for loan losses and an amount for unamortized fees were not recognized for the Acquired Loans. The difference, or discount, between the expected cash flows to be received and the fair value of the Acquired Loans is accreted to interest and fees on loans receivable based on the effective interest method. At each period end, the Company evaluates the appropriateness of the accretible discount on the Acquired Loans based on actual and revised projected future cash receipts.

Losses on loans receivable are recognized when they are incurred, which requires the Company to make its best estimate of probable losses inherent in the portfolio. The Company evaluates loans receivable collectively for impairment. The method for calculating the best estimate of probable losses takes into account the Company's historical experience, adjusted for current conditions and the Company's judgment concerning the probable effects of relevant observable data, trends and market factors. Economic conditions and loan performance trends are closely monitored to manage and evaluate exposure to credit risk. Trends in delinquency ratios are an indicator of credit risk within the loans receivable portfolio, including the migration of loans between delinquency categories over time. Charge-off rates represent another indicator of the potential for future credit losses. The risk in the loans receivable portfolio is correlated with broad economic trends, such as unemployment rates, gross domestic product growth and gas prices, which can have a material effect on credit performance. To the extent that actual results differ from estimates of uncollectible loans receivable, the Company's results of operations and liquidity could be materially affected.

The Company calculates the allowance for loan losses based on actual delinquency balances and historical average loss experience on loans receivable by aging category for the prior eight quarters. The allowance for loan losses is maintained at a level considered adequate to cover probable losses of principal, interest and fees on active loans in the loans receivable portfolio. The adequacy of the allowance is evaluated at each period end.

Delinquent loans receivable are those that are 30 days or more past due based on their contractual billing dates. The Company places loans receivable on nonaccrual status when they are greater than 90 days past due or upon notification of cardholder bankruptcy, death or fraud. The Company discontinues accruing interest and fees and amortizing merchant fee discounts and promotional fee discounts for loans receivable in nonaccrual status. Loans receivable are removed from nonaccrual status when cardholder payments resume, the loan becomes 90 days or less past due and collection of the remaining amounts outstanding is deemed probable. Payments received on nonaccrual loans are allocated according to the same payment hierarchy methodology applied to loans that are accruing interest. Loans receivable are charged off at the end of the month following the billing cycle in which the loans receivable become 120 days past due.

DAMI extends or declines credit to an applicant through its bank partners based upon the applicant's credit rating and other factors. Below is a summary of the credit quality of the Company's loan portfolio as of June 30, 2018 and December 31, 2017 by Fair Isaac and Company (FICO) score as determined at the time of loan origination:

FICO Score Category	June 30, 2018	December 31, 2017
600 or Less	2.5 %	1.7 %
Between 600 and 700	77.4 %	76.5 %
700 or Greater	20.1 %	21.8 %

Prepaid Expenses and Other Assets

Prepaid expenses and other assets consist of the following:

(In Thousands)	June 30, 2018	December 31, 2017
----------------	------------------	----------------------

Edgar Filing: AARON'S INC - Form 10-Q

Prepaid Expenses	\$39,023	\$31,509

Assets Held for Sale	9,698	10,118
Deferred Tax Asset	7,556	11,589
Other Assets	29,511	26,548
Prepaid Expenses and Other Assets	\$119,232	\$116,499

12

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

Assets Held for Sale

Certain properties, consisting of parcels of land and commercial buildings, met the held for sale classification criteria as of June 30, 2018 and December 31, 2017. Assets held for sale are recorded at the lower of their carrying value or fair value less estimated cost to sell and are classified within prepaid expenses and other assets in the condensed consolidated balance sheets. Depreciation is suspended on assets upon classification to held for sale.

The carrying amount of the properties held for sale as of June 30, 2018 and December 31, 2017 is \$9.7 million and \$10.1 million, respectively. The Company estimated the fair values of real estate properties using the market values for similar properties. These properties are considered Level 2 assets as defined below.

Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses consist of the following:

(In Thousands)	June 30, 2018	December 31, 2017
Accounts Payable	\$62,314	\$ 80,821
Accrued Insurance Costs	39,859	41,680
Accrued Salaries and Benefits	41,903	46,511
Accrued Real Estate and Sales Taxes	31,599	31,054
Deferred Rent	27,816	29,912
Other Accrued Expenses and Liabilities	67,472	74,832
Accounts Payable and Accrued Expenses	\$270,963	\$ 304,810

Debt

At June 30, 2018, the Company was in compliance with all covenants related to its outstanding debt. See Note 7 to the consolidated financial statements in the 2017 Annual Report for further information regarding the Company's indebtedness.

Income Taxes

On December 22, 2017, the President signed the Tax Cuts and Jobs Act (the "Tax Act"). The Tax Act, among other things, (i) lowered the U.S. corporate income tax rate from 35% to 21% effective January 1, 2018; (ii) provided for 100% expense deduction of certain qualified depreciable assets, which includes the Company's lease merchandise inventory, purchased after September 27, 2017 (but would be phased down starting in 2023); and (iii) failed to extend the manufacturing deduction that expired in 2017 under previous tax legislation. Consequently, the Company remeasured its net deferred tax liabilities as of December 31, 2017 using the lower U.S. corporate income tax rate, which resulted in a provisional estimated \$140 million non-cash income tax benefit recognized during the year ended December 31, 2017. In connection with the provisional analysis, the Company recorded additional income tax expense of \$0.2 million during the six months ended June 30, 2018.

This estimated tax benefit recorded related to the Tax Act may differ, possibly materially, due to, among other things, further refinement of our federal and state calculations, changes in interpretations and assumptions that we have made, and additional guidance that may be issued by the U.S. Government. We will complete our analysis over a one-year measurement period ending December 22, 2018, and any further adjustments during this measurement period will be included in net earnings as an adjustment to income tax expense (benefit) in the reporting period when such adjustments are determined.

Accumulated Other Comprehensive (Loss) Income

Changes in accumulated other comprehensive (loss) income for the six months ended June 30, 2018 are as follows:

(In Thousands)	Foreign Currency
Balance at January 1, 2018	\$ 774
Other Comprehensive Loss (1,012)
Balance at June 30, 2018	\$ (238)

There were no reclassifications out of accumulated other comprehensive (loss) income for the six months ended June 30, 2018.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To increase the comparability of fair value measures, the following hierarchy prioritizes the inputs to valuation methodologies used to measure fair value:

Level 1—Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2—Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3—Valuations based on unobservable inputs reflecting the Company's own assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment. The Company measures assets held for sale at fair value on a nonrecurring basis and records impairment charges when they are deemed to be impaired. The Company maintains certain financial assets and liabilities, and fixed-rate long-term debt, that are not measured at fair value but for which fair value is disclosed.

The fair values of the Company's other current financial assets and liabilities, including cash and cash equivalents, accounts receivable and accounts payable, approximate their carrying values due to their short-term nature. The fair value for the loans receivable, net of allowances, and the revolving credit borrowings also approximate their carrying amounts.

Related Party Transactions

Aaron Ventures I, LLC, which we refer to as "Aaron Ventures," was formed in December 2002 for the purpose of acquiring properties from the Company and leasing them back to the Company and is controlled by certain of the Company's current and former executives. Aaron Ventures purchased a combined total of 21 properties from the Company in 2002 and 2004, and leased the properties back to the Company. As of June 30, 2018, the Company had seven remaining capital leases and ten remaining operating leases with Aaron Ventures with lease expiration dates between 2019 and 2026. During late 2017 and early 2018, 16 of the leases were renegotiated with Aaron Ventures. The seven capital leases have aggregate annual rental payments of approximately \$0.4 million. The rate of interest implicit in the leases is approximately 9.7%. The land and buildings, associated depreciation expense and lease obligations are recorded in the Company's condensed consolidated financial statements. The ten operating leases have aggregate annual rental payments of approximately \$0.8 million.

Supplemental Disclosure of Noncash Investing Transactions

During the six months ended June 30, 2018, the Company entered into exchange transactions to acquire and sell certain customer agreements and related lease merchandise with third parties which are accounted for as asset acquisitions and asset disposals. The fair value of the non-cash consideration exchanged in these transactions was \$0.6 million.

In addition, the purchase price for the acquisition of certain franchisees made during the six months ended June 30, 2018 included the non-cash settlement of pre-existing accounts receivable the franchisees owed the Company of \$0.4 million. This non-cash consideration has been excluded from the line "Outflows on Acquisitions of Businesses and Customer Agreements, Net of Cash Acquired" in the investing activities section of the condensed consolidated statement of cash flows.

Hurricane Impact

During the third and fourth quarters of 2017, Hurricanes Harvey and Irma impacted the Company in the form of: (i) property damages (primarily in-store and on-lease merchandise, store leasehold improvements and furniture and fixtures) and employee assistance payments; (ii) increased customer-related accounts receivable allowances and lease merchandise allowances primarily in the impacted areas; (iii) lost lease revenue due to store closures of Aaron's Business and Progressive Leasing retail partners; and (iv) lost lease revenue due to the postponing of customer payments in the impacted areas. During the six months ended June 30, 2018, the Company received partial cash payments of \$0.4 million from its insurers related to the property damage claims. As of June 30, 2018, the Company

has an insurance receivable for property-related damages of \$3.2 million, which the Company believes is probable of receipt.

Recent Accounting Pronouncements

Adopted

Revenue Recognition. In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers ("Topic 606"). ASU 2014-09 replaces substantially all existing revenue recognition guidance with a single, comprehensive revenue recognition model that requires a company to recognize revenue to depict the transfer of promised goods and services to customers at the amount to which it expects to be entitled in exchange for transferring those goods or services. On January 1, 2018, the Company adopted Topic 606 using the modified retrospective method applied to those contracts which were not completed as of January 1, 2018. Results for reporting periods beginning on January 1, 2018 are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with our historic accounting under Topic 605.

The standard changed the timing of recognition of store pre-opening revenue from franchisees. Previously, the Company's accounting policy was to recognize initial franchise store pre-opening revenue when earned, which is generally when a new store opens. Under the new standard, the initial franchise pre-opening services are not considered distinct from the continuing franchise services as they would not transfer a benefit to the franchisee directly without use of the franchise license and should be bundled with the franchise license as a single performance obligation. As a result, the pre-opening revenues will be recognized from the store opening date over the remaining life of the franchise license term.

The standard also changed the presentation of certain fees charged to franchisees, primarily advertising fees. Previously, there was diversity in practice and advertising fees charged to franchisees were recorded as a reduction to advertising expense, which is classified within operating expenses in the consolidated statements of earnings. The new standard resulted in the presentation of advertising fees charged to franchisees to be reported as franchise royalties and fee revenue in the consolidated statements of earnings, instead of a reduction to advertising expense.

The changes associated with the adoption of Topic 606 will not require significant changes to controls and procedures around the revenue recognition process. The Company adopted the standard on January 1, 2018 using the modified retrospective approach and recorded a pre-tax adjustment to opening retained earnings and deferred revenue of \$2.4 million on January 1, 2018. The Company expects to recognize such amounts in revenue over an average of the next 5 years.

The impact of adoption on the condensed consolidated statements of earnings and balance sheets was as follows:

Business Combinations. In January 2017, the FASB issued ASU 2017-01, Clarifying the Definition of a Business. The objective of the update is to add guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The Company prospectively adopted this ASU in the first quarter of 2018.

The new standard results in certain store acquisitions (or disposals) which do not transfer a substantive process to be accounted for as asset acquisitions (or disposals). The Company has identified a separate "expanded customer base" intangible asset, which is separately valued and recorded in asset acquisitions. The "expanded customer base" represents the estimated fair value of the acquisition purchase price paid by the Company for the ability to advertise and execute lease agreements with a larger pool of customers in the respective markets. This intangible asset was previously subsumed in goodwill under the business combinations accounting guidance. In situations in which the purchase price exceeds the fair value of the assets acquired, any remaining economic goodwill is allocated on a relative fair value basis to all acquired assets, including merchandise inventory. In situations in which the fair value of the assets acquired exceeds the purchase price, the acquisition is treated as a bargain purchase with the excess allocated on a relative fair value basis to all assets. This results in the recognition of the initial asset bases at less than fair value, including merchandise inventory.

The Company routinely enters into arrangements to acquire lease merchandise inventory and the related customer lease agreements of a store; however, the arrangement does not transfer a substantive process. Under ASU 2017-01, these acquisitions result in all of the purchase price getting assigned to definite lived assets, instead of a portion going to goodwill. This results in higher depreciation and amortization expense under the new standard for asset acquisitions that would have been accounted for as business combinations under the prior guidance. Transactions that are now

accounted for as asset disposals, instead of business disposals, do not result in the write-off of goodwill as part of the disposal.

The new standard did not have a material impact to the Company's condensed consolidated financial statements during the first six months of 2018. The future impact of this new standard will depend on the quantity and magnitude of future acquisitions (or disposals) that will be treated as asset acquisitions (or disposals) in accordance with ASU 2017-01.

AARON'S, INC AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Pending Adoption

Leases. In February 2016, the FASB issued ASU 2016-02, Leases, which would require lessees to recognize assets and liabilities for most leases and would change certain aspects of today's lessor accounting, among other things. ASU 2016-02 is effective for annual and interim periods beginning after December 15, 2018, with early adoption permitted. Companies must use a modified retrospective approach to adopt ASU 2016-02. A majority of the Company's revenue generating activities will be within the scope of ASU 2016-02. The Company has preliminarily determined that the new standard will not materially impact the timing of revenue recognition. The new standard will result in the Company classifying bad debt expense incurred within its Progressive Leasing segment as a reduction of lease revenue and fees within the consolidated statements of earnings.

The new standard will also impact the Company as a lessee by requiring substantially all of its operating leases to be recognized on the balance sheet as a right-to-use asset and lease liability. The Company plans to elect a package of optional practical expedients which includes the option to retain the current classification of leases entered into prior to January 1, 2019, and thus does not anticipate a material impact to the consolidated statements of earnings or consolidated statements of cash flows. The Company expects to be affected by the transition guidance related to recognition of deferred gains recorded under previous sale and operating leaseback transactions, which requires companies to recognize any deferred gains not resulting from off-market terms as a cumulative-effect adjustment to retained earnings upon adoption of ASU 2016-02. The Company is currently quantifying the impacts of its operating leases to the consolidated financial statements, as well as evaluating other impacts of adopting ASU 2016-02, and intends to adopt the new standard in the first quarter of 2019.

Financial Instruments - Credit Losses. In June 2016, the FASB issued ASU 2016-13, Measurement of Credit Losses on Financial Instruments. The main objective of the update is to provide financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by companies at each reporting date. For trade and other receivables, held to maturity debt securities and other instruments, companies will be required to use a new forward-looking "expected losses" model that generally will result in the recognition of allowances for losses earlier than under current accounting guidance. The standard will be adopted on a prospective basis with a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective. ASU 2016-13 is effective for annual and interim periods beginning after December 15, 2019, with early adoption permitted. The Company has not yet determined the potential effects of adopting ASU 2016-13 on its consolidated financial statements.

NOTE 2. ACQUISITIONS

Franchisee Acquisition

On July 27, 2017, the Company acquired substantially all of the assets and liabilities of the store operations of SEI, the Company's largest franchisee, for approximately \$140 million in cash. At the time of the acquisition, those store operations served approximately 90,000 customers through 104 Aaron's-branded stores in 11 states primarily in the Northeast. The acquisition is benefiting the Company's omnichannel platform through added scale, strengthening its presence in certain geographic markets, and enhancing operational control to execute our business transformation initiatives.

The acquired operations generated revenues of \$58.3 million and earnings before income taxes of \$2.5 million from July 27, 2017 through December 31, 2017. During the three and six months ended June 30, 2018, the acquired operations generated revenues of \$32.6 million and \$67.8 million, respectively, and earnings before income taxes of \$3.9 million and \$8.0 million, respectively, which are included in our condensed consolidated statements of earnings. Included in the earnings before income taxes of the acquired operations are acquisition-related transaction and transition costs, amortization expense of the various intangible assets recorded from the acquisition and restructuring expenses associated with the closure of several acquired stores. The revenues and earnings before income taxes above have not been adjusted for estimated non-retail sales and franchise royalties and fees and related expenses that the Company could have generated from SEI, as a franchisee, from July 27, 2017 through June 30, 2018 had the

transaction not been completed.

Capital Leases	(4,514) —	(4,514)
Total Liabilities Assumed	(13,712) —	(13,712)
Goodwill ⁴	91,778	103	91,881
Net Assets Acquired	\$ 51,762	\$ (103)	\$ 51,659

¹ As previously reported in Note 2 to the condensed consolidated financial statements as of March 31, 2018.

² The acquisition accounting adjustments relate to finalizing certain working capital adjustments.

³ Identifiable intangible assets are further disaggregated in the table set forth below.

⁴ The total goodwill recognized in conjunction with the franchisee acquisition, all of which is expected to be deductible for tax purposes, has been assigned to the Aaron's Business operating segment. The purchase price exceeded the fair value of the net assets acquired, which resulted in the recognition of goodwill, primarily due to synergies created from the expected future benefits to the Company's omnichannel platform, implementation of the Company's operational capabilities, expected inventory supply chain synergies between the Aaron's Business and Progressive Leasing, and control of the Company's brand name in new geographic markets. Goodwill also includes certain other intangible assets that do not qualify for separate recognition, such as an assembled workforce.

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

The estimated intangible assets attributable to the franchisee acquisition are comprised of the following:

	Fair Value (in thousands)	Weighted Average Life (in years)
Non-compete Agreements	\$ 1,244	5.0
Customer Lease Contracts	2,154	1.0
Customer Relationships	3,215	2.0
Reacquired Franchise Rights	3,640	4.1
Favorable Operating Leases	3,526	11.3
Total Acquired Intangible Assets ¹	\$ 13,779	

¹ Acquired definite-lived intangible assets have a total weighted average life of 5.1 years.

The Company incurred \$2.0 million of acquisition-related costs in connection with the franchisee acquisition, substantially all of which were incurred during the third quarter of 2017. These costs were included in operating expenses in the condensed consolidated statements of earnings.

Other Acquisitions

In addition to the acquisition discussed above, the Company acquired the store operations of five franchisees during the six months ended June 30, 2018 and three franchisees during the year ended December 31, 2017.

Net cash outflows related to the acquisitions of other Aaron's franchisees, other rent-to-own store businesses, and customer contracts aggregated to \$14.4 million and \$0.9 million during the six months ended June 30, 2018 and 2017, respectively. The effect of these acquisitions on the condensed consolidated financial statements for the six months ended June 30, 2018 and 2017 was not significant.

NOTE 3. FAIR VALUE MEASUREMENT

Financial Assets and Liabilities Measured at Fair Value on a Recurring Basis

The following table summarizes financial liabilities measured at fair value on a recurring basis:

(In Thousands)	June 30, 2018		December 31, 2017	
	Level 2	Level 3	Level 2	Level 3
Deferred Compensation Liability	\$ (12,055)	\$ —	\$ (12,927)	\$ —

The Company maintains the Aaron's, Inc. Deferred Compensation Plan, which is an unfunded, nonqualified deferred compensation plan for a select group of management, highly compensated employees and non-employee directors. The liability is recorded in accounts payable and accrued expenses in the condensed consolidated balance sheets. The liability representing benefits accrued for plan participants is valued at the quoted market prices of the participants' investment elections, which consist of equity and debt "mirror" funds. As such, the Company has classified the deferred compensation liability as a Level 2 liability.

Non-Financial Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The following table summarizes non-financial assets measured at fair value on a nonrecurring basis:

(In Thousands)	June 30, 2018		December 31, 2017	
	Level 1	Level 3	Level 2	Level 3
Assets Held for Sale	\$ 9,698	\$ —	\$ 10,118	\$ —

Assets classified as held for sale are recorded at the lower of carrying value or fair value less estimated costs to sell, and any adjustment is recorded in other operating income, net or restructuring expenses (if the asset is a part of the 2016 or 2017 restructuring program) in the condensed consolidated statements of earnings. The highest and best use of the assets held for sale is as real estate land parcels for development or real estate properties for use or lease; however, the Company has chosen not to develop or use these properties.

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

Certain Financial Assets and Liabilities Not Measured at Fair Value

The following table summarizes the fair value of assets (liabilities) that are not measured at fair value in the condensed consolidated balance sheets, but for which the fair value is disclosed:

(In Thousands)	June 30, 2018		December 31, 2017	
	Level 1	Level 2	Level 1	Level 2
PerfectHome Notes ¹	\$—	\$—	\$—	\$20,385
Fixed-Rate Long-Term Debt ²	—	—	—	—

The PerfectHome notes were carried at cost, which approximated fair value. The Company recorded a full impairment of the PerfectHome investment of \$20.1 million during the three months ended June 30, 2018. Refer to Note 1 to the condensed consolidated financial statements for further discussion of the PerfectHome impairment.

The fair value of fixed-rate long-term debt is estimated using the present value of underlying cash flows discounted at a current market yield for similar instruments. The carrying amount of fixed-rate long-term debt was \$180.0 million and \$265.0 million at June 30, 2018 and December 31, 2017, respectively.

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

NOTE 4. LOANS RECEIVABLE

The following is a summary of the Company's loans receivable, net:

(In Thousands)	June 30, 2018	December 31, 2017
Credit Card Loans ¹	\$88,947	\$ 89,728
Acquired Loans ²	10,019	16,213
Loans Receivable, Gross	98,966	105,941
Allowance for Loan Losses	(11,586)	(11,454)
Unamortized Fees	(7,692)	(8,375)
Loans Receivable, Net of Allowances and Unamortized Fees	\$79,688	\$ 86,112

¹ "Credit Card Loans" are loans originated after the 2015 acquisition of DAMI.

² "Acquired Loans" are credit card loans the Company purchased in the 2015 acquisition of DAMI.

Included in the table below is an aging of the loans receivable, gross balance:

(Dollar Amounts in Thousands)

Aging Category ¹	June 30, 2018	December 31, 2017
30-59 days past due	6.9 %	7.1 %
60-89 days past due	3.1 %	3.6 %
90 or more days past due	3.5 %	4.1 %
Past due loans receivable	13.5 %	14.8 %
Current loans receivable	86.5 %	85.2 %
Balance of Credit Card Loans on Nonaccrual Status	\$1,478	\$ 2,016
Balance of Loans Receivable 90 or More Days Past Due and Still Accruing Interest and Fees	\$—	\$ —

¹ This aging is based on the contractual amounts outstanding for each loan as of period end, and does not reflect the fair value adjustments for the Acquired Loans.

The table below presents the components of the allowance for loan losses:

(In Thousands)	Six Months Ended June 30,	
	2018	2017
Beginning Balance ¹	\$11,454	\$6,624
Provision for Loan Losses	9,540	9,130
Charge-offs	(10,210)	(6,985)
Recoveries	802	244
Ending Balance	\$11,586	\$9,013

¹ The Company acquired DAMI on October 15, 2015 and recorded \$89.1 million of loans receivable as of the acquisition date. No corresponding allowance for loan losses was recorded as the loans receivable were established at fair value in acquisition accounting.

AARON'S, INC AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 5. COMMITMENTS AND CONTINGENCIES

Guarantees

The Company has guaranteed certain debt obligations of some of the franchisees under a franchisee loan program with several banks. In the event these franchisees are unable to meet their debt service payments or otherwise experience an event of default, the Company would be unconditionally liable for the outstanding balance of the franchisees' debt obligations under the franchisee loan program, which would be due in full within 90 days of the event of default. At June 30, 2018, the maximum amount that the Company would be obligated to repay in the event franchisees defaulted was \$43.0 million. The Company has recourse rights to franchisee assets securing the debt obligations, which consist primarily of lease merchandise and fixed assets. Since the inception of the franchisee loan program in 1994, the Company has had no significant associated losses. The Company believes the likelihood of any significant amounts being funded by the Company in connection with these guarantees to be remote. The carrying amount of the franchisee-related borrowings guarantee, which is included in accounts payable and accrued expenses in the condensed consolidated balance sheets, is \$0.5 million as of June 30, 2018.

The maximum facility commitment amount under the franchisee loan program is \$85.0 million, including a Canadian subfacility commitment amount for loans to franchisee that operate stores in Canada (other than the province of Quebec) of CAD \$25.0 million. The Company is subject to financial covenants under the franchisee loan program that are consistent with the Revolving Credit and Term Loan Agreement, which are more fully described in Note 7 to the consolidated financial statements in the 2017 Annual Report. The Company is in compliance with all covenants at June 30, 2018 and believes it will continue to be in compliance in the future.

Legal Proceedings

From time to time, the Company is party to various legal and regulatory proceedings arising in the ordinary course of business.

Some of the proceedings to which the Company is currently a party are described below. The Company believes it has meritorious defenses to all of the claims described below, and intends to vigorously defend against the claims.

However, these proceedings are still developing and due to the inherent uncertainty in litigation, regulatory and similar adversarial proceedings, there can be no guarantee that the Company will ultimately be successful in these proceedings, or in others to which it is currently a party. Substantial losses from these proceedings or the costs of defending them could have a material adverse impact upon the Company's business, financial position and results of operations.

The Company establishes an accrued liability for legal and regulatory proceedings when it determines that a loss is both probable and the amount of the loss can be reasonably estimated. The Company continually monitors its litigation and regulatory exposure and reviews the adequacy of its legal and regulatory reserves on a quarterly basis. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters.

At June 30, 2018 and December 31, 2017, the Company had accrued \$1.8 million and \$7.3 million, respectively, for pending legal and regulatory matters for which it believes losses are probable and is the Company's best estimate of its exposure to loss. The Company records these liabilities in accounts payable and accrued expenses in the condensed consolidated balance sheets. The Company estimated that the aggregate range of reasonably possible loss in excess of accrued liabilities for such probable loss contingencies is between \$0 and \$1.0 million.

At June 30, 2018, the Company estimated that the aggregate range of loss for all material pending legal and regulatory proceedings for which a loss is reasonably possible, but less likely than probable (i.e., excluding the contingencies described in the preceding paragraph), is between \$2.0 million and \$5.0 million. Those matters for which a reasonable estimate is not possible are not included within estimated ranges and, therefore, the estimated ranges do not represent the Company's maximum loss exposure. The Company's estimates for legal and regulatory accruals, aggregate probable loss amounts and reasonably possible loss amounts are all subject to the uncertainties and variables described above.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Consumer

In *Margaret Korrow, et al. v. Aaron's, Inc.*, originally filed in the Superior Court of New Jersey, Middlesex County, Law Division on October 26, 2010, plaintiff filed suit on behalf of herself and others similarly situated alleging that the Company is liable in damages to plaintiff and each class member because the Company's lease agreements issued after March 16, 2006 purportedly violated certain New Jersey state consumer statutes. In December 2016, a class notice was mailed to certain individuals who were customers of Company-operated stores in New Jersey from March 16, 2006 to March 31, 2011. The parties participated in a settlement conference and reached tentative settlement terms in March 2017. On September 15, 2017, the parties submitted the final comprehensive settlement agreement to the Court for approval, which the Court approved during the first quarter of 2018. The final settlement was paid to a third party administrator in the first quarter of 2018. That third party began issuing payments to consumers and will continue payment distributions pursuant to the terms of the settlement agreement.

Privacy and Related Matters

In *Crystal and Brian Byrd v. Aaron's, Inc., Aspen Way Enterprises, Inc., John Does (1-100) Aaron's Franchisees and Designerware, LLC*, filed on May 16, 2011, in the United States District Court, Western District of Pennsylvania, plaintiffs allege the Company and its independently owned and operated franchisee Aspen Way Enterprises ("Aspen Way") knowingly violated plaintiffs' privacy in violation of the Electronic Communications Privacy Act ("ECPA") and the Computer Fraud Abuse Act and sought certification of a putative nationwide class. Plaintiffs based these claims on Aspen Way's use of a software program called "PC Rental Agent." Plaintiffs filed an amended complaint, asserting claims under the ECPA, common law invasion of privacy, seeking an injunction, and naming additional independently owned and operated Company franchisees as defendants. Plaintiffs seek monetary damages as well as injunctive relief.

In March 2014, the United States District Court dismissed all claims against all franchisees other than Aspen Way Enterprises, LLC, dismissed claims for invasion of privacy, aiding and abetting, and conspiracy against all defendants, and denied plaintiffs' motion to certify a class action, but denied the Company's motion to dismiss the claims alleging ECPA violations. In April 2015, the United States Court of Appeals for the Third Circuit reversed the denial of class certification on the grounds stated by the District Court, and remanded the case back to the District Court for further consideration of that and the other elements necessary for class certification. On September 26, 2017, the District Court again denied plaintiffs' motion for class certification. Plaintiffs have filed a petition with the United States Court of Appeals for the Third Circuit for permission to appeal the denial of class certification. The Company is opposing this petition, and a decision remains pending. In March 2018, the District Court granted plaintiff's motion to reconsider the prior dismissal of the Wyoming invasion of privacy claim. That claim is now under evaluation for class certification. The Court also denied the Company's pending motion for summary judgment as moot, but the Company is free to re-file the motion at a future date.

In *Michael Winslow and Fonda Winslow v. Sultan Financial Corporation, Aaron's, Inc., John Does (1-10), Aaron's Franchisees and Designerware, LLC*, filed on March 5, 2013 in the Los Angeles Superior Court, plaintiffs assert claims against the Company and its independently owned and operated franchisee, Sultan Financial Corporation (as well as certain John Doe franchisees), for unauthorized wiretapping, eavesdropping, electronic stalking, and violation of California's Comprehensive Computer Data Access and Fraud Act and its Unfair Competition Law. Each of these claims arises out of the alleged use of PC Rental Agent software. The plaintiffs are seeking injunctive relief and damages as well as certification of a putative California class. In April 2013, the Company removed this matter to federal court. In May 2013, the Company filed a motion to stay this litigation pending resolution of the Byrd litigation, a motion to dismiss for failure to state a claim, and a motion to strike certain allegations in the complaint. The Court subsequently stayed the case. The Company's motions to dismiss and strike certain allegations remain pending. In June 2015, the plaintiffs filed a motion to lift the stay, which was denied in July 2015.

In *Lomi Price v. Aaron's, Inc. and NW Freedom Corporation*, filed on February 27, 2013, in the State Court of Fulton County, Georgia, an individual plaintiff asserts claims against the Company and its independently owned and operated

franchisee, NW Freedom Corporation, for invasion of privacy/intrusion on seclusion, computer invasion of privacy and infliction of emotional distress. Each of these claims arises out of the alleged use of PC Rental Agent software. The plaintiff is seeking compensatory and punitive damages. This case has been stayed pending resolution of the Byrd litigation.

Securities

In Re Aaron's Securities Litigation, f/k/a Arkansas Teacher Retirement System, et al (f/k/a Employees' Retirement System of the City of Baton Rouge) v. Aaron's, Inc., John W. Robinson, III, Ryan K. Woodley, and Gilbert L. Danielson, was filed on June 16, 2017, in the United States District Court for the Northern District of Georgia. The litigation relates to the temporary drop in Aaron's stock price following the Company's announcement of 2015 third quarter results. The complaint alleges that during the period from February 6, 2015 through October 29, 2015, Aaron's made misleading public statements about the Company's expected financial results and business prospects. The allegations underlying the lawsuit principally relate to the loss of certain data feeds experienced by Progressive Leasing beginning in February 2015 and the alleged failure to disclose the same in a timely manner, as well as certain software issues that allegedly hindered the identification of delinquent accounts during certain limited times in 2015. The Company filed a motion to dismiss the lawsuit on December 15, 2017. Oral argument on that motion was held on May 18, 2018 and a decision is pending. The Company believes the claims are without merit and intends to vigorously defend against this lawsuit.

Regulatory Inquiries

In July 2018, the Company received civil investigative demands ("CIDs") from the Federal Trade Commission (the "FTC"). The CIDs request the production of documents and answers to written questions to determine whether disclosures related to financial products offered by the Company through the Aaron's Business and Progressive Leasing are in violation of the Federal Trade Commission Act. Although we believe we are in compliance with the FTC Act, these inquiries could lead to an enforcement action and/or a consent order, and substantial costs, including legal fees, fines, penalties, and remediation expenses. The Company is fully cooperating with the FTC in responding to these inquiries.

Other Contingencies

The Company is a party to various claims and legal proceedings arising in the ordinary course of business. Management regularly assesses the Company's insurance deductibles, monitors the Company's litigation and regulatory exposure with the Company's attorneys and evaluates its loss experience. The Company also enters into various contracts in the normal course of business that may subject it to risk of financial loss if counterparties fail to perform their contractual obligations.

Off-Balance Sheet Risk

The Company, through its DAMI business, had unfunded lending commitments totaling \$348.9 million and \$354.5 million as of June 30, 2018 and December 31, 2017, respectively. These unfunded commitments arise in the ordinary course of business from credit card agreements with individual cardholders that give them the ability to borrow, against unused amounts, up to the maximum credit limit assigned to their account. While these unfunded amounts represent the total available unused lines of credit, the Company does not anticipate that all cardholders will utilize their entire available line at any given point in time. Commitments to extend unsecured credit are agreements to lend to a cardholder so long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The reserve for losses on unfunded loan commitments is calculated by the Company based on historical usage patterns of cardholders after the initial charge and was approximately \$0.7 million and \$0.6 million as of June 30, 2018 and December 31, 2017, respectively. The reserve for losses on unfunded loan commitments is included in accounts payable and accrued expenses in the condensed consolidated balance sheets.

See Note 9 to the consolidated financial statements in the 2017 Annual Report for further information.

NOTE 6. SEGMENTS

As of June 30, 2018, the Company has three operating and reportable segments: Progressive Leasing, Aaron's Business and DAMI.

Progressive Leasing is a leading virtual lease-to-own company that provides lease-purchase solutions on a variety of products, including furniture and bedding, consumer electronics, appliances and jewelry.

The Aaron's Business offers furniture, consumer electronics, home appliances and accessories to consumers primarily with a month-to-month, lease-to-own agreement with no credit needed through the Company's Aaron's-branded stores in the United States and Canada and e-commerce website. This operating segment also supports franchisees of its Aaron's stores. In addition, the Aaron's Business segment also includes the operations of Woodhaven Furniture Industries, which manufactures and supplies the majority of the upholstered furniture and bedding leased and sold in Company-operated and franchised stores.

AARON'S, INC AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

DAMI offers a variety of second-look financing programs originated through two third-party federally insured banks to customers of participating merchants and, together with Progressive Leasing, allows the Company to provide retail partners with below-prime customers one source for financing and leasing transactions.

Disaggregated Revenue

The following table presents revenue by source and by segment for the three months ended June 30, 2018:

(In Thousands)	Three Months Ended June 30, 2018			
	Progressive Leasing	Aaron's Business	DAMI	Total
Lease Revenues and Fees ¹	\$483,666	\$362,272	\$—	\$845,938
Retail Sales ²	—	6,592	—	6,592
Non-Retail Sales ²	—	53,661	—	53,661
Franchise Royalties and Fees ²	—	12,125	—	12,125
Interest and Fees on Loans Receivable ³	—	—	9,208	9,208
Other	—	335	—	335
Total	\$483,666	\$434,985	\$9,208	\$927,859

¹ Substantially all lease revenues and fees are within the scope of ASC 840, Leases. The Company had \$4.4 million of other revenue within the scope of ASC 606, Revenue from Contracts with Customers.

² Revenue within the scope of ASC 606, Revenue from Contracts with Customers. Of the Franchise Royalties and Fees, \$9.1 million is related to franchise royalty income that is recognized as the franchisee collects cash revenue from its customers. The remaining revenue is primarily related to fees collected for pre-opening services, which are being deferred and recognized as revenue over the agreement term, and advertising fees charged to franchisees. Retail and non-retail sales are recognized at the point of sale.

³ Revenue within the scope of ASC 310, Credit Card Interest & Fees.

The following table presents revenue by source and by segment for the three months ended June 30, 2017:

(In Thousands)	Three Months Ended June 30, 2017			
	Progressive Leasing	Aaron's Business	DAMI	Total
Lease Revenues and Fees ¹	\$373,499	\$344,590	\$—	\$718,089

Measurement of Segment Profit or Loss and Segment Assets

The Company evaluates performance and allocates resources based on revenue growth and pre-tax profit or loss from operations. Intersegment sales are completed at internally negotiated amounts. Since the intersegment profit affects inventory valuation, depreciation and cost of goods sold are adjusted when intersegment profit is eliminated in consolidation. The Company determines earnings (loss) before income taxes for all reportable segments in accordance with U.S. GAAP. Interest expense is allocated to the Progressive Leasing and DAMI segments based on a percentage of the outstanding balances of their intercompany borrowings and of the debt incurred when they were acquired. The following is a summary of earnings (loss) before income taxes by segment:

(In Thousands)	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2018	2017	2018	2017
Earnings (Loss) Before Income Taxes:				
Progressive Leasing	\$44,575	\$38,240	\$79,554	\$73,998
Aaron's Business ¹	7,697	21,450	40,776	70,080
DAMI	(2,292)	(2,695)	(3,598)	(4,460)
Total Earnings Before Income Taxes	\$49,980	\$56,995	\$116,732	\$139,618

¹ Earnings before income taxes for the Aaron's Business during the three months ended June 30, 2018 includes a full impairment of the PerfectHome investment of \$20.1 million. This charge is net of restructuring reversals of \$0.9 million related to reversals of previously recorded restructuring charges partially offset by charges related to Aaron's contractual lease obligations for closed stores.

The following is a summary of total assets by segment and shared corporate-related assets.

(In Thousands)	June 30,	December 31,
	2018	2017
Assets:		
Progressive Leasing	\$1,019,520	\$1,022,413
Aaron's Business ¹	1,253,427	1,261,234
DAMI	97,818	108,306
Other ²	248,185	300,311
Total Assets	\$2,618,950	\$2,692,264

¹ Includes inventory (principally raw materials and work-in-process) that has been classified within lease merchandise in the condensed consolidated balance sheets of \$15.9 million and \$16.3 million as of June 30, 2018 and December 31, 2017, respectively.

² Corporate-related assets that benefit multiple segments are reported as other assets.

 (Unaudited)

NOTE 7. RESTRUCTURING

2017 and 2016 Restructuring Programs

During the year ended December 31, 2017 and 2016, the Company initiated restructuring programs to rationalize its Company-operated Aaron's store base portfolio to better align with marketplace demand. The programs resulted in the closure and consolidation of 139 underperforming Company operated stores throughout 2016, 2017, and 2018. The Company also optimized its home office staff and field support, which resulted in a reduction in employee headcount in those areas to more closely align with current business conditions. As of June 30, 2018, the Company anticipates closing an additional seven stores during the remainder of 2018 associated with these programs.

Total net restructuring reversals of \$0.9 million and net charges of less than \$0.1 million were recorded for the three and six months ended June 30, 2018, all of which were incurred within the Aaron's Business segment. Restructuring activity for the three months ended June 30, 2018 was comprised of reversals of previously recorded restructuring charges, partially offset by charges related to Aaron's contractual lease obligations for closed stores and severance charges related to a realignment of the Company's home office organizational structure to more closely realign with current business conditions. These costs were included in restructuring (reversals) expenses in the condensed consolidated statements of earnings. The Company expects to incur approximately \$1.0 million of additional charges related to the programs, which are expected to be incurred during the remainder of 2018. This estimate is subject to change based on future changes in assumptions for the remaining minimum lease obligation for stores closed under the restructuring program, including changes related to sublease assumptions and potential earlier buyouts of leases with landlords.

The following table summarizes restructuring charges for the three and six months ended June 30, 2018 and 2017, respectively, under both plans:

(In Thousands)	Three Months		Six Months	
	Ended June 30, 2018	2017 ¹	Ended June 30, 2018	2017 ¹
Contractual Lease Obligations	\$207	\$11,841	\$926	\$11,318
Severance	87	1,144	601	1,590
Other Reversals	(1,176)	—	(1,176)	—
Gain on Sale of Closed Store Properties	—	—	(327)	—
Fixed Asset Impairment	—	460	—	864
Total Restructuring (Reversals) Expenses, Net	\$(882)	\$13,445	\$24	\$13,772

¹ Substantially all restructuring charges incurred during 2017 were incurred within the Aaron's Business segment. The Company also incurred restructuring charges of \$0.1 million and \$0.2 million during the three and six months ended June 30, 2017 within the DAMI segment related primarily to the segment's relocation efforts.

To date, the Company has incurred charges of \$38.3 million under the 2016 and 2017 restructuring programs.

The following table summarizes the balances of the accruals for the programs, which are recorded in accounts payable and accrued expenses in the condensed consolidated balance sheets, and the activity for the six months ended June 30, 2018:

(In Thousands)	Contractual Lease Obligations	Severance
Balance at January 1, 2018	\$ 12,437	\$ 2,303
Charges	—	601
Adjustments ¹	926	—
Restructuring Charges	926	601
Payments	(3,305)	(1,571)
Balance at June 30, 2018	\$ 10,058	\$ 1,333

¹ Adjustments relate to early buyouts of leases, changes in sublease assumptions and interest accretion.

AARON'S, INC AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 8. SUBSEQUENT EVENTS

Franchisee Acquisitions

During July 2018, the Company acquired 90 Aaron's-branded franchised stores operated by three franchisees for an aggregated price of approximately \$127 million. The acquisitions are expected to benefit the Company's omnichannel platform through added scale, strengthening its presence in certain geographic markets, and enhanced operational control to execute our business transformation initiatives.

The acquisitions will be accounted for as business combinations, and the results of operations of the acquired businesses will be included in the Company's results of operations from their respective acquisition dates during July 2018. The Company has not yet completed its initial accounting to fair value the acquired assets and liabilities assumed for these acquisitions.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Special Note Regarding Forward-Looking Information: Except for historical information contained herein, the matters set forth in this Form 10-Q are forward-looking statements. These statements are based on management's current expectations and plans, which involve risks and uncertainties. Such forward-looking statements generally can be identified by the use of forward-looking terminology such as "may," "will," "believe," "expect," "forecast," "guidance," "intend," "could," "project," "estimate," "anticipate," "should," and similar terminology. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the filing date of this Quarterly Report and which involve risks and uncertainties that may cause actual results to differ materially from those set forth in these statements. These risks and uncertainties include factors such as the impact of increased regulation, changes in general economic conditions, including consumer confidence and demand for certain merchandise, increased competition, pricing pressures, the impact of legal proceedings faced by the Company, costs relating to protecting customer privacy and information security more generally and a failure to realize the expected benefits of our restructuring plans and strategic initiatives, the execution and results of our operational strategies, risks related to Progressive Leasing's "virtual" lease-to-own business, deteriorations in the business performance of our franchisees and our franchisee relationships, and the other risks and uncertainties discussed under Item 1A, "Risk Factors," in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 (the "2017 Annual Report"). Except as required by law, the Company undertakes no obligation to update these forward-looking statements to reflect subsequent events or circumstances after the filing date of this Quarterly Report.

The following discussion should be read in conjunction with the condensed consolidated financial statements as of and for the three and six months ended June 30, 2018 and 2017, including the notes to those statements, appearing elsewhere in this report. We also suggest that management's discussion and analysis appearing in this report be read in conjunction with the management's discussion and analysis and consolidated financial statements included in our 2017 Annual Report.

Business Overview

Aaron's, Inc. ("we", "our", "us" or the "Company") is a leading omnichannel provider of lease-purchase solutions. As of June 30, 2018, the Company's operating segments are Progressive Leasing, Aaron's Business and DAMI. Progressive Leasing is a virtual lease-to-own company that provides lease-purchase solutions through more than 20,000 retail locations in 46 states and the District of Columbia. It does so by purchasing merchandise from third-party retailers desired by those retailers' customers and, in turn, leasing that merchandise to the customers through a cancellable lease-to-own transaction. Progressive Leasing consequently has no stores of its own, but rather offers lease-purchase solutions to the customers of traditional retailers.

Aaron's Business offers furniture, consumer electronics, home appliances and accessories to consumers primarily with a month-to-month, lease-to-own agreement with no credit needed through the Company's Aaron's stores in the United States and Canada and e-commerce website. This operating segment also supports franchisees of its Aaron's stores. In addition, the Aaron's Business segment also includes the operations of Woodhaven Furniture Industries, which manufactures and supplies the majority of the upholstered furniture and bedding leased and sold in Company-operated and franchised stores.

DAMI partners with merchants to provide a variety of revolving credit products originated through two third-party federally insured banks to customers that may not qualify for traditional prime lending (called "second-look" financing programs).

Business Environment and Company Outlook

Like many industries, the lease-to-own industry has been transformed by the internet and virtual marketplace. We believe the Progressive Leasing and DAMI acquisitions have been strategically transformational in this respect by allowing the Company to diversify its presence in the market and strengthen our business, as demonstrated by Progressive Leasing's significant revenue and profit growth in 2017 and through the first six months of 2018. The Company is also leveraging franchisee acquisition opportunities to expand into new geographic markets and benefit from synergies. We believe the traditional store-based lease-to-own industry has been negatively impacted in recent periods by: (i) increased competition from a wide range of competitors, including national, regional and local operators of lease-to-own stores; virtual lease-to-own companies; traditional and e-commerce retailers; and, indirectly, from various types of consumer finance companies that enable our customers to shop at traditional or online retailers; (ii) the challenges faced by many traditional "brick-and-mortar" retailers, with respect to a decrease in the number of consumers visiting those stores, especially younger consumers; (iii) the continuing economic challenges facing many traditional lease-to-own customers; and (iv) commoditization of pricing in consumer electronics. In response to these changing market conditions, we are executing a strategic plan that focuses on the following items and that we believe position us for success over the long-term:

- Improve Aaron's store profitability;
- Accelerate our omnichannel platform;
- Strengthen relationships of Progressive Leasing and DAMI's current retail and merchant partners;
- Focus on converting existing pipeline into Progressive Leasing retail partners; and
- Champion compliance.

In July 2017, the Company acquired substantially all of the assets of the store operations of its largest franchisee. At the time of acquisition, the store operations served approximately 90,000 customers through 104 Aaron's-branded stores in 11 states primarily in the Northeast. In addition to the acquisition of our largest franchisee, the Company also acquired the store operations of five franchisees during the six months ended June 30, 2018 and three franchisees during the year ended December 31, 2017. We believe the acquisitions of franchisees benefit our omnichannel platform through added scale, strengthen the Company's presence in certain geographic markets, and enhanced operational control to execute our business transformation initiatives.

We also have taken steps to address further the expense structure of our Aaron's Business by completing a thorough review of our remaining store base in order to identify opportunities for rationalization. As a result of this evaluation and other cost-reduction initiatives, the Company closed 139 underperforming Company-operated stores throughout 2016, 2017, and 2018. As of June 30, 2018, the Company anticipates closing an additional seven stores during the remainder of 2018 related to the previously announced restructuring programs. The Company also optimized its home office and field support staff, which resulted in a reduction in employee headcount in those areas, to more closely align with current business conditions.

Highlights

The following summarizes significant highlights from the three and six months ended June 30, 2018:

The Company reported revenues of \$927.9 million for the three months ended June 30, 2018 compared to \$815.6 million for the second quarter of 2017. Earnings before income taxes decreased to \$50.0 million compared to \$57.0 million during the second quarter of 2017.

Progressive Leasing achieved revenues of \$483.7 million in the second quarter of 2018, an increase of 29.5% over the second quarter of 2017. Progressive Leasing's revenue growth is due to a 24.7% increase in total invoice volume, which was partially generated through a 6.1% increase in active doors. Progressive Leasing's earnings before income taxes increased to \$44.6 million compared to \$38.2 million during the second quarter of 2017, due mainly to its higher revenue growth.

Aaron's Business revenues increased slightly to \$435.0 million for the second quarter of 2018, compared to \$433.6 million in the prior year. Aaron's Business lease revenue and fees increased due to the acquisition of our largest franchisee in July 2017, partially offset by a 1.8% decrease in same store sales in the second quarter of 2018, the restructuring activities to close and merge stores, and declines in non-retail sales to our franchisees. Earnings before income taxes decreased to \$7.7 million during the second quarter of 2018 compared to \$21.5 million in the prior year comparable period due primarily to the full impairment of the Company's investment in PerfectHome of \$20.1

million, as more fully discussed below.

31

The Company generated cash from operating activities of \$266.8 million for the six months ended June 30, 2018 compared to \$115.6 million for the comparable period in 2017. The increase in net cash from operating activities was impacted by net income tax refunds of \$68.2 million during the six months ended June 30, 2018, compared to net income tax payments of \$65.8 million in 2017.

The Company returned \$70.5 million to our shareholders for the six months ended June 30, 2018 through the repurchase of 1.6 million shares and the payment of our dividend, which we have paid for 31 consecutive years.

Invoice Volume. We believe that invoice volume is a key performance indicator of our Progressive Leasing segment. Invoice volume is defined as the retail price of lease merchandise acquired and then leased to customers during the period, net of returns. The following table presents total invoice volume for the Progressive Leasing segment:

For the Three Months Ended June 30 (Unaudited and In Thousands)	2018	2017
Progressive Leasing Invoice Volume	\$335,088	\$268,719

Active Doors. We also believe that active doors are a key performance indicator of our Progressive Leasing segment. Active doors are comprised of both (i) each retail store location where at least one virtual lease-to-own transaction has been completed during the trailing three month period; and (ii) with respect to an e-commerce merchant, each state where at least one virtual lease-to-own transaction has been completed through that e-commerce merchant during the trailing three month period.

The following table presents active doors for the Progressive Leasing segment:

Active Doors at June 30 (Unaudited)	2018	2017
Progressive Leasing Active Doors	20,309	19,148

Same Store Revenues. We believe that changes in same store revenues are a key performance indicator of Aaron's Business. For the three months ended June 30, 2018, we calculated this amount by comparing revenues for the three months ended June 30, 2018 to revenues for the comparable period in 2017 for all stores open for the entire 15 month period ended June 30, 2018, excluding stores that received lease agreements from other acquired, closed or merged stores. For the six months ended June 30, 2018, we calculated this amount by comparing revenues for the six months ended June 30, 2018 to revenues for the comparable period in 2017 for all stores open for the entire 24 month period ended June 30, 2018, excluding stores that received lease agreements from other acquired, closed or merged stores. Same store revenues declined 1.8% and 3.2% for the three and six months ended June 30, 2018, respectively.

Seasonality

Our revenue mix is moderately seasonal for both our Progressive Leasing and Aaron's Business segments. Adjusting for growth, the first quarter of each year generally has higher revenues than any other quarter. This is primarily due to realizing the full benefit of business that historically gradually increases in the fourth quarter as a result of the holiday season, as well as the receipt by our customers in the first quarter of federal and state income tax refunds. Our customers will more frequently exercise the early purchase option on their existing lease agreements or purchase merchandise off the showroom floor during the first quarter of the year. We expect these trends to continue in future periods. Due to the seasonality of our business, results for any quarter are not necessarily indicative of the results that may be achieved for a full fiscal year.

Key Components of Earnings Before Income Taxes

In this management's discussion and analysis section, we review our consolidated results. For the three and six months ended June 30, 2018 and the comparable prior year periods, some of the key revenue, cost and expense items that affected earnings before income taxes were as follows:

Revenues. We separate our total revenues into six components: (i) lease revenues and fees; (ii) retail sales; (iii) non-retail sales; (iv) franchise royalties and fees; (v) interest and fees on loans receivable; and (vi) other. Lease revenues and fees include all revenues derived from lease agreements at Company-operated stores and retail locations serviced by Progressive Leasing. Retail sales represent sales of both new and returned lease merchandise from our Company-operated stores. Non-retail sales primarily represent new merchandise sales to our franchisees. Franchise royalties and fees represent fees from the sale of franchise rights and royalty payments from franchisees, as well as other related income from our franchised stores. Interest and fees on loans receivable primarily represents merchant fees, finance charges and annual and other fees earned on loans originated since the DAMI acquisition, as well as the accretion of the discount on loans acquired in the acquisition. Other revenues primarily relate to revenues from leasing real estate properties to unrelated third parties, as well as other miscellaneous revenues.

Depreciation of Lease Merchandise. Depreciation of lease merchandise primarily reflects the expense associated with depreciating merchandise held for lease and leased to customers by Progressive Leasing and our Company-operated Aaron's stores.

Retail Cost of Sales. Retail cost of sales represents the depreciated cost of merchandise sold through our Company-operated stores.

Non-Retail Cost of Sales. Non-retail cost of sales primarily represents the cost of merchandise sold to our franchisees.

Operating Expenses. Operating expenses include personnel costs, occupancy costs, store maintenance, provision for lease merchandise write-offs, bad debt expense, shipping and handling, advertising and marketing, software licensing expense, third-party consulting expense, intangible asset amortization expense, and the provision for loan losses, among other expenses.

Restructuring (Reversals) Expenses, Net. Restructuring expenses primarily represent the cost of optimization efforts and cost reduction initiatives related to the Aaron's Business, home office and field support functions. Restructuring (reversals) charges, net are comprised principally of closed store contractual lease obligations, the write-off and impairment of store property, plant and equipment and workforce reductions, and reversals of previously recorded restructuring charges.

Other Operating Income, Net. Other operating income, net consists of gains or losses on sales of Company-operated stores and delivery vehicles, fair value adjustments on assets held for sale and gains or losses on other transactions involving property, plant and equipment.

Interest Expense. Interest expense consists of interest incurred on fixed and variable rate debt.

Impairment of Investment. Impairment of investment consists of an other-than-temporary loss to fully impair the Company's investment in PerfectHome.

Other Non-Operating (Expense) Income, Net. Other non-operating (expense) income, net includes the impact of foreign currency remeasurement, as well as gains resulting from changes in the cash surrender value of Company-owned life insurance related to the Company's deferred compensation plan.

Results of Operations – Three months ended June 30, 2018 and 2017

(In Thousands)	Three Months Ended		Change	
	June 30, 2018	2017	\$	%
REVENUES:

nmf—Calculation is not meaningful

Revenues

Information about our revenues by reportable segment is as follows:

(In Thousands)	Three Months		Change	
	Ended June 30, 2018	2017	\$	%
REVENUES:				
Progressive Leasing ¹	\$483,666	\$373,499	\$110,167	29.5 %
Aaron's Business ²	434,985	433,613	1,372	0.3
DAMI ³	9,208	8,532	676	7.9
Total Revenues from External Customers	\$927,859	\$815,644	\$112,215	13.8 %

¹ Segment revenue principally consists of lease revenues and fees.

² Segment revenue principally consists of lease revenues and fees, retail sales, non-retail sales and franchise royalties and fees.

³ Segment revenue consists of interest and fees on loans receivable, and excludes the effect of interest expense.

Refer to Note 6 to our condensed consolidated financial statements for additional disaggregated revenue by segment disclosures.

Progressive Leasing. Progressive Leasing segment revenues increased primarily due to a 24.7% increase in total invoice volume, which was driven by an increase in invoice volume per active door and a 6.1% growth in active doors.

Aaron's Business. Aaron's Business segment revenues increased \$1.4 million primarily due to the net addition of 24 Company-operated stores during the 15 month period ended June 30, 2018, which led to a \$17.7 million increase in lease revenues and fees for the three months ended June 30, 2018. This was offset by a \$15.9 million decrease in non-retail sales due to the net reduction of 158 franchised stores resulting primarily from the Company's acquisition of various franchisees during the 15 month period ended June 30, 2018 and decreasing demand for product by franchisees. The acquisitions of various franchisees during 2017 and 2018 impacted Aaron's Business in the form of an increase in lease revenue and fees, partially offset by lower non-retail sales and franchise royalties and fees during the three months ended June 30, 2018 compared to the same period in the prior year.

DAMI. DAMI segment revenues increased due to higher interest and fee revenue recognized as a result of the growth of DAMI's post-acquisition loan portfolio subsequent to the October 15, 2015 DAMI acquisition. The balance of outstanding loans originated since the acquisition was approximately \$88.9 million as of June 30, 2018 compared to \$77.3 million as of June 30, 2017.

Operating Expenses

Information about certain significant components of operating expenses is as follows:

	Three Months		Change	
	Ended	Ended		
(In Thousands)	June 30,	June 30,	\$	%
Personnel Costs	2018	2017	\$ 17,485	12.0 %
Occupancy Costs	\$163,402	\$145,917	5,196	10.7
Provision for Lease Merchandise Write-Offs	53,703	48,507	13,802	41.6
Bad Debt Expense	46,950	33,148	14,050	39.0
Shipping and Handling	50,109	36,059	2,975	19.0
Advertising	18,659	15,684	(4,176)	(41.1)
Provision for Loan Losses	5,984	10,160	(339)	(6.3)
Other Operating Expenses	5,048	5,387	8,796	24.6
Operating Expenses	44,482	35,686	\$57,789	17.5 %

As a percentage of total revenues, operating expenses increased to 41.9% in 2018 from 40.5% in the same period in 2017.

Personnel costs increased by \$10.3 million in our Aaron's Business segment and \$6.3 million at our Progressive Leasing segment. The increase in personnel costs is primarily the result of hiring to support both Aaron's Business strategic operating and business improvement initiatives and the growth of Progressive Leasing, increased labor cost in the Aaron's Company-operated stores due to the acquisitions of 124 franchised stores during 2017 and the six months ended June 30, 2018, partially offset by the closure and merger of underperforming stores and a reduction of home office and field support staff from our Aaron's Business restructuring programs in 2017 and 2018.

Occupancy costs increased primarily due to higher store maintenance expenses and the acquisition of franchisee stores, partially offset by the closure of underperforming stores as part of our restructuring actions.

The provision for lease merchandise write-offs increased during the three months ended June 30, 2018 primarily due to Progressive Leasing's revenue growth. The provision for lease merchandise write-offs as a percentage of lease revenues for the Progressive Leasing segment increased to 6.7% in 2018 from 5.5% in 2017 due to an expected shift in Progressive Leasing's portfolio mix. The provision for lease merchandise write-offs as a percentage of lease revenues for the Aaron's Business increased to 4.0% in 2018 from 3.6% in 2017.

Bad debt expense increased due to the increase in invoice volume from Progressive Leasing as discussed above.

Progressive Leasing's bad debt expense as a percentage of Progressive Leasing's revenues increased to 10.3% in 2018 compared to 9.7% in 2017 due primarily to an expected shift in Progressive Leasing's portfolio mix.

Shipping and handling expense increased due to a supply shortage of trucking labor in relation to marketplace demand and higher fuel costs.

Advertising expense decreased during the three months ended June 30, 2018 primarily due to cooperative advertising consideration from vendors which represents reimbursement of specific, identifiable and incremental costs incurred in selling those vendors' products. This was partially offset by higher advertising spending during 2018 compared to the

prior year period.

Other expenses increased due to higher third-party consulting costs, including \$1.5 million of legal and other expenses associated with the Company's investment in and the insolvency of PerfectHome, higher software licensing expense, and higher intangible amortization expense.

35

Other Costs and Expenses

Depreciation of lease merchandise. As a percentage of total lease revenues and fees, depreciation of lease merchandise increased to 49.1% from 48.1% in the prior year period, primarily due to a shift in lease merchandise mix from the Aaron's Business to Progressive Leasing, which is consistent with the increasing proportion of Progressive Leasing's revenue to total lease revenue. Progressive Leasing generally experiences higher depreciation as a percentage of lease revenues because, among other factors, its merchandise has a shorter average life on lease, a higher rate of early buyouts, and the merchandise is generally purchased at retail prices compared to the Aaron's Business, which procures merchandise at wholesale prices. Progressive Leasing's depreciation of lease merchandise as a percentage of Progressive Leasing's lease revenues and fees increased to 61.1% in 2018 from 60.5% in the prior year period due to an increase in revenue from early buyouts, which has a lower margin, quarter over quarter. Aaron's Business depreciation of lease merchandise as a percentage of Aaron's Business lease revenues and fees decreased to 33.1% in 2018 from 34.7% in the prior year, which was primarily driven by changes in merchandising and pricing strategies in 2018 compared to the prior year period.

Retail cost of sales. Retail cost of sales as a percentage of retail sales decreased to 63.0% from 64.5% primarily due to lower inventory purchase cost.

Non-retail cost of sales. Non-retail cost of sales as a percentage of non-retail sales decreased to 87.7% from 88.8% primarily due to lower inventory purchase cost during 2018 as compared to 2017.

Restructuring (Reversals) Expenses, Net. The Company's restructuring actions relate to announced closure and consolidation of underperforming Company-operated Aaron's stores and workforce reductions in our home office and field support operations in prior periods. The Company recognized a net restructuring reversal of previously recorded charges of \$0.9 million during the three months ended June 30, 2018, which is comprised of \$1.2 million related to reversals of previously recorded restructuring charges, partially offset by charges of \$0.2 million related to changes in estimates to the Aaron's store contractual lease obligations for closed stores and charges of \$0.1 million related to a realignment of the Company's home office organizational structure to more closely realign with current business conditions.

Other Operating Income, Net

Information about the components of other operating income, net is as follows:

(In Thousands)	Three Months Ended		Change	
	2018	2017	\$	%
Losses (gains) on sales of stores and customer agreements	\$26	\$(21)	\$47	nmf
Net gains on sales of delivery vehicles	(311)	(387)	76	19.6
Impairment charges and net losses (gains) on asset dispositions and assets held for sale	120	(103)	223	nmf
Other operating income, net	\$(165)	\$(511)	\$346	67.7%
nmf—Calculation is not meaningful				
Operating Profit				

Interest income. Interest income decreased to \$0.2 million in 2018 from \$0.4 million in 2017.

Interest expense. Interest expense decreased to \$3.8 million in 2018 from \$5.6 million in 2017 due primarily to a lower outstanding debt balance during the three months ended June 30, 2018.

Impairment of investment. During the three months ended June 30, 2018, the Company recorded an other-than-temporary loss of \$20.1 million within the Aaron's Business segment to impair its remaining outstanding investment in PerfectHome. During the three months ended June 30, 2018, PerfectHome's liquidity deteriorated significantly due to continuing operating losses and the senior lender's decision to no longer provide additional funding under a secured revolving debt agreement resulting from PerfectHome's default of certain covenants. Additionally, the senior lender notified PerfectHome in May 2018 of its intent to exercise remedies available under its credit documentation, which included the right to call its outstanding debt. Furthermore, during the three months ended June 30, 2018, the U.K. governing authority for rent-to-own companies, the Financial Conduct Authority, proposed new regulatory measures which could adversely affect PerfectHome's business. In July 2018, PerfectHome entered into the U.K.'s insolvency process and was subsequently acquired by the senior lender. The Company believes

it will not receive any further payments on its subordinated secured Notes.

36

Other non-operating (expense) income. Other non-operating (expense) income includes the impact of foreign currency remeasurement, as well as gains or losses resulting from changes in the cash surrender value of Company-owned life insurance related to the Company's deferred compensation plan. Included in other non-operating income, net were foreign exchange remeasurement losses of \$0.4 million and gains of \$0.8 million during the three months ended June 30, 2018 and 2017, respectively. These net losses and gains result from changes in the value of the U.S. dollar against the British pound and Canadian dollar. Gains related to the changes in the cash surrender value of Company-owned life insurance were \$0.2 million and \$0.3 million during the three months ended June 30, 2018 and 2017, respectively.

Earnings Before Income Taxes

Information about our earnings (loss) before income taxes by reportable segment is as follows:

(In Thousands)	Three Months		Change	
	Ended June 30, 2018	2017	\$	%
EARNINGS (LOSS) BEFORE INCOME TAXES:				
Progressive Leasing	\$44,575	\$38,240	\$6,335	16.6 %
Aaron's Business	7,697	21,450	(13,753)	(64.1)
DAMI	(2,292)	(2,695)	403	15.0
Total Earnings Before Income Taxes	\$49,980	\$56,995	\$(7,015)	(12.3)%

The factors impacting the change in earnings before income taxes are discussed above.

Income Tax Expense

Income tax expense decreased to \$11.5 million for the three months ended June 30, 2018 compared to \$20.7 million in the prior year comparable period due to a decrease in the effective tax rate to 23.0% in 2018 from 36.2% in 2017. The decrease in the effective tax rate is primarily the result of the Tax Act, which was signed into law on December 22, 2017. The Tax Act, among other things, (i) lowered the U.S. corporate income tax rate from 35% to 21% effective January 1, 2018; (ii) provided for 100% expense deduction of certain qualified depreciable assets, including lease merchandise inventory, purchased after September 27, 2017 (but would be phased down starting in 2023); and (iii) failed to extend the manufacturing deduction that expired in 2017 under the terms of previous tax law. Separately, our effective tax rate was reduced as a result of the recognition of higher excess tax benefits related to stock compensation activity during the three months ended June 30, 2018 as compared to the prior year.

Results of Operations – Six months ended June 30, 2018 and 2017

Revenues

Information about our revenues by reportable segment is as follows:

(In Thousands)	Six Months Ended		Change	
	June 30, 2018	2017	\$	%
REVENUES:				
Progressive Leasing ¹	\$970,183	\$739,614	\$230,569	31.2 %
Aaron's Business ²	893,735	903,851	(10,116)	(1.1)
DAMI ³	18,750	16,733	2,017	12.1
Total Revenues from External Customers	\$1,882,668	\$1,660,198	\$222,470	13.4 %

¹ Segment revenue consists of lease revenues and fees.

² Segment revenue principally consists of lease revenues and fees, retail sales, non-retail sales and franchise royalties and fees.

³ Segment revenue consists of interest and fees on loans receivable, and excludes the effect of interest expense.

Refer to Note 6 to our condensed consolidated financial statements for additional disaggregated revenue by segment disclosures.

Progressive Leasing. Progressive Leasing segment revenues increased primarily due to an increase in total invoice volume, which was driven by an increase in invoice volume per active door and the growth in active doors.

Aaron's Business. Aaron's Business segment revenues decreased primarily due to a \$32.0 million decrease in non-retail sales, partially offset by a \$23.7 million increase in lease revenues and fees. The decrease in non-retail sales was mainly due to the net reduction of 192 franchised stores resulting primarily from the Company's acquisition of various franchisees and decreasing demand for product by franchisees during the 24-month period ended June 30, 2018. Lease revenues and fees increased due to the acquisition of various franchisees during 2017 and the first six months of 2018, partially offset by the closure of underperforming stores as part of the Company's restructuring actions.

DAMI. DAMI segment revenues increased due to higher interest and fee revenue recognized as a result of the growth of DAMI's post-acquisition loan portfolio subsequent to the October 15, 2015 DAMI acquisition. The balance of loans originated since the acquisition was approximately \$88.9 million as of June 30, 2018 compared to \$77.3 million as of June 30, 2017.

Operating Expenses

Information about certain significant components of operating expenses is as follows:

(In Thousands)	Six Months Ended		Change	
	June 30,	June 30,	\$	%
Personnel Costs	2018	2017		
	\$333,614	\$296,891	\$36,723	12.4 %
Occupancy Costs	107,920	96,875	11,045	11.4
Provision for Lease Merchandise Write-Offs	91,420	63,938	27,482	43.0
Bad Debt Expense	96,651	68,044	28,607	42.0
Shipping and Handling	37,093	32,708	4,385	13.4
Advertising	16,383	20,317	(3,934)	(19.4)
Provision for Loan Losses	9,540	9,130	410	4.5
Other Operating Expenses	85,948	71,470	14,478	20.3
Operating Expenses	\$778,569	\$659,373	\$119,196	18.1 %

As a percentage of total revenues, operating expenses increased to 41.4% in the six months ended June 30, 2018 from 39.7% in the same period in 2017.

Personnel costs increased by \$20.0 million in our Aaron's Business segment and \$15.7 million at our Progressive Leasing segment. The increase in personnel costs during the six months ended June 30, 2018 is primarily the result of hiring to support both Aaron's Business strategic operating and business improvement initiatives, the growth of Progressive Leasing, increased labor cost in the Aaron's Company operated stores due to the acquisitions of 124 franchised stores during 2017 and the six months ended June 30, 2018 and higher stock-based compensation expense, partially offset by the closure and merger of underperforming stores and a reduction of home office and field support staff from our Aaron's Business restructuring programs in 2017 and 2018.

Occupancy costs increased primarily due to higher store maintenance expenses and the acquisition of franchisee stores, partially offset by the closure of underperforming stores as part of our restructuring actions.

The provision for lease merchandise write-offs increased during the six months ended June 30, 2018 due primarily to Progressive Leasing's revenue growth. The provision for lease merchandise write-offs as a percentage of lease revenues for the Progressive Leasing segment increased to 6.4% in 2018 compared to 5.1% in the same period in 2017 due to an expected shift in Progressive Leasing's portfolio mix. The provision for lease merchandise write-offs as a percentage of lease revenues for the Aaron's Business increased to 3.9% in 2018 compared to 3.6% in the same period in 2017.

Bad debt expense increased due to the increase in invoice volume from Progressive Leasing as discussed above. Progressive Leasing's bad debt expense as a percentage of Progressive Leasing's revenues increased to 10.0% in 2018 compared to 9.2% in the same period in 2017 due primarily to an expected shift in Progressive Leasing's portfolio mix.

Shipping and handling expense increased due to a supply shortage of trucking labor in relation to marketplace demand and higher fuel costs.

Advertising expense decreased during the six months ended June 30, 2018 primarily due to cooperative advertising consideration from vendors which represents reimbursement of specific, identifiable and incremental costs incurred in

selling those vendors' products. This was partially offset by higher advertising spending during 2018 compared to the prior period.

Other operating expenses increased due to higher third-party consulting costs, including \$1.5 million of legal and other expenses associated with the Company's investment in and the insolvency of PerfectHome, higher software licensing expense, and higher intangible amortization expense.

Other Costs and Expenses

Depreciation of lease merchandise. As a percentage of total lease revenues and fees, depreciation of lease merchandise increased to 49.8% from 48.4% in the prior year period, primarily due to a shift in lease merchandise mix from the Aaron's Business to Progressive Leasing, which is consistent with the increasing proportion of Progressive Leasing's revenue to total lease revenue. Progressive Leasing generally experiences higher depreciation as a percentage of lease revenues because, among other factors, its merchandise has a shorter average life on lease, a higher rate of early buyouts, and the merchandise is generally purchased at retail prices compared to the Aaron's Business, which procures merchandise at wholesale prices. Progressive Leasing's depreciation of lease merchandise as a percentage of Progressive Leasing's lease revenues and fees increased to 62.5% in 2018 from 61.6% in the prior year due to an increase in revenue from early buyouts, which has a lower margin, year over year. Aaron's Business depreciation of lease merchandise as a percentage of Aaron's Business lease revenues and fees decreased to 33.4% in 2018 from 34.9% in the prior year, which was primarily driven by changes in merchandising and pricing strategies in 2018 compared to the prior year period.

Retail cost of sales. Retail cost of sales as a percentage of retail sales increased to 65.0% from 62.7% primarily due to an unfavorable revenue mix shift from higher-margin to lower-margin retail sales.

Non-retail cost of sales. Non-retail cost of sales as a percentage of non-retail sales remained consistent at approximately 89% for both periods.

Restructuring (Reversals) Expenses, Net. In connection with the announced closure and consolidation of underperforming Company-operated Aaron's stores and workforce reductions in our home office and field support operations, net charges of less than \$0.1 million were incurred during the six months ended June 30, 2018. The charges are primarily comprised of \$0.9 million related to additional charges for changes in estimates to the Aaron's store contractual lease obligations for closed stores and \$0.6 million related to workforce reductions, offset by \$1.2 million related to reversals of previously recorded restructuring charges and gains of \$0.3 million recognized from the sale of the associated properties of stores closed under the restructuring program.

Other Operating Income, Net

Information about the components of other operating income, net is as follows:

(In Thousands)	Six Months		Change	
	Ended	June 30,	\$	%
Net gains on sales of stores	2018	2017		
	\$(46)	\$(377)	\$331	87.8 %
Net gains on sales of delivery vehicles	(445)	(792)	347	43.8
Impairment charges and net losses on asset dispositions and assets held for sale	243	97	146	150.5
Other operating income, net	\$(248)	\$(1,072)	\$824	76.9 %
Operating Profit				

Interest income. Interest income decreased to \$0.4 million during the six months ended June 30, 2018 from \$1.4 million for the comparable period in 2017 due to the discontinuation of accruing interest income related to the PerfectHome notes effective April 1, 2017.

Interest expense. Interest expense decreased to \$8.1 million for the six months ended June 30, 2018 from \$11.4 million in 2017 due primarily to a lower outstanding debt balance during the six months ended June 30, 2018.

Impairment of investment. During the three months ended June 30, 2018, the Company recorded an other-than-temporary loss of \$20.1 million to impair its remaining outstanding investment in PerfectHome as discussed above.

Other non-operating income, net. Other non-operating income, net includes the impact of foreign currency remeasurement, as well as gains resulting from changes in the cash surrender value of Company-owned life insurance related to the Company's deferred compensation plan. Included in other non-operating income, net were foreign exchange remeasurement gains of \$0.2 million and \$1.2 million during the six months ended June 30, 2018 and 2017, respectively. These net gains result from changes in the value of the U.S. dollar against the British pound and Canadian dollar. Gains related to the changes in the cash surrender value of Company-owned life insurance were \$0.4 million and \$0.9 million during the six months ended June 30, 2018 and 2017, respectively.

Earnings Before Income Taxes

Information about our earnings (loss) before income taxes by reportable segment is as follows:

(In Thousands)	Six Months Ended		Change	
	June 30, 2018	2017	\$	%
EARNINGS (LOSS) BEFORE INCOME TAXES:				
Progressive Leasing	\$79,554	\$73,998	\$5,556	7.5 %
Aaron's Business	40,776	70,080	(29,304)	(41.8)
DAMI	(3,598)	(4,460)	862	19.3
Total Earnings Before Income Taxes	\$116,732	\$139,618	\$(22,886)	(16.4)%

The factors impacting the change in earnings before income taxes are discussed above.

Income Tax Expense

Income tax expense decreased to \$26.0 million for the six months ended June 30, 2018 compared to \$50.0 million for the same period in 2017 due to lower pretax income as well as a decrease in the effective tax rate to 22.3% in 2018 from 35.8% in 2017. The decrease in the effective tax rate is primarily the result of the Tax Act, which was signed into law on December 22, 2017. The Tax Act, among other things, (i) lowered the U.S. corporate income tax rate from 35% to 21% effective January 1, 2018; (ii) provided for 100% expense deduction of certain qualified depreciable assets, including lease merchandise inventory, purchased after September 27, 2017 (but would be phased down starting in 2023); and (iii) failed to extend the manufacturing deduction that expired in 2017 under the terms of previous tax law. Separately, our effective tax rate was reduced as a result of the recognition of higher excess tax benefits related to stock compensation activity during the six months ended June 30, 2018 as compared to the prior year period.

Overview of Financial Position

The major changes in the condensed consolidated balance sheet from December 31, 2017 to June 30, 2018 include: Cash and cash equivalents increased \$43.3 million to \$94.3 million at June 30, 2018. For additional information, refer to the "Liquidity and Capital Resources" section below.

Investments declined due to the full impairment of the PerfectHome Notes as discussed above.

Income tax receivable decreased \$54.2 million due primarily to income tax refunds, net of tax payments.

Debt decreased \$95.9 million due primarily to scheduled repayments of \$95.0 million on the Company's senior unsecured notes and term loan, including repayment of the remaining \$25.0 million outstanding under its 3.95% senior unsecured notes.

Refer to "Liquidity and Capital Resources" below for further details regarding the Company's financing arrangements.

Liquidity and Capital Resources

General

Our primary capital requirements consist of buying merchandise for the operations of Progressive Leasing and the Aaron's Business. As we continue to grow, the need for additional lease merchandise is expected to remain our major capital requirement. Other capital requirements include (i) purchases of property, plant and equipment; (ii) expenditures for acquisitions; (iii) expenditures related to our corporate operating activities; (iv) personnel expenditures; (v) income tax payments; (vi) funding of loan receivables for DAMI; and (vii) servicing our outstanding debt obligations. The Company has also historically paid quarterly cash dividends and periodically repurchases stock. Our capital requirements have been financed through:

cash flows from operations;

private debt offerings;

bank debt; and

stock offerings.

As of June 30, 2018, the Company had \$94.3 million of cash and \$389.0 million of availability under its revolving credit facility.

Cash Provided by Operating Activities

Cash provided by operating activities was \$266.8 million and \$115.6 million during the six months ended June 30, 2018 and 2017, respectively. The \$151.2 million increase in operating cash flows was primarily driven by net tax refunds of \$68.2 million during the six months ended June 30, 2018 compared to net tax payments of \$65.8 million paid during the six months ended June 30, 2017. The Tax Act changed previous tax laws by providing for 100% expense deduction of the Company's lease merchandise inventory purchased by the Company after September 27, 2017. As a result of the provisions in the Tax Act not being enacted until December 22, 2017, the Company made more than the required estimated federal tax liability payments in 2017 and therefore qualified for and received a refund related to 2017 income tax payments during the six months ended June 30, 2018. Other changes in cash provided by operating activities are discussed above in our discussion of results for the six months ended June 30, 2018.

Cash Used in Investing Activities

Cash used in investing activities was \$43.5 million and \$25.6 million during the six months ended June 30, 2018 and 2017, respectively. The \$17.9 million increase in investing cash outflows was primarily due to (i) \$13.5 million additional outflows as a result of the acquisition of businesses and customer agreements; (ii) \$6.0 million of additional outflows related to the purchase of property, plant and equipment; and (iii) \$2.9 million lower proceeds from the sale of property, plant and equipment, partially offset by \$4.4 million lower net cash outflows on investments in DAMI loans receivable during the six months ended June 30, 2018 as compared to the same period in 2017.

During July 2018, the Company acquired 90 Aaron's-branded franchised stores operated by three franchisees for an aggregated price of approximately \$127 million. The Company used cash on hand and availability under our revolving credit facility to fund the acquisitions.

Cash Used in Financing Activities

Cash used in financing activities was \$179.9 million and \$138.2 million during the six months ended June 30, 2018 and 2017, respectively. The \$41.7 million increase in financing cash outflows was primarily due to (i) a \$34.1 million increase in Company repurchases of outstanding common stock in 2018 compared to 2017; and (ii) an \$11.6 million increase in cash payments to tax authorities for shares withheld from employees as part of our long-term incentive program during the six months ended June 30, 2018, partially offset by an \$8.1 million decrease in repayments of debt compared to the six months ended June 30, 2017.

Share Repurchases

We purchase our stock in the market from time to time as authorized by our Board of Directors. During the six months ended June 30, 2018, the Company purchased approximately 1,625,000 shares for \$68.4 million. As of June 30, 2018, we have the authority to purchase additional shares up to our remaining authorization limit of \$431.6 million.

Dividends

We have a consistent history of paying dividends, having paid dividends for 31 consecutive years. At its November 2017 meeting, our board of directors increased the quarterly dividend to \$0.030 per share from \$0.0275 per share.

Aggregate dividend payments for the six months ended June 30, 2018 were \$2.1 million.

Subject to sufficient operating profits, any future capital needs and other contingencies, we currently expect to continue our policy of paying quarterly cash dividends.

Debt Financing

As of June 30, 2018, \$87.5 million in term loans were outstanding under the term loan and revolving credit agreement that matures on September 18, 2022. The total available credit under our revolving credit facility as of June 30, 2018 was \$389.0 million. The revolving credit and term loan agreement includes an uncommitted incremental facility increase option (an "accordion facility") which, subject to certain terms and conditions, permits the Company at any time prior to the maturity date to request an increase in extensions of credit available thereunder by an aggregate additional principal amount of up to \$250.0 million.

As of June 30, 2018, the Company had outstanding \$180.0 million in aggregate principal amount of senior unsecured notes issued in a private placement in connection with the April 14, 2014 Progressive Leasing acquisition. The notes bear interest at the rate of 4.75% per year and mature on April 14, 2021. Quarterly payments of interest commenced July 14, 2014, and annual principal payments of \$60.0 million each commenced April 14, 2017. During the three months ended June 30, 2018, the Company repaid the remaining \$25.0 million outstanding under its 3.95% senior unsecured notes originally issued in a private placement in July 2011.

Our revolving credit and term loan agreement contains financial covenants, which include requirements that the Company maintain ratios of (i) adjusted EBITDA plus lease expense to fixed charges of no less than 2.50:1.00 and (ii) total debt to adjusted EBITDA of no greater than 3.00:1.00. In each case, adjusted EBITDA refers to the Company's consolidated net income before interest income and tax expense, depreciation (other than lease merchandise depreciation), amortization expense, and other cash and non-cash charges. If we fail to comply with these covenants, we will be in default under these agreements, and all amounts could become due immediately. We are in compliance with all of these covenants at June 30, 2018 and believe that we will continue to be in compliance in the future.

Commitments

Income Taxes

During the six months ended June 30, 2018, we received net tax refunds of \$68.2 million. Within the next six months, we anticipate we will make no cash payments for U.S. federal income taxes and an estimated \$8.0 million for state and Canadian income taxes.

The Tax Act, which was enacted in December 2017, provides for 100% expense deduction of certain qualified depreciable assets, including lease merchandise inventory, purchased by the Company after September 27, 2017 (but would be phased down starting in 2023). Because of our sales and lease ownership model, in which the Company remains the owner of merchandise on lease, we benefit more from bonus depreciation, relatively, than traditional furniture, electronics and appliance retailers. The Company made periodic tax payments throughout 2017 based on the tax laws in effect at that time. As a result of the Tax Act, the Company applied for and received, during the three months ended March 31, 2018, a \$77 million refund from the Internal Revenue Service (the "IRS") for the 2017 tax year.

We estimate the tax deferral associated with bonus depreciation from the Tax Act and the prior tax legislation is approximately \$168.0 million as of December 31, 2017, of which approximately 88% is expected to reverse in 2018 and most of the remainder during 2019. These amounts exclude bonus depreciation the Company will receive on qualifying expenditures after December 31, 2017.

Leases

The Company leases various properties and other assets in the normal course of business, including certain properties under capital leases with related parties. Our lease agreements are more fully described in Note 7 to the consolidated financial statements in the 2017 Annual Report.

Franchise Loan Guarantee

We have guaranteed the borrowings of certain independent franchisees under a franchise loan agreement with several banks, which has a maturity date of October 24, 2018.

The maximum facility commitment amount under the franchisee loan program is \$85.0 million. At June 30, 2018, the total amount that we might be obligated to repay in the event franchisees defaulted was \$43.0 million. However, due to franchisee borrowing limits, we believe any losses associated with defaults would be substantially mitigated through recovery of lease merchandise and other assets. Since the inception of the franchise loan program in 1994, we have had no significant associated losses. We believe the likelihood that the Company would fund any significant amounts in connection with these commitments to be remote.

Contractual Obligations and Commitments

As part of our ongoing operations, we enter into various arrangements that obligate us to make future payments, including debt agreements, operating leases, and other purchase obligations. The future cash commitments owed under these arrangements generally fluctuate in the normal course of business as we, for example, borrow on or pay down our revolving lines of credit, make scheduled payments on other debt, leases or purchase obligations and renegotiate arrangements or enter into new arrangements. Nonetheless, as of June 30, 2018, there were no material changes outside the normal course of business in our material cash commitments and contractual obligations from those reported in our Annual Report on Form 10-K for the year ended December 31, 2017.

Unfunded Lending Commitments

The Company, through its DAMI business, has unfunded lending commitments totaling approximately \$348.9 million and \$354.5 million as of June 30, 2018 and December 31, 2017, respectively, that do not give rise to revenues and cash flows. These unfunded commitments arise in the ordinary course of business from credit card agreements with individual cardholders that give them the ability to borrow, against unused amounts, up to the maximum credit limit assigned to their account. While these unfunded amounts represented the total available unused lines of credit, the Company does not anticipate that all cardholders will utilize their entire available line at any given point in time. Commitments to extend unsecured credit are agreements to lend to a cardholder so long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The reserve for losses on unfunded loan commitments, which is included in accounts payable and accrued expenses in the condensed consolidated balance sheets, is calculated by the

Company based on historical customer usage of available credit and is approximately \$0.7 million and \$0.6 million as of June 30, 2018 and December 31, 2017, respectively.

Critical Accounting Policies

Refer to the 2017 Annual Report.

Recent Accounting Pronouncements

Refer to Note 1 to the condensed consolidated financial statements for a discussion of recently issued accounting pronouncements, including pronouncements that were adopted in the current year.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For quantitative and qualitative disclosures about market risk, see Item 7A, "Quantitative and Qualitative Disclosures About Market Risk," of our Annual Report on Form 10-K for the year ended December 31, 2017. Our exposures to market risk have not changed materially since December 31, 2017.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures.

An evaluation of the Company's disclosure controls and procedures, as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended, was carried out by management, with the participation of the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), as of the end of the period covered by this Quarterly Report on Form 10-Q.

This evaluation is performed to determine if our disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act of 1934, as amended, is accumulated and communicated to management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosures and are effective to provide reasonable assurance that such information is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms. No system of controls, no matter how well designed and operated, can provide absolute assurance that the objectives of the system of controls are met, and no evaluation of controls can provide absolute assurance that the system of controls has operated effectively in all cases. Our disclosure controls and procedures, however, are designed to provide reasonable assurance that the objectives of disclosure controls and procedures are met.

Based on management's evaluation, the CEO and CFO concluded that the Company's disclosure controls and procedures were effective as of the date of the evaluation to provide reasonable assurance that the objectives of disclosure controls and procedures are met.

Changes in Internal Control Over Financial Reporting.

There were no changes in the Company's internal control over financial reporting, as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934, during the six months ended June 30, 2018 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we are party to various legal proceedings arising in the ordinary course of business. While any proceeding contains an element of uncertainty, we do not currently believe that any of the outstanding legal proceedings to which we are a party will have a material adverse impact on our business, financial position or results of operations. However, an adverse resolution of a number of these items may have a material adverse impact on our business, financial position or results of operations. For further information see Note 5 to the condensed consolidated financial statements, which discussion is incorporated herein by reference.

ITEM 1A. RISK FACTORS

The Company does not have any updates to its risk factors disclosure from that previously reported in the 2017 Annual Report.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table presents our share repurchase activity for the three months ended June 30, 2018:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs ¹
April 1, 2018 through April 30, 2018	—	—	—	\$481,593,386
May 1, 2018 through May 31, 2018	1,233,670	40.55	1,233,670	431,568,742
June 1, 2018 through June 30, 2018	—	—	—	431,568,742
Total	1,233,670		1,233,670	

¹Share repurchases are conducted under authorizations made from time to time by the Company's Board of Directors. The most recent authorization, which replaced our previous repurchase program, was publicly announced on February 15, 2018 and authorized the repurchase of shares up to a maximum amount of \$500 million. Subject to the terms of the Board's authorization and applicable law, repurchases may be made at such times and in such amounts as the Company deems appropriate. Repurchases may be discontinued at any time.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

None.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

EXHIBIT
NO.
