PROXY STATEMENT

QUESTIONS AND ANSWERS

Why I am receiving these proxy materials?

You are receiving these proxy materials because the Board of Directors of DUSA Pharmaceuticals, Inc. ("DUSA" or the Company), a New Jersey corporation, is soliciting your proxy to vote at the Company's 2010 Annual Meeting of Shareholders and at any adjournments or postponements thereof. The Annual Meeting will be held on Thursday, July 29, 2010, at 11:00 a.m., at the Company's principal executive offices at 25 Upton Drive, Wilmington, Massachusetts 01887. If properly signed and returned, and not revoked, your proxy will be voted in accordance with the instructions it contains. The persons named in the accompanying proxy will vote the proxy for the Board of Directors' slate of directors and for the other matters listed on the proxy as recommended by the Board of Directors unless contrary instructions are given.

This proxy statement and the accompanying form of proxy are being mailed to shareholders on or about June 23, 2010. DUSA's Annual Report on Form 10-K for 2009, including financial statements for the year ended December 31, 2009, but excluding certain exhibits, is being mailed to shareholders at the same time. A copy of the exhibits will be provided upon request and payment to DUSA of reasonable expenses.

Who can vote at the Annual Meeting?

Only shareholders of record of shares of DUSA common stock at the close of business on June 16, 2010 are entitled to notice of and to vote at the Annual Meeting and at any and all adjournments or postponements of the meeting. On the record date, there were 24,207,965 shares of common stock without par value ("Common Stock") outstanding and entitled to vote. These shares were the only shares outstanding of the Company.

What am I voting on?

There are two matters scheduled for a vote at the annual meeting:

the election of directors, and

the ratification of the selection by the Audit Committee of our Board of Directors of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

How many votes do I have?

Each share owned on June 16, 2010, the record date for the meeting, entitles its owner to one vote on each matter to be voted upon. As of the record date, the Company's management owned approximately 0.54% of the Company's outstanding Common Stock.

What is the quorum requirement?

The holders of one-third of the shares that are outstanding and entitled to vote at the Annual Meeting must be present, in person or represented by proxy, to constitute a quorum for all matters to come before the meeting.

How do I vote?

Shareholder of Record: Shares Registered in your name.

If you are a shareholder of record (that is, a shareholder who holds shares in your own name with our transfer agent, American Stock Transfer and Trust Company), you can vote by attending the Annual Meeting in person, or at any adjournment thereof, or by signing, dating and returning your proxy card in the enclosed postage-paid envelope. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted FOR Proposals 1 and 2 and will be voted in the proxy holder's discretion as to other matters that may come before the Annual Meeting.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee.

If your shares are held in street name (that is, in an account at a bank, brokerage firm or other holder of record), then you are the beneficial owner of the shares and these proxy materials, including instructions that you must follow in order for your shares to be voted are being forwarded to you by that organization. The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

Table of Contents

How are votes counted?

Other than the vote for the election of directors, which requires a plurality of the votes cast, each matter to be submitted to the shareholders requires the affirmative vote of a majority of the votes cast at the meeting for such matter. For purposes of determining the number of votes cast with respect to a particular matter, only those votes cast FOR OR AGAINST are included. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. If you do not give instructions to your broker, bank, or other agent, it can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange on which your broker, bank or other agent may vote shares held in street name in the absence of your voting instructions, and include the ratification of the selection of our independent registered public accounting firm. On non-discretionary items for which you do not give instructions to your broker, bank or other agent, which include the election of directors, the shares will be treated as broker non-votes. With respect to the election of directors, a shareholder may vote FOR OR WITHHOLD AUTHORITY. Votes indicating WITHHOLD AUTHORITY will be counted as a vote against the nominee. For all other proposals, a shareholder may indicate FOR, AGAINST OR ABSTAIN. Management knows of no other matter to be voted upon other than with respect to the election of directors and ratification of the selection of Deloitte and Touche LLP. However, if any other matter is properly presented at the meeting, one of the individuals named on your proxy card as your proxy will vote your shares using his or her best judgment.

Can I change my vote after submitting my proxy?

Yes. If you are a shareholder of record, you may change your vote at any time before the proxy is exercised, by executing and delivering a timely and valid later-dated proxy, by voting by ballot at the Annual Meeting or by giving written notice to the Secretary of the Company. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give proper written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting.

If you are a beneficial owner of shares in street name, you may change your vote by submitting new voting instructions to your broker, bank or other agent, or, if you have obtained a valid proxy card from your broker, bank or other agent giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. In addition, we have retained our transfer agent, American Stock Transfer and Trust Company to assist in the distribution of proxy materials and solicitation of votes for a fee not to exceed \$10,000 plus reimbursement of out-of-pocket expenses.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in our Current Report on Form 8-K to be filed with the Securities and Exchange Commission within three business days after the conclusion of the Annual Meeting of Shareholders. If the final voting results are not available within three business days after the conclusion of the meeting, we will provide the preliminary results in the Form 8-K and the

final results in an amendment to the Form 8-K within four business days after the final voting results are known to us.

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

There are eight (8) nominees for election as directors who will hold office until the next Annual Meeting of Shareholders and/or until their successors have been duly elected and qualified. The persons named on the accompanying proxy will vote all shares for which they have received proxies FOR the election of the nominees named below unless contrary instructions are given. In the event that any nominee should become unavailable, shares will be voted for a substitute nominee unless the number of directors constituting a full board is reduced. Directors are elected by plurality vote. All of the nominees were elected to the Board of Directors at the 2009 Annual Meeting of Shareholders and are currently serving, except for Alfred Altomari, Paul J. Hondros and David M. Wurzer.

He also serves on several boards of private companies in the healthcare industry. Dr. Abeles serves as an Advisory Board Member of the College of Chemistry, University of California, Berkeley. He is a Fellow of the Royal Society of Medicine, London. He is a professor of Clinical Pharmacology and Therapeutics of the International University of the Health Sciences since 1998 and was Adjunct Instructor, Clinical Pharmacology, Mt. Sinai Medical School from 1978 to 1982. In the non-profit sector, Dr. Abeles is a Director of the International Opera Alliance in New York and a member of the Players Club in New York. He was a member of the Boards of Directors of I-Flow Corporation, a manufacturer of medical infusion devices, prior to its sale to Kimberly-Clark Corporation in 2009. He earned his medical degree as well as a degree in pharmacology from the University of Birmingham, England. He also has a diploma in music from the Royal Schools of Music in piano and violin. The Board believes that Dr. Abeles is qualified to serve as a director due to his extensive expertise in the medical field, in the development and commercialization of drugs and medical devices and his membership on public and private companies' boards of directors.

Marvin E. Lesser, 68, was first elected to the Board on June 9, 2009. He is a member of our Audit and Compensation Committees. Mr. Lesser holds a Bachelor of Science in Economics degree from the Wharton School at the University of Pennsylvania, a Bachelor of Laws degree from the University of Pennsylvania and Master of Laws degree from New York University. The Board believes that Mr. Lesser is qualified to serve as a director due to his prior and current experience on public company boards, his knowledge of public company accounting and financial matters and his investment manager's perspective on the analysis of corporate performance and the domestic and global economic environments.

Richard C. Lufkin, 63, who serves as the Chairman of our Audit Committee and is also a member of our Compensation, and Nominating and Corporate Governance Committees, was first elected to the Board on January 27, 1992. Since 2005 he has served as a co-founder, director, and the Chief Financial Officer of Anima Cell Metrology,

Inc., a development-stage, privately-held biotechnology firm focused on proteomics. From 1995 to 2004 Mr. Lufkin was co-founder and President of Linguagen Corp. (now Redpoint Bio Corp.), a publicly-traded biotechnology firm developing products deriving from its expertise in the molecular biology of taste signaling. From 1992 to 2003 he was co-founder and Chief Operating Officer of SynectiQ Corporation, a medical device contract research and development firm. From 1986 until it was acquired by IVAX Corporation in 1991, Mr. Lufkin was President and Chief Operating Officer of Medical Market Specialties, Inc., a specialty pharmaceutical firm concentrating on the latter stage development, regulatory approval, and marketing of orphan drugs. He is the principal of Enterprise Development Associates, a proprietorship formed in 1985 which provides consulting and venture support services, licensing, strategic planning, FDA regulatory affairs and marketing management to early stage technology-based companies, principally in the life sciences sector. Independence of Directors

The Board has determined that all of the non-employee directors are independent, as independence is defined under the rules of The NASDAQ Stock Market.

CORPORATE GOVERNANCE

Meetings and Committees of the Board of Directors

During the year ended December 31, 2009, there were fourteen (14) meetings of the Board of Directors. Each incumbent director attended at least 75% of the aggregate of the meetings of the Board of Directors and of all of the committees on which he serves. The Board of Directors has established an Audit Committee, Nominating and Corporate Governance Committee, Compensation Committee and Acquisition and Business Development Committee. Mr. Haft, the Chairman of the Board, normally presides at Board meetings, and, in his absence, Mr. Bartash, the Vice-Chairman of the Board, presides.

All of the non-employee directors are members of the Audit Committee. Mr. Lufkin serves as its Chairman. All of the members are independent directors in accordance with the rules of The NASDAQ Stock Market and applicable federal securities laws and regulations. In addition, the Board of Directors has determined that Mr. Lufkin and Mr. Haft both qualify as audit committee financial experts and has designated Mr. Lufkin to fill that role. The Audit Committee provides oversight of the Company's accounting functions and acts as liaison between the Board of Directors and the Company's independent registered public accounting firm. The Committee reviews with the independent auditors the Company's unaudited quarterly financial statements, the planning and scope of the audits of the Company's financial statements, the results of those audits and the adequacy of internal accounting controls, and monitors other corporate and financial policies. In performing these functions, the Audit Committee meets periodically with the independent auditors (including in private sessions) and with management. In addition, the Audit Committee selects the independent registered public accounting firm. The Audit Committee operates under a written charter adopted and approved by the Board of Directors, a copy of which is attached to this proxy statement as Exhibit A and is also available on the Company's website at www.dusapharma.com. The Committee met five (5) times during 2009.

The members of the Nominating and Corporate Governance Committee currently are Dr. Abeles, who serves as its Chairman, and Messrs. Haft and Lufkin. All of the members of our Nominating and Corporate Governance Committee are independent directors in accordance with the rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee's purpose is to identify and evaluate the qualifications of individuals to become members of the Board of Directors, to select the director nominees, to develop and recommend corporate governance principles to the Board of Directors and to provide oversight and guidance to the Board of Directors to assure compliance with its corporate governance policies and principles. There were six (6) meetings of this Committee in 2009. Shareholders who wish to suggest qualified candidates to the Nominating and Corporate Governance Committee for director should write to: Administrator, Nominating and Corporate Governance Committee, DUSA Pharmaceuticals, Inc., 25 Upton Drive, Wilmington, Massachusetts 01887 stating, in detail, the suggested nominee's biography and qualifications of such person for consideration by the Nominating and Corporate Governance Committee. You should also enclose a written statement from each proposed nominee consenting to be named as a nominee and, if nominated and elected, to serve as a director. A copy of the Nominating and Corporate Governance Committee Charter is located on the Company's website at www.dusapharma.com.

Among the central purposes of the Nominating and Corporate Governance Committee are identifying individuals qualified to become members of the Board of Directors, reviewing the qualifications of candidates and selecting the director nominees to be voted on at each annual meeting of shareholders. When the need to recruit a director arises, the Nominating and Corporate Governance Committee will consult the other directors and the Chief Executive Officer and may retain fee-paid third party recruiting firms to identify potential candidates. Mr. Wurzer's nomination was proposed by Steven Becker, who, through investment funds controlled by him, owns 6.56% of DUSA's common stock and may be deemed to be the beneficial owner of approximately 7.33% of DUSA's common stock. Mr. Altomari was

recommended by a shareholder and Mr. Hondros was recommended by Mr. Doman. The candidate evaluation process may include inquiries as to the candidate's reputation and background, examination of the candidate's experiences and skills in relation to the Board of Director's requirements at the time, consideration of the candidate's independence as measured by the Board of Director's independence standards, and other considerations as the Nominating and Corporate Governance Committee deems appropriate at the time. In addition, the Committee considers the diversity of professional experience, education, skill sets and viewpoints of the Board of Directors, as a whole, when considering the individual qualities of a potential nominee, with the goal of promoting a balance of perspectives. Prior to formal consideration by the Nominating and Corporate Governance Committee, any candidate who passes such screening would be interviewed by the Nominating and Corporate Governance Committee or its Chairman and the Chief Executive Officer. In effectuating those purposes, the Nominating and Corporate Governance Committee is charged with ensuring that the nominees for membership on the Board of Directors are of the highest possible caliber and are able to provide insightful, intelligent and effective guidance to the management of the Company. The following criteria have been identified by the

Table of Contents

Nominating and Corporate Governance Committee, and adopted by the Board of Directors, to guide the Nominating and Corporate Governance Committee in selecting nominees:

1. Directors should be of the highest ethical character and share the values of DUSA;
2. Directors should have personal and professional reputations that compliment and enhance the image and standing of DUSA;
3. Directors should be leaders in their fields of endeavor, with exemplary qualifications;
4. The Committee should generally seek current and/or former officers and/or directors of companies and organizations, including scientific, government, educational and other non-profit institutions;
5. The Committee should seek directors so the Board is comprised of directors who collectively are knowledgeable in the fields of pharmaceuticals and device development, particularly those areas of research, development and commercialization undertaken by the Company;
6. Directors should have varied educational and professional experiences and backgrounds who, collectively, provide meaningful counsel to management;
7. Directors should generally not serve on more than six (6) boards;
8. At least two-thirds (2/3rds) of the directors on the Board should be independent as defined by The NASDAQ Stock Market and should not have any real or apparent conflicts of interest in serving as a director; and
9. Each director should have the ability to exercise sound, independent business judgment.

The Committee applies the same criteria to all nominees for the Board irrespective of the source of such nominee.

Absent extenuating circumstances, each member of the Board of Directors is expected to attend the 2010 Annual Meeting of Shareholders. All of the directors, who were directors at such time, attended the 2009 Annual Meeting of Shareholders.

All of the non-employee members of the Board of Directors are members of the Compensation Committee. Mr. Haft serves as its Chairman. The Compensation Committee considers matters related to the compensation of the Company's key officers and directors. The Committee also considers employee benefits which may be appropriate as the Company grows and develops policies and procedures. The Compensation Committee is responsible for setting and administering the policies which govern annual executive salaries and cash bonus awards, and under the 2006 Equity Compensation Plan approves the amounts of stock option or other equity awards awarded to all grantees. The Compensation Committee evaluates, on a yearly basis, the performance, and determines the compensation of, the executive officers of DUSA, including the named executive officers. DUSA's President and Chief Executive Officer, Robert F. Doman, is not a member of the Compensation Committee, however, the Compensation Committee seeks input from him regarding the performance and proposed compensation of DUSA's other executive officers. Mr. Doman and Richard C. Christopher, DUSA's Vice President of Finance and Chief Financial Officer, are present, at the invitation of the Compensation Committee, at its meetings, other than during consideration of their own compensation. The Compensation Committee has the authority to retain, at the Company's expense, independent counsel or other advisers as it deems necessary in connection with its responsibilities. In 2009, the Compensation Committee engaged WNB Consulting LLC to review and analyze DUSA's executive compensation program, including benefit plans, to prepare a benchmarking analysis and to recommend appropriate levels of cash and equity

compensation for DUSA's executive officers, including the Chairman of the Board and Chief Executive Officer, and to recommend ways to enhance long-term incentives for the Company's management team. The Compensation Committee is solely responsible for the engagement of WNB Consulting, and all work performed by WNB Consulting on behalf of DUSA is initiated and supervised by the Compensation Committee, except to the extent delegated by the Compensation Committee to management. The Compensation Committee met six (6) times in 2009. It also met two (2) times in 2010 to discuss cash and equity compensation for 2010 and to consider cash bonuses for 2009. The Compensation Committee operates under a written charter adopted and approved by the Board of Directors, a copy of which is available on the Company's website at www.dusapharma.com.

Code of Ethics Applicable to Senior Officers

We have adopted a written Code of Ethics Applicable to Senior Officers that applies to our senior officers, including our principal executive officer, principal financial officer, principal accounting officer, or persons performing similar functions. We have posted the Code of Ethics on our website, which is located at www.dusapharma.com. In addition, we intend to disclose on our website any amendments to, or waivers

from, any provision of the Code of Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer, or persons performing similar functions.

Compensation Committee Interlocks and Insider Participation

None of the directors on the Compensation Committee is or was formerly an officer or employee of the Company or had any relationship or related person transaction requiring disclosure under the rules of the Securities and Exchange Commission. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Compensation Committee. In addition, none of our executive officers serves as a member for the compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors.

The members of the Acquisition and Business Development Committee are Dr. Abeles, Mr. Bartash, Mr. Moliteus and Mr. Casdin. Mr. Bartash serves as its Chairman. The Acquisition and Business Development Committee reviews potential business acquisition candidates, potential business combinations and potential therapies that DUSA is considering or should consider for in-licensing. The Acquisition and Business Development Committee has no charter and meets on an ad hoc basis. The Acquisition and Business Development Committee did not meet during 2009.

Structure and Risk Oversight Function of the Board of Directors

The leadership structure of the Board currently consists of an independent Chairman of the Board who oversees the Board meetings and works with our Chief Executive Officer to establish meeting agendas and a Vice-Chairman of the Board and Lead Director. Our Chairman, Mr. Haft, does not serve as our principal executive officer as we believe this structure enhances the independence of our Board. As noted above, our Chief Executive Officer, Mr. Doman, is the only member of our Board who has not been deemed to be independent by the Board. Further, our Corporate Governance Guidelines provide that if the positions of Chairman of the Board and Chief Executive Officer are held by the same person, the Board shall designate a Lead Director who will organize and lead meetings of the Board's independent directors. Our Audit and Compensation Committees are comprised of all of the independent directors. All Board committees are chaired by independent directors who report to the full Board whenever necessary. We believe this leadership structure helps facilitate efficient decision-making and communication among our directors and fosters efficient Board functioning at regularly scheduled meetings.

Our management is primarily responsible for managing the risks we face in the ordinary course of operating our business. The Board oversees potential risks and our risk management activities by receiving operational and strategic presentations from management which include discussions of key risks to our business. The Board also periodically discusses with management important compliance and quality issues. In addition, the Board has delegated risk oversight to each of its key committees within their areas of responsibility. For example, the Audit Committee assists the Board in its risk oversight function reviewing and discussing with management certain financial risks, such as our system of disclosure controls and risks associated with our cash investment policies. The Compensation Committee assists the Board in its risk oversight function by overseeing strategies with respect to our incentive compensation programs and key employee retention issues. We believe our Board leadership structure facilitates the division of risk management oversight responsibilities among the Board committees and enhances the Board's efficiency in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

In considering the nature of the services provided by the independent registered public accounting firm, all of which were pre-approved in accordance with procedures required by the Audit Committee Charter, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee

discussed these services with the independent auditors and Company management to determine that Deloitte & Touche LLP is permitted under the rules and regulations concerning auditor independence promulgated by the Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as by the American Institute of Certified Public Accountants.

BOARD AUDIT COMMITTEE REPORT¹

The Audit Committee of the Board of Directors (the "Audit Committee") assists the Board of Directors by providing oversight of the Company's financial reporting process and its independent registered public accounting firm. Management is responsible for preparing the Company's financial statements and the Company's independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by the Company's management and selecting the independent registered public accounting firm. The Audit Committee operates under a written charter adopted and approved by the Board of Directors. A brief description of the responsibilities of the Audit Committee is set forth above under the caption "Meetings and Committees of the Board."

The Audit Committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2009 with management. The Audit Committee also discussed with Deloitte & Touche LLP, the independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, the Audit Committee received from Deloitte & Touche LLP the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent registered public accounting firm their independence from the Company and its management. Additionally, the Audit Committee considered whether their provision of services to the Company beyond those rendered in connection with their audit and review of the Company's consolidated financial statements was compatible with maintaining their independence and the fees and costs billed and to be billed for those services as shown on page 11 of this proxy statement. The Audit Committee concluded that Deloitte & Touche LLP's provision of such services is compatible with Deloitte & Touche LLP's independence.

Based on its review and the discussions with the Company's management and its independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for the fiscal year ended December 31, 2009 be included in the Company's Annual Report on Form 10-K.

COMPENSATION DISCUSSION & ANALYSIS

Philosophy and Objectives - All of our compensation programs and policies are designed to attract, retain, and reward key employees to align compensation with DUSA's performance and to motivate executive officers to achieve the Company's business objectives. Our programs are geared to rewarding both short and longer-term performance with the ultimate objective of increasing shareholder value over time.

The Compensation Committee of the Board of Directors (the Compensation Committee or the Committee) believes that compensation should reflect the success of our executives as a management team, so we consider both individual and corporate strategic and financial goals in determining compensation. We believe that executive compensation should not be based on the short-term performance of our stock, but that the price of our stock will, in the long-term, reflect our operating performance and management of the Company by our executives. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and restricted stock award programs.

Throughout this proxy statement, the individuals who served as our Chief Executive Officer and our Chief Financial Officer during fiscal year 2009, as well as other individuals included in the Summary Compensation Table on page 18, are referred to as named executive officers.

Overview of Compensation and Process - The Compensation Committee is composed of all of the independent non-employee directors. The Compensation Committee is responsible for setting and administering the policies which govern annual executive salaries and cash bonus awards, and under the 2006 Equity Compensation Plan, the Committee approves the amounts of stock option or other equity awards to all grantees. The Compensation Committee evaluates, on a yearly basis, the performance, and determines the compensation of, the executive officers of DUSA, including the named executive officers. DUSA's President and Chief Executive Officer, Robert Doman, is not a member of the Compensation Committee, however, the Compensation Committee seeks input from him regarding the performance of DUSA's other executive officers. Mr. Doman and Richard C. Christopher, DUSA's Vice President of Finance and Chief Financial Officer, are present, at the invitation of the Compensation Committee, at its meetings, other than during consideration of their own compensation or other executive sessions.

In 2007, the Compensation Committee retained an independent compensation consultant, WNB Consulting LLC to review and analyze DUSA's executive compensation programs, to prepare a benchmarking analysis, and to recommend appropriate levels of cash and equity compensation for DUSA's executive officers, including its President and Chief Executive Officer. WNB Consulting was retained in both 2008 and 2009 for similar purposes, which included updating the information that the firm had provided to the Committee in 2007. The Compensation Committee is solely responsible for the engagement of WNB Consulting, and all work performed by WNB Consulting is initiated and supervised by the Compensation Committee, except to the extent delegated by the Compensation Committee to management. The Committee discussed the recommendations of WNB Consulting with the consultant when setting 2008, 2009 and 2010 salaries, and when making decisions about bonus levels and equity compensation awards. While input from the consultant is carefully considered, ultimate decision making authority rests with the Compensation Committee which retains discretion over salary, cash bonus, and equity compensation determinations based upon its subjective view of an executive's performance.

DUSA's executive compensation programs consist of base salary, discretionary cash bonus incentives based on annual individual and corporate goals, grants under the Company's equity plan, a 401(k) plan, a deferred compensation plan, and certain other perquisites and benefits generally available on the same basis as benefits provided to its other employees. Typically, during the first quarter of each year, our Compensation Committee meets to consider and, if

deemed appropriate, approve cash bonuses for our executives based on the prior fiscal year's performance and base salaries for the new fiscal year, and to consider and, if deemed appropriate, grant equity awards, in the form of stock options and restricted stock awards, to all of the executive officers. On occasion, as occurred during 2007, compensation adjustments are made during the year to reflect a change in roles or responsibilities of our executives.

DUSA does not currently provide any pension benefits to its named executive officers or employees.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the corporation's chief executive officer and four other most highly paid executive officers. We periodically review the potential consequences of Section 162(m) and may structure performance-based compensation to comply with certain exemptions. However, we have not done so to date.

Base Salary - With regard to base salary, the Compensation Committee believes that DUSA's officers should be compensated at levels comparable to the base salary of executive officers at similar public biotechnology or pharmaceutical companies. Base salaries are paid at competitive levels to attract and retain talented management personnel. During 2008 and 2009, the Compensation Committee used survey data

Table of Contents

reporting the salaries and bonuses for executives of companies in these groups which was prepared by WNB Consulting LLC. In addition, the Committee has referred to survey data or analyses of survey data from the Radford Biotechnology Survey, Mercer Executive Compensation Survey, Watson Wyatt's Executive Compensation Survey, TSG Management Survey, SIRS Executive Survey ORC's Executive Compensation Survey and TSG Biotechnology Survey. The Committee uses this information to assist it in setting executive compensation but does not have a pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation.

The Committee also takes note of the cost of living increase in determining base salary increases, as well as the general performance of the Company. In June 2007, the Committee increased Mr. Doman's salary in connection with his promotion to the position of Chief Executive Officer. In early 2007, the Committee approved base salary increases in the range of 2.5% to 10.8% for the other named executive officers. Following the analysis by WNB Consulting which indicated that several of the named executive officers' base salaries were below the low end range of competitiveness, the Committee, in April 2008, approved a base salary increases in the range of 3.5% to 14.6%, including 10% for Mr. Doman and 14.6% for Mr. Christopher. For 2009, all base salaries company-wide remained at 2008 levels in order to preserve cash resources during uncertain economic times. However, for 2010, the Committee approved base salary increases for the named executive officers, other than Mr. Doman, in the range of 2.0% to 6.4% which includes certain market adjustments for two of the named executive officers based on recommendations from WNB Consulting. The Committee granted an increase of 4% to Mr. Doman in light of his very strong performance and guidance of the Company to achieve both positive cash flow and profitability during the fourth quarter of 2009

Bonuses - Under the terms of its employment agreements with its officers, DUSA's Vice Presidents are eligible to receive a range of up to 35% to 40% of their base salary as a discretionary cash bonus award to be set by the Board of Directors. These percentage opportunities reflect increases of 5%-10% which the Committee made in April 2008 upon the recommendation and analysis of WNB Consulting. In June 2007, in connection with his promotion to President and Chief Executive Officer, the Committee determined that Mr. Doman should be eligible to receive up to 50% of his base salary as a cash bonus. In some cases, the agreements provide that the Board may award a cash bonus in excess of the stated percentage for outstanding performance. DUSA believes that the cash bonus is an important incentive to its officers and assists DUSA in reaching its corporate goals.

Financial and strategic business goals are typically set by management, and approved by the Board of Directors, usually during the fourth quarter of the previous year. The primary financial goals relate to achievement of net revenue and income statement improvement milestones. Management recommends these goals to incentivize its named executive officers to perform at consistent high levels, however, these goals are not set at levels which management believes are likely to be unattainable. For 2007, attainment of corporate goals represented 70% of the bonus opportunity for the executives and attainment of individual goals represented 30% of the bonus opportunity, except that corporate financial goals had to be achieved in order for any bonus payment to be granted. In prior years, the Committee used various combinations of attainment of corporate goals, individual goals and stock performance as a basis for determining bonuses. No bonuses were paid for 2007 performance because management did not achieve its corporate goals primarily due to the consequences of a litigation matter that was settled in October 2007. For 2008 and 2009, the Committee used a more flexible, subjective approach in its consideration of cash bonus incentives. While management made recommendations to the Committee in light of certain corporate performance, including increases in total revenues and reduction in operating loss, no formal metrics were adopted by the Committee. The Committee also considered other factors, such as regulatory action in 2008 against certain of the Company's products and the manner in which management successfully responded, and the attainment of positive cash flow and profitability in the fourth quarter of 2009, despite a difficult economic environment. In February 2010, the Committee using its discretion, based on the experience of its members and in light of performance during 2009, determined that bonuses should be paid in amounts ranging from approximately 10% to approximately 30% of base salary. The Committee believes that in light of the Company's stage of development, a flexible approach is fairer and provides a greater

incentive for the Company's executives to achieve both short and long term objectives.

The Compensation Committee discusses and adjusts the written recommendations of the President and Chief Executive Officer of DUSA in awarding discretionary cash bonuses, as well as base salary increases for the other executives. For 2008, the then current Chairman of the Board discussed a recommendation with the Committee for the compensation of the then current President and Chief Executive Officer which was considered by the Committee. The Compensation Committee exercises subjective judgment and discretion in the granting of the amount of bonuses and in setting base salaries.

In February 2010, the Committee met with Mr. Doman and Mr. Christopher who reviewed the contributions of each of the named executive officers, and Mr. Doman provided his recommendations for base salaries for 2010 and proposed a cash bonus opportunity that should be paid to each of the named executive officers other than himself. In making its decision, the Committee discussed and evaluated the

recommendations of Mr. Doman regarding 2010 salaries and cash bonus opportunities, as well as the base salary and bonus for Mr. Doman, in conjunction with WNB Consulting.

Equity Awards - DUSA has awarded stock options to its executive officers on initial hire, sometimes at the time of a promotion, and generally, on an annual basis at a meeting of the Compensation Committee during the first quarter of the year. During 2008 and 2009, in conjunction with the recommendation of WNB Consulting, the Committee also provided its executives with restricted stock awards. The Compensation Committee believes that a strong stock ownership program, aligns executive officers with shareholders interests and is essential to the long-term growth of the Company by providing executives with incentives to increase shareholder value over time. The Compensation Committee uses survey data and recommendations of consultants to monitor and evaluate the amount of long-term incentive compensation levels of its officers. There is no formula for the number of grants which are issued. Also recently, the amount of the grants has been limited due to the number of grants that are available under the 2006 Equity Compensation Plan, since the Board of Directors believes that no more than 20% of the shares of common stock outstanding should be subject to equity awards. In addition, the Board has decided to grant equity awards every year in order to take into account the volatility of DUSA's stock price from year to year. WNB Consulting has recommended to the Compensation Committee that going forward, DUSA should increase the level of equity compensation DUSA pays to its executive officers to better align executive officers interest with shareholders and maintain the effectiveness of DUSA's goal of retaining and motivating its executive officers through the use of equity compensation since historical equity compensation has been significantly below that of similarly situated companies. WNB Consulting has advised that DUSA's current equity compensation does not meet desired levels of competitive long-term compensation based on its analysis.

WNB Consulting also provided survey data indicating that the members of DUSA's Board of Directors receive less compensation than their peers, particularly with respect to equity compensation and committee activities. Although the Committee decided that annual compensation should remain at current levels, in light of the extraordinary time and effort required of the members of the Committee during 2008, the Board awarded a special grant of restricted shares to Committee members. Messrs. Abeles, Bartash, Lufkin and Moliteus each received an award of 7,500 restricted shares and Mr. Haft received 15,000 restricted shares.

Stock options have typically been granted as of the close of business on the date of grant. In December 2006, the Board of Directors determined that all grants should be made two days following the release of quarterly earnings by DUSA.

DUSA also maintains a 401(k) plan for all employees which provides a match of \$0.50 for each dollar contributed up to 2.5% of base salary. In 2006, DUSA adopted a deferred compensation plan which was available to operating director-level employees and above, however since only one executive officer is currently enrolled, the plan has been suspended for the time being. DUSA adopted these plans in order to provide competitive benefits to its upper level employees.

In some cases, the Committee has altered a proposed amount of a cash bonus or option grant to provide a particular award for excellent performance. This is an example of the discretion which is contemplated in the employment agreements between the Company and the named executive officers.

Currently, DUSA does not have any stated policy regarding an adjustment or recovery of awards or payments if a performance measure upon which such award or payment may have been based were to be restated.

Perquisites - As provided in his employment agreement, DUSA provides its President and Chief Executive Officer with local housing, including utilities, since his permanent residence is in a state different from the location of DUSA's principal offices in Massachusetts. In addition, DUSA covers the amount of tax that the officer pays on the amount of

the rent which constitutes compensation to him. This form of compensation did affect the level of base salary that the officer was offered and agreed upon when he joined DUSA in 2005.

Other Compensation -

Generally Available Benefits

We provide the following benefits to our named executive officers generally on the same basis as the benefits provided to all employees:

Health and dental insurance;

Life insurance;

Short- and long-term disability;

Educational assistance; and

401(k) plan.

Table of Contents

We believe that these benefits are consistent with those offered by other similarly situated companies.

Severance Benefits

All of the named executive officers have a provision in their employment agreements providing for a severance benefit equal to twelve (12) months of the officer's then current salary. DUSA has received information from its employment consultant that the provision of twelve (12) months severance for termination without cause is relatively common, and DUSA believes that the provision assists it in attracting key management to the Company.

Change of Control

DUSA provides a change of control provision in its named executive officers' employment agreements. The provision provides for the payment of three (3) times an officer's then current salary under certain change of control circumstances. DUSA believes that the change of control provisions would serve to retain DUSA's senior management talent and to focus management's attention on DUSA's operations during a change of control transaction. DUSA also provided a change of control provision in a consulting agreement with its former Chairman of the Board. The provision provides for the payment of three (3) times the consultant's annual consulting fee under certain change of control circumstances subject to certain terms and conditions.

Sections 280G and 4999 of the Internal Revenue Code impose certain adverse tax consequences on compensation treated as excess parachute payments. An executive is treated as having received excess parachute payments if he receives compensatory payments or benefits that are contingent on a change in control, and the aggregate amount of such payments and benefits equal or exceeds three times the executive's base amount. The portion of the payments and benefits in excess of one times base amount are treated as excess parachute payments and are subject to a 20% excise tax, in addition to any applicable federal income and employment taxes. Also, our compensation deduction in respect of the executive's excess parachute payments is disallowed. If we were to be subject to a change of control, certain amounts received by our executives could be excess parachute payments under Section 380G and 4999 of the Internal Revenue Code.

Deferred Compensation

On the recommendation of the Compensation Committee, DUSA adopted the DUSA Pharmaceuticals, Inc. Non-Qualified Deferred Compensation Plan (the "Plan") effective October 18, 2006. The Plan is intended to be a non-qualified, supplemental retirement plan. It is intended primarily for the purpose of allowing a select group of management, including the named executive officers and members of the Board of Directors (the "Participants") the option of having a portion of their compensation deferred, pursuant to Sections 201(2), 301(a)(3), and 401(a)(1) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and, as such, to be exempt from the provisions of Parts II, III, and IV of Title I of ERISA. Participants may defer up to 80% of their compensation. A Participant will be 100% vested in all of the amounts he or she defers as well as in the earnings attributable to a Participant's deferred account. A Participant may elect to receive distributions from the deferred account at various times, either in a lump sum or in up to ten annual installments. DUSA's obligation to pay the Participant an amount from his or her deferred account is an unsecured promise and benefits will be paid out of the general assets of the Company. While DUSA has established a Rabbi Trust to segregate the Participants' deferred amounts, the Participants will be general creditors of DUSA. The Compensation Committee acts as the administrator of the Plan. The trustee of the Participants' deferred accounts is Bankers Trust Company. Although, as noted above, this plan has been suspended for lack of enrollees, we believe that this plan is beneficial in assisting DUSA to retain and attract key individuals for the long-term benefit of the Company.

Section 409A of the Internal Revenue Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities and penalty taxes and interest on their vested compensation under such plans. It is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including the named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A. With respect to our compensation and benefit plans that are subject to Section 409A, in accordance with Section 409A and regulatory guidance issued by the IRS, we are currently operating such plans in compliance with Section 409A based upon our good faith, reasonable interpretation of the statute and the IRS's regulatory guidance.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company has employment agreements with each of its named executive officers. According to the terms of these agreements, the named executive officers are entitled to receive compensation as determined by the Board of Directors and are eligible to receive the benefits generally made available to employees of the Company. The Company may terminate any of these agreements at any time, with or without cause on sixty (60) days prior written notice. If employment is terminated without cause, the Company has agreed to pay a severance allowance equivalent to twelve (12) months of the named executive officer's then-current base salary payable in either: (i) a lump sum, within sixty (60) days following the date of termination; or (ii) equal monthly installments, depending on the terms of the named executive officer's employment agreement.

In the event a named executive officer should die while employed by the Company, his heirs or beneficiaries will be entitled to any Company paid death benefits in force at the time of such death and will also be entitled to exercise any vested but unexercised stock options which were held by him at the time of his death, within a period of one (1) year from the date of death.

These employment agreements also provide for certain severance benefits following a change in control of the Company and termination of employment. Upon any change of control, as defined in the agreements, the Company shall pay to the named executive officer a lump sum payment equal to three (3) times his base salary for the last fiscal year within five (5) days after such termination. In addition, Mr. Doman's agreement provides that he shall be entitled to receive a change of control payment equal to three (3) times his base salary less the amount of salary paid from the date of the consummation of the change of control to the effective date of a termination, if the termination is effective within the three years of the change of control.

Under the Company's equity plans, upon a change of control, unless the Company determines otherwise, all outstanding options not fully vested automatically accelerate and become immediately exercisable and the restrictions and conditions on all outstanding stock awards immediately lapse. The date on which such accelerated vesting, immediate exercisability and lapse of restrictions and conditions would occur, is the date of the occurrence of the change of control.

401(k) PROFIT SHARING PLAN

The Company adopted a tax-qualified employee savings and retirement 401(k) Profit Sharing Plan (the 401(k) Plan), effective January 1, 1996, covering all qualified employees. Participants may elect a salary reduction of at least 1% as a contribution to the 401(k) Plan, up to the statutorily prescribed annual limit for tax-deferred contributions (\$16,500 in 2009, \$22,000 if over age 50). Modification of salary reductions can be made monthly (for 2009). Effective February 1, 2003, the Company began to match a participant's contribution up to 1.25% of a participant's salary (the Company Match), subject to certain limitations of the 401(k) Plan. Participants vest in the Company Match at a rate of 25% for each year of service to the Company (based on the anniversary of their date of hire). Employees who were already employed as of the effective date of the Company Match received credit for their past service to the Company.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS,
AND DIRECTOR INDEPENDENCE**

We review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. According to our written Statement of Policy with respect to Related Person Transactions, our Audit Committee, with the assistance of management and our legal counsel, is primarily responsible for the implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. In determining whether a proposed transaction is a related person transaction, we examine:

- (i) the related person s relationship to us;
- (ii) the related person s interest in the transaction;
- (iii) the material facts of the proposed transaction, including the proposed aggregate value of such transaction or, in the case of indebtedness, the amount of principal that would be involved; and
- (iv) whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

If our Audit Committee determines that the proposed transaction is a related person transaction, the Audit Committee decides whether to approve or disapprove the transaction. If it is approved, any material related person transaction is submitted to our Board of Directors. For the period beginning January 1, 2009 and ending March 31, 2010, there were no transactions in which the Company was or is to be a participant and the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest. In January 2007, DUSA hired Kevin Doman, the son of Robert F. Doman, our President and Chief Executive Officer, as a sales representative. Kevin Doman's hiring was reviewed and approved by the Audit Committee. Factors considered by the Audit Committee included (i) Kevin Doman's experience in the industry, (ii) the fact that his compensation package is the same as that of our other sales representatives and was not reviewed or influenced by Robert Doman, prior to hiring or on an annual basis thereafter and (iii) the amount of compensation that Kevin Doman could receive from DUSA in the future. Kevin Doman received \$93,000 in salary and commissions for 2009 and has the potential to earn approximately \$130,000 in salary and commissions in 2010.

SHAREHOLDER PROPOSALS AND COMMUNICATIONS WITH THE BOARD OF DIRECTORS

We intend to hold our 2011 Annual Meeting of Shareholders on or about June 16, 2011. In order to be considered for inclusion in the Board of Directors proxy statement and proxy card for the 2011 Annual Meeting of Shareholders, a shareholder proposal must be received by the Company on or before December 28, 2010. Proposals should be directed to the attention of the Vice President of Finance and Chief Financial Officer, Richard C. Christopher, at the Company's offices at 25 Upton Drive, Wilmington, Massachusetts 01887, or the Secretary, Nanette W. Mantell, Esq., c/o Reed Smith LLP, Princeton Forrestal Village, 136 Main Street Suite 250, Princeton, New Jersey 08543.

In addition, if a shareholder wishes to present a proposal at the Company's 2011 Annual Meeting which is not intended to be included in the Company's proxy statement for that meeting, the Company must receive written notice of the shareholder proposal by March 16, 2011. If DUSA does not receive notice of such a shareholder proposal by this date, the Company will retain its discretionary authority to vote proxies on such proposals even if it is not specifically reflected on the proxy card, and shareholders have not had an opportunity to vote on the proposal by proxy.

The Board of Directors believes that the most efficient method for shareholders and other interested parties to raise issues and ask questions and to get a response is to direct such communications to DUSA through its Shareholder Services department at the address provided in the Contact DUSA section of our website, www.dusapharma.com. If, notwithstanding these methods, a shareholder or other interested party wishes to direct a communication specifically to the Board of Directors, then the following method is available. To ensure that the communication is properly directed in a timely manner, it should be clearly identified as intended for the Board of Directors:

Board of Directors
Attention: Chairman of the Board
c/o DUSA Pharmaceuticals, Inc.
25 Upton Drive
Wilmington, MA 01887

The address stated above is supervised by DUSA which will promptly forward to the Board any communication intended for them. The Board believes that DUSA should speak with one voice and has empowered management to speak on the Company's behalf subject to the Board's oversight and guidance on specific issues. Therefore, in most circumstances the Board will not respond directly to inquiries received in this manner but may take into consideration ideas, concerns and positions that are presented in a concise, clear, supported and constructive manner.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, officers and any person holding more than ten percent (10%) of our Common Stock are required to report their ownership of securities and any changes in that ownership to the Securities and Exchange Commission on Forms 3, 4 and 5. Based on our review of the copies of such forms we have received, we believe that all of our officers, directors and shareholders holding ten percent (10%) or more of our Common Stock complied with all filing requirements applicable to them with respect to their reporting obligations. In making these statements, we have relied on the written representations of our directors and officers and copies of the reports that they, and any person holding more than ten percent (10%) of our Common Stock, have filed with the Securities and Exchange Commission.

HOUSEHOLDING OF PROXY MATERIALS

The Company is required to provide an Annual Report and proxy statement to all shareholders. If you are a shareholder of record and have more than one account in your name or at the same address as other shareholders of record, you may authorize the Company to discontinue mailings of multiple proxy statements, Annual Reports and other information statements. Each shareholder in the household will continue to receive a separate proxy card. This process, known as *householding*, reduces the volume of duplicate information received at your household and helps reduce our expenses. To do so, please mark the designated box on each proxy card for which you wish to *discontinue* receiving duplicate documents. Your consent to stop delivery of the Annual Report, proxy statements and other information statements shall be effective for five (5) years or until you revoke your consent. You may revoke your consent at any time by contacting Mr. Richard Christopher, our Vice President of Finance and Chief Financial Officer, at 978-909-2211, or by calling 1-800-607-2530. Delivery of individual copies of the documents shall resume within thirty (30) days of our receipt of your request.

OTHER MATTERS

Management knows of no matters other than those described above that are to be brought before the meeting. However, if any other matter properly comes before the meeting, the persons named in the enclosed proxy will vote the proxy in accordance with their best judgment on the matter.

The cost of preparing and mailing the enclosed material will be borne by the Company. The Company may use the services of its officers and employees (who will receive no additional compensation) to solicit proxies. The Company intends to request that banks and brokers holding shares of DUSA Pharmaceuticals, Inc. Common Stock forward copies of the proxy materials to those persons for whom they hold shares and to request authority for the execution of proxies. The Company will reimburse banks and brokers for their out-of-pocket expenses. The Company has retained its transfer agent, American Stock Transfer & Trust Company, to aid in the solicitation, at an estimated cost of less than \$10,000.

Certain information contained in this proxy statement relating to the occupations and security holdings of our directors and officers is based upon information received from the individual directors and officers.
