REVENUES

The Company's consolidated revenues increased by 44.9%, from \$230.7 million in the first quarter of 2005 to \$334.4 million in the first quarter of 2006. The increase in revenues was partly as a result of consolidating Elisra's reports, starting December 1, 2005.

The following table sets forth the Company's revenue distribution by areas of operation:

	Three-Month Period e		M
	March 31, 2006		
	\$ millions	%	\$ m
Airborne systems	138.6	41.5	
Land systems	41.8	12.5	
C(4)ISR systems	83.0	24.8

Other (mainly non-defense engineering and production services)	26.9	8.0	
	-----	-----	
Total	334.4	100.0	
	=====	=====	

The changes in revenues distribution by areas of operation, other than ordinary quarterly fluctuations, were in the area of C(4)ISR systems sales, which increased mainly as a result of the revenues derived from the Watchkeeper project in the first quarter of 2006. The revenues derived from Elisra are included in the Company's various areas of operation. Elisra's EW systems revenues are included in the Airborne systems area of operation.

The following table sets forth the Company's distribution of revenues by geographical regions:

	Three-Month Period e		M
	March 31, 2006		
	\$ millions	%	\$ m

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

Europe	54.6	16.3
Other countries	74.6	22.3

Total	334.4	100.0
	=====	=====

The Company's sales are primarily to governmental entities and prime contractors under government defense programs. Accordingly, the level of the Company's revenues is subject to governmental budgetary constraints.

The changes in revenues by geographic distribution, other than standard quarterly fluctuations, were in the revenues from customers in Europe, which increased from \$16.2 million to \$54.6 million, due mainly as a result of the revenues derived from the Watchkeeper project in the first quarter of 2006.

4

GROSS PROFIT

Gross profit in the quarter ended March 31, 2006 was \$87.5 million, as compared to \$61.6 million in the quarter ended March 31, 2005. The gross profit margin in the first quarter of 2006 was 26.2%, as compared to 26.7% in the first quarter of 2005.

RESEARCH AND DEVELOPMENT ("R&D")

The Company continually invests in R&D in order to maintain and further advance its technologies, in accordance with a long-term plan, based on its estimate of future market needs.

The Company's R&D included programs which are coordinated with, and partially funded by, third parties, including the Israeli Ministry of Defense ("IMOD"), the Office of the Chief Scientist ("OCS") and bi-national and European Development funds. The R&D was performed in all major areas of core technological activities of the Company and mainly in the areas of advanced airborne systems, cutting edge electro-optics technology and products for surveillance, aerial reconnaissance, lasers, space based sensors and homeland security technologies and products. The Company experienced increased IMOD and OCS participation in these programs.

Gross R&D expenses in the quarter ended March 31, 2006 totaled \$28.6 million (8.5% of revenues), as compared to \$19.9 million (8.6% of revenues) in the quarter ended March 31, 2005.

The increase in R&D expenses resulted mainly from the consolidation of Elisra's results and projects initiated during 2005, which involved a high level of R&D activities and corresponding third party participations.

Net R&D expenses (after reduction of third party participation) in the quarter ended March 31, 2006 totaled \$21.4 million (6.4% of revenues),

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

as compared to \$15.2 million (6.6% of revenues) in the quarter ended March 31, 2005.

The Company maintains its activities in developing new markets and pursues at any given time various business opportunities according to the Company's plan.

The increase in marketing and expenses was mainly as a result of consolidating Elisra's reports starting December 1, 2005.

GENERAL AND ADMINISTRATIVE ("G&A") EXPENSES

G&A expenses were \$19.0 million (5.7% of revenues) in the quarter ended March 31, 2006, as compared to \$12.8 million (5.5% of revenues) in the quarter ended March 31, 2005.

The increase in G&A expenses was mainly as a result of consolidating Elisra's reports starting December 1, 2005.

5

FINANCE EXPENSE (NET)

Net finance expense in the quarter ended March 31, 2006 was \$4.2 million, as compared to \$1.7 million in the quarter ended March 31, 2005.

The increase in the net finance expense resulted mainly from a higher level of long-term loans and an increase in interest rates.

TAXES ON INCOME

Provision for taxes in the quarter ended March 31, 2006 was \$4.6 million (effective tax rate of 26.3%), as compared to a provision for taxes of \$4.0 million (effective tax rate of 25.9%) in the quarter ended March 31, 2005.

The Company's tax rate represents a weighted average of the tax rates to which the various companies in the Group are subject. The change in the effective tax rate is attributable mainly to the mix of the tax rates in the various tax jurisdictions in which the Group's companies generating the taxable income operate.

COMPANY'S SHARE IN EARNINGS OF AFFILIATED ENTITIES

In the first quarter of 2006 the Company had net income of \$2.3 million from its share in earnings of affiliated companies and partnerships, as compared to \$1.0 million in the first quarter of 2005.

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

The companies and partnerships, in which the Company holds 50% or less in shares or voting rights and are therefore not consolidated in its financial statements, operate in complementary areas to the Company's core business activities, including electro-optics, airborne systems and communications.

NET EARNINGS AND EARNINGS PER SHARE ("EPS")

Net earnings in the quarter ended March 31, 2006 were \$14.5 million (4.3% of revenues), as compared to net earnings of \$12.7 million (5.5% of revenues) in the quarter ended March 31, 2005. E. LIQUIDITY AND CAPITAL RESOURCES

The Company's net cash flow generated from operating activities in the quarter ended March 31, 2006 was \$75.4 million, resulting mainly from net income and advances received from customers. The cash inflows were partially offset, mainly by an increase in inventories.

Net cash flow used for investment activities in the quarter ended March 31, 2006 was \$13.0 million, which was used mainly for procurement of various assets and equipment.

Net cash flow used for financing activities in the quarter ended March 31, 2006 was \$68.7 million, which was used mainly for repayment of long-term loans.

6

On March 31, 2006, the Company had total borrowings in the amount of \$193.5 million, including \$161.3 million in long-term loans, and \$688.6 million in guarantees issued on its behalf by banks, mainly in respect of advance payment and performance guarantees provided in the regular course of business. On March 31, 2006, the Company had a cash balance amounting to \$87.6 million.

As of March 31, 2006, the Company had working capital of \$179.0 million and its current ratio was 1.26.

F. DERIVATIVES AND HEDGES

Market risks relating to the Company's operations result primarily from changes in interest rates and exchange rates. The Company typically uses financial instruments to limit its exposure to those changes. The Company also typically enters into forward contracts in connection with transactions that are denominated in currencies other than U.S. dollars and New Israeli Shekels ("NIS"). The Company may enter from time to time into forward contracts related to NIS, based on market conditions.

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

On March 31, 2006, the Company's liquid assets were comprised of bank deposits, and it had no investments in liquid equity securities that were subject to market fluctuations, except for its shareholdings in Tadiran Communications Ltd. The Company's deposits and loans are based on variable interest rates, and their value as of March 31, 2006 was therefore not exposed to changes in interest rates. Should interest rates either increase or decrease, such change may affect the Company's results of operations due to changes in the cost of the liabilities and the return on the assets that are based on variable rates.

The Company's functional currency is the U.S. dollar. On March 31, 2006, the Company had exposure due to liabilities denominated in NIS of \$60 million in excess of its NIS denominated assets. These liabilities represent mostly wages and trade payables. The amount of the Company's exposure to the changes in the NIS-U.S. dollar exchange rate varies from time to time.

Most of the Company's assets and liabilities which are denominated in currencies other than the NIS and the U.S. dollar were covered as of March 31, 2006 by forward contracts. On March 31, 2006, the Company had forward contracts for the sale and purchase of such foreign currencies totaling \$289 million (\$93 million in Euro, \$191 million in GBP and \$5 million in other currencies). The financial derivative activities in the first quarter of 2006 resulted in an unrealized net gain of approximately \$3.2 million, which was recorded as other comprehensive income.

On March 31, 2006, the Company had options for hedging future cash flow denominated in NIS in the amount of \$14 million. The fair market value of the options as of March 31, 2006 was not material.

G. DIVIDENDS

The Board of Directors declared on May 15, 2006 a dividend of \$0.15 per share.

ELBIT SYSTEMS LTD. AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED

U. S. dollars (In thousands)

NOTE 1 - GENERAL

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

- A. The accompanying financial statements have been prepared in a condensed format as of March 31, 2006, and for the three months then ended in accordance with generally accepted accounting principles in the United States)U.S. GAAP(relating to the preparation of financial statements for interim periods. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States but which are not required for interim reporting purposes, have been condensed or omitted. See Note 4 for the reconciliation from U.S. GAAP to accounting principles generally accepted in Israel (Israeli GAAP).

These statements should be read in conjunction with the Company's annual financial statements and accompanying notes as of December 31, 2005.

The interim financial statements reflect all adjustments, which are, in the opinion of management, necessary for a fair presentation. All such adjustments were of a normal recurring nature. Reclassifications have been made to comparative data in the balance sheet as of December 31, 2005 in order to conform to the current year's presentation.

Operating results for the three months ended March 31, 2006, are not necessarily indicative of the results that may be expected for the year ending December 31, 2006.

- B. During 2004, the Company acquired 4.3% of Tadiran's outstanding shares on the Tel Aviv Stock Exchange in consideration for \$15,900. In 2004 and in the first quarter of 2005 the investment in Tadiran's shares was accounted for as available-for-sale securities.

In the first and the second quarters of 2005, the Company acquired additional 17% of Tadiran's outstanding shares in consideration for \$74,100.

As a result of the acquisition in the second quarter of 2005, the Company was able to exercise significant influence on Tadiran. In accordance with APB 18, "The Equity Method of Accounting for Investments in Common Stock", the Company's interest in Tadiran, which was previously accounted for as available-for-sale securities, was accounted retroactively under the equity method of accounting ("step-by-step acquisition"). Implementing the step-by-step acquisition method resulted in an adjustment of the Company's financial statements for the first quarter of 2005, in which the Company's investment in Tadiran was accounted for as available-for-sale securities.

The following are the effects of the adjustments on the consolidated statement of income:

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

A. The significant accounting policies followed in the preparation of these statements are identical to those applied in preparation of the latest annual financial statements, except for the adoption of FASB Statement No. 123 (revised 2004), "Share-Based Payments" ("Statement 123(R)") as follows:

Through December 31, 2005 the Company adopted the fair value based method of recording stock options for all employee stock option grants consistent with SFAS No. 123, "Accounting for Stock-Based Compensation" (SFAS No. 123). Effective January 1, 2006, the Company adopted the provisions of Statement 123(R), using the modified prospective method. The adoption of Statement 123(R) had an immaterial effect on the Company's financial position and results of operations.
