**MATERIAL FACT**

Braskem S.A. (“Company” or “Braskem”), in compliance with CVM Instruction 358/02, hereby announces to its shareholders and the market that it has become aware, in the context of statements in legal proceedings against third parties, of allegations against the company citing improper payments in exchange to its benefits in contracts with Petrobras.

All payments and contracts between Braskem and Petrobras were conducted in accordance with legal requirements and approved with full transparency in compliance with the governance rules used by the Company. It is also important to note that feedstock prices used by Petrobras have never favored Braskem and have always been pegged to international price reference.

Braskem will take all the necessary measures to elucidate the matter and will keep the market informed about its advancements.

São Paulo, March 11, 2015.

### **FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
