Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer.

Large accelerated filer Accelerated filer Non-accelerated filer

Indicate by check mark which basis of accounting the registrant has used to prepare the financial statements included in this filing:

US GAAP International Financial Reporting Standards as issued by the International Accounting Standards Board Other

If Other has been checked in response to the previous question indicate by check mark which financial statement item the registrant has elected to follow. Item 17 Item 18

If this is an annual report, indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Explanatory Note:

We are filing this Amendment No. 1 (the Amendment No. 1) to our Annual Report on Form 20-F for the fiscal year ended December 31, 2010 (the Original Form 20-F), as filed with the Securities and Exchange Commission (the Commission) on April 27, 2011 in response to certain comments on the Original Form 20-F from the Commission and to correct an inadvertent error in the Principal Executive Officer and Principal Financial Officer certifications originally filed as Exhibits 12.1 and 12.2 with the Original Form 20-F. This Amendment No. 1 includes the Item 15T disclosure; however, the revisions to the Item 15T and the Principal Executive Officer and Principal Financial Officer certifications have no effect on and have not resulted in any changes to the Company s audited financial statements or the Notes to the Financial Statements thereto for the year ended December 31, 2010.

Except for the updated Item 15T disclosure and new certifications filed herewith, no other changes have been made to the Original Form 20-F or the Company s audited financial statements as included in the Original Form 20-F. The other information in the Original Form 20-F continues to speak as of the date of the Original Form 20-F, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Form 20-F. Accordingly, this Amendment No. 1 should be read in conjunction with our filings with the Commission that are subsequent to the filing of the Original Form 20-F.

ITEM 15T. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures.

We evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of December 31, 2010. Based on that evaluation, our principal executive officer and our principal financial and accounting officer concluded that our disclosure controls and procedures were not effective to ensure that the information required to be disclosed by us in reports filed under the Exchange Act is accumulated, communicated to our management, recorded, processed, summarized and reported within the time periods specified by the SEC's rules, regulations and forms due to the material weakness described below under Management's Report on Internal Control Over Financial Reporting.

Management's Report on Internal Control over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP), and includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of a company's assets, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that a company's receipts and expenditures are being made only in accordance with authorizations of a company's management and directors and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of a company's assets that could have a material effect on the consolidated financial statements. Under the supervision and with the participation of our management, including our principal executive officer and principal financial and accounting officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Our management has concluded that the internal control over financial reporting was not effective as of December 31, 2010.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis. In the course of its audit, our independent registered public accounting firm identified a material weakness in relation to our internal control over financial reporting. The material weakness related to insufficient controls necessary to ensure accounting for share-based compensation is in compliance with U.S. GAAP. Specifically, this material weakness resulted in a restatement of our 2008 and 2009 consolidated financial statements to correct an accounting error relating to erroneous reversal of previously recognized share-based compensation in 2008 for vested awards that were not exercised in the amount of \$1.1 million. This material weakness did not relate to fraud. In connection with the Company's evaluation of the 2008 and 2009 restatement described above, our management has concluded that the restatement was the result of previously unidentified material weaknesses in the Company's internal control over financial reporting in 2008 and 2009 and that such material weakness remained in existence as of December 31, 2010, based on the *Internal Control - Integrated Framework* issued by COSO.

Our board of directors and the audit committee have been advised of the material weakness and we have consulted with our board of directors and the audit committee to timely undertake appropriate remedial measures. Among other measures, we intend to design and implement enhanced processes and controls to address the material weakness in the process by which we determine our share-based compensation expense in accordance with U.S. GAAP, including:

- designing and using a standardized checklist incorporating relevant items and considerations to be used in determining our share-based compensation;

- improving independent review and analysis of our share-based compensation (including a review of related documentation and journal entries) and improving our financial closing process; and

Edgar Filing: Acorn International, Inc. - Form 20-F/A

providing enhanced U.S. GAAP training activities and access to U.S. GAAP resources for our accounting personnel.

This annual report does not include an attestation report of the company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the company to provide only management's report in this annual report.

Changes in Internal Control over Financial Reporting

There were no changes in our internal controls over financial reporting that occurred during the year ended December 31, 2010 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting. As noted above, we plan to implement changes in 2011 to our internal controls over financial reporting.

ITEM 19. EXHIBITS

EXHIBITS INDEX

Exhibit Number	Description
1.1*	Amended and Restated Memorandum and Articles of Association of Acorn International, Inc.
2.1*	Specimen American Depositary Receipt
2.2*	Specimen Certificate for Ordinary Shares
2.3**	Form of Deposit Agreement among Acorn International, Inc., Citibank, N.A., and holders and beneficial owners of American Depositary Shares issued thereunder
4.1*	2006 Equity Incentive Plan
4.2*	Forms of option grant agreements and form of SARs Award Agreement
