Akard Street, Dallas, Texas, on Tuesday, May 9, 2006, at 10:00 a.m., Dallas time, or any adjournment thereof, pursuant to the enclosed Notice of Annual Meeting of Stockholders. This Proxy Statement and the enclosed proxy card or voting instructions are first being sent to holders of the Company s shares of capital stock entitled to vote at the Annual Meeting (the stockholders) on or about March 27, 2006.

VOTING AND PROXY

Proxies are solicited on behalf of the Board of Directors of the Company. Most stockholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing the enclosed proxy card or voting instructions card and mailing it in the envelope provided. Please refer to your proxy card or voting instructions for voting options available to you. A proxy vote authorization may be revoked by a stockholder at any time prior to the exercise thereof by filing a written revocation or duly executed proxy card bearing a later date with the Secretary of the Company. A proxy vote authorization shall also be revoked if a stockholder of record is present at the Annual Meeting and elects to vote in person.

Unless contrary instructions are indicated, all shares represented by validly executed proxy cards or voting instructions (including an Internet or telephone vote) received pursuant to this solicitation (and which have not been revoked before they are voted) will be voted:

1. FOR election of the Class I and Class II nominees for Director named herein;
2. FOR ratification of the Audit Committee s appointment of KPMG LLP as the Company s independent accountants for 2006; and
3. In accordance with the recommendation of management as to any other matters which may properly come before the Annual Meeting.

In the event a stockholder specifies a different choice by means of the enclosed proxy card or voting instructions, the stockholder s shares will be voted in accordance with the specification so made.

The costs of solicitation of proxies, if any, will be borne by the Company and, upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees for reasonable expenses incurred by them in forwarding proxy material to and solicitation of proxies from beneficial owners of the Company s common stock, par value \$.10 per share (Common Stock). In addition to the use of mail, employees of the Company may solicit proxies by telephone or other means of communication.

RECORD DATE, OUTSTANDING SHARES AND QUORUM

The stockholders entitled to vote at the Annual Meeting are the holders of record at the close of business on March 10, 2006 (the Record Date) of approximately 153,522,867 outstanding shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote on each matter to come before the Annual Meeting. A list of all stockholders entitled to vote is on file at the executive offices of the Company, 500 N. Akard Street, Suite 4300, Dallas, Texas 75201-3331. Only stockholders of record on the books of the Company on the Record Date will be entitled to vote at the Annual Meeting.

For purposes of conducting the Annual Meeting, the holders of at least a majority of the stock issued and outstanding and entitled to vote at the Annual Meeting shall constitute a quorum. A holder of stock shall be

treated as being present at the Annual Meeting if the holder of such stock is (i) present in person at the Annual Meeting or (ii) represented at the Annual Meeting by a valid proxy, whether the instrument granting such proxy is marked as casting a vote or abstaining, is left blank or does not empower such proxy to vote with respect to some or all matters to be voted upon at the Annual Meeting. If a quorum is not present or represented at the Annual Meeting, the Chairman of the Board of Directors or the stockholders holding a majority of the Common Stock present at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting.

VOTE REQUIRED

As more fully described herein below, the proposals being submitted to stockholders for approval shall be approved upon establishment of a quorum if the votes cast in favor of such proposals exceed the votes cast opposing such proposals.

ABSTENTIONS AND BROKER NON-VOTES

A broker non-vote occurs when a broker submits a proxy card with respect to shares of Common Stock held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors and ratification of auditors.

Under the Company's bylaws, when a quorum is present at any stockholder meeting, action on a matter (including the election of directors) shall be approved if the votes cast in favor of the matter exceed the votes cast opposing the matter, unless otherwise provided in the Company's Certificate of Incorporation. In determining the number of votes cast, shares abstaining from voting or not voted on a matter will not be treated as votes cast. Accordingly, abstentions and broker non-votes will have no effect on any of the proposals.

OWNERSHIP OF VOTING SECURITIES

The following tables set forth certain information concerning the number of shares of Common Stock owned beneficially as of January 31, 2006, by (i) each person known to the Company to own more than five percent of the Common Stock (the only class of voting securities outstanding); (ii) each director of the Company, including employee directors; (iii) the Chief Executive Officer and the four other most highly compensated executive officers of the Company; and (iv) all directors and executive officers of the Company as a group.

PROPOSAL 1

ELECTION OF THREE CLASS I DIRECTORS, EACH FOR A THREE-YEAR TERM, AND ONE CLASS II DIRECTOR FOR THE REMAINING TWO YEARS OF A THREE-YEAR TERM

The Company's Amended and Restated Certificate of Incorporation provides that the Board of Directors of the Company (the "Board") is divided or classified, as respects the time for which directors individually hold office, into three classes (Classes I, II and III) consisting of, as nearly as possible, one third of the entire Board of Directors with each class of directors having a three-year term. The Company's bylaws specify that the Board of Directors shall be comprised of not less than three nor more than fifteen directors. The Company's Board of Directors currently is comprised of eight members and will be comprised of nine members following the effective date of the previously approved and announced appointment of Daniel W. Rabun to serve on the Company's Board, which is contemplated to be effective on or before March 31, 2006. The Board of Directors will be comprised of nine members following the date of the Annual Meeting if the three Class I and one Class II Director nominees are elected. The current term for Class I Directors will expire at the 2006 Annual Meeting of Stockholders. The current term for Class II and Class III Directors will expire at the 2008 and 2007 Annual Meetings of Stockholders, respectively.

Three persons have been nominated by the Board of Directors for election as Class I Directors at the Annual Meeting, all of whom are incumbent Class I Directors. Mr. Rabun was nominated and appointed to serve as a Class II Director, respectively by action of the Nominating, Governance and Compensation Committee and the Board of Directors, on February 6, 2006, effective upon his commencement of employment by the Company which is anticipated to occur on or before March 31, 2006. Pursuant to the terms of the Company's Certificate of Incorporation and bylaws, whenever a director is so appointed he or she shall serve for the remainder of the term of office of the Class to which he or she was appointed. In the event such term extends beyond the next Annual Meeting of Stockholders, the director so appointed shall be named and described in the next definitive Annual Meeting Proxy Statement and shall stand for election for the remaining portion of the term of office. As a Class II Director, Mr. Rabun's term of office will extend until the 2008 Annual Meeting of Stockholders and he is standing for election to the remainder of his term as a Class I Director at the Annual Meeting.

It is intended that each validly executed proxy or voting instructions solicited hereby (including an Internet or telephone vote) will be voted FOR the election of the listed nominees for Class I and Class II Directors, unless a contrary instruction has been indicated on such proxy or voting instructions. If, at the time of the Annual Meeting, any of the nominees should be unable or decline to serve, the discretionary authority provided in the proxy will be used to vote for a substitute or substitutes as may be designated by the Board of Directors. - (2) Includes fees for audits of the Company's benefit plans.
- (3) Tax fees in 2005 include \$64,000 for tax compliance services and \$42,000 for tax planning and advice. Tax fees in 2004 include \$51,000 for tax compliance services and \$70,000 for tax planning and advice.
- (4) All other fees in 2005 include fees associated with the Company's Form S-8 Registration Statement relating to the additional shares of common stock registered for the 2005 Long-Term Incentive Plan filed in 2005. There were no fees billed in 2004 for services rendered to the Company by KPMG other than those described above in Audit Fees, Audit-Related Fees and Tax Fees.

The Audit Committee pre-approved all of the services described above that were provided during 2004 and 2005 in accordance with the Audit Committee's policy and the pre-approval requirements of the Sarbanes-Oxley Act. Accordingly, there were no services for which the de minimus exception, as defined in Section 202 of the Sarbanes-Oxley Act, was applicable. The Audit Committee has considered whether the provision of the non-audit services by KPMG were compatible with maintaining KPMG's independence.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

Board of Directors

The Board of Directors met nine times during the year ended December 31, 2005. During 2005, the Board of Directors had two standing committees, the Audit Committee and the Nominating, Governance and

Compensation Committee, and one ad hoc committee, the Ad Hoc Succession Committee, each of which selected a Committee Chairman from its members. During 2005, each incumbent director attended at least 75% of the meetings held by the Board and the committees of which he or she was a member.

Director Attendance at Annual Meeting of Stockholders

The ENSCO Corporate Governance Policy provides that, barring extenuating circumstances, all members of the Board of Directors shall attend the Company's Annual Meeting of Stockholders and also shall attend any and all special stockholders meetings which may be duly convened. All eight of the then incumbent directors attended the Company's 2005 Annual Meeting of Stockholders.

Audit Committee

The Company has established and maintains an Audit Committee in accordance with the Securities Exchange Act of 1934, as amended. The Company's Audit Committee appoints a firm of independent auditors to examine, review and audit the consolidated financial statements of the Company, reviews the general scope of services to be rendered by the independent auditors and pre-approves and authorizes payment of the associated fees, reviews the financial condition and results of operations of the Company and makes inquiries as to the adequacy of the Company's financial and accounting controls. The Audit Committee met seven times during 2005. The Audit Committee currently consists of Chairman Gerald W. Haddock, Rita M. Rodriguez, and Paul E. Rowsey, III, all of whom meet the independence criteria of audit committee members prescribed by the SEC and the New York Stock Exchange (NYSE).

The Board of Directors has determined that each of the three members of the Audit Committee, Chairman Haddock, Dr. Rodriguez and Mr. Rowsey, meets the requisite SEC criteria to qualify as an audit committee financial expert, is financially literate and has accounting or related financial management expertise as defined in the NYSE Corporate Governance Standards. In making recommendations and determinations regarding audit committee financial experts, the Audit Committee and Board of Directors considered the relevant academic and professional experience of the Committee members as follows: Mr. Haddock, with a Bachelor of Business Administration as an accounting major and Master degrees in Law Taxation and Business Administration, actively supervised the principal financial officer of Crescent Real Estate Equities Company; Dr. Rodriguez, with a BBA in Accounting and an MBA and a PhD in Economics and Finance, served as a full-time Director of the Export-Import Bank of the United States; and Mr. Rowsey, with a Bachelor of Arts in Management Science, actively supervises the principal accounting officer of E2M Partners, LLC.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of ENSCO International Incorporated (the "Company") is comprised of three independent Directors who satisfy the requirements of independence as established by Section 10A of the Securities Exchange Act of 1934, as amended, and in the New York Stock Exchange listing standards. The Audit Committee is governed by a written Charter adopted by the Board of Directors. To fulfill its responsibilities, the Audit Committee met seven times during the Company's 2005 fiscal year.

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee is directly responsible for the appointment, compensation, and oversight of the independent auditors employed by the Company (including resolution of disagreements between management and the auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditors report directly to the Audit Committee.

The Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent auditors. The Audit Committee discussed matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) with the independent auditors.

The Company's independent auditors also provided the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence.

The Audit Committee has recommended, and the Board of Directors, in the exercise of its business judgment has approved, the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, filed with the Securities and Exchange Commission. The recommendation was based upon the Audit Committee's review, the exercise of its business judgment, the discussions referred to above and reliance upon the Company's management and the Company's independent auditors.

Nominating, Governance and Compensation Committee

The principal functions of the Nominating, Governance and Compensation Committee are to select, identify and screen candidates for nomination to the Board of Directors, to recommend composition of committees of the Board, to recommend officers of the Company, to oversee and recommend matters of corporate governance, and to review and approve executive officer compensation and employee compensation matters, including matters regarding the Company's various benefit plans, independently or in conjunction with the Board of Directors, as appropriate. To fulfill its responsibilities, the Nominating, Governance and Compensation Committee met seven times during 2005. The Committee currently consists of Chairman Morton H. Meyerson, David M. Carmichael, Thomas L. Kelly II and Joel V. Staff, all of whom meet the independence criteria and "outside director" qualifications prescribed by the NYSE and Internal Revenue Service respectively for service on a nominating committee and on a compensation committee.

Ad Hoc Succession Committee

On March 1, 2005, the Ad Hoc Succession Committee was formed by the Board of Directors to assist the Nominating, Governance and Compensation Committee and the Board of Directors in fulfilling their responsibilities relating to general management succession planning, including but not limited to identification and selection of a suitable candidate to succeed the Company's Chief Executive Officer upon his retirement or other departure from office (which may include a recommendation for an interim appointment of the designated successor as President). To fulfill its responsibilities, the Ad Hoc Succession Committee met eight times during 2005. The Committee consisted of Chairman Joel V. Staff, Gerald W. Haddock and Paul E. Rowsey, III, all of whom are duly qualified as independent directors. Having fulfilled its responsibilities upon the election of Mr. Daniel W. Rabun to serve as the Company's President and the promotion of William S. Chadwick, Jr. to serve as the Company's Executive Vice President and Chief Operating Officer, the Board of Directors formally concluded the Ad Hoc Succession Committee during a regular meeting of the Board held on February 28, 2006.

NOMINATING, GOVERNANCE AND COMPENSATION MATTERS

Director Nominations

The Nominating, Governance and Compensation Committee (referred to in this section addressing Nominating, Governance and Compensation Matters as the Committee), with direct input from the Chairman of the Board and other Board members, is primarily responsible for identifying and screening candidates for nomination to Board membership. Additionally, when and as deemed appropriate, the Company may retain the services of a third party to identify, evaluate or assist in evaluating potential director nominees. The Board is responsible for nominating individuals to serve on the Board.

Pursuant to the ENSCO Corporate Governance Policy, candidates nominated for election or reelection to the Board of Directors should possess the following qualifications:

Personal characteristics:

- highest personal and professional ethics, integrity and values;
- an inquiring and independent mind; and
- practical wisdom and mature judgment

Experience at the policy-making level in business, government or education

Expertise that is useful to the Company and complementary to the background and experience of other Board members. In this regard, knowledge of the global oil and gas industry is considered to be desirable

Willingness to devote the required amount of time to perform the duties and responsibilities of Board membership

Commitment to serve on the Board over a period of several years to develop knowledge about ENSCO's principal operations

Willingness to represent the best interests of all stockholders and objectively appraise management performance

No involvement in activities or interests that create a conflict with the Director's responsibilities to ENSCO and its stockholders

The Committee will evaluate the qualifications of each director candidate, including nominees recommended by stockholders, against these criteria in making recommendations to the Board of Directors concerning director nominations. The Committee is responsible for assessing the appropriate mix of skills and characteristics required of Board members in the context of the perceived needs of the Board at a given point in time and periodically reviews and updates the aforesaid criteria as deemed necessary. Diversity in personal background, race, gender, age and nationality for the Board as a whole may be taken into account favorably in considering individual candidates.

The Committee will consider director nominations timely made by stockholders pursuant to the requirements of the Company's bylaws referred to in the Information Concerning Stockholder Proposals section of this Proxy Statement. Any stockholder who intends to present a director nomination proposal for consideration at the 2007 Annual Meeting and intends to have that proposal included in the Proxy Statement and related materials for the 2007 Annual Meeting must deliver a written copy of the proposal to the Company's principal executive offices no later than the deadline, and in accordance with the notice procedures, specified in the aforesaid section of this Proxy Statement and in accordance with the requirements of SEC Rule 14a-8.

If a stockholder does not comply with the foregoing Rule 14a-8 procedures, the stockholder may use the procedures set forth in the Company's bylaws, which provide that nominations of persons for election to the Board of Directors of the Company at an Annual Meeting of Stockholders may be made at the Annual Meeting by any stockholder entitled to vote on the election of directors at the meeting who timely complies with the notice procedures herein set forth. To be timely, a stockholder's notice must be delivered to or mailed to and received by the secretary of the Company at the principal executive offices of the Company not less than fifty (50) days nor more than seventy-five (75) days prior to the meeting, subject to any other requirements of law; provided, however, that in the event that less than sixty-five (65) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be received no later than the close of business on the fifteenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever first occurs.

The names of potential director candidates may be drawn from a number of sources, including recommendations from directors, management, stockholders, and executive recruiting firms retained for such purpose. The Board's nominees for director included in this Proxy Statement have been formally and unanimously recommended by the incumbent independent directors who serve on the Committee. Except as respects the fees paid to consultants in connection with the general activities of the Ad Hoc Succession Committee, the Company did not pay a fee to any third party to identify or evaluate or assist the Committee in identifying or evaluating potential nominees.

The Company did not receive any nominations for director made by any person or group beneficially owning more than 5% of the Company's outstanding common stock by the date that was 120 calendar days before the anniversary of the date on which its proxy statement was sent to stockholders in connection with the previous year's annual meeting.

Corporate Governance Matters

Over the past several years, the Committee and the Board of Directors approved several corporate governance initiatives, many of which were in response to the Sarbanes-Oxley Act of 2002, and SEC and NYSE rules. Upon the recommendation of the Committee, the Board of Directors has approved the ENSCO Code of Business Conduct Policy (Ethics Policy) and the ENSCO Corporate Governance Policy, both of which are published in full in the Corporate Governance section of the Company's website (www.enscous.com/ENSCO/governance.asp) and are available in print without charge from the Company's Investor Relations Department. Such requests should be directed to the Investor Relations Department, ENSCO International Incorporated, 500 North Akard Street, Suite 4300, Dallas, Texas 75201-3331.

The Ethics Policy applies to all of the Company's directors and employees, including the Company's principal executive officer, principal financial officer, principal accounting officer or controller, and other persons performing similar functions. The Ethics Policy addresses all of the NYSE content requirements, and includes provisions addressing conflicts of interest, corporate opportunities, confidentiality, fair dealing, protection and proper use of Company assets, compliance with Company policies and with laws, rules and regulations, including laws addressing insider trading, antitrust and the Foreign Corrupt Practices Act. No waivers of the Ethics Policy have been requested or granted since the Policy was first issued on November 1, 2002.

Pursuant to the Ethics Policy, the Company and the Board of Directors established provisions for confidential and anonymous submission of reports of non-compliance with Company policies, practices, standards and procedures to a management committee and also established means for submission of reports of accounting, auditing or other business irregularities by any employee or other person directly to the chairmen of the Company's two standing Board committees. Additional Ethics Policy provisions addressing requests for, and submission of, responses to whistleblower reports and references to the Company's Fraud Detection and Prevention Policy were approved in 2004. In 2005, the Ethics Policy was further amended to require all Company employees, officers and directors to report any known or planned violations of the Ethics Policy and to expressly state that all transactions involving the Company must be recorded in the Company's books and records. Except as respects the provisions which were added in 2004 and 2005, as aforesaid, there have been no substantive revisions or amendments to the Ethics Policy.

The governance practices adopted by the Board of Directors address all of the NYSE content requirements, including an annual self-evaluation of the Board and its committees, annual reviews of the committee charters, the Ethics Policy and the ENSCO Corporate Governance Policy, and provide that the independent director members of the Board shall conduct regular executive sessions without management (which alternately are chaired by the chairmen of the Board's two standing committees) and a formal annual evaluation of the CEO's performance. The Board of Directors fulfilled all of these requirements during 2005.

The ENSCO Corporate Governance Policy states that a substantial majority of the Board of Directors shall be independent, as the term is defined therein and by SEC rules and NYSE Corporate Governance Standards. Except as respects their directorships, the Company does not have any business or other relationships with the independent directors. Only independent directors serve on the Board's standing committees and the Ad Hoc Succession Committee. In this regard, the Board of Directors has affirmatively determined that Dr. Rodriguez and Messrs. Carmichael, Haddock, Kelly, Meyerson, Rowsey and Staff are independent and have no material relationship with the Company. Accordingly, a substantial majority of the Company's Board of Directors is currently independent as defined hereinabove. The independent directors conducted executive sessions without management during each of the four regular meetings of the Board which were convened during 2005.

The ENSCO Corporate Governance Policy states that the Company shall establish a process by which stockholders may communicate directly with the Board of Directors. The established process, which is published on the Company's website (www.enscous.com/ENSCO/governance.asp), provides a means for submission of stockholder communications directly to the incumbent chairmen of the Company's two standing Board committees via an independent, third party mail forwarding service. Such communications may be submitted by mail addressed as follows: ENSCO Stockholder Communications, 5600 W. Lovers Lane, Suite 116 Box #130, Dallas, Texas 75209-4330. Mail so addressed will be forwarded directly to the then presiding chairmen of the Board's standing committees, and will not be screened by management.

The Board of Directors, its standing committees and management of the Company are committed to continue proactively pursuing best practices of corporate governance, accountability and transparency. In this regard, the Company's website has a direct link to the SEC's EDGAR system filings relating to the Company, which filings include all Forms 3, 4 or 5 filed pursuant to Section 16 of the Securities Exchange Act of 1934. The Corporate Governance section of the Company's website (www.enscous.com/ENSCO/governance.asp) contains the Company's Audit Committee Charter, the Nominating, Governance and Compensation Committee Charter, the ENSCO Corporate Governance Policy and the ENSCO Code of Business Conduct Policy, copies of which also are available in print without charge from the Company's Investor Relations Department. Such requests should be directed to the Investor Relations Department, ENSCO International Incorporated, 500 North Akard Street, Suite 4300, Dallas, Texas 75201-3331. Additional data available in the Corporate Governance section of the Company's website include information on the composition and functions of the Board and its committees as well as instructions for submission of whistleblower reports and submission of general shareholder communications to the Board.

Compensation of Non-Employee Directors

Upon Committee recommendation and Board approval, compensation for non-employee directors was last revised effective July 1, 2003. Effective on said date, each non-employee director receives an annual retainer of \$48,000, paid quarterly, in cash. Additionally, each non-employee director receives \$2,000 in cash for each Board of Directors and committee meeting attended. During 2005, non-employee directors received a meeting fee equivalent of \$2,000 for each interview of prospective candidates for senior management positions with the Company conducted in conjunction with the activities of the Ad Hoc Succession Committee.

Any non-employee director that serves as Chairman of the Board of Directors or Chairman of a standing or ad hoc Board committee receives an additional \$1,000 in cash for each meeting at which the director acts as Chairman. Non-employee directors are also eligible to participate in the Company's group medical, dental and vision care insurance plans on the same basis and cost as full-time Company employees. A non-employee director's contribution to group medical, dental and vision care insurance premium costs is paid in cash or withheld from the quarterly payments of the director's annual retainer. Directors who are also employees of the Company do not receive any additional compensation for their services as directors.

In August 2003 and November 2004 respectively, the Board approved the Company's Non-Employee Director Deferred Compensation Plan and the 2005 Non-Employee Director Deferred Compensation Plan. These Plans permit non-employee directors to elect to defer their cash compensation (annual retainer, meeting or equivalent fees, and committee chairmanship fees) up to a percentage specified annually in advance by the Board (100% for 2004 and 2005). Directors electing to defer compensation must do so annually prior to the beginning of each calendar year and may direct the investment of the amount deferred and retained by the Company. The Plans are administered by the same third party that provides administrative services for the ENSCO Savings Plan and the SERP, and deferred director compensation only may be designated for investment in certain of the funds which are authorized in said Plans, including investment in the Company's stock.

In May, 2005, the stockholders approved the Company's 2005 Long-Term Incentive Plan (LTIP) which was adopted by the Board of Directors, subject to approval by the stockholders, on November 9, 2004. Pursuant to the LTIP and the authorization of the Board of Directors granted pursuant thereto, incumbent non-employee directors were granted options to purchase 3,000 shares of Common Stock at an exercise price of \$33.545 per share and also were granted 750 restricted shares of the Company's Common Stock effective June 1, 2005. Any new non-employee director of the Company to be appointed following the effective date of the LTIP who has not previously served as a director of the Company shall be granted an initial option, effective as of the date such director is elected, to purchase 7,500 shares of the Company's Common Stock and shall be granted 1,875 restricted shares, effective as of the date such director is elected or appointed to the Board. Stock options granted to the non-employee directors vest upon grant, and are valid for a seven-year period. Restricted Shares granted to non-employee directors vest (restrictions lapse) at the rate of 20% each year over a five-year period.

On May 9, 2006, Dr. Rodriguez and Messrs. Carmichael, Haddock, Kelly, Meyerson, Rowsey and Staff may each be granted an option to purchase 3,000 shares, all at an exercise price per share equal to the average of the high and low selling price of Common Stock on the designated award date, and a grant of 750 restricted shares. Such stock option and restricted share grants for Messrs. Haddock and Rowsey are subject to their election at the Annual Meeting.

No further options will be granted under this plan and the plan will be terminated upon the earlier of the exercise or expiration date of the last outstanding option issued thereunder.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT ARRANGEMENTS

On February 6, 2006, the Company entered into an employment offer letter agreement with Daniel W. Rabun in connection with Mr. Rabun's appointment as the President and as a member of the Board of Directors of the Company, anticipated to occur in each case effective on or before March 31, 2006.

Pursuant to the letter agreement, Mr. Rabun's initial annual base salary will be \$750,000, subject to annual review and adjustment, and he will be eligible to receive an annual bonus based upon performance against pre-established goals. Mr. Rabun will also be granted (i) 75,000 shares of restricted stock and (ii) options to purchase 100,000 shares of the Company's Common Stock with an exercise price equal to the market value of the Company's Common Stock on the date Mr. Rabun's employment commences (collectively, the Initial Grants).

In order to offset loss of certain retirement entitlements attendant to his current position, the Company will make a cash contribution of \$1,100,000 as an employer discretionary contribution under the ENSCO SERP upon commencement of Mr. Rabun's employment. This contribution will be fully vested on the date of the contribution. Mr. Rabun will also receive other benefits generally available to executive officers of the Company and will be credited with six years of prior service for purposes of determining the Normal Retirement Age under the terms of the Company's 2005 Long-Term Incentive Plan.

Mr. Rabun will be entitled to a severance payment of two times his base salary and target bonus plus immediate vesting for 20% of the Initial Grants if (i) he is involuntarily terminated by the Company other than by reason of gross negligence, malfeasance, breach of fiduciary duty or like cause (for cause) or (ii) he voluntarily terminates his employment for good reason in the event he is not appointed the Chief Executive Officer effective as of January 1, 2007. Separately, in the event of an actual or constructive termination other than for cause within two years following a change in control, Mr. Rabun will be entitled to three times his most recent

base salary and target bonus, as well as full vesting of outstanding equity awards. The severance protections described above will apply for the initial four years of Mr. Rabun's employment and will renew annually thereafter, unless terminated in writing by the Company with at least one-year prior notice.

On March 1, 2006, the Company entered into a letter agreement with William S. Chadwick, Jr. pursuant to which Mr. Chadwick will be entitled to a severance payment of two times his base salary and target bonus if he is involuntarily terminated by the Company other than by reason of gross negligence, malfeasance, breach of fiduciary duty or like cause ("for cause"). Separately, in the event of an actual or constructive termination other than "for cause" within two years following a change in control, Mr. Chadwick will be entitled to three times his most recent base salary and target bonus, as well as full vesting of outstanding equity awards. The severance protections described above will apply for four years following Mr. Chadwick's appointment to serve as Executive Vice President and Chief Operating Officer which was effective January 1, 2006 and will renew annually thereafter, unless terminated in writing by the Company with at least one-year prior notice.

REPORT OF THE NOMINATING, GOVERNANCE AND COMPENSATION COMMITTEE

Compensation Philosophy and Objectives

The philosophy of the Company's compensation program for executive officers is to attract, employ, retain and reward individuals capable of leading the Company to achieve its business objectives. These objectives include financial performance, presentation of a strong balance sheet, opportunistic enhancement of the Company's asset base and the positioning of Company assets in markets that offer long-term growth in profitability and shareholder value. Overall operational safety performance continues to be a core value and is also considered a key business objective. The accomplishment of these business objectives is measured against specific annual goals and published industry standards.

Executive Officer Compensation

Following the Board of Directors' formation of the Ad Hoc Succession Committee on March 1, 2005, the Nominating, Governance and Compensation Committee (the "Committee") reviewed executive compensation independently and in consultation with outside advisors to facilitate management succession planning activities. The Committee ultimately developed recommendations which were approved by the Board of Directors in respect of compensation to be awarded to Mr. William S. Chadwick, Jr. effective upon his January 1, 2006, promotion to Executive Vice President and Chief Operating Officer and as respects compensation and terms of engagement which will be applicable to Mr. Daniel W. Rabun upon his assumption of responsibilities as the Company's President.

The Company's executive officer compensation is comprised of annual base salary, annual cash bonus compensation and long-term incentives in the form of non-qualified stock options and restricted stock.

Executive officers may participate on the same basis as other employees in the employee matching and profit-sharing provisions of the Company's defined savings plans on a tax-deferred basis. For 2005, the maximum total Company matching contribution available to executive officers and other employees was 5% of eligible salary. Profit-sharing contributions, which are directly aligned with the Company's financial performance, amounted to approximately 9.06% of eligible wages for executive officers and other employees in respect of 2005. Executive officers also participate in the Supplemental Executive Retirement Plan (SERP) and may elect to defer up to 50% of base salary and/or annual cash incentive bonus payments.

Base salary levels of executive officers are set relative to the median of a peer group of oilfield service companies approved by the Board of Directors. To provide guidance, a report was obtained from an independent third-party specializing in compensation market comparisons. Actual salaries are set based on the Committee's assessment of each executive's overall contribution to the achievement of the Company's business objectives and peer group comparisons for comparable positions.

The ENSCO Cash Incentive Plan (ECIP), which awards annual cash bonuses to executive officers and other management personnel based upon pre-determined goals, was approved by the Company's stockholders effective January 1, 2005. Stockholder approval was obtained to satisfy certain requirements of Section 162(m) of the Internal Revenue Code regarding executive compensation (see discussion below).

A primary objective of the ECIP is to create a strong link between annual cash bonuses and achievement of specific goals and objectives. Under the ECIP, executive officers and other selected management employees may receive an annual cash bonus based upon achievement of financial, safety performance and strategic team goals and, in unusual circumstances, a discretionary award as determined by the Committee. As described in the ECIP, the Committee's ability to make discretionary awards is primarily intended to provide a means of redressing rare inequities or to reward exemplary performance on a very limited basis.

The ECIP uses performance bands to determine annual payments. For fiscal 2005, the Committee approved three performance bands: a minimum threshold, a target threshold, and a maximum threshold. If the minimum threshold for the fiscal year is not met, no bonus will be paid for that component. Payments are prorated for performance between the minimum threshold and maximum threshold for each component.

Total cash compensation can increase to the top quartile of peer group companies through ECIP awards when maximum Company and individual performance targets are attained. When normal financial results are achieved, the ECIP cash bonus awards target the median of peer group companies. When performance targets are not attained, the annual cash bonus awards are significantly reduced or eliminated.

In 2005, the ECIP corporate financial, safety performance and strategic team goals, their target thresholds, and their corresponding results for the executive officers were as follows:

2005 ECIP PERFORMANCE MEASURES

Corporate Performance Measures	Weighting	Minimum	Target	Maximum	Actual Results	% of Target Achieved
EPS	30%	\$ 0.30	\$ 0.70	\$ 1.60	\$1.93	200.0*
RONAEBIT	30%	5%	10%	22%	15.8%	148.3
Safety Measures	Weighting	Minimum	Target	Maximum	Actual Results	% of Target Achieved
2005 Safety (TRIR)	10%	1.21	0.85	0.64	1.13	61.1
Strategic Team Goals	Weighting	Minimum	Target	Maximum	Actual Results	% of Target Achieved
STG	30%				avg 115%	119.0
TOTAL AWARD	100%					146.0

* The Committee set a maximum percentage target achievement of 200% for 2005.

Earnings Per Share (EPS) performance bands are developed in advance of each plan year based upon the Company's historical performance. Return on Net Assets Employed Before Interest and Taxes (RONAEBIT) facilitates a benchmark comparison with other investment opportunities and also rewards generation of cash and effective balance sheet management. Total Reportable Incident Rate (TRIR) is the annual industry standard safety measure reported by the International Association of Drilling Contractors. The strategic team goals for executive officers were established by the Committee prior to the beginning of the year. In 2005, the strategic team goals addressed the following five objectives, with equal weight assigned to each item:

1. Enhance operational excellence by (i) systematically auditing operations to monitor results and achieve continuous improvement, (ii) implementing a uniform, consistent, fleet-wide Safe System of Work, and (iii) maintaining a high level of operating efficiency as measured against a prescribed standard;

2. Enhance the Company's standing with customers, as measured by survey data, to position the Company as a provider of choice by consistently providing a uniform standard of well-designed, reliable equipment, well-trained and motivated personnel, and safe, efficient, and environmentally-responsible operations on a world-wide basis;
3. Upgrade and rationalize the Company's rig fleet within approved time and budget parameters;
4. Develop, implement, and continuously improve a worldwide human resources effort to successfully attract, develop, motivate, and retain employees to ensure that Company goals and objectives are met in a cost-effective manner as measured by key performance indicators; and
5. Revise and enhance the Company's management system with the goal of establishing and maintaining consistency in practices, policies, and procedures on a worldwide basis, and driving action, follow-up, and continuous improvement.

As respects corporate performance measures, in 2005 the Company achieved (1) an EPS of \$1.93, surpassing the previous 10-year high of \$1.81, (2) a 15.8% RONAEBIT, and (3) a safety-TRIR result of 1.13 incidents per 200,000 man-hours. The achievement of each of the strategic team goals was measured by an assessment made by the Committee following the end of the 2005 fiscal year, and ranged from 101% to 127% for the executive officers.

The Company paid ECIP cash bonus awards to the executive officers in 2006 relative to 2005 performance. In February 2006, in consideration of the outstanding Company and individual performance in 2005 as measured against the corporate performance measures and strategic team goals, the Committee approved payment of bonus awards that range from 141% to 149% of bonus targets. The amounts of these bonus awards will be included in the Summary Compensation Table of the Company's 2006 Proxy Statement.

An additional longstanding objective of the Committee has been to incentivize, reward and retain executive officers by means of equity compensation. Because the value of equity awards over time bears a direct relationship to the Company's stock price, the Committee believes equity awards represent an effective incentive to create long-term value for stockholders. This is in keeping with the Company's overall compensation philosophy of granting equity awards to key personnel in an effort to instill stockholder perspective and values in their actions and to provide a strong retention element into the compensation system. Both non-qualified stock options and restricted stock grants have been used to reward and provide incentives, as well as retain key employees through potential share value appreciation and equity accumulation.

ENSCO's 2005 Long-Term Investment Plan (LTIP) was approved by the Company's stockholders effective January 1, 2005. Under the LTIP, equity awards are made annually by the Committee based on a combination of competitive data and a determination of individual performance considering contributions, impact on long-term shareholder value, and the need to provide a strong retentive component in executive officer compensation. The LTIP equity awards granted in June 2005 were comprised of a combination of non-qualified stock options and restricted stock awards based on a 1 to 4 stock option to restricted stock conversion ratio. The stock options vest in 25% annual increments and have a seven-year duration. The Committee intends to make significant restricted stock grants upon initial employment and promotion of key employees as well as annual grants. Annual restricted stock grants vest at a rate of 20% per year. Initial employment and promotion based restricted stock grants generally vest at a rate of 10% per year.

Annual equity awards are reviewed and granted by the Committee. Total grants to employees, including new hires, in 2005 were 727,440 nonqualified stock options and 206,860 restricted shares. These equity awards amounted to 9% of the authorized Plan shares or 0.6% of the total outstanding shares. As of the May 3, 2005 date of stockholder approval of the LTIP, all prior equity plans were frozen to prohibit future awards from those plans.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to each of the Company's Chief Executive Officer and the four other most highly-compensated officers, unless such compensation meets certain specific requirements. The Committee's intent is to design compensation awards that will be deductible without limitation, where doing so will further the purposes of the Company's executive compensation program. The Committee will, however, take into consideration the various other factors described in this report, together with Section 162(m) considerations, in making executive compensation decisions and may, in certain circumstances, approve and authorize compensation that is not fully tax-deductible.

Chief Executive Officer Compensation

The base salary of the Chief Executive Officer (CEO) is reviewed periodically, consistent with the Company's salary administration policy for all executive officers as discussed above. The Committee considers adjustments based upon the Company's financial performance, progress in achieving specified business objectives and by reference to the median salary paid to chief executive officers of the Company's peer group. On May 2-3, 2005, in conjunction with an independent third-party compensation firm review of executive officer compensation, the Committee and Board of Directors approved a 4% market adjustment, increasing the CEO's salary from \$750,000 to \$780,000 effective July 1, 2005. The Committee believes the market adjustment was appropriate to bring the CEO's salary into the median range of chief executive officers in peer group companies.

In accordance with the terms of the ECIP, the CEO was awarded a cash bonus of \$780,000 in 2006 relative to 2005 performance. This was comprised of an amount of \$548,573 based on achievement of financial performance measures, \$32,078 based on achievement of safety performance measures, and \$199,350 based on achievement of strategic team goals. In evaluating the performance and setting the incentive bonus of the CEO, the Committee has recognized the CEO's success in managing the Company's general business during a year of record financial performance, while managing the Company's assets and human resources with a strategic focus. The Company estimates this bonus places the CEO's total cash compensation between the median and top quartile range of chief executive officers in the peer group of companies.

In accordance with the terms of the LTIP, the CEO received an award of 144,000 nonqualified stock options and 36,000 restricted shares in 2005. The equity award was based on the Committee's assessment of the CEO's long-term contributions to the Company's current position and strategic positioning of the Company for future shareholder value. The Company estimates this equity award places the CEO's total direct compensation approximately midway between the median and top quartile range of chief executive officers in the peer group companies.

In addition to cash and equity compensation, and in conformity with the Committee's conservative philosophy, the CEO only received limited perquisites involving items such as paid or partly subsidized club memberships and, on the same basis as other executive officers and employees, partly-paid office parking.
