The Board and each of the key committees—Audit, Compensation and Corporate Governance—also have authority to retain, at the Company's expense, outside counsel, consultants or other advisors in the performance of their duties. The Company's Guidelines on Governance require that a majority of the trustees be independent within the meaning of the New York Stock Exchange (NYSE) listing standards.

Board Leadership Structure

Since the formation of the Company in 1993, we have separated the roles of Chairman of the Board and Chief Executive Officer. Samuel Zell has served as Chairman since our initial public offering in August 1993 and is uniquely qualified to serve in this role. Mr. Zell is recognized as one of the founders of today's public real estate industry after creating two of the largest real estate investment trusts (REITs) in the country: the Company, which has delivered a 14.3% annualized total shareholder return from its IPO in August 1993 through December 31, 2015, and Equity Office Properties Trust, which delivered a 17.4% annualized total shareholder return from its IPO in July 1997 through its sale in February 2007. Mr. Zell also founded Equity LifeStyle Properties (NYSE: ELS), the largest REIT in its sector and one that has delivered a 16.2% annualized total shareholder return from its IPO in February 1993 through December 31, 2015.

As our Chairman, Mr. Zell presides over meetings of the full Board of Trustees, stewards the Company, counsels senior management regarding strategy and provides them with a network of resources across the industry. David J. Neithercut, our President and CEO, sets the strategic direction for the Company under the direction of the Board, is responsible for the day-to-day leadership and performance of the Company and sets the agenda for Board meetings in consultation with the Chairman and our Lead Trustee. We believe the Company is well-served by our current leadership structure.

Lead Trustee

Charles L. Atwood has been the Company's Lead Trustee since March 2009. Mr. Atwood's duties as Lead Trustee include:

- Consistent and regular communication with the CEO regarding the Board's oversight responsibilities
- Ensuring that the Board performs its annual evaluation of the CEO's performance
- Serving as liaison between Chairman and the other trustees
- Presiding at all executive sessions and any Board meetings in the unlikely event the Chairman is not present
- Participating with the CEO in planning and setting agendas for Board meetings
- Determining with the CEO the necessary information trustees should receive and when they should receive it

Table of Contents

Executive Sessions

Pursuant to the Company's Guidelines on Governance, the non-management trustees of the Board meet in regularly scheduled executive sessions without management. The independent trustees also meet in executive session at least once a year. In 2015, the non-management trustees held four executive sessions, and the independent trustees held one executive session.

The Board's Role in Risk Oversight

While risk management is primarily the responsibility of management, the Board provides overall risk oversight, both directly and through its committees, to identify and assess the major risks the Company faces, and the strategies for monitoring and controlling such risks.

The Audit Committee reviews financial, accounting and internal control risks, in accordance with NYSE requirements, and has responsibility for the Company's Code of Ethics and Business Conduct.

The Compensation Committee is responsible for overseeing the management of risks relating to the Company's leadership, management succession planning and compensation philosophy and programs.

The Corporate Governance Committee reviews the Company's enterprise risk management, corporate governance risks, and is responsible for ensuring that the Board has the right mix of skills, experience and diversity to perform its overall risk oversight function.

Each of these committees meets with and reviews presentations from management and internal audit (as applicable) and reports to the Board, thereby keeping the entire Board fully informed and in a position to administer its overall risk management oversight responsibilities. Furthermore, at most regularly scheduled Board meetings, the Board reviews key matters relating to the Company's finances, liquidity, operations and investment activity.

Assessment of Board Performance and Board Processes

Recognizing the importance of a rigorous self-evaluation process to allow boards to assess their performance and identify and address any potential gaps in the boardroom, the Board conducts an annual self-assessment of the performance of the full Board, individual Board members and Board committees. The Chair of the Corporate Governance Committee is responsible for leading the evaluation process.

For the 2015 assessment, the Chair conducted a confidential and in-depth interview with each of the trustees and discussed with each trustee individually his or her own evaluation and provided the full Board and Committees with feedback on their performance. The Lead Trustee interviewed each of the trustees about their evaluation of the Chair of the Corporate Governance Committee and provided the Chair with feedback on his performance. This annual evaluation process provides a way to track progress in certain areas targeted for improvement from year to year and to identify ways to enhance the Board and Committees' effectiveness. The assessments confirm whether the current Board leadership and structure continue to be optimal for the Company and are taken into account by the Corporate Governance Committee in making its recommendations to the Board regarding trustee nominees.

Table of Contents

Management Development and Succession

The Board's goal, through the oversight of the Compensation Committee, is to have an ongoing program for effective leadership development and succession for executive management. As reflected in the Company's Corporate Governance Guidelines, the Compensation Committee discusses with the CEO his recommendations for management development and succession for the Company's other executive officers. Additionally, the Compensation Committee oversees long range plans for management development and succession for the CEO.

The Board's executive succession plan involves conducting regular talent reviews, creating profiles of ideal candidates and selecting potential successors expected to fit the needs of the Company over time. In implementing these plans, the Board believes that, at its core, succession planning: (1) is a board-driven, collaborative and continuous process; (2) should take into account the Company's long-term strategic goals; and (3) involves building a talent-rich organization by attracting and developing the right people. Individuals who are identified as high potential leaders are given exposure and visibility to Board members through formal presentations and informal events. Furthermore, for 2015, ten percent of the assessment of the executive officers' annual performance was based on individual goals that include development, succession or leadership-oriented goals. In addition to their review of executive officer development and succession, the Board is regularly updated on key talent indicators for the overall workforce, including diversity and other development programs.

In the event the Chairman of the Board and/or the CEO is unexpectedly unable to serve, (i) the Lead Trustee shall automatically be appointed to serve as the interim successor to the Chairman, (ii) the Chairman shall automatically be appointed to serve as the interim successor to the CEO and (iii) the Lead Trustee will promptly call a meeting of the Board for the purposes of appointing a special committee to start the process to recommend candidates to serve as a permanent replacement for either or both positions.

Certain Relationships and Related Transactions

The Company has adopted a Code of Ethics and Business Conduct that applies to all trustees and employees. The purpose of the Code of Ethics and Business Conduct is to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company; and to promote compliance with all applicable rules and regulations that apply to the Company and its officers, employees and trustees.

The Audit Committee has responsibility for reviewing the Company's written policies relating to the avoidance of conflicts of interest and reviewing any proposed related party transactions. Pursuant to such policy, the Audit Committee, consisting solely of independent trustees, approved a transaction in July 2011 whereby ERP Operating Limited Partnership (the Operating Partnership), of which the Company is the general partner, leases its corporate headquarters pursuant to a ten-year lease from an entity controlled by Mr. Zell. While the rules of the Securities and Exchange Commission (SEC) classify this lease as a related-party transaction, the Company deems the lease to be immaterial and no different than any other office lease transaction that the Company could have entered into on arms-length terms at the same time. Specifically, an independent commercial office brokerage firm confirmed in a report to the Audit Committee that at the inception of the lease, the lease had terms that were equivalent to, or more tenant-friendly than,

Table of Contents

any other arms-length office lease with a ten-year term, entered into at the time, for similar space in Chicago's West Loop neighborhood. Furthermore, the lease does not, in the opinion of the Company and the independent members of the Board, affect Mr. Zell's ability to act in the best interests of the Company and its shareholders as the amount of lease income is insignificant for Mr. Zell in relation to his considerable net worth. Amounts incurred by the Company for the office lease and related office facility services in 2015 totaled \$2,560,846.

Trustee Resignation Policy

The Company has a majority vote standard for the election of trustees in uncontested elections which incorporates a trustee resignation policy for any trustee who does not receive the requisite vote. This resignation policy requires that any trustee nominee who is not elected by a majority of votes cast must promptly tender his or her resignation to the Board. The Board would then decide within 90 days following certification of the shareholder vote, through a process managed by the Corporate Governance Committee and excluding the nominee in question, whether to accept or reject the tendered resignation, or whether other action is recommended. The Board would promptly publicly disclose its decision and rationale.

Share Ownership Guidelines

In keeping with its belief that aligning the financial interests of the Company's executive officers and trustees with those of the shareholders will result in enhanced shareholder value, the Board has established the following executive officer and trustee share ownership guidelines:

Position	Minimum Share Ownership
CEO	5x base salary
Executive Vice Presidents	3x base salary
Senior Vice Presidents	1x base salary
Trustees	\$250,000

Executive officers and trustees have three years from appointment to comply with the ownership requirements. All of our executive officers and trustees have met their respective share ownership requirements or are in the permitted time frame to achieve such ownership.

The following unpledged equity interests count toward fulfillment of ownership guidelines:

Company shares;

Partnership interests in the Operating Partnership (OP Units); and

Restricted shares in the Company and restricted units in the Operating Partnership granted in connection with compensation awards. Restricted units are interests that are convertible on a one-for-one basis into OP Units subject to certain vesting and other tax restrictions. Restricted shares and restricted units are collectively referred to in this Proxy Statement as Share Awards .

Securities Trading Policy and Prohibition against Hedging of Company Equity Securities

The Company's Securities Trading Policy sets forth guidelines and restrictions applicable to trustees and executive officers of the Company regarding transactions involving Company securities. Pursuant to this policy, the Company regularly imposes a trading moratorium on all trustees and all high level officers when they have knowledge of material non-public information. Among other things, this policy also prohibits our trustees and executive officers from selling any Company shares if he or she does not own the security at the time of sale (commonly called a "short sale"). This policy further prohibits trustees and executive officers from purchasing financial instruments that are designed to hedge or offset any decrease in the market value of their Company equity securities.

Corporate Social Responsibility

The Company is devoted to the incorporation of sustainability and social responsibility concepts in all aspects of its business. For further information, please view the Company's 2015 Corporate Social Responsibility and Sustainability Report posted at www.equityresidential.com in the sustainability section. The Company is especially proud of its performance in the 2015 Global Real Estate Sustainability Benchmark (GRESB) Survey—a globally-recognized third-party analysis of more than 700 real estate portfolios worldwide. In the Company's second year of participation in GRESB, it was recognized as a Global/Residential Sector Leader—the top performer among all residential firms.

Political Contributions Policy

The Company has a robust policy governing the approval of any political expenditures made by or on its behalf. The policy, together with a disclosure on the amount spent under the policy during the previous calendar year, is available on the Company's website at www.equityresidential.com in the investor section under "Corporate Governance". As part of the policy, the Corporate Governance Committee conducts an annual review to ensure that all political spending under the policy is legitimately linked to the Company's business purpose and strategic intent.

Biographical Information and Qualifications of Trustees

Audit Committee

The Audit Committee is comprised entirely of trustees who meet the independence and financial literacy requirements of the NYSE listing standards. In addition, the following members of the Audit Committee are designated as financial experts under such listing standards and SEC rules: John E. Neal (Chair), Charles L. Atwood, Linda Walker Bynoe, Gerald A. Spector and Stephen E. Sterrett. The Audit Committee's responsibilities as set forth in its charter include providing assistance to the Board in fulfilling its responsibilities with respect to oversight of the integrity of the Company's financial statements, compliance with legal and regulatory requirements, the independent auditor's qualifications, performance and independence and the performance of the Company's internal audit function. The Company's senior internal audit officer reports to the Audit Committee. In accordance with its charter, the Audit Committee has sole authority to appoint and replace the independent auditor, which reports directly to the Committee; approve the engagement fees of the independent auditor; and pre-approve the audit services and any permitted non-audit services provided to the Company. In addition, the Audit Committee reviews the scope of audits as well as the annual audit plan, evaluates matters relating to the audit and internal controls of the Company and reviews and approves all material related party transactions. The Audit Committee holds separate executive sessions, outside the presence of senior management, with the Company's independent auditor and the Company's senior internal audit officer. During 2015, no member of the Audit Committee served on more than two other public company audit committees.

Compensation Committee

The Compensation Committee is comprised entirely of trustees who meet the independence requirements of the NYSE listing standards. The Compensation Committee's responsibilities as set forth in its charter include establishing the Company's general compensation philosophy, overseeing the Company's compensation programs and practices, including incentive and equity-based compensation plans, reviewing and approving executive compensation plans in light of corporate goals and objectives, evaluating the performance of the CEO in light of these criteria and recommending the CEO's compensation level based on such evaluation, evaluating the performance of the other executive officers before approving their compensation, reviewing and making recommendations concerning proposals by management regarding compensation, bonuses, employment agreements and other benefits and policies regarding such matters for employees of the Company and overseeing the Company's executive succession and management development plans, including diversity and other development programs.

Trustee Nomination Procedures

Trustee Qualifications and Diversity

The Company's Guidelines on Governance set forth the Board's policies for the desired attributes of trustees and the Board as a whole. The Board will seek to ensure that a substantial majority of its members are independent within the NYSE listing standards. Each member of the Board must possess the individual qualities of integrity and accountability, informed judgment, financial literacy, high performance standards and must be committed to representing the long-term interests of the Company and the shareholders. The Board values diversity, in its broadest sense, reflecting, but not limited to, profession, geography, gender, ethnicity, skills and experience, and believes that, as a group, the nominees bring a diverse range of perspectives to the Board's deliberations. As a general matter, the Board does not believe it should retain a mandatory retirement age for trustees or establish term limits for trustee service, instead preferring to rely upon its evaluation procedures as the primary method of ensuring that each trustee continues to act in a manner consistent with the best interests of the shareholders, the Board and the Company.

Identifying and Evaluating Nominees

The Corporate Governance Committee regularly assesses the appropriate number of trustees comprising the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. The Corporate Governance Committee considers suggestions of potential trustee candidates made by current Board members, shareholders, professional search firms or other persons. The Corporate Governance Committee may consider those factors it deems appropriate in evaluating trustee candidates including judgment, skill, diversity, strength of character, experience with businesses and organizations comparable in size or scope to the Company, experience and skill relative to other Board members and specialized knowledge or experience.

The Corporate Governance Committee Chair and all other members of the Corporate Governance Committee (which Committee includes the Lead Trustee), and the Chief Executive Officer (on a non-voting basis), interview potential candidates that the Corporate Governance Committee has deemed qualified and appropriate. If the Committee determines that a potential candidate meets the needs of the Board, has the qualifications as set forth in the Company's Guidelines on Governance, it will recommend the nomination of the candidate to the Board.

New Trustee since 2015 Annual Meeting of Shareholders

After considering a substantial number of candidates and comprehensively reviewing their abilities and qualifications, at the recommendation of the Corporate Governance Committee, Ms. Duckworth was appointed to the Board in December 2015. Given her strong background as reflected in her biography on page 10, the Board believes she provides valuable knowledge and perspective to the Company.

Shareholder Nominees

The Corporate Governance Committee will consider properly submitted shareholder nominees for election to the Board and will apply the same evaluation criteria in considering such nominees as it would to persons nominated under any other circumstance. A shareholder wishing to submit to the Corporate Governance Committee a potential nominee for election to the Board for its consideration should follow the following procedures:

Pursuant to the Company's Bylaws, a shareholder of the Company who is a shareholder of record at the record date set by the Board for the purpose of determining shareholders entitled to vote at the annual meeting, at the time of giving notice (as described in this paragraph) and at the time of the annual meeting, and who is entitled to vote at such meeting, may nominate individuals for election to the Board if the shareholder complies with the following requirements. First, the shareholder must give the Corporate Secretary of the Company timely written notice of nomination. Generally, notice will be timely if it is delivered not earlier than the close of business on the 150th day, nor later than the close of business on the 120th day, prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting. Accordingly, for the Company's annual meeting in the year 2017, the Corporate Secretary must receive the notice after the close of business on November 21, 2016, and prior to the close of business on December 21, 2016. The notice must set forth certain information as to each individual the shareholder proposes to nominate, information with respect to Company security ownership by the shareholder giving such notice, and, to the extent known by the shareholder giving notice, the name and address of any other shareholder supporting the nominee for election. The foregoing is a summary of Article II, Section 13 of the Bylaws of the Company and is qualified in its entirety by the text of that section.

The Company's shareholders also possess the right to nominate candidates to the Board through proxy access provisions of the Company's Bylaws. On October 1, 2015, the Company amended and restated its Bylaws to, among other things, implement a proxy access provision after discussions with many of its large shareholders as well as the proponent of the proxy access proposal that received majority support at the Company's Annual Meeting in June 2015. The Bylaws now permit a shareholder, or group of up to 20 shareholders, owning 3% or more of the Company's outstanding common shares continuously for at least 3 years, to include in the Company's annual meeting proxy materials trustee nominations for up to 20% of the seats on the Board, subject to the other terms and conditions of the Bylaws. The foregoing is a summary of Article II, Section 16 of the Bylaws of the Company and is qualified in its entirety by the text of that section.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Overview

This Compensation Discussion and Analysis (CD&A) provides a detailed description of our executive compensation philosophy, objectives and programs, the compensation decisions made under those programs, and the performance metrics and other relevant factors the Compensation Committee used in making these decisions.

The Company s 2015 executive compensation program is designed to attract, retain and motivate talented executives and to reward them for the achievement of pre-established company, business unit and tailored individual goals consistent with our strategic plan to create long-term value for our shareholders. This program is based on a strong performance-oriented compensation philosophy, increases transparency around the compensation process and emphasizes performance-based incentive compensation over fixed cash compensation so that each executive s total direct compensation, other than base salary, is variable and not guaranteed. It further emphasizes pay for performance by strengthening the alignment between executive compensation and performance measured by pre-established goals with primarily objective quantitative performance metrics that align with the Company s business strategy and the long-term interests of its shareholders, but does not incentivize undue risk taking.

At our 2015 Annual Meeting of Shareholders, 95% of our shareholders who voted approved our advisory report on the Company s executive compensation. We believe our shareholders overwhelming support for the Company s compensation program in 2015 reflects the strong alignment between our executive pay and performance.

2015 Highlights

2015 was an excellent year for the Company and one in which it produced some of the strongest financial growth and operational achievements in its history. Highlights included:

Produced year-over-year same store revenue growth of 5.1% and limited expense growth to only 2.5%, resulting in an increase to same store net operating income (NOI) of 6.5%. This is the fifth consecutive year of 5% or better NOI growth. (1)

Increased Normalized FFO per share on a year-over-year basis by 9.1% and the common share dividend per share by 10.5%. (2)

Achieved twelve-month Total Shareholder Return of 16.9%, beating the Apartments Index, the REIT Index and the S&P 500 Index (described below).

Received credit rating upgrades from Standard & Poor s and Fitch, and a positive outlook from Moody s. Overall financial strength permitted us to issue 30-year debt for the second consecutive year at very attractive pricing, extending the Company s debt maturity profile.

Contracted to sell 72 assets to Starwood Capital for \$5.365 billion, generating an approximately 11% unlevered internal rate of return and facilitating our exit from several non-core markets in a transaction that closed in January 2016, resulting in an \$8 per common share special dividend paid in March 2016.

Named one of Fortune Magazine s World s Most Admired Companies, with recognition for having the second highest rated Quality of Management of all Real Estate Companies in this list.

2015 EXECUTIVE COMPENSATION PROGRAM

Components of 2015 Executive Compensation Program

Annual Salary

Annual salaries of executive officers, the first component of the 2015 Executive Compensation Program, were set at levels competitive with other large companies engaged in the real estate industry with which the Company competes for executive talent. As it does annually, the Compensation Committee reviewed base salaries for the executive officers to determine whether any adjustments were necessary to reflect market conditions or changes in responsibilities. In 2015, no such adjustments were made.

Table of Contents***Annual Incentive Plan***

The second component of the 2015 Executive Compensation Program was an Annual Incentive Plan, which allowed the executive to earn from 0% to 200% of target annual incentive, by performance against pre-defined and pre-weighted annual goals (75% of which are objective measurable metrics for Mr. Neithercut and 60% of which are objective measurable metrics for the other named executive officers) established by the Compensation Committee.

The Goals were comprised of Corporate Goals, which were shared by all executives, and Business Unit goals, which were shared or unique to each executive, depending on areas of responsibility. These goals were pre-established, with the majority measured objectively and the rest subjectively. Each executive was also assigned individual goals for 2015; Mr. Neithercut by the Compensation Committee and the other executives by Mr. Neithercut and approved by the Compensation Committee. Individual goals were assessed subjectively and were intended to move the Company and/or business unit forward in terms of organizational structure, improve on such practices as collaboration among business units and enterprise-wide thinking, provide for appropriate leadership and succession management or otherwise address developmental needs of individuals or groups within the organization.

The Annual Incentive Plan rewarded achievement of these goals based on the Compensation Committee's quantitative and qualitative assessment of the executives' contributions to that performance. Performance against each goal was assessed against Threshold, Target and Maximum performance levels, equating to payouts at 50%, 100% and 200%, respectively, and each goal was assigned a weighting relative to the other annual goals. Results between Threshold and Target or between Target and Maximum were based on interpolation. Performance below Threshold would have earned 0%. The total annual incentive earned by an executive was the sum of the weighted annual incentive amounts earned with respect to each goal.

To further align the interests of our executives with our shareholders, half of the annual incentive earned was paid in Performance Equity Grants which are time-based equity grants of Share Awards and/or options to purchase Company shares (Option Awards). Share Awards will cliff vest, in full, on the three-year anniversary of the grant date and Option Awards will vest over three years at the rate of one-third of such award each year, all subject to continuous employment and other normal retirement provisions.

The other half of the annual incentive earned (the Performance Bonus) was paid in cash and/or, at the executive's option, in the form of immediately vested restricted units, using the closing price of the Company's shares on the day of its annual grant of Share Awards as the valuation price of such units.

Long-Term Incentive Plan

The third component of the 2015 Executive Compensation Program was the Long-Term Incentive Plan (LTI Plan), which allows the executive to earn from 0% to 200% of a target number of Share Awards, as determined by the Company's relative and absolute Total Shareholder Return over a forward-looking three-year performance period compared to pre-established quantitative performance metrics. We refer to such awards subject to earn out under the LTI Plan as LTI Awards . This aligns the interests of our executives with the interests of our shareholders. LTI Awards that are earned by TSR results, as described above, cliff vest, in full, on the three-year anniversary of the grant date, subject to continuous employment and other normal retirement provisions. The LTI Awards were granted to executives in February 2015, at the target dollar amounts shown on page 27, covering the three-year performance period from January 1, 2015 through December 31, 2017, with the following pre-established quantitative performance metrics and potential payout levels:

Table of Contents

% of Award	Metric	Performance Level (1)		
		Threshold	Target	Maximum
50%	Percentile ranking of Company relative to companies in the Apartments Index	25%	50%	80%
25%	Percentile ranking of Company relative to companies in the REIT Index	25%	50%	80%
25%	Absolute Company TSR (2)	4%	8%	12%

(1) Performance results with respect to each metric at Threshold, Target and Maximum equate to payouts of 50%, 100% and 200%, respectively. Results between Threshold and Target or between Target and Maximum are based on interpolation. Performance below Threshold earns 0%.

(2) Absolute Company TSR represents the compounded annual return of an investment in common shares of the Company over the performance period, with the beginning and ending share prices being the average of the first and last 20 trading days, respectively, of the performance period.

The Compensation Committee, as promptly as practicable following the conclusion of the performance period, shall determine the performance of the Company's TSR over the performance period and resulting earn out of LTI Awards compared against the performance metrics established for the period. If a Change in Control (as defined in the Change in Control/Severance Agreements section below) occurs at any time prior to the end of the performance period, the award shall fully vest on the date of the Change in Control, and the award shall be valued as though the performance period had ended on the date of the Change in Control.

Executives participating in the LTI Plan elect prior to the start of the performance period to settle the LTI Award at the end of the performance period in the form of either or a combination of both restricted shares and/or restricted units. With respect to an award that will be settled in the form of restricted shares, the Company shall not pay the grantee any dividends on such shares. Once the number of restricted shares earned has been determined after the end of the performance period, the Company shall make a cash payment to the grantee in an amount equal to all cash dividends that would have been paid on those restricted shares had they been outstanding and entitled to dividends during the performance period.

For income tax reasons, grantees of awards that will be settled in the form of restricted units: (1) will be issued restricted units at the time of grant at the maximum amount but such units will be subject to forfeiture (other than the

partial distributions thereon) at the end of the performance period depending on the extent of the actual award earned and (2) will be paid a distribution in the amount of 10 percent of any cash distributions paid on OP Units during the period from the grant date to the date of final determination and true-up of restricted units earned. Once the number of restricted units earned has been determined and true-up at the end of the performance period, the Company's operating partnership shall make a cash payment to the grantee in the amount equal to all cash distributions that would have been paid on those earned restricted units had they been outstanding and entitled to full distributions during the performance period, less any previously paid partial distributions.

Table of Contents

If a **Qualified Termination** of employment occurs during the first year of the performance period, the LTI Award shall be prorated in the proportion that the number of days employed during such year bears to 365 (or 366 if a leap year), as the award represents payment for services to be provided during the first year of the performance period. **Qualified Termination** is generally defined as: Termination of employment due to Death, Disability or Retirement at or after age 62, or in accordance with the provisions of the Rule of 70 which are described below in **Change in Control/Severance Agreements**. Vesting is immediate for all **Qualified Termination** events, other than Rule of 70 retirement where vesting continues after retirement, provided the grantee honors the non-compete/employee non-solicitation agreement. If the grantee's employment terminates prior to vesting of the award for any reason other than pursuant to a **Qualified Termination**, any unvested awards shall be forfeited, unless the Compensation Committee determines otherwise.

2015 Target Compensation/Pay Mix

The following table shows the three components of our executive officers' 2015 target compensation as described in the preceding pages:

	<u>Annual Incentive Plan</u>			<u>LTI Plan</u>	Total Target Compensation
	Annual	Performance	Performance	LTI	
		Bonus	Equity Grants	Awards

B. Strohm	500,000	500,000	500,000	1,000,000	2,500,000

(1) Amounts shown reflect a hypothetical 100% payout resulting from achieving target performance. Actual payouts will be in a range of 0% to 200% of these amounts, as determined by actual performance results, as described in the following pages.

(2) Performance Equity Grants are performance based annual long-term incentive grants consisting of Share Awards and/or Option Awards which remain subject only to time-based vesting.

(3) LTI Awards covering the three-year performance period from January 1, 2015 to December 31, 2017, subject to earn out at the end of the three-year period.

The Compensation Committee believes that as the responsibilities of our executives increase, the proportion of their total compensation that is at risk and dependent on the Company's performance should also increase. Accordingly, a significant portion of our executive officers' total target compensation was determined on the basis of performance with respect to pre-established quantitative performance metrics: 89% for Mr. Neithercut and 80% for the other executives. Furthermore, 45% of Mr. Neithercut's target compensation and 40% of the other executives' target compensation was comprised of LTI Awards and dependent on the Company's relative and absolute TSR over a

forward-looking three-year performance period.

(2) Represents the target grant date fair value of the LTI Awards granted in February 2015 for prospective service in 2015 which remain subject to earn out at the end of the three-year performance period from January 1, 2015 to December 31, 2017.

(3) As reflected in the SC Table on page 39.

As noted in last year's proxy statement, as a result of investor feedback, the Compensation Committee overhauled the executive officers' compensation program for 2015, which included the establishment of the new multi-year forward looking long-term incentive program. The initial awards under the new LTI Plan were made in early 2015, with the ultimate value of such awards predicated on various future total shareholder return objectives for the performance period of 2015-2017. At the same time the Compensation Committee implemented the new (now existing) LTI Plan to provide compensation for services to be provided during 2015 and future periods, Share Awards were also made in early 2015 to account for historical performance that occurred in 2014 under the prior program.

Consequently, per SEC disclosure requirements, the SC Table for 2015 shown on page 39 contains a doubling of equity grants.

In order to provide shareholders with a more complete picture of CEO and the other named executive officer compensation across years, the tables above reconcile the incentives and equity grants made corresponding to the year of service and performance. These tables also show Mr. Neithercut's annual direct compensation for the past three years, as well as his compensation reported in the SC Table for such years, and for each of the other named executive officers, their 2015 direct compensation and the 2015 compensation reported in the SC Table.

The primary difference between the tables above and the SC Table is that the SC Table is required to disclose the grant date fair value of all Share Awards and Option Awards in the year in which they were granted, which may or may not be the same year in which the services relating to the awards were provided. This doubling of equity grants will only apply for 2015 as a result of the shift in our compensation program as noted above. As the SC Table includes items that are not necessarily reflective of the compensation actually realized by the executive, the Compensation Committee believes the amounts disclosed as "Total Compensation" in the tables above is the best measurement of the

annual direct compensation earned by the executive officers. The actual payout attributable to Share Awards, Option Awards and LTI Awards under our new compensation program will be based on future performance and common share prices.

The illustration below depicts the one-time issue of double reporting in the SC Table and direct overlap of awards that span two distinct programs and reward performance for two separate years.

2015 Annual Incentive Plan

For 2015, the Compensation Committee established the following Annual Incentive Plan Performance Goals - corporate, business unit and individual - with the following relative weightings for 2015:

CEO PERFORMANCE

OTHER EXECUTIVES PERFORMANCE

GOALS WEIGHT

GOALS WEIGHT

Table of Contents**2015 Annual Incentive Plan Goals**

	CEO	Other Executives
Corporate Goals		
Annual Growth in Normalized Funds from Operations per Share	25%	20%
Annual Growth in Same Store Net Operating Income	25%	20%
Leadership/Employee Engagement	15%	10%
G&A and Property Management Costs	10%	10%
Business Unit Goals	0%	30%
Individual Goals	<u>25%</u>	<u>10%</u>
Total:	<u>100%</u>	<u>100%</u>

2015 Annual Incentive Plan Results**Corporate Goal #1: Annual Growth in Normalized Funds from Operations per Share**

<u>Threshold</u>	<u>50%</u>	<u>Target</u>	<u>100%</u>	<u>Maximum</u>	<u>200%</u>	<u>2015 Results</u>	<u>% of Target Achieved</u>
\$3.31		\$3.41		\$3.51		\$3.46	150%

Setting the Target: The 2015 Target for Corporate Goal #1 was established at \$3.41 per share, representing a 7.6% increase over the \$3.17 per share generated by the Company in 2014.

Performance: Actual Normalized FFO for 2015 was \$3.46 per share, a 9.1% increase over 2014, therefore achieving 150% of Target.

Why is this metric important? Funds from Operations (FFO) is widely acknowledged by the REIT industry as being a helpful measure of the operating performance of a real estate company, because it excludes depreciation and gains or losses relating to sales of real estate. The Company uses Normalized FFO , which further excludes other items that by their nature are not comparable from period to period and tend to obscure actual operating results, as a method to compare the operating performance of the Company over a given time period to that of other companies and other time periods in a consistent manner.

Table of Contents**Corporate Goal #2: Annual Growth in Same Store Net Operating Income**

<u>Threshold</u> 50%	<u>Target</u> 100%	<u>Maximum</u> 200%	<u>2015 Results</u>	<u>% of Target Achieved</u>
4.5%	5.0%	6.0%	6.50%	200%

Setting the Target: The 2015 Target for Corporate Goal #2 was for the Company to achieve 2015-over-2014 Same Store NOI growth of 5.0%.

Performance: Actual year-over-year Same Store NOI Growth in 2015 was 6.5%, far in excess of the Maximum performance level and a 90 basis point increase over the previous year's result, therefore achieving 200% of Target.

Why is this metric important? The Company's primary financial measure for evaluating each of its apartment communities is NOI, which represents rental income less direct property operating expenses (including real estate taxes and insurance) as well as an allocation of indirect property management costs. The Company believes that NOI is helpful to investors as a supplemental measure of its operating performance because it is a direct measure of the actual operating results of the Company's apartment communities. Comparing NOI on a same store basis (i.e., looking at the exact same set of stabilized apartment communities over the periods being compared) allows for an apples-to-apples comparison, and helps investors compare the Company's operating results to its competitors on a market-by-market basis.

Corporate Goal #3: Leadership/Employee Engagement

	<u>Threshold</u> 50%	<u>Target</u> 100%	<u>Maximum</u> 200%	<u>2015 Results</u>	<u>Weighted % of Target Achieved</u>
Engagement (60%):	79%	83%	87%	82%	97%
Retention (40%):	70%	75%	80%	76%	

Setting the Target: The 2015 Target for Corporate Goal #3 was for the Company to achieve an engagement score of 83% and a retention percentage of 75%, strong performance scores when compared to industry data and the Company's historical performance in these areas.

Performance: Actual scoring in 2015 was an 82% engagement score and 76% retention percentage, achieving 97% of Target, and reflecting a successful effort to maintain previous success.

Why is this metric important? It is a core managerial principle that one of the strongest competitive advantages a company can have is an engaged and committed workforce. One way the Company measures the effectiveness of its executives' leadership, is by assessing objective data relating to:

Employee Engagement, through an annual third-party anonymous survey of our workforce, and

Employee Retention, by calculating the percentage of the workforce that has been retained in the relevant period of time, excluding the effects of property acquisitions/sales and other non-comparable events.

Table of Contents**Corporate Goal #4: G&A and Property Management Costs**

<u>Threshold</u>	<u>50%</u>	<u>Target</u>	<u>100%</u>	<u>Maximum</u>	<u>200%</u>	<u>2015 Results</u>	<u>% of Target Achieved</u>
	5.16%		5.00%		4.77%	5.06%	81%

Setting the Target: The 2015 Target for Corporate Goal #4 was for the Company to limit its general and administrative (G&A) and property management costs to 5.0% of total revenues. This target was more restrictive than the Company s 2014 result, when its G&A and property management costs were 5.17% of total revenues.

Performance: Actual G&A and property management costs for 2015 were \$139 million, or 5.06% of total revenues, achieving 81% of Target.

Why is this metric important? The Company believes that looking at general and administrative and property management costs is a helpful measurement to investors as one method of analyzing the Company s stewardship of its capital. This metric, which the Company normalizes to exclude certain non-recurring or duplicative charges, includes the personnel and other overhead costs incurred by the Company to manage its operations, investments, finance and legal activities above the property level. Since these costs reduce Normalized FFO (as described above) and the cash available to pay dividends, the Company monitors this metric carefully and compares it to competitors.

Compensation for the Chief Executive Officer in 2015

To determine the amounts of Mr. Neithercut s 2015 Performance Bonus and Performance Equity Grant, the Compensation Committee calculated results on the Corporate Goals, as delineated above, and assigned scores to his individual goals. The independent trustees of the Board then approved such calculations, scores and overall compensation.

Performance on Mr. Neithercut s individual goals for 2015, which were assigned by the Compensation Committee, was assessed subjectively by the Committee, considering, among other things, industry leadership and reputation, his leadership in the areas of succession planning, communication and collaboration; execution of the Company s current strategy with an eye on future opportunities; and communication with our investors and analysts. The Committee also noted that Mr. Neithercut was named 2015 Multifamily Executive of the Year by Commercial Property Executive magazine and 3rd best CEO of all REITs by Institutional Investor magazine, and leads the second highest rated management team among real estate companies, as cited by Fortune Magazine.

For 2015, Mr. Neithercut received a scoring of 147% of Target on the Corporate Goals (weighted at 75%) and a scoring of 175% of Target on his individual goals (weighted at 25%), resulting in an overall scoring of 154% of Target Achievement on his Performance Bonus and his Performance Equity Grant.

Mark J. Parrell. As Executive Vice President and Chief Financial Officer, Mr. Parrell's Business Unit Goals included appropriately managing the Company's accounting and corporate budgeting functions which include liquidity and capital planning management, overseeing the preparation of the Company's financial statements, SEC periodic filings and financial planning and budgeting. He is also responsible for the oversight of the Company's treasury department, which is responsible for capital market execution, and also oversees the income tax and investor relations departments. (1) The target number of shares is derived by dividing the target value of such awards (\$3,600,000 for Mr. Neithercut; \$1,200,000 for Mr. Santee, Mr. George and Mr. Parrell; and \$1,000,000 for Mr. Strohm) by the Monte Carlo value as of the date of the award of \$90.98 per restricted unit and \$90.65 per restricted share. The Monte Carlo value was determined by an independent consultant to the Company. All of the awards are comprised of restricted units, other than the award to Mr. Santee which also included restricted shares.

Benchmarking

To measure the Company's executive compensation for competitiveness in the industry, the Compensation Committee engaged an independent consultant, FPL Associates, L.P. (FPL), a nationally recognized compensation consultant, to conduct an analysis that benchmarked the Company's executive compensation against a peer group of other large REITs. The Compensation Committee used this information as context for decisions about compensation practices and about pay levels for the executive officers.

The 2015 **peer group** consisted of 17 other public REITs across a variety of asset classes (i.e., multifamily, office, industrial, hotel, retail, self-storage, health care, specialty and diversified) that were of the largest size (by total market capitalization) within the public real estate industry, each with a minimum level capitalization of \$10 billion. The REITs included in this peer group are shown as ranked by the total capitalization used in the FPL analysis.

FPL compared the individual components and total compensation of the Company's executives to the fiscal year 2014 compensation of executives in comparable positions within the peer group. The tables provided to the Compensation Committee highlighted the 25th percentile, median, average, 75th percentile and 90th percentile market practices, and then displayed each of the executive's compensation as a percentage of the variance from the market median and 75th percentile. FPL found that total compensation for the Company's named executive officers placed it 12% below the median for the peer group.

FPL also analyzed the level of compensation provided to the Company's named executive officers on a single year basis as it related to both total capitalization and market capitalization (at December 31, 2014), finding that the Company ranked at the 83rd percentile in total capitalization (4th largest) and market capitalization (4th largest), but at only the 26th percentile (6th lowest) in total compensation.

To maintain the independence of the firm's advice, FPL does not provide any services for the Company other than those described here as well as consulting to the Compensation Committee regarding Equity's Executive Compensation Program implemented in 2015. In 2015, the Compensation Committee conducted a conflict of interest assessment, and no conflict of interest on the part of FPL was identified.

Compensation Clawback Policy

Under Section 304 of the Sarbanes-Oxley Act, if the Company is required to restate its financial results due to material noncompliance with any financial reporting requirement under the securities laws as a result of misconduct, the Chief Executive Officer and Chief Financial Officer must reimburse the Company for (1) any bonus or other incentive-based or equity-based compensation received during the 12 months following the public issuance of the non-compliant document, and (2) any profits realized from the sale of its securities during those 12 months.

Table of Contents**Tax Deductibility of Compensation**

If applicable, Section 162(m) of the Internal Revenue Code of 1986, as amended (IRC), would limit the deductibility on the Company's tax return of compensation over \$1 million to any covered employee unless, in general, the compensation is paid pursuant to a plan that is performance based, non-discretionary and has been approved by the Company's shareholders. The Company believes that because it qualifies as a real estate investment trust under the IRC and pays dividends sufficient to minimize federal income taxes, the payment of compensation that may not satisfy the requirements of Section 162(m) will generally not materially affect the Company's net income. For these reasons, the Compensation Committee's compensation policy and practices are not directly guided by considerations relating to Section 162(m).

Compensation Risks

The Compensation Committee reviewed the elements of the Company's compensation to determine whether they encourage excessive risk taking and concluded that any risks arising from the Company's compensation policies are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

2016 Target Compensation

The 2016 target compensation and compensation mix for our named executive officers are unchanged from 2015.

Table of Contents

- (1) **Share Awards and Option Awards.** The dollar amount shown is the grant date fair value of the Share Awards and Option Awards granted under the Company's Annual Incentive Plan during the listed years for services performed in the prior year and the grant date target fair value of the LTI Awards granted in February 2015 under the Company's LTI Plan for the three-year performance period from January 1, 2015 to December 31, 2017. Officers are offered the opportunity to receive some or all of their Performance Bonus in fully vested restricted units as an alternative to cash. The 2014 Performance Bonuses for Mr. Neithercut, Mr. George and Mr. Strohm, and the 2015 Performance Bonuses for Mr. Neithercut and Mr. Strohm, were paid in the form of fully vested restricted units and are included in the Share Awards column. Assumptions used in the calculation of grant date fair value for the primary grant of Share Awards and Option Awards each year are included in footnotes 2 and 12 of the audited financial statements included in the Company's Annual Reports on Form 10-K for 2015, 2014 and 2013.
- (2) **Non-Equity Incentive Plan Compensation.** Represents discretionary performance bonuses paid in cash by the Company for the year in which the services were performed, even though paid in February of the following year. Accordingly, the amounts listed for 2015, 2014 and 2013 consist of Performance Bonuses paid in February 2016, 2015 and 2014, respectively. Any Performance Bonuses taken as fully vested restricted units as an alternative to cash are included in the amounts shown in the Share Awards column.
- (3) **All Other Compensation.** Represents other benefits provided to the named executive officers, including Company matching and contributions (if any) to the Company's 401(k) plan, the payment of life insurance premiums and the cost of executive physicals.

- (1) Represents the February 2015 grant of Share Awards (including restricted units taken as a portion or all of a Performance Bonus) for services performed in 2014 which were approved by the Board on January 27, 2015. The Share Awards vest in full on the third anniversary of the grant date (subject to normal employment and retirement provisions previously discussed), except for the fully vested restricted units granted to Mr. Neithercut, Mr. George and Mr. Strohm (24,722, 8,894 and 7,381, respectively) as a Performance Bonus.

- (2) Represents the threshold (50%), target (100%) and maximum (200%) number of LTI Awards approved by the Board on January 27, 2015 and granted in February 2015 for the 2015-2017 performance period. The target number of LTI Awards is derived by dividing the grant date fair value of such awards (\$3,599,988 for Mr. Neithercut; \$1,199,935 for Mr. Santee, Mr. George and Mr. Parrell; and \$999,961 for Mr. Strohm), by the Monte Carlo value as of the date of the award of \$90.98 per restricted unit and \$90.65 per restricted share. For additional information regarding the terms of LTI Awards, including vesting schedule and dividends, see page 25 of the CD&A.

Table of Contents

(3) The grant date fair value of the Share Awards was calculated based on the closing price of the common shares on the grant date of \$80.27. The grant date fair value of LTI Awards reflects the value of the number of LTI Awards if earned at Target, using a Monte Carlo value as of the date of the award of \$90.98 per restricted unit and \$90.65 per restricted share.

- (4) Reflects the number of LTI Awards (which are payable in the form of Share Awards and vest on February 5, 2018) granted in February 2015, valued at approximately 137% of the target grant, assuming the three-year performance period from 2015-2017 had terminated and been valued as of December 31, 2015. The actual number of Share Awards issued will not be determined until the end of the 2015-2017 performance period.
- (5) Reflects the number of unearned/unvested LTI Awards calculated pursuant to the previous footnote and multiplied by \$81.59, the closing price of the Company's common shares at December 31, 2015.

(1) Reflects the vesting of Share Awards granted in 2012 for services performed in 2011. Mr. Santee deferred 8,592 of his vested shares to the Company's Deferred Compensation Plan, which plan is described in the Nonqualified Deferred Compensation table below. For Mr. Neithercut, Mr. George and Mr. Strohm, the number of Share Awards also includes restricted units granted on February 5, 2015 as a Performance Bonus for service performed in 2014 that vested in full on the grant date but remain subject to a two-year hold.

PENSION BENEFITS

The Company does not have a pension plan for its executive officers and therefore, there are no pension benefits to disclose.

NONQUALIFIED DEFERRED COMPENSATION

The following table shows the current value of the compensation previously earned and deferred by the named executive officers to the Company's employee funded Deferred Compensation Plan during 2015. As the Company does not make contributions to the Plan and does not guaranty any investment return, the balances shown are comprised entirely of contributions made by the executive officers from their salary, bonus or vested Share Awards for prior years and the earnings on those amounts.

B. Strohm	0	0	(37,551)	0	9,483,868

- (1) All of Mr. Parrell's contribution and \$571,507 of Mr. Santee's contribution are also included in the Summary Compensation Table for their respective salary and/or bonus for 2015. For Mr. Santee, the amount shown in the balance column includes the following amount previously reported as annual salary in the Summary Compensation table: \$91,400 paid in 2014. For Mr. Parrell, the amount shown in the balance column includes the following amounts previously reported as annual salary in the Summary Compensation table: \$97,500 paid in 2014 and \$25,962 paid in 2013. For Mr. George, the amount shown in the withdrawal column represents a one-time distribution at or after age 50 allowed by the Company's Deferred Compensation Plan.

Table of Contents

The Plan allows all Company employees with annual total cash compensation of \$120,000 or above to defer receipt of up to 25% of their base salary and up to 100% of their Performance Bonus (to the extent taken in cash). Any deferred compensation is deposited by the Company directly with the independent trustee of the Plan, and invested, at the option of the participant, in a limited number of independent mutual funds. Deferral elections are made by eligible employees during an open enrollment period each year for amounts to be earned or granted in the following year. Benefits under the Plan will be paid out, in either a lump sum or in annual installments, upon certain events such as termination of employment, disability, death, change in control or a one-time distribution at or after age 50.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT, RETIREMENT OR CHANGE IN CONTROL

Change in Control/Severance Agreements

The Company has Change in Control/Severance agreements (the *CIC Agreements*) with the named executive officers that entitle them to receive certain severance payments upon termination of employment following a Change in Control. The Company adopted the *CIC Agreements* to help ensure that the Company's executives maintain neutrality in their decision-making process and act in the best interests of shareholders in the event of a potential merger or acquisition. A *Change in Control* will generally be deemed to have occurred upon a third party's acquisition of 30% or more of the Company's common shares or assets, whether through purchase, merger or consolidation.

In the event that an executive is dismissed without Cause or resigns for Good Reason during the three-year period following a Change in Control, such person will be entitled to all accrued but unpaid compensation, a prorated bonus and long-term incentive compensation grant through the date of termination and a lump sum cash severance payment equal to a multiple (2.25 for Mr. Neithercut, Mr. George, Mr. Parrell and Mr. Strohm and 2.0 for Mr. Santee) of the executive's annual base salary plus the average of the executive's annual Performance Bonus for the last three calendar years. The executive is also entitled to continued medical, dental, life and disability benefits for 2.25 years (2.0 years for Mr. Santee). If any payments made to an executive would result in an excise tax imposed by Section 4999 of the IRC, the executive would become entitled to receive a tax reimbursement that would put the executive in the same financial position after-tax that he would have been in if the excise tax did not apply to such amounts. The Company will not enter into any new agreements with its executive officers that include new excise tax gross-up provisions with respect to payments contingent upon a Change in Control.

The Company's termination of an executive is for Cause if: (i) the executive has been convicted of a felony or dishonesty; or (ii) the termination is evidenced by a resolution adopted in good faith by at least two-thirds of the Board that the executive either intentionally and continually failed substantially to perform his reasonable assigned duties for more than thirty days after written notice, or the executive intentionally engaged in conduct which is demonstrably and materially injurious to the Company. A termination by an executive is for Good Reason, and is thus treated the same as termination by the Company without Cause, if it results from: (i) a material diminution in the executive's status, position or responsibilities; (ii) any reduction in the executive's base salary or overall compensation and benefits; (iii) the relocation of the executive's home office by more than 30 miles; or (iv) a material breach by the Company of the *CIC Agreement*, the Company's insolvency or any purported termination of the executive's employment for Cause which does not comply with the *CIC Agreement*.

Table of Contents

The following table discloses the potential severance benefits that would be provided by the Company to each named executive officer under the Company's contractual obligations in the event of the various termination of employment and retirement scenarios described below or a Change in Control of the Company on December 31, 2015.

Accrued Bonus and LTC	--	--	--	--	--
Health Care Benefits	--	--	--	--	--

Total:	--	--	--	--	--

(1) The cash severance due each named executive is 2.25 times (2.0 times for Mr. Santee) the multiple of base salary and average bonus paid in the last three calendar years.

(2) Represents the target Performance Bonus and the target Performance Equity Grant of Share Awards and Option Awards under the Annual Incentive Plan for the year of termination.

(3) Represents the cost of the continuation of health care benefits for the applicable time periods described above in Change of Control/Severance Agreements. For Mr. Neithercut, Mr. Santee, Mr. George and Mr. Strohm, who are eligible for retirement under the Rule of 70 (defined below), these amounts do not include the additional health benefits described below in Other Retirement Agreements.

- (4) Upon a Change in Control of the Company, the executive may be subject to certain excise taxes under Section 280G of the IRC to the extent that the present value of certain change in control payments received by the executive pursuant to the Change in Control of the Company equals or exceeds an amount equal to the prior five year average of the executive's form W-2 compensation. The Company has agreed to reimburse the executives pursuant to the Change in Control/Severance Agreements described above for those excise taxes as well as any income and excise taxes payable by the executives as a result of any reimbursements for such taxes. The Company will not enter into any new agreements with its executive officers that include new excise tax gross-up provisions with respect to payments contingent upon a Change in Control.

Table of Contents

Pursuant to the Company's Share Incentive Plans, upon a Change in Control of the Company or upon the employee's death or disability, all of the Company's employees receive accelerated vesting of unvested Option Awards and outstanding Share Awards. The following table discloses the value of the accelerated vesting of equity awards for each of the named executive officers assuming a Change in Control, death or disability as of December 31, 2015.

Event	D. Neithercut	D. Santee	A. George	M. Parrell	B. Strohm
-------	---------------	-----------	-----------	------------	-----------

Change in Control;***Death or Disability:***

Unvested equity awards (1) (2)	\$44,616,793	\$8,747,330	\$8,770,493	\$7,951,702	\$6,693,997
--------------------------------	--------------	-------------	-------------	-------------	-------------

(1) The dollar amount shown equals: (i) the number at December 31, 2015 of outstanding unvested Share Awards (including the number of unvested LTI Awards valued at approximately 137% of target, assuming the three-year performance period from 2015-2017 had terminated and been valued as of December 31, 2015) multiplied by \$81.59, the closing price of the Company's common shares as of that date; and (ii) the in-the-money value of unvested Option Awards at December 31, 2015 (\$81.59 less the exercise price of in-the-money Option Awards).

(2) As each of the named executive officers, other than Mr. Parrell, has continued vesting rights in all unvested equity awards pursuant to the retirement policies described below in Retirement/Rule of 70, the accelerated vesting of such awards does not convey an additional material benefit to any officers, other than Mr. Parrell.

Amounts Not Shown in Tables

The following benefits apply generally to all similarly situated employees and are not included in the above tables:

Distributions of plan balances under the Company's Deferred Compensation Plan as shown in the Nonqualified Deferred Compensation table; and

Payments and benefits to the extent they are provided on a non-discriminatory basis to all employees generally upon termination of employment including: (i) accrued salary and vacation pay; (ii) distributions of plan balances under the Company's 401(k) plan; and (iii) life insurance proceeds in the event of death.

Retirement/Rule of 70

The Company's Share Incentive Plans provide for certain benefits upon retirement at or after age 62 or upon meeting certain age/length of service requirements. For employees hired prior to January 1, 2009, retirement generally will mean the termination of employment (other than for cause): (i) at or after age 62; or (ii) prior to age 62 after meeting the requirements of the Rule of 70. For employees hired after January 1, 2009, retirement generally will mean the

termination of employment (other than for cause) after meeting the requirements of the Rule of 70.

The Rule of 70 is met when an employee's years of service with the Company (which must be at least 15 years) plus his or her age (which must be at least 55 years) on the date of termination equals or exceeds 70 years. In addition, the employee must give the Company at least 6 months' advance written notice of his or her intention to retire and sign a release upon termination of employment, releasing the Company from customary claims and agreeing to ongoing non-competition and employee non-solicitation provisions. Mr. Neithercut, Mr. Santee, Mr. George and Mr. Strohm are currently eligible for retirement under the Rule of 70. The Rule of 70 does not apply to Trustees.

Table of Contents

For employees hired prior to January 1, 2009 who retire at or after age 62 or for trustees who retire at or after age 72, such employee's unvested Share Awards and Option Awards would immediately vest, and Option Awards would continue to be exercisable for the balance of the applicable ten-year option period. For all other employees (those hired after January 1, 2009 and those hired before such date who choose to retire prior to age 62), upon such retirement under the Rule of 70, such employee's unvested Share Awards and Option Awards would continue to vest per the original vesting schedule (subject to immediate vesting upon the occurrence of a subsequent Change in Control of the Company or the employee's death or disability), and Option Awards would continue to be exercisable for the balance of the applicable ten-year option period, subject to the employee's compliance with the non-competition and employee non-solicitation provisions. If an employee violates these provisions after such retirement, all unvested Share Awards and unvested and vested Option Awards at the time of the violation would be void, unless otherwise approved by the Compensation Committee.

Other Retirement Agreements

Mr. Neithercut, Mr. George and Mr. Strohm each entered into Split Dollar Life Insurance Agreements with the Company in December 1997, pursuant to which the Company purchased split dollar life insurance policies for the executives with death benefits of approximately \$2 million each. Upon the executive's death or qualified retirement, the executive will be fully vested in the policy and the Company will release its collateral assignment of such policy, thereby releasing its right to receive any portion of the life insurance benefits and the premiums previously paid by it.

The Company also entered into Executive Retirement Benefits Agreements with Mr. Neithercut, Mr. George and Mr. Strohm in February 2001, which provide that upon the executive's qualified retirement, the executive will be eligible to receive health and life insurance benefits for the remainder of his life in the same amounts and at the same rates as applicable to any then employed executive officer. The present value of these payments, assuming termination of employment as of December 31, 2015, is \$542,190 for Mr. Neithercut; \$602,074 for Mr. George and \$506,095 for Mr. Strohm.

(1) For service provided by the Board from the June 2015 Annual Meeting of Shareholders to the June 2016 Annual Meeting of Shareholders, each trustee (with the exception of Mr. Zell and Mr. Neithercut) received an annual long-term compensation grant of \$120,000 on June 24, 2015, which was allocated at the election of the trustee to any combination of Option Awards and Share Awards, utilizing the same valuation criteria as approved by the Board for the annual long-term compensation grants to the Company's executive officers. Our employee trustee, Mr. Neithercut, received no additional compensation for his service as a Trustee during 2015. All such Share Awards and Option Awards will vest in full on the first anniversary of the grant date. Trustees are also entitled to certain vesting benefits upon retirement, as described in the Retirement/Rule of 70 discussion in Executive Compensation. Generally, retirement means termination of service on the Board (other than for cause) on or after age 72.

The dollar value of the Share Awards was calculated based on the closing price of the common shares on the grant date of \$71.35, and the Option Awards were granted at an exercise price equal to the closing price of the common shares on the grant date of \$71.35. The grant date fair value of \$12.76 per Option Award was calculated using the modified Black-Scholes option pricing model and the following assumptions: an estimated time until exercise of 5 years, a volatility of 26.51%, a risk-free interest rate of 1.71%, and a dividend yield of 3.04%.

(2) For his services performed in 2014 as Chairman of the Board, Mr. Zell received a long-term compensation grant of \$3,249,972 on February 5, 2015, which was allocated 100% to Share Awards utilizing the same valuation criteria

approved by the Board for the annual long-term compensation grants to the Company's executive officers. Accordingly, Mr. Zell received 40,488 Share Awards. The Share Awards were granted at a share price equal to the closing price of the common shares on February 5, 2015 and vest in full on the third anniversary of the grant. For his services to be performed in 2015 as Chairman of the Board, the Board determined that Mr. Zell's target compensation of \$3,250,000 was to be comprised 67% (\$2,166,626) in the form of a LTI Award to be granted in February 2015 for the 2015-2017 performance period and 33% (\$1,083,263) in the form of time-based Share Awards/Option Awards to be granted in February 2016. Accordingly, the Estimated Future Payouts Under Equity Incentive Plan columns represent the threshold (50%), target (100%) and maximum (200%) number of LTI Awards approved by the Board on January 27, 2015 and granted to Mr. Zell in February 2015 for the 2015-2017 performance period under the Company's LTI Plan. The target number of shares is derived by dividing the target value of Mr. Zell's award of \$2,166,626 by the Monte Carlo value as of the date of the award of \$90.65 per restricted share.

Table of Contents

The Company entered into a Retirement Benefits Agreement with Mr. Zell in October 2001 which provides him with a cash retirement benefit after the termination of his service as Chairman of the Board. If Mr. Zell's employment as Chairman is terminated for any reason, other than by the Company for cause, he (or his estate in the event of his death) will be entitled to an annual retirement benefit of \$500,000 (as increased by a CPI index from January 2002 through the termination date) over a ten-year period commencing on the termination date. The present value of these payments, assuming the termination of Mr. Zell's employment as of December 31, 2015, is \$5,589,364.

(3) The Company entered into a Deferred Compensation Agreement with Mr. Spector in January 2002 which provides him with a ten-year cash retirement benefit after the termination of his employment with the Company.

Mr. Spector's ten annual installments commenced on January 1, 2009 with an annual payment of \$643,887. The present value estimate of the unpaid payments as of December 31, 2015 is \$1,263,401.

(4) Ms. Duckworth was appointed to the Board on December 17, 2015 and received a long-term compensation grant on December 17, 2015 prorated from the date of her appointment to the Board to the June 2016 Annual Meeting in the amount of \$59,952 which was comprised of 744 Share Awards that vest in full on the first anniversary of the grant date. The dollar value of the Share Awards was calculated based on the closing price of the common shares on the grant date of \$80.58.

(5) Mr. Sterrett was appointed to the Board on January 27, 2015 and received a long-term compensation grant on February 5, 2015 prorated from the date of his appointment to the Board to the June 2015 Annual Meeting in the amount of \$48,983 which was comprised of 305 Share Awards and 1,791 Option Awards which vest in full on the first anniversary of the grant date. The dollar value of the Share Awards was calculated based on the closing price of the common shares on the grant date of \$80.27 and the Option Awards were granted at an exercise price equal to the closing price of the common shares on the grant date of \$80.27. The grant date fair value of \$13.68 per Option Award was calculated using the modified Black-Scholes option pricing model and the following assumptions: an estimated time until exercise of 5 years, a volatility of 26.55%, a risk-free interest rate of 1.29%, and a dividend yield of 3.13%. Mr. Sterrett also received the \$120,000 long-term compensation grant referenced in footnote 1 above.

The following table shows the number of outstanding unvested Share Awards and all outstanding Option Awards held by each non-employee Trustee at December 31, 2015.

- (1) Also includes 32,795 LTI Awards (which are payable in the form of Share Awards and vest on February 5, 2018) granted in February 2015, valued at approximately 137% of the target grant, assuming the three-year performance period from 2015-2017 had terminated and been valued as of December 31, 2015. The actual number of LTI Awards issued will not be determined until the end of the 2015-2017 performance period.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements and for the public reporting process. Ernst & Young, the Company's independent auditor for 2015, was responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on the effectiveness of the Company's internal control over financial reporting.

In this context, the Audit Committee has reviewed and discussed with management and Ernst & Young the audited financial statements for the year ended December 31, 2015, and Ernst & Young's evaluation of the Company's internal control over financial reporting. The Audit Committee has discussed with Ernst & Young the matters that are required to be discussed by applicable auditing standards. Ernst & Young has provided to the Audit Committee the written disclosures and the letter required by applicable independence standards, and the Audit Committee has discussed with Ernst & Young the firm's independence. The Audit Committee has concluded that Ernst & Young's provision of audit and non-audit services to the Company and its affiliates is compatible with Ernst & Young's independence.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board the inclusion of the Company's audited consolidated financial statements in its Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC.

MATTERS FOR SHAREHOLDER VOTING

PROPOSAL 1

ELECTION OF TRUSTEES

Introduction

At the Annual Meeting, shareholders will be asked to elect thirteen trustees to serve until the 2017 annual meeting and until their respective successors are duly elected and qualified. Following the recommendation of the Corporate Governance Committee, the Company's Board of Trustees has nominated all of the Company's current trustees, John W. Alexander, Charles L. Atwood, Linda Walker Bynoe, Connie K. Duckworth, Mary Kay Haben, Bradley A. Keywell, John E. Neal, David J. Neithercut, Mark S. Shapiro, Gerald A. Spector, Stephen E. Sterrett, B. Joseph White

and Samuel Zell for election. Biographies of each of our nominated trustees, which include a brief discussion of the specific experience, qualifications, attributes and skills that led to the Board's conclusion that such individual should serve as a Trustee of the Company, are set forth above in Governance of the Company Biographical Information and Qualifications of Trustees. The process undertaken by the Corporate Governance Committee in recommending qualified trustee candidates is described above under Governance of the Company Trustee Nomination Procedures.

Table of Contents

Independence of Trustees

Pursuant to the Company's Guidelines on Governance, which require that a majority of our trustees be independent within the meaning of the NYSE listing standards, the Board undertook a review of the independence of Trustees nominated for election at the upcoming annual meeting. The Board reviews the relationships and transactions, if any, during the past year between each trustee or any member of his or her immediate family and the Company as necessary to comply with the definition of independence established by the NYSE. During the period covered by this Proxy Statement, for each trustee identified as independent below, there were no transactions, relationships or arrangements not disclosed pursuant to Item 404(a) of Regulation S-K of the type that would need to be considered in connection with determining the independence of such trustees under the applicable NYSE definition of independence. As a result of this review, the Board affirmatively determined that all the Trustees nominated for election at the Annual Meeting are independent of the Company and its management within the meaning of the NYSE listing standards, with the exception of its Chairman, Mr. Zell, and its Chief Executive Officer and President, Mr. Neithercut.

General Information about the Trustees and Nominees

Our Declaration of Trust currently provides for the annual election of all trustees. All of the nominees are presently trustees, and each has consented to be named in this Proxy Statement and to serve if elected.

Vote Required

A majority of the votes cast in person or by proxy at the meeting is required for the election of trustees in an uncontested election. A majority of the votes means that the number of shares voted for a Trustee's election exceeds fifty percent of the total number of votes cast with respect to his or her election. Although we know of no reason why any nominee would not be able to serve, if any nominee should become unavailable for election, the persons named as proxies will vote your shares to approve the election of any substitute nominee proposed by the Board. If any incumbent Trustee does not receive a majority of the votes cast for his or her election, the Trustee is required to tender his or her resignation for the consideration of the Board. See Corporate Governance Trustee Resignation Policy above.

**THE BOARD RECOMMENDS THAT YOU VOTE FOR
EACH OF THE THIRTEEN TRUSTEE NOMINEES.**

Table of Contents**PROPOSAL 2****RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR**

The Audit Committee has selected Ernst & Young LLP (Ernst & Young) as the independent auditor to perform the audit of our financial statements and our internal control over financial reporting for 2016. The Board recommends that the shareholders ratify the Company's selection of Ernst & Young as our independent auditor. Representatives of Ernst & Young will be at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Fees

Fees billed to the Company by Ernst & Young for the years ended December 31, 2015 and 2014 are as follows:

Type of Fees:	2015	2014
Audit fees (1)	\$1,632,407	\$1,664,661
Audit-related fees (2)	25,675	24,995
Tax compliance/preparation fees (3)	222,010	284,476
Tax consulting fees (4)	--	232,418
All other fees	--	--
Total:	\$1,880,092	\$2,206,550

(1) Audit fees for the audit of our annual financial statements and internal control over financial reporting, the review of our interim financial statements and for work on securities offerings and other filings with the SEC, including comfort letters, consents and comment letters.

(2) Fees for audit-related services include services associated with legally required employee benefit plan audits and subscriptions to online accounting and tax information services.

(3) Tax compliance and preparation fees are incurred for the review or preparation of tax returns, claims for refunds and tax payment compliance.

(4) Tax consulting fees relate primarily to tax planning advice incident to acquisitions, dispositions, developments, financings and similar issues.

Pre-Approval Policy

The Company's Audit Committee has reviewed and approved the Company's engagement of Ernst & Young as its independent auditor, and the incurrence of all of the fees described above, for 2015 and 2014 and has selected Ernst & Young as independent auditor for 2016, subject to review and approval of the final terms of its engagement as such and its audit fees. The Audit Committee has also adopted a Pre-Approval Policy for Audit and Non-Audit Services

(the Pre-Approval Policy) for all other services Ernst & Young may perform for the Company in 2016. The Pre-Approval Policy details with specificity the audit and permitted non-audit services that are authorized within each of the above-described categories of services and provides for aggregate maximum dollar amounts for such pre-approved services. Any additional services not described or otherwise exceeding the maximum dollar amounts prescribed by the Pre-Approval Policy for 2016 will require the further advance review and approval of the Audit Committee.

Table of Contents**Vote Required**

The affirmative vote of holders of a majority of the votes cast in person or by proxy at the meeting is required to ratify the selection of Ernst & Young. If this proposal is not approved, the selection of the independent auditor will be reconsidered by the Audit Committee and the Board. Because it is difficult and not cost effective to make any change in the independent auditor so far into the year, the appointment of Ernst & Young would probably be continued for 2016 unless the Audit Committee or the Board finds additional good reasons for making an immediate change.

**THE BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE
SELECTION OF ERNST & YOUNG AS OUR INDEPENDENT AUDITOR FOR 2016.**

PROPOSAL 3**APPROVAL OF EXECUTIVE COMPENSATION**

Each public company is generally required to include in its proxy statement a separate resolution subject to a non-binding shareholder vote to approve the compensation of the Company's named executive officers, as disclosed in its proxy statement, not less frequently than once every three years. This is commonly known as a Say-on-Pay proposal or resolution. At the Company's 2011 Annual Meeting of Shareholders, our shareholders voted on, among other matters, a proposal regarding the frequency of holding a Say on Pay vote, and a majority of the votes cast were in favor of holding a vote every year. The Board considered the voting results with respect to the frequency proposal and other factors, and the Board currently intends for the Company to hold a non-binding, advisory Say on Pay vote every year. At the Company's 2017 Annual Meeting of Shareholders, shareholders will have the opportunity to vote on a proposal regarding the future frequency of holding a Say on Pay vote.

In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis and Executive Compensation sections above for a detailed description of our executive compensation philosophy and programs and the compensation decisions the Compensation Committee has made under those programs.

The Board recommends that shareholders vote for the following advisory resolution:

RESOLVED, that the compensation of the named executive officers, as disclosed in the Company's Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure, is hereby APPROVED.

Vote Required

Votes cast FOR this proposal must exceed votes cast AGAINST it for the approval of this advisory resolution. Although the vote on this advisory proposal is non-binding, the Compensation Committee and the Board value the opinion of shareholders and will take into account the outcome of the vote when considering future executive compensation decisions.

THE BOARD RECOMMENDS THAT YOU VOTE FOR

THE ADVISORY APPROVAL OF OUR EXECUTIVE COMPENSATION.

Quorum for the Meeting

The presence at the meeting in person or by proxy of the holders of a majority of the common shares outstanding on the Record Date will constitute a quorum permitting business to be conducted at the meeting. If you have returned valid proxy instructions or attend the meeting and vote in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting on any or all matters introduced at the meeting.

Beneficial Ownership

If your shares are registered directly in your name with the Company's transfer agent, Computershare, Inc., you are the shareholder of record of those shares. A Notice of Internet Availability of Proxy Materials with instructions on how to vote your shares has been provided directly to you by the Company. If your shares are held in street name by a broker, you are considered the beneficial owner of those shares. You will receive instructions from them on how to vote your shares. Other than for Proposal 2, brokers do not have the ability to vote on the proposals unless they have received voting instructions from you. Accordingly, if you do not provide your broker with voting instructions, your shares for Proposals 1 and 3 will not be voted.

Revoking/Changing Your Proxy

You may change or revoke your proxy at any time before the meeting by timely delivery of a properly executed, later-dated proxy (including an Internet or phone vote) or by voting in person at the Annual Meeting. The powers of the proxy holders with respect to your shares will be suspended if you attend the meeting in person and so request, but attendance at the meeting will not by itself revoke a previously granted proxy.

Managing the Number of Proxy Statements and Annual Reports

To reduce our printing costs and postage fees, the Company adopted a procedure called householding which provides that shareholders who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of this Proxy Statement and the Annual Report unless instructed otherwise by a shareholder. If you no longer wish to receive hard copies, or would prefer to receive separate copies of the Proxy Statement or Annual Report, please contact Broadridge Financial Solutions, Inc. at 1-800-542-1061 or in writing at Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717.

Results of the Vote

Voting results of the Annual Meeting will be disclosed on a Form 8-K filed with the SEC within four business days after the Annual Meeting, which will be accessible on the Company's website at www.equityresidential.com in the investor section under SEC Filings.
